Methods Suggested for Utilizing Vacant Ground For Gardens

Experimental Farm Notes
From the experience gained in several Canadian cities and towns during the past few years in utilizing vacant lots for garden purposes, the following methods are suggested for those who have not yet undertaken this work.

1—An organization should be formed, on the executive committee of which are, at least, two men or women who are enthusiastic and will be willing to devote some time to looking after the preparation of the land and the laying out of the plots.

2—Owners of vacant land should be invited to offer such property for garden making.

3—Assuming that a fairly large number of lots have been offered by their owners, it should be widely advertised that one of these is available to any citizen who will be willing to work it, experience having shown that all classes in the community are interested in this work.

4—It has been learned by experience that it is important for the organization to, at least, plough and harrow the land for the plot holders the first year. Few persons who have not done any gardening before can be induced to prepare land for seed sowing on their own initiative.

5—There are four methods by which funds may be raised to prepare the land.

(a) By an appeal to wealthy citizens for contributions.

(b) By a grant from the city or town council, if necessary, on the understanding that the money will be returned by the plot holders when they have harvested their first crop.

(c) The city or town council might appoint a committee to carry out such work, the city to aid in every possible way. In order that a movement of this kind may have at least the greater sympathy of the civic officials, it would seem desir-

able for the organization to have a room in the city or town hall for its meeting.

(d) By charging each plot holder a small amount for preparing the plot for him.

The last method is the one which is likely to be the most satisfactory for most cities and towns and is the one recommended here.

For information in regard to rules or by-laws the reader is referred to the accounts of the work of the several organizations in Canada referred to in a bulletin being printed by the Dominion Government, as in it there will, no doubt, be found sufficient suggestions to enable by-laws to be drawn up for particular needs.

Boy Scouts Can Help

Boy Scouts can be made very useful in encouraging garden making and the use of vacant lots. In Ottawa they were employed in 1915 by the Public Health Committee of the Local Council of Women in delivering vegetable seeds which had been donated for the purpose of encouraging the poorer people to make gardens. Seed can be obtained in bulk at a cheaper rate than in packages and can be put up in packages by the Scouts. The Scouts also delivered pamphlets on Vegetable Gardening. This personal touch did much, it is believed, to decide those to make gardens who had been in doubt before, as many people would accept pamphlets if brought to them, who would not take the trouble to get them in themselves.

The Northwest Mounted Police, after a service of 43 years in Alberta, went out of business, in that Province on March 1. The Provincial Police now do the business.

For more than a year from China and Indo-China men have been arriving in France to work in munition factories. There are fully 100,000 such stalwarts in France from the Orient.

There is to be another general election in Australia.

NERVOUS CHILDREN

The Trouble is Often Really St. Vitus Dance—Do Not Neglect It.

Many a child has been called awkward, has been punished in school for not keeping still or for dropping things when the trouble was really St. Vitus Dance. This disease may appear at any age, but is most common between the ages of six and fourteen years. It is caused by thin blood which fails to carry sufficient nourishment to the nerves, and the child becomes restless and twitching of the muscles and jerking of the limbs and body follow. In severe cases the child is unable to hold any thing or feed itself. St. Vitus Dance is cured by building up the blood. The most successful treatment is to remove the child from all mental excitement, stop school work and give Dr. Williams' Pink Pills. These pills renew the blood supply, strengthen the nerves, and restore the child to perfect health. Here is proof of their power to cure. Mrs. S. Sharpe, Oakville, Ont., says:—"When my daughter was nine years old she was attacked with St. Vitus Dance. She was sent to a sanatorium where she remained nine weeks, without any benefit. Indeed when we brought her home she was as helpless as a baby. I got a supply of Dr. Williams' Pink Pills and continued giving her half a pill after each meal for several months, when she had fully recovered and has never had a symptom of the trouble since."

You can get Dr. Williams' Pink Pills through any dealer in medicine of by mail at 50 cts. a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

CONSTIPATED CHILDREN

Constipation is one of the most common ailments of childhood and the child suffering from it cannot thrive. To keep the little one well the bowels must be kept regular and the stomach sweet. To do this nothing can equal Baby's Own Tablets. Concerning them Mrs. Romain Poirier, Misonette, N. B., says:—"My baby suffered from constipation but thanks to Baby's Own Tablets he is perfectly well again." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

S. E. Muggah, Elected Mayor of Sydney

Sydney, N. S., March 6—S. E. Muggah was elected Mayor in today's civic elections, defeating retiring Mayor Richardson a former editor of the Western Chronicle by eight hundred, the largest majority ever given a mayoralty candidate in the history of Sydney. The vote stood: Muggah 2017 Richardson 1157 The Citizens' League which was organized to secure the enforcement of the Nova Scotia Temperance Act and carry out other reforms, elected all of its candidates for the council board.

The Government is sending overseas shortly 6 more portable saw mills for the preparation of lumber for the western war front.

Outbreaks Among German Troops Fill Prisons Till They Overflow

Amsterdam, March 13—Serious disturbances among the German troops in the vicinity of Namur and Huy are reported by the Telegraaf. The paper says that only fragmentary reports of the trouble have reached Holland, but that it is known that such large numbers of soldiers have been imprisoned at Namur and Huy, on charges of insubordination in connection with the outbreak, that the prisons in the two towns are crowded to four and five times their normal capacity.

The Telegraaf also publishes an account of further food riots in Barmen, in which the chief of police was seriously wounded by the stones of the women rioters.

The account says that the police were helpless and that even the troops failed to disperse the rioters, who were finally got in hand by firemen turning their fire hose on them. A rioter who cut a hose with a knife, was sentenced to ten years imprisonment.

The Only Course For An Able Man

London, March 14—Sir Ernest Shackleton, the explorer, who is now at Sydney, Australia, says he is going into war service, according to a Reuter dispatch from that place. He declares that is the only course for any man who is free and able to fight.

Printer Wanted—At once good pay, steady job. Apply by phone, wire or mail. Spectator. Annapolis Royal.

Germany Making Great Efforts To Sink Shipping

London, March 13—A dispatch to the Daily Chronicle from Amsterdam yesterday says:

News brought from Germany today is to the effect that two of the largest submarines of the Deutschland type are now acting as supply ships for smaller craft operating in the Atlantic. Four others of the largest submarines are also about to be commissioned for similar service. Great efforts are being made to sink shipping, especially between America and England. Germany is attempting to perfect a plan whereby in case of war with America, a decisive submarine campaign could immediately be put into operation.

Hun Attacks Repulsed By The French

Paris, March 13—Several attacks were made by the Germans last night and all were repulsed, the war office announced today. A strong German detachment, which attempted to advance on the Courty Road, was checked. Another futile attempt was made near Beaulnet Chivy. Two German attacks, on hill 184 and on Louvement works, on the Verdun front, were countered easily. The French took 150 prisoners yesterday. During the night the Germans bombarded Solsons. The French successfully raided German trenches between the Avre and Taisne.

ORGANIZER OF WOMEN'S LABOR

Mrs. J. W. Bell.

WOMEN workers have been so successful in the factories in Great Britain that they are being invited in the great work-shops of Canada. Everywhere they are proving themselves to be keen rivals to the men. It is now evident that the home is not the only place where a woman may excel in work calculated to advance the welfare of mankind. The Canadian Pacific Railway Co. has just employed 125 male employees in the service in Eastern Canada and as a consequence male workers have become scarce in various departments of industry. In 1915 women workers were employed in the Canadian Pacific Railway Shops at Montreal. At present there are two hundred of them engaged in the shops.

It is not only the men who are being trained, but the women workers are being trained. No less than seventeen women workers hold certificates of proficiency in first aid work. Should any accidents occur the services of these trained women are very valuable. There has been no scarcity of applications for work in the Angus Shops. The liberal treatment which they receive women have been anxious to secure work there. But only those who are specially in need of employment are taken on. Many of the workers are widows, soldiers' wives, and women who are the sole means of the support of dependants. These nifty and industrious women lessen to a considerable extent the strain on the Patriotic, Red Cross, and other charitable funds. Mrs. Bell makes a thorough investigation of the circumstances of each woman before she is given employment, and a close watch is kept on each worker for the first few days after her appearance in the work-shops. This is done so as to guard against the danger of alien enemies, for many nationalities are represented among the female employees of the Angus Shops. Mrs. Bell says that every effort is made to have each woman placed at the task that is most congenial to her tastes and ability. Those who show exceptional talent and skill are promoted. There have been instances where girls entered as rough washers and in a short time found themselves installed as office assistants. Many of the women, says Mrs. Bell, "are one hundred per cent efficient, and this efficiency is in no small way due to the suitable conditions under which the women perform their tasks. The women are reliable and models of punctuality, and only in cases where there is illness of the worker or some member of her family do workers absent themselves from duty. Women are a decided success in the Angus Shops."

LE, MARCH 16, 1917

Making Great Efforts Sink Shipping
March 13—A dispatch from the Daily Chronicle Amsterdam yesterday

brought from Germany to the effect that two of the best submarines of the new type are now actually being fitted in the Atlantic. One of the largest submarines are also about to be fitted for similar service. Great efforts are being made in sink shipping, especially in America and England. Germany is attempting to plan whereby in case of a war, a decisive campaign could immediately be put into operation.

acks Repulsed By the French

Pay \$1.10 Minimum per day—Free Kit. \$20.00 per Month Separation Allowance.

Experienced men from 36 to 45, and boys from 15 to 18 accepted for service in the CANADIAN NAVAL PATROLS for defence of the Coast.

Apply to the British Naval Recruiting Station, or to the Dept. of the Naval Service OTTAWA

THE CORRECT WAY TO TREAT A COLD

A cough is not a distinct disease, it is the result of inflammation caused by a cold. Therefore, the only way to cure a cough is to allay the inflammation which invades the delicate bronchial tubes. All of the narcotics in the world will not correct the conditions which cause a cough—they simply deaden the senses and afford temporary relief.

Penslar White Pine and Spruce Balsam with Menthol will promptly soothe and heal the inflamed membranes and overcome the nervous irritation. Price, 25c and 50c the bottle.

OBITUARY

LESLIE R. ROCKWELL.

Leslie R. Rockwell died Friday at his home in Bancroft Park Hopedale, Mass after an illness of only six days from pneumonia. He was 63 years of age. He had worked in the wood department of the Draper company for 21 years, having lived for the last 17 in Hopedale.

He was a character member of Union Evangelical church and for several years had been one of its councillors and one of its most faithful and earnest workers. He was one of the earliest members of the Christian Endeavor society and a member of the Men's Bible class of which he has been president.

His whole life was one of friendliness and quiet power for good in the community. He leaves a wife and three daughters, Ethel, a teacher in Lynn, Gertrude and Avis of Hopedale. He also leaves a brother, Robert E. Rockwell, two sisters, Mrs. Charles Rand and Mrs. Harmon Hilsley of Woodville, Nova Scotia, and a brother, Marchant E. Rockwell of Portland, Oregon.

A prayer service was held at the late home in Bancroft Park, Sunday afternoon, at 2.30 o'clock, followed by services in the Union Church, Rev. Richard Peters officiating. Members of Prospect Lodge A. O. U. W. of Holliston, of which he was a member, attended the funeral in a body. Musical selections were given by a male quartet. The flowers were many and beautiful, testifying as did the many friends and town-people present, to the esteem and love in which the deceased was held.

The body was placed in the tomb in Hopedale cemetery to await burial in the spring.

No Embargo on Potato Shipment from Dominion

Ottawa, March 8th.—There will be no embargo on potatoes and there will be no commandeering of supplies. This was decided upon at a meeting of the cabinet today. There is no necessity for action at the present time. A thorough canvass of the potato situation throughout Canada has been made by Hon. Martin Burrell and from every available source, commercial and governmental, it is learned that there is at least in the country a supply of one and a half million bushels over and above the domestic requirements for food and seed.

The only provinces in which there is a shortage of potatoes are Ontario and possibly Quebec, and the probability is that the provincial authorities have taken steps to meet the situation.

In British Columbia, Alberta, Saskatchewan, Manitoba, New Brunswick, Nova Scotia and Prince Edward Island, there are large supplies of potatoes.

In some quarters there has been a fear lest there should be a shortage of seed, but it was the consensus of opinion of ministers today that the farmers themselves will take care of that situation.

This passes for the present, at any rate, the nightmare of a potato shortage. Sir George Foster, acting Prime Minister, made the following statement after the cabinet meeting:

Information gathered from official and unofficial sources from all parts of Canada indicates a substantial surplus of potatoes over and above seed and food requirements, under these circumstances the government does not think that at the present an embargo is justified.

Capt. A. W. Burns has returned from command of the C. G. S. S. Lansdowne and will become Assistant Ship's Husband and surveyor of Stores in the Marine and Fisheries Department at St. John. He is a native of Digby, 66 years old, and is succeeded in the Lansdowne by Capt. Nelson A. Withers, a St. John man.

Designed this year it will ornament and enhance the good appearance of the tidiest kitchen in all Canada.

British are Using a New Gun

The German correspondents on the western front report that the British are using a new type of gun and shell. The gun appears to be pneumatic as it makes no noise when fired, and can therefore be used from points very close to the front.

The shell which is carried, bursts with an explosion resembling that of a mine and the destructive area of the burst is large. It is chiefly used against deep dugouts and trench positions.

Kidney Headach

KENTVILLE, MARCH 16, 1917

Kentville Patriotic Planting Club Successfully Organized

The Kentville Patriotic Planting Club came into existence Tuesday evening, March 13th, at a Mass meeting of citizens held under the auspices of the Kentville Board of Trade, President Saxby Blair in the chair.

Mr. George E. Graham in the opening address announced that in the heart of the town there were vacant lots aggregating forty odd acres aggregating forty odd acres entirely suitable for the production of food crops—and urged that provision be made to have this cultivated during the coming seasons. He pointed out that every citizen who did some gardening was performing practical service for the Empire. As a people we had encountered no hardships consequent upon the war—and a little manual labor was the least we could give. The farming districts were alive to the threatened food shortage—and they would make every possible effort to increase crops. That this was an opportunity for the boy in the town to join with the boy in the country, and that the town boy would learn much from the contact. Undertaking such work we would do something practical to reduce the cost of living, and, if with this we combine simple living, the individual would enjoy better health.

Mr. Graham made a further plea for landscape or garden beautification in Kentville and its environs which offer great possibilities. The initial efforts might well start with the public school grounds—the love of flowers should be fostered in the young—not only the love of the flower itself, but the love of caring for them and studying their growth. See an example placed before the young in and about the schools would be carried to the home, and through the home to the community.

In conclusion Mr. Graham offered cash prizes of \$20, \$15, \$10 for the best Kentville garden plot next season—the award to be conferred in a manner thought out by the committee consisting of Prof. Blair, Mrs. H. H. Wickwire and Mrs. Barclay Webster—and further assistance offered to the School Commissioners and Town Council for fencing in the public school grounds.

Mr. Graham was followed by Prof. Coit, of Acadia University who described the aims of the organization known as the Patriotic Planting Club of Wolfville, which are briefly:

- 1—To get every one in the town who has a garden to increase its size if possible.
- 2—To get every one without land, who is willing to care for a garden, a piece of land that he can work.
- 3—To get all those who join the Club to do their bit in raising staple crops on land, giving the Club land free.

Prof. Coit stated that the membership to date numbered 60 persons. 18 had offered land—9 had promised help with plowing—15 promised assistance by cash or seed contributions.

The great danger to us as individuals is, that we hear and read so much that we become hardened and feel there is nothing we can do, but Lloyd Gorge tells us "there must be no hanging back." The Earl of Derby recently stated—"the war is going to be long continued, and the struggle even more bitter than in the past, and that the critical period would come within the next few months. Every one cannot go across, but by the eliminating of the luxuries of living, by contributing financially, by offering our services wherever and whenever we can be of assistance, then every one—young and old—can do their bit." We must not leave it all to the soldiers in the trenches—

we must help Britain and the Allies solve the problem of producing greater quantities of food stuffs. Leaders in Britain and her Allies, as well as in Germanic States, point to the fact that the farmer is going to decide who wins this War.

Prof. Blair's address, practicable and trenchant, stirred the audience deeply. If, said he there are forty acres available in Kentville, have it sure in your mind that this land should be producing something, whether it be peas or beans or potatoes, or the vegetables of the kitchen garden. The previous speakers had shown we were threatened with a food famine—

when we think of what our boys in the trenches are doing—for Heaven sake let us drop our frivolities and bestir ourselves like men and women in the time of crisis—all can help in this work young and old, women and children. Why is it that many of the boys and girls of our towns seem to look down on farm labor or gardening—seeming afraid to soil their hands in the mud maybe—the dignity of labor is determined entirely by the spirit which dominates it—what is education but "ability to do." Don't say "I'm so tired, I'm so tired, I must go to the moving pictures. Think of this work as national service and you will do what you have not heretofore done.

We want to get along this summer with less meat, if we can, and leave more for export overseas to the boys in the trenches. Encourage, as far as possible, the doing away with veal, so that the animal instead of being slaughtered when weighing 30 to 40 pounds can grow up to produce 500 or 600 of beef.

The following were elected officers of the Kentville Patriotic Planting Club:

- President—Prof. S. Blair
 - Vice President—A. L. Pelton
 - Secy-Treas—Laurie Ellis
 - Directors—A. A. Thompson, H. Oylar, A. E. H. Chesley, Capt. Wm. McBride, T. P. Calkin, B. Webster, Rev. R. B. Layton, Geo. E. Graham
- Vacant Lot Committee—H. K. McQuarrie, Geo. C. McDougall, C. Lockhart, Jas. Sealy, F. B. Newcombe.

Kitchen Garden Committee—R. T. Caldwell, F. C. Rand, Rev. A. W. West, Dr. W. B. Moore, R. H. Lamont.

Ladies Committee—Mrs. H. H. Wickwire, Mrs. Botsford, Mrs. Blair, Mrs. B. Webster, Mrs. P. N. Parker, Mrs. Wm. McBride.

At the close of the meeting through the courtesy of Mr. Graham a series of colored stereoscopic pictures were thrown on the screen, showing town planting and gardening in the United States and a display of Nova Scotian pictures.

A vote of thanks was extended to Prof. Coit for his excellent paper.

Settlers From United States Again Coming to Canada

The shortage of help in the Canadian West caused by the enlistments for the war has stirred the Immigration Department to extra efforts to meet the situation. Accordingly appeals have been made which have been spread in the United States and they are bringing results. Hon. Dr. Roche is in receipt of information from American agents that the movement to Canada this spring will be very large.

The agent at Grand Forks, N. D., wires that one day he had despatched 68 men, women and children, and 43 the next day. In five days he had forwarded 19 cars of settlers' cars. There will be three times as many settlers this year leave North Dakota as last year.

An amendment to the Education Act has been introduced in the Local House and among other changes is a clause relating to the retirement of school teachers with an annuity. It will apply to licensed teachers of the different classes who have taught for thirty-five years or who have attained the age of 60 years after thirty years of teaching service. Provisions are made for various disabilities, and the amendment gives all the details.

When meeting friends and conversing, don't forget to make plans for systematic planting of any plot of ground you may own.

Mr. and Mrs. George E. Graham left on Wednesday last for Boston and will go to Montreal on business and to visit their daughter Miss Helen who is studying there.

W. Wylie Rockwell, the Sunny South Man, says the Wild Geese went over on Saturday or Sunday night, stopping over in the entrance of his shop. Bond get your gun.

There will be a memorial service in the Kentville Baptist Church on Sunday evening for the late Harry B. Mahar who was recently killed in action in France. Special music will be provided.

Ladies—You must be contemplating farming this season. Now don't forget W. Wylie Rockwell, he has the necessary tools.

C. E. Walker, owner of Victoria Rink, Digby, has leased the Kentville Arena for the purpose of fitting it up for use as a Roller Skating Arena for the summer. Mr. Walker expects to open about May 1st. He has had four years experience in roller skating work in Digby, is a young man of ability and enterprise and will no doubt succeed here.

For Sale—One horse sloop wagon. C. K. Kelly, Sheffield Mills Station.

The International Bible Students Association will hold a meeting in Chipman's Hall, Kentville, on Sunday evening at 8 p. m. March 18th. Subject "The Kingdom of God." All of those interested in the outworking of God's purposes in respect to this world, are invited to be present.

Now Ladies—Trot right to the Sunny South Hardware Store for your House Cleaning Supplies. We are delighted to see you and show you our stock W. Wylie Rockwell.

Mrs. E. F. Graves was at Home to a large number of her friends on Thursday last from 3 to 6 o'clock. She was assisted by her sister, Mrs. J. Everett Kinsman. Mrs. Harry Newcombe presided at the tea table while the Misses Webster cousin of the hostess and Miss Kinsman assisted in passing refreshments.

Nursing sister Miss L. T. Mosher who has been in Kentville visiting her relatives left last week for Halifax en route for France where she will again take up her work in the hospital Miss Ruby Mosher of Kentville accompanied her sister to Halifax.

Mr. George Schurman who has been manager of the Bank of Nova Scotia at Montague, P. E. I., for several years has been transferred to the Bank at Almirra, Ontario. He was married on Dec. 6th to Miss Poole, daughter of a prominent merchant of Montague, and with his bride spent Christmas in Kentville with his parents, Mr. and Mrs. Cecil Schurman. We regret no notice was taken of this event at the time, as we are always pleased to record such events in the history of our boys, who like Mr. Schurman are a credit to themselves and the town.

ST. PAUL'S CHURCH

"The Hero who rejected national honors and died at his post" will be the subject in the morning. "The Successful Marriage" will be the subject in the evening. All strangers are welcomed at St. Paul's.

Gin Pills FOR THE KIDNEYS PAIN IN SMALL OF BACK

From time to time we learn of cases where the free sample of Gin Pills is sufficient to relieve the distressing pains in the back. Here is such a case coming from the British West Indies.

May 24th, 1915.
"I received your sample of Gin Pills and would say that I was suffering from a very intense pain in the small of my back for some days. After I had taken the sample, the pain was gone."
Sanford Weeks.
All druggists sell Gin Pills at 50c. a box, or 6 boxes for \$2.50. Sample free if you write to NATIONAL DRUG & CHEMICAL CO. OF CANADA, LIMITED, Toronto, Ont.

Methodist Notes From Wesleyan

Horton. — Rev. A. Hockin, pastor. The people of the Horton Circuit, finding their pastor was planning on March 1st, celebrating the 40th anniversary of his marriage, among his wife's kindred at LaHave, took time by the forelock and on Tuesday, Feb. 27th surprised the inmates of their parsonage by a visitation in force. A good natured and generous company came with provision for a social evening, and with hearty congratulations to the man and woman who had lived happily together for forty years. An address was read to the pastor and his wife by Dr. Chipman, on behalf of the church officials and Miss Annie Patterson, on behalf of the contributors presented Mrs. Hockin with a very generous purse of gold. This act, on the part of his people was as the letting in of the summer sunshine on the grateful pastor's soul.

And then the shadows came when the man and his wife, away from their home, on March — received a copy of an official telegram, which read: "Sincerely regret to inform you, 460526, Private Harold Hockin, Infantry, officially reported, admitted twenty-four General Hospital, gunshot wound, chest, face, head, eye, February 21st, 1917. Will send further particulars when received."

THE BAKER FORTUNE

Rev. Mr. Chase, President of the Michigan Association Meets the Nova Scotia Heirs

(Middleton Outlook)
G. B. Reed, president of the Nova Scotia Heirs Association presided at a meeting held on Monday afternoon in Civic Hall. There were about fifty ladies and gentlemen present.
Rev. Mr. Chase, president of the Michigan Heirs Association, presided at a meeting held on Monday afternoon in Civic Hall. There were about fifty ladies and gentlemen present.

Mr. Chase stated that he was on his way to Philadelphia in the interests of the Michigan heirs and any of the Nova Scotia heirs who wished him to file their claims would be included, on condition that they join the Michigan Association.

The fee for joining the Michigan Association is \$10 and any assessments made on the members must be passed by a two-thirds vote of the members.

Mr. Chase stated that in acting for the Baker heirs he was taking his life in his hands as he had been arrested in Toronto, poisoned in the United States and continually shadowed. He also said that he had seen the Baker records in the registry of deeds in Pennsylvania and the place where leaves referring to the Baker properties had been cut out from the record books. He also read a sworn declaration from a man who said his mother had stolen the missing leaves. Another letter was read from a man claiming to hold these leaves and offering to give them up for \$5000.

Mr. Chase still further stated that an old man who had long held a secret had lately revealed the place in Pennsylvania where cash and document relating to the Baker fortune were

buried and the speaker said that he was going to recover them. When the Outlook representative left the meeting prospective millionaires were passing over their money to Mr. Chase that they might not be left out in the cold when the grand distribution of the Baker fortune comes.

An alleged bigamist has been in jail here since last Friday, when he was brought from Bridgetown on the charge of kidnapping the child of the woman who is his second wife. She is Emma Kaiser and they are said to have been married at Berwick by Rev Mr Robbins, so that the bigamy charge must be pressed in Kings County. The man is Fabian Blin, of Saulnierville, Frenchman who has been working as a laborer at the Kaiser farm in Round Hill and is also said to have borrowed some \$70 from the senior Kaiser on a two year note. His first wife is also in Round Hill.—Annapolis Spectator.

"Not Too Proud to Fight"
Canada was not too proud to fight. She scorned the ignoble role of shirking her duty and letting others protect her. Her effort in men is relatively as great as if we had raised five million soldiers. Her money effort is equivalent to what this nation (the United States) would have done if it had contributed over a billion dollars in relief funds. There never has been finer work done under the old volunteer system than by Canada—Theodore Roosevelt in Metropolitan Magazine.

The number of moose reported killed during the past season was: Annapolis, 162; Colchester, 60; Cumberland, 58; Digby, 67; Guysboro, 78; Halifax, 287; Hants, 112; Kings, 41; Lunenburg, 95; Pictou, 27; Queens, 122; Shelburne, 150; Yarmouth 90, making a total of 1349, an increase of 141. Deer reported killed—Annapolis, 15; Colchester, 11; Cumberland, 9; Digby, 28; Guysboro, 5; Halifax, 6; Hants, 7; Kings, 6; Lunenburg 11; Pictou, 7; Queens 7; Shelburne, 8; Yarmouth 34.

TO ENFRANCHISE ALL OUR SOLDIERS

W. L. Hall, K.C., leader of the Opposition has introduced a bill in the Assembly which provides for enfranchisement of all who have served in Canada's army or with the Allies. The special clause is as follows:
2.—Notwithstanding anything in "The Nova Scotia Franchise Act" contained, every male British subject, whether he has attained the age of twenty-one years or not, serving or who has served in any country in the Naval or Military forces of Great Britain, Canada or any other British possession, or in the Military or Naval forces of any of the Allies of Great Britain in the present war, shall be entitled to be registered in any year upon the list of voters for the polling district in which he resided at the time of his enlistment.

Not Discouraged

New Glasgow Chronicle—Three Australian women arrived in New Glasgow yesterday and will work at munitions at the Steel Works. These women were en route to England from Australia to engage in shell work, when they were taken from a steamer at Halifax owing to the recent regulations forbidding women going from Canada to England. Being debarred from reaching the Old Land they decided to do their bit in Canada.

The present winter has been a great one for the lumber operators and a large cut will be the result. Miller Bros., on Jordan River, are carrying on extensive operations and will get out between six and seven million feet. On the Clyde River the cut will probably total two million feet, the principal operators being Messrs Cox and Davis, the Nicholl brothers and Joseph Sutherland. The Shelburne river cut will be over a million and a half. Bower Bros. and Lemuel Clow, the largest operators, will cut about a million feet.—Exchange.

Minard's Liniment Cures Colds, etc.

NOTED MUSICIAN OF MONTREAL

Advices The Use Of "FRUIT-A-TIVES", The Famous Fruit Medicine.

MR. ROSENBERG
689 Casgrain St., Montreal.
April 20th, 1915.

"In my opinion, no other medicine in the world is so curative for Constipation and Indigestion as 'Fruit-a-tives'. I was a sufferer from these complaints for five years, and my sedentary occupation, Music, brought about a kind of Intestinal Paralysis—with nasty headaches, belching gas, drowsiness after eating, and Pain in the Back. I tried pills and medicines of physicians, but nothing helped me. Then I was induced to try 'Fruit-a-tives', and now for six months I have been entirely well. I advise any one who suffers from that horrible trouble—Chronic Constipation with the resultant indigestion, to try 'Fruit-a-tives', and you will be agreeably surprised at the great benefit you will receive". A. ROSENBERG.
Box, a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

Potatoes Grown in Hot House

A florist in Southbridge, Mass., is experimenting with growing potatoes in his hot-houses. He declares that if the sprouts respond to his constant attention potato growing will be more profitable than winter flowers.

WEAK, NERVOUS OHIO WOMAN

Made Well By Delicious Vinol
Bellefontaine, Ohio.—"My blood was very poor—I was in a weak, nervous, run-down condition. I tried different remedies without benefit and one day my druggist told me about Vinol. I tried it and it built me up in every way—blood, strength and nerves, and I tell my friends it is the best medicine on earth."—Mrs. EAST BRUNSON.
Vinol sharpens the appetite, aids digestion, enriches the blood and in this natural manner creates strength. Complete formula on every label.

Clark's Drug Store

Also, at the best druggist in all Nova Scotia towns.

London Newspapers Trying to Lessen Their Circulation

London, March 7—London newspapers suffering from a shortage of paper, insist now that unless the public can be content with fewer pages it presently will get none at all. The circulating departments are fighting harder to lessen their circulation than they ever fought to increase them.

KENTVILLE DRUGGIST PLEASES CUSTOMERS

The Clark Drug Store reports customers greatly pleased with the QUICK ACTION of simple buckthorn bark, glycerine, etc., as mixed in Adier-ka. This simple remedy drains the old foul matter from the bowels. THOROUGH that ONE SPOONFUL cures almost ANY CASE of constipation, sour or gassy stomach. It is so powerful that it is used successfully in appendicitis. Adier-ka never gripes and the instant ACTION is surprising.

The Wrong Man

The citizen gazed helplessly at the piles of drifted snow that lay on the sidewalk in front of his house.
"What would you take to clean this walk?" he asked the first man who came along.
"A shovel, mister," responded the fellow as he plodded on his way.—Boston Transcript.

BRITAIN—CALLS TO CANADA—

THE FACTORY

THE FARM

She must have Food—

for her Armies in the Field—for her Workers in the Factory—in the Munition plant—in the Shipyard—in the Mine.

THERE'S DANGER IN SIGHT—BUT YOU CAN HELP

DO YOU KNOW—

that the rapidly rising price of food stuffs means that the World's reserve supply is getting small?

DO YOU KNOW—

that a world-wide famine can only be averted by increasing this supply?

DO YOU KNOW—

that a "food famine" would be a worse disaster to the Empire and her Allies than reverses in the Field?

YOU CAN—

help thwart Germany's desperate submarine thrust on the high seas.

YOU CAN—

do this by helping to make every bit of Land in Canada produce—the very last pound of food stuffs of which it is capable.

AND REMEMBER—

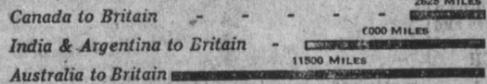

that no man can say that he has fully done his part—who, having land—be it garden patch, or farm, or ranch—fails to make it produce food to its utmost capacity.

THESE FARM PRODUCTS ARE NEEDED FOR EXPORT
WHEAT, OATS, BEEF, BACON, CHEESE, EGGS, BUTTER, POULTRY, BEANS & PEAS, WOOL, FLAX AND FLAX FIBRE, DRIED VEGETABLES

BRITAIN APPEALS TO CANADA

THE NEAREST PRODUCER OF STAPLE FOODS

India and Argentina are more than twice the distance away and Australia more than four times.

"No matter what difficulties may face us, the supreme duty of every man on the land is to use every thought and every energy in the direction of producing more—and still more."

Martin Durrell—Minister of Agriculture.

The Department invites every one desiring information on any subject relative to Farm and Garden, to write—

NEW WAR LOAN

The Third Canadian War Loan is before the public. The issue is \$850,000,000, five per cent, 20 year bonds, on the market at 96. The last loan was \$100,000,000 at 97 1-2 for 10 years. The present loan will work out to about 5.40 per cent, which is a little better than the last loan. This interest return will greatly improve, when in time the bonds, listed on the market, go above 96. This is the best Government issue ever put before Canadians.

Germans Are Preparing For a Great Offensive On the Western Front

London, March 13—Special dispatches received here from Holland contain current reports of German preparation for an expected great offensive on the western front. The latest rumor, which is attributed to Belgian sources, is that the Germans intend to try to break through on the Yser, with Calais as their objective. The Belgian newspaper, Echo Belge, which is now published at the Hague, hears that Field Marshal Von Falkenhayn has passed through Belgium on his way to the Flemish front. The writers say that the tight closing of the Dutch Belgian frontier for several days past and the suspension of all sailings from Antwerp for Holland make it impossible to ascertain the exact value of these reports but that universal belief is that most important movements are in progress.

We have been using MINARD'S LINIMENT in our home for a number of years and use no other Liniment but MINARD'S, and we can recommend it highly for sprains, bruises, pains, tightness of the chest, soreness of the throat, headache or anything of that sort. We will not be without it one single day, for we get a new bottle before the other is all used. I can recommend it highly to anyone.

JOHN WALKFIELD,
LeHave Islands, Lun. Co., N. S.

Why He Couldn't

An Irishman in a town in the south was careless enough to let his priest catch him emerging from a saloon with a demijohn under his arm. The priest waited for him to come by and said: "Mike, what is it you have in that demijohn?" "Whiskey, sir." "To whom does it belong?" "To me and me brther Pat, sir." "Well, Mike pour yours out and be a good man." "I can't Father," said Mike, "mine's on the bottom."

Count Zeppelin died at Charlottenburg, near Berlin, on the 8th from inflammation of the lungs. He went the way of all the world, before his murderous wish "to lay London in ruins" was realized.

Frank H. Simonds, author of "The Great War," has just arrived in New York from England. He says the war will last another year.

Medford

Mr. Austin Simpson, of Saskatoon is spending the winter here.

We are glad to report that Mrs. Wm. West, who has been ill, is slowly recovering. Mrs. West is spending the winter with her daughter, Mrs. Geo. Holmes.

The Pie Sale held in Medford Hall on March 8th, was a decided success. The sum of \$28.50 was realized. This was given over to Mrs. N. W. Eaton, Pres. of Red Cross Society, Canning.

On Friday evening, Mar. 9th, the pupils of Grade seven and eight, gave their teacher, Miss Weaver, a pleasant surprise to wish her a happy birthday.

Mrs. Edwin Ellis is spending the winter with her daughter, Mrs. R. B. Loomer.

Mrs. Lorne Parker very enjoyably entertained a number of the young people a few evenings ago.

Miss Cessie Palmeter spent the week end guest of her sister, Mrs. Wm. Newcombe, Habitant.

Mrs. Charlie Keizer is spending a few weeks with her parents, Mr. and Mrs. G. Parsons.

Minard's Liniment Cures Diphtheria.

Marmalade
I made it with my same old recipe but I used
Lantic Sugar
On account of its Fine granulation it dissolves instantly making a clear jelly.
2 & 5 lb. cartons, 10, 20 & 100 lb. sacks

New York, March 12—German sent out one hundred submarines just before February 1st to enforce her blockade against the allies. Of these forty-eight were either captured or sunk before February 25th, according to an officer of the Carmania, arriving yesterday from Liverpool.

This officer stated that he had seen many large German U-boats—he declined to give the exact number—in the harbor of Davenport, on the south coast of England. Davenport has recently been christened "the Roche drydock" by the British jacksies, since so many of the German undersea craft have been compelled to put in there

THE WAR LOAN

"Let everyone at home picture to himself the sacrifice, courage and endurance of the sailors on the sea and the soldiers in the trenches, who are preserving us and our homes from ruin, starvation and devastation, and then let him ask himself, 'What am I doing to help? Can I by some self-denial hasten the end by my contribution, however small?' The man who contributes is doing his bit, and the man who makes no effort to contribute is a shirker"

The above quotation is from an appeal by Sir Edward Carson to the British public in support of the latest British war loan. The words, so powerful and direct, so nobly responded to by the men of Britain, splendidly put forward the case for the new loan about to be raised in Canada. Every dollar subscribed by the humblest citizen of the Dominion to the nation's latest appeal will be an encouragement for our soldiers suffering hardships and perils in the trenches.

Failure of a Canadian war loan at this juncture would bring comfort and renewed hope to Berlin. It would be interpreted by the Empire, by our Allies and the world, as a sign of wavering Canadian resolution when faced with the final test. Let every man, prepare to do his utmost to make the loan

the greatest possible success. Let us serve notice to the world that we are in this fight to the end. If we cannot, in this noblest of causes, offer our lives, let us at least prove that we gladly give our treasure. It is a privilege which, to use Sir Edward Carson's words, none but the "shirker" will miss.

OBITUARY

Henderson Porter
Henderson Porter an esteemed citizen of Cambridge, Kings Co., died on March 7 at the age of 66 years. He leaves a widow who was Miss Ida Tupper of Scotts Bay and six children, Frank of Woodville; Mrs. Frank Hudgins of the same place; Roy, in France; Mrs. Rex McColl, Harry and Leona at home, and one brother and sister, Mr. Amos Porter of Blomidon and Mrs. Martin Porter of Halls Harbor, N. S. Mr. Porter was born in Habitant, N. S., and moved to Cambridge about 14 years ago in which he farmed and drove the Cambridge mail for 12 years. He was a straight going man and tried to do right by every one.

The funeral service was conducted by Rev. Mr. Steeves of Billtown interment was at Cambridge cemetery.

German Spies are Trailing Mr. Gerard

New York, March 13—A dispatch to the Herald from Havana, dated last night, says: Secret agents of Germany trailed James W. Gerard from the moment he landed at Havana until the time of his leaving here on board the steamer Governor Cobb, this morning. When the vessel started one of the German agents occupied a stateroom near that of the returning American diplomatist. A high officer of the company informed me that this agent will be turned over to the authorities at Key West when the Governor Cobb arrives there.

While talking in the lobby of the Plaza hotel this morning Mr. Gerard saw one of the German agents, who had been most obtrusive and persistent in his efforts to shadow him. Mr. Gerard hastened up to the man, who was a typical German. The former ambassador's trail was taken up immediately by another German, who followed him to the steamer, where the spy had reserved a stateroom, through an authority close to Mr. Gerard I was informed of the persistent efforts made by Germans to stop the American diplomatist from reaching Washington.

I am in a position to say that Mr. Gerard carries papers containing information which will place Germany in a more unfavorable position than she has yet occupied. According to men close to Mr. Gerard important developments are expected in the German situation soon after his conference with Mr. Wilson.

CHILDREN

In disorders and diseases of children drugs seldom do good and often do harm. Careful feeding and bathing are the babies' remedies.

Scott's Emulsion
is the food-medicine that not only nourishes them most, but also regulates their digestion. It is a wonderful tonic for children of all ages. They rapidly gain weight and health on small doses.

No Praise Too Great for Men Who Captured Bagdad

London, March 12—Andrew Bonar Law said the fall of Bagdad came as a sequel to a series of brilliant operations carried out by British and Indian troops with dash and determination for which no praise could be too high. When General Maude, commander of the Mesopotamian, army, crossed the Tigris, about Kut-el-Amara, last month, he imperilled the safety of the Turkish army. The Turks immediately retired on Bagdad, and were pursued with the utmost energy.

Large numbers of prisoners and quantities of materials of all kinds were captured. Mr. Bonar Law said, there being good reason to believe that two-thirds of their artillery was captured or thrown into the river. On the night of March 8th, the British established a footing on the north bank of the Diala. On the 9th and 10th, troops on the right bank of the Tigris in spite of dust storms, pressed their advantage and drove back the Turks to within three miles of Bagdad. At the same time the troops on the Diala thrust the Turks back on the city, which was entered on Sunday morning.

General Maude in these operations, Mr. Bonar Law continued, has completed his victory by a pursuit of 110 miles in fifteen days, during which the Tigris was crossed three times. This pursuit was conducted in a country destitute of supplies, despite the commencement of the summer heat. Such operations could be carried out in such a country only after the most careful arrangements made for the supply of the troops thoroughly and systematically, had been effected.

The fact that General Maude not only has been able to feed the army, provide it with munitions and assure proper attention for the sick and wounded, but has been able to report that he is satisfied he can provide for the necessities of his army in Bagdad, reflects the greatest credit on all concerned.

Messrs Demfield & Co., Ltd., Halifax, have received cables from London Agents that no lumber could be imported except, under Government licence, which would likely be hard to get.

Seven Burned to Death

What McLaughlin Valve In Head Means

Illustrations showing how power is wasted by escaping into unnecessary water-jacketed area of the "L" and "T" motor.

"L" Head-- In this type of motor there is 15 p. c. of unnecessary water jacketed space, due to the necessity of water-jacketing the valve pockets. This means a 15 p. c. loss of heat, which is the same as power.

Valve in Head-- In this type of cylinder there is an absolute minimum of water jacketed area into which heat, which is the power that drives the piston, can escape. With this type, you get 100% efficiency from your fuel.

"T" Head In this type of motor, with two valve pockets, there is 20% loss of heat, due to its escape into the water around the valve pockets. Heat is power, therefore this means 20 per cent loss of power.

Manufacturers, realizing the value of the scientific principle accounts for the fact that the increase of VALVE-IN-HEAD in 1917 over 1916 was 32 1/2 times that of other makes.
