TO ENCOURAGE SETTLERS

The Maritime Development and Colonization Association recently formed in Halifax takes a lead out of the book of the Western Colonization Association, and takes hold of Eastern problems from the right viewpoint. The East has suffered severely in the past from a general failure all round to advertise its resources, a failure to even have any of the reliable and complete information as to what it had to offer prospective settlers. The slogan adopted by the new Association is "Selection, Direction and Protection," which covers a lot of ground. It makes known available properties suitable for immigrants and gives details concerning these so that the new-comer may be aided without loss of time in finding out just what is available and what is suitable to his needs. Protection is a clause also necessary for whenever there are properties for sale there will be some who are ready to take advantage of the stranger and lead at a good round price property very probably ill-adapted and not up to representation as to crops, productivity, etc. These projects outlined above are all good and will assist in building up the country. The prophet, however, has not yet arisen to tell how we may retain within the bounds of the Maritimes our own people who drift away by thousands to the United States, the larger proportion never to return except as occasional Summer visitors. The criticism along this line has been destructive and there has been no scarcity. The constructive criticism has been very largely lacking and most conspicuous by its absence.

If the Provinces would prosper one thing most essential is cheap and abundant power, for in no other way can our manufacturers hold their own against competitors who have this big asset. The sooner dreams of cheaper power are made living realities the better for the Provinces. A start has been made in certain parts and other parts will probably follow, but the example should not be followed in too leisurely a manner. Cheap power would make this valley a manufacturing area of no mean importance.

The above is one suggestion among a number of others which we shall be glad to refer to from time to time.

THE SHAKE-UP

Los Angeles Times: The Town of Klink, in the State (California), having its name officially changed to Ivanhoe. Since prohibition set in there has been nothing to Klink.

UNIVERSAL APPEAL

Manchester Guardian: The whole earth visits the "movies" and pays for its entertainment, for they are the one way that has ever been discovered of bringing the drama of life, the stuff of comedy and tragedy that is of universal appeal, to the eyes of every man.

BETTER HEALTH

San Francisco Chronicle: People would have better health if they would remember that the stomach is a warehouse and not a plaything.

GOOD RELIGION

Birmingham News: If you can't lick him and forgive him, that may be discretion; but if you lick him and yet forgive him, that is good religion.

MORE CONGENIAL

New York Evening Post: The real internationalist, it seems to us, ought to concentrate on the things one can like in the individual nations, and not the other way about.

COMMON INTEREST

Auckland Weekly News: The idea of a common Empire policy on many matters is solidly established, despite a certain tendency to press the conception of the Dominions having sovereign status, the unity of the Empire is accepted as a fact about which there need be no argument.

HAVE A HOBBY

London Daily Express: It is an age of hobbies, and the man without a hobby is to be pitied. So is his wife. There is no reason why the collecting of match boxes should not be every bit as absorbing and exciting as collecting books, prints, bronzes, china, or old furniture. The hobby does not matter. It is the amount of fun a man gets out of it that counts.

BETTER FARM CONDITIONS

Indianapolis News: Farm conditions are showing a tendency to improve. The gap between prices of manufactured commodities and agricultural products is not so wide as it was, although it is still too wide. The efforts being made to restore a balance ought to include taxation and tax exempt securities.

WILFUL WASTE

Courier St. Stephen: Now that Christmas trees from Maine, New Hampshire and some other states have been barred from the Boston and New York markets because of the prevalence of insect pests, the onslaught upon the woods of New Brunswick has been enormously increased to the great detriment of the forest growth and with infinitesimal financial returns. Eight or ten carloads have already been shipped from this section and it is estimated that this will be increased ten fold as the season advances unless better wisdom prevails and means are found to stop the useless slaughter of what in a few years would be of value.

LAKE MUNRO

Mrs. Ethel and Helen Nass, of West Springhill, spent Sunday at their home here.

Mr. and Mrs. Charles Sullivan, of Milford, spent Sunday with relatives in this place.

Mr. and Mrs. Solomon Wenzel spent Sunday in Victoria at the home of Mrs. J. Kaulbach.

Mrs. Richard Wambolt and Miss Hilda Hubley attended church in Milford Sunday.

BACK TO THE LAND MOVEMENT

Maritime Development Association Plans to Bring Settlers to Provinces.

Col. Robert Innes, of Ottawa, formerly of Kentville, Director of Agriculture on the Soldiers' Settlement Board, was in Halifax over the week end. He had recently been attending a session of the executive of the Maritime Development and Colonization Association, of which he is Secretary, and which was held in Moncton on Thursday. This Association was formed in Halifax recently and is based on the same objects and principles as the Western Colonization Association, which receives substantial financial support from the Federal Government. The direct object of the Association is to promote and direct local and inter-Provincial colonization for the Maritime Provinces, and also to encourage by the most practical means the back to the land movement in these Provinces.

To aid them in this they have a further object of co-ordinating their efforts with the Governments of the Provinces and the railways for land settlement in the Provinces. Their slogan is, "Selection, Direction and Protection," as applied to new settlers. The Association's meeting last week was to prepare articles of incorporation. The Executive Committee consists of the following well known men of the three Provinces: A. E. MacLachlan, of Kentville, chairman; Angus McLean, Bathurst, N. B.; E. A. Schofield, St. John; E. T. Higgs, and S. A. Pomeroy, Charlottetown; R. K. Smith, Amherst; F. G. J. Connan, Halifax; Lt.-Col. Innes, Kentville, Secretary. Among the objects of this Association as laid down in the form of incorporation under which they are seeking powers, are: To give advice and directions to settlers entering or now located in the Maritime Provinces, to carry on activities of Maritime development; to establish and support associations calculated to benefit settlers entering the Maritime Provinces, to procure information in regard to the natural resources and industries of the Maritime Provinces and to adopt such means of advertising as may seem expedient; to act as agents without remuneration for the listing sale, exchange or improvement of lands, natural resources, industries or any other enterprise in the Maritime Provinces.

Col. Innes has of late been residing on his farm in King's County, and directing the agricultural and scientific survey of which the Provincial Government, aided by Federal agencies, is having made of that County. Col. Innes left for Charlottetown, where the Federal Government directed him recently at the request of the Prince Edward Island Government, which is desirous of making a similar survey there as the Nova Scotia Government is now having made in several Counties of this Province.

CANADIAN MAY LOSE \$9,500,000

Nothing Left For The L. P. Steel Stockholders.

Toronto—L. R. Steel stockholders in this city are to be held at a meeting next Thursday night that their stock certificates are worthless, says the Globe in a news page story. The newspaper continues:

"They will get the news from their own Secretary, C. H. MacKenzie, who is just back from Buffalo, after battling in their interests. Mr. MacKenzie was called to Buffalo for consideration of an offer made by a group of capitalists in New York, known as the McKinnon Syndicate, who have bid \$1,600,000 for all the assets of the Steel enterprises in Canada and the United States.

This sum is just enough to meet the claims of all the creditors, which means there will be nothing left for the stockholders who put \$23,000,000 into the enterprises, Canadians alone, invested \$9,500,000. The United States receivers will meet on Jan. 15th to give final consideration to the McKinnon offer, and unless there is something better before them by that time, the offer will be accepted, according to the news brought back by Mr. MacKenzie."

DIPHTHERIA MORTALITY DECREASED

Tiny Pump Removes The Dangerous Membrane And Gives Relief.

New York.—The lives in two local hospitals have been hundreds of little diphtheria patients saved by a new invention, a tiny electric suction pump that clears the throat of choking membrane and allows the patient to breathe. It was learned last week. The pump is the invention of the late Dr. Henry L. Lynch. Doctors at the Kingston avenue and Willard Parker hospitals credit it with reducing their diphtheria death rate from 33 per cent. to 10 per cent. After the diphtheria membrane has been removed by the pump, a silver tube is inserted in the throat through which the patient breathes until the crisis has been passed.

FIVE YEARS' AGONY ENDED

When He Took "Fruit-a-tives" For Rheumatism

The Medicine Made From Fruit "Fruit-a-tives" is the long sought remedy for Rheumatism and Lumbago. From all over Canada come letters testifying to this fact.

Mr. John E. Guideron of Parrsboro, N.S. writes: "I suffered badly with Rheumatism for five years—tried different medicines—was treated by doctors in Amherst—and here at home—but the Rheumatism came back."

"In 1916, I saw an advertisement for 'Fruit-a-tives' and took a box and got relief, so I took them for about six months and the Rheumatism was all gone and I have never felt it since."

50c a box, 6 for \$2.50, trial size 25c. At dealers or from Fruit-a-tives Limited, Ottawa, Ont.

C. S. BEALS AWARDED SCHOLARSHIP

Wolfeville.—The appointment of Carlyle Smith Beals to the Overseas Post-Graduate Scholarship of Nova Scotia, given by the War Memorial Department of the I. O. D. E., has been received with great satisfaction. Mr. Beals graduated from Acadia in 1919, took post-graduate work at Yale, and received his M.A. degree from Toronto University. He receives this honor because of the splendid war record of his family, as well as because of his fine academic qualifications and high standard of manhood. This gift entitles him to \$1,000 and the privilege of attending any European University he desires. Mr. Beals, who is at present teaching in a private school in Quebec, is a son of Rev. and Mrs. F. H. Beals, of Hantsport.

Mr. and Mrs. George Barnham and children arrived Wednesday and are guests at the Queen Hotel, while their residence on St. George Street, which they have not occupied since the summer of 1922, is being renovated.

Mrs. Kenneth Pinedo, of Kentville, arrived to visit her mother, Mrs. Roach, accompanied by her little daughter.

A. M. King has been spending a few days in Halifax.

William Stewart, of Haverhill, Mass., arrived Wednesday to visit his sister, Mrs. Edgar McCormick, and other relatives in the vicinity.

ANNAPOLIS

Local sportsmen are finding rabbits more plentiful than for many years past, and large bags are being brought out daily, as the mild weather tempts many hunting parties to the woods.

Mrs. W. C. MacPherson, who is the only woman member in Annapolis Co. of the Canadian Forestry Association, has been appointed to give a series of lectures through the County on various questions of forestry. She has already spoken at Lequille and at the High School here, and was listened to with keen interest as she described the growth of the forest trees and to devastating results of carelessness regarding fire.

Mrs. J. Herbert Runciman has partially recovered from her recent illness, and, with her daughter, Miss Marjorie, who was also a patient at the hospital in Halifax, returned home on Monday.

L. M. Fortier, Honorary Superintendent of Port Anne Park, who has been spending a month in Halifax, returned on Saturday.

Mr. and Mrs. Robert Sprout, with their little son, returned Wednesday to their home in Wellesley Hills, Mass.

Mr. and Mrs. George Barnham and children arrived Wednesday and are guests at the Queen Hotel, while their residence on St. George Street, which they have not occupied since the summer of 1922, is being renovated.

Mrs. Kenneth Pinedo, of Kentville, arrived to visit her mother, Mrs. Roach, accompanied by her little daughter.

A. M. King has been spending a few days in Halifax.

William Stewart, of Haverhill, Mass., arrived Wednesday to visit his sister, Mrs. Edgar McCormick, and other relatives in the vicinity.

ITALY OWES NOTHING TO UNITED STATES

Views of an Italian Diplomat and Financier.

Victoria, B.C.—The policy of the United States toward Europe must change, said Commander L. Scelsi, Milan, Italy, Honorary Plenipotentiary of the Italian Government and President of the Sino Italian Bank of Shanghai, who sailed for China on the Canadian Pacific S. S. Empress of Asia.

"Hardheaded business men of the United States know that the war debts of the Allies should be cancelled," continued this Italian diplomat and financier. "Italy owes nothing to the United States and it is unreasonable that the latter should demand payment of debts from those very countries on whom they depend as a market for their goods."

While in New York, Commander Scelsi had access to United States Government figures and stated that the wheat administration alone had closed its books with a surplus of \$58,000,000. When the Treaty of Versailles was signed Commander Scelsi was Director-General of Political Affairs at the Foreign Office in Rome. From 1907 until 1911 he was General Italian Consul at Montreal and with the Hon. W. S. Fielding signed the first commercial treaty between Canada and Italy.

The electrification of a large portion of Japanese Government Railways, although considerably delayed by the recent earthquake, will be realized within the next two years, according to G. Murakami, who is returning to Japan to assume the office of general traffic manager of these lines. He has spent the past eighteen months in America and Europe studying railroad methods. There are already 60 miles of electrified railways in and around Tokyo, Mr. Murakami said.

NEW MATRON AT SOLDIERS' HOSPITAL

Middleton.—Miss Elsie E. A. Wood, of Middleton, has assumed charge of the Soldiers' Memorial Hospital as Matron. Miss Wood is a registered nurse of Quebec, and a graduate of Montreal General Hospital, which is affiliated with the Children's Memorial, Montreal Maternity, and Alexander Infection Hospitals of the same city. After graduation she served two years on the staff of the Children's Memorial Hospital, and since that time has been doing private nursing. As night nurse, is Miss C. L. Smith, a graduate of Victoria General Hospital, and a registered nurse of Nova Scotia. Miss Smith has also had considerable nursing experience on the staffs of Berwick Memorial Hospital and the Provincial Sanatorium.

Looking Ahead

A very large measure of success is entirely possible to every young person who begins early enough in life to do the kind of thinking and the kind of work that lead upward. Let us help you on the way.

MODERN SUCCESS LTD. MONCTON

IRISH FARMERS DROWN PIGS USELESS BECAUSE OF LONG BACON STRIKE

Dublin.—Farmers in County Donegal are drowning their young pigs because the price they bring in the markets is so low that it is unprofitable to raise them. It is not an unusual sight, after a county fair, to see a farmer open his cart and let a litter of young pigs out on the road for anyone to take them. This condition is attributed to an 11 weeks strike in the Irish bacon industry.

BEFORE AND AFTER

A vacation always looks better while you are waiting for it than it does when you are on it. Because, when you are on it, you can't help counting the days that will elapse before it is over. A vacation begins getting over just as soon as you start on it.

Toronto Mother Says New Vaporizing Salve "Worked Wonders."

The quick direct treatment for colds of children and grown-ups too, is an application of Vicks over throat and chest at bed time.

Not only is Vicks absorbed through the skin, but its healing vapors of Camphor, Menthol, Eucalyptus, Turpentine, etc., are breathed all night directly into the affected air passages. Relief usually comes by morning. Just as good, too, for cuts, bruises, burns and itching skin troubles.

Mrs. William Morrison of 114 Sheridan Avenue, Toronto, says: "Last Fall our baby had whooping cough so bad that we were afraid of losing her. I heard about Vicks VapoRub from my neighbors and decided to try it. Every morning and night I applied it as directed, and it worked wonders. It seemed to break up the cough and ease her, especially through the night when it was most troublesome. I have also used Vicks for colds with good results and would not be without it."

At all drug stores, 50c. a jar. For a free test size package, write Vicks Chemical Co., 344 St. Paul Street, W. Montreal, P. C.

Though Vicks is new in Canada it has a remarkable sale in the States. Over 17 million jars used yearly.

FOGHORN SILENT IN LONELY GRAVE

Major McDonald, whose Stenorian Voice Won Fame, Buried in Glenarry.

Toronto.—"Foghorn" McDonald has returned to his Glenarry home with his great voice stilled forever in death. The man whose whimsical humor and vocal demonstrations made him famous in wartime from Berlin to Belgravia, from Boston to Berlin, is at rest in the humble churchyard of his fathers, within sight of the home in which he was born.

It is nearly forty years since "Foghorn" boomed good-by to his native village to seek fame and fortune in far-off places. Since that time all the mining districts of the continent come to know him. Since that time all the blasts and bargains of the world's greatest war failed to drown the trumpeting of his stentorian tones. Yet "Foghorn" came back to Glenarry, quietly dressed in sombre black, his part for once a silent one.

It is a far cry from the clubs of war-time London, where "Foghorn" was wont to boom frank comments at generals, brigadiers and other brass hats to the lonely rural hillside where he sleeps today. He was borne to his grave without a flag, without a decoration on his breast.

Major Neil Rory McDonald, of the Forestry Corps, was his official war-time title, but all the world knew him as "Foghorn". The overseas forces of the allied nations knew no more picturesque figure than this rugged woodsman and mining engineer, who crossed to France in 1914 as a buck private, whose military career was endangered a score of times by his outspoken candor to those of high and low degree alike, by his impatience of army "red tape" and his supreme contempt for technicalities of rank and regulation, yet whose abilities as a forester and a leader of men brought him to the command of a Canadian battalion.

(This war veteran was well known all over Canada and especially among soldiers of the war from Nova Scotia.)

WOMAN WITNESS AFRAID TO GIVE EVIDENCE IN CASE

Fails to Appear in Court Because of Threats Made By Bootleggers.

Fear that her presence in Court as a Crown witness would draw down the wrath of the local "bootlegging fraternity" and perhaps result in bodily injury to her was the reason given in the Police Court by Inspector Tracey for the non-appearance of a young woman whose evidence it was expected would play a big part in the prosecution of a number of residents of Market Street charged with violating the N. S. Temperance Act. It is alleged that the young woman who was associated with Mrs. Gallant, female sleuth, in her campaign against the bootleggers, has stated that she was threatened with violence by one of the alleged bootleggers if she gave evidence.

Because of her non-appearance in court neither Mr. Tracey or Mr. Griffiths were prepared to proceed and accordingly the cases of Harold Lambert, Teresa Miller, Mary Bonham and John Paris were continued until Monday. Stipendiary Archibald commented on the inability of the Crown to bring the young woman against whom a subpoena had been issued, to Court, and said he would grant no more continuances after Monday.—Chronicle.

LEVIES ON CAPITAL

New York Times: If the immense collections from great wealth could be made as planned, an obvious misfortune for the country would be involved. Capital would be denied to industries clamoring for it. The sources of large-scale production would be dried up. Money that ought to be continually feeding private enterprise would be squandered in unproductive public output. To that sort of thing there could be but one end. A nation that sought to live on conscripted wealth would speedily...

ALBANY

Mrs. E. J. Whitman left for Port Medway on Thursday, Nov. 22nd, to visit her parents, Mr. and Mrs. Manthorne.

Mr. and Mrs. F. A. Chipman and family, Mr. and Mrs. F. L. Bishop and family, were guests of their brother and wife, Mr. and Mrs. George Fair, and of Miss Annie Fair, on Sunday, 18th November.

The Misses Grimm, of Springfield, have been visitors at Mrs. Lyman Whitman's.

Deacon Phineas Whitman has so far recovered from his accident as to be able to go out of doors again.

Rev. Rackham preached here acceptably on Thursday evening, 29th November.

Mrs. Leon Veinot has been confined to her bed for several days, supposed to be gripped. Doctor in attendance. Her mother, Mrs. Jos. Gates, is caring for her.

Our teacher, Miss Kathleen Robinson, is getting on finely with her school.

PORT LOYNE

Mr. George O'Neal spent a few days recently with his niece, Mrs. Bessie Brown.

Mrs. Canning, of Port Greville, is visiting her parents, Rev. D. W. and Mrs. Dixon.

Mr. George Beardsley has returned to Bridport, Conn.

George Hilsdon has returned home from the United States where he has been employed as carpenter work during the Summer.

Mr. Percy Anderson made a business trip to St. John last week.

Mr. Harold Anderson is spending this week at his home here.

Mrs. Ira Brinton visited her cousin, Miss Jimmie Beardsley, and her aunt, Mrs. Charlotte Anderson, last week.

Mr. and Mrs. L. Banks, of Hampton, were recent visitors of Mr. and Mrs. Norman Healy.

Mr. and Mrs. George O'Neal are visiting friends here.

WOODMEN'S WAGES IN NEW BRUNSWICK

Small Operators Affected by High Rates.

While the high prices being paid for woodmen is a good thing for those who have secured employment with the larger operators, the rates of wages, \$75 and \$80 a month, have proved a stumbling block for the small operators. Hon. J. E. Michaud on Friday explained that owing to the high wages, many woodmen in the North had refused to work for small operators for less money than was offered by the lumbermen who do business on a large scale. A considerable number of New-Brunswick-ers had crossed the line and gone to work on the American side. This had made it impossible for some of the smaller operators to carry on business and next Summer it might be that the small mills would not be able to engage in manufacturing, unless that danger was obviated, it would mean that there would be no work for many next Summer.—St. John Globe.

A COLLECTION IDEA

Here is one that appeals. It is used by a Chicago firm, is perfectly good-natured throughout, and is notable for its originality. Attached to the letterhead near the salutation is a common PIN, and the letter reads as follows:

"Gentlemen:

"Here's a pin.

"Looks a good deal like any other pin, doesn't it?

"But this isn't an ordinary or garden variety pin. It is a really and truly magic pin.

"It will relieve you of a lot of bother, and us of a lot of worry. It will set you square with us, and help us square up with the other fellow. So be careful and don't lose it.

"Better be sure of it and play safe, for it is the pin you will want to use to attach your cheque to this letter in payment of the statement enclosed.

"Thank you for the cheque. No charge for the smile we hope you get out of this little letter.

"Yours expectantly,

"P. S.—Please hurry. We want to use this magic pin on another fellow."

DEATHS OF DUFEN MAY REACH 10,000

"Doctor George Sutcliffe, Albany, Found at Last."

Hartford.—Wholesale indictments of quack doctors for manslaughter as one result of the Grand Jury investigation were predicted by two officials, State Health Commissioner Osborne announced that a painstaking examination of all death certificates in Connecticut for five years is revealing an immense total signed by alleged quack doctors. More than 200 of these, he said, would be turned over to the Grand Jury Monday.

Big Job to Investigate.

Dr. Osborne, who was ordered by the Grand Jury to select from the official records all suspicious certificates or anything indicating potential manslaughter, said he had a special staff of clerks on this task and added:

At least ten days will be required to examine all the cards, and the Grand Jury may run into the thousands. There is no exact method of estimating the number because some of the doctors have been in Connecticut five years. Also I am finding more death certificates from some than others."

Dr. George F. Sutcliffe was located at the Bond Hotel annex, where he is staying with his brother-in-law, F. M. Dublin, of Albany. He is wanted on a manslaughter charge based upon his care of ether to Albert C. Hoody, who came to his office with a crushed finger, and died an hour later on Sutcliffe's operating table.

Sutcliffe, who fled from Albany to Toronto, escaped Canadian officers by only two hours. He has confessed to Gov. Templeton and other state officials.

10,000 Deaths Estimated.

On the basis of one death a month confessed by Sutcliffe, 200 deaths during the last five years would have signed more than 10,000 death certificates. Whatever the number, the Grand Jury proposes to scrutinize each carefully, according to Foreman Holden.

Dr. Sutcliffe is available for the Connecticut extraordinary grand jury any time it sees fit to call him to testify. State Attorney Hugh M. Allcorn announced this information following a conference with Benedict M. Holden, foreman of the grand jury, and County Detective Edward J. Hickey.

"There are certain reasons why I cannot make public the whereabouts of Dr. Sutcliffe," said the State's Attorney. "All I can say is that he is ready for the grand jury."

OBITUARIES

Stephen Jackson.
An old and well known citizen of Ingleswood, Mr. Stephen Jackson, passed away on Saturday after an illness of over a year. He leaves a wife and a large family of children. Interment took place in Riverside cemetery on Monday afternoon, Rev. J. H. Freestone conducting the services which were largely attended by the residents of Ingleswood.

George W. James.

Annapolis Royal.—Mrs. James McKay has received word of the death of her brother, George W. James, an Austin, Texas. Mr. James was born at Annapolis Royal seventy-four years ago, and attended school here in his boyhood. He is survived by his wife and a son and daughter in Texas; his sisters, Mrs. Colley, of New York; Mrs. McKay, of Annapolis Royal; Mrs. Boehner, of Paradise, N. S.; and one brother, Horatio T. James, of Lawrencetown, Annapolis Co.

Phillip Paul.

Annapolis Royal.—The funeral of Phillip Paul, an aged Micmac "Governor," who died while visiting the reservation at Lequille, took place on Wednesday afternoon. A large number of Indians, including the Chief, Ben Pictou, followed the remains to St. Thomas's Church, and later to St. Louis' Cemetery where the burial took place. Rev. D. J. Summers conducted the services at the church and grave. The deceased, who was seventy-four years of age, belonged to Cambridge, King's Co., and was one of the best known singers of the tribe.

Mrs. John Carroll.

Kentville.—Kentville lost one of its oldest and best known residents when Mrs. John Carroll died Saturday, aged 77, at her residence, Main Street, W. Mrs. Carroll was born in Paradise, in 1845, a daughter of the late Philip Cassin Bent. Over 50 years ago she married John Carroll, who for 25 years was Town Clerk of Kentville, and who predeceased her in July. For five years she has been an invalid. She was the last surviving charter member of the Kentville Baptist Church and for 50 years was a teacher in the Sunday School. One brother, William Bent, of Massachusetts, survives.

The funeral service was held at the Baptist Church Monday afternoon, Dec. 10th, at 2:30 o'clock, conducted by the Pastor, Rev. D. G. Ross, assisted by Rev. G. P. Raymond. Interment in Oaks cemetery.

W. I. Troop.

The death took place on Thursday morning after an illness of some months and hastened by a paralytic stroke of Mr. W. I. Troop, highly esteemed citizen of this town. He leaves to mourn their loss, wife (nee Miss Annie Bent, a brother, Mr. Armin Troop, residing on the old homestead at Grandville Centre, four sisters, Mrs. Emma Colinger, in U. S. A., Mrs. C. Hallowell, California; Mrs. Gilbert Ray and Mrs. Chas. Hallowell in Boston; six daughters, Mrs. C. S. Day, Liverpool; Mrs. Wm. Cook, St. John; Mrs. J. S. Logan, Miss Hilda, of Kingsburg, Pennsylvania; Miss Lou and Miss Etta, at home, and one son, Harry, of Boston.

The late Mr. Troop was a native of Grandville Centre, but moved to Bridgetown some twenty five years ago where he conducted most successfully a meat business. His genial manner and sterling integrity made him a general favorite.

After retiring from business he was with the Transcontinental during construction period, and later in Ontario. He returned home a year ago last June and has been in poor health for months back.

The funeral took place on Saturday afternoon, services being conducted by Rev. E. Underwood. Interment was in Riverside cemetery.

FINANCIAL SUCCESS ATTENDS CHURCH FAIR

Tidy Sum Flows Into Coffers of Grandville Ferry Methodist Church, From Enjoyable Affair.

Grandville Ferry.—The most successful financial event of recent years in the history of the Methodist Church of Grandville Ferry took place on Tuesday evening, and was favored by the exceptionally mild weather. The vestry, which has recently received several improvements, was decorated for the occasion with evergreens. The tables looked very attractive, as did also the home-cooking table laden with dainties, the young ladies' fancy work booth, and the ladies' table of fancy and useful articles.

Previous to sitting down to the tables to enjoy another of the chicken suppers, for which this church has made a reputation for itself a few of the hostesses at the tables were Mrs. W. H. Weatherspoon, Mrs. Wm. Amberman and Mrs. F. B. Troop. From the home-cooking table, in charge of

WEDDING

Weasel-Turner, Whitman-Turner.

Lawrencetown.—A quiet double wedding was celebrated at the Methodist parsonage on Wednesday evening, Dec. 5th, one of the contracting parties was Lemuel Weasel of Inglesville, and Miss Mabel Turner. The other was Cyril Whitman, of Inglesville, and Miss Rita Turner. The brides are sisters and are from Mary Joseph, Guysboro Co.

INSPECT APPLES, WHY NOT BANKS!

"Yesterday I missed a chance to make an important and timely protest," said Peter McArthur, the sage of Ekfrid, in the course of an article sent to the Toronto "Globe" under date of October 17th. "A Government inspector dropped in unexpectedly and caught me right in the act of packing No. 1 and Domestic Peewees. There was no time to get things in shape for him. In fact, I didn't know he was an inspector until after I had been introduced to him and had shaken hands with him. Still, it didn't matter for he examined my pack carefully and passed it as being up to standard, or a little above it. My first feeling was one of relief, for I had been worrying a little, as I had not packed apples for the market for some time. It was not until after he had gone that I remembered the attitude of Big Business toward Government inspection. 'You cannot make men honest by law.' We must not have interference with private business? If that sort of talk applies to Big Business, why not to little business? Why should the Government come nosing into my apple barrels if it must not be allowed to look into the operations of banks? Surely it is as necessary to look after the safety of the bank deposits of the plain people as to see that they are not sold under-stored apples that are wormy or off color. Inspection is every bit as justifiable in one case as in the other. Recent bank disclosures show that they sometimes pack rotten securities in their vaults. Why should that be allowed any more than packing rotten apples in barrels? Even-handed justice demands that banking be inspected just as carefully as apple-packing."

The XMAS

Dinner

All women know that good cooking is one of the important features of Christmas Day.

"In fact the task is the word or we may cook our goose."

Many good cooks have been condemned thru no-fault of theirs. Poor fires.

If you want the best fuel in your home, give us the word. Our stock is now complete.

Office and Warehouse at Wharf
Wholesale and Retail.

Miss Lena Pickup, the sum of \$32.25 was realized, from the ladies' table of fancy and useful articles, in charge of Mrs. C. W. Collins and Miss Edna Wade, the sum of \$62.20 was realized, from the young ladies' fancy work and candy booth, in charge of Miss Doris Pickup, the sum of \$37.45 was realized. The door receipts of \$102 testified of the large number present.

Mrs. Stanley Bogart is the guest of relatives in Halifax.

Mr. and Mrs. A. D. Messinger are spending the Winter with their daughter, Mrs. Brown, in Massachusetts.

A bit of nature very much out of season was a strawberry blossom in full bloom discovered by Miss Doris Pickup while walking to the woods in search of evergreens on Thursday afternoon, Nov. 9th.

Flowers are still to be seen in some of the gardens here. Mrs. E. R. Reid has several blossoms left in her garden, and Mr. Loran Bueckler has several bunches of flowers in blossom in his garden.

Guy Mortimer, of Halifax, formerly one of our boys, visited his friend, Harold Eaton, last week.

Mrs. W. A. Piggott and Miss Barbara Withers have returned from a very pleasant visit to friends in Boston and vicinity.

Avard Parker and Mrs. Lucy who were called here because of their father's injuries, received in an automobile accident, have taken their other, Alphonse D. Parker, back to Massachusetts with them to spend the Winter months.

THE NATIONAL WAY ACROSS CANADA

Canadian National Rail Services Are The Acme of Travel Comfort.

From the Atlantic Provinces to the West and to the Pacific, the ideal rail route is via Canadian National—"The National Way".

Whether on business or on pleasure bound, the traveller has the advantage of a thorough rail service that is unequalled for excellence. The finest equipment of all steel trains is furnished, and the most modern of standard sleepers, compartment cars, and modern diners.

The "National Way" is also the finest scenic route, and by reason of its construction furnishes the smoothest and most comfortable journey.

From Maritime Province points there is the best of service to Montreal via the "Ocean Limited" and "Maritime Express".

From Bonaventure Station, Montreal, the famous "Continental Limited" leaves daily at 10:00 p.m., for Ottawa, North Bay, Cochrane, Winnipeg and Vancouver. This is the finest of through Transcontinental services, the equipment of these Canadian National trains being of the most modern standard.

Ticket agents of the Canadian National Railways will afford enquirers all the detailed information regarding these services. Enquiries addressed to the General Passenger Department, Moncton, will be promptly replied to, and booklets describing the territory will be mailed.

33-6t.

ACADIA DECIDES TO SAVE \$40,000 ON BUILDING

Wolville.—It is understood that the Governors of Acadia have recently decided on the material to be used in constructing the new college building. While white Beneditine stone, quarried in Quebec, would have been the choice of all, the additional cost of \$40,000 for this handsome building stone was not thought wise, so a brick facing, with columns, pilasters, window trimmings, etc., of Beneditine stone, will be used. This combination will no doubt prove very effective.

PICTOU WOMEN WIN IN MILK-PRICE WAR

Council of Women Bring Down Price of Milk By Threatening to Enter Business.

New Glasgow.—The price of milk has been a popular topic for discussion locally for the past few weeks. Recently the dealers announced that the price would be raised to 14c. a quart, and immediately a protest was heard from all quarters. Meetings were held and the matter discussed by dealers, producers and consumers, but it was not until the matter was taken in hand by the East Pictou Local Council of Women that anything definite was obtained. The dealers were informed by the Local Council that if the price was not reduced to 13c. a quart the Council would put a team on the route and compel them to lower the price. The committee in charge of this work now report that only a few of the milk dealers in town are charging 14c. a quart for milk, and that by far the largest number were selling it at 13c. The remainder had decided to follow suit beginning with the New Year.

CLARENCE

Mrs. C. G. Foster went to Wolville last week to see her aunt, Mrs. B. F. Chesley, who is still very ill. Lovely Summer weather still continues.

E. Stewart Elliott went to Halifax recently to look after a car of apples that was wrecked on the C.N.R.

Large quantities of apples have been shipped from the different warehouses during the last two weeks.

Trains on the H. & S. W. are still uncertain. We do not know of extras until we hear the whistle blow.

Sorry to report L. W. Elliott sick at time of writing.

Mrs. Albert Banks is visiting relatives at Kingston.

Mrs. Allen Bezanson, of Hampton, is visiting her parents in this place, while Allen is attending the Winter air at Amherst.

DR. S. D. SCOTT DIED IN VANCOUVER

Vancouver.—Dr. S. D. Scott, Chief Editorial writer of the Vancouver Province, and one of the best known of the old school journalists in Canada, died here of heart failure. He was born in Cumberland County, Nova Scotia, seventy-two years ago.

Dr. Scott graduated at Mt. Allison, Sackville, N. B., and in 1913 was given the degree of Doctor of Laws of that University. He went into newspaper work in St. John and became editor of the St. John Sun. He also worked in the press gallery in Ottawa for years as correspondent for the Maritime Provinces.

He came to British Columbia to take the post of Editor of the News-Advertiser, and when that newspaper was merged with the Sun he was appointed to the supervision of the Province's editorial page.

A long tramp in an Armistice Day parade about a month ago brought on the seizure which caused his death. He is survived by his widow, three

W. W. CORNING DIED

Yarmouth.—W. W. Corning, M.L.A., returned on Friday morning from Toronto, where he has been exhibiting his prize-winning herd of thoroughbred Royal Winter Fair. When away Mr. Corning sold the fine bull "Mixture Cap" to D. A. Donlop, of the Donatone Farm, Tolmoran, near Toronto, for the money price of \$2,000. He also sold a pair of calves to R. W. MacFarlane, of Pictou, New York, for a good price.

TREATY NOW DENIES AGAINST SNAG

Washington.—The rum treaty hit a snag when the British government announced its insistence that British vessels be allowed to bring liquor into American ports under seal. The government also states that the whole treaty must fall if this phase is held unconstitutional by the Supreme Court.

THE JOYOUS PAST
By Edgar A. Guest.
This is what he used to say:
"Take your laughter while you may,
Love the sky when it is blue,
Let the sunshine warm you through,
Take your fill of earthly joy,
Play the lover and the boy,
Soon, the soon, glad lips grow dumb,
Sorrow enough will sorrow come."

Then to him the sorrows came,
Quenched was Summer's gentle flame,
Round his home the tempests blew,
Childing all the joys he knew,
Grief and age were his to share,
Whose snow was in his hair;
Then he'd smile and say:
"This was lovely yesterday."

Considered is this heart of mine
That these eyes have lost their shine,
When the garden I have known
Many tender blooms have flown,
How low rich I've been and glad
Through the Summers I have had;
From the joys of long ago
Come these scars of hurt and woe.

"Kiss of beauty I have pressed
Closed this hurt within my breast,
For an I today and sad,
But the joys of life I've had;
Life has given what death must take,
Love has built what time must break,
And though now the joy has flown,
All God's blessings I have known."

Notice

We are now open for Cider and Evaporated Apples at the following prices:

Cider Apples (must be sound and exclusive of the early withered drops.) 25c. per bbl.

Evaporated Apples (Good sound apples suitable for paring, but exclusive of Gravensteins and such early soft varieties 2 1/2 inch up) 40c. per bbl.

We still have a few openings for girls and boys as operators on paring machines, Apply promptly

TRUMPHS OF BLUE-NOSE BREEDERS AT TORONTO

Dickie Brothers, of Truro, With Their Holstein Herd, Met and Defeated The Best Prize Cattle in America.

Truro.—The Morning Chronicle has already published an account of the splendid winnings made at the Royal Agricultural Exhibition at Toronto by J. R. Semple & Sons, of Truro; Howard Corning, Yarmouth; J. Milligan & Sons, Westville, and the Experimental Farm, Nappan. Full justice, however, has not yet been done to the wonderful showing made by Dickie Brothers with their Holsteins at this exhibition. Walter Dickie took twelve head of Holsteins to the exhibition, two of which were shown in one class. He won prizes on eleven, against the very keenest competition that the Province of Ontario could offer. Only those who are conversant with the large number of Holsteins owned in Ontario and with the keen competition at the exhibition can fully appreciate the success which the Dickie Brothers achieved.

When it is considered that there was shown at this exhibition every Holstein but one which constituted the herd with which the Province of Ontario won from all America at the National Dairy Show in Syracuse, New York, in October, it will be realized how keen was the competition which the Dickies had to meet. The outstanding winners made by Dickie were second for their aged herd and second for their young herd. In addition to winning on their own cattle, the Dickies had the great fortune of having purchased in advance of the exhibition a bull calf to be their new head herd, which bull calf won first in a class of twenty, which was one of the strongest classes of the exhibition.

Howard Corning, with his Guernseys, was the biggest prize winner of all the cattle exhibitors at the exhibition. J. R. Semple's win of championship in the Jersey class, in which he had to compete with the wealthiest group of exhibitors in the whole show, was a great triumph. It is reported that he was offered a price well up in the four figures for this bull, but at date of this writing it is not known whether the price was accepted or not.

Mr. Cumming, Secretary for Agriculture, who was present at the exhibition, said that he was proud as a Nova Scotian to be present and to hear on all sides the high eulogiums which were paid by exhibitors to the class of dairy stock sent to this, the greatest exhibition of its kind in Canada, from distant Nova Scotia. This was another proof of the statement which the Secretary has made ever since he took up office in the Province, that Nova Scotia is a great dairy Province, and that the industry of dairying is capable of much greater development as the years go by.

YARMOUTH'S COLD STORAGE PLANT

Company Formed And \$75,000 Has Been Subscribed.

Yarmouth.—Yarmouth is to have a cold storage plant. At a meeting held here, provisional directors of the proposed company were appointed and instructed to proceed with the organization and to arrange for the signing of contracts for erection and installation of the plant.

The promoters have reached their objective, \$75,000 paid up capital, with which to begin operations. The company will take over the large wooden building on Water Street, known as the Yarmouth Woolen Mills. The plant will be sufficiently large to freeze about two million pounds daily. It is expected to open for business in good time for the Spring mackerel run, and also for the early Spring fisheries.

The following were appointed as provisional directors: A. W. Eakins, of the firm of Parker-Eakins Co., Limited, wholesale grocers and commission merchants, Yarmouth; Capt. J. E. Kinney, Supt. at Yarmouth for the Boston and Yarmouth Steamship Co.; A. E. Nickerson, of the firm of Austin E. Nickerson, Limited, wholesale distributors of all kinds of fish products; S. C. Baker, of the firm of L. E. Baker & Co., and C. L. Sanderson, of the law firm of Chipman & Sanderson.

Frequent Headaches

A Sure Sign the Blood is Watery and Impure.

People with thin blood are more subject to headaches than full-blooded persons and the form of anemia that afflicts growing girls is almost always accompanied by headaches, together with disturbances of the digestive organs.

Whenever you have constant or recurring headaches and pallor of the face, they show that the blood is thin and your efforts should be directed toward building up your blood. A fair treatment with Dr. Williams' Pink Pills will do this, and the rich, red blood made by these pills banishes the headache.

More disturbances to the health are caused by their blood than most people have any idea of. When your blood is impoverished, the nerves suffer from lack of nourishment, and you may be troubled with insomnia, neuritis, neuralgia, or sciatica. Muscles subject to strain are undernourished and you may have muscular rheumatism or lumbago. If your blood is thin and you begin to show symptoms of any of these disorders, try building up the blood with Dr. Williams' Pink Pills, and as the blood is restored to its normal condition the trouble will disappear. There are many people who owe their present state of good health to Dr. Williams' Pink Pills, and most of them do not hesitate to say so.

If you are suffering from any condition due to poor, watery blood, or weak nerves, begin taking Dr. Williams' Pink Pills now, and note how your strength and health will improve. You can get these pills through your dealer in medicine, or by mail, at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

COMRADES SAVE DIVER ATTACKED BY HUGE DEVIL-FISH AT WEEK OF FRENCH BATTLESHIP LIBERTE

Toulon, France.—A diver working on the submerged wreck of the French battleship *Liberte*, was attacked Monday by a huge octopus, which did not relinquish its manifold embrace until the man's comrades had cut it to pieces.

The driver, Jean Negri, fought desperately with the monster under water for some time. He was finally able to free one arm and plunged his trident into the body of the creature.

The octopus, however, held fast, whereupon Negri gave the signal to be hauled up.

When his companion saw the writhing monster emerge they were panic stricken, but the plight of their comrade appeared so serious that they went to his aid and freed him with their knives.

ELIMINATION OF TUBERCULOSIS

President of Cornell University Says Outlook For Success Is Encouraging.

Montreal.—The outlook for success in the practical elimination of tuberculosis was most encouraging in Canada, United States, Great Britain and Northern and Western Europe, said Dr. Ferrand, President of Cornell University, for several years chief of the International Board of Health which combated the white plague in the war areas of Europe, who is in Montreal.

He added, the tuberculosis plague spot was in Central and Southern Europe where, owing to the strain of war, malnutrition and other contributory causes, the disease was on the increase, constituting a living menace to the whole world.

Dr. Ferrand told of the demonstration conducted at Farmington, Mass., where the campaign against tuberculosis resulted in a decrease in the death rate of from 140 per 100,000 of population to approximately 50 per 100,000 of population over a period of six years.

GROUND LIMESTONE

Blue rock lime finely-ground is now being used in considerable quantities for agricultural purposes. It is one of the materials that may be applied late in the Fall to areas it is proposed to seed to clover and timothy early in the Spring. All experimental evidence available shows a marked increase in the yield of clover and timothy hay where lime has been used over areas not treated with lime. This gain is very often great enough to pay for the cost of materials and application from the increase in yield of the first crop of hay. The strong root growth of the clover plant which is possible on a limed area will go far towards increasing the yield of subsequent crops as well, the effect of lime being apparent for many years. Many fertilizers applied to land are quick acting and the physical or chemical effect is not noticeable after the first crop, while limestone on the other hand seems to produce soil conditions that favour increased crop development for many years, and makes possible the greatest returns from the fertilizers that may be applied.

It is not always convenient in Spring because of the rush of work at that time to cover all the newly seeded areas one would like with lime, and in order to avoid the possibility of neglecting this important matter Fall application is advisable. During December there are days that are suitable for the moving of this material on the frozen ground, thus overhauling a task which if not done now may delay seeding or not be done at all. The material can be readily hauled to any part of the farm and spread without danger of appreciable loss, unless the ground is covered with ice and on a sloping area from which the material may be carried away in the surface run of water.

Two to three tons of limestone per acre is usually ample, although larger amounts may be applied. After a little practice the lime can be spread evenly with a shovel, or a bucket may be used and the material spread by hand. One pound per square yard is 2 tons, 840 pounds per acre. If a square yard space is measured off and a pound of limestone applied it will give a good idea of the rate that is likely to give most economical returns.

Experimental Station,
Kentville, N. S.

TO CALIFORNIA FOR THE WINTER

To California, British Columbia, and Pacific Coast points, is the objective of many who wish to escape the horrors of a cold winter.

Those who are in a position to spend this period in a land of sunshine and warmth, where flowers bloom all year, can make the journey comfortably and quickly by the Canadian National Railways and connecting routes.

Any ticket agent of the Canadian National will furnish the required information as to through train services, routes, fares, etc., or write General Passenger Dept., Montreal, for this information. 35-3t

ST. PIERRE RUM RUNNERS RETREAT

While the rum runners of the United States are waiting with more or less interest the outcome of the conference between Canada and the United States, they are also engaged in perfecting their plans to get around the new arrangement, by transferring their craft to a foreign flag.

Some of the rum runners are already registered in foreign countries. A noted trader recently in Halifax sailed under the flag of Panama, although the vessel, like most of the fleet, is owned in the United States. Owing to the proximity of St. Pierre, Miquelon, the most convenient country to adopt by the trade is France, and the shipping registration laws of that country are already being carefully studied.

The French law requires that all the officers and two-thirds of the crew of a ship registered under that flag must be French, and only in case of emergency can other nationals be shipped in the crew. So far as St. Pierre is concerned, when the fishing season is not on there is no difficulty in securing a complete company of Frenchmen. The law requires that the ship must be registered there through a ship broker, with all the required formalities of transfer.

St. Pierre is resolved to maintain control of supplies for the trade as far as possible. Newfoundland also has ambitions to participate in this lucrative business, and recently reduced the duty to \$1.70 a case. St. Pierre met this reduction by a further cut. The former duty was three dollars a case. Under the present duty, and at the current rate of exchange, this has been sealed down to 25 cents a case, which is expected to hold Newfoundland for a while.

Stocks of liquor in St. Pierre are enormous, and are constantly being added to. Several hundred thousand cases are now afloat bound for that bootleggers' paradise, and the revenues already secured from the trade are sufficient to free the government from all financial worries for years to come.

STRIKING FIGURES

Los Angeles Times; New York City has forty-two times as many hold-ups as London and burglary insurance costs twenty times as much in the United States as it does in England. Statisticians estimate that in Great Britain only one person in every 634,000 is murdered, whereas in our country the ratio is one in every 12,000. Every ten years 10,000 people are the victims of murders in the United States.

MOVIE IMPROVEMENTS

New York Evening Post: From both the artistic and business standpoints the motion picture industry is open to great improvement. If the flow of films from studio to public could be steadied, so that the production could be kept at even pace, overhead cut down, and borrowings reduced, the film companies would make more money and lower charges would be possible. They might also have time to make better pictures, and finally find itself impoverished.

Saved Baby's Life

Mrs. Alfred Tranchemontagne, St. Michel des Saints, Que., writes:—"Baby's Own Tablets are an excellent medicine. They saved my baby's life and I can highly recommend them to all mothers." Mrs. Tranchemontagne's experience is that of thousands of other mothers who have tested the worth of Baby's Own Tablets. The Tablets are a sure and safe medicine for little ones and never fail to regulate the bowels and stomach, thus relieving all the minor ills from which children suffer. They are sold by medicine dealers or by mail at 25 cents a box, from The Dr. Williams' Medicine Co., Brockville, Ont.

NO MARKET FOR CANNED LOBSTER

Sixty Thousand Cases of This Year's Pack Are Still Unsold.

"Before another lobster season commences, the entire trade in the Maritime Provinces, including buyers, shippers, fishermen and packers, should put 'its house in order' and be able to grapple with the peculiar problems of trade which are now confronting the lobster industry of these provinces," said George E. Roberts, of Halifax, who has returned from a visit to Great Britain where he made an extensive inquiry into the condition of the lobster markets both in England and on the continent.

"Canned lobsters are produced in no other country in the world other than the Maritime Provinces and Newfoundland, therefore," said Mr. Roberts, "one can readily appreciate the value which attaches to this great industry as related to the trade of our Provinces. Undoubtedly this fact that we control the canned output of lobsters for the world will astonish people of this Province not familiar with the trade, but it is further surprising," Mr. Roberts said, "how few of those engaged in the canned lobster trade or associated with it realize just what effect for good or evil conditions in Europe have upon the lobster industry of the Maritime Provinces."

Mr. Roberts then proceeded to tell of how the European conditions had seriously menaced the industry in his Province. To readjust the trade as a formidable task, but Mr. Roberts was anxious to impress the more optimistic viewpoint that while formidable it was not unmountable, and that the first thing to do was to look thoroughly over the situation.

Wonderful Tea!

Users of KING COLE Orange Pekoe are frequently heard to remark: "It's really wonderful tea." This is not particularly in reference to its outstanding quality although that is necessarily included, but is due to the wonderful way it "spends." For KING COLE Orange Pekoe is a rich liquoring tea as well as a deliciously flavorful one. Skillful blending combines these two great tea qualities for your enjoyment.

"The Extra in Choice Tea."

NEW LAMP BURNS 94% AIR

Beats Electric or Gas.

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, J. M. Johnson, 248 Craig St., W., Montreal, is offering to send a lamp on 10 days' FREE trial or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money, make \$250 to \$500 per month.

DOES AN EDUCATION PAY?

Does it pay an acorn to become an oak?
Does it pay to escape being a rich ignoramus?
Does it pay to open a little wider the door of a narrow life?
Does it pay to make life a glory instead of a grind?
Does it pay to add power to the lens of the microscope or telescope?
Does it pay to taste the exhilaration of feeling one's powers unfold?
Does it pay to know how to take the dry, dreary drudgery out of life?
Does it pay a rosebud to open its petals and fling out its beauty to the world?
Does it pay to push-one's horizon farther out in order to get a wider outlook, a clearer vision?
Does it pay to learn how to centre thought with power, how to marshal one's mental force effectively?—Success.

MEDICAL EXAMINER PRESENTS REPORT

"Whether the bullet which caused the death of Basil Burns was self-inflicted or otherwise, is for a jury to decide," declared Medical Examiner W. D. Finn. His report, the Medical Examiner stated, was placed before the Attorney General's department last week.

Advices from Kentville state that 10 witnesses for the Crown have been summoned to appear at the preliminary hearing against Clarence Connors, of Canning, held for the killing of Burns, and it is intimated by Crown officials that the hearing will bring out statements of interest regarding the case.

Questioned regarding his report to the Attorney General's Department, Dr. Finn was non-committal. The report, he stated, contained information to the effect that the bullet had been extracted and information also regarding the probable range at which the shot had been fired.—Herald.

INGLISVILLE

The W.M.A.S. meets this month at the home of Mrs. A. Leonard. Miss Clara Miles and little niece, Audrey Miles, of Massachusetts, are spending a few weeks with the former's parents, Mr. and Mrs. Arthur Miles.

Mrs. C. Stoddart and daughter Ruby, have returned after spending a month at Bridgewater.

CRIME AND THE MENTAL DEFECTIVE

(Dr. J. G. Shearer.)

All Canada was shocked at the bungled and twice attempted execution of a young man who had been convicted of a brutal murder in an Eastern Province in the recent past. The bungled execution by a drunk on hangman was shocking enough. But the more shocking thing was the murder because Society itself was really more to blame than the poor mentally defective murderer. He should have been from his early years a ward of society, protected from the terrible perils of liberty among normal people whose competition, temptations, and taunts led him to sell into illicit sexual association, fits of temper, and finally a frenzy of jealousy which drove him to his awful deed and to end his life on the gallows.

He is by no means an exceptional case. A great many of the most brutal murders and other shocking deeds of violence are committed by irresponsible feeble-minded men or women, who instead of being exposed to unfair competition and overpowering temptation at the hands of normal and unscrupulous fellow-citizens, ought to have been discovered in childhood as subnormal and to have been cared for in the protected atmosphere of a rural and industrial training school adapted to their peculiar needs such as we have now in some Provinces of Canada, and in many American States and in the United Kingdom.

Dr. H. H. Goddard, of Vineland, N. J., gives three selected feeble-minded murderers in his book "The Criminal Imbecile."

One of these, Jean Gianini, a youth of sixteen, a fairly high-grade moron, because he had been placed in the dunce's corner by his teacher, for some breach of discipline or failure in his lesson, in a spirit of revenge enticed his teacher outside the village and with an old monkey wrench with which he had armed himself brutally beat her to death and celebrated in the publicity his terrible deed had given him.

Another, Roland Pennington, a farm hand, of imbecile mental status, led on by the farm manager who was jealous of the farm owner, brutally attacked the latter and with the help of the manager and the victim to death in horrible fashion. Both manager and boy were convicted and executed—which was gravely unjust to this poor boy.

The third, Fred Tronson, an elevator man, was attracted to a Stevedore, whom his elevator carried up and down daily, proposed marriage, was refused, bought two revolvers, followed the young lady on the street car to her home, again proposed and being again refused, opened fire and finished his brutal deed inside the girl's home into which she fled. He too was an imbecile. Being convicted he was given a life sentence in the penitentiary. His life should have been from early years spent in a training school or colony for the feeble-minded where he would have been happy, contented, and safe in this protected atmosphere and the community safe from the crimes he was liable to commit. Dr. C. K. Clark, the great alienist, is quoted as saying that probably, one half of all crime in general is due to the non-care of these well-intentioned, weak-minded but dangerous potential criminals.

When will Governments learn the wisdom of discovering and properly caring for these unfortunate creatures and so protecting them and the public from the very serious dangers to which they are constantly exposed? Probably not until the public sets to know an alarming facts and insistently presses for action. Even in money it costs less to care for these potential criminals before they become actual assaulters, murderers, prostitutes, incendiaries and the like.

THE OLDEST MAN IN NOVA SCOTIA IS DEAD

William Bush, Aged 109 Years, Died At Jordan River, Shelburne Co.

Shelburne.—Over 106 years of age William Bush, of Jordan River, died at his homestead there Wednesday. William Bush was in all probability the oldest man in Canada. He was born on the 17th of March, 1817, and was therefore approaching his 107th birthday, being a little more than three months from that age. For all his life the centenarian enjoyed the best of health until within six weeks of his death, when he was stricken and confined to his bed. He died at the home of his son, William, with whom he had lived for the last seven years.

Mr. Bush was a native of Lunenburg County, born on La Have Island. For over ninety years he followed fishing off shore, and as recently as the Summer of 1913 he caught and dressed sixteen barrels of herring. He had never taken doctor's medicine, and had never used tobacco or alcohol in any form.

Mr. Bush was a great admirer of Hon. W. S. Fielding, and was held in admiration by Mr. Fielding. Since the two became acquainted many years ago, Mr. Fielding sent a letter of congratulation to Mr. Bush on each of his birthdays, and when near the old man's home always made it a point to pay him a visit.

ST. CROIX COVE

Mr. and Mrs. John Titus, Hampton, were recent visitors at the home of Mr. and Mrs. Silas Beardsley.

Miss Johnson Beardsley and two children, Port Lorne, spent over Sunday at the home of her parents.

Mr. and Mrs. Alfred Marshall, of Outram, were visitors at the home of Mr. and Mrs. Angus Milbury, the 2nd.

Mrs. Ira Brinton and two children are visiting Capt. and Mrs. E. Brinton.

Mrs. M. Weir, Parker's Cove, is spending a fortnight at the home of her daughter, Mrs. Frank Poole.

Mr. and Mrs. Harry Nickerson left for the 4th for their home in South Braintree, Mass.

Mr. Hartley W. Brinton left the 30th ult. for Rowley, Mass.

Mr. and Mrs. Vaughn Poole and baby Irene, Hampton, were recent visitors at the home of Mr. and Mrs. Bradford Poole.

Mr. and Mrs. Fred Charlton and little son Laurie, visited her parents recently.

Miss Letta Messenger, of Centerville, has been a guest at the home of Mr. and Mrs. Milledge Beals.

Mrs. Isaac Durling and three children, of West Ingleville, spent a few days with her mother, Mrs. Amanda Beals.

Mrs. E. R. Whitman has returned home after spending a few months at the home of her son at Nietaux.

A "kitchen shower" was held at the home of Mr. and Mrs. Joseph Gates in honor of Miss Maggie Gates. Coming events cast their shadows before.

At the cabbage and bean supper held at the home of Mr. and Mrs. C. Stoddart twenty dollars was realized, proceeds to go towards the debt on new furnace in Baptist parsonage.

CIVIC BODY CONGRATULATED ON TEMPERANCE ACTIVITY FOR FIRST TIME

North Sydney.—Congratulations to the town of North Sydney on its endorsement of the N.S.T.A. were expressed in a letter from the local branch of Sons of Temperance, which was read before the Town Council at the meeting of that body. The letter stated that the temperance people viewed with great satisfaction the determination of the Council to enforce the Act without the assistance of Provincial or special officials, Mayor Kelly stated that the occasion was the first time the Council had ever been congratulated on its stand on the liquor question.

U. S. POLICE WOULD CHECK CRIMINALS BY EUROPEAN METHODS

Washington.—International adoption of the "know book" as a means of checking criminals, eliminating much government red tape and keeping tabs generally on all members of the community, is advocated, according to private advices received here, by two Norwegian scientists, Dr. A. Moen and J. Bo. The "know book" is a suggested pocket pamphlet to be made out for every child and to be kept through his life as a permanent record of his doings. It would contain his fingerprint, photograph, the first time the Council had ever been congratulated on its stand on the liquor question.

Not only would the "know book" be police in apprehending culprits, but also for recording all offenses, and also for census taking at hospital, in the treatment of convicts, in banks, customs houses, in the ports, military camps, etc. The system would educate the people in the higher concepts of their obligation to the community and the practice of social solidarity, it is believed.

The system, said to be endorsed by Norwegian and American police and government officials, will be presented to the next international conference on criminology, which will be held in Stockholm, Sweden, in the summer of 1924.

11 a.m.—Rev. J. W. McConnell.

Bentville:
Vacant Sunday.

Centrelea:
Public Worship at 3 p.m.

ACADIA UNIVERSITY DEVELOPS

All lovers of Acadia University are rejoicing in the continued prosperity and development of the work in Wolfville. Construction of the College building is well under way, with a view to its occupancy in Oct., 1924. This new edifice measures "182 feet long and 81 feet wide—46 feet longer and 13 feet wider than the building which was burnt." An auditorium capable of seating 2,000 will occupy the West end, while the East section will be devoted to class rooms and offices of administration. The cost will be approximately \$300,000.

At the special Baptist Convention in Moncton, called to consider University Federation, 98 per cent. of the delegates voted to remain at Wolfville. This was certainly a decisive mandate to the Board to go forward with faith in our people who hitherto have not failed in the support of the University.

Registrations of students to date are over 200, more than the total registration for 1922-23. New students number 125. Many references could be cited as illustrating the quality of the work done. We quote two of them as representative of many:

1.—Donald Foster, West Torbrook, N. S., B. Sc., Acadia 1920. Candidate for Ph.D. in Physics at Yale. Assistant-ship in Physics—\$700, first year, something similar second year. Loomis Research Fellowship (interest on \$10,000) third year. This Fellowship is awarded as a result of competitive examinations and is the highest honor in Physics at Yale.

2.—Professor Huntington, of Yale, in his recently published book, "Civilization and Climate," says "to cite a case which has come under my own observation, the students from Acadia College in Nova Scotia, who carried on work in the Graduate School of Yale University, have for some years maintained a higher average grade in their studies than have those from any other institution!"

With keen appreciation of her accomplishments in the past, with unbounded optimism for her future with knowledge of the increased facilities, with every confidence in the unwavering devotion of her new President, Dr. Patterson, and the faculty, the prospects for Acadia's making a larger contribution than ever to the educational and religious life of our country were never brighter.

The road to Hell is paved with good intentions.

Local Happenings

Our readers will be glad to know that arrangements are well under way for the Recreation Hall Christmas tree entertainment which is scheduled to be held on the evening of Thursday, Dec. 27th. In the meantime either Supt. Hiltz or Myers will be glad to receive donations in cash or kind.

LINEN TOWELS

Something special in Linen Towels, 18x36 at 75c., and 22x37 at \$1.25. **LOCKETT & CO.**

St. James' Church Organized Bible Class will hold the second of this season's monthly social gatherings in St. James' school room this (Wednesday) evening from 7.30 to 10. The committee have again been successful in obtaining the promise of an excellent programme.

The congregations of the Baptist and United Churches will worship together next Sunday, service being held at the Baptist Church in the morning and at the United Church in the evening, Rev. J. H. Freestone will preach.

The women of the Maritime Provinces know good tea, there is no doubt about that. If there were any doubt, how would you explain the sale of such a large quantity of MORSE'S SELECTED ORANGE PEKOE as was made last year. MORSE'S SELECTED ORANGE PEKOE is a tea for particular people, a people who demand the best there is in flavor; it is this class of people that is calling for this tea.

Rev. A. J. Prosser went to Truro this noon to attend a special meeting of the Board of Governors of the Maritime Home for Girls, which is held at the Home tomorrow.

Miss Harrison, of the Maritime Religious Education Council staff, will speak to the school children at the Baptist Vestry at 4.00 p.m. on Wednesday and at a public meeting in the audience room in the evening. The meeting are both interdenominational in character and a good attendance is anticipated.

Oranges cheap for Xmas. Prices from 25 a dozen up at **B. N. MESSINGERS'.**

After one of the busiest seasons in the history of the Annapolis Valley, the various fruit houses in Berwick and vicinity have practically suspended operations in export shipments until after the Christmas rush is over. Some idea of the immense volume of business that has been handled thru the Berwick warehouses may be gleaned from the fact that \$1,670 barrels and 1,555 boxes of apples have been shipped out from this point, for export and otherwise, since the commencement of the apple season.—Berwick Register.

The Bridgetown schools give an entertainment in the Court House on Thursday evening, Dec. 20th, consisting of a playette entitled "The Magic Carpet," of choruses, drills and other interesting features. Proceeds are for the School Library. Turn out and give the school a bumper house. The first real arrival of the beautiful snow arrived on Tuesday morning, some two or three inches falling. Nature, after an extended Summer, has become more seasonable and Christmas like.

Dr. L. R. Morse, of Lawrence town, has been appointed as government representative on the Board of Commissioners of the Soldiers' Memorial Hospital, Middleton.

Three of our young lady pedestrians biked from here to Paradise and back going up the South side of the river and returning by the North. The third member made the jaunt for the first time and though feeling rather weak at times kept pluckily along and finished the trip in good style.

The new telephone directory is of much wider range than any single issues heretofore for this part of the Province as it includes all exchanges in that part of the Province west of Halifax. In point of quality of paper and size of type it does not merit any boquets.

Miss Marjorie Trotter, General Secretary Girls' Work Board of the Maritime Provinces will address meetings on the afternoon and evening of Monday, December 17th, in the United Church Vestry and will be pleased to meet all girls of 'teen age.

The Bridgetown branch of the Great War Veterans' Association meets on this Wednesday evening at 7.30, in the Board of Trade rooms. A full attendance of returned men is most especially requested.

RAILWAY EXPRESS IS NOT TAXABLE

Toronto—Judge Denton in the County Court, Saturday, delivered judgment on the appeal of the National Railways, allowing their contention that the express business carried on by the railway is not liable to business assessment, involving a total amount of \$161,550, amounting to over \$5,000 in taxes.

"It may be considered inequitable or unfair that this should be so, but the remedy is in the hands of the Legislature," said the judge.

If other departments of the Canadian National were successful in similar applications, Toronto would lose many thousands annually in taxes.

Stocking With Xmas FRUITS

We have our new Fruits in for Xmas. Our shelves will be filled up with a complete Stock of Groceries at the end of the week, after which we will be in a position to supply our patrons with New Goods, at lowest prices.

MANY TRIBUTES TO AUSTIN KNIGHT

The funeral of Austin Knight, victim of an accidental shooting in Berlin, N. H., last Thursday was held at the late home, 2 Bates Street, Methuen, at 2 o'clock. Rev. Edwin T. Cooke, pastor of the Methodist Church, officiated at the services. The bearers were Ira Philbrick, Thomas Brothers, Leonard Shipp, Floyd Napier and Clyde Dudley. Burial was in Elmwood cemetery.

Among the floral tributes were: Pillow, "Our Boy" mother and father; mound, "Brother" Clara, Ruth and Chester; cross on base "Brother", Hattie, Floyd and baby Ruth; cross on base, "Brother", Laura and Fred; wreath, "Brother", Frank and Lillian; star on base, Bertha and Clyde and Mrs. A. M. Dudley; mound, "Uncle Austin", Clyde, Jr., and Edith; pillow, "Austin", Mabel and Lennie Shipp; gates ajar, "Fellow Workers", Meadowbrook Laundry; wreaths, Oaklands M. E. Church, Carl Woeckel, Sr. and Carl, Jr., Epworth League Oaklands M. E. Church; basket and over a hundred tributes from other friends.

Pleasures are like poppies spread.

WHY NOT INSURE BANK DEPOSITS!

One of the many suggestions we have received in connection with the present banking situation in Canada comes from a reader who has long been conversant with a good deal of the inner history of finance in this country and who has made some study of Canadian banking laws and practice. The suggestion is that the banks establish an insurance fund to guarantee deposits in somewhat the same way that the note circulation of the banks is now protected. That is, the banks be required to deposit with the Receiver General in Ottawa a small percentage of their deposits each year—say one-tenth of one per cent.—until the insurance fund reaches a certain percentage of the total deposits in the chartered banks of the country. In this way the deposits in our chartered banks would be protected to the same extent that the note circulation of the banks is now protected. This principle could be applied either under Government supervision or inspection or could be carried out by the banks themselves if Government inspection were not adopted. The note circulation is now protected and there is undoubtedly a growing demand that the deposits in our chartered banks be made more secure.

Government deposits in the case of insurance companies have long been a source of security to the policyholders in our regularly licensed companies, and the insurance companies themselves would be the last to advocate the re-establishment of the old go-as-you-please policy that was in vogue years ago and which led to many abuses by those who were more intent in lining their own pockets than they were in serving the public through the sale of sound insurance.

In the case of the banks the same policy as that adopted by the insurance companies could be followed, that is to say there could be deposited with the Finance Department at Ottawa interest bearing securities, such as are now carried in their vaults, and form part of their liquid assets.—Toronto Saturday Night.
