REPORT OF PRINTING COMMITTEE, 1875.

## Report of Printing Committee, 1875.

Your Committee have spared neither time nor labor in vigilantly scrutinizing every item of expenditure, and examining, by the valuable aid of Mr. Samuel Thompson (one of their number), the minutest details of the printer's accounts.

The outlay for printing still continues, however, to be heavy, and in aiming at the faithful discharge of our trust, we have been reluctantly compelled to demur to certain items incurred by other Committees. In one special case we took exception to the expensive form in which the printing had been done by order of a Committee, at a cost of \$17, which amount, however, was very handsomely refunded, as a donation, by one member of that Committee. It is obviously undesirable that such things should frequently occur.

We would, therefore, respectfully recommend that it be made a standing regulation of Synod that no printing be ordered except through the Secretaries or the Chairman of the Printing Committee, and that no printing account be paid until passed by that Committee.

Experience has also shown that, with a view to economy, it would be well to confer upon the Printing Committee some discretionary powers in regard to condensing reports of Committees for publication, after conference with the Chairmen of such Committees.

Your Committee would also ask permission, whenever it may seem expedient to them, to set aside, for a period not exceeding five years, the regulation requiring them to advertise annually for tenders.

As a measure of economy, the *Toronto Diocesan Gazette* may be regarded as successful.

There were issued of Nos. I. and II. 1,500 copies each, with a view to their circulation throughout the entire ecclesiastical province, but of Nos. III., IV., and V. only 750 copies each, as our hopes of thus gaining many additional subscribers were not fulfilled.

No. VI., completing the volume, will contain a portion of the proceedings of Synod, which, being continued in following numbers, will carry out the special design contemplated last year of making it a more popular substitute for the former journal, without increased expense.

We would recommend the appropriation of \$550 in order to continue the publication for another year.

Resolutions, embodying the foregoing recommendations, will in due course be presented for your approval.

All of which is respectfully submitted,

SEPTIMUS JONES, *Chairman.*

Synod Office, Toronto, June 18th, 1875.

## RESOLUTIONS.

That with a view to exercising a strict supervision over the printing expenses of Synod, be it Resolved—

I. That there shall be a Standing Committee of Synod appointed at each session thereof, which shall be responsible for the printing of all notices, documents, reports and other matters, and shall see that the printing expenses of Synod be kept within reasonable bounds.

II. That no printing of Synod shall be done except by the order of the Synod or of one of the Secretaries, or of the Chairman of the Printing Committee; nor shall any printing account be paid until passed by that Committee or by the Synod.

III. That it shall be competent for the Printing Committee, after conference with the Chairman of any other Committee, to condense for publication the reports of such Committee when the printing of them at full length would seem to involve an unnecessarily heavy expense.

IV. That all printing for the Synod, its Officers and Committees, shall be by tender, addressed to and accepted by the Printing Committee, such tender to be publicly invited whenever it may seem expedient to the Committee, and in any case, as often at least as once in every five years.

V. That all the printing of Synod, its Officers and Committees, shall be executed by a person chosen by the Committee from among those thus tendering, subject to a scale of charges to be adopted by the Committee; and that the person so to be appointed shall provide a surety or sureties for the due performance of his work, according to the terms of the contract with him and the prescribed regulations of such Committee.

VI. That a stated sum shall each year be voted by the Synod for defraying its printing expenses; and it shall be the duty of the Printing Committee to state in their annual report the sum which they would recommend to be so appropriated.

VII. That this Committee shall have power to frame any further rules which they may deem expedient for the more effectual carrying out of the above regulations, provided always that nothing be done contrary to any enactment or regulation of the Synod.
