TWO GREAT ITALIAN ARMIES HAVE INVADEN AUSTRIAN TERRITORY

ITALIAN TROOPS SWEEPING INTO ENEMY'S COUNTRY

Two Big Movements Under Way, Are Promising Brilliant Success.

TOWNS ARE OCCUPIED

Austrians Destroy Bridges in Their Retreat—Heavy Fighting Impending.

Choke Cherries! Austria is now the centre of a three-sided invasion: Russia on one side, Serbia on a second, and Italy coming in from a third.

Germany has armies in France, in Belgium, in Russia, and she has to watch Holland, perhaps Switzerland. She has to provide if she can against the collapse of either or both Austria and Turkey.

Germany has the United States knocking at her door for an explanation. And about her the armies of France, Belgium, England, are bent on driving her lines back into her own territory. Her position is neither comfortable nor encouraging.

On the contrary, it is so continuous, persistent, and so developing in strength that it must be more than nerve-racking.

Germany must blow up under the strain. It is strain, prolonged strain, that will put Germany out of business. A stag at bay of a pack of wolves can't last. Or, to use the words of her recent apologists, "they are trying to choke Germany." Well, Germany started in to do choking!

Cutting Off the Supplies The choking that Germany fears is both that of battle and that of supplies. No more supplies can come in by Italy, and a lot got in that way, too: provisions, chemicals, munitions, metals. No one any get in from America by way of German ports on the Atlantic proper.

And Holland will be rather slow in selling to Germany; nor will the three Scandinavian take much risk in this respect. So the iron collar is getting tighter! If you choke a pirate who torpedoes Lusitanias and their helpless passengers what says the old line?

No thief 'er felt the halter draw with good opinion of the law.

Still More Pressure! Any country in search of a cause belli can find plenty of them lying around in the vicinity of Germany. The United States has already despatched a note of protest to the imperial government which may become at any moment the occasion of resort to arms. The United States ambassador at Berlin has given warning to all Americans to leave Germany. Holland has addressed a note similar in terms to the American protest to the imperial government over the loss of the lives of Dutch subjects in the Lusitanias. This note may afford a convenient excuse for war at any moment. Italy has already drawn the sword. Rumania is ready to do so. Bulgaria, it is stated by one of her leaders, is ready when the allies speak the word. Russia has turned the tables on the German forces and is overwhelming the 400-mile line of the Kaiser's front. The Kaiser has gone back from the east dejected and disheartened. The circle is drawing closer.

ITALY'S ENTRY WILL MUCH SHORTEN WAR

Will Also Have Enormous Influence on Attitude of Neutrals.

BULGARIA FRIENDLY

Russian Foreign Minister to Get Free Adriatic Port for Serbia.

PETROGRAD, May 25, via London, 7:06 p.m.—Italy's entry into the war will make the war much shorter in duration; it will have an enormous influence on the attitude of neutral countries, and it will lead to the rapprochement of states whose interests seem at present to be opposed.

Free Ports for Serbia. Concerning Bulgaria, M. Sazanoff said he did not believe that she would move against Russia under any circumstances.

He declared that the Italo-Serbian relations were perfectly amicable and that Russia's task with regard to Serbia would not be fulfilled unless Serbia received a free outlet on the Adriatic.

"I declare," added the foreign minister, "that Serbia will have free ports, which shall be absolutely her own."

Regarding reports that M. Sazanoff had made numerous attempts in that direction had been made and not only on the part of Austria, but all had failed, and he added, that anything of that character was "absolutely impossible."

Boycott Against Northcliffe

Disgraceful and Unpatriotic Attacks Result in Refusals to Purchase The London Times and The Daily Mail.

Special Cable to The Toronto World.

LONDON, May 25.—The flame of indignation against Lord Northcliffe on account of the Kitchener attacks burns stinging than ever.

Spencer Leigh Hughes, in The Daily News today, suggests "Lord Northcliffe should shake off that coy, excessive modesty, which is his only failing, and should take his place amid his brother peers and tackle Lord Kitchener face to face."

The Manchester Stock Exchange committee, at a meeting today, resolved that "in view of the disgraceful and unpatriotic attacks on those responsible for the conduct of the war, no copy of The Times or Daily Mail shall be allowed on The Manchester Stock Exchange."

GREAT WESTERN WHEAT CROP WILL BE CANADA'S SALVATION

"Pat Burns" Says He Has Been in the West 35 Years and He is Confident the Production of 1915 Will Exceed Them All.

"The western wheat crop will prove the salvation of Canada this coming year," said "Pat" Burns, head of the Burns Packing Company, and western millionaire, who is registered from Calgary at the King Edward Hotel.

He said: "The acreage has increased, the crops are in beginning to understand the importance of the west. They are doing more work and less running around in motors."

"In fact, I have been in the west for 35 years and am confident that 1915 will exceed them all." Mr. Burns has large contracts with the government for dressed meats, but beyond stating that his firm was filling huge orders monthly, declined to state the nature of them.

TURKS BURIED 3000 DEAD AFTER THREE DAYS' FIGHT

Bodies Were Lying Thickly in Front of Australasians' Trenches and Truce Was Granted—Allies Steadily Advancing.

LONDON, May 25, 7:50 p.m.—Recent operations at the Dardanelles are described in an official statement given out here tonight.

"The following information has been received from the general officer commanding the Mediterranean expeditionary force:

"On May 21 the first French division made considerable progress, and are now close to the Turkish trenches.

"On the 22nd the enemy made a determined attack against the left of the Indian brigade at 3 p.m. They gained a temporary footing, but a strong counter-attack, at once organized, drove the Turks back with the loss of over 500 men. A number of prisoners were taken.

Truce to Bury Dead. "On the 23rd of May the Turks asked for and an agreement was signed for a suspension of hostilities opposite the Australian and New Zealand army corps to enable them to bury the large number of Turkish dead lying close to our trenches. Over 3000 Turks were buried, all killed between May 18 and 20.

"It was a quiet day in the southern arena on May 24. The French, in conjunction with the British naval division, made considerable advance during the night, with slight losses. The territorial division was also pushed forward and our new line consolidated."

TEUTON SOLDIERS GLAD ITALY IS IN CONFLICT

"Over All the Quicker." They Shouted From the Trenches.

PARIS, May 25, 7:20 p.m.—When French troops in the region of Alilly, near the Meuse, hoisted Italian flags upon their trenches, says The Paris Temps, German soldiers in the positions opposite them, called out: "So much the better. It will be over all the quicker."

Straw Hat Season in Full Swing. At the races and in all outdoor resorts straw hats and Panamas have asserted themselves for the season. Di-

many celebrations in cities of France.

PARIS, May 26, 5:15 p.m.—Numerous provincial cities today are celebrating the entrance of Italy into the war, with processions of music, public addresses delivered by local celebrities, the decoration of public buildings and public demonstrations in front of Italian consulates, where there are any.

CANADIANS TOOK POSITION AFTER GUARDS FAILED

Two Attacks Repulsed, But Canadian Highlanders Were Successful.

WESTERNERS LED WAY

Royal Highlanders of Montreal Took Over and Consolidated Position.

By a Staff Reporter.

OTTAWA, May 25.—The gallant way in which the Canadian troops took a strong position in a wood held by the Germans, north of Ypres, last Thursday night and Friday, is contained in a cable received by General Hughes which says:

"Two previous attempts by the British guards failed, but the position was so important as to warrant another attempt. The 16th Western Canadian Highlanders showed the way and their success was confirmed by the 13th Royal Highlanders of Montreal, who took over and consolidated the position won. They were ably supported by the 14th Royal Montreal regiment."

VICTORY IS NEAR, DECLARES VIVIANI

Italy's Decision Tightens Circle of Iron and Fire Around Barbarism.

CHEERS FOR TITTONI

Italian Ambassador Centre of Demonstration in French Parliament.

PARIS, May 25, 4:25 p.m.—Today's session of the French chamber of deputies was devoted wholly to eulogies of Italy. All the members of the Viviani cabinet were present and the galleries were crowded with distinguished persons.

Tommaso Tittoni, the Italian ambassador to France, was in the diplomatic box. Paul Deschanel, president of the lower house, delivered an oration.

"It is now 56 years since Italy was with us," M. Deschanel began, alluding to the Italian war of unification and all the deputies as if by common impulse arose, turned towards Signor Tittoni and cheered loudly and lengthily.

Iron Circle Tightens. The demonstration was repeated at the conclusion of M. Deschanel's speech, which the house unanimously voted should be posted on the official bulletin boards throughout France.

Premier Viviani mounted the speaker's platform saying he desired to salute the Italian nation which, "in a burst of patriotic faith has joined the circle of iron and fire which is tightening around the modern barbarism. Victory is near."

All the deputies and the spectators cried: "Vive l'Italie," and the house adjourned, having been in session just ten minutes.

ITALIANS AT OTTAWA HELD DEMONSTRATION

Procession Was Heartily Cheered as It Moved Thru the Streets.

By a Staff Reporter.

OTTAWA, May 25.—While the citizens of Ottawa were out on a massed Rifles parade, the Italians of the city held a big demonstration also.

The formed a procession, some 500 strong, and marched up to Parliament Hill, headed by a band. Perverted patriotic speeches were delivered dealing with the justice of Italy's cause in the war just entered upon, and the orators were wildly acclaimed.

The procession later marched thru the main streets of the city with numerous flags, banners and Chinese lanterns. The Italians were heartily cheered by the crowds along the streets.

PINT OF GASOLINE FOR SIXTY MILES

Auto Owner Wins Set of Tires in a Novel Manner.

JUST KEPT BORROWING

When Small Measure Gave Out, Driver Asked for More.

How an automobile owner—and a wealthy one at that—traveled the 60 miles from Toronto to Pennington Park, Lake Simcoe, yesterday afternoon, and returned, with just one pint of gasoline to start with and without spending any money for more, is a story related last night by members of a party from the Dovercourt Land, Building and Savings Co., who had been on a motor picnic to Big Bay Point, Lake Simcoe. One of the cars was hailed by two men sitting in a "hailed" Packard.

"Got any gas?" asked the driver. "We're stuck."

"Only need a pint to get us to the next gas tank," added the borrower. He produced a tin cup and the generous driver, crawling under his car, tapped the feed pipe and supplied the necessary pint. "Say?" he wouldn't take any. Besides, the other man had only a \$20 bill!

Reaching Toronto and comparing notes with members of the picnic party who had straggled behind, the game was found to have been worked on several cars. The two men in the Packard had made a bet. The owner was to get a set of tires if he could travel the 120 miles "on one pint."

DEPUTATION TO ARGUE FOR LICENSE RETURN

Complaint Arises in Niagara District Because of Board's Recent Action.

The action of the Ontario License Board in closing the hotels at Niagara-on-the-Lake is being considered a cause of serious complaint in the district, and a large deputation is being prepared to visit the board. On Friday at 11 o'clock they will obtain audience and the whole situation will be canvassed. As far as results are concerned the visit is taken to be hopeless, as the commission have laid down their position firmly.

Dr. Elisha Jessop, M.L.A., is sponsoring the visitors, and yesterday spoke quite freely of the action taken. "They gave us no notice whatever," he stated, "but proceeded to cut us off without a word." Personally, he could not see why the presence of the soldiers demanded such radical action.

GAMBLING IN HOTELS. It was intimated yesterday by the Ontario License Board that complaints had been made that a great deal of gambling was going on in some of Toronto's hotels. Definite instances were not quoted, but it is understood that this matter will receive special attention by the commissioners before long.

AFRAID SHE WAS DYING

Suffered Terribly Until She Took "Fruit-a-tives."

"ST. JEAN DE MATHA, Jan. 27, 1914.—After suffering for a long time with dyspepsia I have been cured by 'Fruit-a-tives.' I suffered so much that I would not dare eat, for I was afraid of dying. Five years ago I received samples of 'Fruit-a-tives.' I did not wish to try them, for I had little confidence in them, but seeing my husband's anxiety I decided to do so, and at once I felt relief. Then I sent for three boxes and I kept improving until I was cured. While sick I lost several pounds, but after taking 'Fruit-a-tives' I quickly regained what I had lost. Now I eat, sleep and digest well—in a word, I am completely cured, thanks to 'Fruit-a-tives.'"

"MADAM M. CHARBONNEAU" "Fruit-a-tives" is the greatest stomach tonic in the world and will always cure indigestion, sour stomach, "heartburn," dyspepsia and other stomach troubles.

CENSORSHIP IN ITALY IS DECIDEDLY STRICT

Newspaper Which Published Report of Naval Victory is Confiscated.

ROME, May 24.—A new press law, issued this morning, prohibits publication unless communicated by the government of casualty lists, changes in high commands and forecasts of operations. This morning The Corriere d'Italia published a special edition, giving an account of the victory of the Anglo-Italian squadron in the Adriatic. The newspaper has in consequence been confiscated, and it is reported the manager has been arrested.

SWITZERLAND IS NEXT TO INTERROGATE KAISER

Three Swiss Citizens Perished When Lusitania Was Sunk.

GENEVA, May 25.—President Wilson's note to Germany concerning the sinking of the Lusitania, is considered statesmanlike. It must not be forgotten that in the piratical attack three Swiss citizens perished. Federal authorities intend to demand a full explanation at Berlin for the outrage, and compensation for the families. Switzerland has behind her demand an army which can be raised to half a million, and therefore her voice will be considered.

The Swiss Government is awaiting the German reply to Washington to act on similar lines and to protest against the killing of her citizens.

TO STOP UNCLE SAM FEEDING GERMANY

Britain Will Issue More Stringent Orders Against Sales to Neutrals.

BIG TRAFFIC GOES ON

Severe Action Promised Against Blockade Evasion in Near Future.

Special Cable to The Toronto World. LONDON, May 25.—Using the United States' own figures, showing the tremendous increase in exports to Holland and the Scandinavian countries since the war began, the British Government, it is learned from a high source, will take an even more stringent attitude towards American shipments to neutral European ports than has been the custom since the order-in-council went into effect.

Summaries of reports by the United States Department of Commerce, cabled from Washington, prove that Germany is being fed and is getting other much needed supplies from America thru neutral neighbors.

Considering the big increase in exports to Germany's neutral neighbors, it is pointed out that American shippers cannot be suffering very much loss, as has been contended by their agents here, who have protested against the delay of Great Britain in sending seized cargoes to the prize court.

What further action is in contemplation cannot be stated now, but that it will be much severer than Great Britain's present attitude seems certain.

AMERICANS ADVISED TO LEAVE GERMANY

Temps Thinks Gerard's Warning Means Berlin Will Dey United States.

PARIS, May 25.—Italian intervention as an example for the United States, is a suggestion raised by The Temps, in a diplomatic editorial. The writer says:

"The nature of the German reply to the American demand that submarine piracy cease, is still unknown, but Ambassador Gerard's instructions to American residents in Germany to prepare to leave is significant of a German refusal. What will America do? Italy, an example of the noblest course."

Considers Them Her Best Friend

Mrs. Fraser Tells Why She Recommends Dodd's Kidney Pills

They Cured Her Sore Back and Earned a Permanent Place in the Family Medicine Chest.

BOIS FRANCO, Que., May 25.—(Special).—I consider Dodd's Kidney Pills one of my best friends. This is the statement of Mrs. Joseph Fraser, a very estimable lady living here. "I had a very sore back," Mrs. Fraser continues, "and decided to try what Dodd's Kidney Pills would do for it. I took five boxes in all and I am happy to say I am quite well again. My back is as strong as ever it was. I always keep Dodd's Kidney Pills in the house."

Women who are weak and run down and suffering from sore back always find quick relief and permanent cure in Dodd's Kidney Pills. They cure the kidneys, the cured kidneys strain all the impurities, all the poison out of the blood and the purified blood carries new strength to every part of the body. All over Canada women are telling each other of the new health they found in Dodd's Kidney Pills.

MUCH PRAISE GIVEN OFFICERS AND CREW

J. A. Mitchell Describes Sinking of Lusitania in a Letter to Friend in Toronto.

"How the Lusitania went down" is graphically described in a thrilling account just received by a Toronto friend from J. A. Mitchell, Canadian manager of the Raleigh Cycle Company of England. Mr. Mitchell who has survived three shipwrecks was on his way home to Nottingham. He was down below deck writing letters when the vessel was torpedoed.

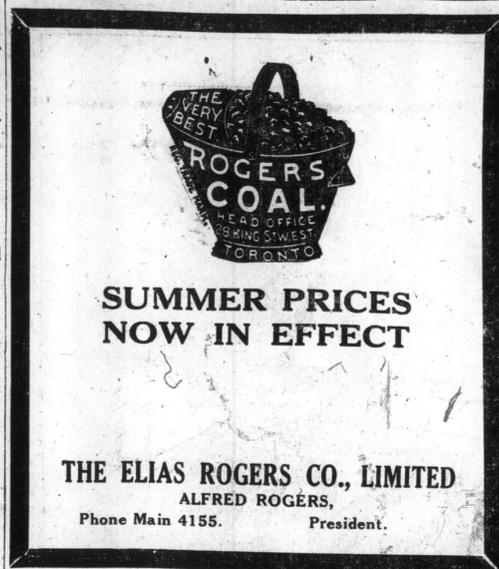

With other passengers he made his way on deck. Just before the Lusitania went under he was told by the first officer to jump into one of the lifeboats, which barely managed to draw away to a safe distance from the ship and the terrible vortex it caused.

Much praise is given the officers and crew by Mr. Mitchell for their commendable promptness in getting the women and children into the lifeboats. His other shipwreck experiences were when he was on board the Excelsior, wrecked on a voyage from New Orleans to Havana, and when the Arcadian came to grief off the coast of Colombia.

RECORD-BREAKING DAY

Traffic Heavy and Change Made in Trains to Vancouver and Chicago.

"A record-breaking day," said W. Fulton, assistant passenger agent for the Canadian Pacific Railway, yesterday, in reference to the holiday traffic, "but the traveling was strictly local, the people confining themselves to short distances." He also announced that the new time table will start on Sunday, May 30, there being only two radical changes, the Vancouver Express, leaving at 6.40 a.m., instead of 6.20 p.m., and the Canadian Express, between Montreal and Chicago, leaving at 6.30, instead of 6.10.

Four Torpedo Boats Escort Crippled Battleship Back to Pola.

ROME, May 25.—The Italian ministry of marine has given out an announcement which reads as follows: "A steamer arriving at Barletta reports that while passing near the promontory of Gargano at midnight last night, she sighted an Austrian warship with a heavy list. She was escorted by four torpedo boats. This probably is the warship which was driven off from Barletta."

SIGHT WAS PATHETIC WHEN BROTHERS MET
Purley Douglas Bailey, Given Furlough, Pending Discharge, Bids Farewell to Comrades.

A further chapter to the remarkable case of Purley Douglas Bailey, who, following a lapse of memory, disappeared from his home at Cazenovia, N.Y., and who enlisted as a trooper at Stanley Barracks, was furnished yesterday when he met his brother Geo. D. Bailey, Jr., of Cazenovia, in the barrack yard. The meeting of the brothers was very affecting.

For some time they were both so visibly affected that they were unable to voice their feelings. Pending the arrival of Purley's discharge papers from Ottawa, he has been allowed two weeks' furlough. Yesterday, he said good-bye to his soldier comrades at the fort with whom he has been very popular. He recovered his memory when struck on the jaw by a baseball while playing a game at the barracks with the other troopers.

GERMAN CONSUL AT SEATTLE IS SHIFTED
Mueller Was Involved in Clash Over Treaty Rights.

SEATTLE, Wash., May 25.—Dr. Wilhelm Mueller, German consul here for the last three months, has been transferred to Atlanta, Ga., and will leave for his new post within a few days, it was announced today. Dr. Mueller will be succeeded at Seattle by Dr. E. Zapfel, present German consul at Atlanta.

Dr. Mueller, who was German consul of Shimomoseki, Japan, until the war began, attracted notice soon after coming to Seattle, because of a clash with Prosecuting Attorney Alfred Lundis over German treaty rights.

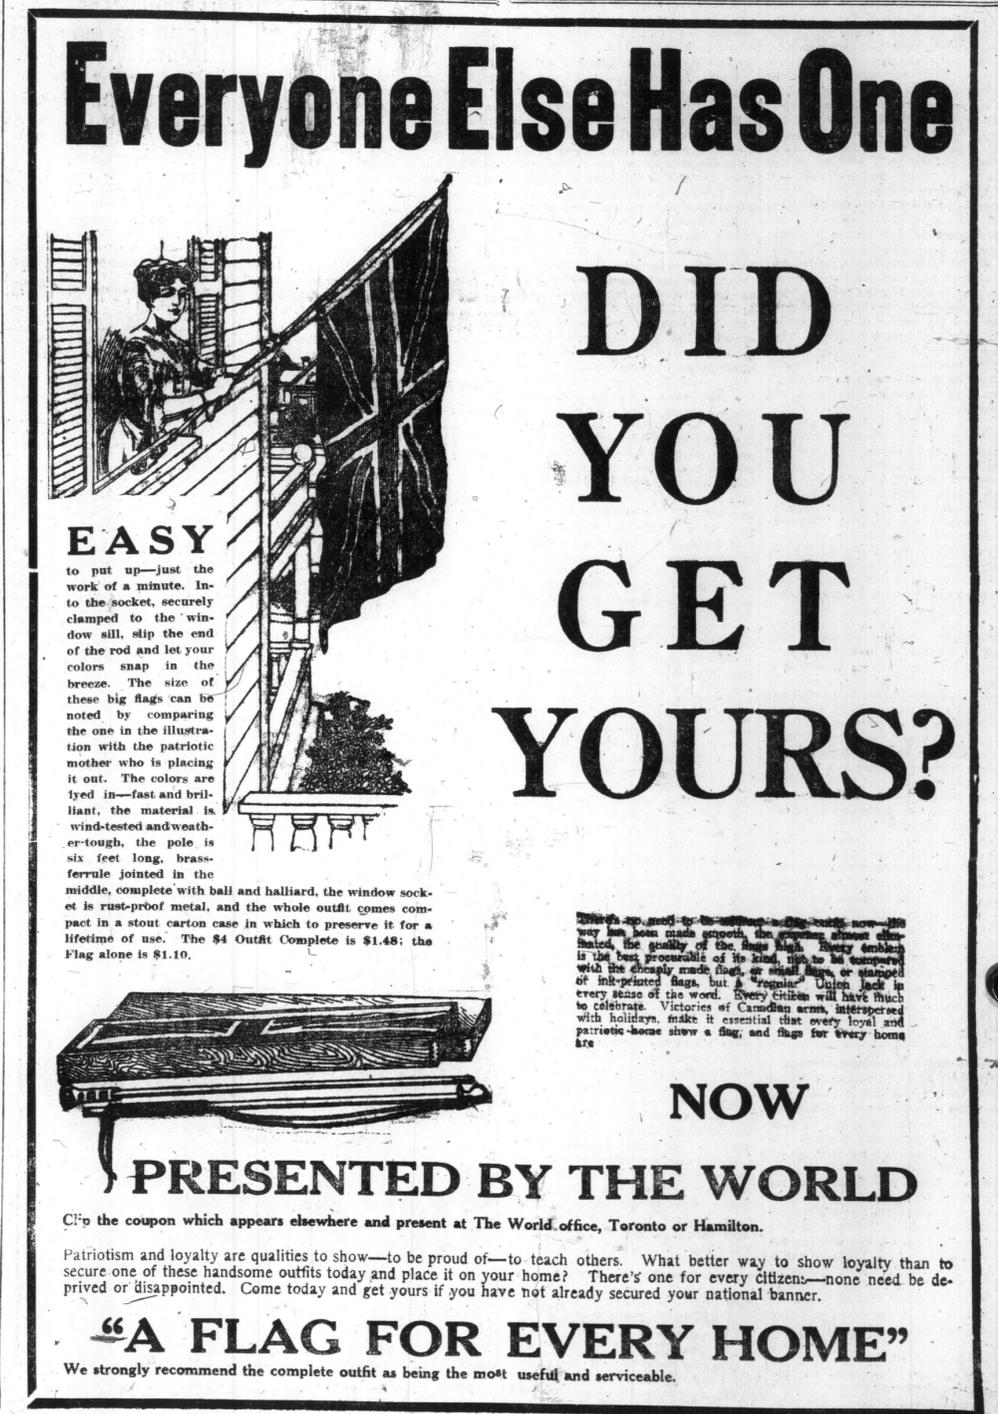

There is a bill now before the Pennsylvania Legislature, which, if it becomes a law, will increase the working hours of women employed in the hotels and restaurants.

WEDNESDAY MORNING, MAY 26.

Our New Big Railroad

A few days ago the first train over the National Transcontinental Railway from Quebec pulled into Cochrane. Now there is a semi-weekly train service between Quebec and Winnipeg. Superintendent Brady of the National Transcontinental division of the Canadian Government railways has established headquarters at Cochrane, with division superintendents at several points east and west. He is organizing and directing the service not only between Winnipeg and Quebec but also between Superior Junction and Fort William. The government will help half grain this crop season from Winnipeg to the head of navigation and later on from Winnipeg to fide-water.

The National Transcontinental line between Levis and Montreal is to be operated by the Intercolonial, and it might be used for the "Ocean Limited" and generally for thru passenger and fast freight service. At any rate, a map can now go from Sydney, C.B., to Prince Rupert, B.C., without leaving the soil of Canada, and more than half of its journey will be over a railway owned and operated by the Dominion Government. Will it be long before the government railway system stretches from ocean to ocean?

The Cochrane Chaybel, a local paper, is jubilant and ventures the prophecy that before long tourists from Pullman cars will see Cochrane as a great city and the centre of a flourishing agricultural and mining district. That time is bound to come, just as we will have passenger and freight going from Toronto via Cochrane to Winnipeg. Prince Rupert, Vladivostok and Yokohama.

It will take a little time for the new road to pull itself together and make a showing, but we should not forget that the Canadian Pacific Railway had some dark days and hard sledding before it got steam up and astounded the world.

Of course the National Transcontinental cost a good deal more money than the Canadian Pacific, but for this very reason it should cost less to maintain and operate it. A physically perfect road starts with a big advantage in the battle for life.

The Railway Age points a moral against public ownership from the huge cost of the road. It says the line built by the government from Winnipeg to Montreal cost three times as much as was estimated. But was not the spread between the estimates and the final cost almost as great then as the line built by the Grand Trunk Pacific Railway Company between Winnipeg and Prince Rupert? If there is a moral to be drawn from the cost of this big line across the continent it must be drawn in condemnation of public and private ownership alike.

Shall we accept at par the assertions that the Grand Trunk Pacific and the Canadian Northern Railways were built prematurely. Is it not fortunate that we did build them when we had money and credit at our disposal? They will be here to take this year's big harvest to the markets of the world; they will be here for the great rush of immigration bound to come after the war; they will be here to take care of the larger Canada, for which we could not possibly prepare at this time without them.

Germany's Vanishing Dreams

Germany entered this war in the full belief that it was bound to conquer. For more than forty years it had been preparing for the day, and its final enemy was the British Empire. The United Kingdom, it believed to be decadent and degenerate, given over to trade and games and incapable of the high spirit of patriotism which generations of education along specialized methods had instilled into the German people. France, too, was regarded with a kind of contemptuous tolerance, whilst Russia, tho it loomed up darkly terrible in the background of German vision, was held to be not yet arrived at the stage when effective resistance could be given to German arms.

Just because all German attention was centred on themselves, on the imagined supremacy of their "kultur" and their superior efficiency, they en-

EIGHT HUNDRED MORE LEAVE FOR BIG CAMP

Hydro-Aeroplane Flew Overhead as Dalhousie City Left Toronto for Niagara.

Eight hundred more of Ontario's overseas soldiers passed thru Toronto yesterday on their way to the Niagara mobilization camp. These men were members of the 37th Battalion, third contingent, and some of the quotas have already had nearly four months' training.

The detachments which went across the lake yesterday were 149 men from the Halcyon, formerly of the 35th Rifles. They left on the Chippewa at 7.30 a.m. Some 435 officers and men went via the Dalhousie City at 11 o'clock. These included fifty from the 30th Halton Rifles of Georgetown; 158 from the 800, formerly of the 51st Regiment, 123 from Parry Sound, of the 23rd Northern Pioneers; 184 from Barrie, of the 35th Simcoe Foresters; 100 from Oshawa, of the 34th Ontario Regiment, and 111 from Owen Sound, from the 21st Grey Regiment, at 2 o'clock took the Cayuga for Niagara.

As the Dalhousie City pulled out at 11 o'clock a Curtis hydro-aeroplane flew overhead and attracted great attention, as probably it was the first time many of the troops had seen a flying-boat in the air.

Col. A. L. Noble of the 26th Halton Rifles was among those who took passage on the Dalhousie City. The transportation arrangements were directed by Capt. Geo. C. Milson, officer in charge of transport and supplies. The soldiers were only in the city one hour before going on board the boats.

AUSTRIANS IN A PLOT TO DESTROY BRIDGE?

Ten Arrested at Smith's Falls and Dynamite Supply Found.

OTTAWA, May 25.—Ten Austrians were rounded up at Smith's Falls last night by the local military authorities and it is believed a plot to blow up the C.N.R. bridge was frustrated by the arrests.

One of the officers of the 2nd Regiment became suspicious of a recruit who had enlisted as a Russian Pole, but who it develops is an Austrian. This man's movements were shadowed last night and when he went to a boat house near the bridge a squad of soldiers was called out. The place was surrounded and the gang found in session. They were taken into custody and marched under fixed bayonets to the town hall, where they were locked up. A quantity of dynamite was found in the boat house.

It is believed the men expected several trainloads of troops en route to Kingston to pass over the bridge this morning.

SEE CANADA FIRST

The London Daily Express gives an example of an American naturalized German, thirty years resident in New Jersey, in whose spacious dining-room there hangs the legend: "A German home in a strange land; May God protect it with mighty hand." Since the war this man is no American, but German thru and thru.

It is this spirit which Canadians have to guard against. The only difficulty is that in guarding against it, injustice may be done to those of German extraction, or even the comparatively few of actual German citizenship who do not share it. The government of any country in such cases cannot afford to err on the wrong side.

At all events there is no reason for

LEUTENANT DAY'S BIBLE RETURNED TO PARENTS

Significant Passage in Psalms Discovers Marked by Fallen Officer.

Special to The Toronto World.
KINGSTON, May 25.—"The a host should encamp against me, my heart shall not fear. The war should rise against me, in this I will be confident." This passage, found in Psalm XXVII, 3, was marked in the Bible belonging to the late Lieut. Calvin Day, Kingston, who fell in battle near Ypres, Mr. and Mrs. Sydney Day, his parents, received a parcel which was the property of the young lieutenant. It was labelled "Not to be opened except in case of my death." The parcel contained besides the Bible an interesting diary which Lieut. Day had kept from the time he left Kingston until he left Salisbury Plain. At a recent memorial service at Sydenham Street Methodist Church, Rev. Alfred Brown, the pastor, read as a lesson the same Psalm.

Harold McCartney, 18, was accidentally shot in the neck with a bullet from a rifle in the hands of a companion. He is expected to recover. Word was received today that Private Thomas Smith of Portsmouth had been wounded and was a prisoner in an army hospital in Germany. Private Michael Joyce was slightly wounded at Langemark; he will be back on the firing line soon. Both are members of the 14th Regiment.

The death occurred of Mrs. Price, wife of Judge C. V. Price. She was a daughter of the late John Waddy. Two daughters, Mrs. Howard C. Folger and Miss Ida Price, both of Kingston, survive her.

TURKEY'S BIG LOSSES CAUSE OF DEJECTION

Thousands of Wounded Are Being Taken to Constantinople.

ATHENS, May 25, via London, 11.58 a.m.—Advises reaching here from Constantinople by mail describe the arrival in the Turkish capital of thousands of wounded from the Dardanelles, where the first Turkish army corps composed of the best fighting elements in the country, has been engaged.

In Constantinople there is a shortage of petroleum, wood and coal. Bread is also lacking and at the bakeries people must take their turn.

When American Ambassador Morgenthau protested to the Turkish authorities against the sending of fifty British and French subjects to be placed on the fortifications of the Dardanelles, a measure destined to stop the advance of the allies, Enver Bey replied he must do something, as the arrival of the Turkish wounded from the straits was creating a deep impression.

The contents of this note are substantially the same as that in the American communication on the same subject.

The lives of several Dutch subjects were lost when the Lusitania was torpedoed.

Percy W. Rogers Gives Interesting Account of Brave Fight for Life So Many Made.

Percy W. Rogers, assistant manager of the Canadian National Exhibition, has sent a letter to his chief, Dr. J. O. Orr, giving a vivid account of his terrible experiences during the sinking of the Lusitania and of his struggle for life. Mr. Rogers was on the way to Europe to obtain war trophy exhibits for the fair at the time.

When the disaster occurred he was just leaving the dining-room. He at once went on deck and assisted in placing women and children in life boats. Soon after the Lusitania sank and he was pitched into the sea. To being a good swimmer he owes his life as he managed to find a floating cupboard which partially sustained him until rescued by a fishing boat. He says he will never forget the agonizing cries of the women and children, and moans of the men as they struggled vainly against drowning.

Saw Geo. Coppington.

Mr. Rogers was the last to see Geo. Coppington of Toronto, who was drowned, and who gasped: "My wife is gone and I can't last much longer." The writer is now resting in London.

ITALIANS SLAIN BY OWN BATTERIES?

Vienna Gives Version of Fighting Along East Coast of Italy.

BOASTS OF EXPLOITS

Floilla Said to Have Done Enormous Damage at Ancona.

VIENNA, May 25.—Via London, 7:30 p.m.—Supplement to the previous Austrian official statement relative to the fighting on Monday along the Italian east coast, the Austrian war department today says:

"The Austrian destroyer Scharfschutze penetrated the narrow canal of Porto Corsini, and killed many of the fully defended Italian trenches.

"Hidden Italian batteries suddenly opened fire with 12-centimetre guns against the Austrian scoutship Novara and a torpedo boat lying before the entrance, and killed many of their own troops who were taken by surprise."

"An Italian officer's messroom of the torpedo boat, causing her to spring a leak. In order to help the destroyers and the torpedo boat out of their precarious position the Novara began a flanking fire against the trenches, demolishing the trenches, but itself being struck several times. A lieutenant and four men were killed and several were wounded. The enemy's losses were perhaps 20 times heavier.

"The Scharfschutze escaped undamaged. The torpedo boat was assisted to Pola. At Rimini (about 90 miles south of Venice) the armored cruiser Sankt George bombarded the railway station and bridge. At Senigallia the battleship Zrinyi demolished the railway bridge and water tank, the harbor works, the station and a railway train.

"Claim Enormous Damage.

"An account of the greater part of the fleet bombarded the old fortifications, the artillery and cavalry camps, the railway station and oil tanks, causing fire, which did enormous damage, destroying three steamers.

"The Italians offered resistance by light batteries and machine guns only. At Modona, the Fort Alfredo Scelli artillery crews at the guns were driven off by our airmen using a machine gun against them. The airmen then dropped bombs on a balloon shed and on military objects in the interior."

ANOTHER WEEK'S DELAY REQUESTED BY BERLIN

Italian Complications Tend to Make Reply Pacific, is Belief.

LONDON, May 25.—The following despatch was received today by the Exchange Telegraph Co. from Amsterdam:

"The German Government has asked America for a further delay of a week in its reply to the note concerning the sinking of the Lusitania.

"In all probability the note will be delivered at Washington on Saturday.

"It is stated in Berlin that the note will be couched in very friendly terms. On account of the recent Italian complications the feeling in Berlin regarding the United States is much more calm. Everything possible will be done to avert trouble. German submarines are to be instructed in accordance with this policy, although the note will explain that on principle Germany cannot openly stop submarine warfare."

SOCIETY

When Mrs. Gooderham left for Halifax on Sunday morning the members of the executive of the I. O. D. E. sent her most beautiful beauty roses, and several of them went to the station to see her off to the annual meeting in Halifax.

The proceeds of the charming entertainment being given by Miss Sternberg on Saturday and Monday evenings in Foresters' Hall will be divided between the University Base Hospital and the Red Cross Society. The house is nearly sold out for Saturday nights; seats are still to be had for Monday.

The committee of the Blue Cross sold badges at the races yesterday afternoon and realized \$112 for the society in England attending to the horses at the track.

Miss Sibyl Howell, Winnipeg, has arrived in town from Bermuda, where she has been spending the winter. Mrs. Edmund Howell is remaining in Bermuda for the summer.

Mrs. McLeod, Winnipeg, who has returned from spending the winter with her son, who is manager of the Bank of Nova Scotia in Jamaica, is staying with Mrs. H. C. McLeod.

Mr. and Mrs. J. J. Ashworth motored to the Kirkfield Inn for the holiday. Mrs. Hills and Mrs. Cooke giving a picnic at Lorne Park for a party of ten children.

It is open from 3 to 6 o'clock every afternoon, including Sunday. The kitchen is under a marquee and there are seven tables with a prospect of enlargement. On the holiday the management was almost flurried by the arrival of 76 people to tea during the business hours, but everything went beautifully, selling a lot of wild flowers in addition to tea, etc. Miss Van Nostrand is doing good work for the convalescing soldiers at home in France being organized by Mrs. Douglas. Among those assisting in the tea garden are Miss Van Nostrand's sisters, Mrs. Hutchison, Miss Katie Heyes, Miss Edith Snellgrove, Miss Adela Gianelli, Mrs. Charles Catto, Miss Simmons.

"No Praise Can Be Too High For Their Valorous Action."—Mercer

Commander of Ontario Brigade Says a Glorious Page Has Been Written for the Gallantry of Canadian Soldiers—Toronto Highlanders Unequaled By Any Regiment for Conspicuous Bravery, States Colonel Currie.

"A glorious page has been written in the gallantry and conspicuous bravery of the Canadian soldiers. No praise can be too high for their unswerving fortitude and valorous action, and the sorrow of it all is that to win the day entailed such a heavy casualty list. We all mourn our brave comrades who fell during the fighting on the 23rd and 24th of April, and in deep sorrow with the bereaved ones at home and those who suffer anxious hours through the lack of news of their loved ones. Everything possible was done for them and it is thought 70 per cent. will return."

The above is an extract from a brief letter written by Brigadier-General Mercer, commander of the Ontario or First Brigade, to his brother in Toronto.

"When the records of these battles are published they will fill many pages of illustrious deeds, but I refrain from mentioning them now," says the brigadier-general, "as the glory of the Canadian soldiers is given signal mention. We deeply regret the loss of such a gallant officer, but we are proud to have had him in our ranks. He was a splendid friend. The twice wounded he continued to lead his battalion until he was fatally shot down. The 1st Battalion also distinguished itself on the 23rd and 24th of April. Not less gallant was the work of the 2nd Battalion, under the command of the 3rd Battalion, under Col. Rennie, both attached to the 3rd brigade in the attack on the St. Julien Ridge.

"They are rushing all the Canadian troops in England over here as fast as they can make up for our casualties," writes Col. J. A. Currie, "and he is given signal mention. Desperate Position.

"When the French were driven back by the British, the position of our battery became desperate," wrote Bombardier W. D. Dodd, formerly of the civic works department, who was three miles away, and an orderly was despatched to bring up the teams to get the guns' wheels over the bridge. The brigade headquarters were shelled out, and they came into us under a hot fire. Anxious thought followed the mangled messenger, as we saw the fearful high explosives bursting along the road he had to travel. All the time we sent shell upon shell into the Germans in order to give our infantry opportunity to fall back into new lines without disorder. Ominous whispers of taking the breach looked menacing, the guns useless and fighting our way out, began to be heard.

"But at last we heard, amid the shriek of shrapnel, the clatter of rifle fire, and the devastating crash of bombs, that our boys were back.

"My trenches were at the extreme angle of the salient, at the hinge, the latter continues. "We were ordered to hold the line, and we had the aid of a man or officer after the first attack with gas came out of the first line. He had the gas, and we had the aid of the Chalmers Milling Co., \$50 from the Eastbourne Puycere Concert, \$20 from Anacia Lodge A.F. & A.M., \$5 from the Methodist Ladies' Aid, \$5 from Mrs. Williamson, and \$1 from Mrs. MacLennan.

ERROR PAVED WAY FOR NEWARK WIN

Leafs Are Beaten Again—Enzmann Puzzle to the Locals.

Hollander's error on a thrown ball to catch a runner at third in the first inning paved the way for three runs, which let Newark grab the third of the series by a score of 4 to 1 yesterday. It was ladies' day, and about 500 fair fans saw the Leafs go down to defeat. After the first innings Cochrane was an enigma to the Newark batsmen, but he was just bad, though in the first, coupled with some loose fielding on the part of the Leafs, to throw the game Toronto never could beat Enzmann, and yesterday was no exception to the rule. Most of our hits came with two out, and on only one occasion did we get two in one inning. Neither pitcher gave a walk, although both hit a batter. Newark got all their four in the first, third on Mow's sacrifice. Tooley's hit scored Messner, and Callahan came thru with another clout to short right, leaving runners on first and second. Kraft then hit Cochrane, who threw to Hollander to catch Tooley, and the throw went thru Hollander to the stands, and Tooley counted with the second. Zimmerman came thru with a single, counting two men on base. Cochrane got the Leafs' only run in the fifth, when he opened with a double to right. He moved to third on Hollander's out, and scored on Messner's hit to centre. Score: Newark, 4; Toronto, 1.

THE STANLEY GUN CLUB.

The Stanley Gun Club held an open season shoot on Saturday. The shoot was at 25 birds with added. The following tied with 25, including the handicap: W. Stevens (2), G. Dunk (4), T. Sackett (4), J. Widmeyer (8), A. Glover (4), E. Durr (4), M. Dunk, T. Sackett and A. Glover all tie off at 25 birds in the second time. Glover was the successful winner with 25, having a added bird, and received a handsome Indian silver spoon, which he well deserved. Shot at 25 birds: J. Widmeyer, 120; G. Dunk, 120; W. Biggest Panama Hat Scoop in Years--600 American Seconds High-Grade Panama Hats to Clear, \$2.95

See the Hats and you'll realize this is no exaggerated statement, most of the blocks in our regular stock at \$5, \$7 and \$9, but on account of some very slight flaw this lot is branded "seconds"

IT'S a veritable Panama hat bomb exploded at the very beginning of the straw hat season. These hats were secured from one of the most particular Panama hat firms on the continent, and the imperfections are so slight in most cases that they are actually hard to find.

And they are all the most stylish blocks of the season, being mostly medium and high tapering crowns with pencil curl brim. Some have square crowns; others have telescope crowns, a few with welled ridge across the top. The imperfections are nearly all in the edges of the pencil curl brims, being a little rough along the edges, but as these are turned in, they do not show at all. All have black silk bands with bow at side or on quarter. The illustrations show the styles. See the hats in Yonge Street windows and come early Wednesday morning. There are 600 hats and all sizes are included. Don't miss this, the biggest Panama special ever offered in the history of the store. Come at 8.30. Wednesday morning. . . . 2.95

IT is only right that Canadians should know the truth about imported lagers. Their manufacture would not be permitted in Canada, as they do not comply with Canadian Government regulations. They cost more and are not worth it.

Regal Lager is made of choicest Canadian Barley Malt, and is Canadian through and through. There is no Lager made that surpasses Regal for purity, clean taste and healthfulness.

Regal is mild and very refreshing.

CHESTER KRUM GOOD THING IN THE CHASE

Mike Daly's Jumper Landed Wise Money—Four Favorites in Front on Tuesday.

The racing and attendance on Tuesday at Woodbine Park was well up to the standard. Four favorites won—Jim O. Fair, Montague, Patience and Buzz Around, the other winners were Lolite, Dick's Pet and Chester Krum, second and third choices. Mrs. Arthur was the winning owner of the day, landing the sixth and seventh, Charles Miller, K.C. repeated his feat from the day his Canada bred finishing 1-2, this time Fair Montague first and Tartarum, carrying a five-year-old, second, after indulging Linsin in the lead for the most of the journey. Mr. Daly's Chester Krum was a good thing in the race and would likely have beaten Tom Horn even had he been in the race. He landed a lot of wise money.

A field of five faced the starter in the Thoroughbred Plate for gentleman riders. Jim O., who raced under the colors of Jack Charles over the half mile track a few years ago, now owned by Mrs. Joseph Kilgour, raced into a two length lead going around the bend, but he was easily held to the finish. Mr. Elliott, who had the mount on Jim O., rode a well-laden race and kept ground on all the turns. Epona, ridden by Bob Hodgson, who won the Thoroughbred Plate the last two years, was the favorite for second place in the stretch drive. High Peak ran in second place till well into the stretch, but he was beaten by Bird Cage who was fourth, six lengths behind High Peak.

The Bendigo Plate for maiden 2-year-olds proved to be the best and most keenly contested juvenile race run so far this meet. Lolite had to equal the track record of 55 seconds in order to win. Robert Davie's Lolite, who had been in the race for some time, was the favorite. She was away well and set a fast early pace and led till she was overtaken by Dick's Pet, who finished last, but she caught him and beat him a length. Lolite, who carried the colors of R. Steed, ran second several times at the spring meetings in Baltimore, and despite this paid well in betting. She was ridden by outside in the betting, paying 5 to 1 by place. He easily held Chester Krum, who was the favorite, by a couple of lengths. Chester Krum also ran second in several of the spring starts at Woodbine. He was ridden by the post favorite, Goldstein, who had the filly away good, but when he swung into the stretch, Samuel Ross' Candie finished fourth, four lengths behind Chester Krum.

Dick's Pet, a well placed second choice, captured the Waterloo Steeplechase, a length in driving finish from the Toronto-owned horse Gordon, who was a neck in front. The favorite, Mamma Johnson, who was tiring fast, but lasted long enough to stall off the fast-coming pair, Fair Montague and Tartarum, demonstrated that it was no fluke that they ran one-two in the Bendigo Plate. Yesterday's race was ridden by again yesterday in the Breeders' Stake, at one mile and one-eighth. By winning this stake, Fair Montague was ridden by the maiden ranks. C. S. Campbell's Linsin, with 124 lbs. up, raced into a two length lead at the home stretch, but he was held to the home stretch, Fair Montague was under restraint to the stretch, where he let him out, and he won easily by three lengths. The plate-winner, Tartarum, with 119 lbs. up, was ridden by also under restraint for the first mile, and when he was let out he outgained the driving Linsin by a couple of lengths. Fair Montague was third, half a length in front of Pepper Sauce, who was away in the lead. Mike Daly won the steeplechase again yesterday. Chester Krum, who started thru the field this time, was ridden by handily by four lengths from Bryndor. This is the first race Chester Krum has won since he landed his very creditable performance. Chester Krum ran in front for the first turn of the field, followed by Buzz Around, fourth to last jump and lost his rider, and Tom Horn, coupled with Stucco as the fourth to last jump and lost his rider, and Tom Horn, coupled with Stucco as the fourth to last jump and lost his rider, and Tom Horn, coupled with Stucco as the fourth to last jump and lost his rider.

Patience was made favorite for the sixth race, which she captured by a length from the trier Buzz Around. Pay Streak acted badly at the post, delaying the start. Brookes led for the first sixteenth, where he was caught, and he took the lead till well into the stretch, where Patience came fast and won going away. Pay Streak was third and just finished a nose in front of Burwood for the place. Burwood was third, two lengths ahead of Buzz Around.

James Arthur saddled his second winner of the day when Buzz Around, at odds on, captured the last race easily from a mediocre lot of selling platers. Buzz Around was away well and easily held his field safe at all stages.
