Martial Law Has Been Proclaimed Throughout Bavaria

GERMANY IS UNDER MILITARY RULE

MEETINGS IN MUNICH PROHIBITED

Plan Action in Connection With Acts of Hostility. SITUATION QUIET Former Premier Has Been Appointed Commissioner of State.

(Canadian Press Cable.) Paris, Sept. 26.—Martial law has been proclaimed in Bavaria, according to late advices from Berlin, and former Premier Von Kahr has been appointed general commissioner of state.

Dr. Von Kahr has issued a proclamation announcing that he will take action against all acts of hostility to the country and against any resistance to his orders by every means at his disposal.

Munich, Sept. 27.—Dr. Von Kahr, the Bavarian military dictator, has prohibited meetings of the followers of Adolf Hitler and all other political gatherings. The situation throughout Bavaria at present is reported quiet.

Sofia, Sept. 27.—Bulgaria will fight to the last ounce of her strength, not only her own but the world's struggle against Communism, said Premier Kankoff yesterday in an interview with the Associated Press correspondent.

The Third Internationale, he said, "plans to extend Sovietism to the other Balkan states and then to sweep westward. In spite of our weakness we are determined to win the struggle or die in the attempt."

BROTHERS ARE HURT AS CAR OVERTURNS

Theodore and Gooderich Jarvis in Motoring Accident Near Boiestown. Fredericton, Sept. 27.—While motoring from Newcastle to this city Theodore and Gooderich Jarvis, of Norfolk Devon, had a narrow escape from serious injury when their automobile skidded and went over an embankment, turning over three times.

The universal joint of the car broke near the Boiestown bridge and the car skidded in the sand. The car dropped over the embankment, turning over three times before it reached the bottom. Gooderich Jarvis was thrown out but his brother, who was driving, did not escape from the car until it had reached the bottom. The driver had his back, arms and legs badly hurt while his brother escaped with some bruises. The car was smashed beyond repair.

Vets Again Decline To Amalgamate

Calgary, Sept. 27.—Amalgamation of the Army and Navy Veterans' Association of Canada with other ex-service men's organizations will not be even contemplated for another year at least. The annual convention of the A. N. V. A. here yesterday reaffirmed its resolution last year favoring unity of all soldiers' organizations, but overwhelmingly rejecting a resolution favoring amalgamation.

Halifax Official Is Placed On Trial

Halifax, N. S., Sept. 27.—Preliminary hearing was commenced this morning in the police court of the charge against Thomas M. Hayes, former secretary of the Housing Commission, accused of misappropriating funds. Two witnesses testified to making payments by check to the housing commission for which they did not receive full receipts although their checks came back after payment by the bank.

Detectives Visit Seer; Phychic Sense Fails

New Rochelle, N. Y., Sept. 27.—Professor Tony Hamway, who came to New Rochelle about six months ago, and describes himself as an "Arabian psychic practitioner of astrology who never fails," advertised he would give \$5 to any one whose name or business he could not reveal. He failed when Detectives Mancusi and Towse called on him and sought advice in connection with their future. Not only did he fail to disclose their identity and their means of livelihood, but he neglected to advance the reward when informed of his failure. The professor was arrested and taken before Judge Swinburn, charged with being a professional fortune teller. He pleaded not guilty and was remanded until Thursday for trial.

CHURCH LEADERS MEET IN TORONTO

Union Conference Tonight—Western Presbyterians Solid For Union, Says Member. Toronto, Sept. 27.—Presbyterian, Methodist and Congregational church leaders from all parts of Canada met in Toronto last night in separate groups. These meetings were preliminary to a joint union conference which will be held here during this evening. Most of the members of the Presbyterian Union Committee, both clergy and laymen were present at last night's meeting of that denomination.

Toronto, Sept. 27.—The Presbyterian west of the lakes have, with almost complete unanimity, accepted the fact of church union, as far as ecclesiastical action is concerned. Rev. Charles W. Gordon, of Winnipeg, stated in an interview here yesterday: West Unanimous.

"As a matter of fact," he said, "the Methodist, Congregational and Presbyterian churches have for some time been working out the church union idea in preparation for and in expectation of the consummation of union. There are 150 union charges and missions in existence now in Manitoba alone. In fact, outside the cities, there are more union charges than there are either Methodists or Presbyterians, and I believe that the situation in the provinces west of Manitoba is practically the same."

The Anti-Unionists. Speaking of the anti-unionists, Dr. Gordon stated that they were non-existent in the west. "I know Presbyterians," he said, "and Presbyterians strike their roots deep into history and tradition, and I expect that the call of tradition and historical affiliations with some of them will be stronger than any other call. I expect there will be congregations which will decline to concur in the constitutional action of their church. This is a freeman's country. The Presbyterian church stands for liberty. No congregation will be coerced in its actions, it can decline to become part of the united church if it so desires."

MISSING TWO YEARS

Skeleton Found Near Brigham Identified as That of Missing Hiker. Brigham, Que., Sept. 27.—The skeleton found in the woods near Brigham, Que., the identity of which has remained a mystery for several weeks has at last been proved to be that of Alfred Moynan, of Waterloo, who disappeared early in August, 1921.

Moynan, who was about 75 started from Waterloo to walk to Pittsburgh, N. Y. Apparently he got no farther than Brigham, for the bones which were discovered in the woods were found upon examination to have been exposed for about two years. Mrs. Ellen O'Brien Trudeau identified various articles of clothing found upon the skeleton as belonging to Moynan.

Wire Briefs

Athens, Sept. 27.—The island of Corfu, occupied by Italian troops on August 31, was returned to the Greek authorities this morning, it is announced.

Halifax, N. S., Sept. 27.—Ellis Leslie, 30, cutter in a local meat market, fell dead while at work today. Physicians attributed his death to heart trouble.

Moscow, Sept. 27.—Twenty-eight skilled United States miners, with more than 100 tons of machinery and implements, have gone to the Tomsk district to operate the Ousnetzk mines.

Ambler, Sept. 27.—Mrs. Lorne McFarlane and Mrs. Edwin N. Lockhart of Moncton, seriously injured yesterday morning when the car in which they were driving was badly smashed near Ambler, were reported today as being somewhat better.

SITUATION IS TENSE IN OKLAHOMA

Conflict Between Governor and Legislators Now in Hands of Court. CLIMAX AWAITED Governor Will Continue Use of Troops Until Klan is Broken. Oklahoma City, Sept. 27.—The conflict between Governor Walton and the Lower House of the Oklahoma Legislature developed today into a final fight as the law makers prepared to take their cause to the courts. Meanwhile, the state is in doubt as to the official status of its lower legislative branch. Assembly Dispersed. The dramatic action of National Guardsmen in dispersing on orders of the Governor 66 house members who gathered yesterday in the state capital at their own call to consider impeachment charges led the executive victory after the first brush. But the contention of the legislators that the house formally was convened, notwithstanding the military interference, presented an unprecedented problem which a court must solve.

FREDERICTON HAS \$20,000 BLAZE

Brick Building Opposite The City Hall is Prey to Flames. Fredericton, Sept. 27.—Fire early this morning did damage estimated at \$20,000 to \$30,000 at the brick building Queen street, opposite City Hall, owned by R. Chestnut & Sons, Limited, whose stock was entirely destroyed and the fixtures of his store damaged almost beyond repair. The rear of the building occupied by the Canadian Bank of Commerce was also badly gutted.

R. Chestnut & Sons' Ltd., hardware store, suffered mostly from simple damage, although water entered the portion of the building they occupied, and occupants of the building, including the printer, who were there several hours, were unharmed. The printing office and bindery of T. Amos Wilson, also suffered losses from smoke and water.

The fire started at the rear of the drug store and bank premises, but on which side of the partition is undetermined. Mr. Mack's loss on stock is placed at about \$11,000, with an additional \$1,000 or more on fixtures, while his insurance on stock and fixtures was only \$2,000.

Mrs. Harold Lawrence, of St. John, Named Vice-President for N. B. Vancouver, Sept. 27.—Miss Kenneth Haig, of the Manitoba Free Press, yesterday was elected by acclamation, president of the Canadian Woman's Press Club for the next three years. Other officers were elected as follows:—Honorary president, Miss Lucy Doyle, Toronto; corresponding secretary, Miss May Clendenning, Winnipeg; treasurer, Miss L. MacDonald, Winnipeg; historian, Mrs. Butler, Toronto. Vice Presidents. British Columbia, Mrs. Isabel E. C. Mackay; Alberta, Mrs. E. B. Price; Manitoba, Miss N. Moulton; Ontario, Miss M. Houston; Quebec, Mme. Benoit; New Brunswick, Mrs. Harold Lawrence; Nova Scotia, Miss Marshall Saunders.

17 GIVE EVIDENCE

Witness in Valleyfield Case Tells of Fatal Dispute Over Dogs. Valleyfield, Que., Sept. 27.—Although 17 witnesses were heard no verdict was returned in the first sitting of the inquest in the case of Henri Laviolette who was fatally shot in a local hotel on Saturday. Two New Yorkers, Walter Muir and Edward Carroll are being held in connection with the shooting. The inquest was adjourned to tomorrow for further evidence.

New Glasgow Man is Injured When Run Over by Sydney Express.

New Glasgow, Sept. 27.—J. A. Hiltz, New Glasgow, was dangerously injured about one o'clock last night when he was run over by the Sydney express eastbound. So far as can be determined at present, no one saw the accident.

Early Settlement of Foreign Policy Urged

London, Sept. 27.—J. Saxon Mills, barrister, formerly of the Daily News editorial staff and a former editor of the Cape Times, Cape Town, South Africa, addressing the Royal Colonial Institute and reviewing the Imperial conferences from their inception in 1887 urged the paramount necessity of an early and satisfactory settlement of the question of Great Britain's foreign policy. He declared that the moment the dominions began appointing independent ministers in foreign capitals, the British Empire would cease to exist as a distinct political organization.

Supreme Physician Of K. of C. Is Dead

St. Paul, Minn., Sept. 27.—Dr. Edward W. Buckley, supreme physician of the Knights of Columbus, died here last night. He will be buried in Calvary Cemetery here Saturday morning.

Buckley was born near here 68 years ago. His last re-election as supreme physician took place August 8 at Montreal.

Refuses Marriage To Confessed Thief

New York, Sept. 27.—When John Demonte, 19, who pleaded guilty a week ago to having robbed a tool shed, came before Judge Best J. Humphrey in Queens County Court the judge asked him if he had anything to say why sentence should not be passed. Demonte's attorney stepped forward and said: "I have been asked by the mother and sweetheart of this boy to request that you defer sentence just long enough to marry him and his sweetheart, who is now in the court room." Judge Humphrey was taken back by the request and then replied: "This boy has committed a serious crime and is liable to a long jail sentence, and I do not feel that I want to tie any woman to a criminal for life." Then he sentenced him to a term in the Elmira Reformatory.

20 ARE HURT IN LONDON TROUBLE

Unemployed and the Police Clash During Poptar Demonstration. WILD SCENES Radicals Raid Meeting Place of Guardians—Police Use Bats. London, Sept. 27.—Wild scenes of disorder occurred in the borough of Poptar last night when extremists among the unemployed invaded the place where the board of guardians were in session discussing the question of relief and heatedly harangued Chairman Lansbury. Then the interlopers left the room and barricaded the door. The besieged guardians telephoned for the police, who, with drawn batons cleared a passage and forced the door open. The police used their batons to such effect that 20 of the disturbers had to be taken to hospital for repairs. However, their injuries were only of a minor character.

WOMAN IS ELECTED

Miss Bondfield Heads British Union Council—Stood Twice for Parliament. London, Sept. 27.—The election of a woman—Miss Margaret G. Bondfield—to the chairmanship of the Trade Union Council of Great Britain, for the first time in the history of trade unionism, is an event attracting attention and interest far beyond the ranks of labor. Miss Bondfield commands wide respect in England for her practical ability and common sense. She is a forceful speaker, is optimistic and level-headed and combines with an earnest interest in working conditions a strong sense of humor.

HELD FOR TRIAL

Man, Believed Insane, is Charged With Attempted Murder. Sidney Man, Sept. 27.—A man named Falkner, believed to be mentally unbalanced, was arrested by Provincial Police last night, charged with the shooting of Jack Le Mercier, a farmer. The preliminary hearing probably will be held at Portage La Prairie today.

LOSES HIS LEG

Moncton's Rhodes Scholar Leaving. Moncton, N. B., Sept. 27.—A. Reginald McDougall left yesterday afternoon for Montreal on a short visit before sailing by the S. S. Empress of Britain for England on Saturday. He is the Rhodes Scholar for this year from New Brunswick, and will take a law course at Oxford University.

END OF N. Y. PRESS TROUBLE IMMINENT

Majority of Strikers Appear Favorable to Return to Work. New York, Sept. 27.—With the resumption of publication of the individual New York morning dailies, and the indication of a probable return to work of striking members of the outwaged Web Pressmen's local No. 25, as members of the International Pressmen's and Assistants' Union, the end of the walkout effective for nine days appeared imminent.

FREE TRADE WITH EMPIRE IS URGED

Winnipeg, Sept. 27.—"I cannot discover any well-informed students of sociology in the Dominion of Canada who do not believe the next 10 years will see an increase in your population of 5,000,000," said Lorr Birkhead, former Lord Chancellor of Great Britain, in the course of an address before the Canadian Club here yesterday.

Lets the World Go By

The coal strike threat, the Grecian-Italian imbroglio, the Spanish revolt and other disconcerting news stories haven't been able to erase the smile from this potential ruler's countenance. But should there be a milk famine—well, we won't make any guesses about his smile lasting.

Branch Of Bank Of Nova Scotia At Toronto Held Up By Robbers

Toronto, Sept. 27.—Three men entered the St. Clair Avenue West branch of the Bank of Nova Scotia this afternoon, held up the manager, teller and two lady customers who were in the office, scooped all available money from the teller's counter into a big black bag, and got clean away. The amount taken by the bandits is at present unknown. Leroy Oke, manager of the branch, was hit on the head with a revolver when he attempted to resist. He recovered as the bandits were going out and with blood streaming from his wounds he chased the fleeing men down the street. A few blocks away, however, they mounted a standing car and speeded away.

WOMD MAKE OUR CLIMATE WARMER

Damming of Belle Isle Strait Feasible But Likely Very Expensive. Sydney, N. S., Sept. 27.—The territory and people in the vicinity of the Strait of Belle Isle have been affected very much by the abnormally cold summer season just closed, according to Captain A. E. Calder of the Dominion Biological Department, here in the little auxiliary schooner Prince, from a surveying trip of several weeks in the north. Captain Calder said it would be feasible to dam Belle Isle Strait but the expense would be enormous, and a dam to stand the great pressure of currents and drift ice might have to be three miles thick. The result, in his opinion, would be of a mixed nature. The climate of the Maritimes would probably be much warmer, and the Gulf of St. Lawrence navigable all winter, but the influx of warm water to the gulf would probably drive away most of the cold water fish, such as cod, and compel a re-organization of the whole of the Maritime fishing industry. Another result would probably be to give that portion of the Gulf next to the dam 40 foot tides of the "bore" or tidal wave variety, similar to those of the Bay of Fundy.

PERSONALS

Dr. J. C. Doore left last evening for Chicago, where he will take a special course at the North Western University.

Mrs. H. H. McCurdy and daughter, Greta, of Hospital street, will leave this evening for Boston on a three weeks' visit to Mrs. McCurdy's sister, Mrs. Smiley.

F. M. Ross, manager of the St. John Dry Dock and Shipbuilding Co., went to Montreal last evening.

Mrs. E. Jennings, 132 Winslow St., West End, accompanied by her sister, this evening for Boston on a three weeks' visit to Mrs. McCurdy's sister, Mrs. Smiley.

Miss Ruth Teed, who has been attending business college in St. John, is spending her vacation with her parents, Dr. and Mrs. J. Francis Teed, in Dorchester.

Frederick Mall, W. E. Farrell and wife, who left for Vancouver some days ago, are also going to California before returning home.

Frederick Gleaser, Wednesday: Mrs. J. Harry Robertson has gone to St. John, where she will spend a couple of weeks—M. L. McPhail of St. John is in the city today, a guest at the Barker House.

At the close of prayer service in the Y. M. C. hall of Portland Methodist Church last evening, the society's representatives to the quarterly official board were appointed as follows: Rev. J. M. A. G. C. Cunningham, Mrs. Fred Smiler, Fred Smiler, Robert Maxwell, William Atherton, Miss Hattie Wright and Manly Killam, Rev. H. A. Goodwin, pastor of the church, presided.

Owners of radio outfits in the city called on The Times today, asking that mention be made of the action of some owner of a Marconi set, who nightly interrupts concerts and spoils their enjoyment of the program.

They say it is not messages being sent from Red Head, for they know the sound and appreciate the fact that this is both legitimate and essential. They felt that by bringing this to the attention of the one responsible matter, might be remedied.

Taxi drivers have gone on strike at the Express Hotel, that evening they took up a stand near the C. N. R. elevator instead of at the warehouse. The drivers maintain that they are within their rights to go beyond the railing if a passenger signals them, but officials say that when a passenger signals for a driver it is not an infringement on the rail and try to get the passenger. So far as could be learned the matter had not been adjusted today.

The Ladies' Auxiliary of the Brotherhood of Railway Trainmen held a successful supper and social yesterday afternoon and last evening in Oddfellows' Hall, West St. John. Mrs. Wm. A. Tobin was general convener. Those who had charge of the supper tables were Mrs. F. J. Phillipps, Mrs. James Brittain, Mrs. H. Johnston, Mrs. A. Cox, Mrs. Harry Black, Mrs. George Fletcher, Mrs. W. A. Moore. The hon. booking table was in charge of Mrs. T. Walsh and Miss Lily Graham; the fancy table, Mrs. William Thompson; Mrs. Josephine Goldie and Mrs. Robert Peeri; candy table, Mrs. D. Ring, Mrs. Fred Robson and Miss Nellie Walsh. Those replenishing were Mrs. J. O'Brien, Mrs. G. Merryweather, Mrs. J. Tippetts, Mrs. William Robinson, Mrs. E. Ervin, Mrs. T. Graham, Mrs. G. Conway and Miss Addie McLaughlin. The ladies of the auxiliary served.

James Flood was fined \$300 this afternoon for having intoxicating liquor in his beer shop in Union street. Wm. M. Ryan appeared for the prosecution.

ENGINEERS HEAR TWO MORE PAPERS

Pay Courtesy to City Engineer of Halifax—More Arrivals.

Additional registrations since yesterday brought the total attendance at the Maritime professional meeting of the Engineering Institute of Canada here up to 143. At noon the delegates were guests of the St. John branch of the Institute at luncheon in the Pythian Hall.

This morning's session was opened by the national president, Walter J. Francis of Montreal, who asked Prof. F. R. Faulkner, president of the Halifax branch to take the chair.

Professor Faulkner spoke of the presence of F. W. W. Doane, city engineer of Halifax, who he termed one of the most efficient city engineers in Canada. He asked that Mr. Doane be allowed to take the chair. This was met with a storm of applause, which Mr. Doane acknowledged in a gracious manner as he took the gavel.

The first paper on the programme was on Locomotive Tonnage Rating, prepared and delivered by W. U. Appleton, Moncton, general superintendent of the Atlantic region of the C. N. R. This was followed by a general discussion Professor McKell, of Mount Allison University, Sackville, read a paper, prepared by A. P. Thourkauf, Sydney, assistant chief engineer of the Dominion Iron & Steel Co., on Means for Reducing Furnaces for Blooms, Billets and Slabs. After discussion a vote of thanks was extended to the author and the reader of this work.

More Arrivals. Members registered since yesterday were—D. R. Smith, B. Allen, C. S. Bennett, C. C. Langstroth, Barry Will, Grover Keith, R. E. Armstrong, L. K. White, H. D. Macaulay, A. A. Dodge, J. S. Vaughan, P. McKenzie, I. E. D. Snow, J. L. Scovill, J. H. McKinley, J. H. Moore, F. M. Ross, A. K. Beard, T. S. Manning, N. K. Cameron, Capt. Sullivan, G. F. Cameron, W. C. Birelli, G. C. McAvilly, Howard Wood, J. H. McKel, C. A. Boulton and C. S. G. Rogers, H. J. Crudge and W. N. Appleton, Moncton; John J. Gorman, St. John; F. B. Phipps, Moncton. The Luncheon.

Luncheon was served at one o'clock at Pythian Hall, the visitors being the guests of the St. John branch. H. F. Bennett was the chair, and the speaker of the day was Mr. J. B. Phipps, Moncton. The pleasure of acting as hosts, and thanked all who had joined in making it a success.

Prof. Falconer, seconded by W. C. Chas. moved a vote of thanks to the St. John branch, G. G. Mispelock of the Riverside Golf and Country Club, the owner of automobiles, Canon Armstrong, Mr. McKel and the press; and Alex Gray to the New Brunswick Dry Dock and Shipbuilding Co., Board of Trade and New Brunswick Power Company.

Several speakers described the St. John meeting as the most successful ever held by the Institute. Brief remarks were offered by Messrs. Murphy and Crudge of Moncton, and Chairman Goodspeed of the general committee was called up and heartily applauded.

More than 100 made the trip to Musquash yesterday afternoon. Included in the party were Hon. E. A. Smith, chairman of the New Brunswick Electric Power Commission, Commissioner Thornton, W. P. Burditt, W. J. Mahony and other citizens not members of the Engineers' Association. After an inspection of the power house and dam the party sat down to a bountiful supper served by the New Brunswick Contracting and Building Co.

Mr. Francis on behalf of the association expressed their appreciation of the kindness of their host and Herbert Phillips responded voting his pleasure at being able to entertain them.

Dr. Smith expressed the hope that a vigorous policy of development of water powers would be adopted as the development of the other industries of the province depended on that.

A public meeting in the evening was held at the Telephone Company building and was attended by many. An address by H. J. Veness of the Nova Scotia Electric Co. on "Loud Speakers and Public Address Systems" was listened to with keen interest.

Says Franco-British Confidence Restored

Northampton, Eng., Sept. 27.—Prime Minister Baldwin speaking here today declared that his conference with Premier Polonceau in Paris last week had had the effect of restoring the former good relations between France and Great Britain. The atmosphere of restraint and almost of distrust that prevailed between the two countries when the present British Government came into office had been changed, he said, into one of mutual confidence.

Peace, he added, was necessary for a solution of the situation confronting Europe.

Timber Berths Sold At Upset Prices

(Special to The Times.) Fredericton, Sept. 27.—At the Crown Land office today three timber berths were sold without competition at up-set prices of \$20 a mile. They were as follows: Two square miles west of Madawaska River and two square miles on Sand Brook, Northeast of Loom Lake to Fraser Companies Limited, two square miles on Kelly's Creek, Parish of Kingsclear, York County to Aaron Maszall.

This Suite "Stumps" The Ad Writer. To pick out any one of its fresh points of interest and put it in the headline would fail by far to do justice to the entirety of beauty and special construction. To report it in large type as one having two wing-backed Fireside Chairs means losing sight of the hand-blocked Silk Plush Mohair, the colorings of which are so appealing. To announce it simply as something wonderful means running to vague claims—contrary to Marcus policy. To refer to the thorough hair and moss packing is but to touch on one strong point among many. And likewise to say the Chesterfield proper is eight feet long is also reporting but one advantage. The figuring of lily-like blooms in a riot of Purple and Rose and Taupe—all accomplished by hand blocking on expensive plush—occurs on front, sides and rear. The modified back wings, the enduring comfort and the various points of distinction can only be grasped by a glance at the real thing in our middle window. J. Marcus Furniture, Rugs, 30-36 Dock St.

## JAPAN'S DISASTER JUMPS DRUG PRICES

Menthol Up 80 Per Cent in N. Y. Market as a Result of Speculation.

(New York Times.) Menthol was the outstanding feature of the drug and fine chemical market last week, a rather spectacular advance having its origin in causes resulting from the Japanese earthquake, says the current issue of The Oil, Paint and Drug Reporter. No news whatever concerning the stocks of crystals and crude oil or of the three menthol factories at Yokohama was received by the local market. Speculators in the local market were responsible for an increase in prices amounting to 80 per cent. The asking price for menthol is now \$17 to \$20 a pound, against \$9.50 before the Japanese disaster.

The Yokohama stocks had been a stabilizing element in a bull and bear contest that has ruled the market here for some time, and if they have been wiped out a strong situation will exist, with the world virtually dependent upon Kobe for its supplies, the trade publication says.

Another Japanese article that was advanced on the strength of the disaster, Camphor is produced in Formosa and marketed from Kobe, and both points were untouched by the earthquake. Japan wax and insect flowers were also increased in price. Quinine was unaffected, although one of the largest factories in the world was at Tokio.

Botanicals were firm with demand light but prices strong and high in the country. Conditions now favor the sellers. Shellac was advanced sharply at Calcutta, London and New York.

Arrivals of tanstuffs from the Far East continue heavy. The tanning industry has been getting under way for some weeks, and shipments of tanstuffs are now being received.

A further advance occurred in cottonseed oil future on the New York Produce Exchange. Lined oil was steadier in the local market to the extent that in some quarters slightly higher prices were quoted for less than carload lots, due to a rise in seed prices. There was no change in carload quotations. Turpentine and rosin were steady and there were few price changes.

Middlemen in the paint business are not stocking up, but the consumption is heavy enough to make buying active. The farmers have not been able to do as much painting this year as they would like to do, and the best demand for paints comes from the larger towns and cities. The urban demand has caused an unusually active demand for interior paints, and consumption of flat wall paints is greater than ever before at this season of the year. The outlook for Fall business is so good that the business of the paint industry for 1923 promises to break all records, according to The Oil, Paint and Drug Reporter.

The demand for sulphate of ammonia and other fertilizers is active at the present time, as fertilizer mixers are holding back orders until they can get some other line on the Fall demand. Japan is the best foreign customer of the producers of sulphate of ammonia. It is feared that deliveries already contracted for will be Japanese customers will be interfered with, and that there will be considerable material forced into the resale market as the result of the earthquake. Notwithstanding this, the fertilizer demand is expected to be better than that of the Fall of 1922.

Imported chemicals are low in price and offer buyers unusual opportunities. Importers are carrying large stocks of carbonate of potash, but caustic potash is in somewhat lighter supply. Labor troubles in Germany have interfered with production and importers here believe that shipments will be small compared with last year. Shipment prices have been advanced and it seems inevitable that higher prices will prevail here later on. At the present time, with stocks good, prices are low.

THE END OF THE TRAIL

(Christian Herald)

I must travel the miles till the journey is done, Whatsoever the turn of the way, I shall bring up at last at the set of the sun, And shall rest at the close of the day, Let me deal as I journey with foeman and friends, In a way that no man can assail, And find nothing but peace at the roadways last bend, When I come to the end of the trail, We are brothers who travel a great common road,

**Father J. T. Smith Dies In Hospital**

Was Founder of the Catholic Writers' Guild—Studied In Toronto.

New York, Sept. 27.—The Rev. John Talbot Smith, for the last fifteen years pastor of the Roman Catholic Church of the Sacred Heart at Dobbs Ferry, died yesterday in Misericordia Hospital.

Father Smith was born 68 years ago at Saratoga, N. Y., and was graduated from the divinity department of St. Michael's College and Seminary, Toronto. In 1881 he was ordained a priest by the late Bishop Wadhams. From 1880 to 1892 he was editor of the New York Catholic Review and for 18 years was chaplain of the Convent of Mercy in New York. He founded the Parish Theatre in 1918 and in 1920 the Catholic Writers' Guild. As a writer Father Smith was known to the public as the author of "A Woman of Culture," "Solitary Island," "His Honor the Mayor," "Saranac," "The Man Who Vanished" and a play, "The Black Cardinal," which later was published as a novel.

Father Smith leaves his sister, Miss Mary L. Smith, and two nieces, Mrs. John English and Mrs. H. Penrose, all of Cohoes. The funeral will be held Thursday from the church at Dobbs Ferry. Mr. Michael J. Lavelle of St. Patrick's Cathedral will be the preacher and the Rev. Thomas McMahon of the Paulist Fathers will be the celebrant. Burial will be at Cohoes.

**\$100,000 Theft Foiled When Truck Hits Curb**

Stolen Wool Is Recovered as Car Driver Is Thrown Out.

New York, Sept. 27.—Robert Bender of 179 Station street was arrested after a chase of ten blocks in Brooklyn, when a ten-ton truck loaded with \$100,000 in wool cloth was stuck in front of the establishment of Peter Mitchell & Kalaska at 156-108 Berry street.

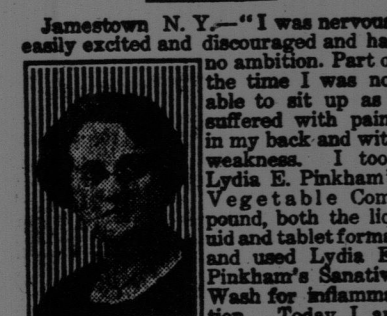

Bender told the police a man had offered him \$50 to drive the truck two blocks, but he could give them little information concerning the alleged employer. The truck was awaiting a full loading when the chauffeur and workmen, coming out of the factory, saw it being driven up the street. In their pursuit they were joined by a patrolman who finally caught Bender after he had been thrown from the truck when it struck the curbing.

**MAINE FAMILY STARTS FOR FLORIDA IN HOUSE ON CAR**

Belgrade, Me., Sept. 27.—Keeping house in the usual way but with the added advantage of ever-changing scenery, Mr. and Mrs. H. H. Hewitt and their three children started this week for Orlando, Fla., in a specially constructed house built upon a Ford chassis. The trip will take about two weeks. Mr. Hewitt, who is a well-known farmer of Belgrade, has disposed of his property and plans to make his home in the south.

**TODAY I AM REAL WELL**

So Writes Woman After Taking Lydia E. Pinkham's Vegetable Compound

Jamestown, N. Y.—"I was nervous, easily excited and discouraged and had no ambition. Part of the time I was not able to sit up as I suffered with pains in my back and with weakness. I took Lydia E. Pinkham's Vegetable Compound, both the liquid and tablet forms, and used Lydia E. Pinkham's Sanative Wash for inflammation. Today I am real well and run a rooming house and do the work. I recommend your medicine to every woman who complains, and you may use my letter to help any one else. I am passing through the Change of Life now and I keep the Vegetable Compound in the house, ready to take when I feel the need of it."—Mrs. ALICE D. DAVIS, 203 W. Second St., Jamestown, N. Y.

Often some slight derangement may cause a general upset condition of the whole system, indicated by such symptoms as nervousness, backache, lack of ambition and general weakness. Lydia E. Pinkham's Vegetable Compound will be found a splendid medicine for such troubles. In many cases it has removed the cause of the trouble.

**Add a Comfortable Chair To Your Living Room**

**DECLARES BLOOD TESTS COULD PREVENT UNHAPPY MARRIAGES**

**RECENT WEDDINGS**

**Mating of People of Same Blood Only Should be Encouraged.**

Philadelphia, Sept. 26.—Unhappy marriages can be prevented by means of blood tests, Dr. William S. Baines, bridge of New York told the American Association of Obstetricians, Gynecologists and Abdominal Surgeons in convention here.

Dr. O. M. Groubit of Detroit presented the theory that there were four different kinds of blood. In the discussion that followed, Dr. Baines asserted that by taking blood tests of persons in love, unhappy unions could be forestalled, as only the mating of persons in the same blood group could be recommended.

This would result, he explained, in the marriage of people who had a natural affinity for each other, and who could withstand the trials of life.

Cleveland was chosen as the place for the next convention.

**FAIR FOR JAP RELIEF.**

**FRECKLE-FACE**  
Sun and Wind Bring Out Ugly Spots, How to Remove Easily.  
Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine—double strength—from any druggist, and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case. Be sure to ask the druggist for the double strength Othine, as this strength is sold under guarantee of money back if it fails to remove freckles.

**TRANSCONTINENTAL  
IGNORED IS CLAIM**

**Montreal Gazette Accused of  
Avoiding Real Compari-  
son of Routes**

Moncton, Sept. 26.—Commenting on the Maritime claims and the Montreal Gazette's failure to include the Transcontinental in its comparison with the Portland section, the Transcript says today:

"No one should overlook the fact that the Gazette refers only to the Intercolonial. It speaks not at all of the Transcontinental which was the line built by the Laurier Government for the purpose of transporting western wheat to tidewater over a short route and minimum grades.

"We should like to remind the Gazette that so far as through freight is concerned the Intercolonial has practically been discarded, and that, in making its comparison, it will do well to deal with the Transcontinental instead of the Intercolonial. As the Gazette must know, the Transcontinental is a four-tenths grade road all the way from Port Arthur and Port Williams to Moncton, with the exception of a

small section between Port Arthur and Long Lake, and this connection is practically, if not quite, completed, giving a four-tenths grade all the way. And, so soon as the McGivney connection is made, there will be a four-tenths grade road from Port Arthur to St. John by way of the St. John River Valley.

"The distance from Port Arthur to St. John, compared to the distance from Port Arthur to Portland is 233 miles in favor of Portland, but the 297 miles of road between Montreal and Portland is a one and a quarter grade road

with four per cent. grades in some places and bridges that will not permit the passage of the heavy loads.

"Why does the Gazette keep on making comparisons between the Portland section and the Intercolonial when, as it knows, it is not over the Intercolonial, but over the Transcontinental that the great burden of the western export traffic must be carried to the maritime outlet?"

**When oil insists on coming through the powder**

This is the method that women use who must keep their skin fresh

You powder with such infinite care and yet a few minutes after you know your nose is shining! Sometimes your whole face has a horrid pesty look.

What do the women do who must keep their faces fresh and charming? — actresses who can never let their faces look anything but exquisitely lovely?

They have had to find a method that would properly remove the excess oil and make-up, that would restore the natural freshness of their skin. This necessity led them to depend on the Pond's Method, two entirely different creams based on the two great essentials for keeping the skin fresh and clear. The kind of cleansing that restores the skin's natural transparency. The kind of protection that not only protects but freshens instantly and holds the powder for hours.

Do this tonight. With a piece of moistened cotton or with the finger tips apply Pond's Cold Cream freely. Its very fine oil softens the skin so that it can penetrate every pore, and takes out dirt and excess fat together. It is so light it wipes entirely off, leaving your skin fresh and dry—never heavy with cream. Do this twice.

Then, before you powder, smooth on Pond's Vanishing Cream very evenly—just enough for your skin to absorb. It has no oil. Now if you wish, rouge—powder. How charming your face is in the mirror—exquisitely fresh. It will stay that way all day.

Florence Nash of "Merton of the Movies" fame says:

"I like Pond's Cold Cream because it leaves my face feeling so refreshed — not heavy and oily. And Pond's Vanishing Cream really keeps my skin wonderfully smooth and fresh all day. It keeps the powder on beautifully."

Give your skin the same perfect care, and you will understand how the women who give their skin the hardest wear are able to have the loveliest complexions. Buy both creams in jars or tubes in any drug or departmental store. The Pond's Extract Company, 146 Brock Avenue, Toronto, Canada.

**FEARED COLD; ENDS LIFE**

Victim of Parosis Shoots Himself, Dreading Winter's Approach.

New York, Sept. 27.—Fear of approaching cold weather is said to have led to the suicide of Joseph Doscher, 68 years old, of Glendale, yesterday. His family said he had parosis of the brain and suffered especially during cold weather so that he came to dread it.

Mr. Doscher went to the cellar ostensibly to do little odd jobs, it was stated, and a few minutes afterwards the sound of a shot was heard. His wife found him lying on the floor with a revolver in his mouth. He was taken to the Wyckoff Heights Hospital, where he held a few minutes later.

**The SOLID Comfort of Walnut**

DARK-GRAINED, lustrous, beautiful—Gibbard Solid Walnut furniture endows the guest room with the magic charm of hospitality.

"Walnut!" exclaims the delighted visitor. "I do love walnut."

"Yes, we like walnut, too," replies the hostess. "This is only a moderate-priced suite, but it is solid. Bob says he'd sooner have a Gibbard Solid Walnut suite, no matter what it cost, but really, you'd be surprised to know how moderate in price Gibbard Solid Furniture is."

"Solid! Is this Solid Walnut? Why, solid walnut used to cost a small fortune! And it's a lovely Chippendale design, too. Really, I am in love with it. Solid Walnut—do you mean it?"

"Yes, guaranteed genuine, solid walnut," repeats the hostess, smiling.

And she opens a drawer and shows the guarantee reproduced below, which is attached to every piece of Gibbard Furniture sold.

By specializing in the solid woods, Gibbard has brought good solid walnut, solid mahogany and solid oak furniture within the reach of people of moderate means.

Made in "period" designs—Queen Anne, Chippendale, Colonial, Italian, etc. The decorations are executed by hand carvers. Most any furniture dealer can show you examples of Gibbard Furniture. Ask him to show you the Gibbard catalogue, too. It contains the full line.

**Gibbard Solid Walnut Solid Mahogany and Solid Oak**

**Guarantee**

This is a Guarantee that Gibbard Furniture is made of solid wood—no veneer, no plywood, no particle board, no other material. Every piece of Gibbard Furniture is made of the same high quality of solid wood as the other pieces. Look for the Gibbard name plate on each article.

The Gibbard Furniture Co. Toronto - Canada Works only in the Solid Woods.

**ARE YOU QUICK AT REMEMBERING NAMES AND FACES?**

Are you using all of your brains? Dr. James J. Walsh, noted psychologist, asks this question in the October issue of "The Popular Science Monthly," asserting that comparatively few people do in one important respect—the development and maintenance of their memories.

There is scant excuse, writes Dr. Walsh, for any one's having a poor memory. We never completely forget anything we have learned, but the problem is to train the mind to reproduce for us any fact we desire to remember. This, he says, can be accomplished by observing a few simple rules.

The first thing to be cultivated by a person who desires to improve his memory, states Dr. Walsh, is the habit of attention. "Learn to concentrate."

"Perhaps you say you cannot remember faces," he continues, "but if that is true, it is because you are not sufficiently interested in the new people you meet. Catalogue in your mind the various types of faces, round, oval, long, bony—and the various types of eyes, noses, chins, mouths, foreheads and jaws; then fit each new face you see into its proper type and make mental note of the features in which it differs from other faces. Try to find some resemblance between that face and the face of some one you know well."

"In seeking to remember facts, think in pictures. A child remembers a zebra as a striped horse and a giraffe as a long-necked horse."

"If remembering numbers is your chief difficulty, do simple sums in arithmetic as a pastime, to accustom yourself to dealing with numbers. A similar cure may be practiced by persons who find difficulty in remembering words. Learn a few lines of verse each day. When you are riding on street cars commit to memory the text of the advertising cards."

"If you cannot remember names, attempt a classification of them similar to your classification of faces. If the names are of foreign origin, remember from what country they come. Fix their rhythm in your mind. 'John Alphonso Smith' has as definite a rhythm as the first line of 'The Star-Spangled Banner.' So has the telephone number 'Main eight six hundred.' Names derived from such things as colors and animals suggest their own classification. Other names may suggest pictures. In any case, spell the name to yourself and see the letters in your mind."

"Have confidence in your memory and don't rely on penciled notes or the memories of others. Use as many senses as possible in obtaining an impression of an object, and revive your impressions frequently. After a vacation, actors must rehearse roles in

which they have appeared many times. Make your memory training practical and useful. A telephone operator, for example, might use her time better in committing telephone numbers to memory than in memorizing English verse.

"Genius," says Lowell, "is accumulated memory." Those who possess genius almost invariably have retentive memories, because early in their careers they learned to use their brains—all of them."

**FIT IN CALIFORNIA TOWN MINE OF PREHISTORIC LIFE**

Two Thousand Saber-Tooth Tigers Perished in Rancho.

"Recently I stood looking into the asphalt pits at Rancho La Brea, Calif., I had held in my hand that morning

an 8-inch tooth from this pit, the great curved fang of Smilodon, the saber tooth tiger," writes Dallas Yore Sharp in Harper's Magazine.

"The terrible weapon might have been torn from the tiger's jaws only prequating oil preserved it. Thin, blade-like, its inner serrate edge pricked the skin and clung to the finger drawn through its scimitar curve. It was a perfect tooth."

"The beast possessing it had perished in his mighty pride. And here with him in the treacherous tar had perished two thousand of his kind. Skeletal parts of two thousand saber tooth tigers have been taken from this California tar pool at La Brea."

"As I stood by the pit I looked about me. Two small ground squirrels watched me from behind a eucalyptus tree; a forest of derricks rose ever against me, pumping oil; a stream

of motor cars whizzed past me on the paved road; but in the pool below, me the oily ooze bubbled thickly; and below the ooze lay heaped the bituminous ends of all the years.

"Geology here had scrapped her later ages. This was Time's dump, the rendering vat, where into nothingness and night each lighted day is melted, each perfect form and life."

"What strange and mighty forms have vanished here; tigers more dreadful than those of the Amazon or Bengal, mastodons of monstrous size, elephants, camels, tapirs, cloths, horses, dire wolves, cave bears and bear dogs bigger than the Kodiak bear, birds and reptiles without like or kind among the living—no forever gone except that their buried bones are found, and on those rude and partial frames rough guesses hung for what were once unique and breathing forms."

output amounting to about fifty per cent of the total, but exporters are confronted with difficulties which tend to hold down foreign trade. Increasing costs of cultivation, owing to a higher valuation of lands, higher wages and cost of machinery and fertilizers have a depressing effect. The price of containers is also high in Spain. The depreciation of currency in other oil exporting countries such as Italy, France and Portugal, places Spain at a disadvantage in the export market, as does also the depreciation of currency in the consuming countries of Central Europe. Much olive oil was formerly sold in bulk to France and Italy, where it was refined, packed and shipped under special brands, but the increased cultivation in Algeria, Tunis and Italy has had an unfavorable effect on this trade.

MEN WANTED

For Positions in The Egg Business. New Dominion law says all eggs must be sold by grade only. That makes an opening for Government egg inspectors as well as more graders, candlers and men trained in the egg business. Country merchants, for example, who ship eggs to city will pay from 25c to 50c a case for grading. You can make independent income or train for these positions by learning egg business in your spare time. Course approved by authorities. Write for information to PROF. GRAHAM, Slaw Schools Limited, 43 Bloor Street, West, Toronto.

Locate Three Men In Big Bond Thefts

Police Expect Quick Arrests In \$22,000 Robbery Last November. New York, Sept. 27.—Detectives at Police Headquarters declare that they had located the three men thought responsible for the plot to sell in this city the \$100,000 in bonds which were stolen last November from a safe of the Southern and Western Life Insurance Company in Cincinnati. One of the men suspected is a Wall Street bank official.

Neither Assistant District Attorney Harold W. Hastings nor any of the men on the case would give out a complete statement, but it was reported that the man at the summer home of his parents at Llewellyn Park, N. J. with William H. McAvoy and John and Hugh MacEwan, he has been accused of criminally receiving \$22,000 of the stolen bonds. He is out on \$10,000 bail awaiting trial in the West Side Court on October 5.

Franks has been the tool of attorneys for the accused broker. "When I talk with Mr. Hastings we will determine how my client can give help to the authorities," said Mr. Buckner. "He has done no intentional wrong."

WHAT'S DOING IN THE MONEY AND STOCK MARKETS TODAY

PRICE BULGE IS RESUMED TODAY

Railway Shares Show Activity in Wall Street—Active in Montreal.

New York, Sept. 27.—(Wall street, opening).—Efforts to continue yesterday's late bulge in prices were resumed at the opening of today's stock market, with the rise most pronounced in the non-dividend paying railroad shares, which were stimulated by the resumption of dividends on B. & O. common stock. Leading industrials were sluggish and several fell off slightly, including Studebaker, Baid, and United States Steel.

FINANCIAL

New York, Sept. 27.—(Wall street, noon).—After an early period of strength under the leadership of B. & O., selling pressure was applied to some of the industrial shares, many of which broke 1 to 2 points during the forenoon. The heaviness extended to some of the railroad stocks, Great Northern Pfd., losing 2 points and Western Maryland second preferred 3 3/4. Towards noon prices again pointed upward in spots, Louisville rising 3/4 points.

Montreal Activity.

Montreal, Sept. 27.—(Opening).—A fair amount of business was transacted during the first hour today on the Montreal Stock Exchange. Prices generally played a tendency to move into lower ground.

Breweries led in point of activity and next active stock was Canada Car preferred. This issue was firmer, registering an overnight gain of two points to 75.

Other price changes included: Steamships, common, off one point to 13; Quebec Railway, off one point to 13; Montreal Power up 1/4 to 126 1/2. Abitibi was unchanged at 62.

Exchange Today.

New York, Sept. 27.—Sterling exchange irregular; Great Britain, 4.55 9-16; France 6.17 1-2; Italy 4.61 1-2; Germany 20.00000005.

TRADE IMPROVES

C. M. A. Reports Indications That Next Six Months Will Show Betterment.

Toronto, Sept. 27.—Without inducing too much optimism reports indicate that the principal cities in the Dominion, which have reached the office of the Canadian Manufacturers' Association, indicate that the next six months will be better than the last year.

OPINIONS ON THE STOCK MARKET

New York, Sept. 27.—Hornblower & Weeks.—"We have yet to witness the character of buying that might indicate change of trend.

NEWS NOTES OF STOCK INTEREST

New York, Sept. 27.—Federal Sugar advanced to 9.15 cents.

BANK DIVIDEND.

Montreal, Sept. 27.—Dividend declared by Imperial Bank 3 per cent. for quarter ended Oct. 31, together with a bonus for the year of 1 per cent., payable Nov. 1.

FINANCIAL NOTES.

Montreal, Sept. 27.—Cables \$4.65 1/2.

London, Sept. 27.—Bar silver, 31 7/8 per ounce.

New York, Sept. 27.—Bar silver 64 3/4.

ALMOST BAGGED A NO-HIT GAME

Morrison, Pirates' Pitcher, is Touched Only Once—Yesterday's Contests.

New York, Sept. 27.—The Yanks lost yesterday to the Tigers 8 to 3, but Detroit dropped further back into third place in the American League as the Cleveland Indians won two games from the Mackmen, 5 to 3 and 6 to 2. The first game went innings.

In the National League there was no action in the pennant race, as both Cincinnati and New York were idle. St. Louis trimmed the Cubs, 5 to 3, in St. Louis. Vance's ineffective pitching in the first two innings, when the Cards collected two and four runs respectively, was responsible for the loss of the final game of the Robins' western series. The Brooklyn batsmen hit hard but could not overcome the Cards' early lead.

Ottawa, Sept. 27.—It is understood that plans are complete to go ahead immediately with the construction of the Ottawa River Power Company's development at Bryson, 50 miles above Ottawa. This company is a subsidiary of the Ottawa and Hill Power Company and owns a development at Bryson, Que., on the Ottawa River, capable of 60,000 horsepower development.

St. John Winners At N. S. Dog Show

At the Nova Scotia Kennel Club's show in Halifax, E. C. Griffin's Queenie won the blue ribbon in the St. Bernard class. In the Newfoundland class, Ritchie of St. John. The special for best of breed also went to the Ritchie entry.

Flour Mill Proposed For Newfoundland

St. John's, Nfld., Sept. 27.—The erection of a flour mill in this country is being promoted by Ralph Palmer, a Newfoundland resident in Canada. Associated with him as directors are E. C. Stuckless, of New York, but formerly of Pileys Island, and Charles B. Jaque, a New York businessman and finance commissioner of Patterson, N. J. Mr. Palmer visited here 18 months ago in connection with the project and in 1922 the company known as the Newfoundland Milling Co., Ltd., was incorporated with a capital of \$1,000,000.

MORNING STOCK LETTER.

New York, Sept. 27.—The confidence of the B. & O. directors will very likely interest the public to some extent at least. However, fundamental trade conditions are not changed. In fact, the majority of trade reports still indicate fall business is below normal, and below rate of production in various industries. Don't believe conditions warrant much of an advance. We think that after some further rally the downward trend will be resumed. Steel trade continues to be the interesting feature of trade. Weekly reviews yesterday reported a waiting attitude on the part of buyers. Eventually we believe this situation will result in lower steel prices. Moreover the steel trade is representative of business in general. We still believe stocks should be sold on strong spots.

BRIDESMAID FROM ST. JOHN

Miss Marjorie Robertson at Telfer-Mowatt Wedding in Montreal.

(Montreal Gazette, Wednesday) Asters and gladioli in pastel colorings with palms and ferns were for the setting for the wedding of Miss Gladys Seaton Mowatt, daughter of Mr. and Mrs. Oswald Mowatt, to Harry Telfer, son of Mr. and Mrs. H. C. Telfer, which is taking place this evening at six o'clock, in St. Andrew's Church, Westmount.

The bridesmaid, Miss Marjorie Robertson, will be escorted by the Very Rev. Dr. W. J. Clark, assisted by Rev. Dr. Joseph Mowatt, of Honan, China, uncle of the bride. The wedding music will be played by Mr. F. Whitley, organist of the church, and during the signing of the register, Mr. J. Leslie Telford will sing a solo.

Fighting In The Streets Reported

(Continued from page 1.) As a further ally, it is pointed out that the Bavarian Government may count on the unarmed support of the Socialists and the trade unions, which are in a position to proclaim a general strike. It is also assumed here that Hitler will be unable to stampede any appreciable following from the rural sections into joining the movement.

Malone and Garboneau Are Refused Purse

St. Louis, Sept. 27.—The city boxing commission has voted to refuse to pay the purses of Jock Malone, St. Paul middleweight and Frank Gibson, a New York, because of their unsatisfactory boxing exhibition here Tuesday night. The commission decided upon the action despite protests by the boxers that they performed to the best of their ability. The bout was stopped in the ninth round after the referee repeatedly had warned the fighters to cease their indifferent tactics.

Australian Has Little Success In Canada

Ottawa, Sept. 27.—Herbert Osborne, of Melbourne, arrived here yesterday to interview officials of the Department of Trade and Commerce over a possibility of trade in mechanical machinery from Australia. Mr. Osborne has crossed the continent endeavoring to interest business houses in British machine tools. He reported little success as he claimed that the Canadian mechanic learned his trade on machine tools of American manufacture.

Roomania Offers Aid

Bucharest, Sept. 27.—It is reported that Roumania has offered the Bulgarian Government military assistance in restoring order in Bulgaria should the Communists' revolution there assume the upper hand.

Depression In Ruhr

Dortmund, Sept. 27.—The news of the Government's abandonment of passive resistance reached the mining section of the Ruhr late Tuesday afternoon and although the local newspapers have been forecasting such action, the official verification of the Government's plan produced a feeling of profound depression among all classes of the people.

Ruhr Miners Strike

Dusseldorf, Sept. 27.—The miners in the Gelsenkirchen, Recklinghausen and Wanne districts, the heart of the Ruhr mine fields, declared a general strike today as the first action in protest against the Berlin Government's decision to give up passive resistance and also against the exploitation of the district by the French.

Russian Princess Seeks Employment

New York, Sept. 27.—"Lady speaking English, French, German, of best family, desires situation to take care of children." Between these lines, appearing today in the Female Help Wanted column of a New York newspaper, could be inserted a story that would substantiate the truth of the adage "Truth is stronger than fiction." The advertisement was inserted by Princess Sofia Toumanoff, a Russian refugee, who with her husband, Prince Toumanoff, is searching for employment to support her old mother and her two sons, George and Vladimir, aged respectively five years and five months.

THREE GREAT MARKETS

Canada's Finance Ministers have from time to time in the past made Loans in GREAT BRITAIN—our oldest market, in the UNITED STATES—now a large creditor, and in CANADA.

When the Rt. Hon. W. S. Fielding, the present Finance Minister, had completed his previous term of office at the same post in 1911, neither he nor any of his predecessors had placed any bonds in Canada. Now Dominion Government Bonds are held about as follows:

In Great Britain . . . \$336,001,469  
In United States . . . \$210,933,000  
In Canada . . . \$1,935,931,576

Pending maturity of other Bond issues, Canada's Finance Ministers will make refunding loans (such as the present issue) in whichever market will, just prior to such maturities, be in the best position to absorb them. We are now in the great position that, for this great loan

LIQUOR IN LONG BRANCH WRECK

Police Inquire Into Alleged Party in Vicinity of Asbury Park.

Long Branch, N. J., Sept. 27.—Miss Adele Ryan, daughter of John Barry Fortune Ryan, who is in Monmouth Memorial Hospital here with a fractured skull as the result of an automobile collision early Sunday in which Lewis Gordon, Norrie, Princeton star athlete, was fatally injured and seven others less seriously hurt, was reported by hospital physicians to have improved during the day.

Indications, they said, point to her recovery. They refused to say whether an operation was contemplated. Specialists who were rushed here from New York on a special train are attending Miss Ryan.

Mr. and Mrs. John Barry Ryan arrived from Stockbridge, Mass., and are at their daughter's bedside. It became known today that Miss Jane Seales of Richmond, Va., who is well known in society, was one of the injured whose names were withheld by the hospital authorities yesterday. Miss Seales was discharged from the institution after receiving treatment for minor injuries. Another of those whose names were withheld was L. S. Preston, who had been visiting at the home of Mrs. Lewis S. Thompson, Lincoln, N. J., an aunt of Norrie and Republican national committeewoman from New Jersey. He, too, was discharged after minor treatment.

Police of Neptune township, near Asbury Park, in which the accident occurred, co-operated with the coroner's office. Chief of Police White said that liquor had been found in one of the cars, but he refused to indicate which. It was learned that two bottles of whiskey and a bottle of Vichy were recovered from the wreckage.

SWIFT JUSTICE IN SPAIN WARNING TO CRIMINALS

Execution of Two Highwaymen Comes as a Surprise.

Port Vendres, Franco-Spanish Frontier, Sept. 27.—(Associated Press)—The execution at Barcelona on Sunday morning of two highwaymen convicted of holding up the paymaster of the Pension Office on Thursday last is taken as a warning to the criminal element of the speedy justice to be expected under the regime of the Military Directorate. The ruffians were tried and executed within seventy-two hours of their crime, a radical departure from the previous mode of dealing with such offenders in Spain.

General Primo Rivera, President of the Directorate, has declared his intention of using the strictest measures against all criminals. The judgments of the courts martial, he promised, would be promptly carried out, and the event the sentences entailed capital punishment, the criminals would no longer be "honored" by a firing squad but would be garroted at the hands of an ordinary executioner.

Another indication of the intention of the Directorate to proceed with energy against lawbreakers is seen in the nomination of General Martines Ando as Under-Secretary of the Interior, as well as the appointment, soon expected, of General Miguel Angelini as General Chief of Police for all Spain.

The problem of the reform of the electoral system, such under existing conditions leaves opportunities for corrupt practices, is one which is expected to give the Directorate some deep thought. The reform which will probably be dissolution of the hereditary rights and life tenure of Senators.

The fundamental idea of reform under consideration is introduction of proportional representation. No mention has been made of women's rights.

ONE TOWN HAS PAID ITS POSTMAN FOR 30 YEARS

Washington, D. C., Sept. 27.—For thirty years, ever since John Wamaker was Postmaster-General, Middletown, Mr. has hired and paid its own postman.

When Postmaster General, Mr. Wamaker tried an experiment in the postal service called "village delivery." Congress failed to authorize part of the extra program and it was discontinued at Middletown, where Charles T. Bost had the job of delivering the mail. The people liked the door-to-door service so well they chipped in and paid \$250 a year to the private postman, who is

CORNS stop hurting in one minute!

For quick lasting relief from corns, Dr. Scholl's Zino-pads stop the pain in one minute by removing the cause—friction and pressure.

Zino-pads are thin, safe, antiseptic, healing, waterproof and cannot produce infection or any bad after-effects. Three sizes—for corns, callouses, and bunions. Cost but a trifle. Get a box today at your druggist's or shoe dealer's.

now seventy-two years old and still at it.

Postmaster-General New estimates that it would cost the people of the country \$800,000,000 a year to get the sort of service Mr. Bost has given. Since the Wamaker experiment, the village service has been established in hundreds of towns larger than Middletown.

WANT ALBERTA COAL

Ottawa Citizens Will Request \$7 Dying "Nothing to Him."

Ottawa, Sept. 27.—A petition is being prepared in Ottawa with a view to obtaining a permanent freight rate of not more than \$7 a ton on Alberta coal to Ontario, and with a view to such coal being retailed in Ottawa at \$14 a ton, delivered to the homes of the people. Representatives from some Alberta collieries were in the city taking orders for Alberta coal from the dealers, and the price they quoted should allow of Ottawans being supplied at the price suggested. The petition is similar in form to those signed in Toronto at the Canadian National Exhibition, which secured about 20,000 signatures.

Teutons Are Doomed, Says Radical Son Of Premier Baldwin

Oliver, Aged 23, Starts on Another of His Adventurous Travels.

London, Sept. 27.—Oliver Baldwin, the Prime Minister's Socialist son, is about to set out for another of his adventurous travels. His twenty-three years of life are crowded with stirring experiences. He has travelled in every European country except Scandinavia and Poland, and in many parts of Africa, and in the East. He has suffered imprisonment at the hands of the Bolsheviks and Turks.

In the drawing-room of No. 10 Downing street, last evening (writes a Daily News correspondent), I asked Mr. Baldwin if he could tell me a little more about his travel plans. He was not too keen.

"No, unfortunately I haven't the money," he said. "After that my plans are uncertain. I just want to see how our affairs are going on in Daily News representation, or Italy or Africa."

"Exploring?" "No, unfortunately I haven't the money."

Mr. Oliver Baldwin is extremely pessimistic of England's future. The only place in the world where an Englishman's word is of any value is in England, he told me. "Do you think Mussolini would have acted as he has if he had thought England had sufficient power to stop him?" he asked.

"No, I told him," he declared. "While driving my car across Hartlebury Common I overtook a gypsy running in the direction of Stourport. I stopped and inquired his unusual haste. He wanted a midwife. I fetched one, and the grateful gypsy started to dig under his tent for the price of a drink."

"No, I told him," he declared. "While driving my car across Hartlebury Common I overtook a gypsy running in the direction of Stourport. I stopped and inquired his unusual haste. He wanted a midwife. I fetched one, and the grateful gypsy started to dig under his tent for the price of a drink."

Mrs. John Simson

Do You Need Help? This Advice Is Well Worth Finding!

Kirkton, Ont.—I have been reading Doctor Pierce's Anuric Tablets to me with an excellent result. I have been troubled with inflammation in the neck of my bladder for about eight years. I doctored but failed to get cured, so I decided to try Doctor Pierce's Anuric (anti-uric-acid) Tablets and they have relieved me greatly.

"I also can recommend Dr. Pierce's Favorite Prescription for expectant mothers. I have a fine, big baby boy. My nurse asked me what I ate to make him so strong. He looked like a child four or five months old when only three. I certainly would advise every prospective mother to use Dr. Pierce's Favorite Prescription."—Mrs. John Simson, R. R. 1.

UPHELD THE PRINCIPAL. (Frederick Gleazer) A special meeting of the board of school trustees did not hold last evening to consider a complaint made by the parents of two children for alleged brutal treatment meted out to their children at the Devon Superior School by the principal, F. E. McDermid. The Board upheld the principal in the action he had taken.

The Gleazer, in connection with the treatment of the children which led up to the complaint, as told to The Gleazer, is to the effect that several boys stood on the steps of the school after being told not to do so by the principal and that the principal being desirous of maintaining the discipline of the school punished them accordingly. Some of the parents felt the offence did not warrant what they regarded as severe treatment, claiming their children carried black and blue marks as a result, and laid a complaint with the trustees, who met last night to consider the case.

Both sides the trustees upheld the principal in the course he had pursued.

Burns Gets Decision. Frankie Burns of St. Stephen, formerly of this city, won a decision over "Billy" Groff of Winnipeg in Chatham yesterday afternoon. It was a ten round bout and was fast and interesting throughout. Honors were even until the sixth round, when Burns began to outpoint his opponent. Two preliminaries were also enjoyed. The bouts were run in conjunction with the fair, and another attraction was an automobile race for Fords only, which was won by Allen McLennan.

Cricket. Capetown Players Win. A cricket team from the H. M. S. Capetown defeated a team from the St. John Cricket Club on the Barrack Square yesterday by a narrow margin of one point, the match ending 97 to 96. Stegman was the batting star of the day, with 59. The others in the St. John team were—Winters, Singleton, Scott, Curtis, L. Young, King, H. Young, Mofford, Snow, and Moore.

Scott Plays in 1,128th Game, Setting New World's Record. Everett Scott, the Yankee shortstop, played his 1,128th consecutive game this week and thereby established a new record for both major and minor leagues in this respect. The Deacon, long ago, set up a new mark for the majors, but statisticians, delving into the records, discovered that Perry Lipe, a player in the Southern League, had finished a record of 1,127 games in a row in 1920. This twenty-one-year-old mark for baseball has been shattered completely by Scott, who started his long string on June 20, 1916, with the Boston Red Sox. If the Yankee shortstop finishes this season without a break he will be able to boast of having played seven complete seasons and most of another.

Could Not Fly to Pole. Amundsen Plane Was Unable to Carry Enough Gasoline for Trip. Seattle, Sept. 27.—What Haakon H. Hammer, business representative of Captain Roald Amundsen, called "the true story" of why an attempt by Captain Amundsen to fly over the North Pole last summer was abandoned has been told by Hammer and Lieutenant Oskar Omdahl, aviator in the project.

Mr. Hammer and Lieutenant Omdahl said that Captain Amundsen had been led to believe that the plane could fly for twenty-two hours with one stock of gasoline, whereas its capacity was only eighteen hours.

Mr. Hammer declared that a break in the landing gear of the plane, to which abandonment of the attempt of Captain Amundsen and Lieutenant Omdahl at Wainwright, Alaska, on the Arctic Coast, had been previously attributed, was a minor difficulty that could readily have been overcome. Lieutenant Omdahl said that tests showed that the machine could not fly when carrying 160 gallons of gasoline and a passenger, whereas 820 gallons were required for the 2,100-mile flight over the pole.

"Pullers" May Strike Chicago's Ghetto in an Uproar at an Order to Stop Yanking. Chicago, Sept. 26.—The Maxwell street market district in the West Side Ghetto was in an uproar today and a strike of "pullers" was threatened as a counter-move against the reported order of the market master, backed by police and the alderman of the ward, that "pulling" cease after next Monday. "Pulling" is the practice of seizing customers outside stores and dragging them in to be shown the bargains on sale. It is more or less of a time-honored tradition in Maxwell street. The "pullers" and their employers declared they were the objects of a campaign by a mercantile association and as members of the retail clerks' union at a meeting last night declared they would strike if necessary to maintain the "pulling."

No two Men are alike in Face or Physique

Many men are of the same height, weight and figure, but in a big Clothing Store it is remarked how few are exactly alike in physical contour. I figured that we would require 1,492 different sizes and shapes of coats to fit perfectly 10,000 customers; and we can do it on the physique type system. The basic theory of the Semi-ready tailoring is the physique type system of cutting. We use it in our stock-suits and overcoats, and amplify it with a photo-type system on Made-to-Measure Suits in our highly organized Special Order Department. Finished-to-fit in a moment, the Semi-Ready Suits are made from the finest woolsens, for there can be little risk in each garment finding its admirer. Top Coats for Autumn and Winter, in the prevailing modes, are so designed that they will remain in style for seven years. And wherever you go in the Saxon world the Semi-ready garment looks as though it belonged. The price of a Semi-ready Suit or Overcoat is based on the original cost of the wool per pound. And wool varies in strength, in fineness, and in value over 100 per cent. That is why you may pay \$25 or \$50.

# GIRL FAINTS AS SHE TESTIFIES IN CASE OF MRS. BESSIE PARKER

Gives Man's Name, and Says That He is Out of the City.

Subjected to the terrific strain of telling in open court, under direct and then under cross-examination, facts in the case in which a charge is made against Mrs. Bessie Parker, Miss Annie White fainted dead away, at the conclusion of her evidence at the trial which started before Mr. Justice Chandler in the Circuit Court this morning. The girl was picked up by Deputy Sheriff Armstrong Clifford and a nurse, who accompanied her, and carried into the sheriff's office, where she soon revived. During the giving of her evidence, she was forced to stop several times to wipe the tears from her eyes, and to clear her throat.

**Names Man.**  
The details of the girl's evidence all been made public through the preliminary examination. She said the father of her child was William Woodie, a married man who lived in Main street. He was now out of town. His wife had also left the city. She said it was Mrs. Woodie who advised her to go to Mrs. Parker, and that it was from her that she received the \$35 which, it is alleged Mrs. Parker demanded to perform the operation. The girl said that she was seventeen years old and lived with her parents. Dr. E. J. Broderick, Dr. C. M. Kelly, and Dr. Evans, also gave testimony. The jury is as follows: William Crabbie, Frederick W. Logan, Frederick Brookings, David J. Stockford, Harold O. Evans, Ernest Whitebone, John Gillis, James D. McKenzie, Benjamin D. Hamilton, A. S. Merritt, Robert T. Warden and Samuel J. Holder. The case is being continued this afternoon. Dr. W. B. Wallace, K. C., is for the crown and E. S. Ritchie for the defence.

**Crawford Not Guilty.**  
The jury yesterday brought in a verdict of not guilty in the case of Thomas Crawford, charged with the killing of Owen McCann, who was struck by an automobile which Crawford was driving. Dr. W. N. Wallace, K. C., appeared for the crown and E. J. Henneberry for the defence.

# PLAN FOR SAFETY AT MARKET SQUARE

Commissioners Discuss Raising Platform at Busy Spot.

At a committee meeting of the Common Council this morning tenders were opened for the tearing down of the old Reed building in Water street, which is owned by the city and was formerly occupied by T. McAvity & Sons and still later by the Memorial Workshops. Only two tenders were received, one from John Flood & Sons, Ltd., for \$250, and the other from Fred E. Stearns for \$28. The former submitted a check with the tender for \$310, while the latter enclosed a check for \$25. On motion, the awarding of the contract to the Commissioner of Harbors and Ferries to report back. Under the terms of the tender, work must be started by September 30 and be completed by November 15.

The question of erecting a raised platform in Market Square for the safety and convenience of citizens using the street cars was brought up by Commissioner Frink, who explained that he would like to get some expressions of opinion. He said he was convinced that some measure should be taken to safeguard citizens, but if it was decided to erect this stand he would like it to be taken care of under incidental, as he would not like to extend the bond issue for the present work.

Commissioner Thornton said it was absolutely necessary to erect a platform where passengers could stand with safety. He suggested one to accommodate 40 to 50 people. He also spoke about a crossing for pedestrian traffic and suggested that two lines be painted near the Robinson building and do away with the present habit of crossing the square from the Horton building.

In answer to Commissioner Frink, who said there would be an uproar if this was adopted, he said it was for the benefit of the public, and they were trying to devise ways and means to protect them.

Commissioner Bullock suggested a covered shelter, and felt that the Street Railway should be asked to cooperate.

It was decided to go to the square and look into the situation.

Mayor Fisher said that he had received from the secretary of the Board of Trade a communication received from Mr. O'Hara, Deputy Minister of Trade and Commerce, with reference to city advertising. The matter was left in the hands of the Mayor, with power to act.

The question of the bill from the N. B. Hydro Commission for \$40,000 was again taken up. Extracts were read from a report by the city solicitor in which he advised that the city pay from the time they commenced to use their power, which was on July 29.

Commissioners Thornton, Frink and Wigmore all favored following the instructions of the city solicitor, saying that they did not think they should do anything other than advised by him. It was announced that the matter would be dealt with at the next meeting of the council.

**REMEMBER WHEN—**  
Murray & Gregory's mill and a large amount of lumber were destroyed by fire on July 4, 1903.

The Sand Point freight sheds were destroyed by fire on March 17, 1903, and the fire spread to the steamer Lake Manitoba but did little damage to the vessel.

The steamer Lake Superior, which opened the winter port service at St. John on Nov. 22, 1895, laid her bones on Round Reed on March 30, 1902.

# FORMER OFFICER OF 26TH MARRIED

Capt. W. H. Carling, M. C., Weds Miss McCarthy at Montreal.

Many former members of the 26th Battalion, as well as the other battalions of the 5th Canadian Infantry Brigade, will be interested in the announcement of the wedding of Captain W. H. Carling, M. C., which took place in the Archbishop's Palace, Montreal, on September 25. His bride was Miss Ursula Grace, daughter of the late Dr. J. G. McCarthy and of Mrs. McCarthy. Captain Carling is a native of London, Ont., but served for some time in France with the New Brunswick battalion, the 26th. He was awarded the M. C. during the battle of the Somme in 1916. Later he was transferred to the 5th Canadian Light Trench Mortar Battery and succeeded to the command of this unit, which numbered amongst its members several St. John and New Brunswick officers and men.

# HALF HOLIDAY PROPOSED FOR DRY DOCK DAY

Mayor to Take Up Matter of City's Part in the Big Occasion.

Asking for the support and co-operation of the commissioners and expressing a hope that they might see their way clear to proclaim a half holiday on the occasion of the official opening of the dry dock on October 29, a letter was received from Manager Frank M. Ross, of the St. John Drydock & Shipbuilding Company, and read by Mayor Fisher at a committee meeting of the Common Council this morning. The writer explained that His Excellency the Governor General would be in the city at the opening, and that a luncheon would be prepared for 200 or 250 prominent people, and if the members of the council wished to invite any guests they would be heartily welcomed.

That the city would derive great benefits from the publicity which would mark the big event, was a feature pointed out by Mr. Ross. He explained that every effort was being made to make the opening a notable success and he felt that proclaiming a half holiday for the occasion would materially help.

Mayor Fisher explained that some business men had recently called on him and suggested the formation of a committee to ascertain details regarding the program and to determine whether or not the city would take in it. He said it was in order to have this committee formed, but did not feel the assumption of responsibility. Commissioner Wigmore moved that the matter be left in the hands of the Mayor with power to act and this carried.

The Mayor then announced that he would call a meeting early next week, probably on Wednesday.

# MANY TRIBUTES TO MR. GOLDING

In many ways, since the death of John N. Golding, has the sympathy of the family friends and the community in general been shown to those bereaved. Many telegrams and cards bearing messages of condolence have been received, hundreds of friends have called to give verbal expression to their feelings of sorrow and sympathy, a great number of floral tributes were sent, and at the funeral this afternoon a large number assembled.

The funeral was held at 2:30 o'clock from the residence of W. H. Golding, Sydney street. Impressive services were conducted by Rev. James Dunlop, pastor of Central Baptist church, who also read the commitment service at the grave in the family lot in Fernhill. At the home service a small choir from the church, under direction of Miss Beryl Blanch, organist, sang appropriate hymns. The casket was borne by sons and grandsons of Mr. Golding.

The floral pieces were of great number and exceptional beauty. Outstanding among them were a large wreath and pedestal from the Imperial Theatre employees here, set pieces from the executive heads of the Keith interests in New York—a cross from E. F. Albee, president; wreaths from E. G. Lauder, executive general manager, and H. L. Watkins, general superintendent—an open ledger with rulings showing the balanced account, from J. & A. McMillan, with whom Mr. Golding was a valued employee for half a century; floral remembrances from film agencies in the city, and many pieces from personal friends in New York, Montreal and St. John.

The funeral of Emma M. E. Philips took place from her late residence, 18 Peters street, this afternoon. Services were conducted by Rev. Hugh Miller. Interment was in Fernhill.

**NEW WATER MAIN.**  
Commissioner Wigmore, of the Water and Sewerage Department, announced this morning that a start would be made on next Monday with the installation of a new twenty-four inch main from Barnhill's corner to the reservoir, which is to replace an old twelve inch main; the installation of a twenty inch main from the reservoir to Watson street, and a sixteen inch main from Watson street to Ludlow. He said that the second shipment of pipe for this work is on hand. The contract for the trench work and re-fill was awarded to the Stephen Construction Company, but the pipes will be laid by the department.

**AT FERTILIZER WHARF.**  
The schooner Walter C. arrived in port this morning consigned to the St. John Fertilizer Co. and docked at their wharf, Strait Shore. She brought a load of chemical.
