### PROVINCE REJECTS CITY PLAN

Refuses To Sanction Scheme For  
Repairing York Street  
Bridge.

**WILL DELAY WORK**  
Railway Protests Provincial  
Plan—Would Cost  
\$6,000.

Instead of costing about \$1,000 to repair the York street bridge, it will probably cost in the neighborhood of \$6,000, according to a report made last night by the city engineer. W. P. Near, at the meeting of the board of works, stated that the chief engineer of the Ontario railway board had refused to accept plans for repairs made by the city, together with the street railway company, and that in consequence it would cost about \$6,000 to make repairs in accordance with his orders.

**Increases Cost.**  
Whereas in the first plans suggested by the engineers of the Canadian Bridge Company, the repairs were comparatively slight, the new orders of the provincial engineer would make entire new plumb posts, necessary, bridge, while they were being installed. The original idea was to splice these posts.  
Leonard Tait, general manager of the street railway company, stated that the company was quite willing to stick to its first agreement to share the cost of the repairs equally with the city, but that the new figure was rather difficult. He proposed to go down to Toronto immediately and see whether the provincial engineer would agree to approve the first plan.

### ASK AMENDMENTS TO RETAIN POOL

City Health Officials Appeal to  
Toronto Board to  
Change Act.

So that the Thames park swimming pool may be opened this summer, the local board of health last night decided to send a letter to the provincial board of health, asking if it would consider any amendments to the act. In this letter which was sent at the request of Chairman C. H. Mitchell, the board asks the provincial authorities if they will consider any amendment to the act, whereby the Thames park pool can be opened this year.

At present the act calls for a shower bath, a summer, and an adequate filter in all baths. Mr. Mitchell hopes that some modification of these requirements may be allowed by Toronto for this one season, so that the pool can be used.

A. O. Hunt, acting manager of the public utilities commission, told the board that the commission could do nothing this year to meet the requirements of the act for lack of funds. He, however, recognized the need for opening the pool, and hoped the letter to Toronto would prove successful.

### Advertiser Will Get First News of Polar Party

Ready to flash back first news about the fate of the missing Amundsen-Elsworth polar party, James B. Wharton, special correspondent of The London Advertiser and the North American Newspaper Alliance, is today stationed off the north coast of Spitzbergen.

Not only will any news wirelessly by Mr. Wharton be reliable, but it also will be exclusive, since only two journalists are with the Amundsen base party at this northern outpost, in which must come the first inkling concerning the fate of the six explorers. The second reporter is a Norwegian.

Mr. Wharton alone is able to cable stories to the western world. Captain Roald Amundsen himself, should he return alive, will also contribute an exclusive account of his experiences to the Advertiser and other Alliance members.

### LIEUT.-GOVERNOR LAUDS CADETS AT BIG REVIEW

LIEUTENANT-GOVERNOR VISITS LONDON.  
His Honor Col. Harry Cockshutt, lieutenant-governor of Ontario, spent a busy afternoon in London today. Upon his arrival at 10:50 this morning he called upon Sir Adam Beck for a friendly visit. At the Hunt club he was the guest at luncheon of Col. Wm. Gartshore. From left to right: Col. Alexander Fraser, A.D.C., the lieutenant-governor and Col. Gartshore are shown on the lawn at the Hunt club.

Expressing his interest in the cadet movement, which went far toward molding a finer character in the young manhood of Canada, His Honor Colonel Harry Cockshutt, lieutenant-governor of Ontario, this afternoon addressed 18 corps, comprising 1,000 school cadets of the city, in Victoria park.

With their snappy, new uniforms of khaki, trimmed with red, the cadets, a thousand strong, presented a splendid appearance as they appeared at the saluting base, the soldiers' monument, shortly after 2 o'clock.

Each corps carried a flag presented by the various chapters of the Imperial Order Daughters of the Empire. These were presented to the cadets on Victoria Day.

**Inspection Made.**  
Following the singing of the National Anthem after the general salute, an inspection of the cadets was made by his honor the lieutenant-governor.

E. W. Quantz, director of music in city schools, then led the singing of patriotic songs by a choir of children, while the Royal Canadian Regiment band played the accompaniment, under the direction of Sergt. H. W. Johnston, I.C.

**Tribute to Leaders.**  
Tribute was paid by the lieutenant-governor to the men who had been responsible for bringing the units to a high state of cadet perfection; to the financial assistance which had done much to add impetus to the training which had gone before, and to the value of the corps work.

**Lieutenant-Governor Speaks.**  
At the cadet age, boys were qualifying for the future, said the lieutenant-governor. They were learning the meaning of discipline, of loyalty and obedience. They were undergoing a character-building process which would make them finer men, better citizens and greater Canadians.

The physical exercises done with spirit had a marked effect on the mental attitude of the boys. It was a strengthening force, which would make them alive to opportunities, with their training they were better fitted to meet difficult situations and meet the responsibilities which would be theirs through life.

A well trained body, a respect for authority, a clean straight-forward outlook upon life, a sound mind, Continued on Page 3, Column 3.

Prince of Wales Proves British  
Have Forgotten All Past  
Hostility.

**RECEIVES WELCOME**  
Future King of Britain Continues  
Tour Throughout South  
Africa.

By G. WARD PRICE,  
Special Correspondent of The Advertiser  
and North American Newspaper  
Alliance.  
Bloemfontein, Union of South Africa, May 27.—The Prince of Wales drove privately and unannounced this afternoon to the grave of President Steyn, the man who without the least provocation threw the Orange Free State on the side of the Transvaal, into the war against us, and laid on it a wreath of red carnations. Of all gestures of reconciliation since Vereeniging, this is the most striking, and should convince even the backveld Dutchmen, who still keep the sullen embers of racial hatred smoldering in their hearts, that the British have wiped all past hostility from memory.

**Anti-British Monument.**  
On the sandstone platform, surrounded by plantation pines, Steyn and Dewet, the men who headed the rebellion against us in 1915, side by side, in what the Orange Free State regard as its Pantheon. It is a pity that these towers aloft what can fairly be described as the most anti-British monument in the whole British empire. Upon the sandstone is an inscription commemorating the 22,870 Dutch women and children who perished at concentration camps and elsewhere during the Boer war for home and fatherland.

Twelve years ago when it was known that these slanders were sheer falsehoods, the more irreconcilable section of Dutch feeling raised a monument faced with bas-relief, depicting children dying without medical attention in British tents, while the central group shows a haggard mother holding the wasted form of a child on her knees.

**Welcomes Future King.**  
Earlier in the day, the prince was met at a luncheon to Commander Grobler, who commanded the southern Boer army against us 25 years ago. It was gratifying to hear him describe the prince as the most popular man in South Africa, and express his delight at meeting "our future king."

### TWO DROWNED IN ACCIDENT WHEN CAR LEAVES BRIDGE

Canadian Press Despatch.  
Nelson, B. C., May 27.—David Gavrielick, manager of the Consolidated Mining and Smelting Company at Trail, and his 6-year-old son Joe, were drowned in Sheep creek Monday afternoon, and his wife and an associate, Joe Dondoff, of Trail, had a narrow escape when their car went through the rail of the Salmon bridge and plunged into the swollen stream.

### N. Y. THEATRICAL FIRM SHARES ENGLISH THEATRES

Associated Press Despatch.  
London, May 27.—According to the newspapers this morning, the New York theatrical firm of Lee and J. J. Shubert, Inc., has acquired a half-share in a company owning three big London theatres. It is stated that the deal involved about £150,000, or roughly \$727,500.

### 126 ARE NOMINATED FOR SASKATCHEWAN SEATS

Canadian Press Despatch.  
Regina, Sask., May 27.—One hundred and twenty-six candidates were nominated yesterday to contest 61 seats in the legislative assembly of Saskatchewan. Of the candidates nominated, 61 are supporters of the government, 21 are Conservatives, 33 Progressives and 3 Independents.

### JAP QUAKE TOLL SET AT 245 DEAD, 482 HURT

Associated Press Despatch.  
Tokyo, May 27.—The latest official estimates of the casualties from the earthquake which shook Taiima district, northwest of Osaka, on Saturday last, place the number of dead at 245 and injured 482. Throughout the district 3,518 houses collapsed or were burned.

### Beautiful Safety Island Destroyed

**LOND ON'S BEAUTY ISLAND DISAPPEARS.**  
Beauty Island, at the intersection of Richmond street and Central avenue, disappeared this morning under an onslaught from the picks and shovels of the city engineer's gangs. There is much indignation among residents in the vicinity, who have been accustomed to look out of their windows at this beauty spot for some time in aesthetical contemplation. However, it need not be a permanent disappearance. W. P. Near, city engineer, says that the island can quite well be replaced after the intersection of the two streets has been paved. When Richmond street was paved two years ago, this intersection was left untouched, as it was not certain what the street railway would do in the matter of their tracks and the loop on Central avenue. Only now has it been possible to pave this crossing. Whether Beauty Island will again appear on the horizon of London Beautiful depends on the city council.

### Forty Nurses At Victoria Graduate In Chosen Work Amid Impressive Scenes

**Diplomas Are Awarded at Convocation in Convocation Hall at Western.**  
**FLOWERS ABOUND**  
Lieut.-Governor Harry Cockshutt Awards Badges of Honor.

This afternoon for the first time in history the graduation exercises of the Victoria hospital training school were held within the walls of the University of Western Ontario. The stately gothic lines of convocation hall provided a dignified setting for the event, while the presence of the lieutenant-governor, Hon. Henry Cockshutt, added to the formality of the occasion.

Every seat in the building was occupied when the processional began. First came the forty members of the graduating class, all in attractive, showing pretty touches of color in the form of corsage bouquets of orchid sweepers and sunset roses. They were closely followed by the stac nurses, the officers of the training school, and Miss Grace Fairley, superintendent of nurses, all taking places in the front rows. Immediately below the platform.

**Profusion of Bloom.**  
The staze itself was a mass of bloom, gifts to the nurses on their graduation day, and placed there to grace the occasion.

The most solemn moment of the afternoon came with the administration of the Florence Nightingale covering of smooth asphalt, strong protest was raised. The city engineer's department was condemned for

Middlesex Representatives Satisfied With 80-Mile Reduction in System.

Special to The Advertiser.  
Toronto, May 27.—Middlesex was one of the counties represented at the conference with the provincial highways department and the advisory board today, and it was stated after the morning proceedings that the total county road mileage in that county would be reduced from 490 to 410.

### Indian Brave Drinks 30 Bottles And Proves 4.4 Beer Has Kick

It has been left for an Indian brave of the Muncey reserve to prove, to his own satisfaction at least, that a person can, if he persists, become intoxicated on Ferguson's 4.4 brewer.

This doughty Indian drew his week's pay for cutting wood and proceeded to imbibe one bottle after another of 4.4. His capacity for beer was apparently endless, for he popped the tops from thirty bottles before he was found helpless on the roadside by Constable Nelson of the R. C. M. P.

Brought before Indian Agent McGookin, the Indian stated that he had had nothing to drink but 4.4 beer, and admitted that he had "sunk" thirty pint bottles of amber foam in order to acquire the most comfortable fag of his life.

He was fined \$10 and costs for being drunk.

### SAFETY ISLAND REMOVED

Beauty Spot At Richmond and  
Central Avenue Is  
Torn Up.

**MANY PROTESTS**  
Blooming Flowers Give Way So  
Paving May Be  
Laid.

A squad of workmen, members of the city's paving battalion, armed with heavy picks, hammers and shovels, attacked London's only street island at Richmond and Central avenue early this morning and in a few hours reduced blooming flowers which constituted a miniature beauty spot to a pile of turned-up earth, stone and cement.

By order of the city engineer the island is to be removed to allow for a clear expanse of pavement at the tri-street intersection. But the little island did not fall to devastation without protest.

Residents of Central avenue and Richmond street turned out en masse this morning to witness the work of demolishing the island. "It is the most scandalous piece of work the city has ever done," some said. Everyone, in fact, was disappointed that the island is to be removed. For more than 20 years it has remained in the middle of one of the city's busiest streets as a sanctuary for traffic-scarred pedestrians, a place of rest for children, a beauty spot in a large stretch of black and burning pavement.

The city's plan is to repave the Central and Clarence street intersection where deep holes now make motoring in this district unsafe. At the same time, the island is to be removed and smooth pavement is to be its tombstone.

**May Be Rebuilt.**  
W. P. Near, city engineer, says that although the island has been removed for the time being, the possibility of paving the intersection of Central avenue and Richmond streets, there is no reason why it should not be rebuilt after the intersection is paved.

When Richmond street was paved in the summer of 1923 this intersection was left untouched on account of the situation with the street railway. It was not certain then what the railway company would do in the matter of the tracks on Central avenue. It was only now that the roadway could be paved. The city council will have to decide whether the island shall be replaced or not.

**Many Protests.**  
The first "bang" of picks and hammers this morning was the signal for investigation by more than twenty residents near the Central avenue and Richmond street corner. When it was learned that the little island, for years a beauty spot of North London, an oasis in the middle of a sun-baked street, was to be removed, many a miniature children's playground, an accident preventive, was to be destroyed and buried in a covering of smooth asphalt, strong protest was raised. The city engineer's department was condemned for

### COVER UP DEBTS Gasoline and Beverage Taxes Will Net Five Millions For Ferguson.

Special to The Advertiser.  
by a Staff Correspondent.  
Wingham, May 26.—The convention of the North Huron Liberal association was held in Wingham town hall this afternoon. Delegates to the number of nearly 300 assembled, and it was an enthusiastic meeting from a Liberal point of view. The speakers who addressed the meeting at the close of the election of officers were W. E. N. Sinclair, M.L.A., leader of the Liberal opposition in Ontario, Duncan Marshall, Liberal organizer.

W. E. N. SINCLAIR, leader of the official opposition in the Ontario legislature, who yesterday afternoon addressed a rousing Liberal rally at Wingham.

Mr. P. McWhinney, M.P., Liberal whip for Ontario, Archibald Hilsop, ex-M.P., and Mrs. A. H. Beaton, president of the Ontario Liberal women. President Morgan Dalton was in the chair. The election of officers resulted as follows: Honorary president, W. H. Robertson, Goderich; president, Gordon Young, Colborne township; first vice-president, J. McNabb, Gray township; second vice-president, Miss Powell, Wingham; third vice-president, Mrs. S. Poplestone, Blyth; secretary, A. Porterfield, Belgrave; treasurer, A. B. Carr, Blyth; auditor, W. Isbister, Wingham. Mr. W. H. Robertson, Goderich, acted as chairman during the election of officers. Mrs. Beaton was the first speaker. She made a splendid impression and her address was pithy. She warned her hearers that if they did not treat the women right there was a chance of a women's party being organized. She was not in favor of this; she believed in the two-party system, but if the above would be avoided the women must have a part and say in the choice of the men or women who are to represent the people in parliament.

### Flays Gas Tax.

Mr. W. E. N. Sinclair, K.C., M.L.A., leader of the Ontario Liberal party, dealt with several of the provincial questions. He emphasized the attitude of the present government in legislation by order-in-council rather than by acts of legislature, and stated that the most important bills passed during the last session had reserved to the government the power to make regulations without the consent or knowledge of the members of the legislature. Reference was made to the new taxes which had been imposed by the government, particularly the gasoline and beverage taxes, from which the treasury hoped to obtain \$5,000,000 increased revenue. Both of these taxes were indirect taxes and not collected from the consumer, and were therefore illegal and unconstitutional. The necessity for these taxes was brought about by the extravagance of the government, and the gas tax had been

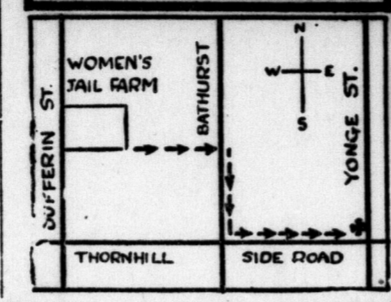

# PROTEST AGAINST UNION DISALLOWED

### 34 Non-Concurring Ministers at Toronto Decide to Continue Presbytery.

Canadian Press Despatch.  
Toronto, May 26.—Toronto Presbytery today, at its last meeting before the consummation of union, refused to accept a protest submitted by Rev. D. T. L. McKerrill and signed by 34 non-concurring ministers and elders, against the action in entering the United church.

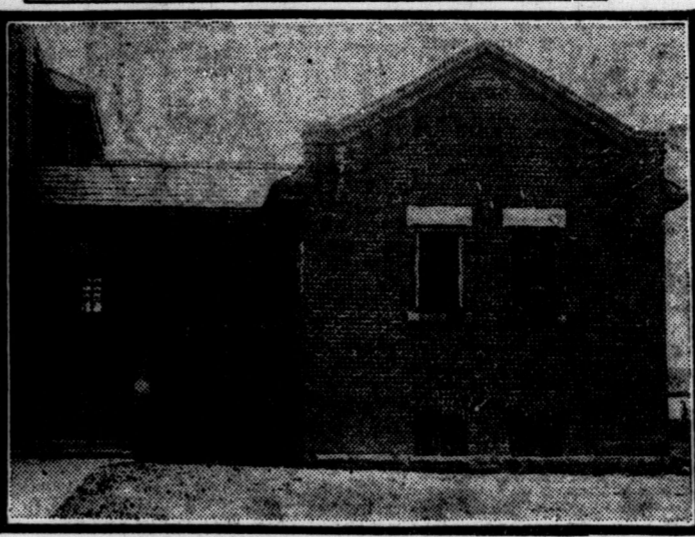

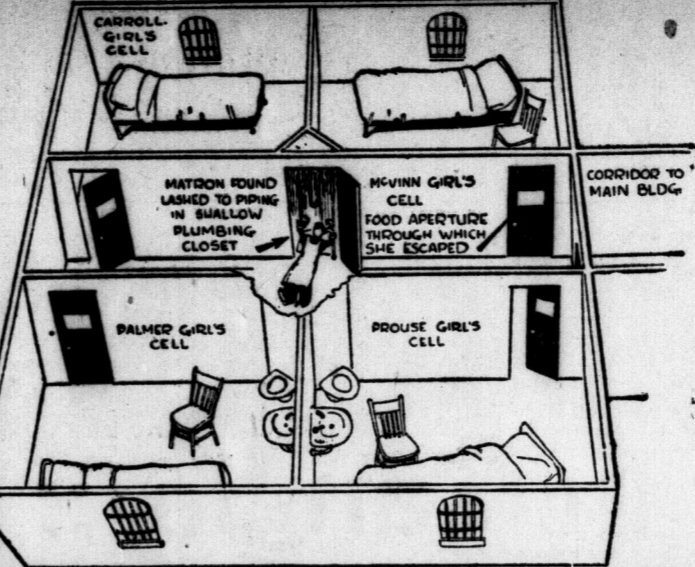

The protest was disallowed by the moderator, Rev. J. Ewing Reid, on the ground that the time limit for putting it in had passed. At the close of the regular Presbytery meeting the non-concurring members held a separate meeting, at which they affirmed their intention of continuing the Presbytery after June 10. Rev. D. T. L. McKerrill was chosen as their moderator, and Rev. G. M. Gunn as clerk. June 17 was fixed as the date for the first meeting of their Presbytery, in Dovercourt Road church.

The Presbytery members by a vote of 82 to 40 refused to lift from the table a resolution brought in two months ago by Rev. J. A. Mustard, regarding the doctrine of the church, the motion said in part: "Whereas during the past months much has been said derisive of the standards of our church, in particular of the Westminster confession of faith, we therefore, the Presbytery of Toronto, desire to put on record our unqualified disapproval as disabuse, first of anyone, minister or elder, taking his vows with mental reservations; second, of anyone, minister or elder, in any way casting aspersions upon the standards of the church."

### CHATHAM FIREMEN SAVE HOUSE FROM DESTRUCTION

Special to The Advertiser.  
Chatham, May 26.—Quick work on the part of the local fire department late this afternoon averted a serious fire. A house, owned by Mrs. Little, on Park street, next to the building occupied by the Motor and Coach Limited, and formerly the William Gray & Sons' factory, caught on fire, but the flames were extinguished without extensive damage to either building. Several window frames in the factory building were burned and there was considerable damage by water.

# BACK EDUCATIONAL CAMPAIGN AS WAY TO TOTAL PROHIBITION

### Baptist Mission Bands and Circles Advocate Plan For Province.

### ADOPT RESOLUTION

Interesting Addresses Are Heard at Conference of District Association.

REV. (CAPT.) E. W. EDWARDS, M.A., B.D., M.C., of Listowel, who became pastor of Robinson Memorial church, London, on June 28. Capt. Edwards went overseas with the 1st Battalion from St. Thomas. He enlisted as a private and won his captaincy and the Military Cross for his service and gallantry while in the army.

Total prohibition, to be brought about by an educational campaign, is advocated by the mission circles and bands of the Middlesex and Lambton Association of Baptist churches, for the cure for the temperance situation in Ontario. Meeting for their 52nd annual session in Egerton Street Baptist church, with the president, Mrs. J. G. Taylor, Sarnia, in the chair, the mission circles and bands unanimously adopted the following resolution yesterday afternoon: "That we put ourselves on record as being in favor of total prohibition of intoxicating liquor as a beverage, and that we regard with great concern the recent legislation which puts on sale 4.4 beer, and we believe that, as women, we should press for an educational campaign in all departments of our church work, providing fuller and more definite instruction based on scientific knowledge as to its effects on the human system and to the moral effect of the traffic on society at large."

Speaking at the evening session, Rev. C. C. McLaurin, D.D., Calgary, formerly pastor of the Sarnia Baptist church, painted a glowing picture of the work already accomplished by the Baptist church during the past 50 years, particularly in Western Canada, and of the even greater opportunities of the future. Having been in the West for the past 24 years, Dr. McLaurin was able to draw upon his vast store of experience in relating a most interesting story to his audience.

### Reviews Foreign Work.

The outstanding address at the afternoon session was delivered by Mrs. C. Denigate, Toronto, member of the Baptist Women's Foreign Mission board, formerly Miss Edith Craig, daughter of Mr. and Mrs. John Craig, missionaries in Telugu, India. Mrs. Denigate reviewed the foreign mission work of the board in India and Bolivia, and appealed for greater endeavor upon the part of the mission circles and bands in maintaining the work on its present scale, as well as providing for desirable and necessary expansion of the work.

### Tells of Great Growth.

Dr. McLaurin stated that 50 years ago the Baptists of Ontario had 17,000 members, and that missions organized by the church in foreign lands and also in western Canada had prospered and had increased the membership of the church in each field by about 20,000 persons. Last year the missions in western Canada gave \$19,000 for foreign missions, while the Baptist churches in India gave 1,000 native preachers and workers to carry on the missionary work of the church in that great country. There are now 250 Baptist churches in the west, including the following list: Regina 2, Edmonton 5, Calgary 7, Winnipeg 9 and Vancouver 18.

### IODINE TO FIGHT ABSCESSSED TEETH

Dental Discovery Opens Up New Chances To Save Molars.  
Canadian Press Despatch.  
Toronto, May 26.—Treatment of abscessed teeth with a solution of iodine opens up a possibility of greater success being encountered in this phase of dentistry, Dr. H. E. Johnston, professor of operative dentistry, of Atlanta, Ga., told dentists from all over Ontario at their annual convention here today.  
"It is no longer necessary that the so-called dead tooth or blind abscess should be considered a menace or make it necessary to lose the tooth," said Dr. Johnston in his address.  
"Up to a few years ago the only remedy was to extract the tooth. Now, owing to the discovery of a new solution of iodine to be used in conjunction with an old method of treatment, it has been proven to be easily possible completely to sterilize these very dangerous infections and render the tooth not only entire, harmless but to continue its great usefulness to the patient."  
Dr. Johnston said that this method is now being used in many universities and at McGill in Montreal. Ninety-five per cent of the cases treated are cured. The treatment is practically painless.

NEW ERA OF SUCCESS IS SEEN FOR BAPTISTS

Union Will Win Thousands For Church, Westerner Tells Convention.

SESSIONS OPEN

Rev. Thos. Bingham, Moderator, Hits Strife, Appeals For Humility.

NEW ERA of success is seen for Baptists in the Middle West and Lambton Association of Baptist churches, Rev. C. C. McLaurin, D.D., Calgary, expressed the belief today that the Canadian Baptist church will win thousands of members as the result of the union of the Congregational, Methodist and Presbyterian churches in this country.

DR. JAMES G. BICE, who is regarded as a possible Liberal candidate for West Middlesex, has been invited to address the convention.

Dr. Bice has consented to allow his name to go before the convention, which is to be held on June 3.

CONDUMNS STRIFE

In delivering his inaugural address, Rev. Thos. Bingham, Parkhill, moderator of the association, commented upon the war going on within the church between the fundamental beliefs of Christianity. Mr. Bingham requested the association to request its affairs with humility and with a simple and direct appeal to the approval of God is much more to be sought than the applause of men.

AUSTRALIA PRESSING FOR PREFERENCE TAX

Urges Churchill to Rush Introduction of Duties on Fruits. Associated Press Despatch. London, May 27.—Winston Churchill, chancellor of the exchequer, in the house of commons today, in reply to a question, said he had received a cable from Premier S. M. Bruce of Australia, asking him to accelerate the introduction of the preferential duties on Australian fruits, so that the new duties might be in operation before July 1. In view of the fact that Australian oranges for this year were already gathered, Mr. Churchill said he had most carefully considered the Premier's representations, but he had found, on inquiry, that for many years past the bulk of the dried fruits from Australia were not cleared from home until after the end of June. Therefore he did not feel justified in interfering with the rules of parliamentary procedure under which the increased preferences could not operate before the finance bill became law.

## DENIES STORIES OF DRINKING AMONG HIGH SCHOOL PUPILS

Principal E. A. Miller of Collegiate Addresses Central W. C. T. U. POSTER CONTEST

That any stories going about in regard to drinking among high school pupils were very largely without foundation was the opinion expressed by E. A. Miller, principal of the London collegiate institute in an interesting address given yesterday afternoon before the members of the Central W. C. T. U.

There was no question, he said, that there was much less drinking among athletic boys than there used to be, because their instructors constantly impressed them with the necessity for self control, if they were to be successful athletes.

"The problem of temperance and self control as it is related to boys and girls of high school age" was the subject of his talk, which was listened to with intense interest by the members of the union.

No Worse Today. He considered the high school age the most important in the life of an individual, because in it the future vocation was usually chosen.

He considered the movies dangerous, because the high school age was the age of hero worship, and there was a tendency for the boys and girls to worship the heroes and heroines of the movies.

He blamed lack of home life and loss of parental control for much that was amiss today.

Employees Must Be Paid At Prevailing Wage Rate To Get Money From City

City Council Decision Makes Sewer Contractor Liable For Large Sum.

Discussion Arises When New Contract Is Being Let by Aldermen.

Last night the city council decided that the contractor making concrete pipes for the city on the Wellington street sewer should not only pay the prevailing rates of wages for all work done, but that this decision should be retroactive on the work already done.

Discussion arose in connection with the contract for the new sewage siphon system on Evergreen avenue, which it is hoped will be built this summer if the provincial authorities consent to the plan.

Ald. McKay objected that he had heard that this saving had been effected because the firm was paying 20 cents an hour.

First Pictures of Polar Party at King's Bay, Spitzbergen

A. JORDAN'S PUPILS DELIGHT AUDIENCE

Concert in Aid of United Welfare Fund Draws Big Crowd.

The concert presented in the Central collegiate institute last night by the pupils of A. D. Jordan in aid of the United Welfare Fund was one of the finest of the season. Divided into two parts, the program was varied and entertaining. Many of the numbers played during the evening were intricate in technique and difficult of interpretation, but were rendered with such intelligence that the result was entirely successful.

AMUNDSEN, ELLSWORTH AND COMRADES SEEN WITH PLANES. Above are shown reproductions of the first photographs to reach this country from the northern base of the Amundsen-Ellsworth polar party at King's Bay, Spitzbergen. At the top, attired in Arctic flying garb, are the six fliers who made the polar dash. From left to right they are: Carl Hobart, mechanic; Captain Roald Amundsen, observer and leader of the party; Omar Riser-Larsen, pilot; Lincoln Ellsworth, observer, graduate of McGill university, Montreal, and sole representative of the western world with the party; Leif Dietrichson, pilot, and Oskar Omdahl, mechanic.

Boer Cavalry Race With Prince For Three Miles In S. Africa

Special to The Advertiser and the North American Newspaper Alliance. Bloemfontein, South Africa, May 26.—A race between the Prince of Wales' train and a mounted command of 40 veteran Boer cavalrymen was a feature of the royal day here on the way in from a small station, where the prince stopped to make a speech. This group of 40 horsemen, splendidly mounted, were lined up along the veldt. As the train steamed out of the town the group started off at a racing gallop, keeping up with the train alongside the prince's coach for a distance of more than three miles.

committees were appointed with Mrs. C. H. R. Warner of Galt, convener of the former, and Mrs. W. D. Collins, Sarnia, convener of the latter. Conferences of a very informal nature were then held, when the various secretaries met those interested in particular lines of work. The session then adjourned.

put through nearby, and the natives had learned the way of the white man. He gave several examples of the hardships and disappointments of those who worked in the missions. In speaking of the Eskimos, he said they were clever, and quickly adopted the ways of the white man. However, they lived in constant dread and fear of superstition, and Mr. Petter stated that there was a great work for the missionary. In speaking of his work on the Pacific coast, he stated that it was fascinating and interesting. He also told of the mission schools and of their influence over the Indians, who were taught thrift, agriculture, cleanliness and beauty.

WILL VINDICATE KING IN OCEAN RATES INQUIRY

Faith of Supporters in King Becomes More Firmly Cemented. NO CHANGES LIKELY. Contract With Petersen Will Probably Remain As It Exists.

By E. C. BUCHANAN, Special to The Advertiser by a Staff Correspondent. Ottawa, May 26.—Throughout the three months and three weeks that the session has been in progress, the Mackenzie King government has been under a bombardment of criticisms and questions calculated to create an impression that it is insincere in its professions, unfaithful in its programs and uncertain in its plans.

JENNIE McVINN, 16-year-old girl, who is held by Toronto police on a charge of murder. The McVinn girl was one of three inmates of the Toronto jail farm who escaped after the murder of Night Matron Margaret Mick.

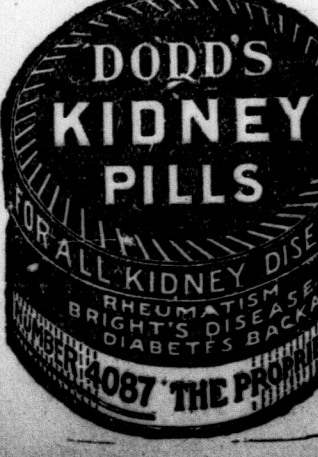

The confidence of the ministry, from the first appearing to be based on its pre-arranged line of action, has been progressively sustained, and is now approaching its fulfillment. With the House in the hands of the government, rather than in those of the private members, ministerial legislation is going forward with unusual rapidity and is fully implementing previous promises.

W. M. S. PRESIDENT HITS RUM-RUNNING

Mrs. Gordon Wright Tells Society She Regrets Her Nationality. Special to The Advertiser by a Staff Correspondent. Sarnia, May 26.—Two hundred and fifty delegates are in attendance at the last annual convention of the Women's Missionary society of the London Methodist conference, which opened in Devine street church this afternoon, with Mrs. Gordon Wright

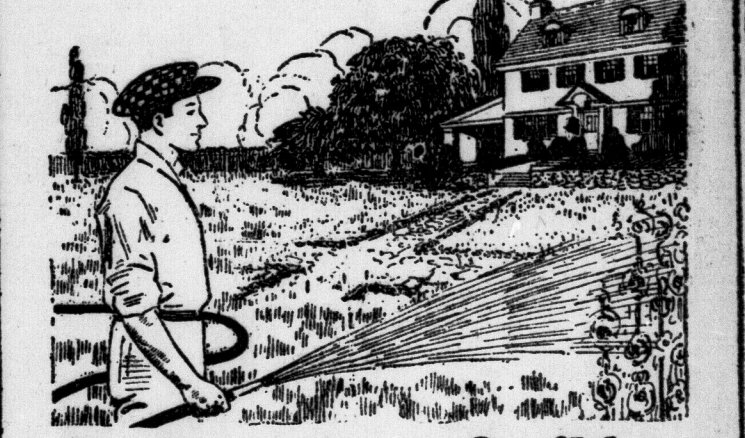

mation given by steamship companies of 61 steamers, 247 voyages and 14,764 voyage days in 1923. For 1924 the report includes the statistics of 73 ships, 261 voyages, 3,342 voyage days. Mr. Scott's report is based on a comparison of the years 1923 and 1924. The report finds that from the evidence submitted by the steamship companies, the profit in 1923, exclusive of laying-up expenses or depreciation, was, on 61 vessels, \$5,488,326. The profit in 1924, exclusive of lay-up expenses and depreciation, on 73 vessels, was \$2,398,524.

In the matter of ocean freight rates control, which opponents of the ministry have seized upon as its weakest point, the government has been justified as the special committee has progressed with its inquiry. The evidence has shown that a combine of steamship interests exists, that it controls rates that are excessive, and that it would be an abortive effort to approach the combine interests with a view to securing relief. It has been admitted that competition under government subsidy is a possible remedy and the only remedy that would insure government control of rates. Suggestions of critics of the government that the question of control is one for international or inter-imperial arrangement have been shown to be of no immediate value.

of London in the chair. The feature of the day's program was the fine inspirational message given by the president, Mrs. Wright, who brought a report of the international conference at Washington early this year. In the course of her address, Mrs. Wright took occasion to deliver several attacks on liquor conditions in Ontario and in Canada as a whole. "I felt humiliated for the first time at my Canadian nationality when I realized that we Canadians were taking a second place to the U.S. in making America dry, and that we in Canada are making it difficult for the United States to enforce its own prohibitory law. There was one eminent speaker at the conference who said we cannot attempt to purify other lands until we purify our own. "I was able then to say to myself that Ontario is prohibitory, but I'm not talking so much about that now." There were converts from heathen lands. Mrs. Wright proceeded, who declared that they did not want our western civilization. All they wanted was the simple gospel of Christ. During the afternoon there was a round-table conference on strangers' work, at which it was reported that that department had brought 251 new members to the W. M. S., had visited 1,341 patients in hospitals, 2,607 sick persons in homes, and had made 4,679 church calls. This evening there were interesting missionary addresses by Miss Margaret Armstrong, missionary from Japan, Miss McKim of Windsor and Miss Lois Russell of China. Mayor James C. Barr extended a welcome to the visitors. Among those registered from London are Miss Norine Floyd, Mrs. Russell, Mrs. G. Hammond, Miss Evelyn Orchard, Mrs. Day, Mrs. J. W. Halliday, Mrs. J. F. Haine, Mrs. Boughner, Mrs. Bert Evans, Mrs. J. V. Millson, Mrs. W. E. Millson, Mrs. W. J. Wray, Mrs. J. H. Hobbs.

"A Necessity with Balloons"

The Easiest Riding Car is a Ford H & D Equipped

Not only are the bumps and jolts ironed out but the car gets less wear and tear. H & D's ensure more real pleasure than any other accessory you can buy.

H & D's are a necessity with balloon tires. "Balloons" are not a substitute for shock absorbers—they are too "bouncy" on rough roads.

The Vibragraph (a machine for registering vibrations) has demonstrated that a Ford equipped with H & D's is the easiest riding car on the market.

Ask your friends how they like H & D's. They'll tell you they would do without them.

## METHODIST CONFERENCE NAMES DISTRICT HEADS

Last Session of London Conference Concluded Yesterday.

WILL RAISE \$20,000

United Campaign Will Be Held in 1926 To Aid New Church.

With the election of chairmen for 11 districts, the final work of the London Methodist conference was completed Tuesday afternoon. Many pastors will at once prepare to move to new charges assigned to them by the conference, for, by ruling, all moving pastors must take over their new duties on June 28.

The chairmen elected to the districts were: St. Thomas, Rev. Robert Hicks; Ridgetown, Rev. A. E. Doan; Chatham, Rev. A. E. Jones; Windsor, Rev. (Capt.) John Garbutt; Sarnia, Rev. C. E. Cragg; Strathroy, Rev. S. J. Thompson; Exeter, Rev. G. W. Rivers; Goderich, Rev. C. F. Clarke; Wingham, Rev. Dr. G. N. Hazen; Stratford, Rev. W. L. Hiles; London, Rev. A. E. M. Thomson.

The conference closed with a brief message from Rev. A. E. M. Thomson, president, who voiced the hope that the Methodist church would carry into the United church its splendid evangelism and its high ideals of citizenship. He thought the last Methodist conference had been a most successful one from every viewpoint, and especially from the spiritual. The messages of Rev. Dr. C. L. Goodell of New York had inspired the conference, Mr. Thomson was certain.

The conference went on record as favoring a united campaign next year to raise \$20,000 in this conference towards the general fund of the United church.

The allocation by districts follows: London, \$4,200; Stratford, \$2,200; Wingham, \$1,300; Exeter, \$1,250; Goderich, \$1,250; Strathroy, \$950; Sarnia, \$1,050; Windsor, \$3,100; Chatham, \$1,675; Ridgetown, \$825; St. Thomas, \$2,200.

The total amount required of the Methodist church is \$150,000, of which London conference agrees to accept \$20,000. Rev. W. L. Hiles was named secretary of the educational committee at its meeting, and J. W. Hedley chairman. The matter was discussed with conference a few days ago by Rev. Dr. J. W. Graham of the church's educational department at Toronto.

Rev. D. N. McCamus, who has been

REV. ROBERT MARTIN, D.D., for twenty years minister of Knox Presbyterian church, Stratford, who was made pastor of First Methodist church, St. Thomas, by the London conference. He resigned at Stratford when Knox church voted against union.

### Wheeler Calls New Beer Fraud

Says Plan Is To Destroy Prohibition.

Associated Press Despatch. Washington, May 26.—Wayne B. Wheeler, general counsel of the anti-liquor league, who has just returned from Toronto today, denounced Ontario's 4.4 per cent beer as a "fraud." He said it is about 2.5 per cent by volume and 2 per cent by weight alcoholic content. He declared the plan is "to destroy prohibition entirely by getting the weaker beer first, and then securing the real stuff."

acting as chairman of committee for the matter, read a lengthy special message which is to be given from all Methodist pulpits on June 7, the Sunday before union is consummated. With deep feeling, Mr. McCamus read the resolution and called upon the Methodists, while sorrowing to lose their church, to look to the great new United church with optimism. "Let us cease to look on each other as Methodists, Presbyterians, or Congregationalists; let us be one in Jesus Christ, the object of our journey being one."

Special to The Advertiser. Windsor, May 26.—Believed to have become intoxicated while visiting blind pigs in search of evidence, Arthur Coughlin, 28, one of the special officers recently detailed from the license department at Toronto to aid in the enforcement of the liquor laws in Windsor, was arrested late tonight by Patrolman Arthur Thompson, and charged with being drunk while driving an automobile. His companion, Arthur Gillis, 30, also a special officer, was taken to

headquarters on a formal drunk charge. According to police, Coughlin drove the automobile along Wyan-dotte street, at a furious rate of speed before being overruled by Thompson on his motorcycle. Police state the men carried credentials to prove their identity. Both gave their local address as 31 London street west, and stated they arrived in Windsor a few days ago to secure evidence against blind pig owners. Gillis owns the car, police state.
