Sir William Mulock Starts a Good Campaign

And Italian Interpreter Will Take the Matter Up.

Sir William Mulock, who tried the Greco murder case in this city at the recent assizes, has come out with a letter to the official interpreter, L. P. Scaronne, of Toronto, which should do more than anything that has yet been suggested to overcome the great evil of knives in the hands of Italians.

Sir William makes suggestions such as one would expect from a man of his experience and ability, and his letter, and Mr. Scaronne's reply will be read with interest. They are:

Dear Sir,—In view of the awful consequences of Giuseppe Greco having a knife in his possession at the moment when he felt an impulse to attack Reizzo, I would ask you to take steps to see that law into his own hands, and when a man so transgresses he not only does wrong to another, but brings down serious consequences on his own head.

No one in Canada has the right to take law into his own hands, and when a man so transgresses he not only does wrong to another, but brings down serious consequences on his own head.

Do your countrymen desire to save Greco's life? If they do, it occurs to me that when Greco's case comes up for consideration by His Excellency the Governor-General-in-Council, if it were shown that Greco's fellow-countrymen had organized a movement for the abolition of the practice which has brought him under sentence of death, and had individually pledged themselves to further such movement by precept and example, they might in this way strengthen the appeal for a commutation of his sentence, and perhaps turn the balance in his favor.

I therefore would urge you without delay to bring this most important matter before your fellow-countrymen with a view to a consideration of the question, and I would ask you to assure them that in my opinion their adoption of the course above suggested will in every respect be to their advantage.

Mr. Scaronne's answer, after expressing his thanks, etc., goes on to say: "I will at once call a meeting of my fellow-countrymen in this city and vicinity and take up with them the question of forming just such organization as you suggest, and hope and expect that your thoughtful and generous idea will be unanimously approved and carried out."

After the meeting has been held, I will take the pleasure of reporting to you the result.

Mr. Scaronne, the interpreter, came to Hamilton this morning and visited the High Court. He had an interview with a number of prominent Italians here and with others. He also arranged to call a meeting of Italians to be held in the parish hall of St. Mary's Cathedral on Saturday evening.

Swell Dance

London, June 11.—U. S. Ambassador and Mrs. Reid gave a dance at Dorchester House last night in honor of the Duke and Duchess of Connaught and the Princess Victoria Patricia. The Duke and Duchess and the Princess have just returned from a long stay in the Mediterranean. There were about three hundred guests, including many distinguished members of the nobility.

FOUND GUILTY OF CUTTING

And It Was Not Italians Who Did It.

William Randall Will be Sentenced Later.

True Bill Against Percy Servos for False Pretence.

William Randall was found guilty this morning at the General Sessions of the Peace, at the Court House, on a charge of cutting and wounding John Harris, an Italian, on March 20th last. It took the jury but a few minutes to arrive at the decision and Randall will in all probability be sentenced at the end of the sittings of the court.

S. F. Washington, K. C., Crown Attorney, outlined the case to the jury. He stated that the alleged stabbing took place on March 20th, of this year. Harris and Radzyk, two foreigners, were at the corner of Barton street and Sherman avenue, and were met by Randall and his friend, named Foster. The former wanted to sell the foreigners a watch for \$4. They offered him \$2.50. Randall saw the watch, struck Radzyk and knocking him down, Radzyk got up, saw a knife in Randall's hand, took it and threw it away. Foster went after the knife and brought it back, giving it to Randall again. Randall then stabbed Harris in the neck. Randall and Foster were placed under arrest.

Andrew Radzyk corroborated the evidence of Harris. He said that he saw a knife in Randall's hand, which he took away and threw among the bushes. Foster got the knife again and handed it to Randall, who then stabbed Harris in the neck.

The constable who arrested Randall said that he heard the prisoner talking to himself about an Italian trying to pull a knife on him. The prisoner, Randall, said he was under the influence of liquor at the time. He admitted that he had stabbed Harris, but claimed it was in self defense, as the foreigners were getting ready to beat the life out of him.

His Honor, Judge Snider, said there was little to explain to the jury. Randall admitted he had stabbed Harris, and it was only a question of self-defense or not. He pointed out the main facts of the case, and informed the jury it was for them to decide. The jury returned after being out ten minutes with a verdict of guilty, with a recommendation for the mercy of the court, on account of the prisoner's previous good character.

M. J. O'Reilly appeared for the prisoner.

The next case taken up was of a similar nature. William Roberts was charged with cutting and wounding John Lane, on May 8th, in Goldberg's Hotel. The altercation took place in the evening. Lane, in giving his story, said that he was in the bar with Roberts, and noticed some one swinging the screen door, and continued that room and the bar. It continued for some length of time, and he at last became exasperated and walked out. Seeing Roberts swinging the door, he told him to stop, and after warning him, he slapped Roberts in the face. Roberts made a lunge at him with a knife, stabbing him in the chest.

Dr. Gillrie said he attended Lane for about two weeks. Roberts was treated by P. C. Tuck. Roberts was arrested by P. C. Tuck, and the watch was stolen out of his pocket, but he did not miss it till he reached his hotel, and then he reported it to the police. He could give only a poor description of the watch, and the police have little hope of recovering it.

ROBBERD OF HIS WATCH. Charles Thornton, of Toronto, was the first victim of race followers in this city. Last Saturday in Toronto he attended the annual police sale and bought a watch. While coming uptown from the races in a street car here last evening the watch was stolen out of his pocket, but he did not miss it till he reached his hotel, and then he reported it to the police. He could give only a poor description of the watch, and the police have little hope of recovering it.

Picketing Not Illegal—Several Marriages Yesterday.

(Special Despatch to the Times.) Brantford, June 11.—The long drawn out differences between the Police Court authorities and the Iron Mounters' Union over the right of the latter to establish pickets in the strike district at the Buck stove works ended here yesterday in a victory for the strikers, when decision in favor of them was handed out by His Honor Judge Hardy. The hundred moulders were committed for trial by Magistrate Livingston, and two sample cases were taken up at the County Court of the General Sessions of the Peace. The defendants were James Naulty and M. J. Robbins. Crown Attorney Wilkes prosecuted, and J. G. O'Donoghue, of Toronto, acted for the defence. It was contended by the prosecution that the presence of the pickets amounted to nothing more or less than a besetting of the works in order to intimidate or restrain non-union men from entering the works. The defence claimed that the pickets were there simply to give and to receive information, which was their lawful right as citizens. Although several acts of violence had taken place, the prosecution failed to prove any intimidation having been practised. Judge Hardy, in view of this rendered judgment in favor of the union, and sustained (Continued on page 5.)

HAS RESIGNED PASTORATE.

Rev. C. J. Triggerson Leaving Victoria Ave. Church.

Resignation Will Take Effect Almost At Once.

Rev. C. J. Triggerson, the popular pastor of Victoria Avenue Baptist Church tendered his resignation of the pastorate last evening, at the close of the weekly prayer service. He had privately informed some of the leading officials, so that the announcement was not a surprise. The resignation was accepted and will take effect almost immediately as Rev. Mr. Triggerson purports going into University work in a very short time. He will pursue post graduate work at the University of Chicago, for which he has been preparing for months, and will attend the special summer term which opens about the beginning of July. After his post graduate course he will devote himself to university work.

British investors are afraid to invest their money in Canada since Whitney began to interfere with private enterprise. That's why John Patterson can't get money to build his road. No doubt the temperance people will be delighted to hear that Mr. Whitney will probably abolish the three-fifths clause in time for the vote on the abolition of the local option by-laws, three years hence.

I wonder what the next newspaper fake will be.

The Sam Blake sermonettes need deodorizing.

If the Hydro-Electric power by-law passes I fear that the workmen's little homes will have to bear the brunt of the expense. That's the pity of it.

Mr. Penne says the Tories spared no expense to defeat him.

Toronto must be an awful place to live in. Just think of being boxed up with that gang of Tories.

Another thing: How many workmen depend upon the Cataract Co., the Street Railway, the Radial and the others for their bread and butter?

Roselle Knott Not Able to Visit in Hamilton.

Roselle Knott, who has been under the doctor's care for some time, was barely able to finish her season, which closed at the Princess Theatre, Toronto, on Saturday last. She had intended visiting her mother, Mrs. Thomas Knott, here, but her doctors have ordered her to the seaside, and she leaves tonight from Toronto for her home on East Elmhurst, Long Island. The doctors hope to have her strong enough for the tercentenary in Quebec, where she has been asked, by special favor, to play before the Prince of Wales. Her next tour will be to Australia, and her husband, Mr. Ernest Shipman, while there this summer, will make all arrangements for it.

Society Growing

Boston, June 11.—The rapid growth of the United Society of Christian Endeavor was told by the founder of the society, Rev. Francis E. Kirk, in his annual report to the board of trustees at the annual meeting yesterday. The figures show a net gain of over 1,266 societies and about 50,000 members, making a net enrollment of 70,440 societies. All the old officers were re-elected: Among the new trustees are the following: Rev. A. A. Shaw, Winnipeg, Man., and Rev. E. H. Tippet, Montreal, Que.

We may yet have to come to compulsory voting. Too many absentees on Monday.

It seems we are not dying fast enough to please the Cemetery Board. A few more funerals and the place would be self-sustaining.

Well, if we don't get the street railway extensions in this deal, it will be many a long day before we will get them. We can't force them.

I suppose Whitney will now increase his expenditure to sidetrack immigrants to this Province.

MAY BUILD NEW CANAL.

Cheaper to Do That Than Deepen Welland Canal.

Important Statement Made by Mr Graham in the House.

Commons Now Considering the Estimates For Canals.

(Special Despatch to the Times.) Ottawa, Ont., June 11.—The House went into supply on the estimates for canals. Replying to a number of questions by Mr. Lancaster, Hon. Mr. Graham said that if Canada was to hold its own in carrying its own traffic and to cope with the American traffic, the Welland Canal would have to be deepened to 25 feet. He had been and was proceeding to collect data and opinions on the subject. In the opinion of some very prominent engineers it would be better and cheaper to build an absolutely new canal than to undertake to deepen the present canal to the depth stated. By the new canal the route would be shortened and the number of lock gates reduced by 75 per cent. He would not like it to be understood as a carefully prepared estimate, but it had been calculated that the cost of the new canal might be between \$25,000,000 and \$30,000,000. In the Commons this morning Sir Wilfrid Laurier told Mr. Borden that the Government would bring in a bill relative to the Quebec bridge. With the exception of this and some amendments (Continued on page 3.)

HITCHCOCK NOT GUILTY, But Held on Other Charges of a Similar Kind.

Prisoners in the Tomb Give Him the Glad Hand.

New York, June 11.—The jury in the case of Raymond Hitchcock returned a verdict of not guilty, early this morning. When Hitchcock reached the Tombs prison after his acquittal he was the centre of a remarkable demonstration. The hundreds of prisoners who were aware that the jury in his case was out, had remained awake all night to hear the verdict. When the actor announced that he had been freed a small cheer started in the cells nearest the entrance which grew in volume when its import became known, until the building resounded with the din. As Hitchcock passed by his cell the shouts continued and every prisoner he passed on his way reached out through the bars to shake his hand.

Hitchcock will appear in court again to-day in connection with the other indictments on similar charges.

At present he is in the Tombs prison having been remanded by Justice Goff after the jury's verdict had been returned. A motion to admit the actor to bail on remaining indictments, which was made by his counsel at that time, was denied by Justice Goff.

The Justice said he would consider the question of bail this morning.

LEAVING HAMILTON. Miss Ada J. F. Twoby Will Reside in Toronto.

MISS ADA J. F. TWOPY, MUS. BAC.

Hamilton people will learn with regret that Miss Ada J. F. Twoby, Mus. Bac., has decided to make her home permanently in Toronto. Miss Twoby has made a brilliant success of music. She began and pursued her course here and Hamilton people have rejoiced in her splendid progress. She is connected with the staff of the Hamilton Conservatory of Music, is organist of St. Paul's Church, and accompanist of the Edgar Choir, but she is also on the faculty of two colleges in Toronto—the Toronto Conservatory of Music and Moulton College—and her work there has grown to such an extent that she has decided to make that her permanent place of abode. She will sever her connection with the Hamilton Conservatory at the close of the present term, and will withdraw from St. Paul's about the end of July. Dr. A. S. Vogt, under whose advice Miss Twoby is acting, predicts for her a brilliant future in the wider field of labor.

Breaking Record

New York, June 11.—That the Cunard line steamer Lusitania is breaking all trans-Atlantic records in her trip from Queenstown to New York is made known in a wireless despatch received from the captain. It says that at 11.36 a. m. yesterday the Lusitania was 1,948 knots from Daunt's Rock, having made an hourly average of 25.12 knots. The Lusitania sailed on Sunday morning, and is due here at the bar about midnight to-night.

ELECTRIC CAR DYNAMITED.

Cleveland Street Car Blows Up Early This Morning.

Seven Passengers Hurt But None Fatally.

Two Sticks of Dynamite Found on the Rails.

Cleveland, June 11.—Four passengers and the motorman and conductor were injured shortly after midnight this morning, when a Cedar avenue street car, bound east for Euclid Heights, was wrecked on Murray Hill by what is supposed to have been a charge of dynamite. The police of Euclid Heights, the suburb in which the municipal traction company car was blown up by dynamite at an early hour this morning, were bending every effort to-day to run down the miscreants who placed the explosive on the street car track. Seven passengers were injured, none fatally, as a result of the explosion.

The car was running slowly, when the front wheels struck the explosive. The explosion that followed was heard for over a mile. Windows were shattered and seats twisted. The floor of the car was lifted upward, throwing the passengers in a panic-stricken heap on the floor. Only the slow speed of the car saved it from going over the steep embankment lining the road.

The explosion lifted it clear to within a foot of the curb. The explosion took off two of the flanges of the wheels, and the motor fell between the rails.

Two sticks of dynamite were found on the rails, where they had been placed with the intention of blowing up cars bound in the opposite direction.

HOT FOR HIM.

County Constable Roughly Used on Mountain Last Night.

There was a hot old racket on the mountain last evening over the arrest of a man named Lammpan, charged with being drunk. County Constable Fickard, who lives in the north end, grabbed Lammpan, and one of the latter's friends slugged Fickard in the face. While he was trying to catch the man who struck him another man swung on him and knocked him down, and several of the crowd kicked him. Fickard managed to get out of the row, and arrested Lammpan again, and took him to the cells at No. 3 police station. He then went home and had his injuries dressed. His car bed profusely, but this morning he was little the worse for the mauling, and he went to the Magistrate and swore out a warrant for Herbert Page, whom he accuses of being the man who knocked him down. He and Constable Campbell got Page in a meat stall on the market, where he is employed. The other man who struck Fickard was not known, and the police have little to go on in a search for him. Page, who lives half a mile back from the brow of the mountain, will be charged with assaulting a police officer to-morrow.

LEAVE JULY 18. Arrangements For Soldiers' Quebec Trip Progressing.

Local preparations are again under way for the trip of the soldiers to Quebec, for the tercentenary celebration. There has been some uncertainty as to the date, but it is said to be settled now that the local regiments will leave on July 18. Two days will be taken up in going and two days returning, and the men will be given four days clear in Quebec. They will be back here, July 23. A telegram was received by the officers of the local regiments from headquarters, asking them how the transportation would be arranged. The officers replied they would arrange their own and will hold a meeting to decide that matter in the near future.

OBSTRUCTION.

While Foster, Borden and others of the Ottawa obstructionists seek to evade blame for delaying the passage of the estimates, thus keeping the public servants out of their wages, the Ottawa Citizen boasts of their success in killing time and hampering the business of Parliament, and asks credit for them for allowing any business to be transacted as long as a measure to which the Opposition takes exception is not withdrawn. This organ of the obstructionists says: "The Opposition were more generous than the Government in connection with the voting of supplies, for while the obnoxious Franchise bill is still kept to the fore and should really block business until it is disposed of, the Opposition waived the advantage which they might have exercised and assisted in putting through the more necessary estimates." This is a free avowal of the obstruction policy which Whip Taylor announced a few days ago, in words the equivalent of "If you seek to pass any measures that we object to, we will by obstruction deliberate and organized tie up the work of Parliament and demoralize the public service."

IS LORD MILNER A TRAITOR?

Some Canadian papers with extraordinary pretension to loyalty have taken strong exception to Mr. Justice Longley's speech at the New York Canadian Club dinner, in which he declared that Canada must eventually exchange the position of a colony for that of an ally, that by a process of development Canada must assume the responsibilities of an independent nation. If these supervisory organs had the power, Justice Longley would have been treated to a divorce between his head and shoulders. But Justice Longley holds his views in fairly good company. No less an authority than Lord Milner, the noted Imperialist, taking precisely the same ground in an article contributed to The Standard of Empire, the new organ of Empire sentiment just launched. Lord Milner expresses his belief that the process of familiarizing the majority of men of the British nations with the true Empire idea is one that will take time. He even thinks that "Imperialism" as too many view it, has done harm. Let us quote:

The word "Empire" has in some respects an unfortunate effect. It is no doubt, fairly descriptive of the position as between the United Kingdom and subject countries such as India or our Central African possessions. But for the relations existing between the United Kingdom and the self-governing Colonies it is a misnomer, and with the ideas associated with it, a very unfortunate misnomer. No doubt in this country have long ceased to think of the great British Dominions beyond the sea as subject to the United Kingdom, or to expect or desire them to subordinate their own interests to those of the Mother-country. Modern Imperialists cherish a very different ideal. But in the younger communities this is not always recognized. Witness the unprofitable discussion which breaks out from time to time, especially in Canada, over the question of "loyalty" to the Mother-country. Rightly regarded, there is as much of a loyalty to Great Britain as there is to Canada as for Canada to be loyal to Great Britain. What matters, from the point of view of the wider patriotism, is that they should both be loyal to the larger body politic of which they are both members. True, that greater State has as yet but a shadowy existence. It possesses no common institutions, except the Crown—certainly a momentous exception, and one which alone renders the growth of other institutions possible.

THE OPPOSITION LEADER.

From the Halifax Chronicle one obtains a sort of political biography of Mr. R. L. Borden, who draws the salary and occupies the nominal position of leader of the Opposition. From Mr. Borden's own speeches it is gathered that while in Kentville Mr. Borden was an active and energetic member of the Liberal party. He worked and voted for more than one Liberal candidate. As illustrating his attitude, we quote from his address to the leader of the Liberal party at that time: "We wish gratefully to acknowledge, in common with the great party whose principles we cherish, our high appreciation of your services as leader and especially your able advocacy of a fiscal policy which has been endorsed by the leading minds of the day and by virtue of which our mother country now enjoys a grand pre-eminence among the nations. To the Hon. Mr. Laurier also we extend a hearty welcome as an able and consistent advocate of those Liberal principles held in common by the English and French-speaking races of our country."

After coming to Halifax, Mr. Borden joined a political club whose objects were thus set forth: "The aims of this society shall be the propagation of Liberal sentiments and the advancement of Liberal principles throughout this city, and the Province at large, and to work, so far as is compatible with the interests of the country, in union with the Liberal party in Canada."

Shortly afterwards, however, he entered a law firm of which Sir Charles Hibbert Tupper was a junior partner, and which acted as agent of the Minister of Justice in Nova Scotia. It showed the true Tupper ability to profit by its connections, and its nine years' record before 1896 testifies to the advantages of having a friend at court. Look at the record of its spoils, as shown by the Blue Book:

ment of the various British States throughout the world is impossible consistently with the autonomous self-government of each. But if such be ever arrived at, it will be by gradual development, not by any haphazard, hard-and-fast political agreement. Meanwhile the sisterhood of sovereign states in one great British bond, toward which Justice Longley and Lord Milner look, is no mean ideal.

In fairness to Justice Longley it should be stated that the New York yellow press have grossly misrepresented the sentiments to which he gave utterance at the New York Canadian Club dinner. Instead of advocating separation from the Empire, Justice Longley's speech was an intensely loyal and hopefully Imperial utterance, with which Rt. Hon. Mr. Bryce heartily agreed, and to which, far from taking exception to, he gave cordial approval. Justice Longley, in his speech, took exactly the view of Lord Milner, that Canada has passed the "colony" stage, and that her future will be that of a great sister state of the allied nations, free and self-governing, which go to make up the great and world-wide Empire of Greater Britain. This view Justice Longley shares in common with a growing number of the far-sighted and patriotic statesmen of the British race throughout the world.

KNIFE AND PISTOL CARRYING.

It is but too true, as Chief Justice Mulock very effectively points out illustrating by the case of the homicide resulting from a quarrel between armed Italians, for which crime Giuseppe Greco has been sentenced to death, that the means to commit crime frequently lead to it, when weapons not being handy, serious results would not follow. The knife and pistol carrying habit is one that admits of no defence or extenuation in this country. Neither as individuals nor as organizations, can Canadians permit the law to be set aside and private vengeance to be established in its stead. In Canada the operation of the law is ample for the protection of all, and he who sets up to ignore it and substitute extra-legal methods of enforcing what he regards to be his rights, becomes at once an enemy of law-abiding society. Unfortunately, the weapon-carrying habit is not entirely confined to foreigners; too frequently men familiar with Anglo-Saxon institutions illegally carry lethal weapons. That is to be regretted, and the habit is to be reprobated and discouraged by all good citizens. But the newcomers of hot-blooded races, and of habits of society where respect for the institutions of the law has not exercised the same influence on the individual, are dangerously prone to crimes which are the result of a combination of too-ready weapons and unrestrained passion. That the recent murder was the outcome of such a combination has evidently been deeply impressed on Chief Justice Mulock. That His Lordship should take action by way of appealing to the countrymen of the parties to the recent tragedy shows that he feels that a campaign of education is likely to have good results. The judicial appeal for the discouragement of the weapon-carrying habit will not, we hope, be without effect. It will be an illuminating illustration of the fact that Canadian justice seeks the good of the men against whose illegal and dangerous habits it enforces the laws which are for the good of society at large. If the Chief Justice's advice is well received and acted upon, an appreciation of the kindly spirit which it manifests will result in excellent educational effects.

Why should Mayor Stewart be expected to care a snap for the people's interest in the power matter, if he can induce the aldermen to betray it and further his schemes? Didn't he blantly deny that it was his "general"?

Stubborn man, that Gibson! Indications still point to the conclusion that he can't be induced to come down with the least bit of "grease" for that beseeching opposition! It's a hard world, friends, for honest men with keen appetites.

According to the Herald the alderman who votes to lay the entire power matter in detail before the ratepayers and to allow them to choose is "a Cataract alderman." What would it designate the man who would stifle the voice of the ratepayer and betray him into a blind contract to his great disadvantage for ends other than the public good?

"Bucking the tiger" in the bucket shops is quite thrilling, no doubt; but it might be made more so by buying tips from the bucket shop fellow's hired man. He would be so disinterested, of course! The aldermen might think of this when they go to employ an electrical expert to help them to understand these power offers. (Get an outsider, not the hired man of either the Hydro or Cataract people.)

Ald. Sweeney, Ald. Clark, Ald. Allan and the others against whom so much abuse is aimed by the power monopoly organ, need have no fear of the monopoly organ's threat that the people will ensure them by consulting the ratepayers whom they serve. Their vote of Tuesday night on the power matter may anger the interests which would betray the city, but it will win them popular favor.

"Left to the Ratepayers" is the heading given by the Herald to its comment upon the action of the Council on the power question last night. It expresses the situation exactly. The action was a safe and wise one. Then why the stream of abuse of the aldermen who voted that the Council trust the people, and sent the question on to be decided by them, with the full statement of facts

before them? The people like that kind of aldermen. The only carpers at the Council's action are to be found among those who had some other interest to serve than those of the great public.

If the people, after obtaining full information on the subject, vote to assume the debt, liability and risk, and submit to the monopoly and other restrictions of the Hydro contract when cheaper power, with no debt, liability, monopoly, or risk attached, is offered ready at hand, that is their affair. The out-voted minority may not like it, but it must submit. We're ready to trust the people.

And the cost of operating the transformer station will be practically nothing. He [John Patterson] calculates the cost of operation and the cost of maintenance together at \$9,875.—Herald.

The Hydro-Electric Commission estimated the annual cost of the transformer station (not for distribution to customers, of course) at \$24,066, \$19,722, and \$14,421, according to its capacity. And the cost per horse-power for transforming increases with the smaller quantity of power taken.

The Power Monopoly organ still continues to prattle about the Hydro scheme securing us "competition" and "cheap power." And yet a part of the contract forbids competition, enforces absolute monopoly for 30 years, and the best the city can get is an unguaranteed estimate or guess as to what the power will cost (we to take all risks and pay whatever the bill may be), it being at least 10 per cent. more than we are offered power for now ready for delivery! What is the Herald's bunco game that is served by such an abuse of English words?

Another quite serious mistake Mr. Patterson has made is in reckoning that the price which the city would have to pay for 1,500 h.p. is \$26,250. This sum is obtained simply by multiplying 1,500 by \$17.50. But the price of power will not be \$17.50, but \$17.10, and the city will not pay for 1,500 h.p., but for only three-fourths of that quantity. So that the amount of the city's annual power bill would not be \$26,250, as Mr. Patterson says, but \$19,237.50.—Hamilton Herald.

There are here two important mis-statements of the facts. Mr. Patterson's statement is correct. If we contract for 1,500 horse-power and use it, we must pay for that amount; and the contract estimate is stated in the schedule at \$17.50 per horse-power. If we contract for 1,500 horse-power and do not use one, we must still pay for three-fourths of the amount, or 1,125 horse-power (see clause (g), Sec. 2). Also, if we ordinarily use a given amount of current, say 800 horse-power, and for any twenty minutes of a month we run up to a higher consumption of current, say 1,200 horse-power, we shall be obliged to pay for 1,200 horse-power for the entire month. It is well that the public should know the facts and not be deceived.

Some confusion seems to exist, especially in the minds of people in the Old Country, as to Empire Day and Victoria Day. Victoria Day, the birthday of Queen Victoria, has been kept in Canada as a bank holiday for many years, the birthday of the reigning sovereign being a statutory holiday. When the King came to the throne on his birthday fall in November, it was decided to keep May 24 as the holiday still and the day became known as Victoria Day. Empire Day is of more recent origin. The first resolution for an Empire Day observance was passed by the Hamilton (Ontario) School Board on December 2, 1897, on the suggestion of Mrs. Clementine Fessenden of that city; and the first observance took place on May 22, 1899. As May 24 was already a public holiday, when the children would necessarily be away from school, it was decided that Empire Day should be celebrated in Canada on the last school day before May 24. The Empire Day, then, by the way, was adopted in England in 1899, at the instance of Lord Meath, who wrote to the Times suggesting that the Canadian idea should be adopted in the British Isles. Since 1904, May 24 has been observed as Empire Day in the British Isles, and in other dominions and colonies than Canada, and in India.

AN ANCIENT SHIP. Klondike Miner Brings Word of a Strange Craft. Seattle, Wash., June 10.—Practical confirmation of a weird story growing out of the earlier days of the Klondike gold stamped, of the finding of the hull of a ship high upon the hills within the Arctic circle, is furnished by N. J. Brown, a well-known miner, just arrived at Dawson.

Brown locates the strange craft, which, he says, is still in a fair state of preservation, on a hillside overlooking a chain of lakes from 40 to 50 miles from the head of the Chandelar River and possibly 200 miles from the Arctic circle.

Brown says the big structure has crude doors and windows in the upper works similar to those of a ship, and bears letters or hieroglyphics which baffled translation by those who have seen it, Russians and natives alike.

The Only Way. White—What a strange looking face you have on your watch! It has figures for only eleven hours. Green—I had to have it made that way. The watch was losing an hour every half day, and the watchmaker said it was impossible to adjust it to go any faster.—Judge.

Somehow or other the man who sells his vote is always considered more corrupt than the man who buys it.

New Shoes

We have just received another shipment of New Shoes for mid-summer wear. Two lots are Women's Tan Oxfords. American make, price \$3.00 and \$3.50. Our stock is again nicely assorted in Tan, Patent and Vici Kid. We are doing a very large Oxford trade because we have the kind of Shoes the people want, and at reasonable prices.

PUMPS.—The rush is now on for Pumps. We are selling lots of them in Tan, Patent and Gun Metal. They make an ideal summer shoe.

MEN'S OXFORDS.—We have a choice stock of Men's Oxfords in Patent, Gun Metal, Vici Kid and Tan. We are having a big sale on Men's patent lines at \$3.50. They are genuine patent colt, and Goodyear welt soles. See styles in window.

HIGH STANDARD.—We have raised the standard of shoe values; but this new standard is not met elsewhere. The race for style in shoes has developed nothing to equal our shoes; and they fit and wear well because they are Climie shoes.

BAREFOOT SANDALS.—Last week the demand started for Barefoot Sandals. At present we have a big assortment of them, but there will be a big demand this season, and it will come on with a rush. YOU had better buy NOW. Prices from 75c up.

LITTLE BUT NEEDFUL.—We keep a full assortment of needful articles such as Shoe Shiners, Shoe Trees, Arch Supports, Bun-ion Protectors, Dressings in white, tan, black and in different shades for canvas shoes. Sorosis Silk Laces are the best wearing silk laces to be had. Every pair has a Sorosis label attached. None so good. Price 20c.

We would like you to buy your next pair of Shoes at this store. You will not regret doing so.

Difficult Railroading. The exceedingly difficult country over which Austria railroads are constructed, necessarily making the cost of operating steam locomotives excessive, has caused the railway officials to study the question of electrical traction. It is now proposed to electrify 2

BRANTFORD SNEW

(Continued from page 1) ed their right to establish their pickets. Moreover, decisions of the High Court strengthen the Judge's decision. The strike is still on, and will likely be prosecuted with greater vigor than ever by the men. It has been in progress since April 1.

Sudden Death. Mrs. Gordon Wilson, wife of a well known Eagle Place barber, died suddenly at the hospital yesterday morning. She was about to undergo an operation for appendicitis, and no sooner was the chloroform administered than she died. A weak heart was the cause of death. Coroner Fissette was summoned, but nothing will be done. A husband and four-year-old child are left to mourn her loss.

Car Ran Away. A carload of passengers returning from Brantford to Hamilton last night had an experience which they will not soon forget on the B. & H. Road. A few miles outside of Brantford the air brakes on the car refused to work, and the car got beyond the control of the motorman. It was going at a rapid rate and plunged around the curves until it was thought the car would jump the track. It travelled a good distance before the motorman finally succeeded in getting it under control. When he did he stopped the car and refused to take hold again. The passengers were badly frightened, as the car went at a terrific speed around curves where ordinarily caution would have been exercised.

Bill Wood Off. Bill Wood, the Brantford runner, left for the old country last night, to compete in the Olympic events. He was given a hearty send-off by his fellow-employees at the Watrous Engine Works, and was presented with a travelling bag.

Brewster 199. Returning Officer T. S. Wade made his declaration yesterday for the South Brant election. Mr. W. S. Brewster had a majority of 199. This is a slight reduction in the figures formerly adduced.

Suit Over Onions. A verdict was given for the plaintiff for \$137.50 in a suit of VanEvery vs. Malcolm yesterday for some onions. The case proved an interesting one.

Young Man Dead. Fred J. Tattersall, son of Mr. and Mrs. Tattersall, Grand street, passed away at the family residence last night, aged 28 years. He was a well known traveller of Toronto. Death was due to tuberculosis.

Quartette of Marriages. The marriage of J. B. Korwin and Miss May Grantham was celebrated at St. Basil's Church this morning. The contracting parties are both well known in this city.

The marriage took place yesterday of W. R. Wales, of Oakville, and Miss Margaret Farquharson, of this city. Rev. A. Justice performed the ceremony.

At St. James' Church this afternoon Mr. Comford and Florence Lang were united in matrimony by Rev. T. B. Howland.

Miss Jessie Ash and William Soule were married yesterday afternoon at Trinity Church by Rev. T. A. Wright.

FIVE KILLED

In Railway Wreck in Belgium--Injured Saved From Fire. Journal, Belgium, June 11.—A road train wreck near here to-day resulted in the killing of five persons and the wounding of several others. A passenger train from Mons ran off the track and several cars were demolished. The wreckage immediately caught fire and was rapidly consumed. It was with much difficulty that the wounded were removed from the wreckage before the flames reached them.

THOROLD WEDDING.

Saskatchewan Druggist Carries Off a Campden Bride. St. Catharines, June 11.—A fashionable wedding took place at the residence of the bride's brother-in-law, W. S. Comford, Thorold, at 2.30 o'clock yesterday, when Miss Alice Maud Meyer, of Campden, was married to George Arthur Calvert, druggist, of Lanagan, Sask. W. G. King, of Lanagan, was best man, and Miss Ethel McDouall, of Brantford, was bridesmaid. Rev. Geo. W. Calvert, formerly of Oakville, uncle of the groom, officiated, assisted by Rev. I. M. Meyer, of St. David's, cousin of the bride, and Rev. F. N. Mathers, pastor of Thorold Methodist Church. They will reside in Lanagan.

ANTI-GAMBLING.

Senator Foelker Rises From Sick Bed to Vote. Albany, June 11.—Senator Foelker suffered a collapse soon after reaching the house. At midnight Dr. Murphy said:

"The Senator has undertaken a task beyond his strength. He should never have undertaken this journey. He is suffering from nervous shock and is a very sick man."

At a late hour the opponents of the race-track bills are freely offering bets that Senator Foelker would not be present to cast his vote, and that the bills would again fail of passing by reason of a tie vote—25 to 25.

AWFUL DEATH

Woman Falls Upon Lighted Lamp and Is Fatally Burned. Lockport, June 11.—Miss Celia Dwyer, of No. 160 Allen street, was terribly burned and died at her home to-day. She was walking down the cellar stairs with a lighted lamp in her hand when in some manner she tripped and fell onto the lamp. Her clothes caught fire, but in efforts to prevent the flames setting fire to the house she ran to the yard, the motion of her body serving to fan the flames on her clothes. She threw the lamp away and screamed for help. When neighbors rushed to her assistance every vestige of clothing had been burned from her body. They extinguished the remaining flames by means of carpets.

Dr. Palmer was called and found that every inch of surface of the woman's body was fearfully burned excepting a small part of the face. She died at 3.30 o'clock this afternoon.

REPUBLICANS MEET.

Chicago, June 11.—With more than a majority of the contests filed before the National Republican Committee wiped off the books, and with Taft delegates to the number of 504 already accredited to the convention, interest in to-day's developments centred in the make up of the convention committees, and the declarations which will be contained in the platform of the party.

No. 14.—The company will parade at headquarters on Saturday, 13th inst., in marching order (blue), as follows: Advance party under Q. M. S. Lawson will parade at 8.30 a. m. and proceed to G. T. Ry. to train at 9.05. Mounted N. C. O. will parade at Armories at 12.30 to load horses and baggage.

The company will parade at 1 p. m. at company's headquarters; will train at G. T. Ry. depot at 2 p. m., and proceed to Niagara Camp.

No. 15.—The following extract from the Militia Act is published for information of all ranks: "Every officer and man of the Militia who without lawful excuse neglects or refuses to attend any parade or drill or training at the place and hour appointed therefor; or who refuses or neglects to obey any lawful order at or concerning such parade, drill or training, shall incur a penalty, if an officer, \$10.00, and if a man in the militia, \$5.00 for each offence. Absence for each day shall be held as a separate offence."

No. 16.—Each N. C. O. and man is required to bring the following necessities: 2 flannel shirts, 2 pairs woollen socks, towels, soap, pair spare boots and cleaning material.

No. 17.—All kit bags must be left at headquarters by Friday night and will be shipped with baggage.

T. LAWSON, Captain, Commanding No. 9 Company.

OBITUARY.

Death of James Merrick—Mr. Lottridge's Funeral. James Merrick passed away at the City Hospital yesterday morning, after an illness of some time, aged 76 years. The remains were shipped to Toronto this morning, where the interment will take place from the residence of his brother, 142 Mutual street.

The funeral of Daniel Lottridge took place yesterday afternoon at 2 o'clock and was very largely attended. It went from his late residence to Fruitland Methodist Church, thence to Fruitland Cemetery for interment. Rev. Dr. Clark conducted the services at the church and grave. The pall-bearers were A. Glover, Thomas Stewart, William Cline, George Stewart, Frank Green and John K. Lottridge. The floral tributes were many and beautiful, among them being a wreath from the family and pieces from Fruitland Sunday School, Fruitland Pleasure Club and Sarah Glover.

SCHOLARSHIPS.

More Honors Come to Hamilton Collegiate Pupils. More university results were given out this morning, with a number of Hamilton names in the list. They are: Arts, third year, R. Young won the A. A. L. S. scholarship in mathematics and physics.

Miss J. C. Newton won the prize for fourth year honors in Teutonic languages and His Excellency the Governor-General's bronze medal for the headship of St. Hilda's College.

WILL BE HANGED.

Springfield, Ill., June 11.—The State Supreme Court to-day refused to stay the execution of Herman Bilik, who is sentenced to suffer the death penalty in Chicago to-morrow for the murder of Mary Vezar.

VESSEL FOUNDERED.

Savannah, Ga., June 11.—The British tank steamer Caribbee, from Mattanzas, N. Y., foundered at sea on June 8th. One sailor was drowned. The remainder of the crew was rescued and landed to-day at Savannah.

BUBONIC PLAGUE.

Port of Spain, Trinidad, June 11.—There have been only four cases of bubonic plague here since the outbreak of the disease. The last death occurred on June 8th, since when there have been no new cases.

Noted Manager Dead.

Boston, June 11.—Isaac B. Rich, one of the oldest theatrical managers in the country, died last night of diabetes. Mr. Rich was born in Bucksport, Me., in 1827. Until his last illness Mr. Rich, with Morris Harris and Chas. Frohman, managed the Hollis Street Park and Colonial Theatres, Boston.

at the 11th hour, and whose expenses were not raised till late last evening. Burlington people gave \$50, and the rest of the passing money was contributed by Hamilton admirers. Both Sherring and Kerr were delighted to see Cotter on hand. He will run in the colors of the Hamilton Y. M. C. A. A number of friends were at the G. T. R. station to see the boys off. They will sail to-morrow from Montreal on the Tunisian. Before leaving Mr. Kerr handed the following letter out for publication: Sporting Editor Times: On the eve of my departure for England I wish to express to the different athletic clubs: Olympic Committee, and citizens generally my appreciation of the many acts of kindness shown me during my career as an athlete in Hamilton.

In the future, as I have in the past, I hope to be privileged to assist in the promotion of clean athletics in Canada, and in the coming Olympic events bring honor, not only to our country, but also to my native city.

Faithfully yours, Robt. Kerr.

FINCH BROS., 29 AND 31 KING ST. WEST

ing hall in the street or around the house somewhere, and we wish to remind him gently and nicely that there's somebody waiting for him on the telephone.

"And then standing there holding the receiver our patience begins to abate a little, and we don't feel quite so tranquil; but we hold ourselves in and jiggle the bell once more gently, but this time with perhaps a little nervousness in the now, it must be confessed, with a tinge of exasperation creeping in on us; and then unless we are of more than human jiggling we find ourselves a minute later jiggling the bell with rapid energy twenty, thirty, forty times, wondering why the boy comes up and tells us coolly that the telephone is out of order, and we hang up the receiver.

"And with that act we become conscious of the fact that we are shut off from the world completely. A minute before we were in connection with the whole world; we could reach anybody, and everybody anywhere on earth; we were neighbors with all creation; whereas now we are shut off from everybody and as completely isolated as if we'd been stranded on a spot of land just big enough to hold us in the middle of the ocean.

"To be sure, we could go out and telephone from somewhere else if we wanted to, but there we'd be in a strange land; and the fact remains that so far as we ourselves are concerned, here, in the midst of our own being, we are left shut in and alone.

"And positively, the whole building seems still and dull, without life. Around us things are going on, we know, and the whole world is busy, but we are lifeless, dull, inert, cut out of the world's circulation; and so we wait, while the repair work is being done, for life to come back to us, to be once more connected; and then, suddenly, breaking in on this dull, lifeless quiet, the telephone bell!

"Ringing loudly, vigorously, cheerfully, absolutely joyously, as if it itself were glad to get back into business again and glad to make things pleasant for you, as if it certainly does. And then you take down the receiver again and call up, and this time you get in a jiffy the number you want, and as you talk now over the wire your isolation is ended, and you expand with the consciousness that you have come back into the world, that you are once more of it and in touch again with all creation.

"We never miss the water till the well runs dry, or the telephone till it goes out of commission."

Astronomy in Japan.
"So rapid has been the advance of the Japanese in western civilization, says the Westminster Gazette, that the party of Japanese merchants now in London are perhaps much less astonished at what they see than the man in the street imagines. The visit to Greenwich Observatory may possibly have been a novel experience—as it would be to most Englishmen—but not because modern astronomy is unknown in Japan. There are several well equipped observatories in the Land of the Rising Sun, and the rebuilt Naval Observatory at Tokio, under the directorship of S. Hirayama, F. R. A. S., is doing work as admirably performed and as permanent in value as is being done at any similar institution in the world.

AS TO FUTURE OF QUEEN'S.

Shall It Be Separated From the Presbyterian Church.

Assembly Pronounces In Favor of Organic Church.

Reports of Augmentation and Various Other Committees.

Winnipeg, June 10.—The question of separating Queen's University, Kingston, from the Presbyterian Church caused a spirited discussion in the General Assembly to-day, and opinions for and against were vigorously expressed. The subject came up on presentation of a report by Principal Patrick, Winnipeg, of the special committee appointed to advise the Assembly. This report suggested leaving the matter to the university trustees, and met with much opposition. The debate occupied about half the time of the Assembly to-day.

The vote in the Assembly affirming the practicality of organic union was 156 for and 32 against. This is generally regarded as a final pronouncement on the part of the Assembly.

The first business was the reception of the report of the committee striking thirty-two standing committees for the year. The list showed comparatively few changes from that of last year, and was adopted with little or no amendment. The names of the twenty-two Presbyteries to be named Saskatoon and Abernethy, respectively, from the present Presbytery of Qu'Appelle.

Augmentation Committee.

"Not much startling or new—the same fidelity to duty on the part of the men on the augmented list, and the same old story of underpay of those on the fighting line and enduring hardship for Christ and for Canada," was the report of the Augmentation Committee, western section, presented by Rev. S. Lyle, D. D., Hamilton, Conventer. He was able to pay the minimum of \$800, but owing to business depression, partial crop failure in some districts, and lack of interest in some quarters, was unable to raise it to \$900, as aimed at by last Assembly. Growing interest in the fund in the giving of the newer synods were pleasing features of the reports from Dr. Carmichael, Dr. Findlay and Rev. G. A. Wilson.

The year was begun with a balance on hand of \$1,070.33, the receipts from all sources were \$29,102.69, and expenditure \$37,340.02. It is estimated that \$46,000 will be needed for augmentation this year.

Dr. Lyle urged the necessity of supporting the fund liberally. A short discussion ensued, and the report was adopted.

Rev. S. J. McArthur, Newcastle, N. B., presented the report of the Augmentation Committee (eastern section).

Eastern Section.

"A year of prosperity, reflecting the general progress of the Church and the notable increase in receipts, advance in minimum stipend, large number of congregations reaching self-support, are the bright features in the report of the Augmentation Committee, eastern section, of which Rev. M. T. Lyle, D. D., of Stellarton, N. S., is Conventer. The report says in conclusion: "Our greatest need is not money, as the Church has liberally responded to our appeal for support. We need consecrated men who will take up the burden of the Lord in these difficult fields of operation."

This was adopted.

A special committee was appointed to arrange for religious services by the Presbyterian Church in connection with the Quebec tercentenary celebration in July.

The report of the Committee on the Order of Deaconesses, with important recommendations, was presented by Rev. Mr. Martin, Brantford and adopted.

Order of Deaconesses.

The Committee on an Order of Deaconesses, Rev. W. A. J. Martin, of Brantford, Conventer, recommended that the Assembly sanction the institution of an order of deaconesses, that the Ewart Training Home be an institution for the training of women for the missionary and deaconess work of the Church, that the Assembly appoint provisionally a board consisting of four ministers, four elders and seven representatives of the Women's Missionary Societies of the church, to take the oversight and management of the home and that the Assembly commend the home to the support of congregations, associations and individuals; that a diploma be granted on a two years' course, that candidates for training be not less than twenty-two nor more than thirty-five years of age, and various other regulations were enumerated in the report. The committee suggested that the work of the Ewart Home be carried on this year under these regulations, and that the committee be continued with the addition of some representatives from the Home Mission Committee to complete their report touching the order of deaconesses.

Dr. McTavish presented the overture of the Presbytery of Toronto on the supply of ministers. He said there never was a time when men were needed for the ministry as now. The number of applicants was decreasing. The motion to appoint a special committee to consider the matter and report to the Assembly was carried.

The reports of the widows and orphans fund (eastern and Church of Scotland sections) were received and considered at some length.

Widows and Orphans.

The committee on the fund for ministers' widows and orphans, western section, Mr. Joseph Henderson, Toronto, Conventer, reported congregational contributions and donations, \$11,413.18, and the capital income awaiting investment to \$11,239.95. The capital account had at credit February 28, 1907, \$179,200.13. Mortgages are held amounting to \$80,469, debentures \$86,423.18, and stock \$1,040.

The committee for the Synod of the Maritime Provinces, Rev. Robert Laine, Halifax, Conventer, showed receipts totalling \$10,116.12, and expenditures, \$4,463.86, the balance being added to capital. The assets are \$171,709.94, an increase over last year of \$925.42.

The ministers' widows and orphans fund in connection with the Church of Scotland, as reported by Secretary-Treasurer A. F. C. Ross, Rev. Robert Campbell, D. D., Montreal, being Conventer, has forty-three on the roll. They were adopted, but the report of the western section was held over.

Future of Queen's.

Principal Patrick, presenting the report of the special committee to deal with Queen's memorial, said the members were unanimous in the decision reached. They had heard many persons, had examined the history of Queen's carefully, and particularly the action of the church before the union in 1875, again in 1901-02, and again in 1903-04, in relation to the institution. They had concluded that the conditions which had lately arisen had justified the Senate in raising the question of a change in the constitution of the university, and in forwarding it through the Board of Trustees for consideration of the assembly. The committee recommended a deliverance of the assembly on the subject, expressing gratification at the rapid growth and expansion of Queen's, with the hope that its success and prosperity would be continued in the future, and, further, that while the church was ready to maintain the present relation, it believed that the question of the character of the relation should be determined by the Board of Trustees, which was ultimately responsible for the welfare and financial position of the university. The trustees should be authorized to take such action after consultation with the benefactors and graduates as might be deemed in the best interests of the institution. If a change were decided upon provision must be made for carrying on the work of Queen's theological faculty on a basis satisfactory to the church. They were gratified to know that the movement to raise half a million dollars for the faculty and arts was meeting with success, and hoped the sum desired would soon be obtained. In view of the urgency of the case the assembly should appoint a committee to be named by the board of trustees, to give legal effect, if necessary, to whatever action should be determined upon by the Board of Trustees, and protect the interest of the church with regard to the control of the theological faculty.

Principal Patrick, in moving the adoption of the report of the committee, said the trustees and Senate had every warrant for the course they had taken. Principal MacLaren, speaking as a graduate and friend of Queen's, seconded the motion, expressing the opinion that the course suggested in the report was, on the whole, best for the institution.

Mr. G. M. Macdonnell, Kingston, a member of the Board of Trustees of Queen's, protested vigorously against the proposed action, claiming that it barred the church from pronouncing on the question of the separation of the university from the church. He believed the church wanted to retain Queen's. The graduates and friends of the university wanted the church to stay with Queen's. He urged that the subject was being handled in too great a hurry. He would not divide the house, but insisted on presenting his views, because he believed they accorded with those of 75 or 90 per cent. of the graduates. Brief addresses were heard from a number of commissioners, after which Mr. B. Knowles, J. A. L. moved an amendment reaffirming the position taken by the assembly at St. John in 1904 and advising the Board of Trustees that the present situation should be maintained. The amendment was seconded by Dr. Sandier, Toronto, who criticized the Senate of the university for starting a propaganda for a change before the Board of Trustees, the body responsible for the policy, were apprised of it.

Principal Gordon showed that the establishment of the Carnegie foundation was not the only change in conditions which made necessary the changed relations. Other conditions had altered greatly since the church took action in 1904. Among these was the great improvement in the financial position of the University of Toronto, for which ample provision had been made by the Government. The present situation was important because the needs of the university were rapidly expanding, and it was not possible to begin another canvassing campaign. The denominational character of Queen's now prevented the Government from assisting. If the church could preserve the bonds of sentiment, sympathy and interest which now existed with the university, and affectionate co-operation, and still allow the university to have recourse to these additional resources, would she not be asked, by furthering the best interests of the institution?

The ex-moderator, another trustee, proposed at some length an amendment to the amendment urging that the whole matter be referred by the assembly to the Board of Trustees to take the steps required to provide retiring allowances for aged and infirm professors as such cases may arise. He declared himself opposed to the separation of the university from the church, and offered a number of reasons supporting his contention. The resolution was seconded by Dr. Dyde of Queen's, and the discussion was continued till a late hour without being finished.

The assembly adopted an address expressing loyalty to the throne and petitioning the King, with an appropriate reference to the approaching visit of the Prince of Wales to Quebec. An address to the Governor-General included a tribute of appreciation of his work in connection with the movement to convene the battlefields of Quebec into a national park.

The Dangerous Time of Life.

Treated in Aberdeen Infirmary.

Mrs. James Alexander, of Pleasant Grove, Utah, U. S. A., writes: "I had Asthma in its worst form, and had the best of medical skill obtainable, and was treated also at the Royal Infirmary in the city of Aberdeen. But I obtained little relief. It was difficult to take any exercise without bringing on violent coughing. In 1888 I came to this country, but the Asthma still clung to me, and for the past thirty years I have scarcely ever been free from it. I read about Catarrhose. It was just what I needed all these years, and has given me better health than I have had since a girl. Catarrhose is a perfect cure. I have never had a single attack of Asthma since cured by Catarrhose. Sold by all dealers in 25c, 50c, \$1.00 sizes, the latter being guaranteed.

BURNING ITCHING ECZEMA CAUSED MANY SLEEPLESS NIGHTS.

Miss Mabel Knapp, of 247 Wolfe Street, Peterboro', Ont., says: "Eight months ago small white blotches and pimples broke out on my hands. To keep from rubbing and scratching was impossible as the itching was intense. This caused the pimples to break forming matted sores between my fingers and spreading to the joints of my fingers. My hands were actually in a raw state, I suffered cruelly lying awake night after night with the burning itching sensation and pains which followed. For months I could not bear my hands in water and did very little work about the house. Various remedies were tried still the disease was not checked and I was now almost discouraged when a statement in the newspaper made by some person who had been cured of a similar disease by using Zam-Buk caught my attention. I obtained a box of Zam-Buk and began using it. Each application brought great relief. It checked almost instantly the burning and itching, and I soon had the sores between my fingers and around the joints of my fingers, and in about three weeks from commencing with Zam-Buk, I was cured of this dread disease."

A CANADIAN HOTELMAN ASSAULTED IN BOSTON.

John H. Lane, of Richmond, Que., Beaten by Thugs in Boston—Sustained Injuries of Which He Will Probably Die.

Boston, June 10.—John H. Lane, proprietor of the Brunswick Hotel at Richmond, Que., and a prominent horse breeder, was assaulted and robbed here early this morning by thieves who got \$6,000 from him. Lane was found unconscious on the street at 3 o'clock this morning. He was taken to the General Hospital, where he recovered sufficiently to tell that three men had held him up, taking the \$6,000 he had in cash and a gold watch valued at \$200, presented to him by a friend in 1902. After that he relapsed into unconsciousness and has not yet recovered.

The physicians say he has a fractured skull, and the probabilities are that he will not recover. Lane came here yesterday morning. He stopped at the Touraine Hotel and told friends who visited him that he had come here to buy two brood mares and a stallion that he had had his eye on for a long time. He went out early in the evening and did not return.

So far the police have been unable to find where he spent the first part of the night. A general alarm for his assailants has been sent out, and about fifty thugs have been caught in the dragnet. So far no one has been caught on whom the slightest suspicion rests.

BATTLEFIELD FUND.

Collecting the Money for the Plains of Abraham.

How Much Will Hamilton be Able to Turn In?

(Special Despatch to the Times.)

Ottawa, Ont., June 10.—The Dominion Central Committee of the Quebec Battlefields Association has issued statements to the present with respect to the movement to raise a fund of \$500,000 for the reclamation of the battlefields at Quebec by the time of the Prince of Wales's visit on July 21 next. So far Ontario and Quebec have subscribed \$100,000, British Columbia \$10,000, and New Brunswick \$7,500, making a total of \$217,500. It is believed when the other Provincial Governments have been heard from a quarter of a million will be contributed.

News coming from the mother country indicates that at least \$50,000 will be brought over by the Prince. A balance required to be raised by private individuals and corporations is about 200,000. Outside Ottawa and Montreal about \$15,000 each has been raised.

Other cities and towns have not yet shown any activity in connection with the fund. The committee urges that an extra effort should be made from now on, so that the splendid patriotic scheme may not fall through.

(Special Despatch to the Times.)

Toronto, June 10.—Hon. Mr. Monteith, the Minister of Agriculture, arrived in Toronto this morning, visited his office and called upon the Prime Minister. He said that so far as he knew the latest report was that his opponent, Mr. Valentine Stock, had a majority of seven in South Perth. The official count of the returning officer for the riding takes place to-morrow, and a recount will follow. The Minister thinks he may have lost a number of votes through the failure of deputy returning officers to initial ballots. He knows of one polling sub-division where three were disallowed for this reason. Whether they can be claimed it is difficult to say. Mr. Monteith did not care to comment on his future course of action.

JUVENILE CONVICTS.

Wants Separate Penal Institution For Such.

Ottawa, June 10.—In the Senate to-day Senator Comeau offered a resolution favoring the incarceration of comparatively juvenile convicts in a separate penal institution where they would be kept away from older criminals. He urged that the Minister of Justice should take up the question with the warden of the various penitentiaries. Hon. R. W. Scott promised to bring this matter before the Minister of Justice. The juvenile delinquents bill now in course of becoming law was evidence of the desire of the Government to promote the idea advocated by Senator Comeau.

The Senate again took up in committee the bill to amend the Manitoba grain act.

HOME MADE SPRING TONIC

This is the month in which to take something to clean the blood of impurities and build up the system.

The following is the recipe of a well-known authority, and anyone can prepare it at home at very little cost.

Fluid Extract Dandelion, one ounce.

Compound Salsolone, one ounce.

Compound Syrup Sarsaparilla, four ounces.

Get these simple ingredients from your druggist, mix all together, shake well and take in teaspoonful doses after meals and at bedtime.

Everybody should take something to help the blood, which becomes impoverished, and almost sour after the winter season, especially those who are subject to rheumatism, catarrh, kidney and bladder trouble.

It is said that one week's use of this mixture will clean the skin of sores, pimples or boils.

This is sound, healthy advice, which will be appreciated by many readers.

Baynes' Buggies

We make a number of styles, with deep seats, high backs, specially for comfort, serviceability and good style, easy access and egress.

We also make road wagons, fine for a coach, for park driving; then we make Surrey, large, medium and light, some not much heavier than an ordinary buggy, but they'll carry four.

Stanhopes, in several sizes, all smart and trappy. Concordes, the genuine three reach, the best running and best riding general purpose vehicles ever invented.

We have over 75 different styles. We can suit almost any requirements, and our prices will not admit of Hamilton vehicle users going elsewhere. We solicit a call and will be glad to show you the plant where Baynes' Buggies are made.

ROBBED OF \$6,000.

A CANADIAN HOTELMAN ASSAULTED IN BOSTON.

John H. Lane, of Richmond, Que., Beaten by Thugs in Boston—Sustained Injuries of Which He Will Probably Die.

Boston, June 10.—John H. Lane, proprietor of the Brunswick Hotel at Richmond, Que., and a prominent horse breeder, was assaulted and robbed here early this morning by thieves who got \$6,000 from him. Lane was found unconscious on the street at 3 o'clock this morning. He was taken to the General Hospital, where he recovered sufficiently to tell that three men had held him up, taking the \$6,000 he had in cash and a gold watch valued at \$200, presented to him by a friend in 1902. After that he relapsed into unconsciousness and has not yet recovered.

The physicians say he has a fractured skull, and the probabilities are that he will not recover. Lane came here yesterday morning. He stopped at the Touraine Hotel and told friends who visited him that he had come here to buy two brood mares and a stallion that he had had his eye on for a long time. He went out early in the evening and did not return.

So far the police have been unable to find where he spent the first part of the night. A general alarm for his assailants has been sent out, and about fifty thugs have been caught in the dragnet. So far no one has been caught on whom the slightest suspicion rests.

BATTLEFIELD FUND.

Collecting the Money for the Plains of Abraham.

How Much Will Hamilton be Able to Turn In?

(Special Despatch to the Times.)

Ottawa, Ont., June 10.—The Dominion Central Committee of the Quebec Battlefields Association has issued statements to the present with respect to the movement to raise a fund of \$500,000 for the reclamation of the battlefields at Quebec by the time of the Prince of Wales's visit on July 21 next. So far Ontario and Quebec have subscribed \$100,000, British Columbia \$10,000, and New Brunswick \$7,500, making a total of \$217,500. It is believed when the other Provincial Governments have been heard from a quarter of a million will be contributed.

News coming from the mother country indicates that at least \$50,000 will be brought over by the Prince. A balance required to be raised by private individuals and corporations is about 200,000. Outside Ottawa and Montreal about \$15,000 each has been raised.

Other cities and towns have not yet shown any activity in connection with the fund. The committee urges that an extra effort should be made from now on, so that the splendid patriotic scheme may not fall through.

NELS. MONTEITH

Thinks He May Have Chance Yet to Hold On.

(Special Despatch to the Times.)

Toronto, June 10.—Hon. Mr. Monteith, the Minister of Agriculture, arrived in Toronto this morning, visited his office and called upon the Prime Minister. He said that so far as he knew the latest report was that his opponent, Mr. Valentine Stock, had a majority of seven in South Perth. The official count of the returning officer for the riding takes place to-morrow, and a recount will follow. The Minister thinks he may have lost a number of votes through the failure of deputy returning officers to initial ballots. He knows of one polling sub-division where three were disallowed for this reason. Whether they can be claimed it is difficult to say. Mr. Monteith did not care to comment on his future course of action.

JUVENILE CONVICTS.

Wants Separate Penal Institution For Such.

Ottawa, June 10.—In the Senate to-day Senator Comeau offered a resolution favoring the incarceration of comparatively juvenile convicts in a separate penal institution where they would be kept away from older criminals. He urged that the Minister of Justice should take up the question with the warden of the various penitentiaries. Hon. R. W. Scott promised to bring this matter before the Minister of Justice. The juvenile delinquents bill now in course of becoming law was evidence of the desire of the Government to promote the idea advocated by Senator Comeau.

The Senate again took up in committee the bill to amend the Manitoba grain act.

SAVED BY HER SON.

Lightning Knocked Woman into Tub of Water—Father Killed.

Utica, N. Y., June 10.—Duane Blakesley, of Camden, was struck by lightning and instantly killed during a severe thunderstorm there yesterday afternoon. His wife also received a shock and fell into a tub of water, from which she was rescued by a little son, who who had also been stunned, but who recovered in time to save his mother.

A MONTREAL MOONSHINER.

A Whiskey Still Found in the Heart of the City.

Montreal, June 10.—An illicit still has been found in the factory of A. L. David, Visitation street, this city. By inland revenue officers. Two hundred gallons of "moonshine" whiskey and a still were seized. David was arrested and will be tried.

Japanese Army Foot Powder.

A positive relief for itching or tender feet. It is cooling, soothing, antiseptic, checks offensive perspiration and destroys offensive odors. It is much superior to the foot powder usually sold. Price 25c tin. At Gerrie's drug store, 32 James street north.

Even the coldest are apt to get all balled up.

IMPORTANT CHANGE OF TIME.

On and after Monday, June 15th, the Canadian Pacific train, now leaving Hunter street station at 8.05 a. m., will leave at 8.35 a. m. (15 minutes earlier) and will make close connection at Toronto with express train for Tottenham, Beeton, Alliston, Coldwater, Bala, the Muskoka Lakes, Parry Sound, Point au Baril, Byng Inlet and Sudbury. Close connection will be made at Bala with steamers of the Muskoka Navigation Company, for all points on the lakes.

The train now leaving Toronto at 9.30 p. m. will leave at 11.10 p. m. and arrive at Hunter street station 12.05 a. m. All other trains will continue to run as at present.

For full particulars see public time tables and folders, to be had at City Ticket office, corner King and James street and at station.

The body of Herbert Morningstar, of Black Creek, Ont., was found in the creek, where it is believed he committed suicide.

SEARCHING FOR MURDERER.

Mrs. Morrison Assaulted by Tramp and Her Throat Cut.

Vancouver, B. C., June 10.—Sixty men joined the posse this morning which kept all night in the district near Blaine, at the international boundary line, searching for the murderer of Mrs. Eliza Morrison. The Government has issued notice of a reward of \$1,000 for the arrest of the murderer.

The crime was committed late yesterday near Haslemere, on the Great Northern Railway, and is one of the most dastardly in the history of British Columbia.

Mrs. Morrison was walking with her little daughter when met by a tramp, and assaulted the woman. The little girl ran for help, but the woman was found dead with her throat cut.

A suspect was arrested at Blaine to-day.

Two little daughters of John Cateco, Michel, B. C., were drowned.</

AMUSEMENTS

As a popular priced attraction the four-act melodrama, "A Gambler's Wife," presented at the Savoy Theatre this week by the Summers Stock Company, is well worth the money, and should draw good business during the remaining performance.

It is a Western play with pathos and comedy cleverly intermingled. The characters are not overdone and the piece is given a very clever presentation by the company. It affords over two hours of very good entertainment at low prices. The vaudeville numbers between the acts are also exceptionally good.

Covered by British Law. Ottawa, June 11.—When interviewed concerning the action of the Association of Theatre Producing Managers, Mr. Philip E. Ritchie, Registrar of Copyrights and Trademarks for Canada, declared it was causeless. He stated that piracy in Canada in dramatic productions were effectively covered by the British Copyright Law.

Some More Minstrels. The attraction at the Grand on Saturday afternoon and evening will be the Richard & Fringle Minstrels. This aggregation of minstrel artists is one of the most popular on the road. For 27 years Richard & Fringle have been in the minstrel business and their name is a synonym for worth. At the prices an excellent show is promised, consisting of the best in the joke line, excellent singing, clever dancing and an olio right up to-date. Seats on sale.

Wins Thousands Singing Song. (Cleveland Leader.) For every minute she sang her song Monday afternoon Carolyn Delmore, actress, of Keith's, will receive thousands of dollars.

The song was a litting air of the moment, "See Saw." But the singing of the refrain, repeated again and again by little Miss Delmore, probably saved many from death in a panic when Keith's Theatre started to burn at the Monday matinee performance.

Just at that trembling moment, when a single false step on her part or on the part of anyone in the audience would have meant a screaming, crushing struggle for the exits, she proved equal to the emergency.

Led by the orchestra she continued to repeat the "See Saw" chorus, and kept singing it until the last person had left the theatre and the flames were roaring overhead.

By doing that she won the lifelong gratitude of B. F. Keith. And B. F. Keith never forgets a favor.

DOMINION DAY IN VALLEY CITY.

ANNUAL PICNIC OF HOUSE OF PROVIDENCE THE ATTRACTION.

Death of Mr. Horatio Palmer, One of the Old Residents—June Marriages—Personal Notes.

Dundas, June 11.—The annual House of Providence picnic on July 1st is being arranged for. This will be the thirtieth picnic of this institution. Joan Hackett, of Hamilton, will have full charge this year, and a programme of unusual excellence is looked for. The 77th Band will furnish music.

St. James' Sunday School is to be renovated. The proceeds of the garden party are to be used in aid of the purpose.

The Epworth League of the Methodist Church will hold a picnic to Toronto on Saturday, by steamer Turbina. Tenders for the Aged People's Home on Hatt, street, near Ogilvie street, will be asked for in a few days by James W. Kenney, the architect.

The final decision of the Conference was that Rev. T. J. Mansell, who has been in charge of the Methodist Church here, will go to Brant Avenue Church, Brantford, and will be succeeded here by Rev. W. H. H. B. A.

Miss Ellen (Nellie) Sheppard and Wm. Burr, both of Dundas, were quietly married at St. Augustine's Presbytery on Wednesday morning by Rev. Father Arnold. They will reside in town.

A very pretty, though quiet, wedding took place at St. Augustine's Church on Monday morning, when Miss Mary Agnes (Polly) Gallagher became the bride of Mr. James Brady. Rev. Father Arnold performed the ceremony, after which he celebrated nuptial mass. The bride was given in marriage to the groom by his brother, Gordon R. Brady, of Toronto.

There was a splendid array of wedding gifts bestowed on the popular couple and they have the congratulations and best wishes of their many friends on the happy event.

Among the successful students at Toronto University are the following names, Miss M. P. Gwyn, Miss J. H. Fechnay, and E. C. Ironsides, in Arts; L. Caesar and G. Curran in Agriculture. Mr. Ironsides has to pass the examination in economics before being given the degree of B. A.

Mr. William D. Nelson left this morning for Orillia to be present at the funeral of her youngest sister, Mrs. Thompson, of Lethbridge, who died on Monday.

YOU MAN'S W.C.T.U. Annual Meeting at the Home of Mrs. Martin.

The regular meeting of Youman's W. C. T. U. was held yesterday afternoon at the home of Mrs. Martin, Smith ave.

After the opening exercises and reading of the minutes, a communication from the Y. W. C. A. was read, asking co-operation in furnishing a room in the new building. This was unanimously acceded to by the hospital work, which was very gratifying and full of interest. Mrs. Vipond reported good work done at the mother's meetings.

HORATIO PALMER, One of the old and respected residents of Dundas, and a prominent man in the Baptist Church, who died this morning.

C. P. R. HOTEL.

Canadian Medical Association at Caledonia Springs.

Guests of the Railway at This Famous Summer Resort.

Ottawa, Ont., June 10.—The members of the Canadian Medical Association and their friends, to the number of about 300, were the guests of the Canadian Pacific Railway Company this afternoon, and were taken in a special train to Caledonia Springs, the well-known health resort near Ottawa, where they were entertained at a luncheon in the company's hotel there and shown innumerable other courtesies. The medical men who were the objects of the hospitality speak in glowing terms of the kindness shown them and are loud in their praise of the Springs as a health resort. During the luncheon, Sir James Grant and Dr. F. Montmarquet, President of the Medical Association, expressed appreciation of the action of the Canadian Pacific in giving the members an opportunity of visiting a place of such interest and beauty as Caledonia Springs and bespoke the concern of the profession in its development.

The train that carried the doctors on the excursion reached its destination at 1.30 p. m. The visitors were escorted to the hotel recently erected by the company, and were shown the many features of interest in the immense area that is the rarest of beauty spots. The hotel, a building of palatial dimensions and great external beauty, was the object of deep admiration. With its outlook over a region of varied scenery, its surroundings of sweeping lawns, tennis court, croquet grounds, spacious verandas, magnificent furnished reception room, exquisite dining hall and its general completeness of appointment is an ideal place of summer residence. At the disposal of guests every convenience has been placed and what man has not done nature has. The hotel accommodates 200 persons. It is set in the heart of a park of gentle dells and sloping mounds of grass and of level field, scenery that is restful in its effect upon the mind. Closely adjacent to the hotel are the famous Caledonia Sulphur Springs and Baths. The visitors who summers there may without the slightest difficulty obtain a most healthful beverage. Of the medicinal value of the water with its saline and sulphur qualities, the highest opinion is expressed. The baths, too, are of inestimable importance. The water is heated and very facility for its use has been devised. The visitors showed deepest interest in the baths and the spring water and numerous expressions of confidence in their value were heard.

The luncheon constituted a most delightful affair. No pains had been spared by the company to meet every wish of their guests. The menu would have done credit to the most elaborate banquet feast and all details were attended to as only the Canadian Pacific can arrange. In replying to the thanks of the Medical Association for the kindness of the company, Mr. Lagoune, assistant manager of the hotel department, welcomed the doctors to the country and mentioned the work of development that is proceeding to make it a perfect resort.

A most interesting feature of the afternoon's outing was a visit to the bottling works where Magi Caledonia water is prepared for distribution. Many comments were made by the doctors on the work which the company is doing in Caledonia Springs, a most desirable health resort. In connection with the Hotel a farm of 200 acres is cultivated.

The excursion returned to Ottawa at 8 p. m., and the members of the medical association bow to the courtesy and unbounded kindness of the Canadian Pacific.

DETROIT FOR THE 4TH.

Hamilton Knights Templars Drill Corps announces a cheap excursion to Detroit for July 4—the great holiday in the United States. The train will leave here at 3 o'clock on July 3, and the Grand Trunk has promised a service. Tickets \$2.50 children, \$1.25.

Pike Ate the Trout.

Two years ago Sir Julius C. Wernher, the South African mining magnate, had the lake at Luton Hood Park netted for coarse fish and the bed cleaned at a great cost. Eleven thousand rainbow trout were then placed in the pool. The lake was again netted recently, when 1,800 pike, one of which weighed seventeen pounds, were caught.

There were, however, only nine trout, the sole survivors of the 11,000 introduced to the water two years before—From the London Daily Mail.

MACKAY SURPRISED.

Blames the Use of Money For the Big Tory Victory.

London, June 10.—Hon. A. G. MacKay, leader of the Opposition in the Provincial Legislature, passed through London today, en route to Mount Clemens, Mich., where he will rest for a couple of weeks. Mr. MacKay was accompanied as far as this city by Mr. H. Trux, son of the member for South Bruce. To a newspaper man the Liberal leader said: "The outcome of the elections is a surprise to me. I thought we would have done much better, judging from the reports we received during the campaign. A dead set was made against me, and I am very fortunate in having won at all. The Conservatives used a great deal of money in my riding and had planned to give me a decisive defeat. I did not know that until I went into Toronto on my way back to Owen Sound, and I found out that that was the case. My workers got rid of the bribers in the west section of the riding, and I had some of the same crew chased from the school children's winning of money. As money was used in my riding, I strongly suspect that money was used in other constituencies also. However, we are not despairing, but hope to do better the next time. You made a good fight in London against tremendous odds, and you are to be congratulated."

HEAMAN IS THE NEW PRESIDENT.

COAL MEN VISITED INDUSTRIAL PLACES THIS MORNING.

Resolution Passed Condemning Discrimination in Freight Rates and Disapproving of Duty.

Over an hundred delegates to the convention of the Canadian Retail Coal Association spent this morning in admiring Hamilton's industrial greatness. They were taken to the manufacturing districts on special cars and then around the city to the James street incline, lunching at the Mountain View Hotel and leaving early this afternoon for a trip through the fruit belt on the H. G. & B.

The business was cleaned up at the afternoon session yesterday, the election of officers resumpt as follows: President, William Heaman, London. Vice-President, J. M. Peregrine, Hamilton. Secretary-Treasurer, E. M. Trowen, Toronto.

Directors, A. J. McIntosh, Woodstock; J. K. McLaughlin, Owen Sound; J. E. A. Fitzgerald, Peterboro; J. D. Jackson, Toronto; E. M. Brown, Port Hope, and B. Blair, Woodstock.

The retiring President, J. C. Hay, Listowel, was offered the office again by a standing vote, but declined. He was presented with a beautiful cabinet of silverware.

About the only business of public interest was the passing of a resolution condemning discrimination in freight rates between points on the main line of railways, objecting to the high assessment which coal dealers have to put up with the disapproval of the duty of 58 cents a ton on vessel coal, and the changing of the name of stove coal to small furnace coal.

EVIL OF IMPURE MILK.

Causes Death of 15,000 Children in Canada Yearly.

Ottawa, June 10.—A number of valuable papers on subjects relating to the medical profession were given at today's sessions of the Canadian Medical Association. Dr. C. J. O. Hastings of Toronto in a paper on the importance of pure milk, read before the section on public health, declared that impure milk was primarily responsible for the loss of 15,000 of the 30,000 children who die annually in Canada. He strongly urged a more stringent inspection of the milk supply in every municipality, and he emphasized the paramount importance of the proper pasteurizing of milk in all dairies. At the conclusion of the paper a committee was appointed to wait on the Government with a view to securing more stringent regulations governing municipal inspection. The formation of a Canadian Ambulance and Red Cross Association was advocated in a paper read by Lieut.-Col. Jones, of Ottawa, before the section on military medicine. A committee was named to consider the formation of the association.

HEAD CAUGHT BY ELEVATOR.

Girl Probably Fatally Injured in London Cigar Factory.

London, June 10.—Hannah Pollock, a young Polish girl, was so seriously injured by being caught by the elevator at McNew's cigar factory this morning that she will not recover. The girl looked into the elevator shaft, and before she could withdraw her head, it was caught by the descending elevator, and her skull fractured. The girl only came here a few days ago, and could not speak English.

KING AND CZAR

Have Friendly Talk and Edward Sails For Home.

Good Results May Follow—Candy For Children.

Reval, June 11.—The meeting between King Edward and Emperor Nicholas ended to-night, in accordance with the pre-arranged programme. In every way it has been a complete success. The King and Emperor lunched to-day on the Russian imperial yacht Standart, and dined together on the royal yacht Victoria and Albert.

King Edward's speech was extremely cordial. Speaking with impressive energy of the Anglo-Russian convention, he said: "I believe it will serve to knit more closely the bonds uniting the people of the two countries. I am certain that it will conduce to satisfactory settlement in any such matter as may arise in the future, and that it will also help very greatly towards the maintenance of the general peace of the world. I hope this meeting may be followed before long by another opportunity for meeting your majesties."

The last sentence was taken to confirm a report that the Czar and Czarina will visit England in the autumn.

King Edward, who was appointed a Russian admiral, had a conference to-day with the Russian Foreign Minister, M. Iswolsky, and then later also had another long conference with Sir Chas. Hardinge, Permanent Under Secretary of the British Foreign Office, on the Macedonian, Persian and other important questions.

To-night dancing was kept up on both decks of the Victoria and Albert until nearly midnight, all of the members of the royal parties taking part. The Emperor, who will remain here for another day, pressed King Edward to delay his departure, but at 3 o'clock in the morning (Thursday) the Victoria and Albert, with the escorting fleet, sailed homeward. No salutes were fired.

Candy for Reval Children.

Reval, June 10.—King Edward and Emperor Nicholas spent the morning in receiving delegations from the local nobility, the municipality and the peasants of the districts on board their respective yachts. In the afternoon the Emperor paid informal visits to the British cruiser Informatour and the royal yacht Alexandra.

Emperor Nicholas yesterday sent ashore 6,000 boxes of candy and a large number of photographs of himself and the school children, who had welcomed him on his arrival here. Strict secrecy was observed regarding the political significance of the meeting of the two rulers.

A very pretty and quiet wedding was solemnized at the Baptist parsonage here at 3 o'clock on Wednesday, June 3, when Miss Lela C., one of the twin daughters of Mr. and Mrs. Elias VanLorne, became the bride of Mr. Lorne DeRoy Wilson. The bride looked pretty in a net applique and Irish point lace trimmings. The nuptial knot was tied by Rev. J. N. McKinnon, who bride and groom are both popular and highly respected residents of this place as was shown by the number of beautiful presents received. The happy couple left on the 4.15 T. H. & B. express for Hamilton, Niagara Falls and New York, and points east amid the best wishes of all their friends. The bride's travelling costume was brown vicuna cloth with cream taffeta silk maline and flower trimmings. The groom's present to the bride was a beautiful gold watch and chain. THE TROOPS FOR QUEBEC.

House Takes Up Militia Department Estimates.

House Votes Supply For Annual Drill.

No Particular Port For All-Red Line.

Ottawa, June 10.—It was nearly 5 o'clock this afternoon when the House got into supply, and entered upon the consideration of the Militia Department estimates. Starting shortly after 11 o'clock this morning the Opposition raised a variety of questions, which prevented the House from getting down to business until the hour mentioned this afternoon.

Sir Wilfrid Laurier, replying to Mr. Monk, said it was not the intention of the Government either to oppose or suggest any port in connection with the all-red line. That was a question which should be decided for purely business reasons, and which should be left altogether to the company which otherwise undertake the service. The only condition to be considered by the Government was that the service must be between the United Kingdom and Canada. The Government were not aware that the High Commissioner had ever expressed any opinion on the subject, otherwise it would have been stated above. While the Prime Minister was in England last year he discussed the question of the all-red route with the British Cabinet committee, and Sir Wilfrid had no doubt that Lord Strathcona had continued to do so.

Replying to Mr. Borden, Sir Wilfrid Laurier said it was the intention of the Government to introduce legislation with regard to the Hudson's Bay Railway, and probably to provide aid for other railways. It was also their intention to present the civil service bill at an early date as possible. The first duty of the House was to vote supply in order to carry on the business of the country.

On motion to go into supply, Mr. A. A. McLean (Queens) brought up the question of granting whaling licenses for the Pacific coast. He charged the Government with having shown favoritism by granting a monopoly of the business to the Pacific Whaling Company, while an application by Mr. Townsend had been refused without sufficient reasons.

Hon. Mr. Brodeur went fully into the negotiations and correspondence in the matter. Mr. Townsend had applied for a license within fifty miles of established whaling stations, and as this was against the regulations it was not complied with. Subsequently this distance was changed to 100 miles. At a later period Mr. Townsend had been given an opportunity to make another application. But the department had found out that he had intended in case of success to sell his license to a foreign company, Norwegian, in fact, having foreign capital and employing foreign ships and foreign labor. Under these circumstances the application had been refused, and he was surprised that his hon. friend should take exception to the department following a course that would be for the best interests of Canadian capital and labor. The fisheries regulations, he also pointed out, provided that licenses should only be granted to British subjects, and Mr. Townsend was preparing to sell out to foreigners.

Mr. Lennox thought the Government were to be censured for their action. The investment of foreign capital should be encouraged.

Dr. Black asked if Mr. Lennox could name a Norwegian firm that had invested any capital in Canadian fisheries. Mr. Lennox's answer was evasive.

Hon. William Tompkins, who was acting Minister of the department at the time, maintained that he was justified in giving the license to the Pacific Whaling Company. Captain Townsend himself was not dissatisfied with the decision, and, therefore, there was no grievance.

The Militia Estimates.

Estimates of the Militia Department were then taken up.

Sir Frederick Borden said that it was urgent that four items should be passed, namely, those for pay allowances, salaries and wages, annual drill and the Dominion arsenal.

For annual drill was first taken. In a desultory discussion Sir Frederick Borden explained once more the reasons which had resulted in the abandonment of the project to march thirty thousand troops at Quebec for the tercentenary celebration. The number that was going, 12,000, had been decided upon because of a resolution of the Tercentenary Commission. He expected that a general order on the subject would be issued to-morrow. To a question raised by Mr. W. F. Maclean, he said that in fairness to the railway companies he thought they would be quite capable in case of war of mobilizing 30,000 men at Quebec or any other port from Quebec. He anticipated that the cost of carrying 12,000 troops to Quebec and keeping them would be about \$180,000. Every rural corps would be given an opportunity to be represented by one company. The aim was to have the largest and most representative force ever gathered in Canada. The force it was expected would include about 10,000 active militia; 1,400, or about one-half, of the permanent corps; 60 Royal Military College Cadets, and the rest would be represented by 200 men.

To Mr. W. F. Maclean Sir Frederick Borden said he understood the Queen's Own Rifles and the 48th Highlanders, Toronto, were going.

Finally an item of \$850,000 for the annual drill carried, and the House adjourned.

Sickly, Despondent, Tired.

The world is full of sickly, despondent, tired, overworked people, all hoping to be well some day. The surest road to health is along the way of taking Ferrozone after meals. Ferrozone is a great appetizer, and enables one to eat plenty of wholesome food without fear of indigestion or dyspepsia. This results in a rapid formation of an abundance of red, vitalizing blood, which will restore the nerves, increase flesh and vigor, and nourish and feed every organ of the body. Ferrozone is an ideal restorative and invigorant. It is a tonic of unequalled merit that anyone can use with benefit. Price 50c per box, or six boxes for \$2.50, at druggists or N. C. REMARKABLE STORY OF BOGUS TELEGRAPHIC DESPATCH.

Handwriting Test Before Judge Bell Leads to the Arrest in Court of N. H. Smith, a Tilbury Jeweler—Neatly Caught in Court.

Chatham, June 10.—Convinced after evidence given that N. H. Smith, a Tilbury jeweler, had committed perjury in the County Sessions yesterday afternoon, Judge Bell ordered the man's arrest. He was taken into custody and judgment given for the plaintiffs in the case in the course of which perjury had, it is alleged, been committed. Groves vs. Smith. The termination of the case was intensely dramatic. It seems that recently G. W. Groves and W. Danson, of Buffalo, sales promoters, arranged with Smith to conduct a sale for fifteen days on a ten per cent. basis.

The sale opened on a Friday, when it seemed that the impression of the sale register showed \$17 shortage. This led him to wish to get rid of the salesmen. Accordingly he made arrangements with the salesmen that they should get \$250 for the work they had done. This being satisfactory to Groves and Danson, Smith gave \$50 cash and a check for \$200, but for some reason stopped the cheque. This gave rise to the case in court yesterday, the salesmen suing him for the remainder of the debt.

Then followed what in the estimation of Judge Bell was a clever scheme to permit the defendant to put up a strong fight. It was attempted to show that G. W. Groves sent a telegram from Detroit to the effect that his wife was ill, and he would have to go home. If unable to come back he would send a substitute. Groves stated in court that he had never sent the telegram, but rather made arrangements to take the \$250 before leaving Tilbury.

The Judge ordered the telegram to be produced, when D. McLachlan, of the Chatham Business College, and H. D. McKellar, registrar for Kent, an official handwriting expert, were asked to pass an opinion. They did so to the effect that the handwriting of Smith as spelt "nuther," Smith was later committed for trial at the Fall Assizes.

It appears one of the most telling details against Smith was that in the original telegram and that as copied by Smith in court the word "another" was spelt "nuther." Smith was later committed for trial at the Fall Assizes.

Toronto Veteran Dead.

Toronto, June 11.—One of the best known men on the streets of Toronto will be missed in the person of Mr. John Nunn, the chaplain of the Army and Navy Veterans' Association, who died yesterday at his home, 224 Shaw street. He was 82 years of age, and had been suffering from acute inflammation of the lungs, after an illness of only six days. He was for ten years in the British army, and was engaged in the campaign of 1886 in this country.

CONTROLLERS FOR MONTREAL.

They Are, However, to be Engineering Experts.

Montreal, June 10.—What looks like the beginning of a Board of Control for Montreal was made apparent to-day today by the introduction of a by-law at the meeting of the City Council for the appointment of seven engineers, who are to supervise all public works and decide on the expenditure. To overcome their recommendations will require a majority vote of the whole Council. The by-law was read the first time. It is supported by leading Aldermen.

New York State Will Charge Canadians a Fee.

Albany, June 10.—State Forest, Fish and Game Commissioner Whipple to-day announced that the State would exact a fee from all Canadian fishermen fishing in New York State waters along the border line. The tax will be \$5 for a single rod and \$10 for a family rod. This action is taken as a result of the Canadian Government imposing a similar fee upon American fishermen using Canadian waters.

St. Catharines Jury Make an Odd Plea for Mercy.

St. Catharines, June 10.—The general sessions concluded this evening. James Morgan was found guilty of assault and resisting arrest. The jury in their verdict recommended mercy, on the ground that the police in making the arrest had been quite rough with the prisoner. The judge said he could not overlook the jury's request, but was of the opinion that the police should be protected, and that in taking Morgan it had been necessary to use unusual force.

Montreal, June 10.—An unique election bet was paid here as a result of the recent election in St. James' division. Mr. Narcisse Moreau, a Gouin supporter, wheeled his nephew, Mr. A. Anyot, from Canning to Seigneurs street. Large crowds witnessed the carrying out of the bet.

New Publications.

The annual Financial Review (Canadian) compiled by W. R. Houston, containing a carefully revised series of facts regarding Canadian securities, has been received. It is an invaluable handbook of reference for all who have occasion to make inquiry regarding financial, industrial, and other companies doing business in Canada. Its annual records of the rise and fall of stocks, and its very full statements of the standing of banks, and other corporations, their officers, etc., make it an exceedingly handy volume of reference for the business man's desk.

"O! MY POOR HEAD"

Stop Those Headaches

Headache and neuralgia are pronounced signs of blood poisoning. This poisoning of the blood comes from the waste matter of the body being left in the system, instead of being regularly carried off by the bowels, kidneys and skin.

When the bowels do not move regularly, the refuse is absorbed by the blood. Thus, the blood is loaded with food poisons which irritate the nerves.

Poor skin action also causes headache and neuralgia. Impurities cannot escape through the skin, so the blood must take them up and deposit them on the nerves.

If the bowels and skin are not ridding the system of waste, the kidneys try to do so and are overworked.

There is just one way to cure headaches and neuralgia—to regulate bowels, kidneys and skin so that all the poisons of the body will be properly carried off.

"Fruit-a-tives" keep blood pure and rich—relieve the stomach and kidneys—regulate the bowels; and invigorate the skin to healthy action. "Fruit-a-tives" are a wonderful discovery, being a combination of fruit juices and tonics, 50c a box—six for \$2.50. At all dealers, or from "Fruit-a-tives," Limited, Ottawa.

GETS A CHANCE.

PRISONER'S LAWYER USED PATHETIC STORY TO INFLUENCE JURY.

The Judge Probed the Case, and Now Gives Thos. Anderson a Chance to Repair a Great Wrong or Go to Prison for Long Term.

Woodstock, June 10.—Judge Finkle, of Oxford, wherever possible tempers justice with mercy. This afternoon Thos. Anderson, a young man whose home has been in Lillooiburg, came before him charged with highway robbery. The Crown alleged that a few months ago he, with three others, conspired to rob John Birks, a farmer near Tilsonburg, on the way home from that town. Some \$30 were secured. Two of the men were promptly arrested and sentenced to terms at Kingston. The Crown claimed that perhaps Anderson had no actual part in the robbery, he knew it was coming off and was guarding the road.

In addressing the jury Mr. W. C. Brown, of Tilsonburg, most pathetically told of Anderson's sad mother waiting down on the farm for his return, and of his wife, who was also waiting, just about to become a mother. This was a surprise, as previously Anderson had said he was a single man. The jury went out, and in a few minutes returned with a verdict of guilty. Anderson, meanwhile Judge Finkle had questioned the Chief of Police of Tilsonburg, and found that the girl is not the man's wife.

The Judge sent Crown Attorney Ball to the prisoner with a proposition, which was that if he would marry the girl sentence would be suspended. The man said he would not, but he was given a chance to think it over, and judgment was reserved. He was given ten days to marry the girl. If at the end of that time the marriage has not been performed, or if he cannot produce a marriage certificate, the Chief of Tilsonburg has instructions to bring him back before Judge Finkle to be sentenced.

STEADY, SURE RECOVERY.

Sir George Drummond Talks of the Business Revival.

Montreal, June 10.—In an interview Sir George Drummond, President of the Board of Trade, spoke in generally favorable terms as to the outlook of business throughout the country. Sir George said that he did not expect to see a complete recovery of trade conditions in the very near future, but with good crops the Dominion would well experience a complete renewal of its trade activities.

"A great deal," continued Sir George, "necessarily depends on the success of our next harvest, and from present indications there is every reason to expect a bumper crop. There is as much money in Canada to-day as ever; but one sees a certain lack of present confidence, which, however, will gradually disappear. In some quarters people are asking for cheaper money, but I do not expect to see lower rates in Canada, at least for the present."

CONDUCTOR GOES FREE.

Grand Jury Finds No Bill Against Wabash Railway Man.

St. Thomas, June 10.—The Grand Jury at the Sessions here to-day returned "no bill" in two charges against John Lawton, the Wabash conductor who was accused of neglect of duty and violation of the railway rules. The charges arose out of a wreck at Tilsonburg on January 2nd last, when a G. T. R. train crashed into two Wabash engines returning light from Corinth, and which resulted in the death of Engineer Walker and brakeman Gray. Lawton was accused of breaking the train and taking half to Corinth without properly protecting the other half, and also with returning from Corinth without order.

MISSING FOUR MONTHS.

Bodies of Two Men Found in Glace Bay Harbor.

Glace Bay, N.S., June 9.—The bodies of two men were discovered in the harbor within the last twenty-four hours. It was stated that David Morrison of the town and the other Clifford Murphy, of Halifax, N.S. Both had been missing since last February. The autopsy upon Morrison leads to a suspicion of foul play, as his neck was broken. It is thought that Murphy was also a victim of violence. Both were young men, and both likely met death at the same date.

WAS MINE SALTED?

INTERESTING EVIDENCE IN SUIT OVER COBALT MERGER.

New York Man Refuses to Complete Purchase of One Million Shares—Vendor Says Rumors That Mine Was Salted Are Baseless.

Toronto, June 11.—The hearing of the action of Mr. S. S. Sharpe, an Uxbridge lawyer, to obtain specific performance of an agreement to purchase 1,000,000 shares of Cobalt Merger, Limited, was resumed in the Non-Jury Assize before Mr. Justice Hildesheim yesterday and produced much interesting evidence.

The defendants are Mr. W. J. White of New York, and his wife, Helen. The trial was stopped several weeks ago in order to get the evidence on commission of Mrs. White, who is ill in New York. Mr. White's defence is that the property, though represented to be valuable, is comparatively worthless, and at his Lordship's suggestion expert evidence as to the real condition of the property has been secured in the meantime.

Yesterday Mr. J. P. Tyrrell, a mining engineer, gave evidence on behalf of the defendants. Mr. Tyrrell said he had made a careful examination of the property. He had gone down No. 1 shaft and found no silver, but in a fissure of the rock he had found silver mixed with decomposed rock, which he sent to be assayed.

The evidence of Mr. W. J. McNeill, a young mineral assayer, was heard as to the composition of the decomposed rock. It contained about 250 ounces of silver, and his Lordship was curious to know whether it was possible to mix decomposed rock and silver artificially. Witness said it was, and told how it could be done. Samples of ore from the mine were produced in court, but the witness was unable to find silver with his naked eye.

Asked as to whether the mineral samples he had found were loose in the fissures, "I do not think it probable that the deposits could have been placed there," he replied.

"There are queer winds that blow in mining camps," was Mr. Armour's non-committal comment.

In reply to the suggestion that the mine had been salted, Mr. Sharpe replied that he had only heard one rumor to that effect, and that it was a baseless one, and he accounted for Mr. Tyrrell's non-success in finding silver in the veins by saying: "I do not think he was very anxious to find values."

Evidence from several mining engineers as to the value of the property by Mr. Sharpe as to the value and condition of the property.

G. T. R. BUILDING.

The Franco-British Exhibition In London.

The Franco-British Exhibition in London this year is the great attraction, not only for the residents of the United Kingdom and France, but for people of all countries, and it is estimated that the attendance will reach from 30,000,000 to 40,000,000 during the lifetime of the undertaking. Canada is participating in the Court of Progress, one of the ideal sections of the Exhibition, and where the building is surrounded by beautiful gardens laid out by a noted French landscape artist. The Grand Trunk had the distinction of having their exhibit completed for the opening day of the Exhibition, in fact, they were the only exhibitor ready for that event.

The collection of natural fruits from Ontario, and the fish and game trophies from the Canadian woods and waters, create great interest, while the grains and grasses from Ontario, Manitoba, Saskatchewan and Alberta are much admired. Two record moose heads, worth \$1,000 each, are objects of much interest.

The electric lighting of the building inside and outside has been arranged on a lavish scale.

The lines of the building are carefully followed by small electric lamps fitted with gold stars, about 500 of these being required for this purpose, while the allegorical group of figures over the entrance, well shown up at night by concealed lights, and over the group is suspended a beautiful cut glass brilliant star, representing Canada as the "Star of Empire."

ATLIN LAKE TRAGEDY.

John Kirkland and Thomas Fox Probably Drowned.

Atlin, June 10.—It is feared that John Kirkland and Thomas Fox found graves in the icy waters of Atlin Lake. They left Atlin to cross the lake early on Saturday evening and have not been seen since. The steamer Scotia left Atlin to investigate, and found a canoe thrown up on the beach. Kirkland was secretary of the Atlin Liberal Association for a number of years, and it is said he filled the first tree on the site where Vancouver now stands.

ARCHBISHOP SHOT DOWN.

Assassinated on Steps of Synodal Building at Tiflis.

Tiflis, June 10.—Archbishop Nikon, anointed in Tiflis this morning on the ex-Archbishop of Georgia, was assassinated by the Synodal building. His assassins were revolutionists. A monk who was in attendance upon the Archbishop was severely wounded. The assassins made sure of their work. They emptied their revolvers into the body of the Archbishop and then fled. They have not been captured.

GREAT PRAIRIE HANDICAP.

Eloping Manitoba Couple Are Heading Across Country.

Portage la Prairie, June 10.—W. Baskerville, nineteen years of age, of Neepawa, eloped yesterday with Mrs. Adie Williams, 40 years of age. Baskerville took his father's team and wagon, and three children belonging to the woman were also taken along. It is thought the party are heading for Winnipeg across country and the police are on the lookout for them.

MORE RECORDS BROKEN AT H.J.C.

Mr. Gartshore's Jumper, Big Bear, Was First at 15 to 1.

Cave Adsum Won the Hotel Royal Stakes—Hon. Adam Beck to Judge in England.

Two track records were broken on the second day of the Hamilton Jockey Club's summer meeting, and a Canadian record—a mile and a sixteenth on turf—was established. The day track yesterday was very fast, but slightly deader than on the opening day. Over 2,000 persons saw the remarkable racing. Although records were broken, there was not a really close finish in the six races—the winners came in by themselves. The track records broken were at five furlongs and a mile and an eighth. Cheek did the former distance in 1:00.45 and Cave Adsum covered the latter in 1:33.5. The Canadian record established was over the new turf course at a mile and a sixteenth, and astonishing time was made by Mr. J. E. Seagram's Sir Galahad, which won the race in 1:46.25, which is at the rate of one mile in 1:40, or slightly better. Sir Galahad was not pressed and romped in five lengths ahead of Kid Ross, a 40-1 shot. The time for the distance was very much better than Elliott, Photographer and Martin Doyle won at that distance at the Woodbine. In fact, it was faster than the record for this day course at the Hamilton track, made by Pretention a few years ago. The Seagram horse was always the favorite, opening at 1 to 2 and closing at 9 to 20. The most popular victory of the day was that of Mr. Gartshore's green jumper, Big Bear, who won the steeplechase at long odds. The Hamilton horse opened at 20 to 1 in some of the books, and he was backed down to 10, notwithstanding a heavy play on Byzantine and Mixup. Byzantine was the favorite at even money and Mixup was second choice at 3 to 1. Mixup did not seem to be ready, and began to stagger before doing the first turn of the field. He stumbled at the eighth jump, and E. Kelly rolled over very wisely, as the horse was all in. Byzantine had what looked like a winning lead to the last jump, where it fell. Big Chief, who had been rated nicely by the Hamilton jockey, Groves, came on and won by 20 lengths. Opinion was divided as to whether Big Bear could have overtaken Byzantine on the flat, as he was full of running at the end, the race would no doubt have been a close one if Byzantine had stood up. Mr. Gartshore was freely congratulated by his friends on his win. Big Bear was trained by

At Ladies' Golf Tournament.

At the Ontario ladies' golf tournament here yesterday some good scores were made. The results were: Round two, championship competition: Miss Dick, Toronto, won from Miss Dufresne, Toronto, 1 up. Miss Florence Harvey, Hamilton, won from Miss Christie, Ottawa, 4 up, 3 to go. Miss Pheop, Hamilton, won from Miss Cox, Toronto, 1 up on 20th hole. Miss Okden, Toronto, won from Miss Hart, Toronto, 1 up. In the consolation competition, Mrs. Gibson, Brantford, won from Miss Rundle, Toronto, 6 up, 5 to go. Mrs. Fitzgerald, Toronto, won from Mrs. Rowe, Hamilton, 1 up. Mrs. Goodearle, Hamilton, won from Miss Watson, Hamilton, 4 up. Mrs. Whitehead, Brantford, won from Miss Leemin, Brantford, 4 up. In the driving competition in the morning, Miss Elmslie, Toronto, won with total of 490 yards in three drives. Miss Florence Harvey, Hamilton, second, with 475 yards. Miss Lundy, Peterboro, was longest single drive of the day, with 148 yards. In the bogey competition Mrs. Rodger, Toronto, with handicap 2; Mrs. Burns, Toronto, with handicap 6; Miss Elmslie, Toronto, with handicap 8, tied for first, being 5 down. Mrs. Bostwick was second with 6 down.

Tracks Benefited by the Pari-Mutuels.

Figures to Show the Increase in Revenue at Louisville. To the officials of the tracks other than those of New York, the business side of the substitution at Louisville of pari-mutuels and auction pooling for bookmaking is looked upon with interest. Compelled to have annually to secure sufficient returns from admissions and privileges to meet expenses and pay something in the way of a dividend to stockholders, these officials might naturally be expected to study the Louisville experiment with concern. There is no doubt of the financial success of the Louisville departure. The returns of the first eleven days of the present meeting are greater than the returns from bookmaking for the first eleven days of last year's meeting. Putting the charge at the usual rate of 100 per cent for each book, the mutuels of the two meetings show the following results: From Bookmaking: 1907, 1908. First day, \$2,000 to \$3,275.30; Second day, 2,800 to 2,417.00; Third day, 2,800 to 2,575.50; Fourth day, 2,400 to 2,575.50; Fifth day, 2,200 to 2,031.50; Sixth day, 2,700 to 2,185.25; Seventh day, 2,600 to 2,468.25; Eighth day, 2,400 to 2,442.25; Ninth day, 2,300 to 2,145.25; Tenth day, 2,000 to 2,351.25; Eleventh day, 2,000 to 2,547.25. Total, \$23,500 to \$29,528.45. The sale of auction pools for the first eleven days of the present meeting aggregated \$141,568. From this score comes an additional percentage of \$7,784.60, making a total revenue to the New Louisville Jockey Club of \$27,008.55, as compared with \$25,500 of last year from bookmaking. This must be considered rather a striking object lesson. There is another side to it. The books last year made their best showing in the first eleven days of the meeting. From that time on there was a falling off in the number of bookmakers to as low a figure as but seventeen. The last eleven days of the meeting returned \$21,500, a decrease of \$7,000 from the income to the club for the first eleven days. While there are fluctuations in the daily aggregate of mutual sales, it is quite safe to say that there will at no stage of the meeting be any such falling off as took place in the case of the bookmaking revenues in 1907. The business done by the New Louisville Jockey Club in pari-mutuels and auctions was as follows: Dates: Straight Place, Show, Auction. May 7, \$1,576 to \$2,789 to \$2,529 to \$12,990; May 8, 2,229 to 3,469 to 3,270 to 12,145; May 9, 3,322 to 2,789 to 3,070 to 12,577; May 10, 2,995 to 2,560 to 2,366 to 12,264; May 11, 4,785 to 3,536 to 4,015 to 12,584; May 12, 3,994 to 2,198 to 3,311 to 10,233; May 13, 4,482 to 2,885 to 3,326 to 12,497; May 14, 4,177 to 2,925 to 3,477 to 15,706; May 15, 5,043 to 3,430 to 4,320 to 13,260; May 16, 5,091 to 3,367 to 4,823 to 18,019. Total, \$44,709 to \$29,579 to \$46,506 to \$141,568. This is a total for eleven days, or an aggregate of \$4.50 each, or an aggregate in money of \$368,550. From this it can be seen that the average of all the money per diem is less than \$30.00. When some study of this point is indulged in, it will serve to render ridiculous the wholesale stories of enormous "killings" when bookmaking as much money has been wagered daily at this meeting as at any of its predecessors.

HAMILTON LOST TO GUELPH.

Maple Leafs Defeated Tigers Twice Yesterday.

London and Niagara Falls Won One Each—Scores in the Big Leagues.

Guelph, June 11.—(Times Special.)—Murray's Widows this afternoon took a double header from the Hamiltons, making it three straight from the champions, giving some indication of what kind of a team of ball jugglers Mr. Murray has collected. It was the best ball that has been seen on the local field for many a moon. In the first game but two misfits were located, both charged to the Merry Men, and either of them could have been passed by a sealer without endangering his reputation. The second game was even better, for throughout the half of a regulation game not a mistake was made. It was indeed great ball, and was no doubt fully appreciated by the enthusiastic crowd of about half a dozen fans who resided in the grandstand. With gilt edged fielding the pitchers were the men on whom great things depended, and it was here that the work of Messrs. Sterling and Barry showed fully up to the guarantee. Muir also did good work in both of the games from the pitcher's box, but he allowed hits at critical moments with disastrous effect. The scores: Hamilton, A.B.R.H.P.O.A.E. Emery colt won by ten lengths in the hollowest fashion, in 1:43.1-5, which was within 2-5 seconds of the track record. James R. Keene's Transvaal beat Angulus two lengths for the place, with Live Wire six lengths back. The Belmont pair, Fair Play and Half Sovereign, were withdrawn because of the death of O. H. P. Belmont.

H.J.C. Entries.

Entries for To-morrow's Races at the Hamilton Jockey Club Track Are on the Last Page.

WEEKLY MEETS.

First of the Y. M. C. A. Series Held Last Evening.

The first of a number of weekly athletic tournaments, under the auspices of the Y. M. C. A. at Britannia Park, was held last evening. The numbers were well chosen and keenly contested throughout. Good work was done by the athletes who contended. The features of the evening were an exhibition run of two miles by Jack Caffery and an exhibition sprint of 200 metres by Bobbie Kerr. Caffery made his two miles in 10:40, the first in 5:10. He was paced for two laps by Tom Ellis, four by Billy Meloy, and the last two by Wally Muirhead. Bobbie Kerr gave White 12 yards in the 200 metres and beat him by

about that number, doing the trick in 22.1-5 seconds. The 220 yards junior was won by Mc Cullough, with Manewell second in 25 seconds. The senior 220 was won by Murphy, with Ogilvie a strong second, in 24 seconds. The two-mile run was very interesting, and a young lad named Smith showed up well in the running. Bobbie Burns was first, with Smith second, in 12:07. This was the one-mile bicycle race in 2:27, with Cornell a good second. The two-mile bicycle race was won by Cornell, with Young second, the time being 5:19. The high jump went to Cal Ogilvie, who jumped 5 feet 1 inch. Bainbridge was second, an inch below. Don M. Cameron was timer.

JUNIOR HARRIERS ARE ENTERED.

The Y. M. C. A. Junior Harriers will be well represented in the Toronto Central Junior athletic meet to be held at the Varsity athletic field on Saturday, June 13th. This is the first junior meet in Canada, and the Hamilton Harriers expect to make a good showing. The list of the Harriers' athletes are entered, and are all in fine shape for a hard contest. Following is the list: 100 yard dash—G. Evans and J. Manewell. 200 yard dash—G. Evans and J. Manewell. 120 yard hurdles—J. Manewell and J. Bainbridge. Half-mile run—E. Barclay and J. Bainbridge. One-mile run—E. Barclay. Running high jump—Tom Woods. The boys have been training hard and hope to bring home some of the medals.

COMMENT AND GOSSIP

The Times joins the friends of Bobby Kerr and Eddie Cotter, who left for England to-day, success in their efforts at the Olympic games. That Kerr will be a credit to the city and Canada, both on the field and off, there is little doubt here. Cotter looks like a comer, and the veteran trainer, Dick Robinson, thinks he will make the best showing of the Canadian runners in the Marathon, excepting, perhaps, Lawson. It is doubtful, however, if Lawson will be able to start, as rumors have been set afloat by Englishmen who claim to know Lawson, that he is a professional gambler, that he was professionalized in England a few years ago. There is a feeling here that Longhart run his last good race when he ran that 40-mile race to Toronto. If this weather continues, some more Canadian records will be made at the Hamilton Jockey Club track. The course is lightning fast—faster than it ever was. Mr. M. Maloney, the track superintendent, is coming in for much praise for the fine condition of the plant. As against this theory a system player writes that prices on winning horses in Toronto averaged the smallest ever laid on horses by bookmakers at any track in the past ten years. Five dol-

lars on each winner, the closing, Friday and Saturday, according to his system, would produce at Gravesend \$363, Oakland \$363, London \$684 (Pari Mutuels), Latonia \$540 (auction pools), and at Toronto only \$120.

THIRTEENTH MEN MADE SOME VERY FINE SCORES.

Average of 90 For 30 Men in Canadian Military Rifle League Series. Three teams of the Thirteenth Regiment shot in the first Canadian Military Rifle League match last Saturday and made the grand average of 90 for the whole 30. The veteran, Sergt. Harry Marris, made top score of the day, 98. The scores were: No. 1 Team. Ar. Sgt. H. Marris, 33 34 31 98; Pte. M. F. Jones, 33 31 33 97; S-Sgt. T. H. Hayhurst (G.M.), 32 33 31 96; Corp. VERITY'S MUST BE GOOD. Brantford, June 11.—(Special.)—The Cherokee Indian ball team was here yesterday afternoon and evening for games with the Verity champions. In the afternoon they played an eleven-inning game, 5-3, and in the evening the Indians were beaten under the glare of their own candlelight 5-4. JEWELERS PLAYED BALL. The jewelers, retail and wholesale, came together yesterday afternoon at the Mountain View Park, not to discuss the question of prices, but for the purpose of settling their differences over an interesting game of base-ball. There were exciting moments during the entire afternoon. The wholesale team was composed of members of the firm of Levy Bros. and great was their chagrin when the game was over and they found that they were losers by a score of 14 to 12. The retailers played about 26 men during the game, while the wholesalers kept to their regular team. A most enjoyable out was spent by the handlers of diamonds, etc., and they are contemplating another in the near future. Alf Baker was busy with his little camera and if Tom Binkley, and others want to get a characteristic pose of themselves, all they have to do is to apply to brother Alf Baker.

LITTLE CHANCE FOR CITY WATER.

MOUNTAIN RESIDENTS LIKELY TO WAIT ANOTHER YEAR.

Draft of Street Railway By-law is Ready - Special Meeting of Council Likely for Next Monday.

The east end mountain top residents have a poor chance of getting a water supply this year, in the opinion of the city officials.

It is not unlikely that both the power question and the street railway matter will be dealt with at the Council meeting on Monday night.

There has been some dispute over the mileage of the Brantford & Hamilton tracks in the city.

Thomas Hamilton was granted a permit to-day for a brick house on Kinrade avenue, between Barton and Cannon streets, to cost \$800.

The draft of the street railway by-law prepared by the City Solicitor is a very voluminous document, covering twenty-seven typewritten pages.
