Large Increase in Railway Debt

Interest due the public on debt of the Canadian National Railways and affiliated companies in 1923 amounted to \$34,126,065 and interest to the government to \$30,157,943, or a total of \$64,284,009, in addition to this amount, interest on unfunded debt was \$126,725. Hon. George P. Graham, Minister of Railways and Canals, answering a series of questions by Sir Henry Drayton, in the House of Commons yesterday, stated that the debt of the Canadian National Railways and affiliated companies had increased by \$116,292,636 in 1923. Of this amount \$97,437,233 was a debt to the government, and \$14,855,402 debt to the public. In the previous year the addition to the debt of the government system was \$59,621,000, and in 1921 \$133,193,254.

Save The Forest Week Observed In The Province

Save the Forest Week was observed last week in New Brunswick as part of a general Dominion-wide campaign to keep public interest in the conservation of the forests at a high point. Education along those lines has had results and it is desired to maintain the standard.

On Saturday the distribution of campaign literature was made in all towns and cities. On Monday night radio fans were given two addresses on the subject broadcasted by the Canadian National Railways station at Moncton, CNRA. The speeches were by Premier Veniot and Hon. J. E. Hetherington the latter Acting Minister of Lands and Mines.

During the week all institutions, businesses and persons interested in lumbering, hunting, fishing and forest conservation, assisted in the campaign.

Accident to industrial disturbance in Cape Breton, that of the people of Peterborough is outstanding in its importance and in the genuinely spontaneous manner in which private citizens and industrial firms responded to the appeal.

A carload of food and other necessaries has been shipped from this Ontario city to Glace Bay, the result of effort of the Citizen's Relief Committee and the local Women's Council.

Quaker Oats and Quaker Flour, of which a generous donation was made by The Quaker Oats Company, were important items in the Peterborough car. These and the other products of the Quaker Mills are particularly well-known and esteemed in the Maritime Provinces.

Erect Monument To Sir John A MacDonald

Soon there will rise to the memory of Sir John A. MacDonald a monument in the Quebec legislative grounds, announced Hon. A. Gailpeult, Minister of Public Works and Labor, when the estimates in his budget providing for a credit of \$8,000 for empellishment, of the grounds was being discussed. The contract is shortly to be given out said the minister.

Town Council Names Committees

Pursuant to notice a special meeting of the Town Council of the Town of Newcastle was held in the Town Office on Friday; April 24th 1925; at 8 o'clock p. m.

Present:—Mayor Russett; Ald. Armstrong, Atkinson, Creaghan, Mackay; Ritchie; Sergeant; Smallwood and Stables.

The Town Clerk read the report of the election and on motion the same was adopted as recorded. It was moved and seconded that the mayor appoint a nominating committee for the appointment of standing committees for the ensuing year and the Mayor appointed Ald. Ritchie, Armstrong, Creaghan as such committee. Council was given intermission to allow the committee to prepare a report.

On the Council re-assembling the following report was presented:—To the Mayor and Members of the Town Council

Gentlemen,—Your Nominating Committee beg to recommend the appointment of the following committees for the ensuing year.

Finance:—Ald. Mackay, Atkinson and Smallwood.

Public Works:—Ald. Creaghan, Sergeant, Armstrong.

Light & Water & Sewerage:—Ald. Ritchie, Mackay; Armstrong.

Police & App. to Office:—Ald. Smallwood, Atkinson; Creaghan.

Park & Fire:—Ald. Sergeant, Stables, Ritchie.

Bye Law and Licensing:—Ald. Atkinson, Stables, Armstrong.

Industrial and Publicity:—The Mayor with the whole Council.

It was moved by Ald. Mackay, seconded by Ald. Smallwood and carried that the report be received and discussed.

After some discussion it was moved by Ald. Smallwood, seconded by Ald. Ritchie and carried that the report of the Nominating Committee be received and adopted. The different committees met to appoint their Chairman.

The Finance Com. reported that they could not agree on the appointment of a Chairman as none of the members would accept the appointment and the three resigned from that committee.

It was moved by Ald Ritchie, seconded by Ald Stables that the Mayor appoint a Committee to select a Finance Com. The Mayor again appointed Aids. Armstrong, Ritchie and Creaghan such committee: The Committee recommended the appointment of Ald. Ritchie, Creaghan and Armstrong as Finance Committee and on motion of Ald Atkinson this recommendation was adopted.

The different Committees then reported the appointment of their respective chairmen as follows:—

Finance—Ald. Ritchie

Public Works—Ald. Creaghan

L. W. & Sewerage—Ald. Ritchie

Police & App. to Office—Ald. Smallwood.

Park & Fire—Ald. Stables

Bye Law & Licensing—Ald. Atkinson.

A letter was received from A. E. Petrie, Sanitary Inspector of the Board of Health for the Town of Newcastle, calling the attention of the Town Council to the advisability and necessity of keeping the Town Dump, the Town Property in rear of the Town Hall, the head of Radio street and the old Commons in a sanitary condition and same was referred to the Public Works Committee for attention. The committee appointed to arrange with the Canada Creosote Co. Ltd. for a water main was given an extension of time.

Ald. Creaghan drew the attention of the Council to the fact that some towns were selling property for taxes with an option of redemption within two years and after discussion the Finance Com. was authorized to take the matter up with the Town Solicitor to ascertain if such a law would be applicable to Newcastle.

Ald. Armstrong gave notice that at the next regular meeting he would move for the passage of a bye-law governing the erection and location of buildings in certain areas of the town, where the placing of such buildings would cause a depreciation of adjoining properties or become a fire menace or nuisance and that the Town Solicitor be instructed to draw up said bye-law. On motion the Council adjourned.

The Finance Com. reported that they could not agree on the appointment of a Chairman as none of the members would accept the appointment and the three resigned from that committee.

It was moved by Ald Ritchie, seconded by Ald Stables that the Mayor appoint a Committee to select a Finance Com. The Mayor again appointed Aids. Armstrong, Ritchie and Creaghan such committee: The Committee recommended the appointment of Ald. Ritchie, Creaghan and Armstrong as Finance Committee and on motion of Ald Atkinson this recommendation was adopted.

A DELIGHTFUL PIANO RECITAL

By Pupils of St. Mary's Academy on Wednesday Evening

In the Piano Recital given at St. Mary's Academy on Wednesday evening by the students of the Progressive Series of Piano Lessons, St. Mary's sustained its enviable reputation for the teaching of music. A good sized audience was present who thoroughly enjoyed the numbers and appreciated the opportunity given them of hearing each and every one of the students, besides having the Ward Method of Teaching Singing demonstrated.

The pupils all played sweetly and effectively with remarkable technical skill and powers of memorization and reflected credit on themselves and their teacher. All the pupils, with the exception of five, began music within the last four years, some having taken only a few months.

Misses Mary Fletcher and Aline LeBlanc are worthy of special mention. Miss Fletcher's graceful performance of "The Butterfly" and Miss Aline LeBlanc's fine interpretation of Rachmaninoff's Prelude in C-Sharp Minor, as well as Chant Sans Paroles and their other numbers, were evidences of true artists. These young ladies give promise of a brilliant future.

The pupils sang the Spring Song with sweetness and a clearness of tone, making every word heard, which added much to its enjoyment.

The demonstration of the Ward Method was very interesting, particularly the work of the girls only six and seven years of age. The girls demonstrating this were not students of instrumental music.

Telephone Company Installs Amplifier

The New Brunswick Telephone Company Ltd., has just completed the installation of a new amplifier for the transmission of messages on long distance lines. With this new instrument long distance calls, will be heard much more distinctly than formerly. Last Friday night a test was made over a distance of 750 miles throughout the province and the result was most gratifying.

Ferry Road Got Handsome Gift From Beaverbrook

Trustees Will Name New Structure After Lord Beaverbrook's Country Estate

R. S. Stothart of Ferry Road, the chairman of the board of trustees of the newly projected public hall for the community at Ferry Road has received a donation of \$200 towards the expense of erecting the new building from a former New Brunswick, Lord Beaverbrook of England.

The work of erection will begin this week and will be proceeded with as rapidly as possible. At a meeting of the trustee board held recently it was decided to show their appreciation of Lord Beaverbrook's donation by naming the new building Cherkley Hall, the title of Lord Beaverbrook's estate in the old country.

The I. O. D. E. will hold a Rummage Sale in the Town Hall on Saturday, May 9th., at 1 o'clock p. m. Good Values will be given. All are invited.

SEES BETTER TIMES FOR THE LUMBER TRADE

President of Lumbermen's Association Declares it Depends on People Getting to Work

Forecasting an improvement in the lumber business very shortly if people really got down to work, but adding that at present the conditions were not yet very brilliant, David Champoux, president of the Canadian Lumbermen's Association, is visiting Quebec.

Mr. Champoux was inclined to believe that very little profit, if any, was being made at present by lumbermen. He said that during his term of office which he intended especially to answer for, was the preservation of the forests either from fires or from destruction through abnormal cutting. As far as winter operations had been conducted, he understood from reports on hand that only between fifty to sixty per cent of the normal cutting of timber had been going on, the majority of the large lumber interests reducing their operations to a minimum.

Aemilius Jarvis Released From Jail

After Paying the Remainder of His Fine, Amounting to \$60,000

Toronto, April 23.--Having satisfied the end of justice for his part, together with Peter Smith, former provincial treasurer, in connection with the Ontario Government bond scandals, Aemilius Jarvis prominent Toronto financier, and yachtsman, was, early this morning, released from the municipal-jail farm, at Langstaff, near this city, on the expiry of his sentence of six months imprisonment imposed upon him by Chief Justice Meredith, last October. Late yesterday afternoon Jarvis fulfilled an additional penalty imposed upon him by the law, when he paid incourt through his son, Aemilius, the \$600,000 fine imposed upon him by the First Appellate Court of Ontario on his appeal from the fine of \$600,000 which Chief Justice Meredith had directed should be borne jointly by Jarvis and Smith. Before his appeal, Jarvis had made restitution of \$140,000 to the province.

Jarvis left the prison shortly before one o'clock this morning, in company with friends, and motored to his home in the city.

GOES TO GALLOW'S STOLIDLY AND DIES WITHIN 12 MINUTES

Fredericton, April 23--Harry D. Williams, convicted of the murder of his two half-nieces, Cynthia, 14, and Nevia Foster, 10, at Fosterville, in November last, was hanged at 12.01.55 o'clock this morning in a barn near the jail yard in Fredericton. His nerve never broke and he went to the gallows with the same stolid demeanour that he showed throughout his trial, saying, his hands were strapped behind him, "I place my trust in Him. He has carried me through so far. I can do nothing for myself."

He shook hands with his guards and Very Rev. Dean Neales, who was his spiritual adviser and, as he passed through the corridor on his way from the death cell to the scaffold, smiled and bade good-bye to newspaper men and others present. His display of nerve was wonderful and he never flinched.

Charles Sterling and Alex. Murray, the guards walked beside the prisoner while Dean Neales commenced the recitation of Psalm xxiii. "The Lord is my shepherd."

They passed through the corridor and through the jail yard, about ten feet, to a barn. They went inside and climbed one story to the loft where the execution was held.

As Dean Neales completed the recitation of the Lord's Prayer at 12.02 o'clock the trap was sprung and 12 minutes later Williams was pronounced dead by Dr. Allan Sterling. Dr. B. M.

Dougan, coroner, of Harvey Station, and Dr. L. A. Violette M. L. A. of St. Leonard's, also viewed the body with the coroner's jury. The body was taken by D. McAdam, undertaker, and interment was in the Rural Cemetery before dawn.

The only witnesses to the execution, with the exception of the hangman Dean Neales and the guards, were the jury, consisting of Warden John T. Christie, of Bright Peter McFarlane of Nashwaakiss; Coun. J. F. Doherty, of Springhill; Ald. W. L. Jennings, Thomas Davidson, Edward Hall and James Hawthorne.

Hangman Ellis was dressed in a Prince Albert coat, gray striped trousers, black tie and wing collar.

When he was placed on the trap and as Ellis pulled the black hat over his head, Williams turned around to look at the jurors, and others who were gathered.

Very Rev. Dean Neales expressed the opinion that Williams went to his death fully penitent. He said that no man in the city of Fredericton had more to be thankful for than he had. As soon as the body had been cut down it was viewed by the coroner's jury, who soon afterwards returned the formal verdict, and a short time after the body was taken to a local cemetery and buried. While the execution was being carried out, a crowd of several hundred people congregated in front of the jail.

New hinges had been placed on the trap of the gallows. Williams had been eating hearty meals yesterday, but was somewhat more restless than usual when he retired Tuesday night after the Salvation Army had conducted their last service in his cell. As they left, some of the women kissed him and said good-bye; he asked them not to say good-bye - just good-night. During the night he had a sound sleep.

TASCHEREAU DENIES VENIOT STATEMENT

Error Claimed in Grand Falls Hydro Development Reports

That he did not use the words ascribed to him in a statement reported to have been made by Hon. P. J. Veniot, Premier of New Brunswick, in the Legislature at Fredericton, last Thursday, in connection with the Quebec bill authorizing the Grand Falls Hydro development in such part as authorization by the local government was necessary, and that he had not seen Premier Veniot in connection with that bill, is the denial made by Premier Taschereau, of Quebec.

When a fight was being made to block the bill to give New Brunswick storage and other rights in Quebec, Hon. Mr. Veniot was quoted as saying Premier Taschereau had given this assurance:

"Quebec will stand by New Brunswick, even if I have to lash the party whip on the last member of the supporters of the government."

Says 100,000 Will Leave England For Canada In 1925

Immigrants to the number of 100,000 will come from G. B. to Canada this year, according to the prediction of J. H. Carmichael, steel magnate of London, England, whose estimate is based upon what steamship agents and other interested immigration parties have told him in the Old Country.

The Empire settlement scheme is arousing more attention to Canada in Great Britain, and Wembley exhibition was a great stimulus. Young married couples experienced in agriculture and with little capital were looking to Canada for their future livelihood. Mr. Carmichael warns that European immigration agents must be watched to see that they do not assist the entry of workers, who would only increase the ranks of the unemployed in Canada.

**MARITIME
PROBLEMS PLAIN-
LY SET OUT**

The Financial Post, Toronto, under date of April 17, published a special section dealing with the Maritime Provinces.

History, needs, demands resources, geographical situation and other phases were discussed, and special attention is paid to rail and steamship connections.

In a foreword, S. Chalmers Eastern editor, Post, tells of his observations and findings in a tour of the Maritimes. Unity of opinion is lacking, he said, but he believes this is a healthy sign of sound thinking on the Maritime problems.

The population is practically stationary, industries are few and the economic situation is depressing.

He suggests that the Maritimes should inculcate industry into their youth, invest their capital in their own industries and have more work done with the hands. A survey of our natural resources is urgent and more co-operate marketing is essential. Business men think there is "too much politics" and that politics is taken too seriously.

Mr. Chalmers found that not much effort is being made to get new industries. The Maritimes are of the opinion that the railways should pay more attention to building up the country and less to revenge: that greater use should be made of the Maritimes ports and less use of the competing United States ports. He also learned that the tariff is regarded as having other parts of the country to the disadvantage of the Maritimes, by the sea.

Article by R. E. Armstrong, Secretary of the Saint John and Trade, deals with Canadian traffic for our ports and also a statement of the Eastern ports by Mr. P. V. Nixon.

Very interesting and instructive articles are an explanation of New Brunswick's super-power scheme, by S. R. Weston, chief of the N. B. Railway Commission; a fine picture of the Grand Falls, a discussion of transportation and shipping by T. H. Estabrooks; a study of our industrial situation by L. W. Simms, president of the Board of Trade and many other articles and interviews, covering New Brunswick, Nova Scotia and Prince Edward Island.

Illustrations show the Saint John Drydock, Saint John harbor, the Atlantic Refineries, lumbering, fishing, fox-farming, etc. Considerable attention is paid to the scenic beauty of the Maritimes and to the importance of the tourist traffic.

BOARD OF TRADE
There are many reasons why Newcastle should have an active Board of Trade and all efforts made to arouse interest in its work and increase its membership and influence are most commendable.

The membership should be larger than it is and the importance of the Board merits a greater measure of general co-operation. The Newcastle Board of Trade has recently been re-organized and with a live board of officers and council, who promised at a recent executive meeting, that they would use their best efforts to build up an organization that will be a credit to the Town of Newcastle, should produce good results.

The membership fees go wholly toward paying the ordinary expenses of the Board, so that there has been no surplus to devote to work, which concerns the Board as a working factor in the purpose for which it was organized and created.

In connection with the endeavors to increase public interest, and render the work of the Board effective, some few comments might properly be made. Opinions vary on these as well as on other matters, but in our opinion, and in the opinion of others as well, there can be no general permanent interest created nor advance made without more frequent general meetings of all the members. To delegate every thing to the Council and Secretary will never develop a Board of Trade in any town nor increase interest in its doings. Regular monthly meetings attended by all the members must be held and these meetings must be made interesting, if the Board is to be made efficient and successful.

Of course the argument is put forward that correspondence must be answered and other business transacted promptly, consequently the Council and Secretary must do it, on account of more or less public apathy. This is all very well, but it is no reason why the members should absent themselves from the general monthly meetings and by so doing dampen the ardor of the gentlemen, who compose the Council and who are anxious and willing to do all in their power for the benefit of the community. The members of a Board of Trade Council appreciate the attendance of the members at the general meetings and are desirous of hearing their expressions of opinion on the many matters which come up for consideration.

If public apathy as such referred to exists in Newcastle, surely it is possible that it can gradually be overcome. If it cannot a Board of Trade has its influence restricted and its power of effective work most seriously minimized. It is to be hoped that Newcastle will not be guilty of allowing its Board of Trade to become a dead body, but that all citizens shall take an interest in this important organization and make it a real, live body, and if such be done the advantages to be gained will make our town one of the most prosperous and interesting in the province. It can be done, so let us all get busy at the job of putting Newcastle on the map.

Canada's Population Is Now 9,226, 740
Canada's population has increased by nearly half a million since the last census was taken in 1921, according to an estimate of the Dominion Bureau of Statistics, which shows an increase in every province except Prince Edward Island, where there has been a decline of 900. The estimated population of 1924 is 9,226,740 as compared with 1921 census population of 8,788,483.

WHAT SALARY DO YOU EARN
Do you want a position paying you \$6 to \$12 daily? Our new 40 page free book sent to you on request explains how you can fit yourself in a short time for a big paying position and earn while learning any of the following big paying trades:—Automobile engineering, Batteries, Welding, Bricklaying, Plastering, Barbering, Mechanical Dentistry. Don't die a labourer, Act now. Write Hemphill's Government Chartered Schools, 163 King St. W., Toronto.

Thornton Says C. N. R. Methods Have Been Fair
When shown the despatch published in Toronto concerning a circular issued by President E. W. Beatty of the Canadian Pacific Railway to all officers and employees of the company, Sir Henry Thornton, President of the Canadian National Railway said:—"I have nothing to say excepting to point out that for 1924 the Canadian Pacific Railway expended on traffic account \$8,341,350 or 4.61 per cent of its gross earnings, and the Canadian National Railway system spent \$6,892,751 or 2.93 per cent. Expenses chargeable to traffic represent largely the money spent in securing business. The figures I have given speak for themselves and need no elaboration on my part. The Canadian National Railway system has only pursued accepted business methods in the solicitation of its traffic and the public can decide whether those methods have been unfair. Coming at a time when there is a public desire for co-operation between our two principal railway systems and the consequent elimination of unnecessary competition, I do not think it would be appropriate to make further comment."

NATIONAL HOSPITAL DAY
Tuesday, May 12th is National Hospital Day and a public reception will be held in the Miramichi Hospital. An excellent way to show your appreciation and interest in this institution is to visit the Hospital, on Hospital Day, even if you do nothing more than give one kind word of approval and encouragement.

A MONTH OF DAYS
In the month of May we have Arbor Day, Empire Day; Clean up Day; Hospital Day; Victoria Day, Mother's Day. In truth, it can be said that no other month of the year has so many recognized days as the month of May.

FIRE PREVENTION CONCERT HELD AT DERBY
On Friday afternoon the pupils of Derby Superior school held a forest and fire prevention concert, the Principal S. Ross presiding. The programme was as follows:
(1) Opening Chorus by School "O Canada."
(2) Recitation—"Trees" by Olive Brodie.
(3) Reading of Governor General's Proclamation by Principal.
(4) Recitation—"Birds Lullaby" by Leonor McKinley.
(5) Exercise by Rettie Carter, W. Miller, Margaret Hutchison, Irene Parks, Irene Parks and Pearl Carter.
(6) Addresses by Rev. Robert M. Brodie, Mr. John Betts, Mr. James Thurber. Exercise—"Seven Rules" by seven pupils.
(7) Remarks by the trustees Mr. A. Crocker, W. E. Miller and Chas. A. Hutchison.
(8) Salutation of Flag by Pupils.
(9) God Save the King.
All together a splendid time was spent also it can be said a profitable time. Olive Brodie was the accompanist, much regret was expressed at the absence of Miss S. Bryenton the teacher of the Primary who was sick, Miss G. Russell filling her place.

Baby's Own Tablets Always in the Home
Once a mother has used Baby's Own Tablets for her little ones she will use nothing else and as long as there are babies in the home you will always find a box of Baby's Own Tablets on hand. Thousands of mothers have become convinced through the actual use of the Tablets that there is nothing to equal them in banishing constipation and indigestion; breaking up colds and simple fevers; expelling worms and promoting that healthful refreshing sleep so necessary to the welfare of little ones. Among the thousands of mothers who praise Baby's Own Tablets is Mrs. Alex. J. Perry, Atlantic, N. S., who says:—"I always keep Baby's Own Tablets in the house as I know of no other medicine that can equal them for the minor ills that come to young children."
The Tablets are sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

Should Prince of Wales Marry Outside of Circle of Royalty.
If the Prince of Wales were to choose for his wife a lady outside the circle of royalty, he will be able to quote many excellent precedents for such a choice, for many of his royal predecessors have found happiness in such unions. In fact, until the Royal Marriage Act put an obstacle in the way of such unorthodox matches, English princes were free to give their hand where their heart could go with them. When for example Edward, the Black Prince sought a wife, he turned his back on the fairest of princesses, to woo the beautiful Joan Wake, a lady who had a drop of royal blood in her veins, and no ancestor more exalted than a baron. But in Joan the prince found happiness such as no more exalted wife could have given him and she also gave him a son to perpetuate the line of kings.

Wales, no fewer than three put wedding rings on the fingers of commoners. There is little doubt that George III. made a wife of Hannah Lightfoot, the pretty daughter of a quaker linen draper, on whom he set eyes as she stood in the doorway of her father's shop as he went to Westminster. George's younger brother, the Duke of Gloucester, in a similar mood of infatuation, led lady Waldegrave to the altar; the Duke of Cumberland, another brother, gave his hand to Lady Luttrell. No less passionate was Augustus

OBITUARY

ALEXANDER MacDONALD
 The death occurred early Monday morning of Mr. Alexander MacDonald, an aged and very highly esteemed resident of Bayside, aged 89 years. There survive his wife, and five sons, Joseph J. of Napan, John at home, Stanislaus of Detroit, Mich., Peter of the Hotel Touraine, Chatham, and Edward of Chatham. Also surviving are two brothers, Donald of Bayside and Phineas of the West.

MRS. ALBIN JOHNSON
 The death of Mrs. Albin Johnson of Nordin occurred Sunday April 12th at her home after a lengthy illness, aged 31 years. She is survived by her husband and four small children; also her father, Duncan Stewart and one brother, William Stewart of Nordin. The funeral was held Tuesday afternoon at 2.30 o'clock. Services were conducted at the house and interment was in St. Mark's cemetery, Douglastown.

MRS. AMELIA S. ROSS
 Mrs. Amelia S. Ross, aged 67 years, died at her home, Houlton, Maine, on April 14th. A native of Blackville, N. B., Mrs. Ross went to Maine at an early age and there she raised her family which consists of one daughter, Maud, now Mrs. Griffin who is in Houlton, and one son Vernon S. who now lives in Chicago. Mrs. Ross death was due to a chronic ailment which had extended over a period of years. She was a well known practical nurse several years ago. Aside from her children, Mrs. Ross is survived by one sister Mrs. Jared Taylor of Houlton.

MRS. WILLIAM McCULLAM
 The death of Mrs. Annie McCullam, one of Newcastle's aged residents occurred at her home here on Sunday morning, April 19th, following a two weeks' illness although she had been in failing health for some time. Deceased was 87 years of age and was formerly Miss Annie Tingley of the C. I. Road. She has resided in Newcastle for the past 44 years; her husband predeceased her seven months ago. Mrs. McCullam leaves to mourn one adopted daughter, Mrs. Alex Haug, of this town. The funeral was held Tuesday afternoon at 2 o'clock. Services at the house were conducted by Rev. L. H. McLean and interment was in St. James' Cemetery. The pall-bearers were Messrs: Frank Matchett, Eugene Chaplin, Walter McKenzie, George Johnston Clifford MacDonald and Stafford Russell.

Half Circles On Body Show Age Of Trout
 Salmon and trout like rattlesnakes have a way of telling their age, according to John N. Cobb, director of the college of fisheries of the University of Washington. "Every year adds a series of half-circles to the scales of trout and salmon," said Dean Cobb. "Each series is distinguishable from the preceding ones by a line. The lines are similar to those on a cross-section of a tree, and the method of telling the age of fish is like that used by woodsmen to ascertain ages of trees." "Salmon reveal the amount of food consumed each season. When salmon have a good year with plenty to eat the lines are wider than in lean years." Experiments are being conducted by Dean Cobb in telling the age of other species of fish.

The Doctor Knows

Doctors who know Minard's by the work it does are unhesitating in their praise of its healing and soothing qualities.

Dr. Joe Aug. Straka, of St. Isidore, Que., writes—
 "I have frequently used Minard's Liniment and also prescribe it for my patients always with the most gratifying results, and I consider it the best all-round Liniment."
 C. A. King, M.D. also recommends Minard's in the following words—
 "I have used Minard's Liniment myself as well as prescribed it in my practice when a liniment was required, and have never failed to get the desired effect."

WITH THE BOYSCOUTS

Scout Notes

At the Meeting of Friday last, April 24th, the program carried out was arranged by the Eagles, as a part of the Patrol Competition now being carried on. The first item on the program was an address by the new elected Mayor, John Russell. In his address he stressed the fact that the Scouts could do a great deal in helping to improve our town by co-operating with the different agencies now working toward that end; he also emphasized the necessity for the growing generation taking an active part in town matters, as they, in the future, must bear the burdens of citizenship. He particularly advised the scouts to be careful in choosing their ideals, and pointed out, that in his opinion, character and temperance were the supreme virtues of human life. The Rev. Mr. Brown gave a very interesting address on, "My Schoolmates" and told in some detail the different types of boys with whom he attended school, and also with their lives since leaving school. Various games were there indulged in for about 25 minutes, after which Rev. L. H. MacLean gave a most interesting and instructive address on the tenth Scout Law "A Scout is clean in thought, word and deed"; which was listened to with the keenest attention by every Scout present. After a few closing words by the S. M. the troop adjourned.

Average Living Costs Same As Last Year

Canadian retail food prices, due chiefly to seasonal declines, showed a decrease during the past month. The cost per week of a list of 25 staple foods for an average family of five, in terms of the average retail prices in some 60 cities, was \$20.74 for March, as compared with \$20.93 for February, 1925, and \$20.58 for March 1924. Including the cost of fuel and rent with that of foods, the total budget averaged \$21.00 at the beginning of March.

WEDDINGS

JOHNSTON—HOVEY
 The home of Mr. and Mrs. Harvey Hovey, Doaktown was the scene of a pleasant event on Monday afternoon, the 13th instant, when their daughter, Miss Edith Viola, became the bride of Charles M. Johnston of Newcastle. The house was tastefully decorated with flags, potted plants and evergreen, the bridal couple standing on a carpet of evergreen. The bride, gowned in white silk, carrying a bouquet of pink carnations, entered the parlor to the strains of Lohengrin's wedding march rendered by Miss Jessie E. Hovey. The ceremony was performed by Rev. F. R. Seelye. The large number who attended the reception in the evening, also the beautiful array of presents, consisting of cut-glass, silver, linen china and substantial, cheques, testify to the esteem in which both Mr. and Mrs. Johnston are held in the community.

New Health For Suffering Women

Aching Backs and tired Limbs Need Not be Endured.

Too many women endure suffering that casts a shadow over half her existence. An aching back, tired limbs, attacks of faintness, splitting headaches need not be a part of woman's life. Such trials indicate plainly that the blood is thin and watery and that the sufferer needs the help of a real tonic such as Dr. Williams' Pink Pills. Suffering women who have used this medicine speak of it in the highest terms. Among those who have been thus helped is Mrs. Ada L. Harman, Virden, Man., who writes:—"Following the birth of a still-born child a few years ago, I had a very serious time. I was so weak for months that I had scarcely strength enough to stand up, and when dressing would have to sit down two or three times. My face and lips were colorless, I had no appetite, and life did not seem worth living. A friend urged me to try Dr. Williams' Pink Pills and I got six boxes. Before they were all gone I felt improved. My appetite was returning, color was coming into my face, and I was visibly stronger. I continued taking the pills and fully regained my former good health. I consider Dr. Williams' Pink Pills a blessing to weak women, and hope my experience will induce some other sufferer to try them.

Sheriff Says All Arrangements For Execution in Hangman's Hands

Arthur Ellis, of Montreal who will officiate at the hanging of Harry D. Williams on Thursday, arrived in Fredericton quietly on Saturday. His coming was unheralded and was several days in advance of the time announced from Montreal. Ellis, who is a mild-mannered man of average size; saw the man condemned to hang within a short time of his arrival, looking at him in his cell. Sheriff J. B. Hawthorn stated that all arrangements for the execution will be in the hands of Ellis, who has had extensive experience as an executioner. Williams killed his two little half-nieces at Fosterville in November, last.

FACTS ABOUT TEA SERIES—No. 5

What 'Orange Pekoe' Means

Many buyers of tea have come to ask for 'Orange Pekoe' believing that it signifies fine quality. This is not, however, necessarily the case. In the trade 'Orange Pekoe' is only a name given to the first leaf below the bud or tip on any Indian or Ceylon tea bush. An 'Orange Pekoe' leaf grown at a high elevation usually possesses a very fine flavour. If, however, the plant is grown at a low elevation, it may still be 'Orange Pekoe' but also be of very poor quality. The consumer's only safeguard is to buy a tea of recognized goodness. High grown 'Orange Pekoes' comprise a large part of every blend of "SALADA" and give to "SALADA" its unequalled flavour.

Assuring Your Business

A policy of advertising is a policy of life assurance, and the protection thus secured is well worth its annual cost.

Old customers die or move away—they must be replaced.

Old customers are subject to the influence of temptation—they may be induced to divide their custom—to do some of their shopping at a competitor's.

New comers to this community will shop with you—become regular customers—if they are invited to do so.

Your competitor's advertising is an influence which must be offset if you are to maintain your trade.

Not to advertise regularly to the readers of the UNION ADVOCATE is to leave your business unprotected.

A WORD TO THE PUBLIC

It is no sign of weakness to follow the lead of advertising. You owe it to yourself to get the most for your money, the best goods and the best service. And if you find that your inclination is to shop where you are invited to shop rather than to continue to be a customer of the shop which never solicits your good-will you need have no compunctions of conscience.

TO PAY INCOME TAX IN CUSTOMS HOUSES

The fatal date of April 30, by which time all first payments of 1924 income tax must be made, is drawing nearer.

This year a new regulation has gone into force and payments may be made to the collectors of customs who are located at 11 different centres throughout the province—Campbellton, Bathurst, Newcastle, Chatham, Moncton, Sackville, Saint John, St. Stephen, St. Andrews, Fredericton and Woodstock.

In the port of Saint John, in view of the fact that the income tax inspector's office is located in the city, payments are made at that office and not with the collector of customs.

It is permitted by the Minister of the Department that persons in the districts outside the port of Saint John who express a preference to continue the old practice of filing their tax returns directly at the inspector's office in Saint John may do so.

Lieut.-Colonel Norman P. McLeod, inspector of taxation said last night that returns had been coming into his office fairly steadily for some time. He pointed out that while returns received by mail, which are postmarked

April 30, are accepted as having been forwarded in time, senders should make sure that their letters do bear the April 30 postmark as it has happened that letters have been mailed late on April 30 and have not been handled in the office of mailing until May 1.

For a single person's income up to \$1,000 is exempt from taxation and for a married man \$2,000 of income is exempt. Taxpayers with dependent children under 18 years of age are entitled to a further allowance of the normal tax of \$500 for each such dependent child.

If any taxpayer, not otherwise entitled to the \$2,000 exemption, claims to have dependent on him:

- (1) a parent or grandparent,
- (2) a daughter or sister,
- (3) a son or brother under 21 years of age or incapable of self-support on account of mental or physical infirmity, full particulars must be given on Form T. 242 which may be had on application to the collector's office, and exemption up to \$2,000 will be granted.

NOTE OF PROTEST HAS BEEN ISSUED

Jugo Slavia government has issued a note protesting against reports regarding Jugo Slavia which it claims have been disseminated from Bulgarian centers. The note says these reports are to the effect that a terrorist campaign is being carried on in Bulgaria with a view to provoking disorders and civil war, "so as to permit the army of our western neighbor, that is to say, Jugo Slavia, to pass the frontier and occupy Bulgaria." The note affirms that Jugo Slavia always has maintained the best relations with Bulgaria, notwithstanding raids of brigands from Bulgaria, prepared for under the eyes of official Bulgaria.

FAULTY NUTRITION

Many of the ailments of grown people may be traced to faulty nutrition. Well-fed children or adults withstand weakness better than those who are indifferently nourished.

Scott's Emulsion

supplies the weakened child or adult with food-factors that other foods often fail to furnish in needful volume.

Not a great deal of Scott's Emulsion is needed—but a little regularly often means restored vigor and strength to those who are run down in vitality or who are weak.

COULD NOT SLEEP NIGHTS

Pains and Headaches Relieved by Taking Lydia E. Pinkham's Vegetable Compound

Dublin, Ontario.—"I was weak and irregular, with pains and headaches, and could not sleep nights. I learned about Lydia E. Pinkham's Vegetable Compound by reading the letters in the newspapers and tried it because I wanted to get better. I have got good results from it as I feel a lot stronger and am not troubled with such bad headaches as I used to be and am more regular. I am gaining in weight all the time and I tell my friends what kind of medicine I am taking. You may use my letter as a help to others."—Mrs. JAMES RACHO, Box 12, Dublin, Ontario.

Halifax Nurse Recommends

Halifax, N. S.—"I am a maternity nurse and have recommended Lydia E. Pinkham's Vegetable Compound to many women who were childless, also to women who need a good tonic. I am English and my husband is American, and he told me of Lydia E. Pinkham while in England. I would appreciate a copy or two of your little books on women's ailments. I have one which I keep to hand. I will willingly answer letters from any woman asking about the Vegetable Compound."—Mrs. S. M. COLEMAN, 24 Uniacke Street, Halifax, Nova Scotia.

POVERTY IN LONDON IS LESS MARKED

London goes to work later, but sticks on the job longer; homes are better and there is less marked poverty, but families are smaller than in pre-war days.

This summarizes the main features of an interesting report issued by the London Elementary Education Sub-committee dealing with London north of the Thames, which is being carefully studied by social workers and public health authorities. The sub-committee's report covers nineteen of London's thirty-eight boroughs, and deals with an area including 545 elementary schools with 400,000 pupils as compared with 300,000 children in similar schools in South London.

The report says in part: "Employment in London has declined, excepting for unmarried women, for whom it has increased; men begin work later and continue it longer than ten years ago. The present home conditions are, on the whole, better than those of the pre-war period and marked poverty rarer (owing partly to the increased scale of poor relief). Head masters report that neither the clothing nor the nutrition of the children shows the extreme destitution of pre-war years."

Dealing with the housing problem the report says that the pressure in North London is greatest in the borough of St. Pancras, where there are 2.3 families to each dwelling, but only one other of the nineteen boroughs covered—Islington—has more than two families to a dwelling. The report says, however, that in both St. Pancras and Islington boroughs the dwellings are larger and the families smaller than the respective averages of the rest of the country.

CANADIAN WEST PROSPECTS GOOD

Surveying the agricultural situation generally the prospects appear better than for many years, states crop bulletin number one of the Agricultural Department of the Canadian Pacific Railway, of 1925.

The latter end of March and month of April thus far have been exceptionally good spring weather throughout the whole of the West, with the results that operations on land, including both plowing and seeding are general and in many sections well advanced. The land, a few districts excepted is in excellent condition and has an adequate supply of surface and subsoil moisture to meet all present requirements.

Farmers, encouraged by the better prices obtained for their produce and prediction that they will likely continue, are optimistic in regard to the prospects for the season.

Early rains last fall and the early freeze-up resulted in considerable in considerable reduction in acreage plowed. While final estimates of acreage prepared are not available, preliminary estimates are given which will be greatly increased by spring plowing.

**Conservative Attitude
Towards Preston
Report Justified**

The Ocean Rates Commit-
tee of the House of Commons
was not long in session before
there was given a striking
vindication of the attitude
taken by the Conservative
opposition to the Preston re-
port. When it was placed be-
fore the House they charged
that its allegations were too
sweeping, that they were not
supported by proofs, and
that for those and other man-
ifest reasons it could be not
accepted as authoritative.

When the committee got
down to work it was natur-
ally thought that the Gov-
ernment counsel, H. J. Sym-
mington, K. C. would at
once call W. T. R. Preston
and proceed to establish the
Government's case in support
of the Peterson contract. Did
he do so? Certainly not that
he be called to the stand, but
Mr. Symmington said that he
did not regard the Preston
report as a factor. It might
be right, or it might be
wrong. As to its general
value, Government counsel
said that this was a matter of
opinion. So Mr. Preston
was not called.

Mr. Symmington made the
additional important state-
ment that he proposed to get
at the facts. In other words,
here was an admission that in
his opinion, the Preston re-
port was not to be relied up-
on. In so far as Govern-
ment counsel was concerned
he began with no informat-
ion, no facts whatever. He
proposed to get the facts by
calling the representatives of
the steamship companies.
Could any confession have
been more humiliating?

Official figures produced in
the House recently show that
during the past year Mr.
Preston has been conducting
an enquiry into the subject
of ocean rates and shipping,
and that in salary and expen-
ses he has received over \$10,-
000, and he is still on the pay
roll. His report was publish-
ed as an official document,
and until its unreliability
was discovered it was the
basis on which the Govern-
ment's policy rested. And
yet when the Government
counsel is confronted with it
he virtually throws it into the
waste paper as of no account
municipal jail farm, at Lang,
staff, near this city, on the ex-
piry of his sentence of six
months' imprisonment impos-
ed upon him by Chief Justice
Meredith, last October. Late
yesterday afternoon Jarvis
fulfilled an additional penalty
imposed upon him by the law
when he paid into the court!

The plain fact is that the
public has been misled with
respect to this very important
matter. Upon the Govern-
ment rests the responsibility

for having misled the public.
When a government report
is made on a subject it is
supposed to be authoritative,
and the statement of the facts
in relation to the subject
treated. The public being
vitaly affected by ocean rates
it is most unfair that it should
have been led to accept as
gospel the contents of the
Preston report, which the
Government counsel has now
practically discarded.

Then there is the matter
of expense. The Government
had no right to spend \$10-
000 on a report which its
counsel was not prepared to
back up. No wonder taxes
are high when money is thus
recklessly spent on such
worthless material.

The public has a right to
know the facts with respect
to ocean rates and shipping,
and the Conservatives are
determined that the public
shall know them. The Op-
position has all along taken
the position that if there is a
combine unduly levying toll
on Canadian industry it
should be abolished. But the
Opposition has said "before
you announce a policy you
should first have the facts."

The King Government has
been less concerned about the
facts than it has been about
leading the public to believe
that it was industry. The
great clamour about the
ocean combine has been for
the purpose of diverting at-
tention from the miserable
failure that has accompanied
the Government's general
policy.

CROSS WORD PUZZLES

In London they are now selling biscuits with cross word puzzles imprinted on the tops. The biscuits are very popular at tea time.

THEY THINK THEY DO

Perhaps the M. P. P.'s think they earn their pay. But a good deal depends on the kind of work.

ELECTED A COUNCILLOR

At the annual meeting of the Provincial Chapter I.O.O.F. held in Fredericton last Friday, Mrs. David Ritchie of Newcastle was elected a Councillor of the executive.

FIRE ALARM

The Fire Department was called out last Friday morning at 10.30 o'clock, for a small roof fire in the residence of Mr. William Kitchen, McCallum street. The blaze was quickly extinguished with very slight damage resulting.

DEATH OF CHILE

The death of Gordon A'Hison seven weeks old son of Mr. and Mrs. Charles Cassidy, took place on Wednesday April 22nd. The funeral was held on Thursday afternoon, interment being made in the Miramichi Cemetery. A. J. Bell & Co., undertakers.

S. O. T. NO. 99

On Monday evening the members of Nelson Division No. 99 of the S. O. T. met in their hall at Millerton. The W. P. Rev. Robert M. Brodie presiding. After the opening exercises the D. G. P. Bro. John Betts installed Bro. L. Manderville as Chaplin; after which a new member was installed. It was decided to have a "Forest Facts" session on Monday 27th when it is also expected an installation will take place.

EMPIRE DAY

The attention of teachers is directed to the importance of preparing for the observance of Empire Day, which falls on the last teaching day preceding the 24th of May. It is most desirable on Empire Day to hold a public meeting in the Assembly Hall, at which, in addition to the programme prepared by the teachers and pupils, there may be addresses of a patriotic nature by ratepayers or visitors.

INSTALLED NEW MACHINERY

Messrs Bosca and Buraglia, General Merchants and Bakers of Bathurst N. B., have recently installed a new and up-to-date Ice Cream Machine. This new machine is the most modern in view of efficiency and cleanliness and is the only one of its kind in the province. This enterprising company is now in a position to cater to a large business in their lines and are now ready to receive orders either large or small. See their advt. elsewhere in this issue.

BIRTHDAY PARTY

A number of young friends of Miss Cecilia McGrath gathered at the home of her mother, Mrs. William McGrath last Friday evening and tendered her a surprise party, the occasion being her twenty-second birthday. The young people enjoyed themselves in dancing, games etc., and at midnight a delicious supper was partaken of. During the evening Miss McGrath was presented with a purse of gold from her young friends, the presentation being made by Miss Ella Bernard and the address read by Miss May Coughlan. Miss McGrath was taken by surprise and in a few appropriate remarks thanked her friends for their kindness and thoughtfulness towards her. One and all of those present thoroughly enjoyed the delightful evening and Miss McGrath had the best wishes of her many friends bestowed on her.

THE BEGINNING

Four quarts of American peanuts, taken to China 35 years ago by a missionary, are the ancestors of the Chinese peanut crop, which now exceeds American production.

THE DIFFERENCE

There is gossip in every community. The only difference is that in the cities it is printed in the newspapers and in the smaller towns it is passed by word of mouth.

CLEAN-UP DAY

What about a Clean-Up Day this year? It has been tried out for a number of years and has proved a most successful annual event.

RUMMAGE SALE

A Rummage sale of useful articles was held last Saturday in St. James' Hall. The many articles on sale were quickly disposed of and the receipts were most satisfactory.

MINISTER'S MEETING

The Miramichi Presbyterian Ministers Association held their April meeting on Tuesday at St. James' Manse, Newcastle; where the members were guests of Rev. and Mrs. L. H. MacLean. Rev. J. H. A. Anderson read a paper on "Creeds and Confessions; what and why".

A SURE THING

One thing sure—Newcastle can always base its claim for fame on the number of dogs that roam about the streets. Some have their taxes paid—others have not. Why not collect them all? The town could do very well with the revenue secured from this source.

TO BE SUCCESSFUL

The teacher to be successful in his or her work must have personal qualities of a high order. Many a man who has been able to acquire knowledge in schools and universities is quite unfitted, temperamentally, to impart it to others. Moreover, the teacher, like people in other walks of life, can attain greater proficiency by applying the lessons learned in the daily performance of his duties.

MOTHER'S DAY

Sunday, May 10th will be observed this year as Mother's Day. The Boy Scouts and Girl Guides are making preparations to attend divine service in the morning and it is expected that these two splendid organizations will parade together to St. James' Presbyterian church, planted.

BIG RUN OF BLACK SALMON

A resident of Doaktown says there is a big run of black salmon on in the Miramichi at the present time. Although these fish are in an emaciated condition and not very palatable, residents are permitted to catch one a day for food purposes. There does not appear to be any limit on the number; which non-residents are allowed to catch.

FRASER PAPER LTD.

The incorporation of the paper company promoted by the Fraser interests was gazetted last week. Head office is located at Plaster Rock, N. B., and permission is given for the holding of annual meetings, special meetings and meetings of directors outside the Province. The capital stock is one million dollars. The company is incorporated under the name of Fraser Paper, Limited, and is given general rights as a manufacturing company. Those incorporated are Archibald Fraser of Fredericton, Donald Fraser of Plaster Rock, William Matheson and Andrew White Brebner both of Edmundston and Thomas Matheson of Escovert, Que.

A MENACE TO WORLD PEACE

The election of Field Marshall Von Hindenburg as president of Germany is a menace to world peace. In the opinion of James W. Gerard, former U.S. Ambassador to Germany, the British are undecided as to what attitude to adopt while France considers the situation as a serious one.

MAYFLOWERS ARE SCARCE

While many parties were out on Sunday seeking Mayflowers, they report that the beautiful trailing arbutus is not yet plentiful. Some of the pickers found a few flowers but the bunches were small. There is still considerable snow to be found in the woods yet.

BASKET BALL

A Basket Ball game between the Girl Guides of the Secon Company and the Independent Stenographers will be played at the Temperance Hall on Friday evening May 8th, 1925 at 8 p. m. Admission 20c. Homemade candy will be sold during the game.

ARBOR DAY

Mr. P. G. McFarlane, Inspector of District No. 1 has appointed Friday May 8th, as Arbor Day in the public schools. The co-operation of parents and all others is invited, and attention should be given not only to the school grounds and premises but to the road-sides and other public grounds as well. To insure satisfactory results, good trees should be purchased and properly

THE BIRTH OF A NATION AGAIN

castle what is probably the greatest motion picture ever produced "The Birth of a Nation" by D. W. Griffith. This picture was shown here ten years ago and has been obtained by the local Branch of the Great War Veterans Association through Mr. Jean Chaplin, manager of the Opera House to show here May 6th, & 7th. This will dissipate the regrets of those who failed to see it the first time as well as entertain hundreds who have expressed a wish to see it again.

In its second trip over the road "The Birth of a Nation" is stirring up the same old enthusiasm as before and nothing but a truly great picture could be shown before capacity houses for the second time. Such film stars as Geo. Seligman, Henry Walthall, Miriam Cooper, Mae & Josephine Marsh, Ralph Lewis, Wallace Reid, Walter Long; etc.; require no further introduction.

The JOHN BRANDER CO.

I. O. O. F. CHURCH PARADE

On Wednesday evening the members of Derby Lodge No. 112 I.O.O.F. decided to hold their church parade on Sunday May 17th at 7 p.m. They will meet at the hall with, as expected, brethren from Unity Lodge No. 114 Loggieville, Chatham Lodge No. 45 and Newcastle Lodge, Douglastown No. 93, and to march to the Methodist church. The service will be conducted by Brother Rev. Robert M. Brodie, pastor of the church.

THE PUBLIC SQUARE

The covering has been taken from the fountain in the public square and men are now at work cleaning up the grounds. Mr. George Stables, Chairman of the Park Committee, who takes a great pride in keeping the square a beauty spot this summer and he should be given the co-operation of the citizens in general. It is the citizen's duty to keep the square clean after it has been cleaned by refraining from throwing rubbish etc. on the ground and preventing anyone from doing such when they see such is being done.
