Eleventh Hour Proposal by British Premier May End Miners' Strike Liberal Threat to Hold Up Interim Supply Is Made in Commons

POWERS EXPECTED TO ACCEPT VIEWS OF RIGHTS BY U. S.

If Not an Awkward Situation Would Be Brought About.

MAY DELAY REPLIES

Washington, April 7.—Administration officials, it may be stated with authority, confidently expect the allied governments to accept the principles restated by Secretary of State Hughes in his notes of last Monday to those governments that the United States has surrendered none of its rights in the overseas possessions of Germany and that it cannot be bound by decisions affecting those possessions made by the League of Nations without its assent. There is reason to believe that the correspondence on this subject, which initiated last November, will not be closed with the receipt of the replies from the Japanese, British, French and Italian foreign offices. If the expectations of United States officials are realized, the details regarding United States rights will have to be worked out in negotiation. It is, however, felt that the four powers do not find their way to an agreement with the United States viewpoint, there would materialize a situation, action on which officials refused any forecast.

DECLARES HORSES COMING BACK AGAIN

Parade Association Decides to Have Toronto Show on July First.

It transpired at a general meeting of the Toronto Open Air Horse Parade Association, held last evening at the King Edward, that there were more horses in the city today than had been the case for many years past. It was also stated that all the big express companies and cartage concerns in the United States were cutting out motors and replacing them with horses for delivery purposes within a circle of seven miles from the centre of the cities.

TURKS PROTEST USE OF STRAITS BY GREEKS

London, April 7.—The London Times reports that it has received advices from Constantinople that the Porte has protested to the allies against military use of the coasts of the Sea of Marmora and of the Straits of the Dardanelles by the Greeks on the ground that such use would contravene the treaty of Sevres.

BREAKS PRISON RULES BY EATING HAM AND EGGS

Ossining, N.Y., April 7.—Flash was on the dinner menu tonight at Sing Sing prison, but Robert P. Brindell, high-salaried labor leader, who became a five-year sentence Monday for extortion, was deprived of his rights for violation of the prison rules by eating ham and eggs. Charges against him. The waiter, another convict, from whom Brindell said he obtained the delicacy, was deprived of his usual privileges and locked in a cell. Officials said the waiter probably would be sent to Clinton prison. The only inmates of Sing Sing who are permitted to eat eggs are patients in the hospital.

OPPOSITION LEADER SEEKS TO HOLD UP INTERIM SUPPLY BILL

Says Estimates Extravagant and Should Be Reduced Fifty Million Dollars—Proposes Payment of Salaries, But Minister of Finance Points Out That Many Other Payments Are Indispensable—Borden Also Protests Against Liberal Policy of Obstruction.

BY TOM KING.

Ottawa, April 7.—Willing to wound, but afraid to strike, the Liberals, under the leadership of Hon. Mackenzie King, this afternoon held up the interim supply bill. The fiscal year ended March 31, 1921, and parliament has not yet voted the supply needed for the year ending March 31, 1922. In the nature of things, the entire supply bill cannot come into effect until about June 1, the government is therefore out of funds to carry on the public business. Civil servants in Ottawa and government officials and employes throughout the country will have to sit tight without any pay for a couple of months unless the interim supply bill passes. This afternoon, when the usual vote was asked by the government, Mr. King objected. He said that parliament should have been summoned earlier. The estimates, he said, were extravagant, and should be reduced by at least fifty million dollars. Apparently realizing that it would not be a popular move to bring about a suspension of all public business, Mr. King suggested a vote for salaries and wages, but nothing else.

WALK-OUT IS LED BY MAJOR TOLMIE

Action of Liberals in Early Morning Protest Against Rushing Thru Estimates.

At 2 a.m. today the legislature was still in session. Major Tolmie protested against rushing the estimates thru without proper consideration and insisted that it was time to go home. Hon. G. H. Ferguson declared that if the government was bound to go on it would be necessary to secure from the respective ministers a full explanation of the various items. Major Tolmie and the other Liberal members, with the exception of two or three, left the chamber, and there was no quorum for a while until the U.F.O. members were called into their seats.

NINE WORKMEN BURIED IN DETROIT CAVE-IN

Detroit, April 7.—Nine workmen were buried under ten to eighteen feet of earth when a cave-in occurred in a sewer excavation on the northern outskirts of the city late this afternoon, according to a report to the police.

TERN SCHOONER AFIRE AT SEA

Parrsboro, N. S., April 7.—The Nova Scotia tern schooner J. L. Raiston, has been burned at sea, according to a cable received here this afternoon. The vessel was bound from San Domingo to this port in ballast.

WITHDRAWAL BY GOVERNMENT OF FAIR RENTALS BILL

Premier Says It Does Not Represent Views of Cabinet.

HAS SERVED PURPOSE

Notwithstanding their all night session, Ontario's legislature seemed to be as fresh as the proverbial daisy when they resumed yesterday afternoon. Short speeches were made of the day, and the result was that considerable routine business was transacted. Probably the most important measure discussed was the minister of labor's fair rentals bill, the details of which have already been published in The World.

STRIKE HAS SPREAD IN PACKING HOUSES

Employees of Four More Plants Have Been Called Out.

EIGHT-HOUR-DAY ISSUE

The packing house workers' strike has spread to four more packing plants, the organized workers at the Plants of White & Co., McVoy Bros., Abrahams Bros. and Puddy Bros. having now been called out. This action followed a mass meeting of the strikers held in the open at Keele and Dundas streets yesterday afternoon, when it was decided to try to close up all the packing houses in the city and thus tie up the meat situation entirely. Louis Braithwaite, business manager of the packing house workers' union, claimed that the results at the stockyards show the strikers are bound to win, the daily turnover having been greatly reduced.

TEA AND OLIVES GROW IN CANADA

Also Fig and Bamboo Crop This Year on Vancouver Island, Says Dr. Tolmie.

Ottawa, April 7.—(Canadian Press).—That there are now being successfully grown on Vancouver Island, and for the first time in Canada, both tea and olives, was the information given here tonight to a banquet of local horticulturists by Hon. Dr. Tolmie, federal minister of agriculture. This year, too, on Vancouver Island there will be a good fig crop. Fibert and almond trees are in full bloom and the bamboo crop is large enough to harvest for baskets and fishing poles.

IS NEWS TO GRAHAM.

Brookville, April 7.—"Never heard of it," was the comment of Hon. George F. Graham, ex-minister of railways and canals this afternoon, when shown a Belleville despatch stating that he was likely to be the Liberal candidate in the riding of Leeds and Brockville, left vacant by the resignation of Sir Thomas White. Hon. Mr. Graham is the Liberal candidate in South Essex at the coming general election.

EX-CROWN PRINCE RUPPRECHT, Former heir to Bavarian throne, who yesterday was married to Luxembourg princess.

LLOYD GEORGE MAKES ANOTHER PROPOSAL TO END MINE STRIKE

Sinn Fein and Moderates To Unite for Elections

Eleventh-hour Intervention Opens the Door for Negotiations—Government is Willing to Participate in Conference to Determine Pumping Question—Believed Miners Will Accept—Railway Men and Transport Men Will Support Them if Matter is Not Settled.

Dublin, April 7.—Joseph Devlin, Nationalist member of parliament for Belfast, and Eastmond de Valera, one of the prime movers in the Irish republican agitation, have ratified the agreement of last month, under which the Sinn Fein Constitutional and Nationalist parties will present a united front to the Unionist forces in the coming elections in the north of Ireland.

CHARLES FORBIDDEN TO LEAVE LUCERNE

Has Refused to Abdicate or Renounce Rights to Young Son.

REGRETS ESCAPE

Lucerne, Switzerland, April 7.—Former Emperor Charles of Austria-Hungary, domiciled here after his unsuccessful trip to Hungary, in an effort to reclaim the Hungarian throne, is occupying with former Empress Zita, the same hotel suite that King Constantine and Queen Sophie of Greece lived in when they were in exile here. This suite is known locally as "The King's and Queen's refuge." The Swiss government permitted the ex-royal couple to return to Switzerland on condition that he take part in no intrigues or propaganda measures. He is prohibited from giving interviews or from leaving the canton of Lucerne, within the borders of which a villa eventually will be chosen for the family.

TEA AND OLIVES GROW IN CANADA

Also Fig and Bamboo Crop This Year on Vancouver Island, Says Dr. Tolmie.

WANTS TO CURB FORD'S NEWSPAPER

Would Stop Sale of Anti-Jewish Dearborn Independent in Detroit.

Detroit, April 7.—An amendment to an ordinance aimed at restricting the sale of Henry Ford's Dearborn Independent on the streets was introduced in the council Tuesday night by Councilor David W. Simons. Immediate effect after its passage is asked. The amendment was read twice. It can be passed next Tuesday if it meets with council favor. The present ordinance restricts the sale of publications against religions, creeds and cults. The amendment adds the word race. It is proposed that violation of the amended ordinance be punished by a fine of from \$25 to \$500, not more than six months' imprisonment, or both.

PRINCE OF MONACO VISIT UNITED STATES.

Paris, April 7.—Prince Albert of Monaco will sail Saturday for New York on his way to Washington to receive the Alexander Agassiz gold medal, awarded him in recognition of his scientific marine researches.

Five U. S. Railway Unions Agree to Hold Conference

Chicago, April 7.—Five railroad labor unions, with 600,000 members, tonight submitted to President Harding's labor plan for ending industrial disputes between the roads and their workers, proposing that the president call a conference of representatives of both sides, at which new rules governing working conditions would be worked out to take the place of the national agreements now in dispute before the railroad labor board. The proposal was contained in a statement by representatives of the five mechanical unions and was sent to the president by E. M. Jewell, president of the railway employees' department of the American Federation of Labor. It proposed that the president call a conference of representatives of both sides, at which new rules governing working conditions would be worked out to take the place of the national agreements now in dispute before the railroad labor board. The proposal was contained in a statement by representatives of the five mechanical unions and was sent to the president by E. M. Jewell, president of the railway employees' department of the American Federation of Labor. It proposed that the president call a conference of representatives of both sides, at which new rules governing working conditions would be worked out to take the place of the national agreements now in dispute before the railroad labor board.

ANTI-DIVORCE MOVE BY NIAGARA SYNOD; CALL FOR PETITIONS

Opposes Federal Measure for Establishment of Divorce Courts.

TO AROUSE DIOCESE

Hamilton, April 7.—Being of the opinion that the evils of divorce will increase if power is granted to courts to dissolve marriages for causes arising after marriages, the committee appointed by the Niagara Synod have recommended against the granting of divorces in this country, and arrangements have been made to circulate petitions through the diocese opposing this. These petitions, when filled, will be submitted to the senate and house of commons. The forms have been prepared and will be sent to every clergyman in the diocese, whose duty will be to see that the members of the congregation who uphold the views attach their names, and when filled, they are to be returned. Copy of the Petitions. The following is a copy of the petitions, which will be sent out in a few days: "Your petitioners believe that our Blessed Lord and Master, Jesus Christ, intended that a marriage, by full and free consent between persons competent to marry, should be indissoluble and are convinced that the hope of our nation lies in the purity and development of the family founded upon the lifelong union of husband and wife. "Wherefore, your petitioners pray that the parliament of Canada cease to discuss lawful marriages and that the jurisdiction of the courts of Canada in causes matrimonial (whether now existent or hereafter conferred) be limited to decrees for judicial separations and to decrees of nullity;—the latter in such cases as the law is made clearly to appear that for causes preceding the marriage ceremony, such as consanguinity, incest, insanity or impotency, etc., exist." (Continued on Page 2, Column 5.)

STEEL MERGER NOW RATIFIED

Dominion Steel and Nova Scotia Shareholders Convey Their Approval.

Sydney, N.S., April 7.—Dominion Steel and Nova Scotia today ratified the agreement of the merger of the two companies and the Halifax shipyard, limited, as the British Empire Steel Corporation Ltd.

TEN MILLION DOLLARS IN SUSPECTED RUM RING

Chicago, April 7.—Federal prohibition agents here today are on the trail of a "\$10,000,000 rum ring," which they allege has been revealed through confessions of men under arrest. Politicians, liquor dealers, and capitalists are said to be involved.

GERMAN CAPTAIN SHOOT INTER-ALLIED OFFICIALS

Berlin, April 7.—The Berliner Zeitung reports that a German captain, named Von Demming, recently attacked and wounded three officials of the inter-allied prohibition commission at Glatz, Prussian Silesia. The newspaper says Von Demming was then shot down by another member of the commission.

HECKLING FEATURES  
PUSSYFOOT JOHNSON  
HAMILTON MEETING

Even Women Shout at Him—  
Police Pace Hall to Keep  
Wets in Order.

MAKES LONG SPEECH

Hamilton, April 7.—When W. E. Pussyfoot Johnson appeared at the I.O.O.F. Temple tonight he faced his first Canadian audience, and although the citizens of the Ambitious City did not ill-treat him like the brothers across the seas, they gave the great temperance advocate a rather rough time of it. The women in the audience shouted at him, and from all sides he was heckled. Police were on duty and had to pace from one part of the hall to the other to keep the wets in order. W. H. Cooper was in the chair, and made an appeal for fair play, and the heckling stopped for a time, but only to start again with renewed vigor.

Admission by Ticket.  
The temperance people hoped to avoid any trouble by making admission by ticket only, and men were at the door collecting the admission cards, yet fully 100 wets were in. When two or three ringleaders moved out an hour after the address started, 50 followed them, but the remainder carried on the crying. Pussyfoot fought gamely on thru all, and was given a rousing applause, and welcomed by the loyal members of the audience, while those who did not agree with him tried to howl him down.

Laughter and Cheers.  
"I would like to look in your own cellar," cried a woman from the gallery, when the speaker opened his remarks. He went on as if nothing happened, but his voice was lost in the laughter of the crowd and there was cheering from every corner.

As a member of the World League Against Alcoholism, with which the Dominion Alliance is affiliated, he said he was talking to his own members in one way, and was glad to be present.

HUGE ORGANIZATION  
TO HANDLE GRAIN

Farmers of U. S. in Conference Decide on Plan for Co-operation.  
Chicago, April 7.—Representatives of the farmers of the United States, in convention tonight, voted unanimously to accept the report of the committee of seven which provided for formation of a co-operative agency to market the nation's grain.

The report adopted after a two-day fight in which various delegates sought to have it amended so that pooling of grain by the farmers would be compulsory instead of optional as provided in the report. An amendment to that effect was defeated late tonight by a vote of 61 to 38.

Another amendment offered by Carl Williams of Oklahoma, that the pooling be made optional in states where wheat is the predominant grain also was defeated and the convention then unanimously adopted the committee of seven's report.

Under the plan a non-stock corporation will be formed through which the grain will be handled from the time it is raised until it reaches the manufacturer or consumer. Local agencies will be formed through the country and elevators, terminal warehouse corporations, port corporations, service departments and other subsidiary departments will be a part of the plan.

Each member of the corporation will pay a fee of ten dollars which will be used for expenses. Surplus over expenses will be returned to the members.

The organization will be governed by a board of directors elected by the grain growers. Organization will be begun immediately and it is hoped to have it working in time to handle part of the 1921 crop.

Robbed Irish Bank of Five Thousand Pounds

Dublin, April 7.—Dublin Castle tonight reported that at midnight Wednesday masked armed men held up the manager and the assistant manager of the Commercial Bank of Ireland, and took away from them the keys of the safe and made off with 5,000 pounds sterling. Simultaneously other persons raided the Charlestown post-office and took away all the letters, except those that had been registered.

CREW STILL ON IMPICO.

Halifax, N. S., April 7.—According to a radio from Captain Findlay, of the steamer Impico, to-night, he decided not to take the crew off the steamer Impico stranded on Blonde Rock, until tomorrow. The wrecking steamer Maggie Marshall, which has been ordered to the scene of the wreck, will not leave here until tomorrow morning.

SINN FEINERS REMOVED FROM JAIL HOSPITAL

Cork, Ireland, April 7.—Nine survivors of the hunger strike conducted for a time in the Cork Jail by Sinn Féin prisoners last autumn, but which was abandoned when the prisoners realized its futility, have been removed from the jail to the detention barracks connected with military headquarters.

This step was taken by the authorities because of the sensational attempt about two weeks ago to rescue some of the men. At the time of the attempted jail delivery, the prisoners were in the jail hospital, where they had been undergoing treatment since declaring their hunger strike. They were immediately taken to their cells and confined as ordinary prisoners.

FAIR RENTALS BILL NOW WITHDRAWN

(Continued From Page 1).  
existed in the matter of exorbitant rates. But all landlords had not profited, and the bill would work a great hardship in their case. Then, too, care must be taken not to interfere with building operations. The bill for the present should be withdrawn and during the recess the government could make a study of the whole question.

John O'Neill Speaks.  
John O'Neill (S. E. Toronto) who has had a great deal of experience in the housing problem, thought that the government should have made a thorough inquiry into the question and then brought in a bill. Housing conditions are generally bad and moneyed men were not investing in house property for revenue purposes. It was true that there had been considerable building of late, but the houses were for sale and not for rent. These were simply some of the phases of the housing question that should be looked into before bringing down any legislation.

Capt. J. C. Rameaden (S. W. Toronto) wanted the bill referred to a special committee, where the whole question could be thoroughly discussed. Conservative Leader Ferguson also wanted more information before coming to any decision. The proposals were bristled with difficulties, and among other things would tend to discourage building operations.

Sam Clark (Northumberland) thought more information should be furnished and the government for one thing might consider the question of building low-priced houses. If there were not such heavy expenditures on Hydro and roads the province could very well do this.

R. R. Hall Opposes.  
R. R. Hall (Parry Sound) also opposed the bill in its present form, and the minister of labor said if the bill was to be reformed, he would prefer to have it done by the house and not by a special committee.

Capt. J. E. Thompson (N. E. Toronto) admitted that he could not at the moment offer a solution, but in any case he did not favor the measure. It was foolish in the extreme.

Hon. G. S. Henry thought that the government had got over its depth in dealing with the question and they showed discretion in now backing down.

After further desultory debate the bill was finally withdrawn at 10 o'clock the house went into supply on the estimates of the public works department.

At Esquodora Hon. Mr. Birge explained the government installed oil-burning furnaces, and while the last winter was mild the test showed that oil was cheaper by some \$4,000 than coal.

OPPOSITION LEADER SEEKS TO HOLD UP DISCUSS CHANGES IN THE COVENANT

(Continued From Page 1).  
taken part in passing interim supply bills and he amended so that it should be compulsory instead of optional as provided in the report. An amendment to that effect was defeated late tonight by a vote of 61 to 38.

Another amendment offered by Carl Williams of Oklahoma, that the pooling be made optional in states where wheat is the predominant grain also was defeated and the convention then unanimously adopted the committee of seven's report.

Under the plan a non-stock corporation will be formed through which the grain will be handled from the time it is raised until it reaches the manufacturer or consumer. Local agencies will be formed through the country and elevators, terminal warehouse corporations, port corporations, service departments and other subsidiary departments will be a part of the plan.

Each member of the corporation will pay a fee of ten dollars which will be used for expenses. Surplus over expenses will be returned to the members.

The organization will be governed by a board of directors elected by the grain growers. Organization will be begun immediately and it is hoped to have it working in time to handle part of the 1921 crop.

CHILDREN VICTIMS OF DRUG VENDORS IN WESTERN TOWN

Government Official Tells of Work of Illicit Dealers Selling Drugs.  
CANADA'S REPUTATION

Montreal, April 7.—In explaining to a gathering of the Pharmacists' Association of the province of Quebec at a luncheon at the Place Viger Hotel yesterday, the meaning and the reasons for the amendments to the federal opium and drug act, Mr. F. W. Cowan of Ottawa, who has to do with the enforcement of that act, took occasion to speak of the ravages caused by the illicit use of drugs, particularly in Montreal, had committed. However, there was no trouble with the trade today, and with the new law, the government authorities had started with a clean sheet.

Referring to the violations of the law by Montreal druggists, Mr. Cowan related that some of these druggists had been given a month of hard work found in the United States was shown by a pamphlet on the drug evil which the United States authorities had issued broadcast, and which told that the difficulty in combating the evil had come because of the illicit importation of drugs into the United States from Canada and Mexico, and received a bad advertisement in that respect.

Gets Big Supply.  
Investigation had shown recently in Montreal that a man was getting drugs from fourteen drug stores on the city streets, and that he was selling them to a large number of persons. The man was arrested and the drugs were seized. The man was found to be a member of the underworld and was being used by the underworld to get drugs into the city.

Hydro Development.  
The hydro commission will take up once more the plans for the addition to the local hydro system on Monday. The commission will be called for the new apparatus which is to be installed in the repairing of the local system, and it is expected that some five months will be taken in the construction.

First outdoor bathing was reported in the river here today.

GREEKS AND TURKS TO RENEW THE BATTLE

Constantinople, April 7.—Both the Greeks and the Turks are apparently exhausted after their fighting in Asia Minor, but are preparing to renew the battle. The Turkish losses at Eski-Shehr were estimated at 250 officers and 8,000 men.

The Greeks east of Bursa are landing three divisions in Macedonia. The Greeks are being supplied by motor trucks which have been heavy, and there is no fresh material with which to replace them.

RUPPRECHT IS MARRIED TO LUXEMBOURG PRINCESS

Berlin, April 7.—Former Crown Prince Rupprecht of Bavaria and Princess Antoinette of Luxembourg were married today at Hohenburg Castle, the Luxembourg claims news agency in Upper Bavaria, in the presence of the members of the Saxon and other royal families. The witnesses for this, the civil ceremony, were the grand duke of Baden and Prince Francis of Bavaria. The church ceremony will be performed by Monsignor Paellli, the papal nuncio.

WESTERN SLEET STORM TIES UP TELEGRAPHS

Fort William, Ont., April 7.—The C.P.R. telegraphic service, including the press wires between here and Winnipeg, was completely tied up. Although no definite word has been received as to where, and the extent of the line trouble, it was stated tonight that poles are believed to be down, overwrought by sleet, near North Transcona. Sleet storms in the west are said to have caused the breakage in the lines.

Forty Cents a Bushel For Tomatoes This Year

St. Catharines, Ont., April 7.—"Forty cents a bushel will be the price paid for tomatoes this year," stated a person today prominently identified with the canning industry. "Last year we paid 50 cents and are already assured of a full supply at 40 cents. Nearly all the contracts are made. Compared with oats, clover seed and potatoes the drop in the price of tomatoes will be very slight."

WILL NOT PLACATE JAPAN AT EXPENSE OF THE U. S.

London, April 7.—A Melbourne, Australia, despatch to The London Times says that in a speech in the house on the forthcoming imperial cabinet, Premier Hughes declared with respect to the Japanese treaty that Australia could not make an enemy of the United States to secure the terms of the covenant. "Last year the treaty must be renewed in modified form, but satisfactorily to the United States. He asserted that there was great danger of such naval rivalry in the Pacific as would threaten the finances of the nations and have a reflex influence on the whole world.

WOMEN STUDENTS FOR MISSION FIELD

Queen's University Supplies Five Missionaries for Service in Canada.  
Kingston, Ont., April 7.—(Special).—Five women students at Queen's University have been appointed to mission fields in Canada. The board of home missions and social service of the Presbyterian Church.

Capt. Kirkwood of the steam barge Jeska was the first arrival in Oswego and was presented with a new hat by the harbor master.

The officers of the Prince of Wales Own Regiment will meet a memorial in the armories, and all former members of the regiment who served overseas.

At St. Mary's Cathedral today the marriage took place of Miss Marjorie, youngest daughter of Peter Devlin, and Stephen Donald Urquhart, son of Mr. and Mrs. Robinson Urquhart, Ottawa. Rev. Father A. Haskley officiated.

BRANTFORD BANDITS GIVEN LONG TERMS

Ten Years in Penitentiary for Raffelle Raffio—Five for R. Vitalo.  
Brantford, Ont., April 17.—(Special).—Raffelle Raffio was sentenced to ten years in Kingston penitentiary and R. Vitalo was sentenced to five years by Judge Hardy in the county court here this afternoon when both men were convicted of highway robbery and of being bandits. The men were arrested some weeks ago following the mysterious hold-up of Paul Zokovitz. According to the evidence, the two men had taken Zokovitz into a barn and told him they were taking him to a farm where he would get work. They robbed him of a roll of \$1,400 while in the barn. They were later apprehended by a farmer, who covered them with his shotgun.

Hydro Development.  
The hydro commission will take up once more the plans for the addition to the local hydro system on Monday. The commission will be called for the new apparatus which is to be installed in the repairing of the local system, and it is expected that some five months will be taken in the construction.

First outdoor bathing was reported in the river here today.

FINES TO CHANGE IN SOVIET POLICY GOVERNING RUSSIA

U. S. Intelligence Captain Says Reports of Bolshevik Reform Are False.  
FOR INTERNATIONALISM

Philadelphia, April 7.—Reports from Russia that Bolshevism is changing its character and growing more conservative are false, according to Capt. Hugh S. Martin of the American army intelligence secret service, who told his experience as a spy in Russia at a luncheon of the Merchants' Association at the Hotel Astor yesterday.

"I tell you," he said, "that Bolshevism will only change—then Bolshevism falls. When Lenin begins to change his policies of communism he knows better than any other man knows that means suicide. He is not the suicidal kind."

Sensational accounts of conditions in Soviet Russia were given at the luncheon by Capt. Martin and by Sir Paul Dukes of the British secret service, who served in the Bolshevik army.

The continuance of Lenin and Trotsky in power was attributed by the two men, who talked on "Russia From Within" to a variety of causes, including the food and fuel control by Soviet officials, which enabled them to starve and freeze malcontents; the policy of making wives and children hostages to compel men of the counter-revolutionary type to conform to Soviet practices; the fear of Russian generally that a successful counter-revolution would bring in a foreign army and foreign control, and the fear of the peasants that their usurped lands would be returned to the former owners if Bolshevism came to an end.

Captain Martin said that 300 women and girls had been seized as hostages in one community and sent to another part of the country. Notice was served that they would be slaughtered if any counter-revolutionary propaganda appeared in that community.

"Russia Dying, He Says.  
"I will tell you that Russia is dying today, and industry is gone, because Bolshevism has destroyed individual initiative and human ambition. There is just one way for Russia to be reconstructed, and that is for communism to fall.

"If Lenin wants to give in, as some people would have you believe he has apparently given in, he has just got to be reconstructed, and that is for communism to fall.

The Bolshevik system of propaganda has been so successful that the Bolshevik machine guns like so many blades of grass, but an application is being made to submit to a system which was gnawing at the heart of civilization.

The Bolshevik code of right and wrong, he said, consisted of two simple positions—that whatever is favorable to Bolshevism is right and whatever unfavorable to it is wrong. Bolshevism is not a Russian experiment, he said, but an application of the doctrines of internationalism.

"It admits," he said, "that it cannot live in Russia alone. It admits that it is dependent upon the success of the Bolshevik revolution in every other part of the world, and set up a world Soviet republic, it has got to fall in Russia.

"All news is censored.  
"The man who is at the head of it are men of stone," he said, "men who never have had hearts, men who are insensible to the feelings of others, and an undying thirst for revenge for every wrong, real or imaginary, which they will do to the last man who stands in their way."

The extraordinary commission is served by a great army of spies, he said, many of whom are trained in the former czar's secret police. The Bolsheviks have been successful, he said, in preventing such news from creeping out of Russia.

"No news may appear in print except such as is censored and permitted by the ruling clique. The same holds good regarding information abroad. But despite the fact that the rest of the world has been kept in profound ignorance of the nations and popular movements inside Russia, such movements have actually taken place, and they are truly proletarian movements."

TAKEN FROM HOMES AND SHOT.

Belfast, April 7.—Charles Stevin, John Devine and Daniel Doherty, residents of Dromore, County Tyrone, were removed from their homes last night by armed men, and their bodies were found outside the village this morning.

ANTI-DIVORCE MOVE IS MADE

should not have married or did not freely consent to marry or were incapable of marriage."  
The committee suggests that the members of the diocese deliver special sermons on the subject on the tenth and seventeenth of this month.

FRIDAY MORNING APRIL 8 1921  
CHRISTY'S SPRING HATS FOR MEN  
CHRISTY'S label inside a hat is a guarantee of the highest quality. Christy & Co. of London, England, have been makers to the British public for more than a century and today are more advanced than ever. The Dinesen Co. have received fresh shipments from this popular maker, which includes:  
Gentlemen's Silk Hats, \$10.00 and \$12.00.  
Gentlemen's Hard Felt Hats, \$7.50 and \$8.00.  
Gentlemen's Soft Felt Hats, \$5.00, \$7.00 and \$10.00.  
Gentlemen's Tweed Caps, \$2.50 and \$3.50.  
If you want a hat of superior quality, call in and see Christy new styles.  
The W. & D. DINEEN Co., Ltd.  
140 Yonge Street, Toronto.

This Ruud Gas Water Heater is just what you need—now  
It provides the means of securing quickly and cheaply a plentiful supply of hot water for all domestic uses. It is the practical, one might almost say the universal, gas hot water heater.  
It is compact and with ordinary care will last a lifetime. It is easily detached and taken with you if you move.  
It will heat from ten to twenty gallons of water for two cents, or a lesser quantity for a smaller cost.  
\$6.60 PAID DOWN NOW  
Will place it in your home with ordinary connections.  
We are willing to install this heater in your home if you come down to our office and make the first payment of \$6.60. Then all you have to do is to pay \$3.30 a month for eight months with your gas bill. That pays the entire cost of the heater and the installation.  
ORDER ONE TODAY  
If you cannot conveniently call at our showroom, call Adelaide 2180 and we will send a representative to see you. If you pay all cash you will save \$2.50.

whereby in the case of valid marriages, separations from bed and board without the right of marriage during the life of the parties should be decreed, but they most earnestly and emphatically protest against power to dissolve legal marriages being given to such courts.  
"What is now known as divorce (i.e. dissolution) was unknown in England until parliamentary divorce (dissolution) began in 1851. There was no court in England competent to dissolve marriages until 1858, when the act establishing divorce courts came into force. The divorce legislation before parliament last year meant practically giving the Ontario courts the present jurisdiction of the English courts in divorce, judicial separation and annulment of marriage except that it put men and women on the same footing."  
"There is no doubt that divorce by act of parliament would mean, but it is clear that if the courts of Ontario are given power to dissolve marriages for causes arising after marriage the evils of divorce will be enormously increased."  
"The enclosed petitions and this letter have been approved by the bishop."

### PROMISING FUTURE FOR KAPUSKASING

#### Government Gets Good Reports of Work of Development.

#### WELCOMES INQUIRY

Hon. G. H. Ferguson Says He Will Render Every Assistance.

When the premier's bill to incorporate the town of Kapuskasing came up in the legislature yesterday for a third reading, Mr. Drury read an encouraging letter as to the progress of the work of developing the town.

The paper company, Mr. Drury said, spent to date some \$3,000,000, so he had been informed by Hon. W. D. McPherson; the number of employees is 350, besides a large number engaged in wood operations. Later the number will be increased.

The company state that their sulphite mill will soon be completed with a capacity of 120 tons a day. For the present, the erection of the ground wood mill and waterpower have been deferred. Part of the machinery for both schemes, involving an expenditure of between \$400,000 and \$500,000, has already been contracted for.

By June next, the new town will be a thriving prosperous town.

#### Police Magistrate.

The attorney-general's bill, providing for the appointment of police magistrates with extended jurisdiction had been thoroughly considered and for that reason Mr. Raney said he could not at this late stage accept any amendments offered by Liberal Leader Dewar to the effect that a magistrate with extended jurisdiction described in his commission shall have concurrent jurisdiction with any other police magistrate.

The house, after some discussion, rejected Mr. Dewar's amendment and the bill was given a third reading.

#### Log Rolling.

J. A. Calder (North Oxford) protested against the house giving a third reading to the bill respecting the two-plateau system for the employment of permanent labor in the lumber industry. He thought there had been too much log-rolling in connection with the measure which should be held over for the present. He for one was not disposed to force the bill on all the municipalities of the province.

#### W. A. Cockshutt (South Wentworth).

He favored the bill, strongly urged its passage, but the house ordered it back to be re-printed.

#### Welcomes Inquiry.

Hon. G. Howard Ferguson said if the attorney-general was correctly reported in a London paper to the effect that he (the attorney-general) was thinking of taking proceedings against him, then Mr. Ferguson welcomed, he stated, such an inquiry and would give every assistance in his power.

#### The attorney-general did not reply.

E. P. Hill (East Ottawa) stated that he had inadvertently used the name of Farringer instead of Harrigan in his exposure of R. T. Harrigan's actions while acting in the timber probe.

#### MRS. JOHN SNEATH DEAD.

Mrs. John Sneath, who passed away at her home, 421 Markham street, yesterday, in her 85th year, was highly esteemed and an active member of the Catholic Church. She is survived by five sons, one daughter and many grandchildren and great-grandchildren. The funeral mass will be celebrated at St. Peter's Church at nine o'clock tomorrow morning, and interment will be at Mount Hope Cemetery.

#### JOKE WAS ON FIREMEN.

In answer to a phone call, the Adelaide street fire reels were called to put out a fire at the rear of a rooming house at 77 West Queen street last night, but it was found that someone had seen the tobacco smoke coming out of the open doors and had rung in the alarm.

#### FIX QUEBEC ARBOR DAY.

Quebec, Que., April 7.—(By Canadian Press)—An order in council has been passed by the provincial cabinet fixing the dates for Arbor Day in the province of Quebec.

#### MOTORS BURN IN ST. JOHN.

St. John, N.B., April 7.—A building situated in the Red Head road, St. John, part of the Bedford Construction Company, was completely destroyed by fire this afternoon. Three automobiles, the property of the construction company, also were destroyed, as well as some stores and personal effects of some of the Italian laborers.

### Charges of Selling and Having Drugs Illegally

That snowbirds are still in Toronto was evidenced last night when Plainclothesmen Crowe and Skinner arrested Lassy Shufelt, 187 Jarvis street, on a charge of selling drugs and Clifford Moffet, 215 Jarvis street, for unlawfully having drugs in his possession.

#### LABOR COUNCIL TO HOLD ALOOF

#### By Close Vote Declines to Co-operate With "Reds" on May Day.

A big struggle resulted before the Trades and Labor Council at the Labor Temple last night over the question of co-operating with "red" labor bodies outside of the American Federation of Labor in Toronto in the holding of a May Day celebration. It finally being decided not to participate by a vote of 51 to 49.

By June next, the new town will be a thriving prosperous town.

The attorney-general's bill, providing for the appointment of police magistrates with extended jurisdiction had been thoroughly considered and for that reason Mr. Raney said he could not at this late stage accept any amendments offered by Liberal Leader Dewar to the effect that a magistrate with extended jurisdiction described in his commission shall have concurrent jurisdiction with any other police magistrate.

The house, after some discussion, rejected Mr. Dewar's amendment and the bill was given a third reading.

### BOARD IS PLEDGED TO EFFECT SAVING

#### School Trustees Discuss Mean of Cutting Down the Estimates.

Chairman McClelland called attention at the opening of the board of education last night to the conference on Wednesday between the board of control and the trustees. Owing to the pruning by the board of education when the estimates were prepared, the controllable estimates were cut down to \$746,000.

A statement was presented by business administrator Pearson that by further cut would involve an overdraft.

Trustee Edmunds, chairman of the finance committee, moved that the estimates be reduced from 10 1-2 to 9 1-2 mills. This might be managed by saving wherever possible. The fact would be open that the board was working against the possibility of a deficit. As a private member last year he was not making a trustee, but the fact that the board was working against a deficit. With the fact known it might be possible to end this year without an overdraft, trust that officials co-operated in efforts to economize.

Chairman McClelland said the matter was so important that he should be fully discussed in committee of the whole.

Trustee Boland was called to the chair. Adopt Economy Policy.

Chairman McClelland said that the board could not take the onus of reducing the estimates, as it would mean an attempt to do all the repairs for the year for \$57,000, and would mean the dismissal of 200 men. He proposed that a letter be sent to the board of control, pledging the board of education to the policy of economy to reduce the expenditure if possible to 9 1-2, but leaving the onus of an overdraft on the board of control.

Trustee Wemp said it was another attempt to pass the buck. The net estimate for this year was 7 1-4 mills. The other half mill was passed over last year without the board of education members of the board and the city council were responsible for it. The proposal to make another cut now was a matter of putting last year's deficit over to 1922.

#### Will Keep Down Expenditure.

Trustee Edmunds withdrew his motion. The board, on the suggestion of Trustee Boland, decided to depute the chairman of the board, chairman of finance and the business administrator to convey to the board of control the desire to use every effort to keep down the expenditure.

#### Oppose Separate School Bill.

A letter was read from Mayor Church asking the co-operation of the Trades and Labor Council in a movement to induce the Dominion government to pass the postal rates in Toronto for letters back to the pre-war basis of 1c for city letters and 2c for outside letters.

After considerable discussion, however, it was finally decided not to co-operate with the "red" organizations on May Day.

#### Cheaper Postal Rates.

A letter was read from Mayor Church asking the co-operation of the Trades and Labor Council in a movement to induce the Dominion government to pass the postal rates in Toronto for letters back to the pre-war basis of 1c for city letters and 2c for outside letters.

After considerable discussion, however, it was finally decided not to co-operate with the "red" organizations on May Day.

#### Trades and Labor Council.

The Trades and Labor Council at the Labor Temple last night over the question of co-operating with "red" labor bodies outside of the American Federation of Labor in Toronto in the holding of a May Day celebration.

#### LABOR COUNCIL TO HOLD ALOOF.

By Close Vote Declines to Co-operate With "Reds" on May Day.

### CANADIAN DINNER IN BERMDA TO BE ANNUAL FUNCTION

#### Hope for Large Development of Canadian Trade With That Island.

#### TORONTO MAN IN CHAIR

Ottawa, April 7.—Senator McMeans of Winnipeg, who recently returned from a visit to the Bermudas, was present at the first Canadian dinner held in that favorite winter resort. It was a great success, appreciated by both Bermudians and Canadians, and will become one of the annual attractions in the capital of that colony.

The object of the dinner was to afford an opportunity to Bermudians and Canadians to get together and discuss the common interests of both. Canadians are visiting Bermuda in increasing numbers every winter on account of the genial climate and British connection and sentiment.

Recently the Bermuda legislature rejected the trade treaty with Canada, negotiated last year. This was not unexpected. Bermudians desire to extend trade with Canada, and fifty per cent. of their imports are from Canada, while only two per cent. of their exports are taken by this country. Their trade with the United States, and fear of losing this market without a compensating demand for their products led to the treaty rejection.

Canadian present at the dinner were unanimous in assuring the Bermudians of their desire to increase the Canadian trade for the products of the island. Sir Augustus Nanton, Winnipeg, voiced their sentiment when he said: "Can we expect Bermuda to join us unless we produce a market for Bermuda's products? We Canadians must join together and give assistance for Bermuda with every transportation facility."

#### Governor Was Present.

The dinner which was presided over by Senator McMeans, was honored by the presence of the Governor General Sir James Willocks, G.C.M.G., K.C.B., K.C.S.I., D.S.O., one of the famous British corps of the Indian army, and who for a short time commanded the Canadian First Division, leaving the island for a corps of the Indian army. He spoke of his connection with the Canadian corps, and promised that he would, when possible, visit the Dominion, S. S. Spurling, O.B.E., who was present in Ottawa last year when the decision was made to send a deputation to the legislature to oppose the bill at the private bills committee.

Trustee Wemp moved that a new Jarvis Collegiate Institute building be commenced at once on the present site and the \$24,000 received from the sale of the Blois street site be used for this purpose. The motion was sent to the property committee.

Trustee Wemp gave notice of motion to restrict appointments to the teaching staff to persons who hold a religious faith essentially British.

#### Two Trustees Indisposed.

Regret was expressed at the illness of Trustee Hamby, who was granted a three-months' leave of absence. A motion of regret was also adopted at the nervous breakdown of Trustee McGroves, chairman of the management committee.

### GIVES REASON FOR HIS RESIGNATION

#### Importance Grand Trunk Arbitration Actuated Sir T. White Making Decision.

Montreal, April 7.—The importance of the work of the Grand Trunk arbitration board was the reason for the resignation of Sir Thomas White, arbitrator for the Dominion government, of his seat in parliament as representative of Leeds, Ont., Sir Thomas explained that his work as arbitrator had turned out to be much more extensive than seemed probable to him at the time he accepted the appointment. Under the circumstances, he felt that, having regard to the spirit of the senate and house of commons act as to the independence of members of parliament, it would not be reasonable that legislation should be sought providing against his disqualification.

### INTERESTS GRANGERS IN CANADIAN ROUTE

Quebec, April 7.—(By Canadian Press)—Brigadier General T. R. Tremblay, of the Quebec Harbor Commission, returned today from Western Canada, where he had gone to interview grain growers in shipments via the port of Quebec and to make known to them the advantages of using the Transcontinental Railway. In an interview Brigadier Tremblay said he was very well pleased with his trip. The people of the west were very much surprised to learn that the port of Quebec was a government port, as their impression had always been that it was merely a city port. They were very much interested in the facilities offered by the Transcontinental railway for the shipment of grain, and thought that there should be a change of policy to prevent the diversion of the grain traffic.

#### Appoint George R. Rideout

#### Temperance Act Inspector

Sydney, N. S., April 7.—After the bitter verbal battle in the history of Sydney City Council, George R. Rideout, of Moncton, former chief inspector of Dominion police in the Maritime provinces, was tonight appointed Nova Scotia temperance act inspector at a salary of \$225 per month. The appointment was made as the result of a demand by the Social Service Council for a clean-up of

### MAY NOT CONSIDER UNIVERSITY'S NEEDS

#### Report of Royal Commission on Finances Likely to Be Shelved.

The chances are that the government will not deal with the report of the royal commission on university finances this session. The commissioner's report calls for \$2,225,000 to be spent on Toronto, Queen's and Western Universities. The requests of the three institutions amounted to eight and a quarter millions. The commission pared this down as far as they considered it possible.

The university authorities are very much up in the air about the matter. Increased accommodation and staff are virtual necessities, unless Varsity is to retrograde, instead of continuing its forward march.

But the biggest consideration at present is the prospect of losing the splendid gift of \$1,000,000 from the Rockefeller foundation for extension of the medical faculty.

#### Minister Favorable.

Hon. R. H. Grant is known to favor the adoption of the commissioner's report, and Sir Robert Falconer is making all possible representations to the government for a reconsideration of the university act at this session of the legislature.

#### Says Drury is Right.

Gordon Waldron, B.A., barrister, and prominent in the C.F.O., says that "if Drury keeps on like that (not accepting the commission report) he will sweep the country. We can live without Rockefeller money. Damn the imprudent intolerance of this city anyway. I know of nothing more scandalous than the political effort of the university clique to intimidate the government on this matter. The country is over-stocked with professional men. Somebody has to go to the land. Take the School of Science. There are not enough jobs for all the graduates. Not more than 11 per cent. stick to it after they graduate. Medical graduates won't go out into the rural districts, which are not now served. They have been used to city life, to smoking cigarettes and putting on Shakespeare plays at Hart House, and their dream is to stay in the city and become a lecturer at Varsity or a specialist in some line."

### AMEND NOVA SCOTIA TEMPERANCE ACT

Halifax, N. S., April 7.—In the legislature today, Hon. O. T. Lantula, introduced a bill to amend the Nova Scotia temperance act. The main object of this bill is to straighten out a number of clauses of the act as it now stands. One amendment proposes to increase the amount of liquor given on a prescription from twelve to twenty-four ounces. Another clause deals with the sale of flavoring extracts, making it legal for merchants to handle them within limited packages. Penalties for infractions of the act will also be increased.

### REDUCE WAGES AND TRAIN SERVICES

#### Only Way Towards Freight Rate Reduction, Declares Hon. F. B. Carvell.

Vancouver, April 7.—Only by dispensing with unsatisfactory train services and by reducing wages, can freight rates be brought down, Hon. F. B. Carvell, chairman of the Dominion Railway Commission, declared in an address today to the members of the Kiwanis Club.

"We have built too many railways," Mr. Carvell declared. "There is too much duplication of services. There must be a cut down, but the problem is where to begin. The country must make its mind up to the fact that some services must be foregone, if rates are ever to come down," he said.

#### Reduce Wages.

"Next to unsatisfactory train services, the greatest factor in maintaining higher rates are the wages, which have to be paid as the result of the McCord and Chicago Wage Awards," Mr. Carvell declared. "If the public is willing to have these things, then there can be no decrease in rates. Not only this, but I have no hesitancy in saying that rates will have to go higher yet," he continued.

### GREECE CELEBRATES CENTENARY OF FREEDOM

Athens, April 7.—Greece today celebrated the hundredth anniversary of her freedom from the Turkish yoke there being a grand street parade and many mass meetings at which patriotic speeches were delivered.

#### Hungarian Ministry Resigned.

Budapest, April 7.—The ministry of Count Teleky has resigned. The collapse, it is understood, was brought about by the firm attitude of the small farmers against the legitimists' insistence upon an anti-Karllet government.

#### Baltimore Threatened BY LUMBER YARD FIRE

Baltimore, April 8.—Fire which broke out shortly before two o'clock this morning swept the lumber yard and plant of the Joseph Thomas and Son Company, in South Baltimore, and threatens many industrial properties in that section.

All fire apparatus in the city has been called out.

### SENATE DISCUSSES RAILWAY PROBLEMS

#### Casgrain Declares Amount Involved Exceeds Canada's Outlay in War.

Ottawa, April 7.—(Can. Press)—Canada's railway problem was discussed in the senate today by Senator J. P. B. Casgrain, who declared that the amount involved by the problem exceeded the total expenditure of the Dominion in the war. The losses sustained by the national railways exclusive of the Grand Trunk, amounted to five thousand dollars for every running mile, or one dollar for every foot of track for the year. This, too, simply took account of the figures supplied by the government, but he believed that the deficit was much larger than admitted. How such losses could be sustained was beyond his comprehension.

#### Lose \$5,000 a Mile.

How did it come that, while the National Railways were losing five thousand dollars a mile, the C.P.R. was practically earning that amount per mile? Despite the fact that state operation had failed everywhere, despite the fact that Canada had the example of the intercolonial to deter her, it was now proposed that she should add thousands of more miles to the government-owned system.

#### Momentous Question.

The problem was far more momentous than the forthcoming conference of premiers in London, and Premier Meighen, instead of going over to Europe to settle the affairs of the empire and the world, would be well advised to stay at home and try to set his own house in order. In 1896 Sir Wilfrid Laurier had gone to an imperial conference, and the result was that Canada had to give the British preference. If the British could succeed so well with Laurier, what was likely to happen to an imperialist like Premier Meighen?

In conclusion, Senator Casgrain said that, surveying what facts were available, he could only conclude that there was a leakage somewhere in the national lines, and he urged that there be an investigation.

#### BALTIMORE THREATENED BY LUMBER YARD FIRE

Baltimore, April 8.—Fire which broke out shortly before two o'clock this morning swept the lumber yard and plant of the Joseph Thomas and Son Company, in South Baltimore, and threatens many industrial properties in that section.

All fire apparatus in the city has been called out.

# THE EVILS OF PROHIBITION

Before deciding in favor of Prohibition let every resident of the Province take stock of the results of similar enactments in other countries and provinces and then consider whether a Prohibitionist Ontario would be a desirable place to live in.

Look at Russia

Look at United States

Look at Other Provinces

Before deciding in favor of Prohibition let every resident of the Province take stock of the results of similar enactments in other countries and provinces and then consider whether a Prohibitionist Ontario would be a desirable place to live in.

Was Russia not a Paradise before it poured its Vodka into the Neva as compared with the conditions that prevail to-day? The "Little Giant" of organized labor in America, Sam Gompers, says: "I believe that Bolshevism in Russia began in Prohibition!"

The United States, after two years vainly attempting to become bone-dry, now realizes that its Prohibition blunder has invaded and upset the habits of the nation, and threatens to wreck its social and economic fabric.

In those provinces of the Dominion where, by a minority vote Prohibition was recently foisted on the people, the rumblings of discontent can already be distinctly heard.

Throughout this continent wherever so-called total prohibition has gone into effect, liquor is still readily obtainable—at a price. Illicit manufacture and bootlegging is rampant, the use of poisonous drugs is increasing daily and crime and unrest prevails.

## A SANE TEMPERANCE MEASURE NEEDED

Ontario is about to choose between these evils and the safer, saner policy of Government Control, which assures the wisest regulation of liquor—its importation, sale and use.

## Through Government Control, Temperance can be attained without violating the personal rights of the people.

The Citizen's Liberty League, which stands for moderation in all things, headed by some of the ablest public-spirited men of Ontario, is fighting in your interests for Government Control.

You are urged to help by voting "NO" in the Referendum and by signing the ONTARIO TEMPERANCE MEMORIAL for Government Control.

### Comprehensive Service

THIS Bank does not aim merely at handling your account. We want to serve patrons to our utmost ability. And that includes every banking service from courteous attention and safeguarding of your money to placing at your disposal our intimate knowledge of financial markets and our experience in Commercial affairs—invaluable when investment is contemplated.

### Today---A Day of Many Possibilities to the Thrifty Ones

#### Light Your Home Artistically

Electric lighting in the home has a decorative function to perform and should be harmoniously related to the furnishing and use of the room to be illuminated. It is surprising how many people will exercise the greatest care in the choice of furniture, carpets, hangings and decorations for the home, and remain indifferent to the decorative and expressive possibilities of artificial illumination.

It should not be a difficult problem to plan a system of central and artistic lighting for every room in the home, when such lovely and exclusive fixtures are to be had as are now in our Electrical Fixture Department. Some beautiful imported ones have just been set up in our showrooms that are lighting masterpieces. Most graceful is a finely wrought metal and crystal chandelier of Adam design for a living-room. The ribbon-like bands of silver finished metal are delicately intertwined, the ends terminating in flower-like cups that hold the five lights, while the long slender crystals reflect an additional radiance.

A charming companion piece to the above for a dining-room is in candleabra type of chandelier with six lights. Crystal festoons and crystal prisms are effectively combined with the silver finished metal. Colorful parchment shades or dainty silk ones may be used to diffuse a mellow light.

Another handsome candleabra fixture for a dining-room is a reproduction of old Sheffield plate in tarnished silver finish. It has a long, fluted body, the slender, curving branches holding six lights.

Particularly beautiful and dainty is a Colonial silver fixture with crystal body adorned with crystal pendants and balls. The five lights insuring plenty of illumination. Then, there are some excellent adaptations of early Italian metal work of the fifteenth century. A circular shower of five lights is in polychrome and rusty gold. The lights seem to arise from long, frond-like leaves of gold and little upstanding flowers colored in soft old blues or reds.

All manner of lantern effects for halls and stairways are included in these handsome imported fixtures.

#### Extraordinary! 2000 Yards of Fine Imported White Dress Voiles at 39c Yd.

The quality is fine, suitable for the best of summer frocks and waists, while the price is low enough to suggest its use for curtains. An imported quality, made of hard twisted yarns, finely woven, with a beautiful soft finish. 40 inches wide. Don't miss the opportunity.

Main Floor.

#### Women's French and American Model Dresses

A Very Special Value at \$55

Two groups of very smart gowns for Spring wear, each representing very unusual value.

**The French Models** are mostly in the small sizes, 34 to 38, with all the distinctiveness of design and material usually theirs. In Serge, Satin and Georgette and Tricotine, mostly in Navy and Black, all from world-famous designers.

**The American Models** are specially designed for the large figure. Made of fine Navy Tricotine, with dainty vestees, broad sashes of crepe de chine or satin and broad belts of self material. The skirts are circular and finished with deep bands of embroidery in Grey, Henna or Black. Sizes 36 to 42.

Second Floor.

#### Twenty-One Floor Lamps, Clearing Today, \$29.50

The chance to buy a handsome Floor Lamp for the Living-room at about half the regular value comes today when this collection of 21 lamps goes on sale in our Electrical Department. Lamp and Shade complete at the price.

The Stands, which are in Mahogany or Walnut finish, are 5 feet 6 inches high, and are fitted with our special two-light rigid cluster. Two pull chain sockets, which can be adjusted to any angle, complete the stand.

The 24-Inch Silk Shades are in two designs—the first is "Dome" shape with floral insert in alternating panels, and the second in a very attractive shape with plain silk panels alternating with shirred or fanned panels. Colors of Rose, Gold or Blue with trimming of shell fringe or galoon. Ordinarily, such lamps as these would cost about \$50, but through a special arrangement with certain makers, we got twenty-one to sell at about half that figure. Be on hand at 3.30 today.

Fourth Floor.

#### Sample Bags and Purses

Regularly \$10 and \$12 for \$5

They are a manufacturer's sample line with all the fineness of material, newness and variety of style, and care in finish which that implies, and they are marked at half price and less for today.

Window Display

Shopping Bags, Swagger Bags, Envelope Purses, Party Boxes, and Men's Fitted Dressing Cases. A number of the purses are complete with vanity fittings. All are silk or leather lined. Made of Patent Leather, Seal, Walrus, or Crepe Leather.

WILL HOLD RALLY IN NEW CITADEL

Salvation Army to Commemorate Gen. Booth's Memory in Chester Edifice.

The new Chester citadel of the Salvation Army under the capable charge of Adjutant Frank Hain, was opened just two years ago and since then has marked the beginning of a new day for Chester so far as the Salvation Army is concerned.

Next Sunday the corps will hold special service in the morning in commemoration of the founder, General William Booth. Brigadier J. Southall, from territorial headquarters, will officiate.

In the afternoon a big rally will be held at the Palace Theatre, corner of Pope and Danforth avenues, when Brigadier Southall will deliver a special address on the social and missionary activities of the Salvation Army, and will make special reference to the self-denial campaign. Chester band and the male choir will render special musical numbers, including the Halle-lu Chorus.

W. A. Summers, president of Danforth Business Men's Association, will preside.

ON WITH VIADUCT, SAY RATEPAYERS

Ward Eight Association Ask Federal Government to Speed Up Work.

"Viaduct Night" was held last evening under the auspices of Ward Eight Ratepayers' Association in St. John's Parish Hall, Norway, when Mayor T. L. Church, Controller Alf Maguire and other prominent speakers addressed the large meeting on the viaduct question and the importance of starting the work immediately.

It was unanimously resolved to request the federal government to issue a mandate for the prompt erection of the viaduct. A copy of the resolution will also be forwarded to the Dominion railway board.

KENTISH ASSOCIATION HOLD CRIBbage CONTEST

The regular meeting of the Kentish Association was held in Playter's Hall, recently, when a cribbage tournament was held after the business proceedings. J. Saunders, president, occupied the chair.

WITHROW PARK CLUB HOLD EUCHE and DANCE

Withrow Park Lawn Bowling and Social Club held a delightful dance and euchre drive in Playter's Hall, Danforth avenue, when a very large attendance of members and friends were present. A feature of the evening was the old country dancing. Prizes were awarded in the euchre contest and an enjoyable time was spent. P. Shaw, president, D. Montague, secretary, and an able entertainment committee supervised the proceedings.

HUMBER BAY CANOEISTS START SEASON EARLY

The fine weather of the past few days brought out a large number of canoeists on the Humber River. On Wednesday particularly the scene on the river was like that generally associated with mid-summer. This is the earliest opening of the season for many years.

To Beautify Grounds Of the Mimico Library

Charles Price-Green, chairman of Mimico public library board, has decided upon commencing work at once on beautifying the grounds of the library. The space at the rear is already being cleared of rubbish and before the advent of summer it is planned to erect a light fence around the grounds, plant trees, and put the lawn in perfect condition. It is also part of the program to build a cement approach to the library steps.

THE WEATHER

Meteorological Office, Toronto, April 7. (8 p.m.)—The eastern high pressure is now passing to the Atlantic and the barometer is falling in the St. Lawrence valley and along the Atlantic. The weather today has been cold in Quebec and the Maritimes Provinces, and also in the west, while in most parts of Ontario it has been as warm as it was yesterday.

Table with 4 columns: Time, Ther., Bar., Wind. Rows include 8 a.m., 12 noon, 2 p.m., 8 p.m., Average, and lowest.

Table with 2 columns: Steamship, From. Rows include Algonquin, New York, Glasgow, and Liverpool.

YORK COUNTY AND SUBURBAN NEWS

VALUE OF MILK AS A WHOLESOME FOOD

Dr. J. W. Robertson Tells of Its Nutritive Properties—Other News.

EARLSCOURT

"Nutrition" was the topic of Dr. J. W. Robertson's address last night in Earlscourt public school. The meeting, which was open to the public, was held under the auspices of Earlscourt G.W.V.A. and C. Johns, the president, occupied the chair.

Speaking briefly of the old-time crusades, in which the crusaders were inspired by their passions for righteous, just, and honorable standards, Dr. Robertson led up to the present milk campaign, which he called the "Crusade for Good Health." "By this crusade," he said, "we shall know more of health, especially public health." The war has brought many revelations, some important ones, being the worth and ability of the common man; the fact that the commonplace needs our care and above all the necessity of creating good health by decent, wholesome food.

"Food alone," he continued, "does not determine consequences, but the right kind does, and milk is a food containing all desirable nutritive values, and has no value except as a food." The fact that different nations had their accepted diets from motives of habit and economy was pointed out—catmeal and milk in Scotland; bread and cheese in England; pork and beans in New England, and rice and fish in Japan.

No National Diet in Canada. The speaker further pointed out that Canada was at a loss for a national diet, and he referred to the fact that from the recent medical examination in the schools, from 70 to 77 per cent. of the children were found to be undernourished. "It is the want of interest and knowledge," he stated, "not money that is the cause."

Various details in connection with milk and other foods and their benefit to the human body were explained by Dr. Robertson.

MRS. KERSLAKE VERY ILL

West Hamilton, April 7.—Mrs. Kerslake of Fifth avenue is in the city hospital, having undergone a serious operation. Mrs. Kerslake had an operation several weeks ago. Her condition is very serious.

YORK TOWNSHIP BILL LAID OVER

Committee of Legislature Decline to Reconsider the Measure.

At the private bills committee of the legislature yesterday, an effort was made to have the bill dividing York township reconsidered. The measure had previously been shelved by the committee, and Thomas Urquhart brought it up again, but was not successful in having it dealt with, the members, by a vote of 14 to 12, deciding to postpone consideration until next year.

The committee also threw out the sections of the Kitchener bill dealing with the management of public utilities by one commission, confirmed the bylaw for borrowing the sum of \$37,850 for the purpose of adding the Kitchener-Waterloo Hospital, and ordered the confirmation of debentures clause to be redrafted.

EAST YORK ELECTORS

Come and hear W. J. Penly of Cobalt, lecturer, on No and Yes. First-class entertainment provided for Saturday, April 9th, 8.15 SNELL'S HALL, Gerrard and Main, East Toronto. Further information phone Beach 3418, or 76 Kingston Road, Electoral Agent for Liberty League Committee, East York.

DISCUSS SCHOOL EXTENSION

Self-confessed Slayer of Ellwell Sticks to Tale of Woman Hiring Him and Friend.

Buffalo, N. Y., April 7.—Two hours of questioning tonight by New York newspapermen who had worked on the Ellwell murder story and knew every detail of the case failed to shake the story of Roy Harris, who last night confessed to the local police that he and a companion murdered Joseph B. Ellwell in New York last June.

Except for some minor details, Harris, in response to questioning, described perfectly in Ellwell's home the rooms in which he and William Duncan, hired by a mysterious "Mrs. Fairchild," went to the home of Ellwell and waited there for four hours until their intended victim came home.

Without being fed—that is what your conditions are. It is no use bargaining about this. As have you seen the fundamental principles agreed to—a national wages board and a national pool, then we will talk about the safety men."

When I invited you here I was under the impression that there was a misunderstanding which would be cleared up by open and frank discussion.
