No other person was near the place when Prof. Weick, throwing off his hat which was found a few feet from the well, jumped into it. Two hours later his body was recovered. As the water was only five feet deep and he was six feet three inches in height, apparently he had held his head in the water.

MURDERS IN CHICAGO AVERAGE ONE A DAY

Chicago, Nov. 10.—In addressing the Chicago Association of Commerce, Edwin W. Sims, president of the Chicago Crime Commission, and former United States district attorney, declared that Chicago, with its population of 3,000,000, has more murders in a year than England, Scotland and Wales, with their 40,000,000 people.

He said last year the murders in Chicago averaged one a day.

"Crime in this city is as highly organized as a mail order business," said Mr. Sims. "There is not a police captain in the city today who, backed up by the prosecuting authorities and the courts, cannot reduce crime in his precinct 50 per cent in thirty days if he wants to. Crime conditions in Chicago are appalling."

A nugget of gold weighing more than three pounds and worth about \$1,000, has been found near Oroville, Calif., by a mucker in the employ of Stone & Webster, contractors for the construction of the Caribou power plant of the Great Western Power Company.

He told Mr. Wheeler that some one had stolen his coat, that he was a professor in Columbia University and that his wife was living in New York. His money had also been stolen, he said, and he could not get out of the city. Believing his story the owner of the house made him comfortable.

Mr. Wheeler offered him money for fare to New York, but he refused it. He spent all day Tuesday and Wednesday writing letters to his wife and daughter and reading papers. The Wheeler family did not notice anything queer

GUM DECAY CAUSES TOOTH DECAY

Healthy teeth need healthy gums to hug them. Else they will loosen in Porrhoea. Tiny openings will come in the gums to act as the gateways of disease germs, which infect the joints or tonsils, or cause other ailments.

Forhan's prevents Porrhoea, if used in time and used consistently. No mere toothpaste does. Are your gums tender? Are they bleeding? Are they itching? If so, you are certain to have Porrhoea (Rigg's Disease). Four out of five people who are over forty have it.

To you we earnestly recommend Forhan's. It preserves the gums which hold the teeth secure.

Brush your teeth with it. Forhan's cleans the teeth scientifically—keeps them white and clean.

If gum-shrinkage has already set in start using Forhan's and consult a dentist immediately for special treatment.

HOLY NAME S. C. T. Y.

Last evening Rev. Father Daly, C. S. S. R., of St. Peter's church, delivered an inspiring address to the members of the Holy Name Society in the Cathedral, taking as his text David's words to his son Solomon, "Be a man." He spoke very strongly against the tide of pleasure and luxury that was sweeping the world. He said the characteristics of a Christian man now were self-possession, self-confidence and sane aggressiveness. He held up Cardinal Mercier as a noble type of Christian manliness. The sermon commanded the close attention of his hearers for three-quarters of an hour. The opening part of the service was conducted by Rev. Wm. Duke and at the close Father Daly officiated at Benediction of the Most Blessed Sacrament. A large number of members of the society received Holy Communion at the 7 o'clock mass. Yesterday also was Holy Name Sunday in St. John the Baptist church. Rev. Dr. A. W. Meahan was the speaker.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" is the thumb-print of genuine Aspirin. It positively identifies the only genuine Aspirin—the Aspirin prescribed by physicians for over nineteen years and now made in Canada. Always buy an unbroken package of Bayer Aspirin. There is only one Aspirin—Bayer. You must say "Bayer" Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monocristalline Acetylsalicylic Acid. While it is well known that Aspirin means Bayer Manufacture, to assist the public against imitations, the Tablets of Bayer Manufacture will be stamped with their general trade mark, the "Bayer Cross".

This Skin Peeler In Great Demand

Since the discovery that mercurized wax possesses remarkable absorbent powers when applied to the skin, the demand for it as a complexion renewer has been tremendous. Druggists in every section report sales as far exceeding those of anything similar they have ever seen on their shelves. Ordinary mercurized wax gently peels off the dehydrated cuticle, in minute particles, so that the user gradually loses her old worn-out complexion, the more youthful under-skin taking its place. Cutaneous eruptions, blotches, moth patches, liver spots and freckles are of course removed at the same time. As the wax is entirely harmless, and easy to use, women all over the country are purchasing it in original packages and using it to quickly rejuvenate their complexions. The wax is applied the same as cold cream, and remains on overnight, then washed off with warm water.

Could Not Sleep

Mr. Earnest Clark, Police Officer, 338 King St., Kingston, Ont., writes:

"For three years I suffered from nervousness and sleeplessness. I believe my condition was brought about by overwork. I had frequent headaches, neuralgic pains and twitching of nerves and muscles. I had indigestion, was short of breath and easily tired. I commenced a treatment of Dr. Chase's Nerve Food, and seven boxes of this medicine cured me of all my symptoms. I am now feeling one hundred per cent. better than I was, and have to thank Dr. Chase's Nerve Food for the good health I am now enjoying."

IN THE CHURCHES

Rev. J. A. Elson, of Hamilton, Ontario, missionary in China and Japan, delivered a stirring sermon yesterday in the Queen Square Methodist church. He is preaching in the interests of the inter-church movement. The eightieth anniversary of the founding of Centenary Methodist church was celebrated yesterday. Rev. W. H. Barraclough of Moncton, a former pastor, conducted both services. W. C. Gosse, who attended the dedicatory services in 1839, was present.

Reports of the recent boys' conference in Moncton were given at the morning service in Exmouth street yesterday by Ernest Hopkins, Walter Thomas, George Purdy and Harold Hopkins. E. T. Thomas, superintendent of the Sunday school, told of the recent convention of the Maritime Sunday School Association in Amherst. The pastor, G. F. Lawson, also gave an interesting address.

In Brussels street Baptist church yesterday the Reformed Baptist church held service for the first time since selling its church in Carleton street to the Seventh Day Adventists. They are contemplating building a new church. Rev. J. A. MacKeigan announced at yesterday's service that St. David's would hold their next Sunday service in the new church. It is expected that Rev. Principal MacKinnon, D. D., of Pine Hill, will officiate.

The service in the Germain street Baptist church last evening was under auspices of the Y. M. A. Among those who took part were Lewis Simms, George Currie, Stewart Smith, David Thompson, Dr. P. L. Bonnell and Mrs. Archibald. Rev. S. S. Poole preached an excellent sermon. Rev. Simon Oram, recently ordained here, preached his first sermon in the Cathedral yesterday and made a fine impression.

Ven. Archdeacon Crowfoot scored the unscrupulous politician, the selfish capitalist and the narrow-minded churchman in speaking of the responsibilities of stewardship in his sermon to the congregation of St. Paul's church on Sunday morning. A large gathering of men heard Dr. M. S. Rees in his evangelistic address in city hall, West St. John, on Sunday afternoon when he spoke of the problems that confronted man throughout the ages. In the evening the hall was filled to capacity. Mrs. Rees conducted a song service. There were present Rev. W. R. Robinson, Rev. J. H. Jenner and Rev. J. H. Heany, and the president of the N. B. and P. E. I. Methodist conference, Rev. M. E. Thomas.

Under the auspices of the International Bible Students' Association, Rev. M. A. Howlett delivered a lecture on church union in the Imperial Theatre yesterday afternoon. Walter Sargent, leader of the association, presided. Rev. Dr. Steel, maritime superintendent of missions, was the preacher in the Exmouth street church last evening when he delivered a striking sermon on some aspects of mission work. At the morning services in the city churches yesterday many of the local ministers exchanged pulpits. The regular monthly exchange in the Baptist churches took place and Rev. S. S. Poole preached in the Waterloo street church; Rev. D. J. MacPherson in the Tabernacle; Rev. E. G. Dakin in Victoria street; Rev. A. L. Tedford in Fairville church; Rev. J. D. Rutelison in Ludlow street; Rev. A. S. Bishop in Charlotte street; Rev. W. R. Robinson in Germain street and Rev. J. H. Jenner in the Central Baptist church. Rev. J. C. Barrie conducted both services in Main

Street Baptist church in the absence of Rev. Dr. Hutchinson. Rev. F. S. Dowling of St. Andrew's church exchanged for the morning service with Rev. F. S. Townsend of Fairville and Rev. George Morris of Queen Square. Methodist church with Rev. Neil McLaughlin of the Portland Methodist church.

BURIED ON SUNDAY. The funeral of Arthur McHarg took place yesterday afternoon from his late residence, in Water street, West St. John. Rev. W. R. Robinson conducted service and interment was made in Cedar Hill cemetery. Members of King Edward Lodge, P. A. P. B., No. 39, and other lodges attended.

Edmond MacDonald, aged fourteen, while riding down King street on a bicycle last evening, hit the curb near Market slip and was thrown from the machine, breaking his leg. Policeman Young telephoned for the ambulance and he was taken to the General Public Hospital.

BODY OF ELLA WHEELER WILCOX TO BE CREMATED

The funeral of Mrs. Ella Wheeler Wilcox, author and poet, was held in the chapel of the Springfield, Mass., cemetery, preparatory to cremation. About 60 persons attended the simple service, filling all the seats in the little edifice.

The body was taken to Springfield from Short Beach, Conn., where Mrs. Wilcox had a summer home, and was accompanied by friends and neighbors. Rev. J. H. Nolan, rector of St. Peter's Church, conducted the service.

The service scheduled for 1.30 was delayed until 2 o'clock to await the arrival of a harpist, Mrs. Edith Davics Jones, and a quartet from Short

A Holiday in Halifax

When Mayor Parker of Halifax last week asked what the council wished in the matter of celebration of Armistice Day, Tuesday, Nov. 11, on which day His Majesty the King has requested that every body suspend activities in re-membrance of our glorious dead, the council adopted a resolution asking the Mayor to declare the day a civic holiday, if the authorities do not make it a general holiday.

SEALED TENDERS addressed to the undersigned and endorsed "Tender for the purchase of dredge Canada (P. W. D. No. 7)," will be received until 12 o'clock noon, Thursday, November 27, 1919, for the purchase of dredge "P. W. D. No. 7" registry No. 130249.

The dredge is moored in the harbor of Liverpool, N. S., and may be inspected by arrangement with J. K. Blankinship, Superintendent of Dredges, St. John, N. B.

The hull is of iron, built in 1873 by Wm. Simons & Co., Beaufrey, Scotland, 132 feet long, 20-foot beam.

There are two simple 22" x 21" engines (one Scotch 10 diameter, 9' length boiler).

The Department is disposing of this vessel as it finds it no longer economical to operate as a dredge. It may be found possible to convert it into a steamer or barge.

Intending purchasers are to assure themselves as to the accuracy of this information which is not guaranteed, and to satisfy themselves as to the condition of the plant. The dredge will be turned over to the purchaser as it now lies.

The successful tenderer must complete the purchase and take possession within one week of notification of acceptance of tender.

The party whose tender is accepted must make cash payment before taking possession of dredge.

Each tender must be accompanied by an accepted cheque on a chartered bank, equal to 10 per cent of amount of tender, payable to the order of the Minister of Public Works, which will be forfeited if the person tendering declines to carry out his bid. War Loan Bonds of the Dominion will also be accepted as security, or War Bonds and cheques if required to make up an odd amount. The Department does not bind itself to accept the highest or any tender. Sale is subject to a reserve bid.

By order, R. C. DESROCHERS, Secretary.

Department of Public Works, Ottawa, November 4, 1919. 11-11

Reign of Anarchy in United States Planned

Fearful Proposals in Projects of the Reds

DESTROY POWER OF RULE

Most Dangerous Propaganda Ever Disseminated by a Radical Organization in the United States—'Jim' Larkin Among Those Held

(Special to Times.)
Boston, Nov. 10.—Boston "Reds" made the second anniversary of the Bolshevik dictatorship of Lenin and Trotsky, who, in 1917, with German assistance, overthrew Kerensky's government and withdrew Russia from the ranks of the allies. Permission to use their halls was denied them and an angry crowd of 500 was dispersed by police and state guardsmen in front of the Lancaster Theatre. The programme of unions of Russian workers in the United States as learned in literature seized in this city is—

- Complete destruction of private control of natural resources and capital.
- Complete destruction of power of rule.
- How it is to be done.
- Convert small strikes into general strikes.
- Convert general strikes "into armed revolt of the laboring masses against capital and state."
- Seizure of all means of production and all articles of consumption.
- Merciless destruction of all remains of governmental authority and class domination.
- Liberate all prisoners.
- Demolish prisons and police offices.
- Destroy all legal papers pertaining to private ownership of property.
- Destroy all field fences and boundaries.
- Destroy all certificates of indebtedness.
- Blow up barracks.
- Shoot most prominent military and police officers.

Alarming Disclosures.

Washington, Nov. 10.—(Canadian Press)—Plans of the union of Russian workers to bring an overthrow of the government through a general strike are revealed in documents seized in the nation wide raids of federal authorities on Friday and Saturday. With the government overthrown and everything "wiped from the earth that is a reminder of the right of private ownership of property," the Russian workers, according to their manifesto, looked forward to "the magnificent beautiful form of man without a God, without a master and free of all thorny."

The documents and publications obtained in the raids, officials said today, are of the most inflammatory nature and make no effort to conceal the union's programme of destruction and manner to achieve its ends. Much of the material made public is of such a nature as to cause ordinarily any newspaper reprinting it to be barred from the mails. Included among the documents seized, all of which are printed in Russian, is "Novomirsky—Manifesto of Anarchists—Communists." This publication was said by Assistant Attorney-General Garvan to be the most dangerous piece of propaganda ever disseminated by any radical organization in the United States. It outlines the purpose of the movement as "complete destruction of private control of natural resources and capital and complete destruction of power of rule and the institutions invested with powers to enforce rule of one man over another."

Mr. Garvan called particular attention to statements in the manifesto having a bearing on the government's activities in connection with recent strikes. The government's attempt to put down riots were attacked as nothing short of murder where such attempts had resulted in death for anybody. In its discussion of war, the manifesto indicates the American people for honoring General Pershing.

"Big Jim" Larkin Held.

New York, Nov. 10.—Thirty-seven men suspected of leadership in ultra-radical activities have been held on various charges after officers had finished questioning 1,000 and more who were bagged in the biggest raid New York ever saw.

Boston Merchant's New Business Plan

John Shepard Jr., Proposes to Have House of Representatives, Senate, Cabinet and President

(Special to Times.)
Boston, Nov. 10.—The attempt to push a bill through congress to have the railroads run by their men resulted in failure and the offer of a manufacturing concern in New York to sell out to its employees or give them a percentage was not accepted, but a Boston merchant's plan for a new deal needs approval, as it seems to provide the happy medium in the way of profit sharing and at the same time puts the onus of management upon the help.

John Shepard, Jr., proposes to have the first really all American store in the United States. He proposes to model the government of the store after the United States government plan, which consists of a senate, a house of representatives, a cabinet and a president.

PARLIAMENT DOES BUSINESS ON SUNDAY

Keeps Up Session to Put Through the Prohibition Matter

(Special to Times.)
Ottawa, Nov. 10.—It was hoped that by sitting on Saturday the house could clear up all its arrears and get away, but it was a vain hope. It started in on Saturday morning with the estimates, the prohibition bill and one or two minor matters, one relating to the shipping act and the other to the railway act, were withdrawn when some opposition was manifested to them. Very little criticism was made to the estimates, and all speeches were curtailed to the limit. But notwithstanding all this, the house found itself sitting on Sunday morning and had to adjourn finally without having finished business.

The house deliberately sat some time into Sunday morning. Frequently it has impinged a little on the Lord's day but so far as old parliamentarians here can recall, never deliberately as it did this time. There was a great temptation to do so as it was desirable to give the prohibition bill its third reading so as to have it ready for the senate today, and on motion of Sir George Foster the act was done.

There has been precedent. During the time of the Commonwealth, the British parliament met several times on Sunday and also on Good Friday and New Year's Day. Again, William the Third died on March 2, 1701, and parliament met on Sunday. The reform bill got its second reading on Sunday, Dec. 18, 1831. In 1866 Sunday, Feb. 18, the British house took just the same time from the day of rest as our house did this time, three-quarters of an hour, when the royal assent was given to a bill for the suspension of the House of Commons act in Ireland. It was done again in 1888.

The amendment to the Grand Trunk bill made by the senate did not seem to please anyone. Certainly the government did not want its measure amended and the opposition criticized it as making the bill worse than it was before. With both sides in that frame of mind, this would seem to be the physiological moment for performing that long deferred operation on the senate for its reform which pretty nearly every government since confederation has promised itself at one time or another in moments of irritation it would do.

So far as the house is concerned, there seems to be no reason why parliament should not prorogue today, but the senate may deliberate longer over the prohibition legislation than expected. It may look on this as another example of "hasty legislation," which should be checked, but that is hardly likely. When the prohibition legislation was turned down last session one of the reasons given was that it was interfering with the rights of the provinces. That reason, at least, can no longer be alleged. In view of the fact that one effect of the bill will probably be to give a chance for a final "stocking up" of cellars during the winter interval lapses after the declaration of peace and before new legislation is invoked in any province, the senate may look upon it with favor.

The Prohibition Bill.

Ottawa, Nov. 10.—During the forty-five minutes the house sat after midnight Saturday two protests against the proceeding were voiced by French-Canadian members, but they were not heeded. Ernest Lepoint declared that in the fifteen or sixteen years he had been in the house nothing of this kind had occurred. A Laforetie produced the Lord's Day Act to prove that it was Sunday and declared the action of the house to be unchristian. Objectors to the proceedings were met by the reply from the government side of the house: "We are doing good work."

The bill to amend the Canada Temperance Act as finally adopted contains no reference to the manufacture of liquor, which means that manufacture for export will be allowable and that any plebiscite taken at the request of a province will deal with the matter of importation only. Manufacture of liquor was dealt with in a bill passed earlier in the day to amend the act in aid of provincial legislation prohibiting the sale or use of intoxicating liquors. This bill prohibits the manufacture of liquor when it is known that it will be used in violation of the law of the province in which it is manufactured.

No Casualties.

Namur, Belgium, Nov. 10.—There were no casualties in an explosion of a large ammunition dump near Fort Diave on Saturday. Only four of fourteen British sentries on duty had answered for the roll call during the day, and it was feared the others had been killed. Later, however, the missing men reported.

Come on Everybody! Shove the Indicator Forward

YOU dare not let Canada's Prosperity Indicator slip back; you must keep shoving it forward. Every dollar added shoves it over that much nearer to Continued Prosperity.

Great Britain is prepared to place large orders in Canada, but she is temporarily unable to pay cash for them.

Canada can get these orders if she gives Great Britain credit. Canada can give this credit if you provide the money to pay the workers on these orders.

You will provide the money through your purchase of Victory Bonds.

Therefore the more Victory Bonds you buy the more orders Canada will get—the more money there will be to distribute among our workers—the more money there will be put in circulation for the benefit of all.

Canada's Prosperity will be in proportion to Canada's purchase of Victory Bonds.

There are only five more days.

Shove the indicator over into Continued Prosperity.

TOMORROW WILL BE NATIONAL FISH DAY IN THE DOMINION

Keeping in view the great asset Canada has in her fisheries the Canadian Fisheries Association set apart one day in the year to be known as "National Fish Day." This year tomorrow, Nov. 11th—Armistice Day—has been so set apart, and efforts are being made to have

fish used and especially featured in every home, hotel, dining car, etc., on that day, with the object of drawing special attention to the desirability of the general use of fish as food in this country.

Canada's fisheries are now worth to this country more than \$50,000,000 annually and they give employment to about 100,000 people, but there is every reason why fisheries productions should be rapidly expanded.

From a food standpoint fish is equally nourishing as meat; when it is properly cooked it is quite as palatable and it is much cheaper. There is, therefore, virtue in the slogan of the association, "Eat fish and reduce the cost of living."

A piece of sound public advice is not to confine the use of fish to a few well known varieties such as cod, haddock, halibut, etc. There are several other species such as flounders locally known as plaice, soles, dabbs, etc., skate, the wings of which are excellent food, pollock, hake, cusk, etc., which are plentiful and cheap, because they are not yet in much demand.

The fisheries branch of the department of the naval service, which is doing much to promote the general use of fish, strongly endorses "National Fish Day."

17,000 INFLUENZA DEATHS.

London, Nov. 10.—Dr. J. C. Dunlop, superintendent of statistics, in a supplement to the reports of the registrar general for Scotland, states that the total number of deaths ascribed to influenza during the epidemic in Scotland, in the latter part of last year and the early part of this year, was 17,575, this number including not only those deaths of which influenza was the sole named cause, but also those deaths to which influenza was one of two or more named causes, the latter being by far the more numerous.

The death roll from the recent epidemic was greatly in excess of all previous epidemics. The greatest influenza mortality hitherto was in 1900, when however, it amounted only to 2,826.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., MONDAY, NOVEMBER 10, 1919

STILL MOPPING UP

WHEN the Gallant Canadians charged the enemy's lines on many a hard fought field their verve and dash carried them right through the enemy's positions and into conflict with the reserve troops behind. It then became the duty of supporting battalions to "clean up" the ground covered, bombing the dugouts in which terrified Germans had taken cover, rushing pill-boxes and bringing prisoners in by the score. This was the task of The 26th New Brunswick Battalion at Courcelette and stiff work it was---but it was well and thoroughly done.

The Canadian army as a whole did far more than could reasonably be expected of it during the war---never failing to achieve its objective---never yielding ground once captured and consolidated. Our four divisions really met and defeated one-fourth of the whole German army during 1918.

Our soldiers have won the day, they have carried the charge. It remains for the people at home to "Mop Up" after the long battle which ended so gloriously one year ago tomorrow. The subscribing of the Victory Loan, 1919, to the last dollar is an imperative part of this cleaning up process while the soldiers who broke the resistance of the enemy are meeting the stubborn tide which they must face in re-establishing themselves in civil life.

Grand Armistice Day Rally

Imperial Theatre, Tuesday, Nov. 11

9 p. m.

In Commemoration of the Capitulation of the Enemy and the Triumph of the Allied Arms.

Lieutenant-Governor Pugsley, Mayor Hayes and several speakers from outside the province will address the gathering. The Veterans' Band will be in attendance, and all classes will be represented on the platform. The Imperial Theatre was the scene of many historic gatherings during the war but none was more momentous than this will be---the celebration of the first anniversary of the cessation of hostilities.

By request of the King, all activities cease at eleven o'clock on Tuesday for two minutes. Why not give these two minutes to a quiet consideration of the blessings of peace with victory and to your individual duty towards your country and to the men who made victory possible, deciding to make your subscription to the Victory Loan at least twice what you had first intended?

Merchants and householders are requested to display flags and bunting tomorrow in honor of Armistice Day and as a reminder to

KILLED BY HIS BROTHER, WHO THOUGHT HIM DEER

Arthur Duplissea of Enniskillen Meets Tragic Death in The Woods

A sad shooting accident occurred yesterday at Enniskillen, N. B., in which a well known young man of that place, Arthur Duplissea, was killed in mistake for deer by a bullet from the rifle of his brother, Andrew. The fatality has caused a feeling of gloom throughout the community and there is deepest sympathy for all concerned, especially for the young widow and child of the deceased. The two brothers started into the woods yesterday afternoon about three o'clock in company with a friend named Howe, each taking a rifle. They separated, Arthur taking one course and his brother and Howe another. When the latter two got to a spot between Enniskillen and Hoyt stations they thought they saw a deer. Arthur fired and then, running forward to see if he had found his target, discovered to his horror that he had shot his brother. With Howe's assistance the wounded man was taken towards the railway, but he died before they got there. He had been shot through the jaw. Besides his wife and child he is survived by his mother, Mrs. Duplissea of Fairville, and two brothers, William and James, the latter a former member of the 28th Battalion. The dead man was a brakeman with the C. P. R. last winter, and was favorably known to many friends who will be shocked and grieved to learn of his tragic death.

OUR TURNIPS TO U. S. MARKET

Shippers Paying \$3 For Potatoes - Death of Mrs. Mary J. Stafford

(Special to Times.) Fredericton, N. B., Nov. 10.—There is a fairly steady movement of turnips out of New Brunswick to the United States market with prices fifty-five and sixty cents a barrel. This is a fair price compared with other seasons. The crop is large and the demand not heavy. All the turnips required are coming forward to supply the market.

In the potato market things are quiet at present, with prices unchanged. Three dollars a barrel is the price being paid by the shippers. Stock is coming to the shippers in good condition. The potatoes have been well sorted by the farmers and there will be no further trouble from rot depleting the stock. Mrs. Mary J. Stafford, widow of Robert Stafford, died on Sunday in Marysville at the advanced age of ninety. She is survived by five sons, George, Samuel, John, Frederick and William, also two brothers, James Wister of Marysville, and Thomas Wister of Los Angeles. She was the youngest of the west residents of Marysville, having come from Leppreau, Charlotte county, with the late Alexander Gibson, founder of the town and his party.

UNDER SPEEDY TRIALS

Cases up Today Before Judge Armstrong in County Court. In the county court this morning the cases of the King vs. Jas. Crawford and the King vs. Smith and Stanton came before Judge Armstrong to be tried by speedy trials. Crawford and Stanton pleaded guilty to breaking, entering and stealing. Smith and Stanton pleaded not guilty to stealing lead from the city. J. M. Paterson identified a section of pipe by markings as belonging to the city and identified Stanton as being employed on a truck by the city.

S. A. Sewell, superintendent of the water and sewage department, identified the section of pipe as belonging to the city and the scrap lead as coming from Brussels street or City road. Jacob Freedman, metal dealer, testified that Smith sold him 1470 pounds of scrap lead on Oct. 9 similar to the lead exhibit and gave his name as Harry Goodwin of 17 St. Patrick street. On the 10th, he said, Smith returned with four coils of new lead pipe which he (Freedman) refused to buy. He said Smith returned next morning with a quantity of lead pipe cut into short lengths which he also refused to buy. Detective Biddiscombe gave evidence of finding a barrel and bag of cut up lead piping near the Canadian Brush Factory and of the arrest of Stanton.

Acting Detective Saunders gave evidence of finding the lead and notifying Detective Biddiscombe and of the arrest of Stanton and later of Smith. A man named Baxter was called and testified that the lead was stored in his barn by Gilberts, who had since gone away, and that he (Baxter) hauled it to Freedman's. He said that Smith received \$40.96 for the scrap lead and handed the money to Gilberts who paid Baxter \$8 for hauling the lead. Next day he said he found Gilberts Stanton and Smith cutting up the lead pipe in the barn. When Freedman refused to buy this they took it to the dump and left it there. Mr. Barry for Smith said that Smith had been drinking for some weeks and did not remember anything about the affair. He spoke of him as a good worker and having a good character until he began to drink six or eight months ago. Wm. M. Ryan for Stanton said that Stanton has a wife and five children, has been overworked and granted a pension which he would lose if convicted; that there was no intent to commit a crime and that he trusted his honor would take these facts into consideration. C. S. Hanington spoke of knowing of Smith's previous good character. The court was adjourned to 5 p. m. to make further inquiries.
