

ARE READY FOR SEVERE COLD

Siberian Expedition is Fitted Out Like a Lot of Esquimaux.

COULD SLEEP IN SNOWBANKS

Comfort is the Object to be Achieved and the Men Carry a Very Heavy Kit.

SHEEPSKIN COATS

Heavy Klondike Socks, Moccasins and Mufflers Make the Expedition Look Like Arctic Explorers.

Vancouver, B.C., Nov. 14.—(By W. E. Playfair, Correspondent of the Canadian Press.)—Never has a military force been arranged as the Canadian Siberian expedition will be, on its winter campaign out of Vladivostok. In full winter kit as issued by the authorities to these twentieth century argonauts, officers and men alike will look more like eastern lumberjacks than soldiers, but they will be warm and that is the important factor in a climate perhaps more rigorous than that of the northern prairies. It is a novel feature of this expedition that the same kit issued to officers as well as to the men, and there is not very much difference in the garments handed out to the various ranks. Warmth and utility are in the garments, which are their main characteristics. Caparisoned in full kit, the Canadians in Siberia might safely sleep in a snow bank.

Some fifteen items are included in the official issue which runs something like this: Sleeping bag, long coat, lined with sheepskin, muffer, coat, fur cap (muskral), sleeping toque, heavy sweater, woolen shirts (2), snow glasses, two pairs woolen socks, Klondike socks, moccasins, shoe packs and woolen muffer. In their sheepskin coat with turned-up collar and fur cap with the ear flaps turned down, the Siberian campaigners will look decidedly like the picture of Arctic explorers nearing the pole.

BETTER TIMES FOR RUSSIA

Opening up of Black Sea Ports Means a Big Thing.

THE WAY IS NOW CLEAR

Rumania Will Also be Speedily Liberated from German Influence—Enemy Now Retiring.

BALTIC SOON OPEN TOO

And This Means Easy Access to Petrograd With Consequent Relief from the Turmoil Now Prevailing.

London, Nov. 14.—Commenting on the arrival at Constantinople of Allied squadrons, the London newspapers broadcast the speedy opening up of Russia through Odessa and other Black Sea ports and predict a betterment of conditions at Petrograd shortly through the forthcoming opening of the Baltic to the Entente.

"The way into the Black Sea is clear, and great results must follow quickly the appearance of the Allied fleets of the Golden Horn," says the Times. "By opening up the Rumanian coast and the mouth of the Danube the Allies will complete the task of the liberation of Rumania, though in effect Rumania is free already and her German garrison under General Von Mackensen is seeking a pathway home."

"When Admiral Calthorpe arrives off Odessa and Sebastopol the Allies will have a gateway into Russia, and our coming entry into the Baltic should help to lift the clouds which still lie heavy over Petrograd."

"The German route through the Black Sea to the middle east has already vanished with the collapse of our principal foe. The wheel has come to a full circle and the tragic isolation of Russia is at an end."

"The announcement that British and Indian troops now garrison the Gallipoli forts and paraded as the ships passed, closes the grim but glorious story which began in 1915. Though we failed then, the men who fought at Gallipoli in 1915 broke the military strength of Turkey. She turned our path but spent the flower of her army in the effort, and never recovered from it."

MURDERING JEWS.

Stockholm, Nov. 14.—The Jewish press reports that anti-Semitic riots have broken out in several towns in Western Galicia and in Poland. Six Jews have been killed at Siedlce, 55 miles southeast of Warsaw.

TODAY LET US WIN OUR CROWN

UP TILL WEDNESDAY THIS DISTRICT HAD SUBSCRIBED \$5,096,550 FOR VICTORY LOAN

We Still Require a Million and a Quarter to Win the Crown, and it Can be Done if Everybody Works—Kings County Also Went Over the Top Yesterday—Only Two More Days to Boost it.

MONTREAL RAISES NINETY MILLIONS

Flags and Crowns in Quebec Province Are Now Numbered by Hundreds.

Montreal, Nov. 14.—Somewhere between eighty-five and ninety millions will probably be announced as Montreal collections at luncheon tomorrow for the workers. No totals have been announced since Tuesday. Province collections outside Montreal will go over \$21,000,000 by morning. At midnight figures were \$20,376,900. Fifty-four more towns and villages won honor flags today, five more counties also and 150 additional crowns to honor flags were awarded.

St. John has risen to the occasion in splendid style, and accomplished what seemed an impossible task. On Wednesday night she went over the top in the Victory Loan campaign, and the official figures for the district stood at \$5,096,550 from 8,771 applicants. When the reports for Wednesday's work were tallied up at headquarters, it was seen that the district had made the objective, there was general rejoicing, and Chairman Elkin, voicing the sentiments of the central committee, said: "Now we must get a crown, and on next Monday morning we want to have floating from City Hall the honor flag with at least one crown. It will only require an additional \$1,250,000, and I believe the patriotic citizens of this district will see that this task is also accomplished."

"While doubts were expressed of the ability of the district to raise the quota apportioned to it, I never had any, for I knew the citizens would come across and place St. John on the map. When we get this additional million and a quarter dollars and have the crown placed on the flag, we will be one of the very few cities in Canada who will have that distinction, and we are going to get it."

"We also need this additional sum to make up for what other parts of the province will be short, due to the epidemic which has made it impossible to get out any canvass. New Brunswick must make its quota, and I believe the citizens of this city will do a little extra to see that it does."

"If the citizens will for Thursday, Friday and Saturday, give subscribers \$600,000, the central committee will guarantee that the crown will be on the flag and St. John will have made a record to be proud of."

Wednesday was the biggest day of the campaign in the number of subscriptions turned in, practically twice as many coming in that day, as any other, and judging from reports received, Thursday will run it a close second.

Thursday's reports will put Lorne and Brooks ward over the top. Kings, Lansdowne, Queens, Victoria, Beaconsfield and the county have already gone over and others are close to the goal. Guy needs \$38,000 and Fairville \$60,000 to make their objectives, but it is felt that they will be there with the goods by the close of the campaign.

Yesterday a subscription of \$5,000 from the Burroughs Adding Machine Co., through the local office, was reported to headquarters.

Motor cars are needed, and Mr. LABOR'S VIEWS ABOUT PEACE

Compers Outlines the Policy—No Reprisals, But Welfare of People Affected Should be the Motive.

Laredo, Texas, Nov. 14.—Samuel Compers, president of the American Federation of Labor, today made known the programme which organized labor in America wishes to be embraced in the International peace treaty. A resolution embracing five fundamental principles and seven second planks was introduced by Mr. Compers before the pan-American labor conference, which was organized here today. The resolution is being considered tonight by the resolution committee which will make its report tomorrow.

STANLEY E. ELKIN, M. P. Chairman for St. John District

Terry will be more than glad to receive the word that any are available. The reports from outside points yesterday were very meagre, due to trouble with the wires, but some few were received. Kings county went over the top, its objective was \$650,000, and it reported \$20,000 in excess of that amount. Greenwich added two more crowns, giving them four; Derby sent in for two crowns; St. Jacques won a flag; Dufferin added two more crowns, making three they have won, and the parishes of St. Patrick and

EVACUATION OF BELGIUM AND FRANCE NOW UNDER WAY

The Former Country Will be Rapidly Cleared of the Enemy and Marshal Foch Will Make Solemn Entry to Brussels—German Officers, Afraid of Their Men, Are Anxious to Hand Over Their Armament.

Paris, Nov. 14.—(By The Associated Press).—Germany's troops began to evacuate France and Belgium on Tuesday. The Allied troops then moved forward, the Americans advancing in the direction of Metz and Strasbourg.

Marshal Foch, commander-in-chief of the Allied armies, will make solemn entries into those German fortresses on Sunday in the presence of President Poincare and Premier Clemenceau. The Marshal will ride into the cities on Croisiers, his favorite charger.

It is probable that the departments in the re-won territory will resume their old names; namely, Bas Rhin, Prefecture of Strasbourg; Haut Rhin, Prefecture of Colmar; and Moselle, Prefecture of Metz. The government already is considering the establishment of provisional administrative arrangements.

The occupation of the territory on the left bank of the Rhine and the bridgeheads will not be undertaken by order of a league of free peoples of the world banded together to secure justice and peace in relations between nations. The welfare of the people affected, the resolution declares, must be the sole factor in determining changes and adjustments in power.

An international eight hour and child labor law are two of the results organized labor wishes to see come out of the war. Denial of shipping facilities to goods manufactured by children under 16 years was suggested.

WINNIPEG HOISTS HER VICTORY FLAG

Manitoba Province Has Raised Almost Thirty Millions—City Gives \$120 Per Head.

Winnipeg, Nov. 14.—Winnipeg City's Victory Loan honor flag was run to the top of the flag pole at the City Hall at midday today. No public celebrations were allowed, since the city health authorities banned the assembly that had been planned.

According to figures compiled by the chief accountant for the Manitoba drive, this city and province at noon today had subscribed for \$29,024,250 worth of victory bonds.

It is not definitely known to what extent Winnipeg has exceeded her quota, but in round figures to midnight last night the total was approximately \$24,000,000 being \$2,500,000 in excess of the city's quota.

The city of Winnipeg proper already has contributed a sum equal to \$120 for every man, woman and child toward the victory loan, Sir Augustus Nanton told the special meeting of the city council today.

Lepreau and the town of St. Stephen received were:

FORTY MILLION ARE HUNGRY

Allies Have as Yet Found no Solution to the Problem of Helping Central Russia.

Washington, Nov. 14.—Relief for suffering millions in Bolshevik-controlled Central Russia furnishes a problem which the Allied and American governments have as yet been unable to solve. In fact, one official said today that not even a method of solution had been determined upon.

It is now regarded as practically certain that it will be impossible to get food to the 40,000,000 people in this territory this winter. With food now scarce and anarchy rampant officials here fear that famine is inevitable and that the toll of deaths may be astounding figures.

Officials said that conditions in Siberia and Northern Russia were rapidly improving, while in Bessarabia and Ukraine good order is maintained. The Ukrainians are said to have virtually cleared their country of German while Bessarabia by a plebiscite has determined to be a part of Rumania.

AGENTS FOR U. S. GOVT.

Victoria, B. C., Nov. 14.—The announcement is made that the Thordyke Trenchless Company of Seattle has been appointed operating agents for all vessels under construction in British Columbia, for the French government, approximately 50 in number.

NEW ZEALAND AND THE U.S.A.

Send Messages of Cordial Congratulation to the People of Canada.

THEY ARE PROUD TO KNOW US

Glad That the Younger Nations of the Empire Have Steadfastly Held Their Place.

CONFIDENCE IN FUTURE

Having Gone Through the Storm and Stress of the Past Four Years We Need Not Fear What the Future May Bring.

Otawa, Nov. 14.—In reply to the governments of the United States and New Zealand, His Excellency, the Governor General has received the following answers: "From the President of the United States to the Governor General of Canada:

"I am sure I speak for the people of the United States in sending most cordial fraternal greetings to the people of Canada in this hour of our common triumph and profound joy. It has been a matter of pride to be associated with the Canadian people and with your excellency's Government in carrying forward the enterprise of the war and I beg that you will accept for yourself and for the great forces over which you preside, the most cordial greetings and congratulations."

"From the Governor General of New Zealand to the Governor General of Canada:

"New Zealand thanks you for your cordial message. This dominion heartily reciprocates your good wishes for the future and feels convinced that as the peoples of the old country and the young dominions have successfully faced the difficulties of the past four years they will be equally competent to deal with the problems of reconstruction which lie before them."

MANY REQUESTS ARE RECEIVED

At War Office, Ottawa, for the Immediate Return of Men Now Overseas.

LETTERS NOT ANSWERED

Too Big a Job for the Department to Handle Excepting in Special Cases.

MEN CANNOT COME

Such a Plan Would Demoralize the Whole Army, and Only on Compassionate Grounds Will Any of These Applications be Considered.

Ottawa, Nov. 14.—After nine stenographers specially detailed for the work had endeavored unsuccessfully to cope with the flood of letters received requesting the immediate return of soldiers from the front, the militia department issued the following statement:

"In view of the very large number of letters received at militia headquarters during the past few days, requesting that, in view of the armistice, sons, brothers and other relatives may be immediately discharged from the army and returned to Canada, the department of militia and defence finds it necessary to state:

"First, that owing to the large number of these communications and the tremendous labor involved in dealing with them, replies will not be sent to any received during the last few days, unless the cases appear to come within the policy affecting leave of absence on compassionate grounds, in which event they will be dealt with in the usual way."

"Second, that it is impossible to accede to, or even consider, such applications unless they are based upon circumstances involving hardship which bring them clearly within the policy governing compassionate leave. Any other course of action would involve the return to Canada of soldiers by preference, or selection for private reasons, which could not in any way be justified."

DEMobilIZATION CONSIDERED.

Ottawa, Nov. 14.—Demobilization was under consideration today at a conference between the reconstruction and development committee of the cabinet and representatives of the militia department, the department of soldiers civilian service re-establishment and other government departments affected. The idea of the conference was to draft a general policy of demobilization.

NEWS OF SPECIAL INTEREST

PLANS COMPLETED BY ROYAL STANDARD

Meeting Held Last Evening by Royal Standard Chapter—Play to be Presented Shortly and Fair Arranged for.

A large and enthusiastic meeting of the Royal Standard Chapter I. O. D. E. was held last evening at their rooms in the Orange Hall, the regent, Mrs. E. Atherton Smith, presiding. A number of letters of thanks were read from the various commanders of units to which donations of money have been made. Many rehearsals and other letters of appreciation were received by the chapter.

DANDELION MAP QUITE POPULAR

Flowers Placing Their Sections of Province Before the Public by Having Heads Cut Off and Sent to St. John.

A few weeks ago The Standard received a letter from a young lady in Prince of Wales in which was enclosed a dandelion which she had picked up in a field in that fair village, and accordingly Prince of Wales was placed on the dandelion map. A few days later a letter and a couple of dandelions came from a young lady in Musquash with the request that this place find its name on the map for November dandelion picking. Next came a letter from River de Chute and The Standard received dandelions from that section of the country, also with the request that it deserved to be on the map as well as the above named villages.

One would almost imagine that the dandelions all over the province were taking a chance of catching cold by popping up in the different fields and were quite willing to do their bit by having their heads cut off if for no other reason than having their old home town mentioned on The Standard's dandelion map.

A citizen called in the office on Tuesday and stated that while he was quite excited over the peace celebration and although St. John was quite well known all over the world it had never been mentioned as being a place where dandelions were found growing in November, and he presented the office with three of these flowers which he found growing in the Queen Square.

There appear to be other places where these flowers have caught the habit of growing out of season as the following two letters received yesterday speak in flowery language for themselves:

Bristol, Carleton Co., N. B., Nov. 13, Dear Sir, I found on this thirteenth day of November one dandelion. Please put it on your dandelion map.

Yours truly, MASTER HAROLD C. SHAW, Sussex, N. B., Nov. 13, Dear Sir, I see by your paper you have what you call a dandelion map. Please mark Sussex on it. You will find enclosed a dandelion I picked on the 12th. I also saw two more and also a buttercup in full bloom.

Yours truly, C. J. KIERSTEAD, FUNERALS

The funeral of Miss Stella G. Hampton took place yesterday afternoon from Chamberlain's undertaking rooms. Services were conducted by Rev. George Morris. Interment was made in Cedar Hill cemetery.

The funeral of Mrs. Emma Lowgood took place yesterday morning from 10 Sydney Street. Services were conducted by Rev. H. A. Cody. The body was taken to Hampton for interment.

The funeral of Mrs. Elizabeth Briggs took place yesterday afternoon from her late residence, Silver Falls. Interment was made in Fernhill cemetery.

Y. W. C. A. WILL HOLD MEETING

Executive Plan for Regular Meeting—Travellers' Aid Continues Good Work.

A meeting of the Board of Directors of the Y. W. C. A. was held on Wednesday afternoon to make arrangements for the regular meeting which is to be held next week. The secretary of the Y. W. C. A., Miss Neahy, states that no details of the board meeting can be given out, but it is understood that business of importance is to come up at the regular meeting.

The work of the association has been greatly handicapped by the influenza epidemic, but the Travellers' Aid has kept on with their assistance to travellers at the station, and at the Transient Home. Fortunately no cases of influenza have actually entered the Home so no interruption has been suffered in that way.

Miss Florence Hoy is able to give advice and help to women and girls travelling alone, and in many instances has been enabled to solve some problems and straighten out difficulties for the strangers passing through the city.

DE MONTS CHAPTER MAKE DONATIONS

Christmas Cheer to be Provided—V.A.D. and Victory Loan Supported.

A meeting of the DeMonto Chapter, I. O. D. E. was held yesterday morning in the Provincial Government rooms, Mrs. George K. McLeod, regent presiding.

To provide Christmas cheer for the soldiers the following amounts were voted: To Major Cyrus Inches and men \$10.00 To Major Colin MacKay and men \$10.00 To Lieut. Col. Harrison and men \$10.00 To Smokes to Overseas Club \$10.00

To show their appreciation of the work done by the V. A. D. \$10.00 was voted. The balance of the funds remaining in the treasury was voted to the purchase of Victory bonds.

It was announced that the proposed millinery and rummage sale had been postponed on account of the influenza epidemic.

Members of the chapter were asked to assist the Y. W. C. A. in their drive for Victory Bonds by using their influence to induce others to subscribe. The bonds purchased by the DeMonto Chapter will be bought through the Y. W. C. A.

IMPERIAL THEATRE CROWDED YESTERDAY

Re-Opening Marked With Splendid Show and Tasty Decorations.

The Imperial reopened after the five weeks' influenza ban yesterday to large houses although the disagreeable weather must have kept many at home. The programme was of a bright and restful character, chiefly featuring Geo. M. Cohan, the well known comedian, in the take-off on Billy Sunday's method of evangelistic preaching entitled "Hit-the-trail-Holiday". This picture was presented on the speaking stage with wonderful success for several seasons and is still going strong.

Mr. Cohan was the same alert and very funny comedian, keeping everybody in titters of laughter throughout the five reels. How he graduated from bartender to evangelist and cleaned up a brewery town was an engrossing bit of fiction and was loudly applauded at its conclusion.

The patriotic pictures showing Generalissimo Foch and Marshal Haig and other great leaders as well as scenes on the western front and also the visit of the Canadian press men to the battlefield was good interesting entertainment, while the Victory Loan picture with Douglas Fairbanks and the Vitaphone farce with Larry Semon fitted into the bill splendidly.

Imperial was all "dolled up" with freshly painted floors, tasty standing lamps, new stage decorations in green and gold and plenty of blossoms here and there and everywhere. It was comfortable and cozy and if anything more attractive than ever.

"The German people used to think of the Kaiser their best friend." "Now they seem to be finding out that he was their worst enemy."

TWELVE THOUSAND BOTTLES SENT OUT

V. A. D. Diet Kitchen Books Show for a Month a Total of 15,000 Bottles and Packages of Food Supplied to Influenza Patients.

In closing up the books of the V. A. D. Diet Kitchen yesterday it was found that this month there had been sent out from the Kitchen twelve thousand bottles filled with soup or gruel, drink (apple water, orange drinks, etc.) and three thousand packages containing jellies, baked custards, cream, snow puddings, chicken jellies and other articles of invalid cookery. This gives one some idea of the organization which is necessary, and the help which is required to run this kitchen in the splendid way has been managed.

Yesterday five new cases were reported. The Sister of Charity, who is one of the official visitors, was able to reduce her lists slightly yesterday. In one family reported on Wednesday there was one patient, yesterday in that family there are six persons down with influenza.

No new car owners have offered their automobiles for the delivery of the cooked food.

At the Kitchen several new workers have come in and are learning the ropes so that they will be able to relieve those who have given so faithfully of their time and energy since the outbreak of the epidemic.

SEVEN SEAS I.O.D.E. BUY A BOND

Plans for Gift Shop Completed at Meeting Held Last Evening.

The Seven Seas Chapter I.O.D.E. decided at a meeting held last evening at the home of Miss Ray Wilson, Queen Street, to buy a Victory Bond and thus invest some of their funds to help bring the soldiers home. The bond will be purchased through the Y. W. C. A., and members of the Chapter were asked to use their influence to have other bonds bought through that Association.

Plans were completed for the Gift Shop, which is to be opened Nov. 8th at Mace's on King Street. Here a large variety of gifts suitable for the Christmas season may be purchased.

A donation of \$10 was made to Captain Kirkpatrick of the Forestry Battalion to purchase mittens for his unit.

The Regent, Mrs. Lloyd Estey, presided at this meeting, which was largely attended, the members taking up work again with enthusiasm, after a period of enforced quiet.

Why Stay Fat? You Can Reduce

The answer of most fat people is that it is too hard, too troublesome and too dangerous to force the weight down. However, in Marmola Prescription Tablets, all these difficulties are overcome. They are absolutely harmless, entail no dieting or exercise, and have the added advantage of cheapness. A large case is sold by druggists at 75c. Or if preferable, they can be obtained by sending price direct to the Marmola Co., 864 Woodward Ave., Detroit, Mich. Now that you know this you have no excuse for being too fat, but can reduce two, three or four pounds a week without fear of bad after-effects.

CHILDREN'S GARDEN

Newcastle, Nov. 14.—Douglas town pupils have been awarded garden prizes as follows: For best home plots—Yorston Beun, 1st; Marton Cameron, 2nd; Marton Gray, 3rd; Robert and Arthur Wood, 4th.

For best care of School Garden Plot—Mona Wood, 1st; May Dinan, 2nd; Helen Kirkpatrick, 3rd.

The Gas Worker. Orville Wright said in Dayton the other day: "Some of the sternest critics of aircraft production give away their ignorance in their criticism."

"They remind me of Mrs. Davis, who said: "Thank heaven, my Bob's got a job at last."

"I'm glad to hear it, I am," said Mrs. Brown. "And what's Bob doing?"

"He's working at the gas works," said Mrs. Davis, "shovin' gas."

ROUND THE WORLD FAIR A SUCCESS

Large Crowd in Attendance at City Cornet Band and Navy League Function Last Night—St. Andrew's Rink Place of Pleasure.

The fair, under the auspices of the City Cornet Band members opened last evening in St. Andrew's Rink after its postponement occasioned by the recent ban of the health department.

The spirit of the inclement weather the affair opened with its characteristic success as on former occasions, and a good sized crowd was in attendance who boomed the strings on their pool-tables (which the steam-roller had not run over either) and came across with the "oh", in return getting a good time and carrying off many useful prizes. Tonight promises to be a "big night," as the mayor and city commissioners will be on hand to deliver addresses, as the evening marks the forty-fourth anniversary of the band, which enjoys the popularity of the citizens at the present time as it did forty-four long years ago.

The rink is gaily decorated for the occasion with flags and bunting. A feature of the affair is the different booths which are well stocked and handsomely decorated, and anyone game enough to spend a few coins will return home overloaded with prizes. The committees in charge report last evening a success in every feature in spite of the disadvantages of the weather. Tonight promises to be "The night," and the "Old Reliable Band" expects to go over the top but this is only possible with the co-operation of the citizens, who no doubt will gather at the rink and help boost the fair.

The proceeds, it may be added, are devoted to the Band, and to the Navy League, each receiving half.

The names of those on the various committees follow: Ice-cream booth—Mrs. J. Shean, Misses A. McInerney, Hogan, E. Callahan, J. McNeill, G. McManus, C. Lyda, Ross and McCarthy.

Chance booth—Mrs. Jas. McCarthy, Mrs. J. Mullin, Misses A. Bardsley, K. McMillough, K. Higgins, J. Mullin, M. Bodes.

Sunken treasure booth—Mrs. E. McBride, Mrs. R. Clark, Miss L. Scott, Miss G. Gallagher and J. Cavanaugh. Fancy booth—Mrs. M. E. Finlayson, Miss N. Brickley, Misses Annie Monahan, Carrie Harris, Rose McLaughlin, S. McWilliams, B. Sharkey, Florence McHale, Alice Monahan, Mrs. Sullivan.

H. M. S. Lucious—Miss Irene O'Connor, Miss E. Walsh, Mary Lannin, E. Higgins and Miss C. McCreast.

Refreshment booth—F. Carney and A. Martin. Punch board—W. McHugh and G. Stratford.

Spindles—Daniel Connolly. CELEBRATION AT ANDOVER.

Andover and Perth were not behind in celebrating the signing of the armistice. At eleven o'clock on Tuesday morning in front of the Court House was held an open-air interdenominational religious service, conducted by Revs. Flemington, Belyea, Barton and Fisher Ryan.

The school children of the two villages, carrying flags and singing patriotic songs, marched the streets and attended the service. Appropriate hymns were sung by the large gathering with a spirit of thankfulness. At 2 p.m. a parade was formed at the Court House, which went through the two villages, and there were many pretty cars and floats.

Four returned soldiers on horse back headed the procession. There were 60 autos and 25 teams, all gaily decorated and each one filled to its utmost capacity with joy-makers. Shouting, ringing bells, blowing horns and making all possible noises, the people celebrated. One of the most ridiculous features was a decrepit horse drawing a cart with the image of the ex-Kaiser, and bearing the placard in large letters "Just Arrived From Holland." After the parade an open-air meeting was held at the Court House, and speeches were made.

At 5 p.m. a huge bonfire was lighted and the ex-Kaiser was hurled into the flames. All stores were closed for the day and everybody was in holiday

RIGHT CASES OF INFLUENZA FOR YESTERDAY

Three Houses Released from Quarantine—Health Official Reports the Situation in Province Decidedly Improved.

Eight new cases of influenza were reported to the Board of Health yesterday and three houses were released from quarantine. Of the eight cases reported one was a sailor from a vessel in port, who was taken to the emergency hospital.

Dr. Melvin reports the situation in the province decidedly improved and the number of reports showing an increasing less every day, showing that a steady decline is going on in practically all parts of the province.

Advise inoculation. Hon. Dr. Roberts last night called attention to the fact that a large percentage of the population of the city and province had not been ill with the epidemic and the advisability of those who were not immune, taking all the precautions possible to keep from taking it. He urged that every citizen visit his family physician and be inoculated with the vaccine which had been brought here from Tufts College, for while the department were not prepared to guarantee that it would prevent persons using it from taking the disease, it had been known to work out that way in many cases.

The department has enough of this vaccine on hand to inoculate every person in the province and is sending it out to any registered physician who wants it free of charge, all they have to do is to apply to Dr. Abramson at the General Public Hospital.

The minister also stated that any person who felt they could not afford the physician's charges for inoculation, should there be any, could receive the treatment free by applying to Dr. Abramson at the General Public Hospital.

LT. BURHAM WOUNDED. Yesterday morning A. E. Burham of M.R.A. Limited, was advised from Ottawa that his youngest son, Lieutenant A. E. Burham, had been slightly wounded in the remaining part of his duty. Lieutenant Burham enlisted in Selkirk, Alberta, where at the time he was employed as manager of a branch of the Bank of British North America. Lieutenant Burham is well known in the city, having spent his boyhood days here. He is twenty-nine years old.

TEAMSTERS AND CHAUFFEURS. The Teamsters and Chauffeurs Union did not hold the meeting scheduled for last evening. On account of the inclement weather only a few members were present and the meeting was postponed to meet again in a week's time.

Many private houses were gaily decorated and large flags were suspended across the streets.

HE PAID THE BILL

A story is told of a young gentleman of the city, who, while under the influence of the apert potent, entered a local restaurant for supper and ordered the proprietor to serve the "cats" to the number then in the establishment. Forwith the goods were delivered and the city chap was presented with the bill which some casual says was a gentle reminder to sober up on an argument named between himself and the proprietor, as to the high cost of living in general, also to the large bill. But the bill was collected not, however, without its attending troubles.

THE GOAL HANDLERS.

The Coal Handlers Union, 310, of the International Labor Association, held a meeting yesterday afternoon in their rooms, Union street. The men are asking, as reported in another paper, for a wage schedule of 75 cents per hour by day, and 85 cents by night. At yesterday's meeting only routine business was transacted.

PERSONALS

Fletcher Peacock, B. A., Fredericton, director of technical education in the province, who waited on the city council yesterday, exhorting them to establish a technical school in this city, left for his home last evening on the Fredericton express.

Bringing Up Father

HOW MANY BONDS TO-DAY?

That's the pertinent question being asked.

And it's Canada that's doing the asking.

Canada's jaws are set, and looking squarely into your eyes—she asks:

“How Many Bonds Today”

Canada wants plain talk, no quibbling.

Canada is through with “conversational” help—words are fine, but they won't buy food or materials needed.

Advice—Canada has more than plenty, little of which can be traded for continued prosperity.

She wants a direct answer to this question.

An answer that will spell action.

Such action as will fulfil your duty as a citizen.

Yes, and help pay the obligation you owe to your country. And when you have answered—

Stand erect in all your manhood—

Proud of the flag under which you live—loyal to the country you call your own—ready to help and protect to the last dollar.

To buy your quota—your equal share—is a simple duty—patriotism suggests that you do more.

If you fail Canada now—you are shifting your just burden on to another man's shoulders.

Endangering the Patriotic Spirit of Canada.

Put every dollar you have saved, and can save, and every dollar you can borrow, at work—at work saving lives, and bringing our fighting men, sons, husbands, brothers, friends, home alive and victorious.

If you could not fight it's your bounden duty—your very self-prosperity demands that you lend your money to your country—

If your income is \$2,500 and upwards—do not buy a couple of bonds and sit back with a look of self-satisfaction. DOUBLE your first figure. You are not giving, you are lending—at good interest—on the best security in all Canada.

BUY VICTORY BONDS---MORE VICTORY BONDS STILL MORE VICTORY BONDS.

WAKE UP! ST. JOHN

Two Days Left in Which To Invest In

The World's Greatest Investment

VICTORY BONDS

Never has St. John had a better opportunity to show her fighting spirit than today. With the \$5,000,000 goal ahead and a trifle over half a million to be raised in order to reach the goal this grand old patriotic city looks with confidence to her citizens to put her in the list of loyal places that have met and passed their quota.

Two short days remain. Two days only in which you have the opportunity to get in on the best investment ever offered. Monday will be too late. The simple, safe and easy Bond Buying method of saving money will be a thing of history—a subject of sorry conversation and sad regrets. NO red-blooded person can afford to let the opportunity slip and it is safe to say none will.

Three Ways In Which You May Invest:

1. The denominations are \$50, \$100, \$500 and \$1,000. You may pay cash for your bond and there will be no interest charge. In other words the bond will cost you the par value of the bond.
2. The government has made it possible for you to buy a bond on a monthly payment plan which will be explained by the canvasser. This plan is: Ten per cent. with application, twenty per cent. in December, twenty in January, twenty in February and thirty odd per cent. in March.
3. Chartered banks and many other financial institutions will buy the bond for you and you may pay them back on a monthly payment plan which spreads the total amount over ten months.

Now: The terms make it easy for you to own a Bond. The Security offered is the Best and the Interest high. There is therefore no reason why you should not own a Bond if you sincerely want to.

A SUGGESTION TO THOSE WHO HAVE ALREADY BOUGHT A BOND.

Many who have purchased Bonds on the Cash or Government's monthly payment plan will find in the Bank's ten month payment plan an easy way in which to carry another \$50 or \$100 Bond. The payment for these falls around the middle of each month; and as the Government's monthly plan of payment falls on the first week of the month the additional bond can be carried without undue financial obligation.

PAPER APPEAL WAS OPENED

Manufacturers Showed to Have Reaped Excessive Profits.

W. N. TILLEY ON THE JOB

Appeal Tribunal Has Impressed by All That Had Not Previously Been Done.

Ottawa, Nov. 14.—Starting figures as to the profits made by Canadian paper mills were submitted to the paper control tribunal by Mr. W. N. Tilley, acting for Canadian publishers today. He showed that the Laurentide Company had not earned, after deducting for depreciation and betterment of \$2,481,961 for the year ending last June, as compared with \$967,502 in 1914.

Price Brothers' 1916 figure was \$1,374,743, as compared with \$451,387 in 1913.

Spanish River Mills' net revenue was \$1,789,231 in 1918, as compared with \$979,285 in 1914.

"But they manufacture other things than newspaper," said a member of the tribunal, when these figures were read.

"Yes," said Mr. Tilley, "and that is why we want to examine the government auditor, G. T. Clarkson, to see if newspaper is really a by-product or side line which is one thing this board will have to consider. The profits made before the war were normal profits plus what could be obtained by a well-regulated combine."

"Didn't the commission go into that?" the tribunal asked.

"We wanted to go into that but we were stopped," said Mr. Tilley, who took up much of today's session in a recital of the publishers' many vain efforts to get a proper investigation of the paper mills' affairs and who urged that Mr. Clarkson be allowed to tell the tribunal his experience as an investigator. No decision as to calling Mr. Clarkson was reached, but the tribunal did decide that newspapers must pay the Fringe price of 80¢ per ton for newsprint, solely on the ground that they have no jurisdiction to stay his order. The government may give them jurisdiction, however.

SCHEIDEMANN TO PEACE CONFERENCE

Paris, Wednesday, Nov. 13.—Philipp Scheidemann, German majority Socialist leader, probably will head the German delegates to the peace conference, according to a Zurich dispatch to L'Information. In diplomatic circles in Zurich it is not believed that the German delegates can be nominated before the end of the week. It is pointed out there that it will be difficult to make up a common delegation now that Germany has two scores of republics apparently without relations between themselves.

HAD SEVERE COLD AND TICKLING SENSATION IN THE THROAT.

This trouble is most distressing, and is caused from a cold that has settled in the throat.

How many people have lost a good night's sleep by that nasty, tickling, irritating sensation in the throat? The dry, hard coughing, keeps you awake, and when you get up in the morning you feel as if you had had no rest at all.

Dr. Wood's Norway Pine Syrup, which is composed of the most soothing and healing expectorant herbs and barks, combined with the lung healing virtues of the world-famous Norway pine tree, will give you almost instant relief in all cases of this nature.

Mrs. G. C. Routley, Bright, Ont., writes:—"I take great pleasure in writing you of Dr. Wood's Norway Pine Syrup."

"For several weeks I was troubled with a severe cold and a tickling in the throat. I tried numerous remedies, but found no relief until I used Dr. Wood's Norway Pine Syrup, which I had heard so much about, and on taking one bottle got instant relief. I highly recommend it to those who need a quick cure."

So great has been the success of "Dr. Wood's" in curing coughs, colds, bronchitis, etc., it is only natural that many imitations have been placed on the market. The genuine is put up in a yellow wrapper; three pine trees the trade mark; price 50¢ and 50¢. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

If Backachy or Kidneys Bother

Eat less meat, also take glass of Salts before eating breakfast

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush out the body's uric waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from back-ache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

But less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a table-spoonful in a glass of water before

FRANCE'S DAY COMES AT LAST

General Fatain Sends Greetings to All the French Armies.

With the French Army in France, Tuesday, Nov. 12.—(By The Associated Press)—General Fatain, the French commander-in-chief, has issued the following order of the day to his troops:

"To the French armies. During long months you have fought. History will record the tenacity and fierce energy displayed during those four years by our country which had to vanquish in order not to die."

"Tomorrow, in order to better dictate peace, you are going to carry your arms as far as the Rhine. Into the land of Alsace-Lorraine that is so dear to us, you will march as liberators. You will go further, all the way into Germany to occupy lands which are the necessary guarantee for just reparation."

"France has suffered in her ravaged fields and in her ruined villages. The freed provinces have had to submit to intolerable vexations and odious outrages, but you are not to answer these crimes by the commission of violence which, under the spur of your resentment, may seem to you legitimate."

"You are to remain under discipline and to show respect to persons and property. You will know, after having vanquished your adversary by forces of arms, how to impress him further by the dignity of your attitude and the world will not know which to admire most, your conduct in success or your heroism in fighting."

"I address a fond and affectionate greeting to our dead whose sacrifices gave us the victory. And I send a message of salutation, full of sad affection to the fathers, to the mothers, to the widows and orphans of France, who, in these days of national joy, dry their tears for a moment to acclaim the triumph of our arms. I bow my head before your magnificent flag."

"Vive La France. (Signed) 'FATAIN.'"

COMMON COUNCIL MET IN COMMITTEE

Delegation Present Plea for Vocational Education as Part of School System—Matter Will be Considered.

At the committee meeting of the common council held yesterday morning a delegation composed of A. H. Wetmore, president of the Board of Trade, Prof. F. Peacock, L. W. Simms, W. K. Gannon and George Maxwell, presented a plea for vocational education as a part of the St. John school system.

A. H. Wetmore, who spoke first, pointed out that under the act any school board might upon the recommendation of the common council take up vocational education, and the provincial government would pay half the expense. He estimated the city outlay would be from \$3,000 to \$5,000 per year.

Prof. Peacock outlined the work taken up in such a course, and cited instances where the earning power of students had been increased by more than fifty per cent. after a two and a half year course.

L. W. Simms spoke of the benefit such a course in the schools would be to the industrial world, as it turned out boys and girls better able to take their place among the useful workers.

Mayor Hayes assured the delegation that the council would give the matter careful consideration and take it up with the school board. He expressed the opinion that no better celebration of the glorious victory won could be devised than the erection of a building for this work.

HIS LEG BROKEN BY A BUNDLE OF HAY

McAdam, Nov. 14.—Holly Lester, only son of Mr. F. T. Lester, collector of customs, met with a very serious accident on Wednesday morning. He was standing near a car load of hay which was being unloaded, when a bundle of hay fell from the car, striking him and causing him to fall in such a way that he suffered a compound fracture of the leg just above the ankle. Drs. Gardiner and Johnston set the limb and he is resting as comfortably as possible. Everybody will wish "Holly" (who is a great favorite) a speedy recovery.

BOTH GUN CREWS WERE WIPED OUT

Leslie Cleland of McAdam Was One of the Men to Meet a Hero's Death in France.

McAdam, Nov. 14.—The following letter has been received by Mr. H. W. Cleland regarding the death of his son, Leslie, which occurred in France October 28th.

France, Oct. 19, 1918.

Dear Sir:—It is now ten days since your son gave up his life for his country, but this is the first opportunity I have had to write you, as we have been on the move practically ever since. Our battery was supporting the infantry in an early morning attack, and our position was being shelled at regular intervals.

It was during one of these bursts of fire that two shells landed near No. 6 gun, just when both crews of No. 5 and No. 6 guns were on the drag ropes, pulling No. 6 back into position. Only one man of the two crews escaped, and he is now suffering from the shock. I cannot tell you how deeply I feel the loss of your son. He was one of the most valuable men in my section, in fact he was considered the best layer in the Battery, and in the test at Lydd made the best record.

It is terrible to think that one so young, so eager and so capable should be chosen to pay the price, whilst there are so many others whose services would hardly be missed, but this is in this ghastly game which has occupied the stage for the past four years. He and a comrade were buried side by side in a little cemetery at Sains les Marquion, some distance back of the line, his grave being No. 12, Row 3, Plot 2. The map location is sheet 51 B-W 37 C. 1.—Sains les Marquion.

If there is anything further that I can do for you, please let me know without hesitation. In the meantime, sir, believe me to remain, Sincerely yours, J. W. SHARPLES, Lieut. Left Section Commander 12th C.S.B.

INFLUENZA STILL BUSY IN THE WEST

Ottawa, Nov. 14.—Advisers from the provincial governments of the four western provinces show that influenza conditions are such that the churches will not be open next Sunday, and it is urged that the day of national thanksgiving be postponed. The government has therefore decided that the date should be fixed for Sunday, December 1st.

UNITED STATES LENDING MORE MONEY TO ITALY

Washington, Nov. 14.—A credit of \$100,000,000 for Italy was announced today by the treasury. This will be used largely to pay for foodstuffs and war supplies already ordered by the Italian government in this country and in process of manufacture or export. Italy's aggregate loans from the United States now amount to \$1,160,000,000, and those of all the Allies \$7,312,976,666.

BRITISH CASUALTIES FOR WEEK 30,535

Start The Winter Right— With New Rubbers.

Of course, we all want to economize—and there's no truer economy than wearing Rubbers. They protect the health and the shoes of every member of the family, especially the children. But there's no economy in wearing old Rubbers that are worn through at sole, toe or heel.

Start the winter right—with new Rubbers. Not a single pair; but a pair of Rubbers for each style of shoes—fitted to insure comfort and long wear.

A new pair of Rubbers on an old pair of shoes, makes the old shoes as serviceable as new ones—at a small part of the cost of new shoes.

There is a style and shape for every shoe—for men, women and children—in these six brands of reliable Rubbers, sold by the leading shoe stores;

"Jacques Cartier" "Granby" "Merchants" "Dominion" "Maple Leaf" "Daisy"

These marks distinguish a Dominion Rubber System Product.

STOCK MARKET WAS UNSETTLED

Prices Firm to Strong at Opening, But Later in the Day Entire List Fell.

New York, Nov. 14.—The stock market today gave further expression to the many conflicting factors which have engaged the earnest attention of financial and industrial interests since the signing of the armistice. Prices were firm to strong at the beginning, rails, shippings, equipments and oils, together with such specialties as motors and tobaccos, holding their gains of 1 to 3 points throughout the forenoon.

Later the entire list fell back, the reversal coinciding with reports from Washington to the effect that the war industries board had been empowered to cancel war contracts in excess of comparatively nominal amounts. There was much discussion in stock market circles over the advisability of removing restrictions on bank loans, but the arguments advanced in that quarter received little encouragement from financial institutions.

The reaction was at its height in the last hour, when oils and industrial not only forfeited all gains, but gave way to net losses of 1 to 4 points. Motors yielded easily with kindred specialties.

United States Steel gave promise at the outset of regaining a substantial part of its recent loss, advancing 1 1/4 points, but relinquished all its advances, closing at a slight fractional loss.

Advances of 1 to 2 points in rails, with Southern Pacific the leading feature, also were soon forfeited, while coppers labored under the handicap of adverse earnings and shippings lost ground on further postponement of the mercantile marine deal. Sales amounted to 615,000 shares.

Liberty bonds eased slightly, domestic railways and industrial issues yielded 1 to 1 1/4 per cent, and international were irregular. Total sales (par value) aggregated \$13,775,000. Old United States Bonds were unchanged on call.

CARVELL READY TO SPEND MONEY

Sees No Reason Why Necessary Public Works Should Not Be Undertaken at Once—St. John is in it.

Ottawa, Nov. 14.—With the return of Hon. Frank Carvell to Ottawa, the policy to be determined in regard to expenditure on public works will be taken up by the government. Mr. Carvell holds the view that while there should be no hesitation in proceeding with essential work, post-war conditions will require an equal need for economy.

"I am as strongly opposed as ever," he said today, "to the spending of public money where it is not needed."

The development of the St. Charles river at Quebec will be considered shortly.

VERSAILLES IS THE LIKELY PLACE

Already the Allied Countries Are Endeavoring to Secure Proper Accommodation for Delegates to Peace Conference.

Paris, Nov. 14.—The general feeling of the associated governments is that Versailles, Paris, is the most convenient place to hold the peace conference, and if this were decided upon it also would serve as a recognition of the paramount position of France in the war.

MORE INFLUENZA ON THE NORTH SHORE

Several New Cases Are Reported at Douglastown—Five Men Brought in from Sinclair's Lumber Camp.

Newcastle, Nov. 14.—Four new cases of influenza have developed in Douglastown this week, the patients being Mr. Kendall Wood, Mrs. Archibald Wood, Master Crumley Driscoll and Miss Annie Driscoll. All other cases have completely recovered, there having been no deaths for some time past.

CLOSING STOCK LETTER.

New York, Nov. 14.—The rails were stronger in the early afternoon under the leadership of Southern Railway, Missouri Pacific, and the movement did not go far and leading issues sagged later.

Copper interests are to hold a conference with the war industries board tomorrow, when they will take up questions concerning price fixing and wage regulation.

Producers profess to have complete confidence in the future demand for the metal, but appear to regard a continuation of the present price as a minimum, to be a necessity.

Washington authorities are evidently feeling their way slowly toward peace conditions.

A wide-spread suggestion is noted in speculative channels to buy Baldwin Locomotive for a big advance. This information is circulated with great persistence. In some quarters it has been noted for several weeks.

about a campaign on the low priced rails. Advice is being given to buy them on all reactions, especially Southern Railway, Missouri Pacific, New Haven and Rock Island. People who are close to insiders claim that the American Lined earnings reports does not contain all the favorable features that have developed in that company recently. When they will be made public no information seems to

GERMANY HELPED BRING ABOUT HUNGARY'S SMASH

Supported Those Races Which Opposed the Government— Also Trying to Make Trouble Between Italy and Others— Queer Mix-up in Hungarian Assembly.

By Bampton Hunt.

Special cable to The St. John Standard and N. Y. Tribune, Copyright, 1918, by the N. Y. Tribune, Inc.

Paris, Nov. 13.—Germany's hands have been only too plainly visible in assisting the dismemberment of her former ally, Austria, during the past two or three weeks. The first step she took was to recognize the independence of the Czech-Slovaks and this was followed by the direct encouragement she offered to Hungarians to proclaim their independence. On the other hand Germany has lost no opportunity to foster friction between Italy and the Jugo-Slavs in regard to these parts of the Adriatic littoral to which both may lay claim.

Nothing has been neglected by Germany either in the way of sowing discord between her armies or in carrying favor with a view to her own future.

Hungary perhaps offers the most difficult problem before the Allies. All that remains of Austria may be regarded as frankly German but the case of Hungary is quite different. In Hungary the Allies will have to deal with some 17,000,000 people who have never had any experience in what parliamentary government really means.

The parliamentary life in Hungary has always been private and closely protected to preserve certain exclusive political clans entirely led by small powerful magnates who in turn assumed control. These rival factions however, all agreed upon the imperative necessity of continuing the frankly reactionary policy which should prevent an invasion of the masses into the political arena and of the maintenance of a more or less autocratic Magyar state on the ruins of the various subject nationalities in the kingdom.

Comprehension of these details is necessary for understanding what is apparently now happening in Hungary. In the Hungarian chamber there are three great political parties, the Tiesza party, known as the party of national effort, the Andrassy party which called itself the constitutional party and a very small and noisy minority under Karolyi which is the kova or independent party.

All three are equally reactionary and chauvinistic. The outlook of all three parties in regard to the foreign relations of Hungary may be gathered from the fact that the Hungarian chamber is in favor of the relinquishment by Hungary of its pro-German policy. Under these circumstances it can easily be understood that the real political currents in Hungary have always been outside of parliament.

The most important of these always has been among the non-Magyar nationalities who have supported democratic programmes based on the ideas of Hungarian nationalist independence and have worked for half a century past through national committees and political clubs whose members have frequently been found in parliament.

Another important current of political thought is represented by the Socialists both industrial and agricultural. The present agitation in Hungary is due to this current which Karolyi has vainly been trying to exploit in his favor. The present desperate situation of Hungary will probably give birth to another grouping of political thought with the idea of saving the country either by aid of the Entente powers or through some kind of federalization of Austria-Hungary in order to preserve at least part of the threatened privileges of the magnate caste.

The object of this new grouping will probably be to prevent the final extinction of the centuries-old dream of Magyar imperialism. This current may also bring about the end even of the Karolyi group also. It is fairly safe to assert, however, that the statesman who can save Hungary does not exist at this moment.

AUSTRIAN PREMIER MEMBER OF THE HAGUE TRIBUNAL

Under Leadership of Lenine and Trotzky Country Was Sold Out to Germany and Bloody Regime of Assassination and Confiscation Begun.

(Special Cable to The N. Y. Tribune and The St. John Standard.) Dr. Heinrich Lammasch, member of the Hague International Tribunal and at one time its president; member of the Austrian Herrenhaus, and famous and distinguished professor of criminal law, was appointed Austria's Premier at the time when the very existence of the state was only theoretical.

cal. An enemy of war and a prominent worker in international law, especially in questions of international arbitration, he has declared himself against this war also. His record in the scientific and the diplomatic world is interesting by itself and especially in view of the role he has played in the international affairs of the United States.

Born in 1853, he became professor of the Vienna University and published his first work on international law in 1882, treating the question of extradition. This book was translated into French the following year. At this time he was already well known in matters of criminal law. Four years before he had written an essay on the reformatory school of Redhill, near London, which showed much admiration of the new English conception of criminal law, an influence which has never left him, and made him an ardent supporter of social and criminal reforms.

In 1886 appeared a book on the duty of extradition and the right of asylum (Auslieferungspflicht und Asylrecht), and also an essay on treaties of international assistance. His articles at that time were well known and widely circulated in France, Germany and Austria, and he was known as a friend of the reform movement of international law, a movement which since that time had made much enormous progress.

His position and his knowledge fitted him for legislative and diplomatic work. In 1899 he represented Austria at the Hague Peace Conference, summoned at the initiative of the Russian Czar. At this conference he was a member of all the important committees and took a very active part in

the work. He here came in contact with the most prominent workers in this field, and his subsequent numerous activities in the settlement of international questions made him known in political and scientific circles of the whole world.

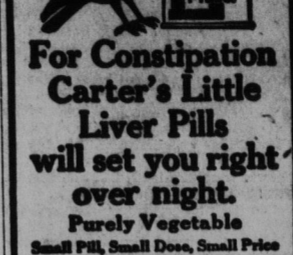

Lammasch in 1903 was the adviser of the Austrian delegate at the International Sugar Conference in Brussels, which was occupied with the question of sugar export boundaries and subsequently abolished them.

In 1904 Lammasch was elected to be president of the arbitration case between Great Britain and France, British interests were entrusted to the Hon. Melville Fuller, Chief Justice of the United States, and France was represented by Dr. J. A. F. Desjardins Lohman of the Netherlands. Both sides falling to elect the super-arbitrator within a certain time, the King of Italy designated by agreement with the parties an umpire and chose Lammasch.

Lammasch was elected president of the Court of International Arbitration at The Hague; and in this capacity had to decide the Newfoundland Fisheries question between Great Britain and the United States, which settled a very old controversy. The court was composed of the Hon. Geo. Gray and Dr. Luis M. Drago, of Argentina, both representing the United States, and Dr. J. A. F. De Savornin Lohman of the Netherlands, and Sir Charles Fitzpatrick, of Canada, representing Great Britain. The dele-

gates met and elected Dr. Lammasch to be umpire. About this case Secretary Lansing has written a distinguished article.

Finally, in 1910, the Orinoco Steamship Company case between the United States and Venezuela, where financial claims were settled, saw him again as the elected president of the court.

PAINS AND ACHES YIELD QUICKLY TO SLOAN'S LINIMENT

Are you tormented by Neuralgia, Lumbago, Sciatica or any of those aches that require a counter-irritant? Then let the soothing, warming application of Sloan's Liniment stop the pain by drawing the blood away from the congested part. It is the pressure on the nerves by the blood rushing to the inflamed muscle or joint that makes you ache. So when Sloan's Liniment relieves the swollen blood vessels by setting up a counter-irritant on the surface, the circulation is equalized, sympathetic nerves all soothed, and soreness or lameness disappears. Sloan's Liniment is probably the counter-irritant most widely used to overcome painful inflammation in cases of neuralgia, sore muscles, wracked joints, strains, bruises, gout. Rubbing is not required. This clear, clean liquid is easily applied as it does not stain the skin. Made in Canada. Generous size bottles at your druggists.

COME ON—YOU!

If you're doing everything you can do to win the war, if you're living like a true patriot, denying yourself food, clothing, materials and labor that are needed to win the war.

If you're saving your money and lending it to Canada to win the war—Then, you're a red-blooded, fighting Canadian—You're holding your place in the line.

Don't be half a Canadian. Don't weaken our battle line. Go into battle to-day for all you are worth.

**PERTH SOLDIER
KILLED IN ACTION**

Sergeant Signaller Clair V. Green Paid Sacrifice on September 27—Went Overseas With 9th Seige.

Perth, N. B., Nov. 14.—The sad news was received by Mr. and Mrs. Henry Green, a few days ago, of the death in action of their son, Sergeant Signaller Clair V. Green, who was killed on Sept. 27th.

The soldier enlisted in September, 1916 with the Ninth Siege Battery, and proceeded overseas with the first draft from this unit. After a course in England he went to France on July 17th, 1917, serving in the artillery. He was promoted on the field.

The following letter was received by the mother of the late soldier, from his officer commanding, and speaks of the esteem in which he was held by his comrades:

SERGEANT CLAIR V. GREEN

France, Oct. 2, 1918.
Mrs. M. A. Green,
Perth, N. B.

Dear Mrs. Green: How much we all regret the recent happening which necessitates the writing of this note. I thought possibly you might wish to know the exact circumstances of your son's death; also let me here express the sympathy of the whole battery, and myself, in your great loss. We have lost the services of a true and efficient soldier, besides the fellowship of a good comrade.

On September 27th, your son, comprising part of an artillery patrol, went forward, under an officer, to make a reconnaissance. About 5 p.m., after an exciting and eventful day, a shell landed close by, a small splinter hitting your son in the throat, killing him instantly. The next day some of my B. C. party boys went forward and carried the body back to the guns, from which place it was taken to a village, close by, and buried in a military cemetery, the Brigade Chaplain conducting the services. (At present it is not advisable to give the name of the village.)

A week or so ago I had the pleasure of recommending your son for a commission in the Air Force, and it is too bad your boy did not live to receive the promotion his excellent work deserved. The commission papers I enclose herewith.

I am particularly pleased with the work of your boy on Sept. 27th. The officer in charge told me it was brilliant, and had your son lived he surely would have been recommended for decoration. The boys in my party (the immediate friends of your son) feel the loss very deeply. If there is anything I can do further to make you feel more easy, you have only to mention it.

Please accept the deep felt sympathy of the officers and men of my battery. Your son's personal effects are being forwarded at the first opportunity.

Believe me, most sincerely yours,
G. L. DREW (Major)
O. C. 1st Battery C.F.A.

**THE PARLIAMENT OF MAN
THE FEDERATION OF THE WORLD**

Lloyd George in an Address to His Supporters, Declares a League of Nations is Now More Necessary Than Ever Before—Enforced Military Service Should Never be Required Again.

London, Nov. 14.—Premier Lloyd George, in discussing the question of a league of nations before his supporters, said that such a league was more necessary now than ever. He pointed out that the conditions which prevailed in the Balkans before the war now affected practically two-thirds of Europe.

"A large number of small nations have been reborn in Europe," he continued, "and these will require a league of nations to protect them against the covetousness of ambitious and grasping neighbors. In my judgment a league of nations is absolutely essential to permanent peace."

"We shall go to the peace conference to guarantee that a league of nations is a reality. I am one of those who believe that without peace we cannot have progress. A league of nations guarantees peace and guarantees also an all-round reduction of armaments, and that reduction of armaments is a guarantee that you can get rid of conscription here."

"Of course, we must have in this country that efficient army to police the empire, but I am looking forward to a condition of things, with the assistance of a league of nations, under which conscription will not be necessary in any country."

**LONDON PAPERS
ARE WORRIED**

Scarcely Know What to Think About Conditions in Germany, But Are a Little Afraid of Trouble.

London, Nov. 14.—A note of deep anxiety lest the situation in Germany degenerate into Bolshevism was struck by the editorials in London newspapers today. The continued absence of information which would tend to throw further light on the fragmentary one-sided knowledge of the actual Social and administrative situation in Germany, prevents the formation of absolutely conclusive views here.

President Wilson's "timely counsel" is hailed with unanimous editorial approval and his warning that hunger leads to madness is quoted as touching a vital chord.

It is admitted by newspapers of all shades of political opinion that Germany must be fed, if only as a business proposition, inasmuch as if she starved to death she could not pay what she owes.

The Times, remarking that the combination of hunger and revolution is highly perilous, says common humanity and common sense alike compel the feeding of Germany, and that the arrival of Herbert C. Hoover, the American food administrator, will facilitate the work.

PUT THEM ON TRIAL

Paris, Nov. 13.—(Havas)—Several members of the chamber of deputies today proposed in the chamber a resolution requesting the government to enter into an agreement with the other Allied governments for the trial of all former rulers who were responsible for the great European war.

Under the resolution the extradition of the rulers would be requested, no matter in what country they have taken refuge.

Apply Cream in Nostrils to Open Up Air Passages.

Ah! What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more hawking, snuffling, mucous discharge, headache, dryness—no struggling for breath at night, your cold or catarrh is gone.

**"HAVE I
DONE
ENOUGH?"**

Life is as dear to every boy in France as my life is to me.

Even if my country asked me to GIVE every cent I have, that sacrifice would not equal the supreme measure of devotion which these boys have been offering every day.

But to buy Canadian Government Bonds at 5 1-2 per cent. interest! No, I have NOT done enough until I have bought to my limit of available cash and then on the installment plan with all I can possibly save in the months to come.

And, compared to the sacrifice these Boys have been making—

Tired Nervous Mothers

Should Profit by the Experience of These Two Women

Buffalo, N. Y.—"I am the mother of four children, and for nearly three years I suffered from a female trouble with pains in my back and side, and a general weakness. I had professional attendance most of that time but did not seem to get well. As a last resort I decided to try Lydia E. Pinkham's Vegetable Compound which I had seen advertised in the newspapers, and in two weeks noticed a marked improvement. I continued its use and am now free from pain and able to do all my household work."—Mrs. B. B. ZIELINSKA, 302 Weiss Street, Buffalo, N. Y.

Portland, Ind.—"I had a displacement and suffered so badly from it at times I could not be on my feet at all. I was all run down and so weak I could not do my housework, was nervous and could not lie down at night. I took treatments from a physician but they did not help me. My Aunt recommended Lydia E. Pinkham's Vegetable Compound. I tried it and now I am strong and well again and do my own work and I give Lydia E. Pinkham's Compound the credit."—Mrs. JOSEPHINE KIMBLE, 935 West Race Street, Portland, Ind.

A BUSINESS PROPOSITION!

Canada looks to YOU for help in making this great Victory Loan a success. Every working man and woman in this Dominion—Canada looks to you for help.

Canada needs your MONEY.

Ours is a country whose individual citizens are more prosperous than those of any other country in the world.

Canada has come to YOU—her citizens—with a straight business proposition.

That proposition in a nutshell is this:

"We need Five Hundred Million Dollars to help finish up our business over in Europe. Lend us the money for a short time at 5-12 per cent. interest, payable half-yearly, and we pledge the return of every cent of your loan."

Plan to take ALL the Bonds you can possibly pay for. The payments are as follows:

10 per cent. on application.
20 per cent. December 6th, 1918
20 per cent. January 6th, 1919
20 per cent. February 6th, 1919
31.16 per cent. March 6th, 1919

On \$50, \$100 and \$500 Bonds any chartered bank will loan you to ninety per cent. of the face value at bond interest of 5-12 per cent. The loan may be repaid at 10 per cent. each month.

GERMANS LEAVING ALSACE-LORRAINE

Thousands of Them Hooded by Crowds, Fleeing Across the Border—Receptions Planned for Allies.

Geneva, Switzerland, Nov. 14.—(By the Associated Press.)—The grandest enthusiasm prevails in Alsace-Lorraine. Thousands of Germans are leaving those provinces. The German authorities are being hooded by the crowds. French and American troops are expected. Receptions on a huge scale are being prepared for the Allied troops under the noses of the German officials.
There is also joy in the Rhine towns because of the cessation of Allied air raids.

PRISONERS REACH AMERICAN LINES

Russian, Polish and Italian Soldiers Set Free in Lorraine Are Supplied With Clothing and Food.

With the American Army in France, Nov. 14.—(By the Associated Press.) The advance of several hundred Russian, Polish and Italian soldiers freed by the Germans in Lorraine reached the American lines in the region of St. Hilaire today. The first group numbered 45.
They said they were released several days ago, the Germans telling them to start for the Allied lines immediately. The released prisoners were attired principally in German uniforms. They expressed the opinion that the Germans had set them free to start for the Allied lines during preparations for moving northward. The arrivals were taken in charge by American officers and furnished with additional clothing and plenty of food.

FAIR AND COOL.

THE LIBRARY OPENED. The Free Public Library, which has been closed for some weeks, was reopened again yesterday.

WENT TO MONTREAL.

Thirty freight handlers were sent from West St. John to Montreal a couple of days ago for the purpose of assisting in the winding up of the export business.

DOCK STREET ROBBERY.

It is reported that some person broke into Fred A. Johnson's Ladies' Clothing establishment 38 Dock St. late Wednesday night or early yesterday morning and stole goods valued at a few hundred dollars.

FOR THE SAILORS.

The Woodstock branch of the Navy League is alive to the needs of the sailor boys, and they have dedicated Saturday as a day for getting funds so as to provide the sailors with Christmas stockings and comfort bags.

CANADIAN RED CROSS.

At the fourth quarterly meeting of the Central Council of the Canadian Red Cross Society, which will be held in Toronto on the 23rd of November, one of the chief matters to come up for consideration will be the peace activities of the society for the period after the war.

WHO SWIPED THE GIN?

A case of gin was stolen from the Dominion Express Co's team while it was standing in Barker House at the way in Fredericton yesterday morning. The case was consigned to A. W. Coombe, liquor vendor, and was on the team for delivery. The driver had stepped into a ditch nearby and set a piece of meat and when he returned to his team the case was missing.

THE COMMON COUNCIL.

The meeting of the common council scheduled for yesterday afternoon was not held as a quorum was not present. A meeting has been called for this morning at 11.30 to authorize the fair price committee to conduct an inquiry into the price of milk. It is also the intention of Commissioner Fisher to make an investigation into the quality as well as the price, and later the price of other foodstuffs will be investigated.

AUTOMOBILE DESTROYED.

Leonard Johnson, Loch Lomond, met with a severe loss the other evening when his auto caught fire and was completely destroyed. Mr. Johnson left his home early in the evening to visit a neighbor and while en route his car caught fire, forcing him to alight very promptly. The remnants of what was once a Ford now lie on the roadside. It is understood the loss was covered by insurance.

ADMITTED BARRISTERS.

William J. Shea, J. Wilfred Tait, Albin LeBlanc and Thomas K. Donohue were sworn in as barristers at Fredericton yesterday. All four are graduates of the St. John Law School. Mr. Shea is at present principal of St. Peter's School. Mr. Tait is taking up the practice of his profession with Dr. W. B. Wallace of this city. Mr. Sweeney is at present in the office of the Registrar under the M. S. A., and Mr. LeBlanc has opened an office in Dalhousie, Restigouche Co.

COMMUNICATION FROM LONDON.

B. E. Armstrong, secretary of the Board of Trade, yesterday received the following communication from the secretary of London, Ontario, Board of Trade: "I beg to acknowledge your timely Peace telegram, and on behalf of the London Board of Trade to cordially reciprocate the sentiments expressed therein.

"The example of service and self-sacrifice afforded by the soldiers of the Dominion is an inspiration and a conception of our duty to the community in which we work, and the Dominion as a whole, and it is hoped will inspire all our efforts in the years to come."

GENERAL HAIG ASHORE.

The new transport, the central Haig, Captain Wm. Ryder, recently loaded in St. John with general cargo for South America, went into Digby Basin a few days ago for harbor, started to beat out to sea, but about nine o'clock, and ran ashore in Turnbull's Point, near the life saving station. She was floated by power boats, commanded by crews from the station, but grounded again at 4 o'clock yesterday. It is impossible to estimate the damage she has sustained, but it is probably slight. She is a schooner of about 400 tons.

A PLEASANT GATHERING.

Friends gathered at the home of Miss Marion Curran, 25 Golding street, last evening, and presented her with a number of valuable presents as a token of their esteem, and to bid her farewell as this young lady leaves for the very near future for a central Canadian city where she has accepted a lucrative position. The evening was spent in games, music and dancing, after which the young people dispersed for their homes. Miss Curran is one of the city's most popular young ladies, and her numerous friends wish her much success in her future field of labor.

EXTENSION OF TICKETS.

Teachers, student teachers and students at college institutions are notified that arrangements have been made by Honorable Premier Foster, representing the Board of Education, with the Canadian Pacific and Canadian Government Railways, to grant extension on return portions of round trip tickets held by home town teachers and scholars who have been detained beyond the limit on account of the prevailing influenza epidemic.

It will be necessary for teachers and students when returning by registered ticket to present the return portion of ticket to the Station Agent with credentials that they are bona fide teachers or students, when a few tickets will be issued to each, good only for round trips.

JUDGE WILKINSON VERY ILL.

The Rev. Mr. Wilkinson of Fredericton, who has been summoned to Chatham by the serious illness of his father-in-law, Judge W. H. Wilkins, the venerable ex-judge, who is 96 years of age, is reported to be sinking rapidly. His many friends in this city will regret to hear of his illness.

CHILDREN'S AID SOCIETY MEETING

Committee Appointed Last Evening to Arrange for Formal Opening of Building—The Agent's Monthly Report.

At the monthly meeting of the Children's Aid Society held last night in the home, 88 Garden street, a committee was appointed to make arrangements for a formal opening of the building in the near future. The public will be invited and it is the hope of the society that very many of the citizens will take the opportunity of visiting the place. The Mayor and commissioners and the members of the municipal council will also be asked to be present. The members of the committee are Mrs. David McNeill, Rev. Wm. M. Duke and Rev. R. A. Armstrong.

The Children's Aid Society has been at considerable expense making changes and improvements in the building. Much remains to be done yet but as it is in a very comfortable and as an institution of which the Municipality of St. John may well be proud. In the absence of the president and Mr. Belding the second vice-president, Mrs. D. McNeill, was in the chair last night. The agent's report showed that during the past month two of the children in the shelter have been allowed to go with their father who took them to a temporary home in Fredericton. During the late epidemic in this city five children were put in for shelter. Of these three have since been taken out by their parents. The matter of the disposal of the other two will be decided on later. A number of applications were received from widows anxious to place their children in the home for a time to allow them an opportunity to go out working. Some complaints were lodged and these were duly investigated and reported upon.

THE TENDERS WERE OPENED YESTERDAY

R. A. Corbett Submitted Lowest for Balconies at the St. John County Hospital—All in Excess of Estimate.

The tenders for the balconies at the St. John County Hospital were opened yesterday, and as all were much in excess of the estimate it was decided by the Board of Commissioners to return all cheques and postpone the building of them until a more favorable time. The estimated price of the work was \$4,500 and some months ago authority was given by the municipal council to proceed with the erection of the balconies, and the money voted to pay for them. Tenders were called for and these closed yesterday. The commissioners met yesterday morning and opened those submitted as follows:

R. A. Williams	\$10,400
J. M. Belyea	\$4,770
H. Mooney & Sons	\$3,980
R. A. Corbett	\$3,633

Donovan; Business Agent, and Peter LeClair; Marshal, the following members were chosen as the Executive Board: Lawrence Donovan, Joseph Amburg, Daniel McCormick, Harry Fright, W. E. Baxter, Thomas McCarthy, John Doherty, John Wills, and Charles Carlan. M. P. Donovan and C. Gus Langbein were elected a committee to enter into negotiations with the steamship companies for a much needed increase in wages.

AMERICANS CONSULT LOCAL CONSUL

Those Who Owned Property in Germany Should Get in Touch With the U. S. Consul Immediately.

That Americans in the city who should have to have property in Germany or in the other countries composing the Central Allies, should get into touch with the local consulate so that their interests could be looked after, was the statement given out at the American consulate yesterday to The Standard.

All alien properties in Germany have probably been confiscated by the German government, and it is possible that these claims will come up for consideration around the peace table. German stocks and securities that were secured in pre-war days, and the baggage that had been left behind by tourists when they fled from their country after the declaration of war, also come under the heading of property.

JUDGE WILKINSON VERY ILL. The Rev. Mr. Wilkinson of Fredericton, who has been summoned to Chatham by the serious illness of his father-in-law, Judge W. H. Wilkins, the venerable ex-judge, who is 96 years of age, is reported to be sinking rapidly. His many friends in this city will regret to hear of his illness.

THE TEMPORARY LICENSES WILL SOON BE REDUCED

Chief-Inspector Wilson Asks All Physicians in Province to Exercise Great Care in Giving Liquor Prescriptions

Chief-Inspector W. D. Wilson, who was in the city yesterday said the number of temporary licenses would soon be reduced as the influenza epidemic seemed to be under control and he need for them had, to a great extent, disappeared. He asks that all physicians in the province exercise great care in the giving of prescriptions for liquor. He reports what he considers the most serious case ever perpetrated in the province. On Tuesday a mob at Grand Falls visited the home of Inspector McNeill, who was there to investigate a case of influenza. The mob broke into the room and stole the doctor's prescriptions, which they proceeded to celebrate.

EINA MARTINSEN SENT UP FOR TRIAL

Charged With Shooting Playmate Campbell Resulting in Latter's Death—Boy Charged With Attempting to Break Into Store.

One drunk appeared in the police court yesterday morning, pleaded guilty and was remanded until today. At the afternoon session the case of Einna Martinsen was taken up. Preliminary hearing was held, after which the defendant was sent up for trial at the next sitting of the County Court.

Dr. Hodson, Suppt. of the General Public Hospital called, testified as to the nature of the wound inflicted by a 32 calibre rifle bullet, on the night of Saturday last, and further that the deceased sustained about 10 1/2 hours after being admitted to the hospital. This completed evidence when the defendant made a statement, saying that on Saturday evening last he met Edward Campbell (deceased) and accompanied him to VanWart's barn, Charlotte street. Arriving at the barn witness took a rifle down from a shelf and soon after he returned to the house came into the barn and attempted to take the gun from his hands. In the scuffle which followed the rifle discharged, the bullet hitting Edmund Campbell in the right breast. His Honor then sent defendant up for trial, stating that he himself viewed the sad occurrence as accidental, but would allow the defendant to be tried on the charge of manslaughter. Ernest C. Wilson and John W. VanWart went bail for the accused \$100 and \$300 respectively.

The case of a young boy charged with being one of the men who broke and entered of McAsley's store, corner Westworth and Queen streets, was next taken up, preliminary hearing being finished the accused was sent up for trial. Ernest C. Wilson testified as to noting two boys in the vicinity of the shop on the night of November 4th. Later, R. Wetmore, who accompanied the witness, phoned for the police. Deputy Sheriff Clifford arrived on the scene, and he, in company with witness, went to the rear of the shop leaving the two boys in the care of Mr. Wetmore. Later, one of the lads ran away, but Mr. Wetmore held on to the defendant. Defendant was then accompanied to central station.

James proprietor and owner of the shop, testified to being aroused from bed by former witness, and accompanying his son to the shop to find the window facing Queen street broken, as were some sashes nailed on the inside of the window, and the blind torn off. In answer to Stephen Bustin, counsel for defendant, witness stated that he was very ill, as his brother had placed in a wooden panel in place of the broken pane, the damage not being over \$1.25. Detective Biddlecombe called the first time in central station in company with Mr. Wetmore and Mr. Wilson. He invited Mr. Wetmore and defendant into his office and asked the defendant his name. Defendant gave a fictitious name at first, saying he had hired a horse from Hogan's livery stable and had in company with a young lady gone for a drive on the evening in question. Returning to the stable he put up the horse and went to the head of King street. Whilst there he jumped a car and went down to Westworth street, and later was taken to the police station by Deputy Sheriff Clifford. The defendant then told witness what his right name was and that he was the sole support of his widowed mother, and had worked out of the city all summer.

Stephen Bustin, counsel for defendant, considered the evidence not sufficient for commitment, as no real staff could be attached to defendant. His Honor in summing up the case alluded to the fact that defendant had given a wrong name to one witness and was also an abettor to the theft or break into the store. Continuing he alluded to the numerous burglaries in the city of late, which were in nearly all cases the work of boys in the city and efforts should be taken to stop such misdoings and alluded to the present day conditions as a new competition to the former "Buck of Coover" and "Ten Yard Gang." His Honor believed evidence was sufficient for a commitment, but sent the prisoner up for trial, as he was not in the habit of sentencing, the evidence falling short of warranting the proviso "No strong presumption of guilt."

SAYS HE WILL SETTLE.

An unsigned letter received by The Fredericton Standard says: "If you settle the bill of damages."

PROMINENT YOUNG CITIZEN IS DEAD

Percy L. Cunningham of M. R. A. Office Staff Died of Pneumonia Last Evening—Was Taken Ill Last Thursday.

The very many friends of Percy L. Cunningham will learn with deepest regret of his rather sudden death which occurred last evening at his home 301 Millidge Avenue. The deceased who was only thirty-one years of age, leaves besides his wife and two young sons, his father and mother, Mr. and Mrs. James Cunningham of Paradise Row, also one brother, Vernon, who went overseas with the First Contingent, and who at the present time is with the British Army in Russia. To these relatives the most sincere sympathy is given.

Mr. Cunningham was a valued member of the office staff in Manchester Robertson Allison Ltd. on King St. and had been a faithful employee of that firm for the past fifteen years, and was extremely popular with the members of the firm and his fellow employees, and was also a prominent member of the Old Fellows Fraternity. It was only last Thursday last that he was taken ill with influenza and was obliged to leave his office duties and become confined to his home. The influenza developed into pneumonia, and although was given the best of medical attention and nursing he succumbed to the disease. The arrangements for the funeral will be made known later.

REV. FATHER RAY WAS BANQUETTED

Rector of St. Thomas' Church at St. Joseph's University Appointed Canadian Provincial of the Holy Cross Order in Canada.

A resident of Shediac, a visitor in the city yesterday, who left on the Moncton Express last evening, en route to his home, stated he was a recent visitor of St. Joseph's University, succeeding the late Rev. Father Lefebvre, who died in 1895. He held this post for about fifteen years, and was then appointed rector of St. Joseph's Church. While rector of this church he was the chaplain for a number of the Maritime Penitentiary, Dorchester.

Rev. Father Ray, although born in Quebec, P. E. I., is a native of New Brunswick, as he came to this province in 1873, and has been here ever since. The reverend priest is widely known, and more especially among the former students of St. Joseph's College, as he is at the present one of the directors of this institution. Although regretting his departure in the very near future, they extend to him their warm wishes in his new office, one which will be the highest open to a Holy Cross priest in Canada.
