PLEASING FEATURES MARK LUNCHEON

Percy Hutchison, English Actor-Manager, Makes Stirring Canadian Address—Maritime Mission is Lauded—Presentation To President-Elect Kinman Takes Place.

STIRRING SPEECH

A stirring address by Percy Hutchison, visiting English actor-manager, proved a delightful feature of the occasion. A presentation and other distinctly Rotarian characteristics also marked the luncheon. Carl G. Fraser was in the chair.

PROMINENT VISITOR

Addresses were given by T. F. Drummie, general manager of the N. B. Publishing Co., on "The Operation of the Press," while A. West, managing editor, spoke on "The Sources and Handling of News." Included in the guests for the day were Percy Hutchison, eminent English actor, S. M. Barnes, T. D. Estabrooks, E. E. Robinson, Walter H. Golding, manager of the Imperial Theatre.

MARITIME MISSION

He paid a glowing compliment to A. M. Belding, envoy of these newspapers to western Canada recently. Mr. Belding's work, Mr. Hutchison said, was exerting a tremendous influence wherever he had gone, and although Mr. Belding was present at the luncheon, he said he was compelled to acknowledge his great work. British capitalists, he said, were deeply interested in the sending of British goods to Canada, and along these lines he was trying to do his little bit. He had Mr. Belding's report of his trip in print, and he was carrying it back to England with him to lay before Stanley Baldwin, Prime Minister of Great Britain. That all was not well in Canada no one would gainsay. Mr. Hutchison declared, but Canada could, and should, and will be among the great nations of the earth. He concluded by reciting a stirring poem on the King, and when he resumed his chair he was accorded an ovation.

RECEIVES CLOCK

Dr. H. L. Spangler, who recently returned from a trip out to California, A. M. Belding, E. Palmer Kinman and H. Mont Jones, retiring president of Rotary, were called out and listened to an original song of welcome and commendation given by a quartette composed of R. March, P. E. Garret, C. Gandy and W. Ken Haley. Mr. Kinman, who is to be married this week, was made the recipient of a handsome clock, a gift of the club, the presentation being made by Mr. Jones.

AN appropriate addition to the story of the Rotary luncheon today will be found on page 5. It is the history of the movement and achievements of the Rotary Club in Saint John, which will be read with keen interest by all Times-Star readers.

A FOOD FOR THE AGED

Many old people sleep better with some form of nourishment late at night or when they wake in the midnight hours. Hot Purify Milk, plain or modified with a cereal grain, hot malted milk, or hot milk-bouillon with one or two crackers may be given at such a time. If an old person wakes early in the morning, food is often desired before the first breakfast. A glass of Purify Milk at this time is timely and always available.

By such additions to the menu, it is likely to come about that the number of meals is increased in extreme old age to five or six instead of three a day. In many ways, the diet approximates that fed to children in the first five or six years of life. Juices, well-cooked cereals, eggs, strained vegetables and especially Purify Milk. The emphasis on building materials is less, and hot and stimulating foods not permissible in early life are usually a part of the aged person's diet. Moderation and simplicity are the passwords to health where old people are concerned.

Be sure to use Purify Milk—it is rich and pure. Phone Main 5000 and order your daily supply now.

SPECIAL EVENTS MARK SUNDAY IN CITY CHURCHES

Former War "Padre" Tells of Work on Pacific Coast

REV. DR. CHOWN SPEAKS OF UNION

Service of Sermon and Song in St. Andrew's - Exchange of Pulpits.

Accounts of the medical and evangelistic work of the Columbia Coast mission among the scattered communities and the isolated settlers along the lower half of the coast of British Columbia and Vancouver Island, were given by Rev. Allan Greene in his address before two city congregations and two Sunday schools yesterday.

Was War Chaplain. Many returned soldiers in the city were glad to welcome Mr. Greene and recall the days overseas when he was "Captain Greene," a padre of the 2nd Brigade of Heavy Artillery of the C. E. F., serving in the Vimy, Arras and Cambrai sections.

That the Methodist Church believes in the Divinity of Jesus Christ, preaches it and teaches it, was affirmed by Rev. Dr. S. D. Chown, general superintendent of the Methodist Church of Canada, in a sermon that held the close attention of a large congregation in Centenary church last evening.

He looks for his text, "We want to see Jesus." People wanted to see Jesus Christ in three aspects, he said. They would see Him in His personality, His daily life and in His supreme hour of suffering, when He died to save the world. These were living issues today, he said.

After dealing with these points theologically, Dr. Chown said that he must speak of the coming vote for Church

Union and of the literature which was sure to come from the opponents of that union, telling the people that the Methodist Church denied the Divinity of Christ; that it was an apostate church and had no message for a sin-burdened world. This literature would also state that the Methodist Church did not believe in the Second Coming of Christ; the authority of the Scriptures and the necessity for the Atonement of our Lord.

Each statement was dealt with by the preacher, who said that the real reason why the Methodist Church was not making any commotion over the union, was that "we want to live as a company of friends. The Methodist Church has no other motive."

At St. Andrew's. The service of sermon and song in St. Andrew's church last night was deeply inspirational and was attended by a very large congregation. The subject was "The Road to Calvary" and Rev. J. S. Bonnell, the minister, gave an eloquent address. In the first part of the musical programme the theme was the Upper Room at Gethsemane. A mixed quartette composed of Miss E. Climo, Miss B. Thomson and Mr.

Shaw and Mr. Bewick sang "The Upper Room." The solo "It Was Alone the Saviour Prayed," was sung by Miss Blenda Thomson. In the second part the choir sang "Jesus is Standing in Pilate's Hall," with Mrs. Blake Ferris taking the solo part in this number. Miss Blenda Thomson sang "He Was Despised." "There is a Green Hill" was sung by the quartette with the choir taking the chorus. In the closing part of the musical numbers Miss Climo sang "There Were Ninety and Nine," and the choir with the quartette sang "Christ Arose." The final number was the "Gloria" from the Twelfth Mass by Handel and Mrs. Blake Ferris assisted the choir in rendering this glorious conclusion to a wonderfully inspiring service.

Speaks of China. Rev. Walter Small, returned missionary from China, gave an illustrated address on the work in China in the Ludlow street Baptist church last night and showed lantern slides of scenes in the Chinese mission field. Rev. W. A. Robbins, the pastor, conducted the service. Charles Stackhouse was the soloist. Mr. Small also addressed the Ludlow street Sunday school in the afternoon session. tures and Robert Chetley offered prayer. Members of Gordon Flewelling's class made the presentation of a staff for the school banner. The school won the banner at the denominational rally. Frank Cliff made the presentation and Arthur Burdit, the superintendent, accepted it.

LIKE YOUR FEET. Before Boots were worn foot troubles were unknown. Manikind walked as nature intended. Walking with wrong fits, wrong heels and toes created many troubles. The tasks set for modern eyes are not what they used to be. The eyes have adapted themselves as the best they could, but they haven't caught up with it. The eyes of four in five show the effects of overstraining. If your parents and grandparents strained their eyes, yours may have inherited the defects. Or you may have done it yourself. In any case four in five need the help of Glasses, for better and easier sight. The symptoms often hide. Have an examination. A Pension for your Wife

You may leave your wife "well fixed" when you die, but her lack of business experience in administering your estate may cause it to dwindle away and in a few years leave her penniless.

If, however, you invest in an Imperial Life policy, you can direct that the Company pay to her a regular monthly income as long as she lives. Under this provision the Company guarantees to pay the income for not less than twenty years.

In this way you can relieve your widow of the anxiety, trouble and risk which the investment of the insurance money would involve if paid to her in a lump sum at your death. You should know more about this and many other liberal features of Imperial policies.

Write for descriptive booklet now—while you are insurable. Your doing so will place you under no obligation. It may save you a lot of future anxiety. Address:

SAINT JOHN ROTARY CLUB NEARING ITS ELEVENTH BIRTHDAY

HISTORIAN OF LOCAL BRANCH TELLS OF ACCOMPLISHMENTS

Much Has Been Done In Way of Civic Betterment and Enterprise Since Organization In 1914

HEARD MANY NOTABLE SPEAKERS

Spirit of Good Fellowship in Business Life Has Been Inculcated—Club Efforts Have Attained Great For Youngsters and Athletic Clubs of City

BY ALEX. WILSON, HISTORIAN Rotary Club of Saint John, N. B.

ON MAY 22, 1914, a new movement came into being in Saint John, when Arthur L. Phillips of the American Multigraph Sales Co. and J. B. Erskine, of the Burroughs Adding Machine Co., interviewed the following gentlemen and got them interested in forming a Rotary Club here: A. P. Allingham, A. Ernest Everett, Horace C. Brown, Harold W. Rising, E. Clinton Brown, Fred A. Dykeman, Henry Marr, Harry Ganter, Fred W. Roach and H. C. Creighton.

First Luncheon.

The first luncheon was held in what was then known as the "Brown Betty tea room" in the Furlong building, corner of North Market and Charlotte streets. At the outset it was instituted into the members to practice Rotary ethics in business and it was realized if this were done by the various business houses represented, ever since its organization in this old loyal city of Saint John down to the present time, the Rotary Club has been presided over by men who have been filled with the true Rotary spirit of service for the community in which they live and not only that but they have succeeded in inspiring the club members with a determination to live up to the golden rule in business.

Varied Activities.

The activities of the Rotary Club have been many and varied. It has assisted many of the civic organizations which stand for community betterment. It has been the mainstay of encouragement to every activity which has had for its object the reaching out of a helping hand to the underprivileged and unfortunate of the city, such as giving picnics and entertainments of every kind which have not only given the greatest delight and pleasure to the boys and young men but have been equally enjoyed by the club members themselves.

Provides Pavilion.

One of the next undertakings of the club is to provide, during the present season, a pavilion at the Allison play-

grounds for the benefit of our amateur athletes in training, which will be provided with all up-to-date furnishings and fixtures. When these grounds shall have been put into first class shape, Saint John city may look forward to seeing many kinds of interesting games and sports.

It is a point of honor with Rotary clubs that whatever is undertaken is backed by the enthusiasm which characterizes this organization, it seldom or never fails.

Good Fellowship.

The club has developed a spirit of good fellowship amongst its members which is one of the outstanding features of Rotary and which is highly prized by every member of the club. The club has had the pleasure on very many occasions of being addressed at its weekly luncheons by men of outstanding ability and reputation from outside points, in addition to enjoying speeches from some of our own most prominent citizens. The subjects discussed have been on a great variety of topics, but seldom have they been uninteresting.

The programme committee has made it a point always to invite speakers who are likely to have a worthwhile message.

Civic Influence.

The influence of the Saint John Rotary Club in this city and community has been of the best in every sense of the word, standing as it does for friendship, business honesty and civic righteousness.

Directors—David D. Puddington, Dr. L. De V. Gaspman, Walter Leonard.

ROTARIANS NOW TOTAL 102,000 ON MEMBER ROLL

International Movement 20 Years Old; Has Branches in Many Lands

What are called service clubs have become a very notable feature of the life of cities in recent years. The first of these, Rotary, is only 20 years old. The first Rotary Club was instituted in Chicago on Feb. 23, 1905, by lawyers named Paul Harris and three friends who adopted the plan of luncheon together each week and seeking to broaden their understanding of each other's business and develop a fellowship in service. A Rotary publication shows that in September last there were 1,822 clubs in 28 countries, and with a membership of 102,000.

More than 1,500 of these clubs were in the United States, but Great Britain and Ireland had 160, and Canada seventy-seven, the balance being scattered over the globe, including Australia, South Africa, South America, Japan, Mexico, China, India and some European countries. More clubs have since been organized.

The clubs are formed into districts and there is also what is called Rotary International, an organization which meets annually with delegates from all over the world.

Golden Rule in Action.

In a few words, Rotary is designed to be the Golden Rule in action, whether in individual, community or national life. The extent to which it falls short of that ideal is measured by the frailty which marks all human conduct. A great deal of emphasis has been placed in the Rotary clubs on better business methods, and some thoughtful members contend that the best work may be done in this direction. Rotary has a code of ethics based on the half dozen objects already quoted, and the man who makes that code his rule of life must get very close to the Golden Rule.

It has been asked why in the formation of a Rotary Club only one representative of each business or professional classification is included. The reply is that with only one from each there is likely to be much keener interest in the club's work, while the representative of each classification is expected to be an interpreter of Rotary to others in his business or profession.

Weekly Luncheon.

Each Rotary Club has a weekly luncheon. Regular attendance is insisted upon, and the member who does not attend regularly is considered on the outside, for the reason that he who is not sufficiently interested to attend the weekly assembly is not likely to be deeply interested in the club's work. In addition to the club's meetings the district conferences are of great value, bringing together members from the different cities for a conference in which Rotary ideals and Rotary work are discussed with great interest and earnestness. Rotary International has become a real world convention and is an outstanding event of the year.

The Saint John Rotary district conference will be held in Yarmouth in the latter part of April, and Rotary International will meet in Cleveland in June. It will meet in a magnificent public auditorium which the city of Cleveland has erected for convention purposes, and in which the Republican party convention was held last year. This auditorium will seat 12,000 people. The stage alone will accommodate 1,000. It is expected that a party of 30 or more will go from Saint John to Yarmouth to the district convention on April, and that the Saint John club will be well represented in Cleveland in June.

District Organization.

Each Rotary district has a district governor, and some endeavor to visit each club in their districts during the year, stimulating interest in Rotary work. Each year Rotary has a definite programme of activities that is carried down from the International convention through the district governors to the various clubs. Perhaps more attention has been given to boys' work than to any other line of activity, and in this the Rotary Club of Saint John has heartily engaged. It has given much encouragement to the Boys' clubs and is pledged to provide this spring at Rockwood Park the first unit of a pavilion to be used in connection with the new recreation field. That field cannot be used to any extent by athletes until a shelter, with dressing rooms, has been provided, and the Rotary Club has undertaken the work.

Official Publication.

A monthly publication called The Rotarian is issued every month, and may be described as a magazine of service. Not only are its pages an inspiration to Rotarians, giving a brief account each month of Rotary work in various parts of the world, but it is a journal of high literary excellence. It is worthy of note that no Rotary club has ever been forced upon a community and that no club during these 20 years has ceased to exist. It is

obvious that the existence of nearly 80 of these clubs in Canada, meeting every week and animated by high ideals of service, must have a beneficial effect. A Rotary club has enabled many a man to discover in himself qualities of which he had been but dimly conscious, and which have been stirred into beneficent action. The spirit of fellowship, the singing of lively choruses, the play of wit and good nature at a club luncheon and, above all, the inspiration to service, which is an unfulfilling feature of a club meeting, make it a notable event in the week's experience. Those who for one reason or another are compelled to withdraw from membership do so with regret and carry with them a pleasant recollection of fellowship in service.

Valuable Members.

With regard to the work of the local Rotary Club it may fairly be said that no member has been so enthusiastic or contributed more to its welfare and success than Dr. H. L. Spangler, who has been District Governor and is at present an International officer. It is Downing Paterson is another member

who found in the Rotary Club opportunity for the exercise of talents he perhaps did not realize that he possessed, and during his term as District Governor he devoted a great deal of time and effort to the cause of Rotary. During the war the club was instrumental in raising large sums of money for patriotic purposes, and it has as the years passed performed valuable service for many good causes. Its minutes show how it has given great pleasure to the citizens, and it has gained an enviable reputation as a service club. No club is able to do all that its most enthusiastic members desire that it should do, but the Rotarians of Saint John have every reason to regard the record of their club with satisfaction.

CADETS ON CHURCH PARADE.

There was a large turnout of the cadets for the church parade yesterday, and the boys looked well in their neat khaki uniforms and marched well. They paraded from the armory to West Saint John. The Protestant members attended service at the Carleton Methodist church while the Catholics went to the Assumption church.

HIGH IDEALS IN OBJECTS OF ROTARY

Principles Set Out Under Six Headings—Benefits to and Obligations on Members.

The objects of Rotary are to encourage and foster:

- 1. The ideal of service as the basis of all worthy enterprise.
2. High ethical standard in business and professions.
3. The application of the ideal of service by every Rotarian to his personal, business and community life.
4. The development of acquaintance as an opportunity for service.
5. The recognition of the worthiness of all useful occupations and the dignifying by each Rotarian of his occupation as an opportunity to serve society.

Rotary Means Much For World Welfare

Rotary International now circumnavigates the globe. It is trade, plus tolerance, and so many more things necessary for the welfare of the world.

Rotary International is rapidly developing world ideals and backing them up by sound and sensible interests that are common interests for the good of civilization.

"The political ambassadors of all the world cannot perform so great a service or bring about a better influence," states one writer.

Salvation Army. The special services conducted by Ensign Friend at the Brimley street barracks of the Salvation Army were well attended yesterday. Last evening the lesson was taken by Ensign Sherwood, late of Bermuda. At the close of the meeting 13 went forward. Tonight Ensign Sherwood will have charge of the service, which will be an illustrated one.

Obligations. 1. To attend meetings regularly. 2. To pay my dues promptly. 3. To do my part when called upon. 4. To be a big-hearted, broad-minded man, a man of energy and action—a real man—a Rotarian.

EARL COMBA MAY GIVE RUTH BATTLE FOR HOME RUN HONORS

DRIVES BALL 490 FEET FROM HOME PLATE TO CENTRE

Helps Yankees Defeat Brooklyn—Frankie Frisch Injured

NEW YORK, March 30.—Evidence that a new foe for American League fence builders had appeared in the Yankees line-up was apparent yesterday at Montgomery, Ala., as the Hugobins brigade struggled through ten innings to victory over Brooklyn 5 to 4.

Two latest wrecks of baseball lumber, Earl Combs. He hit his third homer of the training trip yesterday, scoring Dugan ahead.

The drive was a wallop of 490 feet from home plate to deep centre.

Six pitchers were ascribed to the mound by Hugobins and Robinson, and all were fitly freed.

Frisch Turns Ankles.

The Giants yesterday left Tampa for Jacksonville, with heavy hearts. Word was passed around to the players that their star second baseman, Frankie Frisch, might not be able to resume his important place in the line-up as the result of the wrenched ankle which he suffered Saturday. Ligaments in the leg are strained, it was announced, and he may view the opening of the season from the Giants' dugout.

What St. Francis Xavier Academy are recognized by the Interscholastic Branch of the M. A. H. A. as Maritime Hockey Champions, the win this year will not be counted in any way for the permanent possession of the Herald and Mail Maritime Interscholastic Trophy.

Honors were even up to the seventh round. In the eighth round O'Brien scored two knock-downs and two more before the count was tolled off.

Snow Follows On Warmest March Day

Climbing to the 62-degree mark on Saturday, the mercury here established a new record for March temperatures, it being four degrees above the previous record of 38 degrees made in March, 1929. In contrast, there was a little snow fall this morning.

MAY GO TO SEASIDE.

Seaside Park is under consideration as the rallying place for the Baptist Sunday schools united picnic this summer, and if the project meets with favor there will be some 3,000 or more Baptist young people and adults assembled at the Park for the united annual outing. At the Baptist Sunday school superintendents' Association meeting Saturday in East Saint John the matter was up for discussion. Canadiens and Victorias Clash Tonight In Fourth Game of Series

Along The Sport Trail
By RAY HANSEN

THE BOUT BETWEEN Gene Tunney and Harry Greb last Friday was convincing. Whether or not the light heavyweight champion was superior to the former title holder and present middleweight champion, has long been a subject of debate among close followers of the ring, but his recent victory will undoubtedly add much weight to his claim. Tunney is keen for a go with Tommy Gibbons in six of the ten rounds. Tunney is a heady fighter and undoubtedly picked up many points, which will prove invaluable to him if he ever start swapping punches.

PELESTINA, the Bohemian wrestler, is to get a chance to show his wares when he meets Gardini in Boston next month. The former has for several years been seeking matches with top-notchers in the mat game, but without success. He was responsible for a series of articles being published in the United States which promoters were purposely boycotting him because he knew too much inside dope about the sport. A bout with the Italian champion should open the door for him to get back in the limelight, although he will have to win in an impressive manner before he can contend for the heavyweight title. Gardini is a clever wrestler and one of the most aggressive among the heavies. As a result Pelestina may have his job cut out for him to live up to his advance notices.

THE CANADIENS certainly staged a great comeback in their third game with the Victorias. It was particularly outstanding when it is taken into consideration that they were playing under western rules. If they win in Vancouver tonight they will be strong favorites in the final clash for the Stanley cup, emblematic of the world's championship. The work of Morens excelled that of the crack western centre, Fredericksen, and his bullet shot was responsible for keeping the N. H. L. champions in the running. If he can keep up his good work the old silverware may repose in Montreal for another year.

IF THERE ARE any Saint John boys planning on participating in the New Brunswick boxing championship tournament, which is to be held here next month, they had better start training. Reports from other centres in the Maritime Provinces indicate that their representatives are working hard to get in the pink of condition for the big meet. Boxing is a healthy but strenuous sport and requires systematic training. It is regrettable that some of the local expert boxers do not take the sport more seriously and endeavor to keep some of the titles at home.

SHATTERS RECORDS

Ugo Frigerio Gave Sensational Performance in Race With Willie Plant.

NEW YORK, March 30.—Ugo Frigerio, of Milan, Italy, the European and Olympic walking champion, shattered four world's indoor walking records, established five others and bettered the world's outdoor mark for the distance when he defeated Willie Plant in a special 10,000 metre race at the Morningside A. C. programme of games in the 2ndnd Regiment Armory Saturday night. The little Italian won virtually without opposition when Plant quit 11 laps from the finish, when it was apparent he could not make up the half lap by which he was trailing Frigerio. Frigerio's time was 44:38.

FANS LINED UP FOR TEN HOURS TO GET TICKETS

Eastern Rules Will Prevail—N. H. L. Champions Are Confident

VICTORIA, B. C., March 30.—Tonight's fourth game in the Stanley Cup series between the Victoria Cougars and Montreal Canadiens, will be played under eastern rules. It will allow forward passes only in centre ice, no deferred penalty rule, no anti defence rule, and no kicking.

The arena was sold out in three hours after the office opened on Saturday, the fans having lined up for ten hours before the start of the sale.

What Dandurand Says.
Leo Dandurand, manager of Canadiens, in an interview said:—
"The silver lining is showing and do not be surprised if we come through with two more wins in a row and hang on to the Stanley cup. Canadiens have Couto down with a bad knee and Yezina's thumbs are still bothering him. Joliat is in fair shape, while Morens is rapidly recovering from his whirlwind exhibition Friday, during which he absorbed considerable punishment through the heavy checking."

TRURO TEAM WINS

TRURO, N. S., March 30.—Truro Y. M. C. A. basketball team, Nova Scotia champions, scored a 31 to 22 victory over Dalhousie University team here Saturday night.

WHOOPIING COUGH IS A VERY SERIOUS TROUBLE HER 5 CHILDREN HAD IT

which we did with the greatest of success. It cleared out the throat and bronchial tubes, and loosened the phlegm so that they were able to cough it up, and in no time I had quenched the 'whooping.'"

ACTRESS MENTIONED IN LONDON ACTION

Paris Paper Says Lois Meredith Will Sue Lieut.-Col. Dennistoun

BREACH OF PROMISE AND DEFAMATION

Screen Star Will Not Deny She Has Retained London Counsel.

PARIS, March 30.—The Paris edition of the Chicago Tribune says that the American woman who will sue Lieutenant-Colonel Dennistoun for breach of promise and defamation of character is Lois Meredith, motion picture actress. Parisian papers recall that a Miss Meredith and Col. Dennistoun met in Paris during the war while the actress was serving as a canteen worker.

Refuses Comment.
NEW YORK, March 30.—Miss Lois Meredith, motion picture actress, refused last night to comment on a report from Paris that she is the American woman who is about to file suit against Col. Ian Oslow Dennistoun, husband of the Dowager Countess Carnarvon.

Miss Meredith said her legal representative here had ordered her not to make any statement. She did not deny, however, the report that she was the American woman, "young, married and beautiful," who has retained Dudley Field Malone, former collector of the port of New York, and now practicing law in Paris, as her attorney for the London action.

TOOK LEADING PART AT SHORT NOTICE

Miss Jesson Substitutes For Miss Duncan Who Was Taken Suddenly Ill.

Scidom is an actor or actress called upon to perform a feat which was accomplished by Miss Lois Jesson, ingenue of the F. James Carroll Players on Saturday, and it is to her credit that she came through with flying colors. Within 18 hours of the time that she was notified that she would have to assume the role of the leading lady in the Saturday matinee performance of "The Fatal Wedding," Miss Jesson appeared on the stage and went through the part with outstanding success. Her accomplishment is all the more remarkable on account of the fact that she had never played in the bill before and had not been cast in any of the parts last week.

Early on Friday evening Miss Nancy Duncan was taken ill, but managed to go through with her work. Miss Jesson was called upon to prepare immediately to take her place on the morning, and, after witnessing the Friday night presentation from the body of the house, took over the script and started to plug up on the lines. The fact that she went through the Saturday afternoon and evening performance with hardly a hesitation is considered to be a great personal triumph. Miss Jesson will be replaced this week by Miss Hazel Shannon.

Wanted Saint John Man To Sing More

That there are no encores in radio programmes is often a keen disappointment. When E. Clyde Parsons was the baritone soloist for the C. N. R. broadcast concert on Friday evening here came telegrams from Massachusetts and from Halifax calling for encores of his solo, "Care Selve and Goin' Home." The rich qualities of his voice had been heard to special advantage in those solos and they were heard perfectly, but encores were not permitted and the programme was carried out as it had been announced.

MISSION BAND CONCERT.

The Maple Leaf Mission Band staged a fine concert in St. Columba's Hall, St. John's, on Saturday night in aid of the Easter offering of the Band. Those taking part included Miss Dorothy Splane, Miss Lillian Wright, Miss Betty Campbell, Misses Margaret, Maude and Isabel MacPherson, Miss Ellen Williamson, Miss Kathleen Mimer, Miss Helen Ames, Miss Lorie Lester, Miss Alice Shepherd, Miss Kathleen Masson, Miss Mildred Morrow. Miss Doris Duff, who trained the children, was congratulated for her work.

He Sleeps Like a Child

A good night's sleep is the finest medicine in the world. No matter how tired, how worn-out you may be after a hard day's work, if you can go to bed and sleep calmly and soundly for seven or eight hours, you will wake up in the morning alert and vigorous, your strength renewed, your whole body revitalized by the refreshing influence of peaceful slumber.

The healthy man always sleeps well. In other words, if you are not sleeping well, there is something wrong with your health. If you find you are not sleeping as you should, you owe it to yourself to take your health in hand at once, before worse follows. Nine times out of ten there is something wrong with your internal system. Your work may be too much for you, or you may be eating too much and exercising too little. Your food is not properly assimilated; indigestion and dyspepsia are marking you down for their prey.

All this is bound to tell upon you. What actually happens is that your liver and kidneys lose their vigour, impurities find their way into the blood stream, the tone of the entire system is lowered, and depression, tiredness, a thousand and one ills follow, bringing troubled nights in their train.

Kruschen Salts will alter this. Just enough to cover a 10 cent piece taken every morning in your breakfast cup of coffee or tea makes all the difference in the world. All impurities are removed from the body, the blood stream regains its richness and purity, the whole system responds to its tonic influence. You enjoy every moment of the day, whether at play or at work, and when night comes you seek your bed in the calm and happy state of mind and body that makes for sound, refreshing sleep.

Kruschen Salts

Good Health for Half a Cent a Day

A 75c bottle of Kruschen Salts contains 160 doses—enough for three months—which means hourly health for less than half a cent a day. The dose prescribed for Kruschen Salts is 1/2 a bottle to-day.

MEMORIAL AT HEAD OF KING SAY BYNG BOYS

Soldier Organization Passes Resolution on Matter of Location

20 FEET BEHIND SITE OF FOUNTAIN Urge City Council to Pay Cost of Removing Monument.

A meeting of the Byng Boys' Club was held today to obtain the opinion of the members regarding the proposed site for the war memorial to be placed in King Square. A unanimous decision was arrived at in favor of the use of the site directly at the head of King street and a resolution was passed to that effect.

The expression of opinion penned in the resolution is as follows: "Resolved that in the opinion of the members of the Byng Boys' Club, the war memorial to be erected in King square should be given the premier location in the city and that this organization strongly urges the memorial committee to consider no other site than that directly at the head of King street, and they do more definitely suggest a location some 20 feet in the rear of the site of the present W. C. T. U. monument (said monument to be removed) with paths to form a semicircle around the war memorial joining the walk now leading to the bandstand in the centre of the square."

"And further resolved that this organization recommend that as the city council have not as yet continued towards the funds for the said memorial, the cost of removal of the said W. C. T. U. monument, its removal, and the new walks suggested to be placed about the war memorial, be borne by the city as the contribution of our former friends and comrades who have fought and died."

MORE REPORTS IN AUTOMOBILE CASES

Citizens' Names Sent in Effort For Strict Observance of By-laws.

Traffic officers are continuing their drive for a stricter observance of the city by-laws and in the police court this morning several cases came before Magistrate Henderson. Adam Shand, reported for having secured license plates, pleaded guilty but his explanation was accepted. Cases against T. E. Sainclair and Alexander Wilson for allowing their automobiles to stand on the wrong side of Queen street were set over until Tuesday afternoon. There is an added charge against Mr. Armstrong for having his license plates obscured by a bumper. These reports were made by Policeman Gisholm.

Thomas Wiggins, reported by Detectives Biddiscombe and Saunders, for operating a car without proper license plates, received this proper one this morning. This suit fled.

Harry A. Doherty, reported by Policeman Young for allowing his auto to stand in the street for a longer period than allowed by law and also for having his car parked wrongly, said he did not understand the regulation. The matter dropped. Magistrate Henderson explained that only in authorized parking areas was an automobile allowed to stand at an angle of 45 degrees. In all other places it must be parked with both right wheels on the curb. A similar report has been made by Officer Young against Frank Donnelly and this will be taken up later.

STORE AND HOMES DAMAGED BY FIRE

Department Men Have Morning Call to Prince Edward and Exmouth Corner.

The upper portion of the wooden building at the corner of Prince Edward and Exmouth streets was damaged by fire this morning. An alarm from box 15 at 7:30 called the firemen to the scene. Good work was done and the flames were drowned out before 9 o'clock. The building was owned by Lipsett and Corbett and was occupied on the top floor by Robert Addison and on the floor below by a family named Gould, with a grocery store on the ground floor. Mr. Addison had removed the greater part of his furniture to a new dwelling and little of his goods remained in the building. Mr. Gould suffered water damage, as did the store below.

J. A. Lipsett said this morning that the building was insured for \$1,600 but he had no idea of the extent of the loss. Mr. Gould carried no insurance. BANK WINDOW BROKEN. Owing to indisposition of the prisoner, a case against Stanley Sherwood, charged with wilfully breaking a large plate glass window valued at \$100 in the Bank of Montreal, Union street, was set over in the police court this morning. Sherwood pleaded guilty to this charge, as well as one for being drunk, and on the latter count he was fined \$8. Policeman Quinn gave evi-

ADDRESS ON UNION BY REV. DR. CHOWN

Addresses Gathering in Prayer Meeting Room of Centenary Hall.

"The real attitude of the Methodist church toward Church Union" was the subject of the address made before a capacity audience in the prayer meeting room of Centenary Hall, this morning, Rev. Dr. S. D. Chown, general superintendent of the Methodist church of Canada being the speaker. He said that the real attitude was shown in the fact that Methodists are not afraid to stand up for their faith, and that the Presbyterians had to climb to enter union were spoken of, as the national and denominational fences. The Methodists had only the denominational fence to climb. Dr. Chown spoke with feeling of the traditions and strong reasons that the Presbyterians had for their attitude. They had fought as a nation for their church. They had dis- tinctly had always been cosmopolitan and therefore had not the same prejudices to overcome. The Methodists believed that "He that will do the Will of God shall know His Will." The Presbyterians believed that they must have several clergymen and people of other congregations.

LOREN GORDON GOES TO JAIL IN AUTO CASE

Driving While Drunk Is Charge and He Pleads Guilty

SWERVES AUTO TO AVENUE CAR TRACK

Collision Makes Wreckage and Gordon's Companion Is Injured

Loren Gordon was sentenced to seven days imprisonment by Magistrate Henderson in the police court this morning after he had pleaded guilty to a charge of operating an automobile in Douglas avenue last evening while drunk. In passing sentence, Magistrate Henderson said that under the law no option as to a fine was allowed and in view of the fact that accused was a married man, he would fix the minimum penalty. Policeman Storey, Sgt. Detective Powers and Detective Biddiscombe gave evidence.

Collision in Avenue. Gordon's arrest followed a collision with a car in Douglas avenue about 7:15 o'clock last evening. The street car, in charge of Motorman W. A short distance west of Bentley street, Gordon, according to the evidence swerved into the car track, colliding almost head-on with the street car. The hands while Gordon's companion, Stephen Millard, 11 Winter street, was cut about the head. The automobile was badly damaged and the street car was forced to go back to the barn for repairs. Gordon was arrested by Police Constable Storey, who happened to be driving into the city and witnessed the accident, while Millard was taken to the General Public Hospital for treatment, after which he was allowed to go to his home.
