On Thursday, 19th December, 1887.

The Seventy-fourth Annual Meeting of the Nova Scotia Auxiliary Bible Society was held Dec. 19th in Chalmers' Hall, there being a fair attendance of ladies and gentlemen. The meeting was opened at 7.30 o'clock, with the PRESIDENT in the chair, by REV. MR. MCMILLAN reading a portion of Scripture, and engaging in prayer.

MR. FARQUHAR, the Secretary, read the fifty-ninth Annual Report.

It was moved by REV. FOSTER ALMON, seconded by MR. JOHN GRIERSON, that the reports be adopted and printed with the usual appendages, for circulation under the direction of the Committee. The resolution was adopted. REV. MR. STROTHARD moved the following resolution. which was seconded by MR. P. LYNCH, and adopted:

"That this meeting begs to thank the ladies' associations and branches throughout the provinces for their valuable assistance to this Auxiliary during the past years, and trusts that they will continue to aid in the circulation of God's word, and hopes that the friends in the sity will emulate the efforts of the branches in the country."

The REV. H. H. MCPHERSON moved seconded by J. S. HUTTON, in interesting speeches; "That the officers of the past year be re-elected, with such alterations as may be necessary, owing to removals or deaths."

REPORT.

ANOTHER YEAR has come and nearly gone, and the Committee of your Auxiliary have met to present their Fifty-ninth Annual Report, though the Society in whose interests they have met was formed on the 24th November, 1813, and it is therefore seventy-four years since Halifax numbered among its benevolent and philanthropic institutions the Nova Scotia Auxiliary Bible Society. Within that period how many institutions have been formed; how many have "come and gone," and this one yet remains honoured of God and delighted in by many of His children.

As the little spring that rises on the mountain and gathers strength in its course, and at sometime carrying fertility, mechanical power and utility along its banks; so this institution has brought blessings to many in its flowing along the stream of time. Even this one has been a partner with the many other benevolent institutions which have so signally characterized the Victorian Era; some of which having accomplished their purpose and departed; some seemed to have failed of the purpose aimed at; while many yet remain to shed blessings to yet unborn hundreds of the fallen race of Adam.

Very little new has occurred in the history of this Auxiliary during the past year ; but as on many former years we have to mourn the removal from our number by death this time, two highly esteemed Vice-presidents, the Hon. Sir William Young, Knight, and George H. Starr, Esq., two of the oldest members, and the two most liberal contributors.

But of those and other changes we will have occasion to refer more particularly when we have to treat of the local affairs of the Auxiliary. Meantime, as usual, the Committee would refer for a birds eye view of the Parent Society operations in the world to the Society's Eighty-third Annual Report or the abstracts of the same.

The Committee regret that they have again to report a falling income. In 1885 the receipts were 15,300l less than in 1884. In the year just closed, upon this reduced income there is a further reduction of 16,000l., making in the two years the serious decline of 31,300l. The chief decrease is in legocies, which (although still above the average) are less than in 1885 by 10,000l. Donations have sunk by 3,100l., and the free contributions from the Auxiliaries have further suffered to the extent of 2,700l. The receipts for Scriptures sold at home and abroad are less by 629l. than last year. There is thus a decadence in all the chief items of interest.

The summary financial statement for the year ending March 31, 1887, stands thus: Free income, 116,761*l*. 3s. 6d.; receipts for Scriptures sold at home and abroad, 104,888*l*. 16s. 5*d*.; Roxbury Fund for colportage in India, 104*l*. 6s.; making the tetal receipts 221,754*l*. 5s. 11*d*.

The expenditure has been 231,776*l*. 3s. 1d., which is less than that of the previous year by 9,053*l*. 12s. 4d., but 10,000*l*. in excess of the receipts.

The Committee do not wish to convey a gloomy view of the Society's financial condition. They feel that there is ground for thankfulness that at a period of such commercial and agricultural depression, and amid the evergrowing pressure on Christian benevolence, so goodly a sum as thankfu entruste ing the in the e able asp there is

omy view that there such comthe evergoodly a sum as 116,009% has been contributed. They are also thankful that their endeavour to economise the funds entrusted to them has effected (without seriously impairing the efficiency of the work,) so substantial a reduction in the expenditure. Still, viewed under the most favourable aspect, while there is no ground for despondency, there is for anxiety.

The Committee are well aware that where twenty years ago there was one applicant for a charitable donation, now there are ten. And they rejoice in such an amazing development of the Church's zeal. But remembering that the Bible Society is an active partner in nearly every religious and philanthropic enterprise at home and abroad, and that the weakening of its resources involves the crippling of so many other Christian agencies, they think they have a right to appeal strongly for such support as will enable them to maintain the Society's operations on the same generous scale as in the past.

The Society's financial position has of late years been largely sustained by an unwonted influx of legacies. It is new suffering the adverse consequences of the loss of so many living friends. Numerous and munificent bequests have shown both the number and value of the friends it has lost. The cessation of their gifts is making itself felt in the waning of the Free Contributions; and unless now subscribers are forthcoming, the Committee fail to see how the pecuniary position of the Society is to be retrieved. They commend this consideration also to the serious attention of all their friends and supporters.

The Issues for 1886, while they do not quite reach the unprecedentedly high standard of the two preceding years, are yet very much above the previous average. They stand thus :—

From the Depôt in London - 2,075,887 copies. From Depôts abroad - - 1,856,791 "

Total - - - - 3,932,678 "

The above total consists of 833,692 Bibles, 1,690,596 Testaments, and 1,408,390 Portions.

Several important foreign returns have not been

14

received. The figures given above represent the actual circulation as accurately as present information allows.

The total issues from the commencement now amount to 112,253,547 copies of Scripture, whole or in part.

There has been an addition of five to the list of the Society's translations; they consist of Portions only, and are as follows :---

Aino. Spoken by the aboriginal inhabitants of the Isle of Yeso, Japan.

Badaga. Spoken by a tribe inhabiting the Nilgiri Hills, in South India.

Gogo. Spoken by a tribe inhabiting a country to the south of Masia, Eastern Central Africa.

Luganda. Spoken in Uganda, Eastern Central Africa. The language spoken in the Duke of York Island-New Britain Group.

They are all small languages, for the very satisfactory reason that there no longer exists a large language without the Bible. But the number of minor languages which wait to become the channels of Divine truth is great beyond our telling.

The Committee now beg your attention to a brief sketch of the Society's work in a few of the principal countries of the world. A fuller description, with detailed narratives, will appear in the Annual Report. By prescriptive right the first place belongs to

FRANCE.—M. Monod takes strong exception to the frequent statement that France is hepelessly averse to evangelical religion. In disproof of it he points to the success of the McAll and similar missions, and to the known results of this Society's labours. Of the latter, the following instances are cited :—A pastor, visiting a dying man in a village on the Loire, found him "ready to depart," having learned to trust in Christ as his Saviour through a Bible given him when a portor in the Paris Exhibition in 1878. M. Monod, by personal visitation, traced the formation of a Protestant church at Fleurance to a Bible bought of a Colporteur eleven years ago. He acknowledges that the time of harvest is not yet, but he rejoices in the ingathering of the first fruits as a pledge of its coming. **M.** :

M. Monod claims, as an indirect result of this Society's efforts, the publication of a new translation of the Four Gospels, by M. Henri Lasserre. It is dedicated to "Our Lady of Lourdes," and bears the imprimatur of the Arch-bishop of Paris. Its form is that of an ordinary book, and its language is modern French. It has passed through nine editions, notwithstanding its price is four. francs-a contrast to this Society's Testament and Psalms at twenty centimes ! Your Agent believes that this new departure is intended as a contradiction to the charge that the Roman Catholic Church is opposed to the reading of the Bible. As the translation is freely but faithfully done (of course from the Vulgate,) and will doubtless be read by thousands who would never look at the Society's versions, M. Monod hails its appearance with joy. The bulk of his report is occupied with the doings of the Colporteurs, who are the main-stay of the Society's work. He has visited many of them during the year, and his verdict is that, while they have diversities of gifts, they are all true servants of Christ. Their sales have been somewhat smaller than in 1885, owing to the dire poverty prevailing in the manufacturing and commercial departments. The increased issues from the depôt and subdepôts more than compensate for the deficit in colportage. The total circulation amounts to 124,286 copies, including 19,617 supplied to other societies.

BELGIUM.-Belgian industry has been checked, leading to strikes, riots and bloodshed.

Poverty and tumults are inimical to Bible sales. The celporteurs, with harder and more painful work, sold fewer books. They succeeded. however, in disposing of 6,736 copies—each one, be it remembered, accompanied by the testimony of a living witness to its truth and power. The voice of another old colporteur, Delplace, has been silenced by death. His joy was to speak of Christ. A colporteur who lives where there is no Protestant Church, was, a few years ago, so frequently called upon for explanations of Scripture that he set apart Sunday afternoons for receiving such inquirers. This has ended in the establishment of a regular service in a larger building. Many of the attendants have become communicants at an Evangelical Church in a neighbouring town.

The total issues were 11,898, which is less than the preceding year by 7,189 copies. The distribution of 5,000 Gospels at the Antwerp Exhibition in 1885 accounts for much of the difference.

Evangelical congregations and Sunday-schools are enlarging and multiplying. At Charleroi, 1,212 adults were present at the Christmas festival, besides 300 children. The schools are liberally helped by Scripture grants.

HOLLAND.—Mr. Grelinger tells us of grave events in Holland—of social, political, and ecclesiastical conflicts, the last ending in a schism in the National Reformed Church. In these strifes he has taken no part, but he abides the result with anxiety.

In all his arrangements your Agent tried to smooth the way for this Society's withdrawal from Holland. He has abstained from extending its work, and has advised intending purchasers to go to the Netherlands Bible Society. It is to be hoped the failure of his disinterested efforts will not dishearten him, for he states, that, to his disappointment, his sales have been greater than ever. They amount to 30,028 copies. The principal channels of distribution are sub-depôts and evangelists. There are no stated colporteurs. Unhappily the important Dutch colonies are so inadequately supplied with Scriptures that they still need this Society's assistance.

The most generous contributions received from the Continent are from Holland. Mr. Grelinger has remitted 3351. 2s. 5d., for which the Committee tender their warm thanks to the donors.

GERMANY AND SWITZERLAND.—Mr. Watt writes: "The year has been an uneventful one; but our hands have been full of work, and our hearts full of gratitude." A very happy combination.

The wisdom of the administrative changes described in last year's Report (pp.42-46) has been established by the unanswerable evidence of success. Their effect has been a reduction of 36,000 copies in the Society's sales. But this was foreseen and designed. It does no indicate that le Scriptu a resul gradua been conationa cordial

A conference of these societies has been convened to consider the practicability of forming a national German Bible Society. This Committee most cordially wish success to the patriotic proposal.

Mr. Watt is with great discretion carrying out the Committee's wish to retire from those districts where other agencies would fulfil the work. In 1884 the Society's colporteurs in Germany were 50, last year 42, and now there are but 31. In every instance the removals have been from places which were sufficiently attended to by others, and no colporteur has been ungenerously dismissed.

The total circulation has amounted to 363,094 books. The sale of Hebrew New Testaments and of New Testament Portions has advanced from 967 to 1,460 copies; and of Judzo-Polish New Testament Portions from 358 to 1,555.

The veteran Major Westphal, for 30 years the zealous distributor of the Society's Scriptures to the Royal Prussian Army, has fallen on sleep. It was his privilege to put into the hands of the soldiers upwards of 800,000 copies, chiefly New Testaments. The Emperor has appointed Captain Von Dewitz to be the late Major Westphal's successor. Mr. Watt is very thankful for the choice. The Captain is endeavouring to bring the German Navy within the scope of the Society's operations.

SWITZERLAND.—The Society, by measures explained in last year's Report, (pp. 51 and 52,) has been withdrawing from direct action in Switzerland, and is leaving Bible distribution to the Cantonal Societies. Assistance is rendered them by conditional liberal discounts. The Committee are thankful to find the results fully justify their adoption of the policy recommended by Mr. Watt. A pastor in the remotest Alpine valley can new procure Scriptures for his flock by return of post at the same prices as at the Berlin Depôt.

The Committee have transferred their last colporteur, Burkhalter, to the Berne Bible Society. They cherish the hope that, by a confederation of the Swiss Bible Societies for this end, colportage may be conducted on a scale more commensurate with the needs of the cantons, and more efficiently than is practicable by a foreign Society.

AUSTRIA AND HUNGARY.—The report of this Agency derives peculiar and painful interest from the fact that it is the last we shall receive from the pen of Mr. Millard. After forty years faithful and successful service, he retires to a well-earned rest. The Committee, in accepting his resignation, adopted a minute recognising the greatness of the work God had enabled him to perform, and expressing towards him personally and officially their high esteem. The Society's work in Austria was commenced, and has been by God's blessing brought to its present efficiency and completeness, by him. The total number of Scriptures issued under his superintendence during his connection with the Society is 4,758,262 volumes.

Your Committee, after much inquiry and prayerful deliberation, have appointed Mr. H. E. Millard to the Agency. He has been for nineteen years his father's assistant, and by residence in various parts of the empire has acquired the languages and geographical knowledge essential to the discharge of its duties.

The circulation during Mr. Millard's closing year of office has been the largest in any ordinary year, 167,959. Of these, 96,000 have been disseminated by the most productive of all methods, colportage. Generally the colporteurs have been welcomed. But some have been honoured to bear for the Master vile abuse, forcible ejectments, and cruel blows. Not one, however, has abandoned his post on these accounts.

The kingdom of Hungary far outstrips the other portions of the Empire in its demand for Scriptures. And it has the exclusive honor of allowing the Word of God "free course."

Under legal restraints almost amounting to prohibition, 19,000 copies have been circulated in Bohemia, of which 9000 go to the credit of the colporteurs. In many Portions In many number tions in a gratutiou Mr. M tone. The ever. H has made and usefu present jo

In many districts the extremest poverty has limited the number of purchasers. The colporteurs have instructions in all cases of absolute penury to supply Portions gratutiously to those who desire them.

Mr. Millard's final report is written in no faltering tone. The Word and the work are dearer to him than ever. His testimony deserves recording. "The Bible has made my heart happy, my life's work both delightful and useful, my home cheerful, my family united, my present joyous, and my future glorious."

ITALY.—Signor Meille writes in the happy mood induced by success. To his delight and surprise the issues have made another bound forward. Last year they were the highest on record—95,679; this year they have reached 129,028 volumes. The figures have more than doubled in five years. There is an increase of 2,000 in entire Bibles, which, however, none will wonder at, who know what a beautiful copy the Society sells for a franc.

The number of colporteurs is the same as before, (37,) but they have sold more by 23,604 volumes. Mr. Meille ascribes much of this progress to the acquisition of some colporteurs who have been manifestly "Called of God." to the work, and are "not disobedient to the heavenly vision." The advantage in the depôt sales is fifty per cent. The only retrogression is at Rome. Mr. Meille says he has written his report "with a thankful and rejoicing heart." It will be read with like feelings.

Two men went to the districts devastated by the recent earthquake, and, along with the local pastors, distributed Testaments and Gospels to the sufferers, at the same time dispensing alms entrusted to them by Christian friends.

Del Principe visited 120 towns and villages, in the Abruzzi, where travelling is as toilsome as it is unsafe. He sold 8,000 copies among a population notorious for crime. A priest offered to relieve him of all his trouble by buying his whole stock ; but, more than suspecting his motive, the colporteur preferred selling them from house to house. There are signs of a projected reconciliation between the Italian Government and the Pope. Should the purpose be realized there would probably be a curtailment of evangelistic freedom. It is therefore a special duty to take advantage of the present liberty.

SPAIN.—The Rev. E. R. Palmer gratefully witnesses to the better treatment of colporteurs under the present Government. The men enjoy more freedom, and illegal interferences are promptly redressed and punished.

Mr. Palmer has added to the usefulness of the Spanish New Testament by supplying it with complete references.

He bears high testimony to the Christian character of the colporteurs, of whom there are about 28. Out of a total circulation of 56,280 volumes, 31,903 have passed through their hands. That the issues are larger this year is particularly encouraging, because other Bible societies which draw their supplies from the Madrid depôt have reduced their purchases by 6,163 copies. The difficulties of colportage are intensifying. In many parts the Church of Rome is as powerful and combative as ever. But, by the law of reaction, infidelity, a worse foe than Rome, is rapidly spreading. The Colporteurs find that the hatred of the Bible, which is the offspring of unbelief, is more bitter and unrelenting than that begotten by superstition. An infidel newspaper of the most virulent type, and of wide circulation, is doing unspeakable mischief. Again and again the Agent laments the want of the missionary to nurture the tender plants springing from the good seed scattered by the colporteur. Many wither away through lack of culture.

PORTUGAL.--Several events distinguish this year's work. The gracious acceptance of a Bible by the Crown Prince, on the occasion of his marriage, is an unprecedented and auspicious recognition of the Society. A new era in Bible reading in Portugal has been opened by the independent publication by the trade of a revised edition of Figueiredo's translation, without notes, and edited by an eminent literary man. The Roman Catholic patriarch of Lisbon, in a strongly recommendatory preface, writes: "This Book is the book par excellence—the book for all times and positions— Anothe Leite to th the west co much else circulation standard is however, Portuguese the Bible S

Another incident of the year is the visit of colporteur Leite to the chief towns in the Portuguese settlements on the west coast of Africa. He sold 977 copies, and did much else to further the kingdom of Christ. The total circulation is nearly 700 greater than last year. But the standard is low for the size of the country. There are, however, many indications of a favourable change in Portuguese public opinion towards both the Bible and the Bible Society.

DENMARK.--The Rev. J. Plenge has been preparing his fellow-countrymen for the Society's intended withdrawal. But they are slow of heart to believe his warning. He finds his task difficult and painful. To advance is far more congenial to his spirit than to retreat. His report, which begins in sadness, ends in triumph, for the circulation of 46,047 volumes is the highest ever reached. The Society commenced its work thirty years ago, at a time when a revival of religion created a strong desire for the Scriptures. Although 750,000 have been since issued, the annual sales are now three times greater than at first.

NORTH RUSSIA IN EUROPE, AND ASIA .- To compress the Rev. W. Nicholson's report of his enormous agency into a paragraph is no light task. There is an excess of 6,606 copies over last year in direct sales, making 282,025. Another 100,000 copies of the People's Edition of the Testament have been supplied by the Holy Synod, and still another 100,000 are in the press. They are eloquent figures. The colporteurs have advanced on their They are credited with 65,712 previously high numbers. copies, dispersed over a territory larger than Europe-from Archangel to Fort Kopal on the frontier of China, and from the Gulf of Finland to Irkutsk in Eastern Siberia. In no field have your colporteurs to endure such hardness; but to compensate for it, in none are the people so well affected to the Bible. In the deep reverence paid to "the Holy Book" by the Russian peasant there may be an element of superstition, but this is better than the contemptuous rejection of some Western nations. The soldier is called "the colporteur's friend." The finding of a camp is, to a colporteur like the discovery of a gold-field to a miner.

The Agent again reminds the Committee that "there remaineth yet very much land to be possessed." He announces, however, that two good steps have been made towards taking possession. In Asiatic Russia a new depôt has been established at Omsk, the capital of Western Siberia. And a centre of work has been occupied at Samára, a town of 60,000 inhabitants on the Volga.

SOUTH RUSSIA.—An annual advance has become so customary in Mr. Morrison's issue that every year it is naturally looked for, and it is found. The circulation has reached the highest figure ever attained, 150,991 copies; an increase of 13,499 on the returns of 1885. The enlarged issues are accompanied by augmented receipts and diminished expenditure. The colportage sales are slightly less, for which the withholding or withdrawal of licenses by the police is solely responsible. The depot sales are 16,553 more than in the former year. This encouraging fact springs from a yet more encouraging cause, a growing use of the Bible in schools.

The Caucasian colporterus have visited the town of Alexandropol for the first time since the Protestant Armenians were driven out in 1883, (see report for 1882, pp. 144-6.) They have again ventured into Djelal Ogli, where in 1881 colporteur Tavakalianz was so cruelly beaten as to unfit him for further service. One colporteur has again bravely invaded even "savage" Daghestan. All honour to these heroic Gospel pioneers !

In 1886 there were circulated in the whole of Russia 450,115 volumes of the Scriptures. Who can estimate the significance of this simple statement?

TURKEY.—Dr. Thomson, (now the Society's senior foreign Agent,) finds Turkey as difficult to manage as do Western diplomatists. In every Province the work is stopped or hindered by local officials, (generally at the instigation of ecclesiastics,) causing heavy expense and loss of sales. The Turkish *people*, however, are favourably disposed rather than otherwise to the Society's work. The nmadans treat them with respect, and often buy their books, where nominal Christians insult and persecute them. Scutari, in Albania, is once more occupied by the Society, after an absence of some eight years. The American Bible Society having retired from Greece, this society has accepted the additional responsibility thereby thrown upon it. There is a still further diminution in the depôt and colportage sales, which amount to 23,720 books. Free grants were made to the number of 3,539; and 23,666 volumes were supplied to other societies, chiefly for Bulgaria, giving a total of 50,925. This luckless principality has had much attention devoted to it, but not with proportionate recompense. In addition to other adverse influences, atheism has been largely imported by students and teachers from foreign nniversities.

The islands of the Grecian Archipelago and the Mediterranean have been diligently visited. Crete, Mitylene, and Cyprus have purchased largely.

EGYPT.—The Rev. R. H. Weakley's Agency, for its interesting religious associations is exceeded by none. Egypt, Palestine, and Syria are countries a christian can never name without peculiar and deep emotions. Emotions of another kind are excited when our thoughts turn from the past to the present. Their condition to-day is sad in the extreme.

Mr. Weakley describes his work in and around various centres. The total circulation is 13,585 books in 23 languages. No large expansion can be looked for at present. The supply is abundant, but the demand has to be created.

In Alexandria and Cairo there is the encouragement of more frequent purchases at the depôts. At the latter the Coptic patriarch has bought considerable quantities of Coptic and Arabic Gospels.

Mr Taylor labours zealously and steadfastly at Port Said, one of the most trying positions to mind and body a Christian man could occupy. He paid during the year 992 visits to ships passing through the Suez Canal. Ridicule and abuse were plentiful, but an occasional "God-speed" has kept him in good heart. Still more is he cheered by signs of the Divine blessing on his toils. He has sold 983 copies.

23

Syria is almost closed to Christian effort by Turkish intolerance. In Palestine the Government represses every Christian work where it touches Mohammadanism. Evangelistic colporteurs have been employed in some districts in connection with the Church Missionary Society and the American Presbyterian Missions, and some joint depôts are maintained. In Jerusalem the Easter pilgrims were thoroughly looked after by Mr. Lethaby. They were either supplied with a Gospel, or told where one could be had; 3,207 copies in fifteen languages were accepted.

Abyssinia is fast shut against all missionary work. The Swedish missionaries after fifteen years residence have been expelled from Shoa. Providentially the Italian occupation of Massowah enables them to remain on the border of the country, but their sphere is limited to the military lines. Many Gallas visit the town, for whom the Ittu Galla Gospel of St. Matthew lately published by the Society has appeared at an opportune moment.

At Aden a young converted Muhammadan named Ibrahim is working as a colporteur with a prudent ardour which is gaining him considerable influence.

PERSIA.—The spiritual soil of Persia is sterile, but it has oases not a few. The report of the colporteurs are particularly interesting in their narratives of conversations with one man in a village, and another in a town, whose hearts the Lord has opened. The word of God has been carried by colporteurs for the first time into a Muslim College to Hillah, (Babylon,) Sinna, (the capital of Kurdistan,) Kermanshab, Kerbela, (the Shiah shrine,) Nedjef, (the tomb of Ali,) &c. Colporteur Benjamin continues earnest and courageous as ever. The late Rev. G. Shirt wrote from India that he had baptised a Persian and his wife, whose enlightenment and conversion were due under God to a Bible purchased from him.

The Rev. T. R. Hodgson, of Baghdad, has twice visited Bushire, now a large and important city on the Persian Gulf, to arrange for the establishment of a depôt, to be jointly supported by the Church Missionary Society and this Society.

Dr. Bruce has completed the second revision of the New Testament, and is engaged on the first revision of the Old. INDIA.

INDIA .- Besides the great and growing ordinary work arried on throughout India, two classes of natives were entioned in the last report as receiving the Committee's becial attention-the women and the university students. o the latter, copies of St. Luke's writings, the Testament, nd the entire Bible have been given to those who have assed the matriculation, the intermediate, and the B. A. or hy higher examination, respectively. Grants have again en made to various missionary societies in India to enable em to employ additional Bible-women to visit zenanas. he subsidies offered have been widely and gratefully cepted to the full extent of the sum devoted to the purse, which has been larger than in the previous year. he Committee's object-which is the promotion of the rculation and reading of the Scriptures-is now more early understood, and the work is becoming better ganized.

MALAYSIA.—Few spots in the world of so small an rea contains such a varied population as Singapore. The lost numerous race is the Chinese, but Malays, Tamils, rabs, and many others abound. The sales of the whole gency were in twenty-seven languages, and amounted to 9,475 copies, of which nine-tenths were circulated by colortage. Very successful visits have been paid to the eninsula of Malacca and the islands of the Indian Ocean. Idditional European colporteurs are greatly needed.

CHINA.—Conscious of required strength, China is sserting its self-reliance by giving greater liberty to oreign Christian agencies, while at the same time restrictng the abused freedom of French Roman Catholic Missions. t is hoped that the provincial authorities will respect the mperial command, for during 1886 there were furious outursts of fanatical hatred against foreigners in mid-China, y which the lives of two of the Society's employés were eriously endangered, and considerable property was deroyed.

The Committee have again been stimulated by a municent gift of 2,000/ from the venerable friend who had reviously contributed 8,500/. to the dissemination of God's Vord in China. The question he asks is, "Is the Bible to pervade China? Who will help!" If others would reply, if not in the same way, yet in the like spirit, neither the means nor the men for China's evangelization would be long wanting.

JAPAN .- The Committee's efforts to procure a full Agent for Japan have hitherto been unsuccessful. As the Rev. P. K. Fyson, who has acted as the Secretary of the Tokyo Corresponding Committee, is expected in England in the autumn, they will await his return before taking any further step. Chiefly through lack of an accredited Agent able to give his whole time to the work, this Society's share of Bible dissemination in Japan is comparatively small. The number circulated last year was 6,544, mostly by col-portage. The translation of the Old Testament is to be portage. completed by mid-summer. The whole Bible will then be available in Japanese. Nine of the books of the Minor Prophets were published in 1886. The first part of the New Testament has been issued in the language of the Ainos, the aborigines of Yeso. The demand for English Scriptures in Japan is large and increasing. It is a pleasing proof of the widening interest taken in the Word of God, that the members of the Scripture Union already exceed 5,000.

It is a matter of sincere regret to the Committee that the limited space at their command compels them to leave so many important countries unnoticed. Australia, from which the Society receives much generous support, merits much more than the brief reference to the "Jubilee Testament" previously given. The Society's two agents, the Revs. H. T. Robjohns and E. W. Robinson are devoting themselves to the extension of its work and interests in these colonies with encouraging success. New Zealand, now placed under Mr. Robjohn's superintendence, will henceforth be brought into closer connection with the parent society. In Canada, and the other North American provinces, and in South Africa, vigorous operations are carried on by local Auxiliaries, and liberal contributions are remitted to promote the general diffusion of the Scriptures. The Society has two valuable agents in South America, the Rev. J. M. G. Dos Santos, in Brazil, and Mr. Henriksen in the States of the Argentine Republic. A steady work is also going forward

And in the South Sea Islands and New Guinea the Word of God is being glorified by the regeneration of heathen races which not long since were "hateful and hating one another," but are now by the grace of God leading holy, peaceful and useful lives. But most relucantly the Committee must let these few lines of grateful recognition suffice, and refer their friends to the Annual Report, where they hope the kind services rendered by all will be more adequately acknowledged.

CONCLUSION .- This brief and fragmentary review of the Society's work for the past year, notwithstanding all hindrances and disappointments, conclusively proves the abiding truth of our Lord's declaration, " The words that I speak unto you they are spirit and they are life." Just as the grain of corn of to-day retains the life and reproductive power with which it was endowed at creation, so His Word still possesses unimpaired vitality and quickening energy. It therefore does not return unto Him void. That the Bible is old is no proof that it is effete. The sun is far older than the Bible, but its brightness is not dimmed, nor have the marvellous inventions of modern science superseded it, or even diminish its value. While, however, the sun is so old, the light which emanates from it is " new every morning." Thus it is with the Word of God. Although written by divinely inspired men of old, the truth which enters the soul is a new ray from the Sun of Righteousness received through the Spirit of God. "God, who commandeth the light to shine out of darkness, hath shined in ourhearts, to give the light of the knowledge of the glory of God in the face of Jesus Christ."

Returning again to the work of your own Auxiliary we have to testify to the continued and increasing confidence still reposed in our Agent and his work. He has laboured with much diligence and acceptance in the cause, and his reports herewith submitted speak for themselves of travel and labour for the cause ; and we are happy to notice that that confidence is shared in by the several branches, as shown by the increased, subscriptions from them.

As already noticed, we mourn the death of Sir William Young, Knight, whose connection with the Auxiliary dates as far back as 1842; forty-five years a member. On the 18th November, 1867, he was elected Vice-President; and for a number of years, during the time he was Chief Justice, he regularly attended the meetings of Committee, and always evinced a warm interest in its work, thereby giving encouragement to its then Agent.

George H. Starr's name first appears as a contributor in 1850, and in 1857 his name appears among the members of Committee; in 1885 he was elected a Vice-President, which office he filled till his death. He was so liberal in his contributions to the objects of the Society that for most of thirty years of his connection with it, he was the largest annual contributor to its funds. When in health he took a lively interest in its operations, and by his last will he bequeathed the handsome legacy of one thousand dollars to its funds, which, in course of time, will be paid over to the Treasurer. This is only one of the many benevolent institutions which will be blessed by his bounty.

After the above paragraphs were first written, we have been called upon to mourn yet another loss, for since then the grave has also closed over the mortal remains of James F. Avery, M. D., another veteran whose name first appears in the Report as a subscriber in 1838, and in 1848 was elected a member of the

Committee, which office he continued to hold till the ay of his death, which occurred in the ninty-fourth he death of Sir year of his age. He too was ever active in his attenon to duty when able to give activity to work in this ause, and by his will he bequeathed five hundred ollars to the funds.

> "Blessed are the dead who die in the Lord, they est from their labours, and their works do follow hem." It is the Bible alone that makes known the act that good works do not go before but follow, and uch is the reflection on the lives and deaths of the ged saints above referred to. During their lives they contributed right royally to every object intended to aise fallen man, and by their deaths they all left indurable monuments which will make their names to down to posterity, to be honoured by those who are yet unborn; when some who enjoyed a greater share of wealth than they must soon be forgotten. The names of the Murdochs, Hunters and Cogswells, with many others who took part in the great work of spreading the Gospel of the kingdom when here, for they all gave active loving labour as well as money to this great work, and now it is hoped "they shine as those who turn many to righteousness, as the stars in the firmament."

> Another benefactor of the Society, though indirectly, has by her will bequeathed a handsome legacy for its objects; the late Mrs. E. Binney, who bequeathed four hundred dollars to the Ladies' Bible Association, and four hundred dollars to the Bible Woman's Committee of the same institution. Mrs. Binney was also

very early connected with the Society, first as a menber of the Committee of the Ladies' Association, and afterwards as Secretary, in which capacity she devoted great attention to the work of the Agents and Bible women, and by those bequests testified her confidence in, and appreciation of a work which she had so long supported, and who was, of all others, the best judge of its efficiency. These sums are funded, and the proceeds with that of a similar bequest, previously made, will be applied for the purposes named by the donors.

Yet another donation which may now appear to assume the name of a bequest, the late Mrs. McNutt among the latest acts of her long life sent fifty dollars to the Treasurer. That donation appears in last years account now submitted and published, the others will not appear in the publication of this year's accounts, as they will not be paid within this year.

In that year we had subscriptions from Dartmouth which as yet we have no appearance of continuance, (\$109.78.) We regret the apparant loss of that active branch, and hope it will yet be revived.

On the previous year the Halifax Ladies' Association's contribution was \$135.64, and hence a decrease in that line of about twenty dollars, and also sales at Depository has also decreased from \$151 to \$114.

The Halifax subscriptions have decreased from \$197.25 to \$175.50, and from 66 persons instead of 68, on the previous year. Even the collection at the Annual Meeting decreased from \$8.92 to \$8.07, but the night of meeting was very unfavourable. The great item in which increase is noted is remittances from the branches which increased from \$753.25 in 1885 to \$1029.91. There are also considerable increase in the legacies from \$167.38 in 1885, to \$274.50 in 1886. All those items in which there is increase is in the country, so let us take courage from this, for though the interest in the cause in the city seems to flag by reason of "so many calls," yet the love for the Bible cause holds a place in the affections of the people,

some of whom have for forty or fifty years looked upon this as the cause deserving most encouragement, one of the links of the great chain with which Satan will be bound for the thousand years.

Some persons with whom we correspond in the country have not wearied in well doing, though their numbers are daily decreasing by reason of death.

Some interesting items could be given from our correspondence, which suggest consideration. Here is one : since the above was written a small package was handed to the writer, and on opening, it was found to contain a fifty cent piece, and the paper in which it was enclosed, "fifty cents from Janet Grant, Hardwood land, for B. and F. Bible Society." "Here is no ostentatious giving, but the unsolicited gift of one who loved "to do what she could." Would that subscribers to benevolent movements would take a lesson from this How many have to be reasoned into scrip of paper. giving, and then the "call again " comes out to settle the point, and the collector is too well convinced from the manner the words are pronounced that he need not call again.

It is somewhere recorded that the Duke of Wellington was in the custom of meeting with the officers of his staff every year, to commemorate Waterloo, by dining together on that anniversary, and that year by year they had vacancies round the board which could not be filled, by reason of death. Unlike the departed heroes of Waterloo the places may yet be filled and vacancies supplied. New Judges are on the bench, and new lawyers at the bar, but it would appear that the same spirit does not animate the young men of the present day as it did the generation of twenty or thirty years ago, as a reference to old reports and collectors' books will amply testify, at least so far as the city is concerned. Your Committee would call upon all to come into the ranks, carrying with them for a motto : "Faith and Fortitude," and endeavouring to feel the debt of infinite obligation we all owe to the Divine Redeemer, "who loved us and gave himself for us," for there is much room for such an exercise.

AGENT'S REPORT.

To the President and Committee of the Nova Scotia Bible Society.

GENTLEMEN,-

I started from home on my visitation of the Nova Scotia Branches on the 6th of June, and the following night addressed a small audience in the Presbyterian Church, ANTIGONISH. In this busy little town there are only a few Protestants, nearly all of whom are, I think, Presbyterians, and being in the midst of Roman Catholics, feel deeply interested in the dissemimation of that book which has given themselves such marked pre-eminence in their own community. Through unavoidable causes the meeting was small, but your Agent was encouraged by its keen attention, and friendly expression of face and hand. The collection on the plate amounted to \$6.30, only five cents of which were in coppers. Since then you have received also \$23.65.

Next day at HAWKESBURY, CAPE BRETON, I learned that we have really no active branch, although, as you will see from the financial columns that there are a few friends there. No meeting was arranged for, but at the close of the Methodist prayer meeting I presented the claims of the Society, and was promised the revival of that branch at the earliest opportunity, which would also embrace the neighbouring village of HASTINGS.

We received altogether from that congregation this year, about \$65.00. On the night of our meeting the usual services were held in all the other churches, and I was told that only two members of these were present with us. Outside of the Presbyterian Church in this town there are only a few supporters of the Bible Society, but these few are good men and true, and very generous towards every work.

I was also received very kindly in SYDNEY, (South.) The adherents of every denomination responded freely to my canvass for aid, and at the Y. M. C. A. Hall there was a good representative meeting, where I received from the collection plate \$5.36. Some new members were added to the committee, and hencetorth collectors will be appointed to canvass the town and adjoining country, which I trust will add somewhat to their munificent contribution.

I collected \$13.00 at SYDNEY MINES, and at the meeting in the Presbyterian Church I received \$4.00⁷ from the collection plate. Here a new branch was organized, as also subsequently at LITTLE BRAS D'OR and at GLACE BAY. As miners and all connected with public works are proverbially liberal, I trust that these new branches will yield fruit abundantly.

I was much disappointed at seeing so few at the meeting in BADDECK. It was however sufficiently select and representative in character for the business of re-organization, and collectors were appointed for the outskirts, to supplement my canvass of the village. On the Sabbath previous to the meeting I addressed the Presbyterian congregation, from which I received \$6,68.

This closed my work on the Island. As my visit was a week or two too soon for through travel by steamers, I was unable to reach all the places on my list, and consequently somewhat annoyed at my loss of time. From the kindness of the people, however, and the assurance given to me that other districts will respond to our call, I am encouraged to hope for a much more munificent support from that lovely Island in the future than at any time in the past. Captain Burchell extended the same kind courtesy to your present Agent as to his predecessors; and a free pass on his line of steamers was quite a help to the Bible Society.

At GUYSBORO, on June 22nd, the meeting was very small. Here I collected \$9.16, and since then the Ladies' there have conveyed to you a token of their interest in the Society's work. That section of the Lord's vineyard will henceforth miss the genial presence and active hand of Mrs. E. J. Cunningham. She esteemed the presidency of the Bible Society no small honor, and her hand in the dissemination of God's saving word a very high privilege. It is her's now to rest in the presence of the Divine Word, where there is fulmess of joy and pleasure evermore. May her mantle fall on fitting form, and the Guysboro Ladies' Bible Society keep up its renown.*

On the 23rd a new branch was organized at COUNTRY HARBOR, where I received a collection, \$3.36.

On Sabbath 26th, I addressed the Presbyterian Congregation, GLENELG, (St. Mary's Branch,) and received \$7.81 from the collection plate. I hope that the ladies' there will increase it to \$20.00 by their canvass. They should aim at that amount as a minimum. Why a painting of some scenery there might fetch nundreds of dollars from lovers of the beautiful in art or nature. Will some fair one try her hand, and conecrate the trophy of her skill to the Bible Society ?

At the LOCHABER Presbyterian Church I presented he work and claims of the Bible Society, and received 5.00; but the people were too timid to organize a branch. Of this, however, I have good hopes, if spared nother visit.

At BROOKFIELD, MIDDLE STEWIACKE, SPRINGSIDE, HARON, UPPER MUSQUODOBOIT, MIDDLE MUSQUODO-OIT, SHUBENACADIE, ELMSDALE, and NINE MILE RIVER, he meetings were fairly well attended, and I received he kindest possible reception from all friends, lay and lerical, while the ministers rendered all valuable help o the cause.

At NEWFORT the meeting was in the Methodist hurch, and was made quite interesting by several ood speeches. Here again was the Manse my home, nd the minister's horse my servant. The committee nd collectors of Newport branch well merit our thanks, or seemingly every person in the district, rich and oor, is canvassed annually for contributions. The turns this year show a slight decrease from last year's mount. Will a few of the rich there fill up next year hat which the poor would do if they could ?

The meeting in the Methodist Church, AVONDALE, as small, the President and Treasurer unavoidably absent, but the minister for the time ably filled the gap. I hope that this fine little branch, which, I think is chiefly composed of Methodists, will not forget to keep up its record.

At BURLINGTON I collected \$3.25, and was again hospitably entertained at the Methodist parsonage but only a few, chiefly children, came to the meeting. I walked from SOMERVILLE to CHIVAREE and WALTON, collecting by the way, but with miserable success. We had a small meeting at CHIVAREE, and none at WALTON.

On Sabbath morning, 16th July, we had a small meeting in the Methodist Church, MOOSE BROOK, and in the afternoon in the Presbyterian Church, NOEL I received Mrs. Sarah O'Brien's annual subscription of \$4.00, and that of Mr. Samuel O'Brien, \$1.00. Mr. O'Brien was again very kind to me while at NOEL This is, I think, the only place in the province where a temperance division contributes to the Bible Society. I hope the idea will spread to others, and that the Sunday schools also may follow the good example.

Again I could get no meeting at SELMAH, but I collected \$3.90 from a few friends there.

We had a small but very select meeting in MAIT-LAND on the 19th, when I was ably assisted by the Rev. T. C. Jack, and the following night I addressed a small audience at SOUTH MAITLAND. My canvass in these places realized \$28.70, and more was promised to be sent to the Treasurer.

Our meeting in the Presbyterian Church, CLIFTON, was a great improvement on that of last year. A collection of \$3.11 was given to me, and the sum of \$23.55 has since been sent to the Treasurer. This contribution of \$26.66, from such a small community is very handsome, especially when we consider that it all con sow lik

On Sunday, 24th July, I addressed the Presbyterian congregations of GAY'S RIVER and MILFORD, where I received \$9.77, and collected from a few friends \$2.75; in all \$12.52. The following day I returned home.

On October 6th I could not get a meeting in PARRSBORO, but collected \$16.00. Although disappointed as to a meeting I was promised the organization of a branch, and have good hopes of better success in the future, in that now prosperous town. The following Sunday I addressed three meetings. At FIVE ISLANDS I received the collection of \$2.17, at ECONOMY \$2.20, and at BASS RIVER \$7.50, and also Mr. S. B. Fulton's annual contribution of \$1.00. The Secretary also handed me \$12.25, which he had received after the closing of your last year's accounts. The following night in the Presbyterian Church, Pour AUPIQUE I received 92 cents, and Mrs. John M. Creelman's contribution of \$1.00, and the mail just opened informs me that the BASS RIVER and PORT AUPIQUE Committee have since remitted to you \$25.75, in all \$36.17, not including the balance of last year's gift of \$12.25. This is indeed a splendid contribution from that small community.

Our meeting at GREAT VILLAGE was again small, the night being wet and very dark. I received the collection, 84 cents. The following night at Folly the weather was good, and the meeting quite encouraging. It was truly pleasant to hear the venerable President speak of the blessings which have followed the work of the British and Foreign Bible Society. The collection in meeting \$6.40 was handed to me. By some mistake the last year's contribution of \$10.00 did not appear in our printed list, although it was inci-

dentally in the report. The meeting in the Methodist Church, ACADIA MINES, was unbecomingly small, there being another meeting in the village at the same hour. The President handed me \$7.87, collected by four young ladies. No list of names accompanied the cash. The meeting in the Presbyterian Church, WINDSOR, October 14th, was said to be the best ever held in that town. The Bible cause was eloquently and forcibly advocated by the Methodist and Presbyterian ministers, the audience evidently interested, and your agent greatly encouraged to expect henceforth an annual contribution worthy of such an intelligent people and flourishing town. Deep regrets were expressed at the absence of the venerable President, Rev. R. Morton, through impaired health, and thanks were conveyed to him for his past services and deep interest which he always manifested in the Society's welfare.

The meeting at LOWER HORTON was very small. Here I received \$3.25. More will likely follow. On October 17th we had a small meeting in the Presbyterian Church, WOLFVILLE. The meeting was supposed to be not sufficiently representative for the organization of a branch, but such may be accomplished before your Agent's next visit. In this place I received \$8.66.

Although the following evening was dark and very stormy I was agreeably surprised to find some persons assembled in Church St. Hall. The Rev. Mr. Axford warmly advocated the cause, and I was cheered by the thought that when the collectors from Canning or Canard canvass that street they will meet with good success. Here I received \$2.50, and \$1.00 from Mrs. Edwin Chase.

In the Baptist Church, CANNING, we had a small meeting, and an effort was made to revive that branch. Branches in that part of the country absorb general interest. If only each apple tree there had one branch

More may follow from here, as well as from LAKEVILLE, where I addressed he Presbyterian congregation on Sabbath afternoon. from Lakeville I was kindly driven that same evening o Somerser, where we had a good meeting in the all. Here I was ably supported by the address of the Rev. Mr. McFall, at the close of which two collectors athered from the pews \$29.90. On my way to the hall I called to see the Society's life long friend, Silas Bishop, Esq., whom I found in improved health. It rieved him that he could not attend our meeting, but t gave him unfeigned pleasure to hand me his annual ontribution of \$5.00. I received in Somerset \$34.90, nd when the smallness of its population is conidered, I may again call it the banner branch of the province.

On the 25th we had a meeting in the Methodist Church, BERWICK, when a branch was organized under the presidency of E. C. Foster, Esq. A good collecion was taken up and retained for a depository. This is a beautiful town and growing rapidly. It boasts of ts Camp Meeting, grove, fashionable churches and legant residences. I hope that the Bible Society will hare its attention, and become its greatest glory in the uture. In the neighbouring village of WATERVILLE ve had a meeting in the Presbyterian Church, where I eccived \$2.05. This place will be canvassed by the ollectors of Berwick branch.

At KENTVILLE we met in the Baptist Church. The President and ministers of two denominations made the meeting one of unusual interest to all; while the heart of your agent was touched and encouraged by a vote of thanks conveyed to him by Judge Blanchard, in a strain of parental affection and apostolic counsel. Ever since I magnify my office, and try to keep before me the great interests involved. Mrs. Bailey, the sole collector for Kentville, deserves well our thanks. If two others were appointed to canvass the outskirts of the town, it might even improve upon its already good record. The meeting in the Baptist Church, AYLESFORD, was addressed admirably by two Methodist ministers, and the collection, \$1.52 handed to me. No help came from Aylesford last year. If that branch is again barren, I will give it up, for such speeches as these christian gentlemen delivered were capable of arousing a healthy response from any beings not absolutely dead.

On Sabbath, 30th October, I addressed the Baptist congregation at MELVERN SQUARE. Was assisted by the Rev. Mr. Rowe, and received the collection, \$6.36. In the evening Mr. Hugh Kerr drove me to the Methodist Church, NORTH KINGSTON. Here I was assisted by the pastor, and received \$2.89. In addition to his annual contribution of \$2.00, Mr. Thomas Outhet handed me 60 cents, as the last gift on earth from a CENTENARIAN. I lost two days and some cash trying to organize branches at GRANVILLE and BEAR RIVER. My correspondence with the ministers of the Gospel was fruitless in even procuring meetings. In ANNAPOLIS the beautiful school room belonging to the Episcopal Church was opened for our meeting, but only Rev. Dr. Ritchie and two ladies attended. I think that some misunderstanding as to the time, was the cause of this disappointment. Our thanks are again due to the collector here, for her hard labour and deep interest manifested towards the good cause.

On the afternoon of Sunday, 6th November, I addressed a small meeting at BAYSIDE, and in the evening a large congregation in the Methodist Church, DIGBY. The pastor's sermon in the morning bore also on the cause, and I was encouraged to hope that Digby will again respond handsomely to such exercises.

The following night at WEYMOUTH we met in the Baptist Church and organized a branch. The ministers of the Episcopal and Methodist Churches addressed the meeting, and all seemed much interested. I trust that this new branch under the presidency of a gentleman so popular as Mr. St. Clair Jones, will flourish and bear fruit worthy of such a beautiful village.

At YARMOUTH I was again met at the station by Mr. Charles Dodds, welcomed to his hospitable home, and ably assisted by him while canvassing the town. Some of our old supporters were out of town, some lead, some have withdrawn their once helping hands, aving been seduced by the unfair and unfriendly ttacks upon the Society by their denominational newspapers; but He who makes the wrath of man to praise him led me to new friends, who more than made up for the loss. Last year I got from Yarmouth \$67.79; this time I collected from that town \$75.60; our old friend Captain Myers again heading the list with \$10.00. Although the Jubilee Singers gave a concert that night we had a fair gathering in the Congregational Church, which was admirably addressed by three ministers, and in the election of the Society's life-long friend to its presidency, it evinced good sense. Long may Nathan Hilton fill the presidental chair at the anniversaries of the Yarmouth Bible Society.

I met with the same disappointment at HEBRON as at Granville and Bear River.

At BARRINGTON I collected \$8.76, and received from the depository \$3.24. The only meeting we had was in the Methodist Church; the President of the Society having been away from home during my correspondence. This gentleman, the Rev. Mr. Weston, has evinced his interest in the Bible Society, by becoming a life member. May his membership be long, and prosperity attend the Society under his care.

The meeting at CLYDE was again small, but I received from the few people there \$3.76.

The night was very stormy when at SHELBURNE, still the little meeting in the Baptist Church was pleasant, the collection \$1 65, and I received from the Treasurer \$9.65 My correspondence with the Rev. D. McKinnon, LOCKPORT, resulted in the organization of a branch there. Although there was a concert in town that night we had a fair meeting in the Presbyterian Church, at which the Methodist and Presbyterian ministers ably assisted your Agent. My visit was made pleasant by the acquisition of new friends, and the hospitalities of the Manse. I arrived at LIVERPOOL

Mrs. Anderson assured me that she would again collect, and the President promised to attend to the other important duties of that branch, which for the last two years has been neglected, in re, the Gorham legacy.

At MILTON the meeting was in the Baptist Church. The Rev. Messrs. Murray and Goddart gave spirited addresses. I was kindly cared for by the President, and Mr. Goddart again assisted me in my canvass.

I was again indebted to Mr. I. N. Mack for conveyance to MILL VILLAGE, and for other substantial help. It rained very heavy on Sunday, and the atherting in the Methodist Church was very small. received in this place \$5.36.

During two days I canvassed BRIDGEWATER, and vas fairly successful. Some of last years' contributors vere from home; some of its wealthiest citizens eclared to me that they had not a dollar on hand; while some comparatively poor, gave a dollar each, and egretted that they could not afford more for such a oly and charitable cause. At a meeting in the fethodist Church a ladies' branch was organized, nder the presidency of Mrs. Desbrisay. I hope that mounts from absent subscribers, and that they will ersuade the rich to follow the example of their poor ownsmen, who are rich in good works and heritors of nat city which hath eternal foundations.

On the 24th I walked to Lower LAHAVE, where the branch was re-organized under the care of ladies. he collection at meeting was \$2.10.

Two days in LUNENBURG were well spent. I was ndly received at the residence of Rev. Dr. Duff, and though the weather and streets were very disagreeable, was continuously cheered by the grasp of friendly hands and generous contributions. Last year Lunenhurg did well; this year much better, the returns from my canvass shewing \$67.89, an increase of nearly \$20.00. The small meeting was made cheerful by the really good speeches of Rev. Messrs. Rankin and Miller. The Rev. Mr Haslam having met with an accident, conveyed his regret that he could not attend. Surprise was expressed at the absence of the Rev. Mr. Johnson, but doubtless he had valid reasons for his absence and non-assistance to a cause so dear to his heart.

On Sabbath morning Mr. Eisenhaur conveyed me to MAHONE BAY, where I addressed a meeting in the Methodist Church, and received \$2.93.

My next meeting was at Lower STEWIACKE, on December 1st. Here I received \$2.00, and the promise that collectors would immediately canvass the district. Next day at BELMONT I was met at the station by Mr. Leander De Armond, and kindly cared for until the following day. I presented the claims of the Society to a small audience in the Presbyterian Church, and organized a branch. At WALLACE, in the Presbyterian Church, on Sabbath evening, we had a fine meeting, which was also addressed by Rev. Messrs McKay and Morton. A collection of \$5.07 was taken up, and by one comprehensive resolution a branch was immediately organized. I went to PUGWASH with a view of organizing a branch there, but the friend to whom I had written was absent, hence no meeting was obtained.

At OXFORD, Dec. 7th, the meeting although small, was interesting. Here I obtained \$8.50.

The following night at SPRING HILL I was disappointed at the smallness of the audience in the Presbyterian Church. Mr. Robinson was the only minister present, and the members of the other churches On HEBER ing the tive au Here t neighbo Minudi not get town du

However a branch was organized, which I hope will press the claims of the Society upon the citizens of Spring Hill, and that it will be sustained with that vigour characteristic of that new and rapidly rising city. The collection at meeting amounted to \$4.58, and I gathered also during the evening \$7.50 from a few friends.

On December 9th in the Methodist Church, RIVER HEBERT, I was ably assisted by the minister in presenting the Society's claims before a small but representative audience, and was handed the collection, \$2.51. Here too a branch was organized, to include the neighbouring settlements of Maccan, Joggins and Minudie. The following night at AMMERST, I could not get a meeting, but will endeavour to visit that town during winter.

• This finished my visitation of the Nova Scotia branches for the year 1887, and if such has not been attended with that measure of success which I had hoped for when I entered upon my work, still I have great reason for thankfulness, and am indeed thankful for multiplied friends of the cause, and increased acquaintance with the best of people; thankful that I was almost everywhere graciously received and forwarded on my journey; thankful for the best of health, and to Him who is the originator of all mercies.

And now pardon me if I now use a page of your annual book in giving a few suggestions to the many friends of the Bible Society throughout the province.

In looking over Bible Society's reports from different parts of the world, I find that in some countries they have a Bible Society Sunday. In large cities special sermons are preached in every church. One meeting of the same day is also held for advanced scholars from all the schools, and at all these meetings

collections are made for the Society. Again, when the Agent visits a small town on Sunday, the largest church is generally used for a Bible Society meeting, during which hour no service is held in any other church, and the Ministers of every denomination meet together and by prayer or speech encourage the cause. What a contrast to that happy way of rallying around the Bible and its mission do some parts of our Maritime province present. In some places not an hour of the Sabbath could be spared for such a purpose, nor a dollar consecrated to the cause. Then again should your Agent visit some village on Wednesday or Thursday, he may get a small audience in one of the churches, but two or perhaps three other denominations are severally holding their weekly prayer meeting at the same hour. Sometimes too it looks as if a meeting of personal or local interest is sprung upon a community by some unfriendly hand, and a crazy quilt frolic or basket sociable "takes the cake" from the Bible Society. Can these untoward things be prevented, and will all true friends of the Bible Society endeavour to see that no merely local meeting be held during the time appointed for the Society's anniversary?
