## THE MISSIONARY CONFERENCE

Small Attendance But Most Interesting Sessions.

The thirteenth annual meeting of the Missionary Conference which convened here on the 15th inst. closed on Tuesday evening. This conference is held under the direction of the Missionary Education Movement, the agency through which the Missionary Boards of the various denominations co-operate.

The purpose of this conference is distinctive. It is a missionary conference planned to provide training for leadership in developing the missionary life of the congregations; to inspire to larger and more effective service; to discover the best methods for promoting missions in the Sunday School and other church organizations; to deepen the prayer life, and to lead all to relate their lives definitely to the plan and purpose of God.

Among the speakers were Rev. A. E. Armstrong, Lec. Presbyterian Foreign Mission Board; Dr. H. T. DeWolfe, Principal of Acadia Seminary; Dr. J. M. Waters, of Central India; Rev. W. S. Tedford, of South India; Rev. H. S. Irish, of West China; Rev. H. W. Outerbridge, of Japan; and Rev. G. Ernest Forbes, of Scotsburn.

The attendance this year was not so large as on some former occasions but a goodly number of enthusiastic young people gathered to study Christ and His work under the competent leaders provided for them.

Tuesday evening's meeting was largely given to preliminary work. The presiding officer was Rev. A. E. Armstrong, of Toronto; and the secretary, Rev. J. M. Waters, of Central India. Dr. DeWolfe conducted the Bible Study course given each morning. Rev. Tedford gave a series of talks in the Mission study period on "Building in India" and Dr. Waters gave "The Clash of Color" during the Mission study classes. In Methodist study Mrs. L. M. Parker conducted classes for leaders in mission organizations, and other junior organizations, and Rev. A. E. Armstrong conducted the classes for leaders in Sunday schools and young people's organizations.

In the afternoons, recreation was provided and in the evenings twilight talks were given on the spacious lawns, followed by platform meetings at which various distinguished speakers were heard. On Wednesday morning Rev. DeWolfe led the Bible study on a text taken from the Gospel of John, from which gospel all the talks in his series were taken. This was followed by the mission study in three groups, divided by choice under Rev. W. S. Tedford, Dr. J. M. Waters and Rev. Ernest Forbes.

The last hour before noon was taken up with method study in two divisions: Study for leaders in junior organizations, under Mrs. L. M. Parker, and study for leaders in young people's organizations, under Rev. A. E. Armstrong. The afternoon was devoted to recreation, as provided by a special recreation committee.

In the evening the regular twilight talk was given by Dr. A. E. Armstrong on the lawn of the Seminary. This was followed by a platform meeting, at which Dr. J. M. Waters, a Presbyterian Medical Missionary in Central India, spoke on "Medical Missions in India." He pointed out that the foreign missions had a wide scope—educational, industrial, medical and evangelistic—and although all missions are evangelistic in purpose, he proposed to deal primarily with the matter of medical missions.

Dr. Waters said that the medical missionary can reach many more people than the other missionaries, and has thus a great opportunity to reach the native with the story of Christ. It certainly aids all branches of missionary work when a white man can cure a native of a dread disease, for he not only gains that man's confidence, but also that of all his friends. However, there is a great need for more medical missionaries, for at present only five per cent of the people are reached by any adequate medical help. Dr. Waters left an inspiring message with his young listeners, one which he said should "link everyone in the homeland more closely with the missionaries in the foreign field."

Thursday was a big day at the Conference. The Sunday school classes were filled with earnest pupils and at the method study hour Rev. A. E. Armstrong, of Toronto, led an interesting discussion on methods of imparting missionary information in Sunday schools. In the afternoon, Dr. DeWolfe conducted a delightful excursion to Grand Pre.

Dr. J. M. Waters introduced the speaker in the evening, Rev. Mr. Armstrong, who gave as his subject "The Japanese Missions." Miss MacDonald said she had a mission in Tokio where she was doing wonderful work, especially among those in the prisons. Mr. Armstrong spoke of the conversation of a Japanese prisoner who had written a book called "A Gentleman in Prison" which was translated by Miss MacDonald. This prisoner had been regarded as one of the worst Japanese criminals, but through Miss MacDonald's efforts he became a zealous Christian.

The speaker told of his own experiences in Japan and how he had visited the grave of the great Japanese Christian, Joseph Hardy Newima, who had done so much for Christianity in the Japanese Empire. He also spoke of Mr. Kamaura, another Christian, who was doing great work among the poor in the slums of the cities. Mr. Armstrong cited other examples to show what great men a Christian education had made in Japan. In 1659, the first missionaries landed in Japan, in 1672, the edict boards, forbidding Christianity, were still up; in 1880, the New Testament was translated into Japanese.

## DECORATION DAY

Local Odd Fellows Hold Impressive Service

Last Sunday was observed by local Odd Fellows as Decoration Day and in the afternoon a very impressive service was held at Willow Bank Cemetery. The members of Orpheus Lodge, headed by Mr. G. C. Nowlan, M. C., and accompanied by the Wolfville band, marched to the Cemetery where appropriate floral tributes were placed on the graves of the following deceased brethren: John M. Shaw, D. Brainard Shaw, Clarence H. Borden, Joseph C. Bishop, Fred H. Christie, Carl V. Murphy, and Donald A. Munro. At the Church of England Cemetery the grave of the late W. Marshall Black was suitably remembered and flowers were also placed on the Soldiers' Monument in memory of Clifford Webster and Brenton Selridge, the former killed in France and the latter lost at sea, as a result of the war.

Rev. J. H. MacDonald, D.D., who delivered the address esteemed it an honor to participate in the service of decoration. One of the features of Odd Fellowship which had first impressed him was this annual remembrance of fallen comrades. It is to the outsider the brightest jewel of the order. It is well to remember our friends who have passed on before. Man is largely what he remembers. Blot out the memory of yesterday and he loses both the inspiration and the initiative for the tasks of today and tomorrow. You have paid affectionate tribute not only to those of your number who sleep in this cemetery but also to those whose mortal remains lie amid the poppies of Flanders and in the great deep. You remember, not to exalt the god of battles or to glory in their feats of arms, but to remind yourselves that they died to make a better world. We must not forget that their heroic sacrifice has enriched the earth. There is a tradition that after the battle of Coloden Moor there sprang up in that part of Scotland a blue flower unknown to the world before. The natives called it the "flower of Coloden" because it sprang from a soil made rich by the blood of their kith and kin. Seeds sleeping in the soil were quickened into life by the enrichment which had thus come to them.

The flower of world peace, for which your comrades and countless others gave themselves, has not yet appeared in Europe. But it is taking root and will one day fill the earth. There are those who say that can never be. Wars always were and always will continue to curse the earth. The newspapers yesterday brought to us the news that Mount Geikie, one of the highest peaks of the Rockies, was last week successfully scaled. Mr. Geikie was known for years as the mountain which no man could climb. Yet that mountain has been conquered and the unattainable attained. So it shall come to pass that the house of peace shall be established upon the top of the mountains. The unconquerable shall be conquered. Let us not think that because the new day was not ushered in when the treaty of peace was signed, the morning will not dawn. A peace settlement is not the finale, it is but the prelude of a new and better day. While we honor the memory of those who gave their lives to this great end we must carry their work to completion.

The speaker, in conclusion, emphasized the fact that our immortal hope is based on God's remembrance. He is not the God of the dead but of the living.

## V. O. N. NOTES

The Executive of the V. O. N. wish to thank the following people for their gifts since the first of the year: Miss Parker, Mrs. Wheaton, Mrs. John Murphy, Mrs. Charlie Bars, Acadia Ladies Seminary, Mrs. Nina Davidson from Grade IB scholars, Mrs. Goff, Mrs. Avery deWitt, Mrs. Elliott, Mrs. Creighton, Mrs. Bullock, Mrs. John Vaughn, Mr. Hugh Calkin, Mrs. Coombes, Mrs. J. A. Ingraham, Mrs. Eugene Eaton, and the Labrador Society. Donations of money have been received from Miss H. A. Tufts, Mrs. W. H. Chase, Mrs. Haliburton Moore, the Town of Wolfville, and the I. O. D. E. We very much appreciate these gifts. Miss Harry expects to take her vacation during the month of August. Miss Bengston has kindly offered her services for emergency cases.

## WOLFVILLE DEFEATS MIDDLETON

Final Game of Series—Two Teams Tied for First Place.

The final game of the Valley Baseball League series was played here yesterday afternoon when the locals completely outplayed the Middleton boys, winning by the overwhelming score of 18 to 2. Errors were numerous on the part of the visitors and the locals hit Wilson freely. Sixteen hits were made off him, while he struck out only seven. Munro pitched a splendid game for Wolfville, striking out ten and allowing only six hits. He was given fine support by every member of the team.

The locals showed up well in their batting, all but one member of the team getting a hit. Kenney's hitting was the feature of the game. In six times at bat he secured five hits, two singles, a double, tripple and home run. Barteaux also hit well, getting a single, double and home run. Eagles got three singles in five times at bat. Don Munro hit out a two-bagger in the fifth inning. For the visitors H. Parsons and Wilson secured two baggers. They secured their two runs in the fourth inning, when Munro allowed three hits, then struck out three men.

The teams were as follows: Middleton—Bentley, 2b; Langille, 1b; H. Parsons, 3b; Carter, c; Baker, ss; Coleman, lf; Cnesley, rf; Wilson, p; M. Parsons, cf. Wolfville—Barteaux, ss; Murray, 2b; Kenney, cf; Leighton, 3b; Dick, lf; Eagles, lf; Elderkin, rf; D. Munro, p; C. Munro, c.

Impires—Angus and Richardson. Wolfville and Middleton are now tied for first place at the end of the series, and a play-off is being arranged. Wolfville's chances for the Valley championship look good to us.

## A PLUCKY RESCUE

Lloyd Macpherson, the 11 year old son of Major and Mrs. Macpherson of this town, had an exciting narrow escape from drowning on Saturday of last week. The family are at their summer home at Avonport Beach and Mr. Macpherson was at the time on a business trip to Prince Edward Island. The boy here is a safe one for sea bathing and to his parents' credit, he was in this favorite summer pastime. On Saturday Lloyd was amusing himself by floating on a submerged stump of a tree when he discovered that he was beyond his depth. He attempted to work his way back to land but was unsuccessful. It was ebb-tide and the child was in danger of being carried out to sea. An alarm was given and the helpless mother encouraged her boy by assuring him that assistance would speedily be secured. Meantime the little craft with its precious freight was carried farther and farther away.

The attention of Mr. Leslie Wilshire, of Hortonville, who with his family was picnicking on the beach about half a mile away, was attracted to the peril of the situation and he at once went to the rescue of the endangered boy, who was then about a quarter of a mile from the shore and drifting steadily outwards. It was a plucky venture on the part of Mr. Wilshire, who has suffered from ill-health for several years. The swim was a hard one and the two families watched from the shore with suspense. Gradually the distance between the drifting child and the man lessened. Every now and then the swimmer had to turn over on his back to rest, in order to gather strength to proceed, at which times the anxious spectators thought he had sunk, but eventually he arrived at the raft.

The boy exhibited great courage and judgment and his first greeting to his rescuer expressed his thanks for the timely help. He was chilled to the bone and completely exhausted, and Mr. Wilshire soon had him placed more comfortably and had endurance. He then proceeded to push the boy ahead of him towards the shore and had considerably lessened the distance to the encouragement of the watchers, when a boat that had been despatched for the purpose of the rescue slowly made its appearance around the distant wharf and against wind and tide made its way to the rescue. In this were Messrs. Shaw, Graham and Anderson and there was room for only one passenger, as the boat was too heavy and liable to swamp, after placing the child in the boat, Mr. Wilshire was towed in his wake. When the shore was reached both rescuer and rescued were almost perished with cold and exposure, but responded to the usual restoratives and were put to bed in hot blankets.

Work on Mrs. Vaughn's new cottage on Highland avenue is progressing rapidly under the direction of Mr. W. E. Fielding.

Mrs. George Taylor, Hortonville, wishes to thank the friends and neighbors who so kindly assisted in putting out the fire which caught in her house on June 7th.

## LORD CAVE

Who rendered the decision of the Privy Council which grants a speedy trial before a Single Judge, without jury, of the accused directors of the defunct Home Bank of Canada. They will be tried by a judge without a jury unless Attorney-General Nickle forces them to trial by jury on a conspiracy charge by issuing a fiat.

## LOCAL CRICKETERS WIN

Defeat Windsor in Return Match—Score 45-7

A very interesting return match between the Wolfville and Windsor clubs was played on the campus last Thursday. The visiting team turned up punctually at the appointed time and went first to bat, but under the brilliant bowling of Grant and Copeland were disposed of for a score of 7. This poor showing of the visiting team, it is only fair to say, was largely due to the lack of practice, and their having been hurriedly got together at short notice. They will no doubt do better later on. The home team, as will be seen from the score, played a good all round game, bowling, fielding and batting excellently. Cohen sustained his reputation as an All-weather keeper. Regan made the most brilliant hit of the match driving the ball on to the grand stand. Mr. A. C. Cox again distinguished himself as a first class run getter. The two Munnos, who come of cricketing stock, also did their part. The entire team, in fact, showed such marked improvement that they have decided to cut out the "Junior" and call themselves the "Wolfville Cricket Club". There will be no matches played with Windsor on Thursday of next week, and Kentville on the following Saturday. Kentville, by the way, plays the R. C. R. Club, of Halifax, on Saturday first.

The scoring last Thursday was as follows:  
Windsor:  
C. R. McElhiney, 1, b Copeland ..... 0  
G. Spence, c Rand, b Grant ..... 0  
A. Quillan, c Cox, b Copeland ..... 0

## HINES MAKES WORLD LAUGH

Johnny Hines makes the world laugh. He does it by laughing at the world. His fame as funmaker has no geographical limits. Smiling miles of silver sheets broadcasts his fun. His appeal for general hilarity. His latest picture, "Conductor 1492" is no exception. Laugh follows laugh as wave follows topping wave on a beach. "Conductor 1492", which is a Warner Brothers classic of the screen—a guarantee, by the way, for good film Theatre next Monday and Tuesday, with Hines in the starring role. It is the story of a happy-go-lucky Irishman, who comes over to America to try his hand with Dame Fortune, via a job as street car conductor. Here he encounters many farcical adventures, but his heroism lends him to contacts which win him both fortune and the sweetest girl in the world. How he blunders through good society, and bosses his clientele of car riders is more than fun—it is folly. Supporting him in the cast are the following: Doris May, Dan Mason, Ruth Kenick, Robert Cal, Fred Easton, Byron Sage, Michael Dark, Dorothy Burns, and Cameo, the Wonder Dog. "Conductor 1492" was written by Johnny Hines and co-directed by his brother, Charles Hines and Frank Grif-fen.

## WOLFVILLE DEFEATS KENTVILLE

In Closely Contested Tennis Tournament—Score 6 to 2.

Wolfville took the lead in the Eastern Section of the Valley Tennis League when they defeated Kentville by winning six matches to Kentville's two on the courts of the D. A. R. Tennis Club last Saturday afternoon. Fine tennis was played in spite of a strong wind that blew across the courts, and though Wolfville won by a good margin, practically every set was closely contested. Undoubtedly the surprise of the matches was the defeat of Mrs. Walker, of Kentville, in the ladies' singles, by Mrs. McGill, of Wolfville. Completely shut out in the first set, 6 to 0, and the match practically conceded to the Kentville player, Mrs. McGill made a great comeback, taking the second set, 8 to 6, and the final set, 7 to 5. At one point in the latter set Mrs. Walker needed only one point for set and match, but Mrs. McGill, by a magnificent finish, won out.

Another feature of the matches was the fine game put up by Neville and Wickwire, of Kentville, against Dr. Eaton and Prof. Balcom, of Wolfville. Against experienced players the Kentville men put up a remarkably strong game and sprung a surprise by taking the second set. With each side taking a set the final, which was perhaps the most sensational of the afternoon's play, every game went to deuce, the final game, which gave the Wolfville players the victory, going to deuce sixteen times.

The feature of the mixed doubles was the match between Prof. Ross and Mrs. Bishop, of Wolfville, and Miss B. Wickwire and Mr. Roop, of Kentville, the latter winning out after three hard fought sets. The playing of both ladies in this match was exceptionally brilliant. Austen Chute's ability to hit the ball hard and to control his shots with the utmost accuracy, proved the undoing of Dan Morton in the men's singles. The latter did some fine work serving, and also good at the net, but he could not fill the gaps in the court against Chute's hard, well placed shots. During intermission afternoon tea was served by the young lady members of the club. The hostesses were Mrs. D. G. Ross and Mrs. F. J. Porter. The results:

Ladies' Singles—Mrs. McGill, Wolfville, defeated Mrs. Walker, Kentville, 0-6, 8-6, 7-5.  
Men's Singles—Austen Chute, Wolfville, defeated Dan Morton, Kentville, 6-2, 6-0.

Ladies' Doubles—Miss Lucy Morse and Miss Jane Blanchard, Kentville, defeated Miss Ford and Miss McLean, Wolfville, 6-1, 6-1.  
Men's Doubles—Dr. Eugene Eaton and Prof. Balcom, Wolfville, defeated Arle Neville and James Wickwire, Kentville, 6-2, 5-7, 6-4.

Mixed Doubles—Dr. Leslie Eaton and Miss Holmes, Wolfville, defeated Mrs. Hill and Mr. McMinn, Kentville, 8-6, 6-4; Mr. Robbie Tufts and Miss McLean defeated Mr. and Mrs. Gordon Neary, 6-3, 6-2; Miss B. Wickwire and Mr. Roop, Kentville, defeated Prof. Ross and Mrs. Bishop, Wolfville, 9-7, 4-6, 6-3; Mr. Boggs and Miss Johnson, Wolfville, defeated Miss Moore and Mr. Reinhardt, Kentville, 7-5, 6-3. The umpires were Dr. Burns, Major Ross, Ralph Walsh, Murray Dodge.

## FORMER WOLFVILLE BOY MARRIED

The following clipping taken from a New Jersey paper will be read with interest by the friends in this vicinity of Mr. Harold Wilson. THE ACADIAN offers congratulations.

Miss Gail Parson and Harold Martell Wilson were married at noon Thursday at the residence of the bride's mother, Rensselaer road, Essex Falls. Rev. Edwin I. Stearns, pastor of the Caldwell Presbyterian church performed the ceremony.

The bride was a member of the assistant principal of the Parsons School in Essex Falls for several years and had as attendants fifteen of her former pupils acting as flower bearers. These little attendants were all dressed in white and wore wreaths of flowers. The bride wore a gown of white crepe de chine and white satin. She wore a veil and pearls given to her by her grandmother, Mrs. Henry Parsons, founder of the Children's School Garden of New York.

The decorations for the wedding and the luncheon which followed were planned by the following women, patrons of the school, Mrs. Harold B. Snyder, Mrs. L. V. Redman of Caldwell, Mrs. R. C. Warner, Mrs. Louis Audeette, Mrs. B. T. Bush, Mrs. John Hoff, and Mrs. F. C. Harding of Essex Falls. Among the guests were Mrs. Harold Bayliss, the Misses Barbara and Betty Bayliss of Pleasantville, N. Y., Henry Griscom Parsons of Brooklyn, Howard Crosby Parsons of Brooklyn, Mr. and Mrs. James Campbell, the Misses Campbell of the Kingsley School, Lloyd R. Manning, Misses Maude Forbes, Mary Clark, Mrs. Wendell Strong of Glen Ridge, Mrs. and Mrs. Guther, Misses Ethel and Dora Harding, Harold B. Snyder, R. C. Warner and Mrs. Stearns. The bride, who is a graduate of the State Teachers College of Gressley, Colorado, is the adopted daughter of Miss H. Grace Parsons, who was for many years one of the school's supervisors in Denver, Colorado. The groom, whose home is in Nova Scotia, is the son of Rev. Crawford Page Wilson. He is a graduate of the University of Acadia and served for three and a half years in the Canadian army over seas. He has been an instructor in the Kingsley School for the past year and is now taking special studies at the University of New Jersey. After a trip along the New Jersey coast Mr. and Mrs. Wilson will reside in Cranford.

## Eat and Grow Thin

No longer need you surrender sweets when reducing! Listen to this, from the address of Dr. McLester to the annual convention of the American Medical Association: "The effort of many obese people, said Dr. McLester, to avoid all starchy foods and to eat only sweets is without reason. Carbohydrates are the chief

source of energy for the maintenance of body temperature and in overwhelming measure, for the production of work. Not only are simple sweets, when credited with their proper caloric value, of no harm, but when taken at the proper time, they will permit the patient to rest satisfied with a smaller quantity of food."

There's the Emancipation Proclamation of those who have cut out candy in order to reduce!

## Editorial

Our pulpits are our work clothes. Each of us live some kind of a sermon every day.

### AUTOMOBILE OPERATING COSTS

Motorists from the United States who tour this section, and they are region these days—not unfrequently express surprise that any person in this country should be able to own and operate an automobile. It is a well known fact that the cost of cars in this country is very much out of proportion to that paid for such vehicles by our "American" cousins, but it may not be so generally appreciated that the cost of practically everything that contributes to the operating of the car is also increased here to a corresponding or greater degree. The reason for this apparent inequality is due probably most of all to the taxation imposed by the government upon owners of cars. This includes taxation of approximately fifty-seven per cent., made up of duty, sales and excise taxes.

When it comes to operating the big item in cost is owing to the excessive price paid for gasoline. In the United States the charge varies in different sections. We have heard of its being sold as low as eight cents per gallon, while the ordinary price is from twelve to twenty-five cents. This is for a gallon a fifth smaller than ours, which has been selling from thirty-eight to fifty cents. With a refining plant in our own province and the raw material landed at it as cheaply as at similar institutions on the Atlantic seaboard it should be produced and sold here at very little more than is charged in the eastern or middle states of the American union. Aside from the fact of the larger amount consumed in these centres the proportion of actual cost, it would seem, should not differ materially.

### COLD STORAGE FOR OUR APPLES

There is very little doubt but that provision for holding a limited quantity of apples for the spring and early summer markets would be found profitable to the growers of this valley. In British Columbia this is done successfully, with the result that shipments of Spys and Wagners made from Summerland to the prairies at the end of April returned a handsome margin of profit to the shipper.

This season cold storage apples from Washington and other western states were put on sale at Halifax and other places in the Maritime Provinces in excellent condition and sold at fancy prices. It ought to be easier and cheaper to provide Nova Scotia grown apples at that season, and we are assured by Halifax dealers that at a time when domestic apples are out of the question there is a good demand in local markets at prices such as could not be realized at an earlier season. Competent authorities state that there is no question as to "the keeping qualities of apples stored in a good cellar or in a properly equipped storage", and the fact that such are being carried across the continent and reach the market here in good condition should be considered ample proof. It should be remembered that, while our best markets are probably in Great Britain, there is a reasonable demand locally for good fruit that we cannot afford to overlook.

### IT'S YOUR CHUM—

The home paper is your chum, your pal and your intimate friend; the city daily is your casual acquaintance; the magazine is your occasional visitor. When it comes to advice, we trust a chum and intimate friend first, don't you? You may not know it, but the smallest paper not only delivers more friendly and intimate home influence, but is trusted far more widely than the city daily produced by men so far away that they can't possibly be in touch with your community.

There's advice to remember when you want to sell something—offer it to those who read the home-town paper, because they have long ago learned that they can believe what they see in its columns. It isn't so full of advertising, either, that your message will be buried, as often happens to advertisers in the dailies. If you haven't learned the truth about advertising in your home-town paper then you haven't learned all you ought to know about successful merchandising.

### ARE WE SATISFIED?

To be too easily satisfied is to fail in reaching the goal that may be well within our reach. This is true of the individual and it applies with equal truth to the community. A satisfied community is in a mighty bad fix. Satisfaction may sometimes be a virtue but too often it describes a state of stagnation. A satisfied community and a satisfied people does not stand much chance these days. A community cannot grow ahead of its civic improvements. The improvements must lead the way; the growth will follow. Of this there can be no question. Many improvements have been effected in Wolfville since it assumed the dignity of becoming a town. Mistakes have occurred but on the whole substantial progress has been made. But we must not be satisfied. In every direction there remains much that might be done to make our town more attractive and prosperous, and the patriotic citizen will welcome the opportunity to aid these improvements when it is placed in his power to do so.

### GOOD MORNING

How many of us stop when we say "Good Morning" to think what that phrase means? Nobody knows how it started, but he or she to whom the idea first came was a poet. For in those two words lives the essence of a prayer. Of course we who say it hope that our own morning may be "Good"; that goes without saying. But do we go a step further, and breathe a prayer that the day of those we meet may also be filled with happiness? The full phrase of our ancestors was "God give thee good morrow".

This would be a great old world if we really meant what we said, if when we greeted our acquaintances, we really wanted their days to be filled with the joy of living. If we did, we'd go out and help to make them so.

The daily press on Monday morning gave details of more than the ordinary number of Sunday automobile accidents, which occurred the previous day. Included among these was one near Calais, Me., in which three persons lost their lives and three more were seriously injured. The accident took place when a sedan speeding between fifty and sixty miles an hour crashed into a touring car and killed the driver and two other occupants. This is about the speed which on a recent Sunday evening was claimed to have been attained by two locally driven cars, although fortunately the consequences of their recklessness were not of such a fatal character.

### A PLAN TO STIMULATE BUSINESS

At the request of THE ACADIAN Mr. T. K. Kelly, nationally recognized as an authority on advertising and selling, prepared the following article as a suggestion to the business men of Wolfville on how to stimulate business. THE ACADIAN believes Mr. Kelly's suggestions to be of great value and urges their careful consideration by every business man in Wolfville.

I wonder if we recall the resolutions we made in January 1924? It seems this last year, more than ever, that promises with some people are like pie crusts—easily broken.

About every organization in January, 1924, firmly resolved to make this year better than 1923, and one of the chief reasons why many firms have failed to keep these promises they made to themselves is because they have sold themselves on the idea that it cannot be done.

Business these next few months is going to be no better than during the past few months if we do not use better business methods, if we do not eliminate the idea that there is no money in our district, and that people are not in a buying mood.

Step into your bank today and find out their daily clearances. Stop into the postoffice or express company and find out how much money is being sent out of town. You'll find that there is just as much business tapping at your door today as there ever was. But, are you doing as much to get that business as you should be in keeping with business conditions today?

There are thousands and thousands of men and women employed today, from coast to coast, by firms selling direct to the consumer. They are taking the trade right from under the eyes of the retail merchants in their immediate vicinity, and taking it from where the retail merchants expect their biggest business. Still, retailers in some districts do not wake up—they have a fair day Monday, Tuesday is dull, Wednesday about the same, Thursday no better, Friday some trade, and Saturday they are busy.

What is to prevent a store employing say four clerks from sending two or three clerks out to visit families in their immediate district, putting in full working hours, doing this Tuesdays, Wednesdays and Thursdays?

The retailer in having his clerks call upon the people at their homes will have a better entree than the unknown solicitor who is calling at these homes selling merchandise.

People in a merchant's district don't know what kind of firms these unknown solicitors represent—they don't know whether they are reputable or not, but they do know the local merchant, his store, and his stock. They know they can depend on the right kind of merchandise at his store because he is part of the community; he is a citizen in the district the same as they are, and certainly he would not defraud them by selling inferior merchandise at hold-up prices the same as many of these fly-by-night concerns are doing.

There is not a wholesale house or manufacturer in existence who will not give you specials for leaders that will enable you to combat the prices and values that the bell-ringers are offering to the retail trade.

Some merchants will say, "My clerks will not do that—they have too much pride". Clerks of that caliber must eliminate their pride if they're going to retain their positions—in fact, no man should have any pride until he is a millionaire, and when he's a millionaire he doesn't need to have any pride, because a millionaire in overalls is regarded just as highly as he is when he wears a dress suit.

Every clerk employed should be thoroughly sold on his job—he should have faith in his employer, in the stock, in the store, the values given to such an extent that he would be glad and willing to go out and tell his neighbors about it.

I suggested this plan to a merchant one day a short time ago, and his reply was "It's a good plan alright, but it won't work in my territory". That is one of the chief obstacles that a lot of retailers place before themselves. They get the idea that their trade is different, their town is different, and from the way they talk, you might think they were doing business on a small island thousands of miles from civilization. As a matter of fact, if you look at the situation right square in the face, it simmers down to the point that the

trade in Podunk is about the same as the trade in New York City. People everywhere are about the same; they think the same things, and act about alike. Whether your trade is made up of city folks, or of farmers, it doesn't make any difference. Good merchandise offered at attractive prices will be a business getter—particularly when that merchandise is demonstrated to them right in their own homes, where there will be nothing much to distract their attention. The farming population is made up of kindly, genial men and women, who will be glad to have a visit from a merchant or a merchant's representative introducing his merchandise.

There is hardly a merchant in business today who has not got an automobile, and he certainly can afford to spend some time each week out in the country with two of his clerks, supplying merchandise to the people in the outlying districts. A shoe dealer, for example, should present not only some of his newest styles and latest numbers, but he should have a top-notch leader, selected probably from some store that needed stimulating. This would be an effective way to avoid the loss that comes from slow selling depreciated merchandise.

Just as soon as a merchant starts to figure that his expenses are just as high, and goes on just as steadily during the dull days as during big days, then he is going to get busy and inject some ideas into his business that will make dull business a thing of the past. The time is past and never will return when we can work only half time.

I would tell salespeople in the store, who might object to such work, that it was up to them to make the business a paying proposition for me or they would have to expect less remuneration. I would give them to understand that they would get paid for their services, and no more, and that naturally the worth of their services to me depended upon what those services produced.

Besides helping to combat the menace of the bell-ringer, selling more merchandise immediately, and affording effective means of selling slow moving lines, this plan of canvassing gives a merchant a good method of getting closer to his customers. Few of us realize how many customers we lose through being too distant, and through not being in close touch with them.

Retain the friendship of old customers by all means, and good efficient work in canvassing is a splendid way of accomplishing this. A well trained efficient salesman or saleswoman can be an invaluable missionary in behalf of your store out among the trade.

### CANADIAN OARSMEN BEATEN BY YALE IN OLYMPIC FINAL

Canucks Also Clinched Second Place In Four-Oared Race Event.

ARGENTEUIL, France, July 17.—Although beaten in the finals for the eight oared event in the Olympic rowing in which they finished second to the Yale eight, the United States entry, the crew from the University of Toronto, Canada's representatives forced the winners to cover the distance in six minutes, 33 2-5 seconds, a new record for the course. The finish saw a desperate struggle for supremacy but they also crossed the line two lengths ahead of the Canadian boat. Pulling up on even terms at the three-quarter mark, after being half a length behind England at the thousand metre mark, the Vancouver Boat Club crew was unequal to the strain and was beaten by Great Britain by a length and a half this afternoon for first place in the finals of the four oared match, without coxswain, boat race. Switzerland finished third and France fourth. The time was 7 minutes 8 3-5 seconds, and was comparatively slow, owing to the wind and current.

In the race for four-oared crews, with coxswain, Swiss combination after trailing last in a field of five, rallied at the half way mark and won by a length from France with a final spurt. The United States crew was third.

Holland won the championship in the pair oared event, without coxswain, outlasting the French for victory by half a length. The British pair withdrew at the last minute.

The victory of the United States in the eight-oared event made her the winner of the Olympic rowing competition, giving her 33 points to Switzerland 32.

**GERMAN SANDWICHES**  
Steam weinerwursts about 10 minutes, skin and turn the meat into a dish; mix through it some finely chopped onion, and enough tomato catsup to moisten. Lay thickly between buttered slices of German brown bread.

### KEEN COMPETITION

A young matron in whom the shopping instinct was strong asked a German butcher the price of a Hamburger steak.

"Twenty-five cents a pound," he replied.

"But," she remonstrated, "the price at the corner store is only twelve cents."

"Vell," asked Otto, "vy don't you pay idt down there?"

"They haven't any," she explained.

"Oh, I see," replied the butcher.

"Yen I don't have it, I sell idt for ten cents."

### NEW LIEUT. GOVERNOR AND NEWSPAPER RUMOURS

Rumour has it that a Mr. Douglas, of Amherst, said to be worth several millions, is to be the next lieutenant governor. The story goes that his women folk have been battering at the gates of New York society but have not been getting them open as fast as they would like and figure that if Dad were dolled up in the uniform of a governor it would help a whole lot. Dad is said to be willing and to boost along the game is reported to have financed the Halifax Chronicle, which was having fairly heavy sledding.

Before this solution of the Chronicle's difficulties cropped up there was reported to have been a move to amalgamate the Herald and Chronicle, the new joint concern to issue the Chronicle as the morning paper and the Mail as the evening edition of the Herald as the evening paper. There are few cities the size of Halifax which are able to support as many papers as it has, and an amalgamation would, undoubtedly, be good newspaper business, but party influence will probably stop it for some time.—Pictou Advocate.

### BETTER ENGLISH

City Chap: "Which is correct, to speak of a sitting hen or a setting hen?"  
"Farmer: 'Don't know and don't care. What I'd like to know is, when a hen cackles has she been laying or is she lying?'"

In the rural districts of Australia many of the horses wear cowhide shoes.

An elderly man stepped up to the desk in a library and inquired, "Have you 'A Certain Rich Man?'"  
The young lady at the desk replied, "If I had, I wouldn't be working here."

### FIRST OFFENSE

A Jew was arrested and when he was taken to prison was told to strip and take a bath.

"Vat, go in the Vater?"  
"Yes, take a bath. You need it. How long is it since you had a bath?"  
I never vas arrested before.

### NEWS—HAND IT IN

If only a few friends of the Acadian will only remember us from week to week in a little way it will help amazingly to make The Acadian much newer and therefore that much better from the real test of a paper, the subscriber's standpoint.

As you know, the local weekly paper is made up of little items and it is almost impossible sometimes to run down the news. Therefore your co-operation is most cordially asked to help along the making of your paper from week to week.

If you have an item drop in and tell us about it, send us a little story about it, phone us, anyway, so it gets to this office and the business will be promptly attended to.

If you have someone visiting you, or if you know of a friend who has, send it in. If there is a social in your neighborhood don't forget us with an account of it. North, East, West, South, spells NEWS and we want your co-operation from all points of the compass to this end.

We try to run down the news, scout for it, but it is a hard matter sometimes to get it all and because of this we are asking you to help us out. Please do this and don't be afraid that items are too trivial for public mention.

Mr. William Tweedell, of Toronto, accompanied by his little son Donald, arrived in town on Monday and will spend a few weeks at the home of the former's sister, Mrs. (Prof.) Sutherland, Locust avenue. Many friends of his boyhood days are very glad to again welcome Mr. Tweedell back to Wolfville.

Mr. George Regan, of Boston, Mass., arrived on Monday on a visit to his mother, Mrs. William Regan, and other members of his family. Mr. Regan left Wolfville about twenty years ago and this is his first visit home. He is now manager of the Crescent Shoe Store in that city, where he has met with success. Many old friends are glad to give him a welcome.

Mr. and Mrs. K. C. Denton and family, of Montreal, were in Wolfville the first of the week, visiting at the home of Mrs. Denton's parents, Mr. and Mrs. S. P. Heale. They are on a motor trip and proceeded to the old home of Mr. Denton at Little River, Digby county, where they will spend some weeks. Mr. Denton, who is a graduate of Acadia, is engaged in educational work in Montreal.

Here and There

A party of 50 Australian boys will be the guests of the Exhibition at Toronto from August 30th to September 3rd. They are public school boys from all parts of Australia and their visit to Toronto will be made on their way home from the British Empire Exhibition.

British Columbia is now the third manufacturing province of Canada, with 2,878 manufacturing establishments, over 41,000 employees, invested capital amounting to nearly \$225,000,000 and a value of products of approximately \$260,000,000, according to Government statistics.

New Brunswick in 1923 produced more coal than at any other time in her history. The output for the year exceeded that of 1922 by more than 12,000 tons and amounted to 251,091 long tons. It is estimated that this industry creates a value of over \$1,100,000 annually, most of which goes out in supplies and wages for the benefit of the province.

What will probably be the last big round-up of horses in the West will take place shortly in the range country south-east of Calgary, Alberta, for the purpose of clearing the range of stray horses. The horses will be gathered in one central corral, where owners may claim their animals. It is anticipated that about 10,000 animals will be secured. The Department of Agriculture is supervising the arrangements.

Untinted praise from prominent citizens and the press of Alberta is given the Canadian Pacific Railway in connection with the Company's recently announced branch line construction program, affecting the southern portion of the province. C. R. Mitchell, member of the Provincial Legislature for Bow Valley, describes the announcement as the most important made in many years.

"Perhaps the most noteworthy fact we discovered was the vastly improved psychology of the people of the west to that which existed a year ago," commented E. W. Beatty, President of the Canadian Pacific Railway, on his return from a recent inspection of the Company's property. "They are full of hope and confidence and realize, as the east should realize, the tremendous benefit to the whole of Canada of a second consecutive large harvest."

The number of big industrial undertakings projected for immediate construction on the coast of British Columbia provides a striking indication of how that province is going ahead. A \$400,000 logging railway up the Shehalia River Valley, a \$1,000,000 mill plant at Chemainus, a \$200,000 amusement centre at Victoria and a \$200,000 saw-mill at Port Coquitlam, with about \$10,000,000 in power plants in the Seave Lake District are some of the more important and a host of smaller projects are also under way.

Practically all Canada's production of newsprint for export in March was absorbed by the United States. Of March shipments amounting to 127,583 tons valued at \$9,756,530, the United States received 126,848 tons, valued at 9,617,823. The only other Canadian exports of newsprint of importance were 699 tons to South Africa and 1,087 tons to New Zealand. It is expected that April shipments will show an even greater proportion of consignments to the United States.

The concentration camp for emigrants to Canada and the United States maintained by the Canadian Pacific Railway and other steamship companies, is located at Southampton, England. It has an average daily attendance of 600 and, on some days, the number is about 1,000. Comfortable quarters and meals at moderate cost are provided and features of the camp are the special dining-room for Jewish passengers, the private shower baths, with towels and bathing gowns supplied and the individual rooms which are also available.

VISITORS FROM KENTUCKY

Wolfville was visited this week by a party of tourists from Kentucky, conducted by Daniel M. Bowmar, editor of the Sun, Versailles, Kentucky. There were nineteen in the party, sixteen ladies and three gentlemen. En route to Wolfville they visited Detroit, Windsor, Ottawa, Montreal, Quebec and Halifax, arriving here on the evening train from Halifax on Tuesday. The editor of The Acadian happened to be on the train and had the pleasure of meeting the members of the party.

Mr. Bowmar has conducted over fifty parties to various points in Canada and the United States, but this was the first trip he or any of his party had made to Nova Scotia. Yesterday afternoon they drove to the "Look-off" and other points and were much pleased with the country. Mr. Bowmar, who has been connected with his newspaper for forty years, made The Acadian a call last evening. He stated that he had found his visit here most enjoyable

and hoped to bring a larger party to Nova Scotia next summer.

The party, which left by the "Bluenose" this morning for Yarmouth and Boston, was composed of the following: Lexington, Ky.—Mr. and Mrs. Henry M. Hubbard, Miss Elizabeth Willis, Miss Anna Willis, Miss Susan McWilliams.

Frankfort, Ky.—Miss Elizabeth D. Blanton, Miss Fannie S. Gray, Miss Margaret E. Haley, Miss Lillian Suppinger, Miss Emma Suppinger.

Paris, Ky.—Miss Katherine Murphy, Miss Clara H. Bacon.

Mt. Sterling, Ky.—Mrs. Ida Reis. Cynthiana, Ky.—Miss Anita Haterick, Lawson J. Oxley.

Winchester, Ky.—Miss Nola Jones. Lockland, O.—Mrs. Margaret Jones.

Shelbyville, Ky.—Miss Mary C. Bird. Versailles, Ky.—Daniel M. Bowmar (in charge of party).

**SEWING CIRCLE GOSSIP**  
There was some discussion at the Sewing Circle this week about the location of the tomb of King Tut. The wife of the new Bank Manager said she knew exactly where it was, for she had spent a winter in Egypt, and had been in Luxor frequently. "And ladies," said she, "that reminds me. If you would have a breakfast beverage that is delicious, fragrant, and satisfying, you should tell your grocer to send you a tin of LUXOR COFFEE. This coffee, I can assure you, has a flavour and aroma which surpasses that of any coffee you have hitherto used. Say to your grocer that you must have LUXOR COFFEE and refuse to accept it if he sends you any other kind."

**FOR A NEAT TOWN**  
To the Editor of THE ACADIAN  
Dear Sir,—In your issue of last week there appeared a letter signed by a highly esteemed citizen, calling attention to certain unsightly conditions which obtain in a section of this generally charming town. With the sentiment expressed in this letter I most heartily concur. Certainly we should not permit to exist any unnecessary disfigurements of our scenery, particularly at this season when our town is thronged by summer visitors.

In this connection I beg to call the attention of the tourist committee of the Board of Trade to the fact that in front of the Boy Scout Building on Central avenue two concrete mixers and a wheelbarrow have occupied a prominent place for some time past. If there is one institution more than another of which Wolfville citizens are proud it is its successful operations in connection with the Boy Scout work. Naturally the headquarters for this

work might be regarded as an object for the attention of visitors. Generally these premises present a creditable appearance, which is certainly not the case now. When the day is a broil and your mouth is parched, you're tired. That's a rule of nature, and it prescribes refreshment. And when you take a pleasant cooling drink of something good, you're suddenly on your toes again. Take nature's hint when you're thirsty. A nice cool drink of Tennant's Oxola is exactly the prescription you need. At the first mouthful the fatigue will lift. It has the effect of a breath of fresh air, when you have been closed up all day. And it tastes so good. While waiting for your Luncheon or Dinner to get ready at

The committee in charge of Friday's tea was as follows: Mrs. Hilchie, Mrs. Greenough, Mrs. Edward Eaton; the programme committee being Mrs. Payzant Cox, Mrs. R. A. Porter, Mrs. Edwin Eaton. The meeting closed with the Club Women's Creed—"Keep us, Oh God, from pettiness. Let us be large in thought, in order, and in deed. Let us be done with fault finding, and leave off self-seeking. May we put away pretense, and meet each other face to face without self pity and without prejudice. May we never be hasty in judgment, and always generous. Let us take time for all things. Make us to grow calm, serene, and gentle. Teach us to put into action our better impulses, to be straightforward and unafraid. Grant we may realize it is the little things that create differences, that in the big things of life we are one. And may we strive to touch and to know the great, common, women's heart of us all; and, Oh God, let us not forget to be kind."

At the close of the meeting an enjoyable hour was spent over the tea-cups.

HOW TO CLEAN RUSTED RIMS

Unless exceptional care is taken every car that uses the clincher rim is liable to damage the tires because of rust inside the rims. This rust accumulates when the car is driven over wet roads, and when it dries it grinds the tire, cutting it through near the rim.

The fabric then rots. When the rims have become rusted they can be quickly and easily cleaned. For rear wheels jack up the car and remove the tire. Take a discarded file and put on a handle, so that it may be used safely.

The motor is then started running as slowly as possible, and will cause the wheel to spin. Set the edge of the file against the rusted rim and as the wheel revolves it will scrape away the rust coat. Better wear gloves during the operation, as a slip would likely mean some skinned knuckles.

This scraping should be continued until the inside of the rim is entirely free from rust, being careful to see that the clincher and its edge get their share. After this operation the rim should be given at least two coats of good rim paint, allowing each coat to dry well before putting on the tire. This should be done at least once a year to get full tire mileage.

Government Wins Two More Seats By the Absentee Vote.

VICTORIA, B. C., July 17.—The Liberal government leaders are jubilant over winning North Vancouver and Fort George on the count of absentee ballots.

The Liberals now have twenty-two straight seats and count on the support of Major R. J. Burde, Independent, Abern, and P. Allison, Independent Liberal, Cosmo, making a total strength of twenty-four in a house of 48 members.

To this they expect to add one more Vancouver seat, hoping that Mrs. Ralph Smith will receive enough absentee votes to defeat her opponent of the Provincial party.

Standing of the parties today were: Liberals 22; Conservatives 17; Provincial Party 4; Laborites 3; Independents 2.

Railways now Preparing for Harvest Rush

Interior view of one of the new lunch counter cars operated on Canadian Pacific lines. Harvesters' train leaving St. Anne de Bellevue. Interior view of Colonist car used on harvesters' trains.

Cutting of all wheat is expected to begin within a week, says a report of the Ontario Department of Agriculture, and as a rule fall wheat is looking very promising.

Western reports are also very encouraging, but just what the harvest is expected to be will not be generally known until representatives of the three prairie Provincial Governments and the two railways meet in Winnipeg to discuss the labor situation and the best means of securing help to harvest whatever crop there is.

However, the crop reports issued to date by the Agricultural Department of the Canadian Pacific Railway have been very optimistic and this company is already gathering and distributing equipment to various points in anticipation of a heavy movement of harvest workers.

The movement of harvesters has developed into quite a department in railroad transportation offices. As once the movement starts it must be rushed through to completion as speedily and effectively as possible, the attention of a large staff of men is concentrated for nearly a month before, during and for some time after the rush on assembling equipment, distributing it to the various parts of the country from whence the harvesters are drawn.

making up the special trains, securing supplies for the lunch cars, and the hundred and one things which have to be looked after in order to ensure smooth running and of which the traveler usually knows nothing and probably cares less.

During the last four years the Canadian Pacific Railway has handled some 85,000 west-bound harvesters. Last year this Company inaugurated the Lunch Counter car which afforded facilities hitherto unknown to excursionists and, although perhaps not as a direct result of this innovation, over 26,000 men travelled in special trains over Canadian Pacific lines.

This year the Company is making practically the same preparation as last. As soon as it is known just how many are required to work in the harvest the excursions will be arranged and trains made up. The excursions originate from as far east as the Maritimes and as far west as the border of Ontario, but all are of the same type as far as rail equipment is concerned.

Colonist cars are used which afford comfortable seating during the day, facilities are afforded those who wish to prepare their own meals in a small kitchen at the end of each car, and at night bunks may be pulled down as an upper berth or the seats extended to afford comfortable sleeping quarters. The lunch counter car in which as many as fifty men can take a meal at the same time is an important section of the train.

methods—they are altogether  
different things.

There are a certain number of prin-

**THE SHAD FISHERY**

The shad fishery has been an im-  
portant one in the valley from the very  
earliest times up to the present. In  
1908-09 a commission was appointed  
by the Dominion Government to in-  
quire into the cause of its great deple-  
tion; but as in the case of the lobster  
fishery no practical step followed and  
so the depletion went on until about  
six years ago when all fishing of this  
fish had to be prohibited.

The suspension of fishing did good  
and shad began to come back. It is  
for this reason that the catches of this  
fish during the past two seasons have  
improved so much. Notwithstanding  
this improvement, however, its fate,  
like that of the sockeye salmon in the  
Fraser river, B. C., will be to decrease  
in numbers until the fishery as a com-  
mercial enterprise will cease to be pro-  
fitable—the mere ghost of what it once  
was.

It was because of this impending de-  
pletion that the Biological Board of  
Canada four years ago detailed a sci-  
entist to ascertain the possibility of  
increasing its numbers in all regions  
where it was once so abundant. For  
this animal was not merely abundant,  
was widespread in the area which it  
occupied in Canada. It was found in  
the St. Lawrence river and ascended  
the Ottawa as well. It occurred in the  
Miramichi river and gulf; also the St.  
John harbour and went up the river  
as far as Grand Falls. As every Annapo-  
olis valley resident knows the shad  
abounded in Minas Basin and in nearly  
all the fresh water streams or rivers  
which flowed into the Basin. Chignecto  
bay and its inflowing rivers were  
full of this toothsome fish.

No wonder then that the Biological  
Board, a scientific organization whose  
duty it is to study fishery problems,  
assigned a special worker, Dr. A. H.  
Leim, to make a thorough study of its  
life history. He began his work in 1920  
on the Shubenacadie river and has  
continued it up to the present. As ev-  
eryone knows, the shad spends three  
quarters of its life in the sea and about  
one quarter, that is its first year, in  
the river where it is born. At four years of  
age it leaves the sea, in May or June,  
and ascends fresh water rivers to lay  
its eggs. If the water is cold the eggs all  
die; but if the temperature is 53° F. or  
54° F. about 10 to 15 per cent. of them  
live. Dr. Leim discovered, however,  
after hundreds of experiments that if  
the eggs are transported from cold fresh  
water to slightly brackish water at  
60° F. to 65° F. temperature then all  
the eggs hatch out and the fry survive.

The Biological Board has, therefore,  
asked the Department of Fisheries to  
try Dr. Leim's experiments on a large  
scale, and if this is done there is no doubt  
that with the great increase of living  
fry that can be brought about, an im-  
mense production of shad can be ob-  
tained over what can be obtained from  
breeding in cold fresh water. Dr. Knight,  
the chairman of the Biological Board,  
was in town last week, trying to inter-  
est the public in this attempt to increase  
the food supply from this fishery. Dr.  
Leim's report will be published shortly  
and copies of it may be had on appli-  
cation to the Fisheries Department at  
Ottawa.

**THE OTHER FELLOW'S JOB**

When you think the other fellow  
Has the job you'd like to do—  
Don't feel discontented,  
He may think the same of you.

He may look with eyes of longing  
At this job you'd fain disown—  
For every job looks good to someone,  
If the job is not his own.

His may look an easy pathway;  
He may not even seem to try—  
But depend, he's had his heartaches,  
Just the same as you or I.

Your road may have its furrows,  
Its ruts and hard spots, too;  
But don't always blame the job man—  
Perhaps the trouble lies with you.

Every man who'd reach Life's hilltop  
Must be prepared to plod his way—  
For not magic wand nor airplane  
Can land you there in just a day.

Be your job a big or small one,  
In Life's game it plays a part  
In service to your fellow-men:  
So plug with all your heart.

There's advancement for the pluggin'  
For the man who plays the man—  
Who worries not what others do,  
But does the best he can.

OTTAWA.—The supplementary esti-  
mates amounting to \$6,604,000 added  
to the main estimates of \$400,571,000,  
bring the total to date this session up  
to \$407,175,000. This does not include  
a loan of \$5,000,000 to Vancouver har-  
bor commissioners. If anything is done  
for the Home Bank depositors it will  
have to take the form of another vote.  
Last year the supplementary esti-  
mates amounted to \$14,711,000, and  
there was a further supplementary of  
\$40,000. The first supplementary last  
year was swollen through an item of  
\$4,000,000 in the form of loans to the  
provinces for housing.

**EIGHTH**  
of the series dealing with the establishment of the  
**BANK OF MONTREAL** at representative points in CANADA  
and elsewhere

**IN THE CAPITALS OF CANADA**

THE year 1867, when the foundations of modern Can-  
ada were laid by Confederation, was the year in which  
the Bank of Montreal celebrated the 50th anniversary  
of its foundation. By that time the Bank was already  
a strong and stable institution, with Branches well dis-  
tributed throughout Upper and Lower Canada.

Established in Montreal in 1817, the Bank opened an Office in Quebec

**This way clever  
women resist the years**

*The simplest beauty secret known—  
but the most effective*

Every day you see women well  
along in years, who still retain  
the charm of youthful, lovely  
skin. They are not unusually for-  
tunate—just clever enough to  
resist the years!

They know and follow a simple  
method, which you may employ  
as successfully as they do. This  
tells you how.

**Authorities advise this:**  
Cleanse the skin regularly, ac-

**The simple, correct way**  
You cannot find a more effec-  
tive beauty treatment. Because  
Palmolive Soap is blended of  
rare palm and olive oils—famous  
for mild but thorough cleansing  
qualities since the days of Cleo-  
patra. And it is inexpensive.

Be sure you get Palmolive Soap  
—which is never sold unwrapped.  
All dealers have it. Then try this  
method. Watch the improve-  
ment in your skin.

It is very economical. So let  
Palmolive do for your whole  
body what it does for the face.

If the water is cold the eggs all  
die; but if the temperature is 53° F. or  
54° F. about 10 to 15 per cent. of them  
live. Dr. Leim discovered, however,  
after hundreds of experiments that if  
the eggs are transported from cold fresh  
water to slightly brackish water at  
60° F. to 65° F. temperature then all  
the eggs hatch out and the fry survive.

The Biological Board has, therefore,  
asked the Department of Fisheries to  
try Dr. Leim's experiments on a large  
scale, and if this is done there is no doubt  
that with the great increase of living  
fry that can be brought about, an im-  
mense production of shad can be ob-  
tained over what can be obtained from  
breeding in cold fresh water. Dr. Knight,  
the chairman of the Biological Board,  
was in town last week, trying to inter-  
est the public in this attempt to increase  
the food supply from this fishery. Dr.  
Leim's report will be published shortly  
and copies of it may be had on appli-  
cation to the Fisheries Department at  
Ottawa.

## PORT WILLIAMS AND VICINITY

The many friends of Rev. F. H. Beals were pained to learn of the very serious operation he underwent last week at the Fyazant Memorial Hospital, Windsor. Mr. Beals ministered to this community for ten years while pastor of the Canard Baptist church and his life exemplified his preaching in his high Christian ideals.

Mrs. H. B. Marriott, of Town Plot, has as her guests her brother, Mr. Talbot, and his wife and son Paul, of Porto Rico, W. I.

Mr. J. W. Harvey is again confined to his bed through illness. Dr. Grant, of Wolfville, is in attendance.

Mr. Francis Daniels returned on Friday to his work at Royal Bank after a two weeks holiday.

Master Gerald Waldo Gates spent last week in Canard with his aunt, Mrs. Howard Burbridge.

Mrs. Geo. Mosher and son, of Shubenacadie, are visiting Mr. Mosher.

Mrs. N. H. Newcombe went to Bridgetown on Wednesday to attend the funeral of her uncle Jas. Quirk, Esq., who was for many years associated in business with Mrs. Newcombe's father, the late Robt. Fitz Randolph, Esq.

Mrs. Sims, of West Gore, Hants Co., is visiting her daughter, Mrs. Wm. Graves.

Mrs. Stoddard, of Halifax, and son are guests of her sister, Mrs. Stanley Barkhouse.

Mr. Clarence Lovelace, of Boston, who is making his annual summer visit with relatives in Kings Co., was the guest of his cousin, Mr. G. C. Ellis, last week.

Mr. and Mrs. Harry Lorison and son, of Sackville, who are on a motor trip through the province, spent Friday the guests of Mrs. Lorison's aunt, Mrs. O. G. Cogswell.

Mr. Harvey Brown, of Pennsylvania, is spending his vacation at the Parsonage. His wife, who has been with her parents since the first of June, will return with him on Friday next.

Mrs. Jessie Walton, of Halifax, is visiting her niece, Mrs. M. K. Ellis.

Mrs. Justin Gates and family are enjoying life at Evangeline Beach for two weeks, having taken Mrs. Black's cottage.

Mrs. L. N. Cogswell and her son John, of Toronto, spent the week enjoying the breezes at Halls Harbour.

Mrs. McEwan and daughter Margaret, with Geraldine Clarke, are guests at the Smallman Cottage at Evangeline Beach.

Roe Augusta, of Calais, Me., is spending his holidays with his grandfather, Mr. Vernon Griffin.

Mrs. Robt. Mahwinney, of Amherst, with two children are spending two weeks with her parents, Mr. and Mrs. A. K. Gates, while her husband is on a business trip to Newfoundland.

Her sister, Mrs. (Rev.) J. W. Meisner, of Falmouth, with her two children are also at her old home for a visit.

Wm. Sutton, of Berwick, is visiting Mr. Robt. Murphy.

Dr. Lillian Chase, of Toronto, is visiting friends in Wolfville and will go from there to Fredericton for a trip.

Dr. Margaret Chase, of Halifax, is in P. E. I. and will go from there to Montreal for her vacation.

Misses Irene Gates and Lou Kinsman have returned from an enjoyable trip around the south shore.

Mrs. Healey and daughter Minnie are occupying their summer cottage at Kingsport.

Mrs. Lotan Burgess has as her guests Thos. and Wm. Lowe, twin brothers from Halifax.

Mrs. Campbell Clarke and baby, with Misses Mary Vaughan, Lucy Cogswell and Cassie Faulkner, have taken a cottage at Evangeline Beach for two weeks.

The buildings on the farm of Mr. D. D. Sutton, at Starr's Point, had a narrow escape from destruction by fire on Tuesday afternoon. At about 1 o'clock the alarm was given and neighbors quickly responded. The fire was in the roof and was quickly put out by the use of "fire extinguishers" and the application of water. What in a very short time would have become a big conflagration was soon extinguished with comparatively slight damage.

## GREENWICH

A good number from here motored to Kentville last Tuesday evening and enjoyed the music of the splendid band.

The many friends in this community of Rev. F. H. Beals, a former pastor of the Baptist church at Port Williams, deeply regret to learn that he had to be taken from his home in Hantsport to the P. M. Hospital, Windsor, to undergo a serious operation.

Mrs. Thomas Fraser, of Scotts Bay, who also has many friends here, is we are glad to learn, now doing well, having recently undergone a serious operation at V. G. Hospital, Halifax. Complete recovery to health is now hoped for.

Little Miss Naomia Cox, of Clarence, Annapolis Co., who has been visiting at the home of her aunt, Mrs. Harry Neary, since school closed, was the guest of honour at a large party of little girls last Wednesday afternoon, given by Mrs. Neary at her home. A most enjoyable time was spent.

Mrs. Spidell, nee Etnel Forsythe, of Massachusetts, arrived last Wednesday afternoon and is a guest for a month at the home of her parents, Mr. and Mrs. James E. Forsythe, and relatives in other parts of the county.

Mr. and Mrs. John Harvey and two sons, of Connecticut, have been guests of the former's mother, Mrs. Emma Harvey, and sister, Mrs. Lee Bishop. They have visited their sister, Mrs. Maurice Williams, Kentville, and other relatives.

Mrs. Cox, of Truro, spent the week end at the home of her uncle and aunt, Mr. and Mrs. T. A. Pearson.

Mr. and Mrs. Pearson and family motored to Kingston and Middleton on Sunday, returning that evening. Mrs. Tufts, a sister of Mr. Pearson, who has been their guest for a week, returning home that day to Kingston.

Miss Betty Morgan, of Halifax, spent the week end with her cousins, Mr. and Mrs. John Fenwick.

Mrs. Grace Andrew was hostess to a number of the young people at a very pleasant party on Saturday evening, in honour of her son John, who is home on vacation.

Mr. Maurice Bishop, who has spent over a year in Lynn, Mass., arrived home on Monday for a vacation of a few weeks. He motored all the way with a party of friends, who were on their way to Granville Ferry, leaving Lynn early on Saturday morning and arriving here before noon, Monday, having spent Sunday night in Truro.

Mr. and Mrs. Hazen Bishop, accompanied by Mr. and Mrs. Enoch Bishop, Wolfville, left on Wednesday in the former's automobile for a trip to New Jersey, U. S. A., expecting to be gone three weeks. They took tents and will camp out each night while away. We wish them an enjoyable and safe trip.

**THE MISSIONARY CONFERENCE**

(Continued from Page 1.)

ane: in 1889, religious liberty was granted. Mr. Armstrong quoted these dates to show what progress has been made in a half-century. There were only ten Christians in Japan between 1859 and 1872, now they were 135,000.

The Island of Formosa, belonging to Japan, has two missions belonging to the English Presbyterians and the Canadian Presbyterians. The Canadian Presbyterian mission was started by Rev. George MacKay, of Ontario. As Mr. MacKay was a nature lover, he taught his students of God through nature. In Korea the missions had been under way for 40 years, and at present there were 200,000 Christians who are members of Protestant churches.

On Friday the regular program was continued with Rev. W. S. Tedford leading the evening platform meeting. Mr. Tedford belongs to the Canadian Baptist mission in southeastern India, and his message, though broad in its scope, was more particularly from his own section under the title of "Voices from the Field". As in all missions there was heard the voice of need. Throughout India there are thousands of villages where the name of Christ had never

been heard and where the people were enshrouded in the darkness of heathenism. Mr. Tedford made an appeal to his audience to carry on the work so well begun.

On Saturday evening Rev. Dr. Patterson spoke on Home Missions. Always an interesting speaker his message was enthusiastically received by the attention which was given it.

On Sunday evening the congregation of the various churches met at the Baptist church after the regular services and were interestingly addressed by Rev. J. M. Waters, of Central India.

One of the most interesting sessions of the Conference was the meeting on Monday evening in the Carnegie Science Hall at which Rev. A. E. Armstrong gave an illustrated lecture on his tour through India. Mr. Armstrong showed views of the different Mission Stations as well as scenic slides of the country.

**SELDON V. SANFORD**

One of the best known and most highly esteemed and respected residents of Western Kings passed away at his home at Weston on Wednesday evening, July 23, 1924, in the person of Mr. Seldon V. Sanford. Death occurred after a prolonged illness from cancer, and was heard of by many sorrowing friends. The deceased was a son of Deacon Charles Sanford and was born at Weston sixty-two years ago. He was a man of sterling qualities who freely gave himself to everything that tended to promote community welfare. In the great work of temperance reform he was an earnest and courageous worker as many of his associates in the old Kings County Temperance Alliance can testify. A consistent and faithful member in the Berwick Baptist church, his influence was always on the side of right.

His wife, who was a Miss Shaw, died some years ago, and he is survived by two sons, Everett in Weston, and Carl in Woodville; and one daughter, Edna at home; also by his aged father, who is ninety-five years old; two brothers—Charles Sanford, a lawyer, in St. John, and Frank in Winnipeg, and four sisters—Mrs. Edward Bartenex and Mrs. Harry Saunders, both of Weston, Mrs. Bowlby, of Aylesford, and Mrs. Charlton, of Truro. The funeral took place on Thursday afternoon and was conducted by Rev. P. R. Hayden, pastor of the Berwick Baptist church.

**CROP PROSPECTS**

The following summary of conditions regarding the crops in the Maritime Provinces is from the estimate furnished by the head office of the Bank of Montreal, for the week ending July 17th:

**New Brunswick:** Recent showers have benefited all crops. Potatoes, on which crop much depends, are looking well. Owing to lack of sufficient rain the hay crop in most places will be light. Grass pasture only fair. Nova Scotia and Prince Edward Island: Crops generally good, but more rain would be beneficial. Hay and grass pasture in good condition. Apple crop looks well, but perhaps ripening too quickly.

## ARIZONA SCENES IN PARAMOUNT PICTURE

Arizona—frowning red walls of rock, vast rolling stretches of cedar-dotted land. So it is described by Zane Grey, author of the Paramount picture, "The Call of the Canyon", which will be shown at the Orpheum Theatre next Wednesday and Thursday. Every western scene in this picture is genuine and was filmed on the spot described by the author in his novel, a gripping love drama of Arizona and a story of intense heart appeal. Featuring Richard Dix, Lois Wilson and Marjorie Daw.

The British Preference was defeated by six votes in the British House of Commons, 272 votes for, 278 votes against. Best opinions are that this preference will be granted within a few years, and growers having trees then coming in bearing will be in a position to take advantage of same.

We strongly recommend growers planting the Winesap for a well colored, long-keeping dessert apple, highly appreciated on the British markets.

## WANT MEDIUM SIZES

A considerable amount of Canadian boxed apples went to Hamburg, Germany, during the past shipping season. Some were shipped direct, some re-exported from Great Britain. It was noticeable that the popular sizes were the 150's and 163's. Anything larger than 125's was discounted. The same peculiarity was noted on the English market. Large apples in the box cost the consumer too much each to be popular on the European market.

## HANTSPORT HAPPENINGS

Rev. F. E. Barrett, of Windsor, occupied the pulpit of the Methodist church on Sunday evening. Mr. Barrett was a former pastor of the church and was listened to by a large congregation.

The service in the Baptist church was conducted by Rev. Mr. Outerbridge in the morning, and in the evening by Prof. DeWolfe, of the faculty of Acadia, who administered the ordinance of Baptism to six candidates. At this service the choir rendered special music, there being two male quartettes also an anthem by the choir.

The monthly business meeting of the W. M. S. was held in the schoolroom of the Presbyterian church on Wednesday afternoon. The president, Mrs. (Dr.) Dickie presided. Minute of last meeting read and approved and different phases of business transacted, after which the delegate, Mrs. W. Bradshaw, read her report of the forty-eighth annual session of the Halifax Presbyterian which convened in St. Pauls church, Kentville, on July 2nd and 3rd.

Mr. and Mrs. R. A. Beckwith had for their week end guest Rev. P. A. Walker, of Amherst, who was in attendance at the Missionary conference at Wolfville last week.

Mrs. O. Frame and son, Mr. F. Frame, Mrs. W. Ogilvie, Mrs. J. McDonald, Miss Mary McDonald, of Gays River, visited at the home of Dr. and Mrs. Dickie last week.

Mr. Roy Gordon, of Milton, motored to Hantsport last week. Mrs. Gordon and son, who have been the guests of Mr. and Mrs. F. Hart, returned home with him.

The many friends of Mrs. G. W. Davison, of Roxbury, Mass., formerly of Hantsport, who has been seriously ill in the hospital at Agdensburg, N. Y., will be pleased to learn that she is recovering and hope she may soon be able to return home.

Mrs. Welton Davison and daughter, Mrs. McKenzie (nee Ray Davison), and little daughter, of Boston, are guests of Mrs. B. Davison. Mrs. Davison and family removed to Boston a number of years ago. They are being warmly welcomed by a host of friends.

Miss Gladys Gammon, of New Glasgow, is visiting her aunt, Mrs. Capt. A. Lawrence.

Miss Nellie Adams, R.N., of Boston, is spending her annual vacation at the home of Mr. and Mrs. Lester.

Dr. Armstrong, of Toronto; Dr. and Mrs. Waters, missionaries to India; Rev. R. S. Forbes, of Scotsbrn; and Miss Cox, of Upper Stewiacke, visited friends in Hantsport on Friday.

Mr. and Mrs. Joe Davison, of Montreal, and Miss Grace Shaw, of Boston, are guests of Mr. and Mrs. Hedley V. Bishop.

Mr. O. Prestwood, of Boston, is visiting his parents, Rev. J. W. and Mrs. Prestwood.

Mrs. (Capt.) Young and family returned last week from Truro, where they were visiting Mrs. Young's parents, Mr. and Mrs. O. Gay.

Mr. and Mrs. Coffin and Mr. A. Davison are visiting relatives in town. Miss Eliza Shaw has severed her connection with the Telephone Co. and left on Friday for Montreal, where she will undergo treatment on her eyes.

Miss Mary Perry, of the Yarmouth hospital, is home for her annual vacation.

Mr. Geo. Swaine is very ill at his home here. His many friends hope soon to hear of an improvement in his condition.

Mrs. (Rev.) A. W. Weir, of Wallace, is the guest of her parents, Capt. and Mrs. A. Lawrence.

Mr. Frank Beazley is spending two weeks vacation at his home here.

The friends of Miss Marjorie Whitman tendered her a miscellaneous shower at the bungalow of Mr. and Mrs. Chas. Wood on Thursday evening. She was the recipient of a large number of pretty and useful gifts. Her marriage to Mr. Robert Feintot will take place in the near future.

Miss Margaret Greer, of Joggins, is the guest of her friend, Miss Mary Clark.

Mr. W. R. Clarke, of Boston, is visiting Mrs. L. H. Coldwell, Holmes Hill.

Miss Rosamund Delaney, of New York, is visiting at Mrs. D. Fraser's, Main street.

A most enjoyable beach party was given by Miss Frances Woolaver on Friday evening, when about forty guests assembled on the beach near the Stony Culvert. A huge bonfire was lighted and during the evening delicious coffee and other refreshments were served.

Mrs. Coalteet, daughter of Mr. and Mrs. A. W. Pattison, is visiting at the home of her parents on Main street. Her husband is chief engineer in a big steamer sailing out of New York, and she expects to remain in Hantsport for the summer.

## DISTINGUISHED SAILOR TO OPEN CANADIAN NATIONAL EXHIBITION

Vice-Admiral Sir Frederick Field, (right inset), Commander of the British Special Service Squadron touring the world, will be the guest of honor at Canada's National Exhibition in Toronto this fall and will officiate at the opening ceremony. "Hood", the most powerful piece of armament afloat.

school for the Blind, Halifax, and at the closing lead in many of her classes. While there she endeared herself to the hearts of the teachers and fellow students, who will regret exceedingly to hear of her demise. On her return, none was stricken with illness, when at first was not considered serious but ultimately resulted in her death. All was done that medical skill and loving hands could do. She is survived by a sorrowing mother, one brother, Lorne, and one sister, Beulah, at home, and who have the sympathy of the entire community. The funeral services were held from the home on Wednesday afternoon conducted by Rev. A. B. Higgins, pastor of the Methodist church, of which the deceased was an adherent, and assisted by the Rev. Mr. Outerbridge and Rev. J. W. Prestwood, B.D. The male quartette impressively rendered "We are Going Down the Valley". The choir also sang several favorite hymns, "Does Jesus Care" and "He Lifted Me". Interment in Riverbank Cemetery.

The floral offerings which were very profuse and beautiful, testifying to the esteem in which the deceased was held were as follows: pillow, from the family; spray, Mr. and Mrs. T. ## HANTSPORT VISITORS

Hantsport people are very glad to welcome so many summer visitors as have been with us during the past few weeks. These include many old time residents, come to renew past-time acquaintances and view once more the scenes of earlier days. That they are glad to get back to the home town is beyond question when we note the interest which they manifest in the improvements which have been made and the cordiality of the welcome extended to them. This is "old home province" and the very spirit which pervades the occasion is manifest everywhere. Who can predict the effect of such a home coming, which might best of all manifest itself in a determination on the part of some at least of the sons and daughters of Hantsport to return permanently to end their days in the old land. They have travelled far and seen much of the world, and the majority of them have made good in the land of their adoption.

## THE OLD OAK

Yon aged oak with arms outspread,  
Protective arms and lofty head,  
Long years ago was but a seed,  
An acorn dropped upon the mead.

Grand sentinel it long hath stood;  
Seen some of evil—much of good,  
And children innocent and fair  
Have played and sung and gambled there.

The Indian youth and Indian maid  
Have sat beneath its generous shade;  
Indian mothers and Indian fires,  
Have made beneath its shade their fires.

The Iroquois and Micmac chief  
Their councils held—orations brief  
But eloquent were uttered there  
Beneath this oak so grand—so rare.

Much of sadness this oak hath seen,  
Looked on the stricken from its boughs of green  
When the mourners walked down the quiet lane  
Behind their dead in grief and pain.

Much of joy it hath witnessed too;  
Glad was the sailor in suit of blue  
As he came from his ship on the pebbly beach  
While the joy in his heart bubbled o'er in speech.

For "home again" had the sailor come,  
E'en the oak was glad though its lips were dumb.  
Its heart of oak rejoiced to see  
The sailor home from the treacherous sea.

The above poem is from the pen of Hantsport's oldest lady residents, Mrs. John Davison, who notwithstanding her ninety odd years retains a youthful appearance and manner which gives no evidence of the fact. It was written at the request of a friend and is still referred to was, and perhaps is still in Hantsport. Mrs. Davison, who is a lady of unusual literary attainments, has promised the Hantsport Acadian

other contributions which we are sure will be read with interest.—Ed.

## STAGGERING FIGURES

A farm woman sat down with her pencil one rainy, dull day and figured up all the work she has done in the 30 years of her married life. In that time she had served 235,425 meals.  
She made 33,190 loaves of bread.  
She made 5,930 cakes.  
And 7,960 pies.  
She canned 1,550 quarts of fruit.  
Raised 7,660 chicks.  
Churned 5,460 pounds of butter.  
Put in 36,460 hours sweeping, washing and scrubbing.  
She estimates the worth of her labor conservatively at \$115,485.50, none of which she ever collected. But she swears she still loves her husband and her children and wouldn't mind starting all over again for them.

## HOME MAKING

Mothers are to blame for the low place home-keeping occupies in the minds of the rising generation. So, at least, thinks Miss Agnes H. Craig, supervisor of home economics in the public schools of Springfield, Mass. Miss Craig's theory is that mothers have so long harped on the drudgery and monotony of housework that their daughters have acquired a distaste for it. Let it be said right here on behalf of the mothers that housework for them has involved a great deal more drudgery than it will involve for their daughters—because the mothers did not have in past years, and many of them do not yet have, the conveniences and appliances which their daughters will have. Old fashioned housework, awkwardly arranged has constituted more of a burden than the younger women will, in many cases, be required to carry. Still

it would be a good thing for mothers to ponder the effect of oft-repeated complaints about their work. They might better apply a little Tom Sawyer strategy and thereby entice their daughters to share the tasks of the home. Home making is a necessary contribution of women to the marriage partnership. Servants are scarce and costly. If the art of doing things easily and well is cheerfully approached and mastered, the results will be far better than if the young wife's attitude is one of scornful superiority to the job she has so often heard her mother groaning over.
