HAMILTON ONTARIO NEWS

YULETIDE BUYING WAS ON BIG SCALE

Shoppers Flooded Downtown District—Government Dispensary Busy.

Hamilton, Dec. 24.—Christmas shoppers today flooded the downtown district from morning until night, and in every branch of city life there was great activity. Judging from the scene one would hardly credit the statements recently made of threatened hard times for every purchaser seemed to have plenty of money, and few there were that were not loaded down with parcels.

Buy Yuletide Medicines.

The business in town was the government dispensary. The doctors were busy probably for days before, and when the doors opened, this morning until late in the afternoon, the dispensary was a steady rush of invalids and sick people to the government building to get Christmas medicines. The officials said extra help, and even went so far as to have a man keeping the applicants in line.

Street Cars were crowded all day, and the passengers used their chairs for freight trucks as the means of transporting toys, baby strollers, etc. Automobiles went about town as if there was no speed limit.

All Mad Christmas Spirit.

As for the people, the maddest was on many a street. There was a crowd everywhere, and many wild rushes for Christmas bargains. Nobody seemed to mind it, as the "Christmas spirit" was there with it.

Police were kept busy keeping the crowds in line, but they were not looking for anyone to arrest. They realized the importance of tomorrow, and few of them would have the heart to lock a man up.

With all these preparations, indications are that Hamiltonians will enjoy a real bright Christmas.

ON MURDER CHARGE, BUT GRANTED BAIL

Edward Taylor of Hamilton Gains Temporary Freedom—Held Two Weeks.

Hamilton, Dec. 24.—Bail of \$10,000 having been furnished, Edward Taylor, held on a charge of murder, was freed today from Hamilton jail, where he has been a prisoner of two weeks, following the death of Harry Byrnes.

HAMILTON EDITORIAL

Merry Christmas.

The World wishes its many readers in Hamilton and vicinity a joyous, merry Christmas. The long-looked-for day has arrived, the children are happy, you are happy because you have made them happy, and are satisfied in the thought that you have done the right thing by your many friends and the poor. If you have helped the different charitable institutions, given what your conscience tells you is correct, you are entitled to sit down and eat your Christmas dinner, from soup to nuts. If you have a guilty conscience, you have shirked your duty, then your punishment will be just: worry you to such an extent that your dinner will make you sick. But we feel that in Hamilton there are very few of this latter kind, and that, for all, it will be a most joyous day.

Gas Bylaw Should Pass.

Heat, light and water are the three most essential needs of any city. They all are something that we must have, and that we are forced to pay. Hamilton is no exception. The city is now in a financial straits, and the gas bylaw, which would place the gas in the hands of public ownership, is another argument in favor of public ownership. Just one thing more—heat. The opportunity now presents itself to the citizens to pass on a bylaw giving the city fathers the authority to install a municipal gas service. In one form, this is heat. The proposition is to manufacture and supply it at cost. We emphasize this at cost, it is there any possible way that any private gas company can supply the city at cost? It is the most natural thing in the world for them to come out strongly in opposition to the bylaw. Why? Because they want the profits from a privately-owned concern. The people of Hamilton are not going to be fooled. An investment in a gas plant is the biggest and best opportunity to save money since the time the Hydro was installed. The citizens know and will act accordingly.

Just a Few Remarks.

One thing is certain. Cigars as reported today will be a little better than those passed around next Saturday (New Year's). Campaign cigars are a measure of need, tea leaves and waste paper. The hold-up and shooting of Dr. B. J. Whitworth at Binbrook was a most regrettable happening. It is to be hoped that the cowardly thugs who made the attack can be captured and made to pay the proper penalty. If things become much worse it will be necessary to send officers on all roads into the city and make every motorist identify himself. It might even be a good idea to issue identification cards to all motorists.

Evidently the Hamilton evening papers are going to remain neutral in the mayoralty contest. A person who tries to stand in with everybody generally has few friends or admirers.

Traffic cops were necessary at the government dispensary to keep the many "sick" parties in line. Probably all the sickness which needs "medical" attention is caused by looking at their empty pocket books.

Some people express sympathy for the over-worked "postie," forced to make his rounds on Christmas morning, loaded down with a big delivery. But if some of these sympathizers would follow the man around and see the many little envelopes they collect—they might see it in a different light.

MUCH GERMAN MATERIAL FOR SPANISH RAILWAYS

Madrid, Dec. 24.—A large quantity of German railroad material is arriving in Spain as a result of a reported agreement between Spain and Germany, by which Germany will repay a debt of several hundred million pesetas which she incurred in connection with the feeding of the German army in Spain. Reports are to the effect that the entire requirements of the Spanish railroads will be met by the German material, but nevertheless public bids have been requested for railroad contracts on January 15.

VERMONT PLANTS CUT WAGES

Bennington, Vt., Dec. 24.—Seventeen Bennington manufacturers announced today that in the near future wages in their plants would be reduced to the basis which prevailed in the autumn of 1919. No figures or dates were given.

OSCAR GLADU, M.P., IMPROVES

Montreal, Dec. 24.—Much improvement is noted in the condition of Mr. Oscar Gladu, the M. P. for Yamaska, West Sherbrooke street, in a serious condition. It was stated tonight that Mr. Gladu had what is termed a "good fighting chance." Last evening his condition was considered as beyond hope.

QUAKE IN ALBANIA CAUSES FORTY DEATHS

Tirana, Albania, Dec. 24.—Forty-two persons were killed, 200 were injured, and 500 made homeless by the recent earthquake in the Peshkopi district, it was learned today. The small area of casualties was due to the fact that the district was thinly populated, owing to the devastation suffered by the Albanians in the district during the war between the Albanians and Jugoslavs.

DISCOVER CAR USED BY THE TWO DESPERADOS

Dr. Whitworth of Binbrook Is in Critical Condition in the Hospital as Result of Attack by Gunmen—Car, Which Is Owned by Hamilton Dentist, Had Been Stolen.

Hamilton, Dec. 24.—(Special)—Following an investigation with the help of Dr. A. Whitworth of Binbrook, who was shot and probably fatally wounded by hold-up men at Binbrook on the morning of January 21, a car which was used by the desperados was discovered in the city. The car was found in the ditch in the bottom of the street and had been fired at the injured man.

Tonight at the hospital it was stated that Dr. Whitworth was in a critical condition. The car was a Buick, a 1919 model, which entered his abdomen, pierced the intestines ten times. He is conscious at times and during these periods Chief Clark has been able to get his story. The chief was at his bedside this afternoon and for a time tonight, but the doctor's condition is such that he would allow him to see his patients and was very weak.

The car found in the ditch is a Gray-Dart, number 4444, and it was learned upon inquiries made from the police that it was owned by Dr. A. Whitworth of Binbrook, who was shot and probably fatally wounded by hold-up men at Binbrook on the morning of January 21, a car which was used by the desperados was discovered in the city.

DEMANDS HIS SALARY AFTER FIVE YEARS

"Dollar-a-Year" Treasurer of London Then Gives it to Kiddies for Christmas.

London, Ont., Dec. 24.—Demanding that he be paid in cash five years' salary which he had not bothered to collect in the usual way of civic employees, a member of the public utilities department today gave a "dollar-a-year" to the treasurer's office, which for a time threatened to break the financial standing of the city.

But truth demands the acknowledgment that the five years' salary only amounted to \$5, due to City Treasurer James Bell, the "dollar man" of the city of London. The dollar a year is a recognition that while Mr. Bell is treasurer of the city, he is also responsible for the safeguarding of the moneys of the public utilities commission.

Your Dream of Fur Bargains Now Comes True!

JANUARY SALE STARTS MONDAY

THE annual January Sellers-Gough sale opens on Monday with such sensational values that it will surpass even your greatest expectations.

People have learned to expect extraordinary reductions in this sale. For it is our fixed policy to turn our tremendous stock into cash each season—even if it must be mercilessly sacrificed.

This year we must go farther than ever in ruthlessly reducing prices. The mild, open winter—the luxury tax, perhaps—general conditions, more or less—have left us with a

stock that is excessive. But we cannot carry on on excuses. We must turn this stock into cash.

Every exquisite coat, each charming fur piece, has therefore been priced so amazingly low that we are confident our object will be attained.

Remember, the fur pieces listed below are all of Sellers-Gough make, style and quality and carry the Sellers-Gough guarantee. These prices quoted for Monday mean in most cases furs at half-price.

Be among the first to select from this astounding array of wonderful fur bargains.

XMAS DAY COMES BRIGHT AND GAY

Toronto Sets a Hearty Pace For Cheery Word and Smiling Face.

FORGET HARD TIMES

Shoppers Busy Until Last Moment—People Go Back Home.

Peace on earth, good-will to men, for Christmas Day is here again. This town is filled with joy and cheer, a song of happiness we hear, which buoy us up and makes us feel that gloom and sadness are unreal. And all our faces wear a smile, no mischance can our spirits rile, for Christmas is the one big day when all our cares are cast away. We're wishing all the joy we can to every woman, child and man, and you will wish the same, we say, to everyone who comes your way. Good old Toronto sets a pace for cheery word and smiling face.

The sentiment herein expressed is not overdrawn. Toronto is really celebrating a merry, merry Christmas. Hard times are forgotten. The employment situation is cast temporarily into the discard. Everybody is uniting to make the Christmas of 1920 the merriest in the city's history.

The day before Christmas, when all thru the house, we find the whole city had got on a lousie. Not a souce caused by liquor, but one caused by cheer, that makes Christmas Day the big time of the year.

This was the way everyone seemed to feel. Friday was signalized by apparently the major portion of the city parading the downtown streets and besetting the stores, Yonge street, in the big shopping district, presented somewhat the appearance that it did on that memorable day of Canadian history, Armistice Day. It was a scene to inspire one with the futility of trying to preach gloom and

times. Everyone is looking forward to a brighter future.

Fun in Shopping Late. "Do your Christmas shopping early," has been a business slogan for many years, but the buying public have always been slow to heed. There is too much fun getting down the last day to shop. All stores displaying Christmas goods were packed to the doors with a happy, jostling throng, and the way the good coin of the realm was passed across counters in exchange for festive wares made it impossible for one to conceive of a financial stringency. The great Toronto public certainly take Christmas to heart, and believe implicitly in the old Scriptural quotation that "it is better to give than to receive."

The forest scene from Macbeth was literally re-enacted Friday. Macbeth, living in dread of a prophecy, fancied he saw a forest of trees coming his way and promptly proceeded to make himself extinct. Torontonians, however, saw a similar sight and did not bat an eyelash. It was too familiar a sight to see the father of the family stagger and fall behind a Christmas tree of goodly proportions to excite comment. The sale of these trees remains as popular as ever, and they were retailing in hundreds at prices ranging from 75 cents to \$2. It would not be a real Christmas for the kiddies if the tree were missing.

Home Again. Christmas is the time when the little home town comes into its own. Prosperous city men remember at this time that they have a home in the country and proceed to make tracks for the dear old homestead. This fact was more than evidenced by the throngs which took the Union Station by storm all day Friday and Christmas Eve. The train service was hopelessly behind time on all lines, but it would have kept impatience in the background. Commercial travelers are also taking a lay-off and sticking close to the family hearth. Local hotels are almost deserted, with the exception of the King Edward, where about 100 of the usual number of guests are being entertained. Of these the majority are Americans who are passing thru their way to their various destinations. At the other hostleries guests are conspicuous by their absence, and imitation of an unvisited museum. "It is always this way at Christmas," said one hotel clerk. "People are not

going to hang around a dull hotel when they can possibly get away to visit friends or relations. The homing instinct is strong at this season of the year."

Altho the downtown stores remained open during the afternoon to accommodate shoppers, virtually all other business houses shut their doors at noon and, with season's greetings, despatched their employees on their merry way. That was one big reason why the stores and streets were so thronged.

Butchers' shops and meat markets also did a thriving last minute business, altho the prices of fowl were not lowered any. Chicken and geese appeared to be the favorites. Turkeys, symbolical of Christmas, were not so plentiful or popular. They were too high in price—for practical purposes and out of reach of the average purse. Real Weather. Lastly, the weather was perfect yuletide weather. A soft, flaky blanket of snow covered the landscape which presented a lifelike picture of "ye old time Christmas." For a while yesterday afternoon the holiday crowd lamented the fact that it would be a green Christmas, but all their fears were allayed later in the evening when a light, flaky snow began to fall. To say that it was welcomed would be putting it mildly. Nothing is more reasonable just now than "ye flakes of snow." Added to this the air was cold and sharp with just the right tinge which the happy throngs inhaled in joyous lungfuls. It is a real Christmas.

MOOSE JAW AUTO MEN RESENT DRAYTON'S ACTION

Moose Jaw, Sask., Dec. 24.—A vigorous protest was wired today to the minister of finance at Ottawa, by the automotive section of the Moose Jaw branch of the Retail Merchants' Association, against the withdrawal of the luxury tax and the refusal of the department of finance to rebate the tax on the cars now in stock.

MANY EX-SOLDIERS WOULD EMIGRATE

Lack of Shipping Alone Prevents Heavy Outward Tide From Britain.

London, Dec. 15.—(By mail, Canadian Associated Press)—It is asserted that there are many thousands of soldier-emigrants whose departure has been delayed for weeks, and in some cases for months, owing to the shortage of shipping accommodation. This applies principally to the services to Australia, New Zealand and South Africa. The applications lodged with the overseas settlement committee of the colonial office for passages under the government emigration scheme for the free transport of ex-servicemen and women to the dominions total over 100,000, together with an equal number of dependents, but not more than one-third of these have been able to secure passages up to date.

In this connection the ministry of shipping state that the reduced sailing from Great Britain to the overseas dominions, which was brought about in the first instance by the war, is a handicap on emigration, which, now that normal conditions are returning, need not exist much longer. It is a difficulty, (says the ministry in an official minute) which could be remedied in the near future if the dominions concerned would only give some reasonable guarantee of the number of emigrants for whom they will require passages during the coming year.

No difficulty in that respect is anticipated as far as Canada is concerned, when the Canadian emigration season, which is practically suspended during the winter, opens again in March next. If, however, the other two dominions—Australia, and New Zealand—would provide the necessary guarantees for some extended period from January next, the ministry of shipping is assured that the steamship companies would, of their part, undertake to provide whatever passenger accommodation might be required.

POSING AS SUB-AGENT LEADS TO HARD LABOR

Timmins, Ont., Dec. 24.—For posing as a sub-agent of the Merchants' Casualty Co. Kenneth Cole was given six months hard labor by Magistrate Atkinson yesterday. Cole wrote up about 30 policies and was short about \$200. W. H. Williams, local agent of the company, charged with theft of some funds of the company, was let go on suspended sentence.

Personal Banking Service

Nothing describes our policy of "Personal Banking Service" better than the phrase—"In your office or ours." It signifies that the time and experience of our executives is at your disposal—whenever convenient—for giving information, friendly counsel and suggestions. It means also that every officer of the Bank in any way connected with your business is personally interested in seeing that such business is transacted as speedily and efficiently as possible. The carrying out of such a policy has had a two-fold result. Not only have we been able to offer our clients advice and suggestions which have proved of value, but through the closer relationship thus established, we have gained a valuable fund of knowledge extremely varied in character. This knowledge is offered freely to every client—in his office or ours.

TWO ACCIDENTS IN DOWNTOWN DISTRICT

The busy corner of Richmond and Yonge streets was the scene on Friday afternoon of two accidents of a similar nature. No one was injured, but the street cars and autos suffered considerably. The first accident occurred at 1:15 p.m., the second at 1:15 p.m. In the first case a Ford truck was struck by Dundas street car No. 2807; in the second case two autos were badly smashed.

SALTS FINE FOR ACHING KIDNEYS

We Eat Too Much Meat, Which Clogs Kidneys, Then the Back Hurts.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

OAK HALL

Extends Cordial Greetings to the People of Toronto and Wishes Them a Very Happy Christmas and a Prosperous New Year

"A Christmas Message of Good Will"

These days call for clear and courageous thinking. Business conditions in this country are fundamentally sound. Depression can be only temporary. Those who hoard money unnecessarily, retard development. Those who buy what they need now or go ahead with future plans both shorten the period of depression and make work for those who need it.

Oak Hall stores cheerfully take losses in this time of re-adjustment as they took reasonable profits in the period of inflation. Reliance can always be placed absolutely on the honesty and fairness of Oak Hall prices. There is, therefore, no good reason why the man or boy who needs clothes now and has the money should not buy at this time. The values are unquestionable. Personal efficiency must be maintained and the spirit fostered of "Good will toward men" if Canada or any other country is to become great and prosperous and its people contented.

The Board of Trade Emergency Loan Fund

Widespread unemployment has created a real emergency. Distress among the families of the unemployed is increasing, and has created an extremely serious situation. The city authorities have assumed a great responsibility, but many cases have arisen which the city's unemployment fund does not reach. The Board of Trade Emergency Loan Fund will take care of all such cases. There are many self-respecting men, for instance, who simply ask for an opportunity to pay their own way. The Board of Trade Emergency Loan Fund will help these men, by means of loans, through the crisis. The money will be administered by a special committee of the Toronto Board of Trade, and assistance will be given only after efficient and thorough investigation. Your help is urgently needed. Subscriptions to fund will be returned as loans are repaid. This fund will be administered in complete co-operation with the other unemployment relief agencies. There will be no duplication or overlapping whatever. Please send your cheque for a generous subscription to:--

MIDNIGHT FESTIVAL AT REGENT THEATRE

New Year's Day Will Be Remembered

With all 1921 to look forward to, a glorious year of sane business back on the old levels, everyone is going to sit up and take notice on New Year's Eve. At the Regent Theatre, tonight about midnight, a nice little crowd is going to do a little more than take notice—two or three good looks, perhaps, for it is going to be wild, wilder and superlatively mad than any other celebration at the Regent Theatre on New Year's Eve has had no reservations standing for a year, that is not going to interfere with the glorious, whooping, time that is going to take place there on little, old New Year's Eve. The only celebration in town, the Regent Theatre "Midnight Revue" is going to attract all the live ones in Toronto to see what happens when the clock strikes the midnight hour. In fact, reservations can only be made on Monday, and those people who are stepping on their accelerators properly are going to chug around to the rickett offices soon after sunrise on Monday morning, or, in other words, the sun may set on their hopes in taking in on the great, big, singing, dancing and everything sensation of the end of the year.

There's going to be girls, girls and a few more, souvenirs for everybody, one enormous, jolly, rollicking good time, starting at eleven-thirty p.m., Friday, December 31, full of pep, ginger, sensation, delight and everything

that goes to make up the most eventful New Year's Eve that Toronto has ever seen, to usher in the greatest New Year full of prosperity and opportunity.

But, great as the prospects for the coming year are, there is only one opportunity to celebrate them this year, and that is at Jack Arthur's New Year's Eve, "Midnight Revue," at the Regent Theatre. It couldn't be staged on a roof-garden, because when it is over, there won't be any roof. The wise ones will be there.

NATIONAL CHORUS CONCERT.

The substitution of Giovanni Martini, the brilliant operatic tenor, for Fabio Casals, the "celist," as guest artist with the National Chorus at its eighteenth annual concert in Massey Hall on Thursday, January 27, will entail no change in the choral program for this event. When the contract for Casals' appearance was executed, Dr. Ham, the conductor of the chorus, made a thorough search of the library of choral music and selected for the program two of the only three choral numbers calling for a "cello obbligato," Arensky's "Serenade" and "The Hill." Casals, of course, was to have furnished the obligato. Now that illness has made it impossible for this "celist" to appear, the services of Mr. Leo Smith, admittedly one of the best available substitutes, have been secured and he will furnish the obligato for the Arensky numbers. Sig. Martini's program will be announced later. Exchange tickets for the concert are now in the hands of members of the chorus.

GANANOQUE RE-ELECTS WILSON.

Gananoque, Ont., Dec. 24.—W. J. Wilson was re-elected mayor by acclamation, Geo. A. Dowseley, reeve, Fred Huriburt, deputy reeve, also by acclamation. There will likely be a contest for other offices.

CALGARY DEALERS IN CARS PROTEST

Declare They Lose Large Sum Thru Luxury Tax Abolition.

Calgary, Alta., Dec. 24.—After a careful survey of the stocks on hand and those on order, the automobile dealers of this city figure they stand to lose \$45,000 as the result of the abolition of the luxury tax. That is the figure which the delegation submitted to Sir James Loughheed, T. M. Tweedie and Major E. L. Redman, local members of the house of commons, this morning. This amount of money has already been paid to the manufacturers at the door of their factories, and which they claim cannot be charged to the public.

Ottawa Will Hear.

Sensate Loughheed and the members of parliament promised that they would take the matter up with the government, recognizing as they do the justice of the claim of the automobile dealers.

The motor dealers' branch of the board of trade has also addressed a letter to Sir Henry Drayton, placing their claim before the minister of finance.

OPEN NEW STEAMER SERVICE.

Hamburg, Dec. 24.—The Gulf line is to open a new steamship service from Hamburg to all parts on the west coast of South America via the Strait of Magellan. The first steamer, the Elder Branch, will leave here January 28.

MAKING CHRISTMAS HAPPY FOR ALIENS

New York Doing Its Best in Face of Congestion of Immigrants.

New York, Dec. 24.—More than 12,000 prospective citizens, recent steamer arrivals from a dozen countries, today resigned themselves to spending Christmas on board ship.

At Ellis Island, thru which all steamer passengers must pass, another 2,000 were housed, bales and baskets filled with Christmas goods.

At Ellis Island the Christmas program was so extensive that three days were necessary to observe it. At 3 p.m. today the celebration began with distribution of presents and the singing of Christmas carols. Tomorrow Sunday the celebration will continue with lighting a great Christmas tree and appearance of more than 60 leading theatrical stars, ranging from vaudeville to grand opera. More than 20,000 gifts, including clothing, shoes, warm underwear, candy, cigars, toots and toys will be distributed.

Christmas Tree For Horses.

Boston, Dec. 24.—The fruits of the Christmas season went to the horses as well as the humans of the city today. At a Christmas tree set up in postoffice square, draught animals nibbled apples and sugar and from feed bags placed over mouths that sought sweets eagerly, they ate their fill of sugared corn on the cob, carrots, apples and oats.

The Massachusetts society for the prevention of cruelty to animals provided also for the drivers, and to them sandwiches, doughnuts and coffee were served.

Santa Claus Up-to-Date.

Ridgewood, N.J., Dec. 24.—Santa Claus came out of the clouds and circled low before hundreds of children who could see the pink of his cheeks and the whirl of his whiskers as his airplane cut "didoes" in the air here today. Then he dropped dolls and toys to them, which floated down to earth in miniature parachutes. Santa's trip was arranged by the Christmas tree association of Ridgewood.

Powder For Women Prisoners.

Bedford, N.Y., Dec. 24.—More than 200 women inmates of Bedford Reformatory will be "rouged and powdered" on Christmas Day. The ban on cosmetics, enforced for years, was abolished by the board of managers today at the suggestion of students of the Elmira high school, who desired to make inmates Christmas gifts of toilet accessories.

Half Million in Stocking.

Toomsa, Wash., Dec. 24.—Santa Claus came a day early to the home of Mrs. Ray D. Goodale, in Puyallup, and left a half million dollars in her stocking for herself and baby son.

The gift came in the form of news that the woman and baby have inherited the estate of Ray Morin, a New York stock broker who died recently.

Provides Dinner.

Salem, Mass., Dec. 24.—The poor of Middleton are all ready for their Christmas dinner and the preparations that have been made for the event indicate that it will be a regular Yuletide spread. The dinner was provided for in the will of the late Harry M. Mansfield, proprietor of Ferncroft Inn. He left the sum of \$75,000 to the town of Middleton, the income to be used equally to provide dinner at Thanksgiving and Christmas for the worthy poor, to provide band concerts in the summer, and to give a picnic for children and residents of the town annually.

Tomorrow's dinner will be a specially fine one as it will be a sort of combination of Christmas and Thanksgiving celebrations. The poor of the town missed their Thanksgiving dinner, although Mr. Mansfield died previous to that holiday, because the will was then in litigation. Counsel for counsel had indicated an intention to contest the will, but early this month these relatives decided to withdraw their opposition and preparations for tomorrow's spread were immediately started.

Pudding With a Kick.

Boston, Dec. 24.—Mince pies and plum puddings to be served on the dinner tables of New England tomorrow will not necessarily be of the one-half-of-one-egg variety. But those who wish a serving of Christmas pudding with a kick in it will have to eat at home, or if they have no homes will have to engineer an invitation to dine at some friend's home. An announcement by William J. McCarthy, prohibition enforcement agent for this district, that Christmas pies and puddings may be seasoned with brandy from the "individual's supply" this week brought cheer to those who were bewailing the passing of the good old Christmas institution of brandy sauce.

A HANDSOME BOOKLET.

"Winter in Canada," is the title of a handsome booklet just published by the Canadian Pacific Railway press department. If Canada's winter scenery at its best and Canada's pretty girls in fetching winter garb and scenes of thrilling outdoor sports are pleasing pictures, then this book will prove exceedingly popular wherever it goes. It is one of the handsomest publications that have come out in a long time and will prove of great interest to Canadians as well as to dwellers in other lands interested in Canada. Western scenes showing gardens in full bloom at Christmas time are an evidence that Canada has winter climates to suit all tastes.

SANTA CLAUS IN WARSAW.

Warsaw, Dec. 4.—(By mail)—Sixty thousand inmates of hospitals and orphanages in Poland will each receive a Christmas gift this year from the American Red Cross. Santa Claus will be played by Captain H. H. Hall of Pittsburgh, who, as chief of Red Cross stores in Warsaw, will direct the work of distribution. Warsaw alone has 25,000 orphans and more than 10,000 sick and wounded in hospitals. Lemberg, Cracow and other large centres of population will not be overlooked.

MAKE PRESENTATION TO G. N. V. OFFICIAL

W. G. Barber, who was recently promoted from the position of district commercial superintendent of the Great Northwestern Telegraph Co. for Ontario district, to be general commercial superintendent of the system, was pleasantly surprised yesterday by being made a recipient of a handsome gold watch and chain and gold penknife on behalf of the managers of the larger Ontario offices.

The presentation took place in the G.N.V.'s offices in The World building, and was made by Geo. D. Purry, the general manager. Mr. Barber's headquarters remain in Toronto.

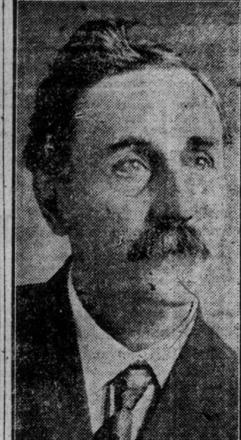

GLASGOW FIRM WILL LOCATE IN TORONTO

Thru the efforts of the industrial commissioner, another firm has decided to establish a branch in Toronto. Messrs. Andrew Buchanan & Sons, of Glasgow, Scotland, have purchased about half an acre on Dawes road, south of Danforth avenue, where they will erect a factory at once, costing \$28,000. The price paid for the land has not been announced.

What is Christmas to You?

You, in the contentment of your own home today, we want you to think of this:

As you read, there are men in Toronto who have no income, no job, no place to go, nothing to do today. Some of them need clothes for their families and themselves.

These men are self-respecting, honorable, and good citizens. They only ask for work.

While you are home think of these men. Think of some way that you personally can relieve their conditions. Think of some sort of job you can give a man.

Let your thoughts be filled with that true spirit of Christmas. You have given presents to your loved ones. Now

Give a Man a Job

It will be more gratefully received than anything you have yet given to enliven and enrich this Great Day of Days.

A job.

That isn't much. You can surely dig up a few hours' work of some kind. You can surely pay 50 cents an hour and car fare for 2 hours' work to a man out of work for cleaning up your cellar, or for making himself useful around your house, office, warehouse, plant or shop.

Let your kindest feelings direct you. Decide at once that you will help. To make it easy for you to act we have placed a coupon handy here. All you've got to do is sign and mail it—and a man will be around to see you quickly. And he will be grateful to you, too.

Christmas Then—and Now

To many of us Christmas in the old home is but a memory—a blessed memory. We see again the glowing faces and hear the happy laughter that testified that Santa had been there. And, when mother brought in the Christmas dinner, who can't remember the great turkey, the mince pies, the blazing plum pudding, and the plates piled high with mother's home-made bread. Such bread! Few thought then they'd ever taste such bread again, but here it is—Lawrence's. It has that sweet, nutty flavor, that tender crust, and rich, moist consistency that made mother's bread so delicious. Eat it this Christmas and you'll find the Christmas dinner is vastly enhanced with this rightest of right kind of bread.

HOCKEY

HOCKEY TOURISTS RIPE FOR THE PROS

St. Pats, Hamilton and Canadiens Angling for Prospects—Another Arena Writ.

The O. H. A.'s wholesale refusal of certificates to traveling players is not going to do the pros any harm. Several of the boys who failed to get their papers have been seen by St. Patricks and don't seem surprised if you see some of them land here. McLeod of Collingwood, who fitted to Weiland is one in question; Red Green, Ted White and Herb Drury are other players who could easily make their way to the pros. Then there is the Montreal boys who moved to Hamilton. Canadiens, Hamilton and St. Patricks are all scrambling for them, and it is a race to see who will get the prizes.

All this will make more interest in the pro game, and whether the local club gets it quota or not will be closely watched. In the meantime the Saints have enough men to battle any team in the league, and their opening fixture of the local season with the Canadiens this evening is causing a lot of talk. There has been a big advance sale, and the Frenchmen from Montreal are always prime favorites here, owing to the fact that they play every hockey on the local ice. The Arena box office will be open from 11 a.m. to game time to accommodate those wishing to get their seats in advance.

Mitchell in goal, Cameron and Randall on the defence, and Noble, Wilson and Smylie will likely be the way the Saints will step out on the ice. This would leave Roach and Dye for work.

De La Salle will attack Moose A. C. in the final game of the elimination series for the St. Pats trophy at the Arena on Monday night. The Moose A. C. are an unknown team in O. H. A. circles, but they managed to capture the championship of the Toronto Hockey Association last season, and are confident that they can beat De La Salle on Monday. Coach Steve Vair has plenty of candidates for the team, including Rowland, who played for Barrie last season, and was counted as the best forward they had. On the other hand, De La Salle have a strong team lined up for this season, and in Eddie Rodden they have a boy with a great appetite for setting goals. The "green shirts" say that they are going to win the trophy, but to do so they will have to down the Moose on Monday, and then go on and trim Varsity III, who hold the trophy.

St. Helen's juveniles practice this afternoon at 4 at the I.C.V.

The three O. H. A. series get under way this coming week, with the opening games scheduled to be played on Thursday night. There will also be games on Friday and on Saturday, January 1 (New Year's night).

Fredericton, Brantford, Simcoe and Paris clubs will have the honor of opening. Preston will play at Brantford and Simcoe go to Paris, intermediate fixtures. On Friday night the first games in the "peninsula group" are scheduled. Dunnville will play in Niagara Falls, and the old rivals, Welland and Port Colborne, meet in Welland.

The O. H. A. season in Toronto opens Friday night with junior games between Parkdale and Aura Lee. Kitchener and Argonauts pry the lid off the senior series on New Year's night. It will be a great game.

Christmas Eve at Osogood Hall brought two more moves in the legal case for the possession of the Arena at Toronto. Frank G. Robinson on behalf of himself and all other shareholders of the Arena Gardens Limited, and the Toronto Hockey Club, Limited, on behalf of the Arena Gardens entered a writ in the Ontario Superior Court at Toronto. The writ asks for a declaration that the trust indenture in favor of defendant, the Toronto Hockey Club, Limited, amended by indenture made, dated July 15, 1917, does not cover and comprise in such security the chattel property and undertaking and business of the Arena Gardens. The writ asks for the setting aside of the appointment of Charles E. Robins as receiver.

A further writ was issued against the Arena Gardens Limited, by the Canadian Hockey Association for damages for breach of agreement. The writ was signed by Grant, the plaintiff, wants the sole and exclusive privilege of playing professional hockey thru the season 1920-21.

EXHIBITION CLUB CHRISTMAS SHOOT

Fine Prize List Hung Up for the Holiday Rifle Shoot.

The annual Christmas shoot of the Exhibition Rifle Club took place on Thursday evening at the Exhibition range before a good number of members and friends, Parks Commissioner Chamberlain and his worthy assistant, Mr. Collins being present. The former opened the shoot, but owing to lack of practice did not shoot up to his usual form.

The chief feature of the shoot was the very high scoring of the older members of the club, also in both cases where father and son, who prevailed. Mr. J. A. Smith did splendid in getting a full score, closely followed by Dymond, Jr. with 99.

The change of the club are due to all who so kindly donated prizes, making the night the best yet in the history of the club.

Three special prizes donated by the commissioner were given, one to the first team and two to the second team, and were won by Smith, Fleury and Thomas. Mr. J. A. Smith did splendid in getting a full score, closely followed by Dymond, Jr. with 99.

The change of the club are due to all who so kindly donated prizes, making the night the best yet in the history of the club.

Want Cobb, Speaker and Ruth in Winter League

Tampa, Florida, Dec. 24.—Suggestions that Babe Ruth, Ty Cobb, Tris Speaker and other major league baseball stars be obtained for baseball clubs of the Florida Winter League were made today by the league management and forwarded to the weaker teams.

The Florida Winter League is a professional baseball league which is being organized for the winter months. The league is expected to start in January and will have a season of about three months. The league management is currently in the process of securing players and is looking for stars like Babe Ruth, Ty Cobb, and Tris Speaker to join the league.

WILL ENFORCE TREATY TO GUARD SHIPPING
London, Dec. 24.—Lord Milner, the colonial secretary, announced that representations have been made to the German government with the object of enforcing the articles of the peace treaty with a view to preventing a recurrence of the scandals arising because of the war from the system of German control stations and the monopolistic action of German shipping companies in connection with emigrants for North America from countries beyond Germany.

KIWANIS CLUB DINES EX-SOLDIERS' KIDDIES
Montreal, Dec. 24.—Hosts at a party given to children of ex-service men, for some reason or another, would not have otherwise enjoyed the proverbial Christmas cheer, the Kiwanis Club of Montreal lived up to their motto, "We serve," this Christmas. The affair was held in Stanley Hall, the stage of which resembled a gay old Christmas card, with the glittering tree surrounded by artistically arranged paper coronas, filled with sweets, pyramids of oranges, apples and gift boxes. Members of the club received their little guests to the number of 300, and gave them an entertainment likely to stand out among their memories of merry Christmases.

TURKEYS HIGH IN FREDERICTON
Fredericton, N.B., Dec. 24.—Turkeys sold for as high as 90 cents a pound in the country market here this morning. The price is a new high level for turkeys in Fredericton and is explained by the scarcity of the birds and the general prosperity of this community.

LIBERAL CANDIDATE IS RETURNED IN B. C.
Vancouver, B.C., Dec. 24.—The Oliver government has had its major loss in the legislature increased by the return, as the result of the counting of the absentee vote, of C. Henninger, Liberal, for Grand Forks, who is elected over McKie, Conservative, by a majority of nine. McKie led Henninger by three votes prior to counting yesterday of the absentee vote.

NATIONAL RAILWAYS CUTS DOWN OUTLAY
Routing of Freight Under Co-ordination Plan Means Big Saving.
Ottawa, Dec. 24.—President Kelly, of the Grand Trunk, who is chairman of the committee of management appointed under the Grand Trunk acquisition act, has made a report to Hon. J. D. Ross, minister of railways, covering economies effected in the co-ordination of the operation of the G. T. and Canadian National systems up to November 30 last.

There is a saving of \$75,000 from the consolidation of express services. In this connection it has been necessary, owing to the growth of "express" business, to put on a special train each way between Montreal and Toronto to handle "express traffic" solely. These are operated six days a week via the Grand Trunk, and have afforded great relief to the regular passenger train service.

A saving of over \$50,000 per annum is rendered possible by the routing of freight by Grand Trunk between Toronto and Niagara, and by Canadian National between Niagara and Ottawa and Grand Trunk between Niagara and Montreal. Similarly, a further saving of \$100,000 has been made possible by more economic routing of passenger traffic in Ontario.

In addition a saving of about a quarter of a million a year will result from the combining of Toronto passenger and freight terminal facilities and staffs. Thirty-two thousand dollars is saved by more direct handling of Toronto and western Ontario freight destined to the northwest. Although much has been accomplished in the process of consolidation there are still many matters under consideration in connection with which there are legal or physical difficulties which must be dealt with before parallel tracks can be abandoned and more direct connections established which will permit a further considerable saving in train mileage.

LIQUOR CO. WILL NOT GET STOCK OF WHISKEY
Edmonton, Alta., Dec. 24.—Chief Justice Harty of the supreme court bench in Alberta stepped in and overrode the decision of his colleague, Mr. Justice Hyndman, this morning, by issuing an order staying execution of Mr. Justice Hyndman's order, restoring to the National Bell Liquor Company its stock of \$50,000 worth of whiskey pending the hearing of the appeal before the appellate division.

LACK TURKEY, BUT GET "SOMETHING ELSE"
Ottawa, Dec. 24.—Jail life here is to first time since the Carleton County battle was established there will be no Christmas turkey. Old high cost of living came along and boosted the price of turkey to 65 cents per pound. Hence "gets" of the Majesty will have to be satisfied with roast lamb as the chief bulbe on their yuletide meals.

CHRISTMAS FARE IN GOOD DEMAND
St. Lawrence Market Scene of Animation on Eve of the Holiday.
The St. Lawrence market was the scene of great activity and animation yesterday, the east pre-yuletide shopping day before Christmas. Prices held just about steady on all classes of poultry, turkeys selling at from 60 cents to 65 cents and geese around 40 cents a pound. Dressed chickens sold well, in some cases up to 45 cents a pound, a trifle firmer than on Thursday. Eggs are a shade easier and there were no \$1.40 and \$1.50 quotations as recently.

REPLOGLE STEEL HAS NINETEEN-POINT DIP

New York Market Has Firm Opening, But at Midday the Prices React Sharply, and Closing Tone Is Heavy—Bank Statement Proves to Be Surprisingly Good.

New York, Dec. 24.—Business on the stock exchange today was of the usual character, but the market was very active, and the first hour and becoming almost motionless in the later dealings.

Prices were firm—seven strong in spots at the outset—but reacted sharply before midday when Replogle Steel advanced 19 points, almost duplicating its performance of last Tuesday.

The steel market was very active, and the first hour and becoming almost motionless in the later dealings.

ARGENTINA OFFERS CUT-PRICE WHEAT

Beneficial Rains in India Another Influence in Depressing Chicago Mart.

Chicago, Dec. 24.—Argentine offers to deliver wheat at a much cheaper price than offerings from the U. S. had a bearish influence today on the wheat market.

News of the cheapness of offerings of Argentine wheat emphasized by word that harvesting in Argentina was being favored with fine weather and that the crop was of good quality.

Beneficial rains in India, where of late the crop has been suffering from drought, under such circumstances export demand was reduced to a minimum, and the only actual new foreign purchase of which there was general knowledge was 115,000 bushels for Belgium.

Provisions averaged weaker with grain despite strength in the wheat market.

MINNEAPOLIS GRAIN: Minneapolis, Minn., Dec. 24.—Flour unchanged to 20c higher, in case of family patents, quoted at \$3.90 to \$3.64 a barrel, in 90-pound cotton sacks.

JARVIS COLLEGIATE GETS ANNUAL KNOCK

Whole Place Out of Date, Inspector Houston Says in Report.

CROWD HIGH SCHOOLS

Suggest Well Thought Out Building Program, to Commence at Once.

The long-delayed report of the board of education for the year 1919 has at last been published and contains a variety of information of more or less public interest. The cost of education per pupil is shown as follows:

Public school	\$8.55
High school	119.07
Technical school	131.97
H. S. commerce	127.23

The Jarvis Collegiate building gets its yearly condemnation. Inspector Houston, in the course of his report, remarks that "the whole place is out of date."

Senior Principal Smith, in his report on high schools, states that the congested condition of the classes has increased since 1918. "The remedy," he says, "is a well thought out building program, which should be commenced at once."

The report of Chief Inspector Cowley on the public schools notes that 45 per cent. of the female and 40 per cent. of the male teachers are in their "twenties." Only one-quarter of the female and one-third of the male teachers are over 40 years of age.

In reviewing the question of "Equal Work, Equal Pay," Mr. Cowley remarks: "Looking to the new future, the spirit of a just social order may be expected to lay increasing emphasis on the conditions of efficient service and less on the accidents of birth, competition, supply and demand as the factors that determine the character of salary schedules."

Two conferences of principals and inspectors were held to consider topics having a direct bearing on the management of the schools. The advisability of making the term unit five months was considered.

Ten motion picture and ten stationary lanterns were placed in schools. "The moving picture," says Mr. Cowley, "has yet to prove its value as an instrument of education. There is the problem of procuring an adequate supply of films with subject matter suitable to reinforce an effective public school course. At present it is far from solution." The effect of the pictures on the pupils' eyesight was a matter to be considered. The whole problem is "worthy of watchful interest."

Percentage of Pupils.

The percentage of pupils in each form (Sept., 1919 and Sept., 1920) was:

Form	1919	1920
Form 1	40	41
Form 2	22	21
Form 3	23	22
Form 4	10	10

The high school examinations show that entrance certificates were granted to 2,097 candidates on the certificate examinations, and 312 obtained entrance certificates.

The average monthly roll for night schools showed an attendance of 430 pupils with a cost per unit of \$18.31. The cost per unit of average attendance at the supervised playgrounds was \$2.10.

At the forest schools there was an average daily attendance of 126. The total cost per pupil was \$4.97.

The total number of pupils registered in the public schools was: Kindergarten, 9,281; other classes, 71,784; total, 81,065. The average daily attendance was 56,271. In June, 1919, of 2,590 public school pupils who completed their course, 77 per cent. entered high school, 12,692 pupils left public school in the year.

The Teaching Staff.

The teaching staff was composed of: Grade teachers, 1,491; kindergarten teachers, 178; manual training teachers, 18; household science teachers, 24; sewing teachers, 8; drill supervisors, 11; kindergarten supervisor, 1; art supervisor, 1; assistant, 1; music supervisor, 1; assistant, 1.

RE-ELECTION OF MAYOR CHURCH ESSENTIAL TO HYDRO, SAYS LYON

No one can dispute the fact that J. W. Lyon of Guelph is one of Sir Adam Beck's most faithful lieutenants. Hence the following letter should be read carefully by Toronto citizens who are Hydro supporters:

Guelph, Ont., December 23, 1920.

The World, Toronto, Ontario.

In view of Toronto taking over the street railway, and in view of the clean-up purchase of the Mackenzie companies, it is absolutely essential for Toronto, for Hydro, and for Hydro plans, that Mayor Church and other Hydro men should be returned by the largest possible majorities.

Mayor Church has been a leader of strength to Hydro. He is our first vice-president, and enjoys our confidence. We trust him fully, and in my opinion, so do the people of Toronto.

His majorities have always been large in the past, but I hope to see them larger now than ever before, at this critical and important time.

Yours truly,

J. W. LYON,

President Hydro-Electric Railway Association.

HOLIDAY TRAINS ARE OVERCROWDED

Record Passenger Traffic on All Lines Running Out of City.

Record passenger traffic was reported on the Canadian National Railways running out of this city, the bookings being the heaviest known in the history of the railway, while the Canadian Pacific Railway also reported its busiest in all directions of traffic.

From early yesterday morning until late last night a long line of travelers awaited tickets at the five booths of the Canadian National, three extra offices having been opened up to deal with the rush, which comprised all sorts and conditions of people, who all seemed to be in a desperate hurry to get back home. Further, the family pets were not forgotten, since parties could be seen carrying cats, dogs and birds in all kinds of packages and cases.

Both the city rail offices of Yonge street spent a busy day, while the last-minute rush for sleepers to Montreal was so great that extra cars had to be added to the already heavy trains.

Travelers on New Year's Day will get a welcome surprise, since on that day passenger fares will drop ten per cent., while freight rates for both eastern and western traffic will fall five per cent.

SUDDEN DEATH OF GEORGE R. ELLIS

Was for Many Years on Staff of Canada Foundry Company.

George R. E. Ellis, 299 Crawford street, died after a few hours illness at his home yesterday as the result of a paralytic stroke. He is survived by his widow, one son and four daughters at home.

The late Mr. Ellis, who took active interest in municipal and other local affairs and was popular among a large circle of friends, was a native of St. John's, Newfoundland, and was a son of the late William Henry Ellis, M.P. He was, in early life, connected with the St. John Gas Co., New Brunswick. He came to Toronto in 1901 and was for many years on the staff of the Canada Foundry Company.

Mr. Ellis, for the last few years, was living retired from active business. The funeral will take place on Monday next at 3:30 p.m. to Prospect Cemetery.

CARS AND TRUCKS HAVE A COLLISION

Two automobiles, a Ford truck and a street car, were mixed up in a collision on Richmond street yesterday afternoon on a Dundas car, No. 2074, which was proceeding towards Yonge street, collided with the Ford truck that was on the point of turning out from where it had been parked in the centre of the road. The street car was badly damaged, and the driver was injured. The truck was damaged, and the driver was injured. The truck was damaged, and the driver was injured.

NEWSBOYS AS GUESTS OF ALLEN'S THEATRES

Several hundred newsboys last night enjoyed the limit of the photogram of skit, entitled "Dinty," which was presented at Allen's Theatre. The boys were guests of the management of the Toronto Allen Theatre, and expressed themselves as delighted with the entertainment.

In this skit "Dinty" (not Dirty Moore) is depicted as a great newsboy, not a hero of even greater moment. He is a freckle-faced son of Auld Reekie, and it is an interesting comment upon the generosity and enterprise of the Allen's management that "handsome" prices went to "Freckles," a well-known Toronto newsboy, as mostly approaching the original of the photogram.

CARE FOR WORKLESS ON CHRISTMAS DAY

Many Agencies Are Busy Looking After Needy Thruout the City.

GIVEN FESTIVE FARE

New Civic Work Will Be Spread Over as Many Men as Possible.

Some 20,000 men, women and children will look to various relief organizations for their Christmas dinner today. That they will be well cared for is the best feature that can be noted in the present unemployment situation.

City restaurants, acting voluntarily, yesterday, informed the relief headquarters at the old Kraunsmann Hotel, of their intention to provide special Christmas menus offering either fowl or roast beef. Assisting organizations were also busy preparing for married couples food baskets containing a sufficient proportion of Christmas produce to lend a truly festive appearance. The principal societies which are working for the alleviation of conditions are: The Salvation Army, St. George's Society, The Irish Protestant Benevolent Society.
