The copy filmed here has been reproduced thanks to the generosity of:

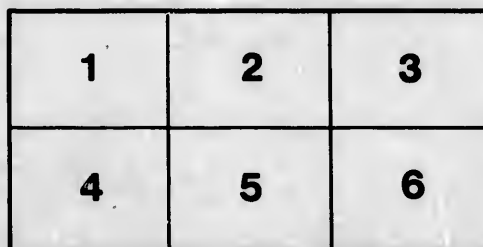

Anglican Church of Canada
General Synod Archives

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol → (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

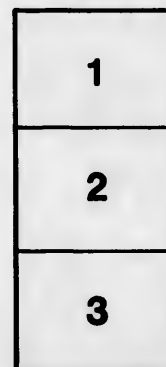

Anglican Church of Canada
General Synod Archives

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

PRAYERS,

TO BE USED AT ALL MEETINGS OF THE SOCIETY AND OF ITS
SEVERAL ASSOCIATIONS.

PREVENT us, O Lord, in all our doings, with Thy most gracious favour, and further us with Thy continual help; that in all our works, begun, continued, and ended in Thee, we may glorify Thy Holy Name; and finally, by Thy mercy, obtain everlasting life; through Jesus Christ our Lord.
Amen.

O merciful God, Who hast made all men, and hatest nothing that Thou hast made, nor wouldest the death of a sinner, but rather that he should be converted and live; Have mercy upon all Jews, Turks, Infidels, and Heretics, and take from them all ignorance, hardness of heart, and contempt of Thy Word, and so fetch them home, blessed Lord, to Thy flock, that they may be saved among the remnant of the true Israelites, and be made one fold under one Shepherd. Prosper, O Lord, the labors of those societies of the Church in the Land of our Fathers, which Thou hast designed to use in the promotion of this object, and which have nourished the Church in the Colonies; and bless in like manner with Thy Holy Spirit and Providential succour the Society in whose cause we are now met, and the undertakings which we have now in hand. "Prosper Thou the work of our hands upon us; O prosper thou our handy work," for the sake, and through the merits of Thy Son Jesus Christ our Lord, Who liveth and reigneth with Thee and the Holy Ghost, one God, world without end.
Amen.

Our Father, Which art in heaven, Hallowed be Thy name. Thy Kingdom come. Thy will be done in earth, As it is in Heaven. Give us this day our daily bread. And forgive us our trespasses, As we forgive them that trespass against us. And lead us not into temptation; But deliver us from evil; For Thine is the kingdom, the power and the glory, For ever and ever. *Amen.*

ANNUAL REPORT FOR 1864.

The operations of your Board during the past year in their several departments of labour will be found treated of under their respective heads.

From the Diocesan Board the following Report has been received, and is now presented with the hope that it will prove the means of directing the attention of Churchmen to the pressing need which exists for a more general and liberal support of the Church Society.

MISSIONARY LABOUR.

REPORT OF THE DIOCESAN BOARD.

The Diocesan Board regret their inability to speak of the future in the same hopeful tone as characterized their last Report to the Central Board. It was confidently expected that during the year just past, both the Clergy and Laity would in their respective spheres do all that in them lay, to enable the Board to discharge their engagements. This reasonable expectation remains to be fulfilled. It is needless to inform the Central Board,—though from the number of applications received for increase of stipend, as well as from the apathy which appears to prevail, it would seem necessary to keep prominently before the Diocese,—that whilst, on the one hand, the Board are pledged to pay the entire salaries of all their Missionaries, so on the other, as they have no funds of their own, their ability to meet their engagements must necessarily depend on the available means at their disposal. Little, if any, addition has been made to the General Sustentation Fund: the object of which is to anticipate, as far as our present exigencies will allow, the time when the Society for the Propagation of the Gospel shall put into

execution its formally declared intention of still further reducing its grant to this Diocese. The Board would therefore repeat the anxious hope, to which they have already given utterance, that those who have inherited wealth, or have been successful in their callings will, either in their lifetime or by bequest, become liberal benefactors of this important branch of the Board's operations. It now becomes their duty to direct the attention of the Central Board to the condition and prospects of the Revenue account, or Mission fund, as it is more generally, but improperly called. And here it may be proper to suggest that it might probably tend to distinguish, what are now frequently confounded, local assessments, from voluntary contributions if the term were applied exclusively to the Mission fund of the Church Society, in aid of which sermons are preached, and contributions annually solicited. The Revenue account—the only fund at the disposal of the Board for the maintenance of the Clergy—consists (1) of the Annual grant of the S. P. G., (2) of Local assessments, and (3) of Annual subscriptions in behalf of the Mission fund of the Church Society. The Annual grant of the S.P.G. to December 31st, 1865, will be, according to the existing arrangement, at the rate of £1,957 10s. sterling per annum, besides a further sum of £200 sterling, for Labrador, and the Rev. R. G. Ward. From and after the above mentioned date, it will be necessary for the Society, and the Bishop and the Synod to enter into a new arrangement. At the request of the Bishop, the Board have been recently engaged in drawing up a plain statement of the condition, resources, and prospects of the Diocese, and in rendering answers to certain questions submitted by the S. P. G., with a view to enable it to apportion its grants with due regard to the claims and merits of the several Colonial Dioceses of the British Empire. We trust from this representation, supported, as it probably will be, by the presence and advocacy of the Bishop, that the Society may be induced to refrain from any further immediate reduction of its annual grant to this Diocese.

The Board have to complain that the assessments are much in arrear. By assessments are meant the annual amounts which Missions in connection with the Board undertook to pay towards the general maintenance of the Clergy, instead of, as heretofore, directly towards the support of their respective pastors. For the four quarters ending December 31st, 1863, the assessments amounted to \$4143; the actual receipts were only \$2,981. It is unnecessary to comment on the fact that Missions, which avail themselves of the ministrations of the Church, and fail to fulfil their engagements must be continually increasing the deficiency, and consequently the embarrassments, imperilling indeed the existence of the Board. It is time that it should be generally known that as the Board have no option, so they will be compelled, however reluctant they may feel, to carry out the provisions of the By-Law; one of which is that no assistance shall be given to any Congregation, Parish or Mission unwilling to do its part towards the maintenance of the Church. Next year, it will again be the duty of the Board to confer with the local authorities of each Mission as to the amount to be contributed by them for the three years following. If it should then be deemed necessary to close any Mission, and remove its Clergyman to another and more productive field of labour, it is well that it should be clearly understood beforehand that such a Mission will have been closed, not on account of its inability, but for its bad faith, and unwillingness to contribute what it could—whether much or little—towards the maintenance of the Church: its unwillingness to obey the ordinance of the Great Head of the Church; that they who preach the Gospel shall live of the Gospel. The Board are of opinion that this want of good faith in the observance of engagements is attributable in some measure to the want in Rural Districts of information about Church matters, and the absence of all system in the collection of Church dues, and in many instances to the inactivity of Church-wardens. As this is a case in which the honor of the Laity is specially concerned, so it is to be hoped that some plan will speedily be devised to remove a reproach—to

rectify an evil, which, if suffered to continue, must bring about either the dissolution of the Board, or the abandonment of many Missions, now in the enjoyment of the regular services of the Church, and the advantages of a resident Clergyman. The Board are happy to be enabled to state that many Missions, as will appear from the Treasurer's accounts, have duly fulfilled their engagements. The subscriptions to the Mission fund of the Church Society, so far as the Board are able to judge from the returns at present received, will be considerably less this year than even they were last. On these voluntary contributions the Board rely to make up the salaries of the Clergy, which exceed the S. P. G. grant, and the amounts received from the various Missions on account of local assessments by about \$1,600. For this falling off, the Board are of opinion that both Clergy and Laity are equally blameworthy. From the Cathedral District Association \$1,107 30 have been received; from St. Michael's the amount placed to their credit in the tabular statement. The Board trust that similar associations will be formed next year in all the chapelries of the Parish. It was confidently expected, and not without reason, that the Rural Clergy, no longer dependent on their own people for the direct payment of their stipends, would, as they might, have rendered valuable assistance, by explaining from house to house the nature and constitution of the Board, and by establishing Associations in connection with the Society in their respective limits. In both of these expectations the Board have been disappointed. On this point, however, as it may be supposed hardly to come within their province, the Board content themselves with the following extract from a circular which the Bishop recently addressed to his Clergy. "I would recommend the Clergy to urge upon their people the necessity of prompt and punctual payment of the assessed contributions of the Missions. I am one of those who procured the insertion of the clause in the Canon, which makes the Board responsible for the entire salary of the Clergyman. It was thought that the Clergy would have less delicacy in reminding the people of their obligations

to a general fund than in asking for contributions for their own support. I still think that the moral, as well as the material position of the Clergyman, is very much improved under the new system ; but I cannot disguise from myself the fact that the experiment seems very likely to prove a failure, and that the Clergy will be again thrown into personal relation with their flocks, in regard to that part of their salary which does not come from the grant of the Society for the Propagation of the Gospel. The punctual payment of the contributions to the Board, and the strenuous support of the Church Society—either its Mission or its General Fund—may avert this ; but I see nothing else that will."

It is not perhaps as generally known as it ought to be, that the Mission fund is under the sole control and management of the Diocesan Board.

The Assessment promised by each Mission as well as the amount in which any Mission may be in arrear, will be found in a tabular statement appended to this Report.

The difficulties of the Board have been further increased by that clause of the By-Law which instructs the Board, that no Clergyman, being in Priest's Orders, shall be appointed with their concurrence, to a sole charge, whose clerical income is less than £150 currency per annum. For whilst it has had the effect of raising the salaries of all Clergymen, on their removal to another Mission—without regard either to their personal claims, or to the financial condition of the Board, it has not unfrequently happened that Clergymen of long standing in the Ministry, or in charge of extensive Missions, have seen their juniors appointed to smaller charges, at a higher rate of stipend than their own. To counteract this apparent injustice, as far as possible, the Board resolved on apportioning the special grant made by the Central Board in February last, of \$450, increased by a subsequent donation from the Bishop to \$550, amongst the thirteen Clergymen whose clerical stipends were under £150 currency, on the 31st of December, 1863. This apportionment however, did no more than raise the stipends of these thirteen Clergymen to the uniform amount of

\$549.82. A gratuity of \$50 was also given to a Deacon who has spent a long life in the service of the Church, and whose salary is only \$243.32 per annum. The Board would suggest, as the result of their experience, that it would be desirable to amend the By-law by making five instead of seven the number required for a quorum: and also that the clauses which require them to give £150 per annum to every Priest on his appointment to a Mission, and to guarantee the entire salary of their Missionaries, be so far modified as to leave it optional on the part of the Board to do either the one or the other. The Treasurer has furnished the Board with the following abstract statement of the receipts and expenditure of the Board during the past two years:—

1863 and 1864.

Amount paid to Clergy during two years.....	\$27,881 15
Do do for general expenses.....	152 60
Balance in hand to meet the payments now due.....	3,053 97
	<hr/>
	\$31,087 72

Amounts received from Missions during two years. (The Missions ought to have paid \$8,425.47)	\$6,648 34
Amounts received from S. P. G....	20,969 72
Do do do Mission fund, Church Society, including special grant \$450, and donation of the Lord Bishop \$100.....	3,469 66
	<hr/>
	\$31,087 72

It only remains for the Board to express their deliberate opinion that, unless for the future greater regularity be exercised in the payment of local assessments, and increased liberality be manifested throughout the Diocese, they see no prospect of raising the salaries of all the Clergy to £150 per annum, or of opening new Missions, however urgent the cry, or encouraging the prospect.

The Board have concurred in the following appointments during the past year :—

The Rev. J. Richardson, to the Mission of Bury.

" F. J. B. Allnatt,	do	of Drummondville.
" F. A. Smith,	do	of Gaspé Basin.
" M. Ker,	do	of Sandy Beach.
" A. Balfour,	do	of Nicolet. [Percé.
" W. G. Lyster,	do	of Cape Cove and
" E. C. Parkin,	do	of Cookshire.
" J. Dalziel,	do	of Portneuf.
" A. von Iffland,	do	of Valcartier.

It was omitted to mention in last year's Report that the labours of the Rev. L. C. Wurtele, are now confined to the congregation of Actonvale.

Extracts from the Reports of the Clergy, as far as received, are appended :

ACTON.

It is with feelings of gratitude that I report a sure and steady progress in the prosperity of this Mission, though over thirty Protestant families have left within the year. This decrease is owing to the copper mines not being worked so vigorously as heretofore, the day labourers being compelled, for the support of their families, to seek for employment elsewhere. Last summer our little Church was bricked. The buttresses have so improved its appearance that it is the admiration of travellers on the Grand Trunk, for, being situated on a slight elevation at no great distance from the railway track, it is seen to good advantage.

Besides this the congregation have been willing to undertake the purchase of a comfortable and convenient house for a Parsonage, into which we entered on the first of September last.

On this purchase all is paid except six hundred dollars : there is attached to the house a garden plot of about three quarters of an acre, which is very desirable.

The Sunday School is well attended, being under the efficient supervision of a Member of the Congregation—there are 45 names on the roll, with an average attendance of 28. The Choir must not be passed by, as I have great reason to be proud of it, and I am indebted to the members for the great interest and pains they take in perfecting the musical part of the Church Services. If for these things we did not praise God for his goodness, we should indeed be ungrateful. In the humble and sure hope that the Divine blessing will bring forth good fruits in the congregation, the Holy Communion is administered on the first Sunday of every month, and on the chief festivals of the Church.

It has been the will of Providence that the congregation should be somewhat decreased, but those who still remain under my charge appear nearer and dearer to me, and I fear I am not worthy of them.

In order to solicit aid towards liquidating the debt remaining on the Church, I went to Quebec in the beginning of this month, and proved the liberality of its citizens by raising in a few days the sum of \$160; and that it may be known what we have done ourselves towards the finances of the Church in Acton, I cannot do better than conclude by transcribing in toto the statement of one of our Church-wardens, drawn up previous to my leaving home.

"Statement of the affairs of Church of England at Actonvale.

Total amount expended on erection of Church, enclosing Church Yard, and purchasing Parsonage house, from October, 1862, to date..... \$2,176 76

The above was raised as follows:—

Contributions outside of Parish.....	\$582 75	
Do by Church Society to Church.....	100 00	
Do do to Parsonage.....	100 00	
	<u>785 75</u>	
Collected within the Parish.....	1,394 01	2,176 76

In addition to the above sum the congregation have contributed towards the support of Clergyman and maintenance of the Church services during the same period..... 840 00

Being a total contribution by congregation of.... \$2,234 00
for Church purposes in two years.

The congregation consist of 30 heads of families who are able to contribute.

The average contribution of each family has been therefore..... \$75 00

The debt on the Church and Parsonage is as follows:—

On Church.....	\$691 21
On Parsonage.....	600 00
	<u>\$1,291 21</u>

Of this nearly one, half must be paid immediately, and the congregation having taxed themselves to the uttermost, now apply to friends at a distance for aid."

LOUIS O. WURTELE,
Incumbent of Acton.

BOURG LOUIS.

As I hope that, in reporting the present state of this Mission, I may speak with satisfaction. The congregations have been exceedingly good throughout the year, and the number of Communicants has decidedly increased.

The Lord Bishop visited the Mission in June last, and held a Confirmation on Trinity Sunday, when twenty two persons were confirmed, of whom several have since become Communicants.

The Parsonage will soon be in a fit state for habitation. This desirable result is owing to the kindness and zeal of Mrs. Williams, who collected money sufficient to complete the lower part. In conclusion, I cannot but think that, under the Divine blessing, the Mission is in a satisfactory condition. The people are very poor and are unable to pay the full amount of their assessment, but they are willing to give of their farm produce, if there were only competent persons at hand to convert it into money for your Society.

F. T. COOKESLEY.

CAPE COVE.

There is very little to add to the Report of last year.

The Board is no doubt fully aware that in a country Mission like this, the labour of the Clergyman varies little from one year to another.

Here, during the past year, the services of the Church have been regularly held, and as regularly attended. The Sacraments have been duly administered; Parochial visits made at intervals, and Sunday and week-day Schools kept in operation, an interest in them fully sustained, and a decided improvement on the part of the pupils manifested.

As to the spiritual state of the people, I am unwilling to make any definite assertion.

I may safely say, however, that a decided earnestness at Divine Service is always shown by them. The number of Communicants has increased, and I have every reason to hope and believe that "our labour is not in vain in the Lord."

On the first of October, I took charge of the Mission of Percé (re-annexed to Cape Cove) as directed by the Lord Bishop. Since then, Divine Service has been held there regularly once every Sunday, with the exception of one Sunday on which the bridge at L'Anse au Beaufils was impassable, having been broken during a storm a few days previously. The congregation at Percé average 35. The Percé Church is an extremely neat little structure, finished in the best style. It was built a few years ago, principally at the expense of the Messrs. Robin.

The congregation here has been fully taxed during the past year, and the school rates, Missionary's salary and local expenditure in the erection of a new barn on the Glebe, seemed to me as much as could well be expected from them. The proceeds of a collection made after Sermon, amounting to about £2, were remitted to the Treasurer of the Church Society, and by him acknowledged; and the contents of the Missionary box (£1 5s.) have also been forwarded. A second Sermon for the Church Society would have been preached at the proper time, only that in the interim we were called upon to make a collection for the widows and orphans of some poor

ship-wrecked fishermen belonging to the Magdalen Islands, and I was unwilling to make a third appeal to the people.

Next year, please God, I shall endeavour to induce all my Parishioners to become annual subscribers to the Mission fund of the Church Society.

WILLIAM GORE LYSTER.

COMPTON.

The Incumbent of this Mission took charge on Sunday, January 10th, when there was a congregation of 40 persons, which has since increased, so as to reach on one occasion, (besides the Sunday on which the rite of Confirmation was administered) over 100. The average for the summer months being about 60; the first time the Holy Communion was administered, there were twenty-one communicants. On the day of the Confirmation, there were thirty; eleven being from those confirmed that day, eight of them receiving Adult Baptism on the same occasion; two, not able to remain then, have come forward since, making in all thirteen, out of seventeen, the number confirmed. Services every Sunday morning—and Holy Communion monthly at St James' Church, Compton. Services at Brookville, about three miles from Compton centre, in a Union Church once a fortnight. Congregation from 20 to 30; people in the vicinity, being for the most part either dissenters, or as but too many in the Townships are, of no religion at all, having no definite creed, whose faith consists in a series of negations culminating in *practical infidelity*.

Services in a school-house on the road to Lennoxville, about four miles from Compton, once a fortnight. Congregation from 20 to 40; several Church families reside in this neighbourhood—most of whom attend the services here—besides a few others who belong to no religious denomination. There is one High School, kept for only about half the year, which I believe, takes the rank of an academy, (mixed) attended by about 25 to 30 scholars. There are in the Township about 20 District schools, where the course of instruction is upon the whole *above* the usual average of that class. About fifty families, numbering about 225 individuals, may be regarded as the Church's strength in this Town, containing a population of above 3,000. The contributions of the people towards the stipend of the Clergyman, and to the Church Society, although small when measured by the wealth of the Township, is yet not so small when we bear in mind the proportion of the Church people to the whole population, including their quarterly contributions to the Board, subscriptions to the Church Society, collections for the General, Missionary, and Widows' and orphans' funds, and local expenses of services. There has been for the past year about \$250 given—which makes more than a dollar a head for every man, woman and child that claim any connexion with the Church.

I hope another year will witness an increase in the amount of subscriptions and collections for the Church Society. This year's subscriptions are appropriated to the Mission fund, as that was the most pressing need, besides

being more in accordance with the feelings of the people, who are not unwilling to give to that object.

I trust that my services have been so far acceptable, and at the same time not unprofitable. The accession of so many from without was very encouraging; may they be followed by many more, who shall enter in and be saved through Christ for ever.

JOHN KEMP.

COATICOOK.

It is but little more than two years since I entered on my sacred duties in this mission, and on taking a retrospect of my labours, during that period, I have abundant cause to be thankful to God for the measure of success which has attended my efforts.

When I commenced my Ministerial duties my prospects were dreary indeed. I am happy to report a steady increase in the attendance on the Services at all stations in the mission. The bitter prejudice (in many cases, the fruits of ignorance of the Church,) which at first seemed to weaken my hands, is fast disappearing. I have baptized ten adults and twenty-seven children during the year. I presented twenty-four persons to the Bishop for confirmation in February last. There is a Sunday-school in successful operation at Coaticook, and I am about to establish another at my station in the Township of Barford. I find a great deal of good results from my Sunday-school. Many parents are thus brought into the Church through the influence of the children attending it.

In obedience to the wise counsels of the Bishop respecting the endowment of Country Missions, I have set about the work, and I am happy to say success has thus far crowned my efforts. It is a pleasure to me to mention the generous manner in which my appeal has been responded to.

I hope, by the end of the year, to have a good many more names of subscribers added to my list.

The guarantee to the Diocesan Board has, thus far, been punctually paid. In fact I make it a point of duty to remind my Church-wardens to send it in at the end of every quarter. As my mission has been only about four years established, there are many local wants which have to be met by the contributions of my people, and hence the reason why we have been unable to do anything for the Church Society. For the future I shall not fail to present its claims to them. I hope the day is not far distant when we shall have district branches of the Society established throughout the Diocese.

I do not wonder when I hear the Society is languishing. How could it be otherwise with her? Let the Clergy of this District meet together in every Mission, once a year, and bring the subject of "Home and Foreign Missions" before the people, and a change for the better will soon be apparent,—at present this district, at least, is practically dead, as regards the Church Society. The Clergy are strangers to each other in a measure, but how much more intimately

should we know each other, if we could meet once a year, and in our respective Missions lay before our people what the Church expects from them, and what she is doing for Christ throughout the world. At present the dissenters in my mission are holding their Missionary meetings, and making it appear that *they alone* are evangelising the world.

In order that we may appear to be doing our part, we must have Missionary meetings also; I for one shall be ready and willing to work, as soon as the Bishop sees fit to organize deputations to visit the different Missions.

On the whole, I have great reason to be thankful for the prospect which I see before me in this Mission. My people are but few in number; but they are united and zealous in the performance of their Christian duties.

JOHN FOSTER.

N. B.—The Board are happy to state that the St. Francis District Association has been recently re-organised, and that by direction of the Bishop, meetings will shortly be held in all the Missions of the District.

GASPÉ BASIN.

You are aware that I have been in charge of this Mission only since the beginning of October, and consequently I have had no opportunity of doing anything for the Church Society, till very recently.

On receipt of your communication I ascertained that nothing had been done for the Society, within the Mission, since last year. I at once set a subscription on foot, and on Christmas-day took up a collection in Church, for the Mission fund. The result you will see in the enclosed account.

Having come here so recently, I cannot now say much as to the "condition and prospects" of this Mission. They are, I think, on the whole, hopeful—and when another year has passed I shall, I trust, be able to tell of some encouraging progress. But truly great is the need of unwearied exertion on the part of the Missionary, for many "are as sheep going astray," and much must be done before the Church here can be considered in a really satisfactory state.

Our Church population seems to be increasing; in fact the old building in which we worship, at the Basin, is now quite too small to accommodate all who require sittings. A new Church is greatly needed, and I hope soon to see something done in the way of preparation for it.

There is also an increased number of Sunday and Common Schools, which are much better than those formerly in existence. This good result has been mainly brought about by the generous help of the Colonial and Continental Church and School Society, and the exertions of those excellent teachers whom it employs.

I met with a warm welcome, and have received much kindness since coming here. May the great Head of the Church give me grace to do my duty, and bless my labours.

F. A. SMITH.

NORTH INVERNESS, AND LAMBIE'S MILLS—UPPER LEEDS.

There is little besides the usual routine of Mission work to report from this Mission. In performing the services at Churches and stations I have travelled 1,116 miles, and fully as many more in my parochial visits. There are two Bible Classes and one Sunday-school, the latter conducted by Mrs. Vial, with the assistance of one of the congregation. We require a Church at Lloyd's Falls, for which Mr. Lloyd has kindly promised two acres of ground; and the congregation of St. Stephen has outgrown the Church. But we have no funds. We are a struggling people; and all are ready, without shame, to plead poverty. I only know of two whose plea could be rejected. I see no prospect whatever of so poor a Mission becoming self-supporting for years to come. Something is always, however, done. I enclose a list of subscribers to the Church Society from Lambie's Mills. The subscriptions from St. Stephen's are divided between local efforts, and the Church Society, and names do not appear, *which is very detrimental to the Church*. Sixty days' work have been given to me which I have added to my own endeavours to improve the Glebe. In Lambie's Mills they have fenced off a road to their Church, and have finished the fencing of the Church-yard. A pleasing occurrence happened the other day. I had preached for the Society, and the collection was small as usual, but at the end of one of my pastoral visits some days after, the mistress of the house came forward with these words, "You are always telling me that God loves a cheerful giver, so here's half a dollar for what you were asking it for." May her cheerful gift be treasure laid up in heaven.

By the Bishop's permission the arrangement of the afternoon services has been altered, and instead of going 20 miles between morning and evening service, I now travel 16 or 17. This has caused some unreasonable jealousy at Lambie's Mills, but has enabled me to open services at the Village of Inverness, which eventually will be the County Town. I have promises to the Board from that place which I trust will be realized.

W. S. VIAL.

LEVIS AND NEW LIVERPOOL.

The Incumbent reports that the Ladies of the Levis Congregation have raised \$400 during the past year in aid of the Parsonage Fund. The Chancel at New Liverpool has been appropriately furnished through the exertions of some members of the congregation.

SHIGOUAC AND MALBAIE.

In making up my annual report I have to express my thanks to Almighty God for the continuance of his mercy towards us during the year which is soon to expire. It is satisfactory to me to be enabled to send to the Treasurer of our Church Society \$26, which I have collected among my two

congregations of Malbale and Corner of the Beach, \$5 of this being my own subscription to the Widows' and Orphans' fund.

When it is taken into account that this Mission had never been, till 1862, called upon to aid the Church Society, because scarcely able to pay their stipulated payments either to their Minister or to the Board, this amount will not appear altogether small, and I trust that it will be augmented next year.

Other moneys, the assessment excepted, could scarcely be expected, for local purposes at the hands of my people, but I should mention that they have hauled timber and furnished boards for Church purposes when required.

I am indebted to a few, (always ready to do good,) for some fire-wood, and and other productions of their farms. The wish lately expressed by the Society, that the offertory at Christmas should be given to their Pastor, or in other ways as best convenient to the donors, could easily be complied with, as is mostly the case in other Missions, by their supplying him with fire-wood.

The Mission's property requires to be improved. The congregation are backward in this respect, and want more united action among them. The Mission-land has not been fenced, nor all the wood for the barn brought up. I had offered, when we first came into the Parsonage, to put it up at my own expense, were all the wood hauled that winter. This my family greatly needs. The Church-yard needs also a substantial fence. The Wardens have promised me that all these things shall be attended to, and the wood collected this winter. Very little can be done here, unless Church-wardens are found disposed to give some of their time to the service of the Church, but it is also equally necessary that the people should back them for their work's sake.

With reference to the religious state of the Mission, there is little calling for remark besides referring to my last year's letter. Services have been held at Malbale mostly every Lord's day; in summer, fortnightly, and occasionally in winter, in French; and at the Corner of the Beach, I have given them from time to time a whole Sunday.

The work of a Missionary is but partially done when the Sabbath is over. There is a manifest sign of irreligion and indifference to things divine. I really believe that there are some who make a point of never coming to Church, and of violating otherwise the day we are told to keep holy. Some careless ones, seldom or never attend upon our Ministry, or only enter the Church in funeral processions; and to be instrumental for much good, it requires continual visiting among them, and urging them to seriousness and consecration to God, we ourselves being ensamples to the flock.

JOSEPH D. MOUILPIED.

RICHMOND AND MELBOURNE.

The condition and prospects of this Mission are not materially changed since last report. It will be seen from the annexed statistics that many have been baptized and confirmed. We have also lost very many by deaths

and removals. It is impossible to expect any great improvement in the size of our congregations until we get a new or enlarged Church, central to the whole Mission, and all our people in these two Townships (Cleveland and Melbourne,) be drawn to it. Then, when we can seat the people, and also provided shelter for their horses, I think we may reasonably expect the congregation to be greatly increased. The Holy Communion is better attended, and, apparently, more worthily prized. It is with profound gratitude to God that I am able to say that nearly all my appointments for the past year have been kept. It will be remembered that I have three full services on every Sunday in the month, but the first. On that Sunday, owing to the Communion, I have not time to get to either of my out-stations in the afternoon, and get back to St. Ann's for evening service. Collections after sermons have been taken up for the Mission fund, and also for that of the Widows and Orphans; which, together with my own annual subscription, have been forwarded to the Treasurer. Two days hence, a special effort is to be made for the cause of our Missions, at a Missionary meeting to be held in St. Ann's Church by the Rural Dean of the District, with a deputation of three other Clergymen.

J. L. GAY.

NEW CARLISLE.

I am afraid that little has occurred during the last twelve months, calculated to excite much interest in those at a distance. Indeed, in a Mission into which there is no immigration to make a change in the population, there is little to be noted but the usual routine of duty.

Except for two Sundays about last Christmas, when I was confined to the house by ill health, and one Sunday when I visited the Mission of Hopetown during Mr. Tocque's absence, I am thankful to say that I have been able to keep up the regular services in both Churches of the Mission, and the congregations have in general been large and attentive. So far we can speak of the outward conduct, but the spiritual condition of the hearers is best known to the great Searcher of hearts, and is a very delicate matter on which to pronounce an opinion. Besides the other duties of my own Mission, I baptized several children, and visited several sick persons in the Hopetown Mission.

There is a Sunday-school connected with each Church during the summer season, both of which have been pretty well attended. They cannot be kept up during the winter as many of the children reside at too great a distance. The usual collections for the General, and Mission fund of the Church Society, have been made in each Church and transmitted to the Treasurer, the amount \$27.68. I have also remitted \$27.50 of subscriptions for the year 1863, making a total from the Mission this year of \$55.18.

The only occurrences out of the usual order during the year are, 1. The three of the young ladies belonging to the congregation of St. Andrew's Church collected during last winter \$100, with which a fine-toned Harmonium has been obtained to lead the music in the Church. 2. A large

shed to afford shelter to horses from the weather, and having a room in the upper part in which the Sunday-school may be held, has been erected at St. Peter's Church, and the Church-yard has been drained, the expense of which I cannot at present state, as it is not quite finished.

G. MILNE.

SANDY BEACH.

With every disposition to comply with the very reasonable request of the Diocesan Board, and furnish an abstract of my missionary labours during the year, I find it no easy matter to do it in such a way as to be generally interesting—the quiet flow of events in a small country Parish, gives but few salient points, to which to direct attention and attach interest. It requires actual knowledge of the persons and their peculiar circumstances to give even the zealous Christian a lively interest in the contest continually carried on between light and darkness in isolated and obscure places, in the hearts of individuals.

The Board are aware that up to the month of October last, both Gaspé Basin and Sandy Beach were under my care, and also Little Gaspé; the latter I attended, and still attend monthly, going down there on a Saturday, and giving two services on the Sunday, and generally returning on Monday. There is there a most interesting congregation of about 100 members; a spirit of enquiry and attention to the holiest and best subjects seems to have been kindled; this is especially the case amongst the young, and is evinced, amongst other things, by the zeal with which they have entered into the project of erecting a new Church, their old one being much too small, and going rapidly into a state of hopeless dilapidation. The young men have agreed among themselves to take the entire burden of getting out the frame from the woods, making the boards, and completing the whole shell of the building, which is to be 60 feet long by 30 wide. The frame work they have already happily completed; they are much cheered by the kindness of the Society in making them a grant, and very thankful for the aid, which they will claim, when they have fulfilled the necessary conditions.

As long as Gaspé Basin and Sandy Beach were both under my charge, I kept up Divine Service in each every Sunday, having morning and evening service alternately in each, visiting and performing occasional duty in both on week-days as I could. The tone of religious feeling will I think compare favourably, in both these Missions, with any congregations of like numbers in the Diocese.

I have been especially cheered by the tranquil and hopeful deaths of some of the young whom the Lord has called to Himself, having, (as I believe,) revealed His Son in them.

The prospects of this Mission for the future are sufficiently encouraging to warrant a sober hope of continued advancement in the divine life. Discouragements indeed we have, in the apathy and irreligion of some from whom I had hoped better things; but such discouragements are peculiar to no place, and to no age.

In one aspect indeed its prospects are most gloomy—that of becoming self-supporting—the people are poor and there is no prospect of their ever being otherwise. There are not the elements of prosperity here which are to be found in abundance in other parts of the Province; the fisheries are the sole staples, and they are so managed as greatly to enrich a few, mostly living in other lands, and to leave the majority, (the actual labourers) in poverty.

M. KER.

STONEHAM.

Since my last report the Services of the Church have been regularly celebrated, and the Gospel of Christ preached to the people of this Mission. The result is that the principles of the Church have become better known and better liked, and the little flock has considerably increased. In the early part of the year the Lord Bishop visited the Mission according to appointment, and administered the rite of Confirmation to twenty-four candidates. Their earnest and reverent demeanour, and their hearty responses, as they stood before the Bishop to be confirmed, manifested the spirit which prevailed among them. The greater part of those who thus solemnly avowed before the Church their desire to take on themselves their vows made for them at their Baptism, have followed up their profession by approaching the Lord's Supper at every opportunity. So the Church is advancing in the observance of its ordinances—so God is blessing us.

We have endeavoured to maintain, without surrender of principle, a course of conciliation and Christian charity, striving still more to disarm prejudice, and to commend ourselves to every man's conscience in the sight of God. But recent events have convinced us that in order to the success and continuance of the Church it is best to pursue an independent course, and complete the work of building up the Church. Now the great want of this Mission is a Parsonage for the use of the Clergyman in charge, and I have as in duty bound sympathized with the wishes of the people. A site has been procured, a subscription list opened, and though we are very few in number and very poor, one hundred dollars have been subscribed at Stoneham. A little more may be procured in the Mission, *but very little*. A few persons in Quebec have assisted the good intention, by giving us about three hundred dollars. All that we can raise will fall short of the sum needed. We therefore throw ourselves upon the liberality of the Church Society, feeling assured that we have done our duty, and that they will not permit us to fail utterly for want of means. I am aware that the Church Society is hard pressed at the present time, but have they not a blessing for us also? We feel emboldened to ask, because we are honestly endeavouring to do our own part, and are not building extravagantly, but with a direct reference to our wants. We contemplate building a parsonage that will cost about \$1,000. The Lord Bishop has recommended it to the charitable consideration of the public.

ROBT. MITCHELL.

THREE RIVERS.

The Rev. J. TORRANCE has cause for thankfulness to the Great Head of the Church for the degree of prosperity, both temporal and spiritual, which has attended this Parish during the past year. Although two families have left, others have been added to our numbers. The congregation have been steady and devout in their attendance, and the same unanimity has prevailed among the members of the Church, and the same interest in her welfare and prosperity, which has hitherto characterised it. In the month of July last the Bishop held a Confirmation in St. James' Church, at which fourteen persons were admitted to this holy rite.

Through the kindness and disinterestedness of Miss Jane Porter, of Montreal, a neat stained memorial window has been placed in the Chancel, which is a great improvement upon the antiquated one, which it has replaced. Now that so good an example has been given by almost a total stranger, I am in hopes that the members of the Church who can afford it will, at no distant period, each replace the old windows by memorials, commemorative of deceased relatives. Like every first work it only requires a beginning which, when once made, will be followed by others until completed.

ASSOCIATIONS IN CONNECTION WITH THE CHURCH SOCIETY.

CATHEDRAL DISTRICT ASSOCIATION.

It will be seen by the Treasurer's statement, which will be found appended to the Report, that the Cathedral District Association has carried on its operations during the present year with the same energy, and with as favorable results as during the past year. Where all have been equally anxious to promote the object in view, it would appear somewhat invidious to indicate the precise amount which each lady has been instrumental in collecting. A particular district will sometimes contain a larger number of subscribers than is to be found in another; or the subscriptions may be less in the aggregate in one district than another, but involving, in collecting, an amount of labor greater than was required to secure a larger sum else where.

Missionary boxes have been placed in the hands of those who were willing to accept them, and from this source \$17 35 have been obtained.

It must be borne in mind that the amount collected by this Association is only a portion of the sum which the Cathedral congregation has contributed towards the Church Society during the present year. The Clergy are required to bring before their congregations every year three branches of the Church Society's operations, and these appeals have been responded to in the Cathedral with the following results:—

General purposes.....	\$124 00
Mission fund.....	118 15
Widows' and Orphans' fund.....	102 51

From this statement it will be seen that the extra effort which has been made to increase the Mission fund has not in any degree interfered with the appointed collections.

It is to be hoped that other congregations will show the same amount of zeal for increasing the Mission fund, since the present position of the Diocese requires that no efforts should be relaxed in order to give the Rural Clergy a minimum salary of \$600 a year, which was made a prominent feature of the operations of the Diocesan Board when it was first formed.

The amount collected by the Cathedral Association is \$1,111.30, making, with the contents of the Missionary boxes, \$1,128 65.

ST. MICHAEL'S DISTRICT ASSOCIATION.

From the tabular statement, received from the Treasurer, it appears that the Association has not been less zealous than in former years in advancing the objects of the Society.

EDUCATION.

The Schools in receipt of grants from the Society are :—

Three at Bourg Louis,.....	\$70 00
One at Frampton,.....	22 50
One at Standon,.....	22 50
One at Cranbourne,.....	10 00
One at Stoneham,.....	20 00
One at Portneuf,.....	15 00
One at St. Catharines,.....	16 00

\$176 00

As to the condition of these Schools your Board are unable to give any precise information, there being at present no system of inspection authorized by the Society. In the early part of the year the Education Committee, with the approval of your Board, issued a circular with a view to collect data, which would enable them not only to improve the condition of the Schools to which grants are made, but also to elevate the tone of Common School education in the Diocese, so far as it is in any way under the control or influence of the Clergy. Meanwhile it was deemed advisable, on the part of the Education Committee, not to entertain any new applications for assistance until answers were received from the Clergy, and, if possible, some system of inspection provided. It was felt in the first place, that several of the Schools which have been in previous years aided by

the Society were in a state of comparative inefficiency, which rendered it questionable whether the grant should be renewed; and secondly, that the Society was in a position to be of still greater service in the cause of education by introducing and providing a better class of School-books, by making arrangements for School inspection, and by undertaking the formation of new Schools in neglected localities. With this view a series of questions was prepared and sent to every Clergyman in the Diocese. Answers were subsequently received to these questions, but it is to be regretted that from some misunderstanding as to the purport of the circular, a considerable number of those who might have furnished information failed to do so. Sufficient, however, were received to justify the Committee in the course they had begun. One pressing need, the want of good School-books, and of a sufficient number of them, will, it is confidently expected, be supplied, your Board having it under consideration to place at the disposal of the Committee a grant from the Special Fund, contributed by the Society for Promoting Christian Knowledge. Another difficulty, that which arises from the want of well-qualified and sufficiently paid teachers, is not one which admits of so easy and immediate a solution, but your Board will give to it their best attention. In order to economise as far as practicable the Society's funds—to preserve a proper proportion between the Society's grants, and to lessen the expense of inspection, as well as to introduce a uniform series of School-books throughout the Diocese, it was deemed desirable on the part of the Education Committee to seek a conference with the Corresponding Committee of the Colonial and Continental Church Society. It was agreed at the conference that the two Committees should, as far as possible, work harmoniously together, but no pledge was either given or received, and consequently the co-operation is a matter merely of mutual good understanding. It is to be hoped that, in view of the importance of this branch of the Society's operations every Clergyman will, in his own district, act cordially with the Education Committee in endeavouring to raise the present low condition of education in this section of the country.

DEPOSITORY.

The following return has been made :

Sold—146 Bibles : 268 Prayer-books : Testaments, books, tracts, &c., to the amount of \$234.73. Total amount of sales \$523.07.

The Clergy are at liberty by a recent resolution of the Committee to obtain from the Depository, without application, three hundred tracts per annum for the use of their people.

LOCAL ENDOWMENT.

In the month of February last, the Lord Bishop addressed a circular to the Clergy, calling their attention to the desirableness of preparing for the future support of the Church in this Diocese, by the creation of local endowment funds wherever practicable, as centres round which might gather the benefactions of those whom God has blessed with wealth, and recommending that a sermon should be preached annually in its behalf in each Mission. His Lordship annexed a copy of the resolution of the Society for the Propagation of the Gospel, " appropriating £1,000 sterling towards the endowment of Parishes within the Diocese of Montreal, on the following conditions : (1.) That the sum of £5,000 sterling shall have been previously raised for the endowment of said Parishes, and be placed under the control and supervision of the Central Board of the Church Society. (2.) That a sum of £500 be added to it by the Church Society of the Diocese : and (3.) That not more than £100 out of the Society's grant shall be given to any one place." His Lordship further stated that upon his application, the Society for the Propagation of the Gospel had consented to make a similar appropriation for this Diocese. Your Board, feeling assured that the first condition of the Society for the Propagation of the Gospel was one which could not be fully complied with in this poor Diocese, and which, if rigourously exacted, would render the good intentions of that Society nugatory, requested the

Bishop to communicate with the Society and request them to grant a sum equal to one-fifth of such amount as could be raised at the end of the current year, and a further grant in like proportion three years later ; promising that the Church Society would add a further sum equal to one-tenth. The following favourable reply was in due course received :

79 PALL MALL, LONDON, S. W.,
July 9, 1864.

MY DEAR LORD,—

In answer to your letter of June 17, I am desired to inform you that the Society has not undertaken to grant a definite sum of £1000 out of its reserved endowment fund—on the fulfilment of certain prescribed conditions—but has simply made £1000 the *limit* of its grant to any one Diocese. If, however, the Diocese should succeed in raising £1000 or even £500, and you are enabled to certify that it is actually realized and invested in good securities, the Society will, I have no doubt, vote an additional fifth ; and similar applications may be made from time to time. You will bear in mind, however, that £10,000 is the whole amount set apart by the Society for the purpose of endowment ; and it must be voted generally according to priority of applications. You will be careful, also, in making applications, to show that all the conditions of the grant have been fulfilled.

I am, yours faithfully,

ERNEST HAWKINS.

THE LORD BISHOP OF QUEBEC.

A member of the Society, whose beneficence is well known, last year offered to present to each of a certain number of Missions the sum of two hundred dollars, provided a like sum were raised by such Missions for local endowment, and has, with a spirit worthy of imitation, consented to enlarge the number of Missions that were invited to avail themselves of his liberality. Strong inducements are thus held out for the formation of endowments ; inasmuch as the sum of two hundred dollars, raised by or for any Mission, will immediately, from the three sources above-mentioned, be augmented to the sum of five hundred and twenty dollars ; and, if aided by yearly subscriptions and collections, and the rapid accumulation of compound interest, which latter it will be the business of one of your Committees to attend to, it will further grow, after a few years, to an amount capable of yielding every year, for ever, an income equal to the original amount collected, viz :

two hundred dollars. Such a nucleus towards the support of their Pastor will be felt by succeeding generations as a great boon, knowing as we do that the aid now received from the Society for the Propagation of the Gospel is a declining aid, and must ultimately cease altogether. Four Missions have availed themselves of the proffered benefits, and others appear to be making an effort in the same direction.

The importance of creating endowments in every Mission, (provided it can be done without interfering too much with the sources from which the support of those who are now labouring in the Lord's vineyard is derived), cannot be too highly rated, and it is the earnest hope of your Board that this subject will receive the serious attention of all who have at heart the welfare of the Church of England and Ireland in this section of the Province.

WIDOWS' AND ORPHANS' FUND.

The subject of the Widows' and Orphans' Fund was submitted last year by your Board to the Finance Committee, with instructions to draw up a scheme for its management. This difficult subject occupied their attention for a long time. To meet the objections which some of the clergy make to their widows coming to the Central Board to ask for a pecuniary allowance, and to obviate other inconveniences arising from each particular case being brought under consideration before them, it was thought advisable to propose a By-Law which would give the widows and orphans of clergymen the right to receive respectively a uniform pension, provided certain requirements should have been fulfilled. A scheme of this nature, after much advice from Mr. Langton, who very kindly gave a great deal of time and labour to the question, was laid before your Board in the early part of the year, and was subsequently printed and circulated among the clergy and the members of the Board, and by order of the latter body was submitted to Mr. A. G. Ramsay, Fellow of the Institute of Actuaries of England, and manager of the Canada Life Assurance Com-

pany, for his opinion upon its feasibility. The purport of his report is that the scheme is feasible in ordinary times, but he fears that the fund and the number of the annual contributors are of too limited a character to make it safe, in the event of three or four of the clergy being carried off by death during any one year. The proposed By-Law will be submitted to two general meetings of the Society for consideration.

RESIGNATION OF TREASURER.

It is with very sincere regret your Board announce the resignation of H. N. Jones, Esq., as Treasurer of the Society. During the past five years this gentleman has gratuitously discharged the arduous duties of his office, with a courtesy and efficiency that has justly earned for him the grateful esteem of all members of the Society.

The Board have made the following grants during the past year :—

Churches.

Stanstead Church.....	\$200
Port Daniel Church.....	100
Little Gaspé Church.....	100
Three Rivers Church.....	100

Parsonages.

Levis Parsonage (grant renewed).....	\$100
Port Daniel Parsonage.....	100
Acton Vale Parsonage	100
Cookshire Parsonage.....	30
Towards passage money from England of two candidates for Holy Orders.....	100

Other objects,

Special grant to Diocesan Board.....	450
Levis and New Liverpool endowment fund.	100
New Carlisle endowment fund.....	100
St. Sylvester endowment fund.....	100

INCOME :

The income for the past year, including interest on invested funds, is as follows:—

General fund.....	\$2,068 85
Mission fund.....	1,748 91
Widows' and Orphans' fund.....	1,379 20
Depository fund.....	16 33
	<hr/>
	<u>\$5,213 29</u>

EXPENDITURE :

General fund—for Churches, Parsonages, Schools, Grant to Diocesan Board, salaries and expenses.....	\$1,695 03
Mission fund.....	1,748 91
Special fund (grants to Churches).....	300 00
Widows' and Orphans' fund.....	361 00
	<hr/>
	<u>\$4,104 94</u>

**ABSTRACT OF PROCEEDINGS OF CENTRAL
BOARD, 1864.**

JANUARY.

Standing Committees appointed. R. H. Wurtele, Esq.,
appointed one of the Auditors.

FEBRUARY.

A Report from the Finance Committee on the subject of
the Widows' and Orphans' Fund, ordered to be printed for
circulation. A deputation appointed to wait upon the
Trustees of the Savings' Bank. The Treasurer of the
Clergy Trust Committee reported that the balance in final
settlement of the amount due to the Montreal Church So-
ciety from the Bishopric Endowment Fund had been paid.

MARCH.

Letter read from the Trustees of the Savings' Bank. The Secretary instructed to thank the Trustees for their kindness in meeting the wishes of the Board in so liberal a manner.

APRIL.

The subject of Local Endowments, as suggested by the Society for the Propagation of the Gospel, referred to the Finance Committee.

MAY.

Report of the Finance Committee on the subject of Endowments received, and the Bishop requested to enter into correspondence with the S. P. G. on the subject.

Report of the Finance Committee on the Widows' and Orphans' Fund ordered to be submitted to an experienced Actuary for his opinion as to the safety and feasibility of the scheme.

SEPTEMBER.

The balance sheet of the Diocesan Board, showing the financial condition of the Board to 31st March last, and giving a statement of the application of the special grant of the Central Board of \$450, presented.

A letter from the Secretary of the S. P. G. to the Bishop, on the subject of the Society's Colonial Endowment fund read.

£210 accepted as the payment of the capital of the *Rente Constituée* on Fief La Gauchetière held by the Nicolet Endowment fund.

NOVEMBER.

The Treasurer reported the release of the *Rente Constituée* on the Fief La Gauchetière; and that the amount had been reinvested in stock of Banque du Peuple.

A letter was read from the Treasurer tendering his resignation, on the ground of his being no longer locally circumstanced with a view to the convenience of persons having business with his office. Resolution adopted

unanimously.—trusting that he might be able to see his way before the end of the year to withdraw his resignation.

Report read from A. G. Ramsay, Esq., Fellow of the Institute of Actuaries of England, and Manager of the Canada Life Assurance Company, on the safety and reliability of the scheme for the management of the Widows' and Orphans' fund.

Report of Finance Committee on the subject of S. P. G.'s grant in aid of local endowments received.

Application of Diocesan Board referred to Finance Committee.

Report of Lay Committee adopted, recommending that the Waterville congregation be requested to make an offer for the Society's property.

The Bishop requested to furnish the S. P. G. with a statement of the origin of the local endowment funds of the Diocese.

DECEMBER.

The Treasurer of the Diocesan Board empowered to draw on the Treasurer of the Society for any sum he might require to enable him to meet the engagements of the Board for the current year. Application of Education Committee referred to Finance Committee.

A Committee appointed to advise with the Treasurer in making and changing investments with instructions to consider the existing investments.

Letter from Rev. H. G. Burrage referred to Lay Committee.

Annual Report of the Diocesan Board received, and ordered to form part of the Annual Report of the Central Board.

Annual Report of the Central Board considered.

A letter from A. G. Ramsay, Esq., read, with reference to certain alterations in the proposed By-law of the Widows' and Orphans' fund.

A Report from the Clergy Trust Committee read, recommending the acceptance of Mr. Henneker's offer on certain conditions.

REPORT OF THE CLERGY TRUST COMMITTEE

TO THE

CHURCH SOCIETY

OF THE

DIOCESE OF QUEBEC,

Presented at the Annual Meeting held in the Lecture Hall, St. Ann Street, at Ten o'clock, on Wednesday morning, 11th January, 1865.

The Clergy Trust Committee most respectfully beg leave to report :—That the revenues on the several investments for the past year, have been received, with the exception of the interest on Hamilton debentures, and the *rente Constituée* on the Seignory of St. Hyacinthe. The latter, will positively be paid during this month. As to the former, the Legislature at its last Session granted to the City of Hamilton, authority to issue new debentures in payment of the old ones, including all arrears of interest since 1861, the debentures to be made payable on the 31st day of March, 1894, and to bear interest at four per cent. for the first ten, five per cent. for the second ten, and six per cent. for the last ten years. The City of Hamilton, however, has not yet issued any new debentures under the authority thus given.

The City of London, Canada West, through some unforeseen difficulty, was not prepared to pay the half-year's interest on its debentures when it became due, but it must be mentioned to the honor of that City, that it paid interest at seven per cent. for the extra time taken.

The balance due to the Church Society of Montreal, on account of the Bishopric fund of that Diocese, has been paid, and a discharge in full received.

In order to increase the capital of the Bishopric Endowment fund, so that at six per cent. it will yield sufficiently to pay the Bishop's annual allowance, some of the securities were sold, and others purchased to great advantage. A small amount only is now required to complete the fund.

The following debentures have been sold, or paid off, during the year :—

On account of Bishopric Fund.

Government Debentures.....	\$15,400 00	
Montreal Harbour.....	6,000 00	
Quebec Water Works.....	1,000 00	
Montreal and Champlain Railroad.	973 33	
Montreal Water Works.....	1,200 00	
		<hr/>
		\$24,573 33
		<hr/>
		3,200 00

On account of Clergy Trust fund,

Quebec Corporation.....	\$400 00	
Paid off, Municipality of Walsingham.	2,800 00	
On account of Frampton Mission,		
Quebec Corporation		1,800 00
On account of Three Rivers Rectory,		
Quebec Corporation.....		400 00
		<hr/>
		\$29,973 33

INVESTMENTS MADE :

On Bishopric account,		
Two Seigniorial claims		28,994 50
On Clergy Trust account,		
Government debentures.....	\$1,400 00	
Montreal Water Works.....	400 00	
		<hr/>
		1,800 00
On Frampton Mission account,		
Quebec Water Works.....	\$1,000 00	
Montreal Water Works.....	800 00	
		<hr/>
		1,800 00
On Three Rivers Rectory account,		
Government debentures.....		400 00
		<hr/>
		\$32,994 50

The revenue of the Frampton Mission Endowment fund, is now sufficient to enable the Committee to pay two hundred dollars per annum to the Clergyman serving the Mission; he will therefore from the first of January receive a portion of his stipend from this fund, according to the terms of the trust deed.

The whole is respectfully submitted.

J. W. QUEBEC.

R. G. PLEES,
Acting Secretary.

Chairman.

RESOLUTIONS OF CENTRAL BOARD.

STATED MEETING—JULY 9TH, 1856.

Resolved,—That it be an instruction to the Treasurer, when transmitting the amount of any grant of money, made by this Society, to any Parish or Mission in the Diocese, to require a receipt, signed jointly by the Incumbent of such Parish or Mission, and one or both of the Church-wardens.

STATED MEETING—OCTOBER 8TH, 1856.

Resolved,—That in all cases where grants of money (other than personal) are made by the Church Society, it shall be the duty of the person to whom such grant shall be paid, to furnish, within three months afterwards, regular vouchers of the expenditure of such sums, to be submitted to the Board.

STATED MEETING—JUNE 15TH, 1859.

Resolved,—That, with the exception of grants to aid in building churches, when the conditions on which any sum is voted are not complied with, and the money applied for within one year from the time it is voted, such grant shall be struck off the list.

JANUARY 29TH, 1863.

Resolved,—That in all reports published after the present year, the Amounts credited to all Subscribers be those only that have reached the hands of the Treasurer of the Society. And that this resolution be conspicuously printed in the Report of the current year.

NOTICE.

The ANNUAL SERMONS, in aid of the funds of the Society, are appointed to be preached—

FOR GENERAL PURPOSES, on *Quinquagesima Sunday*.

For the MISSION FUND on the *Sunday nearest to Michaelmas*.

For the WIDOWS' AND ORPHANS' FUND, on such other *Sunday* as may be found most convenient.

N.B.—The Rules of the Society prohibit any grant being made to any Parish, Mission, or Station, in which at least one Sermon shall not have been preached, and from which the subscriptions shall not have been sent in, during the year.

All applications for aid must reach the hands of the Secretary at least a fortnight before the meeting of the Central Board.
