STEAMER CRYSTAL STREAM BURNED AT COLE'S ISLAND WITH LOSS OF FOUR LIVES

Terrible Fatality on the River in Which Men Well Known in St. John Were Caught Like Rats in a Trap--Miraculous Escape of Others--Half a Dozen Persons Were Badly Injured

THE STEAMER CRYSTAL STREAM

- THE DEAD ARE: WILLARD LOGAN, of Land's End, Kings County, Fireman, Unmarried. ALLAN LOGAN, brother of William, of Land's End, Kings County, Married and leaves children. Deckhand. FRED SMITH, of Shannon Settlement, back of Wickham, Queens County, Deckhand. EDWARD BAXTER, Formerly employed in St. John, Deckhand. Belonged to Day's Landing. THE INJURED ARE: HERBERT McALARY, Mate, of Gordon's Bluff, Kings County. Badly burned about body. Now in St. John Hospital. WENTWORTH ROBERTS, Engineer, of St. John, Burned about face and hands. MRS. CHASE, of St. John, (North), Stewardess, Burned and bruised. H. PURDY BELYEA, Purser. Burned about face and hands.

CAPT. FRED MABEE.

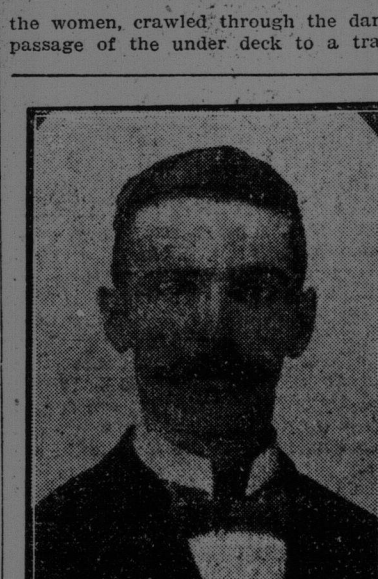

The most horrifying fatality that has ever occurred on the St. John river took place early this morning at the West Wharf, Cole's Island, Queen's County, sixty miles from this city, when the steamer Crystal Stream, of Indian town, caught fire and burned, bringing death to four of her crew, and injuring to a greater or less extent a half dozen others. Besides this the boat was totally wrecked and in drifting against the new bridge nearby was the means of communicating the fire to that structure causing it to be almost totally destroyed.

THE START OF THE FIRE. The fire started a half hour after midnight. Mrs. Coleman, the cook, who slept on the upper deck, was the first to discover it. She arose in her night clothes and yelled "Fire!" At this time the whole boat was enveloped in smoke and flame. She called Mrs. Chase and Mrs. Chase started calling "Fire!" as well, which woke the other members of the crew. Capt. Mabee, who was sleeping in the wheelhouse cabin heard the shouting and grabbing his clothes threw them out on the wharf. Then he crawled over the side and helped Mrs. Coleman to the wharf. Engineer Roberts, who was sleeping in a stateroom also heard the shouting, but considered he was dreaming. However, on jumping to his feet and throwing open his stateroom door the smoke burst in so thickly that he took a shoe and burst open a stateroom window reaching the deck by this avenue of escape. Then he slipped along the mooring-lines to the wharf and securing the

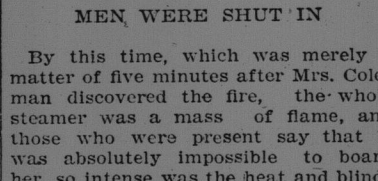

WILLARD W. LOGAN

small boat went astern where he took Mrs. Chase on board, the old lady sliding down the flag pole. John West, a millhand was there and assisted Mr. Roberts in saving Mrs. Chase. McALARY'S ESCAPE. Possibly the most miraculous escape of any was that of Herbert McAlary, who was sleeping below decks with the deck hands, though his position as mate entitled him to better quarters. Mr. McAlary, on hearing the yells of

MATE H. McALARY.

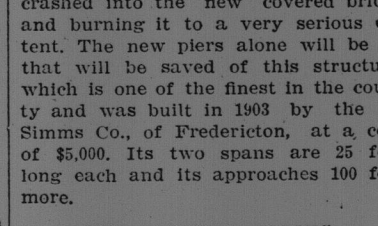

door which he knew existed in the floor of the ladies' cabin. Forcing this through by superhuman strength, despite the fact that it was covered by heavy carpet, he got into the ladies' cabin, already filled with smoke, and bursting out a glass window with his bare hands, reached the outer deck, and thence to the wharf where he fell exhausted and bleeding.

ENGINEER ROBERTS.

By this time, which was merely a matter of five minutes after Mrs. Coleman discovered the fire, the whole steamer was a mass of flame, and those who were present say that it was absolutely impossible to board her, so intense was the heat and blinding the smoke. In less than two hours, the big boat was burned to the water's edge. The predicament in which the four men, Messrs. Logan brothers, Smith and Baxter, found themselves was most pitiable. The post mortem condition indicates that they had striven to follow Mate McAlary in his wonderful escape through the cabin trap door, but that their efforts in that direction were cut off by the awful heat and choking smoke. There was nothing left for them to do but to return to their berths below decks and await relief which proved impossible. After the steamer had been burned so the bodies of these men could be recovered

ed, it was found that three of them were headless, which indicates their terrible struggle in trying to reach the upper deck. ESCAPED IN THEIR NIGHT CLOTHES. John West, a mill hand, who sleeps in the mill house handy to the wharf, heard the cry of fire and rushed to the scene, assisting Engineer Roberts as before mentioned, in saving Mrs. Chase. He says the fire increased with incredible rapidity and the loss of life is attributed to that cause only. In fact all the member of the crew who escaped unhurt, did so in their night clothes. The fire started on the main or freight deck on which was stored over two tons of hay and 22,000 hoop poles, excellent fuel for a catastrophe of this kind. When the steamer was mostly consumed, she was cut adrift in hopes of saving the wharf, but further damage was done when the blazing bulk crashed into the new covered bridge and burning it to a very serious extent. The new piers alone will be all that will be saved of this structure, which is one of the finest in the county and was built in 1903 by the T. Sumner Co., of Fredericton, at a cost of \$5,000. Its two spans are 25 feet long each and its approaches 100 feet more.

MR. D. J. PURDY, M. P. P.

burned men were removed from the wreckage and placed in rude boxes to be distributed to their homes at various points along the river, in all a distance of forty miles. Dr. Earle, of Young's Cove, who was summoned as coroner, empaneled the following jury this forenoon--Albert West, foreman; Elijah Kierstead, Charles Arthur, Bradford Northrup, B. Taylor, J. E. Coles, J. N. Taylor. The jury viewed the remains before their removal and the evidence of Captain Mabee and Engineer Roberts was taken. Mate McAlary, because of his cuts and other injuries, was allowed to take his departure from the city on the steamer Aberdeen. The inquest will be resumed on Tuesday upon the arrival of the steamer Aberdeen. A legal official at the scene of tragedy told the Star today that there is possibility of some highly sensational developments at the resumption of the coroner's court, which statement he made on the strength of incoherence. During the whole progress of the fire not a pall of water was used in trying to quench it because of the great start the blaze attained and the fierceness of the heat and smoke.

THE STAR ON THE SPOT. A Star reporter reached Cole's Island early this forenoon and this paper is able to give its readers a complete account of the catastrophe. (Continued on Page Five).

CB NOSES AND RETREATING CHINS

Due to Smoke Nuisance Says Scientist—Also Affects the Weather.

NDON, June 20.—Sir William Osler, a member of the Royal Society, finds instances in unexpected sections to drive home his argument in his laudable, but hitherto unsuccessful, campaign against indoor smoke nuisance. Lecturing he told his hearers that the rings and early falls here were entirely by London smoke. The Londoners were also due to the use, for the smoke excluded light, and where there was no light there was no color. He went on to describe the physical deficiency of the poor to his pet aversion, that nothing could grow 'till, he declared that poor men often toothless, while the 'till noses and retreating chin common among the poorly-lives of London, were largely absent of light.

RABBI SUES MAN FOR THE PRICE OF A WIFE

GLACE BAY, June 20.—A most unusual court case comes up here tomorrow. Jacobson, an ex-rabbi, who is conducting a dry goods business here had a Newfoundland merchant Myers notified for \$75. Some weeks ago Jacobson recommended to the notice of Myers, who was then a widower, a handsome young Jewish lady of Sydney, named Tomavetsky. Myers, a Jew also, came over from Newfoundland, pressed his suit and won the lady. Jacobson claims the sum of \$75 for his alleged trouble and expense in the matter, hence the case.

DIAMONDS MORE NUMEROUS.

South African Output Next Year Will Increase 50 Per Cent.

WASHINGTON, June 20.—Consul Frank D. Hill, in a report on diamond mining from Amsterdam, estimates that the 1908 production from South Africa will be 1,580,000 carats greater than the production according to the last available returns, which were for 1905. These show about 3,000,000 carats as the total South African production annually. If Mr. Hill's figures are correct the output of diamonds from South Africa will increase next year about 50 per cent. Diamond mine owners are disturbed over whether the largely increased output that is expected will force down the price.

ON THE WEST SIDE This time last year when the dredging on the west side was dragging along, there was a great deal of comment on the part of citizens regarding the delay in the work.

According to contract, Mr. D. C. Clark was to have finished the construction of the first section of the new wharf three months after the site was prepared.

By the softest, gentlest breeze, Did a ship set sail with a cargo laden For a port beyond the seas; There were sweet farewells, there were loving signals, Will the form was yet discern'd; Though they knew it not 'twas a solemn parting.

Chorus: Did she never return? She never returned, Her fate, it is yet unlearned; Tho' for years and years, there were fond ones watching, Yet the ship she never return'd.

Chorus: "Only one more trip," said a gallant seaman, As he kissed a weeping wife; "Only one more bag of golden treasure, And 'twill last us all through life, Then I'll spend the days in my cozy cot, and enjoy the rest I've earn'd."

Miss Mary Vinel Drowned at Bridgetown, N. J., Under Very Suspicious Circumstances

NO MORE FIRES IN KING

The starting of forest fires in King county is likely to result in a fire for those responsible for the forest. Fire Inspector Hunter has been engaged investigating a few recent outbreaks and has taken steps to curb the tendency to start fires in the forest.

BRIDGETOWN, N. J., June 20—Miss Mary Vinel of this city lost her life in Sunset lake Tuesday night under such peculiar circumstances as to cause the police to start a thorough investigation.

SHORTLY BEFORE 10 o'clock Tuesday night the girl started with George Evans, of this place, for a row on the lake in a steel non-sinkable boat.

SHORTLY AFTERWARD the boat was found floating in the lake, the boat was towed ashore and the police notified. A policeman was sent to Evans' home where he was found in bed. His wet clothing was hanging over a chair. He was taken to the lake and when questioned said that he hired a boat and started for a row with Miss Vinel.

When near Piney Island the girl wanted to row and in changing their position the boat sank under them. Evans said he had great difficulty in freeing himself from his companion who, he said, was screaming for help while she held him tightly about the neck. They had gone down twice, he said, when he freed himself and swam ashore. He ran all the way home and did not tell anyone of the drowning of the girl. Her body was found in four feet of water. The body shows several bruises and there are cuts on the face. The police say that they have been unable to find any one who has the girl's cries. The shores of the lake were lined with people at the time of the drowning and there were many boats on the lake in the vicinity of the girl's boat.

FRENCH TROOPS MUTINY AND JOIN THE PEASANTS

NARBONNE, France, June 20.—The riotous element of the populace of this place cast off all restraint this afternoon and the city became the scene of wild excesses.

A secret police agent was patrolling the promenade des Barques, when the mob suddenly invaded the street. They set him and clubbed him until he was senseless. Then they riddled the body with bullets and pitched it into the water.

Later they flung the body from the water and attaching a rope to it dragged it through the streets acting ferociously all the while. When the troops arrived the mob attempted to rush the soldiers, but the latter fired bayonets and repelled the assaults. Revolvers were drawn by the rioters and the troops were fired upon until they were forced, in self-defense, to shoot. Numbers of the mob fell, four persons being killed, among whom was a girl twenty years of age. Eleven others are known to have been wounded while many others were carried off by friends. Several casualties occurred among the gendarmes.

Police officers were attacked and savagely ill-treated and maimed but none were killed.

Gun stores were raided and the revolutionaries, who were armed with revolvers, appeared to be fearless of the infantry. Frequent cavalry charges were necessary to disperse them. Barricades were common sights in the streets but were torn down by the troops.

One of the generals commanding the forces fell into the hands of the mob who threatened to throw him into the

canal unless he should solemnly swear not to employ Cuirassiers against them again. The general yielded to the superior force and the Cuirassiers have since been replaced by dragons.

A prominent police judge was caught by the crowd and held.

PARIS, June 21.—The cabinet held a lengthy session last night, only breaking up at midnight. The crisis in the Midi was thoroughly discussed. At 2 a. m. it was announced that Premier Clemenceau had received a message from the prefect at Narbonne, stating that order had been restored.

NARBONNE, June 21.—A conflict in which the 13th fired volleys caused the worst impression. The shooting appears to have been due to the precipitancy of a non-commissioned officer, and it is stated that the commandant of the 13th was so horror-stricken at the unfortunate affair that he tore off his insignia of rank in front of his men and later resigned his commission but this is not confirmed.

Crowds stood last night mournfully gazing at the pools of blood where the dead and wounded fell. On the blood-stained paving stones were chalked the inscription, "Here fell the victims of the 13th. Death to Clemenceau and Piquart." The funerals of the victims is fixed to take place today and the greatest disturbances are apprehended.

A police commissary of Paris who was detached on special duty at Narbonne was caught by the mob and horribly beaten. It is feared he will not recover.

PARIS, June 21.—There are persistent rumors that the prefect of the department of Aude has been assassinated at Narbonne.

JUDGE LANDRY REFUSES DR. PUGSLEY'S APPLICATION FOR A COMMISSION.

Prosecution Declines to Proceed With the Case on Monday—The Judge Will Give His Decision Next Week in Regard to the Reference to the Supreme Court

FREDERICTON, N. B., June 21.—Court opened at ten o'clock sharp this morning. Dr. Pugsley in the case of H. B. Emerson vs. James H. Crockett made application for a commission to take the evidence of witnesses formerly porters at St. Lawrence Hall, Montreal. Judge Landry—"Does that include application for adjournment?"

Dr. Pugsley—"Yes, it does." The crown counsel proceeded to read a statement to the effect that two crown witnesses were outside the country, O'Brien in Boston, Mass., Foster, in Great Britain.

John Lloyd, for thirty-six years night clerk at St. Lawrence Hall, to the effect that neither O'Brien or Foster were porters at St. Lawrence Hall in 1906. The porters there were Dean and Chappell. The others had left before.

Dr. Pugsley—"Mr. Lloyd had better go on the stand then. Then I will insist on examining him."

His Honor explained to Mr. Hazen that he favored the case going to the full bench although he had not decided concerning the commission. Mr. Hazen suggested that Mr. Lloyd be sworn as a witness in order to save time. John Lloyd was sworn and testified as follows, when examined by Mr. Hazen.

"My name is John Lloyd. I was night clerk at St. Lawrence Hall for thirty-three years. In June, 1906, no porter named either O'Brien or Foster was at the hotel. They were not there in June. They may have been in May. In June, Dean and Chappell were the porters.

"The porters on duty at night took out the baggage. There were only two porters.

"The cashier, Mr. Smyth, could tell you when O'Brien and Foster left. I think O'Brien's first name was William. When O'Brien was there as porter, Dean was a scrubber."

Mr. Hazen next called Harry Dean. His testimony was as follows: "I reside in Montreal. In June, 1906, I was night porter at St. Lawrence Hall. I took O'Brien's place in March, 1906. I knew no porter named Foster during the 12 months I was at the hotel."

To Dr. Pugsley—"When I was at the hotel O'Brien and Curran were night porters.

"O'Brien came in in May, 1906. I don't know the names of any of the bell boys who were there when I was. The boys were from St. John's and they went off duty at 11 in the evening.

"I believe O'Brien's christian name was William. He stated when he left that he was going to Vancouver."

To Mr. Hazen—"The bell boys stopped work at 11 and after that the porter does the work."

To Dr. Pugsley—"There were day porters as well as night porters. With Mr. Hazen—"Is this a further examination?"

Dr. Pugsley—"Yes, what do you think of it?"

Mr. Hazen—"Well, I don't know, you'll bear watching, you know."

To Dr. Pugsley—"The head porter was there in June. I don't remember his name. He was a big man, weighed three hundred pounds, his name was Farmer."

To Mr. Hazen—"On the night of the murder my side partner Chapman was on duty."

Mr. Hazen continued—"The application stands in the name of the witness in England, and another in Boston. Must be the commission hunt all over these countries to locate the witnesses? With the public mind in the state that your Honor mentioned, I believe as a legal matter that your Honor is a righteous man. However, it is just for Mr. Crockett to be compelled to wait? As your Honor has decided that the lives of public men are open to criticism from the press Mr. Crockett would have to be acquitted. In view of this fact, I think I will have little difficulty in convincing your Honor that the commission should not be granted. This application is most indefinite. He states that it is believed that O'Brien and Foster were porters at St. Lawrence Hall. If the court will delay a short time I will produce the affidavit

of John Lloyd, for thirty-six years night clerk at St. Lawrence Hall, to the effect that neither O'Brien or Foster were porters at St. Lawrence Hall in 1906. The porters there were Dean and Chappell. The others had left before.

honor will carefully consider the matter before you decide."

Dr. Pugsley replied: "I am not satisfied that the evidence just given is correct, although it may have been given honestly, I shall have to examine the cashier of the hotel before I shall be satisfied that O'Brien or Foster were not at the hotel in June, 1906."

"My learned friend says this is a private prosecution, it is not in the case every crime it is necessary that the private prosecutor begin legal action. My learned friend claims he is at great expense. I repeat that the gentleman had no right to anticipate before he had presented his plea to this court."

Judge Landry—"I regret delay to this case in view of the arguments on both sides. I must refuse the application for a commission. I think the affidavits have been fully answered by the defense. On Monday morning I will decide whether or not the case will be referred to the full bench of the Supreme Court."

Dr. Pugsley—"I must state that the crown will exhaust every method in order that the decision of your Honor should be published in the morning yesterday may be judged by the Supreme Court."

For the benefit of the defense I may say on Monday the crown will not be prepared to go on with the case."

Judge Landry—"I may say to the counsel for the crown that even had I known that he would apply, I would have adhered to my judgment because I believe it to be right."

Mr. Hazen—"Do I understand the counsel for the crown right? May we ask our witnesses here tonight on the understanding that the case will not go on Monday morning?"

To Dr. Pugsley—"I think I made myself sufficiently clear. That is what I meant."

steamer was cut from her moorings, and sent adrift. She swung into the street and yielding to the current crashed down river against the new bridge, which rapidly caught fire and despite strenuous efforts to save it was soon made practically useless.

RECOVERY OF THE BODIES.
Before the remaining timbers of the steamer sank, near the bridge, the bodies of the Logan brothers, Fred Smith and Baxter were taken from the wreck. They presented a sickening sight, and it was hardly possible to identify them; to tell which was Logan or which was Smith. The coroner and Dr. Armstrong, assisted by others took charge of the remains, and at noon today the Star received word that an inquest was being held.

ABOUT THE DEAD MEN.
The severest blow of the whole terrible occurrence falls upon the family of Joseph Logan, of Land's End, Kings County, which is called upon to mourn two of its stalwart sons, William and Allan. This family at one time lived on the Millidgeville Road, and is well and favorably known in that section. William was an old steamboat hand, and a sober, industrious man, as was also his brother, Allan, who leaves a widow and two children at Cole's Island. Mrs. Logan is a daughter of Charles Clark, the "Charcoal King" at Cole's Island, a young woman very popular in up-river circles.

Fred Smith belonged to the Shannon Settlement, which lies back of Wickham, opposite Hamptstead. His father is Albert Smith, a respected farmer. He was unmarried, and had been of the steamer's crew only a few days.

Baxter was an up-river man, but had worked in St. John, as before mentioned, at different times of work. He was a general hall-fellow-well-met disposition, and liked by everybody.

THE INJURED PEOPLE.
Mate Herbert McAlary is a well-known river steamboatman. He ran on the Elaine last year, and is a nephew of Captain A. L. Peckman of that steamer. He received very serious burns about the body, and was put right aboard the steamer Aberdeen and sent to the city. At the hour of writing the Aberdeen had not reached Millidgeville, but immediately she does Mate McAlary will be hastened to the hospital for treatment. He belongs to Gorham's Bluff, opposite Oak Point.

Baxter was an up-river man, but had worked in St. John, as before mentioned, at different times of work. He was a general hall-fellow-well-met disposition, and liked by everybody.

steamer was cut from her moorings, and sent adrift. She swung into the street and yielding to the current crashed down river against the new bridge, which rapidly caught fire and despite strenuous efforts to save it was soon made practically useless.

RECOVERY OF THE BODIES.
Before the remaining timbers of the steamer sank, near the bridge, the bodies of the Logan brothers, Fred Smith and Baxter were taken from the wreck. They presented a sickening sight, and it was hardly possible to identify them; to tell which was Logan or which was Smith. The coroner and Dr. Armstrong, assisted by others took charge of the remains, and at noon today the Star received word that an inquest was being held.

ABOUT THE DEAD MEN.
The severest blow of the whole terrible occurrence falls upon the family of Joseph Logan, of Land's End, Kings County, which is called upon to mourn two of its stalwart sons, William and Allan. This family at one time lived on the Millidgeville Road, and is well and favorably known in that section. William was an old steamboat hand, and a sober, industrious man, as was also his brother, Allan, who leaves a widow and two children at Cole's Island. Mrs. Logan is a daughter of Charles Clark, the "Charcoal King" at Cole's Island, a young woman very popular in up-river circles.

Fred Smith belonged to the Shannon Settlement, which lies back of Wickham, opposite Hamptstead. His father is Albert Smith, a respected farmer. He was unmarried, and had been of the steamer's crew only a few days.

Baxter was an up-river man, but had worked in St. John, as before mentioned, at different times of work. He was a general hall-fellow-well-met disposition, and liked by everybody.

THE INJURED PEOPLE.
Mate Herbert McAlary is a well-known river steamboatman. He ran on the Elaine last year, and is a nephew of Captain A. L. Peckman of that steamer. He received very serious burns about the body, and was put right aboard the steamer Aberdeen and sent to the city. At the hour of writing the Aberdeen had not reached Millidgeville, but immediately she does Mate McAlary will be hastened to the hospital for treatment. He belongs to Gorham's Bluff, opposite Oak Point.

Baxter was an up-river man, but had worked in St. John, as before mentioned, at different times of work. He was a general hall-fellow-well-met disposition, and liked by everybody.

CLARK'S LUNCH TONGUE

I always recommend Clark's Meats, because the name of W. Clark is, I know,
a guaranty of absolute purity and high quality.
And I always notice that people who have tried Clark's Meats once—use
them always.

Because when you buy Clark's, you get the very best—and they are sold to you
at a "less the duty" price. Why buy American Canned Meats of only average
quality and pay the high import duty on them—when you can get the best Canadian
Meat at almost the same price.

METHODIST CONFERENCE HEARD FAVORABLE REPORTS

Work of Missionary Societies During the Past Year
Has Been Encouraging—Address on the Lord's
Day Act—Rev. James Crisp Elected President of
the Conference.

The conference opened at 2 p. m. At
the devotional services the order of
the day was taken up. Dr. J. G. Shear-
man, secretary of the Lord's Day Al-
liance, addressed the conference. The
speaker referred to the Lord's Day law
in France, as explained by Sir Wilfrid
Laurier, some few years ago, when
the alliance undertook to get a Sun-
day law through the parliament of
Canada, which law was passed, and
although there are many weaknesses
in the law, the speaker claimed of any
the best law on the statutes of any
country in the world. The passing
of the law was a great stimulus to
moral suasion, a test case is now on
in Toronto, a railway official and a
laboring man being before the courts,
charged with violating the Lord's Day
act. They are being prosecuted, not
by the Lord's Day Alliance, but by
the crown.

The following resolution was moved
by Dr. Rodgers, seconded by Dr. Pais-
ley, that this conference has listened
with deep interest to the address of
the Rev. Dr. Shearman, secretary of the
Lord's Day Alliance of Canada, and
desires hereby to express its sense of
the great importance of the work of
the alliance, believing that it is vitally
connected with the moral and spiritual
well-being of our country and also
sures the alliance of the support of
the members of the conference.

Rev. Dr. Huestis, the book steward,
addressed the conference in regard to
the book roll and publication of the
Wesleyan. The several standing commit-
tees of the conference were read and
reported in the church lobby and the

**FAMOUS RACE-TRACK
SOLD AT SALEM, N. H.**

SALEM, N. H., June 20.—Under the
direction of the assignee auctioneers
today sold the personal property of the
New England Breeders' Club at Rock-
ingham Park, the famous race track
which had an active history of only
a few weeks last summer after hun-
dreds of thousands of dollars had been
spent by a syndicate of New York
racing men in building and equip-
ping it. Owing to the action of the New
Hampshire legislature in prohibiting
betting, the season at the track was a
very short one, and the promoters of
the enterprise decided to abandon it.
The property put under the hammer to-
day included the racing paraphernalia,
the track up-keep equipment, the club
house, furnishings and the farm per-

SENSATIONAL CHANGE IN LABEL SITUATION

Judge Landry Overrules Crown's Demurrer to
Plea of Defense, But Intimates He Will Allow
Reference to Full Bench—This Will Postpone
Case Until September—A Day of Argument

FREDERICTON, June 20.—As was
expected today's proceedings in the
Emmerson-Chockett libel suit consisted
entirely of argument on the demurrer
filed by the prosecution against the
plea of the defense together with
Judge Landry's decision on the matter.
This afternoon at 2 o'clock Hon. Mr. Pug-
sley resumed his argument for the al-
lowing of the demurrer and the men
of the plea. There was a certain
amount of surprise shown by the
numerous spectators when His Honor
after some minutes' meditation decided
not to allow the demurrer. This sur-
prise was increased, when Dr. Pugsley
for the crown asked that the case be
referred to the full bench of the su-
preme court, giving as his reasons the
fact that a commission was to be
appointed to take the evidence of
one of the crown witnesses and that
other witnesses could not be
brought into court. His Honor prom-
ised to reply to the request tomorrow
morning or hearing the affidavits
of the crown. There is much speculation
concerning what will take place to-
morrow or whether the demurrer will
be allowed. It is believed that the
case will go on before Judge Landry.
The existing situation is most un-
pleasantly complicated. The tactics
adopted by the defense have changed
the whole aspect of the case. Instead
of meeting the indictment fairly and
admitting the facts, as they claimed
they could, the truth of the Crown's
charges, Mr. Crockett's counsel have
taken refuge behind abstract technicalities.
If the trial should proceed under
the existing arrangement, the plea of
the defense having been prepared, and
the crown's demurrer disallowed, all
the defense would have to do would be
to convince the jury that Mr. Crockett
believed the rumors regarding Mr. Em-
merson and wrote the alleged defama-
tory article with the intent to perform
a public service. The question of
whether the charge is true or false
would be relegated to a secondary po-
sition if, indeed, the jury might not be
directed to ignore it altogether. Natu-
rally the crown is fighting to avert this
and rather than to have the case tried
under these conditions is moving to
have the point referred to the full bench
with the hope of having Judge Landry's
decision overruled.

Boston Baritone for Nickel

The Nickel management has been
successful in securing the services of
one of Keith's best songsters, direct
from the Boston house of that prop-
rietor, who will make his debut this
afternoon in Gardiner and Kelsey's
tremendous hit, "Panella," which was
so acceptably rendered by Ernest Ap-
pelby last evening. The serious ill-
ness of the artist, however, has inter-
fered with the programme, and particu-
larly in the afternoon, but today's ac-
tion of the new baritone will remove
all these difficulties.
The pictorial story of A Wayward
Son, as shown at the Nickel this latter
half of the week, is full of what is
nowadays known as heart interest. It
is a series of scenes that will appeal
to any member of a household, because
of the naturalness of its action and fam-
ilarity of its home pictures and busi-
ness life. Although the scenes are laid
in the great city of Paris, they are
quite applicable to people living on
the water, and doubtless, have hun-
dreds of counterparts in every
Canadian city. The wayward son
disagrees with his parents, steals
money, is apprehended, is forbidden
his home, goes to war, wins Legion of
Honor, and there is a delightful
ending. The other films are "A Terrible
Experience, Wet Paint and Pals, all of
them ludicrously funny.

HON. L. P. FARRIS HOME AGAIN

Horses He Bought Will Be
Shipped on 29th

The Forty Animals Cost an Average
of \$300—Fine Lot Says
the Commissioner

Bronzed and looking in every way as
if the ocean voyage had done him good,
Hon. L. P. Farris, New Brunswick's
popular and efficient commissioner of
agriculture, reached the city yesterday
from his trip to the old country.

HON. L. P. FARRIS,
Commissioner of Agriculture.

The commissioner did not jolly along
the primrose path of pleasure while
away. He passed through London
while the historic Derby was being run,
and did not tarry to see it. Neither did
he attend the great horse show which
was on at the same time. As evidence
of still greater fortitude he was within
four hours of Paris, but yielded not to
the strenuous voice of the gay European
capital.

He went over there to buy horses,
and he bought forty, all beauties, he
claims, but as to that he is willing to
abide by the verdict of the sturdy yeo-
manry of New Brunswick, who will
have an opportunity of inspecting them
very soon. Twenty-six of the animals
were of the Percheron, he bought ten
of the same breed in the lot.
These were secured in Scotland from
the owners of A. & W. Montgomery, who
are known far and wide as dealers and
breeders, owning over eighty stallions,
the get of which they retain options on.
Consequently Mr. Farris had the oppor-
tunity of a very large number of animals
to select from.

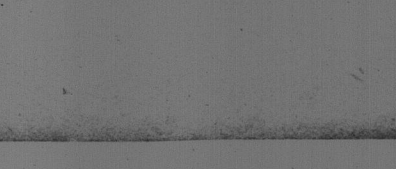

After having purchased all of the
Clydes he wanted Mr. Farris crossed
over to France, and in Normandy, the
home of the Percheron, he bought ten
fillies of this famous breed and two
French coach fillies as well. The Per-
cherons, Mr. Farris thinks, are as fine
a lot as ever came into America, and
he is confident that they will come up
to the highest expectations of the farm-
ers of the province.

The horses will be shipped from Que-
bec on the 29th of this month, on the
Canadian liner Athenia, and should
reach here about the 7th or 8th of July.
They will be offered for sale at public
auction, probably at Moncton and Fred-
ericton in November.
Mr. Hazen vigorously opposed the
proposed adjournment. The defense
were that a commission would have to
be appointed to take the evidence of
the porter, O'Brien, who was out of
the country, that a very important
witness, Mrs. Allan, was ill and unable
to attend the trial, that another wit-
ness who was located on Friday was in
Quebec at some distance from a rail-
way and it would take considerable
time to bring him into court. He un-
derstood the court met in Fredericton
in November.

derstood the court met in Fredericton

In reply to Mr. Hazen Dr. Pugsley
explained that in order to procure wit-
nesses an adjournment was necessary.
Mr. Hazen—"Mr. Emmerson elected
his own time. At the Moncton conven-
tion he stated that he would go to
Fredericton, take criminal action and
vindicate his character. The defense
has witnesses here from Hamilton,
Montreal and Sydney. The crown knew
what the plea would be. I think it
would be miscarriage of justice if ad-
journment is now made."
Dr. Pugsley—"It is not the fault of
the crown that the witness is out of
Canada. I intend to apply for a com-
mission to take his evidence."
The case was one of tremendous impor-
tance of the bench to bear a part of the
responsibility. Tomorrow morning he will
decide definitely.

A MAN'S IDEA
Mrs. Hiram Offen—"I wouldn't be
surprised if the servant girl were list-
ening at the key hole."
Mr. Hiram Offen—"Nor I; that's a
woman's trick."
Mrs. Hiram Offen—"Oh, indeed?"
Mr. Hiram Offen—"Of course. That's
why it's called 'Eve's-dropping.'"

TERROR STRICKEN PEOPLE
FLEEING BEFORE LAMES

Forest Fires in Ontario Doing Great Damage and Lives of Inhabitants Are in Danger--Fire Raging Along C. P. R. and C. N. R. Tracks Causing Heavy Losses --Bad in Vicinity of Ottawa.

TORONTO, June 20.--Turned back in haste by terror-stricken prospectors fleeing before the forest fires north of Latchford, R. R. Gamble, M. P. F. for Manitowish, reached Toronto this morning and had a conference with Hon. Frank Cochrane, minister of lands and mines. Gamble was on his way north to visit his claim in the James township when he met his men hurrying southward to escape being burned to death. Nothing would tempt them back. They had buried their tents and camping material and dynamite and raced out before the fire.

greatest terror, and they are ready to flee to the towns at a minute's notice. On the C. N. R. the fire is still raging fiercely, and the losses to the company will be very large. No less than 20,000 trees were destroyed at one point, and 6,000 at another. Six bridges also fell a prey to the flames between Fifteen Mile Port and Silver Mountain.

THE BIG CHIEF'S RESOLUTION

By Alexander Bunn.

(Copyrighted, 1907, by Mary McKeon.) "The big chief cut the portentious air with an air of pleasant anticipation. It was broiled just right, and the onions were not the least bit greasy. There fitted through his mind a hazy recollection of the fact that even a man with a terrible cold in his head might be able to get some joy out of life while plurberous steaks and fried onions existed.

"You know there is a \$1,000 vacancy just now," she asked meditatively. "poor old Mr. Timberlake died last week. I know his desk perfectly. I did his work all the time he was here. I can get Clayton, \$1,200 clerk, a jump to the egoist and give you a truly, Margaret Clayton, \$1,200 clerk, a jump to \$1,400. Of course, it's an impossible thing for I have not been in office very long," she sighed, "but it's lovely to dream about it. I can't make up my mind to let me pay that debt for you after we are married, Major?" he asked.

WINDSOR, N. S., June 20.--Today was convocation day and the town is thronged with visitors who have come to witness the proceedings. In the morning the boys of the collegiate school, the undergraduates and graduates marched to the parish church, where the convocation sermon was preached by Bishop Richardson.

MORE APPARATUS GREATLY NEEDED

The inquiry into the Macaulay fire was resumed before Judge Ritchie yesterday afternoon. Arthur W. Adams, who formerly was for a long time connected with the St. John fire department, was the first one called to give evidence. The witness seemed to think the fire department was imperfectly equipped, and said an up to date apparatus chosen by parties competent to judge of the best should be secured.

MCGRAW MUST STAY IN JAIL TILL MARCH NEXT

MONTREAL, June 20.--The court of king's bench, sitting in appeal today, decided that Wallace McGraw, who was tried and found guilty, sentenced to be hanged for the murder of Percy Schleiter, and who subsequently was granted a new trial on legal technicalities, must remain in jail until next March, when his cause will be heard.

ACCIDENT DELAYED STEAMER WESTPORT

The crew and passengers of the steamer Westport III, Captain Powell, had a rather anxious experience yesterday. About ten o'clock, after having been out from Tiverton an hour, one of the cross bolts of the cylinder broke, and the steamer was obliged as a result of the accident to remain stationary for an hour and twenty minutes while repairs were being made.

FRENCH COUNT WAS DISMISSED FROM SERVICE

CALGARY, Alberta, June 20.--Monday night last a mounted policeman going under the name of Morris, but really the French Count Delainac, ran amuck at the barracks here and emptied a six shooter three times at his comrades attempting his capture. His aim was bad and no one was hit. He was crazy with drink when caught. Yesterday he was court-martialed, given three months and dismissed from the force.

VERY CONTRADICTIONARY EVIDENCE IN GILLEN INQUEST--JONES DENIED ORDERING THE PLANK REMOVED

The inquest into the death of Michael Gillen, who was killed some time ago while at work in the Royal Bank building, was continued before Coroner Berryman last evening. Three witnesses were examined, two of whom, Charles Ross and John Jones, differed greatly in their testimony.

BOY THREW MATCHES INTO HAY TO SEE IT BURN

BELLEVILLE, June 20.--As the result of a fire started by an eleven-year-old boy, No. 1 fire station was last night burned to the ground at a loss of about \$4,000. Dorian Footes lives next door to the fire station. He got some matches and proceeded to amuse himself by throwing them through a window into some hay just to see them burn. They burned fiercely. When arrested, young Footes confessed. He also admitted having set fire to stables at the Queen's Hotel Thursday last. He informed the police that a girl named Amy Stewart, alias Brown, aged 16 had been his accomplice in the case. She is now in the care of the police. The boy confesses to three fires and several attempts. The pair were brought up in court this morning and the cases were enlarged. The girl is said to be weak-minded.

MEN BROKE CONTRACT AND WANT MORE PAY

MONTREAL, Que., June 20.--Three hundred and twenty-five teamsters employed by the Dominion Transport Company went out on strike today. The men demand that they be paid \$1.15 per day. Sheddin Company's men went out last month and secured their wages after a strike lasting a few days. The Dominion Company's men were bound by a contract and did not strike. Once the Sheddin men secured the increase of fifteen cents a day they became uneasy and finally decided to strike. Contract with the company did not expire until next May.

ANOTHER MAN KILLED AT NORTH SYDNEY

NORTH SYDNEY, June 20.--Malcolm McLeod of River Dennis Centre was instantly killed and three Poles seriously injured on Tuesday by the explosion of a charge of dynamite which had been inserted in a limestone boulder at Marble Mountain quarry of the Dominion Iron and Steel Co., and which had at first failed to explode. McLeod was in the act of redrilling a hole when he was hurled into eternity. Beyond the mauling of his arm his body was not lacerated. McLeod was only nineteen years of age.

"St. George's Baking Powder is good enough for me." "What if I can make more profit on a powder that you say is just as good?" "I have no use for those 'just as good' things. And I will not have 'cheap', impure baking powder in my store at any price." "No, sir! People, who deal here, expect me to protect them against doubtful goods. And I am not going to risk losing good customers by selling a Baking Powder that I can't intelligently recommend." "I know that ST. GEORGE'S is a pure Cream of Tartar Baking Powder, it gives satisfaction and I'll stick to it." "You are just wasting your time (and mine) trying to sell me anything else." "Good morning!"

LOCAL NEWS.

W. S. Hooper, representative of the Fredericton Exhibition, is in this city hunting for the big September Show at the capital.

The body of the late Robert Garnett was taken to Garnett Settlement this morning for interment.

A large crew of men are now at work excavating the rock on City Road in the rear of the hospital. This work is preparatory to the laying of the double track.

Some time ago Mayor Sears sent a letter to Andrew Carnegie, asking on behalf of the local Natural History Society for assistance in the work. Today his worship received a reply from Mr. Carnegie which stated that the request could not be granted as giving money to natural history societies was out of Mr. Carnegie's line.

REPORT COMES THAT CABRERA IS DYING

No Suffers from Blood Poisoning Following the Extraction of a Tooth

(See also page 6)

MEXICO CITY, June 21.—President Estrada Cabrera of Guatemala is dying. This startling statement was made last night by Jose D. Gamez, who is in this city as the confidential agent of President Zelaya.

Gamez claims to have received information from an unquestionable source to the effect that Cabrera is suffering from blood poisoning which followed the extraction of a tooth.

This report is further corroborated by a Spanish physician who recently arrived from Guatemala. He declared that Cabrera's illness is due to an infection of some of the recent atrocities alleged to have been committed by him. This man says that those who know, believe that Cabrera, realizing his condition, is recklessly wreaking vengeance upon his enemies.

Nothing is known in official sources of Cabrera's reported illness.

POLICE COURT

In the police court this morning there were three prisoners on the bench. One was a well dressed Rescouche sport who arrived in the city yesterday, went out the road some of the boys, lost the better part of his wages and finally was left alone to be arrested for being drunk. He was fined four dollars and given some good advice.

Wm. Mullin and a man named Wilson, from the Strait Shore, were charged with being on a prolonged drunk which resulted in their having the "D. T. Mullin is a painter and after midnight he wandered into the Eldon House on Union street, and took a room which he refused to leave. The police were called in and the result was that he objected to interference and claimed that the boarders in the house were taking snap shots at him. Wilson put his wife out of the house, and nailed up the door. He was sent into jail with Mullin and orders were given that they receive medical treatment. There are in jail beside these two, a couple of others who are being treated for an overabundance of liquor and the jailers most likely are thinking the jail is becoming an incubator for the "D. T."

Jeremiah Damery is reported by Dr. D. Simons for driving a wagon from the slaughter house wagon and a license. J. B. M. Baxter appeared for the slaughter house commissioners. Damery did not put in an appearance and the case was adjourned until tomorrow morning.

Ernest Wilson, of Queen street, and Miss Slaven, of Adelaide street, were reported to the court for not having their premises connecting with the public sewer. Mr. Wilson did not put in an appearance and Miss Slaven was ordered to comply with the requirements.

ITALIAN NOBLES KILLED IN AN AUTOMOBILE SMASH

ROME, June 21.—Word has been received here that an automobile containing Marquis Ferrara, the Duke de Laregina, two guests, one of whom is believed to have been an American woman, and the chauffeur, plunged into a ravine on the Naples road. All of the occupants of the car were killed.

NAPLES, June 21.—A most appalling automobile accident occurred at Calanile, about 100 miles distant from Naples yesterday, five men being killed. The motor car, which was going at a high speed, ran into a rock and was demolished. Among the killed was Prince Pescara, a member of the Italian nobility and related to the Spanish Royal house, on account of whose death the aristocracy of the whole Lower Italy will be in mourning.

FREDERICTON MAN SHOT HIMSELF WHILE INSANE

Suicide This Morning of John Boyle, Jr., Well Known Butcher of the Capital City

FREDERICTON, N. B., June 21.—John Boyle, Sr., of the well known firm of John Boyle and Sons, butchers, committed suicide at his residence, King street, at 10 o'clock this morning. The news came as a shock as Mr. Boyle was well and favorably known throughout the city.

For the past couple of weeks deceased is said to have suffered somewhat in his head and on Wednesday last visited the country in connection with his business. On his return, he complained of feeling unwell as if he had suffered from sun stroke. Yesterday he remained about the house, and this morning, still feeling unwell, he kept his bed. About 10 o'clock his sister heard a noise and went to her brother's room where she found him lying on the bed and blood pouring from his mouth. She immediately telephoned Dr. Irvine and on his arrival he found that a bullet had passed right through the breast entering the heart and death must have been instantaneous. The revolver was found lying beside the bed and it was apparent that the man had taken his own life while temporarily insane.

Coroner McNally was summoned and viewed the remains. The evidence of suicide was so plain that it is hardly expected that an inquest will be held. The deceased was about 47 years of age and unmarried and leaves besides his father, four brothers and two sisters, one of the latter being the wife of James Minahan, butcher, in the St. John market.

UNKNOWN ST. JOHN MAN IS DEAD AT HALIFAX

Chief of Police Clark received a telegram this morning from the superintendent of the Halifax hospital, stating that William Dutay, said to be a native of St. John, died there last night. There was nothing in Dutay's belongings which would lead to his further identification and the man, who had been ill for only a short time, was very reticent about giving any information. Nothing is known there of his friends, and Chief Clark desires that any person in the city who is acquainted with the man or his people should communicate either with him or with the Halifax hospital direct.

"Your wife has fallen downstairs and is seriously hurt!" screamed an excited neighbor over the telephone.

CONFERENCE DISCUSSES EDUCATION AND MISSIONS

(See also page 6)

ST STEPHEN, N. B., June 21.—The conference was opened this morning by the usual devotional exercises, presided over by Rev. James J. Allen, in the chair.

After the reading of the minutes of the previous session, the order of the day was taken up which was the hearing of the Rev. James Allen, of Toronto, on Home Mission work. The speaker in opening his address told the brethren that at any time during his remarks if there were any questions they would like to ask, he would be too glad if it were in his power to answer or to throw light on their work. The time given to this matter was therefore almost entirely devoted, and it is believed a great deal of good will come from this discussion, which lasted about two hours.

The second order of the day was the hearing of Rev. W. J. Graham, assistant secretary of the Educational Society, in presenting a campaign in behalf of the educational institutions sanctioned by the General Conference, 11 institutions, 27 on the staff.

Speaking of the University of Mount Allison at Sackville, he said: "I have said it at other conferences, and I say it now, you have there a plant second to none." The Board of Education has carefully calculated and they must have \$400,000, twenty thousand of which will be used for student work at the close of the address the conference by resolution heartily endorsed all that has been said by the Rev. T. W. Graham and expressed a hope that in his new sphere of work he may be successful. They have hope by some that although they do not have the amount of forty-four thousand as proposed by him. Meeting adjourned until 2 p. m.

SUMMER CARNIVAL SCHEME HAS BEEN ABANDONED

In all probability St. John will not have an amusement event of any kind this year, excepting the firemen's tournament. Since Mayor Sears has called upon several citizens and found that they take little interest in the matter, he has decided to abandon the regular fair could not be held, a substitute in the way of a horse show would be provided, seems abandoned.
