

Watford Guide-Advocate

VOLUME FIFTY, NO. 28

WATFORD, ONTARIO, FRIDAY, JULY 4, 1924

\$2.00 PER YEAR IN ADVANCE
In United States \$2.50

Local Happenings

Mrs. J. E. Tait is visiting in Princeton.

Mrs. Spence Bruce, Detroit, visited relatives here this week.

Everything goes at our Shoe Sale nothing held back.—A. Rumford.

Pile of goods on the counters at sale prices.—Swifts July Sale.

Plympton council meets Saturday, July 5th.—A. G. Mimielly, Clerk.

Miss Jean Fitzgerald is spending her summer vacation at her home here.

Robert McLeay, of Mimico, spent the weekend with relatives and friends here.

Have you seen the new hot weather shoes, just arrived, a real bargain at \$3.00.—P. Dodds.

Mr. Lee Aylesworth, of Brantford, and H. F. Aylesworth, of London, spent the weekend here.

Miss Margaret Irwin, of Kingsville, is spending a few days visiting old friends in Watford.

Mr. and Mrs. Fred Restorick and Mr. and Mrs. Wm. Styles spent Sunday with Sarnia friends.

This Shoe Sale continues until everything is sold, but don't wait too long.—A. Rumford.

Watford Presbyterian Sunday School will hold their annual picnic to Bright's Grove on Wednesday, July 9th.

There will be a celebration of Holy Communion in Trinity church next Sunday morning, July 6th, at 11 a.m.

Only six weeks until Watford Old Home Week. Have you invited all your friends? They're coming from far and near.

Watford Methodist Church and Sunday School picnicked at Bright's Grove on July 1st. Three trucks and several cars carried the crowd.

Leave your order for Berries for canning with us and secure good fruit at the right price.—P. Dodds.

Mr. and Mrs. J. L. Brown and daughter Marion of Froomie fields spent the holiday at the home of Mr. and Mrs. J. D. Brown.

The Auction Sale for Miss H. McCaw which was postponed last Saturday on account of the weather, will be held this Saturday, July 5th.

Major R. H. Stapleton attended the reunion of the 1st Battalion, C. E. F., held in connection with Chatham Old Boys Reunion on July 1st.

What happened the night Martin was killed? Who killed him? and why? See "The Bedroom Window" a shivery, quivery mystery thriller at the Lyceum next Thursday.

Bring in your boys for suits, Friday and Saturday, 27 to 35 two Bloomers, About 22 suits to close. \$5.75; 6.75; 8.75. From—Swifts July Sale.

The united congregations of Christ church, Sutorville, and St. James' church, Brooke, intend going to Bright's Grove on Saturday, July 5 for their picnic.

It has been arranged that the scholars, teachers, parents and all of Trinity church will go to Bright's Grove for their annual outing on Wednesday, July 9th.

William de Milles "The Bedroom Window" a mystery melodrama, thrills, comedy and heart appeal all packed into a big dramatic picture at the Lyceum next Thursday.

Its so much better to take advantage of our Shoe Sale now, than wish you had later on.—A. Rumford.

Calvary and Watford Baptist Churches, Sunday July 6th, 1924. Service at Calvary at 3 p. m. Service at Watford at 7 o'clock. Subject: "The New Life, of Risen With Christ."

Mrs. E. Moody who has spent the past year in Western Canada, returned home Monday morning. While away Mrs. Moody visited her daughters Miss Edna Moody and Mrs. Menzies in Edmonton Alberta. She also visited in Vancouver, Victoria and Seattle, returning home by the Great Lakes.

Rev. W. K. Hager and Mrs. Hager left on Thursday morning for his new pastorate of the Methodist Church in Dresden. Rev. J. E. Thompson, of Dorchester, is his successor and will occupy the pulpit in the local Methodist Church on Sunday next.

The days are getting shorter but there is still ample time to mow the lawn before breakfast.

Bargains in Wall Paper for July. Measure your room and let us show you how little it will cost to paper your room.—P. Dodds.

There promises to be a large crop of walnuts and hickory nuts this year.

Owing to the Sunday School picnics being held on Wednesday, the regular meeting of the W. I. will be held on Thursday, July 10th, in the evening at 8 o'clock sharp, at the home of Mrs. G. Stephenson, Roll-Call—"Cool Dishes for this month."

An old inhabitant asks what has become of the old-fashioned girl who used to see that the hammock was hung up in some nice secluded spot long about this time of the year?

What is Watford doing to encourage the visits of motor tourists from across the border to our fair town? And we're almost on the path of the great traffic from Sarnia to London!

A long funnel shaped cloud extending from the northeast to the south west, and travelling east attracted considerable attention here early Monday afternoon. It was accompanied by a heavy wind and a light rainfall.

A regular meeting of the Sarnia presbytery was held yesterday in St. Andrew's church when several matters of importance came before the meeting. These included a resolution to the premier of Ontario giving the opinion that the asking of a referendum on the Ontario temperance act would be very ill-advised and a pledge of support for the Lord's Day act which is considered to be in danger in Manitoba through the action of the attorney-general of that province. The clerk, the Rev. John R. Hall, read a telegram from Owen Sound which advised that a unanimous call from that city was being made for the services of the Rev. A. A. McVicar of Inwood who is the moderator of the Sarnia presbytery.

Andrews Wire Works annual picnic to Crinnian's was rather a disappointment on Saturday as the storm broke just after their arrival at the beach and there was no let up until evening. As a consequence, many of the party ate picnic lunches sitting in their cars instead of on the beach or in the grove. All returned early.

The Canadian dollar was quoted at less than one per cent. discount in New York foreign exchange market on June 30. The discount, quoted as 31-32 of one per cent., was the lowest this year. Now if we could only persuade the Government to let us have Alberta coal instead of Pennsylvania, we wonder if the exchange would not swing the other way for a while.

Dominion Day was, as usual, a very quiet day in Watford. The only stir discernible was in the morning while the various picnickers were preparing for their motor ride to the lakeside. The Methodist Church and Sunday School and the Presbyterian Young Peoples' Society picnicked at Bright's and Crinnian's Groves, and many individual parties visited the various beaches along Old Huron; while others enjoyed Strathroy's celebration with races, ball games, etc. The home guard enjoyed the cool weather, did odd jobs about the house, hoed the garden, mowed the lawn, or enjoyed a day of rest!

MISS MARGARET HATHAWAY WINS ELOCUTION MEDAL
(Palmerston Spectator.)
The Medal and Prize Contest, which was held in the Orange Hall, by the children of the Loyal Temperance League, was a real success in every way. It was the first attempt along the line. Four boys and ten girls took part, and most of the numbers were well received. Miss Dorothy Cunningham received the prize for instrumental music, and Master Arthur Brown for vocal, while Miss Margaret Hathaway won the silver medal for elocution. Great credit is due all who took part and we feel that those who so kindly came to encourage the children were amply repaid. This will not be its last attempt to give the children an opportunity to develop their talents.

Miss Margaret is a daughter of Mr. and Mrs. C. B. Hathaway, and a granddaughter of Mrs. Robert Haskett, of Watford.

WARWICK

Mrs. E. J. Griffith of Windsor, formerly of London, is visiting for a few weeks with her nephew, G. H. Holbrook, Warwick.

Six Sideroad from the Townline South to 4th line, (Kingscourt) is now closed to traffic, bridge work having been commenced this week by the Township.

Miss Lena Blain left for Montreal this week and is sailing on the S. S. Marloch on Friday for Europe on the Canadian Teachers Educational Tour.

Miss Dorothy Atcheson spent a few days with her cousin, Miss Maisie Pyke, of Simcoe St. London, after undergoing a successful operation at Victoria Hospital.

Miss Ruby Shoebottom, of London, was a visitor last week at the home of Miss Violet Mimielly.

Miss Ada Mimielly of London, spent the week end with her parents.

The W. M. S. of Zion Methodist Church met at the home of Mrs. J. Wynn June 12th, with a good attendance, and the president, Mrs. H. A. McKenzie in charge. The devotional leaflet on the psalms was given by Mrs. Parker. Heralds responded with their various news items. Mrs. J. B. Parker gave an excellent report of work done by the Auxiliary, showing much progress over last year. Mrs. J. E. Collier read a letter of appreciation from Miss Black of Hamilton for quilts sent. Mrs. W. K. Hagar gave a very interesting report of the branch meeting held in St. Thomas. The meeting closed with prayer by Mrs. T. A. Gault. The next meeting will be held at the home of Mrs. F. A. Wynn, on Thursday, July 10th.

Board of Education

Minutes of a regular meeting of the Board of Education held in the Library Board room on Monday, June 30, 1924 at 8 p. m.

Present: W. E. Fitzgerald, chairman, Dr. Howden, Wm. Harper, E. D. Swift, John McKercher, Geo. Stephenson, Dr. Siddall, Dr. McGillicuddy also Principal Cameron. The minutes of the last meeting were read and confirmed.

Swift—Harper carried that the following accounts be paid:—

Public school, McCormick and Paul supplies, \$3.50; treasurer revenue stamps \$1.34; J. W. McLaren supplies, \$7.40. High school, Robert Hollingsworth putting in tile, \$15; treasurer revenue stamps \$2.36; J. W. McLaren, supplies \$31.95; Siddall Drug Co supplies \$31.95.

A communication was read from Miss Meryol E. Logan resigning her position from the High School staff. Siddall—McGillicuddy and carried, that we accept Miss Logans resignation with regret.

A communication was read from Miss H. B. Mitchell with reference to resuming her duties as High School assistant. McKercher—Harper carried that we reengage Miss Blanch Mitchell for next year at same salary as paid heretofore.

Swift—Harper carried that we ask the municipal council to provide our treasurer with \$50 for public school and \$400 for High School purposes immediate requirements. The advisability of employing five teachers on the High School staff was discussed at some length by the Board which Principal Cameron took part. It was moved by Dr. Howden and seconded by John McKercher, that we advertise for a fifth teacher, motion lost.

Swift—Stephenson and carried that we adjourn.

D. Watt, Secretary.

A Toronto soap box orator was arrested for taking up a collection at the close of his harangue. He was advised to "hire a hall" when talking for revenue only.

DEMONSTRATION

You are invited to attend the Electric Cooking Demonstration at our store on July 10, 11 and 12 and bring your friends with you and see how easy it is to cook with McClary's Electric Range.

A cordial invitation extended to all.

—P. DODDS & SON
"Watford's Busy Store"

BROOKE

Monthly evening service on Sunday in Chalmers Church at 7:30. The usual afternoon service at 3 o'clock.

St. James' Sunday School purpose holding their picnic on Saturday, July 5th, at Bright's Grove. All members of the congregation are kindly requested to attend.

The annual Garden Party of Chalmers Church was held last Wednesday evening in the church grounds. The early part of the day was not very promising, rain falling heavily while the workers were putting the platform and seats in order. However before the first car arrived it was seen that it would be a very pleasant evening for an outdoor entertainment.

A splendid supper was served, while the excellent orchestra from Alvinston rendered some splendid selections. The Sarnia Male Quartette made its first appearance in this district, and made a very pleasing impression upon the crowd. Also from Sarnia came Rex I. Fleming, a Scotchman who has certainly the gift of humor, and kept the audience in laughter every time he appeared. Harry Firth was the entertainer from Toronto. He has talents of voice and manner to make a successful entertainer, but he lacks the talent to choose more suitable work for a Brooke Garden Party.

Lambton Corn Growers

The Lambton Corn Growers' Association Directors held their regular summer meeting on Friday afternoon in the Agricultural Office Petrolia. The Executive for the ensuing year were elected.

President—W. J. French, Thedford. 1st vice-pres—James Abra, Corunna. 2nd vice-pres—James Hand Alvinston.

A thorough analysis of the work of the Association in the past, its present standing and the needs of Agriculture in relation to the Association, were matters of main discussion.

The Corn Growers' Association is to be re-organized to include all seed grains and clover seeds. The work of the Association will be the improvement in the standard of all seeds sown on Lambton County farms. The members will be assisted in the selection of varieties and the improvement of the same by the use of the seed plot, thereby insuring the purity of the variety, the registration of the seed and the production of the same in quantities to meet the demand for seed grain. The Association receives orders each year for carloads of seed oats, wheat and corn at considerable advance over market quotations but up to the present has been unable to fill the same. To meet the existing conditions and for the good of the Association in its work, it was unanimously decided on motion that the Association hold its annual seed show at different points throughout the county. Thereby the work of the Association will reach a greater number of people. A more permanent character will be given to the work. The Town of Forest was selected as the point for the next seed show and convention to be held in the month of January 1925.

A Two Day Farmers' Convention is to be a feature of the programme in each years Seed Show. Prominent authorities on the work of the production of choice seed, its care, selection and cultivation, will be speakers at the Convention. A full programme of agricultural matters as they pertain to the farm and the farmers will be added, such as, Hog Grading and Meat Demonstration, wool grading and wool exhibit, apple grading and Egg Exhibit, Apple Packing and Grading, Co-operative Marketing, Corn, Grain and Seed exhibits and demonstrations.

A meeting of the membership of the organization will be called in the month of October to adopt the new programme of work amend the constitution and by-laws. A new prize list governing, classes, varieties and standards of the same will be prepared.

If our American friends have as much trouble electing a President next November as the Democrats are experiencing selecting a candidate at their national convention in New York, where's the Canadian politician who would want to run for U. S. President?

OBITUARY

MRS. ROBERT J. KELLY

An illness of several weeks terminated early Wednesday morning at the Sarnia general hospital in the death of Bertha C. wife of Robt. J. Kelly, aged 56 years. Deceased was born in Brooke township, but has resided in Sarnia for the past 13 years. She was a highly respected member of the Central Methodist church. Surviving are the husband, two daughters, Mrs. Chas. A. Rentoul and Miss Ferne, of the city, her father and mother, Mr. and Mrs. Wm. Sharpe, Bright street, five brothers, John at Superior Wisconsin, William of Cygnet Ohio, Harvey of Windsor, Dan of Flint, Bert of Sault Ste. Marie, two sisters, Mrs. Wm. McKenzie of St. Thomas, and Mrs. G. Mowbray, George street, one son, Keith pre-deceased her seven years ago. The funeral will take place from the family residence 354 Davis street, on Friday at 2:30 to Lakeview cemetery, service at the house at 2 o'clock.

BORN

In Warwick on Tuesday, July 1st. to Mr. and Mrs. Wm. A. Richardson. (nee Reta Smith) a son.

At Port Huron Hospital June 23. to Mr. and Mrs. G. R. McEwen, (nee Mattie Brison) a son, William Raymond.

In Alvinston, on Saturday, June 21, 1924, to Mr. and Mrs. Thos. Braithwaite, twins, sons. (Robert Gordon and Frederick Alexander.

In Regina, Sask., on May 24th, to Mr. and Mrs. R. J. Haney, (nee Annie Munro), a daughter, Catherine Anne.

In the C. E. E. hospital, on Tuesday, June 10th, to Mr. and Mrs. W. L. Taylor, a son—Orville James.

In the C. E. E. hospital, on Sunday, June 22nd, 1924, to Mr. and Mrs. T. Gordon, Ennisville, a daughter—Eleanor Ruth.

In Plympton, on Monday, June 16th, to Mr. and Mrs. James Greenlees, a daughter.

MARRIED

In Bosanquet, on Saturday, June 21, by the Rev. D. W. Williams, of Thedford, Annie C., eldest daughter of Mr. and Mrs. Edward McBryan, to Mr. John T. Laird, all of Bosanquet.

At the Rectory, Warwick Village, on Saturday, June 14th, by Rev. E. C. Jennings, Mr. Arthur Turner to Mary A., daughter of Mr. and Mrs. Wm. Harper, all of Warwick.

At the home of the bride's parents, Plympton, on Wednesday, June 18th, by the Rev. E. C. Jennings, rector of St. Mary's church, Warwick, Mildred Grace, only daughter of Mr. and Mrs. A. E. Archer, to Mr. Robert J. Wilkinson, all of Plympton.

At St. James' Presbyterian Manse, Forest, on Saturday, June 21st, by the Rev. H. D. Cameron, Jennie Isla, youngest daughter of Mr. and Mrs. Peter Cairns, of Forest, to Mr. Erwin Wesley Doan, son of Mr. and Mrs. George Doan of West Lorne, Ont.

In Brooke on Wednesday, June 25th, 1924, Miss Misena Pearl Walker to Mr. William Andrew Lucas.

In Sarnia, on Saturday, June 28th, 1924, by Rev. J. E. Millyard, Miss Winnifred Croucher, daughter of Mr. and Mrs. John Croucher, formerly of Watford, to Mr. William Zink, Jr., of Sarnia.

DIED

In Forest, on Saturday, June 21st, John A. Edgar, in his 65th year.

In Petrolia Hospital, on Wednesday, July 2nd, 1924. Mrs. Mary Brandon, in her 86th year.

In Forest, on Sunday, June 22nd, Margaret Scouler, in her 72nd year.

In Thedford, on Thursday, June 19, James Farquhar, in his 65th year.

In Forest, on Monday, June 23rd, Charles W. Stuart, aged 72 years, 2 months and two days.

In Bosanquet, on Friday, June 20th, Margaret Wells, relict of the late George Crossley, in her 91st year.

In the C. E. E. Hospital, Petrolia, on Tuesday, June 24th, 1924, Mrs. James Garside, of P. & E. townline, in her 28th year. The funeral service will be at the home of her mother Mrs. Chas. Luckins, on Friday afternoon. Interment in Wyoming cemetery.

FRIDAY, JULY 4, 1924

"Squibs by Dad"

A New York naturalist is convinced that horses have a language of their own. The "neighs" have it.

The days are getting shorter but there is still ample time to mow the lawn before breakfast.

A Detroit woman offers to sell her husband for \$100. Unless she marks him down to \$99.99 hubby is liable to be left on her hands.

Bootleggers are called "corn doggers" in Kansas, where the natives distill their wares from the juicy kernels of the maize.

Berlin is more concerned at present over a threatened beer famine than the occupation of the Ruhr or the Dawes report.

There may be confusion in Ontario coal cellars where Welsh coal is dumped in the same bins as Pennsylvania Dutch anthracite.

A Toronto soap box orator was arrested for taking up a collection at the close of his harangue. He was advised to "hire a hall" when talking for revenue only.

A California woman has notified the court that she would rather give up her husband than her telephone. It would be a real hardship to be deprived of the conversational facilities afforded by a party line.

Thirsty Dawsonites are to be given the privilege of partaking of Aurora Borealis cocktails. It is stated that permission has been given to transport liquors across the Alaska strip.

A Chicago railroad has added to lounge and smoking car for women passengers to the equipment of its limited trains. The male passengers are not even permitted to watch their smoke.

Rather than pay \$700 duty on eight Parisian gowns a Los Angeles woman forfeited the imported garments to the customs department. They will be disposed of at Uncle Sam's next sale of uncalled for goods.

Babe Ruth's claim to fame does not rest entirely on his prowess with a baseball bat. His recent achievement of eating twelve hot dogs and drinking five bottles of pop for lunch places him in the front rank of the gourmands.

The "autocrats of the breakfast table" are still with us. A Sacramento woman was granted a divorce on the complaint that her husband refused to allow her to use butter on her hot cakes.

A few radicals, known as the "ginger group," are reported to have succeeded from the Progressive party at Ottawa. Leader Forke would not object to their confining their highly-seasoned activities to Jamaica.

A men's furnishing's journal estimates the prosperity of a city by the quantity of silk hose and silk shirts purchased by its citizens. The products of the silkworm have their place but the "all wool" contribution of the lowly sheep denote industry and stability.

A Kansas editor laments that the good old days of chivalry are passing. "I started into a barber shop," he says, and three women followed directly behind me. Naturally enough I held the door open for them and stepped aside. Then they piled into the barber chairs and I had to wait two hours while they had their hair bobbed and curled."

"WE'RE COMING HOME!"

Quotations From Letters Received
By the Secretary From Old Boys
Who Send Their Dollar to Further the Cause.

Enclosed is a money order for one dollar for my membership fee for Watford Old Home Week. Here's hoping the Golden Jubilee of Watford will be a memorable one.
E. Isabel Harris, Welland.

Please find enclosed \$1.00 for "Old Boys" Fund.
George O. Reed, Watford.

Remittance enclosed for enrollment among the Old Boys and Girls. Hope the Home gathering will be a complete success.
Geo. Sweet, Coronation Alta.

"Two years have slipped by very rapidly since I visited in Watford. I would like to look forward to a return in August but can only send greetings to all old acquaintances, and enclose my \$1.00 to help the advertising committee.

By news reports you folks no doubt got warmed up this week. Our warm weather began on June 10th, and has been running above 90; yesterday 101 in San Bernardino. We are cooler here, because of altitude. Cherry season is over; now apricots and early peaches are coming in. The next two weeks will see a heavy movement of the latter from this Valley. Watermelons are here from the Southern end of the State, and of course cantalops have been moving since about the middle of May. This is the longest day of the year. We turn on the lights at about quarter to eight. Not so much twilight here as in Ontario.
Geo D. Lee, Yucaipa Calif.

THIS WEEK'S MEMBERS

Miss Isabel Harris, Welland; W. J. Luckham, Sarnia; Mrs. (Dr) James, Sarnia; Geo Reed, Watford; Wm. Carrol, R. R. 5 Watford; Geo Sweet, Coronation Alta; Geo D. Lee, Yucaipa, Cal.; Mrs. R. C. McLeay, Mimico; Robert McLeay, Mimico; Miss Alice Mains, London; Ezra Martin, Windsor; Mr. and Mrs. T.

R. Graham, R. F. D. 2, Redford, Mich.; J. C. (Verne) Brown, Sarnia; J. D. Brown, Watford.

Nervous Depression

Why People are Low Spirited and Depressed

Nearly all women and most men suffer at times from fits of depression and low spirits. Everything seems a burden; then come periods of nervous irritability, headaches and weariness. People who suffer this way lack vitality because their blood is poor and nerves are starved in consequence.

The only way the nerves can be reached is through the blood. By enriching the blood with Dr. Williams' Pink Pills the starved nerves are supplied with just the elements they need. This is proved by the experience of Mrs. J. E. Dadson, 12th Ave., east, Vancouver, B. C., who says—"About three years ago I became very weak and nervous. I had pains in my side and back, and also suffered from frequent pains in the back of my head and neck. I was hardly able to do anything about the house. I would wake with a start in the night and my heart would flutter so that it almost choked me. I tried much doctor's medicine but it did me no permanent good. One day I read about Dr. Williams' Pink Pills and decided to give them a trial. These pills produced such a beneficial change in a short time that I kept taking them until I had used a dozen boxes. By this time there was such an improvement in my condition that friends would ask me what I was taking, and of course I was only too pleased to tell them it was Dr. Williams' Pink Pills. I am now feeling like a new person and am doing my own housework. We would not now be without Dr. Williams' Pink Pills in the house."

You can get these pills from your druggist, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

A WESTERN ONTARIO PROBLEM

Whose Job is it to Find Farmers to Buy Farm Vacated by Retirement and Other Causes? Over 200,000 Acres of Occupied Farms Now Offered for Sale, With 75,000 Additional in Vacant Farms

Townships and Municipal Councils, Boards of Trade and Chambers of Commerce of Western Ontario will probably be asked to send representatives to a meeting which will be held somewhere in the peninsula this Fall to discuss ways and means to counteract a clearly defined tendency which if unchecked will, it is believed, threaten the prosperity of this part of the Dominion.

Prosperity in the fourteen counties of Western Ontario, as elsewhere in Canada, is dependent largely upon agriculture and it will be admitted that no greater calamity could befall an area dependent for its prosperity upon agriculture than the loss of its skilled agriculturalists. Yet this, it is claimed, is what is happening through the process of time in Western Ontario. The regrettable fact that the younger generation are flocking to the cities and towns, and the lack of adequate means to replace the shrinkage in the numbers of skilled farmers caused by migration, retirement and death have brought about a condition, the results of which are already sufficiently obvious to demand attention and action.

For some years the Western Ontario United Boards of Trade, an affiliation of many of the Boards of Trade and Chambers of Commerce of Perth, Brant, Huron, Waterloo, Kent, Essex, Grey, Lambton, Elgin, Wellington, Oxford, Middlesex, Bruce and Norfolk, have given attention to certain broad aspects of agriculture. With the aid of Township Clerks of the fourteen counties named—over two-thirds of the total of 157 township clerks having cooperated—some facts have been secured which, it is claimed, not without justification, indicate a marked tendency towards reduction in the number of Western Ontario's skilled agriculturalists actively engaged in productive work. The farmers of the present generation are, of course, growing older and in many instances farms are growing larger, as the most likely purchaser of farm property is the neighboring farmer and the figures which follow show that there is an obvious tendency towards increase of cleared but idle land.

The figures secured must be accepted at face value. They are obtained from over a hundred independent sources and compiled merely with a view to ascertaining actual conditions. They show that of the farms of the fourteen counties of Western Ontario, 212,607 acres are known to be for sale; farms actually vacant, not including those abandoned as useless for agricultural purposes, have together 75,000 acres and there is reported also 100,000 of cleared land in pasture over necessary requirements. According to statistics secured from the Provincial Department of Agriculture's Crop Reports (1922) 100,000 acres in general field crops yields \$2,000,000 annually. Of course it can quite justly be said that an increase in the demand for beef cattle would reduce the unproductive land in pasture; that farms offered for sale may be cultivated by the present owners for many years and that increased production, if the land were fully cultivated, might adversely affect the already inadequate remuneration of agriculture at present prices for produce of all kinds. These are, of course, circumstances which should not be lost sight of, and there are possibly other phases of the matter requiring consideration.

However, the area reported to be for sale, or in vacant farms, or in unproductive pasture—with one-third of Western Ontario yet to hear from—approximately 400,000 acres or about one-sixteenth of the total cleared land of the fourteen counties of Western Ontario—indicates a well defined tendency toward reduction in the number of Western Ontario's skilled agriculturalists and this if admitted, is, it is claimed, a basic condition striking at the roots of prosperity which cannot be disregarded without risk.

Members of the United Boards are asking where skilled agriculturalists are to be found to buy and cultivate the farms now offered for sale and those of other farmers who may in the natural course of events be expected to retire. If there is a tendency detrimental to the interests of Western Ontario, it is considered folly to ignore it and Western Ontarians should, it is submitted, get together and see what can be done to check it.

Knowledge Essential to Business
THE widest possible knowledge of conditions in general is essential to every business to-day.
You will find the Sterling Bank the logical source of the information you require. Through our close connections with business of every description, we have accumulated a fund of knowledge of the utmost value to every firm. We have, as well, the basic policy of conservative management, which has brought us to a position of stable security.

PLANT ONE
Before the dawn of the motor-car age a passing motorist picked up a farmer who had never before seen an automobile. The farmer was duly impressed and delighted. To impress him still more, the motorist put his foot on the accelerator and for six or seven miles they tore along like the wind. Then something went wrong with the steering gear and they ran into a tree. The farmer and motorist alighted unhurt on a bank of moss. The car was not damaged.

"That was fine," said the farmer, as he got up. "We sartly went the pace. Tell me this, though—how do you stop her when there ain't no trees?" The Baptist.

The Oil for the Farmer. A bottle of Dr. Thomas' Electric Oil in the farm house will save many a journey for the doctor. It is not only good for the children when taken with colds and croup, and for the mature who suffer from pains and aches, but there are directions for its use on sick cattle. There should always be a

Business is Good and Getting Better

"What do we mean—'Business is good'?"

We mean it is not bad—we mean that there is plenty of business in Canada to-day for every he-man who goes out and LOOKS for it.

We mean that more FAITH and ENTHUSIASM in this wonderful, glorious country of opportunity could be used to advantage and less attention paid to the human parrot who hears a thing once and repeats it until he hears something new.

M. E. Thornton, Superintendent of Colonization of C. P. R., after making a journey across the border, said "Optimism should be the keynote in Western Canada, if you can judge by comparison with the country lying to the south of us. After an extended trip down the Pacific coast as far as Los Angeles, I am firmly convinced that Canada is on top of the world sitting in a better position for the rapid return of prosperity than any other country."

The state business in general is more or less of a mental impression anyhow.

The man who goes out to get business and allows thoughts of failure to obtrude even before his trip begins, is foredoomed to failure. He has not a chance, no matter how good business is—we all know that—the trouble is we forget so easily.

Just to prove that mental impressions play their part (providing you doubt our statement that business is good,) when you go home to-night—get comfortably seated open your newspaper—read all the optimistic business reports you see, if you begin to read an adverse report throw it overboard immediately and search for something brighter. By the time you have read that paper you will agree with us—Business is Good.

Take the following items gleaned from the current press for instance: **Canada Attracting English Capital**—Toronto—"Canada is becoming more and more interesting to Englishmen and before long additional English capital will be used for the development of Canadian industry" said Sir John Aird, president of the Bank of Commerce.

Hon. Charles McCrea, Ontario Minister of Mines, also stated that his mission to interest English capital in mining development in Ontario had been successful.

Canadian Ford Dealers sales in May were 8806 as against 8446 in the corresponding period of 1923. A decided increase.

Work For All

A total of 4,653 applicants registered for work at the provincial government employment offices during the five weeks ending May 31st. No less than 4,954 employers orders were received and in all 4,633 applicants were placed.

Boots and Shoes

The value of boots and shoes exported by Canada during the year ended March, 1924, more than doubled the value exported during the preceding year.

General Export

During the fiscal year ended March 31st, 1924, Canada exported goods to the value of \$1,045,141,056 an increase of about \$110,000,000 over the preceding year.

Total Trade increased by about \$210,000,000 compared with the corresponding period a year ago.

These are a few of the reasons why we say, Business is Good and Getting Better.

"OLD HOME WEEK" August 17, 18, 19, 20

PLYMPTON

A Miscellaneous shower was tendered Mr. and Mrs. R. J. Wilkinson at the home of Mr. and Mrs. A. E. Archer.

On Friday afternoon Miss Sadie Cran, teacher in the Brooke settlement school, treated the children to an excellent lunch. Part of the afternoon was spent in playing ball and running races. Miss Cran has sent in her resignation after being in the section for three years.

Miss Denna Law of Chicago spent the week end with her sister, Mrs. C. Knudsen.

Mrs. Hugh Mustard and son John, Mrs. Gunne and son Hugh, and Mrs. Lorne Mustard motored to London on Friday.

Miss Grace Levity and brother Bobbie of Toronto are spending this week with Mr. and Mrs. Jones.

On Friday morning a number of the institute members of P. and E. townline motored to Wilkesport to attend the district annual meeting held in the community hall. Mr. Putman of Toronto gave an interesting address.

Mr. Booth and Mr. Robinson of Sarnia were recent guests at the home of Murdock McDonald.

Miss Lizzie Thompson and aunt, Mrs. Wm. Grieves, of Detroit, are spending this week with Sarnia and Plympton relatives.

Success marked the garden party in the Brooks Methodist church held on the lawn of C. Knudsen. A baseball game between Mooreline and Brooks senior boys, ended in the score of 11 to 8 in favor of Mooreline. Thompson's orchestra furnished excellent music. Mr. Robinson rendered several splendid solos. The ladies at the booth and fish pond were kept busy. Lunch was served and everyone enjoyed themselves. Proceeds were nearly \$50.

Rev. Joseph Jones, pastor of the Brooks Methodist Church is booked to sail on July 4, for England where he intends spending two months visiting the scenes of his childhood and other places of interest overseas. Mrs. Jones and children will remain at the parsonage at Wyoming.

Miss Vera MacIntosh of Wyoming spent the week end with her sister, Myrtle in London.

James Henderson and Joseph Grant of Toledo are spending this week with Plympton relatives.

Miss Mildred Bailey of Forest spent 'is week at the home of her sister, Mrs. P. J. Core and family.

Miss Hannah Mason of Detroit hospital spent a week with her mother, Mrs. Wm. Mason and other relatives.

Quite a number from Wyoming and vicinity attended the Plympton religious education convention on Thursday at Mandaamin. The special speaker Rev. R. B. Ferris, of the Student Christian movement of Toronto university gave two inspirational addresses and also conducted a helpful round table conference. Miss Crone spoke on girls work and Rev. A. C. Waghorne dealt with publications. Mandaamin ladies served a delicious supper.

Howard Bryson was in attendance at the annual meeting of the grand lodge of Ontario at Guelph as representative of Model Lodge No. 147 I.O.O.F.

Mrs. C. H. Smith has had to undergo a somewhat serious operation at the London hospital where she will likely remain for several weeks. Her sister, Mrs. Chas. Elstone, is in charge of her home during her absence. Her many friends wish her a speedy recovery.

Bert Wardell of Adelaide is paying a visit to his sister and brother-in-law, Mr. and Mrs. G. G. Richardson.

The Wyoming baseball club played a friendly game with Mandaamin on Friday evening which resulted in a draw, each contestant scoring four runs.

Mrs. Robt. Park celebrated her birthday on Thursday with Sarnia relatives and friends.

A pleasing incident took place on Sunday, June 22nd, in the Wyoming Methodist Sunday school when the ladies adult Bible class presented Mrs. Sarah Smith, one of the members of the class with a beautiful bouquet of flowers in recognition of the 78th anniversary of her birth. With the exception of Mrs. Ogilvie who is 83, Mrs. Smith is the oldest regular attendant.

Mr. and Mrs. David Wright and children, Elizabeth and Jack, returned from Trinidad B.W.I. to spend the summer with Mrs. Wright's father and sister, John Crozier and Miss Maggie Crozier, and other relatives. Mr. Wright has been drilling in Trinidad for several years.

Mr. and Mrs. J. B. Row returned on Friday from a two weeks' visit with eastern friends. She also attended a reunion at Belleville.

A Foe to Asthma. Give asthma half a chance and it gains ground rapidly. But give it repeated treatments of Dr. J. D. Kellogg's Asthma Remedy and it will fall back even faster. There is edy. It goes right to work and drives asthma out. It reaches the inmost breathing passages and leaves no place for the trouble to lurk. Have it by you for ready use.

"IN THE PUBLIC EYE"
BY Carl A. Class

DO YOU EVER HAVE AN EYE-HEAD-ACHE?

AN eye-headache some times accompanied by an earache and burning sensations of the eyes is caused by an over effort of the brain to understand a blurred image that has been thrown on the retina of the eye. In the eye-camera the foci are changed by the eye muscles that swell and reduce the shape of the crystalline lens. When these muscles become weakened an optometrist must prescribe the other-man-made lenses to bring about this focus accommodation.

Declares Farmers Must Organize

Frank Lowden, of Illinois, Points Way Out for Agriculture—Farmer's Great Problem Concerns Marketing His Products at a Living Price.

The several spasmodic movements toward general prosperity in the post-war years have started when agricultural products had sufficiently advanced in price relatively, but the movement was halted because prices of other products began to advance again, this destroying the improved position of the farmer, Frank O. Lowden, of Illinois, declared in an address before the Rotary International Convention in Toronto last week.

There can be no permanent general prosperity until the disproportion between the prices of farm products and services and other commodities and services are wiped out, he asserted, and how to "rid ourselves of this disparity is not the farmer's problem alone, but the problem of all."

"The disparity between prices of the things the farmer has to sell and the prices of those things we must buy is the main cause of placing agriculture in the hardest times it has had in the present lifetime of the generation," Mr. Lowden declared. "I am speaking more particularly of the United States, but I imagine they are not far different in Canada or in other countries where agriculture is still thought to be the basic industry."

"When the depression of 1920 set in there was a large accumulation of goods of all kinds on hand, but industry, being highly organized, was able to resist more successfully than the farmer the pressure for lower prices. If the farmers are to put themselves upon terms of equality with the great industries they, too, must organize. Agriculture now finds itself freely competing among themselves while it is obliged to sell its products in a highly-organized industrial and commercial world."

"It is not desirable that farmers should imitate the great industries,

adopt the corporate form of organization and operate their farms through corporate management; It would weaken our whole social structure if our millions of farmers would surrender their individualism in this way. Nor is it necessary. While much improved efficiency in production is still possible, the farmer has made constant progress in this respect. His most pressing problem is concerned with the marketing of his products at a price which will enable him to live and go on producing.

"On every hand we learn of farm abandonment. If we should avoid this ruin, the farmer must organize. Co-operative farm marketing associations no longer are an experiment. Wherever they are employed you will find agriculture in its best estate.

"Those who oppose the principle seem to think that in some way these associations are seeking to avoid the operation of the law of supply and demand. Quite the reverse is true. The purpose is not to

defy the law, but only to make the law serve the farmer fairly.

"Co-ordination is possible only through co-operation. Co-operation is one of the watchwords of Rotary. You were among the first to recognize the interdependence of all business and industry. If now you were to become the instrument of effecting a complete co-ordination between the farm and business generally, it would be a mighty accomplishment for good. The farmer's difficulties can only be overcome promptly if the merchants, manufacturers, bankers and civic groups whole-heartedly co-operate with the farmers."

 Thos. Brush, ditto 11.25
 V. Barnes, ditto 10.00
 S. Barnes, ditto 12.50
 J. Jones, work in pit and filling bridge on 9 sideroad 55.25
 F. Conkey, part payment for gravel 50.00
 S. B. Chambers, 2 days holding grader 5.00
 John Blake, 1 grader furn. the Municipality 13.00
 T. Chambers, 14 cords grav. 17.50
 Ingot Iron Co., Guelph, 1 culvert 49.50
 Chambers—Mansfield, that the petition of W. Morgan and George

Pike to have the Cameron drain cleaned out be accepted and the Clerk be authorized to notify C. A. Jones, engineer, to examine the same and report.—Carried.
 Chambers—McClelland, that the claim of Cecil James be laid over till the next meeting of the council for consideration.—Carried.
 Percy—Chambers, that the council appoint Dr. Boles of Arkona as Medical Officer of Health for the Township of Warwick and that the Clerk prepare a bylaw to confirm the same.—Carried.
 Mansfield—McClelland, that the petition of Fred Wynne re the repair of the Edwards drain be reconsidered and as there has been no action taken in the matter and as there seems to be no possibility of making a settlement between the parties assessed this board deems it necessary to have the Clerk notify the engineer to examine the drain and report.—Carried.
 The Council then adjourned to meet on Monday, July 28th, at one o'clock for general business.
 N. Herbert, Clerk.
 The Prince of Wales will again visit his ranch in Alberta this fall, according to his announcement at the Dominion Day dinner in London. Now that the Prince is thirty and almost ready to settle down, watch the Western papers spread the rumor of him marrying a prairie daughter and settling down as a High River cowpuncher.
 A British mining expert says the oil supply of the world will be exhausted within the next generation. With the exception of our old friend, John D., who cares? Our grandfathers burned up all the firewood and candles here in Lambton, thus we got the habit of hard coal and electric lights. Henry Ford will no doubt find a substitute fuel for our kiddies' stivers. In the meantime "give us another five gallons of gas" is the attitude of the present day.
 The ease with which corns and warts can be removed by Holloway's Corn Remover is its strongest recommendation. It seldom fails. m

ARKONA

Miss Wilkinson has returned to her home in Brownsville for her summer vacation.
 Murray Jaynes and family of Detroit are spending a week with Mr. and Mrs. Jos. Jaynes.
 Mrs. Rev. Baker of Exeter, formerly of Arkona, spent the week end with friends here.
 New chenille dress goods, voiles, and summer broadcloths.—Fuller Bros.
 The young people of the Baptist church were entertained at the home of Mr. Walter Percy, on Tuesday evening of last week.
 Miss Isabel Farr has returned to her home in Alberta for two month's school vacation.
 A Garden Party will be held on the Methodist church lawn on Wednesday evening June 9th. See bills for particulars.
 Mr. and Mrs. Harold Eastman and son returned to their home in Burks Falls after a visit with the former's father Mr. Nial Eastman.
 L. F. Jackson motored from Toronto on Saturday last and returned on Tuesday with his wife and daughter, who have been visiting for the past month. Mrs. Jackson's parents Mr. and Mrs. Wm. Hill of West Williams, also Mrs. J. Jackson of Arkona.
 Those who attended the Epworth League meeting in the Methodist church on Monday evening of last week, enjoyed a treat when Mr. Tripp of Forest gave an interesting talk on the subject of "plants and plant life."
 The Arkona Presbyterian Church held a successful lawn social on the church lawn on Friday evening. Among the musical numbers on the program were a duet by Mrs. Gale and Mrs. Harrington, and solos by Mrs. Harrington and Mr. McLeish. The comedian, Mr. Rex Fleming, of Sarnia, proved most entertaining. The program was interspersed with selections by the local band. Addresses were given by the resident clergymen. The pastor, Rev. J. A. Gale, occupied the chair.
 Rev. A. Hilliard Jones, who has been pastor of the Arkona Baptist Church for the past four years, has accepted an invitation to Brantford.

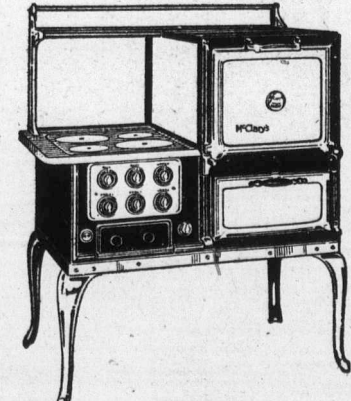

Mr. and Mrs. Jones and family have endeared themselves to the entire community and their departure is anticipated with a great deal of regret. Mr. Jones' pastoral work will terminate the end of July. The best wishes of the community will follow them to their new charge.
 On Thursday morning, June 26th, an accident which might have proved very serious occurred on the road opposite A. Meadow's gravel pit. A tree on the edge of the pit had become undermined, fell over and frightened a team of horses. They ran out of the gate on to the road and into a car driven by Mr. Valentine of Forest. The horses, car and wagon all plunged into the ditch. There were five people in the car but all escaped injury but one little girl. She was not very seriously hurt. The car was damaged to some extent and one of the horses was injured.
SOME REAL POSERS ON EXAM PAPERS
 Two Hours Set Aside For Tests in Grammar.
 "Combine the following sentences to form a complex sentence: We know the man has a knife. The knife was on the table."
 For writing answers 100 per cent correct on the above question entrance examination pupils will receive three marks. This specimen query is only one small part of the paper on grammar which entrance students were writing yesterday.
 Two hours were set aside at the various examination centers yesterday morning for writing the test in grammar. There was a wide variety in the nine questions on the paper. In each question there were from two to four sub-divisions, many of them posers to adults, who have long forgotten anything about the day they wrote their entrance exams, except that it was a big ordeal.
 Here is a question in which common errors may be noticed. The problem is to correct these errors and give reasons for so doing: "The leader rung that there bell." "Us three will water them flowers today." "Who was you speaking to just now?" "Between you and I, he doesn't remember what he done with it." Four marks are given for each question part of this question answered correctly.
 Writing examinations were held from 11:10 o'clock yesterday morning until 12, and in the afternoon the entrance paper in geography was placed in the candidates' hands.

Mrs. Trotter spent the week at her home in Oil City.

Mr. Thomas Armstrong spent Sunday at his home here.

Miss Hene Melton of Sarnia is visiting her grandparents, Mr. and Mrs. E. S. Lorrman.

A number from here attended the social at Napier Friday evening.

Mr. T. W. Johnston spent a few days in Oshawa recently.

Mr. and Mrs. A. Cabe accompanied by Mr. and Mrs. C. Main and Miss Belle Calhoun motored to Harrierville on Sunday to attend the funeral of their aunt Miss Calhoun.

Mr. and Mrs. M. Fierler of Sarnia visited L. Slobasky on Sunday.

Messrs Walter Atkin and Frank Meyers spent Sunday in Detroit.

Mrs. E. Oke and little daughter Betty have returned home to Detroit.

Miss Catherine McVicar is spending her holidays at her home here.

Mrs. Stanley Graham and son Frank of Sarnia spent a couple of days at the home of Wm. Chapman.

Mr. and Mrs. Mel Hartley and children and Mrs. James of Oil Springs spent Sunday at T. Hartley's.

Mr. T. Smith spent Sunday in Rodney.

Mr. James Ellison of Detroit is visiting at the home of Mrs. H. Liddon.

Mr. Ray Brown and Miss Marjorie Hutton of Toronto visited at the former's home here.

Mrs. Leslie Armstrong of Detroit spent Sunday at his home here.

Mr. Allan Arnold of London is the new teller in the Royal Bank.

Mrs. Levi Smith and children of London, are visiting at the home of Richard Smith.

Miss Marguerite Thompson who has attended school in Oshawa arrived home for the holidays.

Mr. Clyde Graham shipped a carload of cattle to Toronto on Saturday.

Mr. Russell Kimball spent Sunday at his home near Sunnyside. Mr. L. D. Brown was in Watford on Friday.

ALVINSTON

A very pleasant evening was spent at the home of Mrs. Frank Oke on Friday when some 25 or 30 friends of Miss Lulu Oke gathered to bid her farewell prior to her marriage on Saturday to Lloyd Teft and to show in some manner the esteem in which she was held by a host of friends. During the evening Miss Oke was presented with a nicely worded address and a handsome silver case by her friends of Hope Methodist S. S., in which she held the office of treasurer. The congregation of that church also gave a shower of many pretty and useful articles. A social hour was spent during which ice cream and cake was served.

A very regrettable accident occurred on the twelve concession, Brooke, on Monday evening when Mr. and Fred Downing while returning from Ebenezer garden party were crowded in to the ditch, upsetting the buggy. Mrs. Downing received a broken hip and other injuries.

An interesting June wedding took place in Hope Methodist church on Saturday at twelve o'clock, when Miss Margaret Lulu Oke, daughter of Mr. and Mrs. George Oke, became the bride of William Lloyd Teft, of Courtright. The ceremony was performed by Rev. A. L. Spracklin. The church was prettily decorated with bouquets of peonies and white streamers. The bride was given in marriage by her father and was attended by her sister, Miss Olga Oke of St. Thomas. The groom was attended by Earl Banwell of Windsor. A wedding dinner was served at the bride's home immediately following the ceremony.

KATHLEEN GENGE-McEACHERN DIES IN DETROIT

The death occurred in Detroit on Monday of Kathleen C. Genge, beloved wife of W. Ross McEachern. Deceased who was in her 30th year, was born in Alvinston and lived the greater part of her life in this community. She spent the most of her married life on a farm near Glenora having only moved to Detroit some six weeks ago. She leaves her husband and two small children, also her mother, Mrs. Susan Genge, and a sister, Mrs. Samuel Howard, of Kitchener. The funeral was held from the residence of P. A. McDiarmid, River street, Alvinston, on Wednesday afternoon, interment in Alvinston Cemetery.

NAPIER

Miss Leon Winter of Detroit is holidaying at her home here.

Mrs. John Meadows has returned to Stratford after spending a week with her daughter, Mrs. G. Denning.

Mr. Wm. Sutherland of Toronto is spending a week in this vicinity, calling on old friends and acquaintances.

A pleasant time was spent on Monday evening when Rt. Wor. Bro. Richard Williamson and staff of officers of Watford, installed the new officers of Ionic Lodge No. 328 A.F.&A.M., in the Masonic hall. W. Bro. Wm. Sutherland of Toronto delivered an address and a dainty lunch brought the interesting evening to a close.

Mr. and Mrs. Silas Brown and family of London spent a few days with Mrs. Brown's mother, Mrs. McIlwain.

Mrs. M. Long and little daughter, Fern, of Sarnia, are visiting her parents, Mr. and Mrs. Alfred Clothier.

The annual garden party held Friday evening was a splendid success. The gate receipts were \$480.00. The total receipts were over \$620.00. Many old residents of the village who are now living in parts far away came back to meet old friends and spend the evening at home.

FREE—10 quicker, better shaves. Send coupon

We Give You 10 comfortable face days

For ten mornings we offer you all-day comfort that comes from having shaved cleanly, easily, quickly, without irritating sensitive skin.

It is a test millions of men have made. Making it they discovered for themselves the 5 distinct advantages we produced in PALMOLIVE SHAVING CREAM.

For 18 months we worked—carried out 130 laboratory experiments—perfecting for you:

Cream that multiplies itself 250 times in richest lather.

That softens the wickedest beard in one minute—without "rubbing in."

Lather that lasts, if necessary, 10 full minutes on your face—moist, luxurious.

Strong bubbles that hold each hair erect—for cleaner, easier cutting.

Finally, a cool, soothed, after-fee—thanks to our careful blend of palm and olive oils.

Shave this way for 10 days—note the difference in all-day comfort. After that you'll never go back to the old methods.

Post the coupon today. Get your 10-shave tube, free.

PREST-O-LITE BUILDING BIGGER PLANT

Hillcrest Park Toronto, the home of Prest-O-Lite Storage Batteries is one of the busiest spots in Canada. The entire capacity of the plant is required to keep up with the production of storage batteries. Night and day shifts have been employed since the beginning of the year. This pressure of business has made necessary an addition to the buildings and equipment. The pre-

sent plant, consisting of twin buildings, 80 feet wide, 400 feet long and two stories high, was completed in July, 1920, and is the largest battery plant in the British Empire. The new addition will increase the floor space to 185,000 square feet. The Prest-O-Lite is of modern daylight construction. The welfare of employees is amply provided for by a splendid cafeteria, where meals

are served at cost; a ball park and tennis courts; and a completely equipped surgery.

Prest-O-Lite Storage Batteries are standard equipment on the majority of Canadian-built automobiles and trucks. There are more than 1100 Service Stations and Dealers in Canada selling Prest-O-Lite Storage Batteries to car owners.

Beauty Flies For Speckled Beauties

above pretty girl, one of a party of five, has just come in from a flying trip to a nearby lake and is justly proud of her string of speckled beauties.

St. Jovite in the mountains of Northern Quebec is famous as a summer and winter resort. Winter times they use a wingless aeroplane for skiing, but in summer they put the wings and a body on and use it for fishing and swimming. Behind almost every mountain of the Laurentians there is a lake or two—so the plane comes in handy for jumping over the hills to chase the sporting bass and trout to their lairs. The

With so thorough a preparation at hand as Miller's Worm Powders the mother who allows her children to suffer from the ravages of worms is unwise and culpably careless. A child subjected to the attacks of worms is always unhealthy, and will be stunted in its growth. It is a merciful act to rid it of these destructive parasites, especially when it can be done without difficulty.

Crimian Veteran
Praises "Fruit-a-tives"

MAJOR GEO. WALKER
Major George Walker, now a familiar figure in Chatham, Ontario, is one of the men who went through the terrible Indian Mutiny. As he says: "I am a veteran of the Crimean War and the Indian Mutiny, serving under Lord Roberts. Fierce hand-to-hand fighting and continual exposure left me a great sufferer from Rheumatism, so much so that my legs swelled up, making it impossible for me to walk. My bowels were so constipated that I was in terrible shape until I began to use 'Fruit-a-tives.' They relieved me both of the Rheumatism and the Constipation. Today, I enjoy perfect health—no more Rheumatism or Constipation." And in another letter, written December 1st, 1923 (eleven years after), Major Walker says: "'Fruit-a-tives' are keeping me in the best of health and I shall never be without them. 'Fruit-a-tives' are the famous Fruit Treatment—intensified fruit juices combined with tonics—that make you well and keep you well. 25c and 50c— at all dealers or from Fruit-a-tives, Limited, Ottawa, Ont."

TEETHING TROUBLES

Baby's teething time is a time of worry and anxiety to mothers. The little ones become cross; peevish; their little stomach becomes deranged and constipation and colic sets in. To make the teething period easy on baby the stomach and bowels must be kept sweet and regular. This can be done by the use of Baby's Own Tablets—the ideal laxative for little ones. The Tablets are a sure relief for all the minor ailments of childhood such as constipation, colic, indigestion, colds and simple fevers. They always do good—never harm. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

THE BEST

Why don't we do our best
To do what we are doing?
And make an earnest quest
To find what we are wooing.

To make the highest flights
And reach what we are reaching
To make our best exploits
To live what we are teaching.

Accomplishing desire
To make our contribution
Our being once on fire
Will work a revolution.

And with the proper aim
Will make the finest ending
We conquer and we claim
The laurel that's descending.

Ideals must be high
Yet we can make them higher
We cannot grasp the sky
But we can be a fier.

In this sane world of fact
With every wind that's blowing
We'll set our sails and tack
To reach where we are going.

Our life is not in vain
If we have used each blessing
We'll get the highest gain,
And nothing will be missing.

So let us do our best
Still striving to do better
Fit for the highest test
And nothing else will matter.

July 1st, 1924 W. B. Laws, Watford.

For years Mother Graves' Worm Exterminator has ranked as a reliable worm preparation and it always maintains its reputation.

WEDDINGS

WILKINSON-ARCHER

"Homeville," the residence of Mr. and Mrs. A. E. Archer, Warwick, was the scene of a happy event when their only daughter, Mildred Grace, was united in marriage to Robert J. Wilkinson, of Oil Springs. The ceremony was performed by Rev. E. C. Jennings, of Warwick Village. The happy couple left on a motor trip, after which they will reside in Oil Springs.

FULLER-COUZENS

The paragon, the home of Rev. and Mrs. C. L. Couzens, Bothwell, was the scene of a very pretty wedding on Tuesday, June 24, when their daughter, Edythe Gertrude, was united in marriage to Wilfred Leroy Fuller, of Flint, Mich., son of Mr. and Mrs. Joseph Fuller, of Theford, Ont. The ceremony was performed by the father of the bride.

To the strains of the Lohengrin bridal chorus, played by Miss Thelma Cascadden, of Detroit, Mich., gowned in yellow silk, the bride entered the drawing-room on the arm of her father and took her place beneath an arch of pink and white roses, banked with peonies and orange blossoms. The bride was charming in a gown of white flat crepe, and wore a veil of tulle and orange blossoms. She carried a bouquet of Sweetheart and Ophelia roses, and the groom's gift, an onyx ring set with diamonds. Miss Winnifred Eastman, gowned in coral crepe, acted as bridesmaid, and carried a bouquet of pink carnations. Harold Gibson, of Flint, was best man.

During the signing of the register Mrs. William Bonnett of Chatham, sang sweetly, "O Promise Me." The groom's gifts to the bridesmaid and soloist were gold pins, to the pianist amethyst earrings, to the best man a

tiepin. The presents were numerous and costly, including several substantial checks.

After the ceremony the guests, numbering over 40, gathered in the dining-room, where a dinner was served by girl friends of the bride. The table decorations were pink and white roses and peonies. Later, Mr. and Mrs. Fuller left on a motor trip to Niagara Falls, Hamilton and Toronto, the bride traveling in a fawn point twill suit, with hat and shoes to match. On their return they will reside in Flint, Mich. The out-of-town guests were from Sarnia, Chatham, Flint, Detroit and Theford, and included Mr. and Mrs. Richard Lowe, Mrs. Carl Damsen, Mrs. William Bonnett, J. H. Snell, grandfather of the bride, all of Chatham; Mr. and Mrs. Floyd Ingrow, Mr. and Mrs. Joseph Fuller, Messrs. Frank and George Fuller, all of Theford; Mrs. Teeple, Sr., of Watford; Miss Jean Smith, of Windsor; Mr. and Mrs. Glen Dawson and sons, of Kingsville; Mr. and Mrs. Clarence Smith, of Flint, Mich., and Miss James Garen and daughter, Dorothy of Sarnia.

TEFT-OKE

A pretty wedding was solemnized in Hope Methodist church Alvinston on Saturday, June 28, when M. Lulu Oke, daughter of Mr. and Mrs. G. Oke, of Alvinston, was united in marriage to W. Lloyd Teft, son of Mrs. W. Cruickshank of Court-right. The church was prettily decorated with white peonies and ribbon and the ceremony was performed by Rev. A. Spracklin. The bride, who was pretty in a white lace gown with veil and carrying bridal roses, entered the church to the strains of the wedding march played by the organist and was given away by her father. The bride was attended by her sister, Miss Olga Oke, of St. Thomas, who was prettily gowned in pink. Erle Ban-

well of Detroit, cousin of the groom, acted as groomsman. The groom's mother was gowned in brown crepe and wore pink roses and the bride's mother wore blue roses with pink roses. The groom's gift to the bridesmaid was a bar pin and to the groomsman a tie pin. After the ceremony the wedding party and the guests repaired to the bride's home, where a sumptuous repast was served. The bride was the recipient of numerous beautiful gifts. The happy couple left on a short motor trip and will make their home in Sarnia.

The Poor Man's Friend. Put up in small bottles that are easily portable and sold for a very small sum, Dr. Thomas' Electric Oil possesses power in concentrated form. Its cheapness and the varied uses to which it can be put make it the poor man's friend. No dealer's stock is complete without it.

Canada's Part in Power Conference

1. Queenston-Chippawa hydro-electric power station of the Hydro-Electric Power Commission of Ontario on the Niagara River near Niagara Falls Ontario, Canada, as it will appear when completed with the full installation of 550,000 h.p., each in operation in 1925 delivering power to the Commission's Niagara system. Two similar units will be added during 1924.
2. Coulin storage dam on the upper waters of the St. Maurice river Quebec, Canada, built by the Quebec Streams Commission for the regulation of flow of the St. Maurice for power purposes. The operation of the reservoir which has an area of 300 square miles and a capacity of 160 billion cubic feet has more than doubled the minimum flow of the river at Shawinigan Falls with a corresponding benefit to the power interests.
3. Hydro-electric development at Cameron Falls on the Nipigon river, Ontario, of the Hydro-Electric Power Commission of Ontario, Canada. The plant has an ultimate designed capacity of 75,000 h.p. of which 25,000 h.p. is now in use, power being transmitted to Port Arthur and Fort William. The Commission are installing an additional 25,000 h.p. during 1924.
4. Hydro-electric development of the Manitoba Power Company Limited at Great Falls on the Winnipeg River. The initial installation of 56,000 h.p. was brought into operation during 1923, the power being sold to and distributed by the Winnipeg Electric Railway Company Limited. It is proposed to add a third unit of 28,000 h.p. in 1924. The ultimate designed capacity of the plant is 168,000 h.p.

Canada will play an important part in the first World Power Conference that is to be held in London, England, from June 30th to July 12th, and this because after the United States, she possesses greater potential water powers than any other country and because in point of per capita production of electric power she stands almost at the head of all nations, her production, in this respect being three times greater than that of the United States.

This is rapidly becoming the electric age, a fact which the impending Conference, which is being held under the auspices of the British Electrical and Allied Manufacturers Association in co-operation with several of the most technical, scientific and industrial institutions throughout the World, emphasizes greatly. The Canadian committee consists of the leading members of the electrical engineering profession with Dr. Charles Cammell, deputy Minister of Mines as chairman.

So far as Canada is concerned the hydro-electric development is a twentieth century development. A quarter of a century ago there was very little hydro-electric development in Canada. In 1910 the turbine installation of water power plants in Canada was but 965,000 h.p.; in 1915 it was 2,078,000 h.p.; in 1920 it was 2,483,000 h.p.; in 1923 it was 3,228,000 h.p. Next year it is expected to be 4,000,000 h.p., the indications being that 5,000,000 h.p. will be reached by 1930.

Canada is very fortunate in that her large water powers are located comparatively close to the centres of her industrial life. When it comes to ability to use her water powers she is immeasurably better off than the United States, 70 per cent of the latter being in the Western States, remote from industrial centres. Within a radius of 300 miles of the Long Sault rapids on the St.

Lawrence river, there are available water powers exceeding 9,000,000 horse power. As it is through the development of water power that other operations are made cheaper, capital for it can be more readily secured, and it is for this reason that the power producing industry has progressed more rapidly than any other in Canada during the past few years.

Briefly, the objects of the Power Conference are to consider how the industrial and scientific sources of power may be adjusted nationally and internationally; by considering the potential resources of each country in hydro-electric power, oil and minerals, by comparing experiences in the development of scientific agriculture, irrigation and transportation by land water and air; by conferences of civil, mechanical, marine and mining engineers; by consultation of the consumers of power and the manufacturers of the instruments of production, by discussion on the financial and economic phases of the industry, by conference on the possibility of establishing a permanent World Bureau for the collection of data, the preparation of inventories of the world's resources and the exchange of industrial and scientific information through the representatives of the various countries.

It will be seen then, that the Dominion's part in the Conference cannot be a small one and that through the dissemination of knowledge of her resources she stands to gain considerably. It is interesting to note in this connection that for every new power scheme which calls for large investment, the money comes chiefly from abroad. Indeed it is probably that since 1918 several hundreds of millions of dollars have been secured in this way and it is impossible to overestimate the importance of water-power development as a means of attracting Capital to Canada.

Stolen Eggs and the Silk Trade

Above—Reeling silk in the Flowery Kingdom. Below—An Empress liner loading silk at Yokohama and a Canadian Pacific silk special passing through the Rockies.

Production of silk dates far into antiquity, and for ages the manner of its production was kept secret. Up to the sixth century A.D. all raw silk was imported into Europe from China, but the Byzantine Emperor Justinian induced two monks to travel into China to procure silk worm eggs and though the export of them was punishable by death, these monks succeeded in bringing back a quantity concealed in the hollows of their pilgrims staves. From Byzantium, silk cultivation spread into Greece and Syria, thence into Spain, and thence successively into Sicily, Naples, Northern Italy and France, being established in Italy in the sixteenth century. Various determined attempts have been made, principally between the years 1622 and 1839 to establish the silk industry in America, resulting at one time in a not inconsiderable production, but the excessive cost of the labor involved in the rearing of the worms and in the reeling of the raw silk from the cocoons as compared with the trifling cost of such labor in Europe and Asia, has rendered it impossible to produce raw silk at commercial prices on this continent. Most of the silk imported to America comes from Japan, Italy and China where, also, the humidity of the atmosphere contributes no little to the success of the industry in those countries. The greatest importation is from the Flowery Kingdom, and this mostly in the raw-silk form as it is reeled from the cocoons. Silk is valuable. In one consignment of a few hundred bales, hundreds of thousands of dollars are tied up, and for this reason, that no time may be lost in making up the raw material and placing the finished goods upon the market, the product of the little silk

worm is given transportation facilities which few other commodities enjoy. The bales of skeins are stowed carefully in the vessels which transport them across the Pacific, and in such a manner that they can be speedily and safely discharged upon arrival at the Canadian or American port. No time is lost. Special trains made up of passenger baggage equipment await the arrival of the vessel if it docks at Vancouver as do the Empress liners of the Canadian Pacific, and once the valuable cargo has been sealed into the cars the train proceeds towards its destination, often making better time than the regular passenger trains. For the reason that the route is more direct, many silk dealers in New York, where much of the silk is destined, consign their shipments via Canada and during the past few months many interesting time records have been made over Canadian Pacific lines. On March 22nd, the "Empress of Asia" sailed from Yokohama carrying the largest consignment of silk to be forwarded from the Orient for some time. The silk was specially stowed for prompt discharge on arrival at Vancouver, and from the time the steamer docked, until the special train to New York left, there was a lapsed time of only thirteen and one-half minutes per car. The silk was delivered in New York about midnight April 4th, the through time from Yokohama to New York being 13 days, 8 hours, and 13 minutes, calendar time. This constituted a record run as far as freight traffic is concerned, but passenger traffic is handled as readily by this company, a 21 day Europe to Orient service via St. John, N.B., or the St. Lawrence route being regularly maintained.

83 People Known Dead Victims of Ohio Storm

Property Damage is Now Estimated at Over \$30,000,000.

Cleveland, Ohio, June 30. Eighty-three persons were known to be dead in Ohio to-day as a result of Saturday's severe wind, rain and electrical storm which swept the coast of Lake Erie from Sandusky to Lorain and parts of Sandusky. Although the loss of life is not as great as at first believed, relief workers said to-day, that the list of dead may grow. Several hundred persons were reported injured, several score of them seriously and the property damage was estimated at more than \$30,000,000. The storm first struck Sandusky, doing most of its damage in the eastern part of the city and then jumped almost 35 miles to Lorain where the greatest loss of lives occurred. At Lorain where approximately 125 city blocks were destroyed, the greatest loss of life occurred in the State Theatre, a motion picture show which collapsed crushing many of the spectators. Medical aid for the injured, burial of the dead and housing of the homeless occupied the attention of doctors, nurses and Red Cross workers to-day. The wind reached a velocity of 85 miles an hour at Lorain. Scientific observers were unable to agree to-day as to whether the storm was a genuine cyclone, a cyclonic tornado, a plain tornado, or merely a super-thunderstorm. According to best reports the storm came from the lake—from the northwest.

Berlin is more concerned at present over a threatened beer famine than the occupation of the Ruhr or the Dawes report.

THE VILLAGE BLACKSMITH (1924 Model)

Under an ad. for gasoline The village smithy stands; He's agent for the Jinx machine And several other brands. He hasn't shod a horse for years For fear he'd soil his hands.

He wears a gold watch on his wrist, A pearl pin in his tie, His links are made of amethyst, The finest he could buy. There's not a thing the smithy wears That doesn't please the eye.

Week in, week out, from morn till night, He sees the autos come With brakes that are not working right And axles on the bum. With gas, repairs and grease and oil He makes a tidy sum.

He has a staff of skilful men That number twenty-four, Who toil from six a. m. till ten And sometimes even more. The smithy never does a stroke— He thinks that work's a bore.

The children coming home from school Look in at the open door And laugh to see some city fool Set up an awful roar When called to dap some whopping bill The smith has soaked him for.

He goes on Sunday to the kirk, His mind quite free from cares Because his men are hard at work With punctures and repairs; And if the weather's fine and warm The smith says grateful prayers.

Oiling—refilling—repairing, Onward through life he goes, And never once despairing So long as his income grows. Each night the thought of someone done Arguments his sweet repose. —Percy Waxman, in Harper's.

Patterson's MOONLIGHT MELLOs Marshmallows so tender & Fluffy Patterson Candy Co. Sold in town by J W McLAREN, Watford, Ont.

FOR MEN ONLY Pipe Special \$1.00 value for 50 cents and a package of Pipe Cleaners - FREE SEE OUR FRONT WINDOW J.W. McLaren The Rexall Store
