

GAY STEEVES TELLS STORY OF THE FIRE

Senator Fowler Puts the Prisoner in Witness Box in His Own Behalf.

CLARA DECLARES HE LOVED FAMILY

Frequent Quarrels Are Recalled But She Maintains He Was Good to All.

Special to The Standard. Moncton, May 12.—The trial of O. G. Steeves, who is charged with the murder of his wife, resumed at 10 o'clock this morning in the Supreme Court, at Hopewell Cape.

Clara, daughter of the accused, was among the spectators, seated in the gallery. She was accompanied by her mother-in-law and father-in-law. Curtis Steeves was then called to the stand to conclude his cross-examination.

She Tells of House. He told of being home on Sunday previous to the fire. Clara was then hung under the stairway. He told how the room upstairs was divided. He believed any of the family might have got through the window.

This window and the opening to the stairway leading from upstairs could be near one another, but believed that the smoke which would interfere with the family getting to the stairway might also interfere with family reaching the window.

Once in Trouble. Witness admitted having got in trouble once and of being in jail, and of his father securing a lawyer for his defence.

When he saw father at the fire first he had on a fur coat. Later when he saw his father he had on a vest and under coat, collar and tie. He had often seen his father "sleep downstairs when he (the witness) was at home. He had occasionally seen his father sleep with his collar and tie on.

Flat Irons Thrown. To Mr. Rand—The stairs started near the front door and were within a few feet of the door. There was a bed in the upper floor running parallel with Mr. Jones' house. The side of that bed from the opening of stairway would be, he believed, about 3 or 4 feet distant. He had seen his mother throw flat irons and believed that his mother and father were both to blame, one as much as the other.

He explained, which hung on the stairway, were made of cretonne. The window in the back of the house would be five or six feet from the bed in the back ground.

Orley Steeves, a brother of the former witness, was called to the stand. He told the court he was in his eighteenth year. In the last three or four years he had been working. On the Saturday night before the fire he was at home, but did not remember whether his sister Clara was home or not. He believed she was home most of the week before. She came back early that week and stayed a day or two and then left. His father left home on the same day in the afternoon after Clara had gone. He was driving his own horse and taking along Clara's trunk. His father did not come home Wednesday night, he believed, but came home Thursday night. His father returned that night about 7 o'clock. On Friday morning he then went back to the woods. His father was then home.

(Continued from page 1)

PRISON SYSTEM DECLARED CRUEL

Commission Urges Many Reforms Including Separate Prisons for Women.

Kingston, Ont., May 12.—The report of the committee appointed several months ago by the Hon. C. J. Doherty, minister of justice, to inquire into the penitentiary system of Canada and to advise as to the result of their enquiry relative to such amendments of the Penitentiary Act, and the revision of the penitentiary regulations as in its judgment seems necessary, was made public today.

The main recommendations are payment to convicts for work done for the purpose of the Dominion Government; abolition of period of confinement in cells, particularly over the week end or public holidays; the issue of tobacco to the extent of two ounces weekly; segregation of women in separate penitentiaries.

Old System Cruel. Discussing general principles the report urges the complete elimination of ideas of vengeance, but merely on humanitarian grounds but solely because of its stupidity, and on grounds of common sense.

In trying to show that there is no danger that the proposed reforms will produce a penal system too "soft," the commissioners declare "the members of the committee would not, be they undertaking the investigation, have believed that the penitentiary system could have been as needlessly cruel as it in fact is." The report is signed by Colonel O. M. Bigras, of Ottawa, chairman; W. F. Nickle, Kingston, and P. M. Dwyer, Ottawa.

ALLIES STOP PLAN TO OCCUPY RUHR.

Dusseldorf, May 12.—General Degoutte, commanding the Allied forces on the Rhine, arrived here this morning from Mayence and immediately ordered the preparations for the occupation of the Ruhr to cease. It was remarked among the military officers, however, that the order said "the operation has been postponed," and not entirely abandoned.

McMASTER "FAKE" LETTER ORDERED OUT OF HANSARD

Speaker Declares Countenance Might Lead to Grave House Abuses.

Ottawa, May 12.—Andrew McMaster's unique product, an imaginary letter supposed to have been written by Hon. C. C. Balfour to Hon. F. B. McCurdy and paraphrasing the real letter of Hon. R. W. Wignmore to the French Purchasing Commission soliciting business for a private firm, was ordered to be stricken from Hansard by the Speaker at the opening of the House today.

The Speaker stated that a point of order had been raised at the time, but not decided. On careful consideration he had concluded that if it were to be regarded as a precedent it might lead to a grave breach of the rules.

Sees Grave Dangers. The matter contained in the letter was capable of an interpretation prejudicial by direct assertion. Moreover, it contained what might lead to reprisals affecting the decorum of the House.

"I have instructed that this letter be not printed in the revised Hansard. In justice to the member for Bromfield I wish to say that he specifically referred to the letter as 'imaginary.' I am sure he had no ulterior motives." Mr. Murphy, the Speaker said his ruling was a precedent only so far as it related to any similar incident in the future.

James Robb, chief Liberal whip, rose on a question of privilege to protest against a reference in yesterday's debate to Quebec members as "sheep." Mr. Speaker ruled that the term had been used as a metaphor in what seemed a wholly unobjectionable way. Mr. Robb did not press his protest.

Demands Federal Aid For Upkeep

Good Roads Are to be Maintained.

Halifax, N. S., May 12.—A resolution calling on the Federal Government to consider the important question of maintenance of roads throughout the country and suggesting that no funds should be allocated to highways at all unless some provision was made for their maintenance and some responsibility admitted in that matter, was passed at the afternoon session of the good roads convention on motion of A. Duchastel, city manager, of Outremont, Que. In his address, Mr. Duchastel especially emphasized the necessity for provision for maintenance in any successful good roads programme.

The subject of a paper by Mr. Lucas Allen, consulting engineer of Belleville, Ont., was the road contractor, his difficulties and his risks. Mr. Allen reviewed the contractor's methods of doing business.

Pays His Fine But Protects The Boy

Judge Lindsay Will Not Betray Confidence of a Child to Court.

Denver, Colo., May 12.—Bon B. Lindsay, Judge of Denver's juvenile court, announced today he would pay a fine of \$500 and costs assessed against him following his conviction on charges of contempt of court. Judge Lindsay's action will end a five year controversy.

He was adjudged in contempt by Judge Perry, of the district court in 1915. Judge Lindsay had refused to divulge what Nest Wright, a 14 year old juvenile court ward, had told him about murder of the lad's father. The boy's mother was tried for the murder and acquitted.

Judge Lindsay refused to obey the court's order because he said if he testified he would be "betraying the confidence of a child."

FARMER PARTY IS FLAYED AT McADAM RALLY

Senator Robertson and R. B. Hanson Discuss Policies of Three Parties.

SENATOR CLAIMS LABOR LEADERSHIP

Class Legislation Aim of Agrarians Declares York-Sunbury Candidate.

Special to The Standard. Moncton, N. B., May 12.—Senator Robertson, the minister of labor and R. B. Hanson, the Government candidate in the York-Sunbury by-election were the speakers at a political meeting held here this evening.

Senator Robertson stated that he was not talking because of party affiliations, but because of the policy of the government was in the best interests of Canada and the workingman.

He came East not to support Mr. Hanson, but as a friend of the railwayman. The government had been criticized and some of its policies had been unpopular, but the criticism had come from political enemies, who did not recognize that patriotism should come before politics. Even its political enemies will not accuse the present government of misappropriation of funds during the war.

Government's Strength. The present government was elected on a platform of which only three planks referred to the conduct of the war; all the remaining planks had reference to reconstruction problems.

The feeling through Canada, notwithstanding what professional politicians may say, is that a government which could give the problems of war so successfully is fit to solve those of reconstruction. He felt sure the returned men, because of the generous support given to them during the war, would recognize the value of the present government and give it their support.

(Continued from page 2.)

BANKERS OPPOSE ALL CHECKS ON FOREIGN TRADE

To Limit Imports Means to Hurt the Export Trade.

PROTEST AGAINST ALL RESTRICTIONS

Many Would Repeal Fifty Per Cent. Levy on All German Goods.

London, May 12.—A manifesto signed by a score of leading bankers was published here today protesting against any legislative or administrative measures tending to check the free exchange of goods with foreign countries, and declaring the policy of trying to exclude foreign commodities to be a mistaken one.

"We cannot limit imports without limiting our export trade and striking a grave blow at world-wide commerce on which this kingdom principally depends," the manifesto says.

Expressing the opinion that all government controls, licenses and tariffs can only retard improvement in continental exchanges and prevent the natural recovery of trade, the manifesto concludes:

"We desire to enter a respectful protest against every restrictive regulation of trade which tends to diminish the resources of the state."

Aimed At Government. The manifesto is most aimed at the present government's trade policy as exemplified by two resolutions passed in the House of Commons yesterday, although resolutions were not mentioned in the manifesto and also at public expenditure, which the manifesto says: "Threatens to cripple the country's resources and impair its credit abroad."

The document in protesting against trade barriers, declares:

"We have to build up the markets we need by encouraging the continental nations to export to us, for it is only by exports that they can re-establish their credits and provide funds for the payment of their debts."

The banking community is said to be in favor of repealing the 50 per cent. levy on German exports, which, according to an official statement made in parliament yesterday, only produced in the first five weeks nine thousand pounds, and in the opinion of the banking community will act as a great hindrance to trade with Germany, driving it into the hands of neutrals.

FIRES IN QUEBEC.

Quebec, May 12.—The department of lands and forests was advised today that forest fires had broken out at Lake Chat and Lac-a-Benue, in the St. Maurice region and were extending. Reports from other sections are to the effect that the situation is well under control.

NEARLY 40,000 PAPER MAKERS ARE ON STRIKE

Canada, United States and Newfoundland in Wage Scale Battle Now.

NO CONFERENCES BETWEEN PARTIES

"Looks Like Long Endurance Test" is View of Union Head.

Albany, N. Y., May 12.—Approximately 40,000 men in all branches of the paper making industry are now on strike in the United States, Canada and Newfoundland, it is estimated by Jeremiah T. Carey, president of the International Brotherhood of Paper Makers, one of the organizations which has called its membership for a ten per cent. increase in wages.

Of this number from 10,000 to 12,000 are members of the International Brotherhood of Pulp, Sulphite and Paper Mills Workers, with headquarters at Hudson Falls, N. Y.

President Carey said today that no further conferences between representatives of the unions and of the employers were in immediate prospect. "It looks as though we had settled down to a test of endurance," he added.

HELD FOR DEATH OF HIS BROTHER

Girl Swears Prisoner Declared He Would Get His Gun and Kill Him.

Montreal, May 12.—A coroner's jury today rendered a verdict holding Erick Tasse criminally responsible for the death of his brother, Hormidas, who died in the Notre Dame Hospital last Tuesday as a result of injuries received in a fight at Sixteen Island Lake on Sunday, May 1, when a rifle in the hands of the elder brother exploded, mortally wounding the younger brother.

Blanche Paquette, a young girl of sixteen, in the employ of the accused, testified at the inquest today. She stated that she had heard Rogee, say to his brother, "you are my wife's lover. I will get my knife and gun and kill you."

These words were alleged to have been uttered just prior to the shooting. She also described how her employer had returned home very drunk on Saturday afternoon. At about 7 o'clock the younger brother arrived, and at the request of Rogee's wife he undressed him and put him to bed. Shortly after this, she said, the intoxicated man got up and, entering his wife's room, he found his brother seated on the end of his wife's bed. It was then that he threatened to kill him.

The tragedy, stated the witness, occurred immediately afterwards.

TODAY

IMPERIAL—Shirley Mason in "The Girl of My Heart."

OPERA HOUSE—Fred Whitehouse, the phonograph singer and four other acts.

QUEEN SQUARE—Buck Jene in "Just Pats."

STAR—Harold Lloyd in "Number Please."

EMPRESS—"Bride 13."

CONSUL MAKES BRAVE RESCUE FROM WINDOW

American Official, at Halifax, Former U. S. Captain, Saves Two Ladies.

BADLY SCORCHED IN THE ENDEAVOR

Girl's Hair Singed from Head in Fierce Burst of Flame.

Halifax, May 12.—Conducting an aged invalid and her daughter through a narrow smoke-filled hall, and holding them clear of smoke and flames on a second story window sill until firemen raised ladders and carried them to safety, John W. O'Brien, United States assistant consul-general and formerly captain in the United States army, effected the rescue here this afternoon of Mrs. Francis Lahey and Mrs. McMillan Josey, from a small wooden structure wedged between two seven story buildings in the business section of Halifax.

Girl's Hair Singed. Fire broke out so suddenly in the fancy goods store of H. H. Marshall on the ground floor of the building that one of the clerks had her hair singed as she rushed through the front door. Mr. O'Brien, who had rooms on the second floor, discovered that the building was on fire, rushed to the apartment occupied by Mrs. Lahey and Mrs. Josey and brought them to safety. After relinquishing his charges to the care of the firemen, Mr. O'Brien stepped coolly out of the window to the ladder and an open-mouthed crowd of after-noon shoppers, who had gathered out of a cloud of smoke and flame with his clothes bedraggled and scorched, but otherwise uninjured.

Williamson, W. Va., May 12.—Guerrilla warfare, with all odds apparently favoring the forces opposing the state, was being waged tonight in the mountains of the strike-torn Mingo County coal field. Beginning soon after dawn this morning, at the little mining town of Merriam, four miles up the Tug River from this city, a fusillade of shots was poured from the mountain side successively into Merriam, Rawl, Sprigg and Matewan, W. Va., and McCoy, Ky. All available state police and deputy sheriffs centered in Williamson were rushed to the scene by train and automobile, but according to reports they had been unable at a late hour to check the shooting.

Rumors of Killings. Harry C. Staton, a state prohibition officer and merchant at Spigg was killed by a bullet from the mountains, D. G. Phillips and a young man named Calvert, employees of the White Star Coal Company, commissary at Merriam, were seriously wounded. Rumors of other killings and wounded men have been received at headquarters at the state police here, but up to a late hour had not been confirmed.

Today's outbreak, the worst since the Molewan battle of last May in which ten persons were killed, including the Mayor, had all the appearance of a pre-arranged attack. The towns visited with the hail of lead are all within seven miles of each other and lie in a narrow valley on the banks of the Tug River which separates West Virginia from Kentucky. The firing today and tonight, came from the mountains on both sides of the river, according to state police.

Terror reigned in the towns in the zone of fire as night fell and it was learned the auxiliaries had failed to apprehend any of the attacking forces. The bank of shooting heretofore had been done at night when lighted houses afforded easy targets for the hidden riflemen.

Troops Are Called. Charleston, W. Va., May 12.—Governor Morgan tonight responded to the request of county officials of Mingo County and asked the war department for Federal troops to restore order in Mingo County.

County officials of Mingo, in requesting Governor Morgan to ask for troops said that they were unable to cope with the situation.

A statement from the Governor's office tonight declared that "the greatest number of the firing came from the Kentucky side."

FURS BRING \$2,000,000.

Montreal, May 12.—Slightly more than \$2,000,000 was realized at the spring sales of the Canadian Fur Auction Sales which concluded here today.

Col. Cy Peck To Lead Bisley Team

After Rifle Competition is Over He Will Re-Visit the Battle Areas.

Ottawa, May 12.—Col. C. W. Peck, V. C., M. P., who will command the Canadian Bisley team in England this year, will leave Ontario regiment, London, as adjutant. Col. Peck is still Colonel of the Sixteenth Canadian Scottish Battalion, with which he won the most coveted of all military honors. One of the shots in the Bisley team is Major L. Richardson, also a veteran of the 16th Battalion.

Made Escape Under Fire of Guards

Sensational Getaway from Boston Jail of Prisoner Who Jumped Eight Feet.

Boston, May 12.—Victor F. Nelson, a state prison convict, who under fire of a guard last night gained his liberty, one of the most audacious flights recalled by prison officials, had apparently made good his escape today. Nelson's feat was remarkable, the warden said, involving a dash under the eyes of an armed guard from a line of convicts, a climb over a window grating to a coping 20 feet above and from there, with scant foot hold, a leap 8 feet under fire to another wall, from which he dropped to a nearby roof.

WANTS C. N. R. TO BUY COAL IN DOMINION

D. D. McKenzie Would Secure It Even if Costs Above U. S. Product.

THINKS EXPERTS ARE ABLE TO FIX PRICE

Hon. Mr. Guthrie Declares Canadian Defence is Lowest in the World.

Ottawa, May 12.—Naval and military expenditures of the government were defended in the House of Commons today when Hon. Hugh Guthrie, minister of militia, participated in the budget debate. Mr. Guthrie, who represented Canada at the financial conference held under the auspices of Nations at Brussels last summer, quoted statistics to show that Canada's expenditures were lower than any other country in the world. In fact, Mr. Guthrie's view, they were so low as to make other countries look rather ridiculous.

On a basis of population estimated at 8,000,000 people, the per capita expenditure for defence, including that for militia, navy and air force, was only \$1.89. The percentage of annual revenue to be devoted to defence purposes this year was 3.5 per cent.

Deplores Many Things. The first contribution to the debate today was a speech by F. L. Davis (Neepawa) who occupies a seat in the Cross-Benches. Mr. Davis suggested an amendment to the income tax act which would provide for a surtax on the profits of corporations which fail to pay their income tax within three months. Mr. Davis criticized the government for not getting rid of the national shipping at the close of the war; deplored the fact that the budget made no specific provision for taking care of maturing war bonds, and advised economy on military expenditure.

Is Surplus Real? There was, at the opening, an entertaining sequel to the imaginary letters which A. R. McMaster (Brome) read the other day. Speaker Rhodes announced that he had given instructions the letters were to be deleted from the revised version of Hansard. Referring to the Speaker's decision, D. McKenzie (Cape Breton N.) asked why, then, if imaginative literature were banned, should the finance minister's reference to a surplus be struck from the record? Was not such a surplus imaginary, he queried to the amusement of the Opposition.

UNION SEAMEN REFUSE TO SAIL

Declare They Will Not Take "Aquitania" to Sea With "Blacklegs."

London, May 13.—Joseph Cotter, president of the Seafarers' Union, stated today that the sailors and firemen would refuse to sail Saturday on the Aquitania with "black leg" volunteers. (He was referring to the office staff of the Cunard Line in Liverpool, which, according to announcement, had volunteered to replace the striking stewards, cooks and butchers of the steamer). At the office of the Cunard Line here it was said this afternoon nothing to bear out Cotter's statement had been heard, and as far as the line officials knew the Aquitania would sail Saturday.

London May Not Collect Fifty Per Cent.

Nation May Content Itself With a Twenty-Five Per Cent. Tax on Germans.

London, May 12.—A Berlin despatch to Reuters Limited says that while the British government will retain the act empowering a levy of 50 per cent on German exports the levy bill will virtually be suspended in favor of the collection of the 25 per cent tax prescribed in the ultimatum to Germany.

It is pointed out in London that the above mentioned act does not stipulate the precise percentage to be collected, which is left to the discretion of the government; hence this act can easily be accommodated to new circumstances.

WANTS C.N.R. TO BUY COAL IN DOMINION

D. D. McKenzie Would Secure It Even if Costs Above U. S. Product.

THINKS EXPERTS ARE ABLE TO FIX PRICE

Hon. Mr. Guthrie Declares Canadian Defence is Lowest in the World.

(Continued from page 1) Combinations in restraint of trade next received warm denunciation at Mr. McKenzie's hands. The national policy of Sir John Macdonald, he said, embraced a tariff but looked to a reasonable competition in order to regulate prices. Today there was no competition. There were combines in everything—shoe combines, rubber boot combines, every single earthly thing, from the food on the table to the clothes on one's back, was controlled. What could be more ridiculous than that a grocer could not sell a pound of butter or any other article without adhering to the scale of prices prescribed for him? If he defied to obey, no further goods would be supplied for him to sell.

Drayton Cites Cases

Sir Henry Drayton asked if Mr. McKenzie was aware that the Ontario Government had a judgment pending against the so-called grocers' combine, and that Nova Scotia was similarly proceeding against the steel combine? Mr. McKenzie replied that for such evils one could not expect a remedy from local governments. The Dominion Government must take the burden of prosecuting the combines. If it had not the power, it should proceed to create it.

He read a long letter he had addressed to the president of the National Railways, asking that Canadian coal be purchased, even though it cost something more than the American product. The letter claimed that returned soldiers in Cape Breton were suffering privation through lack of work.

Case of the Miners

Sir Henry Drayton asked Mr. McKenzie whether he advocated that the government pay a premium in favor of Canadian coal, and if so, how large a premium? He wished this information in order to be able to discuss the matter intelligently in the cabinet.

Mr. McKenzie replied that sturdy miners had thrown down their picks and gone to the war. Many had not

Forest Fires Threaten Nova Scotian Town

Two Miles of Fine Timber Destroyed Before Flames Under Control.

Sydney, N. S., May 12.—For six hours this afternoon the misting town of New Waterford was threatened with destruction by a forest fire which has been burning in the vicinity for the past two days. Town and colliery firemen finally got the blaze under control when it was within a few yards of No. 15 colliery of the Dominion Coal Company. The fire started near Langan, two days ago and burned about two miles of valuable timber before it reached New Waterford.

Death Warning Is Pinned Upon Door

Sydney Dry Officer Gets Note Saying He Is Playing With Death.

Sydney, N. S., May 12.—"You are playing with death," was the grim warning received today by W. W. Karn, a local constable, who has been taking an active part in the bone dry campaign as an Assistant to Chief Inspector George R. Rideout. During a brief absence of Inspector Rideout from the city, Karn made several successful raids. Today came the anonymous warning pinned to his front door with a clasp knife.

GUARDS QUEBEC'S INTERESTS

Montreal, May 12.—Premier L. A. Taschereau of Quebec, speaking tonight here at the banquet of the Quebec branch of the Canadian Manufacturers' Association, said he did not know what would be the result of the conference between representatives of Canada and the United States in connection with tariff matters, "but so long as I remain at the head of the Quebec Government, the order-of-council prohibiting the export to the United States of the raw wealth of this province, will remain in force."

He claimed that if a farmer government was elected this would destroy the constructive work that labor had been building for the last forty years for the sole purpose of getting cheap labor for the farmer.

FARMER PARTY IS FLAYED AT McADAM RALLY

Senator Robertson and R. B. Hanson Discuss Policies of Three Parties.

SENATOR CLAIMS LABOR LEADERSHIP

Class Legislation Aim of Agrarians Declares York-Sunbury Candidate.

(Continued from page 1) He then outlined the policy of the three parties on the fiscal and labor problems. The Liberals had long ago abandoned free trade and gone over to moderate protection; they recognized as all sensible men do that Canada has never prospered under free trade unless every country she trades with adopts the same policy. Taking up the labor problem he admitted that Hon. W. L. Mackenzie King was sincere but theoretical and inexperienced. Seventy per cent of Mr. King's followers did not adhere to his labor policy but were led by Ernest Lapointe of Quebec.

The Farmers

Taking up the Farmers' party he claimed the party had sprung up in the West where there was only one crop grown; their policy had been moulded by the Grain Growers; they sold their grain to foreign countries and they bought most of their machinery in the United States. "If there is no tariff to protect us, the United States, with their highly developed industries, will throttle Canadian industries." In contrast with all this stands the labor policy of the government which consults labor on every important issue affecting it.

He claimed that if a farmer government was elected this would destroy the constructive work that labor had been building for the last forty years for the sole purpose of getting cheap labor for the farmer.

experience of youth, had taken up the gauge of battle. He gave a history of the Agrarian movement, and distinguished between the Western farmer, whose market was largely in a foreign country, and had but one commodity to sell, and the Eastern farmer who had a local market and had many kinds of farm produce to dispose of.

During the war wheat raising became a key industry. The wheat situation in North America, because of the submarine menace, was of vital importance to the Allies. The price of wheat soared, and had it not been for the Borden government fixing a maximum price, it would have gone much higher than it did.

Farmer Is Angry.

The fixing of a price angered the farmer; peace came and the submarine menace was removed, with a result that millions of bushels were released in other countries. This brought the price down and the farmers opposed to the government to fix a minimum price. This the government refused to do.

What effect would the farmers request have upon this country? It would keep up the prices and the cost of living would be still higher than it is. Every legitimate request made by the farmers had received proper attention. A farmer government would result in class legislation for class purposes.

DIED.

BOYD—At General Public Hospital on Wednesday morning, 11th inst., Sarah H. Boyd, wife of B. C. Barclay Boyd, and daughter of the late W. H. Adams. Funeral on Friday, 13th inst., at 2:30 from Mission Church of St. John the Baptist, Paradise Row.

CHRISTIAN—At the residence of George A. Elliott, 24 Celebration street, on May 11th, 1921, Peter Chisholm, leaving wife to mourn. Funeral from St. David's Church today, Friday, at 2:30 o'clock, preceded by a short service at the house.

IN MEMORIAM.

In loving memory of Kenneth O. Woods, who lost his life near Vimy Ridge, May 13th, 1917. Gone but not forgotten. FAMILY.

In loving memory of our dear brother, John R. K. Sargeson, died May 14, 1917. SISTERS MARY and THELMA.

FUNERAL NOTICE

The officers and members of St. Andrew's Society are requested to meet at the Orange Hall, Germain street, on Friday, May 13, at 2:10 p. m. for the purpose of attending the funeral of our late member, Mr. Peter Chisholm. By order, ALEX. McMILLAN, President.

FLEET FOOT to Business

If you ask a man why he wears FLEET FOOT shoes to business, nine times out of ten he says, "because they are so comfortable."

FLEET FOOT shoes are comfortable. The fine rubber soles and heels take up the jar of walking. The canvas uppers are light, cool and easy on the feet. The shapes are designed by experts who know how to put good style into shoes that fit the feet snugly, yet are light and flexible.

Most men wear FLEET FOOT right through the summer. They have several pairs. Sensible oxfords for business—sport models for bowling, golf or tennis—a smart pump for evening wear—and perhaps heavy FLEET FOOT shoes for gardening or working around the house.

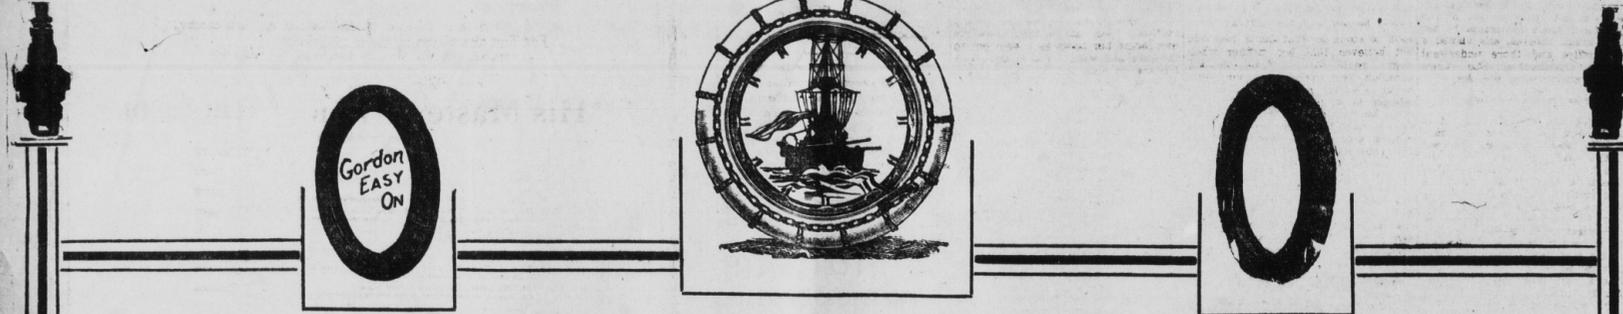

FLEET FOOT are so economical that you can have two or three pairs for the price of one pair of leather shoes.

Wear them this summer—put the whole family in FLEET FOOT.

The name **FLEET FOOT** in the style of lettering shown above, is stamped on every genuine FLEET FOOT Shoe—look for it.

FLEET FOOT shoes are sold by the leading shoe dealers everywhere.

AUTOMOTIVE SUPPLIES

To get the most and the best from the motoring season, start right—start with your car fully equipped. This will save you delays, inconvenience, and prevent greater outlay later in the season.

We have assembled this year the largest and most complete stock of up-to-the-minute Automotive Supplies in the Maritime Provinces. Every need of the car-owner has been anticipated, as you will see from an inspection of our displays which embrace

ROYAL OAK TIRES—Tougher than Oak—Clover Leaf Tires, Good Year Tires, Inner Tubes, Tire Covers, Rose Tire Pumps, Tire Repair Outfits, Tire Pressure Gauges, Shradler Tire Valves, Valve Insides, Shradler Universal Tire Caps, Shaler Five Minute Vulcanizers, Adamson Vulcanizers, Running Board Cocoa Mats, Tyler Heel Plates, Car Jacks, Lubricants; Snap Cut Piston Rings, for Fords and Chevrolets; Double Seal Piston Rings, Locktite Patches.

Spark Plugs—"Fyrac," "Champion," "Hercules," "A. C.," "Cico," "A. C.," Stadco Quadruple Spark Plug Wrenches, Wrench Sets, Guaranty Spark Intensifier, Packard Junior Plain High Tension Cable, Packard Junior No. 14—2-Conductor Lightning Cable, Packard No. 14—1-Conductor Armored Lightning Cable, H. & D. Twin Arm Shock Absorbers; Auxiliary Radius Rod for Ford 1920-21 Cars; "Kwikonoff" Dust Cap to protect valves, Tri-Co 2-Way Weatherstrip, Clipper Brand Brake Shoes, Auto Theft Signal, Auto Indicator.

Automobile Visors, Howe Searchlights, Victor Spotlights, Steward V-Ray Searchlights, Howe Tail Lamps; Howe Safety Tail Lamp, a combination Tail Lamp and Rear Searchlight; Automobile and Electric Lamps, Gaskets, Klear-Sight Windshield Cleaner, Shaler Roadlighters Lenses, Car Cleaners and Finishes, Lunch Kits, Stewart Wire Wheels, Dreadnaught Tire Chains; in fact everything in Automotive Accessories, including also GASOLINE.

AUTOMOTIVE SUPPLY DEPARTMENT—STREET FLOOR—MARKET SQUARE STORE.

A PA GAY STEEVES TELLS STORY OF THE FIRE

Senator Fowler Puts the Premier in Witness Box in His Own Behalf.

CLARA DECLARES HE LOVED FAMILY

Frequent Quarrels Are Recalled But She Maintains Was Good to All.

(Continued on page 3.) On cross-examination, he said his father was good to him and also kind to the other children. Beatrice was fond of her father, her father was fond of her. His father was going away early in the morning Beatrice generally up and got his breakfast. His father was a good provider and he (witness) always had enough to eat and had clothes, and as far as he knew rest of the family were well supplied.

Defence is Begun. Merritt Crossman, a near relative of the accused, was called as witness for the defence. He saw Clara Steeves the night previous to the fire. He was then going home, little girl came down to his place evening and asked for oil. He not give her any oil because he not have any. He, Steeves, was good neighbor, and lived about quarter of a mile beyond him.

Daughter Called. Clara Steeves, daughter of the accused, told about working and taking money home and clothing her. She was to assist her father in rearing. She was stopping at the Earl Fullerton's stopping place that night and working in the restaurant by day. On the morning of the fire her father came to the house of Fullerton and told her about the fire. Never had there been improper relations between her father and herself. She had heard statements made about her. On the 4th or 5th day of March last accompanied by uncle, William Steeves, she visited doctor's office and there under a medical examination. She was what that examination was for.

Denies Mother's Story. Continuing she told the court she had heard her mother had statements about relations between her father and herself. Personally her mother had never made statements to her. There was no word of truth in it. On the morning of the fire her father came to Fullerton's residence between 8 and 9 o'clock. His boots were muddy. He asked her to lace shoes and said "My God, Clara, am I going to die?"

He told her about the house the family burning up. She told him she could not believe they later left the house, went to the restaurant, got three loaves bread and her muff and Harry H. man came along with the horse they drove out to the scene of the fire.

Threw Wood at Father. She had seen her mother take the dipper and sticks of stove at her father. She never saw her father strike her mother, but heard he had done so. Some differences had arisen about a stopping at her home about the day of the fire. Her mother seemed to be cross about this staying there and when she came back said that she had seen her father because of Curtis Orley.

Her father was kind to the children and loved her. She had her father beat Curtis. They had been dressed decently and respectably and always had enough eat. Her father was a provision constable at one time and her mother generally accompanied her father when he went to collect. Her father always liked to have her mother accompany him and she always seemed to like to go with her father.

Mother Had a Temper. She had seen them quarrel, mother had her share of temper. They spoke in loud tones when quarrel. Sometimes this might be heard outside.

Cross-examined by Mr. Rand, witness stated that her mother she did not consider a hard one, she had no reason to complain. married life was not an unhappy one and she had no grounds for complaint. She had never seen mother throw iron at her father. She saw her mother's eye bleed one occasion, but she would not say that her father did it. Her mother said that her father hit her. never saw a scratch on her mother.

She got along well with her father. In a family quarrel she (witness) had never taken part. On the day she went to her grandmother's house with the mail man. This was on a Saturday. She returned the following Tuesday. There was no quarrel on the day on which she left.

Brother's Story Challenged. Asked if Curtis had told the

GAY STEEVES TELLS STORY OF THE FIRE

Senator Fowler Puts the Prisoner in Witness Box in His Own Behalf.

CLARA DECLARES HE LOVED FAMILY

Frequent Quarrels Are Recalled But She Maintains He Was Good to All.

(Continued on page 2.)
On cross-examination, he said that his father was good to him and was also kind to the other children. Beatrice was fond of her father and her father was fond of her. When his father was going away early in the morning Beatrice generally got up and got his breakfast. His father was a good provider and he (witness) always had enough to eat and lots of clothes, and as far as he knew the rest of the family were well supplied.

Defence is Begun.
Morrill Crossman, a near resident of the accused, was called as first witness for the defence. He said he saw Steeves the night previous to the fire. He was then going home. His little girl came down to his place that evening and asked for oil. He did not give her any oil because he did not have any. He, Steeves, was a good neighbor, and lived about a quarter of a mile beyond him.

Daughter Called.
Clara Steeves, daughter of the accused, told about working and taking money home and clothing herself. She was to assist her father in restaurant. She was boarding at Mrs. Howard Fullerton's, stopping there at night and working in the restaurant by day. On the morning of the fire her father came to the house of Mrs. Fullerton and told her about the fire. Never had there been improper relations between her father and herself. She had heard statements made about her. On the 4th or 5th day of March last accompanied by her uncle, William Steeves, she visited a doctor's office and there underwent a medical examination. She knew what that examination was for.

Denies Mother's Story.
Continuing she told the court that she had heard her mother had made statements about relations between her father and herself. Personally her mother had never made these statements to her. There was not a word of truth in it. On the morning of the fire her father came to Mrs. Fullerton's residence between 8:30 and 9 o'clock. His boots were unlaced. He asked her to lace his shoes and said "My God, Clara, what am I going to do?"

He told her about the house and the family burning up. She in turn told him she could not believe him. They later left the house, went up to the restaurant, got three loaves of bread and her muff and Harry Horseman came along with the horse and they drove out to the scene of the fire.

Threw Wood at Father.
She had seen her mother throw the dipper and sticks of stove wood at her father. She never saw her father strike her mother, but had heard he had done so. Some little differences had arisen about a girl stopping at her home. Her mother was away at the time. Her mother seemed to be cross about this girl staying there and she ought to leave. She was cross because of Curtis and Orley.

Her father was kind to the children, affectionate and loved them. Beatrice was his favorite. She had seen her father beat Curtis. They had always been dressed decently and respectfully, and always had enough to eat. Her father was a provincial constable at one time and her mother generally accompanied her father when he went to collect. Her father always liked to have her mother to accompany him and she always seemed to like to go with her father.

Mother Had a Temper.
She had seen them quarrel. Her mother had her share of temper. They spoke in loud tones when in a quarrel. Sometimes this might be heard outside.

Cross-examined by Mr. Rand, the witness stated that her mother told her she did not consider a hard one, and she had no reason to complain. Her married life was not an unhappy one and she had no grounds for serious complaint. She had never seen her mother throw iron at her father. She saw her mother's eyes black on one occasion, but she would not swear that her father did it. Her mother had said that her father hit her. She never saw a scratch on her mother.

She got along well with her mother. In a family quarrel she (witness) had never taken part. On the day she went to her grandmother's she went with the mail man. This was on a Saturday. She returned a week the following Tuesday. There was no quarrel on the day on which she left.

Brother's Story Challenged.
Asked if Curtis had told the truth

The stake holder at last week's game had run away with the money.

about a quarrel on that day when she left, witness stated he had not. Her mother did not seem unwilling that she go and help keep the restaurant. She never raised any objection to her going. She heard her brother Curtis tell about the improper relations between herself and her father. She took no stock in what Curtis had said but believed that her mother when angry would say anything. On one occasion her mother and her were about to quarrel when her father told her not to fight with her mother, but to go away, and if she did not have the money he would provide it. This quarrel arose, she believed, over this girl, who was then at the accused's home. She told court she was married on March 26th. She had heard all sorts of rumors since the fire. She had also heard that her mother had for three years previous to the fire talked about her father and herself.

Prisoner is Called.
Senator Fowler placed on the stand the accused himself. He said: "I am not the cause nor did I cause the death of my wife or children. The night before the fire I went from the restaurant, got some bread at a little French store, took it to P. Roberts, got his horse and went home. Beatrice met me as I got near the house. She took the horse and drove him around the house and stood him near by in front of the house. I put the horse in the barn with the harness on. I told my wife I was going out that night to the restaurant. I went in the house and got a bag containing about seventy pounds of sugar. My wife said she wanted some of it and I left her thirty pounds. My wife wanted me to stay all night. She said she had some cooking done and would go with me to the restaurant. The lamp was burning but only by the oil in the wick. I sent Hazel to Mr. Crossman's for oil and she came back without any. Then she fixed up a light in a deep plate with some grease and a strip of common wick.

Read The Bible.
"As we were sitting in the house Hazel took the Bible and read two chapters; then she bowed her head in her hands and whispered a prayer. She said she had made up her mind while she was living on the Shediac Road to live a better life and my wife came to me and put her arms around my neck and kissed me and she said to me: 'Why can't you and I make a change and live a different life?' I said, 'We could have done that long ago if we had tried.'

Then the prisoner described the interior of the house and added: "I slept downstairs on a bed lounge. I always sleep with my collar and tie on. I cannot tie a four in hand. I was awakened by the alarm clock, which I told Beatrice to set for five thirty.

Made Two Fires.
I made two fires, one in the heater and the other in the cook stove. One window on the south side upstairs was filled with a fly screen, with a blanket over it for protection; the other was boarded up. The upstairs was divided by curtains, making four compartments about nine by ten feet. I know there was a lot of clothing hanging upstairs. My wife told me to go up and see what a big washing she had done. I went half way up the stairs and saw a lot of clothes were

hung there. There were clothes and papers under the stairs."

Found The Revolver.
When we were away to the cherry berry plains one day my wife found a revolver which was there in the house. There were four cartridges in it when John Steeves or Harold Steeves fired into a tree. Beatrice was lacing her boots as I went out to the barn and when I was in the porch I heard my wife call Beatrice to come back to bed until the house got warm. I went to the barn. Then I heard my wife call out "Gay, the house is on fire." I ran into the porch and through the second door. The smoke was dense. I choked and could not get in the house. On the way from the barn I called for them to get out the back window on the lean-to.

Gone Ten Minutes.
I ran up to Munro's and called out several times. I threw a snowball through the window next to the road. It was about ten minutes from the time I left house till I heard the call of fire. I went from Munro's to Jones. I met the McMillan's driving fast. I called to Mrs. Jones. Then I went back and the McMillan's were there then.

There never were any improper relations between Clara and myself. My wife did say I was too fond of Clara, and when I would tell Clara not to associate with certain persons my wife would say that I was jealous.

Doesn't Recall Blow.
She accused me personally once, I think. I don't know that I struck her and blacked her eye. I was full of booze. Her eyes were black for a week. I certainly thought a lot of my wife but we would sometimes get a little "sniffy." I was never jealous of her. I know she loved me; she said so and that is the reason she was jealous. It is expected that the direct examination and cross-examination of the prisoner will occupy all Friday morning, and the case may not reach the jury before Saturday.

WANTS RAILWAY BOUGHT.
Inverness, N. S., May 12.—At a combined meeting of delegates of the county of Inverness and the towns of Port Hawkesbury, Port Hood and Inverness, held here last night, a resolution was passed the Dominion Government to acquire the Inverness railway, now in the hands of receiver, and make it a part of the Canadian National system. A deputation was appointed to proceed to Ottawa to confer with the Government.

Death Comes After Short Married Life

J. H. Bareham, Who Married Miss Long of St. John Recently, is Dead.

Montreal, May 12.—There was a particular sadness attaching to the death of James Howard Bareham, who passed away, after a brief recurrence of a sickness contracted while in the service of his country overseas, at 919 Tupper street today. It was not only that the deceased was scarcely past the threshold of his manhood, being but 23 years of age, but he had only been married some three weeks ago, his bride being Miss Edith Long, of St. John, N. B., where they both enjoyed a large circle of acquaintances and were well and favorably known. The body is being taken to St. John for burial, his young widow returning there with the remains.

FROM FISHING TRIP.
Rev. S. S. Poole, of the German street Baptist church, returned last night from two weeks' fishing trip to Lake Alma, N. S. Some good catches were made, although it was too cold for the best fishing.

Fredericton May Have Summer Time Plebiscite

Halifax Company Disputes Legality of a City By-Law and Will Fight.

Special to The Standard
Fredericton, N. B., May 12.—While there does not appear to be any probability of the City Council now reversing its vote affirming its intention to put the daylight saving time order into effect as originally intended, it was said today it was not unlikely that the upshot of the growing agitation against the change in time would be a final decision to hold a plebiscite. However, those favoring the change in time expressed themselves confident today that a majority of the voters eligible to vote at civic elections would favor the change in time.

Make Test Case.
A test case is being made by a Halifax typewriter agency of the city by-law under which agents doing business in Fredericton and dealing directly with consumers are charged a license fee. He has refused to pay, is fighting the case and his counsel

Col. C. W. McLean To Quit Politics

London, May 12.—Colonel C. W. McLean, M.P. for Trigg, Lincolnshire and parliamentary secretary in the Under Secretary for the Colonies, Col. Anson, will retire at the next general election. He is a son of General H. H. McLean of New Brunswick, and served with distinction during the war in the Royal Horse Artillery.

declares the passage of a law imposing such a tax is ultra vires so far as the city council is concerned. The evidence in the case has been taken, the magistrate has refused to dismiss the information and the council will be heard in argument at a date to be arranged.

PILES
Do not suffer another day with itching, burning, or protruding Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and afford lasting benefit. 60c a box; all dealers or Edman, Bates & Co. Limited, Toronto. Honorary Degrees Awarded By U. N. B.

Lord Beaverbrook and Hon. Frank Carvell Are Made Doctors of Laws.

Fredericton, N. B., May 12.—Twenty-five degrees were conferred at the annual convocation of the University of New Brunswick this afternoon. Included in the list were three honorary degrees conferred upon distinguished New Brunswickers, six masters degrees and sixteen bachelors degrees for the members of the graduating class of 1921.

Three Honorary Degrees.
There was a large attendance at the proceedings, many distinguished graduates of the university being there. Much interest was shown in the orations and addresses.

It was announced that a honorary degree of Doctor of Laws had been tendered to Hon. W. E. Foster, premier of New Brunswick, but because of his absence from the province the conferring of the degree had been deferred at his request until next year.

POLITE MONKEY PLUNDERED BOY ON BROADWAY

'Newsie' Was Counting Cash When Monk Made Raid on It.

OWNER APPEALED TO ORGAN GRINDER

Had to Take Money from the Robber by Force to Return It.

New York, May 12.—Tony Marmola, an accomplished hand organ virtuoso, ferozly Mulberry Bend yesterday afternoon and strayed over to Broadway and Chambers street, where he began to play his entire repertoire consisting of "Columbia, the Gem of the Ocean" and three pieces of jazz. With him was Ignatz, the shinning monkey, and Ignatz's antics as Tony played the three pieces of jazz on the hand organ attracted quite a crowd, including two or three policemen who were entirely unable to decide whether Ignatz ought to be conserved. Ignatz worked hard and Tony turned the crank furiously, but only a few pennies fell from the hands of the crowd until a newsboy stepped to the ten. Under influence of the music the boy untied his handkerchief and began to count his earnings. The flash of the pennies caught the eyes of Ignatz and he stopped his shinning, made a leap for the lad. A shower of pennies and nickels scattered on the sidewalk.

Collected the Coin. Grimacing and chattering like a Simian Congress, Ignatz went to work collecting the pennies, while Tony turned the crank furiously and the

Girls Joined Together Are Born in Paterson

New York, May 12.—Twin girls joined together were born yesterday afternoon in the Barnert Memorial Hospital in Paterson, N. J., with their heads on opposite ends of a long trunk; but with completely formed hands and arms. Two complete and normal legs are on one side of the trunk, and another leg of abnormal size and with ten toes on the foot is on the other side of the body.

CARVELL AT OTTAWA.

Ottawa, May 12.—Hon. Frank Carvell, chairman of the Board of Railway Commissioners, returns to Ottawa on Friday from a short visit to Fredericton.

where they had organ rocked as it beated forth jazz music. The crowd laughed, but the newsboy didn't think Ignatz was very cute. The pennies were the result of his day's work, and here was Ignatz scrambling for them and shoving them into his capacious pocket, lifting his little red hat about every fifth penny. The boy shouted at the monkey, and when all he got for that was a bow and a fit of the hat he dropped to his knees and began to scrawl.

The boy got back about a dozen pennies before Ignatz had put the rest of the pennies in his pockets, and then he appealed to Tony. Tony pulled Ignatz's chain and ordered him to disgorge, but the monkey only chattered and bowed. So finally Tony had to turn Ignatz upside down and shake him before the monkey would give up his loot. Then the pennies were returned to the newsboy, he tied them up in his handkerchief, and Tony and Ignatz resumed their travels.

Brooklyn Girl Takes Own Life

With Name Pinned to Coat, She Leaps from Fifth Floor Window.

New York, May 12.—With her name and address on a tag fastened to her jacket and a holy picture pinned to it, Helen Fiedler, a Brooklyn girl, jumped from a fifth floor window to death on the sidewalk below, in the Bronx yesterday morning, narrowly missing in her leap crowds of church goers and children at play. She had been suffering from a nervous breakdown. She was killed instantly.

She was 23 and lived in Flatbush with an aunt, Mrs. Thomas Di Giacomo. She was employed as a clerk in the Irving National Bank in the Woolworth building. Last night she made the trip to the Bronx without a tag, calling first on Edward Witkowski, an uncle. After chatting there she went to see her brother, Edward Fiedler. She then went to the apartment house where lived Mrs. Minnie Gerhardt. The Gerhards found her so unstrung they advised her not to return home and made a bed for her in the front room. In the morning the girl dressed, clambered out on the window sill and turning called "Good-by."

Mr. Gerhardt saw her from an inner room and dashed for the windows but already she had slipped off the sill, clinging just long enough for some one in the street to see her and set up a shout that came too late to deter her.

Quickest for Healing

A cut sustained in the workshop, a sore which is untreated, results say in inflammation or blood-poisoning. You have to lay off for a day or two and it costs when pay-day comes round. Zam-Buk insures you against such loss! A little antiseptic Zam-Buk promptly applied to any fresh wound or injury prevents disease infection and risk of festering and ulceration, and takes away smarting pain and promotes quick healing. At home a box of Zam-Buk is ever so useful. The baby's nasty rashes, the older children's cuts and bruises, the scaldable burn, or scald—for all these, as well as for more serious skin troubles, such as eczema, ulcers, ringworm, etc., Zam-Buk is the universal remedy. Mr. J. W. Bonnard, 389 Craig St. E., Montreal, writes: "Two of my fingers were so severely crushed that the doctor said they would have to be amputated. I decided to try Zam-Buk first, and applied the balm daily. Within a few weeks the injury was completely healed. My fingers recovered." 25c. per box of dealers.

'Rain Maker' Seems To Be Making Good

One Inch of Rain Has Fallen in Section Where He is Operating.

Medicine Hat, Alta., May 12.—Since Charles M. Hatfield, the "rain maker" commenced operations on May 1, in an area which extends for a radius of one hundred miles, nearly an inch has fallen in all sections of this territory. His apparatus is set up in Chapice Lake, near this city. An organization known as the United Farmers Association will pay Hatfield one thousand dollars an inch for a maximum rain fall of eight inches during the month of May, June and July. A guarantee fund has been raised for this purpose.

Precipitation gauges on which the demonstration will be judged are erected at Medicine Hat, Empress, Leader, Juniper, Vaux Hall and Bow Island. Hatfield does not claim to be able with his chemicals to draw rain from a clear sky, but maintains that he has acquired the science of tapping moisture-laden clouds.

DOGGED BY ILL-LUCK. London, May 12.—Owing a White-chapel sailors' home as his address, Ernest Appin Green, 54, was charged at Croydon with being drunk and breaking 31 small panes of glass at the lodge of a Micham sports ground. Green, who was formerly a chief steward for the Royal Steam Packet Company, and put in papers to substantiate his statement, mentioned that he was on a ship that was torpedoed, and he lost the sight of one eye. Two of his sons were killed in the war. His wife died later, and only last week he heard that his youngest son had gone to an unknown grave in a submarine. Defendant spoke three languages, and was employed during the war, at Dunkirk, as an interpreter.

TAKE LOWER WAGES. Cincinnati, O., May 12.—Structural iron workers and red men, who have been on strike since last November, agreed to return to work at a reduced scale of wages. Under the new scale, the red men will receive eighty cents and iron workers ninety cents an hour.

Let Cuticura Be Your Beauty Doctor

Tender Gums - A Warning

Beware of gum tenderness that warns of Pyorrhea. Four out of five people over forty have Pyorrhea—many under forty, also. Loosening teeth indicate Pyorrhea. Bleeding gums, too. Remember—these inflamed, bleeding gums act as so many doorways for disease germs to enter the system—infecting the joints or tonsils—or causing other ailments.

Forhan's positively prevents Pyorrhea, if used in time and used consistently. As it hardens the gums the teeth become firmer.

Brush your teeth with Forhan's. It cleans the teeth scientifically—keeps them white and clean.

If gum shrinkage has already set in, start using Forhan's and consult a dentist immediately for special treatment. 35c and 60c tubes in Canada and U.S. If your druggist cannot supply you, send price to us direct and we will mail tube postpaid.

CORNER STONE OF KING'S UNLAI

Elaborate Ceremonies for the inauguration of New Stone at Windsor, N. B.

STONE IS LAID BY LIEUTENANT GOVERNOR

Civic, Municipal and Educational Leaders Have a Part in Ceremonies.

Windsor, N. B., May 12.—The Day at the University of King's College marked at noon today by the laying of the corner stone of the new college building which will be the historic structure designed by the late Sir John Macdonald.

A large number of people gathered at noon today for the laying of the stone. In his address, which was delivered by Rev. A. R. Hill, of the episcopal church.

A Great Parade. After the service a grand parade, including Lieut. Governor G. B. Ross, civic, municipal and educational leaders, proceeded to the corner stone.

The annual convocation for this afternoon at two-thirty. The stone was laid by Rev. A. R. Hill, a graduate of King's now rector of St. Paul's, Philadelphia, who received the highest degree of doctor of civil law.

President Butler. It is becoming that on this occasion there should be a large number of King's men in the Province of New York and the University of King's College.

Windsor, N. B., said President of Columbia University in laying the corner stone. The undertaking in New York and the undertaking in Windsor were both the result of the same effort of the colonists on the Atlantic coast. It should be neither dimmed nor obscured by reason of their distance from the homeland. Some of the struggles and even some of the controversies, that preceded the founding of King's College in the Province of New York and accompanied the laying of the University of King's College at Windsor. These struggles were the result of the same effort of the colonists on the Atlantic coast.

HEADACHE

Make Life Miserable. Headaches are one of the most annoying troubles one can have. It is hard to struggle along with head that aches and pains.

Headaches seem to be habitually many people; some are seldom free from them, suffering constantly from the dull throbbings, the pains; sometimes in one part, times in another, and then again the whole head. There is only one way to get from these persistent headaches that is by going direct to the trouble, for unless the cause is removed, the headaches will continue to exist.

The fact that Burdock Bitters keeps the stomach, liver, bowels and all in good order shows that it will eliminate the cause of the headaches. Mrs. Harold Lanlan, Owen Ont., writes: "My system was down and my blood out of order. I suffered great deal from severe headache, which made me feel miserable. After having tried remedial I purchased a bottle of Burdock Bitters, and was very glad to find a decided improvement in my health, so I took another and I am glad to say that it has done an enormous amount of good. I have recommended it to my friends, who in a similar condition, and they say it is a wonderful remedy."

B.B.B. is put up only by McBurn Co. Limited, Toronto.

Warning

CORNER STONE OF KING'S UNIV. LAID AT NOON

Elaborate Ceremonies for Inauguration of New Structure at Windsor, N. S.

STONE IS LAID BY LIEUTENANT GOVERNOR

Civic, Municipal and Educational Leaders Have a Part in Ceremonies.

Windsor, N. S., May 12.—Enclosed Day at the University of Kings was marked at noon today by the laying of the corner stone of the new main college building which will replace the historic structure destroyed by fire last year.

A large number of people arrived this morning from Halifax and other points and were escorted to Christ church where Rev. A. R. Hills preached the consecration sermon.

After the service a grand parade including Lieut. Governor Grant and party, church and college heads, civic and municipal officials, students, pupils of Edgely and collegiate schools and other bodies proceeded to the scene of stone laying.

The annual convocation followed this afternoon at two-thirty. The oration was delivered by Rev. Robert Norwood, a graduate of Kings, and new rector of St. Paul's church, Philadelphia, who received the honorary degree of doctor of civil law.

It is becoming that on this significant occasion there should be greetings from what was once King's College in the Province of New York, to the University of King's College at Windsor, N. S., said President Butler of Columbia University in laying the corner stone.

Meanwhile the years have passed and the face of the earth has strangely changed. Human nature is no different to what it was a century and a half ago, but the conditions are no longer compelling, and the new aspirations as well as new conceptions of life have taken control alike of human thought and of human conduct.

HEADACHES

Make Life Miserable.

Headaches are one of the most aggravating troubles one can have, and it is hard to struggle along with a head that aches and pains all the time.

There is only one way to get relief from these persistent headaches, and that is by going direct to the seat of the trouble, for unless the cause is removed, the headaches will still continue to exist.

The fact that Burdock Blood Bitters keep the stomach, liver and bowels toned up is proof enough to show that it will eliminate the cause of the headaches.

Mr. Sigold Lanala, Owen Sound, Ont., writes:—My system was run down and my blood out of order. I suffered great deal from severe pains in my head, which made me feel very miserable.

SHERRY WINE IS READY FOR SALE BY GOVERNMENT

Fifty Thousand Dollars in Seized Liquors Are Also Available.

BOARD NEGOTIATES WITH THE VENDORS

Basis of Cost of Goods to be Used on Re-Purchase.

Special to The Standard. Fredericton, May 12.—Hon. J. Fletcher Tweeddale, chairman of the New Brunswick Board of Liquor Vendors, admitted this morning that little progress has been made so far in getting the holders of licenses as wholesale vendors in St. John, to turn over their stocks to the commission, who have been authorized to take on the importation and wholesale distribution of intoxicants in the province.

Considerable correspondence, it is said, has passed between the board and the general manager of the company carrying on the bulk of the vending at St. John, and so far there is said to be an entire lack of understanding between the vendors' manager and the chairman of the commission as to the price to be paid and, it is believed, the situation imposed by the imposition of an additional tax upon liquors under the new budget will add further to the difficulty.

Hon. Mr. Tweeddale said this morning that the provisions of the act under which the board was operating stated that they could take over from holders of wholesale vendors' licenses their stocks upon the basis of what the liquor had cost. He said that the board had asked the wholesalers for inventories of their stock, and if these were not forthcoming within a reasonable time, the board would proceed to secure their stocks elsewhere and the wholesalers in question would find themselves with their stock on hand some morning and their period of operations closed. He said this programme sounded somewhat like a bluff, but it would be resorted to only, if necessary.

Meanwhile the board is having their offices and warehouses at the military property on Queen street fitted up for occupancy. Upwards of 100 cases of sherry wine comprises the first stock to arrive here for the board, having been purchased in Montreal late in April. It is understood that almost \$4,000 worth of seized liquors now stored at the chief inspector's strong room are also available for the board when it gets ready to commence distribution.

STREET CAR MEN BACK

Alfred O. May 12.—The strike of Northern Ohio Traction and Light Company motormen and conductors has been settled. By a big majority the men voted to return to work today upon condition that Governor Davis and Judge Carter, of Canton, name the third arbitrator to adjust their wage controversy. The men will return under a 15-cent hourly wage reduction.

There are those among us who decry the state and who mock at it. They have no kind word for the ruling principles of English civil liberty or for the ideals that controlled the making of the American Declaration of Independence. They sneer at political relationships and at representative government. They invite us to consider the advantages of a purely economic organization of society in which the clashing interests of different forces shall be composed either by force or by miracle.

Sues Because Name Omitted From Paper

Armand Lavergne Enters Action Against the Quebec Telegraph for Damages.

Quebec, Que., May 12.—A damage action was entered in the Superior Court here yesterday, involving a claim for \$500, made by Armand Lavergne, K. C., against the Quebec Telegraph, the local English afternoon paper.

There was considerable interest manifested in the action about the court house, in view of the fact that the damage claim was not for anything libelous that the paper in question had published, but for the omission of publishing Mr. Lavergne's name as plaintiff when he appeared as lawyer for one Wm. Buckley, who was sentenced to twenty years in penitentiary for highway robbery and burglary.

The sentence was pronounced by Magistrate Lachance in the police court, and Mr. Lavergne entered an appeal on several points, questioning the jurisdiction of the tribunal. The appeal court now has the case on file. It is alleged by the plaintiff that the Quebec Telegraph omitted his name as the defender of the accused, but mentioned that of Allyn Taschereau, his counsel. He further alleges that the omission was intentional and with the intention of doing him injury, and that it is a continuation of the policy of the newspaper in question to ignore him each time it has the opportunity.

Trolley Kills Girl, Mob Attacks Crew

Child's Uncle, Hysterical, Leads Assault—Cops Rush to Rescue.

Philadelphia, May 12.—Becoming hysterical when a north-bound trolley car at Thirteenth and Ellsworth streets struck and killed his 3-year-old niece, Josephine Barbella, yesterday, Joseph Barbella, police say, attacked the motorman. His action precipitated a riot and before the arrival of the police an infuriated crowd, led by the uncle, closed in on the trolley crew.

Charging their way through the mob, the police rescued the motorman and conductor. Two men were arrested charged with interfering with the police. They are Leonard Di Santo and Dominick Tuzila, of Eighteenth street near Morris. Barbella, the police say, rushed at the motorman, following the accident, and struck him in the jaw. Only a few minutes before the girl's uncle had given her five cents with which to buy candy.

RESUMPTION OF PASSENGER AND FREIGHT SERVICE BETWEEN ST. JOHN AND BOSTON, MAY 28

With the resumption of service, the International Line will offer great advantages between St. John and Boston for the transportation of both passengers and freight. The passenger service is particularly attractive, and from the outlook at the present time, the tourist travel will be unusually heavy during the coming summer season.

The Steamship Governor Dingley will leave St. John every Wednesday at 8 a.m. and every Saturday at 6 p.m. (Atlantic Time). The Wednesday trips will be via Newport and Lubec, while the Saturday night trips will be to Boston direct. The steamship Governor Dingley has been refitted and equipped for the burning of oil for fuel. The staterooms are commodious, well ventilated, and the meals served will be the best the market affords.

For the expeditious transportation and handling of freight, the International Line will render the best possible service in connection with the Metropolitan Line Steamers between Boston and New York via the Cape Cod Canal, which has special facilities for the transportation of automobiles, horses and express freight.

Man is the only animal that sleeps on its back.

RECEIVED BY THE KING

London, May 12.—Colonel George Harvey the United States Ambassador, was received this afternoon by King George at Buckingham Palace. Ambassador Harvey was accompanied to the palace by Sir John M. Williams, marshal of the diplomatic corps; J. Butterworth, councillor of the embassy, and the members of the embassy secretariat, the ambassadorial party driving to Buckingham Palace in royal carriages.

Kitten And Buffalo Are Chums In Zoo

San Francisco, May 12.—Visitors at the buffalo corral in Golden Gate Park witnessed the strange sight of a kitten on friendly terms with Big Ben,

the king of the buffalo herd. So much comment was caused by the strange sight that Police Sergeant Patrick McGee of the park police station was notified. McGee is an authority on the doings of the park animals, but he admitted yesterday that the sight of the buffalo and the kitten was a strange one, even to him. "When I arrived," he said, "Big Ben

was lying down and the kitten was nestling as close to him as possible. "Then the kitten leaped on the animal's back. Big Ben threw his great head around and looked at the kitten. Apparently he objected to the forwardness of the feline, as he got to his feet. However, he did not attempt to shake the kitten off. He walked slowly around the corral and after

standing still for a few moments, finally again lay down." Springfield, Mass., May 12.—With mercury close to the freezing point, heavy frost damage was reported in this vicinity today. Early estimates here set the loss to young plants in the neighborhood of fifty thousand dollars.

Slayer Broke Jail, Caught As Robber

Lewis, Held for \$100,000 Mail Robbery, Wanted in San Francisco.

San Francisco, May 12.—George Lewis, alias Rogers, who, facing a life sentence for murder, escaped from County Jail No. 1 in a spectacular manner last September 8, is under arrest in Detroit for a \$100,000 mail robbery, committed in Toledo, Ohio, recently, according to a telegram received by the police here.

Although Lewis faces a serious charge for the mail robbery in Toledo, the local authorities say he will be brought back to this city because he is under a life sentence here for a capital crime. Preparations already are being made by Acting Captain of Detectives Michael Griffin for Lewis's extradition.

Lewis escaped from the county jail in this city with William Schaffer, awaiting trial for burglary. The two men slipped out of a window, the bars of which had been sawed, and slid down an improvised rope to the street, six stories below.

Police Lieutenant Fred Lemon, sitting in his office in the Central station, saw the men slide past his window and gave the alarm, but the pair had escaped. Schaffer was subsequently captured in a robbery in San Diego and was convicted and sent to prison from there. Lewis was a fugitive until his capture.

The crime for which Lewis was given a life sentence was the murder of Damon Segales, whose saloon Lewis and two confederates held up on the night of September 28, 1918. They ordered Segales to lie face down on the floor. When they were leaving Lewis shot Segales where he lay. He was later captured and convicted before Superior Judge Frank Dunne and sentenced to life imprisonment. An appeal was taken for his case and he was held in the county jail pending a decision. The appeal was decided against him the day he escaped.

WEDDINGS.

McGinghan-Beecham. Hopewell Hill, N. B., May 12.—The marriage of Miss Grace Beecham and Malcolm McGinghan of Bangor, Me., took place at the residence of Joseph Babineau on Wednesday evening at 8 o'clock. Rev. L. B. Colwell, pastor of the Baptist Church, officiated. After the marriage the guests sat down to a sumptuous repast. The old-time charivari made merry for a time. The company enjoying the sport were invited into the house and treated to confections.

OBITUARY

Baby Is Dead. Hopewell Hill, N. B., May 12.—The funeral of the baby girl of Mr. and Mrs. John Steeves of Chester took place on Wednesday at 2 p. m. Rev. L. B. Colwell conducted the service at the house, and the burial took place in the Hopewell cemetery.

Mrs. Daniel Taylor. Hopewell Hill, N. B., May 12.—The sad news came by telephone to Mrs. Donald McCuspey that her sister, Mrs. Daniel Taylor, of Montreal, had passed away suddenly. The remains will be brought to Hillsborough for burial. She leaves a sorrowing husband and five children, three girls and two boys; one sister, Mrs. Delia McCuspey of this place, and Mrs. Gay of Boston.

William McCollom. Many friends in the city and vicinity will regret to learn of the death of William McCollom, which occurred at 8 o'clock yesterday morning at his residence, Eastmount. Mr. McCollom had been ill for a very short time and his sudden death came as a great shock to his relatives. He leaves to mourn three daughters and three sons. The daughters are Mrs. J. S. Thompson, 27 Gilbert's Lane; Mrs. Mandall Merrill, Eastmount, and Miss Sarah, at home. The sons are John of Fredericton, Ernest of the R. C. G. A., and William at home. One sister, Mrs. Frederick Watson of 119 City Road, also survives. The funeral will take place from his late residence at Eastmount on Saturday.

FUNERALS

The funeral of Mrs. Henry O'Leary was held yesterday morning from her late residence, 354 Haymarket Square, to the cathedral, where requiem high mass was celebrated by Rev. Simon Oram, assisted by Rev. A. P. Aiken, deacon, and Rev. Raymond McCarthy, sub-deacon. Rev. William Duke was in the sanctuary. Rt. Rev. E. A. LeBlanc administered the final absolution. A very large number of spiritual offerings were received. The funeral of James Cook was held yesterday afternoon from the residence of his son, 23 Delhi street, to Cedar Hill. The service was conducted by Rev. R. T. McKim. John Chumbelein was in charge of the funeral arrangements.

TEARS ANTLERS OFF BACK. Bend, Ore., May 12.—Attacked by a mule deer buck, L. A. W. Nixon, special State officer, tore the antlers from the buck's head before subduing the animal. The report of the unusual battle was brought here today by Deputy Sheriff Stokoe, who had accompanied Nixon on a trip of investigation into the high desert and who witnessed the encounter.

How You Can Make Hairs Quickly Disappear

(Helps to Beauty) Even a stubborn growth of hair will quickly vanish from the face, neck or arms after a single treatment with Gillette's Lye. To remove hair from arms, neck or face make a stiff paste with a little powdered delatone and water, apply to hairy surface and after about two minutes rub off, wash the skin and it will be left free from hair or blemish. To avoid disappointment be quite certain you get real delatone and mix fresh.

Letter Addressed To St. Ry. Employees

N. B. Power Co. Notifies Local No. 663 Working Agreement Not to be Renewed.

The New Brunswick Power Company addressed a letter Thursday to the St. John, N. B., employees of the Amalgamated Association of Street and Electric Railway employees of America, Division 663, notifying the union that the working agreement terminates on June 14th and the Company does not desire to renew it. The Company says that each and every section of the agreement will be cancelled on June 14th.

Reasons Set Forth. The communication to Mr. Farris further sets forth that the Company takes this action because experience has proven that many conditions of the existing agreement have been detrimental to the best interests of the Company's patrons, particularly the street railway part of it, making it difficult for the Company to operate efficiently and for the benefit of the public. In its letter the Company says that when the agreement was put into effect and wages increased, there was a necessity for it brought about by the increased cost of living. The increased cost has disappeared and the cost of living is from twelve to twenty per cent lower today than it was on June 15th last.

Financial Condition. Referring to the Company's financial condition the letter says: "You are doubtless conversant with our financial and physical condition, but we take the opportunity of briefly mentioning it. We have been unable to earn enough to keep our plant in condition—we owe the bank a large amount of money—additional funds for absolutely necessary improvements are only obtainable to a very limited extent, and all of the foregoing means that we are compelled to reduce operating expenses—tending to a reduction in fares as soon as conditions warrant—as we see no chance of increasing the revenue." The Company expresses a willingness to discuss the situation with its employees either before or after the new wage schedule is posted.

Arthur Partridge Gets Appointment

Former St. John Newspaper Man is Advertising Promoting Manager.

Arthur Partridge at one time of the St. John, N. B. Globe, but more recently of the Worcester, Mass., Telegram and the Rochester, N. Y., Post-Dispatch, has been appointed advertising promoting manager of the Canadian Daily Newspapers Association and will assume his new duties on June 1 next. Mr. Partridge was born in Robesay, N. B., and was the son of the late Rev. Francis Partridge, Dean of Fredericton, N. B., and is a graduate of King's College, Windsor, N. S.

When the great war broke out he returned to Canada from the United States and enlisted as a private in the 42nd Highlanders, at Montreal. In 1915 he was commissioned as a Lieutenant in the Royal Air Service and was mentioned in despatches. Towards the end of the war he was attached to the United States Navy as consulting officer in seaplane attachment.

Mrs. Kuhring Speaks At Hopewell Hill

Institute Has Address on Gardening and What to Plant Each Year.

Hopewell Hill, N. B., May 12.—Mrs. Kuhring of St. John addressed a Red Cross meeting in the interest of this society in the Riverside Hall on Tuesday evening. She gave an interesting account of her overseas work.

William Adamsworth, who a few weeks ago assigned for the benefit of his creditors, put up to auction his farming utensils and effects. The sale took place Wednesday at 1 p. m.

Mrs. Benard (nee Miss Susan Falgout), who came to Albert county from Guernsey Island and lived for a time at this place, was a valued member of our institute. After leaving here she went to New Zealand. She writes of her beautiful home and not forgetting the enjoyable hours spent in the institute meetings. She is still interested in the work and is endeavoring to have a society started at Hastings, New Zealand.

Women's Institute. The Hopewell Hill Woman's Institute met at the home of the secretary, Miss Annie R. Peck. Five dollars was voted to be forwarded to Miss McCann, supervisor for the biennial federal convention fund. A pair of

It's Grand Says Miss Brousseau

"Way Tanlac Helped Me Is Nothing Short of Wonderful," Says She.

"Tanlac is simply grand, and I've already told all my friends about it, and want to make a statement for the benefit of others who are trying to find the right medicine for their troubles," said Miss Edwina Brousseau, a popular young lady residing at No. 30 Notre Dame street, East, Montreal, P. Q.

"For a whole year before I got Tanlac, I don't remember eating a single meal without suffering dreadfully with pains in the pit of my stomach and frightful palpitation of the heart. My liver was out of order. I was constantly nauseated, and often got so dizzy I couldn't stand up. Mornings I had an awful headache, and felt tired and weary all the time. My condition worried me so much that I lost many a night's sleep, and just felt miserable all the time.

RAIN PROPHECIES. When crickets sing sharply rain is near. Rain is approaching when geese wash in flocks. When dowers close their petals in daytime prepare for rain.

Healthy babies are evidence of proper feeding. 63 years attest the high quality of Borden's EAGLE BRAND Condensed Milk.

Queen Square Mission Society

Reports Were Received from the Different Branches at Meeting Held Yesterday.

A special meeting of the Women's Missionary Society of Queen Square Church, Minnie Robertson Mission Circle and the Excelsior Mission Band was held yesterday afternoon when reports for the year were received.

Why Do We Say— "Red Tape." "Red Tape," meaning official and unnecessary formalities, or even obstruction, probably owes its origin to the fact that for more than two centuries lawyers and public officials bound all their documents with tape of this color. But back in 1658, before the practice became so general, an English newspaper carried an advertisement for a reward "for the return of a little bundle of papers tied with red tape."

GRAND TRUNK TO BE TURNED OVER TO GOVERNMENT

Directors Decide to Ratify the Agreement for the Transfer.

Eleven Years in Purgatory, He Says. Chairman Smithers Fought All the Way Through for Shareholders' Interests.

Thanks Government. The first shareholder to speak was applauded when he expressed himself as truly grateful that the Canadian Government had put its foot down and had said further delay in regard to the acquisition of the road must cease. The speaker added that it looked as if the matter was being postponed for what could be got out of the shareholders.

Judges Dislike Own Settlement. Compelled to Favor Soviets Whose Principles Are Repudiated by Englishmen.

All Changed Now. The British courts found the original owners entitled to the goods, as the Soviet Government had not been recognized by the British Government, and consequently had not the right of confiscation.

London, May 12.—The initial judges' decision affected by the British Government's tacit recognition of the Soviet Government as the de facto government of Russia, was rendered this afternoon when the Court of Appeal reversed a previous finding of the High Court in the disputed ownership of a quantity of veneer and other wood materials shipped from Russia under a contract made by Leonid Kraasin, the Soviet trade commissary.

Surf Satin Is A Skirt Favorite

Canton Crepe for the More Dressy Ones—Panel Mode Finds Many Friends.

Surf satin is looming up with pronounced vigor in separate skirt circles, and is now recognized with equal consideration as the generally known cotton gingham. Both of these fabrics of course are mediums for the expression of the popular priced skirt.

Complementing the mode of the or blouse is a separate design as to make it part of a semi-form costume is the vogue of the separate skirt fashioned of organdie or voile. These are grouped together, for they are accented in all kinds of fabrics.

Social At King's Daughters' Guild. Delightful Affair Held Last Evening by Lend A Hand Circle.

WEDDINGS. Smith-Pratt. A wedding took place on April 19th at 72 Bowdoin Avenue, Dorchester, Mass., which was somewhat of the result of a war romance and in which quite a number of St. John people are interested as the groom was Edward Pratt a former resident of this city.

Resolution of Sympathy Passed

York County League Mourn Loss of Secretary—Officers Are Chosen at Meeting.

Fredricton, May 12.—The York County Baseball League have passed a resolution of sympathy, which will be forwarded to the family of the late Walter McF. Howie, who had been chosen as secretary of the league, but whose untimely death prevented him from taking up his duties. It was also voted to send a floral tribute to be placed upon his casket and to have a delegation representing the league at the funeral tomorrow.

Baseball Games With Big Leagues

AMERICAN LEAGUE.
New York 11; Detroit 10.
Detroit, May 12.—Babe Ruth made his tenth home run of the season in the first inning of today's game against the Detroit Americans then won the game in the ninth with a triple that scored two runs. The score was 11 to 10. Detroit took the lead in the sixth by means of a rally that netted five runs.

NATIONAL LEAGUE.

Wants President To Handle Ships
New York, May 12.—Winthrop L. Martin, secretary of the American Steamship Owners' Association, announced today that Pacific Coast operators had telegraphed Secretary of Commerce Hoover and Admiral Benson of the Shipping Board urging them to request President Harding to declare that a national emergency existed in the nationwide shipping strike. The telegram recommended that the government take over the manning of vessels if the strikers refused to return to work within 48 hours.

Causes Discussion Football Matter

Halifax Team Will Not Wait for a Decision But Will Play Men from Scotland.

Halifax, N.S., May 12.—In reply to an enquiry wired to him yesterday by Gordon Thompson, Nova Scotia representative of the A. A. U. of C., for a ruling on the position of amateurs playing with or against professionals in connection with the visit of the Scottish soccer team, which is scheduled to play its first game here, Secretary Crowe, Toronto, wired today that the soccer people have not asked for any assurance and have not secured any. Amateurs cannot play with professionals, he says, and a vote of the board of governors is necessary to give special permission. The president will not call for a vote unless asked by the "big soccer people."

Local Bowling

TWO MEN LEAGUE.
Team Two took all four points from Team Six in a game rolled in the Two Men League on Black's alleys last night. The scores follow:
Team Two.

Arena Will Seat Fifty Thousand

Seats for Dempsey and Fight Range from \$5.50 to \$50.

New York, May 12.—Although the opening of the public sale of seats for the Dempsey-Carpenter championship ship contest in Jersey City on July 2 will not begin for several days, the advance reservations already assure official diagrams of the arena, distributed today, indicate that the boxing amphitheatre to be built by Tex Rickard will seat 50,000 or more people. The present plans, which are subject to alteration, provide for 38 rows of 50 seats and more than 100 mezzanine boxes, which, it is understood, will be occupied principally by women.

Back of these boxes are to be erected four rows of 40 seats and similar number of 35 rows.
These in turn are followed by thirty rows of 45 seats, three rows of 20, twenty-one rows of 45, twenty-five rows of 10, and eleven rows of 50 seats.

Carpenter and his party are expected to arrive here Sunday on the steamer "La Savoie," and Rickard is arranging for a special reception committee to meet them.

The Whole Story.
"She wanted to marry him for his money."
"Did she fall?"
"No," he failed, and she married some one else."

Schooner Canada Makes Good Time

Completed Fifty-Three Sea Miles in Four Hours and Thirty-Five Minutes.

Halifax, May 12.—With a home in her teeth, reaching top speed in a fresh southwest, the Shelburne fishing schooner Canada foamed up Halifax harbor this afternoon completing the fifty-three sea miles from Le Havre beach to Meagher's Light in four hours and thirty-five minutes, an average of slightly better than eleven sea miles an hour. Steamer sirens and factory whistles gave the Shelburne racing schooner a noisy welcome.

Carpentier's Boss Says Not Over Six

La Guerche, France, May 12.—The Dempsey-Carpentier world's championship fight cannot last more than six rounds.
By that time either one of the two principals will be hors de combat. It is not possible for any human frame to resist the punishment both Carpentier and Dempsey will be giving each other for more than eighteen minutes.
Personally, expect the end about the sixth round.
Whoever lands the first real blow will win. Both have a punch heavy enough to end it with one blow. He who "touches" first in that way will not need to strike again.

Night Athletic Carnival May 18

May 18th promises to produce a sporty night, when athletic teams representing McAlvay's and the "Civil Service" will struggle for supremacy. It will be an evening's athletic carnival with plenty of excitement scheduled. Entries for the various events will be now recognized as the leading second and third places are to be awarded.

Two tug-of-war events are scheduled, and these promise lots of fun for the onlookers. One of the fixtures will be a mile relay. The St. Mary's Band will be in attendance and the proceeds will go to charity.

COAL MINERS BUSY.

Glace Bay, N. S., May 12.—Every colliery of the Dominion Coal Company is in operation today and a big output is looked for. The Volunda is loading 3,000 tons for Halifax, and the Hochelaga 7,000 tons for Montreal. The Maslinouage sailed yesterday with a cargo of 7,000 tons for England, and the Lingan will complete a similar cargo today for the same destination. The Darhild will begin to load 11,000 tomorrow for an English port.

Lecture Before St. John Art Club

Unfoldment of Modern Art Subject of Address by Miss Elizabeth S. Nutt.

The Unfoldment of Modern Art was the subject of a delightful lecture given last evening at the St. John Art Club by Miss Elizabeth S. Nutt, superintendent of Victoria School of Art, Halifax. Introduced by the President of the St. John Art Club, W. F. Burditt, Miss Nutt said that art was the history of the liberation of the human mind. The artist throws out of the traditions and the shackles of the past and is himself an individual, but an individual who orders his emotions. He is not riot and chaos. Out of the struggle of the French revolution there arose freedom of thought expressed by their artists and modern art took its rise from this.

Balls No Livelier Than In The Past

Maker of Them Declares They Have Not Been Changed a Particle.

The National League ball is not the smallest bit livelier than last year, and except the color of the stitching and the lettering on the cover, is exactly the same ball as used by the American League. The two leagues are using the same ball identically with the trifling exceptions noted, and always have done so. It is exactly the same as they used last year and the year before that. It has not been changed in the smallest or most inconsequential detail, and the baseball now in use has just the same degree of liveliness and just the same specifications in every way as it has had for the last eight or ten years.

Reference to Painting.
Reference was made to the paintings of the late Tom Tomson, a Canadian who expressed the spirit of the North and to Ernest Lawson of Nova Scotia, who is now recognized as the leading landscape painter of the American continent. A description was given of the work of an English student to whom was awarded the Prix de Rome. His painting was a cubic rendering of "The Deluge," the subject chosen.

Trophy of the Chase.
Motors—Was that guy we hit hurt badly?
Speedup—I dunno. I just got out to cut a button of his coat to put in my collection of trophies.

Regina Printers Back At Work

After exactly one week's duration, the men conceding every point asked for by the employers, returning to work at the old hourly rate of wages.

Regina, Sask., May 12.—The strike of printers terminated this evening after exactly one week's duration, the men conceding every point asked for by the employers, returning to work at the old hourly rate of wages. The clauses objected to by the employers in the proposed new agreement asked for by the men, including re-selling of certain advertisements, payment for statutory holidays without working and the creation of four departments, have been either entirely out or made to conform with recognized international Typographical Union laws. The Morning Leader and Regina Daily Post will be published tomorrow under normal conditions.

Dyckman Tract For Columbia Stadium

Steps have been taken to acquire for the use of Columbia University for a stadium and athletic grounds, provided the necessary funds can be obtained within a reasonable time.

The action to acquire the Dyckman tract is the result of the study of the university stadium project made by a committee consisting of representatives of officers, alumni and students appointed by President Butler on March 17 to take up the whole question of a stadium and athletic field.

DEAR MONEY IS CAUSE OF DROP IN MANY BONDS

Foreign Exchange Better Than It Has Been for Months.

INDUSTRIALS OFF SEVERAL POINTS

Rails Under Constant Pressure and at Lower Rates.

New York, May 12.—The stock market today experienced its fourth consecutive setback this week, further liquidations and professional selling being large volume being accompanied by decidedly firmer money tendencies. Heavy withdrawal of funds from local institutions to meet demands of the federal government doubtless occasioned the higher rate for call money which opened at seven per cent and remained at that figure throughout. Time money was unchanged, but demand for long loans and mortgage paper was light.

Industrials Go Lower.

Industrial shares comprising the steel, equipment and motor groups, including those whose dividend prospects were said to be rather dubious, registered extreme declines of 1 to 3 points. Some of the rails, which were placed in the same category, were under constant pressure.

Light Hides and Grape Fruit Dearer

Wholesale Groceries Very Firm But Cheese is Slightly Lower.

Considerable trading in light hides succeeded in raising hides from the groove of low prices they have commanded all winter and sent them up to from 4 to 5 cents per lb. While light hides were active, the demand for heavy was limited. Calves were quoted at from 10 to 12 cents an advance of 3 cents per lb. on last week's prices.

BANDITS MAKE A SUCCESSFUL MIDDAY COUP

Hold up Detroit Street Railway Collection Car and Escape With \$23,300.

TWELVE MEN AND THREE AUTOS USED

Broken Money Boxes Found Later But No Trace of the Robbers.

Detroit, Mich., May 12—Twelve robbers armed with shotguns held up a Detroit United Railway collection car at Russell and Illinois streets shortly after 1 o'clock this afternoon, forced the two D. U. R. employees to hand over the keys of the lock in the rear of the automobile where the money was secured and stole boxes containing \$23,300 in cash and street car tickets valued at several hundred dollars.

After getting the money and car tickets, the bandits jumped into their automobiles and disappeared. Half an hour after the robbery, empty money boxes were found lying in the street in front of fire engine house No. 30, Rivard and Livingston streets. Just Completed Tour.

The D. U. R. collection car was in charge of Nelson Mitchell, who was driving, and Frank Burch. They had made a complete tour of all of the street car barns in the city and collected money taken in on Sunday by street car conductors all over the city. The last place Mitchell and Burch visited was the Brush street car barn at Russell street and Ferry avenue, and they were driving down Russell street on their way to the main office of the D. U. R., Jefferson avenue and Bates street, when three automobiles loaded with men forced them into the curb at Illinois street.

The keys were handed over and the robbers hurriedly fled and then the members of the gang who were not covering Mitchell and Burch with their weapons transferred the money boxes from the vehicle with a description of the robbers and the license numbers of their automobiles. Every police officer in the city was notified of the robbery and given a description of bandits, but no arrests have been made.

Waiter Had Long Nail In Foot Three Years

Hartford, May 11—Christian Wisling, a waiter at the Wilby House, thought he had rheumatism in his right foot and went to Dr. Daniel F. Sullivan yesterday for treatment. Dr. Sullivan thought he saw evidence of some foreign substance and advised an operation. Wisling consented.
