The Remedies With a Record

Father Morriscy's "No. 10" For Throat and Lungs

During his many years of practice Father Morriscy successfully treated thousands who were suffering from Coughs, Colds, Bronchitis, Asthma, and Inflammation of the Lungs. His favorite prescription was a Cough Mixture and Lung Tonic that came to be called "Father Morriscy's

Unlike the majority of cough mixtures, "Father Morriscy's No. 10" does not depend on such drugs as Opium and Morphine to deaden the irritation and give mporary relief-in fact, there is not a trace of any of these ngerous drugs in it.

The simple but effective remedies provided by Nature herself were selected and combined by Father Morriscy, with remarkable skill, into a medicine that has earned the name of a "Lung Tonic" as well as a Cough Cure. It soothes the inflamed membrane of the throat or lungs, removes the irritation or mucus that causes the coughing, relieves the congestion, and restores the parts to a healthy condition. More than that, "No. 10" tones up and strengthens the whole system and fortifies it against

For ordinary winter coughs and colds "No. 10" is unsurpassed and is one of the safest remedies you can use. Trial size 25c. per bottle. Regular size 5oc.

rheumatic aches to joints or muscles, it's a sure sign that the blood is wrong. It's loaded with Uric Acid, poisonous and exceedingly irritating—formed from the worn out

tissues and waste matter taken up by the blood from different

parts of the body. When things are working right this poison is immediately filtered from the blood by the kidneys

and got rid of. But sometimes the kidneys do not keep up with their work—the blood gets overloaded with Uric Acid,

and it collects in the fibres of the muscles-in the joints-

in the valves of the heart. Then there's a case of Rheu-

matism, caused simply by defective action of the kidneys,

and brought on by exposure.

I sought the advice of the late Father Morriscy about two years ago. I was suffering from Rheumatism, aggravated by other complaints, and had been treated by local physicians without any result whatever.

Almost totally discouraged, I consulted with the late Father Morriscy by letter and he prescribed for me. His medicines, while not effecting a permanent cure, benefitted me greatly. You are at perfect liberty to use my name, as I shall deem it an honor to have it connected with the skill of the late Father Morriscy in any way, however remote.

FATHER MORRISCY'S LINIMENT FOR ACHES AND PAINS

In treating Coughs and Colds with "No. 10," or Rheumatism with "No. 7," it helps a great deal to rub the affected parfs with Father Morriscy's Liniment. For sore throat and cold in the chest a piece of flannel should be wrung out of hot water, sprinkled with a few drops of the liniment, and applied after the rubbing. For Rheumatism the liniment should be warmed and rubbed in freely, morning

Mr. Stanley K. Smith, Gen. Secretary Chatham Y.M.C.A., writes on July 3, 1909:
"Having used Father Morriscy's Liniment in my capacity as Physical Director of the Chatham Y.M.C.A. for rubbing down after a hard run or severe exercises, I can heartily recommend the liniment to runners, athletes or anyone whose muscles are subject to strain. During the season the Y.M.C.A. have placed a large number of athletes in the field and the majority used nothing else but Father Morriscy's Liniment. For removing stiffness and soreness of the muscles, it is unequalled."

The genuine Father Morriscy remedies are being put up by the same druggists, in exactly the same way, as they were prepared during the priest-physician's lifetime. What they accomplished then for hundreds of sufferers they will do for you now. You know something of their record in years past; you can depend on them now. Get them at your dealer's or from

"I am the son of Mr. Reginald you know," said Geoffrey scarcely knowing what to say.

She nodded with an air of satisfaction, and going to one of the old oak chests with which nearly every cottage in the district was furnished, a paper, groped her way back to Geoffrey and put it in his hand. Geoffrey looked at it in a confused way. "What is this?" he said.

She sank into a chair to which the earl led her and looked round with an expression of satisfaction in her sightless eyes.

"It is the marriage certificate. Your mother gave it to me when she was dying. You are the heir to Starborough-if you are Mr. Reginald's son-I have kept the secret for fear of offending the earl; and I tell it to you -I give it to you, now. It is your right and due.

Geoffrey stood as if he were turned to stone, his face flushed one moment and paling the next. It had come so sudden that he could scarcely credit the evidence of sight and hearing. To do him justice, at that moment he cared nothing about the heiship to the esates and title of Starborough; he was only conscious that he was no longer nameless, but that at the altar he could confer upon the woman he loved an honoured name.

NATURE'S REMEDY

Dr. Bovel's Herb and Gum Salve is Nature's ideal skin cure and healer; it is free from the objectionable features of ordinary salves, oint ments and embrocations. To produce it, medicinal plants and herbs were taken, and from them were extracted gums and juices possessing considerable healing and curative powers. Costly experiments at last secured the right blending of these juices, and to the final product, a preparation virtually capable of growing new and healthy skin, the name of Dr. Bovel's Herb and Gum Salve was given. ind Gum Salve was given.

Elinor is sixteen. Some day not so many decades away she will probably have a home of her own, the running of which will very likely require a knowledge of something besides "dusting, picking up and doing beds and dishes"

And yet how many mothers could give a similar account of the division of household labor between themselves and their young daughters. The simpler things that the little daughter can do without any oversight, she is given to do over and over again, instead of having the daily quota of work made a continually changing and advancing lesson in the art of home making.

Small wonder she doesn't get interested in her household tasks, and among taxpayers, for payment of this shows an inclination to shirk them. If you think your little girl will never make a good housekeeper because she doesn't like to dust and wash dishes every day, try letting her

It seems to me the keynote of the trouble with half the young girls who do not seem to "take to houeswork" is in that last sentence.

They had mothers who found it far

easier to do it themselves than to instruct their daughters, and who followed this line of least resistance.

Dear Sirs, — Nearly one year ago I had my first order of "Mathieu's Syrup" from you. It was not known in this country, and I gave samples to several families whom I knew would use it. After a few weeks I began to have a call for it, and trade has increased wonderfully since. I have not the east doubt but that it will soon be the best selling remedy for coughs, colds, etc., on the market. In my store here sales are good and our people ask for it. Several stores in this country now keep it in stock and report sales increasing. I have bought from you since August 16th, 1907, 4 Gross and have only 3 dozen on hand at this date, and which I am holding for retail trade in my store. Yours truly, LOUIS A. McLANSON. Other Ready Roofings

We class these all together, because they are all substitutes for Ruberoid.

Ruberoid was the first ready roofling, in 1892. The date of registration of our trade mark proves that.

To-day there are 300 substitutes. 150 of them have names ending in "cid" or names similar to Ruberoid. These names are used simply to

make you think they are like Ruberoid. Some of these substitutes are surfaced with sand, quartz, mica some surfaced with road dust. This surfacing is put there, not to improve the roofing, but merely for its effect on you- and to add needless

MERELY A "TALKING POINT"

It is a "talking point," to lead you, the purchaser, to believe that these products are different from or better than they really are. For the sand, quartz, mica, dirt, washes off in a few rains. It adds

no durability, no strength, no flexibility, no wearing quality, no value, adds nothing but weight, for which you will pay without an equivalent. And the makers of some of these coated roofings, having found that the coating washes off and chokes gutters and drain pipes, have printed in their directions that the roofing is to be laid sanded side down. They cannot leave out the sand, for they have advertised it as a su-

periority. You can judge the value of this sand coating, when the sander side is down.

And if knowing what you do, you still want a sanded roofing, we will tell you how you can sand a roof of Ruberoid after it is laid, at a trifling cost.

Man substitute roofings claim rubber. They are known as rubber roof-

ings. There is no rubber in Ruberoid. And the roofing which is labeled "rubber" is either a fraud, in pretending to be what it is not-or it is roofing so poor as to be valueless.

Your difficulty in judging substitute roofings is that they are made to look like Ruberoid. It is not alone your difficulty. It is your danger. For the hidden weakness in a roofing can often be determned only by

CORRESPONDENT.

Hr. Grace, June 3, 1910. COLDS LEAD TO CATARRH.

In this changing climate repeated colds drift into Catarrh. This tendency of Catarrh is to extend through the system, and nasal Catarrh is not the only result. Unless a complete cure is affected, the inflammation passes rapidly into the throat, bronchial tubes, and then to the lungs. You cannot make new lungs any more than you can make new fingers, but Catarrh can be cured. Catarrh sufferers, meaning those with colds, sore throat, bronchial trouble, can be relieved by inhaling Catarrhozone. In using Catarrhozone you do not take medicine into the stomach. You just breathe a healing piney vapor direct into the lungs and air passages Healing balsams and germ-killer are sent to every spot where catarrhal inflammation exists-germs are killed, foul secretions are destroyed, nature is aided, and the disease is quickly expelled. Colds and throat troubles cannot last if healing vapor of Catarrhozone is breathed. Use Catarrhozone to remove your winter ills. It is pleasant, safe, and guaranteed in every case. Municipal Matters.

Editor Evening Telegram: Dear Sir,-The People's Paper always alive to the interest of the citizens in everything appertaining to their welfare and progress.

Permit me space to respectfully request those in authority. The Municipal Council or Returning Officer, Mr. Frank J. Doyle, to have the following sections of the Municipal Act "advertised" in the daily press from now until Polling Day, viz., Nos. 7, 9, 10, 11, and 12.

This is most necessary for guidance of both candidates and voters alike, for I can assure you, sir, there are hundreds of citizens who do not understand the qualification in this very important matter. In justice to taxpayers the above sections should be published. Yours truly,

CITIZEN.

ONCE MORE THE PROOF IS GIVEN

That Dodd's Kidney Pills Will Cure the Deadly Bright's Disease.

Martin O'Grady Suffered F r o m Bright's Disease for a Year, but the old Reliable Kidney Remedy Cured Him.

EMMETT, Renfrew Co., Ont., June .-(Special). - That the one sure cure for Bright's disease, the most leadly of all kidney diseases, is Dodd's Kidney Pills is again proved in the case of Martin O'Grady of this place. And for the benefit of other sufferers. Mr. O'Grady has given the

following statement for publication: "For over one year I suffered from Bright's disease. I was attended by a doctor, but he did me no good. My appetite was fitful, my sleep broken and unrefreshing. My memory failed me and I was always tired and ner vous. I had a sharp pain and pressure at the top of my head.

"Being advised to try Bodd's Kidney Pills. I bought a couple of boxes and found relief soon after I started taking them."

This is only one of hundreds of ases in which Dodd's Kidney Pills have conquered the worst form of kidney disease. They never fail to cure Bright's Disease, Diabetes, Rheumatism. Lumbago or Sciatica.

Man Bleeds to Death.

A few days ago a young man Grandy met his death at Burin under very sad circumstances. He was geting ready his gun to use at the celebration of his brother's wedding, which was to take place the next day, when suddenly it exploded, blowing one of his hands completely off. The wound was bandaged by friends as well as possible under the circumstances but the flow of blood could not be checked, and before the services of a physician could be procured the man had bled to death. HUMAN EYES.

Never since the arrival of the Illustrious John Cabot, has any-body in Newfoundland attempted to cater to the needs of those who have been unfortunate enough to

lose an eye. Does it mean anything? RATHER.

It means that hundreds must be kept on hand in order to match all the different sizes, shapes and colors within the range.

I have just received my first 300

In Greys, Blues and Browns, from these, no doubt, many can be matched. Come along or send and see what we can do for you. MORE EYES to arrive later.
