Technical and Bibliographic Notes/Notes techniques et bibliographiques

The Institute has attempted to obtain the best original copy available for filming. Features of this copy which may be bibliographically unique, which may alter any of the images in the reproduction, or which may significantly change the usual method of filming, are checked below.

L'Institut a microfilmé le meilleur exemplaire qu'il lui a été possible de se procurer. Les détails de cet exemplaire qui sont peut-être uniques du point de vue bibliographique, qui peuvent modifier une image reproduite, ou qui peuvent exiger une modification dans la méthode normale de filmage sont indiqués ci-dessous.

The copy filmed here has been reproduced thanks to the generosity of:

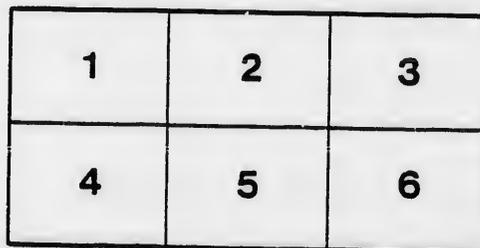

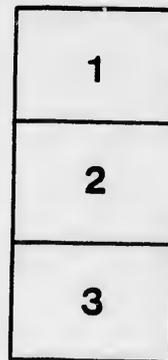

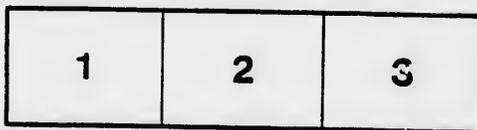

Manuscript Division  
Public Archives of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol  $\rightarrow$  (meaning "CONTINUED"), or the symbol  $\nabla$  (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Division des manuscrits  
Archives publiques du Canada

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole  $\rightarrow$  signifie "A SUIVRE", le symbole  $\nabla$  signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

CIRCULAR.

## GREAT WESTERN OF CANADA RAILWAY COMPANY.

---

Debentures bearing interest at 6 per Cent. per Annum, with the option of conversion into paid up Stock.

---

THE Capital of this Company is £1,250,000 sterling, of which one-half has been subscribed in Shares in Canada and the United States. 30 per Cent. has been called up and expended on the works, which are so far advanced, that a part of the Line will be opened next summer, and the whole Line from Niagara to Windsor in 1853.

The Canadian Legislature, in consideration of the importance of this Railway to the Province, has authorized the Government to advance the other half of the Capital on Loan at 6 per Cent., for twenty years; but as the Government requires a sinking fund of 3 per Cent., to be set apart annually for the repayment of the Loan, the Company have determined to avail themselves of this credit, to the extent of only £400,000; and to offer to the public the remaining £200,000 in Bonds, repayable on the 1st of October, 1857, bearing interest at the rate of 6 per Cent. per Annum from the day of Subscription, and convertible (at the option of the lender) into paid up Stock of the Company any time on or before the 1st of May, 1855.

Contractors of the highest respectability have already offered to work the Line as completed, and to pay a rent of 8 per Cent on the Capital expended; but the Directors have declined this offer, from a conviction that a much higher return will be obtained; as is the case with the adjoining Railways.

The power of converting these Bonds into Stock may therefore become a very valuable privilege. About one-third of the £200,000 has already been secured by parties in this Country interested in the success of the undertaking.

Applications for the remainder (£140,000,) may be made to MESSRS. FOSTER AND BRAITHWAITE, Stock Brokers, 68, Old Broad Street, on or before the Tenth day of January next.

N. B.—The Bonds and Coupons will be payable in London. They will be made out in sums of not less than £100 each; and as the Stamp Laws do not apply to Colonial Securities, they will be "to Bearer," and will be transferable without expense.

LONDON, DECEMBER, 1851.
