mination that was not concluded adjournment tonight and probably

at adjournment tonight and probably will continue all day tomorow.

Chairman Chamberlain and other committeemen wanted to know particularly about delays in furnishing machine guns and rifles, and much attention was devoted to the army's supply purchasing system. Mr. Baker admitted there had been some mistakes and delays, but declared that all fighting men in France were adequately equipped and armed, and that all sent over would be. He took full responsibility for delay in approving a the Browning gun now developed s worth it. He also said the su-tion weapon obtained by having the tish Enfield rifle rechambered for

EXEMPTIONS SHOULD BE ABOLISHED

In this war nobody, anywhere, is entitled to exemption. We all have do our bit, and as Major Bishop said yesterday, nobody has done his until the war is over. We are coming to see a lot of problems in an entirely new way when we look thru the smoked glasses of the war. The exemption question is one of them. Why should any one or any class be exempt when the demands of the war are so universal and so exhaus-

The question of the exemption of various real estate properties from taxation has not yet been properly considered from this angle. An increase of the revenue from taxation is unavoidable, and when the citizens have to pay more it is a reasonable question to ask why those who now pay nothing should not pay something. The assessment and taxation of these exempted properties would more equitably distribute the burden of taxation. There is no justice nor equity in asking one man to pay another man's taxes. Yet this is what exemption involves.

No one has upheld the necessity for the war more earnestly than those who have benefited from tax exemption. They cannot consistently object to contributing in some slight measure to the increased cost of municipal government. We think, however, that if the prospective adoption of the land tax principle be kept in mind it would be satisfactory to said: continue the exemptions on buildings now exempted and impose the tax might be some cases, as in the use of park lands, which could be specially greatest struggle against barbarism, the democracies of the central powers continue the peace negotiations at that place, according to the latest information, but the general principle of assessment and taxation of all on the land, which now escapes, at regular assessment rates. There first time in their history entered the

If legislation be necessary the city should at once move for it. The government would be well advised to use the authority of the War Measures Act and abolish this anomaly forthwith.

COAL ALLOTMENTS GREATLY REDUCED

American Fuel Controller Cuts Down Canada's Supply Forty Per Cent.

The new regulations of Dr. H. A. forbidding the export of fuel to Canaffect Canada's supply for at least three months, as the allotments for

three months, as the allotments for that period have already been made. At the expiry of the present allotment period, however, Canada may be seriously affected if the new order is rigidly enforced in relation to this country's supply.

Even the allotment for the present three months nas been cut down to an extent to cause considerable worry among Toronto coal dealers. It was generally expected that the allotment for the first three months of 1918 would be at least equal to the allotment for the same period in 1917, but a prominent coal dealer informed The World last night that it would be only forty per cent, as great. This will mean that about 325,000 tons of anthracite coal and 1,750,000 tons of bituminous coal will be all that American mines will be permitted to export to this country in the next three months.

months.

Canada is not even sure of getting this amount of coal. The sixty mines which are licensed to export anthracite coal and the thirty licensed to ship bituminous coal are not bound to ship the coal unless they want to.

Dr. Garfield reserves the right, in addition, to direct shipments to any point, and if he should transfer some of Canada's share to another part of the continent in need of coal this the continent in need of coal this country would be even more seriously affected than at the present time.

As it is, the reduction of sixty per cent in Canada allotment for the first

e months of this year is causing iderable worry among Toronto

so are they all, ll honourable

a little more than three years ago—although it hardly seems that long—when that First Division of very gallant men left Canada to defend the principles of civilization on the fields of France and Flanders—

> -a company of Toronto men and women, representing all citizens of the community, undertook a certain moral obligation.

> That obligation was, and still is, to lend their utmost endeavors once a year to the raising of a fund, to be known as The Toronto and York County Patriotic Fund, the proceeds of which should go to supplementing the Government's separation allowances to the wives and other dependents of our soldiers overseas.

> No one foresaw at that time the magnitude of the task ahead: but that pledge, that moral obligation, made then, stands now. And on three days-January 22, 23 and 24-that same company of men and women, assisted by nearly two thousand volunteer workers, will again appeal to the citizens of Toronto to "Carry On" by subscribing to this worthy cause.

Toronto must redeem her pledge, even as the few living men of the Immortal First Canadian Division, and the hundreds of thousands in the other divisions, are daily redeeming their pledge to us.

Let it here be said that, despite criticism, much of it ill-founded and unjust, the Committee have administered the Fund fairly and wisely. They regard it as a Trust from the people, and disburse it to the beneficiaries as they honestly and conscientiously believe the Donors would have them do.

To those who believe the Government should take over the administration of this fund, the answer is-until the Government does so (and it is not at all certain that it would be wise for the Government to do so) the moral obligation is on the citizens of Toronto to continue to support it, and to give if possible, more generously now than ever before, because the need grows greater with every hour.

The objective is \$3,000, 00.00 in Three Days. Our trust is that Toronto the Generous will again rise to the occasion.

THE COMMITTEE

Toronto and York County Patriotic Fund Association

were very gratifying, will be devoted to Red Cross work. * WAR SUMMARY *

THE DAY'S EVENTS REVIEWED

Bulgaria has signed a separate peace with Russia, according to Swiss sources; Turkey has sought a peace, too, but the Bolsheviki refused her request, compelling her to negotiate along with the Germans and Austrians. As Berne and Geneva are the headquarters of the international anarchists, where they have been supported by German mency, the report, tho not yet substantiated, may well be correct. The Bolsheviki are apparently try to force Bumania into a peace with ported by German meney, the report, tho not yet substantiated, may well be correct. The Boisneviki are apparently trying to force Rumania into a peace with Bulgaria so as to nullify the alied promise of protection to her. The Bulgarians, if the peace is ratified, will be able to take a certain number of divisions from the line of the Danube for service on the line of Salonica. The Boisneviki have, therefore, apparently committed a hostile and provocative act toward the allies. How the rest of Russa, will accept their dictation still remains an anigma.

at latest action is a threatened repudiation of the Russian foreign obligations. This would ruin Russia's credit abroad, cut off her exports, and entitle the allies to occupy her seaports and collect her customs duties until her debt had been discharged.

The United States, having proceeded with organization for war at a hustling pace, has now one and a half million men either under arms at home or in the field. Tho it is not announced, it is believed that nearly one-half of these are in the field, or about to take the field. The men who are ready in France for anything that befalls them have the best equipment, the best practical training, the best of modern and effective arms manufactured. The same excellent equipment, training and armament await, the other American soldiers who will proceed to the front this year. The personnel of the avaition force totals 86,000 men, giving an indication of the vast fleet of aircraft which will fly against Germany. The allies, in brief, plan to overwhelm the enemy with airpower during the coming year. The additional American reinforcements on the western front may well give the allies the necessary punch to knock out Germany.

The alarmists are again agitating the

when rest of Russa. Will accept their dictation still remains an enigme.

Residents and students of Russia declare that the Bolshevik program has only adherents among the projectariat of the towns, numbering under one-tent of the population in the country. The recent attempt to carry out the Bolshevik will proceed to the front this year. The personnel of the aviation force totals among the peasantry as to compel the peasants to go back to the landgords and the sake of peace. The bulk of the sake of peace almost interest the resident of the sake of peace. The bulk of the sake of peace is the same time they is administration of the value of the sake of peace. The bulk of the sake of peace is the same time they is a same time they is a same time they is a same time they is used a decree to fix paper money on a large scale. BARGAINS IN Diamond and Jewel Set Rings, \$5.00 and \$7.95

It's one of those absolutely surprising little bargain affairs that happen around stock-taking season. The rings are an odd lot, all 14k. gold with beautiful settings of what are cailed "Doublets" in Emeralds, Turquoises, Rubies, and Whole Pearls with Diamonds. The Diamonds are first quality whole stones—not chip as one would expect at the remarkable prices.

There are only 45 altogether—it's an 8.30 offer. We don't attempt to promise any assortment or to fill any orders, for there's but few of a kind and size. And in the lot are a few rare prizes for those who get them-not enough to even describe, but they're certainly a bargain for someone. Two lots-25 rings, women's sizes, reg. \$7.50 to \$13.00, Friday, \$5.00; 20 rings, women's -Main Floor, Yonge Street. sizes, reg. \$15.00 to \$25.00, Friday, \$7.95.

STUDENTS ALLOWED TO COMPLETE TERM

Few Months at Most Allowed Mrs. Holden Says Tanlac to Nearly All Applicants for Exemption.

In the afternoon appeal court yesterday, Judge Coatsworth refused the appeal of J. C. Lumb, 227 Huron street, who said he was a dental student. He also said he had worked on a farm every summer, but his on a farm every summer, but his

Must Persuade Mother.

"Persuade your mother to allow him
to go and I will exempt you," said
his honor, and his case was deferred
until Monday.

A. W. McGarval, Toronto University, a second-year medical student,
was granted exemption until he completes his second year.

pletes his second year. R. B. Gillrie, Knox College. Nowed until class two would be called. Jacob G. Blaty, 642 Spadina avenue, a first-year dental student, in winter, works on his father's farm in Manitoba in the summer. He said he had four brothers, the eldest being 19 years of age. He also said he had five sisters at home. Exemption was granted until class two is called, or until he ceases to me employed on until he ceases to me employed on

the farm.

Allowed Four Months.

Donald W. McKay, General Hospital, a fifth-year medical student, was allowed until he completes his course, not to exceed in any case four months.

put your case so nicely," said Judge Coatsworth, when W. N. Connell, a fourth-year medical student, pleaded case. He said he had 18 months to complete his course, and also asked

was sent to be re-examined.

J. R. Miller, Central Y.M.C.A., a fourth-year medical student, asked to be allowed to finish his course before proceeding overseas. "I can only give until the end of this term," said his May Appeal Again.
"What shall I do then?" asked the

"Appeal again," said the judge.
He was given an extension of five

man like you," said Judge Coats-worth as he placed Harvey S. Threigrounds of domestic and financial obfigations, Threlkeld stating that he was the sole support of his widowed mother and also his sister.

TOOLMAKERS EXEMPT. UNTIL FIRST OF JUNE

Contention of Machinists' Union Up-held By Mr. Justice Duff in Case of Four Skilled Men.

The contention of the 1.700 mem bers of the local branch of the International Union of Machinists that a machinist or a toolmaker, as such, is too necessary to the industrial demands of Canada in the war to be drafted into the home or overseas army, has been practically upheld by Chief Justice Duff of Ottawa.

Thos. Leonard Miller had been

had been refused exemption by tribunals 349 and 359 respectively, and the military representative of tribunal 364 had appealed against the exemption granted to Harry Walker by that

Mr. Justice Duff has ruled that all these men are competent toolmakers, and has deemed it advisable to avoid drafting qualified toolmakers into the army so long as they are continuously employed as machinists or toolmakers, and has therefore ruled that in all such cases exemption should be granted up to June 1, 1918, the question of extending this period of exemption to be then considered in the light of the then existing circumstances.

DRINKS WATER FROM ENGINE. Flight Sub.-Lieut. Robert Leckie, D.S.O., III of Poisoning.

Flight Sub.-Lieut. Robert Leckie, D.S.O., the first Canadian to bring down a zeppelin, is suffering from poisoning due to drinking water from the radiator of his machine. He is under treatment in a hospital in England. Lieut, Leckie, who is attached to the royal naval air service, while flying in a seaplane, found two aviators with their machines in the water and in danger of drowning. He went schoard his machine, the added weight made it impossible to rise, and the trio were forced to remain at sea for two days. During this litting the only available water for drinking was that in the radiator. Lieut, Leckie is a rephew of John Leckie of Toronto.

Senator Nicholls and H. H. Williams to the manufacturers of electric signs, but does not believe the order applies to tighted signs. It is stated that a firm like the E. L. Ruddy Co., affecting like the government will take a prominent part in the raising of more money, definite particulars were not available.

"I'VE NEVER FOUND **ANYTHING LIKE IT"**

Made Her Feel Like New Person—Gains Seven Pounds.

of the Cudahy Packing Company, residing at 59 Edwin street, Toronto, honor stated his case was too weak.

J. B. Thompson, Knox College, a third-year imedical student, stated that he appealed before a local tribunal board, but they did not understand anything about food production. He also produced a doctor's certificate showing that he was deaf. He was aflowed until class two is called, or until he ceases to be a farmer.

J. H. G. Lindsay, 244 Lappincott street, stated he was a Jamaican. "And I'm 21 today," he added, in answer to Judge Coatsworth's question as to his age. He appealed on domestic grounds, stating he had to support his widowed mother and three sisters. He had one rother who would like to enlist, he said, but his mother would not allow mm to go.

Must Persuade Mother.

"Persuade your mother to allow him to go and I will exempt you," said the large of the control of the Cudahy Packing Company, resting at 59 Edwin street, Toronto, recently.

"I have taken many different kinds of medicines in my life." continued Mrs. Holden, "and I can truthfully say I have never found anything to compare with Tanlac. I was in a badly run-down condition and failing health for at least a year. I had no appetite, and what I did eat seemed to give me no nourishment, My nerves were all shattered, my sleep unsound, and I always felt as tired in the mornings as if I hadn't slept at all. I had fallen off until I weighed only ninety pounds and just kept going down. I was pale and sallow, had no life or strength and never felt like turning my hands to a thing. In fact, I just felt worn out, tired and miserable all the time. But I certainly feel altogether different now.

"I have taken many different kinds of medicines in my life."

I had a lan on nourishment, My nerves were all shattered, my sleep unsound, and I always felt as tired in the mornings as if I hadn't slept at all. I had fallen off until I weighed only ninety pounds and just kept going down. I was pale and sallow, had no life or strength and no life or strength an my first bottle I felt decidedly better I never thought it possible for a medicine to give such quick and satisfactory results. My appetite is fine. I enjoy everything I eat and have already gained back seven pounds of my lost flesh. My nerves are perfectly quiet now, I sleep like a child and get up in the mornings thoroughly refreshed. My tired, worn-out feetings are gone entirely; I have glenty of new life and energy and simply feel like a new person."

Tanlac is sold in Toronto by Tamblyn's Drug Stores, and by one regular established agency in every town.—(Advertisement).

MARINE ENGINEERS ASKING FOR INCREASE

Great Lakes Executive of the National Association in Conference Here Decides on This Step.

Delegates from the Great Lakes Old Boys Association. H. P. C. Executive of the National Association principal of Winchester Street Sch of Marine Engineers are in the city, and yesterday afternoon they were in

in that country, to the benefit of the engineer in Canada, where the wage schedule is appreciably lower.

See and immediate action is to be engineer in Canada, where the wage taken. The committee is very anxious to hear from all "old boys" with

HOP CASE RESERVED.

Judgment was reserved in the case which came before the Ontario License Board yesterday concerning the Brittish Columbia Hop Company and the Berlin Lion Brewery Company. Under section 54 of the Ontario Temperance Act no person shall take accounts account and for the purpose of enforcing a contract made for the purchase of hops when the contract was made prior to April 27, 1917, unless permission be granted by the Ontario License Board. It is this permission which the hop company requested, in order that it may sue for payment of the difference between the contract price and the price at which the hops were actually sold when the brewery refused to take them.

Authorization of Revised County System tem to Be Discussed at Parliament Buildings.

A delegation from the London, Ont., County Council is expected at the parliament buildings on Wednesday, January 16, when a conference will be had with Deputy Minister of Highways W. A. McLean and other representatives to discuss the authorization by the highways department of the establishment of a revised county road system for Middlesex.

The object of a bylaw recently passed by the county council was the establishment of an interprovincial highways system under which the following the county of the difference between the contract price and the price at which the hops were actually sold when the brewery refused to take them.

When Every Minute Counts

Yes, when there's a sudden break in the heating system— when something has gone wrong with the plumbing— when the taps fail to respond—when gallons of water are flooding your premises, what plumber would you think of first? When every minute counts—would you think of calling up the old-time plumber who comes lumbering along who comes lumbering along with a handful of tools, or would you think of Shannon and his motor car service? Every car equipped with every modern tool known to the plumbing trade. A whole plumbing shop at your doors in the twinkling of an eye. That's service—that's what you want. Think of Shannon and prompt service and you get what you want. Any part of the city—day or night.

RAILWAY USED HYDRO.

Special to The Toronto World.

Chatham, Ont., Jan. 10.—The Chatham, Wallaceburg and Lake Erie Railway was operated yesterday for the first time with the use of hydroelectric power. For some time the road has been practically tied up, as a result of the low gas pressure, which is used to generate the current for the road. So successful was the test that it is quite likely the road will continue to use the hydro for operation.

JOINT INSTALLATION.

A joint installation meeting was held last evening in the Oddicilows' Temple, by Toronto, No. 8, and Coalesce No. 105 Encampments, I.O.O.F., when the following officers were installed by John A. Ferrier, D.D.G.P.: Coalesce Encampment: C. O. Peters, C.P.; A. Cohen, Swy: G. H. Couter, H.P.; H. Isbits, F.S.; P. C. H. Falk, R.S.; R. W. Wilson, treasurer, W. Butler, C.P.; W. Boucher, H.P.; E. F. Dowdiet, S.W.; H. W. Terry, F.S.; J. E. Jeffries, R.S.; A. Chadwick, J.W., and H. W. Taylor, treasurer.

CANADA'S AIR HERO **DESCRIBES FIGHT**

Major Bishop, Premier Airman, Speaks Before Empire Club in War's Interests.

Major Bishop, Canada's phenomenal flying hero, had the largest audience on record at the Empire Club yesterday, when he very modestly detailed a few of his experiences in fighting the Huns in the air. He was introduced by Chairman Norman Sommerville, in most laudatory but well-deserved terms and when the chair-man sat down Major Bishop rose and said:

"I am not a speaker, but I have re-solved in the last ten minutes, if ever I go on the stage or into vaudevine or exhibit myself as any kind of menagerie, I know whom I will engage as my manager." Great laughter greeted this selly which was recorded. ed this sally, which was renewed when Mr. Sommerville exclaimed: "

Major Bishop's simple narratives could not have been more dramatic had they been recited by a trained actor. The thrill of the bright face actor. The thrill of the bright face of danger passed over the audience and broke into applause again and again as he described a fight with four enemy machines in the upper air, while going at the rate of 150 miles an hour, or chasing balloons near the ground at a speed of 200 miles an hour, or dodging the enemy when the enemy had the advantage of position.

when the enemy had the advantage of position.

Major Bishop concluded with an appeal for a fuller realization of the demands of the war.

"What we have gone thru is absolutely nothing to what we have ahead of us in the next few months," he said. "We have reason to be proud of Toronto, but you must do more. Get after the people who have more. Get after the people who have not done their share and bring them up to the mark."

Major Bishop returns to the front There was formed last night, in one of the club rooms of St. Simon's Church, Howard street, what will be known as the Rose Avenue School

LODGES

LOYAL NORTHERN LODGE.

APPLICATION OF CITY BEFORE BOARD TODAY

Decision Asked of Railway Board Re-garding Metropolitan Division of York Radial Railway.

BELONGS TO SOLDIER.

West Queen street, has picked up a pocketbook containing papers, money, letters and photographs. It would appear from the addresses on the letters that the pocketbook belongs to Pte. I. L. Jollie. The owner may claim it by applying to Mr. Greenberg.

Of this a large part is exempt from taxation by provincial statute, and \$3,006.338 is exempt by special agreement between the city and the owners of the property. It is liable to war tax only. About \$150,000 is liable to school and war tax only. It is largely Hydro property. Greenberg, De Young Co., 70 berg.

DEVELOP PEAT FIELDS.

TWO HOTEL LICENSES CANCELLED YESTERDAY

One Case Stands Until Appeal of Pro-prietor of Hotel is Decided Upon.

At 11 o'clock this morning the application of the City of Toronto in which it asks for a ruling regarding the Metropolitan Railway within the city limits will be heard by the Ontario Railway and Municipal Board at the parliament buildings.

The case is of interest to the citizense at large in that the board is asked to determine the compensation, if any, the city should pay to the Toronto & York Radial Railway Company for its Metropolitan division. It is also requested to name the value and conditions under which running rights should be granted.

It is expected that lengthy legal proceedings will take place, since the city is desirous of knowing how the sum of \$1,880,000, which is the value at when the physical assets are said to be about \$110,000.

Two standard hotel licenses were cancelled by the Ontario License Board yesterday because of violation of the Chief order of business. Ten members of the 1917 council will be transacted, but farewells will be transacted, but farewells will be the chief order of business. Ten members of the 1917 council will pass out. They are: Controller Cameron, Controller Shaw and Controller Shaw and Controller Shaw and Controller Shaw and Hotel, will be minus a license were cancelled by the Ontario License Board yesterday because of violation of the Ontario Temperance Act, and one case stands for appeal. George Crippall, proprietor of the Pine Tree and was given until the end of this month to dispose of his business.

Joseph McLachian, Stramd Hotel, will be minus a license were cancelled by the Ontario License were ancelled by the Ontario License of the Chief order of business. Municipalities.

AN EXPLODED THEORY

Bachelors in Ontario Fond of Maidens—Number of Mariages Showing Preference.

Ontario bachelors prefer spinsters to widows, 21,000 times more, for wives, according to the vital statisties for 1916, as they married 21,697 spinsters that year, and only 350 widows. The girls have a better chance of finding a husband in the cities than in the towns of Ontario, also widows, but the divorced women married in the province by bachelors and 12 of these word married in the cities, none in the towns. The rural municipalities had more weddings then the towns widowrs, also, married more spinsters then widows, and the greatest them widows and the greatest then widows, and the greatest the process of the under the them the towns the form with the proposition of the popular the process of the greatest them widows, and the greatest them widows and the greate

denomination is credited to the Hebrew and the Roman Catholic.

The average age for the brides was 24 years, the grooms 27 years, the greatest number of people marrying between the ages of 20 and 24 years.

Bowing of the legs is most commonly due to rickets, which disease is most commonly due to the use of many substitute foods, "infant foods," which come in cans ready to serve, and this unfortunate custom of cheating babies is most commonly due to ignorance of nutrition and the physiology of growth.

A popular belief that a baby is likely to develop bow legs if allowed to bear the weight upon the legs too early is wholly without foundation, Rickety infants notoriously object to learn to walk under the age of thirteen to sixteen months, yet they are most frequently bow-legged. It is always right to allow a healthy baby to make an effort to walk as early as he may be inclined to do so, and never right to try to encourage or teach walking under the age of twelve months.

Description of the legs too part the correct the deformity. Under the operation is quite safe and uniformly satisfactory.

In any case of bow legs in a child, in any case of the family physician, and his judgment is needed in deciding upon any surgical treatment. Sometimes the bowing is in the leg and forward, but the mode of treatment would be the same.

FRIDAY MORNING, JAN. 11.

That Busy Board.

The busy bee has nothing on that busy Canadian Railway War Board since December 26, 1917. For months before that fateful day the board had blushed unseen. Nobody except the members of the board apparently knew of its existence. With no rude activity did they disturb the sweet tranquillity of Christmas. Even on the morning of the 26th the board still resembled

A painted ship upon a painted ocean.

Then President Wilson issued his problamation. It made a lot of people jump, but none went quite so high in the air as the members of the Canadian Railway War Board. Mr. Neal, its able secretary, was the first to light. Without stopping to brush off his clothes or recover his hat he rushed to the office of the Canadian Associated Press. On December 27, 1917, the astonished people of Canada were told that all President Wilson could do in the United States had already been accomplished in Canada by the Canadian Railway War Board!

Since then the Board (with a capital B) has been about the busiest thing we ever had in Canada. It sent a man post haste to Washington with peremptory instructions to bring back to Canada, dead or alive, six thousand expatriated box cars. Orders were issued fast and furious, until one was reminded of the hero in Stephen Leacock's nonsense novel who threw himself in the saddle and "galloped furiously away in all directions."

Yesterday the board announced that it intended to tear up two thousand miles of railways. We only have about thirty thousand miles all told in Canada, so scrapping two thousand of it is no small undertaking. The ties and rails are to be carried by coolies from the north country and the far west and go into construction for the roads in more thickly congested portions of Canada. Thus the Canadian Northern between Sudbury and Port Arthur and the National Transcontinental between Cochrane and Levis might be done away with, and the rails utilized to double-track the Canadian Pacific between Montreal and Toronto and the Grand Trunk between Toronto and the Detroit and Niagara frontiers!

in vain, from the precedent of a year ago, when six hundred miles of the legal power of the board to increase rates. Possibly Manitoba may National Transcontinental Railway system (eastern and western divisions) have some ground for an appeal by were torn up by the Dominion Community. were torn up by the Dominion Government. The rails in that case were ago between that province and the needed at the front, and there was a request for them from the imperial Canadian Northern Railway. The authorities. Whether they ever did actually go across the ocean is not Northern and the Grand Trunk Pacific a vital question, because no one can doubt that the government's motive cannot carry on without addition was patriotic. The charge then made by Hon. Frank Oliver that the cash subventions from the public whole thing was a plant to knife the National Transcontinental and the Grand Trunk Pacific for the benefit of the C. P./R. seemed extravagant. the rates of the G.T.P. and C.N.R.

But would a like criticism from Mr. Oliver of the action now proposed by the Canadian Railway War Board be unfounded? There is no pretence of any request from the imperial authorities. A bunch of railway officials who happen to be advising our government want two thousance miles of Canadian railway scrapped. We suspect the scrapping will be vival reads between competing points. miles of Canadian railway scrapped. We suspect the scrapping will be rival roads between competing points done in such a way as to hamstring the Canadian Northern and give the cific rate.

About fifteen thousand miles of railway in this country belong to the government. Take away two thousand miles of it in a strategic way and you might as well sell the rest for old iron. The World will not stand by and see our national railway system but hand to make the country belong to rates but surrender the proceeds to the government under some scheme of taxation looks like a clumsy attempt day for the Canadian Pacific and the old Grand Trunk. We believe, now that the prime minister has returned to the capital, the board will be told to cool off. Its idea of going out with crowbars and coolies to tear up two thousand miles of railway will not commend itself, we are sure, to Sir Robert Borden. Neither do we think so hard-headed a man as Hon, J. D. Reid, minister of railways and canals, will fall for such a proposal. We are going to keep our railroads on the ground, even the our Canadian Railway War Board may be up in the air.

A Democratic Peace With Patience.

If the story be correct that Sweden has been asked by Germany to be an intermediary for negotiating the submission of peace terms, the German Empire must be in a much worse way than Sir F. E. Smith appeared to think yesterday. There are always the possibilities of bluffing every day at the live stock markets in German overtures, as even the Bolsheviki have discovered. It would in Toronto. They must know that in suit the Germans to have an armistice all round while they got ready for order to have an expectation of the best order. condition, the hog ought to be starved for 24 hours before killing. Go on a spring campaign, moved their troops about, increased their ammunition reserves and generally whetted their blades. the Toronto market today and you will

Steady and resistless pressure is the only policy for the allies. The see men buying cons and tons of hog food every month and this food being pressure has been immeasurably increased by the co-operation of the fed to the hog that is on its way to United States in blockade measures. But in other respects Germany has the packing house to be slaughtered been making full preparations. Major Bishop stated yesterday that in a very few hours after having been filled up with food. Surely aviation Germany was forging ahead and was now probably stronger than at this critical time this is pure and the allies. The United States, which was talking about 22,000 planes, has not 500 ready, altho they were "working like fiends" to build them. Township, a prominent farmer and a large feeder of stock, told me on

It is in view of such facts that the danger of war-weariness is to be noted and guarded against. However we may feel, Germany feels much worse. The kaiser and his class now recognize that in one sense Bollogs that are going to be killed in hogs that are going to be killed in shevikism is a more dangerous, because more subtle, enemy than the Toronto, that it could be used to inallies. But others as well as the kaiser recognize this also. The reported intention of the Trotzky regime to repudiate the national debt will to help the increase of production Hon. George P. Graham will soon reappeal to the whole brood of radical individualists everywhere. This is by putting a stop to this unnecessary the most unsocialistic measure possible, but paradoxically it will appeal to the class that is in the habit of calling itself socialist.

This is what is feared by the Lansdowne classes, who tremble for

This is what is feared by the Lansdowne classes, who tremble for their great possessions, for they have not forgotten the French revolution. the cuting out of this waste would Gaspe, and thus open Maisonneuve for After the war Germany will be as badly off or worse than Russia, and leave the hog in better condition for Mr. Graham. It will be remembered contagion of this kind might spread. Austria, Italy, France—who knows killing when sent to the packer. The that Mr. Graham in his speech in what land would escape? Social inflammation of this kind might bring difference between the price of the North Toronto during the last camabout a sharp cleavage between capital and the masses. In a really fed and watered hog and the price democratic country there can be no danger of such a condition, for then of the weighed off car hog is supposed to be on an equal basis, bu the interests of all classes and individuals are mutual and none is more nor less necessary to the body politic than another. The war has done more to establish this fact than anything in history, because it is a democan feed the hog back to its home can feel the hog back to its how the hog back to its how the home can feel the hog back to its how t some men have become mechanics at cratic war fought for democratic principles.

weight, but doing that means a lo It would be calamitous, therefore, if we should allow ourselves to of stuffing of food, which is a waste be diverted from our purposes by any diplomatic efforts of the enemy, or and which ought to be sold to the any fears generated by the attitude of the masses in Russia. President farmer. Our farmers are anxious and Wilson and Premier Lloyd George have come to such close agreement willing to do their part in this awful achieve the most truly democratic peace that has been attempted in two thousand years.

War, but let our men in authority do their part and see that his wasted food is placed on the farm and very soon the food controller will be surprised what an increase of the Kerensky.

In an Age of Heroes.

Real heroes are common enough, but super-heroes will always be rare birds. A rara avis in a very special sense is Major Bishop, who addressed the Empire Club yesterday in such simple, earnest, vivid, but increase which is asked of him. modest, terms that all who heard him felt a little prouder of humanity. He described a few of his most thrilling experiences just as he might have described those of another, so impersonal was he, and so unattached. It is this gift of self-isolation that has enabled him to do the great deeds that have won him the unparalleled series of distinctions of the M. C., the D. S. O., the V. C., and again a bar to the D. S. O.

We do not all appreciate the fact that we are once more living in heroic age. We look back to earlier times and regret that we could not have met the great ones of the past. There are none greater than they who walk our streets and talk to us today. Nothing will ennoble us more than to recognize the true metal.

Our best tribute is to do what our heroes ask of us. It was a very moving appeal with which Major Bishop concluded his address yesterday. "What good have these men done who have died for us if we give

We have not our hand to the plow in the greatest cause that ever drew the nations into alliance. We must strengthen our hearts and be stout for the days to come. There would be a curse on us if we turned ticket of leave and has a number of back, terms in prison to his discredit,

The Press and the Railways

The Montreal Star appears to be one of the silent papers of Canada on the railway question. We have seen no oditorial deliverance either for or against the nationalization of the Canadian Pacific Railway Company, but the news columns of The Star fairly burst with announcements about the activities of the Canadian Railway War Board. Passenger trains are to be cut off, ticket offices closed and many oconomies effected. These economies, however, do not mean that the roads will not take advantage of the recent ruling of the Dominion Railway Comling of the Dominion Railway Comission and increase rates. Indeed

The railways are still working on the new rate schedule made possible by the decision of the railway commission authorizing a 15 per cent. increase in fares, The new schedule will go into effect about Feb. 1. So far as travel between Montreal and other eastorn points is concerned, it may be safely predicted that the flat in-crease of 15 per cent. will go into effect. For example, to travel from here to Ottawa will cost \$3.85, instead of \$3.35; to Toronto \$11.50. instead of \$10; to Fort William, \$33.65, instead of \$29.25; to Que-bec, \$5.65, instead of \$4.90, and to Sherbrooke, \$3.70, instead of \$3.20. To all these rates must be added

The rates between eastern points and points west of Fort William offer a more complicated problem, which is now being worked out. Among the considerations that have to be taken into account are the rates now in force on American lines carrying traffic to the west and the amount of the American war tax on railway the war tax.

Meanwhile the chairman of the Dominion Railway Commission has authorized an appeal to the supreme court of Canada on the law points inolved in the recent judgment authorizing increase in rates. This appeal, we fear, will accomplish little, because no one can seriously question treasury or an increase in rates, and

Estimates as to the extra amount of money the Canadian railways will be enabled to collect railways will be enabled to collect from the people by the recent boost in freight rates run from \$24,000,000 to \$40,000,000 per year. That is from \$3 to \$5 per head of all the people in Canada, or from \$15 to \$25 from each family in Canada. Whichever figure is nearer correct, the levying of this additional cost upon the present prices of food, clothing and other necessities of life will make an appreciable difference in the cost of living to everybody in the country. The increase in rates is, therefore, a matter of real and great public importance, and public bodies and newspapers are entirely justified in demanding to know from the government and parliament what justification there is for allowing the extra burden to be imposed.

The Pittsburg Gazette-Times has been busy printing more or less reli-able information about the Canadian able information about the Canadian railway situation with a view, no doubt, of influencing public opinion against railway nationalization. It is forced to admit, however, that the unification of the British railways under state control has been of great benefit to the public without working any injustice to private interests, and

The United Kingdom of Great Britain and Ireland declared war on the German Empire on Aug. 4, 1914. At one minute after midnight on Aug. 5 the railway systems of England, Scotland and Wales passed automatically under the control of the central railway executive committee, an instru-ment clothed with governmental powers and especially designed and created by parliament to meet and created by parhament to meet such an emergency, 43 years be-fore the occasion for its employ-ment arose. The transition from private to public control occurred without the slightest friction. Private interests simply stepped out: rubble interests stepped in out; public interests simply stepped out; public interests stepped in. Henceforth, and for the duration of the war, the railways were to be conducted, primarily, with a view to the welfare of the nation, but, insofar as it was possible, private welfare was to be safeguarded. There was no seizure, no confiscation, mo revolutionary confiscation, no revolutionary disturbance of the operating force. and the private owners, while temporarily deprived of control over their properties, were to suffer no financial losses.

A number of senatorial vacancies exist, two of them in Ontario. It is L'Hommedieu, Premier Clemensaid that Sir George Foster may go to the red chamber and become government leader of the senate. John W. Webster, ex-M.P. for Brockville, is prominently mentioned for the other Ontario vacancy.

Sir Wilfrid Laurier will continue as eader of the opposition. This was definitely decided at the Montreal con- that President Wilson, like Premier What a good thing it would be turn to parliament and become Sir sential to a stable peace, which will Wilfrid's first lieutenant. When the make this war a great movement for the extra profit to the drover, and and Maisonneuve, will elect to sit for be a member of the new parliament.

BOLSHEVIKI DECLARED NOT RUSS DEMOCRACY

British Socialist Leader Sends Cable-gram to President Wilson on Speech,

surprised what an increase it will make in the hog production. We all sent a cablegram to President Wilson protesting against what they termed the president's identification of the know today the farmer cannot pro-Bolsheviki with the democracy of Russia. The cablegram said Mr. Wilfeeding his hog in order to give the son was "strengthening the hands of autocratic despotism and supporting lawless rule which is destroying the foundations of Russian freedom and Russian power of resistance to the

German enemy."

M. Gavronsky issued the following statement at the Russian embassy:

"The allies made a big blunder in relation to revolutionary Russia. They did not define their war aims clearly during the time of M. Kerensky's government and thus they placed a powerful weapon in the hands of the Bolsheviki in their fight against the relation to revolutionary Russia. They

Conviction of Four Officials of the Hamburg-American Line is Confirmed.

New York, Jan. 10.-Conviction of four officials of the Hamburg-American Line, including Karl Buenz, managing director, on charges of violat-

ing the customs laws by sending supplies to German cruisers early in the war, was affirmed by the United States Circuit Court of Appeals here today. The decision also upheld the conviction of the Hamburg-American Line, which had been sentenced to pay a fine of \$1.

Besides Buenz, who is more than seventy years old and who is a former German consul-general in this city, the defendants were Adolph Hachmeister, purchasing agent of the Hamburg-American Line, who died after his conviction in district court; George Kotter, superintending engineer, and Joseph Poppenhouse, a second officer. Buenz, Hachmeister and Kotter had been sentenced to eighteen months each in the federal prison at Atlanta, Ga., and Poppenhouse to a year and a day in the same institution.

Thru a system of false manifests, the government contended, the steamship officials concealed the destinations of outgoing ships which they had chartered, under an agreement with the German Government in the winter of 1914 to see that German warships in the North and South Atlantic were provided with coal and provisions. Among the steamships chartered were the Berwind, Lorenzo and Gladstone, it was charged. It also was alleged that the conspirators used three Hamburg-American Line ships to carry supplies to the warships.

ance with the Toronto Symphony Cr-chestra in Massey Hall tonight is so agerly awaited by a music-loving reached Toronto yesterday. Little need be said about this artist, se every performance has met sensational welcome. The prom of orchestral music to he offere ins many things of striking in ny of Tchaikovski, a work that has made a greater appeal to audiences of today than any other of its class. Of quite a different character is the Cherubini "Anacreon" overture. Dvorak's Slavonic Dance is brilliant and finely seared in orchestral speak and finely scored in orchestral treat-ment, while the MacDowell "Sea-Sons" breathes a rugged and cheery message suggestive of the intimacy with which a poet of Swinburne order might regard his "Mother Sea." For this notabe concert rush seats will be placed on sale at 7.15.

WOUNDED IN ACTION; REMAINS ON DUTY

Lieut. C. M. Pasmore Is Now Attached to Royal Grenadiers' Unit.

News has been received by Mrs. L O. Pasmore, 514 Pape avenue, that her son, Lieut. C. M. Pasmore, has been wounded in action. Lieut. Pas-

cabled his mother that he had been hit, but was remaining on duty.
He received his
wounds while
serving with the
123rd Battalion (Royal Grenadiers), Lt.-Col. W. B. Kingsmill commanding, Prior the outbreak of the war Lieut. Pasmore employed as newspaperman Toronto. After he qualified for his

himsel

was appointed to the 216th (Bantams) Battalion, and being over six feet in beight he boasted that he was the "tallest Bantam in captivity." On the day the Bantams left Teronto to proceed ceed overseas it was found that quota of officers was greater than the strength of the battalion permitted, and Lieut. Pasmore was therefore dropped, but he was determined to get overseas and he reverted to the rank of sergeant and proceeded east-ward with the unit. Before reaching the port of embarkation, however, the strength of the battalion was augment ed by drafts of Bantams from eastern

towns, and Lieut. Pasmore was rein-Stated in his rank.
On his arrival in England he took several courses in order to render himself more proficient, and crossed to France on the 24th of November and was attached to the Royal Grenadiers battalion.

TWO-GOAL VICTORY FOR THE CHAMPIONS

Had to Hustle to Down St. Patricks in Opening Clash.

The champion Dentals made their 1918 debut at the Arena last night and were victors over St. Patricks by a 5 to 3 score. The Irishmen put up a sturdy argument and made the tooth-pluggers work for all they were worth to get the

work for all they were worth to get the verdict.

It was not finished hockey. Both clubs lacked condition and the team play needed considerable brushing up. St. Patricks were woefully weak from a scoring standpoint and the Dentals have not as yet got their attack in order. Hughle Fox was the bright shining light for the losers and it was his rushing in the final period that kept the Saints in the game. At the other end the Dental forward line had considerable on their opponents, but lost many chances by not passing properly and faffing to follow in the puck. Both Sheldon and Box blocked well and were strong at the rushing game. Charlie Stewart again turned in one of those good games of his. Jerry Laflemme had a hand in the tussle. LeRoy Rennie, the former Aura Lee player, was the big help to the champions. He checked like a fiend and carried the puck well. Milan is the worker of old and Smylie has more speed than last year and is a tireless worker. With more practice and the team play down the Dents are going to take some beating.

Crooks. the former T. R. & A. A.

With more practice and the team play down the Dents are going to take some beating.

Crooks, the former T. R. & A. A. goaler, played a marvelous game in the Irish net. He turned aside shots time after time when the Dental forwards had wormed their way thru the defence. St. Pats can thank him for keeping the score down. The Irish forward line is weak. Sullivan is the best of the trio, but his shooting war had last night and he did not go in at the right time. Fox and adams were hard to pass and Fox rushed strongly and packs a wicked shoot. The play was interesting thruout. The reason was that it was mostly left to individual effort, with the Dents showing the most speed and the better attack. The Saints had chances enough but tossed them away with poor shooting and useless circling when carrying the rubber. Crooks made the difference up with his good work in the net.

The first period was lively. They streaked in one at a time and a lot of good checking took place in centre ice. Millan was a willing worker, but was not supported enough in the early stages. Box and Sheldon broke away several times, but Fox livened it up for the Saints by carrying it back and worrying Stewart with a hard shot.

It was even for the first ten manunes and then Millan grabbed the first goal. Crooks stopped a hot shot from closs quarters, lost his stick and kicked out another. This made a face-off at the St. Patrick net and Millan netted the rubber. Sullivan evened it up five minutes later by batting in a rebound and these were the only scores of the period. It was again close in the second round. The Saints showed a sturdy defence, but the forwards falled on the attack. The Dents grabbed two counters and the Irish brigade one. Sheldon sent one in from outside the defence, Sullivan then followed the contents one in from outside the defence, Sullivan then followed the contents to the contents the

the forwards failed on the attack. The Dents grabbed two counters and the Irish brigade one. Sheldon sent one in from outside the defence, Sullivan then followed the puck behind the net, shot and the disc bounded into the net from Sheldon's shoulder. It was a lucky goal. Crooks came out to stop one from Rennie's stick and Millan was there to bat in the rebound. This left it 3 to 2 for the champions at the second rest.

The third was a real session. Dentals outscored St. Patricks two to one, but a little luck might have helped the Saints to at least another goal. Fox made several determined efforts to the up the game and was successful with one shot from outside the defence. Poor work by the Saints' forwards tossed away more chances. It ended 5 to 3 for the Allan cup holders.

The Dents have the material for a first-class outfit. They need more practice and must get the passing game down better. The yhad the right idea, but carried the puck too far before the pass. St. Patricks will have one or more new wilng men for the next game and with scoring ability on the front line they will give any man's team a battle. They have the spirit, an excellent goaler and an Al defence.

RUNNING TO FORM HAD ALIBI READY

With the Same Old Story

Montreal, Jan. 10.—Charges of intimi dation by the Toronto police were made by Canadiens on their return to Montreal this afternoon, following their defeat in Toronto last night.

"Two officers were continually be hind the penalty bench," said Manager George Kennedy today, "and every time told by an officer not to repeat the offence or arrest would follow, 'The patrol wagon will soon be backing up for you,' was the expression one officer used to a player. Couture came very nearly being arrested after his run-in with Randall, for he spoke back sharply to the officer who cautioned him. If it had not been for Lalonde, Couture would have

been for Lalonde, Couture would have gone to jail.

"The result of this was that our players were afraid to move. The Toronto players got away with everything, and practically every player on our team is marked. Lalonde had his eye split open by Noble; Corbeau's thumb is swollen to twice its natural size as the result of a deliberate slash by Denneny, and Malone is limping as the result of a slash across the knee. If a check which Randall aimed at Couture's face had landed, Couture would have been disfigured for life.

"Our players feel very indignant about the treatment they received from the Toronto players, and I would not be surprised if some grudges were aired when Torontos play us here a week from Saturday." M'INNIS SHIFTS Philadelphia, Jan. 10.—John "Stuffy" McInnis, first baseman and the last of Connie Mack's famous world's champions, goes to the Boston Americans in a straight trade for players. The names of the players and how many the

A Montreal despatch says: The trustees of the Art Ross Trophy will not countenance the playing by Royal Canadians of Ottawa of any players barred by the Ottawa City League Commission, it was stated here today. The game between Royal Canadians and Sons of Ireland is fixed for Jan. 16 at Quebec, and must be played on that date, or it will not be played at all, Art Ross said today.

Lethbridge, Jan. 10.—In one of the fast-cst ten-round bouts ever seen here Phil Harrison, of Chicago, gained the decision over Al Ross, of this city, in which the Chicago man had the middleweight cham-pion of Canada outclassed. Ross had the best of it in one or two rounds only, the Chicago boy being too strong and clever for him.

"MUCKER" MCBURNIE DIES.

Charles (Mucker) McBurnie, the well-known Rugby player, has died as the result of wounds received in action. "Mucker" played on the T.R. & A.A. team that won the Dominion championship in 1915, and was one of the best-known Rugby players in Toronto. McBurnie was a Capital standby, and his north-end friends will mourn for him.

Canadiens Arrived Home for Fans.

one of our players drew a penalty he was

bane and other title-holders, who have refused to make weight for bouts, althout insisting that their opponents do so. Promoters in Baltimore are negotiating for a battle between Herman and Joe Lynch, the new York midget. Herman is insisting that Lynch make 118 pounds, but declines to weigh in at that poundage himself, Herman is said to be outgrowing the bantamweight class, and it may be that the title soon will fall into Johnny Ertle's clutches after all, as he is one of the very few good men who can scale within the bantam limit.

CANADIAN CHAMPION

CHESS

†Adjudicated.

Beaches and West End Y.M.C.A. met at the rooms of the former on Wednesday night and played a very interesting match. The games were close and hardfought, three of them not being finished in the time limit and will have to be adjudicated. The remaining three were won outright by West End. A particularly interesting game was played between E. Willans and H. Lane.

KNOCKOUT SCORED

Tate No Match for Fulton in Bout Staged at

Joplin, Mo., Jan. 10.—It was apparent from the opening of the bout that Tate was outclassed. Fulton opened with a left jab to Tate's stomach and followed with another to the same place. A hard left to the face brought blood from Tate's nose and mouth. Tate swung wildly and sent in a hard uppercut that Fulton barely missed, but Fulton came back with an overhand swing that sent Tate to the floor. He remained down for the count of nine. Fulton sent in reueated jabs to the face.

Tate came back in the second round with vicious swings that Fulton dodged. Fulton again sent in hard punches to Tate's face and with a right to the jaw, sent Tate down. Tate got up, only to be sent to the mat again. Another hard right put the Oklahoman down, and his manager, Billy McCarney, threw in the sponge.

sponge.
Tate weighed 206 and Fulton 215 pounds.

YANKS AND BRAVES TO PLAY TEN GAMES

New York, Jan. 10.—The New York American League team will play ten games with the Boston Nationals and tiree games with the Brooklyn Nationals during its training season in the spring, it was announced at the completing of the training schedule here tonight. Army cantonments are situated at seven of the citter in which the arbibition games will

BEECHNUTS READY FOR BASKETBALL FINAL

The semi-final basketball game in the Junior School Boys' League between the Beechnuts and Butternuts was played on the large floor of Central Y.M.C.A. game played on the floor this season, the teams having to go five minutes overtime before a winner could be deovertime before a winner could be decided. Carberry and Morris of the losers ayed a good game, checking well, but being off color in their shooting. Capt. Choat, Ricketts and Singer all played well for the winners. Both teams checked very closely and Ricketts single goal decided the game. On Saturday morning the Beechnuts now meet Scott's Amazons for the class championship and a good game is looked for.

Teams and score:

Beechnuts (1)—Choat (capt.), Wood, Ricketts, Lavine, Singer.

Butternuts (0)—Carberry (Capt.), Morris, Abbey, Quarters, Turquand.

ABOVE, in brief, are the results for 1917.

BELOW, are a few other important accomplishments during the year.

The Canada Life in 1917

- 1. Subscribed practically its entire revenue to the Victory Loan.
- At the request of the Chancellor of the Exchequer of Great Britain, purchased £100,000 of bonds of the United Kingdom, to help Great Britain's
- Maintained an interest rate of 5.85% notwithstanding large purchases of
- Extended the sale of Monthly Income and Business Insurance, many applications for very large amounts having been received during the year.
- Carried out the year's operations with an important decrease in the ratio
- 6. Placed more additional insurance with existing policyholders than ever

Annual Statement for 1917 mailed upon request.

who are bound by our oath of office to protect the right of the province and its people.

"The pretext that is given for passing the order-in-council of the 22nd December last is that it is for war purposes. This does not avail as the

December last is that it is for war purposes. This does not avail, as the difficulties could have been avoided by the minister of finance asking us to co-operate with him within our respective jurisdictions.

"The government of this province does not contemplate, at the present time, the borrowing or the floating of any loans. This in itself is the best evidence that our protest is based on principle and for the protection of our constitutional rights."

Quebec and War Loans.

The trasurer said the Quebec Government had done everything possible to finance Canada's efforts, and he referred to Quebec's different contributions since the war began, amounting to \$1,712,084.02, while the Quebec Government's subscriptions to the war loans had totaled, \$1,800.000

ing to \$1,712,084.02, while the Quebec Government's subscriptions to the war loans had totaled \$1,800,000.

"What we want is unity of effort and co-operation," said the treasurer.

"We are willing to help to the full measure of our resources, conducted with full knowledge of all the facts and circumstances, but all within our respective rights and constitutional authority.

"There is no controversy between

authority.

"There is no controversy between the Canadian Government and ourselves as to the advisability of the control of borrowing. Credit should be saved as much as anything else. Conservation of credit is all essential. We have not only advised this since the beginning of the war, but what is more, have practised it, which accounts for the creditable statement that I have the honor of presenting to the house today."

FOUR CHILDREN VICTIMS

OF OTTAWA HOSPITAL FIRE

Ottawa, Jan. 10.—Four little children are dead as the result of a fire which swept the east wing of the Water Street Catholic General Hospital this morning. They were victims of the dense volumes of smoke which poured into the children's ward, located on the fourth floor of the building, and were found by the firemen.

The dead are: Rene Caron. aged 2½ to the hospital, and of this number of years, of Maniwaki, Que.; Baby Marie years, of Maniwaki, Que.; Baby Marie years, of maniwaki, Que.; Baby Marie and the patients in the hospital, and of this number of several hundred, assisted the firemen in removing the patients.

NEW YORK STOCKS HAVE FIRM CLOSE

U. S. Steel is Leader in Rise -Steamship Issues Are Strong.

New York, Jan. 10.—Prices on the stock exchange today advanced and receded within a restricted area until the final hour, when buying of steels, shippings and a few active speciaties effected nunerous net gains of 1 to 3 points.

Overnight developments and incidents of the day seemed to exert little influence, apart from the December report of the United States Steel Corporation. This showed an increase of almost 500,000 tons in unfilled orders and marked the first gain since last April when the high record for tonnage was established.

high record for tonnage was established.

A very large percentage of the day's turnover was contributed by steels and affiliated industrials shippings, oils and war specialties. Rails were unusually apathetic, some of the more prominent issues of that division remaining unquoted until the last hour.

United States Steel scored an extreme advance of 2% points from its minimum, closing at a net gain of a substantial raction. Independent Steels and kindred equipments were more variable, ending at losses of large fractions to a point.

Advices affecting the general steel and iron industry were hardly encouraging, a number of plants bing forced to suspend because of the lack of fuel.

The strength of steamship issues, oils and some of the motors and accessories resulted from a combination of professional activity and rumors of increased dividends.

Total sales amounted to 535,000 shares.

dividends,
Total sales amounted to 535,000 shares.
Bonds were irregular and without especial feature. Lacerty 3½'s changed hands at 98.76 to 98.60, first four's at 98.10 to 97.90 and second four's at 96.22 to 96.44. Total sales, par value, aggresated \$4.450,000.

United States registered four's, old issues, lost % per cent. on call.

Montreal Produce Market

Montreal, Jan. 10.—The trade in cats on the local market today was quiet and the market weaker and in sympathy with weaker feeling in other markets.

Lots with the produce of the Union Stock of Stock of

Ottawa, Jan. 10. - Word has been

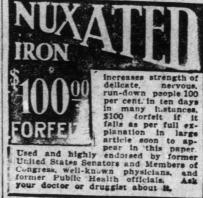

Ottawa, Jan. 10. — Word has been received by the marine department that the steamer Gaspesian, which left Gaspe on Christmas Day bound for New York, and had not been heard of since, is icebound about 20 miles from Charlottetown. Efforts are being made to send the car ferry to relie moneys by debentures or other means to pay for the same, had called a halt in all public works, pending a to their necessity at the present time, only the work which is absolutely only the work which is absolutely to their assistance, one of which is meeting a great deal of obstruction at present.

Live Stock Market

If there was one feature more than another that stood out prominentsy in the trading at the Union Stock Yards yesterday it was the sharp advance in the price of hogs, a good outents over Wednesday, and holding firm at the close at the advance. The sharp upward turn was all the more noticeable by reason of the fact that everybody was looking for a cut in price, rumor during the last two or three days crediting the big packing houses with the intention of hammering down the prices about half a dodar the other way. On the exchange opinion was pretty well divided as to the permanency of the advance, but the general opinion was that the big advance was not likely to nquate has not yet reached the big spictacular advance of last summer, some time along in June or July when the market touched \$19.95 fed and watered, and a few odd lots are said to have reached \$20, a figure hitherto unheard of, and to which yesterday's sharp advance was the nearest approach. The market has been unsettled all week, the market however, holding steady in the face of suggestions of lower prices. Just how the market will open up on Monday is absolute guess work, as nobody seems to know just what will happen, but time will tell. The run motor of the latter, and with no particular changes and the prices holding steady with the early part of the week.

Butcher cattle and practically all grades continued steady yesterday with no starting thanges. The receipts of cattle during the week all told, up to and including hursday's, were 5029 head, about 2500 of these-being offered on Monday's market holds good thruout t

PETERS, 88 FRONT ST. E.

Oranges, Lemons, Grapes, Celery, Etc. BOX APPLES, BARREL APPLES, VEGETABLES AND POTATOES. Call Main 7238-Lowest Prices, Quick Service and all Goods of Good Quality. W. J. McCART & CO.,

FOR SALE TO CLOSE CONSIGNMENT 250 BAGS SMALL YELLOW DANVERS ONIONS in first-class order and condition.

WHOLESALE FRUIT

Green Onions.—Imported green onions have been on the market for some time, and, as they are of choice quality and put up in extra large bunches, they have been selling at from 75c to 90c per dozen bunches. The home-grown variety are just beginning to come in, but they are not of nearly such good quality as the imported, and are put up in very much smaller bunches, therefore, they are only selling at 30c per dozen bunches.

Leaf Lettuce.—Leaf lettuce is arriving fairly freely, and sells at 25c to 35c per dozen bunches.

Receipts.

Receipts,
Receipts were generally very light yesterday, most of the wholesales reporting 'nothing new in today,"
H. Peters has extra choice quality California cauliflower, selling at \$4 to White & Co., Limited, had a car of Ontario apples, selling at \$4 to \$6 per bbl.; a heavy shipment of hothouse tomatoes, selling at 25c to 30c per lb.; also leaf lettuce, at 25c to 35c per dozen, and imported green onions at 75c per dozen bunches.

McWilliam & Everist had a heavy shipment of domestic green vegetables; green onions, selling at 30c per dozen bunches; leaf lettuce, at 25c per dozen; hothouse tomatoes, at 30c per lb. for No. 1's, and 25c per lb. for No. 1's, and 25c per lb. for No. 2's.

A. A. McKinnon had a car of Ontario potatoes, selling at \$2,25 per bag.

Wholesaie Fruits.

Apples — Ontario Spys. Greenings, Kings, Baidwins and Russets, \$4,50 to \$7 per bbl.; Nova Scottas, \$4,50 to \$6 per bbl; British Columbias and western, boxed, \$2 to \$2,75 per box, with an odd one at \$3.

Bananas—\$2.25 to \$3 per bunch. Bananas—\$2.25 to \$3 per bunch. Cranberries—\$20 per bbl., \$6.50 per box. Grapes—Spanish Malagas, \$6.50 to \$11

Californias, \$7 per case.

Californias, \$7 per case.

Grapefruit—Florida, \$4 and \$4,75 to \$5 per case; Cuban, \$3 to \$4 per case;

Jamaica, \$3,25 to \$3,50 per case.

Oranges — California navels, \$5 to \$6,50 per case;

Floridas, \$5.25 to \$6.25 per case.

Pineapple Floridas, \$6 to \$6.50 per case.

Pineapples—Porto Ricos, \$6 per case,

Pineapples—Porto Ricos, \$6 per case, Pears—\$4.25 per box. Penara—34.23 per base.
Pomegrapates—\$2.75 to \$3 per case.
Tangerines—\$3.75 to \$4 per half-strap
Tomatoes—Hothouse, No. 1's, 25c to
De per lb.; No. 2's, 18c to 20c per lb.
Wholesale Vegetables.

Parsley—Imported, 90c per dozen bunches.

OMINION STEEL IN FAIR DEMAND

Otherwise-No Flurry in Toronto Railway Shares.

London, Jan. 10.—The weekly statement of the Bank of England shows the folof the Bank of Engand Shows the top-lowing changes: Total reserve, increased, £768.000. Circulation, decreased, £887,000. Bullion, decreased, £120,174. Other securities, decreased, £15.810.000. Public deposits, increased, £5,824,000. Other deposits, decreased, £34 878.000. Notes reserve, increased, £754,000. Government securities, decreased, £13,-

The proportion of the bank's reserve to tability this week is 19.71 per cent.; last week it was 16.30 per cent.

Bank rate unchanged at five per cent.

LONDON STOCK MARKET

London, Jan. 10.—The stock market maintained a cheerful tone today. President Wilson's message was a strengthening factor, especially in Russian issues, which were strong, the latest Petrograd news having no effect. Speculative issues were more active, particularly Eastern Kaffirs, tin mines, and oil shares, while British-American Tobacco was a leading feature on dividend announcements. Home funds and shipping shares were steadily supported. Money was in better demand and discount rates were firmer, owing to the banks buying bills.

STEEL ORDERS LARGER

New York, Jan. 10.—The unfilled orders on the books of the U. S. Steel Corporation on Dec. 31 amounted to 9,381,718 tons, an increase of 484,616 tons compared with the orders on November 30, according to the monthly report issued today.

This is the first time that the monthly figures have shown an increase since April. 1917, when they were 12.183.083 tons, the corporation's highest record.

MONEY AND EXCHANGE

London, Jan. 10.—Money, 3½ per collection rates, short bills, 3 31-32 ant; three months' bills, 4 1-32

Sterling exchange on New York showed little change yesterday at \$4.75.20 for demand and \$4.76.7-16 for cables. Local exchange on New York was firm, with funds quoted at a premium of one per cent. Local sterling rates were firm with demand quoted at \$4.80 and cables at \$4.81.30.

MONTREAL TELEGRAPH EARNINGS.

Montreal, Jan. 10.—The annual meeting of the shareholders of the Montreal Telegraph Company was held this morning. The balance sheet shows total assets of \$2.151.823, of which the principal item is telegraph lines in the United States and Canada, valued at \$1.625.890, cable lines are put down at \$23,487, offices and equipment at \$212,500, and real estate at \$279.948. Cash accounts receivable and other securities amount to \$161,862.

GRAND TRUNK EARNINGS. Montreal, Jan. 10.—Grand Trunk Railway traffic earnings from Jan. 1 to 7, \$1.076,606; 1917, \$1.012,906; increase, \$63,-

Silver at 94c.

Evidence that the official price for bar silver does not accurate-ly indicate the demand for the white metal is afforded in the fact that President Culver of the Beaver Mining Company sold a consignment last week to a New York firm at 94c per ounce at York firm at 94c per ounce at a time when the official quotation was 89%c.

BETTER TONE IN **MINING MARKET**

oronto Market is Stagnant Newray, McIntyre and Mc-Kinley-Darragh Are Among Firm Features.

producing class."

KERR LAKE OUTPUT.

Kerr Lake Mining Company produced 203.048 ounces of silver in December, as against 205,522 ounces in November and 213,802 in Octofer. Total production in 1917 was 2,599,525 ounces, comparing with 2,545,804 in 1916, an increase of 53,721 ounces.

The directors have declared a dividend of 25 cents per share.

DAVIDSON ORE RICH.

The ore being broken down on the 100-The ore being broken down on the 100foot level at the Davidson is proving a
richer grade than the assays from the
cross-cut indicated. Free gold in generous quantities is showing consistently
as the work goes on. Rapid progress is
being made in erecting the mil. and
this would indicate that active milling
will begin around Feb. 1.

PAGE'S RISE TO FORTUNE,

New York, Jan. 10.—A seat on the New York Stock Exchange was posted today for transfer to Max Siegel, employed for 18 years as a page on the floor of the exchange, and more recently a sergeant of floor pages. The consideration was \$55,000.

PARIS BOURSE QUIET.

SMELTERS ORE RECEIPTS.

The Consolidated Mining and Smelting Company of Canada. Ltd., reports ore receipts at Trail smelter from November 15 to November 30 2570 tons, and from October 1917, to date, as 67,818 tons.

An Obsolete Compliment

It used to be considered a compliment to appoint a friend as executor. But the estate often suffered so much from the executor's absence, illness or death that the compliment proved a very expensive one.

Nowadays it is realized better that with most men personal affairs take up all their time outside business. In appointing a personal executor the appointor must expect estates matters to be left to what little spare time the executor has.

Many people, dissatisfied with this prospect, have appointed this Company as their executor. It has greater financial responsibility than most individuals and is not liable to the other disabilities to which they are subject. Booklets on request.

Operations.

Operations.

Operations.

Operations.

Operations.

Homer L. Cybson & Co. yesterday received the following reports over their direct leased wire from their Porcupine office:

"We understand that an examination of the West Dome property is being made on behalf of Montreal interests, also that arrangements for a mill run of West Dome ore in the market today fas a living of ore.

"The Longyear Company, who have the contract for shuking the shaft on the Ankerite property for the Contags as Company, are making a record for lefters, the camp for rapid sinking. This shaft has already reached a depth of the Ankerite, and states that he has the third largest mine in Porcupine in point of ore tomnage.

"The Follinger is engasing many additional workmen, and operations are being materially expanded it is expected that the new mill will tonnages will show a large increase.

PROSPEROUS YEAR FOR ROYAL BANK

Sir Herbert Holt Discusses Broad Questions of National Financing.

BANK'S ASSETS LARGE

Acquisition of the Quebec Bank Has Been Justified by Results.

Montreal, Jan. 10.—The forty-ninth' annual u ceting of the Royal Bank of Canada, held here today at the head office, marked the close of one of the most successful years yet enjoyed by this progressive institution. While the statements submitted were particularly satisfactory to the many share-holders present, interest centred to a great extent in the references made to the important problems that Canada has to golve.

Sir Herbert Holt, the president, dealt particularly with the principal factors that contributed to the prosperity the country has enjoyed. He also expressed strong approval of the income tax that had been adopted, but contended that the business profits tax was unduly onerous and repressive, and that it had the effect of antagonizing capital and restricting production. In this connection Sir Her-

tax was unduly onerous and repressive, and that it had the effect of antagonizing capital and restricting production. In this connection Sir Herbert sa.dc

"While we believe the government's assumption of the powers mentioned is essential to the prosecution of the war, and are in duty bound to give our full support, the extent to which the domestic life and liberties of the people are thus affected is a serious matter. Dictatorial powers once assumed are usually reluctantly relinquished, and if we could not trust the government to annul them when the present purpose has been served, great evil would result."

Sir Herbert referred sympathetically to the recent disaster in Halifax, pointing out that the Royal Bank would never waver in its attachment to the City of Halifax, as it had been established there in 1869, and the head office of the bank had been located there for thirty-one years.

Big Gain in Assets.

Sir Herbert in his address also said:

"Last year I drew your attention to the company for the year and the year and the year I drew your attention to the company for the year I drew your attention to the year I drew your attention to the company for the year I drew your attention to the company for the year I drew your attention to the company for the year I drew your attention to the company for the year I drew your attention to the company for the year I drew your attention to the company for the year I drew your attention to the company for the year I drew your attention to the company for the year I drew your attention to the company for the year I drew your attention to the company for the year I drew your attention to the year I drew your attention to the company for the year I drew your attention to the company for the year I drew your attention to the company for the year I drew your attention to the company for the year I drew your attention to the company for the year I drew your attention to the company for the year I drew your attention to the company for the year I drew your attention to the

the minister of finance, and expressed the view that the prosperity the country is enjoying is due in great part to the fact that the finance minister had discovered and exploited latent resources of the country.

Splendid Enlistment.

C. E. Neill, the general manager, dealt more particularly with the progress and development the bank had enjoyed during the course of the past fiscal year. He took occasion to pay the highest tribute to over one thousand members of the staff of the bank who had voluntarily enlisted for overseas service. Of this number 89 had been killed or had died of wounds and 30 had been discharged as unfit for further military service. Nineteen of the latter had again tak-

HAMILTON B. WILLS

Main 326

Lethbridge, Jan. 10. — The Alberta Federation of Labor convention adjourned after once more emphatically endorsing the Alberta Factories Act, and passing resolutions regarding minimum wages and calling for periodical investigations into the cost of living as related to wages in all industries.
