169th BRASS BAND CONCERT
A rare treat was given the people of Kentville last Monday night at the Pastime Hall, by the members of the Brass Band of the 169th Battalion, Ontario.

It was without exception, a splendid entertainment and the bandsmen acquitted themselves admirably. Lieut Daubery wielded the baton like a veteran although he is accounted the youngest bandmaster in Canada. The cornet solo of Corpl. Wilson was one which will not soon be forgotten.

Q. M. Sergt. Wayman, kept the house in roars of laughter as he recited his experiences of an entertainment. The Rev. T. C. Mellor, announced the program which was as follows:

Six fine selections from the Band during the evening:
Vocal Solo—Selected—Lieut. McDonald.
Vocal Solo—Selected—Q. M. Sergt. Wall.
Vocal Solo—Lieut. McDonald.
Recitation—Q. M. Sergt. Wayman.
Vocal Solo—Senora—Mrs Tully
Cornet Solo—Rosary—Corpl. Wilson
Monologue—Sergt. Wishaw.
Many of these numbers were deservedly encored.
The Band was entertained at luncheon in the Y. M. C. A. parlors after the concert.

A BIG GIFT FOR PROHIBITION
The Prohibition movement throughout the wide world is making wondrous strides. It looks as though the rum traffic ranks of the total abstainer are being replenished. A wonderful legacy has been left for the advancement of prohibition principles which almost startles. A gentleman what is probably the largest donation ever given to advance temperance principles. It consists of property and real estate in Florida to the value of \$50,000. The gift is to be made the nucleus of a campaign fund of \$200,000 which is to be administered by a chartered organization to be known as the foundation.

THE FALL WEATHER HARD ON LITTLE ONES
Canadian fall weather is extremely hard on the little ones. One day it is warm and bright and the next wet and cold. These sudden changes bring on colds, cramps and colic, and unless baby's little stomach is kept right the result may be serious. There is nothing to equal Baby's Own Tablets in keeping little ones well. They sweeten the stomach, regulate the bowels, break up colds and make babies thrive. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Rockville, Ont.

Terms of Subscription: \$1.50 per year. If paid strictly in advance \$1.00 per year. United States and Foreign subscriptions 50 cents per year additional for postage.

Advertising Rates: Single insertion 50 cents per inch, one third extra for each additional insertion. Locals 10 cents per line. Black local 15c per line. Contract rates furnished on application.

Remittances should be mailed direct by money order, postal note, express order or registered letter. Discount on checks charged against the remitter.

The date on Label shows to what time subscription is paid. Labels are changed every four or six weeks. If not changed within six weeks after remittance notify the office to correct.

Cards of thanks, obituary, poetry and all church and philanthropic societies notices of meeting at which entrance fees are charged are subject to our regular advertising rates.

Minard's Liniment Cures Burns, Etc.

DO YOU IMAGINE

that your skin trouble is incurable because ordinary treatments have failed? If so get Zam-Buk and prove, as thousands of others have, that Zam-Buk is capable of healing after everything else has failed! Mrs. Horgan, of 183 Manning Ave., Toronto, writes: "For eight months my little son's face was simply covered with eczema. The pain and irritation were so intense that he could not sleep. He received treatment at a hospital, but it did him no good. Then I heard of Zam-Buk and commenced using it. It really worked wonders. The pain and irritation soon disappeared, and I could notice a decided improvement. I persevered with the treatment until now his face is quite free from sores and his skin is perfectly clear. I cannot be grateful enough for what Zam-Buk has done, and I shall never be without it."
Zam-Buk is equally good for ringworm, salt rheum, blood-poisoning, ulcers, old sores, piles, burns, scalds, cuts and all skin injuries. Price, box, 3 for \$1.25, all druggists or Zam-Buk Co., Toronto.

Raised Over \$3,000.

Over \$3,000 were raised by the sale of thirty thousand flags in Halifax due to the joint efforts of the Local Council of Women and the Daughters of the Empire. This constitutes the biggest single patriotic effort of its kind ever made in Halifax. The proceeds will be given toward Red Cross work, soldiers' comforts, convalescent hospitals, and French refugees'.

FURTHER CAR STRIKES IN NEW YORK CITY

New York, Oct. 13—A mob of several hundred men and boys, at a given signal before midnight bombarded with stones and other missiles a number of surface cars on the Madison Lexington and Lennox Ave. and 110th Street cross town lines. It was the first outbreak of violence in many days in connection with the strikes of unionized employees of the transit Company, who failed in their announced intention of tying up transportation facilities of this city. On several of the cars attacked were women and children, who threw them on the floors to escape injury. The police who relaxed their vigilance more than a week ago when it was believed the strike had spent its force, apparently were taking by surprise; before the reserves arrived ten cars had been damaged. The mob was dispersed, however without any one having been seriously hurt, three arrests were made.

NOT QUITE.

"Eschew evil and do good; seek peace and ensue it."

A Record Auto Trip

Mr. H. T. Warue's seven passenger Studebaker made a record trip between Digby and Yarmouth last Friday afternoon leaving the Digby railway station at exactly 2 o'clock and arriving at the Grand Hotel, in Yarmouth, at 4:18, making the run in two hours and eighteen minutes. On board the car, besides the driver, Mr. Stanley Woolaver, were Messrs. H. T. Warue, owner of the car, his son Hubert; Frank W. Nichels, barrister, Digby; George E. Graham, general manager of the Dominion Atlantic Railway; A. L. Felton, Mayor of Kentville, and O. S. Dunham, editor of the Courier.

Two of the gentlemen on board the auto, Messrs. Graham and Felton, left the west bound express at Digby and were in Yarmouth nearly 45 minutes ahead of the same train. The last part of the run was made in a thick fog which made fast driving rather disagreeable.

LIEUT. JAS. D. GUNN IS MISSING

Halifax, Oct. 16—The friends of Lieutenant James David Gunn, who left with the 64th battalion, will regret to learn that he has been wounded at the front and is also reported on October 9th as missing. Word to that effect was received from Ottawa by his wife and mother. Lieutenant Gunn is a son of David Gunn, Wellington Street, and eight months before he left Halifax he married Miss Woods, daughter of D. C. Woods, of this city. Lieutenant Gunn had been a member of the Bank of Nova Scotia staff for six years. He was 23 years old last January, and was attached to the Barrington Street Branch. His brother William, was a sergeant in the 64th battalion, but each was transferred to another battalion.

THE FRENCH AND BRITISH
GET ON NEARER
TOWARD THEIR GOAL

London, Oct. 17—On the western front the French have made further progress in the general direction of Sully Saisel which village is now practically in the grip of the attackers. Despite fierce counter attacks by the Germans the capture of the village is now only a question of hours.

When the operations is completed the French will hold the valuable hill position which acts as a lever for the British advance.

Meanwhile the British extended their offensive to the region north of the Ancre, where they seized enemy trenches west of Serre. This move is taken to prestage an attack upon the seizure of the whole western part of the Ancre Valley west of Bapaume in this would put Halg's troops in a position to outflank Bapaume from the west and northwest.

The Germans made a determined effort this morning to win back part of the ground lost to the French east of Belloy en Santerre and thus save Darloux from envelopment, but nowhere could they break through.

In the Champagne, in the Argonne and on the Verdun front the artillery battle was renewed with vigor. The French infantry moved forward to the attack in the Champagne, but failed to win any success.

LIGHT ON THE STREETS
ONLY FOR A TIME

Halifax, Oct. 18—For a week there have been no street lights in Halifax and all buildings shaded their lights as much as possible. This was because of a request from the naval and military authorities to the mayor of Halifax. The extreme darkness of the streets at night caused great inconvenience. The mayor had a conference today with General Benson and other military officers the result of which was that permission was given to relight the streets provided these lights were not conspicuous at sea and that all lights should be shaded as far as possible. In consequence of this the lighting of Halifax became normal last night all over the city the city and shop blinds that had been down to obscure the light were again raised. Meanwhile the military outposts along the shores of the harbor made observations and reported that some of the light could be seen far out to sea, certain streets being especially named in this respect. This report was followed by an order to turn off certain lights and those in the business part of the city were the first to be extinguished. Later lights on other streets which were considered objectionable were also turned off and at midnight about forty per cent of the street lights were not burning. Further conferences may be held, but the full lighting of Halifax will not be resumed for some time.

REGULATE FOOD
PRICES IN ENGLAND

London, October 17—In the house of commons a debate arose over the food question, a number of the members complaining of the inadequate measures of the government to control food supplies and prevent an excessive rise in prices. Walter Runciman, president of the board of trade, in reply to the complaints, said he was hungry for a practical proposal, which had not been forthcoming, for preventing evils were largely due to the increased food consuming capacity, not only of the army, but of munitions, and other workers, and the decreasing supplies of food. Mr. Runciman said there was no evidence of serious manipulation or exploitation of food-stuffs, and if there had been he would not have hesitated to ask parliament for power to deal with such a situation.

In relating the measures the government has taken with regard to meat and wheat Mr. Runciman said every effort was being made to increase available tonnage for imports, and that the admiralty had agreed in many instances, to do with a smaller number of vessels. In conclusion the president of the board of trade said there would be no extension of the principle of rationing, and that the government had no intention of putting the country in the position of a blockaded city.

CANADIAN INDIANS IN
KHAKI

One hundred and fifty Huron, Chippewa and Mohawk Indians formed part of the 160th battalion which arrived in Halifax yesterday from London, Ont. The Indians were splendid specimens of manhood and as they paraded with full kit excited great admiration. A captain of the battalion told The Herald that every man of the one hundred and fifty was an expert shot and that all had proven their wonderful speed and endurance. The battalion came in on two trains. All of the members of the 160th are from Bruce County, Ontario, and the battalion is known as "the

pride of the north." It has a remarkable record of being free from sickness and of having maintained its strength. The commanding officer is Colonel Wier.

Planned Cross of the Legion of Honor on American Aviator as He Lay on His Death Bed

Paris, Oct. 17—The cross of the legion of honor was pinned on the breast of Norman Prince, the young American aviator, as he lay on his death-bed in the hospital at Gerardmer, in the Vosges, by a stirring fight in the air between the allied aeroplanes and German machines. He suffered injuries to the head, which apparently were the direct cause of his death.

The wounded in the aerial duel, the American pilot kept his gun going, warding off hostile craft which had ascended to attack the French bombarding squadron. He remained long in the air, coolly facing the fire of the German machine guns. Finally, in attempting to land, he struck an aerial cable, the mischance, it is thought being due to the injuries that he had received in the fight. He was picked up in an unconscious condition, and died apparently without suffering.

Comrades of the Franco-American aviation corps, accompanied by several French pilots, arrived at the Gerardmer hospital yesterday afternoon to make arrangements for the funeral. Charles Prince, an uncle, received a special permit from General Joffre, the French commander-in-chief, to proceed to Gerardmer, but arrived after the aviator had died.

TERRIBLE FATALITY IN SASKATCHEWAN

Word was received at Canning on Friday last of the death at Kindersley of Mr. Rafus H. Cox and his daughter. The particulars given are slight. His house was destroyed by fire from an explosion of gasoline and Mr. Cox was killed or burned so badly that he died on the way to the hospital. The baby and eldest girl were saved by Mrs. Cox but the latter has died from the effects of the gas. Mrs. Cox is now in the hospital and will have to remain there several weeks.

The news of the deaths of two members of this family has come as a great shock to their relatives and friends here. Mr. Cox was a son of Mr. Leander Cox of Canning and Mrs. Cox is a daughter of Mr. and Mrs. Henry Coffin of Canning.

Every one who has a father, son, brother or lover in the Highland Brigade will want to keep for reference a complete set of the Nova Scotia Highlander as published. This is the only Brigade paper ever published in Canada and under the able editorship of Dr. J. D. Logan, it became one of the most interesting publications ever read.

A complete set of the whole 12 issues while at Camp Aldershot can be obtained at this office for 25 cents or sent by mail for 30 cents.

After the war a complete set of the Nova Scotia Highlander will be worth considerable money and not easily obtained.

Order now while the full 12 numbers are obtainable. Address Advertiser Office, Kentville.

GREEK KING'S SPEECH TO MEN OF FLEET

Athens, Oct. 17—King Constantine, in a speech to the officers of his fleet, today, told them he would stand by them, no matter what consequences might follow their loyalty to Greece.

The King issued the following order of the day:

"Officers, sailors, in these hours, when stricken and with bleeding hearts each new moment from new wounds deep in our souls, which so short time ago were proud in a united and victorious Greece, my Government has been obliged to order you to leave your ship upon which you brought the news of the freeing of our liberated brothers. You came with tortured hearts and eyes wet with tears, every man faithful to his oath, to the side of your King."

"I thank you and congratulate you, Oh, my faithful sailors."

"I thank you, not only as King and Chief of the Fleet, but as the representative of the Fatherland you so much love to which you have given so much, for which you are ready to give and suffer all."

"May our hopes soon be realized, and may the hour soon come when you will be able to return to your ships."

"The holy ikons that have protected you in the past, will protect you in the future, and the glorious flag, once more caught by the winds of the Greek seas, will bring hope and consolation wherever Greek hearts beat for nation and King."

CATS AS BIRD DESTROYERS

In an address on the protection of bird life, delivered recently before the Commission of Conservation, attention was directed to the fact that the domestic cat is one of the most destructive enemies of wild birds. This contention is supported by the following quotation from a report by the Massachusetts State Board of Agriculture.

"Most people do not realize how destructive cats are to bird life because their attention has never been called to the facts and because most feline depredations occur at night. In my investigations much evidence has been secured which is convincing. In the year 1903, at the instance of the secretary of the State Board of Agriculture, an inquiry was undertaken re-Massachusetts. As part of this investigation a questionnaire was sent out to some 400 correspondents, which filled out and returned by more than 200. In response to question regarding the effect produced on birds by their natural enemies, 82 correspondents reported cats as very destructive to birds. This was a much larger number than those reporting any other natural enemy as destructive. Nearly all who reported on natural enemies of birds placed the cat first among destructive animals."

COAL FAMINE THREATENS NEW YORK

New York, October 16—A shortage of coal is in prospect for this city this winter, according to dealers, who declare their bins are being depleted, and their outlook for immediate or eventual relief is poor. The shortage applies to both hard and soft coal.

Failure to receive the usual amount of coal is attributed to a scarcity of labor at the mines and lack of cars for transportation, the latter is said to be the most serious, due to the movement of munitions and other freight for export. The enormous foreign trade is also blamed for the shortage which, if as stated, exists in other sections of the country as well as here.

Prices to New York householders for stove and nut coal vary from \$7 to \$7.75. Dealers declare that, with seasonable weather, the price will reach \$8 before Thanksgiving, and that \$9 coal is not too high to expect at Christmas. A cold winter will send prices higher.

THREE CENTS A POUND FOR NEWS PRINT

Ottawa, October 17—In a conference of newspaper publishers and news print paper manufacturers held here today the manufacturers adhered to the price of three cents a pound that was quoted as a minimum in the conference last week before the ministry of finance.

The publishers conceded that some increase might be necessary but took the position that the proposed minimum price of three cents a pound was prohibitive.

As the publishers and the paper manufacturers were unable to reach an agreement, the request of the former for an investigation by the government stands, and it is likely an inquiry will be made by the department of finance.

The above price is wholesale price. The ordinary newspaperer pays nearly double the above price adding freight from mill. —Ed.

SPAIN MAY JOIN THE ALLIES

There must be some neutral countries a censorship hardly less rigorous than prevails among the belligerents, says an Exchange. In Spain, for example, important events must have transpired. Who is the Premier of Spain—at this time? Is it Maura or Romanones? Has the government in control? It is difficult to imagine that matters of so much moment could be kept secret.

It has been generally believed that the sentiment of Spain as far as the official, military and religious leaders is concerned has been pro-German since the beginning of the war. The Roman Catholic church has been assumed to be in favor of Austria, and naturally opposed to the democracy and liberalism of France and Britain.

FRENCH CAPTURE HUN TRENCHES

Paris, Oct. 14—The French official communication issued tonight follows:

"South of the Somme we made two attacks which succeeded brilliantly, one to the Santerree, which put us in possession of the German first line on a front of more than two kilometres. The other placed us in possession of the hamlet of Genemont and the sugar refinery, 200 metres northeast of Ablaincourt. We took a large number of prisoners. Up to the present time 8,000 unwounded prisoners, including seventeen officers, have been passed back. There was an intermittent cannonading on the remainder of the front."

Paris, October 15th.—German troops last night launched several counter-attacks against the positions which the French had occupied during the day, south of the River Somme, says the official statement issued this afternoon by the French war department. All the German attacks were repulsed by the French infantry, the statement adds, and all the gains were consolidated.

Sir Wm Robertson the man behind the scenes in the Mother Land said recently: "We must be under the delusion as to the end or probable duration of this great struggle. We must be prepared to continue for a time which cannot at present be estimated. In fact, we must prepare for the worst while we hope for the best."

The premature aging of soldiers by the European war is being seriously discussed in England. It has been found that men under 30 turn gray after a few months in the trenches. The like of this has been noted not only in the British army, but among German prisoners. Many of them, giving their ages at 21 to 27, resemble men over 40.

ST. VITUS DANCE CAN BE EASILY CURED

A Tonic for the Blood and Nerves With Rest All That is Needed

Many a child has been called awkward, has been punished in school or not keeping still or for dropping things, when the trouble was really St. Vitus dance. This trouble may appear at any age but it most often met between the ages of 6 and 14.

The most frequent causes of the disease is poor blood, aggravated by indoor confinement of mental strain at school. Under these conditions the blood fails to carry nourishment to the nerves and the child begins to show listlessness and inattention. Then it becomes restless and twitching of the muscles and jerking of the limbs and body follow. A remedy that cures St. Vitus dance and cures it so thoroughly that no trace of the disease remains is Dr. Williams' Pink Pills which renew the blood thus feeding and lose no time in giving this treatment if their child seems nervous or irritable. Mrs. Wm. A. Squires, Cannington, Ont., says: "My only daughter, now fourteen years of age was troubled for several years with St. Vitus dance. She was so bad that at times she would lose control of her limbs and her face and eyes would be convulsed. We had medical advice and medicine, but it did not help her. In fact we thought the trouble growing worse, and finally we had to take her from school. About a year ago we began giving her Dr. Williams' Pink Pills and by the time she had taken 5 boxes she was completely cured, and is now a fine, healthy girl. I firmly believe we owe this to Dr. Williams' Pink Pills and are very grateful for her restoration to perfect health."

You can get these pills from any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

THE BURIAL OF A GALLANT CANADIAN

The following account of the burial of that gallant Canadian officer, the late General Mercer, written by Sergeant Arthur H. Weldon, Fifth Canadian Mounted Rifles, (transferred from the Sixth Mounted Rifles) to his mother, Mrs. R. C. Weldon, Dartmouth, will be read with keen interest by Nova Scotians:

France, July 4—About two weeks ago while we were all at dinner in the sergeant's mess, word was brought by a runner that General Mercer's body had been found, and that D and C companies were to each detail a funeral parade including each and the captains of D Company, Captain Pineo. They were to leave at once for the burial ground in a motor lorry. Immediately those detailed had to get ready and in about ten minutes our parade moved off. We had to wear our "skeleton," as they are called, that is our web equipment and also our rifles.

We marched about two miles as fast as possible and immediately piled aboard. There were details from each regiment in the C. M. R. Brigade, and away we started. It was a ride of about eight miles to Canadian rail head where the general was to be buried.

On our arrival we were unloaded and fell in. Then six sergeants from the brigade were told off as pall bearers, and in charge of the B. S. Major of the First C. M. R., we marched up to the morgue at No. 10 Canadian Clearing Station.

Inside rested a plain pine coffin, covered with two beautiful flags the Canadian Jack and the Union Jack.

We placed the coffin in a small two wheeled stretcher. The wind was blowing softly from the west, which means from home to us exiles over which seemed to whisper to our hearts sorrowing there.

The sun shone brightly. Everything was as calm and peaceful as could be. Not a cannon fired throughout the service.

The Canadian chaplain in chief with a brother officer led the way. We moved along at the dead march, three on each side of the coffin. All the staff officers of the Canadians were drawn up behind the new corps commander, also the staff of the artillery. It was a wonderful sight, as all these officers of their friend and comrade was borne by to his last rest. At the gate of the cemetery the coffin was again raised and carried to the centre of that resting place of so many of Canada's braves.

All the officers filled in and faced one side of the open grave while the funeral detail from each battalion in the 8th and 9th Brigades, along with parties from the artillery, faced them from the other side.

Then the chaplain opened the service. It was short, simple, but wonderfully impressive to us who had passed unscathed through the same fight in which he had lost his life. We could appreciate what he had gone through before he had died—fighting like a madman as the German official put it. Our men say he died refusing to surrender—fighting to the last like true Canadian.

After the service was over each officer in turn saluted the grave and walked away—and all was over.

The colonel in command temporarily of our division, came up then and after shaking hands with the sergeant major in charge, thanked each one of us for our part.

One of the most beautiful things about the whole service was that just as all the men came to the present and the trumpeter blew "Last Post" in honor of the dead, the whole western sky was lit up by a blaze of golden sunlight.

So passed one of the most god-fearing and best loved generals in the Canadian army. His death was a personal loss to many of us whom he would not know from Adam.

FOOD FOR A YEAR

Meat..... 300 lbs. Milk..... 240 lbs. Butter..... 100 lbs. Eggs..... 27 doz. Vegetables..... 500 lbs.

This represents a fair ration for a man for a year.

But some people eat and eat and grow thinner. This means a defective digestion and unsuitable food. A large size bottle of

Scott's Emulsion

equals in nourishing properties ten pounds of meat. Your physician can tell you how it does it.

FOR SALE BY ALL DRUGGISTS

The Brooklyn (N. Y.) Eagle says: "Probably the most wonderful exhibition of patriotism this war has produced is the Canadian subscription to the war loan. One hundred millions dollars was asked, and a population of less than 9,000,000 people have more than doubly subscribed the money. Be it remembered, the war is not at Canada's doors. It is a burden that Canada willingly assumes for the sake of affiliation with the British Empire. Those of us who recall the difficulty of the Federal Government had in floating its loans during the early part of the Civil War cannot avoid a spontaneous expression of admiration for the fealty of the Canadians. This indebtedness becomes a lien upon every property owner in the Dominion but is willingly accepted. Bravo, Canada, say I."

British are said to be building for use against land fortifications a naval gun of 18-inch calibre, weighing from 150 to 160 tons firing a high explosive projectile that weighs 2950 lbs. and with a range of 25 miles.

HE MADE SOME PROFIT
A very deaf old man went into a drug store to have a prescription filled.
"Seventy five cents," said the druggist as he wrapped up the bottle.
The old gentleman took a well worn purse from his pocket, opened it, and laid a nickel on the counter.
"I said seventy five cents," yelled the druggist.
"Well said the old man, "didn't I give you five cents?"
"Dog gone you!" said the druggist as he swept the cash drawer. "I made two cents on you anyway."

"Thank God more Canadians are coming," said War Secretary Lloyd George when discussing the brilliant work of the Dominion troops at Courcellette.

LIBERAL JOURNALIST PAYS STRIKING TRIBUTE TO SIR ROBERT BORDEN

It would be treachery to the allied cause not to support him at the next election, he declares in a letter to Henri Bourassa

Mr. E. W. Thomson, the well known journalist and Canadian correspondent of the Boston Transcript and a staunch liberal in politics in course of an interesting letter to Mr. Henri Bourassa which appeared in the columns of the latter's paper, Le Devoir, on September 16, pays a striking tribute to the foresight and genius of Sir Robert Borden in committing Canada unreservedly to participation in the war when the break came so suddenly in August, declaring it to be the paramount duty of French-Canadians to enlist in this war "for the future of mankind," quite frankly states that it would be nothing less than treachery not to support Sir Robert Borden at the next general election. Two paragraphs from Mr. Thomson's letter, particularly worthy of reproduction, follow.

"What is staked on the issue of this war is precisely the future of mankind. If we do not now utterly beat down the Hohenzollerns our children's children must be slaves to that dynasty; or else slaves to a militarist caste maintained to permit enslavement by the Hohenzollerns. The one path to a long or a permanent peace, and to quiet industrial existence is the way of our allied guns and men to Berlin."

"Inasmuch as Sir Robert Borden boldly put Canada on that way, and has steadily pursued that course, he appears to me to have been guided by well-informed sense and by such inspiration as may properly be termed genius. None but a great man would have dared what he dared in August, 1914—venturing to interpret the real mind of the Canadian people in such a time of confused opinion and quaking dismay. I humbly confess that he then knew, as by instinct, what men like myself, who at first objected to Canada's being committed to the war without a mandate from the electors, would be thinking when the time should have disclosed the power, preparedness, and devilry of Prussia. To do other than support him in the general election which seems to be impending would, it seems to me, be treacherous to the cause to which Canada stands engaged. To defeat him would be to testify that Canada had flunked and wished to crawl out. That would be a heavy loss to the Allied cause; a large encouragement to Berlin."

Getting Out of the Rut.

The merchant who conducts his business according to the method of the last century is not giving his customers the service they are entitled to. The spirit of the new century is to do more than to merely turn goods over at a profit. It is to really earn that profit by giving real service, accommodation and reliable advice. The modern merchant must know his goods thoroughly and what is best adapted to every household requirement.

That class of merchant invariably advertises. That is the one sure test of his being abreast of the times.

SAME FAMILY NAME.

An Irishman was seated in a railway carriage next to a pompous looking man, with whom he commenced a conversation in a rather free and easy manner. At length the pompous one said: "My good man, reserve your conversation for one of your own equals. I would have you know that I am a K. C." The Irishman jumped up and held out his hand. "Begorry, shake!" he exclaimed. "O! m a Casey my self."

U. S. DESTROYERS SEARCH FOR HIDDEN SUBMARINE BASES

Washington, Oct. 13—Destroyers from the Atlantic fleet are making a search of the Atlantic coast from Newport north to the Canadian line to investigate reports of hidden submarine bases or wireless stations.

Admiral Mayo, commander of the fleet, reported to the navy department today that he had ordered the search, but did not disclose either the source of the report on which he acted or the places where illegal radio plants or bases were said to have been discovered.

WORLD'S RECORD WHEAT CROP

In view of the various claims of world's record wheat crops for large areas the Crowfoot Farming Company of Crowfoot, Alberta, submit a sworn statement of their results for the year 1915 which probably surpass all properly authenticated claims for other sources. From 1356 acres the Crowfoot Farming Company received an average yield of 51 bushels, 56 1-3 pounds per acre of number one spring wheat, by actual selling weight; 400 acres wheat averaged 59 1-2 per acre. These records were established in the Canadian Pacific Railway Irrigation Block in Southern Alberta.

A meeting of the "Kentville Y" will be held at the home of Mrs. Tom Weaver on Monday evening, Oct. 23, will the members kindly make a special effort to be present.

Mr. Joseph King of Hortonville had as guests over Sunday, Messrs Phil Wilson and Charles Lockhart of Falmouth.
