

# KILLERS WAYS AID BILL

### For Each Province Be Voted Down—F. B. Carvell's Fair Tory Vote.

railways took a strong stand for federal control of the money to be voted, declaring that much of the money now spent in the provinces would be wasted, while much better work could be done by the dominion government. All he could suggest was that the senate abandon its principles rather than let the vote go.

Mr. Carvell covered with the partisan stand adopted by Hon. Mr. Cochrane, and moved that the vote be amended so to read:

"To provide for the payment of the following subsidies to the several provinces of Canada for the construction or improvement of highways, or for both such purposes, that is to say on \$1,000,000, including the amount that is appropriated to the different provinces.

This simply meant that Mr. Carvell intended for the granting of a straight subsidy for highways, pending the passage of the highways aid bill, this subsidy to be divided amongst the provinces exactly as though the highways aid bill had passed.

The chairman, Mr. Nickle, Conservative member for Kingston, ruled this resolution on the ground that a resolution altering the proposed method of expenditure was out of order.

This was manifestly taking advantage of a technicality so as to prevent the voting of the money, with the partisan intent of telling the country that the Liberals had prevented the distribution of this \$1,000,000 throughout the country for the aid of highways.

Mr. Carvell at once appealed from the chairman's decision; the speaker was called in and a vote taken.

The government members voted Mr. Carvell's proposition down by 49 to 21 on a straight party vote.

It is therefore plain that it was the government, not the opposition which prevented the country from getting the distribution of this \$1,000,000 for aid in willing to drop political advantage for the good of the country. The Hon. Mr. Carvell refused to do so. The country will judge as to the result.

### HOPEWELL HILL SCHOOL CLOSING

Hopewell Hill, July 1.—The closing anniversary of the school here, taught by Mr. C. D. Dickson, principal, and Miss Mary Archibald, was held yesterday afternoon, a large number of visitors being present. The pupils were examined in their branches, and a programme of entertainments was given. The marks made by the pupils at the recent reading examinations, were exhibited on the black boards and were very creditable indeed. Addresses were given by Messrs. J. R. Russell, trustees; A. J. Bray, clerk of the peace, and others. Mr. Dickson, who holds a superior diploma in teaching, presided over the proceedings of a superior school in another part of the province. He will leave tomorrow for his home in Hampton and will be followed by the good wishes of many friends here.

Will Peck, of Moncton, has been visiting at the home of his uncle, B. A. McKenna, Riverside, the past week. Mr. and Mrs. Enoch Steeves, of Elgin, are the guests of their daughter, Mrs. N. O'Regan.

### Yes, Mitty Loves Company.

(Ottawa Journal.)

Even an editor has his simple pleasures, such as seeing unfortunate typographical errors on other papers, for instance.

### Clark's Pork & Beans

Quality, flavor, and perfect cooking. The most economical and nourishing. Just heat in one serving minimum trouble and cost.

### CHINESE DOCTOR DIES IN NEW YORK IN HIS 150TH YEAR

New York, July 1.—Dr. Cho Choy, of China and Cuba, died at Ellis Island yesterday in his 150th year. A party of Chinese he was en route to Canada under bond, having arrived here only yesterday from Havana. His health was excellent, he said, and he resented exaggerated stories of his age were exaggerated. Sunday night he became suddenly ill, and death came shortly before noon Monday.

### WOODSTOCK WOMAN HAD A CLOSE CALL

Woodstock, July 1.—(Special.)—Hon. J. K. Fleming and Donald Munro were yesterday endeavoring to effect a settlement of land damages on some sections of the Valley railway on which the owners asked for arbitration.

Mrs. Robert Bell fell yesterday from a veranda from which she was hanging out clothes, and broke her arm, besides receiving other painful injuries. The distance was about twelve feet, and the line breaking, she pitched headlong. Her escape from death was miraculous.

The well known Carlyle hotel passed under new management today when William Thompson, who holds the property, took charge. The present staff will be retained.

### Fall Twelve Feet When Clothes Line Broke, and Got Off With a Broken Arm and Other Injuries.

Woodstock, July 1.—(Special.)—Hon. J. K. Fleming and Donald Munro were yesterday endeavoring to effect a settlement of land damages on some sections of the Valley railway on which the owners asked for arbitration.

Mrs. Robert Bell fell yesterday from a veranda from which she was hanging out clothes, and broke her arm, besides receiving other painful injuries. The distance was about twelve feet, and the line breaking, she pitched headlong. Her escape from death was miraculous.

### CONNECTION.

The corps are well advanced in their duties in every particular.

Sergeant Major Faxon, who has been for the last few days confined in hospital with an injured ankle, said today that though he had seen hospitals while in service in different parts of the empire—in Africa, Egypt, and elsewhere—he had never met with any where such courteous and efficient treatment was bestowed on patients as in the one this year in Sussex.

Sixty-two patients were treated for various ailments yesterday, while the number given medical attention since opening camp has been more than three hundred.

A patriotic meeting was held last night at which speakers were Judge Jonah, Hon. H. R. Emmerson and Hon. J. A. Murray, who were warmly applauded by a large audience of soldiers, during their able and forceful addresses.

# CROWD AT CAMP SUSSEX

### Great Interest In Manoeuvres

### Cavalry and Infantry Put in a Busy Afternoon

### Sham Battle to Take Place on Friday—Opposing Forces to Start for the Open Country the Night Before and Bivouac—Many Treated at the Hospital.

Sussex, N. B., July 1.—The camp grounds bristled with animation today. The morning set in with heavy rain which continued until about 11 o'clock, when the weather cleared and soon after the cavalry brigades occupying the plateau and the infantry brigades on the lower ground, the infantry brigades on the plateau and later the artillery brigade on the lowest field.

The visitors who crowded in large numbers upon the grounds, found much of lively interest. On entering the camp they spent considerable time in witnessing the attractive spectacle of nearly 800 cavalrymen, as well as the 8th Hussars in their dark uniforms with white stripes and the 28th Dragoons in their blue uniforms and corduroy breeches, both mounted on as fine looking lot of horses as ever were brought to camp—now walking, now heeling, now charging fiercely across the stretch of green of varying elevations in their practice of brigade drill.

**Infantry Manoeuvres.**

The five infantry regiments in their scarlet uniforms, parading in company or battalion order as they flashed along in lines, or charging with loud cheers upon imaginary foe, their bayonets glistening in the rays of the hot July sun, formed an attractive and picturesque sight and their manoeuvres were followed with close interest.

The flag drill of the signallers commanded attention as they flashed their messages through the air by semaphore or Morse.

Many of the strangers in camp sought their attention as they flashed their messages through the air by semaphore or Morse.

Another item was a gala day for soldiers and civilians both. The 62nd Fusiliers Band again distinguished themselves in an enjoyable concert this afternoon. Many attended the annual picnic of St. Francis Xavier church, while many others were present at the ball game between Sussex and Carleton. Carleton won the first game 21 to 15 and Sussex the second 7 to 5. The sports were called off.

**Sham Battle Friday.**

The remainder of the week in camp is expected to be of much interest. The programme arranged is more advanced as to general tactics than in other years. Field operations are to be carried out on Thursday night and continued on Friday when the annual sham battle will be waged by the Red and Blue. Orders have been issued for a bivouac of the opposing parties on Thursday night, the troops will take up their respective quarters some miles from Sussex.

The red force is to be commanded by Col. H. H. McLean and will be composed of the 8th Hussars, 10th battery C. F. A., and one section 1st Field Co. C. F. A. Lieutenant Col. McKenna will have command of the blue force made up of the 28th Dragoons, 12th and 19th batteries, 1st Field Co. C. F. A., less one section, detachment corps of Guides, 15th Infantry Brigade, one company 6th divisional train and 1st and 2nd sections of corps from No. 2 clearing hospital.

Colonel R. W. Rutherford, of Halifax, officer commanding the sixth district, will be umpire-in-chief, with Colonel W. M. Humphrey, camp commandant, as chief assistant, while the following officers will act as assistant umpires: Major Hayter, Lieut. Russell and Capt. Dawson for the Blue and Captain Sitwell, Lieut. Laflerty and Capt. Good for the Red.

Blankets, rations, and other equipment will be carried by the opposing forces, who will spend the night in the woods, meeting in conflict on the morning. In previous years it has been the custom for the attacking party to march from camp early on Friday morning, engage in battle with the defending party, and then, at the close of the day, bivouac will be watched with interest.

The 62nd Regiment will leave under Colonel J. L. Murray, St. John, to-night, going by special train. Their stay in camp has been pleasant, and they will be a very good showing.

Major C. Macintosh, 28th Dragoons, S. Fisher, of the same regiment, will act as captain tomorrow. Major Murray, with Infantry, today inspected the regimental signallers who displayed commendable knowledge of their work.

A clearing hospital will be inspected tomorrow by Colonel Merbury, A. D. M. S., in the competition between military hospital corps in efficiency for prizes offered by the government in this

# EFFORTS TO PREVENT BALKAN BLAZE FAIL

### Bulgaria Reports Greek Defeat

### Servia Declares a State of War Exists—Turkey Ready to Help Allies in Struggle with Bulgars—Ambassadorial Conference Discuss the Sit- uation.

Belgrade, July 1.—We are at war with Bulgaria, says the Serbian government, publishing a sensational statement to the effect that the authorities at Skopje have received information of an astonishing character respecting the intentions of the Bulgarian government to enter the Balkan theatre of war.

The full details, says the Express, are known only in the inner circle of the Serb government, and the Serbian government has been obliged to keep them secret.

Should one militant die while under sentence, although the sentence is death, the result of being an action in hunger striking, the life of no cabinet minister would be safe and the lives of two prominent, in particular, would be in greater danger.

Every effort is being made to prevent the details of the plans made by the women from leaking out and official denials will doubtless be published.

Don't Like "Cat and Mouse" Bill.

London, July 1.—The Daily Mail says that the suffragettes plan campaign to bend all efforts to the direction of breaking down the "cat and mouse" bill.

Instructions have been sent to all local suffrage societies to do everything possible by agitation, sending deputations to the ministers and the members of the house of commons, by flooding them with letters and articles to elicit public sympathy and get the act repealed.

### Eleven Boys Drown at Lawrence, Mass.

Lawrence, July 1.—Eleven boys, ranging in age from 8 to 16, were drowned in an accident which took place in the Merrimac river at 2 o'clock yesterday afternoon by the collapse of a board walk which extended from the shore to the first of the two municipal bathhouses near the foot of McFarlin st.

A score or more were rescued by bathers and others who rushed to the scene. The catastrophe, the most appalling here in many years. The search for bodies was continued into the evening and arrangements were made to bury a dozen more from Boston to assist.

The boys had been attracted from opening the public bath, and had massed in the walk close to the locked door, to await the arrival of William Bluffs, who was expected to be on his way back from dinner.

Reports differed as to how many were on the walk. The estimates range from 50 to 75. The water was but 75 feet in length and five feet wide and consisted of 4x8 and 4x6 standards, to which were nailed ledger boards of one inch thickness and six inches wide. Upon these ledger boards rested the joist to which the boards of the walk were fastened.

A railing composed of two boards nailed to uprights barricaded the walk on either side. A foot about six feet square at the outer end was attached to the bathhouse and the walk with iron fastenings. The boys crowded onto the walk as close to the bathhouse as they could get, those in the rear pushing forward until they were massed over the water.

One report was that the boys in their enthusiasm began to jump up and down as the entrance of the bathhouse was sighted. Suddenly the passageway sagged and the platform attached to the bathhouse and the railings gave under the weight of the boys forced against it.

### Walk of Municipal Bath-House Collapses and 75 Are Hurl'd Into the Merrimac River—Rescuers Save Many Struggling for Their Lives.

Lawrence, July 1.—Eleven boys, ranging in age from 8 to 16, were drowned in an accident which took place in the Merrimac river at 2 o'clock yesterday afternoon by the collapse of a board walk which extended from the shore to the first of the two municipal bathhouses near the foot of McFarlin st.

### Forty-Six Dead From Heat in Chicago Monday

Chicago, June 30.—Forty-six persons are known to have died here today as a result of intense heat.

This number includes only the cases reported by the coroner and the police, and it is expected will be increased by reports of private physicians.

Of these deaths, 39 were the direct result of heat strokes, five persons committed suicide as a result of the heat and two deaths were of children seeking relief.

This was the hottest June day recorded in this city since the government records were begun in 1872. Ninety-nine degrees were registered by the government thermometer above the weather bureau. The government thermometer in the street level showed a temperature of 102. The heat last night and today was not tempered by a breeze.

### Another Protest From North Shore About the P. C. R.

(Chatham World.)

An official order has been issued that the special service that has been given by the P. C. R. to the North Shore and back every morning will be discontinued after Monday. Men are gathering up the ties that had been distributed along the route for repairs, and distributing them elsewhere. With no train, with no bridge over the Barnaby river, and with the main river so obstructed by logs that crossing cannot be effected for miles, the 1,400 people in that quarter will be practically shut in from the rest of the world. It is an outrage that loyal citizens of Canada should not be subjected to. We are building railways to accommodate expected immigrants, and advancing them money to buy land and build houses, and yet we deprive 1,400 people in one district of the railway they have had for twenty-six years. It is a crime.

### Democratic Caucus Settles a Few Knotty Problems

Washington, July 1.—Senate Democrats approached a final agreement on the Underwood tariff bill in caucus today, when they made the following decisions on important contested points: Mutual life insurance companies were exempted from payment of income tax on premiums returned to policy holders in the form of dividends. A stamp tax of one cent on each per pound was agreed for the trading in cotton futures, the tax to be refunded where the cotton is actually delivered.

An agreement was reported for a vote tomorrow on the Ethelock amendment, proposing a restrictive tax on tobacco production to prevent monopoly.

The finance committee members held another meeting tonight to decide questions referred back from the caucus. The caucus will resume work on the bill tomorrow, and it is believed the final paragraph will be reached before the end of the day.

### SUED FOR \$200,000, AWARDED \$12,257

Fredrickton, July 1.—Judgments for \$12,257.98 for the New Brunswick Railway Company and of \$7,008.80 for the New Brunswick Lumber Company have been given by Justice Audette in the actions brought by those companies against the crown in the exchequer court. The actions were for damages for severance and fire risk in connection with the right of way of the National Canadian railway going through their properties in this province. The cases were heard at St. John from June 10 to June 17, by Justice Audette, and a number of expert witnesses were called.

R. B. Hanson of this city, who with J. C. Hartley of Woodstock, conducted the case for the crown, received a letter yesterday from Charles Morse, K. C., of Ottawa, registrar of the exchequer court, announcing the findings as stated above. Interest being granted in addition to the amounts named. The New Brunswick Lumber Company was a holding company for the Gibson lands after their sale before being taken over by the Partridge company.

The New Brunswick Railway Company sought \$200,000 damages, and placed the value of their lands at \$350 per acre when their officials were on the witness stand, while the New Brunswick Lumber Company sought \$30,000. The value of the value of their lands at \$350 per acre when their officials were on the witness stand, while the New Brunswick Lumber Company sought \$30,000. The value of the value of their lands at \$350 per acre when their officials were on the witness stand, while the New Brunswick Lumber Company sought \$30,000.

### WREN FOUND GUILTY OF MURDER

Keene, N. H., July 1.—John H. Wren, was found guilty of murder in the first degree for the murder of J. Stuart Hamilton, of Rochester (N. Y.), a railway construction foreman at Hinsdale (N. H.), on February 5 last, and sentenced to life. The prisoner will be brought into court tomorrow for sentence.

Poor Entertainment.

(Toronto Mail and Empire.)

Theatres that get no better entertainment for their patrons than a marriage ceremony upon the stage ought to turn themselves into storage warehouses.

The Long Trail of a Tragedy.

(Chicago Post.)

Tragic was the death of the Georgian banker through mercury poisoning, it was inconceivable as compared to his trail of imitation.

# LOBBYIST'S STRIFE STIRS WASHINGTON

### LADY SACKVILLE ON THE STAND

### Denies She Influenced Sir John Scott to Leave Her Millions

London, July 1.—Lady Sackville and her family today entered a general denial of the allegations made by the relatives of the late Sir John Murray Scott, that they had influenced Sir John to leave to them the bulk of his fortune of \$2,000,000, or that Lady Sackville had alienated him from his family.

Since the suit opened last week interest in the proceedings has increased day by day, with the commencement of the parties concerned. The case for the defence concluded this morning and the Sir Edward Carson, counsel for the Sackvilles, addressed the jury.

He first asked the judge to declare that no evidence had been brought forward to show the existence of a codicil to the will which Sir John Murray Scott was alleged to have made in 1910 or 1911, revoking the legacy to Lady Sackville, or that there was any evidence of fraud or undue influence against the Sackvilles.

The judge, however, decided that the case must go to the jury.

Carson's Plea.

Sir Edward Carson pleaded that all the facts in connection with the drawing of the will by the late Sir John Murray Scott, and the alleged undue influence on the part of the Sackville family. After the will was drawn in 1900, said Sir Edward, Sir John Scott was alleged to have made in 1910 or 1911, revoking the legacy to Lady Sackville, or that there was any evidence of fraud or undue influence against the Sackvilles.

The judge, however, decided that the case must go to the jury.

Carson's Plea.

Sir Edward Carson pleaded that all the facts in connection with the drawing of the will by the late Sir John Murray Scott, and the alleged undue influence on the part of the Sackville family. After the will was drawn in 1900, said Sir Edward, Sir John Scott was alleged to have made in 1910 or 1911, revoking the legacy to Lady Sackville, or that there was any evidence of fraud or undue influence against the Sackvilles.

The judge, however, decided that the case must go to the jury.

MADE PROGRESS FOR PRISON FARM

This is the Latest Suggestion Made by Those Trying to Introduce Progressive System SUCCESS ELSEWHERE

Police Magistrate Has Power to Commit Vagrants to Almshouse, and Charge May Be Made to Include Many Minor Offences—Few More Guardians Would Be Required Only.

Although the question of establishing prison farms in the province of New Brunswick has received little public attention since the movement was considered...

Commissioner Agar and others have given their opinion that legislation on prison farms is a matter for the provincial government and not for the municipality of St. John.

It has been suggested that the Municipality of St. John should be authorized to acquire a portion of the land...

These further regulations, thinks an advocate of the prison farm system, might well include the employment of one or two extra guardians...

SAVS PROVINCE LOST TWO BIG PAPER MILLS

Borden Government Appointee Criticizes Provincial Government's Policy AN EXPERT'S VIEWS

Short Term Leases Really Causes Wasteful Methods in Lumber Cutting, is View of A. G. McIntyre, Dominion Director of Forest Laboratories—Engaged in Practical Work.

"I would like to have a little more time with you to tell what I think of the short-sighted policy of the provincial government in restricting the big lumbermen and pulp mill holders...

So spoke A. Gordon McIntyre, editor of the Pulp and Paper Magazine and recently appointed by the Borden government as director of the Dominion Forest Laboratories...

In speaking of the provincial government's action in shutting off the renewal of the limit holders' licenses and the provision for a twenty-five year lease...

With regard to the work of his own department Mr. McIntyre said: "It is purely practical. I expect to get much valuable information in Wisconsin regarding the logging of paper pulp...
