Guelph Evening Mercury

SATURDAY EVEN'G, JULY 11, 1874

Local and Other Items.

The Ladies Aid Society at Harrison
made over \$80 at their tent on Dominion
Day.

A CONSTRUCTION train is busy at work
ballasting the railroad between Harrison
and Mount Forest.

A cow owned by John Webb, was killed
by the engine of 9.30 express on Friday
night last, near the Harrison station.

PIC-NIC.—The Committee of the W. M.
Sabbath School have decided to hold
their annual pic-nic on Thursday, the
23rd inst.

A son of Mr. Patrick Mullen, of Eras-
mos, whilst working among some logs
was struck by one of them and had his
right leg broken.

The water in the Grand River has
fallen rapidly of late, and the prospects
of manufacturers along its banks are not
very good for their fall supply.

OPPOSITION STAGE.—Two stages now
run between Harrison and Wroxeter,
both leaving upon the arrival of the 2
p.m. express west on the W. G. & B.
railway at the former place.

ACCIDENT.—On Tuesday last a youth
named George Baames, of Fergus, was
carelessly handling a pistol, it went off
the charge striking his left thumb, car-
rying away the flesh and exposing the
bone for almost its entire length.

IMPROVEMENTS IN ORANGEVILLE.—By-
laws have been introduced into the
Orangeville Council for the establish-
ment of town weigh scales; for taking
cognizance of slaughter houses; and for
the prevention of fires.

ORANGEVILLE TEMPERANCE HOTEL.—
This house is fast becoming a resort for
the young men of the town who are un-
willing to frequent the other taverns, as
well as for the farming community. We
understand it is in contemplation to
establish a reading room on the premises.

FIRST SHIPMENT OF CHEESE.—Mr. H.
Gordon of Harrison, has completed a
shipment of 24,000 lbs. of cheese to a London
buyer. He expects to export a quantity
about ten tons this season. And yet the
merchants hold more butter now than
they ever did before at this time of the
year.

RECOVERY.—Mr. Jacob Scott, of Luther,
who was reported in our last issue to
have been dangerously injured by his
team running away in Fergus, had so far
recovered under Dr. Groves' treatment that
he was able to be taken home on
Wednesday, with every prospect of a
speedy recovery.

On Saturday afternoon, 4th inst., a
son of Hiram Smith, 12 years old, while
working at the "Duster" in Wilson's
Woolen Factory, Fergus, got his fingers
entangled in the wool, and his hand and
forearm were drawn into the machine
and considerably mangled, the same
bones of the hand being crushed into
small pieces.

FERGUS PRODUCE MARKET.—At this
weekly market on Thursday last week,
butter sold at from 15c to 20c. Prizes
were offered for the best samples, the
judges being Mr. John Watt, of Fergus,
and Mr. Robert Wylie, of Ayr, and the
following were the prize takers:—Mr.
James Cook, Pilkington; 2nd Miss
Brook, Nichol; 3rd Mr. Peter McBain,
Nichol.

WELCOME PRESENTATION.—The Con-
gregationalists at Massou's Corners in
Garafra, have resolved to present their
esteemed pastor, Rev. E. Barker, with
\$50 to assist in paying for a horse and
buggy. For five years Mr. Barker has
had charge of the congregation at this
place, and in the most judicious and
addition of Douglas congregation to his
charge has made this new proposed ac-
quisition indispensable.

WELLINGTON BATTERY.—The following
members of the Battery were awarded
prizes for the cleaning harness at the in-
termediate meeting of the camp.
The prizes were given by the officers:—
2nd Division—1st, Alex. McPhail, \$2;
2nd, Jas. McIntyre, \$1; 3rd, John Gib-
son, 50 cents. Left Division—1st, An-
drew Elliott, \$2; 2nd, P. McQuillan, \$1;
3rd, C. Cockburn, 50 cents. Sweetstake
for best in harness, driver Andrew
Elliott, Puslinch, \$1.

BUILDING ACCIDENT.—On Monday
last week Mr. John Near, of Garafra,
was engaged in building a new barn for
Mr. Chalmers, Upper Nichol, and while
descending from the roof, as he was
raising up shingles, the rope broke
and he fell about twenty feet. He sus-
tained several severe bruises but no
bones were broken. Fortunately a few
boards had been placed on the joists, or
the accident might have been fatal.

CORRECTION.—Rev. J. E. Croly, min-
ister of the C. P. Church at Millbank,
denies the assertion made by the Fergus
News Record and copied by us, with re-
gard to the absconding of Mr. Robert
Reid, of the former place. Mr. Reid
could not carry off any of the minister's
helic, as he was not Treasurer of the
Church, but on the other hand there is
an amount due him for his services as
precentor. It is further asserted that
no one will be the loser by Mr. Reid's
departure except himself.

BOVINE SUBSERV.—A difficult operation
was performed on a cow belonging to
Mr. M. Halley, Elora, by Mr. W.
Anderson and Mr. W. Elliott, V. S.,
which reflects creditably on the surgical
ability of these gentlemen. The animal
had eaten a surfeit of food, which par-
alyzed the action of the stomach, thereby
preventing digestion. An incision was made
in the skin, the paunch was opened and
its contents carefully extracted. The
wound was then sewed, and the animal is
now doing well.

NEW POST OFFICE.—We are pleased
to announce that the Postmaster General,
in compliance with the request of a large
number of residents of Lebonen and sur-
rounding country, has opened a Post
Office in that place, and appointed J. W.
Hough as postmaster. Lebonen, although

BASE BALL.

MAPLE LEAF VS. COBBOURGS TRAVELLERS.
The Cobourg World thus speaks of this
match:—The reputation which the Club
had acquired was well sustained,—their
movements on the field and with the club
being marvellously expert. They made
scarcely a mistake; and though it seem-
ed in some of the innings as though they
were not exerting themselves very much,
yet throughout the game their actions
were those of long practiced and ex-
ceeding expert players. Our boys did
very well; but as they themselves expect-
ed, were no match for the Club which
had, the day before, been pronounced the
Champion Amateurs of the Continent.
The "Maple Leafs" are an active, well-
built, and very gentlemanly body of young
men. Although a long way from home,
and thus, perhaps, under temptation not
to observe their home strictness, their
conduct here was exemplary in all re-
spects, while their action and bearing on
the field were such as become gentlemen
and good players.

On Thursday the Maple Leaf club
played with the Beavers, of Newcastle,
beating them by a score of 93 to 11. The
weather was beautiful, and the game
came off pretty well, although considera-
ble miffing was done. The following is
the score by innings:
Maple Leaf - 7 21 0 3 3 6 2 1-33
Beavers - 7 8 0 0 6 3 0 1-11

Yesterday the game with the Royal
Oaks, of Bowmanville, was a very inter-
esting one, some fine play being exhib-
ited on both sides. The game lasted
nearly three hours, and at the close of
the 9th innings the score stood: Maple
Leaf, 20; Royal Oak, 7.

Our boys play with the Danterless,
of Toronto, at half-past two to-day. The
score can be seen in Petrie's drug store
window, at the conclusion of the game.
Mr. J. T. Nichols, the old captain, has
gone down to meet the nine, and re-
turn home with them this evening, ar-
riving about 8 o'clock. A reception will be
accorded them by the members of the
club here, and they will be escorted to
town by Lawrence's Silver Cornet Band.
Owing to the late hour of their arrival,
no banquet has been arranged for, but
we believe one will be given next week
in honor of the champions.

COMMENTS ON THE TOURNAMENT.—The
Galt Reporter says:—"We take our
hat to the Guelph boys, and congratulate
them on waxing Brother Jonathan at his
own pet game; but if they go on in this
way they'll have to be careful that some
body doesn't act foul with their
cash-box again, as it will be pretty well
filled by the time they return home."
The Water town Times of Tuesday re-
marks:—"The 'Maple Leafs' richly de-
served their prize which they have won
so handsomely. The men who compose
the Dominion club are gentlemen all,
and have conducted themselves as
gentlemen as such during their stay in
our city. This cannot be said of all the clubs
—many of whom have forfeited the good
opinions they otherwise could have held.
The result was satisfactory. We are glad
to see the first grand prize go to the club
which has so fairly, so honestly, and so
faithfully striven for it."

Address and Presentation.
On the occasion of the departure of Mr.
M. B. Wynn from the Guelph G. T. R.
freight station, to assume a more im-
portant position on the line of the T. G. &
B. Railway, his fellow-laborers met and
presented him with a beautiful case. The
presentation was made on Friday, by Mr.
E. Brathwaite, Freight Agent, and the
following address was read:—
To Mr. M. B. Wynn.
DEAR SIR,—We, the employees of the
G. T. R. Freight Department, embrace
this opportunity of making known to you
our sincere regret that the time has
come that your labours with us should
close; for we can assure you that your
kind and affable manner has endeared
you to us all; and we heartily wish you
every success in your new sphere of
labour. You will please except this case
from us, not on account of its intrinsic
value, but as a slight token of our re-
gard and esteem for you; and when en-
joying your evening promenade far away
from us, this case will bring to your
memory the pleasing reflection that you
have left behind you some warm hearts
anxious for your co-laborers.

ENLARGEMENT.—John B. Helt & Co.
have been awarded the contract for the
erection of the additional buildings re-
quired on the Industrial Farm at Berlin.
The contract price was \$2,327.

VICTORIA COLLEGE.—There is a prospect
approaching a probability that Victoria
College may ere long be removed to
Hamilton. New buildings are wanted,
and Cobourg will hardly undertake to
help very much in supplying them, and
at any rate it is thought to be too far
east to suit the wants of the Western
peninsula. Hamilton is thinking about it,
and so is the Wesleyan Conference.

SERIOUS ACCIDENT.—On Sunday eve-
ning, 28th ult., Mr. Fighman E. Snyder,
living near Rossville, met with a serious
accident while driving along the Huron
road in Wilmot. When passing Reichert's
saw mill the horse became frightened and
commenced kicking violently. Mr.
Snyder attempted to leap out of the
buggy, but in doing so his feet caught in
the lines and he fell heavily to the
ground, dislocating his left ankle in such
a manner that the bone protruded through
the flesh.

ELMA AND WALLACE AGRICULTURAL SO-
CIETY.—The Directors of this Society in-
tend to publish their prize list this year
in pamphlet form. Besides the prize list,
the book will contain a number of origi-
nal essays on agricultural subjects, and
other interesting reading matter.
MESSRS. J. & J. Livingstone, of Listowel,
have donated the sum of \$25 to be
awarded for the best yield and quality of
flax, from not less than four bushels
sown. The competitors must be mem-
bers of this society.

The Grange movement in the States
was well enough so long as it remained
a protest against fraudulent "protec-
tion," which robs the farmer, and an
inflated irredeemable currency which robs
everybody. But when it degenerated
into a preserve in which the officials
might gather plunder, it became an evil
so apparent as to lead to a disavowal
which is likely to be speedily followed all
over the country.

BY TELEGRAPH TO THE MERCURY

**The Iron Moulders' Union,
Macahon and the Republic.**

The Indian Raids in Kansas.

The Tilton Beecher Scandal.

Serious Trouble in Prussia.

Richmond, Va., July 10th.—The Iron
Moulders' International Union to-day
elected for the ensuing term, Wm. Laffin,
of Cincinnati, for President, and John
Nolan, of Toronto, as one of the Vice-
Presidents. The Union will be in session
for several days yet.

Paris, July 10th.—The Republican
papers conclude, from Marshal Mac-
Mahon's message to the assembly yester-
day, that he recognizes the Republic.

New York, July 10th.—Despatches re-
ceived here from Topeka, Kansas, say
that there is no longer any doubt that
large bodies of Indians are on the war
path. The raid was begun by the Kiowas,
and now comprises war parties from that
tribe, and the Cheyennes and Arapahoes.
Three men were killed and scalped near
Mozen's Rancho, in the Indian Territory,
on Monday, and another named Patrick
Hennessy, was tied to a wagon and
burned. The panic prevails all along
the border, and settlers are leaving their
homes and hurrying into the towns.

Detroit, July 10.—The Shooting Tour-
nament closed to-day with a sweepstakes.
First squad of eight shooting at fifteen
yards, each squad killed 115 out of 120,
nine only dropped 3 dead within the
bounds. The second squad killed 113.
In shooting double birds Mr. Sherman,
of Belvit, Wis., killed 20 out of 22.

New York, 10.—Two letters of Mr.
Beecher will be published in the next
issue of the "Christian Union." One of
them, dated June 27th, solicits investi-
gation into the charges made against
him, and is addressed to the following
members of Plymouth Church: H. B.
Claffin, Henry W. Sage, August Stowe,
Henry M. Cleveland, John Winslow and
A. T. White; 2nd letter, dated July 6th,
is addressed to the Clerk of Plymouth
Church. With it is enclosed a copy of the
previous letter, and the Clerk of the
Church is asked to give all aid to the in-
vestigating committee.

London, 11.—A special despatch to the
"Daily News" reports that several re-
volts have broken out among the peas-
antry in Northern Prussia on account of
the new laws making changes in methods
of local government. The troops had
been called out, and in one conflict with
the people three are expected. "Daily
Telegraph" has a report that King Lud-
wig of Bavaria will meet the Emperor
William at Munich shortly, when it is
to be hoped that Bavaria will come to a
better understanding with Prussia.

Madrid, 10.—The Carlists shot a cor-
respondent of the "New Free Press" of
Vienna, on June 30, in spite of reprieve
sent by Don Carlos.

New York, 11.—Weather oppressively
warm. Letter of Beecher to the mem-
bers of his Church asking for investiga-
tion, is dated June 27, two days after
publication of Tilton's letter, and says:
In the present state of public feeling I
write to my friends in society and the Church
over which I am pastor, to have some
preliminary investigation made of the rumors,
insinuations or charges made respecting
my conduct as copyist of the gentlemen
named by him as the investigating com-
mittee. The 2nd letter is dated 6th
July, and addressed to the regular ex-
ecuting committee of the Church, after
reiterating the substance of the first let-
ter says. It seemed wise to me that the
request should proceed from me and not
from your foregoing knowledge, and that
you should give to it authority to
act in your behalf, in so far as a thorough
investigation of the facts should be con-
sidered. Shearman, Clark of the Ply-
mouth Church, stated to the interviewer
last night, that the investigating Com-
mittee would probably finish their duties
to-day, also that Tilton was invited by
the Committee to appear and did so regu-
larly at their meetings.

It is reported that Governor Dix will
give his decision on the charges against
Mayor Havemeyer to-day, and that he
will not suspend the Mayor during his
progress.

Washington despatches say that the
increase of postage stamps, stamped
envelopes, and postal cards during the
past year was over three million dollars,
or over 14.40 per cent. over previous
year, and that more than half of the in-
creased revenues of the post-office depart-
ment in the past year is owing to the
abolition of the franking privilege.

A fire occurred at Weehawken, N. J.,
opposite West 30th Street, N. Y., last
night, in Erie Oil Works. The fire was
caused by lightning striking an oil
tank which contained 15,000 bbls. of oil.
At midnight five of the large tanks con-
taining 15,000 bbls. each had been de-
stroyed, and another containing 20,000
bbls. was on fire. There was little hope
of saving any of the oil. On Saturday,
the aggregate loss is variously estimated
at from \$250,000 to \$600,000.

Local and Other Items.

Mr. Wm. Gibson has erected an addi-
tion to the Commercial Hotel, Listowel,
of 24x30 feet which he intends to divide
into two sample rooms and six bed rooms.

Quite a number of people in Dundas
and the surrounding country affirm that
they distinctly felt an earthquake shock
on Monday evening last, at about eight
o'clock.

A RELIC.—Mr. John Livingstone, of
Listowel, has a lock of hair taken from
Dr. Livingstone's head, after the arrival
of his remains in London. It is about 7
inches in length, of a rich chestnut color,
with very few silver hairs intermixed.
It was sent to him by a friend, one by the
celebrated traveler's daughter.

DELEGATE TO THE CONVENT OF PUBLIC
INSTRUCTORS.—The public school teachers
of Berlin on Thursday, appointed Mr. A.
Miller delegate to the Toronto Con-
vention, with instructions to support Mr.
Goldwin Smith or any other gentleman
who, in the delegate's opinion could suc-
cessfully oppose Dr. Sangster.

CROSS IN NORTH GREY.—Some of the
most forlorn farmers in the vicinity
of Meaford, have already begun their hay
harvest, and are as a rule reaping a good
crop. In favorable localities the yield
will be heavy, but on the higher lands
that suffered from the drought in the
early spring, the returns will be below
the average.

HAIL STORM.—The following story
hails from Dundas:—A very severe hail
storm passed over a portion of the Town-
ship West Famboro' on Tuesday
afternoon, the hail being of extraordinary
dimensions. Mr. John Dimmick states
that one of the pieces which fell was of
an oval shape, 9 inches long, 3 1/2 inches
across the flat part, and 2 1/2 inches
in diameter. He further asserts that the
hail ranged in size from not smaller than
a marble to the size of a large goose egg.

NEW RUGS FOR CHILDREN.—A gentle-
man crossing the bridge at Faltonville,
Montgomery County, saw a small boy
struggling in the river below. Down
went the philanthropist to the rescue,
but the small boy struggled so that both
were in danger of watery death. Just
then the gentleman remembered that he
had a bottle of chloroform in his pocket.
To take it out and to administer the
anesthetic to the wiggling lad was the
work of a moment; and then the un-
conscious form was towed safely to the
shore.

Sudden Death at Beamsville.

Beamsville, Ont., July 11th.—Last
evening Philip Leibrick, while chasing
his cow, fell and died in a few minutes.

A New Conservative Platform.

Some two weeks ago, at the annual dinner of the Merchant Tailors' Company, in London, Mr. Disraeli, gave to the world some new views of old political history, and announced a new platform for the British Conservatives. In referring to bygone days, when their leaders were attempting to rally the fragments of a beaten, broken and disheartened party, he gave as the reason for their non-success the plea that "for a considerable period the Tory party had not been in due relation with the people of England on three subjects which interest them—liberty, industry, and religion."

Mr. Disraeli thinks that the Tory party are now in "due relation" with the people, and consequently that they are tranquil, prosperous and contented. He seems to forget that there are agricultural lock outs, that the Eastern counties are disquieted and the farmers not thriving, that thousands of discharged laborers are making sad inroads on the Poor Law funds, and that hundreds have already left, or are preparing to leave, in search of a livelihood in Canada. We do not say that these drawbacks to prosperity exist because the Conservatives are in power, but Mr. Disraeli should not claim too much for his party; and until all these troubles are at an end, he cannot truthfully say that it is in "due relation" with the people.

Don't Like It.—The Mail and Speculator make very nice when they refer to Mr. Chisholm's presence at the Halton Reform picnic. The Spec feels happy that he did not call himself a Reformer, and that he stood among the few noble Independents who are well known to be continually on the look out for the winning side, and who are always open to conviction at the right time. The Mail talks about Mr. Chisholm more in sorrow than anger, and thinks, as he "wended his way back to Hamilton on Wednesday night, he could have wished he had declined the pressing invitation of the Grit Committee." It is to be hoped that Mr. Chisholm is satisfied with himself, for no one else seems to be. The Reformers have grave doubts about the sincerity of his convictions, and in the words of Rymal, would not take him into their confidence till he makes a full confession of faith. The Tories don't know what to make of him—whether to read him out of the ranks as a renegade and a traitor, or bear with his vagaries a little longer in the hope that he may yet go back to the Conservative fold. On the whole it is a nice position for a politician to occupy.

The new Manitoba Cabinet has been completed. It is an Anglo-French coalition. The members are the Hon. M. A. Gerard, Provincial Secretary and Premier; Mr. R. A. Davis, Provincial Treasurer; Mr. E. H. G. Hay, Minister of Public Works and Agriculture; the Hon. J. Dubuc, Attorney-General; the Hon. F. Ogilvie, President of the Council; Mayor Carnish, of Winnipeg, has convoked an indignation meeting to protest against the composition of the new Ministry.

A convention of seventy-seven Reform delegates, representing each municipal ward in East Elgin, was held at Aylmer on Thursday, and made choice of Mr. Colin McDougall, barrister, St. Thomas, as the Liberal candidate for the Commons at the forthcoming election. Mr. McDougall is a man of decided talent, a very effective political speaker, and very popular in the constituency. A more unanimous and enthusiastic convention never before met in the riding, and the prospects of a successful issue were never better.

The general forms of the ballot-boxes have been submitted to the Department of Public Works, for use at Parliamentary elections.

The Guelph Economical Range.

Mr. Thurstans Groom, a workman employed in Raymond's Sewing Machine Factory in this town, is the inventor of a cooking range that promises to cause a revolution in the management of domestic affairs. The article comprises all the qualities necessary for the culinary purposes of a well-ordered house, while it possesses also arrangements by which water or steam can be conducted to any part of a building. The Economical Range is made in different sizes, the smallest being about four feet long and six feet high. It can be set in a wall entirely, or project about ten inches, and thus occupy very little space. The coal fire is made in the centre of the range, in an apartment measuring about ten inches deep by about six inches across, the smoke escaping by the chimney in the rear. On either side of the fire are the ovens, heated by means of a hollow chamber on all sides through which the hot air passes from the fire. These ovens are also ventilated so that all odors arising from the cooking can be avoided. At the back of the fire a place is arranged for a hot air chamber or water boiler, according to the taste of the purchaser, and by means of a damper in front the heat can be communicated to this, and the water or heat thus obtained carried by pipes to other rooms for bathing or warming purposes. In the fire-place there is a false bottom for use when a small fire only is required; and the heat sent to both ovens, or either of them, can be regulated at will by means of dampers. The top parts of the range can be removed and the fire-place thrown open similar to that in an ordinary coal grate. Above the range is a rack on which dishes can be placed and kept warm. The whole apparatus is unique, and we hope to see it come into general use.

Mr. Groom is a practical mechanic, having worked at the business in the Old Country for about sixteen years. He came to this place in September last, and in his odd moments has occupied himself by inventing and manufacturing this Range. He is assisted by his brother, Joseph Groom, who is resident here also. The proprietors claim that by this invention the disagreeable smell caused by the ordinary cooking are avoided, while the cost of fuel for keeping one of these ranges going all day is no more than by an ordinary stove. The cost of the Range will be from about \$85 upwards; and although the price looks high, yet when we consider all the facts, it is doubtful whether this plan of cooking and heating is not more economical in the end than the ordinary one. The Range will be on exhibition at Howard's tin shop, corner Norfolk and Quebec streets, next week. The proprietors have applied for a patent for their invention.

The Canadian Wimbledon Team. We learn by cable telegram that the shooting for the first stage of the Queen's Prize at Wimbledon has been completed, and that among the first sixty who are qualified to participate in the second stage are the following members of the Canadian team: Lieut. Whitman, 60th Battalion, Que.; Private T. Mitchell, of 13th Batt., Ont.; Capt. J. P. McPherson, Governor-General's Foot Guards, Ont.; Color-Sergeant Baillie, 47th Battalion, O.; Major Gibson, 13th Batt., Ont.; and Hancock. All of the above are entitled to a prize of £12 and to wear the National Rifle Association's Badge. Sergeant Vail was the only Canadian who got into the second stage last year. In the contest for the Alexandra Prize the following have been returned winners: Capt. Layton, 7th Batt., N.S.; Captain Macpherson, Lieut. MacNaughton, Cobourg Artillery, O.; Priv. Disher, 19th Batt., O.; and Capt. Morgan, 8th Batt. Quebec. Canada has reason to be proud of so successful a commencement to the great rifle tourney.—Mail.

Several hundred Mormon immigrants arrived in New York the other day. Some of the principal Farmers' Granges in Illinois have already collapsed. The northern papers are advocating return tickets to and from Toronto on the northern railway. The melo-colic days are coming, the saddest in the year. Mind your P's and Q's—that is to say your peas and q-cumbers. Mr. Thomas Gibson, of Elma, has flax four feet six inches long.

WELL PUT.—The *Guelph Herald* says that the "Reform Party" has touched bottom, and a very muddy one at that. We rise to remark that if they had "touched bottom" two or three years ago they would have found the editor of the said *Herald* floundering in the sea "mud," one of the biggest and most enthusiastic toads in the puddle. The man who first said new converts always made the most extreme display of zeal did not require so profound a knowledge of human nature after all. In fact, if he had seen our *Jeems*, three years ago and now, the slightest modicum of observation would have sufficed for the proverb, "and half a dozen like it."—*Cobourg World*.

The Right Hon. Fox Maule, Earl of Dalhousie, whose death was briefly announced a few days ago, was in early life an officer of the 77th Highlanders, and served in Canada for several years on the staff of his uncle, the then Lord Dalhousie. He was son of the late Lord Panmure, and was born in April, 1801. He succeeded to the earldom of Dalhousie in 1860, on the death of his cousin, who was serving at the time as Governor-General of India. He was created a Knight of the Order of the Thistle in 1853, and of the Grand Cross of the Bath in 1857. He took an active part in ecclesiastical affairs, and was a leading member of the Free Church of Scotland. He was for some time Grand Master of the Free Masons of Scotland, a post he resigned in 1870.

Special Notices.

IT IS NOT WHAT YOU EAT BUT what you digest that makes you strong. Unless the food taken is perfectly dissolved, assimilated and converted into pure blood, general nervous and physical prostration inevitably result; the whole system is impoverished, degeneration of the organs and tissues follows, and if there be hereditary predisposition to scrofula or consumption it will surely be developed and the constitution gradually broken down. The foundation of good health and a sound mind is a vigorous stomach and perfect nutrition. Dr. Wheeler's Compound Elixir of Phosphates and Calaisa is Nature's own remedy for derangements of the digestive organs, purely physiological, harmless, and positively certain to restore nervous and muscular force.

THE GREAT ENGLISH REMEDY.

Specific Medicine

Cures all Nervous Diseases, such as Tremors, Debility, Prostration, etc., which, in many cases, are produced by over indulgence in the use of tobacco and alcoholic spirits; but the Specific Medicine is more especially recommended as an unfailing cure for Seminal Weakness, Spermatorrhoea, Impotency, and all diseases that follow as a sequence of Self Abuse, or Loss of Memory, Universal Lassitude, Pain in the Back, Dimness of Vision, Premature Old Age, and many other Diseases that lead to insanity or consumption, and a Premature Grave, all of which, as a rule, are first caused by deviating from the path of nature and over indulgence. The Specific Medicine is the result of a life study and many years of experience in treating these special diseases. Full particulars in our pamphlet, which we desire to send free by mail to every one. The Specific Medicine is sold by all Druggists at 25c per package, or six packages for \$2.50, or will be sent by mail on receipt of the money, by addressing

WILLIAM GRAY & CO., Windsor, Ont. Sold in Guelph by E. Harvey, and by all Druggists, Northrop & Lyman, Toronto; J. Winer & Co., Hamilton, wholesale agents.
