ONE of the largest, most comfortable and popular Hotels in the Dominion. While possessing every modern convenience and the latest and most scientific improve-ments, the QUERN's has always been famous for the solid, cosy, homelike comfort which is characteristic of the best hotels. Its elegance, sanitary excellence and unequalled location make it most desirable for Transient Visitors and Tourists. The QUERN's has always been the home of Royalty when visiting Toronto, and has been largely patronized by the Nobility and best families of Europe and America. Street cars to all parts of the city pass the door every three minutes.

PREFACE.

THIS book is the yearly official publication of the Convocation of Trinity University, Toronto.

One copy is given to any graduate or other friend of Trinity who cares to apply for it. Applications for copies should be made to the Clerk of Convocation.

The expenses are almost entirely met by the advertisements; and friends of the publication are reminded that its continuance must largely depend upon its value as an advertising medium.

The thanks of Convocation are due to the many graduates who have helped to complete the Directory, but there are still some addresses which it has been impossible to obtain. If every graduate who receives this book would take the trouble to send to the Editor such corrections and additions as he can make, there would hardly be a mistake or an omission in the next issue.

November, 1899.

Trinity University,

Toronto.

FOUNDED BY ROYAL CHARTER, JULY 15TH, 1852.

Founder -- THE HONOURABLE AND RIGHT REVEREND JOHN STRACHAN, D.D., LL.D., FIRST BISHOP OF TORONTO.

A TTENTION has often been drawn to the fact that Trinity is the University of the Church for the Province of Ontario in the sense that it was founded by Churchmen, endowed by Churchmen, officered by Churchmen, intended primarily, though not exclusively, for Churchmen, and that it is governed by Churchmen. This last fact, however, has not been specially emphasized in any previous issue of the Year Book, and it is therefore thought desirable to place it on record here in permanent form.

Bishop Strachan's original scheme vested the government of the University almost entirely in the Authorities of the Church and gave very little, if any, share of it to the

Members of the University as such. This which was undoubtedly a defect was remedied by the Statute conferring upon Convocation the right to elect a certain number of Members of the Corporation. But the immense preponderance of governing power still remains in the hands of the Church at large as may be seen from the following facts.

Every Bishop in the Province of Ontario is elected by a Synod; and every such Bishop has by virtue of his office a seat in the Corporation. Six Members of the Corporation are therefore appointed by the direct action of the Church exercised through its Synods. Moreover, of these six Bishops five have the right (and they all excercise it) of nominating four persons—clerical or lay—to sit with them in the Corporation. Thus no fewer than twenty-six Members of the governing authority of the University owe their seats either directly or indirectly to the action of the great body of Church people in Ontario. Trinity University is therefore in no sense a private, and only in a limited sense a self-governing, Institution; it is essentially, as it has always claimed to be, the University of the Church of England as a whole.

This being the case, there rests upon the Church of today the responsibility of making the fullest possible use of the great inheritance which has come down to it and of handing on that inheritance not merely unimpaired but stronger and more fitted than ever to accomplish its beneficent work for future generations. That work is the higher education of the sons and daughters of the Church, based upon religion as its only sure foundation, and not

only this, but also regarded as in itself an essentially religious work, to be begun from a religious motive, and carried out in a religious spirit.

At the same time it must never be forgotten that Trinity, though a Church Institution, welcomes in all her various Departments but one, students of all communions. The one exception is, of course, the Department of Theology, to which none but members of the Church of England are admitted.

Of late years there has been a considerable development in the work of the University through the affiliation of various Colleges each giving its own technical instruction in Medicine, Music, etc., etc., and sending its students up for the University Examinations in the various Faculties represented. It would be obviously unfit that these Colleges should be anything but absolutely self-governing; and each arranges the details of its teaching without reference to external authority, the subjects for Examinations being determined by the Corporation on the advice of the representatives elected by the various Colleges, while the Examinations are conducted by Examiners appointed by the University in such a way as to secure the greatest possible efficiency.

Convocation.

EXECUTIVE COMMITTEE 1898-99.

Chairman :- BARLOW CUMBERLAND, M.A.

Clerk :- REV. H. H. BEDFORD-JONES.

Ex officio :- THE CHANCELLOR, THE PROVOST, THE DEAN, THE REGIS-TRAR, AND THE TRAVELLING SECRETARY OF THE CORPORATION.

Elected to 1899 :- PROF. HENRY MONTGOMERY, REV. W. H. WHITE, G. L. SMITH, REV. A. U. DEPENCIER, C. A. HEAVEN, C. S. MACINNESS.

Elected to 1900 :- DR. J. T. FOTHERINGHAM, REV. H. O. TREMAYNE, REV. C. H. SHORTT, REV. H. B. GWYN, DR. J. A. WORRELL, D. T. SYMONS.

Representatives of Local Branches :- L. H. BALDWIN (Toronto), and W. F. BURTON (Hamilton).

Convocation is the technical name given to the degree conferring and consulting body of the University and is composed of two classes of Members :---

(1) Full Members: Masters of Arts and graduates in Medicine, Law and Divinity.

(2) Associate Members: All others who, by enrolling themselves, wish to show their interest in Trinity, and their agreement with its principles. After practically lying dormant for many years, Convocation was revived as an active organization in 1889. It affords opportunities to all graduates of laying their views before the College Council, the Governing Body of the University, and for the past eleven years it has been engaged in active work on behalf of Trinity. It is also intended to act as an Alumni Association, binding graduates to their Alma Mater and to one another.

The annual subscription is \$5 for Masters of Arts and Graduates in Divinity, Law, and Medicine. All Bachelors of Arts for the first four years succeeding graduation have all the privileges of Full Members, upon payment of a fee of two dollars per annum. The fee for Associate Membership is also five dollars per annum. But in the case of clergy of the Church of England who wish to become Associate Members, the fee is two dollars. A clerical graduate has the option of becoming either a Full or an Associate Member. Members of the Divinity Class of Trinity College may also become Associate Members upon payment of two dollars per annum.

Six members of the Executive Committee are elected at the annual meeting to hold office for two years. Vacancies which occur during the term of office are filled up by the Executive Committee which usually meets monthly during the year. The Chairman and Clerk are elected annually. This Annual General Meeting is now held in each year in October, when the Convocation for conferring degrees is also held, and the principal Corporation Meeting of the year takes place. All Members and Associates are invited to be present at the General Meeting, and to take part in the discussions, etc. The annual dinner is held in the Convocation Hall of the College the same evening.

Convocation elects fourteen members to the Corporation or Governing Body of the University. These represent graduates in Arts, Divinity, Law, and Medicine, and Associate Members. The nominations are made at the annual meeting, and ballot papers are subsequently sent out to all Members and Associates in good standing.

Trinity College,

TORONTO.

Historical Resume.

1850—The Secularization of King's College completed, January 1st, by the proclamation of the Act of the Province of Canada.

Bishop Strachan issues a pastoral in February, appealing for funds for the establishment of Trinity University.

In April he leaves for England to appeal for further aid and to solicit a Royal Charter.

In November he presides at the inauguration of the Medical School.

1851--In January the contracts for Trinity College let. On St. Patrick's Day the first sod turned by the

Bishop.

April 30th, the Foundation stone laid by the Bishop.

Trinity incorporated as a College by Act of the Province of Canada.

1852-On January 15th Trinity College inaugurated and the first students matriculated.

July 15th, the Royal Charter granted.

The Foundation of two Scholarships by the First Duke of Wellington.

1853—The Donation of £6,000 by Dr. Burnside and the Foundation of the Burnside Scholarships.

1854—First Convocation held in January.

1860-The Foundation of the Dickson Scholarships by the late William Dickson, Esq., of Galt.

1862-The Foundation of the Pettit Scholarship by the late W. T. Pettit, Esq.

1864—The Endowment increased by \$22,000 raised by Dr. McMurray in England and by the Rev. W. S. Darling.

1865—The Benefaction of \$2,000 by the Honourable James Gordon.

1866-The Benefaction of \$8,000 by Enoch Turner, Esq., of Toronto.

The Foundation of the Cooper Exhibitions by C. W. Cooper, Esq. of Mount Pleasant.

1867--The death of Bishop Strachan on November 5th and the bequest of his library and certain pieces of plate to the University.

1871—The Benefaction of \$4,000 by Thomas Clark Street, Esq., of Clark Hill, Niagara Falls, Ontario.

1876—The Donation of \$4,000 by the family of Mr. James Henderson, of Yorkville.

HISTORICAL RESUME.

1877—The Opening of the Convocation Hall in November. 1882—The Raising of the Supplemental Endowment Fund

of \$100,000 by the Provost and the Rev. R. H. Starr,

D.D., partly in England.

The Donation of \$10,000 from the Henderson family towards the erection of the College Chapel.

1883-The Foundation of the Second Chair in Divinity. The Foundation of the Chair in Mental and

Moral Philosophy.

1884—The Erection of the College Chapel.

The Foundation of a Lectureship in Modern Languages and Philology.

1885--The Foundation of a Fellowship in Natural Science.
1886-The Admittance of Women as Candidates for Degrees in Arts.

1887-The Foundation of a Fellowship in Divinity.

1888-The Foundation of St. Hilda's College.

1889-The Foundation of a Fellowship in Classics.

The Foundation of the Talbot Exhibitions by J. Talbot, Esq., of Cartwright.

The laying of the Corner Stone of the West Wing by the Lord Bishop of Toronto.

1890-The Foundation of the Palmer Exhibition.

The Benefaction of \$6,400 by the late Professor Boys.

The Opening of the West Wing of the College.

1891—The Foundation of the Wilson Exhibition by the late Venerable J. Wilson, M.A., of Peterborough.

1894—The laying of the Corner Stone of the East Wing by His Excellency the Earl of Aberdeen.

The Opening of the East Wing of the College.

1895—The Admittance of Women Students to Lectures in Trinity College.

1896—The Foundation of a Fellowship in Physical Science. 1897—The Inauguration of the Income Fund.

1899—The laying of the Corner Stone of St. Hilda's College by Her Excellency Lady Minto.

The opening of St. Hilda's College.

Theological and Missionary Society.

The work of the Society has gone on regularly during the past year. On the whole marked progress has been achieved. We have held our customary Devotional and instructive meetings with profit to those who were fortunate enough to be present.

The following matters call for special notice :-

1. The setting apart of a room in the Divinity Corridor as a Mission Room. A few books of a missionary character have been placed there. It is earnestly hoped that these may form the nucleus of a large library of works on missions. Already the few books that are there have proved a real help to the men. It is in this room that Compline is said daily.

2. The wiping out of the debt on St. Hilda's Church, Fairbank, to which the Society has been in the habit of contributing an annual grant of fifty dollars. This has been almost entirely due to the energetic efforts of Rev. G. F. Davidson. Under God's blessing the work, which he was the means of establishing upon a firm foundation, . is now in a prosperous condition.

3. The Divinity Alumni meeting in January. This gathering was very successful in every particular. It was in effect a large meeting of the T. & M. S. as many of our Divinity Alumni are members of our Society. An important feature of it was the announcement of the completion

THEOLOGICAL AND MISSIONARY SOCIETY.

of the Society's work with reference to the building of the Church of our Saviour, Nagano, Japan. The Church has been built, consecrated, and is now being used for Divine Service. 'The head of the mission, Rev. J. G. Waller, has, during his recent visit to Canada, stimulated deeper interest in the Church's work in the far East.

At this meeting of the Alumni the Society undertook to aid Rev. F. W. Kennedy in building a Church at Matsumoto. A considerable sum of money has been promised and collected, and we hope by next January to be able to announce the completion of this work and the inauguration of some other.

The officers for 1899-1900 are as follows:

| President | The Provost (ex officio). |
|--------------------|-----------------------------|
| 1st Vice-President | , Rev. G. F. Davidson, M.A. |
| 2nd Vice-President | |
| Secretary | J. R. H. Warren, B.A. |
| Treasurer | W. J. Brain, B.A. |

Committee of Twelve.

Arts Men.-W. H. M. Mockridge, F. Sawers, J. Donaghy.
St. Hilda's College

A University Residence for Women taking the Arts Course at Trinity University, Toronto.

I^T is a fact which cannot be ignored that women are demanding and do obtain entrance into our Universities. The object of St. Hilda's College is to meet this demand in the best possible way:—to afford to women a University Education combined with religious instruction, and to give the social advantages of Collegiate life in a Residence under wise and experienced control.

Since this College was founded, in 1888, the students, under the care of the Lady Principal, found a temporary home in a block of houses, rented for this purpose, near the University. Now, after eleven years of successful work, a Collegiate Residence has been constructed close to the Provost's Lodge, and overlooking the University Grounds. The corner stone of the new building was laid by Lady Minto, on the 14th of April, and for the future the women students of Trinity will have a home such as

they desire, equipped in every way for the work and social intercourse of a College in a University. This is the first University Residence for women to be built in Ontario.

St. Hilda's College is a separate Corporation quite distinct from that of Trinity College. The Corporation of Trinity has granted the use of the requisite land, and owing to the generosity of a few friends it has become possible to erect the building. It is now hoped that the many friends of higher education throughout the Province will manifest an interest in the work.

St. Hilda's College Alumnæ Association.

The annual meeting of the Alumnæ Association of St. Hilda's College was held at the College on Wednesday, June 14th. Several members from a distance as well as those living in Toronto were present. Among the former were Misses Middleton, Elwood and Woon, of Dallas, Texas; Miss Halliday, of Peterborough; Miss Marsden, of Springfield; Miss Powley, of Port Arthur; and Miss Talbot, of Oshawa; while Toronto was represented by Mrs. Rigby, Misses Constantinides, Laing, Mairs, Martin, Nation, Macdougall, and others.

The President, Miss Middleton, opened the meeting with a most interesting address. Letters from several absent members, including Miss Potts, of Victoria, B.C.; Miss Owen, of Ottawa; Miss Emery, of Kemptville, and Miss Warren, of Quebec, expressing regret at their inability to be present, were read. The Secretary-Treasurer reported

ST. HILDA'S COLLEGE.

the receipt of several subscriptions, and it was decided that the Association should assume the responsibility of furnishing the common room of the new College building.

The election of officers for the ensuing year resulted as follows:—Hon. Pres., Mrs. Welch; Hon. Vice-Pres., Mrs. Rigby; Pres., Miss Laing; 1st Vice-Pres., Miss Halliday; 2nd Vice-Pres., Miss Nation; Sec.-Treas., Miss Marsden.

At the conclusion of the business proceedings the members of the Association adjourned to Trinity College Lodge, where a garden party was given in their honour by Provost and Mrs. Welch. During the afternoon the guests found time to visit the new College building which was then in course of construction.

Trinity Medical College.

This successful College is, and has been for many years past, an independent, self-sustaining, and self-governing body, incorporated since 1877 under a special Act of the Legislature of the Province of Ontario.

In June, 1850, Drs. Hodder and Bovell considered the time opportune to establish a new Medical School, and all necessary arrangements to carry out this decision were made without delay. The name selected for the school was the "Upper Canada School of Medicine." They associated with themselves as its Faculty, Drs. Badgeley, Bethune, Hallowell, and Melville, practitioners of eminence, then resident in Toronto.

In November, 1850, the new Faculty tendered its services to Bishop Strachan as the Medical Faculty of the University of Trinity College which was then being founded by His Lordship. The offer was gratefully

accepted, and on November 7th of that year the first session of the new medical department was opened with the usual introductory lectures. Dr. Hodder was Professor of Obstetrics, Dr. Badgeley of Medicine, Dr. Bethune of Anatomy, Dr. Hallowell of Materia Medica, Dr. Melville of Surgery, Dr. Bovell of Physiology and Pathology. The regular courses of lectures were delivered in a building on the west side of Spadina Avenue, a little north of Queen Street, which was fitted up for Medical teaching purposes.

This Medical School was from the first a decided success, although it did not last very long. Owing to circumstances, which could not now occur, the professors resigned in 1856.

In 1871, under entirely different conditions the Medical Faculty was re-established on the broadest and most liberal basis. The time chosen for its re-establishment (the spring of 1871) was most opportune. The late Honourable Dr. Rolph (who died in 1870), Dr. Geikie, and soon afterwards, the late Dr. John Fulton, had withdrawn from the medical department of Victoria University which, under Dr. Rolph's deanship, had been for many years carried on with great efficiency. Drs. Hodder, Bethune, and Hallowell, former members, gladly co-operated with Dr. Geikie in the restoration of the Trinity Medical Faculty. The University Corporation carefully considered the matter when brought before it, and the Medical School became once more an accomplished fact. At Dr. Geikie's suggestion, Dr. Hodder, the senior member of the former Faculty, was appointed Dean, although the hard work incident to the complete success of the resuscitated Medical

TRINITY MEDICAL COLLEGE.

Department devolved for many years upon Dr. Geikie, the Professor of Medicine and Clinical Medicine, who was appointed Registrar and Treasurer, and threw himself energetically into his laborious duties. His experience of more than fourteen years with Dr. Rolph in the establishment and conduct of a medical college proved invaluable to the new undertaking.

The new Faculty at the outset, held examinations in April, 1871, for such Primary and Final students as might desire to take advantage of the opportunity of presenting themselves. The number of candidates who presented themselves far exceeded the most sanguine expectations, and was considered a reliable indication of future success.

A commodious building was erected on Spruce Street, near the Hospital, and by October 1st, 1871, was ready for occupation. Here the session 1871-2 was opened with a large class and from that day to the present, the progress of this Medical School has been all that could be desired.

In 1877 the Government of Ontario sanctioned a change in the terms of affiliation of all medical teaching bodies with the Provincial University. Up to that time, all of these since 1853, had been affiliated under the statute constituting that University. The chief change made in 1877 was, that no medical teaching body which formed part of any other University empowered to grant Degrees in Medicine could continue to be affiliated with the Provincial University. Some of the Trinity students had availed themselves of their legal right to go up for the examinations of the Provincial University, and had been so fortunate as to carry off gold and silver medals. It was

said, and no doubt correctly, that the change effected in the affiliation regulations, was made in order to prevent competition of this kind in future. It seems incredible that the change proposed should have received any attention from the Ontario Government, as it was only sought for in order that prizes, paid for out of public funds, should be open to the students of one Medical School only, which, at that time, was also in affiliation with the Provincial University. The change was pressed on the Government for a long time by the teachers of that school, and after considerable delay it was agreed to. Although it was thought at the time by her rivals, that the effect of it would be injurious to the prospects of Trinity Medical School, it proved just the reverse, for it was one, and perhaps the best, of the many pieces of good fortune which have happened to her since her resuscitation.

No sooner was the affiliation change announced, than the Trinity Medical Faculty, with the full consent of the Uni-. versity, applied for, and obtained from the Legislature by unanimous vote, an Act of Incorporation as an entirely independent medical teaching body under the name of "Trinity Medical School," with power to affiliate with "any University or Universities empowered to grant Degrees in Medicine," thus affording the students of this Medical School every facility for obtaining such degrees in Medicine as they may desire, after having undergone all examinations prescribed by the respective Universities before which

they may present themselves. This change in no way injured Trinity University, but proved advantageous, as it relieved the University of all

TRINITY MEDICAL COLLEGE.

financial liability in connexion with the Medical Faculty, which liability rests on the incorporated medical teaching body alone.

Under its special Act of Incorporation "Trinity Medical School" at once sought and obtained affiliation with Toronto University on the same terms as were required from all other affiliated Medical Colleges, and it was indeed the first medical teaching body to affiliate after the change had been made in the regulations. Trinity Medical School suffered no injury whatever, but in various ways has gained a great deal by a change which was certainly not brought about with that end in view. In 1888, her special Act was amended and "Trinity Medical School" was raised by the Legislature to the standing and dignity of a College, becoming "Trinity Medical College."

of all

During the whole period since the re-establishment of the Faculty in 1871 up to the present, unceasing vigilance has been exercised over all the interests of this institution. Much labour and very great responsibility have been involved in promoting the gratifying prosperity which the College has for many years enjoyed, and securing for it the high position it now occupies. We sincerely bespeak for it a long and prosperous career. May it be as successful during the next twenty-eight years as it has been during the twenty-eight which the Spring of 1899 brings to a close.

Under its special Act of Incorporation the College is fully affiliated with Trinity, Toronto, Queen's, and Manitoba Universities, and is fully recognized by all the Royal Colleges in Great Britain and Ireland which grant medical and

surgical diplomas, besides having all the powers required by a Medical College actively and successfully engaged in

ations at the close of the session took place.

students or Faculty, unnecessary.

practical and clinical teaching.

TRINITY MEDICAL COLLEGE.

at St. Michael's Hospital, in addition to the usual clinical work carried on at the General, and the Children's Hospitals.

The efficiency of the pathological laboratory has been still further increased, and the facilities for acquiring knowledge in the subjects of this department are all that could be desired.

The other laboratories have also been rearranged, especially the chemical, and the histological, and the work done in all of them is very thorough and satisfactory.

The examination standard at the end of the third year was considerably raised this year. It affords a candidate a means of ascertaining the subjects in which he may be weak, and so enables him to study to better advantage and to stand higher at the end of the final year. This examination is now, along with the others, one of the regular milestones to be passed on the road to graduation.

The Literary Society held its annual concert in the Assembly hall of the Education Department Building, through the kindness of the Hon. the Minister of Education. As usual the attendance was large and an excellent programme was furnished.

The meetings of the Medical Society, held fortnightly, were even better attended than during previous sessions, and have been increasing in interest and importance ever since the formation of this body.

The Y. M. C. A. held their weekly meetings on Friday forenoons as usual, and these were addressed by members of the Faculty, by ministers from the different city churches, and by students.

The annual banquet of the College this year was as usual very successful. It was attended by almost all the students and members of the Faculty. There were present representatives from the different Canadian colleges, and distinguished guests from the city and Province.

On the whole the past session was most satisfactory in all respects. The number of students was as large as during previous sessions, and this fact, together with the close attention paid by the College to the perfecting of all its departments, and to its advancement in accordance with the progressive spirit of the times, augurs well for its future. We confidently expect to see the number of its students go on increasing yearly, and its graduates continuing to go out into the world well and thoroughly equipped as heretofore, for whatever duties may devolve upon them:

Ontario Medical College for Women,

LIMITED.

Patroness-HER EXCELLENCY THE COUNTESS OF ABERDEEN.

The initial steps to the formation of the first Medical College for Women in Canada were taken at a meeting held in Shaftesbury Hall, Toronto, in the spring of 1883, the late Honourable Justice Patterson being in the chair. On motion of Dr. Carlyle, seconded by Prof. Thomas Kirkland, M.A., a committee consisting of the Rev. Prof. King, M.A., Dr. Carlyle, James Beaty, Q.C., M.P., Dr. M. Barrett, M.A., Mrs. James Gooderham, Mrs. Adam Miller, Mrs. A. W. Lander, Mrs. S. McMaster, and Mrs. McEwan were appointed to carry out the project.

Later on a Board of Trustees was appointed by the subscribers to the funds consisting of James Beaty, Q.C., M.P., Chairman, Rev. Prof. Caven, Dr. M. Barrett, M.A., Dr. George Wright, M.A., Dr. Adam Wright, B.A., Mr. Irving Cameron, Mrs. James Gooderham, Mrs. John Harvie, and Mrs. McEwan, Secretary. The Trustees purchased the house and lot at 227 (now 291) Sumach Street, for the sum of \$1,411.39.

The formal opening of the Woman's Medical College, Toronto, took place at 2 p.m. on October 1st, His Worship the Mayor of Toronto being in the chair, and a lecture was

ONTARIO MEDICAL COLLEGE FOR WOMEN.

delivered by Dr. Michael Barrett, M.A. During this session three students were in attendance.

1884—First Scholarships awarded.

The "Cameron," to Alice McLaughlin, of Toronto. The "Blake," to Margaret McKay, of Stellarton, N.S.

- 1887—Death of Dr. Michael Barrett, the first Dean. Dr. Alexander McPhedran, becomes Dean. The first class graduates, two in number.
- 1888—First graduate, Dr. Alice McLaughlin, added to staff. Dr. R. B. Nevitt, becomes Dean. Dr. D. J. Gibb Wishart, appointed Secretary.
- 1889-New College buildings begun. Students for mission fields admitted at reduced fee (two-thirds).
- 1890—New College buildings opened April 25th. Affiliated with Toronto University. Diplomas granted on examination.
- 1891—First Summer Session. Board of Trustees reorganized.
- 1892-Extern Maternity Department established.
- 1893—Eleventh Session of Woman's Medical College. Number of students, 58; number of graduates, 34; graduates on teaching staff since inception, 9. First appointment of Professors on teaching staff. Total number of staff, 28.
- 1894—Reorganization of College under Ontario Joint Stock Companies Act. Formation of the Ontario Medical College for Women, Limited, by seventeen members of the teaching staff. President and Dean, Dr. R. B. Nevitt; Secretary-Treasurer and Registrar,

Dr. D. J. Gibb Wishart. Capital, \$25,000. Alumnæ Association organized, first President, Dr. S. P. Boyle.

- 1896—Sessions lengthened to eight months (September 15th to May 15th) and Summer Session abolished. Student's gown first used.
- 1897—Her Excellency the Countess of Aberdeen appointed Patroness.
- 1898—Dispensary for Women established in connection with the College, with women physicians only. Enlargement of Dissecting Room. College colours adopted.
- 1899—Death of James Beaty, Q.C., LL.D., for ten years Chairman' of the Board of Trustees. Committee former organize a College Hospital:

The College.

The Dispensary has moved from the Sackville St. Mission to the College building, where it still flourishes. Over 1600 cases were attended in the first year. Sumach St. has been repayed, and a concrete walk put in for the College.

There were eight of the Final Class who graduated in May, and the First Year Class, numbered nine students.

An earnest movement has been set agoing towards the establishment of a Hospital in connection with the College, where the women practitioners can have the Hospital facilities they require. Dr. Bertha Dymond is the Secretary of the Committee. Every graduate of the College has an interest in the success of this movement, and may show it practically.

ONTARIO MEDICAL COLLEGE FOR WOMEN.

The graduates who have attended College since 1893, will learn with regret that "McDowall" suffered a stroke of paralysis in August.

The Staff.

The following changes have occurred during the year:-Dr. Wishart is Professor of Laryngology and Rhinology. Dr. J. M. MacCallum is Professor of Ophthalmology and Otology. Dr. Chambers is Lecturer in Physical Diagnosis and Diseases of the Skin. Dr. C. B. Shuttleworth is Professor of Chemistry. Dr. W. J. McCollum is Lecturer in Chemistry, and Demonstrator of Practical Chemistry. Dr. B. Z. Milner is Lecturer in Surgery. Dr. Ezra H. Stafford is Lecturer in Psychology.

Our Graduates and their Movements.

Dr. Margaret Greenaway, '99, went to Philadelphia in June as Intern in the Western Philadelphia Hospital.

Dr. Ethel Fraser, '99, enters in September as Resident Assistant in the New England Hospital for Women, Boston.

, Dr. Jean Cruickshanks, '98, expects to practice in Boston.

Dr. Anna Henry, '98, was detained in Canada for a year, owing to the unsettled state of the country, but finally started for China in August.

Dr. Annie McConnell, '99, is Intern in the Woman's Hospital, Minneapolis, Minn.

Drs. Janet Hall and Anna Macrae, '99, left in August with the purpose of spending nine months in the Dublin

4 Ach.

Rotunda Hospital, from whence they will proceed to London and its wealth of clinical advantages.

Dr. Jean Willson, '97, has received an appointment as Physician and Pathologist to the State Asylum at Farnhurst, Del.

Dr. Kilborn, '91, spent the past year in Canada with her husband. She seemed in excellent health and spirits.

Dr. Ella Patterson-Denovan, '92, is practising in the vicinity of Calgary, N.W.T.

Dr. Hattie Cockburn, '97, has an appointment in the State Asylum, Jamestown, N. Dakota.

Dr. Annie Chambers Cleland, spent last year in Europe, where she obtained the triple qualification of Edinburgh and Glasgow. Since her return she has married and will open up practice in Victoria, B.C.

Dr. Eliza Gray, '92, is Superintendent of the General Hospital, Owen Sound, Ont.

Dr. Rejnhart-Carson, '88, after the murder of her husband in Thibet, has arrived in Canada.

Dr. M. E. Allen-Davidson has married and removed to Neepawa, Man.

Toronto Conservatory of Music

THE HONOURABLE G. W. ALLAN, President. DR. Edward Fisher, Musical Director.

Toronto, Canada, has long been famous for the excellent character and high standing of its educational institutions, and amongst these the Toronto Conservatory of Music has for years held a prominent and honourable position, being the oldest, largest, and in all respects the most influential school of music in the Dominion, comparing favourably with the best institutions of the kind in both Europe and America. Since the Conservatory was founded in 1886, its history has been one of very rapid advancement, the attendance of some 200 pupils at the first, having increased during the past season to almost 1,100. These are attracted from all parts of Canada, many from the United States, and some from Bahama Islands and Newfoundland.

It was thought the new buildings erected in 1887 would be equal to the requirements of the institution for some years, yet owing to the increase of students the buildings

have already been largely extended, expanding their capacity to fifty class rooms and studios, thus constituting the Conservatory the largest and most completely equipped edifice of the kind in Canada. The affairs of the Conservatory are conducted upon sound business principles. The Directorate includes gentlemen well-known in the legislative, judicial, professional and mercantile domain, whose good judgment and liberal educational policy have been largely conducive to the present status of the Conservatory, over which Dr. Edward Fisher, the founder of the Institution, presides with excellent judgment and untiring energy as its most capable Musical Director.

The achievements of the Conservatory in its work of artistic musical culture under Dr. Fisher's able guidance and direction have been laudable and in the highest degree successful. It has been the constant aim of the Directorate to provide in all departments of the Conservatory the very best teachers possible. Its present faculty which is of unquestionable strength and eminence, numbers amongst its members those who are foremost in the musical profession in the Dominion. The fact that the Conservatory is affiliated with both Trinity and Toronto Universities adds further dignity to the character of its work and the thoroughness of its examinations. Conservatory graduates in theory are exempted from the first two examinations for the degree of Mus. Bac. at both these Universities which clearly shows that the educational standard of the institution is of a high order.

As a result of the examinations held in June last, 315 pupils obtained Certificates and 44 received the Conser-

TORONTO CONSERVATORY OF MUSIC

vatory Diploma. Gold Medals were awarded in the Pianoforte department, both artists' and teachers' courses, also in the Vocal, Organ, Violin, Theory, and Elocution departments. The Conservatory also awards annually scholarships of the value of \$1,600, thus enabling students of ability, even those of limited means, to obtain advantages so essential to their progress in music. Many graduates and undergraduates of the institution are filling positions in colleges, schools and churches, while others are meeting with much success in concert work and as teachers in a private capacity.

The Conservatory buildings are situated most favourably at the corner of University Avenue and College St. in the centre of the city, adding to the great cluster of educational institutions which are grouped in and around Queen's Park, and contiguous to the beautiful Parliament Buildings. They consist of a main building, three stories high, having a frontage of 50 feet on College Street and 175 feet on University Avenue (as shown in the cut). The Music Hall, 75 feet by 42, adjoins the main building on the east near its centre and extends easterly towards the Avenue, thus forming two semi-quadrangles, south and north, upon the latter of which the main doors of both buildings open.

The Conservatory is a musical institution, complete in all its departments—piano, organ, voice, violin, theory and composition, ensemble work, chorus classes and all that goes to make up the curriculum of study in the most comprehensive and thorough system of musical education. Special attention is also given to the subjects of elocution and languages.

Precedently

Progress was the genesis of "Semiready."

It is as distinct an advance in the realm of garmenture as the autmobile is in locomotion.

"Semi-ready" eliminates the guess work of selecting a garment in the piece.

It provides for delivery the day it is ordered.

Made up to the trying-on stage, to be completed after it is ordered.

Gives the purchaser ample opportunity to judge actualities in effects.

Designed by, and cut, under the direction of the best artist in Canada.

Sold on the widest kind of a guarantee :-- "Your money back if dissatisfied."

Suits and Overcoats \$20, \$18, \$15, \$12 and \$10.

SEMI-READY WARDROBES

The Rossin Ibouse

O Globe Trotters, the name "The Rossin"—the finest hotel in Ontario—has long stood a synonym of cosiness, home-like comfort and up-to-date luxury, attributes which are much advertised, and in reality possessed little by other pretentious houses.

While being the most centrally located of the Toronto hotels, it is happily remote from all the noise, dust and smoke of the railways, yet only two blocks from the Union Station up York Street, at its intersection with King Street, Toronto's historic and most fashionable promenade.

In capacity, "The Rossin" can comfortably accommodate 400 guests; fifty of its rooms having bathrooms attached.

As a protection against fire, it is built with brick partitions throughout. There are five stairways from the upper to the first floor, and nightly, watchmen patrol the corridors, ensuring the perfect safety of guests,

An additional feature of the house is the absence of winding passages all the hallways being attractively wide and lofty. In every respect, the architect, with an eye to safety, health and comfort, wrought on a generous scale. In fine, the house is, like its management, like its cuisine, like its patronage, the best and most modern in the city.

This hotel home, it will be known with no surprise, has numbered among its guests, at various times, members of the Royal family, of the nobility, and the leading men of the day.

A. & A. NELSON, Proprietors
