**THE OPTIMIST: Little Talks on Life.** By Leigh Mitchell Hodges

Luther Burbank, that remarkable man, who has made the world sit up and take notice of his work in the vegetable kingdom, has written a book about plants, but not the kind of plants with which he has been experimenting his way to fame.

It is a book about the human plant—the child. It is called "The Training of the Human Plant," and Mr. Burbank says in the preface, that he was led to its writing by the marked similarity that exists between the organization and development of plant and human life.

He further says, and his word is that of the thoughtful scientist, that he believes there exist in this country the grandest opportunities for developing the finest race of men the world has yet seen.

But how shall we proceed to develop this matchless race? What must we do and in what way should we go about the task?

In the first place, this wizard of the plant world emphasizes, of course, the necessity of good air and nourishing food. These are essentials to a right sort of human development.

And beside these he places good influence. He says: "A child absorbs environment. It is the most susceptible thing in the world to influence, and if that force be applied rightly and constantly when the child is in its most receptive condition, the effect will be pronounced, material and permanent. No boy or girl should see the inside of a school-house until at least 10 years old. The curse of modern child life in America is over education."

"The child rearing, environment is equally essential with heredity. There is no such thing in the world, as a predestined child, predestined to heaven or hell. Heredity is simply the sum of all things, of all the environments of past generations on the responsive, ever-moving life force. By placing ourselves in harmony

**ABRUZZI WILL BE WELCOMED**  
CELEBRATED ITALIAN EXPLORER TO VISIT CANADA THIS MONTH

OTTAWA, May 31.—The Duke of Abruzzi will arrive at Quebec with the fleet of Italian warships he commands about June 20, and will begin a tour of the principal cities of Canada. This means that Canada will have two royal foreign guests at one time. The Prince Fushimi, of Japan, will be receiving the hospitality of Vancouver when the Duke of Abruzzi is being escorted in Quebec.

The Italian Prince is not coming to Canada on an official mission, such as that on which he went to the United States, where he was invited by the Jamestown Exhibition, he is a person of sufficient importance for any country to treat with a good deal of attention, particularly when he comes with a guard of warships.

Unless he signifies his desire for a quiet life he will be received with as much ceremony as Prince Fushimi.

**Seaport of the Band.**  
DURBAN, May 30.—A syndicate, representing a number of powerful Johannesburg firms, is said to have been organized for the purpose of improving Delagoa Bay and making it the principal seaport of the Rand. During the first few months of 1906 Delagoa Bay absorbed 54 per cent of the total seaborne trade of the Transvaal, being the shortest and cheapest route to the coast. The liveliest competition has existed between Delagoa Bay and the British ports for the Rand traffic, but under the modern scheme the Portuguese port enjoys a substantial advantage as regards reduced railway rates.

The greatest anxiety is maintained regarding the syndicate, which is now considering the best method of improving the port.

CHRISTIANIA, May 30.—The Norwegian postal authorities have under consideration an application for permission to print advertisements on the back of postage stamps. It is proposed to devote the proceeds to the erection and maintenance of a large sanatorium for consumptives.

**REFUSED WORK TO UNION MEN**  
TABER MINERS GIVE EVIDENCE BEFORE THE COAL COMMISSION

LETHBRIDGE, May 31.—Working miners from Taber appeared before the Coal Commission today and argued in favor of the eight hour law and a workmen's compensation act. The miners declared that they worked very hard for eight hours as in ten, because men worked harder. A ten hour day taxed the energy of a man too heavily and at the end of eight hours his working capacity had been reached. Some of the witnesses worked eight hours from bank to bank at present in the Consolidated mine at Taber. He compensation act they looked upon as a protection to their interests and maintained that it worked very satisfactorily in British Columbia and Great Britain.

David L. Miller, an official of the miners' union at Taber, made the charge that Charlton Dixon, manager of the Canada West Coal and Coke Co. Mine at Taber, discriminated against union men and he was supported in both applied for positions at a time when this company was advertising for men, they declared. Dixon asked them their names and when they told him he said he didn't know them. His refusal to employ them, they charged, was due to their identification with the union. Miller said a man named John Bishop had been working at this mine and was dismissed because he was a union man.

Andrew Wilson, a Scotch miner of 24 years' experience, earns \$3 a day at the "Fisher's mine," and he was asked if he could do the same work for eight hours a day and a compensation act. He complained of the ventilation of the mine: "It was always good when the inspector came around and he suggested that the inspector should not visit the mine. If that was the case he would be able to discover the actual conditions at the mine. The men were afraid to report to the inspector for fear the operators would hear of it and discharge them."

**PROVINCIAL NOTES**  
Mosoomin (Spectator.)  
Mrs. F. Munroe, of Regina, was a visitor here at the home of her parents, Mr. and Mrs. Wallace, last week. Miss M. McDonald, of Regina, was the guest of Miss C. Brown.

The military camp at Winnipeg has been postponed from the 11th of July to the 1st of June. The Mosoomin contingent will be ready in due time and will take a proud part in the camp drill.

Messrs. Masterson and McInnis, of Regina, are working on the Main Street drain here. There will be some heavy digging between Broadway and the First of July in order that the necessary level for the whole drain may be secured.

The C. N. R. has a strong force of men at work on the Easton-Regina extension. The expectation is to have the line in operation this fall. This new line will have the effect of bringing many new settlers into the districts along its new course.

The Commissioner of Education for this Province is anxious to secure a complete list as possible of all University graduates residing in the Province, and has asked Inspector Hewitt to send up the Department with the names of all graduates in Mosoomin district. Mr. Hewitt has secured a number of names, but as he wishes to send a complete list, he would like all graduates to send their names either to himself or to the Spectator office as soon as possible.

Next Tuesday evening there will be a public meeting in the Council Chamber to take initiatory steps for the promotion of the First of July in Mosoomin, and to consider plans by which the 5,000 Club may more advantageously work together for securing the desired end. The time between now and the First of July is short enough to make arrangements, so let all the citizens interested be present to lend a helping hand.

Mr. E. Brown, of the Public Works Department, Regina, was in town last Friday. He came to make provision for additional seats in the Police Barracks, as the accommodation for prisoners has been over-taxed for some time. We understand that he has laid out a plan for some six additional cells which can be used temporarily until better accommodation is provided in a permanent building.

**REVOLT SPREADING IN CHINESE EMPIRE**  
THIRTY THOUSAND REBELS NOW UNDER ARMS NEAR AMOY

AMOY, China, May 31.—An insurrection has broken out forty miles southward of Amoy. Thirty thousand rebels are under arms and are stated to be well fed. The revolt is spreading to towns near Amoy. The victory of Wu Chou is sending 8,000 troops to deal with the rising and warships are expected here shortly.

Amoy is a town and treaty port on the small island of Haimen, Province of Fukien, China. The native population is now estimated at 300,000, and the foreign population number about 300.

**Bladworth**  
(The Progress.)  
While two men, under the influence of liquor, were resting their oxen two miles or so south of town on Monday afternoon, they let out a prairie fire which, by destroying pasture, did considerable damage to those whose land it swept over.

A destructive fire raged over the prairie north of town this week causing loss to many farmers. H. Jewell lost a wagon loaded with hay, a horse and two sets of harness.

W. C. Sutherland, M.L.A., for Saskatchewan, spent Tuesday in town. The object of his visit was to get the views of his constituents as to where the making of roads in this corner of his constituency would be most beneficial to the settlers.

**Lumsden**  
(News-Record.)  
Mr. John Milroy, of Regina, was in town on Tuesday.

Miss Milburn, Regina, is the guest of Mr. Hugh Miller at "Valley Farm."

Cement brick and lime works will be started here next week. The kilns will be situated on the west side of the lake.

English land boiler for the Pearson Land Co. boat arrived here on Monday.

**2 in 1 SHOE POLISH**

**ASSESSMENT SHOWS INCREASE OF \$5,243,794 OVER LAST YEAR**

**CITY ASSESSOR COMPLETES HIS WORK WITHIN THE TIME LAID DOWN BY LAW—ASSESSMENT ROLL SHOWS TOTAL ASSESSMENT OF \$12,290,461—CONSERVATIVE POLICY OF VALUATION PURSUED AND NO SUB-DIVISIONS INCLUDED—THE FIRST ASSESSMENT ON THE FLOOR SPACE SYSTEM.**

Under the new city charter under which this year's assessment has been made, it is required that the assessment roll shall be completed by the last day in May, and this, despite the immense amount of work entailed, has been successfully accomplished by the City Assessor, J. Spicer, the actual work of preparing the roll being completed yesterday afternoon.

The assessment shows an increase over that of last year of \$5,243,794. This year's total assessment being \$12,290,461.00, as against \$6,448,992.00 last year. The net increase over last year is \$4,699,979. Big as the total assessment is, it is in no sense in any way exaggerated, the assessment having been made on a safely conservative basis. While no statement has been made either by the assessor or by the assessment committee, it is safe to say that the valuation of land will be found to be a good 20 per cent. below current values, while the valuation of improvements has been made in an equally conservative manner. For the first time in the history of the city the floor space system of taxation has been resorted to and while the first year's roll prepared on the new method may possibly, indeed inevitably, contain some anomalies, it is believed that on the whole it will be found to be much more equitable method than the one discarded. Edmonton has tried the floor space system and has found that it works admirably.

The property included in the assessment is confined entirely to land within the city limits, none of the outside subdivisions being brought in to swell the total as is the custom with some cities anxious to make their assessment totals as high as possible.

The present assessment is the first prepared since the introduction of the ward system and the division of the city into five wards. The total of the total amount of the five wards of the city, leads with the big total of \$5,759,792, being nearly half of the grand total of the assessment, while Ward 1, with a total of \$910,878 is the lowest, being the only ward with a total assessment of under a million dollars.

The following table prepared by the Assessor shows at a glance the salient features of the assessment as compared with that of last year:

Total Assessment	\$12,290,461.00
Exemptions	1,142,390.00
Net Assessment	\$11,148,071.00

**MORE TROUBLE AT THE MINES**  
MINERS AND SMELTERMEN ARE NOT SATISFIED WITH NEW WAGE SCALE

GRAND FORKS, B. C., May 31.—The coal strike had a reflex action on the boundary country and not only closed the Granby smelter but brought into actual operation the elements of discontent among workmen who demanded advanced wages. Miners' representatives submitted a request for an increase which would add about fifty cents a day. After numerous conferences a new wage scale was prepared, and has just been voted upon by the various boundary unions. Greenwood and Phoenix being in favor of the scale by a large majority. Grand Forks at a meeting on Wednesday night rejected it, and wish to return to their original demands. They take the position that there are certain differences which the smeltermen should have adjusted, and they do not think the miners will force them to work under conditions which are irksome to those specially concerned. The Granby smelter is an immediate settlement of the labor troubles.

**SUICIDED TO ESCAPE CABRERA**  
TERRIBLE TALES OF PROSECUTION BY THE NERO OF GUATEMALA

MEXICO CITY, May 31.—Full confirmation of the suicide of four prominent Guatemalans, and the imprisonment and sentencing to death of nine men suspected of complicity in the attempted murder of President Cabrera, early this month, was received through official and private channels yesterday. The state department received a telegram stating that the Guatemalan people were incensed at the sentence imposed on the nineteen suspects that the president has decided that these cases can be taken to the court of second instance for revision. Pending the action of this tribunal, the diplomatic corps is withholding the contemplated collective note demanding that the imprisoned men be given a fair trial.

According to a private telegram received last night, the four men who gave their lives because of the incident, were Dr. Julio V. Blanco, Dr. Jorge A. Villa, Dr. Echeverria and Baltazar Roda, a civil engineer. All of the men were wealthy, and belonged to the first-class families of the republic. They had not heretofore been identified in any of the policies of the republic.

The story of the capture and subsequent death of these men is dramatic. As soon as the mine was sprung, they left Guatemala City because, it is understood, that the president would "trump up a charge against them." They returned later and went into hiding.

General Vivarado, of the Guatemalan army, heard of their return, and going to the aged mother of the Echeverria brothers, pointed a revolver at her breast and forced her to disclose the hiding place of the men. The police surrounded the house, and a battle ensued, in which Commandant Moreno and another officer were killed. Reinforcements were then called for and 300 of the regular army surrounded the house.

The official report says the four men were taken to the city and there the soldiers took their bodies and threw them in sewers in the suburbs of the city. This act so incensed the people, that the diplomatic corps were appealed to, and Minister Gamboa demanded the bodies. Upon these representations they were finally turned over, and later buried with great honors. Later the nineteen suspects were imprisoned and sentenced to death by court martial proceedings.

INTERESTING FIGURES FURNISHED AT ENQUIRY NOW BEING HELD IN MONTREAL.

MONTREAL, QUE., May 31.—The railway commission this morning decided that the inquiry into the affairs of the Northern Electric Co. and the Wire and Cable Co., subsidiary companies, should be proceeded with. The examination was strenuously objected to by the counsel for the company, but the commission decided to have further inquiry made and ordered the issuing of subpoenas for the purpose. The inquiry will be made in private and the session adjourned until June 1st.

Mr. C. F. Sise, Jr. was the only witness this morning and he furnished papers asked for by Mr. Shepley concerning the regulations governing the rate of installing a mile of wire and apparatus for six services, the estimated cost being \$781.28. Mr. Sise also gave a list of the rates charged in various United States cities of about the same population as Montreal. The rates shown were:

Pittsburg, Bell rate, business \$12, residence \$10; Independent company rate, business \$7, residence \$5.  
Cleveland, Bell rate, business \$4, residence \$6; Independent company rate, business \$2, residence \$3.  
St. Louis, Bell rate, business \$5, residence \$3; Independent company rate, business \$2, residence \$3.  
Baltimore, Bell rate, business measured service, residence \$5; Independent company rate, business \$2, residence \$3.  
Cincinnati, Bell rate, business \$10, residence \$4; Independent company rate, business \$5, residence \$3.

Montreal, the maximum rates charged are business \$55, residence \$35. Mr. Shepley made a number of queries in connection with the two subsidiary companies, including a list of the stockholders and their holdings, and the officers and directors of the companies, as well as instances of prices charged by these companies to the Bell Companies for supplies in comparison with prices charged to outside companies.

**HER MIND BLANK, GIRL SEEKS AID**  
CANNOT RECALL NAME OR ANYTHING OF PAST LIFE—HAS ACUTE APHASIA

New York, May 30.—Unable to remember her name, her home address, or the names of her relatives or friends, a well dressed young woman is being held in a ward in Hudson Street Hospital, and the physicians say she has amnesia of the most acute form.

The girl, who does not appear to be more than 20, was brought to the hospital last night at Brooklyn Bridge. For a time she wandered about the bridge and then she was brought to the hospital. Then she caught sight of the green lights in the city hall police station and made for them.

The girl never speaking except that she was lost and that she did not know even her own name, but that her senses had come to her suddenly and she realized that she was in a police station.

Seeing that he had a case of amnesia to deal with, and the girl was taken there in an ambulance.

"From the time I came to myself at the Bridge entrance and made nothing of it, I only know that I am here, and I think I came here from Ireland about two years ago. I think I have two sisters with whom I have been living, and I remember the names of either. I don't know where they live, and I don't know the name of a single friend or relative."

LUMBER PRICES UP IN EDMONTON

RETAILERS ADVANCE RATES FROM \$2 TO \$3—TWO SERIOUS ACCIDENTS.

EDMONTON, June 2.—The price of lumber yesterday advanced by the dealers of the city. All grades both native and imported lumber, varied from \$2 to \$3, according to the grade. Manufacturers raised the price some time ago, but local dealers had a quantity in stock which they sold at the scale of prices previously in force.

Home Stealer Dies From Fall John Hawthorn, who fell off a wagon on his way from Edmonton, died at Athabasca Landing from injuries received from being run over by the wagon. Hawthorn had been home-staying about forty miles west of the landing and recently went east for his family and possessions. He returned with them Thursday, May 23rd, and proceeded to the home-stand. On the way out he was thrown from the rig and his right leg, badly broken, with the consequent fatal result.

Caught in Engine Belt Word reached the city this morning from Moriville that a bad accident had occurred at the works of the American Canadian Oil Co., near the town, when John Hughes had his back broken and is not expected to live. Workmen were engaged in drilling a well for water for the engine near where the oil-boring operations will be carried on. The belt of the engine was too loose and the engineer kept pressing it with his arm to keep it tight. H. L. Williams, manager of the company, who noticed the warning, but the man paid no heed to the warning. Suddenly he was caught in the belt, and thrown some distance. When picked up and examined he was found to be badly injured.

May Tie Up Building Trades. TORONTO, June 2.—A few days may see a great strike in Toronto. Bricklayers, carpenters and painters are talking of a sympathetic strike to help the plumbers and a decision will be reached soon.

When Your Health Fails—What Then?

BETTER TO GUARD AGAINST SUCH AN EMERGENCY BY KEEPING VITALITY AT HIGH-WATER MARK BY THE USE OF

DR. CHASE'S NERVE FOOD

Good health is the capital of persons who earn their livelihood with brain and muscle.

In these days of strenuous life and keen competition there is no place for tired brains and weak bodies.

Success is for the strong and alert—for those whose blood is rich and whose nerve cells are filled with vigor and energy.

It is not pleasant to contemplate what might happen with falling health and for this reason it is well to heed the first symptoms of nervous exhaustion, such as brain fog, headache, nervous dyspepsia, sleeplessness, failure of memory and loss of power to concentrate the mind.

While Chase's Nerve Food has succeeded in curing many cases of partial paralysis, locomotor ataxia, and the most severe forms of nervous prostration and exhaustion, it is not well to delay treatment until these stubborn and dangerous diseases set in.

At the slightest indication of waning nerve force begin the use of Dr. Chase's Nerve Food, and with a few weeks' treatment you will be able to restore the vitality of the body to high-water mark, remove the cause of nervous disorders, and prevent serious results.

Miss Mary Leitch, Coulson, Stinson county, Ont., writes: "When I began the use of Dr. Chase's Nerve Food my nervous system was all run down, and I suffered terribly with nervous headache and sleeplessness. Sometimes I could sleep for three or four nights in succession. By the use of several boxes of Dr. Chase's Nerve Food these troubles were entirely overcome, and I consider this preparation an excellent nerve tonic."

Dr. Chase's Nerve Food, 50 cents a box of boxes for \$2.50, at all dealers, or Edmondson, Bates & Co., Toronto.

JURY DISAGREED. Prevost Libel Case Ends in Stalemate—Journalist Fined for Contempt. QUEBEC, June 2.—With the disagreement of the jury, the end came on Saturday in the sensational libel case before Justice Bosse of Oliver, Quebec, charged with having criminally libelled Hon. Jean Prevost, Minister of Colonization and Fisheries. The foreman reported hopelessly disagreed and the jury were dismissed by his lordship. A writ of Habeas Corpus was granted for the defendant, who was released during the progress of the trial.

A Spot on the Sun Old Sol has developed a spot. To those who are fond of figures, it may be said that astronomers—who are really able to measure most accurately—say that the spot is 3,540,000 miles square. Go into the library and play with that distance for while. If a straight line is drawn from the sun to the earth, the spot is 118,000 miles in length. While such a spot is mighty small on the sun, it is like a diameter, which would wrap the spot several times around the earth before the end of the line is reached. The sun, 118,000 miles in diameter, is about 80,000 miles in diameter.

TO PURCHASE GARDEN OF ALLAH BOWER OF BEAUTY MAY BECOME PROPERTY OF NEW WORLD MILLIONAIRE. REJECTED LOVER KILLS YOUNG WIFE WHILE UNDER INFLUENCE OF LIQUOR. FREEPORT, Ill., June 1.—Mrs. Edna Humelbagen, aged 19, was shot and killed on the street here today by Albert Springer, of Rockford, who risked the woman for a citizen of Rockford who had spurned his affections. Springer was under the influence of liquor at the time. Mrs. Humelbagen was walking along Ninth street with her six-month-old baby, when Springer put in an appearance and threatened to kill her. The woman began to run and Springer drew a gun and fired four shots at the fleeing figure, the first taking effect just as the woman was entering a grocery store for protection. Springer was locked up and when he became sober and learned what he had done his grief was intense. It is said that Mrs. Humelbagen was an entire stranger to Springer.

EX-QUEEN FOUND MASS TEDIIOUS SO CARRIED THE POEM DISGUISED. BERLIN, June 2.—"The Fight for a Royal Child," a novel by a remarkable book which is about to be published in Dresden and which characterizes the Countess Montignoso, the divorced wife of the King of Saxony, who is living in exile at Florence. The book is written in the form of a diary kept by a certain Frieda Kromer, who was dispatched to Florence last autumn by the Saxons court to remain four weeks with the countess and her daughter, then to bring the child back to Dresden. The child's mother having refused to become a governess to her, Frau Kromer continued a member of the countess's household as governess until December, when she was dismissed by his lordship. A writer for La Scliel was in Dresden and saw the article published during the progress of the trial.

Shows Seeding Completed and Good Growth of Grain. The reports made to the general superintendent of the Canadian Pacific with reference to the progress made in seeding in the territory tributary to the lines of the company, was issued last Friday, and indicates that the seeding has been completed, and that the weather conditions under which the seeding has been completed, could hardly have been better. Following the sowing there has occurred throughout all portions of the province a most welcome rain. The rain was in all respects an ideal one, continuing for many hours and at no time being so heavy as to threaten the slightest damage. The general feeling through the country with reference to the progress made in seeding is very satisfactory. Good growth was reported from several parts of the province. The rainfall during the seeding has been completed, and the agents of the company is as follows:

LETHBRIDGE MADE BOISE JURY IS DIVISIONAL POINT STILL INCOMPLETE. BOISE, Idaho, June 1.—Owing to the sudden illness of William D. Wood, on trial, here for the murder of ex-Governor Steunenburg, the trial was adjourned until Monday. All night long Haywood complained of feeling ill, and early in the morning the pains were so bad that two doctors were hurriedly called at 9.30, but Haywood was too ill and an adjournment was taken until the afternoon. At 1.30 the prisoner, although somewhat better, was unable to attend and the trial was adjourned until Monday. There are still vacancies on the jury and it is likely that it will take all day Monday to find two men satisfactory to both sides.

NEW YORK BOY SHOTS AND KILLS HIS RUFLIANLY FATHER. NEW YORK, June 1.—In protecting his mother, Anthony Husolos, a 13-year-old lad, shot and killed his father, a laborer, today. The boy was arrested and told the police that his father had been in the habit of beating and threatening his mother with a revolver. The boy grappled with the man and took the gun away. The father then made for the boy with a knife and the lad fired four shots, three of which took effect. Death came almost instantly.

The sun, 118,000 miles in diameter, is about 80,000 miles in diameter.

JUST WHAT THE CAUSE AND NATURE OF THE SPOT ARE, astronomers have no explanation to give just now. One thing is certain, and that is that the light planet from which we derive our light and heat, and without which man and kind could not live, is constantly in a violent state of upheaval. The inhabitants of the earth can have no conception of the tremendous forces at work there. Tornados, beside which our most violent explosion which terrestrial history has any record of, and which have been reported as thousands of miles, would be like the popping of a cork beside the minor ones which occur on the sun.

ASTRONOMERS SAY THAT THE SPOTS ARE coincident with especially violent periods of disturbance on the sun. In fact, it is said that it is not an astronomer either—who devoted a lifetime to the study of sun spots and discovered that they occurred at regular intervals.

THE FARM OF A BEEMAN—BROCKBANK SACRIFICED HIMSELF IN HEROIC ATTEMPT TO RESCUE HIS COMRADE—NO INQUEST CONSIDERED NECESSARY. ERNEST BROCKBANK AND EDWARD HANSON ASPHYXIATED ON THE FARM OF A BEEMAN—BROCKBANK SACRIFICED HIMSELF IN HEROIC ATTEMPT TO RESCUE HIS COMRADE—NO INQUEST CONSIDERED NECESSARY.

CUPAR, Sask., June 1.—On Friday morning Ernest Brockbank and Edward Hanson, who were engaged in boring a well on the farm of a Beeman one mile and a half south of here, lost their lives, being smothered by gas in the well. Late on Thursday afternoon the men had bored down to a depth of sixty feet, when they struck a large stone. They were unable to break it, so put down a charge of dynamite. After the charges they stopped work until Friday morning, when about eight o'clock they went to the well and before starting to work they decided that one should go down into the well on a rope to see what effect the charge of dynamite had started on the stone. Dr. Harvey, coroner of Fort Qu'Appelle, was notified and arrived in the evening, but the bodies were laid side by side in the house near by and Northwest Mounted Police notified, who took charge of the remains. The relatives of the deceased have been notified.

OTTAWA, June 3.—Superintendent Niblock, with a force of eight police, came to Olds this morning to close the crossing on Second Street. The citizens objected, with the result that three citizens have been arrested and four C.P.R. men. Sup't Niblock has been served with a summons to appear in court. The street is closed and under the protection of the police.

MANY ATTEND 2ND MEETING OF THE W.M.S.

NEARLY SEVENTY DELEGATES PRESENT FROM ALL PARTS OF NORTH-WEST

Secretary's and Treasurer's Reports Show a Year of Great Growth—Over Thousand Members now Enrolled—Eight New Auxiliaries Formed—Three Busy Sessions—Many Interesting Papers

From Thursday Morning's Leader. The opening session of the North-West Branch of the Methodist church was opened yesterday morning in the Hamilton Street Methodist church with devotional exercises led by the president, Mrs. J. H. Deacon, and greetings were received from delegates from various churches in the Manitoba branch in session in Winnipeg.

Sixty-five delegates responded to the roll-call. The following members of the executive committee are present: President, Mrs. J. H. Deacon, Souris, Man.; 1st vice president, Mrs. Bellamy, Moose Jaw, Sask.; 2nd vice president, Mrs. Chown, Edson, Alta.; Cor. Sec., Mrs. Ferrier, Brandon, Man.; Sec., Mrs. Laird, Moose Jaw, Sask.; Treasurer, Mrs. Watson, Brandon, Man.; Mission Band Rec. Sec., Mrs. Taylor, Elgin, Man.; Sup. Systematic Giving, Mrs. Jarrett, Weyburn, Sask.

Afternoon Session. After the opening exercises, led by Mrs. J. H. Deacon, a round table was conducted by Mrs. Powell, Grenfell, many useful hints being given during the discussion. Mayor Smith then came forward and gave a very hearty welcome to the delegates. He congratulated the society on their work and progress and expressed a sincere wish for their future prosperity.

Mrs. L. Creighton, Alameda; Mrs. (Rev.) C. Endicott, Aroostook; Mrs. Alexander, Moose Jaw; Mrs. Brant, Regina; Mrs. J. W. Devitt, Belcarres; Mrs. Niblock, Calgary; Mrs. Arthur McHugh, Elgin; Mrs. R. Smith, Edmonton; Mrs. Rev. King, Fleming; Mrs. (Rev.) Goodwin, Grenfell; Mrs. W. Foster, Harding; Mrs. A. H. Tassler, Indian Head; Mrs. G. L. Le Claire, Lemberg; Miss M. J. White, Melgund; Mrs. A. W. Tuley, Weyburn; Mrs. Stewart, Hockley; Mrs. W. A. Wake, Elliot; Mrs. W. A. Smith, Weyburn; Mrs. Maud McConnell, East Saskatchewan.

Mission Band Delegates. Mrs. Harris, Wesley; Miss H. G. G. Indian Head; Mrs. McIntyre, Brandon; Miss J. Land, Weyburn; Mrs. C. Ferguson, Woleley; Miss Florence Boneham, Sinitluta; Miss Lizzie Falls, Fleming; Miss Lillian Dunnett, Elgin; Mrs. S. G. Smith, one Hat; Mrs. Selgson, Edmonton.

Following the appointing of committees and reading of resolutions and memorials, the president announced a few words of greeting and urged the delegates to prompt and faithful attendance at the sessions of the convention. Miss Deacon conducted the memorial service in memory of members who died during the year, of whom there have been eight. Rev. C. Brown, assisted by Rev. Brown Sr., then conducted a prayer service and administered the sacrament after which the meeting adjourned.

At the afternoon session after devotional exercises led by Mrs. Inley, various reports were received showing the year's work of the society in its different branches. According to the report submitted by the corresponding secretary, the society at present consists of 937 annual members and 87 life members, or a total membership of 1024. "Outlooks" taken numbered 43. The rest fund stands at \$83.50; Easter offering, \$607.56; amount sent to branch treasurer, \$4,309.99; other sources, \$287.24—grand total, \$4,597.83.

The report of Mission Bands and Circles announced a total membership of 756, an increase of 54; "Palm Branches" taken, 249; total amount raised, \$1,024.17. The report was followed by a discussion on the treasurer's report showing the society's financial standing: Membership fees, \$ 829.00; Life Members, 550.00; Circles and Bands, 1,021.92; Public meetings, 286.80; Boxes and envelopes, 249.16; Donations, 270.23; Rest fund, 83.50; \$4,597.83; Easter offering, 607.56; Kitimat fund, 223.75; Total amount raised, \$4,597.83; Expenses to date, 62.12.

The Literature Department disclosed a successful year's work with sales aggregating \$1,200.00 and a cash balance in hand of \$32.25. Reports of the W.M.S. organizers told of eight auxiliaries formed during the year. A report and paper on "Systematic Giving" by Mrs. Jarrett, evoked an interesting and lively discussion. After an extremely pleasingly rendered solo by Miss McKinnon, Rev. C. Brown on behalf of the hosts, a hearty welcome to all present to take tea in the church school room.

An able paper on "Woman's Responsibility and Mission" by Mrs. Hayhurst, followed by a number of reports of auxiliaries, concluded an extremely busy and fruitful session.

HUNT PRISONER AS THOUGH A DOG

WOUNDED, UNARMED, SHACKLED, FLEEING MAN IS SHOT BY U. S. SOLDIERS

CHICAGO, May 29.—Pursued for half a mile by armed sentries, who fired at him repeatedly, Private Her- man Leroy, a shocked military pris- oner at Fort Sheridan, limped across the fields to a barn, half exhausted and was shot by two negro troops of the Ninth Cavalry on Monday morn- ing. The pursuit of Leroy was one of the most sensational man hunts seen at the post for years.

Headed by his heavy shackles, which though broken hung to his ankles, Leroy became ex- hausted as he ran the barn on the northwest of the post. In a last hope he tried to climb the haymow. Six soldiers, under the command of Serg. Murfee, who has charge of the prisoners, followed Leroy into the barn and failed to find the prisoner. By the time they reached the haymow, Leroy had hidden himself under the hay in a corner. He was finally lo- cated and shot.

ROMANCE IN AN ELEVATOR

By C. J. Cook

Miss Mendon is wanted at the tele- phone. She called the elevator boy at the door. "I am sorry," said the boy, "but I have just been called to the door of Mr. Currier's dining room on the fourth floor." Grace left the dinner table and the guests with little sign of impatience. The elevator was waiting, and she was at the telephone booth on the first floor.

"An ill and cannot come to your aunt's dinner," said Ethel, "but I have just come from Denver. He did not go to the course—said it was too long to go to call that way upon strangers. But I made him go. He big goose doesn't know how to love a woman. Isn't it a joke?" How like Ethel that was! Of course, the western cousin would be a hand and helped her back to the stool. The match burned his fingers and he flung it aside, lighting an- other.

The Ideal Laxative for Children

Mothers cannot be too careful in what they give children to move the bowels. Calomel, cascara, senna, salts, cathartic pills, castor oil, and purgative mineral waters irritate the bowels—upset the stomach—and eventually lead up to chronic non-action of the bowels—Constipation.

Fruit-a-lives

It is just like giving the little ones apples, oranges, figs and prunes—because Fruit-a-lives ARE the juices of these fruits—but so combined that the medicinal action is increased many times.

Fruit-a-lives are perfectly safe for the children. Keep a box always in the house.

Another Old Timer Has Passed Away

ANOTHER OLD TIMER HAS PASSED AWAY

R. J. TUNNING, A RESIDENT OF REGINA FOR TWENTY-FIVE YEARS

From Friday Morning's Leader. Shortly after 10 o'clock last night Robert John Tunning, one of Regina's oldest and best known citizens, passed away. Mr. Tunning was in his fifty-seventh year and had been a resident of this city since 1882. He was a native of Ontario, where his father was the owner of what was known as Tunning's Wharf.

In his young manhood he was an athlete. He excelled especially as an oarsman, and was the possessor of many handsome cups won in the east.

Coming to Regina Mr. Tunning engaged in the dry goods business under the firm name of Tunning and Hoskins. Later he conducted a wholesale liquor business.

He is survived by a wife and six children, one son and five daughters. The son is George R. Tunning, manager of the Union Bank at Macleod, and the daughters Mrs. Haggart of Amarillo, Texas; Mrs. Wetmore and Miss Belle, Bessie and Frances of this city.

Announcement of the funeral arrangements will be made later.

Subject Not Likely to Be Discussed at Coming Peace Conference

ROME, May 30.—Inasmuch as no power has yet presented a concrete proposition regarding additional sub- jects to be discussed at The Hague peace conference, the programme of the conference probably will be as set forth in the Russian note of Feb. 21, 1906.

Neither is it believed that Great Britain will bring forward a proposal to discuss the question of the limitation of armaments, and according to the status of the negotiations concern- ing the matter, it will not be taken up either by the United States or Spain.

There is reason to believe that the latter country will not broach this subject, in spite of the fact that the Russian note had expressed a desire to discuss the limitation of armaments at The Hague.

It is thought here that the foreign press will not bring up this matter, when in his speech ten days ago, he said:

"Premier Campbell-Bannerman in his speech at Manchester, pronounced the last word on the question of armament. It is a problem that must be reserved for the further solution."

CITY AND COUNTRY

From Thursday Morning's Leader. The Kerr Land Co. has recently received several cars of Reliance Coal which they are delivering to customers.

—Mrs. J. H. Hoffmann, accompanied by Mrs. Hoffmann and child, will leave in a few days on a three months' trip to England. They sail by the Empress of Ireland.

The first of the Shakespearean recitals to be given in the city, will take place in Knox Church on Monday evening, June 20, when King Henry IV. will be the play selected.

Mayor Smith returned to the city yesterday, having completed his journey to and fro through the province in his capacity as chairman of the Municipal Commission. His colleague on the Commission will come to Regina in a few days to prepare their report for presentation to the Government.

From Friday Morning's Leader. The annual meeting of the Saskatchewan Medical Association will be held at Prince Albert on June 20th and 21st.

—W. Dean, lately teller in Northern Bank here, has been transferred to the Calgary branch of the same corporation.

—McPherson & McDermott's well-known horse, "Samuel L." has been despatched to Edmonton by the C.N.R. to train for the races to be held in the Alberta capital July 1st.

—The Fire, Light and Power Committee have finally decided to build the new fire hall on the Hamilton street site originally obtained for that purpose from the school board.

—Mr. Schofield, formerly connected with Robert Watson, contractor, has taken a considerable interest in the company which has been formed to take over the Royal Hotel, Weyburn.

From Saturday Morning's Leader. A few trees and shrubs on the site of the new fire hall on Hamilton Street are to be disposed of and can be had by applying to the contractor.

—Storey and Van Egmond are calling for tenders for the erection of the large new business block to be erected by Mayor Smith on Rose St. adjoining the block to be put up by R. H. Williams.

—Mrs. Percival Dean, contralto, and Mr. Alfred Sturrock, baritone, the well known soloists, who have recently taken up their permanent residence in Regina, have both become members of Knox Church choir, thus adding greatly to the strength of an already strong choir.

—The Victoria and Alexandra Schools which have been closed down for the last ten days owing to the slight case of small pox which recently occurred in the family of some of the pupils attending the schools, will re-open again on Monday. No further cases have broken out and the scholars have all been vaccinated and the rooms of the two buildings all thoroughly fumigated.

From Monday Morning's Leader. On Friday last, Miss Kate McDonald, who is leaving the Land Titles Office staff, was presented by her late colleagues with a handsome gold watch.

—Thomas P. Craig and R. Gibbs, of Arcola, were in the city on Saturday interviewing several Regina citizens with a view to starting a brick yard close to the city.

—The births registered in the city during the month of May outnumbered the deaths by more than three to one, nineteen being the number of the former recorded as against six deaths. Matrimony very appropriately occupied a position between the two, ten marriages taking place during the month.

—A meeting between a committee of the various breeders' associations and representatives from Alberta and Saskatchewan will be held in Regina in July next for the purpose of discussing the advisability of throwing the annual provincial sales open to the Dominion, Dr. R. G. Rutherford having intimated that unless this were done the government would withdraw the grant now made to those sales.

From Tuesday Morning's Leader. The Dominion dental examinations commence today throughout Canada. Dr. C. C. Rows, of this city, will act as presiding examiner for the Province of Saskatchewan.

—Only one of the eight nominations for the High School Board has resigned, R. Williams having notified the City Clerk of his intention not to stand for election, leaving seven candidates in the field from which to choose the board.

—Owing to the inclement weather prevailing yesterday the meeting of the Women's Hospital Aid, which had been announced, did not take place. The meeting in question has been postponed until the regular gathering on the first Monday in July.

—The management of the Calgary Fair have engaged the Wolsley Silver Band for the four days of the fair. From Calgary the band will proceed to Banff. The Wolsley band, which under the conductors of Reg. G. Rowland, is one of the best musical organizations in the Province and Wolsley is a fairly good one. It is probable that a train will be chartered for the trip, as a large number of Wolsley people have expressed a wish to accompany the band.

—Aid Kramer returned yesterday from Saskatoon, whether he went in his capacity of Grand Deputy of the C.M.B.A., with a view to taking the initial steps for the formation of a branch of the order in that city. Mr. Kramer states that the chances for a branch in the northern city are extremely bright and in all likelihood it will start out with from thirty to thirty-five charter members. Mr. Kramer appointed a doctor and the actual ceremony of instituting the branch will take place at an early date. Regarding crop prospects in the north, Mr. Kramer informed The Leader that at the present time they are splendid, the growth being even more advanced than in this district.

KILLED HER SISTER IN FIT OF PASSION

KITCHEN DISPUTE RESULTS IN STRIKING OF FATAL BLOW WITH STOVE WOOD

GRAND FORKS, B.C., May 31.—Bella Donnan, aged 30, who is an epileptic subject and suffers from fits of excitement and passion which are sometimes incidental to the disease, killed her nineteen-year-old sister Emma yesterday morning, when, as the result of a dispute in the kitchen, Bella took up a piece of stove wood and threw it at the deceased, striking her under the left ear. She fell insensible. Doctors were summoned and for two hours tried to restore life by artificial respiration, but without avail. Death had ensued within five minutes after the blow. On realising what an awful tragedy her passion had led her into, Bella was seized with grief. The father is a car inspector on the C.P.R., at Ethel. Mrs. Donnan and two other daughters were in the house at the time of the tragedy.

A report of the Cemeteries Committee declining the offer of the Council to transpose the windmill and pump from the corner of South Railway and Broad streets to the cemetery and recommending that they be offered for sale was agreed to.

A report of the Health and Relief Committee recommending that the incinerator be built on part of the north half of block 199, was withdrawn pending an inspection of the ground, it being suggested by several of the aldermen that the proposed site was not the most suitable for the purpose.

A communication from the City Engineer, Angus Smith, stated that a report with regard to the investigations made by the special committee appointed to go into the question of pavement bases, had been forwarded on Saturday last from Toronto.

The building inspector wrote to the Council stating that D. G. Gillespie was desirous of erecting a carriage shed adjoining the stable recently erected on the west side of Victoria Park but that owing to objections made to the building already erected he deemed it best to refer the application to the committee responsible.

W. G. Pettigall has offered his property on Lorne street opposite the Presbyterian Church manse as a site for the new fire hall at the price of \$4,000.

J. F. Bole has intimated his willingness to take \$12,500 for the site previously offered by him on Hamilton street for the fire hall at \$15,000.

In requesting that the by-law relating to the granting of a site for a hospital, the Grey Nuns informed the Council that after careful consideration it had been decided that the site in question was deemed to be too close to the proposed school in the adjoining block and also intimated that it was now proposed to erect a larger hospital which it was believed would be to Saskatchewan what St. Boniface is to Manitoba.

A petition was received from the Retail Merchants' Association asking that the closing of stores on the first five days of the week be made compulsory as of October and that by-laws be passed to lessen the damage sustained by city merchants by the operations of pedlars, street vendors and transient traders. Speaking in support of the petition, J. C. Seccord urged that a fine should be imposed on merchants failing to close their stores at the hour fixed upon for closing.

Inspector Harwood was appointed collector of poll and dog taxes.

Lots 21-31 in block 187 have been offered for sale to the North-West Lumber and Supply Co. for \$2,500.00, the company to erect buildings to the value of \$3,000.

Lots 1-10 in block 138 are to be offered to the Smith and Ferguson Co. for \$4,000.00 on condition that they erect buildings to the value of \$5,000.00.

The Forest City Paving Co. are offered lots 27-30 in block 188 for \$1,000.00 on the usual terms of sale, on condition that they erect such buildings as are necessary for the carrying on of their works.

Permission has been granted to the High School Cadet Corps to put up a practice range in the basement of the Victoria School, provided that proper guards are taken.

Barry Arched Truss—A Shining Example of "Built-In" Quality

No clumsy device to throw the shoe out of shape. A new invention of finely tempered steel to retain the perfect shape of the shoe and a moulded corset fitting counter that keeps the foot in a natural correct position. The leather in this shoe is the choicest velvet mat calf, heavy single sole, all instep supporters. On sale \$6.00. "The Belmont Button" a bright conception in velour calf newest method swing last in buttoned style, \$5.50.

"Built In" Quality in Men's Shoes

It is the quality that is built in that gives a shoe "real class" and character. Men often make themselves uncomfortable and dissatisfied for a whole season by purchasing shoes not up to the standard dictated by their taste.

The Barry Shoes and Oxfords for Men

insures peace to the mind and comfort to the feet—and cost possibly a trifle more than the kind that dissatisfy.

The "Dart" last built of rich patent calf in blucher cut style, patent faced, dull mat calf tops. Superior workmanship and finishing throughout, \$5.50.

"The Select" men's straight laced boot, strictly hand made. This is a dress boot, being in patent only whole toed and dull mat top, \$7.00.

The Oxfords, including New Tan "Two Strap and Buckle" Quality.

Russia Calf, stylishly made Oxford similar to "Dart" herewith illustrated only instead of lace it has two straps and buckles. Another New York fad and a popular one too, \$6.00. Another Oxford in "The New Model" last of patent polt saten lined calf inside stays and back straps, \$6.00.

Summer Suits for Men

Three Piece Models—\$18, Worth \$22.00.

There should be little occasion to proclaim from the housetops that these suits are all of this season's designs—our business has to do only with today and its products and possibilities. Were it needful to assume the burden of proof, we could point to divers innovations of forming and styling that belong to the makers of our hand tailored clothing that bespeak a spirit of newness, distinctiveness, down-to-dateness.

Men's fine twilled worsted serge, without a doubt the finest and most serviceable piece of serge we have got our hands on for a long time. Double breasted—sack style—well shaped shoulders, semi-form fitting back and with trousers in the very latest peg style. Now on sale \$18, worth fully \$22.

White and Colored Canvas Pumps
