SHAYER BOARD
If you are building or going to complete some unfinished rooms, let us show you some colored samples, illustrating the beautiful color effects obtained by using this shayer and durable board for walls and ceilings in all classes of buildings.
We carry a large stock in assorted sizes.

MAIL ORDERS
We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the relation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

Our Office is connected with the N. B. Telephone Co.'s line by two separate lines insuring prompt attention.

BUSY TIME FOR FIREMEN

Three Small Fires in Short Order Handled Promptly Little Damage
The Campbellton Fire Department had a busy time early this week being called out three times for fires.
The first call was sent in about three o'clock in the afternoon for a fire in a shed in the rear of McDonalds drug store, owned by F. G. Kay. This fire is supposed to have originated from a spark from the Shives burner. The department responded promptly when the blaze was soon extinguished but not until it had done considerable damage to the building and badly scorched the dwelling occupied by Mr. LaTourneau. The damage is fully covered by insurance.
At 1:30 a.m. Tuesday morning the department was again called out for a fire in Mr. Wm. LeBouff's house on Sugar Land Street, occupied by Police-Tian Smith up until a few days ago when he moved out taking with him most of his furniture, the rest being stored in the attic. As this house was unoccupied and the fire having originated on the lower floor, the origin is a mystery. The department responded promptly and soon extinguished the blaze which was confined almost entirely to the inside of the house although several holes were burned through the roof.
Shortly after the fire department was again called out to the west end of the town for a blaze in the house destroyed by fire last fall on Roseberry Street, and owned by Mrs. W. A. Trueman. The fire is supposed to have originated through children lighting matches in the debris which had not been removed, or from a spark from some of the neighboring chimneys. Neighbors kept this blaze down with garden hose until the arrival of the department, which soon put out the fire.

AMERICAN PRESS PARTY HERE

Arrived Promptly on Time and Taken By Auto to Dalhousie.
Last evening at 8:10 the "Million Dollar Special" bearing the members of the National Editorial Association of America, made up of representatives of daily newspapers from all sections of the United States, arrived here.
The visitors were greeted by a large committee of citizens, escorted to waiting automobiles and after a short drive around town proceeded to Dalhousie, where the entire party were the guests of the All New Brunswick Tourist and Resources Association which is holding its second annual convention at the Inch Arran.
The large house was crowded with guests and some difficulty was experienced in providing dinner for all, but this was eventually accomplished.
Hon. C. H. LaBilios, president at the head of the table and acted as toast master. Toasts to "The King," "The President of the United States," "Our Guests," "The N. B. Tourist Resources Association" and "The Ladies" and very short addresses were delivered in response to the toasts.
At about 11:30 many of the visitors returned to Dalhousie Junction where they boarded their train. Others, together with a very large gathering, remained and enjoyed a dance at the Inch Arran.

LEAGUE GAMES NOW UNDER WAY

Two Games of Series Played and Good Ball the Rule.
The first game in the Campbellton Base Ball League series was played at the Ball Grounds, O'Leary field, on Monday evening when the K. of C. and the Town teams put up a fine game which was witnessed by over 200 of our town people. The first ball was pitched by the President M. M. Mowat.
Considerable interest was manifested throughout the entire seven innings.
Following is the score by innings—
K. of C. 0 2 4 2 4 1 0—13
Town 1 0 0 0 0 1 1—3
Umpire—Geo. F. Miles.
The second game of the Baseball series was held last evening between the G.W.V.A. and Shives Colts and was won by the former with a score of 9-7. The game was full of excitement from start to finish and looked as though the Colts had Reuben's goat. However the Vets tightened up and brought the innings to a close allowing the Colts 6 runs. Both pitchers received good support from their teams. The errors not being of a serious nature.
Although a large number of the ball fans were in Dalhousie with the National Editorial Association, the crowd witnessing the game was nearly as large as on the opening night and as the G.W.V.A. and K. of C. play on Friday night, both having won a game, we should have a bumper house.

GEORGE ALBERT ACCIDENTALLY SHOT

Was in Woods Sunday When Gun Was Accidentally Discharged.
Sunday morning George Albert of Oullette Settlement, back of Seven Mile Ridge, accompanied by his little son went into the woods for a tramp taking a gun with him. They tramped about for a time and becoming tired rested behind a log. Albert placed the stock of the gun on a log and leaned upon it, when it slipped, the hammer striking the log and exploding the charge which tore through his hand and entered in abdomen, causing almost instant death. The little son gave the alarm and neighbors went to the scene of the accident. Coroner Martin was summoned and held an inquest when a verdict of accidental death was returned.

FORMER CHIEF JUSTICE IS DEAD
Sir Ezekiel McLeod Passes Away at Hampton After Brief Illness.
St. John, N. B., June 12.—Sir Ezekiel McLeod, retired chief justice of the supreme court of New Brunswick, died of pneumonia at 7:15 o'clock last evening at his home in Hampton. He had been seriously ill only a few days, although for a week previous to the pneumonia attack he had not been the best of health. The news from his bedside during the last day or two had not been favorable and his passing away was no surprise to close friends who were aware of the serious nature of his illness.

SEED SUPPLIED TO ST. QUENTIN

Local Government Votes \$500 To Purchase Necessary Seeds.
The provincial government has voted \$500 to provide seed for those settlers of St. Quentin and vicinity who lost their crops by the ravages of the recent forest fires. The fires set them back considerably in their farming operations, and on recommendations of Hon. J. F. Tweeddale, who had received a report and request for seeds from Arthur T. LeBlanc, M.P.P. of Campbellton, the appropriation was made. Seed for oats and hay will be supplied. The provincial government in all has appropriated \$2,500 to the aid of the fire sufferers of St. Quentin.

Wishing to get out of it, Blank stammered: "Ah—er—let me see—three weeks from today, you say? Oh, I shall be going to a funeral on that day."

OBITUARY.

J. Leonard Whitton.
On Wednesday, June 2nd, J. Leonard Whitton passed peacefully away at his home in Hopewell, Que., after an illness of three months.
Deceased was fourteen years of age, and was a bright and intelligent boy. His amiable and obliging disposition made him a general favorite and he will be sadly missed by all who knew him.
The funeral took place on Saturday, June 5th and was very largely attended. All of the pupils of the Hopewell Catholic School, of which he was a student, followed the remains to the R. C. church, Hopewell, where Requiem Missa was celebrated by Rev. Father Duret, and the remains were laid to rest in the R.C. Cemetery. He leaves to mourn his loss, his parents, Mr. and Mrs. John Whitton, three sisters and three brothers, who have the sympathy of all in their sad bereavement.

Rare Air is as Necessary as Rare Food

THE ENTERPRISE BLAZER FURNACE heats your home in Nature's way. It draws in the sweet pure air from the big outdoors, moistens it thoroughly, turns it into heat and comfort and passes it on to every corner of your home.

The best that base burners and radiators can do is to heat the air that is already in the house—that has been breathed again and again. Stoves choke the air with dust and in real cold weather they fall short of their job. Another reason for the

ENTERPRISE BLAZER FURNACE

is economy. For thirty-five years we have been learning how to take all the heat out of a piece of coal; and then how to make most use of it. The Enterprise Blazer is the result. And it costs a great deal less to install than a hot water boiler, pipes and radiators.

An Enterprise Blazer will warm for years and years. Every part is made a little better than it need be, and it carries the famous Enterprise guarantee of satisfaction. Get your dealer's advice and write us today for our free booklet "Warmth and Comfort."

OBITUARY.
John Edward Letourneau.
Dahousie, N. B. June 26th. There is a certain fitness about death which reconciles us to its approach when its victims are those already bowed down to the grave by the weight of years; but when the days of some are so precious and needed, the last hour is a threatening blow, and the heart is wrung with sorrow, for bright hopes are brought to dust, and the vista of life is changed to a barren waste for those by whom the loss is most keenly felt. If this truth needs confirmation none better could there be than the grief which fills the hearts of the mourning friends of the late John Edward Letourneau, of Dahousie, who was the only support of a widowed mother. He was in his 24th year of age. For several years he filled the position his late father occupied in the employ of the Dalhousie Lumber Co., and during the great war he enlisted in the Canadian Militia. Returning to his work in good health, he contracted a cold about a year ago, and in spite of all the care of a devoted mother, kind sisters and friends, and expert medical aid, he passed away on Saturday evening. He was of a quiet and kind disposition and was much esteemed by all.

Besides his mother he is survived by four young sisters—at home, Amelia, Marguerite, Gertrude and Philomena and four married sisters: Mrs. Arsene Allain, Dahousie; Mrs. Arthur Arsenault, Tracadie; Mrs. Charles Lea and Mrs. Adelaide Belanger, Campbellton.

The funeral was held on Tuesday to the R. C. Church and was very largely attended. A Solemn High Mass of Requiem was celebrated by Rev. J. A. Hartz. The pall bearers were: Charles Lea, Arthur Arsenault, Arsene Allain, Adelaide Belanger, James Savoie and John B. Walsh.

Mrs. Mayme Price.
The death occurred this morning at 110 Weldon Street, of Mrs. Mayme Price, aged twenty-eight years and ten months, widow of Thomas Price, who was killed overseas in active service about two years ago. Deceased had been a patient in the Jordan Memorial Sanatorium, at River Glade, for some time, and was expected to have been discharged a cured patient about Christmas, 1919. Shortly after returning to her home here, she was re-admitted as a patient into the Jordan Sanatorium in January, but returned home in February last, and since that time gradually declined until this morning when death ensued, after long and patient suffering.

The deceased lady leaves to mourn two little girls, Grace and Doreen, aged eight and seven years respectively. Two brothers survive, those being the Messrs. Loyal L. and D. Bryce of the C.N.R. department here. One sister, Miss Daisy Bishop of this city, also survives.

Other surviving relatives are deceased's parents, Mr. and Mrs. Sanford Bishop. Mr. Bishop is foreman of the C.N.R. Electrical department. The funeral arrangements will be announced later. Deceased's relatives have the sympathy of their many friends in this city and elsewhere in which The Transcript joins. Mrs. Price possessed a lovable disposition, and enjoyed the friendship of a large number of friends, and much sympathy will be expressed to the little orphan daughters who have been left motherless at so early an age.—Transcript, May 26.

MIRACULOUS ESCAPE.

A miraculous escape from serious injury or even death was recorded here on Monday last, when a car driven by Mr. Walter Amy, with Mrs. Amy and two children and Mrs. C. C. H. Ibbard as passengers, backed over the bank at Lower Mill Cove, and made a drop of about twenty feet into the brook below. Mr. Amy was unable to make the grade on the lower side of the hill and was backing up for a start, when the car became unmanageable and backed over the bank. Neither car nor occupants suffered a scratch but, needless to say, the latter had a very bad scare.—Advocate.

WIRE STORIES.
Inhabitants of New Zealand Are Dying Out.
When Captain Cook, the famous navigator, landed at Poverty Bay, New Zealand, in October, 1769, the natives took his ship for a gigantic bird and were struck with the awe and beauty of its wings. He spent nearly a year cruising around the islands and cultivating friendly relations with the inhabitants.

They appeared to be amiable and exceptionally intelligent; but infanticide was commonly practiced, and cannibalism was an established habit. The Maoris thought nothing of making an armed descent upon a distant island, rounding up its people, and accomplishing a thorough clean-up by eating them all in leisurely fashion.

Captain Cook estimated their number at 400,000. To-day there are not more than 200,000 left alive. Like other native races all over Oceania, the Maoris are dying out. They saved the admiration of Europeans by the skill and bravery with which they defended their country in a long series of wars against the white invaders. At one time the British had 10,000 soldiers in New Zealand.

The origin of the Maoris is uncertain, but they are presumably of Malay stock. They have a tradition that the islands were first settled by the ancestors of theirs who came from a distant land in fourteen canoes. Most of their ancient weapons are war-clubs made of a translucent and very beautiful green stone.

British sea captains asked a chief what he would take in exchange for his club, and the reply was "Four ships."

The chief explained that the life-time of one man was required to make such a war club. Very likely this was true. For when an attempt was made to turn out clubs of this pattern from the same material with the help of machinery the result was failure, owing to the extreme hardness of the stone.

The Lesser Evil.
A popular musical comedy star was taking her summer vacation in a New England village last year, and good-naturedly agreed to participate in an "entertainment" to be given at the Town Hall for the benefit of local charities. It was to be a costume party, and she was to appear in her last winter's show, and a fetching poster showing herself in that same costume. Soon after the poster was on display in the hall, a committee of gentlemen who were engineering the entertainment and protesting against the chic costume of the poster, which was, in fact, that of the conventional "prince" of musical comedy, with a frank if pleasing display of six-encased limbs.

The chief of the committee for Miss de Lancy and see if we can't fix it up," a committee man suggested, and this was done.

Now, besides being good-hearted, Miss de Lancy is high-spirited and rather theatrical. The costume which had been good enough for her to appear in for some hundreds of times in New York would do for one appearance in Hicksville.

"There is no use talking," she announced with decision. "I'll appear in that costume or nothing!"

There was a moment of horrified silence, and then a whispering among the lady delegation, and a moment later they protest against the proposed costume was withdrawn.

Flogging Burglars.
Ancient British law has been revived by London justices in dealing with burglars and petty criminals. Lashes on the bare back with the cat-o-nine tails used to be a favorite sentence, but in modern times it has practically been abandoned. Alarmed at the rapid spread of crime, however, Justice Horridge revived the old-time law and has sentenced Walter Wetton and Walter Brown, convicted highwaymen, to the "cat."

It is to be understood that I shall not hesitate in proper cases to inflict the punishment I am going to do on you two men. You will receive twelve lashes from the 'cat.' This was the judge's dictum and other courts are following suit.

Burglary in England is a profession followed practically with impunity at the present time. Government post offices seem to be favorite places for the thieves to operate. Bond Street shops are raided nightly and frequently warehouses containing costly silks and furs have been cleaned out by burglars using automobile trucks to carry away the loot. But few of the offenders have been captured by the police.

The revival of the "cat" and other traditional punishments should, it is thought by the authorities, have a salutary effect on criminals. Prison sentences seem to have no effect on the hardened offender, but physical pain will, it is thought, have the desired effect of preventing wholesale crime.

Paid for Conversation.
Some of the unconventional "professions" which have developed in after-war England include the man who guarantees to be able to furnish an afternoon or evening's pleasant conversation at a moderate fee. Another ex-officer, who says he became an efficient letter writer while in the trenches in Flanders, will write breezy letters to interesting people for "so much per." Owing to the ravages of the war on old-established fortunes, scores of highly placed women are trying to obtain jobs as chaperons or companions to women and girls who love to travel. Others are willing to share in the management of large houses for a nominal wage. Thousands of girls, some of them of little, are applying for jobs as cinema actresses.

Some Futurist.
Grandfather (to aspiring artist, who flatters himself on the mooriness of his outlook)—I have no wish to see you, my boy, but I must say your grandmother used to knit better pictures than that!

Do You Buy At Home?

WHEN YOU require Printed Stationery or Printing of any kind it is not necessary to send your order to a distant city. Your local printing offices can attend to all YOUR needs.

Buying at home, trading one with another so far as is possible, is the fundamental principle underlying the growth and trade expansion of every community. A dollar spent with your own merchant, manufacturer or printer may again come into your hands, but a dollar sent to a distant mail order house or print shop or factor is gone from your community forever.

An Island Where Deer are Safe

Listening to the Barking of Hounds on a Distant Island.

The deep music of a deerhound's voice came faintly down the wind, shortly it blended with the sharper voice of a hunting Airedale. The scream of a hungry cougar is not more terrifying to the timid deer of the British Columbia coast than the bay of the hounds on the trail. When they hear it they get up and go—straight for water.
The little spiky bush, born a few seasons before on the rugged, forest-clad coast of the Pacific province lifted his head. His eyes and nose were turned toward the sound. The high tension of his taut nerves, he looked into the forest of the island on which he stood, and he saw nothing alarming. He turned and stared across the water toward Nelson Island. The only thing that caught his eye that did not denote restful nature in primitive grandeur was a smudge of smoke that smothered the horizon and showed that a C.P.L. coasting steamer was enbound from Powell River. Then the boom of the hound's voice rolled again across the waters from Nelson Island. The deer moved nervously, looked all round again—and saluted best his

head to bite a mouthful of grass. He was safe. He was on Hardy Island.
Hardy Island is the city of refuge to all the deer that know about it. Three years ago it was good hunting grounds. To-day it is taboo to men with guns, and bell-pops, as the saying goes, if men with both guns and dogs appear. It is unlawful to hunt deer with dogs in British Columbia, but it is still done in certain districts, in spite of law. Two years ago, or perhaps slightly more than that, Mr. C. J. Leyland, of England purchased Hardy Island, a gem of land situated just off Nelson Island at the mouth of Jervis Inlet. He bought it to experiment with British trees in the B.C. climate. There were 2,600 acres of rich lands and forests, and there was a good orchard. He placed a watchman, Tom Brazil, on the property and did no more toward development, preferring to await the end of the war. Brazil, a lover of animals, caught two of the wild deer that frequently swam to the island from the other nearby lands. He named them.

They in turn brought other wild ones. Many of them had been run to water by dogs and took refuge on Hardy Island. There, seeing how intimate the original tame pair were with the man who controlled the orchards where the luscious apples grew, the wild newcomers gradually grew intimate too. To-day a herd of thirty deer, most of them born in wildness, respond to the voice of Tom Brazil when he calls. Some of them will step forward from the herd when called by name. They have no fear at all of man, when on Hardy Island. Sometimes they swing to other parts of the coast, and range about a bit, but they come back, when faxed from some Bruce sun and swim. Tom Brazil's herd is becoming a by-word on the coast, but no dog and no man dare brave what might happen should he try to hunt on the island of refuge. So the deer are fat, are bringing new little lives into the world, and are adding to their numbers by recruit volunteers from the wild ranges where such safety is not known.—L. V. K.

CIRCUS DAY AT CAMPBELLTON

Many Interesting Sights Free to All—Bring the Kiddies for the Day.

Most interesting of all incidents on circus day and which is free to all who wish to avail themselves of the opportunity, is the arrival and unloading of three special trains bearing the paraphernalia and animals for the majestic Hagenbeck-Wallace Circus, which is to exhibit here Thursday, June 24th.
One must witness the unloading of these special trains to realize all the paraphernalia necessary for this show to carry in order to present its mammoth exhibition. And in the witnessing of this work one is declared scarcely capable of realizing the skill necessary in the loading and packing of the cars.
Every animal cage, every wagon, every trunk, every tent and every piece of material must be placed in an exact location. To have any article vary an inch necessitates the reloading of a car, it is said.

Much time and work is reported devoted in the winter months in arranging details. As the complete program is arranged, work is commenced in laying out the cars. As the opening date draws near, the workers are drilled in the loading of the paraphernalia. Every workman has his exact duty to perform and it must be done like clock-work. Every article must be placed at a definite moment.

It is assumed that in no industry is so much material placed on three special trains as is carried on the cars bearing the Hagenbeck-Wallace Circus.
The exhibition will be given on the circus lot at June 24th and a downtown ticket office will be opened during its stay here at Wank's Drug Store, where the price will be the same as on the circus lot.
The spectacular surprise-filled three mile street parade will leave the circus grounds at 10.30 a.m.

PROBATE COURT

There was a Court of Probate held before His Honor, Francis F. Matheson, Judge of Probate, on Monday the seventh instant in answer to a Citation called by the Judge of Probate, at which John R. Reid, Administrator of the Estate of the late James A. Reid, passed his accounts to date.
It will be remembered that in October last, Mr. John R. Reid was appointed Administrator of the estate of the late James A. Reid. At this time, this estate was looked upon as being in bad shape and many of the creditors were feeling somewhat concerned as to the possibility of having their claims paid. Mr. J. R. Reid has given the administration of this estate apparently the most careful attention as shown by the exhibition of receipts and expenditures made by him during the months succeeding the date of administration. His handling of the estate was very satisfactory, as shown by the statement of account rendered and the effect that the affairs of the estate had been well and admirably handled. It would appear by the exhibition of accounts, showing the way in which the estate has been handled, that the man J. R. Reid is no unworthy successor of his father, the late James Reid, M.P., he having so quietly and successfully collected all the outstanding bills due the estate and more particularly paid off every claim without having any recourse to the real estate. The real estate belonging to the estate of James A. Reid is left entirely intact and there will be a fair substantial balance from the personal estate coming into the hands of the children of the late James A. Reid. All creditors interested in the estate will be glad that the management of this estate has fallen into such careful hands and the friends of Mr. J. R. Reid will congratulate him upon his successful handling of the affairs of the estate.

ILLICIT STILL PUT OUT OF OPERATION

Wash Destroyed and Owner to Be Prosecuted on Receipt of Analysis.

On May 26th D. A. Kean, Liquor Inspector for the County of Restigouche, accompanied by Police Officer Smith, acting upon reports received left Campbellton at 2 a.m. for Oullette Settlement where it was claimed Louis Oullette was conducting an illicit still. On arriving there they found at his camp three barrels of wash ready for distilling purposes. The barrels contain about eighty gallons in all. After a thorough search the still could not be located, but the officers secured evidence as to the still having been in operation the previous day. Samples of the wash were taken for analysis, and the balance destroyed. The case will be taken up on receipt of the analysis. The officers also procured information regarding other parties in the vicinity of Seven Mile Ridge operating illicit stills, which cases will be dealt with at an early date. It is the intention of the Inspector to see to it that no illicit stills are operated in this district.

KEROSENE GOES UP.
And now it is coal oil, otherwise called kerosene oil. The Imperial Oil Company announced that coal oil by the barrel, wholesale, has been advanced to twenty-nine cents a gallon. A barrel holds forty-two gallons, and \$5 additional must be paid for the barrel. The increase amounts to two cents a gallon more than the quotations last week.

WOMEN CAN VOTE
JULY TENTH
Thousands of women who did not register in previous elections will be delighted to learn that they still have an opportunity of getting on the list and voting for prohibition. To be eligible one must be twenty-one years of age and a resident of the province for six months, and make an affidavit to this effect, before any justice of the peace.

TO SAVE SUGAR.
In cooking rhubarb much sugar may be saved by the use of baking soda. Dissolve the soda in boiling water, in the proportion of a quart, and pour over the rhubarb. Let stand for about five minutes, and then turn into a colander to drain. Stew with not much more than half the quantity of sugar you have been accustomed to use.

BAZAAR.
Amusements of all kinds will be provided for the Athol Bazaar.

FOR REGISTRATION.
Under the provisions of an Amendment to the New Brunswick Elections Act, 1916, an opportunity is provided for having names that were omitted from the voters list added. An opportunity will be afforded every woman duly qualified, to register in the new Town Hall, on Monday, June 21st, between the hours of 2-5 in the afternoon.

The W.C.T.U. urge all women not already registered to embrace this opportunity of having their names enrolled.
By order of the W.C.T.U.

S. A. DRIVE NOT ALL OVER

Canvassers Will Still Call on Those Who Have Not Contributed.

There has been a let-up in the canvass of the Town and County—The Salvation Army Drive Campaign, owing to the pressure of work on the part of the Committee.
We are, however, resuming the canvass and will ask business firms and men and women generally to arrange to meet the canvassers as best they can. Reports have come in from all parts of the Province and every Town and County seems to have stood up to their allotment. The allotment of Restigouche County is \$2000.00 and we have not received over \$600.00 and a good deal remains to be done in order to keep up the good name of Restigouche County. Many people seem to forget the value of the work done by the Salvation Army and aim that times are hard and it is difficult to get money for every cause at a time when the country is so straitened. It is true, yet still we need to remember that the cause of the Salvation Army is not behind that of any other cause. In fact, it stands ahead of a great many and people who will not aid the Salvation Army in their all for funds are certainly unmindful of the great work they have done in the past and have not been made acquainted with the expectation of the Army in its extended plan for usefulness in the future. That we have one other thing in the past is only the result of the fact that we will do her good things now and in the future and it is conceded by all right thinking people that the requests of the Salvation Army should be met to the fullest extent possible.
It is a pretty difficult matter for a Committee to realize \$2000.00 in a County if subscribers do not give little more than twenty-five cents and one dollar amounts, particularly people who are comfortably situated and have means.
Kindly rally to the need of the Army and give to this their last request.

**LETTER FROM
MRS. WAKELIN**

Tells Remarkable Story of
Sickness and Recovery.

Toronto, Ont.—"I suffered greatly from weakness to be tired the time, and had no ambition to do anything or go any place. My nerves were in bad shape, I could not sleep at night, and then came a breakdown. I read of Lydia E. Pinkham's Vegetable Compound in the newspapers and several of my friends advised me to use it, and it surely put new life into me. Now I am quite able to do all my own work, and I would strongly advise every suffering woman to give Lydia E. Pinkham's Vegetable Compound a trial."

Mrs. CHARLES WAKELIN, 275 Christie St., Toronto, Ont.

"The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for more than forty years.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

MORE FUNDS.

The Entertainment Committee of the Soldiers' Memorial Hospital Aid wish to thank the young folk for a donation of \$6.00, the proceeds of a Barn Concert held on Saturday afternoon, May 15th, an admission fee of five cents being charged. The programme which consisted of songs, dances, etc., was given with the assistance of Misses Mary Andrew and Marjorie McBeath, by the following little girls and boys: Misses Georgie Miller, Pauline McBeath, Lena Gagnier, Bessie Boyle, Julia Boyle, Muriel Robertson, Dorothy Miller, Mary Ingram and Masters Roland Robertson and Allan Miller.

MR. JOHN E. GULDERSON

"I suffered with Rheumatism for five years, having it bodily at times I was unable to get up without assistance. I tried different medicines I saw advertised and was treated by doctors in Annapolis also in my home town, but the Rheumatism came back.

In 1921 I saw in an advertisement that "Fruit-A-Tives" would stop Rheumatism, and took one box and got relief. I took them right along for about six months and the Rheumatism was all gone and I have never felt it since.

Anyone who would care to write me a box of "Fruit-A-Tives" I would be glad to tell them what "Fruit-A-Tives" did for me.

A New Character

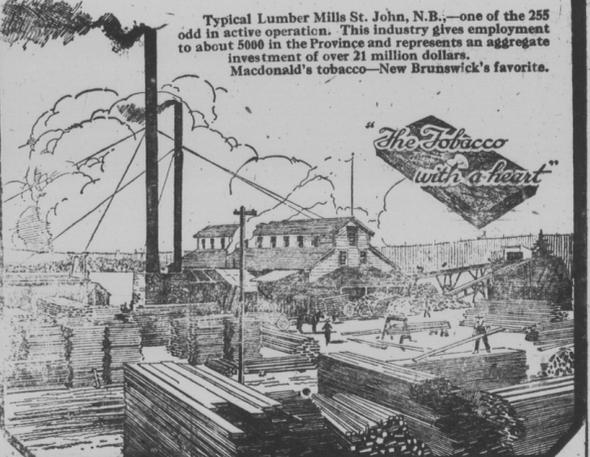

When, four years ago, KING COLE ORANGE PEKOE TEA first appeared, something more than a new tea had been produced—a new character in tea had been created. Only after most searching experiments in flavor-blending were we at last able to develop that peculiarly mellow richness of flavor so delightful to the taste, which has won for KING COLE ORANGE PEKOE the high place it holds. The total annual sale of KING COLE ORANGE PEKOE has doubled twice in the last two years.

We are confident that you will say that it is different to any tea you ever tasted.

\$38.50

Make From \$16.50 to \$29.50 by Taking Advantage of Our SPECIAL MEN'S SUIT SELLING SCHEME.

This is How We Do It:

Mr. W. M. Ferguson has just returned from Montreal where he had been fortunate in procuring the OVERCUT from one of the largest tailoring firms in Canada. Just what OVER-CUT means you may not know. The number of suits taken from a web of cloth vary. Therefore when the cloth is cut there are invariably more suits than the manufacturer has sold to the trade. To keep these suits when the market is in the present condition would be very poor policy on his part. Hence our good fortune in being on the spot to secure these 100 tailored suits at a price that makes it possible to give them to our customers at a saving of from \$16.50 to \$29.50.

This is our first stock of ready made clothing since opening up last October as our policy was not to handle clothing until we could stock them to sell at a reasonable price. The fit and workmanship of these suits is superb. Made in Single and double breasted Models. The season's latest Young Men's as well as standard models for the conservative dresser. The materials are fine English Worsted, and Domestic High Grade Tweeds and Grey, Blue and Green Mixtures, Plain Stripes and Shadow Checks. Sizes 35-40. Our method of buying suits as well as our low overhead expenses make it possible to sell them at this low figure \$38.50. These 100 suits will not last over six days, immediate selection will be to your advantage.

This is a Strictly Spot Cash Sale.

DALHOUSIE.
Dalhousie, June 8.—In view of the prospects of having a large number of strangers coming to the shiretown from this out, it is to be hoped that the military authorities will see to it that a decent passenger car is placed on the Dalhousie Branch Railway.

At the present time it is anything but pleasant for ladies to be seated in a small apartment, in which men are allowed to smoke.

It is expected that at least 800 strangers will visit Dalhousie on Wednesday June 16th and the different committees here are busy completing arrangements to make the two days June 16th and 17th red letter days in the history of our quaint little town.

Our streets are being thoroughly cleaned and paint is going on many buildings as fast as possible. At the Inch Arran House there is a good crowd of workers painting and white-washing and it is expected that when the Tourist Convention opens on Wednesday forenoon June 16th, that the Inch Arran House will be in splendid condition to house the distinguished guests, who are to honor the shiretown of the good old county of Restigouche with their presence for a couple of days.

A great treat is in store for many and that is in the exhibition view of Path, Game and Lumbering in New Brunswick, which will be shown in the evening, June 17th after 8 o'clock Dalhousie Opera House on Thursday. The hall can accommodate 400 persons and the views can be repeated till a late hour if needed. Mr. Christie, manager of the Opera House, has not only offered the use of the building for the convention, but he will be on hand himself to see that everything is done in a satisfactory manner to please all concerned.

The Basket Social held in the rink here on Thursday evening, June 3rd, by the ladies of the Dalhousie committee in connection with the Soldiers' Memorial Hospital of Campbellton, was the most successful thing of its kind ever held in the shiretown. There was a large attendance. The sale was amusing, there being some close bidding on certain baskets. Mr. B. McKinnon and Mr. Frank Barberie acted as auctioneers and they did their part well. Following the Basket sale, refreshments were served. Then a nice programme of dances was carried out in a most enjoyable manner. The ladies in charge are to be congratulated on the splendid order kept and the quiet way of dancing was appreciated by many. Excellent music was furnished by the Dalhousie orchestra. A splendid sum was realized for the hospital. A report of it is to be given at a public meeting of the ladies to be held in the County Court House this evening.

Our young merchant Mr. D. J. Carrier and his good wife were given a surprise on Monday evening, when over forty of their friends called on them in the evening and presented them with gifts, on the occasion of their wedding. Five years of happy married life found expression in the enjoyable time had by the friends who were nicely entertained by their host and hostess.

Col. Bruce Caldwell, who took such a prominent part in connection with the great war in handling the mails from his native town. He is meeting with a hearty welcome among his old school mates. He is a son of the late William Caldwell, who was elected to represent the county of Restigouche at Confederation.

Miss Hilda Stewart, the talented daughter of Ex-Sheriff James E. Stewart, is visiting her parents at present.

Mr. and Mrs. John Robert Reid, Charlo Station, were in town on Saturday evening renewing old acquaintances. Mr. and Mrs. Reid have many friends in Restigouche, who would like to see them cast their lot in the county.

Councillor John Dickie of Pointe-a-la-Croix, was in town on Monday, completing arrangements with the roads and streets committee, with the view of beginning the work of building the new concrete sidewalk on our business street. It is understood that an order is being placed for 1200 bags Portland cement, in Montreal, and that gravel and stone will be hauled once.

Mrs. Geo. Simpson has gone to Rimouski, P. Q. to join her husband, who holds a splendid position with Price Bros.

Wylie Jamieson, Moncton, N. B. has been spending a few days here, the guest of his mother, Mrs. James Jamieson.

Mrs. Henry Disbrow, Jacquet River, is visiting Miss Lizzie Stewart at Glen Cottage.

Beverly Scott has been visiting his parents, Mr. and Mrs. Thos. G. Scott.

Mrs. C. H. LaBelle, who has been away for a month visiting her two daughters Mrs. J. M. Colton, Halifax, and Mrs. R. L. Lennox, St. John, arrived home on Thursday much improved in health.

SAYS GRATHUDE IS BEYOND WORDS

Mrs. John McIsaac Declares Tanlac Brought Health and Happiness.

"Tanlac has brought me health and happiness and words just can't express how grateful I feel for the good this wonderful medicine has done for me," said Mrs. John McIsaac, 175 Prince Street, Sydney, Nova Scotia, recently.

"Only my friends know how I suffered during the past ten years, in fact, I was so bad I lost interest in everything and got no pleasure out of life," said Mrs. McIsaac. My appetite was so poor that I ate very little of anything and some mornings a glass of water would be all I would take for breakfast. Whenever I did eat anything I would begin to bust up with gas shortly afterwards and my throat and chest would get so choked up I thought I would suffocate. Sometimes at night I lay in bed so long without closing my eyes that I just couldn't stay there any longer and I would have to get up and walk the floor. I suffered from severe headaches and at times I would be walking along the street and get so dizzy I would have to catch hold of something to keep from falling. I got so weak that my housework became a burden and it was an effort for me to get around the house.

"But now, I just feel like a different person, for Tanlac has given me new life and strength and I am enjoying better health than I have in over ten years. I can hardly wait for meal time to come and everything I eat digests without a particle of trouble. I never suffer from a headache any more and the dizziness has disappeared entirely. My sleep is sound and refreshing and I get up every morning feeling so full of life that I do my housework without tiring in the least. Every suffering woman should certainly know about Tanlac and I feel it my duty to tell others publicly what this medicine has done for me."

TANLAC is sold in Campbellton by THOMAS WRAN, Druggist, in Jacquet River by S. McALLISTER, and in Archibald Settlement, by M. SMEARER, also in Chandler by ARTHUR NADLAC.

Stiffness

It is astonishing how quickly Minard's Liniment relieves stiffness and lameness.

Gives Great Relief

Mr. A. R. Colton, 26 Park Ave., Quebec, Ont., writes: "I have been afflicted with stiffness and lameness for many years. I have tried many remedies but have not found any relief until I used Minard's Liniment. It gave me great relief."

Mr. Fred Johnson, Box 111, Threlton, Ont.—"I had a severe attack of stiffness and lameness in my back and legs. I was unable to get up and down stairs. I was advised to try Minard's Liniment, and after using it a few days I was able to get up and down stairs and give the credit to Minard's Liniment. I have since used it on several other people and they all give me credit for it."

NOTICE OF SALE.

A Dark Secret.

Binderbury had purchased a good-looking mare, only to discover after driving the animal for a week that it was blind.

Shortly afterwards he managed to dispose of it, as the defect did not detract from its personal appearance or lessen its speed. The following day, however, the new owner called to see him.

"I say," he said, "do you know that the mare you sold me is stone-blind?"

"I know it," answered her former owner, airily.

"Well, you didn't say anything to me about it," replied the other, his face flushing angrily.

"Oh," was the response, "the man who sold her to me didn't tell me about it, and I thought perhaps he didn't want it known."

Going, Going, Gone.

A wandering auctioneer had gathered about him a merry throng of villagers. He held up a battered violin.

"What offers for this ancient fiddle?" he inquired, pathetically. "Look it over. Notice the blurred finger-marks of remorseless time. Observe the stains of hurrying years. The merry notes of this fine old instrument the brocade dames of fair France may have danced the minuet."

By this time the crowd was becoming interested.

"Ha," continued the auctioneer, "it bears an abrasion—perhaps a touch of fire. It may be the very fiddle on which Nero played while Rome burned. Now, what offers?"

From the back of the crowd came a mournful answer, "Ten cents."

"It's yours, sir!" replied the auctioneer.

Lucky.

"My husband and I never quarrel, except occasionally over the food."

"You're lucky to have your family jars confined to the pantry."

The prettily appointed tea table with centerpiece of honeysuckle was presided over by Mrs. R. B. Rosborough and the ice was cut by Mrs. D. A. Stewart.

Assisting in serving were Miss Rebecca Nelson, Miss Freyda Davison, Miss Mona McLennan, Miss Lucia Nelson, and Miss Irene Murray. Miss Mary Graham presided at the piano.

The Sunday School workers of St. Andrew's Church had a very pleasant picnic on last Thursday evening, when they motored to Tide Head and had tea on the beach.

The G. I. A. gave a very successful dance in the Murray Hall on Friday evening, the chaperons being Mrs. J. Gilker, Mrs. E. Thomas and Mrs. E. B. Price.

The Guild of the Presbyterian Church enjoyed a pleasant outing on Monday evening when a large party motored to Dalhousie and had lunch on the beach at Inch Arran.

Miss Lydia Matthews is spending her vacation with friends in Toronto.

Mrs. McMichael of St. John is the guest of her sister Mrs. W. I. Sharpe.

Miss Georgie McDonald very pleasantly entertained a number of friends at a dance on Monday evening, in honor of her guests.

Miss Bernice Harrison of Boston is the guest of Mr. and Mrs. S. S. Harrison.

Mr. Alex. McPherson and son of Presque Isle, Maine, were guests of Mr. and Mrs. S. S. Harrison for several days this week. Mr. McPherson is also visiting relatives in Charlottetown.

PROHIBITION PLEBISCITE

Two Questions on the Ballot, One as to Retention of Present Law, the Other as to Sale of Beer and Wine.

Fredericton, N. B., June 9.—Premier Foster announced today that the date for the plebiscite on the Provincial Prohibition Act had been fixed by the government for July 10.

There will be two questions referred to the people in the plebiscite, Premier Foster declared, one of which will be on the retention of the present prohibitory law and the other as to the sale of beer and light wines. In other words there will be a simple ballot such as was used in the plebiscite in Quebec, rather than a complicated lot of questions, such as were submitted to the people of Ontario.

The Prohibition Act became law as a "war measure" with a provision that the declaration of peace the lieutenant-governor should have authority to name a date for the holding of a plebiscite on the question. It is under that authority that the government is now proceeding in calling on the plebiscite.

The plebiscite will be the first election in New Brunswick under provincial laws at which women will have equal suffrage.

The Premier's Statement
Following is the statement given out by the premier:

"The New Brunswick Prohibitory Act was passed by the legislature during the session of 1916, without any mandate from the people. It was passed as a war measure which was the justification for the passing of the act. The promise was made and it was distinctly understood when the bill was passed, that as soon as the war was over and the necessity of the act as a war measure was at an end, the question would be submitted to the people by way of a referendum for decision, and indeed a clause in the act provides that after the act shall have been in force and operation for a sufficient length of time to enable it to be tested such a course would be taken. With these facts before us, it is surprising that at a recent meeting in Moncton, according to press reports, the course of the government in submitting this question to the people should be questioned. As I see it, the duty of the government is to keep faith with the people in this regard, and whatever the will of the people is on this important matter, as expressed at the polls will prevail.

Date of Referendum.
In view of the referendum is Saturday, July 10, it was known that a referendum was to be held, at an early date, I have had numerous representations made to me and reasons have been advanced by this day or that day or date would not be convenient to some, but recognizing of recent years when dominion and provincial elections have been held, that the end of the week affords a better opportunity for all those whose duties take them from home during the week, or record their votes, we have concluded to name Saturday the tenth of July.

In submitting the question to be voted upon the desire of the government has been to submit such questions in the simplest possible form, in order to avoid confusion and in order that there might be the clearest possible expression of opinion. The questions we have decided to submit are as follows:

FOR PROVISIONAL PROHIBITION ACT.
AGAINST PROVISIONAL PROHIBITION ACT.
FOR SALE OF LIGHT WINES AND BEERS UNDER GOVERNMENT CONTROL.
AGAINST SALE OF LIGHT WINES AND BEERS.

"In arriving at a decision as to the questions to be submitted, we had in view the particular groups into which our people are apparently divided. First, there are those who desire the continuance of the New Brunswick Prohibitory Law as it exists today, or with minor amendments. Second, those who favor the continuing of light beer and wine as a beverage but who do not favor the sale of stronger liquors. Third, those who desire the opportunity of purchasing liquors of all kinds for personal and private use, but do not favor consumption in public, or the open bar. Fourth, those who are in favor of returning to conditions as they existed prior to the passing of the prohibitory law.

"Should the first question be answered in the affirmative, then it will be the duty of the government to arrange for the distribution of these beverages under some system of government control and supervision.

"Should the first question be answered in the negative and a vote recorded for the repeal of the act, it will devolve upon the government to substitute some system to give expression to the will of the people in this regard, by making any necessary and proper regulations for the sale through government agencies, of liquors of all kinds for consumption in the homes of the people who desire its use in this way.

"From the statement I have made, and from the wording of the second question which refers to the selling of light wines and beers, you will see that the government have adopted the policy that whatever may be the result with respect to either of the questions submitted, there shall be no return to the old system of the open bar. In the adoption of this policy without placing it upon the referendum ballot, I believe we can safely speak for the vast majority of the

WARREN G. HARDING REPUBLICAN CHOICE

Ohio Senator Named for President—Governor Coolidge for Vice-President.

Warren G. Harding, United States Senator from Ohio, was nominated for the presidency of the United States, at Chicago, Saturday night, by the Republican national convention after a dead-lock which lasted for nine ballots and which finally forced out of the running all the original favorites.

As his running mate, the convention named Governor Calvin Coolidge, of Massachusetts, upsetting a plan of a combination of the Harding backers to nominate for the place Senator Lenroot, of Wisconsin.

FOUND GUILTY OF LOOTING MAIL CAR

After Deliberating Ten Minutes Jury Brought in a Verdict of Guilty.

Quebec, June 14—After deliberating for ten minutes this afternoon the jury at the criminal assizes here brought in a verdict of guilty against J. Bernardin Proteau, on trial for highway robbery, in connection with the looting of the Ocean Limited mail car at Harlaka on September 17, 1919.

Most of the afternoon was taken up with the addresses of the crown and the defence as well as Judge Desy's charge. The jury retired at three minutes after six, and returned at seven and rendered the verdict.

The prisoner heard the verdict without any sign of emotion, sentence will be pronounced later.

people, who do not wish to see the open bar again restored.

"I feel the question which we have framed for submission will appeal to the public generally, and to all fair-minded men and women as being reasonable and well adapted to the purpose for which they are intended.

Official ballots will be supplied by the government to all returning officers. Voters after entering the polling places will receive their ballots and will give expression to their opinions by placing 'X' opposite the way in which they desire to vote.

"Further instructions to returning officers, and information for public guidance will be issued before the date of polling."
