

Good Things Coming
Theatres of St. John

ANOTHER BUMPER TOMORROW

Imperial Theatre will put on another bumper show tomorrow. The Triangle Co. are to contribute another of their amazing successes entitled "Madame Bo-Peep," which is an adaptation of O. Henry's "Madame Bovary" of the "Frenches," there will be the fifth instalment of the splendid war pictures "The German Retreat From Arras" (British War Official records) and a novelty will be screened dealing with the late moving picture convention in this city. These pictures—whole reel of them—will disclose to St. John people and notable visitors in all sorts of gambols and locations. For a wide circle of citizens the film will be a source of much amusement.

IT'S GOOD PROGRAMME AT THE OPERA HOUSE

Perhaps the most novel act ever seen on the local stage is that of Curtis' Trained Roosters—read barnyard specimens, too—at the Opera House this week. It is a genuine novelty—anyone who is at all familiar with poultry knows what a stupid thing a hen is, and to see fifteen roosters trained to a high degree of intelligence to perform difficult tricks at the command of a trainer is little short of marvellous. If you want a hearty laugh the comedy drama playlet presented by Lela Davis and Co. will catch you. There are three other good acts on the programme as well as the nineteenth chapter of Gloria's Romance, with Billie Burke. Two complete performances in the evening, at 7.30 and 8—every evening at 2.30.

BEST CHAPTER YET OF 'THE FATAL RING' AT UNIQUE, EXCELLENT COMEDY; PATHE NEWS

Thrilling rescue from ferry boat, sensational fight, strong dramatic features in fifth chapter of "Fatal Ring," at Unique Comedy club, "The Night of the Fatue News, Arlington Orchestra. An interesting programme.

LAST CHANCES TO TAKE IN THIS FINE SHOW

The Gem will show at 7.15 and 8.45 to night the big Fox western picture "The Blue Streak," with new stars and Larry McLean taking part. Good vaudeville also. Tomorrow comes Alice Brady in La Boheme, a very fine picture.

BIG TIMBER A GREAT PRODUCTION AT LYRIC

Kathryn Williams and Wallace Reid in strong problem play of the Sierras, "Big Timber." Special holiday attraction. See it tonight. Other features.

WILL PAY TRIBUTE TO MEMORY OF CITY ENGINEER

Out of respect to the memory of the late city engineer, William Murdoch, it was expected this morning that the weekly meeting of the common council, this afternoon, would adjourn after passing resolutions of regret regarding his death and sympathy with the family.

Among the matters waiting the attention of the council are the proposals for the erection of the warehouse at Reed's Point, and the trestle at West St. John, with the plans for both of which the late engineer was engaged, and the opening of tenders for the renewal of the Loch Lomond main at Lake Fitzgerald.

UP-TO-DATE TAXI SERVICE; AUTO TO HIRE; REASONABLE PRICES

The only independent taxi-car service in the city is conducted by William Donahue, Waterloo street. Up-to-date taxi meets all boats and trains, attends weddings and other social functions. General hack and livery stable combined. Autos also to hire in charge of careful chauffeurs. Prices reasonable. Phone Main 1787-11. 10—e. a. a.—18

DO YOU SUFFER FROM BACKACHE?

When your kidneys are weak and torpid they do not properly perform their functions; your back aches and you do not feel like doing much of anything. You are likely to be despondent and to borrow trouble, just as if you hadn't enough already. Don't be a victim any longer.

NEW BRUNSWICKER TO BE CONSERVATIVE CANDIDATE IN WEST

Fredericton, Oct. 9.—J. Stewart Mavor formerly of Fredericton, N.S. spending several days in this city with his wife and child. He has been located at Bassano, Alberta, practising law. He expects to be the Conservative candidate in the newly created constituency of Bow River. Mr. Mavor recently was in Ottawa conferring with the chiefs of the party and was given a pretty good idea of the date of the general election. He will not return to the west to begin his campaign for a fortnight. Mr. Mavor is a former student of the N.B. and a graduate of Dalhousie Law School. Company Sergt. Major John J. Hanson of this city, invalided home after being wounded while on service with the 28th battalion in France, has been granted his discharge and has been appointed to a position in the customs service. He takes the office of acting preventive officer. For one month he will be attached to the staff of the Fredericton customs house for instruction and at the end of that period will be assigned to duty. The salary is \$900.

NOMINATIONS FOR SEATS AT COUNTY COUNCIL OF ST. JOHN

Nominations for the county council elections, which will be held on next Tuesday, October 16, were filed yesterday. Unofficial reports credit each of the present councillors with renomination and give additional nominations in each parish. The nominations are said to be:
Simonds—Councillors Thomas B. Carson, Henry Shillington and G. Fred Stephenson; and Martin Dolan, Jeremiah M. Donovan and H. B. Harrington.
Lancaster—Councillors J. O'Brien, William Golding and James E. Bryant, and Glendon H. Allen.
Musquash—Councillors W. J. Dean and Frederick Thompson, and Oscar Hanson.
St. Martins—Councillors Samuel J. Shanklin, John A. Howard and Fred Boland, and W. B. Bentley and Robert Black.

NEW WATER MAINS

A stretch of water main showing the evidence of no fewer than eight repairs to leaks in a distance of forty feet, which has been uncovered in St. James street, illustrates the need for the renewal of the old main which now is in progress. The work of replacing the old four-inch pipe with a twelve-inch main is nearly completed and it is expected that connections will be made by tomorrow. The crews were at work all day yesterday completing the intersections at the corner of Queen and Carman streets, where a fifteen-inch main is replacing an old four-inch pipe. The old wooden sewers in these streets are being renewed with terra cotta pipes. The department also is making some repairs to the water main and water services in Harrison street.

WOMEN'S MASS MEETING
A mass meeting of the women of St. John, who desire to assist in the campaign for the conservation of food for our soldiers and allies, will be held in the Imperial Theatre on Wednesday next at 10 a.m. All the patriotic women of the city are invited. The special object of the meeting is to discuss the necessary steps to be taken to arrange for the distribution and to take the necessary steps to mobilize the women of the city in grand patriotic work. The women of St. John have already done much in this respect, but with a united organization much more can be accomplished.

A meeting of the St. John Chapter N. B. Association will be held at 8 o'clock at General Public Hall.

Only two more nights of auction sale at 127 Brussels street, tonight and Wednesday night. Come for bargains.

The monthly business meeting of the Soldiers' Comfort Association will be held Wednesday at 8 p.m. in Canterbury church parlour.

REVIVAL SERVICES
There was another great service in the Coburg street Christian church revival last evening. There was a large audience present for Monday night. The choir sang the song service. Miss Georgia and Miss Rubie Stevens sang a duet very acceptably, and it was very appropriate to the service. The sermon was illustrated with a chart. The subject was "The Whole Story." Three kingdoms were represented, with apt illustrations from life. During the singing of the Invitation Hymn, three young women responded to the gospel invitation and made the good confession.

SUGAR SITUATION HERE
Orders for sugar are not being accepted by either the Atlantic Sugar Refinery, St. John, or the Acadia Refinery, Halifax. This is said to be due to a shortage of raw sugar arising from delay in ordering pending the decision of the international commission now sitting in New York, with regard to price. This situation is expected to be cleared up soon when business will go on as usual. Meanwhile there is sufficient sugar in the city in the hands of the dealers to obviate any chance of shortage among the consumers. There has been some expectation that the action of the commission may result in a reduction in price.

GETTING ANOTHER TUG.
Halifax Chronicle.—R. W. Hendry, of Hendry, Limited, returned on Friday from St. John, where he was in connection with securing a tugboat to take the place of the W. H. Murray, recently sunk by collision at the mouth of Halifax harbor.

THE BEST QUALITY AT A REASONABLE PRICE
Mere Comfort
In Toric Lenses

Folks who try toric lenses don't go back to flat lenses. Think that over carefully. The curve of the glass gives a wider field of vision and does away with annoying reflections. The glasses being nearer the eye are more easily kept adjusted and better.

We can fit you in torics. You ought to try them. The small cost over flat lenses buys a wonderful increase in eye comfort and efficiency.

COWBOYS AND SOLDIERS EXCITE IMPERIAL-GOERS

Lively Programme With Captured Germans and Unusual Dair-Deviltry

The German retreat pictures at the Imperial—now in their fourth instalment—are still attracting widespread attention. The holiday crowds of yesterday were worked up to a high state of enthusiasm over them, especially the scenes showing the men going over the top and dashing gallantly across No-man's Land and bringing in German sharpshooters. A notable incident in the pictures depicting this action is the capture of a German officer of high distinction. The appearance—a sort of second Roosevelt in physique—who tried his best to remain calm and official but who soon lost his haughty air when the Tommies took to "kidding" him. These pictures are splendid and tonight the fourth instalment will receive its final presentation. Tomorrow the fifth batch will be shown and on Friday the final two reels will commence.

Another picture that made an impression on the Thanksgiving Day crowds was "The Stamped"—cowboy and cowgirl round-up at a fair in Vancouver, Wash. This was nothing more than a wild and woolly demonstration of the most daredevil tricks in riding and cattle "dogging" that could be imagined. Wild bulls, bison, mustangs, coyotes, bucking ponies, wild horses, Indians, halfbreeds, greasers and all sorts of animals and people took part in the dirty celebration—veritable classic of its kind. This reel is one of the Imperial's educational series.

Viola Dana was the star in the film presented last night. Metro story entitled "The Light of Happiness." She was as usual very sweet and winsome. The action was of the rural type with the village minister, tattle-tale, village gossip, rumseller, old maid scandal-monger and all the well-known essentials to a heart-interest story. Metro Corporation gave the picture a very appropriate setting throughout and the interest was sustained from beginning to end. Robert Walker played opposite Miss Dana and the supporting cast was excellent.

Tomorrow the Triangle Corporation came to the front again with another of the delightful and surprising scenes. This time the star is to be seen Owen, a charming newcomer. The story is an adaptation of O. Henry's most alluring tale "Madame Bovary of the Trenches." The fifth instalment of the German Retreat From Arras will be screened in more spirited pictures than ever and a surprise showing of a whole reel of local film taken during the recent moving picture convention. This reel will make a big laugh.

LET'S HOPE IT'S TRUE.
Fredericton Mail.—Butter was plentiful in the market this morning and dropped in price from fifty to forty-five cents. There is said to be lots of it in the country, but it is being held for higher prices. One dealer this morning predicted that it would soon be down to forty cents.

ARGENTINA NOT TO MAKE BREAK YET
Buenos Aires, Oct. 9.—The Argentine government is not prepared to follow Uruguay in severing diplomatic relations with Germany, according to Foreign Minister Sanguinetti. Relations with Germany will be broken if sufficient cause arises, but so long as Germany recognizes the Argentine flag, and respects the nation and the people there will probably be no break.

Much surprise has been occasioned in political circles here by the following statement, said to have been made by the foreign minister of Uruguay in urging the Argentine congress to break relations with Germany:
"Uruguay, as a small nation between two great ones, must seek a balance of force to resist the possible hegemony of Argentina, with which nation we still have questions which are not settled definitely. This balance consists in bringing closer together Brazil and the states of our connection with the great states of the present conflict so that it will make impossible an attack on Uruguay, a sovereignty without an immediate retribution throughout the American continent."

The unsettled questions between Uruguay and Argentina concerning the Rio Negro, Argentina claims that the river belongs to her, while Uruguay insists that she owns one half. The dispute involves the ownership of the important island of Martin Garcia, now held by Argentina.

DEMAND FOR MORE SULPHURIC ACID
St. Louis, Mo., Oct. 9.—Increase in the production of sulphuric acid to the extent of two million tons a year by means of greater activity in the mining of domestic pyrites, was set forth as a near service of the American Institute of Mining Engineers at today's session of the annual convention.

More than six million tons of sulphuric acid were produced in this country last year.

WANT GOVERNMENT TO OPERATE MINES

Workers at Sydney Mines Say They're Not Able to Earn Enough Pay

Halifax, N. S., Oct. 9.—Five hundred miners, employees of the Nova Scotia Steel and Coal Company at Sydney Mines, have passed a resolution which has been sent to Sir Robert Borden and Hon. G. H. Murray, asking that the government take over all the mines of the Nova Scotia Steel and Coal Company, "and that the government should provide work for the men now unemployed through their troubles during the coming week, the men ask all miners in Nova Scotia to work only four days a week and to provide a share of the work for their fellow workmen who are now idle.

The miners allege that in the new Nova Scotia Steel and Coal Company's mine, which was put down only three years ago, they had only fourteen days work last month and during the last two weeks they have worked only two days. The preamble to the resolution states that the men "have been informed by T. J. Brown, general superintendent of the said company, that we are idle because said company could not make profit out of our labor."

The shortage of ocean tonnage, it is said, has made the situation acute. The United States will be asked to furnish as many tankers as it can to help in the supply.

British representatives here say their government cannot divert more tankers for navy uses. The shipping board probably will commandeer some American tankers for British use.

DISTRIBUTION OF THIS YEAR'S POTATO CROP
Ottawa, Oct. 9.—Questions in connection with the distribution and storage of this year's potato crop in Central and Eastern Canada were considered today at a meeting of the Fruit and Vegetable Committee of the food controller's office. It is intended to take such measures as may be found necessary to ensure that no part of the large crop will be lost through inadequate distribution or lack of proper storage facilities.

The following have been appointed as direct representatives of their respective provinces on the fruit and vegetable committee, and were at the meeting:
Prof. T. G. Bunting, MacDonnell College, Quebec; A. H. Cullen, Lower Truro, N. S.; A. G. Turner, provincial horticulturist, Fredericton, and A. E. Dewar, Charlottetown, G. C. Cunningham, of Fredericton, who is giving special attention to the potato situation for the dominion government, was also present.

SUPREME COURT JUDGMENTS.
Ottawa, Oct. 9.—Before taking up consideration of the list of appeals, judgment was given today by the supreme court on nine appeals heard at previous sessions. The judgments included:
Miguault vs. Desjardines, a Montreal appeal—dismissed with costs. Anglin and Broder dissenting.
Bordighi vs. Fredericton, a maritime province appeal—dismissed.
Bergal vs. Clavel, Quebec appeal, allowed with costs, the chief justice and Anglin dissenting.
Farfar vs. City of Quebec, dismissed with costs, Anglin dissenting.

BRITAIN CONCERNED OVER THE SUPPLY OF FUEL OIL

Navy Needs More and Assistance From United States is Asked

Washington, Oct. 9.—The British government is so much concerned over difficulties in obtaining fuel oils for its navy that it has asked its representatives here to take the subject up with the United States government with a view to obtaining assistance in transporting supplies.

The subject will be discussed at a conference tomorrow at St. Frederick Black of the shipping board and navy department officials and American oil producers.

The shortage of ocean tonnage, it is said, has made the situation acute. The United States will be asked to furnish as many tankers as it can to help in the supply.

British representatives here say their government cannot divert more tankers for navy uses. The shipping board probably will commandeer some American tankers for British use.

How Much Whole Wheat do you eat?
You have never thought much about food. You have eaten what you liked regardless of food value—and you may continue to eat what you like but you are certain to like the foods that nourish and strengthen if they are prepared in an appetizing way. Thousands now eat **Shredded Wheat Biscuit** as a substitute for meat, eggs and potatoes and they have learned many palatable ways in which to serve it. It is 100 per cent. whole wheat. For any meal with milk or cream, sliced peaches or other fruits.
Made in Canada.

THE SITUATION IN SWEDEN
Stockholm, Oct. 9.—In response to the king's appeal for unity the leaders of all parties have sent replies that all agree to the absolute necessity of the new government observing strict neutrality in the war regardless of consequences. The Conservatives emphasize the importance of maintaining commercial relations with both groups of belligerents. The Liberals and Conservatives are favorable to a coalition ministry, but the Socialists consider this solution impossible on the ground that the fundamental domestic conditions for a coalition are lacking.

Off Strike Settled
Mexico City, Oct. 9.—Word from Tampico is that the strike in the oil refineries has been settled and that the men have promised to return to work at once.
The names of twelve New Brunswick men appear in Sunday night's casualty list: Killed in action, T. Howard, Springfield; G. A. Bonner, Harcourt; Lance Corporal G. W. Boone, St. John; prisoner of war, L. E. Vienneau, Bathurst; G. Auger, Bathurst; J. Polvere, Gloucester; J. C. Margison, Centreville; R. Cormier, Dorchester; E. McCollum, St. John; Gunner F. Gordon, Maple Glen; W. H. Adams, Gloucester; and E. McNeil, St. John.
In the midday list the names of three New Brunswick men appear: Killed in action, H. S. Hall, Hartland; H. C. Carter, Westmount; and C. Macdonald, A. MacDonald, New Waterford.
Mrs. Lena Clark of St. Andrews street was advised from Ottawa on Sunday morning that her husband, Eugene Clark, had died of wounds. Private Clark was wounded in the hip on August 18 and Mrs. Clark has been receiving letters from him all along telling her that he was getting better. He went overseas with the 115th battalion and was transferred into the 26th battalion. Private Isaac Goodine of the 26th battalion had been officially reported missing since August 17.
Owen Goodine, of Meaford, N. B., was advised recently that his brother, Private Isaac Goodine of the 26th battalion had been officially reported missing since August 17.
A Promotion
Among the promotions published in C. A. M. corps orders recently published appears the name of Miss Nella Wilson of this city. She has now been appointed "acting matron" No. 2 Canadian General Hospital in France. This promotion gives her the third star.

SAYS WE CANNOT DO WITHOUT QUEBEC
In a recent speech at Winnipeg, Major C. W. Gordon (Ralph Connor) said: "I am thinking of Quebec more than of the Germans and Austrians here. There has no such place in our history as the French. The French-Canadian was the only Canadian for two hundred years. The French people are here by right. I have heard men say that this is an English-speaking country. Who said so? It is not an English-speaking country; it is an English and French speaking country. The French are a great fact; the Roman Catholic Church is a great fact, and you cannot get away from them by trying to forget or to obliterate them. You hear wild talk about Quebec, but those people are as much Canadian as the Scotch, and they do not say any more than that. They are here by as much right as any of us. Canada's destiny cannot be settled by the thoughtless English-speaking people; side by side with it must be the men who speak the language of the chivalrous and splendid race who are our Allies today. There have been great mistakes in the way that Quebec has been handled. When war broke out the first ones were full of promise that Quebec would be full of fire. What course of thing came across our sky and so changed that promise? We all can see some of the mistakes that have been made. We cannot solve this problem and do our duty in Canada in this war unless we secure French-Canada heart and soul. Take that into your hearts and listen to no man who will tell you that we can do without Quebec. Let there be anything like civil discord in this crisis and you give aid and comfort to the Germans to the extent of fifteen or twenty divi-

The Salvation Army congress came to an end here Sunday evening and the larger part of the delegates left the city for their homes yesterday. A congress of the upper provinces will be held in Toronto next month. The maritime provinces will hold their congress next year in Halifax.
At the Imperial Theatre on Sunday, Commissioner Richards spoke in an interesting manner of his work among the native tribes of Africa. Lieutenant-Governor Ganong presided and introduced the speaker. The commissioner strongly advocated woman suffrage. A vote of thanks was moved by Senator Daniel. Among those present on the platform were Mayor Hayes, Commissioner Wainwright, Sheriff Wilson, Colonel Powell, Senator Daniel, Colonel Anderson, Hon. J. B. M. Baxter, Postmaster Sears, R. E. Armstrong, Rev. Mr. Pinkett and Mrs. J. F. Bullock.

CANADA'S REAL NEED

There are more ways of abandoning the boys in the trenches than the failure to send them reinforcements. Every body in Canada, with the exception of a few former allies of the Borden government in Quebec province, agrees that we must send the reinforcements. But that is not all. We have the highest British authority for the assertion that ships and food are now more urgently needed than men, for without food the men cannot fight and without ships the food cannot be transported.

the part of the Canadian people. He says: "If the Canadian and English soldiers are to get their full rations, two things are essential, a greatly increased effort on the part of your farmers to produce more hogs, beef, cheese, and butter and an intensified effort on the part of the Canadian people to reduce their personal consumption of food."

THE BRITISH RED CROSS

The statement that unless Canada responds generously to the call of the British Red Cross it will be compelled to curtail its work for the sick, wounded and imperiled soldiers and sailors of the Imperial forces should arouse our people to a special effort. In addition to all that is being done for the Canadian Red Cross, the British organization can be given substantial aid by this country. His excellency the governor-general has issued an urgent appeal, which is endorsed by the lieutenant-governor, and has been taken up by Mayor Hayes. A meeting is to be held to discuss ways and means, and the city and province-wide campaign should produce better results than those of last year, when the contribution was comparatively small. There is no question as to the need, and the response will be the proof of our desire to stand by the fighting men when they are ill and suffering as a result of their sacrifice in our behalf.

Mr. William Murdoch has been for so many years a prominent civic official that the news of his sudden death yesterday came as a shock to all the citizens. He has passed swiftly from a life of activity, and the loss will be keenly felt by his associates in civic life, as well as by his friends throughout the city. Under the old city council system Mr. Murdoch was much more in the public eye than since the commission plan of government was adopted. His department then was very often under fire because the question of the extension and improvement of the waterworks system was always before him. He was a hard-working official and gave the city the best that was in him. His duties had been less arduous in recent years, but his knowledge and experience made his counsel valuable to the civic departments, and he had very important duties in connection with that of harbors and ferries. The regret at his death which is expressed by the mayor and civic officials is shared by the citizens at large.

Dr. Hetherington points out that some of the road trucks bought by Hon. J. Frank Smith were so heavy they could not be taken across the cheap and broken down bridges of the old regime. This is a fact, well known to all who have seen them. Some other trucks were too light for the most economical work. As a road-building genius the late minister is in a class by himself. In spite of everything, however, Hon. Mr. Veniot has done a great deal of valuable work on the roads this year. He will do a great deal more next year, as he will have plans ready for an early start.

A German order urges commanders of units, companies and attacking sections to wear the Red Cross uniform, because it is respected by the British. This is a literal example of the wolf putting on sheep's clothing, and the order reveals the utter disregard of the Germans for the principles of honorable warfare.

The Standard frequently asks who the Kaiser would vote for if he had a vote in Canada. Beyond a doubt he would vote for the government that supported the Canadian soldiers with the Ross rifle and painted horses, and took to his bosom the man who boasted about holes having been shot in the British flag.

The effort to increase wheat production in this province next year should be heartily supported. There will be greater need of wheat a year hence than there is today.

Knew What a Sapling Was
An American ambulance driver lately returned from the French front tells of visiting an instruction camp in England before sailing for the United States. A gunner, he said, was learning to shoot at targets, and the officer in charge asked the novice:
"You see that sapling on the hillside?"
"No, sir," replied the gunner after a careful look. "I don't see no sapling."
"What?" yelled the officer, "you see no sapling? Why, there's one right in front of you!"
After another squint the soldier reported as before.
"Look here," said the officer, "do you know what a sapling is?"
"Oh, yes, sir," answered the gunner, "a young pig."—New York Sun.

Welfare Work Among Soldiers
In all the large communities nearest to the training community organizers whose duty it will be to co-ordinate the various agencies which are seeking opportunities for service among the soldiers; it being the hope that each of these organizers will serve as a sort of clearing house for welfare work of various kinds so that there shall be no overlapping of activities and consequent waste. An example of the methods of procedure of the government representative is afforded by T. S. Settle, stationed at Atlanta, Ga., in the vicinity of Fort McPherson, of whom W. S. Gifford, director of the commission on training camp activities, says: "Mr. Settle has got the churches, the lodges, the local Red Cross, Salvation Army, Young Women's Christian Association, and various women's clubs and other organizations working together on a composite programme. A combination soldiers' club and canteen will be erected and maintained by the women of the town; adequate swimming facilities have been provided; bowling alleys and pool rooms especially for the soldiers have been opened; the character of moving picture films has been approved, and the whole community has banded together to provide for the soldiers on leave from camps a wholesome round of recreation and relaxation."

SOME THINGS FOR HANNA AND OTHERS TO BEAR IN MIND
In Newcastle, N. B., last week, during a discussion on the government's failure to supplement conscription of men by an adequate conscription of wealth and resources, a resolution urging the government's further action was carried unanimously. The report of the proceedings shows that the speakers were most outspoken in their criticism, as follows:
Rev. Dr. Squires said that not very much had been done re conscription of wealth, the using of national resources for the prosecution of the war. There was a food controller, so-called—Mr. Hanna—who was doing something, but not very much. He is asking housewives to make use of everything. This is all very good in its way, but something more radical is needed. Mr. Hanna evidently needs more power, should be more like Mr. Hoover of the U. S. A., or perhaps, Lord Rhondda, of Great Britain. Dr. Squires, continuing, said he was hardly in a position to exactly define what is meant by conscription of wealth. There is not much effort being made to bring it about. Somehow, the wealth of the country was not being used as it should. The big men should be willing, or should be compelled, to give up their wealth to win the war. The surplus profits should be taken. It was not of much use to ask people to

save. Something more radical should be done.
Father Dixon said that the food controller has done nothing but give good advice. Heads of families doubtless see the necessity of economy, but boarders and strangers may not look at it in that way.
It is very extraordinary, continued Father Dixon, that butter costs forty-five to fifty cents a pound at this time of year, and seems likely to rise to seventy cents. Cold storage companies have representatives around buying up produce in order to corner the market. Why is this allowed? Forty-five cents for butter is an outrage. Such prices are the result of the immoral and improper combinations to corner goods and raise prices. They can be proceeded against legally. Why are they not prosecuted as in England?
Father Dixon said that it was not the farmers that were making money, but the combines. Prices of all things should be lowered.
The resolution was carried unanimously.

MUST DEVELOP HER MINERAL RESOURCES

Warning to United States That Otherwise Shortage of War Material Will Be Faced

St. Louis, Oct. 9.—The United States will face a grave scarcity of minerals necessary to the conduct of the war unless the vast mineral deposits of the

country are fully developed, said W. G. Westervel of New York, chairman of the United States war minerals board in an address here today. Nitrates, essential to the manufacture of powder and high explosives, are imported from South America, he said, because of the shortage of ships. Manganese, a mineral used in hardening steel, he said, is imported at the expense of other necessary articles, while vast deposits of the mineral in Virginia, Arkansas and California are under-developed.

He added that steps also must be taken at once to insure a sufficient supply of lead, tin, mercury, mica and zinc necessary to the successful prosecution of the war.

CANADA MUST GIVE UP MORE LUXURIES

Why Britain Is Buying Less In Dominion

Extravagance In Imports

Money so Sent Out of Canada Means so Much Less Available for Beating the Huns—The War Outlook

(Special Cable to Times by F. A. McKenzie)

Brighton, Eng., Oct. 9.—Eminent British financial authorities assure me that the real inwardness of the recent marked reduction of imperial purchases of Canadian products and munitions is solely financial. Britain requires vast quantities more urgently than ever, but is forced to make purchases from countries like the United States when the cost can be met by loan and advances. Canada has been unable to do this, and her inability is largely due, say authorities, to the fact that she continues to permit large sums to leave the Dominion to pay for imported luxuries.

It became necessary this summer to send gold to Canada to meet a balance on imperial purchases there. It is urged that Canada should adopt the same severe self-denying financial measures against imported luxuries, which Britain is enforcing so successfully. "England has by strict regulations stopped importation of almost everything save absolute necessities for the civil population, and one high authority. "This compels the prosperous classes to limit their purchases, giving them unpendable surpluses available for government loan and advances by arresting importation of one article alone—automobiles—preventing use of all automobiles for pleasure riding as England has done would automatically make many millions of dollars available for war use.

"You cannot spend upon imported luxuries and also have the same money available for war use. Every thousand dollars spent outside the Dominion for unnecessary luxuries is a thousand dollars less for beating the Huns. The money thus saved subscribed in Dominion loans or bank advances can be used by the imperial government to pay for Canadian products and munitions.

"This war is becoming more an issue between financial resources. We have many months of vast expenditure ahead. Will Canada use the heights of financial sacrifice corresponding to her magnificent military powers?"

Supplementing this statement from an authority whose name, were I allowed give it, would command universal respect, I desire to add that every day now strengthens the belief that the war is not yet approaching an end. I recently made a thorough investigation of the German food position, and the facts showed that the German bread supply is materially improving. They have exploited prison labor to raise enormous crops from Serbia, Roumania and Poland. Forty-three per cent. more Serbian land was under cultivation this year than during the best peace days.

Germany has suffered very severely indeed from lack of food, but internal supplies now seem to be better. Elimination of Russia as a serious fighting factor enabled large concentration of troops in Flanders—young, sturdy men, well supplied with munitions. We today are face to face with an enemy still enormously strong, still unconquered. Our summer campaign, despite many brilliant victories, failed to realize our hopes. This was due to the two main causes, Nivelle's costly summer attack, which arrested the French offensive, and the heavy August and September rains, checking our Flanders advance.

Our maximum advance cannot come until next spring, when the American army will enable France to renew her offensive co-operation with ourselves. During this time of waiting, every financial and man power resource of the allies must be accumulated. British losses alone in September totalled 2,988 officers and 109,200 men. The enemy army and civilian population is weakening under the strain, but their racial discipline will almost certainly carry them over until next spring. We are faced now by a situation demanding sacrifices from all parts of the empire, surpassing any yet imagined, if our ideals are to be attained.

Exclusive Fashions For Fall

The acme of Style Perfection has been attained in our display of Women's Apparel without losing sight of economy and value to the purchaser or suitability of the various models to our weather conditions

COSTUMES
Many of the new Suits feature the straight line effect. Velvets fur trimmed are very smart. Broadcloths and Gabardines are among the most popular fabrics. Buttons, braid and embroidery, are used for trimmings. Buckles as novelty ornaments.

DRESSES
Many of them shown in the one-piece effect, with panel skirt. Serge in various shades of Burgundy, Green, Navy, and Brown, is a favorite material. Colored embroidery trimming is used effectively.

COATS
The three leading characteristics of the Fall Coats are the loose straight lines, the belts of various kinds, and the big comfortable collars. The large collars cut square in the back are most popular. In cloths the tendency is toward solid tones, except when tweeds or blanket cloths are used.

FURS
A great many novelties in shape of pieces and kinds of fur. Very appropriate when worn with the new styles of costume or coat.

MILLINERY
Distinctive new styles in almost endless variety. All the newest and smartest ideas, to which are being constantly added new models, introducing the latest in shapes, materials and trimming effects.

WAISTS
We offer a large assortment in the newest styles, dainty and tasteful in the extreme. Voiles, Georgette Crepes, Jap Silks. New collar styles, new colors, new trimming effects—charming blouses for all occasions.

HANDSOME COATS OF HUDSON SEAL OR MUSKRAT IN NEW AND DISTINCTIVE MODELS.

Thousand Men at New York Docks Go Out Without Apparent Grievances

New York, Oct. 9.—Intimations that a strike of 1,000 longshoremen employed

on the piers of the Clyde and Malloy Steamship lines, which began yesterday, is the result of sinister influence were contained in a statement issued by E. H. Raymond, president of both lines. He declared the men had presented no demands and had no apparent grievances. The walk-out has resulted in a blockade of large quantities of government freight.

Mr. Raymond declared the cause of the strike was a mystery to him, and asserted that he believed sinister influences were responsible for it.

Gates leading to the piers have been securely locked, the guards have been doubled and watchmen have been ordered to take extraordinary precautions.

Paul Vaccarelli, general organizer and vice-president of the International Longshoremen's Association, said last night that the proper officers had not been consulted in order to strike, and he did not approve it because he believed "what-

ever matters of discontent there were could have been settled amicably without a strike."

MORNING NEWS OVER THE WIRES

The City Comet Band gave a band concert yesterday afternoon in St. Stephen. The proceeds of which are for patriotic purposes. S. H. Maves sang a solo and Miss M. McEann presided at the piano.

Gershon Silberg of Presque Isle, a patient in the Bangor Hospital, commented sadly yesterday afternoon by hanging himself to a tree by his suspenders. He was forty-four years old and is survived by his wife.

MAKING FUEL BRIQUETTES FROM GARBAGE—OF CITIES For a year or so fuel briquettes have been manufactured from the city garbage of Austin, Texas, and the same process is about to be installed at St. Joseph, Mo. The garbage is sprinkled with creosote, the scrap iron, bottles, and other refuse are sorted out, and the combustible parts are then ground and put through a stiff mud brick machine after an admixture of no coal dust admixture or with the use of only a very small percentage.

This process is noted with interest in this connection because of the fact that similar briquettes are manufactured from sawdust in foreign countries and widely used for fuel. In these cities where woodworking is an important industry and quantities of sawdust it would appear that the two propositions might be combined, resulting in a product partly of sawdust and partly of garbage, with perhaps some admixture of coal dust if deemed necessary to produce a slow-burning fuel for domestic use.

It is said that this garbage fuel can be manufactured for about seventy cents a ton while the finished briquettes brought \$6.50 a ton in the Austin market.

EXTERPATION OF ARMENIANS GERMAN PLAN

Suggestion of Massacres Said To Have Come From Them

Missionary's Statement

Rev. A. N. Andrus Recounts Some of the Horrors on Arrival in New York and Makes Appeal For Stricken People

New York, Oct. 8.—The plan to exterminate the Armenian Christians from Turkey was "made in Germany and suggested to the Turks by German officials," and where the Armenians made a stand against their Moslem oppressors it was the German officers and German cannon that broke them up, according to the Rev. Alphaeus Andrus, senior missionary for the Congregational station at Mardin, Mesopotamia, who told of his experiences here.

The fastidious Germans, he said, were looking forward to the time when they expected to gain complete dominion in Turkey and they wanted to eliminate the Armenian question by getting rid of the Armenian race.

"One of the ways the Turks went about it was to load Armenian men, women and children on rafts on the Tigris River and then they were to be deported—and then they were taken out and dumped into the sea or into the river. If they tried to climb back on the rafts the soldiers and boatmen beat them and shot them until all perished."

The German side of the withstood the destruction of the Armenians in Turkey as a cold blooded political move, and gave the actual execution of it to the hands of the Kurds and Turkish soldiers who went about it with the ferocity of Moslem religious fanaticism.

"At first the Turkish government objected to the German suggestion of the removal of the Armenians on the grounds that it was not a humane measure and business men, and necessary to the economic life of the country," continued Dr. Andrus, "but the German side was so insistent upon their plan. Having persuaded the Turks the Germans then left it to them to do the work as they wished."

"But the Turkish soldiers in some places could not overcome the Armenians. At Urfa, the city of suffering, the Armenians resolved to resist despite their lack of arms and their church. They barricaded themselves in their stone houses in their quarter. For ten days the withstood all the efforts of the Turkish soldiery to dilogize them. In the end they were forced to surrender, but the German officers brought and trained cannon upon their stronghold and forced them to flee.

"Surely such a people should not be allowed to perish. There still remains of them to be cared for 6,000 in Urfa and nearby. Will not the American people help care for them? Conditions in Mesopotamia have not been brought much to the public's attention for the reason that there has not been anyone to report the state of things there because no report could get past the rigid Turkish censorship.

"More than 80,000 Armenians were deported from Diarbakir and its suburbs. It was some of these who were dumped into the Tigris and drowned. The leading cause of death among these. The others were detailed to dig trenches and to do other work with only an insufficient amount of bread daily. Later they were shot in great numbers no longer able to endure the hardships imposed.

"There followed an epidemic of cholera and then a scourge of typhus. Before the war and deportations the city contained some 60,000 inhabitants. The last I heard there were only 7,000 citizens left there.

"Women were clubbed, stabbed or shot down on the Mesopotamian plains and left for dead in piles on the ground or thrown into old cisterns. Some, coming to consciousness, crawled out from the piles and up to the cisterns and dragged themselves up the mountain to their hospital at Mardin to have their wounds dressed.

"Some of the Moslems at Mardin took pity upon more than 1,000 babies of deported women who, in passing through, left these they had no milk to feed nor strength to get up to the plains below. When the local government learned that Moslems had the little ones, they issued an order that whoever harbored any Armenian would be visited with the treatment dealt to the Armenians.

"The Moslems therefore, secretly furnished the little ones over to Christian families who clandestinely cared for them until their resources were exhausted. And now the latest information from Mardin is that unless funds are immediately forthcoming the thousands of orphans must be turned out upon the streets to starve.

"Help must be regular and continuous. The committee for Armenians and Syrians Relief has decided that \$5 a month a child will be necessary. That is about seven cents a day. Who will add one more child to his family and the seventeen cents along with what he is spending daily on his other children and at the end of each month send the \$5 to the committee?"

Dr. Andrus himself narrowly escaped execution at the hands of the Turks because of his work at Mardin in succoring the suffering. He was ordered to be court-martialed which under the conditions, he said, meant a "mock trial and the cutting off of the defendant's head." The American Embassy, however, heard of the order and interfered so that it was rescinded and a decree of exile issued instead.

Dr. Andrus, who was born in New York city and graduated from Williams College in 1864 and Union Theological Seminary in 1867, spent fifty years in missionary work at Mardin.

Ruin as Bad as on Somme

Wholesale Devastation Wrought in Terrific Fighting East of Ypres—German Dead on Every Hand

British Front in France and Belgium, Oct. 8.—(By the Associated Press).—Nowhere on the western front has the war printed more cruel marks of devastation than on the wide zone east of Ypres, where such bitter fighting has been proceeding at intervals since the British launched their initial attack.

The whole region, much of which in peace times was prosperous farming country, has been turned by the artillery fire into a desolate waste of vast and deep shell craters, which are so close together in innumerable cases they form a continuous line of destruction. Farm houses have been pulverized and ploughed under in the ruthless sweep of the shells, and village sites are marked by little portions of walls where churches or other big buildings once stood. Cottages are buried beneath heaps of turned-up earth and there is scarcely a trace of grass or other green thing to be seen in miles of tramping.

Trees have been smashed into matchwood and their roots turned up in grotesque shapes to add to the sinister aspect of the country. Here and there where little forests had stood, herds of trees have clung to their birthright, but their limbs have been shorn from their trunks.

As Bad as Somme. The unprecedented havoc wrought on the Somme front has hardly surpassed that which exists along the Ypres front. More striking than all the rest were the scenes of death on every hand. German dead lay in great numbers over this ground which had not yet been cleared. At many places groups of Germans had been killed as they fought together and they rested as they fell. Shell holes and places were choked with bodies.

The village of Zonnebeke is but a memory. Some shattered walls remain of the big church, and in very few places there are marks of other public buildings, but the village as a whole has disappeared. The railway station on the Ypres-Roulers line, where for days the British and Germans battled fiercely at close quarters, is gone and there were of concrete reinforced about which the Germans made their last stand.

The Ypres-Roulers railway, which for so long was under British gun-fire, and is now being hammered by the Germans, is nothing but a broken mound of earth. The rails have been twisted into knots and hurled here and there.

All the highways here and on other parts of the battlefield have been damaged severely. They are piled over and over with shell-bells. A thousand yards in front of Zonnebeke was Broodseinde and village with its famous cross-roads, where many Germans were killed recently by the British artillery fire. The British line is over the crest of this ridge, on the eastern side. Broodseinde has gone the same way as Zonnebeke, Reutel, Gravenstafel, Paschendaede and many other hamlets.

The German redoubts and pill boxes in the Zonnebeke mostly had been smashed by shell fire, although many of them put up a stout resistance. There was one great concrete and steel redoubt which had withstood the terrific fire to which it had been subjected. Its defenders were driven out by the infantry in a pitched battle. The redoubt was eighty yards long and about forty yards wide. The walls, which were of concrete reinforced with steel rails, were about five feet thick. The rails were made of sheet steel. The ceiling contained eight large rooms which would hold several hundred men. The whole country hereabouts was covered with similarly built defenses of various sizes.

GIRLS! ACT NOW! HAIR COMING OUT MEANS DANDRUFF

25-Cent "Danderine" Will Save Your Hair and Double Its Beauty

Try This! Your Hair Gets Soft, Wavy, Abundant and Glossy at Once

Save your hair! Beautify it! It is only a matter of using a little Danderine occasionally to have a head of heavy, beautiful hair, soft, lustrous, wavy and free from dandruff. It is easy and inexpensive to have pretty, charming hair and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre, and try as you will you can not find a trace of dandruff or falling hair, but your real surprise will be after two weeks' use, when you will see new hair—fine and downy at first—but really new hair—sprouting out all over your scalp—Danderine, we believe, the only sure hair grower; destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be so soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.

PRESSURE RESUMED AT MARKET OPENING

New York, Oct. 8.—Wall street—Pressure against speculative stocks was resumed at the outset of today's trading. Tobacco issues again displayed the greatest heaviness, United Cigars yielding three points, though Tobacco Products steadied on recommendation of an official dividend of \$1.80. Metals and several active equities also lost material fractions of almost two points.

To the electors of the Parish of Lancaster Ladies and Gentlemen:

Considering that it is not in the best interests of our parish to allow the present councillors to be re-elected by acclamation I have decided, after many solicitations from electors representing the different sections of the parish, to offer myself as a candidate for the coming contest.

Holding interests both as a business man and property holder, the same should be sufficient evidence to the electors to warrant the very best that is in me, regarding the welfare, prosperity and administration of the parish, and should I have the honor to represent you after the 16th, I make one promise and that is fair consideration to all sections.

As to the present councillors personally I have nothing against them, but the administration is unquestionably running in a well worn rut and our financial condition is very bad.

In such a short campaign it will be impossible to see all the electors personally and I thank those who will see their way clear to render me their support before and at the polls.

Thanking you in anticipation of such support, I remain in the best interests of the electors.

Yours faithfully, GLENDON H. ALLAN. 10-16

In The Churches

At a turn-out of the 'Prentice Boys of the city on Sunday, in honor of the brothers killed in action, Rev. F. P. Denison addressed them in the Anglican Episcopal church on 'Why We Are Protestants.'

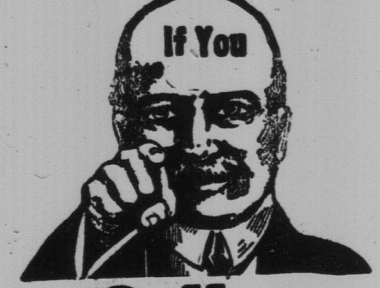

The Right Rev. the Bishop of Qu'Appelle addressed the congregation of the Anglican Episcopal church on Sunday morning. The bishop paid a feeling tribute to the memory of the late Father Davenport, in whose memory a new rectory was unveiled.

The Right Rev. the Bishop of Keewatin, who is in the city in company with the Bishop of Qu'Appelle, spoke on Sunday in St. George's and St. Luke's churches. Both bishops made a strong appeal for the furtherance of missionary work in Canada. The two dignitaries spoke at St. John's (Stone) church schoolroom yesterday on the missionary situation in the northwest. The Bishop of Keewatin said that Canada was starving her Indians and Eskimos for the money to spend on pleasure and a strong appeal for missions was made.

The 76th anniversary of Carleton Methodist church was celebrated on Sunday, Rev. H. A. Goodwin speaking in the morning and Rev. Hammond Johnston in the evening.

At Tully Sunday school, an interesting entertainment was carried out by the scholars, including a missionary programme entitled 'The Hopes of the World,' by five pupils: Miss Helen Simms, Miss Muriel Ganter, Miss Beatrice Fleet, Robert Marr, Miss Marion Belding and Miss Marion Fisher.

Rev. W. D. Wilson, chief liquor inspector for New Brunswick, preached at Fairville Methodist church on Sunday morning and evening. In the evening Rev. Mr. Wilson spoke on temperance. He made reference to the fact that people all through the province are openly grateful for the enforcement of the prohibition act.

Why I Believe In Nuxated Iron A Strength-Builder for the Nation

(By E. Sauer, M. D.)

Probably no remedy has ever met with such phenomenal success as has Nuxated Iron. It is conservatively estimated that over three million people annually are taking it in this country alone. It has been highly endorsed and used by former United States Senators and Members of Congress; Physicians who have been connected with well-known hospitals have prescribed and recommended it; Monsiegnor Nannini, a prominent Catholic Clergyman, recommends it to all members of the Catholic Church. Former Health Commissioner Wm. R. Kerr, of Chicago, says it ought to be used in every hospital and prescribed by every physician. Secretary of the Marine Service, the world's most noted actress, has ordered a large quantity sent to the French soldiers to help give them strength, power and endurance.

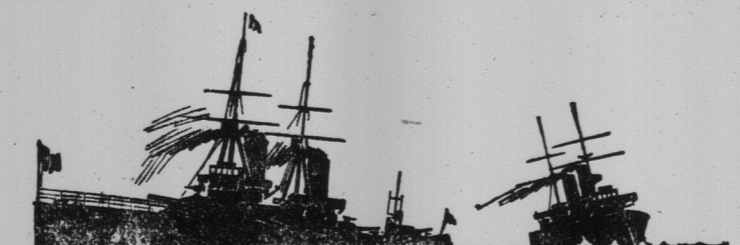

Dr. A. J. Newman, late Police Surgeon of the City of Chicago and former House Surgeon Jefferson Park Hospital, Chicago, says Nuxated Iron has proven through his own tests it to excel any preparation he has ever used for creating and building up the nervous system, strengthening the muscles and correcting digestive disorders. Dr. N. H. Hornstein for ten years Physician in the Department of Public Health and Charities of Philadelphia says that tests made with Nuxated Iron on a number of stubborn cases where other tonics had failed absolutely convinced him of its remarkable and unusual power.

If you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained.

NOTE:—Nuxated Iron, which has been used by former Members of the United States Senate and House of Representatives, and other prominent people with such surprising results, and which is prescribed and recommended above by physicians in such a great variety of cases, is not a potent medicine nor secret remedy, but one which is well known to druggists and whose iron constituents are widely prescribed by eminent physicians everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not injure the stomach, makes them black nor upset the stomach; on the contrary it is a most potent remedy in nearly all forms of indigestion as well as for nervous run-down conditions.

The manufacturers have such great confidence in Nuxated Iron that they offer to forfeit \$100 to any charitable institution if they cannot take any man or woman under 60 who lacks iron and increase their strength 100 per cent. or over in four week's time, provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed by Watsons Drug Store and all good druggists.

BRITISH ADMIRAL SAYS

ROYAL NAVAL CLUB, Portsmouth, England. Dear Sirs,—I have found Zam-Buk most reliable for healing cuts and abrasions; while for the relief of skin irritation it is invaluable. (Signed) RODNEY M. LLOYD, Admiral.

ENTIRE CREW PRAISES ZAM-BUK From Admiral to stoker, all grades of service praise Zam-Buk. Stoker King-north, of H.M.S. "Cochrane," says:—"I slipped and fell on an exhaust steam pipe, which fairly frizzled the skin on my arm. At once the ship's surgeon dressed the burn, but the injury would not heal owing to a lot of dirt from the pipe causing blood-poison. I was in fearful pain and didn't know how to get ease."

"For weeks I remained under treatment, but the ordinary ointments proved no good. Indeed, I got worse. I therefore obtained a supply of Zam-Buk and applied, almost as soon as this was applied I got ease from the very first application, and a few boxes of Zam-Buk healed my wound completely."

Zam-Buk cures eczema, sores, chancres, ring-worm, bad leg, various ulcers, piles, cold sores, chapped hands, babies' sores, etc. All stores at 50c. or post free from ZAM-BUK CO., Toronto, for FREE TRIAL BOX. Will send on receipt of the advertisement and 1c. stamp for postage.

A GERMAN RUSE

London, Oct. 8.—(Via Reuter's Ottawa Agency) — A Reuter despatch from Paris says: "The correspondent of Le Matin with the British armies, says the English captured a German order-of-the-day relating to the enemy attack which was broken up on Thursday which read: "The British always respect the ambulance bearers and Red Cross. This is why commanders of units, companies and attacking sections should wear the Red Cross uniform, when leading their men to the assault."

PREPARING FOR CALL

Ottawa, Oct. 8.—The board of selection established to nominate one member of each local tribunal under the military service act, meets here tomorrow. It is expected that the nominations will be made without further delay.

A proclamation calling out the first class of men is in preparation. It will be published Saturday. The regulations governing the tribunals will also be published shortly.

Eczema Cured Five Years Ago

A Treatment Which Has Proven a Wonderful Healer of the Skin—Certified Evidence of Lasting Cure

Jordan, Ont., Oct. 5.—The old notion that eczema is a disease of the blood is refuted time and time again by the cures that are daily being effected by Dr. Chase's Ointment. It matters not what the cause may have been if you apply Dr. Chase's Ointment regularly you will obtain relief and cure of eczema. Here is the proof. Mrs. Stephen G. Thwaites, Box 205, Jordan, Ont., writes: "My brother had a bad case of eczema on his legs. He was troubled nearly all one fall and winter with it, and could not work for days at a time. He tried different ointments, but none cured him. One day he tried Dr. Chase's Ointment, and it gave almost instant relief. He continued its use, but had not quite finished the second box when he was cured. It is now about five years since then, and it has never returned. We certainly can recommend Dr. Chase's Ointment, and are very grateful for my brother's cure."

(Rev. S. F. Coffman, Vineland, Ont., states: "This is to certify that I know Mrs. Thwaites and the party to whom she refers, and her statements are correct.")

Mr. J. E. Jones, 228 University avenue, Kingston, Ont., writes: "I had eczema in my hand for about five years. I tried a great many remedies, but found that while some of them checked it, none cured it permanently. Finally I tried Dr. Chase's Ointment, and in six weeks my hand was completely better. I would not do without a box of Dr. Chase's Ointment in the house if it cost \$2 a box. I am giving my name to this firm so that it will get to those who suffer as I did."

RECENT DEATHS

Thompson M. Morrison. The death of Thompson M. Morrison of Londonderry (N. S.), occurred last evening at the home of his sister, Mrs. W. D. Earle, 268 Main street, following a long illness. Mr. Morrison came to this city a short while ago thinking that the change would improve his health. His condition, however, gradually became worse the later he passed away last evening. He was thirty-seven years of age and leaves three brothers, Charles and William of Somerville (Mass.), and Pte. Lawrence Morrison, at present in an English hospital owing to illness. Six sisters also survive—Mrs. William Melenius, Somerville (Mass.); Mrs. Gordon McQuarrie, of California; Mrs. A. Todden, Calgary; Mrs. Edward Brown and Mrs. Earle, of Londonderry this evening for burial. Services will be held at the home of his sister in Main street tonight at 8 o'clock.

Samuel J. Warwick. The death of Samuel J. Warwick occurred in this city yesterday at his late residence, 64 Bentley street. Mr. Warwick had been in failing health for about the last three months. During his lifetime he was associated with the Warwick Bill Posting Company and was a member of the first members of No. 1 salvage corps. He is survived by his wife, three sons—Charles S., in France; George G. and Robert H., of this city; by three daughters—Mrs. Margaret Ferris, Mrs. Charles S. Stevens and Mrs. S. J. Johnson, all of this city; by one brother, Thomas D., of San Francisco, and sister, Mrs. Margaret Carson, of this city. The funeral will be held from his late residence on Wednesday afternoon at 3 o'clock.

W. O. McInerney. Word reached the city yesterday of the death in New York of William O. McInerney, son of the late Hon. H. O. McInerney, of this city. He was widely known here, although he had been away from here for nearly twenty-five years. He was about forty-five years of age and leaves a wife, residing in New York; one brother, John McInerney, of Richibucto, and a half-brother, Edward McInerney, also of Richibucto. The late Dr. J. P. McInerney and George V. McInerney, of this city, were half-brothers.

Mr. McInerney died at the New York Post-graduate hospital yesterday, following an illness of several days. He was one of the most talented newspaper men produced by this province, and he served the public in many capacities on the New York World, the New York Evening Sun and other metropolitan journals. He was a writer of force and character, early attaining a charming style. He had imagination, grace, and force in writing—and he knew life. He was a delightful companion, made friends and was loved by all who knew him.

James J. Johnston. The death of James J. Johnston occurred on Saturday after a lingering illness at his home, 67 Spring street. He leaves his wife, two sons, J. Herbert and William, of this city, and Harold S., at home; one daughter, Mrs. Clarence Neve of West St. John; one brother, Herbert, of this city; and a sister, Emma H., of this city. Mr. Johnston was a native of London and came here in 1858.

Mrs. Mary Boden. Many learned with regret of the death of Mrs. Mary Boden, wife of the late Philip Boden of this city, which occurred at her residence in Rockland road on Sunday evening. Mrs. Boden was a life-long resident of the North End and her death removes one of the most highly respected residents of that part of the city. She had been ill for some time. She leaves one son, Phillip, of New York, and three daughters, Mrs. John W. James of New York, and Mrs. John Ryan and Mrs. Thomas S. Daley, both of St. John.

Herbert Neill of Fredericton died suddenly on Saturday night in the vestry of Christ Church Cathedral. He was struck with paralysis while singing in the choir and passed away immediately. He leaves a widow and one son.

The death of Thomas Looney occurred at his home in Marysville on Saturday night after a short illness.

Joseph Carroll of Buctouche passed away on Monday, October 1, after a long illness.

Repton, Oct. 8.—Mrs. Mary Barnes, widow of James Barnes, passed away at her home at Molus River last week. She was eighty-one years and is survived by a large family.

Repton, Oct. 8.—William Marshall, fishery overseer, died at his home at Bass River some days ago.

FUNERALS

The funeral of James J. Johnston was held yesterday afternoon at 2:30 o'clock from his late residence, 67 Spring street, by Rev. H. L. Coughlin, pastor of St. Rose's church, and interment was made in Fernhill.

The funeral of Mrs. Andrew Heman was held on Sunday afternoon at 2:30 o'clock from her late residence, Fairville. The funeral was very largely attended, and the floral tributes were both beautiful and numerous. Relatives acted as pall bearers. The services were held at St. Rose's church, and was conducted by Father Collins. Interment was made in Holy Cross cemetery, Sand Cove.

The funeral of Mrs. Thomas Bustin was held yesterday afternoon at 2:30 o'clock from her late residence, Silver Falls. Interment was made in Fernhill.

The funeral of Francis J. Martin was held yesterday morning at 8:45 o'clock from his father's residence, 55 Esplanade street, to the Cathedral, where high mass of requiem was celebrated by Father M. P. Howland with Rev. W. L. Moore, as deacon, and Rev. H. L. Coughlin as sub-deacon. Final absolution was given by His Lordship Bishop LeBlanc. Interment was made in the New Catholic cemetery.

FOUR WERE KILLED IN AUTOMOBILE ACCIDENT

Wells, Me., Oct. 8.—Four persons were instantly killed and one dangerously injured at 6 o'clock yesterday morning when an automobile left the road at the dangerous curve under the Boston & Maine railroad bridge here and overturned.

In the automobile were Mr. and Mrs. Ulderic B. Belanger, Mrs. Antoinette Damour and Mr. and Mrs. Napoleon H. Hamel, all of Lewiston.

Hamel, who was driving, was seriously injured about the head. The other four were killed.

PROUD OF OUR MEN

Montreal, Oct. 8.—In a Thanksgiving sermon in the American Presbyterian church here this morning, Rev. C. W. Gordon, "Ralph Connor" paid the following tribute to the Canadian soldiers in connection with several causes for gratitude which he dealt with in connection with the war.

"We are thankful that the moral fibre of our people has shown itself to be so splendidly firm. The Canadian armies are made up of men from whom we ought to be profoundly grateful. They are clean men. They are men worthy of the homes from which they have come and they are not forgotten those homes and they are not going to be unworthy of them. I have had the opportunity of seeing a great many of them, both in England and in France and we have a right here in Canada to be thankful that our boys are just as good and many are better, than they were at home."

CHICAGO BUYS POTATOES FOR BENEFIT OF THE POOR

The city of Chicago is going into the wholesale potato business for the benefit of the poor. The city council has authorized the appointment of a board to which the city will loan \$200,000 to be invested in potatoes.

They will be stored and the city will be guaranteed the return of its \$200,000 in nine months, plus two and one-half per cent. The guarantors are fifty wealthy citizens.

ENDORSED BY WILSON

Washington, Oct. 8.—A movement to lead an express public opinion on the war was inaugurated here today by formation of the League of National Unity, representing church, political, labor, agricultural and industrial organizations, to which President Wilson gave his endorsement in an address emphasizing the need for team play by the forces of American thought and opinion.

GAVE HER DELICATE CHILD VINOL

Newaygo, Mich.—"My little boy is in a delicate, weak, emaciated condition and had a cough so we had to keep him out of school for a year. Nothing seemed to help him until Vinol was recommended, and the change it made in him was remarkable. It has built him up and made him strong so his cough is almost entirely gone. We can not recommend Vinol too highly."—Mrs. E. N. Anlon.

NOW FREE FROM PAIN

Woman Cured by Lydia E. Pinkham's Vegetable Compound after Three Years Suffering.

Buffalo, N. Y.—"I am the mother of four children, and for nearly three years I suffered from a female trouble with pains in my back and side and a general weakness. I had professional attendance most of that time but did not seem to get well. As a last resort I decided to try Lydia E. Pinkham's Vegetable Compound which I had seen advertised in the newspapers, and in two weeks noticed a marked improvement. I continued its use and am now free from pain and able to do all my household work."—Mrs. B. B. ZELINSKA, 224 Woltz Ave., Buffalo, N. Y.

Women who recover their health, naturally tell others what helped them. Some write and allow their names and photographs to be published with testimonials. Many more tell their friends. If you need a medicine for women's ailments, try Lydia E. Pinkham's Vegetable Compound. Write Lydia E. Pinkham Medicine Co. (confidential) for anything you need to know about these troubles.

IF YOUR EARS RING WITH HEAD NOISES

If you have Catarrhal Deafness or head noises go to your druggist and get 1 ounce of Parment (double strength), and add to it 1-4 pint of hot water and 4 ounces of granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Any one who has Catarrhal Deafness or head noises should give this prescription a trial.

A New, Harmless Way to Banish Hairy Growth

(Beauty Topics.)

By following this suggestion any woman can, in the privacy of her own home, remove every trace of hair or fuzz from her face. With powdered dandruff and water mix powder paste to cover the unwanted hair; apply and brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary lather arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all of the dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single hair and trace of it.

Dandruff Surely Destroys the Hair

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel like a hundred flaps. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at First Sign of Bladder Irritation or Backache

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out; they weaken from overwork, become sluggish; the eliminative tissues, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or if you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

NORTHCLIFFE SAYS FOOD PRODUCTION AND ECONOMY IS NOW ALL IMPORTANT

Montreal, Oct. 8.—A lecture to the people of Canada on food economy was delivered by Lord Northcliffe, head of the British war mission to the United States, in an interview today. Lord Northcliffe said: "If the Canadian and English soldiers are to get their full rations two things are essential, a greatly increased effort on the part of your farmers to produce more hogs, beef, cheese, and butter and an intensified effort on the part of the Canadian people to reduce their personal consumption of food. "The great economy now practised in England is apparently unknown here. There is no such thing as white bread in the old country, from the king's table downwards. There are no pleasure automobiles. Such gasoline as can be obtained by medical men and others is two dollars a gallon, issued and sold under very limited license. "Great Britain is divided into sixteen food districts. The mills, the wholesale stores and the retail stores are under the control of the government. Storekeepers are registered and licensed. Any storekeeper exceeding the regulated price is put out of business. Profiteering is practically impossible. In a recent despatch which I had from England I saw the name of one profiteer, who was fined \$25,000 and heavy costs. "We in Great Britain are undergoing these privations in order that our soldiers may have full rations. There is no starvation or anything approaching it. To be accurate the public health has been greatly improved by the limitation of eating for it has been found that the average person had always eaten too much."

CITY MOURNS SUDDEN DEATH OF WM. MURDOCH

William Murdoch, city engineer, died very suddenly at 4 o'clock yesterday morning at his home, 96 Leinster street. He was out on Sunday and attended church services both morning and evening and was apparently in the very best of health. His passing will be a severe shock to a vast host of friends and acquaintances. As a civic official his death will mean a great loss. Since his twenty-first year, and he was now in his seventieth, he had been in the employ of the city in various capacities and to him is attributed largely the building up of the present system of water supply. By the public generally his untimely death will be deeply mourned. When Mr. Murdoch's uncle, Gilbert Murdoch, was superintendent of water works here, he induced his brother, William Murdoch, sr., to emigrate from Paisley, Scotland, where he had been engaged at the shoemaker's trade established by his father. William, jr., who was born there April 16, 1848, son of William and Margaret (Smith) Murdoch, accompanied the family here in 1854. William, jr., began his school education in Paisley and continued it here, attending the grammar school, and receiving private tuition as well. After the completion of his course of study he began an apprenticeship in a foundry where he remained until he was twenty-one, and while learning his trade he spent his evenings in studying surveying and civil engineering under the guidance of R. C. Minnette and John C. Weldon, city surveyors. Having passed a successful examination for the crown land service, he was appointed deputy surveyor, a position he held for many years, and during that time he did considerable surveying for private parties. Entered City Service at 21. He was only twenty-one when he became assistant engineer of the water and sewerage department and during the succeeding years he held various capacities in the service, in 1884 succeeding his uncle, Gilbert, as superintendent of the water works, together with that of engineer of the sewerage department which he filled with marked ability. In 1903 he became city engineer with wide scope, and he held this office until the time of his death. Upon the establishment of commission form of government, however, the public works and the water and sewerage departments engaged engineers of their own. Mr. Murdoch still looked after the work in the department of harbors, ferries and public lands, and was also consulted in reference to other work. On last Saturday Mr. Murdoch was at his desk as usual and in conversation with officials at city hall, appeared in the best of health and spirits. On January 13, 1876, Mr. Murdoch married Mary Augusta Armstrong, of Green Head, daughter of Joseph Armstrong. There were eleven children, as follows: Sons, G. G., of this city; F. S., of Winnipeg; A. W., at the front; Lieut. Roy, recently killed in action at the front; Robert, of Edmonton; daughter, Mrs. R. M. Carson, Calgary; Mrs. H. S. Brena, St. John, and Misses Margaret, Mary, Helen and Alice, at home. His wife also survives, and two brothers, Joseph A. Murdoch, of St. John, and John, of New York. Mr. Murdoch was a man of wide knowledge and was regarded generally as a man of marked ability and learning. He had many friends about the city. He was associated with many different organizations. He was formerly a member of various temperance societies, and of the Independent Order of Oddfellows. He was a member of Pioneer Lodge, of the Natural History Society, St. Andrew's Society, was an officer in the Imperial League, was vice-president of the New Brunswick Historical Society, and was a charter member of the Canadian Society of Civil Engineers and also of the Royal Kennebecasis Yacht Club. He was a lifelong member of St. Andrew's church and held various offices at different times. Mr. Murdoch possessed a marked journalistic taste and early in his life was employed on the reportorial staff of daily papers here. The Mayor's Tribute. His Worship Mayor Hayes, speaking of Mr. Murdoch last night, said: "It comes as a great shock to us, indeed, and we shall miss him greatly. He was at city hall as usual on Saturday. Personally I feel very sorry indeed. My relations with him were very intimate and always cordial and I will always cherish a kindly remembrance of him. As a civic employee he has given most valuable service." Commissioner Russell with whose department the engineer was chiefly connected in recent years, remarked: "We will miss the engineer very much. At the present he was engaged on harbor work of the greatest importance and his death will be a serious handicap. Personally I feel his death very keenly."

Negotiations For Union Gov't

Ottawa, Oct. 8.—Union government was not consummated today. It will probably not be consummated at all unless it is to be a real union government with Liberals in eastern Canada adequately represented as well as western Liberalism on a basis of "fifty-fifty" for all Canada, nor is it likely to be consummated if the situation in so far as the western Liberal leaders are concerned is clarified by the elimination, to some extent at least, of the anti-Quebec prejudice unjustly founded on the dominion leadership of Sir Wilfrid Laurier. If the latter, moved by the sincere desire to avoid deliberate Tory misrepresentation of his party's attitude in response to win-the-war effort and to avoid making anti-Quebec feeling dominant issue in the campaign, should decide that his faith of duty lay in stepping aside for an English-speaking Liberal leader rather than in continuing in his present consummating position of influence against the Quebec Nationalists and for the fundamental principles of Liberalism then the western Liberalists are likely to withdraw at once from the present negotiations. That is the outstanding development of today's conference of Premier Sifton, Hon. J. A. Calder and T. A. Crear with Premier Borden and Hon. Arthur Meighen. The whole question was canvassed for several hours at this afternoon's meeting. The proposals of the western men for real union government with representative Liberal leaders from eastern Canada included in the reconstructed cabinet as well as the western Liberals, were, it is understood, not very warmly received by Sir Robert or Mr. Meighen nor were they very cordial to the suggestion that if the westerners entered the administration they should be given a voice corresponding to their numbers in regard to deciding in the appointment of returning officers and enumerators for the west under the provision of the war time election act. Questions of the allotment of portfolios, the tariff issue, the control of national resources and general administrative matters were also discussed, but as far as can be learned tonight no agreements were reached. The negotiations will be continued tomorrow but no one can at this moment forecast the outcome. The parties in the conference probably do not themselves know tonight whether tomorrow will see a final getting together or a breaking off of negotiations.

Buy now before prices again advance. The price of "CEETEE" may change—but never the quality. Owing to the tremendously high prices for wool, the cost of all woollen goods has largely increased. Much to our regret, this will necessitate in the near future, a further advance in the price of "CEETEE" PURE WOOL UNDERCLOTHING THAT WILL NOT SHRINK. But remember—all underclothing bearing the "CEETEE" trade-mark is of the highest quality only. You can always rely on it as there is no low or medium grade "CEETEE". It is all full-fashioned—knitted on special machines—reinforced at wearing parts and every garment guaranteed not to shrink. Good dealers sell it. The C. Turnbull Company, Ltd. GALT - ONTARIO

Thrilling Experiences of Member of Original 6th C.M.R.; Thirty-six Invalided Home

A party of thirty-six returned soldiers reached the city yesterday at noon from Quebec. They were met at the station by Charles Robinson, secretary of the Returned Soldiers' Aid Commission, and other citizens who formed a reception committee. In the party there were twenty-two from Nova Scotia. They were sent to the local discharge depot and will be examined by a medical board previous to returning to their homes. In the party were the following St. John men: E. G. Coates, 69 City road; C. E. Conley, 86 St. Patrick street; F. Kane, 61 Elm street; V. Kroben, 14 Front street; H. McAuley, 4 Millidge avenue; W. D. Stewart, 27 Clarence street; C. Thompson, 4 Adelaide street; J. A. Wickham, 112 Charlotte street; also C. A. Colpitts, Gibson (N. B.); J. W. Conroy, Lawrence (Mass.); B. Harcourt, Bath (N. B.); S. E. Mills, St. Stephen; G. Shafer and J. R. White, of Fredericton, and F. Stanley, of Maine. Among the St. John men was Sergeant George E. Conley, of 86 St. Patrick street. He went overseas with the 6th C. M. R.'s and went to France where he has been in the trenches well over two years. In that time he has been awarded the sergeant's stripes for gallantry shown on the field of battle. A year ago last June when the famous battle of Ypres took place he was in the thick of the fighting and received a scalp wound from the effects of which he was forced to spend some time in hospital. In the battle of the Somme at Courcellette on September 16 he received a bayonet wound in the calf of the leg while storming a German trench and while crossing No Man's Land he was again hit in the leg with a bullet. With this double wound he was disabled and fell into the hands of the Germans. This was about 6 o'clock in the evening of September 16. From this until 9 o'clock he was a German prisoner. But under the cover of darkness he evaded the German sentry and stole away. While still suffering terribly from the effects of his wounds he crawled along the ground over the stretch of No Man's Land underneath a terrific shell fire. He reached his own lines in an exhausted condition and was picked up by some of his own men. When he was carried to the near-

OLD FOLKS NEED "CASCARETS" FOR LIVER, BOWELS

Salts, Calomel, Pills. Act On Bowels Like Pepper Acts in Nostrils. Enjoy Life! Don't Suffer Bilious Sick, Headachy and Constipated

Get a 10-cent box now. Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles. So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty. Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets, and they cost only 10 cents per box at any drug store. They work while you sleep. Private E. G. Coates. YOU WANT A FASTER STREET CAR SERVICE We Want You to Have It NEW BRUNSWICK POWER COMPANY Fewer Stops Mean Faster Service In order to give a better and faster service the New Brunswick Power Company has decided to change some of its present car stops and to do away, entirely, with others. Many of the stops now made are unnecessary and it must be remembered that every stop means delay. Time is lost bringing the car to a stop; time is lost waiting for passengers to get on or off; time is lost starting again. WHEN YOU BOARD A STREET CAR YOU WANT TO REACH YOUR DESTINATION AS QUICKLY AS POSSIBLE. The changes involved are but the matter of a few feet but they will enable us to run a faster schedule and to do away with a few stops which were a convenience to a few but a cause of delay to the many. The following changes in car stops will, therefore, go into effect on October 15: MAIN LINE. Ferris Hotel, Public Steps—Out both of these stops and place new stop opposite No. 80 Main Street. At present both of these stops are on a bad grade, and it is difficult to start again, particularly in winter season. The new stop will be 67 feet from Ferris Hotel, and 144 feet from Public Steps. Simonds Street—Discontinued as this stop is only 220 feet from Portland St. and 420 feet from Sheriff St. Post Office—Eliminate this stop as it is only 188 feet from Princess St. and 287 feet from Duke St. Queen Street; Custom House—Eliminate both stops, and place new stop 106 feet South from Custom House. This stop will then be 106 feet from Custom House and 100 feet from Queen St. Dufferin Hotel—Out, as this stop is only 179 feet from Head of King and Charlotte St., and 320 feet from Princess St. PRINCE WILLIAM AND ST. JAMES LINE. Canterbury and St. James—Out, and shift stop to corner of Prince Wm. and St. James, 30 feet around corner of St. James. New stop will be 189 feet from Canterbury St. Horsfield St.—Out, as only 250 feet from Princess and 300 feet from Duke St. Victoria Hotel—Out. This stop was only made going down King, and is only 160 feet from Head of King St., and 200 feet from Germain St. KING AND BRITAIN LINE. Corner of Queen and Pitt Sts.—This stop is on a heavy grade and cars are frequently stalled in making it in winter. New stop will be made in front of house No. 218 Pitt Street, just over the grade, and 310 feet from Queen St. Corner of St. James and Pitt Sts.—This stop will be shifted in front of No. 218 Pitt St., or 109 feet from St. James St. HAYMARKET SQUARE LINE. Foundry Lane—Out. Distance from corner Paradise Row and Main St. 395 feet, and to Harris St. 550 feet. St. Paul Street—Out. Distance from corner of Wall Street 300 feet and from St. Paul Street to Spring Street 200 feet. Summer Street—Out. Distance to Stanley Street 162 feet and to Spring Street 280 feet. Brindley Street—Out. Distance to Delhi Street 175 feet and to corner of Haymarket Square and City Road 200 feet. Exmouth Street—Out. Distance to Brunswick Street 200 feet and to Clarence Street 475 feet. Brussels Street Church—Out. Distance to Richmond Street 230 feet and to Union Street 399 feet. North Side King Square—Out. Distance to Sydney Street 162 feet and to Charlotte Street 233 feet. DOUGLAS AVENUE. No. 11—Out, as at present located and No. 10 stop shifted 219 feet West, and No. 9 stop to No. 10 stop 344 feet; No. 10 to No. 11, 450 feet. WEST ST. JOHN. West Side of Bridge—Out. Distance to next stop at Cushing's Road, 290 feet. Provincial Hospital, near Mr. P. Tolo's residence—Out. Distance to Asylum Gate stop 270 feet. Opposite W. E. Earle's residence—Out, and stop now located near residence of Mr. L. Ready, shifted 105 feet West. Olive Street—Out. Distance to Champlain Street 169 feet and to City Line 280 feet.

For a Kicker's Breakfast! Most men are critical about coffee. They travel around among the best hotels and taste coffee prepared by expert chefs. Now Red Rose Coffee was produced especially to meet the critic's keen, educated taste. It is a blend of the richest coffees, and is crushed—not ground. Some men, whom we know to be real kickers, have been kind enough to say that the flavor is equal to that of any coffee they have ever tasted. If you are a kicker, have your wife make you a cup and then tell us what you think of Red Rose Coffee. The same price as it was three years ago. ESTABROOK'S RED ROSE CRUSHED COFFEE

PLAYERS GET \$8 A MINUTE

Winners in Baseball Classic Are Likely to Get Even Larger Sum This Year

There is one record which is pretty sure to be smashed in the coming world's series between the Giants and the White Sox, and that is the amount of the spoils to be divided between the players of both clubs.

The high mark of financial gain was established in 1912, when the Giants and the Boston Red Sox clashed in this series.

The Giants-Boston series of 1912 broke all records for total receipts and attendance.

A vast amount of money is involved in world's series play. In the past thirteen years the public has paid \$2,876,224 to see the leaders of both major leagues in competition.

This year's affair is going to give the players the largest dividend they ever received.

The case differs from the usual transportation case because the liquor was evidently intended for ultimate delivery across the line.

The most considerate wife I ever heard of," said the philosopher, "was the woman who used to date all her letters a week or so ahead, to allow her husband time to post them."

The attendance figures by series since the year 1903 follow:

SPORT NEWS OF THE DAY HOME AND ABROAD

BASEBALL. President Comisky Happy. President Comisky was proud and happy as a result of Chicago's victory over New York on Sunday. Both he and Manager Rowland expressed relief that the victory assured the Sox the championship of the world.

Baseball. Howland Burns His Hand. Chicago, Oct. 2.—Clarence Howland, manager of the White Sox, Monday, is wearing a bandage on his right hand on account of a burn which he suffered at the ball park. During the excitement over the game on Sunday, when he was preparing to leave for New York, the victorious manager, in turning on the hot shower at the club house, thrust his hand into a greasy pan of escaping steam, and it was so badly burned that it had to be bound up in oil.

WRESTLING. "Doc" Roller vs Marvel. Next Wednesday night will see the first wrestling that has been staged in Montreal for a long time, when Doctor Roller and the Masked Marvel will meet at Sulmer Park in a catch-as-catch-can bout, the best two out of three falls to count.

SOEWING. Good Rolling on Black's. A match game between the Sweeps and Ramblers yesterday morning on Mack's alleys was won by the latter team by a small margin. Covey was high man with a grand total of 341. The individual scoring follows: Ramblers—Total Avg. Covey 100 144 97 341 1182-3. Leavitt 80 85 108 274 911-3. Ordan 84 95 88 267 89. Scott 72 94 89 258 85. V. Riley 91 109 98 298 991-3. 427 528 480 1435.

FOOTBALL. Interscholastic League. The first game in the interscholastic football league will take place on next Saturday afternoon in Fredericton, when the St. John High School boys will meet the Capital High School team. Never have the local boys been so badly handicapped. Only two weeks ago they succeeded in securing the Shamrock grounds for practice and since that time have been able to have only eight or nine try-outs, owing to unfavorable weather conditions. On Saturday they arrived for practice as usual, only to find that the grounds had been leased to a circus and that they would have to go elsewhere. Yesterday morning they went to a section of the rifle range and had a work out, but the ground was boggy. What they will do for grounds is a problem.

Baseball. Unique—Today. "Danger Underground". 5th Episode (A startling one) of "THE FATAL RING". Pathé News—Of Interest Always. Eddie Lyons and Lee Moran in Merry Mixup, "NIGHT CAP". THURS.—"The Cook of Canyon Camp"—Geo. Beban.

Baseball. Lyric—Today. "BIG TIMBER". A play of strength and purpose, and the kind of a play that pleases all. A Brilliant Comedy. Geo. Ovey in "Beach Nuts". THURS.—FRI.—SAT.—"THE SEVEN PEARLS" and Others. Coming — Vivian Martin and Sessue Hayakawa in "Forbidden Paths".

GOLD RAIN FOR DAY OF THIRD OF THE GAMES

Early Outlook Not Promising For Match Today. Betting Has Changed. Two To One and Five to One on Chicago Team — History of Other Series Points to White Sox as Winners of 1917.

Chicago, Oct. 2.—A light cold rain that fell intermittently in the early hours made weather conditions uncertain today for the third game of the baseball championship of the world. The weather bureau forecast was fair and colder, but fans became anxious as the rain continued to fall. The atmosphere was decidedly colder, but shivering fans stood outside the gate of the Polo grounds all night. Rain fell again last night and ceased, but at four o'clock it started again and for a time fell freely, making the well-groomed playing field heavy for the game.

POULTRY PARASITES

Poultry breeders will agree with Dr. A. B. Wickware, assistant pathologist to the Health of Animals Branch, Ottawa, that there is nothing more vexing in their pursuit than the problem of how best to deal with the intestinal parasites that infest fowl. Dr. Wickware has spent several years investigating the cause and cure of these pests and has embodied the result of his researches in a bulletin entitled "Intestinal Parasites of Poultry, Their Prevention and Treatment," that can be had free on application to the Publication Branch, Department of Agriculture, Ottawa. The doctor first of all describes the disease and methods of identification and then prescribes remedies by which it can be brought under control.

REALIZED \$5

The sum of \$5, the receipts of a bazaar held by two little girls, Josephine McElhinney of 200 Paradise row and June Parke of Bath, Maine, was given by them to Colonel F. McPhail, C. S. R., of St. Peter's church. It was auspiciously opened on last Sunday morning. Rev. J. J. O'Donovan is pastor of the church.

MISSION BEING GIVEN

A mission is being successfully conducted this week in the Church of the Assumption in West St. John by Rev. F. Healey, C. S. R., and Rev. P. McPhail, C. S. R., of St. Peter's church. It was auspiciously opened on last Sunday morning. Rev. J. J. O'Donovan is pastor of the church.

A NEW MATRON

Mrs. A. L. Peatman of this city has been appointed matron of the Children's Home in Elliott Row. She will assume the duties of her new position on Nov. 5, until which time Miss Harrison, who has been acting very efficiently as temporary matron will remain at her post.

VANDALISM

Returning to her home at Ketepec last evening a lady resident was annoyed to find that a crowd of girls and boys had made very free with her property, stolen her apples, broken into a cottage of hers and smashed a pane of glass and torn down three blinds and in other ways rendered themselves obnoxious. No one had been at home during the holiday and these spoliators, it was said, had been school children from the city, who returned in the afternoon. It is felt that such depredations should be put an end to.

BASKET BALL LEAGUE

The Y. M. C. A. physical training classes under the new director, S. S. Marshall, are progressing. A basket-ball league is being formed and four teams are already enrolled and there is a possibility of a cup being put up. Teams are being furnished by the Y. M. C. A., the Y. M. C. I., the province men in No. 9 Siege Battery and the city men in No. 9 Siege Battery. The Happy Eight are also looking over their material and may send in a team. The Ninth Siege Battery has some of the crack players of the city in its ranks and a fast league is expected.

AUTO TRUCK TURNS TURTLE

An auto truck owned by the Cornwall and York Cotton Mills Company was badly broken a little after noon today. It was proceeding down Portland street in charge of Leonard Shea when something went wrong with the steering gear and it went over a grade and turned turtle. The driver was quite badly shaken up and bruised, but fortunately escaped serious injury. He was attended by Dr. J. J. Dalton. The truck was quite badly damaged, the radiator bent and broken, the wind shield torn off and other damage done.

MRS. MARGARET MCKEE

The death of Mrs. Margaret, widow of Robert McKee, occurred suddenly yesterday at her home in Lorneville. Mrs. McKee, who was in her sixty-ninth year, had been in excellent health when she was stricken with heart trouble and passed away almost instantaneously. Her death came as a great shock to her family and to her many friends by whom she was highly esteemed. Surviving are two sons, Robert and Clifford, of Lorneville; one daughter, Mrs. Thomas Armstrong, of West St. John, and one brother, Thomas Galbraith, of the north end. The funeral will be held on Wednesday afternoon at 1:30 o'clock from her late residence.

CASWELL-STEPHENSON

A pretty wedding was solemnized this morning at the home of Mr. and Mrs. E. S. Stephenson, 111 Orange street, when their daughter, Miss Beulah, was united in marriage to Howard J. Caswell of Milltown, N. B. The bride was becomingly gowned in a navy blue traveling suit with purple hat and carried a bridal bouquet of lilies of the valley. The ceremony was performed by Rev. Hammond Johnston of Queen Square Methodist church. They were unattended. After the ceremony a dainty wedding breakfast was served, after which Mr. and Mrs. Caswell left on a wedding trip and on their return will take up their residence in Milltown. They were recipients of many beautiful wedding presents.

INSURANCE FOR NORTH SEA TRIP REDUCED

Danger from Submarines Lessened; Survivors Reach Port

Copenhagen, Oct. 6.—The danger from submarines having decreased insurance on Norwegian cargoes in the North Sea has been reduced from eight to seven per cent.

An Atlantic Port, Oct. 9.—With forty-one members of the steamship Wilmore, torpedoed by a German submarine in European waters some time ago, an American steamship has arrived here from Genoa, Italy.

It is stated that the vessel sighted several submarines while traversing the war zone and that her naval gunners shelled the undesired craft and they scattered and withdrew.

An Atlantic Port, Oct. 8.—Two of the crew of the British schooner George Ewart, sunk in collision with an unknown steamer in a storm of September 10, off the coast of Spain, reached here yesterday on a steamer from St. Johns, Nfld., for Gibraltar, with a cargo of dried fish, had been reported sunk by a submarine, but the men arriving here said the submarine came up after their ship had been so badly damaged in the collision that she had to be abandoned, and submerged again after finding the Ewart sinking.

The steamer which struck the schooner did not stop to ascertain what damage had been done. The Ewart's crew was eleven hours in an open boat before they reached the Spanish coast. The other members of the crew were sent home by another route.

Halifax Officer Killed in Action on October 1—Won the D. S. O. at Vimy

Halifax, N. S., Oct. 9.—Frank P. Bent, superintendent of railway mail service, received word this morning that his son, Lieut. Col. Phil E. Bent had been killed in action in France on October 1. Col. Bent had a brilliant military record, rising rapidly to the lieutenant-colonelcy. He received the D. S. O. after Vimy Ridge.

MATTER OF SHIPS, FOLLOWING BREAK OF SISTER NATIONS, MAKES CHILI CONSIDER

Santiago, Chile, Oct. 9.—La Nacion calls the attention of the government to the decision of Peru and Uruguay respecting the breaking off of diplomatic relations with Germany. It says it would be pertinent promptly to solve the problem arising from the international situation, as Chili might remain isolated and in a condition of disadvantage so far as concerned those countries, which by seizing interned German steamers will have at their disposal large tonnage.

Montevideo, Oct. 9.—The Uruguayan government, which has severed diplomatic relations with Germany, has notified the German charge not to leave the country until the Uruguayan diplomatic representatives are safely out of Germany. The government has asked congress to approve utilization of the interned German ships.

Rio Janeiro, Oct. 9.—The question of the utilization of German vessels interned at Brazilian ports continues to be a matter of serious consideration. An article published by the Correio De Manha, recommending the creation of national lines of trans-Atlantic steamers, sailing under the Brazilian flag and with Brazilian crews to meet the necessities of the Allies, is considered to have been inspired from a high source.

WAR AND BUSINESS NEWS OVER STOCK BROKERS' WIRES

(J. M. Robinson & Sons, private wire telegram.) New York, Oct. 9.—Debate in Reichstag on Germany's war aims postponed until today, according to Amsterdam dispatch. Chancellor Michaelis is off to front to see Kaiser. President Wilson, addressing leaders of new league for national unity, reaffirms policy that Germany must be defeated before there is any peace talk. Geneva despatch says official statistics show large increase in number of German munitions in munition factories. Japan buys \$38,333,500 of new Russian treasury bills proceeds to be used by Russia in paying for war munitions bought in Japan. Another credit of \$15,000,000 extended to Great Britain by United States. New York subscription to Liberty loan total \$28,000,000. Yesterday's sales of \$10,000,000 smallest sales so far. FURS THAT ARE DIFFERENT BUT TASTEFULLY SO

The accompanying illustration almost gives you an idea of the appearance of the new broad cape effects in vogue this season. We say "almost," because no Fur can be rightly judged by an illustration, and surely the finer Furs cannot.

A visit to our show-room will convince you, and you will be fascinated. You will not be urged to buy Capes in Raccoon, Ermine, Hudson Seal, Sable..... \$30.00 to \$60.00
