The copy filmed here has been reproduced thanks to the generosity of:

Library Division
Provincial Archives of British Columbia

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shell contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Library Division
Provincial Archives of British Columbia

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaît sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

KOOTENAY.

WHILE the Klondyke is in Canada the fact must not be overlooked that more than the equal of the Klondyke is in British Columbia, and in that section that is easy of access, viz: East and West Kootenay, whose famous mines are daily proving by the largely increasing ore shippments ample evidence of the untold riches of that vast region. (see index end of book)

To develop the Kootenay Country railways and cheap means of transportation are needed, and for the Coast to receive the just benefit that is sure to come Westward from that vast interior mining region, a direct line of railway is most urgently required to be constructed from the Coast to the Kootenay Country. This important question it is hoped will receive the careful attention of both the Dominion and the Provincial Government at an early date. In the matter of the Klondyke it looks as if it were an other feature in the fact that the grass grows green at a distance and that the great attention that is now being drawn to the Klondyke section to the possible overlooking of the vast Kootenay Country may be only an illustration of that old saying ("the grass grows green") etc., and that British Columbians should devote all their energy to develop that which we now have well within our grasp and not rest until every facility for transporting the vast ore yield of Kootenay is an accomplished fact.

Kootenay well developed means untold millions added to the wealth of this famous Province.

Reserve your orders for the Williams' Official British Columbia Directory, 1898-9. Many new features will be introduced and an effort made by the Publisher to surpass anything that has been done

THE CANTONMENT STORE TO THE FRONTIER CO. LTD. VICTORIA, B. C.

of May. Here Mr. McConnell stayed behind, for the purpose of getting Indians and canoes to enable him to make a micrometer survey of the Stickine from the end of the line measured by Mr. J. Hunter in 1877, to Telegraph Creek, while I proceeded up the river by the first steamer of the season to Telegraph Creek, the head of navigation. From this place goods are carried by pack animals to Dease Lake, the centre of the Cassiar Mining District, and here again a delay of several days occurred, as the animals had not been brought in from their range or shod for the season's work at the date of our arrival. Finally on June 5th, we reached the head of Dease Lake, and found the greater part of the lake still covered with ice. It was not till the 9th that we were able to reach the point on the shore near Laketon, at which two men, previously sent on in advance with an Indian packer, were sawing lumber for boats. Seven days were here busily employed in this work and in constructing three boats for the purposes of the expedition. On the evening of the 16th, a strong wind having broken up the remaining barrier of ice, we reached Laketon with our boats. Mr. McConnell, with a crew of five Coast Indians intended for my work on the Upper Laird, having meanwhile joined us. On the 18th, having completed our supplies and outfit at Laketon, we left that place, and on the 23rd reached the "Lower Post," at the confluence of the Dease and Laird Rivers. Here Mr. McConnell, with one boat and two men, separated from us for the purpose of surveying and geologically examining the Lower

On leaving the confluence of the Dease and Laird, my own party included, besides myself, Mr. McEvoy, Messrs. L. Lewis and D. Johnson, engaged at Victoria, two Tshimsian and three Stikine (Thlinkit) Indians, all good boatmen. Two local Indians hired as guides, and to help in portaging, deserted a day or two after engaging, and from the "Lower Post" to near the confluence of the Pelly and Lewes, for an interval of more than six weeks, we met neither whites nor Indians.

The ascent of the Laird and Frances Rivers to Frances Lake proved unexpectedly difficult and tedious, the river being swift and turbulent and the

bad canyons having to be passed through. Frances Lake was reached on the 8th of July, and after spending a few days in examining and mapping the lake, making the observations necessary to fix its position, and in the endeavour to find some Indian trail by which we might travel across to the Pelly, we began the work of portaging on the 17th.

As we had been unable to discover any route now in use by the Indians, and no trace whatever remained of the trail employed by the Hudson's Bay Company, in former years; and, further, as no local Indians could be found to act as guides or to assist in carrying our stuff, it was evident that the crossing of this portage (which had been estimated by Mr. Campbell at about 70 miles in length) would be a difficult matter, and that we might indeed find it impossible to carry over a sufficient supply of provisions for work on the Pelly. We therefore constructed a strong log cache on the shore of Frances Lake, and left there, to be taken to Dease Lake by the Indians when they returned, everything we could possibly dispense with. Had we been unable to effect the portage, there was in our cache a sufficient supply of provisions to enable the whole party to return to the "Lower Post." After a very toilsome journey we were, however, so fortunate as to reach the bank of the Upper Pelly on the 29th of July, with still nearly a month's provisions for four persons, our instruments and a small camping outfit, a canvas cover from which a canoe might be constructed, and the tools and nails for building a wooden boat, should that prove to be necessary. Our Indians, who had for a long time been very uneasy because of their distance from the coast and the unknown character of the country into which they had been taken, were here paid off, and to their great delight allowed to turn back.

The main geographical results of the Yukon expedition, in so far as those are covered by the present report, are best shown by the accompanying maps, which may be compared with previous maps of the same region. Mr. Ogilvie's instrumentally measured line from the head of Lynn Canal to the intersection of the Yukon or Pelly by the 141st meridian forms a sufficiently accurate

Carriage

Carriage to Any Part of the
Their Waggon and Carriages
All Boats and Trains . . .

base for further surveys. In addition to this we now have an instrumental survey of the Stikine from its mouth to the head of navigation (Telegraph Creek), which is connected with Dease Lake by a carefully paced traverse. This is continued by a detailed running or track survey following the lines of the Dease, Upper Liard and Pelly Rivers, and connecting with Mr. Ogilvie's line at the mouth of the Lewis, the total distance from the mouth of the Stikine to this point by the route travelled being about 544 miles. Adding to this the distance from the mouth of the Lewis back to the coast at the head of Lynn Canal (377 miles), the entire distance travelled by us during the exploration amounts to 1,322 miles. This, taken in connection with the coast line between the Stikine and Lynn Canal, circumscribes an area of about 63,200 square miles, the interior of which is still, but for the accounts of a few prospectors and reports of Indians, a terra incognita. The same description, with little qualification, applies to the whole surrounding region outside the surveyed circuit, but much general information concerning the country has been obtained, which will facilitate further explorations.

The region traversed by the routes just mentioned, including the extreme northern part of British Columbia and the southern part of the Yukon District (as previously defined), is drained by three great river systems, its waters reaching the Pacific by the Stikine, the Mackenzie (and eventually the Arctic Ocean), by the Liard, and Behring Sea, by the Yukon. The south-eastern part of the region is divided between the two first named rivers, whose tributary streams interlock, the Stikine making its way completely through the Coast Ranges in a south-westerly direction, while the Liard, on a north-easterly bearing, cuts across the Rocky Mountains to the Mackenzie Valley. The watershed separating these rivers near Dease Lake has a height of 2,730 feet, and both streams may be generally characterized as very rapid.

To the north-westward, branches of the Stikine and Liard again interlock with the head-waters of several tributaries of the Yukon, which here unwater the entire great area enclosed on one side by the Coast Ranges, and

by the Rocky Mountains. As the general direction of this line of watershed is transverse to that of the main orographic ridges of the country, it will probably be found, when traced in detail, to be very sinuous. The actual watershed, between the Liard and Pelly, but on our line of route, was found to have an elevation of 3,150 feet, but it is, no doubt, much lower in the central portion of the region between the Rocky Mountains and Coast Ranges.

To the north of the Stikine, at least one other river, the Taku, cuts like it completely across the Coast Ranges, but its basin is comparatively restricted and little is yet known of it.

It will be noticed that while the several branches of the Yukon conform in a general way to the main orographic axes, the Stikine and Liard appear to be to a large degree independent of these, and to flow counter to the direction of three mountain ranges.

The region as a whole, being a portion of the Cordillera belt of the west coast, is naturally mountainous in general character, but it comprises as well important areas of merely hilly or gently rolling country, besides many wide, flat-bottomed river valleys. It is, moreover, more mountainous and higher in its south-eastern part—that drained by the Stikine and Liard—and subsides gradually, and apparently uniformly, to the north-westward; the mountains at the same time becoming more isolated and being separated by broader tracts of low land. The general base level, or height of the main valleys, within the Coast Ranges, thus declines from about 2,500 feet to nearly 1,500 feet at the confluence of the Lewes and Pelly Rivers, and the average base level of the entire region may be stated as being a little over 2,000 feet.

Disregarding minor irregularities, it is found that the trend of the main mountain ridges and ranges shows throughout the entire region here described a general parallelism to the outline of the coast. In the south-eastern and more rugged tract, the bearing of such ranges as are well defined is north-west by south-east, while beyond a line which may be drawn between the head of Lynn Canal and Frances Lake the trend of the ranges to

YUKON BY LINDOR WHITE AIR LINES OF DIRECTS LINDOR IN STOCK COSTA

PREFACE.

The Williams' British Columbia Official Directory has been for so many years an important factor in Provincial commercial circles that an introduction at this date is almost superfluous. Started in 1882, when only about 6,000 names could be gathered together, which were with difficulty obtained in consequence of the very sparse population then resident in the Province.

The work has grown to such an extent that the present issue contains over eight times the number of names the first issue had. This fact illustrates clearly a steady increase in population, coupled with the growth of the vast lumbering, fisheries, and many other thriving industries, along with the largely increasing yield of gold, and other precious metals, are all indicative of the satisfactory progress that the Province is at present making, commercially, manufacturing, in agriculture and in her mines. From the vast northern possessions at the head waters of the Yu-

kon, in the North-West Territory of Canada, to golden Kootenay on the south and east, and traversing Vancouver Island from north to south, is one vast mineralized bed of gold-bearing rocks and alluvial deposits. The ore in many sections on the surface is known as low grade, of such are some of the most celebrated mines in the world, but with modern improved appliances thousands of claims will become profitable gold producers, as proven by a number that are now paying their fortunate owners most handsomely. To bring great numbers of most promising prospects that have been discovered up to the standard of paying mines both capital and labor are required, and as both are now being attracted to this country of wonderful resources, British Columbia will prove herself to be the banner Province of the Dominion.

[For Index see end of Book.]

Province of British Columbia.

British Columbia has an area of 390,344 square miles, and a population, according to the last official census, of 98,173, made up of 54,061 whites, while the white population since 1882 has more than doubled—35,202 Indians and 8,910 Chinese. The Province is a great quadrangle of territory, 700 miles long by 400 wide, lying north of Lat. 49 deg., and west of the central core of the Rocky Mountains, extending along the Pacific coast as far as Lat. 55 deg., and including a large number of adjacent islands. Striking inland to Lat. 60 deg., it is shut off from the seaboard by a narrow strip of Alaskan territory, and is bounded on the east by Lat. 720 deg. The great mountain ranges of the Province—the Rockies and Selkirks on the east and the Coast and Island Ranges on the west—exercise a very important influence upon the country, climatically as well as commercially. There is no mountain scenery in the world to compare with that of British Columbia, nor are better facilities anywhere afforded of enjoying it.

Mineral and Other Resources of British Columbia.

In the depths of these magnificent ranges are vast stores of mineral wealth. The gold mines of the Fraser, Omineca, Cassiar and Cariboo Districts, the gold,

silver and copper mines of East and West Kootenay, the vast territory of the Yukon Basin to the north, the great coal deposits found and being worked, both on the Mainland and Vancouver Island, are not only suggestions, but striking ones, of what lies behind, and are bound to prove the chief factors in the future development of the Province. As an example of what capital can do in developing the varied and wonderful resources of this magnificent country, the total salmon pack of 1876 amounted to 9,874 cases, while that of 1897 was over 1,000,000 cases. Fifty million dollars worth of gold was taken in a few years from the rich Fraser and Cariboo alluvial deposits, while the yield from the quartz mines of the East and West Kootenay are steadily increasing, while in other vast sections of the Province are found gold and silver in paying quantities. For general information relating to the untold riches, that only require the hand of industry, aided by capital, to develop innumerable industries that will become profitable from the start, the reader is referred to the various Government reports, and the reports of the British Columbia Board of Trade, as it is rather beyond the limits of this work to go fully into this question. For the addresses of the various secretaries of the Boards of Trade the reader is referred to the alphabetical lists under the heading "Board of Trade."

BRITISH COLUMBIA DIRECTORY, 1897-98.

THE YUKON—THE KLONDYKE.

The following information is taken from Professor Dawson's Report* on the exploration of the Yukon District, North-West Territory of Canada (comprising the Klondyke and other sections of that vast territory). Although not a part of British Columbia, but lying immediately to and adjoining the Province on the north, it is of the utmost importance that every possible information should be given to the public about this vast and almost unknown region.

This tract is bounded to the south by the northern line of the Province of British Columbia (Lat. 60°), to the west by the eastern line of the United States' Territory of Alaska, to the east by the Rocky Mountain Ranges and 136th meridian, and to the north by the Arctic Ocean. The region thus generally defined is referred to as the Yukon district, this name being rendered ap-

propriate from the fact that the greater part of its area lies within the drainage basin of the river of that name.

The Yukon district, as above defined, has a total area of approximately 192,000 square miles, of which, according to the most recent information, 150,768 square miles is included in the watershed of the Yukon. The superficial extent of the district may perhaps best be realized when it is stated that it is nearly equal to that of France, greater than the United Kingdom by 72,100 square miles, ten times the area of the Province of Nova Scotia, or nearly three times that of the New England States. It is unnecessary to add that the present report must be considered merely as a first contribution to our knowledge of this wide country.

We left Ottawa on the 22nd of April, 1887, travelling by the Canadian Pacific Railway to Victoria, but in consequence of irregularity in the sailing dates of the Alaskan mail steamers, were unable to reach Wrangell, at the mouth of the Stikine River, where our work may have said to have begun, till the 18th

The Coast Ranges, with an aggregate average width of about eighty miles, the whole of which is closely set with high, rounded or rugged mountains, constitute the most important orographic uplift in the entire region, and here reproduces geographically and geologically the features characteristic of it in the more southern portion of British Columbia. Beyond the vicinity of Lynn Canal, this mountain axis runs behind the St. Elias Alps, ceasing to be the continental border, and may be said to be entirely unknown, as any indications of mountains which have appeared on this part of the map are purely conjectural. Notwithstanding the great width of the Coast Ranges, it is not known that any of their constituent mountains attain very notable altitudes, but it is probable that a great number of the peaks exceed a height of 8,000 feet. These ranges are composed of very numerous mountain ridges, which are not always uniform in direction, and, so far as has been observed, there is no single culminating or dominant range which can be traced for any considerable distance.

The mountain axis next in importance to that of the Coast Ranges is that which forms the water-parting between the Upper Liard and Yukon, on one side, and the feeders of the main MacKenzie River on the other. This represents the north-western continuation of the Rocky Mountains proper. Its eastern ridges were touched on during the present exploration in the vicinity of Frances Lake and the head waters of the Pelly River, and are there designated on the map as the Tootsho Range. This forms, so far as has been ascertained, the culminating range of a number of more or less exactly parallel ridges, and summits in it attain heights of from 7,000 to 9,000 feet. It has, however, been traced to a comparatively limited distance only, and it appears probable that a very complicated mountain system remains to be worked out in this portion of the region.

A third notable mountain axis, which I have designated on the map as the Cassiar Range, is cut through by the Dease River in its upper course, and further to the north-westward appears to form the line of water-parting between the tributaries of the Upper Liard

and those of the branches of the Yukon. Peaks near the Dease, in this range, exceed 7,000 feet, but it is probable that none much exceed 8,000 feet, and that the range in a general way becomes lower to the north-westward.

In the north-western and less elevated moiety of the region, the mountain ranges and ridges are in general lower and become discontinuous and irregular, or while retaining a general parallelism, assume an overlapping or echelon-like arrangement.

In each of these mountain chains above described granitic rocks appear in greater or less force, as more fully noted on succeeding pages. In the intervening and subordinate mountain systems of the south-east, granitic axes are not found and do not exist as prominent features.

Scarcely anything is known of the character of the country drained by the Macmillan, Stewart and White Rivers, but it is probable that the basins of the two first named streams closely resemble that of the Upper Pelly, which is described in following pages. Miners who have ascended the Stewart for a hundred miles or more, report the existence of a continuous range of mountains of considerable height, which runs parallel to the river on the north, from a point about fifty miles from its mouth onward. The absence of tributaries of any size along the south-west side of the Lewis below the Tahk-heena, with the general appearance of the country in that direction, so far as it has been overlooked, seems to show that the basin of the upper portion of the White River must be comparatively low, and situated as it is within the St. Elias Alps, this country must possess most remarkable features, both geographically and from a climatic point of view, and well deserves exploration. It would further appear to be nearly certain that the sources of the Tanana River are to be looked for in this district, well to the east of the 141st meridian.

The topographical features of the entire region here described have been considerably modified by the events of the glacial period, and the changes produced at that time have more particularly affected the drainage-basins and

the courses of the various streams. The valleys and lower tracts of country are more or less completely filled or covered by extensive deposits of boulder-clay, gravel, sand and silt laid down during that period. To these deposits are due the flat floors of the larger valleys, and also to a great extent the appearance which the more irregular mountain regions present of being partly submerged in level or rolling plains. Many changes in direction of flow in river valleys have doubtless also been produced during this period, though most of these yet remain to be worked out. The general result has been to produce systems of "inconsequent" drainage wherever the natural slopes of the country are easy and the limiting ranges irregular. Most of the rivers at the present day have done little more than cut out new channels in the glacial debris, touching only here and there upon the subjacent rocky floor.

While the available information as to the climate of the northern portion of British Columbia and the Yukon district is necessarily as yet very imperfect, its general features are sufficiently obvious, repeating as they do those met with in the similarly circumstanced region to the south, with such modification as is produced by their higher latitude. The coast and coastward slopes of the Coast Ranges constitute a belt of excessive humidity and great precipitation, with somewhat equable temperatures, while the interior region to the eastward of these ranges is relatively dry, with a temperature of extremes.* In the interior, however, the climate is largely influenced by the altitude of each particular district, and in consequence of the general lowering of the country beyond the 60th parallel (constituting the north line of British Columbia), it is certain that the climatic conditions are there much more favourable than in the Cassiar district.

The mean annual temperature of the coast region is considerably higher than that of the interior; yet, in consequence of the great depth of the snowfall and persistently clouded character of the skies, the Coast Ranges are found to support numerous and massive glaci-

ers, while these are almost or altogether absent in the Cassiar Mountains, in the mountains about Frances Lake and in the other ranges seen by us in the interior. The heavy accumulation of snow upon the Coast Mountains and in their valleys retards the progress of spring, as is very clearly evidenced on the Stikine, and explained more fully elsewhere.

The depth of snow in winter continues to be inconsiderable or moderate, at least as far down the Pelly (Yukon) as the mouth of the Stewart River and Forty-Mile Creek, while at Nulato, on the lower river and in a similar latitude, but 500 miles further west, the depth of snow from April to November is said to average eight feet, and often to reach twelve feet.* Mr. Dall also writes: "The valley of the Lower Yukon is somewhat foggy in the latter part of summer; but as we ascent the river the climate improves, and the short season at Fort Yukon is dry, but pleasant, only varied by an occasional shower."

At Telegraph Creek and in its vicinity on the Stikine, to the east of the Coast Range (lat. 58°), wheat, barley and potatoes are successfully grown with the aid of irrigation.

Taking into consideration all the facts which I have been able to obtain, as well as those to be derived from an examination of the natural flora of the country, and the observed advance of vegetation, which, in the absence of actual experiments, are capable of affording valuable data, I feel no hesitation in stating my belief that such hardy crops as barley, rye, turnips and flax can be successfully cultivated in the Yukon district as far north as the former position of Fort Selkirk, near the 63rd parallel, or in other words, about 1,000 miles north of Victoria.

The black and grizzly bears roam over the entire region and are often seen along the banks of the rivers in the latter part of the summer when dead or dying salmon are to be obtained with ease. Wolves are not particularly abundant, but the cross, black and silver fox are more than usually common.

The smaller fur-bearing animals, being similar to those found generally in

the northern parts, do not require separate mention. The entire Upper Yukon yields furs of excellent quality. Some notes as to annually obtained furs may be found in a subsequent issue.

The Yukon district is a part of British Columbia from the vicinity of the intersection of the 141st meridian of longitude with the 59th parallel of latitude, of over 500 miles of the west, which has been examined, has been examined, and particularly the precious metals and minerals, a particular part of which is also great, as it is an explorations have been made on the coast to the Rocky Mountains, Mackenzie River, Corallera region of the more southern part of British Columbia, gives an area of between 1,200 and 1,500 square miles equal to the length of the fertile belt of the States, and in all respects to an eventual equally great.

Without including the area of British Columbia more has already been restricted of area of 192,000 square miles to the north of the 60th parallel of the Rocky Mountains referred to as the 60th parallel. It is said that the obtained is sufficient belief in it much yet remains ing it, but it is known well supplied with versed by a great rivers. It is already erable yearly presents every indication as well in other deposits of coal. It is situated between 60 and 65 degrees of latitude, of probably not 100 miles, suitable for occupation, and of characters of a superior

*A mean of the total annual precipitation for Fort Tongass, Wrangell and Sitka gives a general mean for the coast of 85.84 inches.

*Alaska and its

the northern parts of the continent, do not require separate enumeration. The entire Upper Yukon basin, however, yields furs of exceptionally high grade. Some notes as to the quantity of furs annually obtained from the region will be found in a subsequent paragraph.

The Yukon district with the northern part of British Columbia, measured from the vicinity of Dease Lake to the intersection of the Pelly (Yukon) with the 141st meridian comprises a length of over 500 miles of the Cordillera belt of the west, which, wherever it has been examined, has been found rich in minerals and particularly in the deposits of the precious metals. The width of this particular part of the Cordillera belt is also great, as it appears, so far as our explorations have gone, to extend from the coast to the eastern ranges of the Rocky Mountains in the vicinity of the Mackenzie River. This portion of the Cordillera region, together with that of the more southern part of British Columbia, gives an aggregate length of between 1,200 and 1,300 miles, almost equal to the length of the same metaliferous belt contained by the United States, and in all probability susceptible to an eventual mining development equally great.

Without including the northern part of British Columbia, respecting which more has already been made known, but restricting ourselves to the great area of 192,000 square miles situated to the north of the 60th parallel and west of the Rocky Mountains, which I have referred to as the Yukon district, it may be said that the information now obtained is sufficient to warrant a confident belief in its great value. Very much yet remains to be learned respecting it, but it is known to be rich in furs, well supplied with timber, and it is traversed by a great length of navigable rivers. It is already yielding a considerable yearly product in gold, and presents every indication of a country rich as well in other metals, and including deposits of coal. In its southern portion, situated between the 60th and 65th degrees of latitude, is comprised an area of probably not less than 30,000 square miles, suitable for eventual agricultural occupation, and presenting none of the characters of a sub-Arctic region, which

have, in advance of its exploration, been attributed to it by some writers. In each of these particulars and in climate it is greatly superior to the corresponding inland portion of the territory of Alaska. It may, in fact be affirmed with little room for doubt, that the region here spoken of as the Yukon district surpasses in material resources the whole remaining northern interior portion of the continent between the same parallels of latitude.

KASLO CITY DIRECTORY, 1897-98.

25

CITY OF KASLO.

Postmaster, S. H. Green.

Population, 1,600.

In the Dominion Electoral District of Yale-Kootenay and Provincial South Riding of W. Kootenay, Mining Recording Division of Ainsworth. It is an Incorporated City on the west side of Kootenay Lake about 40 miles from Nelson, 12 miles from Ainsworth, 18 miles from Pilot Bay and 15 miles from Sandon. Communication by steamer and Kaslo & Slocan Ry. Has post, money order, telegraph and express office; mails daily. This prosperous and rising City, which is situated in the centre of the Kootenay Gold and Silver Mining District, will become one

of the most important cities of the Province. The famous Slocan and Kaslo Silver Mines lie west about 15 to 20 miles. As a matter of fact mines are found in any direction one may wish to go from K. A railway is built from the City into the heart of the Mining region, with branches to meet the requirements of several groups of mines, and has been the most important factor in helping to build up the City, the successful carrying out of the Kaslo & Slocan Ry. project is due to its energetic owners. See heading Kaslo & Slocan Ry. The "Kootenaian," of which Mr. Edward W. King is proprietor, is the newspaper sentinel that ably guides the destinies of Kaslo.

See Alphabetical List for Additional General Information.

CITY OF KAMLOOPS.

Postmaster, E. H. Jones.

Population, 1,700.

In the Dominion Electoral District of Yale-Kootenay and Provincial North Riding of Yale, Mining Recording Division of Kamloops, is an incorporated City, situated at the confluence of the North and South Thompson Rivers, and is the most important place on the Pacific Division of the C. P. R. between Calgary and Vancouver. It has an ample supply of water, and is lighted by electricity. There is a money order

express, telegraph and telephone service. The Bank of B. C. has a branch in the City and everything appertaining to the comfort and convenience of a large community is here to be found. The climate is dry and bracing, and in consequence, Kamloops is a favorite resort for those who suffer from the moisture of the Coast cities. It has a bright and prosperous future and is destined to be the great interior manufacturing centre of British Columbia. The "Inland Sentinel," an influential paper, is published here,

See Alphabetical List for Additional General Information.

NANAIMO CITY DIRECTORY, 1897-98.

39

CITY OF NANAIMO.

Incorporated in 1874. Is situated on the east coast of Vancouver Island. Has excellent banking facilities and nearly every modern improvement found in cities vastly greater in point of population. Nearly opposite Vancouver, the terminus of the Canadian Pacific Railway, and about 73 miles north of Victoria, with which there is daily communication over the E & N Ry. The main source of wealth of Nanaimo is the valuable coal deposits. In addition to this there is an abundance of excellent timber and building one of the finest quality. Iron, gold and copper veins have been discovered in the immediate vicinity, and arrangements are being made for the erection of a smelter. With such abundant resources there is a great future before the Newcastle of the Pacific Coast. Amongst the most prominent incorporated institutions is the Vancouver Coal Mining & Land Co, of which Samuel M Robins Esq, J P, is superintendent and William McGregor manager. The harbour is safe and commodious, affording secure anchorage for shipping and excellent facilities for wharves.

PROVINCIAL OFFICIALS.

Local Judge of Supreme Court and County Court Judge Nanaimo District, J. Harrison Jr.
Government Agent, Registrar of County Court, Births, Marriages and Deaths, Assistant Commissioner of Lands and Works (Nanaimo District), Marshal Bray.

CITY OF NELSON.

Postmaster, J. A. Gilker.
Population, 1,800.

Incorporated and beautiful City, possessing a magnificent townsite, in the Dominion Electoral District of Yale-Kootenay, Provincial South Riding of West Kootenay, Mining Recording Division of Kootenay, on Kootenay Lake and is the Eastern Terminus of the Columbia & K. Ry. The Spokane Falls and Northern Ry. affords connection with the American railways in the State of Washington. Nelson is the distributing point for supplies to the different mines throughout West Kootenay. N. will, without doubt, become very large and prosperous city, pos-

sessing, as it does, so many important features. The yield from the large mineralized district surrounding Nelson, is alone sufficient to build up a substantial and most important business centre. The Hall Mines, Limited, have in operation one of the largest smelters in British Columbia. Steamers ply regularly to Bonner's Ferry (Idaho), Kaslo, Ainsworth, Balfour and other important points. There are three ably conducted newspapers published in Nelson, "The Miner," "Tribune" and "Economist." Ample facilities in the way of banking, express office, telephone and many other modern conveniences are possessed by this ambitious and deserving City.

See Alphabetical List for Additional Information.

68 NEW WESTMINSTER CITY DIRECTORY, 1897-98.

City of New Westminster.

Situated on the north bank of the Fraser river, fifteen miles from its mouth. The Fraser is the most important river in British Columbia. It is the great waterway which reaches from the Rocky Mountains in the interior, and in its course to the ocean flows through some of the richest gold fields and most fertile agricultural lands on the continent. It is navigable as far as New Westminster and for some miles above for ocean vessels, farther up for sternwheel steamers.

The Fraser gives New Westminster a substantial advantage in this respect over any other city on the Coast. A large fleet of steamers do a lively business on the river, making regular communication with all important points,

and so keeping up a steady service with Vancouver, Victoria and Nanaimo while the loading of ocean vessels with salmon and lumber forms an important feature of this port. It is the fresh water terminus of the Canadian Pacific Railway and the Western terminus of the Great Northern.

The electric tram by which Vancouver is connected with New Westminster is without exception one of the best, if not the best, service operated in any part of Canada. Every facility enjoyed by those living in large Eastern cities are to be found in New Westminster.

For banks, hospitals and general information see alphabetical list of residents.

See Alphabetical List for Additional General Information.

NEW WESTMINSTER DIRECTORY.

ROSSLAND CITY DIRECTORY, 1897-98. 103

CITY OF ROSSLAND.

Population, 6,500.

in the Dominion Electoral District of Yale-Cariboo, Provincial North Riding of West Kootenay, Mining Recording Division of Trail Creek, an incorporated City. Eight miles from the international boundary line. From the North traffic comes by the Canadian Pacific via Arrowhead, thence by the Columbia River to Trail, from thence to Rossland by the Columbia & Western Ry., there is a connection to the South via Spokane in the State of Washington. Rossland is a marvelous City, having within the short space of 4 years grown from a dozen persons

and a few shacks to a prosperous City of 6,500, and is destined to become a very large and prosperous centre as the mining in West Kootenay which is now in its infancy, will develop to that degree that by many at the present moment would not be looked upon as possible, although the possibilities of the future of Rossland are simply limitless. The Crow's Nest Pass Ry. and the Coast K. Rr., will give Rossland a direct eastern and western connection. The mines tributary to the City will yield millions in gold as development work progresses.

See Alphabetical List for Additional General Information.

REVELSTOKE CITY DIRECTORY, 1897-98.

127

CITY OF REVELSTOKE.

In the Dominion Electoral District of
ale, Provincial North Riding of West
ootenay, mining recording division of
evelstoke, is a place of about 1,000 in-
abitants, situated at the second cross-
g of the Columbia River by the main
ne of the C.P.R. It is picturesquely
eated on a series of beautiful level flats
hich afford plenty of room for its rap-
ly increasing business and population.
is the distributing point for the Big
end, Lardeau, Trout Lake and Ille-
lewaet mining districts and is fast be-
oming an important wholesale centre.
possesses churches, Anglican, Metho-
st, Presbyterian and Roman Catholic,
with resident pastors, a public school
with two teachers, a Kindergarten, un-
er private management, telephone and
ater works systems and an electric
ght system is now being installed.
ne Dominion Government have a cold
prage warehouse for the storage of

butter and other perishable goods in
connection with their system of aid to
the North-West creameries. It is the
seat of a Gold Commissioner for West
ootenay. The C.P.R. have erected a
handsome hotel near their station and
there are six or seven other good hotels
in the town. Passengers for Kootenay
points change here to take the branch
line for Arrowhead, and all freight go-
ing down is handled at this point, which
is becoming one of the most important
outside of the terminals on the line and
is the residence of a small army of rail-
way officials and employees. It is a great
outfitting point for miners, and pos-
sesses numerous handsome stores, most
of which do a wholesale business with
the mining camps, for fifty miles around
the town. There are two papers, the
Revelstoke "Herald," semi-weekly and
the Kootenay "Mail," weekly, both ably
and enterprisingly conducted.

See Alphabetical List for Additional General Information.

Revelstoke Herald.

PUBLISHED IN INTERESTS OF

*Revelstoke, Lardeau, Big Bend, Trout Lake,
Illecillewaet, Albert Canyon, Jordan Pass,
and Eagle Pass Districts.*

JOHNSON & PETTIPIECE,

Proprietors and Publishers.

A SEMI-WEEKLY JOURNAL, published in the interests of Revelstoke and the surrounding District, Wednesdays and Saturdays, making closest connections with all trains.

ADVERTISING RATES:—Display ads, \$1.50 per column inch, \$2.00 per inch when inserted on title page. Legal ads., 12c. per (nonpareil) line for first insertion; 8c. for each additional insertion. Reading notices, 15c. per line each issue. Birth, Marriage and Death Notices, free.

SUBSCRIPTION RATES:—By mail or carrier, \$2.00 per annum; \$1.25 for six months, strictly in advance.

OUR JOB DEPARTMENT.—THE HERALD JOB DEPARTMENT is one of the best equipped printing offices in West Kootenay, and is prepared to execute all kinds of printing in first-class style at honest prices. One price to all. No job too large—none too small—for us. Mail orders promptly attended to. Give us a trial on your next order.

TO CORRESPONDENTS:—We invite correspondence on any subject of interest to the general public, and desire a reliable regular correspondent in every locality surrounding Revelstoke. In all cases the bona fide name of the writer must accompany manuscript, but not necessarily for publication.

Address all communications

 **REVELSTOKE HERALD,**
Revelstoke, B.C.

NOTICE TO CORRESPONDENTS:

1. All correspondence must be legibly written on one side of the paper only.
2. Correspondence containing personal matter must be signed with the proper name of the writer.
3. Correspondence with reference to anything that has appeared in another paper must first be offered for publication to that paper before it can appear in THE HERALD.

SALMO.

Post Master, Robt. Ince.

In the Dominion Electoral District
 of Cariboo, Provincial South Riding of
 West Kootenay, mining recorder's divi-
 sion of Nelson. Located on the Nel-
 son and Fort Sheppard Railway at the
 junction of the North Fork of Salmon
 River, is the centre of numerous mining
 claims on the Salmon River, North
 Fork, Lost Creek, Sheep Creek, Pend
 d'Oreille, and their tributaries. It is
 distant from Nelson thirty-five miles
 and from Rossland fifty-two miles; has

daily trains northward to Kaslo, and
 worth, Pilot Bay and Balfour, and south
 to Trail, Waneta, Northport, Rossland
 and Spokane. Salmo is located on a
 level prairie, and has an ample supply
 of timber with a saw mill having a
 daily capacity of 25,000 feet, with abun-
 dance of water power for domestic and
 manufacturing purposes. The latest in-
 formation from the district places the
 mineral locations, surrounding Salmo
 at about two thousand three hundred
 claims. For names of those residing in
 Salmo see index.

CITY OF SANDON.

Postmaster, E. R. Atherton.

Population, 1,200.

in the Dominion Electoral District of
Yale-Cariboo, and Provincial South
Riding of West Kootenay, Mining Re-
cording Division of Slocan, situated on
the Kaslo & Slocan Railway, 15 miles
from Kaslo. The C. P. R. forms a
connection between S. and Nakusp. It
has excellent banking facilities and is

situated right in the heart of the famous
Slocan country, whose mines are now
known the world over. "Slocan Star,"
"Reco," "Wonderful," "Idaho," and
many others that have made vast for-
tunes for the fortunate owners are
situated here. A valuable adjunct to
S. is the newspaper possessing the
most appropriate name of the "Pay
Streak," published here.

See Alphabetical List for Additional information.

TRAIL CITY DIRECTORY, 1897-98.

CITY OF TRAIL.

Postmaster, F. Brown.

Population, 1,500.

In the Dominion Electoral District of Yale-Cariboo, and Provincial North Riding of West Kootenay, Mining Recording Division of Trail, is a growing City, beautifully situated at the mouth of Trail Creek on the Columbia & Western Railway, 30 miles south of Sprat's Landing, 8 miles from Rossland, and 20

miles from Robson; while Revelstoke is distant 166 miles. Trail is the great smelting centre of West Kootenay, and is destined to be one of the most important cities of the vast gold bearing region of the Interior of British Columbia. The City is rapidly building and possesses varied and numerous advantages, and withal a thriving and prosperous community.

See Alphabetical List for Additional Information.

VANCOUVER CITY STREET DIRECTORY.

CITY OF VANCOUVER.

From a frontier village to a splendidly built modern city, all inside of ten years, with well-paved streets, a magnificent and inexhaustible supply of fine mountain water, electric railways, electric lights, the shrill scream of the lean greyhounds loading and unloading at the commodious wharves, with the noise of the long train of freight and passenger cars constantly coming and going, her numerous lumber mills, sugar refinery, and splendidly equipped industries and various other thriving industries; beautifully built homes, surrounded with exquisite grounds, rows of massive granite buildings, are both the history and a true picture of the Vancouver of to-day.

The climate is most charming, neither too hot nor too cold. During the summer just passed, while the residents of the Eastern Provinces were to overcome with the oppressive heat, in Vancouver the thermometer rarely reached more than eighty-five degrees in the shade, and more frequently ranged between seventy and eighty degrees. The winters are most pleasant, scarcely ever falling as low as zero, and usually ranging about forty-five to fifty degrees.

Commercially, Vancouver at the present time, is prospering, possibly more than any other city in this vast Dominion. The only partially developed sources, upon which the substantial and lasting character of the city depends, are varied and inexhaustible, the most amongst which are the product of the mines, forest and the sea or ocean and river.

With vast mines of mineral wealth to the east and north, and rare agricultural lands to the south and east and the

inexhaustible fishing interests at her door, coupled with the fact of possessing a most magnificent harbour and the terminus of the longest railway system under one management in the world, and with all an energetic and appreciative people that work in harmony for their city's good, there is nothing to hinder the vast strides that Vancouver is sure to make in the near future.

For general information see alphabetical list.

COAL

The New Vancouver Mining and Land Company

(Formerly the VANCOUVER COAL CO.)

Are the largest coal producers on the Pacific Coast

NANAIMO COAL . . .

Used principally for gas and general domestic purposes

SOUTHFIELD COAL . . .

An unequalled steam fuel

NEW WELLINGTON COAL . .

A bright, clean, burning coal, and a favourite fuel for the open grate

PROTECTION ISLAND COAL .

UPPER SEAM

This coal is similar in appearance and quality to the New Wellington, but is a superior gas coal, and for general purposes will be preferred to all other coals produced on Vancouver Island

These
coals
are
mined
by the
New B.C.
Company
only

The Company's wharfs are at Departure Bay, Nanaimo and Protection Island, at each of which ships of the deepest draft can load at all times

CITY OF VERNON.

Postmaster, A. J. Venn.

Population, 1,000.

In the Dominion Electoral District of Yale-Cariboo, Provincial East Riding of Yale and Mining Recording Division of Vernon, is situated on the line of the Shuswap and Okanagan Ry., four miles from its terminus on Okanagan Lake, and is the centre of one of the largest and richest agricultural districts in the Interior. Since the advent of railway communication the town has grown wonderfully and is a duly

incorporated City. There is a post, money order office and post office savings bank, also telegraph and express office, and a daily mail service. There is also a branch of the Bank of Montreal and an office of the Wulfschn banking and financial firm. Vernon is the great distributing point for the Lower Country, and in addition to its railway connections, it also controls the navigation of the Lake. An ably conducted newspaper, the Vernon "News and Okanagan Farm Live Stock and Mining Journal" is another feature of the progress of V.

LET US BAR OUR DOORS

AGAINST

Adversity and Hard Times

BY KEEPING

OUR MONEY at Home.

PATRONIZE the Merchants and Manufacturers now here,
and others will surely come.
THE PAY ROLL IS WHAT TALKS—Puny Industries mean
puny pay rolls; puny pay rolls mean hard
times; hard times mean stagnation, and so
on to the end.

The Province Publishing Co.,

Limited Liability.

Occupying their own large buildings in
VICTORIA and **VANCOUVER**, have the
largest and most complete establishment
West of Toronto and North of San Fran-
cisco. With their **NEW PLANT** they
are able to turn out work which cannot
be excelled.

They have a very large stake in British Columbia; have a large pay
roll, and ask the public, by supporting them, to keep
their money in British Columbia.

STOP THAT LEAK, Or the steady drain of our money
to the United States
WILL KEEP US POOR!

THE PROVINCE BUILDINGS,

VICTORIA AND
VANCOUVER, B.C.

Weiler

VICTOR

Se
The Capital of B.C. was incorporated in 1862. It is now the centre of the province. It is the seat of the government and the centre of the great development of the Province, and is the great seaboard, in the way of shipping and fishing industries. It is the centre of the Province, and it is the seat of the great commercial prosperity of the Province, especially along the 8th parallel, which is the line that marks the divide on the Pacific.

It is generally conceded that the gold and copper mines of the city, and the many immediate resources, added to which Vancouver is noted for the vast coal that are worked while in the fertile pursuits are followed. The line is in successful operation. Communication with Washington is furnished by the rapid steamer service, while the trade, while the Canadian Pacific Navigation Company's steamers. There are lines of large oceanic coasting vessels, and notably the C. P. Company's steamers engaged in the trade; the Great Northern line, and the British Columbia Ship Company's steamers.

The new Parliament building, costing about \$1,000,000, is under the direction of the government, which has a Custom House and is the completion of the building for the Department of the Interior.

Travel by the Pacific Coast Steamers of the J. W. McMillan & Co. JOHN IRVING.

VICTORIA CITY STREET DIRECTORY.

See Alphabetical List for Additional Information.

The Capital of British Columbia, incorporated in 1862, was for many years the centre of all the colonial and afterwards the provincial trade. By the great development of the vast interior of the Province, as well as along the seaboard, in the way of lumbering, mining and fishing interests, Victoria continues to secure a fair share of the commercial prosperity of the Province, especially along the 800 miles of sea coast line that marks the western side of Canada on the Pacific.

It is generally conceded that raying gold and copper mines within a few miles of the city, will be one of the many immediate resources of Victoria, added to which Vancouver Island is noted for the vast beds of bituminous coal that are worked most successfully; while in the fertile valleys agricultural pursuits are followed. An electric tram car line is in successful operation in the city. Communication to the State of Washington is furnished daily by commodious steamers built especially for the trade, while the traffic to and from Vancouver is performed daily by the Canadian Pacific Navigation Company's steamers. There are various important lines of large ocean carriers, as well as local coasting vessels, that load and unload freight and passengers at Victoria, notably the C. P. Ry.'s palatial steamers engaged in the Japanese and Chinese trade; the Northern Pacific and Great Northern lines; the P. C. Steamship Company's steamers, as well as the Japanese lines.

The new Parliament Buildings, costing about \$1,000,000, are just completed under the direction of the Provincial Government, while the magnificent Custom House and Post Office is nearing completion under the contractors acting for the Dominion Government.

The above in addition to the large number of handsome residences erected during the last two years, as well as a number of commodious brick buildings, notably that of Messrs. Simon Leiser & Co's large brick warehouse, the Bank of Montreal and Robt. Porter & Sons', have added very materially to the general substantial appearance of the Capital. While during the present season the "Colonist" Printing and Publishing Co. are erecting a handsome new printing and lithographing establishment on Broad and View streets in which they will move during the early fall.

The assessed value of property and improvements is \$16,804,735. The receipts from all sources per year reach about \$365,000. The net liability of the city amounts to \$1,824,000.

20 FREE ASSAYS

For Gold or Silver, or both,

Will be made by the Assay Department for persons enrolling in the Metal Mining, Metal and Placer Prospectors' or Full Mining Scholarships of the International Correspondence Schools of Scranton, Pennsylvania. . . .

FIVE YEARS' EXPERIENCE has demonstrated the success of our method of Teaching Mining by Mail. Mining Engineers, Managers, Mine Foremen and Miners in all parts of the United States and Canada enthusiastically endorse these schools. We also teach Civil Engineering, Bridge Engineering, Railroad Engineering, Hydraulic Engineering, Municipal Engineering, Steam Engineering, Stationary, Locomotive or Marine; Electricity, Architecture, Architectural Drawing and Designing, Plumbing and Heating.

THE BLOWPIPING OUTFIT

and **CASE OF MINERAL SPECIMENS**, which is also sent free to Students enrolling in the Mineral Prospectors', Metal Mining and Full Mining Courses, consists of the following apparatus and chemicals: Brass Blowpipe, Alcohol Lamp, Steel Forceps, Open Tubes of Hardened Glass, Closed Tubes, Charcoal, Hydrochloric Acid, Nitric Acid, Sulphuric Acid, Nitrate of Cobalt, Powdered Borax, Salt of Phosphorus, Dry Carbonate of Soda, Blephate of Potash, Nitrate of Soda, Blue Litmus Paper, Red Litmus Paper, Turmeric Paper, Platinum Wire, and forty-eight specimens of Minerals, including complete sets to illustrate the scales of fusibility and hardness. It is neatly fitted into separate compartments of a handsomely finished white-wood box. With this apparatus the Student is able to make the tests described in the Instruction Paper on Blowpiping. He also becomes familiar with the characteristics and appearance of many of the Minerals described in the Instruction Paper on Mineralogy, which enables him to recognize similar specimens in the field, and to verify by actual tests the determination made from observation. With our outfit, which can easily be carried, the careful Student can, with a few weeks' practice, learn to determine any mineral specimen by a few simple tests. Such knowledge is of great value.

PRICES OF COURSES:

PROSPECTING	\$22 00
METAL MINING	40 00
FULL MINING	60 00

ABOVE RATES REFERRED TO.

To which add \$4.00 to cover duty and express charges on Blowpipe Outfit.

A Reduction of 10 per cent. will be made to Clubs of three persons on above rates. The enrollers need not all reside in the same place or take the same course.

The Prospectors' Course must be paid for in advance, but the Metal Mining and Full Mining Courses may be paid for in instalments of \$10 down and \$5 monthly, by paying an increase of \$4.50 on the above rates.

CITY OF WELLINGTON.

On the East Coast of Vancouver Island, six miles north of Nanaimo, in the Dominion Electoral District of Vancouver, Provincial of North Nanaimo, Mining Recording Division of Nanaimo. Population about 2,500. The town is divided into two parts, the older part being the property of the Wellington Colliery Co., and the new part, commonly called New Townsite. The latter is an incorporated town covering a little over eighty acres, is situated about three miles from the salt water and shipping point, which is Departure Bay, where

vessels of all sizes can be loaded at all stages of the tides. W. is the northern terminus of the E. & N. Ry. for repairing their cars. It is noted for its coal mines, the coal being supplied to all parts of the Coast and commanding the highest prices on the California market. There are two fine hotels and a number of boarding houses, four general stores, Post Office and savings bank, opera house and drug store. There are also fine athletic grounds and a quarter-mile bicycle track, the latter the fastest in B.C.

See Alphabetical List for Additional Information.

British Columbia Directory.

ALPHABETICALLY ARRANGED.

Abbotsford.

Postmaster, F. Munroe.

Abbotsford, situated in the Dominion Electoral District of New Westminster, Provincial of New Westminster, Chilliwack Riding, Mining Recording Division of New Westminster, is on the crossing of the Mission Branch of the C. P. Ry. and the New Westminster and Yale waggon road. The surrounding country is especially noted for its fruit raising and dairying. It also affords every convenience to shippers by railway communication and to business men, as well as farmers, there being telephone communication, in connection with telegraph, to all parts. Daily mail service from east and west by C. P. R. It is also the distributing point for mails to Aldergrove, Shortland, Otter and Peardonville. Abbotsford contains a general store, Post Office, hotel, blacksmith shop, Odd Fellows' Hall and school house, in which religious services are held every Sunday.

Alberni.

(See also Beaver Creek.)

Postmistress, Mrs. Agnes Erickson

In the Dominion Electoral District of Vancouver, and Provincial of Cowichan-Alberni, Mining Recording Division of Alberni, is situated at the head of Alberni Canal, on Stamp Harbour, V. I., 130 miles distant from Victoria, with which there is at present tri-monthly communication by the C.B.N. Co.'s steamer. A stage running weekly carries the mails to and from Nanaimo, 55 miles.

The harbour, one of the finest on the Pacific Coast, can accommodate the largest vessels afloat; has good wharf accommodation; the canal is free from obstructions of any nature.

The townsite is situated near the mouth of the Sumas River, and is surrounded by a growing agricultural settlement of about 300 inhabitants, and contains a Court House, Post Office, telegraph office, three hotels, five stores, two butcher shops, barber, two live stables, Presbyterian Church and Mission, two sawmills, etc.

There are resident here the Government Agent and Gold Commissioner, Indian Agent, clergyman, two doctors, Deputy Customs Collector and Police officer.

Alberni is the distributing point for the West Coast Mining District.

As a sportsman's resort its fishing, shooting and boating cannot be excelled, and, having many good roads

Alert Bay.

Postmaster, St-phen A. Spencer.

Alert Bay (on Cormorant Island) is
in the Dominion Electoral District
of Vancouver. Provincial of Co-
mox, Mining Recording Division of
Nanaimo, 170 miles from Nanaimo and
240 miles from Victoria. Mails twice
a month. Nearest telegraph and ex-
press office, Nanaimo. Communication
with Victoria by steamer almost once
a week. Fishing and canning are the
chief industries. The island, which is
well timbered, is a small one, contain-
ing about 1,100 acres, but on it are to
be found coal and sandstone of a good
quality. The Nimkish Indians make
this their home.

Ashcroft Station.

Postmaster, J. J. Mackay.

In the Dominion Electoral District
of Yale-Cariboo, Provincial West Rid-
ing of Yale, mining recording division
of Kamloops, is on the Pacific Division
of the Canadian Pacific Railway, at the
south bank of the Thompson River near
its junction with the Bonaparte; is 205
miles from Vancouver and 2,698 miles
from Montreal. Ashcroft is the forward-
ing and distributing point for Cariboo,
Clinton, Lillooet and way places in the
northern interior and the point where
all travel to these sections leaves the
railroad. The British Columbia Express
Company have their headquarters here.

Barkerville.

Postmaster, James Stone.

In the Dominion and Provincial Electoral District of Cariboo, Mining Recording Division of Richfield, is situated on Williams' Creek, 28 1/2 miles from Ashcroft Station at the terminus of the Cariboo waggon road, and is reached by the British Columbia Express Company's stages from Ashcroft once a week. Telegraph, money order and express office. Barkerville is the principal town in the great Cariboo country, which is again attracting the attention of capitalists to the vast gold-bearing region that lies for many miles in and about Barkerville. Government Agent and Gold Commissioner, Jno Bowron.

Balfour.

Postmaster, J. W. Gallop.

In the Dominion Electoral District of Yale-Cariboo, Provincial South Riding of West Kootenay, and Mining Recording Division of Nelson, has telephone connection with Nelson, distant 20 miles, which is also the nearest railway station and banking point; communication by steamer; all boats plying up and down the Lake call here. Mining and lumbering are the principal industries.

Central Park.

Postmaster, M. M. Smith.

In the Dominion Electoral District of New Westminster, Provincial of New Westminster, is Vancouver's newest suburb and is located six miles east of Carrall St., on the boundary between South Vancouver and Burrard Inlet and Fraser River, 400 feet above the sea level. The Park comprises over 200 acres of Government land, officially set apart for public recreation grounds and park purposes, the improved portion of which has already become a popular pleasure resort. The Presbyterian Church, grocery store, post office, telephone office, and tram station are all located near the north-west corner of the Park, and there is a large public school one-half mile west, and another one mile east of this point. Central Park has a daily mail service to and from Vancouver and New Westminster. The pure air, freedom from fogs, cheapness of property and the excellent car service to and from the city make the place a most desirable residential district for those wishing a pleasant suburban home.

which is prairie land, and can be put under cultivation at a trifling cost; it is estimated that 90 per cent. of the entire municipality can safely be classed as first-class land, and the soil of which is a rich alluvial loamy one, will produce crops either in cereals, fruits, roots or vegetables which will always retain for Chilliwack the fame of being the leading agricultural and fruit growing section of the Province. Situated about 20 miles from New Westminster and 70 miles from Vancouver, with which cities it has daily communication by boat or rail, it is a desirable place to live, having a climate similar to that of the South of England, and being a resort for tourists and sportsmen, and noted for its excellent gravel roads. The Government Experimental Farm and the famous Harrison Hot Springs are only about 12 miles from Chilliwack. There are 9 churches and 12 schools in the municipality; there is also a court house with residential Registrar, a good post office in the town with money order office and savings bank; a telegraph and telephone office, a cheese factory, a first-class creamery, a cannery, a grist mill and three saw mills, a bank and a newspaper. Secret Societies are well represented in Chilliwack, besides the Masons, Odd Fellows, Woodmen, Foresters and Orange-men there is also a good lodge of the Sons of England, of which Mr. S. Melrose was the first president and is now district Deputy.

toria and Vancouver there is regular
 communication by steamer. There are
 good wharves here, where steamers can
 lay at all stages of tide, or seasons of
 the year. The Royal Canadian Pack-
 ing Company have extensive saw mill-
 ing, salmon canning and general store
 business, where prospectors can outfit
 for the Upper Skeena gold fields. The
 Church Missionary Society of Lon-
 don, England, have a well-equipped
 hospital with a resident physician and
 nurses, also a missionary clergyman in
 charge of the church.

Esquimalt.

Postmaster, Wm. S. Goodwin.

For address of those connected with Work Point Barracks, see list of Imperial Troops and Victoria list.

Esquimalt Rd., Craigflower, Parson's Bridge, Admiral Rd.

Esquimalt is in a westerly direction from Victoria, in the Dominion Electoral District of Victoria, Provincial of Esquimalt, Mining Recording Division of Victoria, on a peninsula between the Royal Roads and the Esquimalt Harbour, which is wide, well sheltered, and easily entered by ships of any size. It is the naval station of Her Majesty's ships, and possesses one of the finest dry docks on the Pacific Coast, as well as a marine railway. The dock is built of sand stone, length of dock on blocks, 430 feet, can make 480 feet; width of gates 65 feet; depth of water varying from 27 feet at Springs. Here is also situated the station of the Meteorological Service of the Dominion of Canada. The most westerly and northerly telegraph reporting station on the Continent, it is in charge of Mr. E. Baynes R and is fully equipped with all the modern instruments for observing and recording weather. Daily communication by rail over the E. & N. Ry. by electric tram car. Esquimalt is about three miles from Victoria, which is the banking point.

Fairview.

Postmaster, Thos. Elliott.

In the Dominion Electoral District of Yale-Cariboo, Provincial East Riding of Osoyoos. Just what the name indicates, one of the prettiest spots in the vast interior of British Columbia, 15 miles east of Keremeos, 40 miles southwest of Penticton, Fairview is not behind other spots in the great mineral regions of British Columbia. Some of the richest prospects in the Province are found near by.

Fort Simpson.

(Formerly called Port Simpson.)

Pastmaster, Chas. W. D. Clifford.

In the Dominion Electoral District of Burrard and Provincial of Cassiar, Mining Recording Division of Skeena, is situated on the northeast end of the Simshean Peninsula, in the Cassiar District, and is separated from the south end of Alaska by the Portland Inlet. It possesses a fine harbour, and at Georgetown, 7 miles distant, is a sawmill and ship building yard. A fine hospital with 20 wards has been built, also a handsome church, Church of England. Coal has been discovered in the district. The Methodist Mission have here a home and school for the Indians. Mails weekly, via Victoria, 600 miles distant.

of Fort Steele. With the immediate building of the Crows' Nest Pass Ry., which will give direct and quick communication to East Kootenay, the possibilities of the Fort Steele District are difficult to estimate. The mines so far developed give abundant proof of the vast wealth of this section, ten miles from Cranbrook, 90 miles from Crows' Nest Pass.

Grand Forks.

Postmaster, L. A. Manly.

An incorporated city in the Dominion Electoral District of Yale and Cariboo, Provincial East Riding of Yale, and Mining Recording Division of Grand Forks. Is beautifully situated on Kettle River, about 8 miles from the international boundary line and close to the famous Greenwood mining camp. The "Grand Forks Miner," a weekly journal that is alive to the splendid prospects of the district, and Grand Forks in particular, is published here by Messrs. F. H. McCarter & Son. The whole district is more or less mineralized, and as development work on the numerous valuable mines in the immediate neighbourhood of Grand Forks progresses the city is bound to grow into a highly important and prosperous place, depending not alone upon her

Illecillewaet.

Postmaster, A. L. Stewart.

In the Dominion Electoral District of Yale-Cariboo, Provincial North Riding of West Kootenay. Illecillewaet (pronounced Illy-cilly-wait) is one of the principal stations on the Pacific Division of the C. P. R., 407 miles east of Vancouver, in the Selkirk range of mountains. It is in a rich mining district, and is an excellent country for hunting big game. Has a money order, telegraph and express office. Mails daily.

Kelowna.

Postmaster, E. R. Bailey.

Kelowna, geographically the hub of the Okanagan Valley, is beautifully situated on the east shore of Okanagan Lake, in the Dominion Electoral District of Yale-Cariboo and Provincial of the East Riding of Yale and Mining Recording Division of Vernon, on a broad expanse of almost level land. Mill Creek empties into the lake at this point and is fringed with a luxuriant growth of poplars, cottonwood and other trees. Further south Mission Creek finds its terminus in the same lake. This is the centre of the largest area of agricultural lands in the Yale District and is called the garden town of British Columbia, from the numerous small holdings of from eight to forty acres, although there are some holdings consisting of hundreds of acres. Vegetation is very luxuriant and large crops of vegetables, hay, grain and fruits of nearly every description are successfully grown. Tobacco culture has been carried on for the past three years with marked success. Cattle and hog raising are important factors in the success of the community. The mining indus-

Keithley Creek.

Including Harvey & Snowshoe Creek)

Postmaster, G. A. Veith.

In the Dominion and Provincial Electoral District of Yale-Cariboo, Mining Recording Division of Quesnelle Forks. It has a post office; mail once a week; nearest telegraph and express office, 150 Mile House. The creek is reached by stage from Ashcroft Station over the Cariboo waggon road.

try, as yet in its infancy, is bound to become of vast importance in the near future. The Agricultural and Trades Association is a valued institution formed about four years ago, and last year gave an agricultural exhibition at which the best display of fruit ever collected at one place in the Province was exhibited. Communication is had to the markets of the Province, and especially with the mining districts, by the SS. "Aberdeen" of the C. P. R. service, making daily trips, connecting with the C. P. R. line at Okanagan Landing and Penticton, at the foot of Okanagan Lake. A large amount of produce has been shipped within the past three years, and the business has hardly commenced. The Kelowna Shippers' Union Co. Ltd. are the principal handlers of produce, together with individual shippers, of which there are many. The industries of the Valley are represented by a saw and planing mill, which turns out all descriptions of work in that line; a grist mill; a pork packing establishment, carried on by the Kelowna Shippers' Union, which has turned out during the past season a very superior article in hams, shoulders, spiced rolls, etc. Schools are advantageously situated to suit the needs of their respective districts. Four religious denominations are represented. The sporting proclivities of the inhabitants are much in evidence, there being lacrosse, cricket, football, curling and gun clubs. A brass band is successfully maintained. Fishing and shooting are excellent in the neighborhood, and altogether Kelowna is a pleasant place to live in.*

Consulting Civil Engineer—H. P. Bell, Esq., C.E., M.I.C.E.

Bankers—The Bank of Montreal.

Solicitor—Mr. Archer Martin, of the firm of Messrs. Martin & Langley, Victoria, B.C.

CHARTER POWERS.

The Memorandum of Association has been prepared with great care, and includes every provision and power required by mining companies.

OBJECTS OF THE COMPANY.

The objects of the Company are principally to acquire, develop and dispose of with profit, mineral properties in B.C. and elsewhere. It is a well-known fact that the first rise in values in mineral properties located, invariably takes place after the first development work has been done upon them, and in many instances it has been found that the assessment work required by law has been sufficient to demonstrate their prospective value. Large sums of money are paid every day for what only a short time ago were mere prospects. It is the intention of the Company that these profits, which have been reaped largely by the original holders of claims, shall be participated in similarly by every shareholder in this company.

ACQUIREMENT OF PROPERTIES.

The means employed by the Company to secure good mining properties embrace a comprehensive scheme, including every lawful and proper method. In addition to fitting and sending of a number of experienced prospectors to locate claims for the Company in the leading mining districts of the Province, the Company has secured reliable confidential agents in prominent mining localities to co-operate with the Company, and promote its interests in such localities by:

1. Discovering and locating new mineral-bearing properties prospectively value.
2. By locating good claims as annexes to well-known mining properties already developed,
3. By making use of such means will enable them to be informed at once

new rich "strikes" or "finds" made
in the vicinity.

4. By noting the lapses made on min-
eral property of value.

By advising the Company prompt-
ly in the event of any owner of valuable
property desiring to dispose of same
at a low figure. And in general to do
all such things as may advance the in-
terests of the Company in that locality,
but always under instructions from the
Company. Travelling confidential
agents, with similar instructions, have
also been employed.

The Company by these methods is
provided with exceptional opportuni-
ties for acquiring valuable properties
without the necessity of purchasing
(them) second hand, and is at the same
time enabled to reserve its funds for de-
veloping those properties which, from
past appearances, would indicate that
large results might be expected there-
from at a reasonably small outlay.
Should the Company, however, deem
it advisable, on account of the terms
offered, to acquire a property which
has been located by other than persons
in the employ of the Company, the
property must in every case be report-
ed upon and recommended by the min-
ing expert of the Company, who shall
go from time to time visit and re-
port upon claims located by the Com-
pany.

SPECIAL FEATURES.

Among the special features of the
Company therefore are the following:
1. The Company is not an ordinary
mining Company whose efforts are
usually confined to one claim or group
of claims, but its operations will ex-
tend throughout the entire Province

these features, and others which might be mentioned, are all framed with a view of securing to every shareholder a
minimum of risk with a maximum of profit.

THE COMPANY began operations by the acquirement of the "Teutonic Mineral Claim," on the
East Fork of the North Fork of the Salmon River, Kootenay, and the "Britannic,"
adjoining, through both of which claims a highly mineralized vein four feet in width runs. A staff
of experienced prospectors has been fitted out to prospect in the different mining divisions of Kootenay and
the Coast. Reports already received are highly encouraging. Genuine mining properties are being dis-
covered by them at present and recorded in the name of the Company nearly every week on the Coast and in
the interior. Negotiations are pending at present whereby a large number of rich mineral properties between
Island and Revelstoke may be acquired. Arrangements have also been made to secure a number of rich
mineral claims in the Yukon. In the course of the next sixty or ninety days the Company expects to be in pos-
session of mineral properties of great value. The affairs of the Company are in the hands of gentlemen of high
standing and reputation. They are, besides, experienced in mining matters, and every guarantee possible is
afforded that the Company's affairs will be managed economically and honestly, wisely and well, and with
stable results to every shareholder.

Head Office of the Company is at Victoria, where application for stock will be received at
present, though arrangements are being effected
as rapidly as possible to establish branches in the Eastern cities of Canada, and the United States, and in Lon-
don, England.

. . . For further Information, Address . . .

Sec'y-Treas. of the BRITISH PACIFIC GOLD PROPERTY CO.,
Ltd. Ltd., Box 112, VICTORIA, B.C.

of British Columbia, and even into the
territory of the Yukon.

2. The assurance that the Company
will acquire, and that too at the lowest
possible cost, valuable mining proper-
ties in every mining district in the
country.

3. The further assurance that the
funds of the Company will be expend-
ed in developing these properties and
giving them marketable value, and not
in paying "fancy" prices for properties
which may have cost only a few hun-
dred dollars to develop into a saleable
condition.

4. Properties which may be acquired
by purchase will only be so acquired
after the most searching examination
and upon the unqualified recommend-
ation of the mining expert of the
Company.

5. It is a fundamental principle in-
corporated in the by-laws of the Com-
pany that the Company shall not go
into debt. By this provision, all liab-
ility to the shareholders is elimin-
ated.

6. All certificates of shares of stock
other than Treasury Stock are placed in
the Bank, and will remain in its cus-
tody until 750,000 Shares of Treasury
Stock are sold

7. Every share in this Company rep-
resents an unassessable interest in all
and every interest the Company may
acquire.

8. Dividends, when declared, will be
upon the shares actually sold, thus af-
fording to investors the same security
as to profits under a large capitalization
as under a small one.

9. The by-laws provide that the Com-
pany's books shall be audited by an
auditor appointed by the shareholders
themselves.

Ladner.

Postmaster, Thos. McNeely.

Ladner is one of the most important towns on the Fraser River, 12 miles below New Westminster, in the Dominion of British Columbia. It is in the Provincial Electoral District of New Westminster, Delta Riding, Minor Recording Division of New Westminster, has post, money order, telegraph and express offices. It is the main outlet for the settlements in the Delta municipality. The regular mail steamers from Victoria and New Westminster call at this place three times a week each way; the Nanaimo and Vancouver steamers twice per week, and many boats make daily trips to and from New Westminster. The industries of this section are creamery; butter, salmon canning, stock raising and general farming. The district is well provided with schools and churches; the lands are all dyked and are, without ex-

ception, the finest on the Pacific Coast. Reeve—Wm McKee. Councillors—Wm Arthur, T E Ladner, R E Kittson, S Henchcliffe, Thos McNeely.

(See Illecillewaet.)

In the Dominion Electoral District
of Yale and Cariboo, Provincial North
Riding of West Kootenay, Mining Re-
cording Division of Illecillewaet, is on
the main line of the C.P.R., a few miles
east of Illecillewaet. It has no Post
Office now, but will have one shortly,
mails are now handled from Illecille-
waet. Trains arrive from the west at
11:10 am, and from the east at 2:50 pm.
The Lanark mine and concentrator is
situated here and operated by the Lil-
loet Fraser River & Cariboo Gold
Fields Co. The present population is
between 100 and 150.

Lillooet.

Postmaster, C. A. Phair.

In the Dominion Electoral District of Yale and Cariboo and Provincial West Riding of Lillooet, Mining Recording Division of Lillooet, is situated on the right bank of the Fraser River. It is connected with Clinton and Ashcroft by a good waggon road, over which communication is made once a week by stage from Clinton, connecting with the Cariboo stage. There is also communication by trail from Lytton, distant 40 miles. Nearest telegraph office, Clinton, 47 miles; railway station, Ashcroft, 60 miles; banking point, Kamloops. Pemberton Meadows is the only part of the district which needs no irrigation. The development of the Golden Cache mines and other mine deposits found in Lillooet District will be the means of causing a very large amount of work in the mining line in the District.

Lund.

Postmaster, Charles A. Thulin.

In the Dominion Electoral District of Burrard, Provincial Electoral District of Comox, and Mining Recording Division of Nanaimo, on the West Coast, 85 miles from Vancouver, which is the nearest banking point, telegraph and express office; mails twice weekly; communication by boat once a week. There is a first-class hotel at Lund—Hotel Malaspina. Messrs Thulin Bros. are the proprietors. There is excellent fishing near by, with ample boats for visitors. Wood and water supplied to steamers, and general store affords every convenience at Lund.

Maywood.

Postmaster, Wm. Graham.

In the Dominion Electoral District
of Victoria, Provincial of South
Victoria, Mining Recording Division of
Victoria. The nearest railway station is
at the Victoria & Sidney at Victoria, distance
1½ miles. Mails arrive daily except
Sunday. There is a hair factory
one of which J. C. Richards is the proprietor.
Maywood is not a money order office.
The country around Maywood is
beautifully situated for residential
purposes. There is an English Church,
St. Mark's, a Baptist Mission and Sun-
day school, also a large day school with
three teachers.

Metchosin.

Postmaster, T. Stothard.

In the Dominion Electoral District of Victoria and Provincial of Esquimalt, is a very pretty rural settlement on Vancouver Island, 15 miles from Victoria, in a westerly direction. The roads through the district are excellent. Big Lake, or Dr. Ash's Vines, Bilston Falls, Happy Valley, Pedder Bay, Rocky Point, William's Head, Sangster's Plains and Race Rocks, on which stands the lighthouse, are all in the vicinity. It is a most enjoyable section for picnicking, hunting and fishing, and a charming resort for riding and driving parties. Communication by stage; mails are received twice a week. The nearest railway station is Langford, on the E. & N. Ry.

Midway.

(Boundary Creek.)

Postmaster, T. McAuley.

In the Dominion Electoral District of Yale-Cariboo-Kootenay, Provincial Division of East Yale, Mining Recording Division of Kettle River, Boundary Creek (Midway) includes all the immense district from Osoyoos east to Christina Lake. The means of communication are very poor, through travel necessitating crossing the boundary line, either travelling north to Penticton or south to Marcus. The chief industries are farming (cattle, sheep and grain principally) and mining. Population about 2,000.

Moodyville.

Postmaster, Alfred Nelson Codington King.

In the Dominion Electoral District of Burrard, and Provincial Electoral District of New Westminster, Riding of Richmond, Mining Recording Division of New Westminster, is situated on the north shore of Burrard Inlet, and directly opposite the City of Vancouver. It is three miles from the Terminal City, with which communication is made by ferry. There is also telegraph and telephone connection with Vancouver; has a post office, mails twice a day. Nearest express office and banking point, Vancouver. The principal industry is manufacturing lumber for export.

New Denver.

Postmaster, G. L. Estabrooke.

In the Dominion Electoral District of Yale, Provincial South Riding of West Kootenay, and Mining Recording Division of Slocan. The town is well named after its famous namesake to the south and situated, as it is, right in the heart of the most important mines on Slocan Lake, it is building up quickly; 40 miles west of Kaslo, about the same distance north of Slocan City. The "Ledge," a well edited paper, is published here. Communication by rail and steamer.

Plumper Pass.

North Victoria District.

(Including Mayne Island, Galiano, Saturna, Samuel, Gossip and Tumbo Islands.)

Postmaster, W. T. Collinson.

In the Dominion Electoral District of Vancouver, Province of North Victoria, and Mining Recording Division of Victoria, is situated on the shore of

Miner's Bay, on the south side of Active Pass, Mayne Island. The settlement is rapidly growing, many settlers having taken up land in the vicinity. The Post Office serves for Mayne Island, Samuel, Gossip and nearly all of Galiano. Pender and Saturna Islands have offices of their own. The C.P.N. steamers communicate with the islands almost every day. Victoria, Vancouver, New Westminster and Nanaimo are all equally distant to the settlement, about 35 miles. The whole district is very fertile, and game is plentiful.

Saturna.

Postmaster, W. J. Drummond.

In the Dominion Electoral District
of Vancouver, Provincial of North Victoria,
and Mining Recording Division
of Victoria. Mails arrive Wednesdays
and Saturdays by steamer from Victoria
and New Westminster. The land
on Saturna and Pender Islands consists
chiefly of mountains covered with timber
and rich alder bottom valleys, which
raise heavy crops of grain, fruit and veg-
etables. Sheep farming is well devel-
oped, and the salmon fisheries in the
different fine bays and harbours are at-
tracting attention.

Sechelt.

Postmaster, Herbert Whitaker.

In the Dominion Electoral District
of New Westminster. Provincial of
N.-W. Richmond Riding, and Mining
Recording Division of New Westmin-
ster. The nearest railway station is
Vancouver. Sechelt is an Indian mis-
sion of over 100 population. It is a
fine summer resort of which many take
advantage, and an excellent place for
shooting ducks, geese, grouse, deer,
snipe and all wild fowl. The Vancouver
market is supplied with the above-
named game, and also with fish, cod
and salmon principally. The store is
known as the Sechelt Trading Co., and
was located here in 1890.

Shawnigan Lake.

Postmaster, G. Koenig.

Situated on the E. & N. Railway, is the most southern sub-division of the Provincial Electoral District of Cowichan-Alberni, and is in the Dominion Electoral District of Vancouver, and Mining Recording Division of Victoria. Nearest telegraph and express office, Cobble Hill, 3 miles distant. The industry of this section of Shawnigan is the large sawmill of the Shawnigan Lake Lumber Co., which has a very large capacity, and gives employment to a number of hands.

Sidney.

Postmaster, J. Critchley.

Sidney, the northern terminus of the
Victoria & Sidney Railway, is a thriving
little town in the Dominion Electoral
District of Vancouver, Provincial
North Victoria, and Mining Recording
Division of Victoria. The harbour
affords excellent accommodation for
heavy draught boats at almost any stage
of the tide or state of the weather, and
the regular service which it is contem-
plated to establish between this port
and the Mainland will shorten the sea

passage by some hours. There is good
hotel accommodation at Sidney, a Post
Office, general stores, blacksmith shop,
butcher's stall and a spacious public
hall. Trains daily to Victoria, distant
16 miles.

Silverton.

In the Dominion Electoral District of Yale-Kootenay, Provincial South Riding of West Kootenay, and Mining Recording Division of Slocan. Mails arrive tri-weekly from east and west. C. P. R. points to Nakusp, thence by rail to Roseberry, thence by C. P. R. steamer to Silverton. From U.S. point via Spokane, Kaslo, Sandon to New Denver by rail, thence by steamer "Hunter" and C.P.R. to Silverton. There is a steady building boom on here and numerous buildings are in course of construction. The only drawback is lack of lumber. The population at present is about 750 and is increasing daily.

Slocan City.

Postmaster, R. A. Bradshaw.

Sixty-five miles north of Robson, at the south end of Slocan Lake, 32 miles south of New Denver, in the Dominion Electoral District of Yale and Cariboo, Provincial South Riding of West Kootenay, and Mining Recording Division of Slocan City. There are two papers

published in the city, the "Pioneer" and the "News." The principal communication is via Slocan Lake, which affords an excellent outlet to the north and thence via the C. P. R. Slocan City possesses many advantages that will in the near future cause a very rapid growth and a vast increase in her present population. The chief industry like the whole of the inexhaustible Slocan country, is mining.

In the Dominion Electoral District
of Yale-Kootenay, Provincial West
Riding of Yale, and Mining Recording
Division of Yale, is a station on the
main line of the Canadian Pacific Rail-
way, 114 miles from Vancouver, 12
miles from Yale and 15 miles from
North Bend. The railway company
have been doing some extensive bridge
work in this vicinity. Mails arrive twice
daily by the C. P. R. The population
consists of about 250 whites, Indians
and Chinese. Placer mining on the
Fraser River and railway work are the
principal industries of the people. The
place is very mountainous, which opens
a field for prospectors. There is also
splendid trout fishing. Seven miles
from here is Camp 16, where the C. P.
R. have their stone quarry and where
a large number of men are employed.
A list of this camp is not given, as the
men are constantly changing.

Stickeen Div. of Cassiar.

Post Office, Wrangel, Alaska.

In the Dominion Electoral District of Vancouver, Provincial of Cassiar, and Mining Recording Division comprised under three headings: McDame, Laketon and Stickeen Division. Although during the last few years but comparatively little gold has been pro-

duced in that portion of the District, yet there are great opportunities for further development, both in placer and quartz, no attention having been paid to the quartz up to date. This year some parties have gone into that country to prospect for the latter with every chance of success. It is a question whether the granting with its conditions of a charter for the building of the Cassiar Central Railway will facilitate that further development which the country warrants; some say yes, while others express the opposite opinion. The quantity of furs brought out by the way of Stickeen continues year after year to be about the same, which is quite a trade in itself. The Yukon country, lying to the north of Cassiar, which is calling at present the attention of the world, will in all probability make the Stickeen River a very important portion of a route to the rich mines of the Yukon District, as the Teslin Lake, which is partly in Cassiar, can be reached from the head of navigation on the Stickeen River by what can be made a good road, distance about 140 miles. It is believed that river steamers can be run from the head of Teslin Lake to the mouth of the Yukon River if necessary, while the distance from the head of the Lake to the celebrated Klondyke does not exceed 475 miles. From Telegraph, on the Stickeen, good grass is to be found for animals that would be engaged in packing goods. Sheep, cattle and horses could be easily taken in by this route.

THE NEWS-ADVERTISER

PUBLISHED EVERY MORNING—MONDAYS EXCEPTED.

SUBSCRIPTION RATES :

Per Year, by mail.....	\$8 00
Per Half-Year, by mail.....	4 50
Per Month, delivered or by city mail.....	1 00
Per Week, delivered.....	50

WEEKLY NEWS-ADVERTISER, per year, \$2.00.

Strictly in advance. Mailed to any any address in Canada or the United States. To other countries the foreign rate of postage will be additional.

ADVERTISING RATES :

CONDENSED ADVERTISING—Under the head of Notices, etc., running less than one week, 10 cents per line (Nonpareil measure) first insertion; 12 lines of Nonpareil to the inch.

READING NOTICES—Twenty cents per line, unless contracted for by the 100 lines.

DISPLAY ADVERTISEMENTS—Special rates for contracts running for three months or longer. All changes for display advertisements must be left at the office before 3 p.m. to ensure insertion the following morning.

BIRTHS, DEATHS and MARRIAGES—\$1.00.

Situations Vacant and Wanted, Lost and Found Notices, To Let and For Sale, two cents per word for first insertion, and one cent per word for each subsequent insertion.

Where cuts mounted on wood are inserted, the office will not be responsible for the appearance of the advertisement. Solid metal cuts are always preferable.

The advertiser will be held responsible for all typographical errors after first insertion, unless notice of same is given previous to second appearance.

Salmo.

Postmaster, Robt. Ince.

In the Dominion Electoral District
of Cariboo, Provincial South Riding of
West Kootenay, and Mining Recording
Division of Nelson, located on the
Nelson & Fort Sheppard Railroad, at
the junction of the North Fork of Sal-
mon River, is the centre of numerous
mining claims on the Salmon River,
North Fork, Lost Creek, Sheep Creek,
Pend d'Oreille, and their tributaries.
It is distant from Nelson 35 miles, and
from Rossland 52 miles; has daily
trains northward to Kaslo, Aihsworth,
Pilot Bay and Balfour, and south to
Trail, Waneta, Northport, Rossland
and Spokane. Salmo is located on a
level prairie, and has an ample supply
of timber, with a sawmill having a daily
capacity of 25,000 feet, with abundance
of water power for domestic and manu-
facturing purposes. The latest infor-
mation from the district places the
mineral locations surrounding Salmo
at about 2,300 claims.

Thomson's Landing.

Postmaster, J. W. Thomson.

In the Dominion Electoral District of Cariboo, Provincial North Riding of West Kootenay, and Mining Recording Division of Lardau, is a mining village at the head of the North-West Arm of the Upper Arrow Lake. It contains a post office and hotel, and is surrounded by beautiful scenery and exquisite walks and drives. There is trout fishing on Salmon Creek and good boating on the Arm. It is connected with Arrowhead by steamer "Illicillewaet" and "Lardeau," running twice a day. A stage leaves daily for Trout Lake City.

Thurlow

Postmaster, Jno Crawford

In the Dominion Electoral District
 of Burrard, Provincial of Comox, and
 Mining Recording Division of Comox.
 Mails arrive Wednesdays and Saturdays
 by the S.S. "Comox" and by S.S.
 "Rainbow," Tuesdays and Fridays from
 Vancouver. Quartz mining is the chief
 industry. Thurlow post office is in
 Shoal Bay, an excellent harbour, on the
 north side of Thurlow Island in Car-
 dero Channel, and facing Phillips, Arm.
 Shoal Bay is the centre of the mining
 district which will soon be one of the
 most flourishing in the province. There
 are two stores and two hotels here, one
 the property of the Shoal Bay Trading
 Co., and the other, the Thurlow Hotel,
 adjoining the premises of Messrs. Ar-
 chibald & Co., general storekeepers and
 traders; also the assay office of Mr. J.
 B. Farquhar. Being the distributing
 point for the mines in the "Phillips"
 Arm, Fanny Bay, Frederick Arm, Val-
 dez Island, Estero Basin, Channe Is-
 land, Thurlow Island, Cardero Chan-
 nel, Longborough Inlet, and outlying
 points, this place is rapidly growing in
 importance. The mines are notable for
 the abundance of copper galena and
 iron pyrites, most of them carrying
 gold, and many assaying high in the
 precious metals. Very large develop-
 ments are taking place, and experts
 prophesy a brilliant future for the dis-

Postmaster, Jas Sutton

In the Dominion Electoral District of Vancouver, Provincial of Cowichan-Alberni, and Mining Recording Division of Alberni, a thriving settlement 110 miles from Victoria, at the western entrance of Barclay Sound, West Coast of Vancouver Island. Harbour four miles long, half a mile wide, safe and commodious anchorage for any size of vessel, opening out to Pacific Ocean. Abundance of fresh water. The C. P. N. Company's mail steamer "Tea" calls both ways, leaving Victoria every ten days. The land adjacent to the harbour, comprising about 60,000 acres, is suitable for all the requirements of agriculture. There are two wharves, two stores, a saw mill and a mission school. With all these natural advantages it is one of the most desirable fields for intending settlers on the West Coast.

Union

Postmaster, J. L. Roe

This town, the eastern part of which is called Cumberland, is finely situated on the foot hills of the Buford Mountains, about 500 feet above the waters of the Georgian Strait, and 60 miles north of Nanaimo. It is connected with Bayne Sound by a line of railway 13 miles in length. Its principal industry is coal mining. It turns out from 700 tons to 1,000 tons per day of the best steam coal. This is transferred over the railway to Union wharf (Bayne Sound) to the ships, steamers and tugs, with scows awaiting to receive it. The fine coal is manufactured here into a good article of coke, which bids fair to grow into an immense industry of itself. Extensive bunkers are being constructed at the wharf in connection with the coal industry.

Union is the market place for the Comox farming settlement, and contains a population of 3,000. It has one large department store besides two general stores, four large hotels, two saw mills, two merchant tailoring establishments, various shops, such as dry goods, tin and hardware, metal harness, and saddlery, livery, jewellery, stationery, bakeries, barber shops, photograph gallery, brass band, a graded school, four churches, and a newspaper.

It has a fine water supply, which is taken from Hamilton Creek, a mountain stream: this water has just been introduced into the place by an incorporated company, at an expense of about \$30,000. The town is divided into two parts—the Camp, and Cumberland, each having about the same population. Cumberland will be incorporated as a city on January 1st, 1898. A petition complying with the Act for the incorporation of cities, having already been filed with the Provincial Secretary. The Post Office will then be changed to Cumberland. It is reached by steamer from Victoria and Nanaimo every Wednesday. It is located in Nelson District, adjoining Comox District.

Abrams Jas, stipendiary magistrate
Addison Robt, weighman
Alexander Jno, labourer

 Cosmos Store, Vevey, formerly 12-Mile P.O., New Denver, J W Horn and R Kurtzhals props
 Horn J W, Cosmos Store, Vevey, formerly 12-Mile, P. O. New Denver
 Kurtzhals R, Cosmos Store, Vevey, formerly 12-Mile, P. O. New Denver
 Vevey Hotel, Allan & Cory props
 Vevey is a registered townsite with wharf for Slocan Lake steamers, situated on Slocan Lake, 12 miles south of New Denver, which is its post and money order office, 6 miles from Slocan City. It is known by the C.P.R. as Ashburn Flag Station. The Rossland Gold Mining, Development & Investment Co., Ltd., head office 114 Yonge St., Toronto, are working the Batchelor, Let Her Go Eli, V and M claims under the management of G. A. Farini, president of the company. G. A. Farini is working the Coronation and Memphis. Allan & Cory are working the Scotchman group. There are

also many other galena and gold and copper claims in this neighbourhood. Waggon roads from Vevey lead to all claims between Ten and Twelve-Mile Creeks. Supplies and ore are packed through Vevey.

Wanborough

Postmaster, Robert Chambers

In the Dominion Electoral District of New Westminster, Provincial of Cassiar, and Mining Recording Division of Victoria. Situated on River's Inlet and reached by steamers from Victoria and Vancouver every week. There are five canneries in the immediate vicinity, which is the only industry.

Waterloo

Postmanter, Jas R Hunne

In the Dominion Electoral District
of Yale, Provincial of West Kootenay,
and Mining Recording Division of
Rosland, on the Columbia River, 16
miles north of Trail, 4 miles south of
Robson. From the latter the Nelson
& Fort Sheppard line of railway is
easily reached. Mails arrive tri-weekly
by steamer "Nakusp." The principal
industries are mining and lumbering.
In addition to the inhabitants of Water-
loo proper, there are tributary to the
town the nearby logging and lumbering
camps of Champion Creek, Boomers'
Landing, Ritaville and Burns' & Jordan's
camp.

Ry., 17 miles from Kaslo and 13 from Sandon. Shipping points for Whitewater and Jackson Basins. Present population about 300. Whitewater boasts of three first-class hotels, large general store (Nivin & Bell); saw and planing mill (Bell

Bros.), capacity, 10,000 feet per day.

C. P. R. has surveyed a line in here, and will build to Whitewater from Three Forks this fall. Immediately at hand are the following shipping mines, all of which make this town their headquarters and base of supplies: Whitewater, Northern Belle, Wellington, Luke Jim, London Hill, Charleston, Sunset, Ibex, and many others not as yet developed into shippers.

Mails daily from the United States, the East, and Coast.

Ymir

Formerly Quartz Creek, a town on Salmon River, about 18 miles from Nelson, Township 17, Lot 1,242, block 6, population between 500 and 600, is on the line of the Nelson & Fort Sheppard r.y., and has depot, telegraph and express offices. The Wild Horse Creek, 15 miles in length, on which are situated the Ymir, Blackcock, Wilcox, Elise, and many other promising properties. Porcupine Creek, on which are the Porcupine, Blue-eyed Nellie, and others; Barrett and Stewart Creeks with the Porto Rico, and Quartz and Bear Creeks, are all tributary to this town, as well as the Dundee mine.

A lumber mill operated by Blue & Co., is in operation, and a water works system is under construction. The character of the properties varies greatly, the Dundee and Ymir being chiefly galena carrying large gold values, while the Porto Rico is a free milling proposition which so far has given excellent results.
