Allies Ready If Bulgaria Strikes

Forces at Dardanelles Available and Can Be Easily Augmented—Greeks Jubilant Over the Mobilization There

Paris, Sept. 25.—The allied chancelleries were not surprised at the action of Bulgaria, according to the Petit Parisien. The Quadruple Entente powers' representatives are said to have been conferring during the last week as to the best means of acting with a maximum of force in the Balkans, as they attached little faith to the declarations of Premier Radeforff.

They now are in a position to strike quickly there should the necessity arise, as there are important reserves at the Dardanelles and they can be augmented quickly.

Premier Venizelos of Greece, the Petit Parisien's Rome correspondent says, has affirmed the necessity for an agreement by Greece, Roumania and Serbia, in order to force the Bulgarian government to consider carefully the possible results before it takes positive action.

Mobilization is under way today and is proceeding quietly. The people are somewhat bewildered by the latest turn of events, not knowing whether it may lead them.

King Constantine, who recently passed through a severe illness, is indisposed, and his conferences with Premier Venizelos have been postponed for a day.

Greek People Pleased

Athens, Sept. 25.—Great relief has been caused throughout Greece by the order calling for the mobilization of the army. The people apparently are glad to exchange the uncertainties of politics for the possibility of war. It is not thought, however, that hostilities will follow immediately, although it is generally believed in unofficial circles at least, that a struggle between Greece and Bulgaria cannot be avoided eventually.

Parliament will be called upon at its session next Wednesday, not only to proclaim martial law but to vote upon declaring a state of siege in Macedonia and other measures the situation may demand. The national bank will advance funds to meet the present needs.

It is reported from Sofia that Bulgarian mobilization is being carried out normally, but without enthusiasm in the army. The people are generally believed in unofficial circles at least, that a struggle between Greece and Bulgaria cannot be avoided eventually.

Without distinction of parties, the press unanimously approves the measures taken by the government in defence of Greece. All Greek seamen have been requisitioned. A mobilization will be immediately established.

Opinion in Rome.

Rome, Sept. 25.—Although it is admitted that Bulgarian mobilization is significant, especially in view of the relations with Serbia, it is thought here that events still may prevent Bulgaria from embarking upon a serious enterprise.

Reports from Bucharest indicate that the Bulgarian mobilization order is considered in Roumania to preclude hostilities. It is said that impressive anti-German manifestations have resulted in the Duke of Mecklenburg-Schwerin, personal representative of Emperor William, hastening his departure for Berlin.

Italian Success.

Rome, Sept. 25.—The following official communication was given out last night: "On the plateau northeast of Sudere the strong position of Monte Coston has been captured by our troops. We secured five officers and 118 men, besides great quantities of ammunition, hand grenades, explosives and other material."

NOW SPEAK OF LOAN EVEN SMALLER THAN THE HALF BILLION

New York, Sept. 25.—Members of the Anglo-French financial commission observed the half holiday today, after a brief session and prepared to leave the city over Sunday.

Before the next full holiday rolls around, it was the general expectation of bankers today, an agreement will have been reached over the details of the proposed loan. Tentative proposals at present fix the maximum at \$500,000,000, with the possibility that the sum may be lower. The interest rate, fixed at five per cent, will be in reality greater, it was said, inasmuch as the notes would be sold slightly below par.

Eight Shot in Street Fight.

ABANDON THAT THIS CONDITION SHOULD EXIST, SAYS JUDGE GRIMMER

Street Railway and City Matter Again Before Court—City Already Has to Pay Costs of Appeal

"This has been going on since September 2," said Judge Grimmer this morning, during the hearing of the case of St. John Railway Company vs. the City of St. John, "and it seems that the matter is just about getting down to practical litigation. It is absurd that this condition of affairs should exist, and there must be, here, some way by which this thing can be stopped and the inconvenience avoided. It seems to me that the parties in control should get together and settle the matter finally. The ones who will suffer in the end will not be the commissioners or the manager of the company, but the citizens, the tax payers. The city already has to pay the costs of appeal, and somebody will have to pay the costs, which will be heavy if this thing goes on."

At the outset F. R. Taylor, K. C., withdrew the application for attachment against Mayor Fink and Commissioner Potts because he said the contempt had been purged as to the restrictive portion of the injunction by the removal of the concrete mixer and pile of stones by Commissioner Potts, upon being served with a summons, and inasmuch as he (Mr. Taylor) had been served by the city solicitor with a notice that the latter would move to vary the mandatory part of the injunction. His Honor said that while the matter would be considered at an end, he did not hesitate in saying that the injunction had been served by the city with utter contempt since the beginning, and no effort had been made by anyone to obey it. This, he said, was not the law of the land; the injunction should have been obeyed had a right to grant it.

Dr. Baxter, K. C., then moved that the mandatory portion of the injunction compelling the city to remove the concrete mixer and pile of stones be dissolved, to which Mr. Taylor consented, and the order was varied accordingly. Mr. Taylor then moved for an injunction to compel the city to remove the mixer and replace the rails, and read affidavits of himself and H. M. Hopper in support of his motion. The judge first gave his opinion that since the original injunction had been dissolved, a motion could be made for a new one, upon being served.

His Honor here said that Commissioner Potts, by placing the concrete in the track action hurriedly during the night created a condition of affairs, which should not exist.

The informal talk on the matter of settlement here switched into a legal argument on the merits of the motion and affidavits.

The affidavits were of a very interesting nature. Mr. Hopper referred to a conversation between the chief justice and the city solicitor, in which Judge McLeod informed Dr. Baxter, as to the meaning of his judgment. Mr. Potts, in his affidavit, stated that he had completed arrangements for the reception of wounded soldiers who will arrive in Canada after the St. Lawrence closes.

Mr. Scammell said that convalescent homes have been provided in each of the military hospitals, commission and honorary secretary of the Canadian Peace Centenary Association is in the city to that while the arrival of the wounded soldiers would be a great help, but the Canadian authorities have been advised that, beginning next week, parties numbering about 300 will be sent out each week for at least the next two months, most of the worst cases of hospital.

So far the arrivals have not included many men who need such a home, but the Canadian authorities have been advised that, beginning next week, parties numbering about 300 will be sent out each week for at least the next two months, most of the worst cases of hospital.

In this respect we have ready for me the residence in Sydney placed at the disposal of the commission by Mr. Potts, who furnished it and fitted it completely, undertaking all the expense in connection with it. In St. John the same has been accepted for use as a convalescent home. Mr. Scammell said this morning that it would not be used until required and he does not believe this would be; it might be three or four weeks or as many months.

When the time comes that it will be required it will be fitted up and Mr. Scammell said that this might be left in the hands of Dr. Weber, who is a member of the commission. In other places the citizens have aided in equipping and making materials and taking the men out for stings in motor cars. "And from what I know of the ladies of St. John and the assurances of support which they have given I am sure the men will not suffer from lack of attention on their part."

Regarding the plans of the Peace Centenary Association Mr. Scammell said the association is continuing to progress well, and that he hoped to be able to have united celebrations of the centenary of peace combined with the celebration of victory, in both of which, Mr. Scammell was sure our American friends would join heartily.

On Tuesday there will be a special convocation of the University of Toronto in which honorary degrees will be conferred upon six distinguished gentlemen from the United States who have aided in the peace centenary movement. They are: Hon. Joseph H. Choate, an eminent jurist; Hon. Alton Parker, a former candidate for the presidency; W. B. Howland, editor of the Independent; William Church Osborne; John A. Stewart, chairman of the United States Association; and Dr. Nicholas Murray Butler, president of Columbia University.

Russians Turn German Guns Upon Themselves

Artillery Captured in Fight and at Once Used Against Enemy—Several Successes Are Reported

Petrograd, Sept. 25.—The War Office yesterday announced that German aviators appeared on the Gulf of Riga, but were driven off. Fighting continues in the Drinsk region. The enemy is making furious attacks. A desperate battle is progressing near Novo Alexandrovsky, on both sides of the Drinsk river and the passes in the Driviaty and Obolo Lakes region also are the scenes of violent engagements. Russian troops have dislodged the enemy from Vileika.

"In this region we have captured eight German guns, including four howitzers. Our captures also include nine artillery ammunition wagons and seven machine guns. The guns taken were turned up on the enemy and put an armed motor car to flight.

The fighting is especially fierce near the village of Sobotnik, on the Gavia, where the enemy has succeeded in crossing the east bank, and in the district southeast of Moledecho, where the enemy was repulsed and with great losses retreated."

"South of the town of Barnovitchi, enemy advance guards attacked the river Myzichala and the right bank of an affluent of the St. Charn. On the right bank the Germans were beaten and fled and Logichin was reconquered by us. Part of the enemy's artillery park was captured by our cavalry.

"Near Donbry and Malino, east of Logichin, the Germans inflicted heavy losses. South of the Pripet River, the enemy was dislodged from the villages of Gorynitshi and Voyl, on the lower Stokhod and driven back from the river Veseluhaha."

Turks Exterminating The Armenian People

Decoy Them to Desert by Train Loads and Leave Them to Attacks by the Kurds or to Starvation

London, Sept. 25.—"The Turks are gradually but effectively exterminating the Armenian people," asserts the Damascus correspondent of the Times. "The method is to send from each Armenian village day by day as many persons as a train can carry. When they arrive at Kaniash or some adjacent station, they are turned out and an escort supplied by the Taurus mountains."

"Once on the other side, they are supplied with enough food for a few days, and told to continue their journey to the neighborhood of Mosul, as they will be in perfect safety, but in point of fact the region is nothing but a desert, and before many hours wandering bands of Kurds or Bedouins rob and pillage these helpless men, women and children, so that those who are not actually slain die of hunger or thirst. Not one ever reached the intended destination, and should any try to escape in another direction, Turkish shepherds have orders to shoot them on sight."

AMERICAN ON A TORPEDO LINER MISSING

Chancellor Was Sunk After Being Chased Seventy Eight Miles by a Submarine

London, Sept. 25.—The Harrison liner Chancellor was sent to the bottom by a German submarine after a chase of seventy-eight miles towards Liverpool. Part of the crew is reported missing, among them G. W. King of New Orleans, an American, who was assistant Marconi operator on the liner. The captain and thirty-two members of the crew have been landed at Queenstown, and eleven others at Kinsale.

The vessel tried to make her escape after being hailed by the submarine, according to news received here, and was chased by the undersea boat. After a seventy-eight mile chase the captain saw that escape was impossible and stopped his ship.

He and his crew were given ten minutes to take to the boats and the ship was then sent to the bottom.

The men in the boats suffered terribly. A cold wind and lashing rain swept them all night, and they had no food to eat or drink until picked up this morning. Other rescue vessels are searching for the missing men.

BAHAMAS TO FURNISH A CORPS OF FIGHTERS

Ottawa, Sept. 25.—There is to be no further recruiting from the Bahamas. The islands are raising a contingent of their own. Their original offer to do so was not accepted by the war office, because of lack of training, and many came to Canada and joined here. The formation of a corps in the Bahamas has now been authorized.

CHAMPION SHOT OF EMPIRE KILLED

Lieut. Ommundsen, King's Prize Man, Reported Dead in Flanders

London, Sept. 25.—Lieut. A. N. V. H. Ommundsen of Edinburgh, Scotland, champion shot of the British Empire, is reported to have been killed while fighting in Flanders. He was a winner of the chief prizes at Blaisy, including the King's Prize, which he took in 1901.

Germans Have Lost Forty Zeppelins

London, Sept. 25.—A Geneva despatch to the Daily Express says: "It is learned from reliable sources in Friedrichshafen, that the German headquarters staff admits the loss of thirty-eight Zeppelins and nine Parseval airships since the war began up to August 1, 1915. Since that date, a further report states two Zeppelins and one Parseval are missing."

"The majority of the airships were brought down by the allies' aerial guns, and the rest suffered accidents while landing."

E. H. Scammell of Ottawa, secretary of the military hospitals commission and honorary secretary of the Canadian Peace Centenary Association is in the city to that while the arrival of the wounded soldiers would be a great help, but the Canadian authorities have been advised that, beginning next week, parties numbering about 300 will be sent out each week for at least the next two months, most of the worst cases of hospital.

HUNGARIANS TIRED OF IT

Desert En Masse Rather Than Face Italians

WOMEN DIG IN TRENCHES

Czech Regiment From Poland Desert to Russians With Arms and Equipment—Others Are Shot as They Try to Leave

Milan, Sept. 25.—The corriere Della Sera learns from Bucharest that the Hungarians are greatly demoralized by the Italian campaign. New recruits are deserting en masse, rather than go to the Italian front.

Roumanians and Austrians are being sent to their front. The last two Roumanian regiments sent to Carso suffered enormous losses. Their women are now being employed in trench digging.

On the Roumanian front, two entire Czech regiments from Poland recently passed to the Russian camp with their arms and equipment. A Bohemian regiment on the Russian front, attacked with bayonets its own vanguard composed of Honorary companies, in an attempt to pass over to the Russian camp, but was surrounded and dispersed. All of the officers and twenty per cent. of the men were shot.

Watch and Address Presented Today to J. I. Anderson. The offices of the Atlantic Sugar Refineries, Ltd., were the scene of an interesting event this morning when one of the members of the office staff, J. I. Anderson, was honored on leaving to take up arms for his country. He has enlisted for overseas service with an artillery unit, and his associates today presented to him a handsome wrist watch. The presentation was made by J. E. McCarthy, purchasing agent, in behalf of the staff. It was accompanied by the following address:

What Do You Know About A Watch? You know an accurate watch is a good thing to own. There can be no argument about that. But accuracy in a watch depends on many things. When the salesman speaks of escapement, jewels, compensation, balance, Breguet hairspring, isochronism, or speaks technically of any of the 150 or more parts of a watch, isn't it all Greek to you? Many of the same words which describe a fine watch can be used truthfully in talking of a poor one. Sharpe deals in Howard, Waltham, Hamilton and DeLia watches because many years of experience in selling and caring for watches makes us believe they are the most satisfactory watches manufactured for men and women. We always have an excellent assortment, including the newest models. Prices are as low as you can buy equal quality for anywhere.

THE CAKE WILL COME TO ST. JOHN The drawing for a cake in aid of the Patriotic Fund, in Fredericton, was conducted at the exhibition last night by Lady Ashburnham and Mayor Mitchell. It was won by ticket No. 176, which is believed to be held by a St. John lady.

NEEDLESS ALARM The fire department were given a needless run this morning when an alarm was sent in from box 412 at the corner of City Road and Gilbert's Lane. A man saw something burning on the roof of a house and running up to Policeman Gill told him there was a fire and asked him to send in an alarm. Sergeant Smith happened along and he and Policeman Gill hurried to the scene of the supposed fire. When they arrived there they tried to locate any blaze and were informed that a rag had been burning on the top of a house, but a carpenter quickly put the fire out. The fire department could have arrived on the scene but at once returned to their station.

What Do You Know About A Watch? You know an accurate watch is a good thing to own. There can be no argument about that. But accuracy in a watch depends on many things. When the salesman speaks of escapement, jewels, compensation, balance, Breguet hairspring, isochronism, or speaks technically of any of the 150 or more parts of a watch, isn't it all Greek to you? Many of the same words which describe a fine watch can be used truthfully in talking of a poor one. Sharpe deals in Howard, Waltham, Hamilton and DeLia watches because many years of experience in selling and caring for watches makes us believe they are the most satisfactory watches manufactured for men and women. We always have an excellent assortment, including the newest models. Prices are as low as you can buy equal quality for anywhere.

Our Boy is a Buster

So says his mother. It's hard to keep such boys in clothes, or, rather, inside their clothes. Still it's far better to have a good, stout, healthy, romping boy, than to have him sickly and delicate, and always having to pay doctor bills for him.

SOME REMARKS ON RECRUITING

The St. Andrews Beacon, Conservative, has these observations on the recruiting campaign:

But the percentage of enlistments in the maritime provinces is still below that of the western provinces of the Dominion, a condition of affairs that is not at all as it should be.

ST. JOHN, N.B., SEPTEMBER 25, 1915. The St. John Evening Times is printed at 27 and 29 Conventry Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co. Ltd., a company incorporated under the Joint Stock Companies Act.

WHO WILL REPLACE THEM?

The recruiting campaign was emphasized last evening by the honor paid to Private Tippett of Fairville and Major Guthrie of Fredericton. The wounded soldier, both of them sorely crippled, had returned from the front, and the reception tendered them must have had the effect of causing other young men to ask themselves whether they were doing enough in this crisis to give them the right to cheer for men who had made so great a sacrifice for Canada and the Empire.

HOW LONG WILL THE WAR LAST?

The War Against Health is Quickly Ended by "Fruit-a-tives". "East Ship Harbor, N. S. "It is with great pleasure that I write to tell you of the wonderful benefit I have received from taking 'Fruit-a-tives'. For years I was a dreadful sufferer from Constipation and Headaches, and I was miserable in every way. Nothing in the way of medicines seemed to help me. Then I finally tried 'Fruit-a-tives' and the effect was splendid. After taking one box, I feel like a new person and I am deeply thankful to have relief from those sickening Headaches.

THE MACHINE GUNS.

The Standard prints a despatch from Ottawa to the effect that the government will provide each battalion with four machine guns, "which is considered the necessary number," but that four more will be provided for each out of the machine gun fund subscribed by the people, adding that "this will materially increase the fighting strength of the Canadian troops." It will strike the ordinary reader that the government itself should undertake to do everything necessary to increase the fighting strength of the troops, and that providing four machine guns to a battalion should have been provided at the outset. It was because this provision was not made that the public were asked to subscribe funds. Now that it is declared that eight guns are better than four, the government should hereafter provide eight or as many more as is necessary. Despite the Standard's assurance, however, we have still the letter of Sir Sam Hughes, saying that the machine gun fund "subject to military necessity" would be used to provide machine guns. Obviously, if "military necessity" appears to call for some other use of the money it will not be spent to provide machine guns. The phrase in the minister's letter can have no other interpretation. Nor are they supporters of the opposition who have criticized the government's course. The bulletin of the Patriotic Fund, with which H. R. H. the Duke of Connaught, Finance Minister White and Sir Herbert Ames are officially connected, has openly and vigorously protested that the government should provide all the machine guns, and leave the people free to support other funds.

PROMINENT CANADIANS NAMED AS DEBTORS IN LORD STRATHCONA'S WILL

Copy Reaches Toronto For Probate—Estate is Valued at \$28,000,000. (Toronto Star.) The extensive part played by the late Lord Strathcona in the world of Canadian finance is revealed by a copy of the late high commissioner's will which has reached Toronto for probate in the Surrogate Court of Ontario. The gross value of the estate is shown to be approximately \$28,000,000, but of this the amount of property held in Ontario is \$250,000. The applicants for probate are the Baroness of Strathcona and Mount Royal; John William Sterling, attorney of New York; James Carson, writer to the signet of Edinburgh; and Wm. Carson. The death of the late executor has been the cause of the delay. The Canadian assets are extremely large. His real estate in the Dominion is set at \$4,000,000; his holdings in the C. P. R.—19,475 shares—are valued at \$4,110,000, and his 2,777 shares in the Bank of Montreal at \$646,000. Among the many whom the will shows as borrowers from the late peer, are several well known Canadians. Sir George E. Foster is his debtor for \$19,000; the late Sir Richard Cartwright borrowed \$45,000, and W. T. R. Preston, the author of the much-discussed "Life of Lord Strathcona" was at the time of his subject's death, in his debt \$200. The book debts altogether amount to \$200,000. His Ontario stocks include 220 shares in the Bank of Toronto, 50 shares in the Northern Life, 11,000 shares in the Canadian North Western Land Co., 60 shares of Muskoka Lakes Navigation Co., 810 shares in the Globe Printing Co., 500 shares in the Port Arthur and Port William Mortgage Co., and 410 shares in the Ontario Bank.

GERMANIZATION OF AUSTRIA PROGRESSES

Berne, Sept. 25.—The Germanization of Austria continues steadily. The latest development is a congress of municipal representatives of German-speaking Austrian towns, ostensibly for helping the municipalities to adapt themselves to war conditions, but really more for the consolidation of the German-speaking element in the Austrian Empire. Tomorrow the foundation stone will be laid, on the Austro-German frontier, of the so-called Turn der Bundesgenossen, or "Turner, Sealing the Bonds of Fellowship between Germany and Austria-Hungary." Building operations will be begun, it is said, immediately. The lower part of the tower will consist of a memorial hall, the walls of which are to be covered with tablets commemorating the names of soldiers of neighboring towns who have fallen in the war, while the upper portion will take the form of a vast urn in which it is proposed to kindle fire on all German and Austro-Hungarian national festival days. The tower will be more than 400 feet high.

A DISCORDANT NOTE.

Every citizen of St. John, regardless of politics, joined heartily into the welcome extended last evening to Major Guthrie. He deserved such a tribute, and it was not withheld. It remained for the Standard to catch up a remark made by Major Guthrie, and make it the text of a shameful attack upon the Liberal party. Major Guthrie had said, "Thank God for the British navy"—a sentiment in which every Canadian heartily joins. The remark was not original with Major Guthrie. Hon. J. D. Hazen used it the

Stirring Vitaphone Drama at Gem Next Week—New Serials and Old

A story of war, with its many thrills and hardships associated with love, is the feature promised for patrons of the Gem theatre for Monday and Tuesday next, a three reel Broadway all-star masterpiece, entitled "The Confession of Madame Barnastoff." The Vitaphone Co. have talented cast in this piece which presents stirring scenes enacted amid the smoke of many rifles.

The popular "Episodes of Elaine" will be closed next week with "The Coming of the Kingdom," in which Elaine enters into her crown, and the last love scenes are enacted. Another episode, "The Secret Code," in the new Kaleid series comes into view on Wednesday and Thursday, while at every change of bill good lively comedies will be given.

UNDER COVER

Latest New York Success to Be Presented at Opera House

"Under Cover," the play that had a run of twenty-eight weeks in Boston last season and is now playing in New York to crowded houses, will be offered by Klark-Urban Company at the Opera House for four days commencing Monday. This is the first time that a current New York success has been released for stock production and is being paid for the play for production by a stock company for a play.

The story is this—A deputy customs man abroad that a man named Denby has purchased a necklace in Paris for \$200,000 and that an attempt would probably be made to smuggle it to the country. Denby came over with the highly respectable Mrs. Harrington and his equally respectable friend, Monty Vaughn.

Taylor, thereupon, calls in his office, Ethel Cartwright, and her sister Amy, friends of the Harringtons. He traps Amy into a confession that she has stolen some jewels and then, as the price and the necklace in Paris for \$200,000 and that an attempt would probably be made to smuggle it to the country. Denby came over with the highly respectable Mrs. Harrington and his equally respectable friend, Monty Vaughn.

Instead of searching Denby at the dock, Taylor allows him to go through. When Denby and his friend, Monty Vaughn arrive at the Harringtons' they find his men are waiting outside the door. Ethel shall locate the necklace and give them a signal, when they are to rush and arrest Denby.

The necklace is supposed to be in a tobacco pouch that Denby always carried with him. Denby becomes aware of the presence of Taylor and his men and the sudden interest of the latter in his tobacco pouch leads him to suspect her. Suspicion becomes certainty when he finds her in his room examining a table drawer. He locks the door of the room and announces his intention of keeping her there until morning, which threat finally forces her to tell who has set her to spy on him and why. Then he lets her go. But he has levered the curtain of the window and thus given the signal arranged for with Taylor, so the latter climbs in the window and holds up Denby. Denby finally offers Taylor \$200,000 to be allowed to go and Taylor accepts. Denby then forces off a burglar alarm and calls in the members of the family and exposes Taylor as a genuine official of course in the end the mystery of the necklace is explained to everybody's satisfaction.

"Under Cover" is the kind of a play that grips your interest firmly at the very start and holds you in suspense until the last word is spoken. There will be a matinee every day but Monday. For Friday and Saturday of next week the company will repeat the great success, "Within the Law."

AN OPEN LETTER

From a Well Known Methodist Clergyman of Interest to All Who Are Sick.

One of the best known ministers in the Hamilton conference is the Rev. Chas. E. Stafford, of Elora, Ont., who freely admits that he owes his present good health to Dr. Williams' Pink Pills. Mr. Stafford writes as follows: "Some years ago I was severely afflicted for a period of nearly four months. The leading physician in the town in which I was then stationed diagnosed my case as one of complete nervous prostration, brought on by over-work and which superinduced intercostal neuralgia and muscular rheumatism, from which I suffered the most excruciating pain night and day for weeks. So weak and helpless did I become that my attendants had to handle me like an infant, raising me up and laying me down with the greatest care, so intense were my sufferings. Acting on the advice of my doctor, and taking his medicine, I did not seem to improve. One afternoon, while suffering great pain, the editor of the paper published in the town, and who was a member of the church of which I was the pastor, urged me to try Dr. Williams' Pink Pills. I was sceptical as to the medicinal qualities of all proprietary medicines, but on the strong recommendation of the editor, who had great faith in the medicine, I decided to try them. To my great surprise and genuine delight, I soon found that the Pills were giving me relief, and after I had taken seven boxes I was fully restored to health. Dr. Williams' Pink Pills, under God, having made me a new man. Ever since I have been better and stronger physically than I had been for a number of years.

Three years ago, after an active ministry of forty-six years, I asked the Hamilton conference of the Methodist church to grant me superannuation relief, which it did, but for more than two years I have been supplying a charge which necessitates a drive of twenty miles every Sabbath. Today I am strong and hearty, without an ache or pain, and for my present physical condition I am indebted to Dr. Williams' Pink Pills, and can most heartily recommend them to the afflicted."

WHITE PLAGUE PRISONERS OF BELLIGERENT NATIONS SENT TO SWITZERLAND

Geneva, Sept. 25.—Consumptive prisoners to the number of 2,500, will soon arrive from belligerent countries for asylum and treatment in Switzerland under an agreement recently reached between the Swiss government and those of belligerent nations, providing for the care of invalid prisoners under Swiss guard at the expense of the belligerents. The British section of the sick prisoners will be sent to various places in Oberland, the French to Leysin, and the Germans to St. Moritz. ACCEPTS WOLFVILLE CALL. Rev. Nelson Harkness and Mrs. Harkness are on their way east from Vancouver to Wolfville, where Mr. Harkness has accepted appointment to the pastorate of the Baptist church.

STILL SOME GOOD FRUITS

There are yet a few days' grace for those who have not preserved all the fruit they will require for winter's use. The late peaches, Elbertas and Crawford are unsurpassed for preserving. They retain their shape and are more firm than earlier varieties; and this year they are particularly good. The prices of meat are very uncertain and may be even higher than at present. Under these circumstances, it will be in the interests of family economy to put down an extra supply of peaches. With lots of fruit, there is no occasion to worry. It is nutritious, and healthy, especially when served with cream. Even those who have already preserved or canned their usual supply, will be wise to do a few more in this exceptional peach year.

BUILDERS, ATTENTION The slack season in the building trade is approaching. Why not get the foundation of a house laid before cold weather, finish it up during the winter months and have it ready to sell or rent early next spring. This will put you through the slack season very profitably. The easiest time to sell a house is in the spring. Portland Place Offers the best opportunity for building under this plan. Centrally situated with regard to every part of the city, with schools, churches, shops, etc., within one minute's walk, with graded streets and sidewalks, grass plots and shade trees, city water and sewer services, electric light and telephone connection available for all lots. Houses here will sell and rent readily and at good figures. We will quote special terms on lots to Builders and furnish house plans free to enable them to take advantage of this proposition quickly and easily. Come in and talk it over with us. We may be able to offer some helpful suggestions with regard to financing your winter's work. This May Be the Opportunity You Have Been Waiting For Take any Main street car to the Harrison street stop. Less than a minute's walk out Elm street stop on Lansdowne Avenue. WATER WAS BAD. GOT DIARRHOEA.

Change of water, change of diet, catching cold, eating unripe fruit, etc., are all causes of diarrhoea.

The safest and quickest cure for diarrhoea, dysentery, colic, cholera, cholera morbus, cholera infantum and all looseness of the bowels is Dr. Fowler's Extract of Wild Strawberry.

Mr. W. J. Quinn, Shelburne, Ont., writes: "About two years ago I was out in the West for harvest. The water out there was so bad that I took diarrhoea, and became so bad I was not able to work. I procured a bottle of Dr. Fowler's Extract of Wild Strawberry, and when I had taken half of the bottle the diarrhoea stopped, and by the time I had taken the entire bottle I was able to resume work. I sincerely recommend it to all those troubled as I was."

There are a great many imitations of "Dr. Fowler's" on the market, so see you get "Dr. Fowler's" when you ask for it.

The diarrhoea remedy that has been on the market for the past 70 years. Manufactured only by The T. McAvity Co. Limited, Toronto, Ont. Price, 35c.

When Teddy, a dog owned by Webb Keyes of Snowshoe, saw his master's horse in danger of injury from an approaching runaway, he grabbed the reins and led the horse into a yard out of danger. The dog shows unusual intelligence or ability to pick out a particular object or article of clothing, and also to bring home the mail when sent for it.

MONTREAL

The Fifth City in North America

New York, Chicago, Philadelphia, Boston, Montreal. Thus ranks Montreal, the 5th largest city in point of population (over 700,000) in North America, and also the largest city in English speaking portions of the British Dominion beyond the seas. Mount Royal, the magnificent public park, than which no city in the world has a superior, never presents so beautiful an appearance as in its autumn tints.

The Canadian Metropolis with its immense stores, theatres, concert halls and other places of amusement in full swing is particularly attractive at this season of the year.

Special excursion fares on Government Railways will be in effect Sept. 30, Oct. 1 and 2, good for return until Oct. 18. The fare from Halifax to Montreal and return on these dates will be \$19.45, and proportionately low rates will prevail from all points in the Maritime Provinces. With the excellent accommodation on the two through express trains, the Ocean Limited and Maritime Express, passengers from the Maritime Provinces are assured of an enjoyable fall holiday.

Hot Curling Iron Gears

—No More Broken Hair (Beauty's Mirror)

Every woman knows that continual use of the hot curling iron means brittle, blasted, parched, dead-looking hair with burnt, uneven ends. There's no need of anyone using that instrument of torture, now that we know what can be accomplished by the occasional application of ordinary liquid siltmerine. This is not only more effective, giving the hair a softer and most lasting curl, but tends to promote its health, lustre and beauty. Any drugist can supply siltmerine in liquid form, and a few ounces will last many months, so it is quite economical to use.

The approved way is to part the hair in sections and with a clean tooth brush apply the liquid the full length of each strand. The over-night transformation is agreeably surprising to one who has never tried this simple and harmless method.

CALL IS HEARD ALL OVER CITY

Five Recruiting Meetings Stir The Citizens - More Than Thirty Offer - Major Guthrie Welcomed

With four big recruiting meetings in progress simultaneously last night, with returned heroes from the zone of war being honored by admiring throngs, and with stirring and patriotic appeals for others to go forth to battle for the honor of King and country, great numbers of St. John people were roused to the highest enthusiasm and the result is expected to be a decided increase in the number of recruits offering for service today and in the near future.

The recruiting meetings planned for King Square Fairville, North End and Haymarket Square were successfully conducted, but that arranged for West St. John was merged with the one in Fairville, where a fitting and flattering reception was accorded "Bud" Tippett, the "hero of the hour".

Special interest centered in the meeting in King Square because of the fact that Major Percy A. Guthrie, of Fredericton, whose name has been most prominent in some of the more thrilling stories of the empire's battle, was on the platform, who arrived on the 5.30 train and was escorted to the square where he was tendered an ovation. It was warm and touching welcome that was accorded him by those who thronged the square and nearby vantage ground.

Nine men were enrolled after the King Square meeting, while some twenty others expressed their intention of joining at the other meetings. These will likely do so today. Those who signed the honor roll and were accepted last night were:

Clarence Cameron, St. John; Percy Akersley, St. John; Arthur McDonald, St. John; James Davies, England; Nesario Bernardini, St. John; John A. Kierstead, St. John; Wasy Lewardnick, Russia; Arthur Ingalls, Grand Manan; John Cunningham, County Down, Ireland.

The speakers at the central meeting at which Richard O'Brien presided, were Rev. Gordon Dickie, Miles E. Agar, Corporal George Griffin, and Major Guthrie. Rev. Mr. Dickie gave a splendid address in which he emphasized the need for men; Mr. Agar described conditions in England, and the feeling towards Canada as a faithful daughter who was helping a loving mother; Corp. Griffin as a soldier, made a soldier's appeal for more men; and Major Guthrie gave a brief speech expressing thanks and appreciation for the reception accorded him.

The presence of Major Guthrie at the meeting gave it additional interest. He had been met on the arrival of himself and his wife at the Union Depot by hundreds of citizens, headed by the civic committee of which Major Frink and E. A. Schofield were the spokesmen. A guard of honor from the Boy Scouts was drawn up as an escort. A procession made up of scores of motor cars, formed in his honor, headed by the Temple Band, Carleton Cornet and Garrison Artillery Bife and Drum Band. Cheers greeted the gallant officer at every point along the route to the square and before and after his address, at the close of which he was escorted to the Royal Hotel, where again large crowds assembled and bade him good night with deafening hurrahs.

Fairville Meeting There was no doubting the sincerity of the welcome given "Bud" Tippett by the people of Fairville, and indeed scores from the city and from West St. John. The rally in his honor was held on the school grounds which had been splendidly illuminated. Music was given by the Carleton Cornet band. W. E. Earle presided at the meeting which followed a lengthy procession in which all classes joined to acclaim the returned soldier who had so heroically proved his mettle in the trenches of Flanders. It was a demonstration long to be remembered and every moment of it breathed the intense recognition of his kinsfolk and neighbors for the worth of Private Tippett.

"Ladies and gentlemen," he said in a quick sharp tone that in no way suggested the invalid, "I am glad to be back in the old city of St. John. Though I have on many occasions looked into the faces of the people of St. John, I do not know that I ever felt so much difference in speaking to them. I can only say that I appreciated very much the welcome you have given me. I assure you it has been a pleasure to me to stand beside the grand soldiers of Canada in the bloody battlefields of Flanders and to see the way they have nobly stood, bled and died. In the second battle of Ypres the boys of this province and of the dominion wrote the name 'Canada' prominently across the page of history. (Applause.) There may be another occasion on which I may speak to you, perhaps on the conduct of the war and other matters, but for the present I shall confine myself to thanking you very much for the very kind welcome you have given me." (Loud cheers.)

"Bud" Tippett's Address. "Bud" Tippett himself said that while he might have been at first stirred to some extent by a spirit of adventure and a desire to see the world, he soon found there was serious work to be done, and that if the people of the smaller nations of the world were to be free to enjoy the fruits of their labors in peace Germany must be crushed. He reminded his hearers that even then our lads were in the trenches fighting for us, and he was sure if the young men of Fairville fully realized the situation more and more of them would enlist. A detail of boy scouts marched in the procession and later did duty as guard at the speakers' stand. The accents were highly commended for their appearance, discipline and good work.

Haymarket Square Fully a thousand people were assembled in Haymarket Square at the rally addressed by D. Mullin, K. C., and Commissioner Potts. H. H. McLellan presided and concertina selections were given by Wm. Evans. The addresses were well received, and at the close seven young men gave their names as willing to enlist, while \$15 was collected from the gathering for the Patriotic Fund.

North End The corner of Simonds street and main never held more interest for the people of St. John than it did last night when a big recruiting meeting was ad-

young men offered to enroll as soldiers. A. M. Rowan presided.

A meeting of the "Pals" platoon was held last night in the board trade rooms, Prince William street. Twenty-five attended and signed the roll, promising to enlist if qualified. Plans were informally discussed and it was decided that the first drill will be held on Monday evening at 8 o'clock at the armory. All who would like to join the platoon are invited to be at the armory at that time. Lieutenant-Colonel Armstrong, Lieutenant-Colonel E. T. Sturdee, and A. H. Wetmore, of the recruiting committee, were present and spoke. They gave the men every encouragement and commended highly their efforts.

At the recruiting meeting held in the board of trade rooms yesterday afternoon, Captain D. Morrison, of Amherst, was present. R. T. Hayes was appointed a committee to secure halls for evening meetings; Colonel Wedderburn was added to the executive.

It was reported that a recruiting meeting was held for twenty minutes at Christmas' mills and that Corporal Burris had spoken. Christmas' has already sent eleven men into the ranks for active service.

DOMINION SECRETARY FOR RETAIL MERCHANTS ASSOCIATION Change in System—Matter of Soldiers' Families and Debts (Toronto Star)

Owing to a decision of the Retail Merchants' Association of Canada to expand their work among the provinces, a permanent secretary has been elected to devote his whole time to the secretaryship of the dominion board.

Mr. Trower, formerly secretary of the Ontario board and of the Toronto branch, Mr. Trower will remain in Toronto, as the head office will be in that city. The chief object in appointing a permanent secretary to give full time to the affairs of the dominion board, is to give closer attention to the various provincial organizations, and to be in a position to give these associations living on matters which arise from time to time.

The work of the association, however, has developed to such an extent that secretaries are now appointed with offices in the various provinces.

At a meeting of the Toronto branch Mr. Trower tendered his resignation as secretary, and a resolution was unanimously adopted expressing appreciation of his work.

W. C. Miller, who has been assistant secretary for the last year, was elected secretary.

Among other important business the following resolutions were unanimously adopted: "That whereas several complaints have been made by our members that they have been unable to collect accounts from persons who have enlisted and whose families are securing more money now than they were receiving before the war, this meeting request the executive to communicate with the minister of militia and lay these facts before him, and inquire how this grievance can be remedied."

"Owing to the fact that a large number of subscription lists are being passed soliciting funds for various purposes in connection with the war, it is the opinion that such movements should receive the endorsement of a committee appointed by the dominion government."

"That in view of the fact that the assessment of the business property in Toronto is increasing, and with it the rate of taxation, and that a large share falls on the shoulders of the retail merchants, all members should take a greater interest in municipal affairs."

MATTERS SUGGESTED BY THE RALLY IN FAIRVILLE

Last evening many complimentary remarks were heard at the patriotic meeting in Fairville concerning the adaptability of the grounds for large, open air gatherings. There must have been fully 2,500 people there and the speakers could be distinctly heard by those even on the outskirts.

The illumination was also commendable and Fairville residents will be glad to learn that an effort is being made to retain the wiring for other occasions. The idea of a band stand has also been revived and it is understood that the councillors are favorable to the suggestion.

Perhaps last evening's turnout will suggest further efforts to arouse young Lancaster in its own locality.

CHILDREN'S PLAYS MARK NEW SEASON IN NEW YORK

Various Items of Stage Interest
For Local Screen and Foot-
light Followers

Plays concerning children and the love of parents appear to be the fashion of the opening season in New York. "Young America," with its leading role played by a dog, was the first of these. A second play about youngsters, which bears a slight resemblance to "Young America," is "Just Boys," though apparently its chances of success are not considered to be quite so strong. The big scene in "Just Boys" occurs in a children's court, and upon that episode the play's popularity will depend. The story tells of a peerless wife and devoted mother, who, neglected by her ambitious young husband, ran away from him—taking her baby with her—in order to make a fortune by music. For eight years her distracted husband, now judge of the children's

master, and wishes to rescue the boy. Meanwhile, the fugitive wife, endowed with every virtue except that of common sense, is reduced to great financial straits, and is glad to get a small job as pianist in a music hall, just as she is about to be thrown into the street for non-payment of rent, in spite of exertions in her behalf by a faithful ex-butler and circus clown. In this crisis her idealized boy, anxious to relieve her distress, is induced by a degenerate acquaintance, one Puffy Dutton, to go on a pigeon-stealing expedition, and is arrested. Of course, he is taken to the court over which his father presides, and presently his identity is established. The general feeling regarding this scene is conveyed by one dramatic writer, who says: "It is on this court scene that the play depends for success. About this there is a considerable amount of realism—interlarded with humorous and sentimental detail—and there can be no question that the situation, although constructed upon a very ancient model, is decidedly effective. Ingenuity, as well as knowledge of existing facts, is shown in the manner by which the judge, in cross-examination, shows that the accused boys are as much smitten against as sinning, convicts the receiver of stolen goods, who is also the merciful landlord, and gradually discovers his child's identity. The way to general reconciliation and a happy curbsome young husband, ran away from him—taking her baby with her—in order to make a fortune by music. For eight years her distracted husband, now judge of the children's

son's well known old play, "Main Le Court," searches in vain for traces of her. He believes—without a little of evidence—that she has eloped with her musician, which still holds its place on the German stage. Adolf Laronge's drama found its way to America in 1878, and was popular for a considerable period, but it will be new to the present generation. The play has to do with father love. Willy Engel is a successful shoe merchant, who has risen from the workman's bench. He has a son and a daughter, and upon the former he showers all his affection, apparently holding the German view that girls do not count. He lavishes all his affection upon the boy, who leaves college and then goes to the bad. When the girl wishes to marry the foreman in her father's factory, she is ordered out of her home. In the end she returns to her father, who is forced to return to his cobbler's bench, earning the money cent by cent to pay his debts. Towards his daughter he becomes reconciled, but he hardens his heart against her husband. Only at the end, when he finds that his son-in-law has put his boy Theodore on his feet again and brought him home, does the reconciliation come, which leaves everybody happy. The play is highly sentimental and emotional. Its chances of success will not be helped by the fact that hyphenated Americans are not the most popular class in the republic at the present moment.

Dustin Farnum (who played in St. John some years ago) under a long term contract to make films exclusively for Pallas Pictures, has journeyed to the coast to start work on Booth Tarkington's "Gentleman From Boston." Farnum's second picture will probably be "Davy Crockett." According to reports plans the third will be "The Call of the Cumberland," from the story by Charles Neville Buck.

Helen Holmes, a former Kalem star in the "Hazards of Helen" railroad series, is very ill with pneumonia, though it is now thought that she is out of danger.

The success of "Strathmore," based on Ouida's novel, prompted the Reliance studio to select for pictorialization several of Ouida's melodramatic stories, and "Tricentia" marks the second of the series to be produced.

Jane Morgan to Halifax

Jane Morgan closed a long and successful engagement as leading woman with the Follies Players, New Haven, Conn., and is returning to Halifax, where she has returned to Halifax with the Academy Players.

Grace Cunard, who has a strong following in St. John, has had to go to the hospital again to undergo another operation. Miss Cunard has never entirely recovered from an injury she received a year ago.

May Hobson, a local favorite, will make her debut in vaudeville with "John Henry" the act which she is now using as a curtain raiser to "The Rejuvenation of Aunt Mary."

Robert Shand Mantell, son of Robert B. Mantell was married to Miss Marton Marsh of Grosbeak Point. Mr. Mantell who has been in the automobile business in Detroit for several years, is a widower. His first wife, who was Miss Mabel Lansing, having died four years ago.

Donald Brian, musical comedy star and one of the most popular players in America, is seen in some of the latest dances in the Paramount photoplay production of the Jesse L. Lasky Feature Play Company entitled "The Voice in the Fog," from the novel of the same name by Harold MacGrath. Mr. Brian more than any other person in America is directly responsible for the widespread dancing "craze" so called, as he was the originator of the "Merry Widow" and became famous overnight.

Kirk-Urban

The third week of the engagement of the Kirk-Urban Co. at the Opera House found them still drawing large houses and sustaining their reputation as a clever body of players. Their presentation of "So Much for So Much" this week added considerably to their laurels and much interest is being displayed

ed by their admirers here in their offering of "Under Cover" one of the biggest stage hits of recent years. It is from the pen of Roi C. Megraw who has won fame and fortune by means of it, further with "My Days to Adventure" and "Under Fire" while his "Potash and Perimeter in Wall Street" his latest play is now in rehearsal.

Billy Sunday Staged.
Billy Sunday has been dramatized. At least the New York critics agree that Billy Holliday, the hero of George M. Cohan's new play, is the famous knickerbocker reformer thinly disguised. The drama, which might be described either as a comedy or a farce, concerns Billy Holliday, who comes to a country town at a large salary as the bartender of a big new hotel. He drops into the barbershop of the old hotel, and there seeks the services of the manicure, daughter of the minister of a prominent church. Dean Granger, son of the chief citizen of the state, appears on the scene, insulted. Then Holliday falls foul of Granger, senior, who has rented his hall for a prohibition and suffrage meeting, and has refused to keep his contract. Holliday takes up the cudgel on behalf of the meeting, attends it and delivers a speech against liquor which makes him famous.

The rest of the play is devoted to accomplishing the downfall of Granger and, incidentally, the success of Holliday in his new career, with which he has combined the sale of a new temperance drink, the play closing with the marriage of Holliday, who has made his new career as reformer a most profitable one, and the minister's daughter. Several reviewers on the daily papers who have fallen under the Cohan spell in recent years speak of the drama as though it were really ideal.

WOMAN WITH \$62,000
DROPS DEAD IN CAR
Jewels Worth \$50,000 and \$12,000 in Cash Sewed to Garments

New York, Sept. 25.—A plainly dressed, middle aged woman, died of heart disease in a street car at the West 80th street police station \$60,000 worth of jewelry and more than \$12,000 in cash had been removed from the lining of her corset. She was Mrs. Annie Masden Vaughan Watson, wife of Henry Winfield Watson, formerly congressman from the 8th Pennsylvania District.

At the police station the body was turned over to the mortification. The coroner's verdict was pinned to the corset various charms, divided into neat partitions, and the remainder of the cash when added totaled \$12,000. There was \$11,800 in bills of jewelry and more than \$12,000 in cash in smaller bills and gold pieces, each wrapped separately. The bills were contained in double silk waterproofed envelopes, about \$1,000 in each. The envelopes bore the address of the Pennsylvania Company, 517 Chestnut street, Philadelphia.

Her husband was discovered through the name on several railway passes. Mrs. H. W. Watson, and that on several cancelled checks for larger amounts on the Pennsylvania Company.

Even greater wealth was revealed by tax receipts for extensive properties in Rio Blanco County, Colorado. Another paper showed that she owned large cattle interests in Colorado.

The nation also found several diamonds, necklaces, earrings, brooches and rings, thirty-four pieces in all. One necklace alone was estimated to be worth \$10,000, and a diamond bar pin \$8,000. Mrs. Watson wore only a simple wedding ring on her finger.

Her husband, who had not heard of her death, asked police aid to find her. He was shown the body and almost collapsed. After he had recovered sufficiently the sergeant asked him if his wife was in the habit of carrying large amounts of money and jewelry around with her. He said she sometimes carried \$1,000 or \$2,000 in bills sewed in the lining of her garments, but when he was informed that she had \$60,000 worth of jewelry and more than \$12,000 in cash he was amazed.

STIRRING DAY'S WORK

—Fellowship of Noble Men of England With Noble Men of Fighting Ranks.

William O'Dell, a returned wounded soldier, tells the St. Stephen Courier of his experience in the trenches. The following is an extract:
In the morning of April 29 they were relieved by the 3rd Battalion, his own company being sent to reinforce two battalions that had suffered severely. Owing to the shell fire of the Germans they could not get far and had to dig themselves. They were driven several times and had to dig in again. The ground was marshy, the trenches shallow, and at night they were lying in water.
After dark they were ordered to proceed to Langemarck, to procure rations for the others. With the rations, they were each given 800 rounds of ammunition to carry back, making a considerable load.
They delivered these safely and were then informed that they would have to dig themselves in across the loop, to connect up the line of communication. As they advanced, parts of the trenches were blown to pieces and the men fell back right and left. They were on a frontage of 500 yards and got their trenches down only about three feet.
Daylight came at four o'clock and with it a German aeroplane appeared overhead and dropped signals showing their position. The artillery opened on them but they held on for three hours, though many were killed or wounded.
They were ordered to retire on the double quick and had to cross an open field for 500 yards, all uphill and with wire entanglements at the top.
O'Dell found himself alone, after a little and started to retire, concluding that it was "no place for a nervous man." He had gone about fifteen yards when he came to a pile of earth where some Germans had been buried and where their rifles were sticking out of the ground, so shallow was the covering thrown over them.
He had to mount this pile, and it was while doing so that he was wounded. One bullet went through both legs, near the ankles and in all he had seven holes in him, but none of them was "serious" as the soldier described them. His clothing was torn almost off him by shrapnel but none of that reached his body.
Anyone who knows his "Bibi" O'Dell, knows that he is not made of the stuff that gives up for trifles, and wounded as he was, he kept on for three miles before he lay down and was on the ground for some time before he was picked up by a relief party. He had done his "bit," done it bravely and well, and gone just as far as he could.
He was first carried to the monastery of Mount Ducat, where his wounds, honorably received, were dressed, and next day he was taken by train to Boulogne. There he spent one night in hospital and next day was sent across the channel in the hospital ship Australian.
Two weeks were spent in hospital at Southampton and then with others he was taken to Lord Portman's magnificent estate, one of many that English gentlemen have placed at the disposal of the wounded soldiers.
Among the noblemen of England there is fellowship and comradeship with the other noble men of the empire who have also done what they could, an example that might be followed by some who would be of the "better class" elsewhere who cannot even be generous in their remarks concerning the boys who have done all that they could.
Here, with eight other wounded Canadians and two wounded Englishmen, Pte. O'Dell lived like a millionaire, receiving every kindness and every possible attention. Here they made and enjoyed the acquaintance of Lord and Lady Fitzmaurice and of Lord and Lady Staffordham, Lord Staffordham being the private secretary to King George, and who, while the soldier boys were there, received word that his only son had been killed in action.
At the end of seven weeks, O'Dell was able to leave and was granted seven days' sick leave, which were spent in London. He returned to headquarters and was sent to the 28th Reserve Battalion but had to "report sick" and was then returned to the hospital for six weeks more. At the end of that time he went before the medical board and was found "medically unfit" for further service and was returned to Canada.

There is more Caesar in this section of the country than all other diseases put together, and used the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure by local treatment, pronounced it incurable. Science has proven Caesar to be a constitutional disease and therefore requires constitutional treatment. Hall's Caesar Cure manufactured by F. J. Cheney & Co., Toledo, Ohio is the only constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. Tigers and Braves to Play.
A meeting between the Braves and the Detroit Tigers, respectively pennant contenders in the National and American leagues in the event that neither becomes a participant in the world series, has been the subject of negotiations between the management of the teams. It is proposed to have the teams meet at Braves field on the days upon which the Red Sox and Philadelphia Nationals are battling in Philadelphia. Should the world series be decided in straight games, the proposed exhibition series would stop with the second contest.
As discussed so far, there is no intention of making it an inter-city series.
Barry Out of Game.
Worcester, Sept. 23.—After playing through the Detroit series with a ball on his left hip, Jack Barry, the Red Sox' second baseman, succumbed to the pain and is under a doctor's care at his home in this city. He may be laid up a few days.
Zimmerman Eligible.
Chicago, Sept. 25.—After a suspension of ten days, Heinie Zimmerman, third baseman of the Chicago Nationals, was eligible to resume play on Friday. His reinstatement was ordered by President John K. Tener of the league after Zimmerman had telegraphed a 200-word apology for using profane language to Umpire Eason.
Alexander Wins \$1,000.
Chicago, Sept. 25.—Grover Alexander, right handed pitcher of the Philadelphia Nationals, was \$1,000 wealthier on Friday as a result of his victory for Chicago in the first game of the double header yesterday. Alexander was given \$1,000 by the management of the club for scoring his 30th victory of the season. He had previously been given \$500 after winning 20 games.

Big Amateur Meet.

San Francisco, Sept. 24.—A national amateur boxing tournament is planned for October 25 and 30, under the auspices of the Amateur Athletic union and in connection with the Panama-Pacific exposition. Word has been received from Fred

Rubien of New York, secretary of the A. A. U., giving consent to the tournament which, if held, will be the second since the opening of the exposition.
Rubien fixed October 9 and 10 as the try-out dates at Madison Square Garden, New York, for eastern entrants.
McFarland and Ritchie.
Chicago, Sept. 25.—Packer McFarland's manager, Emil Thiery, says: "Packer will keep on boxing, provided he is offered lucrative engagements. We realize now that his best fighting weight is about 145 lbs. Bess for the Gibbons mix-up. Also Packer is willing to meet any of the middleweights at around 155 lbs."
"I notice Willie Ritchie is challenging for a welterweight championship match at 145 lbs. We will take him at that notch at 8 o'clock and give him all the fight he wants. I think he is making a mistake because he doesn't want any of Packer's money. He knows McFarland is his master with the mitts."

News of the Boxers.

Kid Alberts and Bay Woods will meet in New Bedford on October 4.
Frank Loughrey, who recently returned from Australia and saw Darcy, the great middleweight of that country, box, predicts that Darcy will defeat Jimmy McFarland in his master with the mitts.
K. O. Sweeney is tied up in several matches that should net him some coin. He will meet Jack Toland of Philadelphia at the Knickerbocker A. C. of Albany Monday night. Joe Chick at the New Bedford A. C. Oct. 17, and Leo Grady of Pownak, Vt., at the Western Gateway A. C. of North Adams.
Bantam Champion Kid Williams got the double cross in his recent bout with Johnny Ertle in St. Paul, they say, while he was trying to work a trick that is practiced often by clever champions. He could have stopped Ertle in a couple of rounds, but was letting him sleep, figuring he could get another beat with Ertle.
If the report is true—and it comes from fans who saw the bout and know the game thoroughly—then Williams deserves no sympathy.
A second who gets \$250 for looking after a boxer in a six-round bout and coaches him so well that he wins the best will be coveted by other seconds. That was the price paid Eddie Mack the other night for seconding Sammy Stern to defeat Spider Murphy.

Hockey Star Wounded.

John D. McDonald, of North Sydney, passed through Moncton on Wednesday on his way to his home, where from Europe, where he served in the Canadian Ammunition Column. While bringing up a load of ammunition in a motor transport the load was blown up and he was badly wounded. He was formerly one of the leading hockey stars of the maritime provinces.

PLANNING TO STAGE BATTLE FOR WILLARD

Jim Coffey Regarded as Having Best Claim to First Fight
Cleveland, Sept. 24.—World's championship battles and nothing less will satisfy the ambition of Matt Hinkel as a fight promoter.
He has now taken up the plan of being the man to stage the first fray in which Matt Willard will risk the title he wrested from Jack Johnson.
Matt broached the plan to Willard and Manager Tom Jones when they were here this week with the 101 Ranch show, and got their promise to accept reasonable terms, provided he goes ahead and perfects arrangements for the big battle.
"We'll be with you any time you get things fixed up properly after our contract with this show runs out, about two months hence," they told Hinkel.
Matt has another big plan and that is to see Jim Coffey, the Irish battler, and his manager, and find out what their terms will be for Jim to enter the ring against Willard.
"I regard Coffey as the logical man right now to go against Willard," said Matt. "He's made the best showing of all the heavies, and a Coffey-Willard fight would be the best pugilistic card in the world right now."
Matt is keeping silent about where he intends to stage the big battle if he succeeds in getting together with the two fighters. He is being showered with congratulations now over the handling of his Cedar Point carnival, which drew a \$10,000 gate, and announces that that was the best that determined him to go in for bigger things.

POLICEMAN WEDS

On last Tuesday evening, Rev. B. H. Nobles of the Victoria Street Baptist church united in marriage Miss Jessie Galbreath of Lorneville, and Policeman George Fuller. The ceremony was performed in the parlour of the church in the presence of immediate friends. The bride was becomingly attired in a tailored suit of blue with hat to match and carried a bridal bouquet of cream roses. She was unattended. Mr. and Mrs. Fuller will leave later on a honeymoon trip through the provinces. They received many pretty as well as useful presents and were showered with congratulations. Policeman Fuller is a popular member of the local force.

NO SHORTAGE OF MEAT IN BRITAIN

Board of Trade Has Blecked U.S. Meat Trust — Arrangements With Australia Ensure Supply — Wheat Situation Satisfactory
London, Sept. 25.—"The Board of Trade does not allow the American meat trust to get all they want," Walter Runciman, the president of the board of trade, said in the House of Commons in the course of a debate on financial matters, and in which the high price of food were commented upon. Steps had been taken by the British government, Mr. Runciman said, to secure meat in Argentina, and Australia had assured a good supply. If these measures had not been taken, he said, there would have been a shortage really dangerous for the country.
During the next twelve months, Mr. Runciman continued, the operations of the Board of Trade would amount to about £20,000,000. He added that the French government had such confidence in the Board of Trade that they had placed the whole business of supplying French meat requirements in the hands of the board.
Mr. Runciman said that circumstances had necessitated the board entering into a contest with a comparatively small number of commercial houses controlling the meat trade.

TERROR HAS TURNED THIS CHINESE WHITE

Montreal, Sept. 25.—How Wah Ching, a Chinese donkeyman on board the steamer Hyndford, torpedoed on March 16, last, was so frightened by the shock that his complexion turned white, as related by Quartermaster C. H. Somers of the Allan liner Sicilian. The Hyndford did not sink as a result of the torpedo which knocked a tremendous hole in hold No. 1, but that fact did not help the Chinese to regain his color.
The phenomenon created great interest in London among the few scientific men who heard of it, but they had little opportunity of investigating the strange effect produced, for Wah Ching was advanced of himself so soon as he became a white man, and went to sea with other Chinese messmates to escape the desire of puzzled scientists to investigate him. Some of his Chinese friends on board the Hyndford found it difficult to recognize Wah Ching after the change, but the oblique eyes and characteristic hair remained to mark him as the man he had been.

ARGENTINE SUPPLY

Argentine supply, he added, was in the hands of a half-dozen very powerful firms, mainly controlled in America. When the government tried to make contracts, he continued, it found prices excessive and the only way in which the government was able to deal with the situation was by requisitioning the whole tonnage that carried beef from South America to this country. These requisitioned ships were sent to Australia where the Australian government took control of the whole of the beef and mutton produced in the country and loaded up the ships at cost price.
Great Britain, Mr. Runciman pointed out, thus supplied her own army and the French army, and had considerable surplus which was being sold for the benefit of the civil population. The operations had been on a gigantic scale and probably in the course of the next twelve months beef to the value of \$20,000,000 would be bought, sold and distributed by the Board of Trade.
Mr. Runciman expressed himself as "satisfied" with the wheat outlook. It was anticipated, he continued, that there would be larger crops imported by Europe from the United States, Canada, Australia and Argentina than for some years past.
Reverting to the meat question, Mr. Runciman referred to the statement attributed to Arthur Meeker, in Ambassador Dumb's letter to Foreign Minister Barian of Austria-Hungary, that he had not played his last trump and that if Great Britain could not get meat from the United States or Argentina she would soon give in. Mr. Runciman's comment was: "Having got meat and ships, we have no intention of giving in."
In Dr. Dumb's letter the remarks alluded to by Mr. Runciman were attributed to a "Mr. Meagher," supposed to be Arthur Meeker, of Armour and houses controlling the meat trade.

COL. G.W. FOWLER TO ORGANIZE AND COMMAND 88TH
Final Arrangements Made in Ottawa Today
NINE M.P.'S NOW ARE ON ACTIVE SERVICE LIST
Celebration at Fredericton Arranged in Honor of Major Guthrie—Major Day Goes to Nova Scotia—Halifax Wants Regiment Quartered There

An Ottawa despatch of today's date says: "Lt. Col. George W. Fowler, M. P. for Kings and Albert, N. B., is in Ottawa today and interviewed the minister of militia. Final arrangements were made for the 88th Battalion, which Col. Fowler has undertaken to organize and command. It is to be raised in New Brunswick."
"Col. Fowler is the ninth M. P. now on active service. The others are Col. McLeod of York, N. B.; Hon. Dr. Beland of Beauséjour; Col. Currie of Simcoe; Col. Baker of Brome; Col. Carrick of Thunder Bay; Col. McLean of Queens-Sunbury; Col. Dr. Neely of Hamilton, and Col. Warnock of Macleod."
The people of Fredericton and vicinity will extend a hearty welcome to Major Percy Guthrie on his arrival there this evening. He will be met at the station by two brass bands, city and military delegations and escorted to the exhibition grounds where addresses of welcome will be read by Mayor Mitchell and Col. Grey, officer commanding the 71st regiment. He will then be escorted to his home. The demonstration promises to be one of the greatest in the history of the city.
Major Day, recruiting officer for York county, has been ordered to join his battalion, the Nova Scotia Highlanders, at Aldershot.
Mayor Martin of Halifax has tendered the use of the market building to the military authorities for the quartering of a regiment for the winter months, providing they do the heating.

Q. M. S. JENNINGS WRITES OF THE HOWITZER BRIGADE
Three Batteries of 4.7's and a Brigade Ammunition Column—Has Word From Tom Gorman

In a letter from her son, Q. M. S. Frank X. Jennings, received by Mrs. P. L. Jennings, of East St. John, and dated Shorncliffe, he speaks of the changes which have taken place since his unit landed in England, just six months ago. It is now beginning to get cool in the evenings.
"The plans for the formation of our howitzer brigade," he writes, "are about completed and I expect we will move from here to Leam Hill near Salisbury Plain soon, to complete our practice. The brigade, so far as is known, is to consist of three batteries of 4.7 howitzers and a brigade ammunition column. Jennings is listed as Q. M. S. of the column. Major Mills, who went over with the 1st division, C. F. A. Major McLeary who took over the 2nd battery and Major Richardson, who went as O. C. of the 2nd battery from Kingston, will likely command the batteries, while Major Scully who went with the 1st Montreal battery is named as O. C. of the ammunition column. Just who will command the brigade is not definitely known but the choice is said to be between Lieut. Col. Ingraham of Sydney who was major of the 24th battery from Fredericton, and Lieut. Col. Rathburn of Montreal, who was in charge of the brigade when the writer went to England."
"I had a letter from Tom Gorman a few days ago," he continues, "and he was doing well. He was telephonist with the 8th battery, 2nd brigade, for a while, but at the time of writing, was carrying on the duties of look-out man which took him at times to the front line of trenches for observation purposes—a very interesting though occasionally noisy occupation. Physically I am enjoying the best of health and never felt better nor weighed more in my life—171 pounds. The open air and regular hours have done wonders for a lot of the 'skeletons' we brought over with us and but few cases of serious illness have been brought to light, and mighty few accidents. One of our brigade ordnance (cyclists) appeared on parade this morning, however, with an arrangement over his face that at long range looked like a respirator. It proved on close examination to be a series of plasters and bandages placed there by a medical officer following a forceful meeting between his face and one of Shorncliffe's excellently paved roads after he had been 'pried off' his bike."

GAVE UP GOOD OFFER TO GET INTO THE FIGHT
Sergeant Frane of the 26th Cold Have Stayed in England as Instructor

When the 26th Battalion left England for service in France, Sergeant Arnold, Frane went with it. He could have stayed in England until the close of the war, but preferred to abandon his stripes, rather than do so. Serg. Frane was signalling instructor with the 26th when it was in St. John. He is a North End boy, and a former member of the staff of Manchester, Robertson, Allison, Ltd. He had had previous military experience in the signal section from this city.
He did good work in England in the signalling detachment of the battalion, commanded by Captain Dawson. So successful was he, in fact, that he received an offer to remain as sergeant signalling instructor in camp there until the war should end, but his desire to see action in France was stronger and he rejected the offer though it carried better financial inducement.

The Man In The Street

Just about this time of year the cost of coal begins to crowd the war out of the center of interest.
Why? Where Are They?
But the fact that there are a whole lot of Germans who will not have to worry about that problem this year may be another cause for gratitude as Thanksgiving day approaches.
Persons interested in local transportation problems are hoping that on Thanksgiving day it will be possible for them to return thanks for better prospects of an uninterrupted journey down Main street and across the bridge.
No, dear reader, the diamond crossing which the street railway company is ordering has nothing to do with a double-crossing. It's supposed to be on the level.
When the new crossing is laid let us hope it will stay put better than that tile flooring in the Hampton post office. By the way, who paid for the cost of the new flooring?
Talking of money matters, will the council obey the stern injunctions of the citizens to observe economy or the equally vigorous demands that they spend more money on water extensions and street repairs?
An American military expert asks, if the United States goes to war, where will they start to attack the enemy? That's easy; in their case war, like charity, might begin at home.
April 1 seems to have been a peculiarly appropriate day for Dr. Simpson of Manitoba to start out with his \$50,000 fund.
The Usual Course.
A glance at today's amusement ads, suggests the possibility of chapter-titles in one serial rather than of different features entirely, and causes one to wonder as to whether there might have been confusion. One displays "The Curse of Work," next "The Pursuit of Pleasure," followed by "The Grand Hotel," after which comes "In the Grip of Circumstances," and the natural sequel, "The Broken Coin."
"Toronto Bulgarians refuse to fight against the Allies," says news headlines. They'd have a nice time trying to get home to do so, anyhow.
Report says that "more than eighty per cent. of the German submarines have been destroyed." It's not to be wondered at that Von Tirpitz lost his job.
Overheard in the "Rest-Room."
"Well, I see the Potts' boulevard must come up."
"I've a hunch it will come up as quickly as it was put down."
"Wonder if they'll start to work at midnight on it?"
"Who pays for the work? Yes, I know we do, but it ought to be taken out of somebody's salary—we won't mention names."
"Well, the kids had a good time while the concrete was laid there—it was great for roller-skating."
No doubt someone will inquire the meaning of the "rest-room" referred to in the previous caption. Well, it's the title given to each of the street cars which have been making semi-weekly trips between the avenue and Indiantown.
Of course, it isn't necessary to rest in the car either at the foot of the hill or the top—any one can walk if you want to get to your work in time.

GIVES HIS WATCH FOR PATRIOTIC FUND
Since the start of the canvass for the \$50,000 patriotic fund, many instances of sacrifice have been noted. Another commendable act was witnessed yesterday when a local citizen walked into the executive office, 181 Prince Wm. street, and said: "I haven't much to give, but I'd like to do as much as I could. I have a watch here which you can sell for whatever it will bring," and he took from his pocket a valuable gold watch, handing it to Manager Porter with the remark that it might help the patriotic fund a little. The man is Lorne Kenney of St. Andrew street.

DRYDEN-MacFARLANE
The wedding of Harry A. Dryden to Miss Mina F. Elizabeth, youngest daughter of Horace H. MacFarlane, took place on Wednesday at the home of the bride's father, 93 Victoria street, Rev. J. C. B. Appel officiating. The bride was given in marriage to Mr. Dryden by her father, George MacFarlane and a mirror from the employes of White's express, with whom the bridegroom is employed.
MARRIAGES AND BIRTHS
Eighteen marriages and twenty-four births, twelve infants of each sex, were reported to Registrar John B. Jones during the week.

Calling Cigars by Name
"When I ask for a cigar I like to call for one by name," said a business man.
"It may be vanity—but I like to choose that way."
"And I strangely enough the names that come to my lips are the advertised brands."
"Maybe there are better cigars, but I don't know them. I will stick to the names I know."
Men newspaper readers and the place for cigar makers to educate them is in the advertising column.
Any cigar manufacturer interested in this subject can obtain information from the Bureau of Advertising, American Newspaper Publishers Association, World Building, New York.
