COUNCIL OF FOUR DECIDES TO PROSECUTE EX-KAISER

CAPTURE OF ODESSA GIVES BOLSHEVISTS NEW LEASE OF LIFE

Official Announcement of Evacuation is Discussed With Greatest Anxiety.
 FORM BIG "RED" BLOCK
 Possibility of Organization Which Would Require Immense Forces to Resist.

Paris, April 9.—The chief cause of anxiety in connection with the evacuation of Odessa by the allies, and its occupation by Bolsheviks which have been officially announced, lies in the fact that the most fertile regions in southern Russia have fallen into the hands of the Bolsheviks, giving them immense resources of grain, coal and minerals.
 The reason for the allies' retirement was the constantly increasing menace of the Bolshevik soldiery against the allied garrison, which was able to maintain its supplies with the greatest difficulty. The command thereupon, decided to withdraw its troops, numbering approximately 50,000. The troops retired to Rumania and Constantinople.
 The situation in Rumania and Poland is far from reassuring, even with these additional troops to help form a cordon against the spread of Bolshevism. Both Rumania and Poland require the largest measure of aid from the allies in providing them with food, military equipment and organization.
 Must Rush Polish Troops.
 It is regarded as essential in the Polish quarters that General Haller's Polish divisions should be hurried eastward as fast as possible, or otherwise, it is pointed out, there is a possibility of the formation of a great Bolshevik block consisting of Russians, Hungarians and Germans, which would be so powerful that immense forces would be required to resist it.
 Statements of various countries gathered in Paris, discussed the Odessa question with considerable inquietude today, and it was expected that it would form the subject of discussion among the delegates to the peace conference.
 It was remarked in semi-official circles that reports received from Odessa, previous to the evacuation there, had shown Bolshevism there to be on the down grade owing to the gradual exhaustion of funds, and lack of supplies. But the acquisition of Odessa and surrounding districts by the Bolsheviks has given them a new lease of life, and placed in their power the means to crush temporarily at least, the rising strength of the allied garrison, and to move vigorously the Bolshevik progress.

BRUNSWICK TO FORM SOVIET REPUBLIC
 Former President Urges Union With Russia as Germany's Only Salvation.

Berlin, April 9.—A general strike and a strong movement in favor of proclaiming Brunswick a soviet republic is reported from Brunswick.
 At a mass meeting this morning, former President Merges, in a speech urged a union with Soviet Russia as the only salvation for Germany, "which is on the verge of a precipice." Amid the plaudits of the crowd, Merges demanded the immediate proclamation of a soviet republic and a union with Russia and Hungary.

IMPASSIONED DEBATE IN COMMONS OVER M.S.A. DEFAULTERS

W. F. Nickle Calls Remarks of Lucien Cannon "Miserable, Cowardly Slander."
 EXECUTIONS
 Hugh Guthrie States Death Sentence Had Been Imposed on Canadian Deserters.

Special to The Toronto World.
 Ottawa, April 9.—W. F. Nickle, Unionist member for Kingston, delivered an impassioned and eloquent speech in the house of commons this afternoon, which aroused no little enthusiasm and touched some of his fellow-members to tears. He spoke in reply to Lucien Cannon, the fire-eating member for Dorchester, Quebec, and declared that many a home in Ontario was in mourning because of the men from the English-speaking provinces had to do the fighting for Quebec. The honorable member for Dorchester had asked for justice, but in Mr. Nickle's opinion if justice were done many of the slackers in Quebec would have to suffer capital punishment.
 The debate arose upon a resolution moved by Sir Sam Hughes, calling for uniform procedure and uniform penalties in the case of deserters, defaulters, slackers and evaders under the military service act. The resolution seemed to meet with general approval, and some glaring inequalities in the punishments meted out to deserters were brought to the attention of the house. To all these Hon. Arthur Meighen, acting minister of justice, could only reply that the federal government had no control over the administration of criminal law. The best the federal government could do was to bring about some sort of an equity by commencing sentences that appeared to be excessive.
 Judge McKenzie, leader of the opposition, Dr. Clark of Red Deer and Mr. Pedlow (South Renfrew) were inclined to temper justice with mercy in the case of defaulters, and there was a general disposition to steer clear of the Quebec problem until Mr. Cannon precipitated himself into the debate.
 Involves Cabinet.
 Mr. Cannon argued that many country boys had been misled into believing they were not liable to conscription by the assurances given them in 1917 by the minister of militia, the minister of agriculture and the Unionist candidates for parliament. If the defaulters were to be imprisoned, then, in his opinion, several cabinet ministers and many members of parliament should be placed in the dock. This speech naturally set the hearers on fire, and Mr. Cannon and his province were warmly denounced by Mr. W. F. Cocksbutt (Brantford), Mr. Nicholson (Algoma), Mr. Morphy (North Perth), and Mr. W. F. Nickle (Kingston). The consensus of opinion among the Unionist members seemed to be that the defaulters should be punished not only by imprisonment, but also by disfranchisement, and Mr. Cannon was warmly denounced.

GOVERNMENT INVESTIGATING THE HIGH PRICE OF BUTTER

Is Looking Into Toronto's Marketing of Product—No Evident Reason for Advancing "Oleo"—Complaints Being Formulated.

R. J. McFall of the labor department, Ottawa, was in town yesterday under instructions of his minister to investigate the statements made in the Toronto papers of a sudden increase in the price of butter and oleomargarine.
 In the matter of butter Mr. McFall said the evidence went to show that the rise was brought about by a sudden shortage of the article and also by the fact that the export market offers increasing prices.
 There is no shortage of oleomargarine, and, therefore, no excuse for an advance in the price and as far as increased to the retail trade. If any of the parties who have been complaining of an increase in the price of oleomargarine will send instances to The World today they will be laid before Mr. McFall for investigation. He has power under orders-in-council to lay charges for taking undue profits on an article like oleomargarine, whose wholesale price has not been raised.
 The World was informed in another quarter last night that inasmuch as the increase in the price of butter was admitted by everyone because of the shortage in the market, the law of supply and demand might reasonably govern the case, and therefore if there was to be any intervention on the part of the government in the price it would have to be by order-in-council or by act of parliament, taking power to the government to fix the price and if necessary to put an embargo on private export.
 Women Make Protest.
 Through its secretary, the war auxiliary, formerly the women's war auxiliary of Todmorden, has sent the following protest on the subject to the member of parliament for South York:
 "Todmorden, April 9, 1919.
 W. F. Maclean, M.P.
 Dear Sir: At the weekly meeting of the above auxiliary I was instructed to write you and ask you to take steps to promote an investigation into the causes of the present butter situation, as the members are of opinion that there is no necessity for raising the price of this essential article of diet, which they hear will shortly reach \$1 per pound.
 Also they do not consider that oleomargarine, suggested as a substitute, a suitable food for their families and children.

LICENSE OFFICERS ARRANGE PURCHASE OF HOMER LIQUOR

Established That White, Flavell and Ayeast Were Originators.
 WHERE IS THE CHEQUE?
 Traced to Lady's Bottle of Cold Cream, and No Further.

Sir William Meredith sitting as a royal commissioner on the O.T.A. charges in Ogogode Hall yesterday, heard the evidence of several witnesses touching the "Homer case." One of the principal witnesses, H. J. Lavelle, the man from whom had come the eighty cases of whiskey that went into Homer, was absent, and according to his brother, his whereabouts is highly problematical. No light was thrown on the whereabouts of the cheque for \$3,200 which passed between the government agents and the men who delivered the whiskey, but the fact was established that L. W. Smith acted with Lavelle was confident it was good and that Clyde, the department's agent in the buying of the liquor, had sworn in the police court at St. Catharines that money had been paid out by the department. It was also established that the entire scheme to purchase the liquor was planned after due consultation between Manuel E. White, director of the Employers' Detective Agency, J. D. Flavell, chairman of the license board and Mr. Ayeast.
 At the morning session Smith's evidence touching on The World's almost exclusive presentation of the story of the "Homer case" was particularly interesting. He admitted having told The World reporter that the cheque was cashed, also he said that he was intoxicated at the time and had "kidded" the reporter along.
 Incidentally it appeared that the profit on the liquor which was sent into Homer for \$3,200, was \$2,075, the original cost in Montreal being \$1,125.
 John George Lavelle was the first witness. He is a brother of Herbert Lavelle, who left a week ago for Buffalo and might be at Hot Springs or another race track. Mrs. Lavell accompanied her husband.
 Lavelle stated he had held the cheque for \$3,200 in his possession for several days. He believed it had been drawn by Clyde on the Bank of Nova Scotia and "certified" was written across it. He did not know where the cheque now was.
 "Lavelle has gone away to avoid giving evidence in this trial," said the commissioner. "I don't suppose that there is any way of bringing him back from the States."
 In regard to the correctness of the report of Mr. Dewar's speech, the commissioner said he was not concerned with that. "I have to take the reports as attached in the order-in-council." The commissioner intimated how he wanted the inquiry conducted.
 Lorne Wilson Smith was the next witness.
 Fined Five Hundred.
 Lorne W. Smith, 688A College street, who is employed at Urbanus' tailor pressing store on Yonge street, admitted to Mr. White he was fined \$500 in the Homer case last February for a breach of the O.T.A. He had not seen or communicated with Lavelle since February.
 "Who introduced you to Clyde?" "A man named Clyde, I met him on College street at Urbanus' place."
 "Who introduced you to Clyde?" "I have known him for some time. He had not met formally before." Clyde formerly had an honorable reputation. He understood he owned a cleaning and pressing place in St. Catharines. He met Clyde three weeks previous to the Homer case.
 Witness had been fined \$1000 at St. Catharines.

BELGIUM TO PROSECUTE EX-KAISER FOR THE WAR

Single Tariff In German Customs Favored Nation Treatment for Allies Provided For in Provisional Agreement.

Paris, April 9.—Provision for the most favored nation treatment in the German customs system for the allied and associated countries, and a single tariff, and no tariff discriminations based on the flag of the vessels in that port, are to be transported, or the route of importation or exportation, will be incorporated in the peace treaty with Germany, according to the present provisional agreement. The restriction is to be enforced for five years after the conclusion of peace, and it will probably include the proviso that the tariffs in force upon imports from the associated countries during that period shall be based on the most favored nations' schedules of 1914.
 The obligation to maintain under a single tariff the 1914 schedules will be specified only for a limited period since there is a fairly general realization that Germany will be able financially to raise the maximum of reparations payments and limit or exclude unnecessary imports only by the imposition of higher customs rates. And the proposal is under consideration to give Germany, after the period which will be required for the study and revision of existing tariffs, absolute freedom to increase all her duties.
 Alsace-Lorraine Problem.
 The economic problems of Alsace-Lorraine and German Poland, the industries of which have hitherto been based on membership in the German empire and access to the German markets, will probably be given consideration by a provision permitting them freedom of trade with Germany during the period of transition and readjustment, until it is possible for them to build up new markets.
 Such a solution was found absolutely essential by cotton manufacturers and the wines of Alsace-Lorraine, for which no present market exists outside of Germany. The cottoning experts, who agreed upon this solution, believe this arrangement to be equally advantageous and acceptable to Germany.
 The problem of the experts in formulating the conditions under which Germany will be permitted to re-establish commercial relations with the rest of the world has been most complicated and intricate, since in addition to providing for equality of trade relations and prevention of discriminations against the present opponents of Germany, it has been necessary to consider that Germany's ability to pay reparations is largely contingent upon the absence of kampering restrictions, upon the development of home industries, and an outlet for foreign trade.
 It has been the endeavor in the consideration of the problem to cause as little loss as possible to the trade relations created before the war by virtue of special arrangements, and to allow Germany freedom of tariff regulation so far as is compatible with the necessities of reparation.
 The council of four reached an agreement this afternoon on the Sarre valley. The agreement leaves sovereignty over the valley unchanged, according to France free of duty sufficient to allow the production of the mines destroyed in the Lens mining district, with the privilege to the Germans of restoring the Lens mines and thus relieving the Sarre valley of that charge.
 This agreement removes one of the most difficult obstacles to the conclusion of peace.

Council of Four Has Decided on Means of Trying Former Emperor—Five Billion in Indemnities to Be Paid Within Two Years.

Paris, April 9.—The responsibility of the former German emperor for the war and the means for bringing him to trial by one of the allied governments, probably Belgium, have been definitely determined upon by the council of four. This follows the definite decision on the terms of reparations for war damages, whereby \$5,000,000,000 must be paid within the next two years, and an international commission assesses the remaining damages for a period of 30 years.
 Thus, two of the great obstacles which stood in the way of the rapid attainment of peace have been removed within the last 24 hours, and the period of extreme tension over the situation and the failure to secure tangible results is succeeded by revived confidence over the great advance towards a permanent settlement.
 While the tension has been greatly reduced, it is not entirely removed as much depends on the continuation of the progress with respect to the remaining obstacles, notably the Rhine frontier, the Sarre valley, the Adriatic issue and a number of lesser issues which are still short of final agreement.
 A Compromise Reached.
 The agreement on responsibilities for the war has been reported to have been a compromise between reports presented by the commission. The British and French view favored a tribunal, but the American view, it is understood, favored moral indictment without recourse to prosecution, owing to the lack of an international law as a basis for trial before an international court.
 Belgium, on which the war fell first and heaviest, is reported to have taken a view much similar to that of the United States, while Japan and Italy were partially in accord with the American view.
 It was thought to there divergent viewpoints that the council decided on a new plan, whereby one of the allied nations, probably Belgium, would initiate prosecution against the former emperor and others responsible for the breach of treaties, the invasion of territory and the destruction directed against this country and leading to a more general spread of the war. The exact nature of the agreement is not disclosed, but the foregoing is believed to cover the main lines.
 Text on Reparations.
 The text as finally approved on reparations specifies that the enemy countries must admit responsibility for all loss and damage to allied and associated nations and their citizens caused by the unjustifiable aggression. But, in view of the inability of the enemy countries fully to recompense these losses, the clause states, an international commission will assess the losses on a just basis for 30 years, beginning May 1, 1921, with an initial payment of five billion dollars.
 Germany is to pay the entire cost of the commission and staff during the 30 years of operations. The first payment is to be credited against Germany's obligation to pay for the maintenance of the allied troops in the occupied regions and the second priority is for the payment of food relief furnished to Germany.
 The council of four reached an agreement this afternoon on the Sarre valley. The agreement leaves sovereignty over the valley unchanged, according to France free of duty sufficient to allow the production of the mines destroyed in the Lens mining district, with the privilege to the Germans of restoring the Lens mines and thus relieving the Sarre valley of that charge.
 This agreement removes one of the most difficult obstacles to the conclusion of peace.

WHISKEY DISGUISED AS RUBBER COATS

Police Seize Two Large Consignments Shipped From Montreal.

The police are keeping close tabs on all shipments of goods coming in packed in cases from Montreal, in view of the "rush" that is said to be on due to the scarce dry goods at the end of this month. Yesterday, Morality Officers Kerr and Massey took possession of two large packing-cases that arrived here from Montreal. The cases were labeled "rubber coats," but when opened there were no coats in either of the cases, which each contained five cases of good Scotch whiskey.
 Kerr and Massey followed an express wagon from the station to a house on Berkeley street. The driver went to the door and a woman signed for the case and asked the driver to take it around to the back door. Kerr and Massey went with him and after seeing that Jennie Wolosof of 217 Berkeley street had accepted the order, took possession of the liquor. The case was shipped here from the Imperial Rubber Manufacturers of Montreal, and contained 60 bottles of liquor. It was consigned to J. Jasmass, of the Berkeley street address. The police will summons Jennie Wolosof to police court on a charge of a breach of the temperance act.
 From Berkeley street the police followed the delivery wagon to a house on Beverley street, with a similar consignment from the same Montreal firm. This order of the rubber coats was signed to a Louis Shoemaker. The address on the shipping bill was fictitious and the occupants of the house would not accept the rubber coats. Kerr and Massey then took charge of the liquor and took it to the morality office.

NEGOTIATE FOR INCORPORATION OF AUSTRIA IN GERMANY

Paris, April 9.—Despatches from Vienna today announce the arrival of a German delegation which has opened negotiations for the incorporation of Austria in Germany.

Mr. Cannon argued that many country boys had been misled into believing they were not liable to conscription by the assurances given them in 1917 by the minister of militia, the minister of agriculture and the Unionist candidates for parliament. If the defaulters were to be imprisoned, then, in his opinion, several cabinet ministers and many members of parliament should be placed in the dock. This speech naturally set the hearers on fire, and Mr. Cannon and his province were warmly denounced by Mr. W. F. Cocksbutt (Brantford), Mr. Nicholson (Algoma), Mr. Morphy (North Perth), and Mr. W. F. Nickle (Kingston). The consensus of opinion among the Unionist members seemed to be that the defaulters should be punished not only by imprisonment, but also by disfranchisement, and Mr. Cannon was warmly denounced.

NAME COMMISSION ON INDUSTRIES WILL VOTE TODAY

Begins Inquiry After Easter and Renders First Report Before June First.

Ottawa, April 9.—The commission to investigate industrial relations will consist of two representatives each of employers, of the employed and of the public. Chief Justice Mathers will be chairman. The members of the commission are: Chief Justice Mathers, Senator White and Charles Harrison, M.P., representing the public; Carl Riordon, president of the Riondon Pulp and Paper Co., Montreal, and T. Pause, lumberman, Montreal, representing the employers; Tom Moore, president of the Trades and Labor Congress, and J. W. Bruce, member of the labor appeal board, Toronto, representing the employees. Thos. Bengough, Toronto, will be secretary.
 Announcement of the composition of the commission was made in the house by Sir Thomas White this afternoon. In his report, the commission will submit recommendation as to how industrial relations may be improved.
 The commission's inquiry will begin immediately after Easter, and the time within which they will render their report has been extended to June 1, instead of May 15, as originally contemplated. The hearings will probably begin in British Columbia.

QUEBEC PROVINCE WILL DECIDE ON AMENDMENT TO PROHIBITION.

Montreal, April 9.—Tomorrow the electors of Quebec are requested to answer the following questions: "Is it your opinion that the sale of light beer, cider and wines as defined by law should be allowed?"
 The polls will be open from 10 a.m. to 6 p.m., and Mayor Martin has proclaimed a civic holiday. The voting will be by ballot and women will not be allowed to vote.
 In spite of an extensive advertising campaign by both the wets and the dries, little interest has been manifested in the referendum, and few public meetings have been held.
 Le Canada, the government organ, urges a full vote so that the result will be decisive.
 La Presse, vigorously favors a wine and beer license and believes it will carry at tomorrow's plebiscite.
 Le Devoir, Mr. Bourassa's paper, is out editorially against bone-dry prohibition.

Local Option Stands.
 The Star says the wets will win tomorrow. The impression here is that the vote throughout the province will not be heavy, but that a majority of those voting will favor the wine and beer license. Even though the plebiscite carries in favor of wine and beer, territory under local option will not be affected. That is any municipality will still be free to prohibit the sale of wine and beer even if the wets are successful in tomorrow's referendum.
 The Montreal Gazette says editorially: "The prospect is that the majority in Quebec will vote for the general sale of the milder beverages. Those who desire what is practically as well as what is promising of good, and who know what failure during half a century has attended efforts to enforce 'bone dry' legislation in America, will be likely when they go to the polls to vote for what should help to temperance rather than what, judging by precedent, will not. And the masses who expect to neither be in 'the trade' nor influenced by it. The evidently effective appeal to the moderates in the campaign now closing has come from men not open to selfish influences, but deeply concerned in the welfare and prosperity of the community; and this is among the reasons why it is expected that the moderates will have a good majority when the vote is counted."

NAVY IS STRONGER BY 2,000,000 TONS

Changes in Design and Addition of Ships Announced in British House.

London, April 9.—More than two million tons of shipping were added to the British navy during the war, at a cost of between £250,000,000 and £300,000,000, according to a statement today by Sir E. H. W. Tennyson-Dunstou, director of naval construction at the admiralty.
 After the battle of the Falkland Islands, the statement says, design of the Renown and Riposte were altered from battleships to battle cruisers, the value of battle cruisers having become apparent. The famous "Hush" ships—the Courageous, Glorious and Furious—were designed to wipe out German light cruisers and raiders. They carried fifteen-inch guns and steamed 32 knots an hour. During the war, three hundred destroyers, 100 mine-sweepers and twelve new types of submarines were added to the British navy.

TROOPS RECAPTURE MAGDEBURG CAPITAL

Insurgents Threaten to Blow Up Bridge Over River Elbe.

Berlin, April 9.—A despatch to The Vossische Zeitung from Magdeburg says that government troops have recaptured the citadel and military headquarters from the Spartacists.
 The insurgents have occupied the bridge over the Elbe, which they propose to blow up.
 The city of Magdeburg is comparatively quiet, according to the latest reports, and there has been no occasion for real fighting against the insurgents.
 The organized and unorganized bank employees of Greater Berlin today adopted by a large majority a resolution calling a general strike of bank workers, all over Germany, unless the bank managements enter into negotiations with the national minister of labor for the purpose of fixing a definite wage schedule and adjusting other contested issues. The strike will begin on Thursday if the employees demands are refused.
 Peasants Declare Blockade.
 Berne, April 9.—The Bavarian peasants' unions have published a manifesto against the Munich soviet government, declaring a blockade on provisions against Munich and Augsburg, according to advices received here today. No food will be sent to these towns until the new government has retired.
 Favors Hoffman Government.
 Nuremberg, Bavaria, April 9.—The peasants of upper Franconia have declared in favor of the Hoffman government. They assert that they will do everything possible to support him.

LONDON TO SEE OVERSEAS TROOPS

Representatives of Crowd Colonies Will Be Included in Triumphal March.

Reuter Cable.
 London, April 9.—Replying to Lord Denham in the house of lords today, Under Secretary Viscount Peel said it had been decided that there would be a triumphal march of the overseas troops thru London, but being the working out of particulars he would be unable to announce the precise date. It would be taken into consideration whether the march should consist of complete units with guns and transport and full equipment.
 Lord Harcourt hoped no time would be lost as thousands of Australians and Canadians were proceeding home daily. He hoped that representatives of the troops from the crown colonies, of which many were colored, as for instance, the West Indies, would be included in order that they might receive a tribute to the sacrifices they had made.
 Viscount Peel said the government quite appreciated the point and the overseas troops included men from the crown colonies.

Lloyd George Stands by Pledges To Exact Utmost From Germany

London, April 9.—Premier Lloyd George has addressed a message to the members of parliament, saying: "My colleagues and I mean to stand faithfully by all the pledges which we gave our constituencies. We are prepared at any moment to submit to the judgment of parliament, and, if necessary, of the country, our efforts loyally to redeem our promises."
 The premier's message was in reply to a telegram sent to Mr. Lloyd George yesterday, signed by 200 members of the house of commons, holding the premier to his election pledges to exact the utmost indemnity from Germany. The movement was initiated by a group of Conservative members under the belief that it would strengthen the premier's hand at the conference.

A BARGAIN IN MEN'S RAINCOATS.

This is an opportunity to purchase a Raincoat an opportunity less than regular prices. They can today—see Page 2 in this paper. Dinen's store is 140 and 142 Yonge street, corner Temperance.

TELLING A TRUE STORY

WE had an interesting talk with a returned soldier this week that made us feel good. He had just finished buying a suit and overcoat, and was completing his purchases in our men's furnishing department when we spoke to him, and his first words were: "I like to shop in your store because you always tell a true story about your goods." We told him it was one of our habits. He said "Yes, I know it is and before I was a soldier and went overseas I always bought my clothing from you, and as a boy my mother brought me to your old store down on King St. Mother said she could always rely on what Oak Hall told her and I have always found you square." Could anyone ask a finer testimony than that? We sure felt that after all, earnest effort was worth while when we held the good will and esteem of our soldier heroes through all the terrible times they have been through, and we want to say right here, "Welcome Home Boys, you are all Heroes and we are proud of you." Three of our own men are coming back, they have all been wounded but they will be on the job again to meet their old friends just as soon as they can get into civies. We have their places for them, and just aching to shake them by the hand and see their good old honest faces once again. Meanwhile the work of fitting out returned men and civilians goes merrily on. We are a busy store. Telling a true story for forty years has made us a Big Going Clothing House for men and boys.

THEATRE NIGHT AT THE ORTHOPEDIC

Theatre night at the Dominion Orthopedic Hospital was much enjoyed by the hundreds of soldiers who attended. The program consisted of songs, stories, violin selections, dancing, recitations. Those taking part were Mrs. James Costello, Billy Moran, Clancy Brothers, Cecil Tiselsky, Teddy Charlen, Margaret Wallace, Masters Donnelly and Barro, Reta Hallgrath, Gladys St. John-Smith and the pupils of Miss Hudson in fancy dances. Mrs. J. E. Doherty arranged the program, and the vaudeville attractions were donated by the Ontario Booking Company. Rev. Father Kelly, chaplain, was chairman.

LABOR NEWS

LACK OF HARMONY AMONG LABOR RANKS

Independents, Ultra-Radicals and Moderates Find Co-operation Difficult.

Interviews held yesterday with representative labor men disclosed a sad state of discord among the ranks of labor, which was felt to augur ill for the movement in the coming election. One section represented sought immediate action with respect to grave issues of the moment; others again believed that only through the medium of the ballot could the ends of the workingman be safely attained. However, a prominent member of the Independent Labor party expressed his determination to drop out of the party if certain radical elements were allowed to join its ranks. He contended that the only true medium of the workingman was the trades unionist in the role of political leader. Suffrage, he said, was essential to the well-being of the movement, but only suffrage of the right sort. On the other hand there were those who contended that with the labor interests so unorganized and lacking in harmony victory could never be achieved.

Summary of Opinion.
 A summary of opinion showed, therefore, that there were easily three distinct and inharmonious types of thought in the labor movement, the ultra-radicals, who believed in the need of immediate action, and might be induced to join the Canadian Labor party, provided any sort of harmony of interests was possible, those who refused to associate themselves with any but the provincial Independent Labor party because of their prejudices against the former, and thirdly, those moderates who were willing to sacrifice their prejudices in order that harmony of interests might prevail.

That the employees of the Canadian Express Company are almost 100 per cent. organized, is the emphatic statement made by W. J. MacPherson, general organizer of the Canadian Brotherhood of Railway Employees.

TEN MILLION LOAN ON REVENUE CREDIT

Hon. Mr. McGarry Tells Legislature He Hopes to Borrow at 5 Per Cent.

LABOR UNREST GROWS

Allan Studholme, Says Government Has Ignored Returned Soldiers.

Several private bills were advanced in the legislature yesterday. The rest of the session was devoid of new interest.

Hon. Mr. McGarry moved the house into committee to consider the following resolution:

1. That the lieutenant-governor-in-council be authorized to raise by a loan not exceeding ten million dollars, for the public service, for works carried on by commissioners on behalf of Ontario, for the covering of any debt of Ontario on open account, for paying any floating indebtedness of Ontario, and for carrying on of the public works authorized by the legislature, which sum of money may be borrowed for any term or terms not exceeding forty years at a rate not exceeding seven per centum, and shall be raised upon the credit of the consolidated revenue fund of Ontario, and shall be chargeable thereupon.
 2. That the lieutenant-governor-in-council may direct that any bonds or inscribed stock issued as security for such loan shall be free from any or all provincial taxes, succession duties and impositions whatsoever.
 3. That the lieutenant-governor-in-council may provide for a special sinking fund with respect to such loan.

Speaking upon the motion, the provincial treasurer said the ordinary revenue of the province would be between \$17,000,000 and \$19,000,000. There have been already borrowings for the hydro, whose estimated expenditure would be about \$11,000,000. There would have to be borrowings for the T. and N. O. and also for university buildings. The total borrowings would be \$11,000,000.

Mr. Proudfoot asked why the provincial bonds being free from taxes, the people should be relieved from succession duties.

Hon. Mr. McGarry said the government had not exercised any power of exempting the bonds from succession duty and other provincial and municipal taxes. Also the rate fixed by the resolution shall not be more than 7 per cent. The province is actually advertising for a loan of \$2,000,000 at 5 1/2 per cent. He is hopeful of being able to float future loans at 5 per cent. and for the present his policy is not to have any loan for a longer period than three years, because he expected when the money market improves the province can borrow upon better terms.

Compulsory Attendance.

Hon. Dr. Cody explained his bill respecting compulsory school attendance, pointing out the supervision of children who are taken from school before they reach the age of fourteen.
 Hon. Mr. McGarry's bill to amend the theatres and cinematographs act which is to provide for more Canadian and British films being displayed, and the appointment of a matron by each moving picture show to superintend the conduct of children on Saturdays and legal holidays.
 He said he had written to the various film companies complaining of the portrayal of the feats of the American army; but still they are flaunting the American flag, and he intends to stop it. He will insist also upon the closing of each performance. There is in the bill a Toronto request that the erection of any sort of theatre within 200 feet of a church be prohibited.

Making Motoring Popular— Keeping It Economical and Safe

1919 finds Dunlop Traction Tread—Cord and Regular—out to surpass all quality records.
 In 1918 more new friends were made—more "Traction" were sold—than in any other year.

Our own men, motoring in the various portions of Canada on their daily duties, had an excellent opportunity to see countless "Traction" in service. They saw them on big city streets, in the quiet of the country, over the even, carefully-graded expanses of highways, and on the hilly going of the mountainous districts; but the important point is that they saw them delivering service of a new order—the kind of service that has no "backfire," no "added entries" of cost to the Tire Bankbook.

With "Traction" now obtainable in Cord, as well as in Regular Construction—with each part of the tire made sturdier than ever before, with countless car owners saying "Traction" Deserve Well Because They Serve Well"—the logical choice for tire equipment is the "Master of the Road."

The "Two Hands" Line consists of: Dunlop Cord—"Traction" and "Ribbed"; Dunlop Regular—"Traction," "Special," "Ribbed," "Clipper," "Plain," Dunlop "Clipper" and Dunlop "Ribbed" (Regular)—both anti-skids—sell at the price of "Plains," a remarkable opportunity.

forcing the act. Another clause in the act gives the provincial officer the power to act as a trustee and establish schools in northern districts where school boards are not appointed.

In reply to a suggestion from Allan Studholme, Dr. Cody said the provincial officer will look after the cases before they reach the age of fourteen.

Hon. Mr. McGarry's bill to amend the theatres and cinematographs act which is to provide for more Canadian and British films being displayed, and the appointment of a matron by each moving picture show to superintend the conduct of children on Saturdays and legal holidays.

He will insist also upon the closing of each performance. There is in the bill a Toronto request that the erection of any sort of theatre within 200 feet of a church be prohibited.

Moral Aspect.

Sam Carter hoped more attention will be given to the moral aspect of the shows, and Mr. McGarry pointed out that Toronto has the reputation of having the most censorious censors on the continent. When the government began to take cognizance of the picture theatres there were no film companies in Canada. Now four companies are producing films.
 Mr. Atkinson, speaking to his motion declaring that the government shall at the earliest moment introduce legislation to meet the conditions arising during the present readjustment period, made a strong plea for generous treatment of the returned soldiers, and of the dependents of vic-tims of the war. Incidentally he declared the returned soldiers are not work slackers and none of them were present, he believed, in the unemployment deputation.

President Wilson's Enigma.

There is a very pronounced body of distrust of President Wilson in the United States, and it is not confined to the Republican party.

But what is meant by President Wilson in calling for a steamer is not clear. He may see a peaceful settlement in sight and be preparing for his consequent return.

For the United States to withdraw from the peace conference and make separate terms with Germany, would inflame the whole situation to an extraordinary degree.

The advantages won by the allies have unquestionably been squandered by the delay since Nov. 11.

Research Work Profitable. One of the things that Bolshevism appears to have overlooked is the fact that all wealth is produced by labor.

in the University of Toronto Monthly, Prof. Fields, Ph.D., F.R.S., has an article on "Industrial Research in the United States," which is a testimony to the extent which capital assists the part that brains assist in the creation of wealth.

IDA RE THE AUTO THIEVES

For weeks the police department and the automobile public at large have been deploring the fact that so many auto thieves are at work, and that their efforts are so successful.

To put the entire blame for this upon the police of the city is doing that body of men a grave injustice.

As for the juvenile thieves, they are brought back so often charged with the same thing, that the police get weary lugging them in.

Human endurance and patience can last but just so long; after that a man must either blow up, add make a scene, or he must give up in disgust.

Supposing that you were on a certain beat, and three or four times in the course of the night, that you saw a car standing on the street.

It may be quite in order for a few light people to say that the thief should continue to do his dirty work, even though the offenders were not punished as they should be.

But at breakfast I repeated my bit of gossip. "What would Lorraine do if she couldn't talk," he asked when I had finished.

"But I shouldn't think Mrs. Orton would receive such creatures." That maid said one of the men was terribly noisy, and that all three drank too much, even the one she described as "lovely."

THE PROMOTER'S WIFE

By JANE PHELPS.

Neil Tells Bab It is Her Fault That He Visits Blanche.

CHAPTER LV. I sat quietly thinking for some time. Was it possible that Neil had meant that he would take his men-friends—the ones I had objected to—Blanche Orton to be entertained? I had not taken his speech at all seriously.

Of course I was silly to even connect Neil with such a dinner as that which the maid had described. Even at the worst, the men he had brought home had been common and uncouth—never noisy or drunken. I would tell Neil about it, however. He would see that even the servants who had brought guests of that type to their homes, I thought with satisfaction.

Neil remained quiet that night. It is easier for me to say you will put things from your mind than to do it. All the long, lonely evening I thought of little else save what Lorraine had told me. I brushed as I decided that I would call upon Mrs. Lacy the very next day. Blushed because I cared nothing for Mrs. Lacy, in fact rather disliked her, but I was going to learn what I could of the dinner Blanche Orton had given.

I had not changed my mind about telling Neil what I had heard, but it was so late when he came in—after one o'clock—and he looked so tired that I hesitated to begin. Then he yawned prodigiously and said: "Please don't say one word to me tonight, Bab. I am tired almost to death and want to go right to sleep."

But at breakfast I repeated my bit of gossip. "What would Lorraine do if she couldn't talk," he asked when I had finished.

Some methods employed came in for criticism. "I am not a bootlegger," said Col. Machin after discounting a personal reference of a hold-up.

SPOTTERS PRIVILEGED Hence Large Sums Allowed These Officers for Drinking.

H. H. Dewart reappeared at the public accounts probe in the O.T.A. accounts yesterday. The session did not develop much evidence of general interest, but three additional light upon what has already come out.

A letter sent by Provincial Chief of Police Joseph Rogers to one of his constables was read. F. Lefebvre had told C.P.R. officials at North Bay his uniform gave him the right to search all the handbags he wanted.

"I did get full access to all documents in Dew office," quipped Col. Machin. "Oh, no."

The O. T. A. gave spotters one privilege. They were allowed to park cars of hard liquor in running down cases. True were explained charges for drinks in their expense accounts.

Some methods employed came in for criticism. "I am not a bootlegger," said Col. Machin after discounting a personal reference of a hold-up.

Baseball Chill Breezes Stop the Leafs Lacrosse An Appeal To the Clubs Turf Enos at Bowie Paid \$186.50

HERCHE BREEZES IN; NINE LEAFS HERE

Too Cold for Local Squad to Stage First Practice Yesterday.

East winds make anything but a hit with Mooney Gibson, the Leafs' leader. Mooney was before to open the spring training stunts at the island stadium yesterday, but when he herded his flock across the bay the biting breeze from the east were too strong and they had to call it off.

Manager Gibson hopes for better luck today. The probe says easterly winds, with showers, and things don't look bright. The Gibson Gliders are nine, counting George himself. Mooney thinks that some useful chances on the field in the morning, and hopes to have another half-dozen in on the early trains today. Gibson is not taking any chances on the weather, and will have a place today to work out his pitchers. Two suitable buildings are in mind, and one will be secured this morning. The pitchers need an earth or tanbark floor for a floor and a building with this kind of a floor is rather hard to secure. If the building is landed, an hour's good work will be indulged in by the pitchers on days that they are unable to get out at the island.

The biggest surprise yesterday was when Fred (Bugs) Herche blew in on the afternoon train, and Herche was counted a holdout, but came prepared to peddle his wares and earn a place on the team. Herche and Peterson arrived last night, and the men here now are: Manager Gibson, Anderson, Gee, Westlake, Mack, Peterson, Hansen, Tom, John, N.B., and Harmon of London.

SUIT NEARING END.

Washington, April 9.—Justice Stafford, in the D. C. supreme court, today overruled motions for directed verdicts filed respectively by plaintiffs and defendants in the \$200,000 damage suit of the Baltimore Federal League Club against the American and National Leagues. The case is expected to go to the jury Friday.

Final arguments in the case which has been on trial before Justice Stafford, will be heard tomorrow, and instructions then will be given to the jury relative to the law by Justice Stafford. The jury was dismissed today while the opposing attorneys argued the motions for directed verdicts.

TY OPENS THE SEASON WITH A CIRCUIT CLOUT.

Rochester, N. C., April 9.—Ty Cobb, in his first time at bat this season, hit a home run today in an exhibition game between the Detroit Americans and the Boston Nationals. Boston won, 5 to 3. Cobb joined the Detroit Club last night.

HINCHMAN WILL LEAD THE TOLEDO OUTFIT.

Toledo, April 9.—Assurance that "everything" is going along perfectly was given by Roger Bresnahan, president of the Toledo Baseball Club this afternoon, following a conference with President T. A. Hickey, of the American Association. Bresnahan and minority stockholders.

The probable outcome of the situation is that a new company, composed of leading Toledo business men, headed by Elmer Dyer, vice-president of the American Bowling Congress, will take over the stock of the company, and guarantee the stockholders to provide any profits until the stock is paid for.

Bill Hinchman, now with Pittsburgh, is expected to come along, and Hickey will trade where Catcher Ed. Sweeney went to Pittsburgh and Bresnahan announced he would be ready to purchase the club. Hinchman managed the Columbus team of the American Association before going to the majors. He is well known and well liked here.

Saginaw Looking For Ball Players

Detroit, Mich., April 9.—An innovation in baseball is promised by Manager Buzz Wetzel, of the Saginaw Club of the Michigan-Ontario League who arrived in Detroit today and announced that he is here to stay for the present. Also, that he is here to meet baseball owners who are anxious to try out a man who thinks they are fast enough for Class B. baseball. Wetzel already has the nucleus of a strong team but needs a shortstop, some outfielders and a pitcher or two.

The Michigan-Ontario season does not even until May 1. Players will not be asked to report for the training season until the last week of the present month. This gives Wetzel plenty of time. Clubs of the Michigan-Ontario circuit as a general thing have most of their men signed and now are looking to round out their teams.

The league is of higher classification than either South Michigan or the old Canadian and the salary limit higher than that of the circuit formerly operating in this state.

Leon Ames Oldest Player in Majors

LEON AMES—Oldest player in point of service in the National League. Has the reputation for losing more hard luck games than any other pitcher. Tells how to preserve the pitching arm, what course to take in spring training and what to do when there are three on, none down.

Ames has a message for aspiring big leaguers. The Sunday World will give Ames' message in an interesting article by the good pitcher—just one of twenty features for the Toronto fans. Follow them closely. They are worth while.

honorary life members, Mr. J. P. McNair and Mr. W. G. Tingle, who have been active members for many years, were elected president and vice-president. Mr. H. S. Rupert (College 1434) and Mr. M. G. McTaggart were re-elected secretary and treasurer. The executive was completed by the election of the following: C. E. Armer, J. A. Findlay, D. R. Mackenzie, C. H. Starr, Dr. W. S. Fawcett, A. J. Hardy, E. A. Purkis, F. L. Storey.

UP TO THE CLUBS TO BOOST THE GAME

Lacrosse President Issues Call to All Followers of the Sport.

President Waghorne of the Ontario Amateur Lacrosse Association, has issued the following statement:

Since the signing of the armistice in November those behind all kinds of sport have been preparing for after-war conditions. This applies also to the lacrosse enthusiasts who for the past few weeks have been preparing for the coming convention, when matters appertaining to the good of the game in the future, and particularly affecting those who have been overseas, will be up for consideration.

One amendment before the convention, which is certain to receive the unanimous support of the meeting, is that all those who have served overseas will be permitted to get into the game again irrespective of the date on which they return from the front. This will give every lad a chance to break into the game, even if the semi-finals or finals have been reached.

It is felt that several who took an active interest in the national game before the outbreak of the war have returned home, and may wish to get in line again. President Waghorne and the members of the executive would be pleased to welcome at the convention any such, or any players who have lost their identity thru the non-operation of their former clubs, so that they may be looked after elsewhere.

Every effort will be made by the incoming officers to make the season of 1919 a banner one in the history of lacrosse, and all those interested in the national game are asked to lend their efforts to this end.

Out-of-town teams are asked to send representatives to the annual convention and come prepared to discuss their prospects for the coming season.

Rusholme Lawn Tennis Club Officers Elected

The twenty-sixth annual meeting of the Rusholme Lawn Tennis Club was held at the West End Y.M.C.A. The reports presented showed that the club had weathered the war period splendidly, membership of both ladies and gentlemen, as well as the finances, being in satisfactory shape. The indications were that, now the war is over, there would be a great revival of interest in tennis this coming season.

The honor roll of participating members in the great war showed 25 names. The club was fortunate in losing only one member thru death. Already quite a few of the boys have returned to the city, and indicated their eagerness to get back into the game. One of the members, the well-known Major F. Leckie, D.S.O., D.F.C., is expected to participate shortly in an effort to fly across the Atlantic.

It was decided to encourage the Junior section, consisting of those under 17 years of age, and for which there are moderate fees.

The resignations of Mr. G. T. Peppall and Mr. John Wiltchall, who served so well as president and vice-president, respectively, for a number of years, were received with much regret. As a slight token of appreciation they were elected:

BOXING FINALS AT MILITARY COLLEGE

Kingston, April 9.—The following are the winners of the R. M. C. boxing bout finals staged this afternoon:

Novice lightweight, F. P. Bigelow; novice heavyweight, C. J. Bermingham; featherweight, J. L. Black; welterweight, H. A. Mackenzie; middle-weight, M. M. Sinclair; lightweight, F. P. Bigelow; heavyweight, C. J. Bermingham.

In a six-round lightweight professional bout, Wm. Hunt of Toronto won from Edward Joyce, also of Toronto, Frankie Bull of Toronto defeated Fred Crompton of Toronto in the fourth round by a knockout. The events were attended by Mayor Church and Messrs. Ballantyne and Murphy of the Sportsman's Patriotic Association, Toronto.

INTER-CITY SOCCER.

Montreal, April 9.—The challenge from the United District Soccer League of Toronto, asking that the inter-city games be resumed this season, was discussed at the meeting of the Province of Quebec Football Association last night. The Toronto League suggested that the first game be played in Montreal on May 21, and the return game to be played in Toronto on Dominion Day (July 1). The association were unable to accept the suggested dates, and in turn have suggested that the first game be played here July 1, and the return game at Toronto August 4, which will be Toronto's Civic Holiday.

BOYS' CRICKET.

The St. Edmunds and Dovercourt Cricket Clubs will meet the Oakwood boys in the St. Edmund's Church basement tonight (Thursday), to make arrangements for the coming season. All boys living in the vicinity of Oakwood Collegiate grounds who are interested in cricket are cordially invited to attend.

Eternal Breezes Fast Mile at Hot Springs

By Bert E. Collier.

Chicago, April 9.—That portion of the turf world, and that I may say includes nearly ever one connected with the sport of kings, interested in the coming Kentucky Derby, are being treated to a sensational full-distance derby trial on the part of J. W. McLelland's Eternal at Hot Springs, Ark.

Quarter in 2:09 2-5. Not alone was the trial exceptional in that it was first over the distance and of the star candidates who were laid up during the winter, but was also comparatively rare in that the first work of Omar Khayyam last year portending his later victory in the blue ribbon class.

With the assurance that there can now be no argument over the certain fitness of Eternal to start the tenth of next May, on which the race will be decided, the trial also seems to offer almost inconceivable evidence going far to disprove the assertion of those who, while admitting Eternal to be a wonderful sprinter, have insisted that the son of Sweep is not a real stayer.

As to that, perhaps the Lawrence Realization country bred the mile and a quarter in 2:09 2-5. DEMAND FOR HORSES EXCEEDS THE SUPPLY

High Prices Prevailed at Repository Blue Ribbon Sale, Notably for Ponies.

Had the supply of horses offered at the sixty-third annual Blue Ribbon Speed Sale, held at the Repository yesterday, adequately met the demand, the sale would have come on record as the most successful harness vendue ever held in Canada. However, the demand on hand from various parts of the province, many with the intent of purchasing, but several were named by disappointed buyers. As a result, high prices prevailed, especially for ponies, one pair selling to Chicago for \$610, and another pair sold for \$530, while a hackney horse sold for \$275.

PLAYS, PICTURES AND MUSIC

"I Love You" at Alexandra. Seats are now selling for "I Love You," William LeBaron's wonderful new three-act farce comedy, which will be seen at the Royal Alexandra Theatre all next week, commencing Monday evening.

"I Love You" is all that the term farce implies—a clean play of amusing scenes and absurdity of complications that send an audience away from the theatre saturated with laughter. And that is its mission. As with his former plays Mr. Anderson has selected a company of farceurs for "I Love You" that is second to none seen locally this season.

James Cathedral this year will be marked by the singing of Dr. Albert Ham's beautiful cantata, "The Solitudes of the Passion," on Tuesday evening next. Frank Oatfield and Gladstone Browne will be the soloists associated with the choir of St. James, and tickets will be available at the vestry office. In view of the demand last year that far exceeded the supply early application will be advisable.

"Fiddlers Three," which will be seen at the Princess the week of April 28, is said to be one of the best musical shows to be offered in Toronto this season. Its producer, John Cort, has already given Toronto theatregoers "Flo-Flo" and "Listen, Lester," and while his "Gloriana" has not yet appeared here, "Fiddlers Three" is said to be the best of them all.

The Toronto Canoe Club will give its annual minstrel show at the Princess on Thursday, Friday and Saturday, April 24, 25 and 26, with a matinee on Saturday afternoon.

William Faversham and Maxine Elliott. The greatest co-star organization that has appeared on the local stage in many years will be seen when William Faversham and Maxine Elliott present R. C. Carton's sparkling comedy of "Lord and Lady Algy" at the Royal Alexandra for one week only, beginning Monday night, April 21, with matinees on Wednesday and Saturday. Faversham will play his original role of Lord Algy, in which he achieved one of his greatest successes. Maxine Elliott returns to the stage in this production, after an absence of seven years, to play the role of Lady Algy. Supporting these stars is a brilliant company, including Mary Compton, Harvey Hays, Herbert Belmont, Maud Hosford, Emily Fitzroy, Elsie Bennett, Frank Fox, Frederick Raymond and H. Jess Smith.

EIGHTEEN WEEKLY WAS WHOLE STAFF SALARY. Underpaid Office Girl Succumbs to Temptation, Defaulting \$1940 and Covering Tracks by Incendiarism.

Judge Coatsworth postponed sentence, for a week, on Jane McGee, who pleaded guilty in the sessions yesterday to the theft of \$1940 from H. Carter & Co., and to setting fire to the premises of the Carter Welding Company at 9 Sheppard street, on March 10.

The young woman had been the whole office staff of the Carter Welding Company, handling large sums of money, and receiving \$18 a week wages. Since her arrest, she assisted the police in auditing the books, and turned over a piano, fur coat, couch and diamonds, valued at \$1800. She set fire to the office in an effort to cover up the defalcation.

Sunlight Wash Days

A Sunlight Wash Day is free from the toil and labour usually associated with washing, because Sunlight Soap washes clothes beautifully clean and white without rubbing or scrubbing.

Sunlight Soap

being the surest, gentlest, purest of all cleansers is kind to the clothes—they last ever so much longer—kind to the hands, too. Do not accept substitutes—but ask for the soap you always use and insist on getting it.

All you do is soap the wet clothes with Sunlight—roll each garment tightly and leave to soak. Later you rinse thoroughly. No wrenching or relentless rubbing. The dirt just really drops out. You can go out shopping—or do other work—while Sunlight is actually cleaning the clothes for you. Good news, isn't it? Its true.

Try Sunlight for yourself and see.

WHAT WOMEN HAVE DONE FOR BLIND

Canadian Women's Association for Welfare of Blind Present Report.

Splendid things done for the blind by the Canadian Women's Association for the Welfare of the Blind were reported at the annual meeting which took place yesterday in the auditorium of the Central Y.M.C.A., College street. Mrs. Lionel Clarke presided. The minutes of the last meeting were read by the secretary, Miss Mabel Cory. Membership reported was 323 and 51 life members.

The president's address referred to the exhibition of work done by the blind in the way of sewing, knitting and basketry, much of it done in New York, the basketry in Brantford. Reference was made to the institution for the blind, founded during the year, and the industrial school in connection and the department for girls and women in connection with same. In all \$15,000 had been raised by the women's association. Among the things that had been done were the furnishing of Pearson Hall at a cost to the association of \$2100, a donation of \$1000 from Mrs. Beattie, \$2050 from the university supply. Funds raised thru other sources were \$450 from a tea and dance, \$475 from the presentation of "Twelfth Night." The treasurer's report showed receipts from all sources for the year to be \$8845.88, with a balance on hand of \$2314.91. A special fund for soldiers reported \$3937.87, of which \$300 went to Pearson Hall.

Reports of interesting parties and drives for blind girls were told by Mrs. Hodgett, convener of the entertainment committee. Nine of the gatherings had been held with an average attendance of 20. The work of the visiting committee as reported by Mrs. Samuel included visits to homes, the giving of clothes, Christmas hampers, wool for knitting and an occasional news-stand. Lessons in vocal and instrumental music had been given gratis by Mrs. Gordon Gavies and the Misses Beauchop, Rogers, Dagger and Leone Ivy. Financial assistance had been given to the library, the blind and to the installation of machinery for the girls in the industrial school. It was announced that a tag day for the blind will be held on May 15.

A resolution, moved by Mrs. F. Leach, asked that the association be suspended for the present to admit of any of the members who desired joining an auxiliary to the newly-formed national institute for the blind, by which all the recent movements in connection with the blind are either controlled or affiliated. The resolution was carried, and the officers appointed at the meeting are now the representatives of the auxiliary of the institute.

In a comprehensive address, Mr. Veits, a blinded soldier, told of the progress which the movement for the blind has made since the war. He pointed out that this was not the first war which had aroused sympathy for those thus afflicted. As far back as 1280 King Louis of France had established a hospital for the soldiers blinded in the Crusades, an institution which still exists. Mr. Veits said that the British government had just given a foundation of £100,000 in addition to yearly grants and that the Dominion government had given \$1000. The provincial and municipal governments were also giving grants, he understood. This, he thought, was the thin end of the wedge. Blinded soldiers, the looking for certain things to be done for them, did not wish to be exploited. Messengers were encouraged to bear their sacrifice by the knowledge of the sympathy that had been general for the civilian blinded, for whom before no movement had been made.

Dr. Dickson of Pearson Hall spoke of the work of the women of the Women's Association for the Welfare of the Blind generally and for Pearson Hall in particular, where they had by their generous furnishing provided a beautiful and comfortable home for blind soldiers.

The names of the newly-appointed executive of the auxiliary to the institute are: Chairman, Mrs. Lionel Clarke; vice-chairman, Mrs. F. Hodgett; secretary, Miss M. Cory; corresponding secretary, Mrs. J. E. Elliott; committee members, Mrs. William Mulock, C. C. Gurney, C. Samuel, McDonnell, W. K. George, Gordon Osler, R. J. Christie, J. Scott, Serson, W. J. McWhinney, F. Leonard, Adams and Miss E. O'Brien. Members of this committee will have place on the boards of the various branches of the institute.

NORWAY POST ELECTIONS.

Fifty new members is the roster for the new Norway Post on the Kingston road and J. F. Minns has been elected president, while J. Slemin, a relative of the redoubtable chief of police of the Canadian Club, in particular, both offices being occupied by them.

CONSIDER SUB-BRANCHES.

West Toronto and Earlscourt branches of the G.W.V.A. are considering the organization of sub-branches and will hold organization meetings next week.

KIWANIS CLUB LUNCH.

Plans for the proposed trip to the international convention, to be held in Birmingham, Alabama, on May 20, were discussed at the weekly luncheon of the Kiwanis Club at the King Edward, yesterday.

The report of the public affairs committee showed that they had investigated two cases of widows with families, who were in need of \$40 a month to support them, and the club decided to see how the work could be undertaken.

The committee has also appealed to the Ontario Bar Association to provide free legal advice to all widows, and to all persons in destitute circumstances.

SOCIETY

Conducted by Mrs. Edmund Phillips.

The marriage of Lady Blanche Cavendish to Captain Ivan Cobbold will take place in London on the 30th inst. Her Excellency the Duchess of Devonshire will return to Canada immediately after her daughter's marriage.

Lady Pellatt has received an acceptance of her invitation from General Sir Robert and Lady Baden-Powell to stay at Casa Loma during their visit to Toronto, which will probably be about the 18th of May. The rally of the Girl Guides takes place on the 19th of May, and the service on Empire Day. It is possible that the distinguished guests will arrive in town a week earlier, but that is not quite settled as yet.

The Queen's Own Rifles Chapter, I. O. D. E., will give the first ball at the King Edward for the retiring heroes of the war. It is being given especially for the 3rd Battalion, a Toronto regiment, and is under the patronage of Lady Hendrie, Lady Pellatt, Mrs. J. D. Allan, Mrs. Gooderham, Lady Eaton. Tickets are only obtainable from the members of the chapter, and the number is limited.

Lady Atkins has arrived in town from Winnipeg, and is staying with her daughter, Mrs. Sutherland.

Mrs. Edward Pope, Ottawa, is visiting her mother, Mrs. William Gwynne, Dunbar road.

Sir Frank and Lady Ballie gave a party last week at the Coronado, San Diego, for some of the tennis players in the tournament, which was taking place there at that time.

The marriage has been arranged of Major Denis R. Treagus, Royal Horse Guards, son of Colonel Prof. Hon. John and Mrs. Treagus, to Violet, daughter of Lieut.-Col. the Hon. George Keppel and Mrs. Keppel.

The annual meeting of the Canada Women's Association for the Welfare of the Blind was held in the F.M.C.A. yesterday afternoon with a very large

attendance. The needlework made by the blind girls is very wonderful, also the knitting, and a leaflet advertised the goods made by the men. Good brooms being very difficult to obtain, they should have a ready sale.

The marriage of Miss Cicely Allan Jones, youngest daughter of Mrs. G. Allan Jones and the late Colonel Jones, Quebec, to Mr. William G. Gibbs, Buckingham, Que., will take place in Montreal on April 20.

Mrs. Charles Sheard is returning home this week from Ottawa, where she has been spending some time at the Chateau Laurier.

Mr. and Mrs. Fred Cook, Ottawa, announce the engagement of their daughter, Gladys, to Mr. Donald Blair, son of the late Hon. A. G. Blair. The marriage will take place very quietly after Easter.

The memorial tablet to General Menzies will be unveiled at the Armistice on the 11th of May. The design of the bas-relief chosen was by Miss Frances Loring.

Mr. Hamilton Chipman, son of Mr. C. Chipman, formerly chief clerk of the Hudson Bay Company, who went overseas with the Fort Garry Horse and who has been a prisoner of war in Germany for the last two years, has returned to Winnipeg, where he was in business before the war.

Mrs. Hamilton E. Willis, Crescent road, left last night for New York, where she will be joined by Mr. and Mrs. Charles Neely (formerly of Toronto), and Mrs. Dorothy Francis. The party will spend the Easter holidays in Atlantic City.

The marriage has been arranged to take place shortly of Madeline Agnes, youngest daughter of Mr. and Mrs. Hugh Grant, 41 McCleod street, Ottawa, granddaughter of the late Lieut.-Col. C. Stuart, of the governor-general's office, and Mr. G. Havelock Poy, Port Garry Horse, attached to the Royal Air Force, son of Rev. E. A. Poy, Lansdell Rectory, Armoah, Ireland.

G.W.V.A. IN WINNIPEG WANT "WHITE CANADA"

Winnipeg, April 9.—Fully endorsing the "White Canada" demand of the Winnipeg Canadian Club, as made yesterday afternoon, the executive of the Great War Veterans' Association last night passed a resolution demanding not only that other "Euterite Brothers" be excluded from coming into Canada, but that those already here be deported, and that those responsible for their admission be removed from all public appointments, honors and emoluments, and be debarred from ever again holding any such appointment or position of honor in Canada.

CYCLONE IN TEXAS.

Dallas, Texas, April 9.—The worst equinoctial storm for many years swept over northern Texas and southern Oklahoma last night, leaving in its wake 87 deaths and hundreds of injured persons.

VETERANS

Items of Interest to Returned Soldiers Will Be Printed in This Column if Phoned or Sent In.

NO REPRESENTATIVE FROM G. W. V. A.

Present at Important Meeting to Consider Amalgamation.

A meeting was held last night at the headquarters of the G.A.C., 1 Elm street, to which representatives of all veterans' associations had been invited and the purpose of which was co-operation between the returned men's organizations to centralize their efforts and so obtain necessary unity of action on all questions of interest to veterans generally.

Interviewed by The Toronto World, J. V. Conroy, district secretary of the G.W.V.A. in Toronto, stated that his office had received intimation of the proposed general executive meeting at the headquarters of the G.A.C., which was held to consider amalgamation of the various returned soldiers' organizations too late for any action to be taken. For this reason, he said, no representative of the G.W.V.A. could be present, engagements having already been made to form sub-branches and attend to other matters of moment.

This session which was attended by representatives of the Army and Navy Veterans was held to consider the possibilities of co-operation between every returned men's association. This being considered by many to be the only possible solution of the problems the returned man is facing today.

WHY EXPERIMENT?

Food scientists claim that the leavener is largely responsible for the flavor, texture and wholesomeness of your home baking. That on no other one ingredient does so much depend. It is important, therefore, to use a baking powder that you know possesses the necessary leavening qualities.

MAGIC BAKING POWDER

Contains No Alum and is the only strictly high class baking powder in Canada selling at a moderate price. Its reputation is built on purity and highest quality.

The only well known medium priced baking powder made in Canada that does not contain alum and that has all its ingredients plainly stated on the label.

Plans, profiles, specifications and form of contract may be seen, and form of tender obtained, at the office of Mr. T. H. White, Chief Engineer, Metropolitan Building, Vancouver, B.C.

Tenders will not be considered unless made on the form supplied by the Railway Company, and accompanied by an accepted cheque on a chartered bank equal to 1 per cent. of the value of the work, payable to the order of the Treasurer, Canadian National Railways.

The lowest or any tender not necessarily accepted. M. H. MACLEOD, Vice-President, No. 1 Toronto Street, Toronto, Ont.

FOR SALE BY TENDER. Tenders will be received by the undersigned up to twelve o'clock noon of Saturday, the 19th day of April, 1919, for the purchase of the assets of the estate of the late J. W. Nichol, including the plant, equipment and pipe lines, including the company's franchise or privileges.

Inventories may be seen and further particulars obtained at the assignee's office, McKinnon Building, Toronto, on two equal payments of \$3 and 6 months, bearing interest at 7 per cent. per annum, and secured to the satisfaction of the undersigned.

TENDERS should be accompanied with a marked cheque for 10 per cent. of the amount of the tender, which will be returned if tender be not accepted. The highest or any tender not necessarily accepted. J. P. LANGLEY, Assignee and Trustee, 10 Melinda Street, Toronto, April 8, 1919.

LIVE STOCK MARKET

With about 1500 cattle on the Union Live Stock Market yesterday the market was easier, with 25c off on the heavy steers, 25c off on the butchers, and from 25c to 10c lower on the baby heifers. The cow trade was steady and possibly a trifle higher, and the stockers and feeders, as well as the bulls, all held steady.

There is a fairly good demand for the better class of milkers and springers, with practically all lines of cattle well cleaned up. This, in turn, is the World's summary of the market at the Union Stock Yards yesterday.

In the small stuff, there was a fairly good run of sheep and lambs, with the market holding steady to strong at from 18c to 22c, the latter for choice ones, of course, and sheep quoted at from 18 1/2c to 19c per lb.

Choice calves are selling at from 16 1/2c to 17 1/2c; medium calves at 14c to 15c, and grassers and common calves at 7 1/2c to 10c, and of calves about 35c.

With 2000 hogs on the market, trade, while strong, was irregular. We quote 20c to 25c, f.o.b., and 21c lb., weighed off carcass.

SPECIAL MARKET NOTES. Following up their big sale of two butcher cows, 3220 lbs., on Tuesday, at the record price of \$17.50 per cwt., the commission house of Quinn & Hisey yesterday sold two more, weighing 2400 lbs. to Gunn, Limited, at the same figure—\$17.50 per cwt., including shipping charges.

A Dandy Load and Price. Dunn & Leveck's manager, J. W. Wainwright, sold a Dandy Load of baby heaves for baby heaves for T. Bryan of Sunderland, Ont., 17 head, averaging 710 lbs. each, at \$14.75 per head, or \$12.50 per lb. of live weight. The firm sold one baby heave, weighing 810 lbs., at \$17 per cwt. They were sold to the U.F.C. feeders and the firm that handled them.

The U. F. C. Are in It. The U. F. C. are in it, sold, among other lots, 6 steers, fed by McDonald & Halligan, 1300 lbs. apiece, at \$16.50 per cwt.

A Top-Notcher. McDonald & Halligan sold a steer, 910 lbs., at \$16.50 per cwt. Some Baseball Club. The Union Stock Yards baseball team yesterday won their first game, 7 to 0, against the Packers' League, and to practice every Tuesday and Friday at the Mackay Park, 1000 Avenue Square, at 10 o'clock.

REPRESENTATIVE SALES. Among Sparkhall & Armstrong's sales on the exchange, 1 butcher, 760 lbs., at \$10.60; 1, 720 lbs., at \$11.80; 3, 1100 lbs., at \$12.60; 1, 640 lbs., at \$10.75; 3, 1110 lbs., at \$12.20; 1, 890 lbs., at \$10.50; 1, 1050 lbs., at \$12.20; 1, 1170 lbs., at \$10.50.

The Corbett, Hall, Coughlin Company sold cars and trucks at the following prices: Choice butchers, \$14 to \$14.25; good \$13.50 to \$13.75; medium, \$12.75 to \$13; common, \$11.50 to \$12; 100 lbs. to \$11.50; 110 lbs. to \$11.50; 120 lbs. to \$11.50; 130 lbs. to \$11.50; 140 lbs. to \$11.50; 150 lbs. to \$11.50; 160 lbs. to \$11.50; 170 lbs. to \$11.50; 180 lbs. to \$11.50; 190 lbs. to \$11.50; 200 lbs. to \$11.50; WASAPIKA MAKES THREE-POINT GAIN
Adanac is Traded in Heavily and Scores Advance—Market More Active.

Wasapika held its position yesterday as leader among the gold stocks in the local mining market, and this, too, in the face of the fact that trading broadened out considerably, with brisk buying in a number of issues. In the silver group, Adanac had a decided wide spread, and an enlargement of buying power came as an encouragement to brokers, and hope that the market will before long take on genuine life. Adanac's advance from north come reports of deals completed, and others in process of being carried thru, and it seems probable that the stocks of the prospective silver mines will reflect these activities in the near future.

Wasapika had a bad trading day, the total of 17,400 shares being the largest in the list. After a contracted opening at 62, there was an advance to 62, the net gain of three points being retained at the close. There is still, however, quite a wide spread between the market price of the shares and the price at which the shares are convertible if turned in to the interests that are contracted for. West Dome awoke from its torpor and moved up half a point to 14 1/2 on a turnover of nearly 17,000 shares. Little was done for some weeks about the possibility of West Dome's entering into a consolidation scheme with adjacent properties, but apparently something is in the wind. Lake Shore was strong at 99 1/2, the highest point in some time, and McIntyre at 144 and Schumacher at 35 each showed an advance. Baldwin while Baldwin at 33 and Dome Lake at 23 1/2 were each up half a point. The main shaft of the Dome Lake has been sunk to a depth of 600 feet. Little is reported to be running smoothly. The flurry in inspiration became more pronounced, the price of the stock advancing to 8 1/2, at which level it closed. Davidson was easier at 67 1/2 and Teck-Hughes had one of its characteristic down-turns, selling at 48 1/2.

Adanac was the most active stock of the day, transactions exceeding 22,000 shares. The opening at 18 was unchanged from Tuesday's closing price, but the insistence of buyers soon forced the price upward. The day's high was 19 3/4 and the closing was 20 1/2. The price advanced to 21 1/2, the effect that the workers are coming into the high-grade ore in the south crosscut of the No. 2 vein at the 310-foot level. At this point the vein shows a width of eight inches, and samples brought to the surface are said to show a heavy impregnation of silver. The technical position of the stock is described as much better. Beaver at 43 1/4 was slightly firmer.

The outlook for the silver mines of Cobalt is exceedingly favorable. Many factors combine to add to the probability of prolonged prosperity. The unprecedented export demand for silver continues in the United States. Metal experts declare that it will not be more than a year or two before the ore of the mines which have been exported during the 12 months ending June 1. It took over 25 years to accumulate these millions of ounces of silver.

That is the reason that the mining man looks for silver to be on a parity with gold in the near future. That's another reason mines producing silver in appreciable quantities will be able to show satisfactory earnings in years to come.

MOND NICKEL WILL CURTAIL OPERATIONS
One Shift Per Day at Coniston Smelter and Two Largest Mines.

Sudbury, April 9.—Commencing Monday the Mond Nickel Company will curtail operations at their Coniston plant, their two largest mines, namely, Worthington and Levack. All three plants will be reduced to one shift per day. Heretofore they have been working three eight-hour shifts in all three plants. Married men and returned soldiers will be retained in their positions by the Mond Company in the policy of retrenchment. Two months ago the International Nickel Company commenced retrenchment and are today only working about one-third of their normal force.

DEAL FOR WASAPIKA STIRS KEEN INTEREST
West Shining Tree Camp Makes Great Headway in Few Months.

The deal for control of the Wasapika gold mine has aroused a great deal of interest in mining circles. It was one of the principal topics of conversation among the members of the exchange yesterday. The price is considered an excellent one, and brokers are disposed to attribute the activity in West Shining Tree in some degree to the success of the Wasapika. That camp has advanced more during the past three months than during the whole of the war years.

MINING NOTES
The crosscut on the 400-foot level of the Or property in Kirkland Lake is expected to reach the number two vein in 12 to 15 days, according to official opinion. The crosscut has still about four hundred feet to go before it reaches its objective, which is the number one vein. There remains some drifting to be done on the number one vein at 400 feet before the boundaries are reached.

WALL STREET EXPECTS BOOM IN GOLD STOCKS
New York, April 9.—Wall street traders are discussing these days the prospects of an early boom in gold stocks. The entire mining situation, combined with the good supply of machinery shortly available, is bound to result in a greatly increased production of the precious metal, and increased output, profits of gold companies are bound to expand. This will also be carried out. The litigation with Dominion Reduction Company re: the ownership of mines is not over, according to reports.

PETROLEUM STILL MOVES SKYWARD

Smelters Advances on Heavy Buying—Revival of Demand for Barcelona.

A brisk movement in Consolidated Smelting and an advance in Petroleum, spectacular even for this rather volatile security, were points of particular interest in yesterday's exchange. Well on to 800 shares of Smelters were dealt in, and after opening at 27, the price advanced to 27 1/2, closing at the top figure for a net gain of 1 1/2. Smelters was also the turnover reached 2,500 shares. It was recently reported that the company had a prospect of materially augmenting its earnings as a result of the discovery of gold deposits on its properties and a bull campaign is apparently well under way. As for Petroleum, it soared far above the former record high price, selling at \$2.30 in the morning, and \$3.10 in the afternoon, the latter quotation being four dollars above the previous high level established on Monday last. The price of the shares has gone up about five dollars in a week, and has about doubled in five months, but there is still no definite news of a "melon-cutting."

STRENGTH SHOWN BY MOTOR SHARES

Man/ Specialties Marked Up Sharply in the New York Market.

New York, April 9.—On a volume of business which approximated yesterday's record operations thus far this year, the stock market today resumed its upward swing, the movement being again governed almost entirely by professional traders. Footing direct their energies into new channels, taking up various speculative issues which recently played little or no part in the general advance. Foremost among these were the numerous motor shares at gains of 2 to 10 points, Chandler showing greatest strength. Equipments as a group also displayed more activity and strength than at any time in the past fortnight and paper, and distilling and fertilizer issues supplemented gains of the past few days by 2 to 5 points. Less stability was shown by food issues, and metals were disposed to ease after an early moderate advance on trade reports that lower bids are being made for refined copper. Gross advances in petroleum ranged from 1 to 5 1/2 points. Leathers had their bursts of activity at extreme gains of 2 to 3 1/2 points. Canadian Pacific was the only importer to show more than moderate strength, and U. S. Steel yielded to further pressure, closing at a slight loss after having risen a large fraction. Sales amounted to 1,200,000 shares.

BREWERY STOCKS RISE MONTREAL MARKET

Purchasers Gamble on Result of Quebec's Referendum—Toronto Buys Smelters.

Montreal, April 9.—There was a more irregular trend to the market for Canadian stocks today, the cottons as a group being generally steady to strong and the powers and steels easy. Price changes in these groups, however, were not large. The most substantial changes for the day were made by specialties or by individual stocks of various groups, and here net gains slightly exceeded net losses.

Safety in Baldwin

GREATER CERTAINTY in gold mining has kept step with the thorough and careful work of the Ontario Bureau of Mines during the past twenty-five years. The former era of haphazard methods with their attendant failures and losses has passed away forever. Thanks to the employment by the government, both federal and provincial, gold mining now ranks in safety with any industrial undertaking. It is especially safe on the BALDWIN. The shaft is now down 200 feet and the period of uncertainty is passed. The formation has been proved to be identical with that already opened up on the important mines of this great property.

SIMPSON'S---Misses' Suits in Distinctive Variety for Easter

Among which you will find the most attractive and popular modes of the season---the favored materials---and the leading shades---special honor having been conferred upon the faithful navy blue. Prices are comparatively moderate. Here are a few chosen at random from our superb stock:

At \$35.00---Clever little suit in navy, black or poilu gabardine. Box coat with simulated button back, vestee of beige silk and trimmings of smoked pearl buttons.

At \$42.50---Striking mannish tailored suits in navy or black gabardine, braid-bound vest, pockets, hem and collar, tiny bone buttons for adornment.

At \$55.00---Stunning dressy suit in black chiffon serge. Byrnie Waistcoat in exquisite parchment tricotette and groups of tucks about the coat hem.

At \$45.00---Chic suit in navy or black serge, the popular waistcoat bordered with pin tucks, Tuxedo collar and pearl buttons.

At \$49.75---Very new Russian blouse model in navy, brown or black tricotette. Waistcoat of buff corded silk, tie sash and military braid trimmings.

Special Value in Misses' Coats, Cape-Coats, Dolmans \$35

An exceptional collection, comprising many variations of the newest models, featuring unique color combinations and developed in velour, gabardine, poplin, Delhi, jerseyette or serge. Leading shades. Today, \$35.00.

Women's Georgette Dresses

Their chief glory lies in beading and embroidery of exquisite coloring and design hitherto undreamed of, while quaint bell sleeves, tucks and frills and soft girdles add charm. They come in lovely plain shades and the newest of the new printed foudard designs. Priced \$35.00 to \$55.00.

The Loveliest Easter Frocks for Misses Are in Foulard or Printed Georgettes

In which wide-flowing sleeves, broad sash girdles and Oriental motifs in beads, silk or chenille, sound a distinct Japanese note---while cunning ruffles on the basque-bodies and skirts achieve a charming effect. New shades---\$45.00 and \$55.00.

Stunning Serge Street Frocks for Women and Misses at \$35.00

An interesting variety to choose from, in fine, soft navy and black serges. The coat dress, with contrasting silk waistcoat or long redingote tunic---Grecian designs exquisitely embroidered, and loosely cord-girdled---straight tailored frocks, with novel pockets and button or braid trimming. Special value at \$35.00.

Just Arrived! Dressy Serge Skirts for Women

Pre-eminently Smart, and Priced at \$15.00. They are of fine cloth-finished serge, in navy or black. Cut on new straight, narrow lines---featuring slit sides, braid trimming---pin-tucking---novelty button effects---chic pockets and belts. Price, \$15.00.

Superior Value in Girls' New Middies \$1.50

More popular than ever---composed of strong middie twill, in white with rose, green or cadet. Braid-trimmed collar and cuffs---patch pocket---front lacing. Sizes 8 to 14 years. Price, \$1.50.

Just In! Tailored Hats for Easter

THEY ARE from such noted makers as Gage, Veandes and Vail---hence their exclusive style.

MOSTLY made from soft Italian Milan; in black, white and colors---their chief attraction lying in the individuality of the many different shapes.

THE SIMPLICITY of the broad ribbon bands and bows that finish them charmingly enhances their smartness. Priced \$8.50 to \$17.50.

Smart Ready-to-Wears \$3.50 to \$5.00

Dozens of styles---from the plain Knox sailor to the smart close-fitting toque. Fashioned of Milan-hemp lisle, plaited or woven straws, in combination colors. Banded with corded ribbon to match. Moderately priced at \$3.50, \$3.95, \$4.50 and \$5.

Trimmed Hats for Matrons \$5.00 to \$6.00

When mother comes to choose her Easter hat today, she will find an abundance of exceptionally smart and different styles in the collection.

Clever turbans, roll side shapes and small-brimmed sailors are among them---trimmed with ribbon, flowers and feathers. Mostly black---also many nigger and taupe. Today, \$5.00, \$5.50 and \$6.00.
