THE NEED OF GOOD WALKS IN WOLFVILLE

A great deal is said nowadays about good roads, which is important, but not so much is heard about good sidewalks. It may be said that the majority of people own automobiles now, and that they are more interested in having the money put into highways. But the number of people who do not own cars is still very great. Also the automobile owners are walking a good deal, and they ought to for the benefit of their health.

The town of Wolfville has very good roads, but is lacking in sidewalks which are very important for there is nothing that makes a town look more finished, more up to date, more comfortable, than a system of cement sidewalks covering its entire residence district.

A town that leaves its residence districts unprovided with some form of paved walks, may be extremely beautiful, yet it lacks something which ought to be supplied.

There are some of the handsomest towns in this country, where all the money has been put into beautiful homes, but where for some reason or other the people do not seem to care much for walks. Perhaps they walk but little and are accustomed to go everywhere by automobile. If they do not care for walks, all right. But to the ordinary run of people such a community seems lacking in a vital part of its equipment.

A good system of walks adds tremendously to the comfort of people who must go back and forth to their work and the town center on their own feet. They can walk more easily, cover more distance, they are encouraged to depend on their own powers of locomotion rather than to be hauled around all the time by automobiles.

It helps a town to grow to run walks into districts where houses may be built but it is more important to have good cement walks on our principal streets, where now in many cases, there are only worn down gravel walks and on other streets dilapidated walks.

For a number of years the sidewalks have been neglected, and comparatively few walks, if any, have been built. A certain amount should be built each year and then before we know it, the principal streets as well as those leading from them will be reached, so that all the people in the town will be served.

TO REFRESH YOUR MEMORY

How would you like to journey to the nearest city for a pound sugar, or a yard of muslin or a spool of thread, or a smoke? And how would you like to make a trip when you need a prescription filled in a hurry, with death running you a race? You would make some noise if forced to such an extremity—and then more noise. You would say—and justly so—that a town in which you can not buy a pound of sugar, or a yard of muslin, or a spool of thread, or a smoke or even get a prescription filled, is a mighty poor excuse for a town, and not worth living in. Yet our merchants can only afford to keep these things for your convenience as long as you buy other things from them. It is not doing this town any good to buy the little things here and then chase off to a city or send to a catalogue house when you want something on which the merchant has a chance to make a dollar. Neither is it doing you any good, for the prosperity of each citizen is dependent to a large extent upon the prosperity of the community as a whole. We are not telling you something you do not know. We are simply refreshing your memory in hopes the time may come when our people will conclude that a town that is worth living in is worth trading in.

That's all.

NOVA SCOTIA NEEDS ADVERTISING

There has recently come to our table a copy of a very attractively gotten up magazine entitled "Canada", which is purported to be published in London and Montreal. It contains much valuable information regarding this country. The front page cover features the C. P. R. and the last page is devoted to the C. N. R., which perhaps explains in a measure why the Western Provinces receive so much more attention than is accorded these provinces by the sea.

For example, in the two full pages used to illustrate the orchards of Canada, British Columbia is given more than double the space devoted to Nova Scotia. New Brunswick and Quebec combined. One small illustration represents each of the Maritime Provinces while three large plates are found necessary to present the Pacific province. In all this national advertising Nova Scotia has never had a fair deal which is very largely our own fault. We have marvellous resources yet fail to attract settlers for the reason that we are not enterprising enough to properly present our attractions. An efficient publicity campaign properly conducted is one of the greatest needs of Nova Scotia, and would be the means of properly setting forth the advantages which we possess in such full measure.

GAMBLING

The ministers representing the various churches of a neighboring town recently found it necessary to register a vigorous protest against certain gambling projects being put on under the auspices of a local organization. It is certainly time that a halt was called in these proceedings and most encouraging when those who lead in community betterment possess the necessary courage and unanimity to place themselves before the public as opposed to these and other vicious practices which everywhere abound today to an alarming degree. Compliance with the laws of the land is a patriotic as well as a religious obligation that rests upon all classes, and when these laws are violated either in the interests of personal or community pecuniary gain it is high time for a stand on the part of right thinking people.

OUR VITAL STATISTICS

Wolfville pays a considerable amount every year for the registration of its vital statistics and yet the town has no record of this important information for the use of its citizens. This, it appears to us, is a very unsatisfactory state of affairs which should receive consideration. It would be a comparatively simple matter to have kept at the town office a record of these very important statistics and since the expense of registration is imposed upon the town it appears only reasonable that a copy should at least be filed with the civic authorities for the use of citizens. It is very likely that if this matter was taken up properly with the provincial department a satisfactory arrangement could be made and the service much improved so far as local interests are concerned.

GOOD ENGLISH

Good English is English that clearly and correctly expresses the thought of the speaker or writer in words generally understood or to be found in any ordinary dictionary. If spoken, the words should be correctly pronounced, and if written, correctly spelled. The definition of Lennie's grammar, in common use 60 or 70 years ago, was not far out. "Grammar is the art of speaking and writing a language with propriety." Propriety is a good word, although rather out of fashion, now, in that sense. Dr. Forfar, a member of the Toronto Board of Education, is very much concerned over the English he hears, and even reads. And there are many others. He is, also, concerned for the reputation of Toronto, as a centre of culture and education. Dr. Forfar is nothing, if not practical. He has prepared test papers for those in the second, third and fourth books. The tests are suited to the state of the child's education. Properly enough, some of the sentences are correct and are placed on the paper simply to test the pupils. All the pupils in these classes are to try the test. The best four from each paper will be eligible for the final contest. A special prize will be given to the one heading the final test, and a silver trophy will be held for three months by the school from which the highest number of winners come.

Here are ten questions given the fourth class—say for children from ten to fourteen. The questions are to be answered off-hand. Try them.
No less than ten persons were present. Lend me a couple of dollars. Direct your letters to John Smith. He is as cross as a setting hen. I was stopping at the Wawa hotel at the time of the fire. Here is a letter for a gentleman without a stamp. A needy widow woman lost her money in the Home Bank. You may take two spoonful at a dose. I only ate one apple. He divided his money between his four boys. Any one who has gone as far as the fourth book, should be able to correct them at a glance. If you can you will pass. If you can give the correct reason

for your correction you will deserve honors.

Dr. Forfar's idea is a good one. The competition will add zest to the test, but he must not count too certainly on the parents learning much from the school pupils. They could if they would. But, will they? Too many of them think it doesn't matter how one speaks if only one is understood. They would not think of saying it doesn't matter how one dresses. Shouldn't we be as anxious to clothe our thoughts correctly, as our bodies? Most parents who have children at school, in the higher grades, would do well to check up their English by the English the children are learning. The exercise might be mutually helpful. It would at least be interesting.

NOVA SCOTIA — MOTHER OF HEROES

One fact that Canadians do not realize, that Nova Scotians themselves do not realize, is that Nova Scotia has been a fruitful mother of heroes. Throughout the nineteenth century the chief industry of the Mayflower Province was building and sailing wooden ships. Nova Scotia master mariners sailed every sea and were never excelled for courage, discipline, resource and seamanship. Fools and weaklings could never rise to command. MacArthur, of the "Milton", Coalfleet, of the "Providence", "Seven Rudder" Churchill, cook of the "Sarah", who was given the freedom of New York for his rescue of 400 emigrants from the burning of "Caleb Grimshaw", are only a few of Nova Scotia's seafaring worthies. The exploit of Rufus Parks in saving his shipmates in the "Hilda Maude" is more remarkable than the rescue by Grace Darling. Alexander Godfrey's defeat of four Spanish vessels with his scratch crew in the "Rover" privateer, Sept. 10, 1800, stands alone in the annals of the sea. But nobody knows, and nobody cares. —Montreal Standard.

It is better to be called stingy than to leave a family on the neighbors when you die.

Save the Feet and You Save All

A good understanding is the secret of good health. See that the children especially are provided with sound, well-made, comfortable shoes for fall and winter. Shabby shoes bespeak the careless man. Maintain your self respect and the good opinion of others by wearing shoes that are in style, as well as in season. Let the summer shoes go the way of the straw hat.

No woman who claims to be discriminating will wear shoes that clash with the rest of her apparel. Street shoes are for the street and evening shoes for drawing or ball room. A well dressed woman's shoes correspond with her surroundings.

"How about your shoes?"

We still have a few special lines which are offered at very attractive prices and are worthy of your inspection.

APPLE INDUSTRY SHOWS GROWTH IN THE VALLEY

Warehouse After Warehouse Along Main Line of D. A. R. Show Importance of Industry

A development that must impress the traveller no less than the orchardist of the Annapolis Valley, is the remarkable growth of warehousing accommodation for the care of products of the farm and orchards.

Not only in numbers are they impressive; their substantial appearance and the evident care of their up-keep gives an air of prosperity that will do much to influence the settlers when the tide of immigration turns this way.

Looking back, twenty-five years to 1897 there were but two warehouses, one at Port Williams and one at Cambridge. After this the growth was gradual until the big apple crop record, and practically double of any crop hitherto, amounting to 1,700,000 barrels of commercial apples.

Fortunately the season was a mild one, otherwise there would have been a heavy loss, as apples were stored in barns and cellars until such a time as room could be provided in existing warehouses as the crop moved forward. Since then the growth has been keeping pace with the demand, until now the value of the apple warehouses is comparatively estimated at a replacement cost of \$1,100,000.

Along the line of the D. A. R. there are 107 warehouses located as follows:—Main Line Newport to Metegan, 76; on Midland, 2; on Kingsport branch, 17; on Western branch, 12. Those on the Western branch have been constructed within the past five years.

They total a basement and main floor space of 866,182 square feet, and a normal storage capacity of 60,209 barrels.

The intention was to keep to a standard building 100x40 feet. This may represent a majority of the warehouses for width, but in length there are now several of 200 feet with a storage capacity each of 18,000 barrels. If these warehouses were placed end to end in a row they would cover an area 21 miles in length with an average width of 38 feet.

With the exception of those owned by various speculators which would represent 30 per cent, the balance are controlled by Farmer co-operative organizations, a system that has given excellent satisfaction.

Industries that have developed with the growth of orcharding and are now well established are those of evaporating and canning; also plants for the conversion of cider into vinegar, temperance drinks and jellies. From two small evaporators in 1911 there are now 13 in an area of eight miles with capacities ranging from 180 to 400 barrels a day. The canning factories last season had a turnover of 10,000 cases of canned apples, apple butter and apple conserves; two vinegar factories produced over 120,000 gallons cider vinegar besides carrying a very large trade in the manufacture from apple cider of various temperance drinks. One factory at Bridgetown specializing in cider beverages was not able to keep pace with the demand for their goods last year.

Experts tell us there are orchards enough now to produce a 3,000,000 barrel crop provided all orchardists had the same experience and skill in the care and cultivation of their trees. Compared with the acreage available, the amount of orchard now set out is a mere trifle. With the influx of settlers we may look forward to an area of agricultural and commercial development surpassing the splendid growth of the past ten years.—Halifax Herald.

LEG FREE

I'm getting kind of worried over Edward, Prince of Wales; no Matrimonial Agencies are yet recording sales. He cometh and he goeth, and the cuties and the sweeties all now begin to wonder if the dear has frozen feet. There's no such word as "dassent" on his whole curriculum—I figure out that if there were he'd soon be on the bum. For him there are no words like these in all his category; he's happy in his single bliss and all is hunkydory. Good meaning folk will oft remark he "Musn't 'can't" and "daren't", but what will Merrie England do without an Heir Apparent? They want to choose a Darnie for him, according to tradition. I'll bet he'll pick a Jane himself right of his own volition. Maybe a sweet Canadian girl. Oh boy, won't that be rich? 'Twould flabbergast the Dukes and things and Johnnies o'er the ditch. And hully gee, perhaps 'twould be the safer kind to wed; I'd rather see him lose his heart than lose his blooming head. I'll tell the world that Crowns are cheap just now across the water; and you can get one out of hock by plunking down a quarter. No foreign Princess casts a spell, no charms hath Yaka-Dollies; His heart findeth balm upon his Farm, among his pigs and mooleys.

Pretty soon the necessities of life will cost more than the luxuries.

AN INTERESTING REPORT

Just to hand is the official report of Captain S. Robinson, R. N. R., commander of the Canadian Pacific S. S. Empress of Australia, on the Japanese earthquake, the fire and the subsequent relief operations, in all of which Captain Robinson, his officers and crew played a part which has made them and their ship famous throughout the world. The report deals with the disaster from the moment of the first shock, on Saturday, September 1st, till the ship left Yokohama on her return voyage to Vancouver on Wednesday, September 12th, and is more thrilling than any fictitious narrative of wild adventure at sea.

The manner in which Captain Robinson dealt with the various dangerous situations which pressed upon his ship in rapid succession, first through fire on the wharf to which she was moored, then through oil blazing to a height of 200 feet all round the vessel, and finally manoeuvred his partially disabled charge to a place of safety outside the harbour, though told with great modesty, leaves the reader filled with admiration, and the particulars of the innumerable steps afterwards taken to aid the refugees add to this feeling. The many general details the report contains makes it a most valuable contribution to the historical records of the catastrophe.

One may subscribe heartily to the tributes paid Captain Robinson and those under him by various committees in letters appended to the report. The American Relief Committee states that "We know that the lives of all on board the ship during the first two days were constantly in the hands of you, your officers and crew. It was your able, skilful and courageous handling of the many critical situations that saved us all... and the kindly, courteous and efficient manner in which you cared for the refugees, regardless of condition, nationality, or colour, was marvellous". The British refugees and passengers subscribe to these sentiments and add that "the traditions of the British Mercantile Marine Service have been maintained".

Copies of the report, tastefully printed, are available free of charge on application at the C. P. R. Windsor Street offices, Montreal.

HINTS ON CLEANING YOUR AUTOMOBILE

"Dissolve a little good automobile soap in a pail of water so as to make a soapy solution. Have a soft carriage sponge ready. Start with the right hand front wheel and the under side of the fender and that part of the chassis nearby. Let the water flow from the hose. Go over the wheels, etc., first with water from a hose. Most of the mud will come off. There may be road oil or machine oil, which requires soap. In that case put some of the soapy water on these parts, sopping it freely."

"After that has been done start right in with a hose and sponge and wash off. Don't let the soapy water stand more than five minutes on the varnish. Now wash off thoroughly with clean water because all of the mud and grease should have come off by this time. Leave it alone to dry. That completes the right-hand front part of the chassis, and the work should be done on the three other wheels and adjacent parts. That completes the work on the chassis."

"Take another clean sponge and with the water still flowing gently from the hose start at the left-hand front of the body and flow all the dust off. There will be no need for soap because machine oil or road oil is never spattered on the body. After flowing the water on, then go over the entire body again with a hose and a wet sponge and wash it. Go entirely around the car, including the top of the fender to the left side, but don't wet the hood, it may still be warm."

"Now all the dirt has been flowed off and the sponge should be squeezed as dry as possible and all the water remaining on mouldings or in crevices should be picked up. Wet the chamois thoroughly and squeeze it as dry as possible. Then wipe off all the water on the body. This will get perfectly dry."

"After all that is done, wash the hood and the top of the radiator. There may be some spatters of machine oil on the hood and if there are use a little soap locally, washing it off soon after it is put on. In any case, don't let the water stand more than five minutes on the hood because it has become heated by the engine and the lustre will be damaged."

Arrangements were under the direction of A. J. Goddard, the president of the Union. On the following Sunday morning a large audience greeted Dr. Cutten as he spoke from his old pulpit in the First Church.—Maritime Baptist.

ARMISTICE DAY

Fittingly Observed in Wolfville by Simple Service

A simple though appropriate observance of Armistice Day was arranged and most successfully carried out under the joint direction of the G. W. V. A. and I. O. D. E. The exercises took place in front of the soldiers memorial at the close of the morning service at the various churches, according to arrangement. There was a very large gathering and the whole affair was characterized by an attitude of quiet earnestness on the part of those present. The Boy Scouts and Girl Guides under the direction of Scoutmaster Brown marched from the Methodist church and formed in double line on Main street opposite the monument.

The glowing prayer was offered by Rev. R. F. Dixon: "Almighty God, Father of all Mercies, we, Thy unworthy servants, do give Thee most hearty and humble thanks for all Thy mercies to us and to all men. We bless Thee for our creation, preservation and all the blessings of this life, for the means of grace and for the hope of glory. But especially do we bless Thee for the great event which we celebrate to-day, for the victory of Right, for the Devotion of our sons who ventured their all in the good cause. Grant, O Lord, that their sacrifices may bring forth fruit, in its due season, to Thy glory and the abiding grace of mankind. We thank Thee for those who returned. Those who fell we commend into Thy hands as into the hands of a merciful and loving Father, for Thou hast redeemed them, O God of Truth. Keep them, O Lord, as the apple of Thy eye; Hide them under the shadow of Thy wings. Grant this, we beseech Thee, for Christ, Our Saviour's, Sake."

At the close "The Last Post" was sounded by Bugler Meisner, of Hortonville, formerly of the 25th Batt., after which wreaths were placed at the foot of the monument by Mrs. H. W. Phinney, Regent of the I. O. D. E.; Mr. G. C. Nowlan, secretary of the G. W. V. A.; and Mr. Gordon Stairs, Town Manager. The tolling of the Baptist church bell during the proceedings was a fitting accompaniment to the occasion, which was brought to a close by the National Anthem well rendered by the Scout Band under the leadership of Harold Phinney. The whole affair passed off in a manner highly creditable to those in charge.

A MOST INSTRUCTIVE LECTURE

The lecture given in St. Andrew's church on Friday evening last provided a literary and historical treat to the large audience which completely filled the auditorium. Mr. J. D. Chambers presided and introduced the lecturer, Prof. James Faulkner, of Pine Hill College, Halifax, a gentleman well known in Wolfville and always heard with keen interest.

Prof. Faulkner's subject was "Naples", and the lecture, which was illustrated by a splendid series of lantern slides, proved intensely interesting. The history of the interesting district was traced through the Grecian, Norman and German eras, and the architectural and artistic development of these periods was shown on the screen in the well preserved examples from the ruined city of Pompeii. At the close of the lecture a vote of thanks, moved by Rev. R. F. Dixon, was presented to Prof. Faulkner, after which the meeting closed with the singing of the National Anthem. Miss Edith Thomson and Mrs. C. S. Fitch, who are responsible for the lecture, are to be congratulated upon their success of the undertaking and deserve the hearty thanks of our people for the treat provided. The silver collection which was taken in the interest of the Children's Aid Society of Kings County, amounted to over thirty dollars.

The Acadia football team met defeat at the hands of the Wanderers at Halifax on Monday, the score being 23 to 0. From accounts in the Halifax papers we would judge that the game was not as one-sided as the score would indicate.

There is no better tea than MORSE'S Of course there isn't. There is none that makes more cups to the pound and there is none with just the same flavor. Ask anybody who is using MORSE'S Tea if it has not been their experience that it far surpasses all other brands.

The service at St. Andrews church last Sunday evening was suspended in order that Rev. Dr. Faulkner, who was the preacher for the day, might be heard at the Baptist church. There was a large gathering at the latter church to listen to the gifted speaker who is always heard here with pleasure and profit. The music was of the usually high order. The Baptist pulpit was occupied at the morning service by Mr. E. L. Curry, of the Senior class at Acadia.

The V. O. N. annual drive, which was to have taken place on Monday of next week, has been deferred a week in order that Miss Boswell, the provincial representative, may be heard in the interest of the work. It is expected that an interesting film descriptive of what is being done by the V. O. N. will be shown at the Orpheum on Sunday evening, Nov. 25th, accompanying an address by Miss Boswell. Further particulars will be given next week.

The annual Union Thanksgiving service was held on Monday morning at 11 o'clock in St. Andrew's church. There was an unusually good attendance. Rev. R. F. Dixon conducted the service and delivered the address while Rev. Dr. Hempen read the scripture lesson and offered prayer. Owing to the vacancy in the pulpits of the Baptist and Presbyterian churches these congregations were not represented. Rev. Mr. Dixon took as his subject "God's Supreme Gift—Life".

Six of the Crow Patrol of the Girl Guides served a Thanksgiving dinner on Monday night to Mrs. Percy Brown, District Commissioner Mrs. Avarit Co-hoon, District Secretary Captain Margery Haley, Lieutenant Pauline Parry, Miss Harry, V. O. N., instructor in first-aid, and Mrs. Cheater Coombs, examiner for cook's badge. The following girls earned the coveted cook's badge: Virginia McLean, Alice Rand Waitte Stackhouse, Margaret Brady Elizabeth Corey and Zelma Trethewey.

During the night following the Acadia-U. N. B. football game some enterprising member of the visiting team conceived the brilliant scheme of defacing the College buildings with the colors of their institution. Next morning, before the departure of the team the sily act was discovered by Acadia students who repaired in a body to the hotel at which the visitors were staying and required an apology and the removal of the paint before allowing the N. U. B. boys to leave town. "He laughs best who laughs last."

Geo. W. Woodworth, who died at Hantsport on Nov. 10th, aged 78 years, was buried at the Oaks on his late residence Kentville, on Nov. 12th. The services were conducted by the Rev. D. G. Ross, assisted by the Rev. R. B. Layton. Mr. Woodworth was born at Canning, the son of the late B. B. Woodworth and Prudence Woodworth. He leaves a widow, daughter of the late Daniel Allen of Grand Pre, two sons, N. A. and Stafford Woodworth, and one daughter, Mrs. Geo. Chipman, and two sisters Mrs. Clark Ross and Mrs. Lee Russell. Mr. Woodworth will be remembered as editor of the "Western Chronicle", "Wedge" and "Advance".

Theatre goes of Wolfville and vicinity who have been anxiously looking forward to the completion of the "Orpheum", will be glad to know that the work is now practically completed and that the formal opening will take place on Monday of next week. The details of the opening program are given in another place in this paper. It seems most appropriate that the new theatre should be ready to begin operations on Monday, which has been selected as National Motion Picture Day on this continent. A large attendance is confidently anticipated by the management, on opening night and full preparation has been made for the entertainment of patrons. The ACADIAN will not undertake at this time to give any description of the new theatre further than to say that all the appointments are in perfect taste and combine to provide a most charming effect. See it for yourself and you will be delighted.

ANNUAL THANKOFFERING MEETING

The annual "Thankoffering Meeting" of the W. M. S. of St. Andrew's church was held on Wednesday evening in the school room of the church with a satisfactory good attendance. Mrs. W. H. Chase presided and after the singing of a missionary hymn and the reading of an appropriate selection from the scriptures, Mrs. Murray was called upon and offered an earnest and fitting prayer.

The society was fortunate in the selection of Mrs. (Dr.) Foote, a former resident of Wolfville but now living in Halifax, to address the meeting. Mrs. Foote is an interesting and most effective speaker and her address on Korean affairs was thoroughly enjoyed. Herself a resident of that far-away country for a number of years, she was able to speak with knowledge concerning Korea and its people. Her address was, however, largely an account of what Dr. Foote and Miss Jean, both well known in Wolfville, have been doing since their return to Korea nearly two years ago. The former had labored for a year among the Koreans in Russia and Mrs. Foote's reference to that country and its people—the result of her personal experience as a visitor—was most instructive. She also gave new and interesting details of the Japanese earthquake and conditions in that wonderful land.

At the close of the address a hearty vote of thanks was tendered Mrs. Foote and Mrs. (Dr.) A. C. Borden, of Grand Pre, for twelve years a resident of Tokyo, added from her recollections informing data regarding conditions in the East. Mrs. (Prof.) Sutherland sang sweetly "Come Unto Me", from Handel's "Messiah", which was greatly enjoyed. The thankoffering amounted to nearly seventy dollars.

EDITORIAL

A very pleasant feature of the community life of Canning and surrounding country was the weekly concert given by our local band during the past summer. Now that the season for out door evening activities is at a close for this year we would suggest that these pleasant entertainments should be replaced by a series of weekly lectures held under community auspices. The subjects discussed might include such as would be of interest to everybody and we believe that little difficulty would be experienced in securing speakers who would give their services willingly in the interest of this most important undertaking. We would suggest that the Board of Trade or some other of our public spirited organizations take this matter in hand and ascertain if the proposition cannot be put into operation without delay. The Canning ACADIAN will gladly render any assistance in its power.

SHEFFIELD MILLS

More than 35 friends of Mr. and Mrs. Byard Brown held a delightful surprise party in their honor on Monday evening, Nov. 5th, the tenth anniversary of their marriage. The guests of honor were presented with a purse of money, a tangible expression of appreciation, which was feelingly replied to by Mr. and Mrs. Brown. The evening was spent in music, games and community singing, after which supper was enjoyed. Tea was poured by Mrs. Ernest Harris, assisted by Mrs. Clifford Kelley, Mrs. William Burgess and Miss Irene Rand. Mrs. Pye and Miss Pye spent a few days in Avonport last week. A delightful dance was given at the home of Mr. and Mrs. Alexis Irving on Thursday evening in honor of their daughter, Miss Violet Irving.

Mrs. Atkinson is visiting her daughter Mrs. A. S. Burgess, Wolfville.

SUNDAY AT THE CHURCHES

Special services held in the Methodist church on Armistice morning were largely attended. The two minute silence was observed in all the churches. The service was a very beautiful one, touching tributes being paid to those who offered their lives that we might live, many of whom did not return. The Choir rendered a special program, duets by Mrs. F. F. Chute and Mrs. Walter Dickie, being enjoyed. Miss Gladys Kennedy, Halifax, sang delightfully. Licentiate Emerson Curry, of Acadia, was the speaker at the evening service in United Baptist Church, his sermon well delivered, being particularly appropriate and helpful. "Lest We Forget" was beautifully rendered by the Choir, Miss Josephine Harris being the "Soloist" and adding much to the service. Rev. Charles Hasbrough preached in Peregau Baptist church, his discourse being very fine. Rev. Gordon C. Brown conducted service in Christ church and Kingsport, large and appreciative congregations being present. Rev. T. C. Crosby, addressed the congregational church at Kingsport, his earnest address bearing particularly on the day. In the Upper Canard Presbyterian church, the pastor, Rev. G. A. Logan, and in First Cornwallis Baptist church, the Pastor Rev. G. D. Hudson, preached acceptably to large congregations.

PROF. ROGERS SPEAKS AT CANNING

Canning Literary Society met for the first time this season in the vestry of the Methodist church on Friday evening, the President, Dr. Stanley W. Spicer in the chair. It was unanimously decided to hold the regular meetings in the vestry until after Xmas, instead of at the homes of the members, as previously. The speaker was Professor Rogers, of Acadia, who chose for his subject "The Problems arising from 'Racial Differences'". Professor Rogers, who is an interesting speaker, reviewed the various policies adopted by our governments and impressed upon his hearers that it was only by regarding the strangers in our midst as partners in the building up of our nation, and cultivating the love of their adopted land that we are going to meet on a common ground. Where we have a people with national interests they will accept the wider horizon, to make of all nations a new nation who are strong vigorous supporters of Canadian Nationalism. An expression of appreciation was extended to Professor Rogers for an evening of much pleasure. Canning Orchestra, leader Mrs. Charles Sinnett, played delightfully. The following are the officers of Canning Literary Society for 1923-1924: President—Dr. Stanley W. Spicer Vice-Pres.—Rev. Thomas W. Hogyson Secretary—Miss Dora Schaffleitlin Treasurer—Mrs. James Kennedy Literary Committee—Dr. Gosse, Mrs. Hewitt, Mrs. A. A. Ward, Messrs. William Rand, Otto Schaffleitlin. Musical and Entertainment Committee: Mrs. (Dr.) F. F. Chute, Mrs. Charles Sinnett, Mrs. Walter Dickie, Mrs. Charles Cox, Miss Josephine Harris, Mr. Rudolph Schaffleitlin. Auditor—Mr. R. W. North. Prof. Rogers, who thanked the Society for the invitation extended to him to speak on the opening meeting, congratulated us on the growing interest that has for 14 consecutive years made for the greater usefulness of the Society, which conserves our Social life and gives us a chance to discuss National questions. The tendency of many of our societies is to touch but one side of life and the danger is that the dominant note was being mercenary.

A MILITARY "SHOWER"

More than 125 friends gathered at the home of Mr. and Mrs. A. J. Bigelow, to tender to the guests of honor, Mr. and Mrs. Frank Huston, Jr., nee Ruby Eaton, a miscellaneous shower. Mrs. Bigelow, who was charming in a gown of green, was assisted in receiving by her daughter, Miss Margaret Bigelow, and Miss Winnifred Adams, who wore a gown of brown

silk. The Armistice Decorations were very attractive, and impressive. The Union Jack covering one side of the spacious room intertwined with Canadian Flags, with "Poppies" intermingling, made a patriotic scene. Under these sat the bride and groom, who was a member of the 85th batt. The wedding march was beautifully rendered by Mrs. Charles Sinnett as the bride and groom entered the room. The gifts were presented by Miss Constance Adams, who was very attractive in the garb of a Military nurse and by Miss Margaret Bigelow, wearing Highland Costume both of whom were much admired. The well filled kit bag and pack were emptied many times, the gifts of china, linen, silver and cheques being especially attractive. Mrs. (Major) Lawrence Slack and Mrs. (Dr) Stanley Spicer, both of whom were over seas nursing sisters, read the verses accompanying the gifts. The rooms were gay with flags while bouquets of poppies, arranged in every available spot, made one feel that "Those in France" were not forgotten. The bride and groom responded to these tokens of appreciation in a pleasing manner, thanking their friends for their tangible expressions. Supper was then enjoyed, those who assisted being Dr. and Mrs. Stanley Spicer, Mrs. Bigelow, Misses Winnifred Adams, Constance Adams, Margaret Bigelow, Lurabel Bigelow, Muriel Goldsmith, Mr. A. J. Bigelow, of the 14th Field Ambulance, and Mr. Roy DeWolf, overseas comrades of the groom.

UPPER CANARD

The Annual Crusade and Thank-offering meeting of the W. M. A. S. of Canard, has held in the Vestry on Thursday, Nov. 8, at three o'clock, the president, Miss Irene Rand, in the chair. More than 50 members were present. The Billtown Society were on this occasion the guests of Canard. The speaker was Mrs. Tedford, returned Missionary on furlough from Palkondah, India. Her address was chiefly along the lines of school work being carried on in the field, and was very interesting. Duets by Mrs. (Rev.) G. D. Hudson, and Mrs. Howard Burdige were much enjoyed as were Readings by Mrs. Lorne Rand. Supper and a social hour followed. Offerings \$40.00. Miss Ruth Sheffield, who has been visiting her parents Mr. and Mrs. Frank Sheffield, returned to Somerset to resume teaching. Miss Vivienne Porter, who spent the Thanksgiving holiday with her parents, Mr. and Mrs. Wallace Porter, returned to Billtown on Monday. Miss Nellie Hudson, and Miss Ethel Hudson, of Acadia University, who spent the Thanksgiving vacation with their parents, Rev. G. D. Hudson and Mrs. Hudson, returned to Wolfville on Wednesday. Mr. Harry White, Halifax, is visiting in Upper Canard.

KENTVILLE, N. S.

PRETTY WEDDING AT HILLATON

One of the prettiest weddings of the season was solemnized on Thursday, Nov. 8th, at 12 o'clock at the residence of Mrs. Alma MacGowan, Hillaton, when her daughter, Erdine Evelyn, became the bride of Mr. James Rushton, St. John, Rev. G. D. Hudson officiating. The bride who was lovely in a gown of Cunard blue chiffon velvet and silver lace with hat of gray and silver lace and wearing a string of pearls the gift of the groom, was given in marriage by her brother, Mr. Burpee MacGowan. She carried a snowier bouquet of pink carnations and white chrysanthemums.

The wedding march was played by Miss MacGowan, sister of the bride, who was charming in a gown of brick dust canton crepe. Both bride and groom were unattended.

The marriage took place under a beautiful arch of maple leaves and evergreen, potted plants being in profusion. From the arch of the door white ribbons festooned intertwined with evergreen.

At the conclusion of the ceremony, more than 50 friends gathered in the dining room, where luncheon was served—the color scheme here was of pink and white. Tea was poured by Mrs. Alma MacGowan, wearing a handsome gown of black satin. Those assisting were Mrs. Burpee MacGowan, wearing navy brocaded silk, Miss Annie McLeod, wearing brown Canton Crepe, Miss Olive Cross, wearing a gown of blue Canton crepe, and Mrs. Wallace, who wore brown tulle.

Mr. and Mrs. Rushton were the recipients of many beautiful gifts, including silver, cut glass and cheques. The bride's travelling suit was of blue serge, with hat to correspond and neckpiece of grey squirrel. Mr. and Mrs. Rushton will spend their wedding trip in Truro, Amherst, Moncton and will reside in St. John, where Mr. Rushton is engaged in business.

YOUR WINTER'S READING

Say, boys what are you going to do this winter? The nights are getting longer and the weather getting colder. Have you been making any plans? Are you satisfied with the knowledge you have now, or do you think you could improve your chances by a little application in acquiring a deeper knowledge in subjects on which you are defective, or perhaps of which you know nothing? We know there are lots of attractions in every community to draw us away from pursuits that would make us wiser and stronger mentally, and at the same time do no injury to our physical make-up. The attractions that rob us of rest will affect us mentally and physically, and unfit us for the pursuit of any kind of business. Dissipation of any kind will impair physical development. We may not feel it today or to-morrow, but the time is bound to come when Nature will assert her rights and put in a bill for all that's coming to her. It may be sometime before the demand is made, but the time will most assuredly come and the penalty will follow.

Our suggestion would be to get some good books on a good subject and give it a close and careful study. It may be history, mathematics, geography, literature or biography, but whatever it is let it be something that will make you a bigger, a better and wiser person. Light reading may be good enough for recreation but we haven't much faith in it as a means of developing the mental faculties. The reading of a book in such a way that you'll forget it in a day or two will never do any one much good. The reading to be beneficial must be deep enough to make us think, for thinking is what makes the man. It isn't a good plan to read without thought and reflection. Reading page after page without thinking of what you read will never do much good in storing the mind with good things. A single paragraph may be enough for a night's reading, and a paragraph well read and well assimilated is worth a whole volume of the perfunctory reading that is too often indulged in. Some reading may as well be forgotten. It may give a momentary pleasure, and, as we have already said, serve as a light recreation. It isn't consistent to remember some of the stuff we read; it would be just as well to forget it as soon as possible. The only reading, as we see it, that does a person any good is the reading that causes him to think, fills him with better thoughts and makes him a bigger and broader man.

Perhaps a mathematical subject would be more in your line. Euclid is a good subject for any person to spend time over. A person cannot well demonstrate a proposition without thinking. In the demonstration of a proposition the thoughts follow in regular and logical order and he who learns and masters a single proposition, or wrestles through a difficult deduction cannot fail to come out of the struggle mentally stronger because of the mental concentration necessary to accomplish his purpose.

If you are fond of poetry, why not select some of the poetical gems, of which our libraries are full? Memorize, get their full meaning; make them part and parcel of yourself. Turn them over in your waking hours, and your memory cannot fail to be improved by the effort. The process at first may be slow and difficult, but it will not be long till a similar task may be accomplished rapidly and with comparative ease. People say they cannot memorize. This is not true. They may not be able at first to memorize easily, but the dullest will soon be surprised at his own ability after a little honest and persistent effort. Of course you can memorize. It may be slow at first, but it will get easier as you proceed.

WHY WORRY ABOUT CANADA?

The per capita savings bank account of the Canadian is estimated today to amount to \$240. The Canadian per capita holds 68.7 per cent of his own bonds, regardless of foreign issues, a total of \$2,700,000,000, an increase in less than three years from \$250 to \$320 per head.

Since July, 1922, more than \$100,000,000 has been spent in residential buildings alone. This means that approximately 20,000 distinct family buying groups have become a greater force in the Dominion's purchasing power. From January to July, 1923, more than \$50,674,000 has been spent in residences in Canada.

BE YOUR OWN FURNACE

In these days of coal reservation, and the quest for coal substitutes, it might be well to think about the days that are gone. What about ourselves? We have coddled our bodies that the women folk can wear a light blouse in the middle of the winter, and the men folk want to be comfortable in their shirt sleeves. Now what is the effect upon that body of yours?

MARRIAGE A FORM OF SLAVERY?

Mrs. O. H. Belmont, of Newport, has been vaporizing again. She thinks marriage may be a failure and that it is close to slavery. She has tried it twice, picking riches and gilt each time, and, of a consequence, hasn't learned much worth while. Whether one be married or single, one cannot escape slavery except by becoming an idling parasite such as Mrs. Belmont's "set" knows so well. If one works in this world—works conscientiously for a living or the betterment of self and home and community—one is a slave. That is true of wife as well as husband, husband as well as wife. Edison, great inventor, is an abject slave to the genius that possesses him. So is Steinmetz. So is Henry Ford. So are thousands of others whom we mistakenly call free.

BRAKE LININGS

A gap or open space of about a half-inch should be made when applying a new brake lining. This will lengthen the life of the lining, as a large amount of grease and grit will accumulate in the gap which would otherwise work into the lining.

USING A JACK ON SOFT GROUND

When it becomes necessary to jack up a car on soft ground, where there is no support for the tool, take out the floorboard or toe-board and use it for the jack to rest upon.

SPECIFIC

Burglar (to lawyer who had just succeeded in having him acquitted)—"Thanks, sir, I'll drop in and see you some time." Lawyer—"Why—er—yes. But make it in the day time."

BIBLE THOUGHT FOR TODAY

NOVEMBER 16 GOD'S DAILY BENEFITS.—Blessed is the Lord, who daily loadeth us with benefits, even the God of our salvation.—Psalm 68:19. NOVEMBER 17 BETTER THAN SILVER AND GOLD.—Godliness with contentment is great gain. For we brought nothing into this world, and it is certain we can carry nothing out. And having food and raiment, let us therewith be content.—1 Timothy 6:6,7,8.

NOVEMBER 18 THE PRECIOUS JEWEL.—There is gold, and a multitude of rubies; but the lips of knowledge are a precious jewel.—Proverbs 20:15.

NOVEMBER 19 KEEP THE WORD.—Whoso keepeth the word, in him verily is the love of God perfected; hereby know we that we are in him.—John 2:5.

NOVEMBER 20 GET UNDERSTANDING.—A scornful seeketh wisdom, and findeth it not; but knowledge is easy unto him that understandeth.—Proverbs 14:6.

NOVEMBER 21 PRAYER FOR TODAY.—O Lord God, I pray thee, send me good speed this day.—Genesis 24:12.

NOVEMBER 22 GOD'S KINDNESS.—For the mountains shall depart, and the hills be removed; but my kindness shall not depart from thee, neither shall the covenant of my peace be removed, saith the Lord that hath mercy on thee.—Isaiah 54:10.

CANADIANS TAXED \$50,000 AN HOUR

The pressure on the people of the heavy taxes levied by municipal, provincial and federal administrations will not down. The Kingston Standard says: "We wonder how many Canadians are aware that they are paying taxes at the rate of over \$50,000 an hour; work that out and it will be found to be about \$400,000,000 a year. It is a huge burden for Canadians to bear, and it is due in a large measure to extravagance and want of economy. The bad feature about it is that while taxation has been increasing in order to provide this revenue, other countries have been reducing their debts, and balancing their budgets. The Canadian Ministers attending the Imperial Conference will learn that though during the first year after the war Great Britain's expenditure was \$10,000,000,000, it has now been reduced to \$4,000,000,000 in spite of a reduction in taxation. One way in which this has been brought about has been in reducing the expenses of the Civil Service to almost the level they were before the war. The same sort of story can be told about Australia, New Zealand, France and the United States."

The Port Williams Acadian

PORT WILLIAMS AND VICINITY

A very large congregation gathered at the Baptist church on Sunday evening to celebrate the anniversary of Armistice. This was the first time in the five years it had come on Sunday, so it was fitting the meeting should be in the church. Mr. John Donaldson, president of the Armistice Association, occupied the platform with pastor Chipman, and made a few well chosen remarks calling the Honor Roll of those belonging to this vicinity who made the supreme sacrifice during the war. "Rest Soldiers Rest" was sweetly rendered as a quartette by Mrs. Burbidge and Hudson. Mrs. Messrs. Ison and Harris. Rev. O. N. Chipman gave a splendid address on "Good will among Nations", using as his text the words of Paul "No man liveth unto himself alone". Mason Cogswell read "The aftermath". Special music was furnished by the united choirs of St. John's (Episcopal) and Port Williams, assisted by Mrs. G. D. Hudson, of Canard, and Mr. Clinton Harris, of Hillaton.

Mrs. Edwin West is spending a few weeks with friends in Boston and vicinity.

Miss Hazel Dodge, of Kentville, spent the week end the guest of her friend, Mrs. N. Coulston.

Mr. Donald Ellis, who spent the Thanksgiving holiday with his parents, returned Tuesday to College at Truro.

Messrs. Curtis Newcombe and Harold Chipman, Miss Lucy Cogswell, students at Acadia, spent the holidays at their homes here.

Mr. Will Hanson and brother James spent the week end with their mother Mrs. Lucy Hanson.

Mrs. A. H. Parish is visiting relatives in Mass. Mrs. Clarence Parish, of Harbordville, is visiting her father, Mr. A. H. Parish.

Mr. Geo. Foote with his wife and child, left on Wednesday for London, Ont. where they will reside.

Mr. G. C. Ellis went on Tuesday to Westwood Hospital where he will undergo an operation.

Mr. and Mrs. A. K. Gates, with Mr. and Mrs. Robt. Mawhinny and children spent Thanksgiving with Rev. and Mrs. J. Meisner at Falmouth.

Miss Reta Hiltz, of the advanced department of our school, spent Thanksgiving with her parents at Lawrence-town, Halifax Co., while Miss Coleman (primary) went to her home in Aylesford.

Mr. and Mrs. T. A. Lydiard and daughter, of Kentville, and Mr. and Mrs. G. A. Chase spent Thanksgiving with Mr. and Mrs. Bedford Chase.

Mrs. M. K. MacKinnon left on Friday for a few weeks visit with her husband, who is working in Watnam, Mass.

Mr. Bruce Hunt has severed his connection with the Royal Bank and accepted a position in the employ of the Fuller Brush Co. His place as Teller of the Royal Bank Branch here is filled by Mr. Francis Daniels, of Lawrence-town, Anna. Co.

Don't forget the Social to be put on by the "Delta Alpha" S. S. class and other talent on Friday evening, 23rd, "Laugh and grow Fat", for the admission to be based on weight. The program will consist of a Dialogue, vocal and instrumental solos and duets and choruses. Proceeds for Church Repair Fund.

Mrs. James Regan, who is spending the winter with Mrs. Arthur Bezanson, is confined to her bed with illness.

The W. M. A. Society met on Wednesday of last week with Mrs. Ralph Regan. A large number enjoyed a pleasant and profitable meeting. Mrs. Annie Freeman gave a very interesting resume of the current events in the world wide Missionary work, on which subject she is always so well posted. Mrs. Freeman left on Saturday for Wolfville where she will spend the winter. Mrs. Regan served dainty refreshments at close of meeting.

Mrs. Oscar Chase is in Lawrencetown visiting friends.

Mr. Leander Woodworth Jr., attended the session of the Grand Division in Halifax and gave a good report of the meeting at "Lily of Valley" on Monday evening.

The best advertisement for the sale of poppies for "Remembrance Day" was a window that attracted much attention and comment, arranged by Donald Chase in the dry goods store of G. A. Chase. It represented a dry dugout of the trenches, built of branches of trees. Three rifles with fixed bayonets, ammunition, bandolier, gas mask, nose cap of a shell, clip, empty shells, mills grenade, puttees and a trench mat were the decorations. In the back ground hung the flag for whose honor our soldiers braved discomfort, cold, hunger and death.

Mr. and Mrs. G. A. Dodge notored to Halifax on Friday to spend Thanksgiving with Mrs. Dodges parents, Mr. and Mrs. Clements, returning Monday evening.

Mr. Edson Griffin was at Halifax last week attending the poultry show where he captured first place with his ducks and geese.

COMING MUSICAL ATTRACTION

The Musical Eckardts, bell ringers and variety entertainers, are billed to appear at the new Orpheum theatre on the evening of Nov. 21st.

Although this is their first tour of the Maritimes, the Eckardts are well known in Canada west of Montreal, where they have been entertaining the public for over a quarter of a century.

The company claim to have the largest peal of Swiss hand bells in America, 160, which are played by five ringers. Besides the bells they perform on chimes, Xylophones, Saxaphones, Musical glasses, brass and string instruments. Bernard Eckardts, the comedian of the party, will entertain with songs, monologues, and character impersonations. As a special added attraction for this town the Eckardts have engaged W. E. Bell Johnston, juvenile, dancer and comedienne, late of the Winnipeg Kiddies Co.

The old question bob again (Xmas) (A). What about photographs of the Redden Studio.

CANARD COMMUNITY CLUB

The meeting of the Canard Community Club, which was held Monday evening in Temperance Hall, Lower Canard, was by all present voted the best yet. After the members had regaled themselves with the magnificent Thanksgiving Supper, a toast was proposed to his majesty the King and responded to by the National Anthem. The toast to "Our Fallen Soldiers" was feelingly replied to by Rev. G. D. Hudson. Other toasts were, "To the Ladies", responded to by Mrs. G. D. Hudson, and "To our Guests".

Following the supper a humorous sketch, "Answering the Telephone" was cleverly presented by Miss Ethel Hudson, Nellie Hudson and Mrs. Leander Ellis, and received much applause. At the conclusion the members joined in a general singing, many old songs being enjoyed. The committee in charge of this meeting was as follows: Mr. and Mrs. Scott Borden, Mr. and Mrs. Howe Burbidge, Miss Gertrude Eaton, Mrs. Lee Ellis and Mr. Stanley Eaton.

ABOUT BOOKS

(By THE ACADIAN'S Reviewer)
The most casual reader of *The Gobbler* will know that "Sackcloth and Splashes" (McClelland & Stewart), a collection of fragments from that publication, contains delightful humor. Even the sheer nonsense and buffoonery is clever. It requires close observation of humanity and a clear sense of life values to satirize humorously institutions

and types of people as it is done in this volume. Silly lovers of either sex; flappers and flapper mothers; politicians, salesmen, educators, poets—all these and others have their foibles exposed to the critical scrutiny of the public and themselves. It seems rather a pity that a noticeable portion of the material seems to be based on the idea that allusions to the use of intoxicating beverages are of necessity humorous. There are many other fountains of humor besides the flowing bowl, and Crombie and McDougall know how to write humorous matter that is not pervaded with the smell of gin.

The title of "Spinning Wheels and Homespun" by Helen E. Williams, very inadequately suggests the richness of the volume. Miss Williams is a poet in prose. Writing of Canada, she brings out with picturesque charm and penetrating insight the poetry of the seen and the unseen in present and past; in dawn, sunrise, sunset, and night; in spring, summer, autumn, and winter; in seasons of labor and of holiday and festivity. The book is valuable not only as a literary treatment of the passing and the permanent in Canadian scenes, seasons, customs, and folklore, but also as a source book of local color, atmosphere, and "characters" for writers of realistic Canadian fiction.

PROGRESS OF THE HONAN MISSION

Rev. J. A. Mowatt Gives a Thrilling Address on His Work in China.

The united prayer meeting of the Methodist and Presbyterian Churches at Hantsport enjoyed an unusual experience on Wednesday evening, Nov. 7th. A veteran missionary of over forty years experience occupied the chair. The Rev. J. A. Mowatt, his nephew and namesake, in a thrilling address, invited the attention of the audience as he addressed them on the Honan Mission of the Presbyterian Church.

Owing to the unfavorable state of the weather a small audience gathered. Three clergymen, however, beside the two missionaries were present, and the Mayor and ex-Mayor of the town.

The Honan Mission was founded nearly forty years ago by the students of Knox College and Queen's Universities, and Mr. Mowatt has been nineteen years in the field. The two institutions sent each a representative, and from this small beginning the mission originated and developed into its present proportions. Now there are nearly 100 workers on the staff successfully prosecuting the work.

Honan is one of the Provinces of China, having a population equal to or exceeding that of the Dominion of Canada. Other denominations are cultivating the spiritual soil of other parts of the country, and a feeling of unity pervades the workers.

The progress of the Honan Mission is most remarkable. It is now one of the most prominent mission districts which the Presbyterian Church is cultivating. The people seem ripe to embrace Christianity. Churches are being formed and stations opened up over the country. Native pastors are being settled over them, thousands are receiving the ordinance of baptism and church membership is on the increase. Two Presbyteries have been formed and schools organized on every hand. Where opposition once threatened violence to the workers flourishing stations have been formed.

China is a tremendously populous country. Just think of 44,000,000,000 of people. Their minds are alert, open to the reception of the sacred truth. There is no doubt in the near future this Asiatic country will occupy a prominent position and do a great work in the evangelization of the world. At present the incubus of a deficit in the church's exchequer is hindering progress. Unloosed purse strings, fervent petitions and active effort will form a strong combination to help forward the glorious work.

China will yet be lifted from the thralldom of superstition and idolatry and ere long will occupy an outstanding position in the ecclesiastical atmosphere with a well-formed citizenship.

EDITORIAL

Hantsport people have shown most commendable patience in the matter of the erection of the promised government building. During and following the war, when the resources of the country were taxed to carry on existing institutions, no undue pressure was brought upon the government to hasten the work, but now that we are gravitating towards normal it is not unreasonable that progress in the undertaking should be asked for. Other towns of less importance have long enjoyed the privilege of an up-to-date public building and Hantsport is well within its rights in asking that its case should receive consideration. A suitable lot was secured several years ago and when the necessary grant has been provided there should be no delay in the work of construction. The site selected on William street is a most desirable one and it is hoped that in the not far distant future a building that will be at once an ornament and convenient to the town will be in evidence. If citizens will but cooperate in urging this matter there is no reason why building operations should not be in progress by next summer.

THANKSGIVING SERVICES AT THE CHURCHES

Thanksgiving was duly observed in the different churches here on Sunday. The service in the United Baptist Church, being of a Patriotic as well as a Thanksgiving nature, opened by the choir and large congregation uniting in singing "O, Canada". The subject of the discourse by Rev. F. H. Beals was "The Eminent of Sacrifice in Thanksgiving". Mr. Beals dealt very eloquently with the theme in question, setting forth many beautiful and practical thoughts, paying a high tribute to the returned men, and also to those who made the supreme sacrifice. The music under the efficient leadership of Miss Claire McDonald, organist, which was of a high order, was as follows: Ladies Quartette, "The Gates Ajar"; Male Quartette, "Glorious Things of Thee are Spoken"; and "Now the Day is Over"; Anthem: "Harvest Home", Adam Gribel, by the Choir. The chancel looked very beautiful banked with flowers, fruit and vegetables of every variety. A table was also laden with jellies, jams and preserves, which will be forwarded to the Infants Home, Halifax.

Special Thanksgiving service was held in the Presbyterian church on Sunday. Rev. Dr. Dickie pastor of the church delivered a particularly interesting Thanksgiving sermon. The music which was exceptionally good and well rendered consisted of a solo, "Look Down Dear Lord", H. Fisher, by Mr. Cyril Harvey, of Boston, and an Anthem, "Oh Give Thanks", Leaman, by the Choir. Mrs. F. Hart very efficiently presided at the organ.

The service in the Methodist church on Sunday evening was very inspiring. The service was beautifully enhanced by special Thanksgiving music, consisting of a solo, "Look Down Dear Lord", by Mr. Cyril Harvey, and Anthem by the Choir, "The Lord Will Comfort You", (Rosencrans), the duet in which was beautifully taken by Mrs. R. Masters and Mr. Cyril Harvey. Special reference was made to the brave soldiers who went over seas for us, the congregation standing for a moment in silent prayer, Thanksgiving being in all hearts.

HANTSPORT FIFTY YEARS AGO

The sudden passing away of George W. Woodworth here on the tenth inst. recalls to us his early activities in our town and the surroundings at that time. In the early 70's at the death of Joseph Allison, Esq., he bought the business formerly conducted by the latter, which he continued until 1875, occupying the shop on the south east corner of the street, opposite the residence of the late John Davison, Esq., and the shop in the south end of the hotel, now known as "Evangeline" across the street diagonally. This hotel was then in charge of John Millen, the butcher, and among its guests were numbered Capt. Munro, of the ship "Marlborough", then reclassing, and his family, and Capt. Blagdon.

Mr. Woodworth lived in the Campbell house just west of the hotel, which after the death of the first Mrs. Woodworth (nee Mrs. Capt. Campbell) was occupied by Anthony McLellan, John Tully and others. The Davison homestead was a lively spot at that time. Miss Georgie, though an invalid, was ready for a game of chess or to help with music, with which the house usually rang, while Miss Lily stood waiting with a bevy of girls to welcome the "Happy Home" or any other returning ship. Mrs. Joseph Davison and daughter Nina, Mrs. Andrews (nee Mrs. Chipman Davison), and daughter Ida were the neighbors to the eastward, with Davic Chittick and bride in the new house near the water. Mrs. Allison, two daughters and son Foster, Henry Cox, Ben. Shaw, John Woolaver, and John Simpson, the shad fisherman, were at the south of the corner, while Rufus Comstock, Wm. Salter, George Johnson, Mrs. Burton with daughters Jenny and Kate, and Jack Davison were at the west. This was before the days of Mr. Fish who built the store now the property of Capt. Chas. Davison, who was then living at the old home, as well as his brother Arthur, whose merry whistle was one of the early morning musical treats.

Mr. Woodworth was a literary man, delighting in the works of Mark Twain and Dickens, and often exchanging views with the late Warren Beckwith, a scholarly man, son of Capt. Nicholas Beckwith, then doing business at the corner store, since devoted to the Chesley manufactures.

In those days E. Churchill & Sons and J. B. North were constructing some of the best of our merchant marine and developing high class merchandises. Of these D. E. North is left but at present not constructing. The late Geo. H. Yeaton, whose continued business is a credit to his name, was connected with the Churchill industry for some years. Our late Customs Officer, Jas. Lawrence, and S. Mitchenner will remember the old stock referred to in this hurried review.

When it rains pitchforks it is not just to help the farmer with his hay.

MRS. KATE BISHOP

The death occurred at Hantsport on Sunday afternoon, Nov. 11th, of Mrs. Kate Bishop, at the age of 70 years. The deceased had been ill for some time but she bore her sufferings with patience and christian fortitude. All that loving hands could do was done to alleviate her sufferings. Her one desire was to "go Home". She is survived by one daughter Josephine, Mrs. W. Frizzle, with whom she made her home. The funeral services which were largely attended were held on Tuesday afternoon from the home of her daughter. The Rev. F. H. Beals, pastor of the Baptist church, conducted the services. The deceased's favourite hymns, "My Heavenly Home" and "Shall We Gather at the River", being sung. A male Quartette, "Rock of Ages",

was impressively rendered by Messrs. J. Folker, W. Pulsifer, Geo. Holmes, and I. Pulsifer. Interment was at Riverbank Cemetery.

prise he found he had passed away, sitting in an upright position with a book on his knee; the attitude of reading and lamp burning indicating that death came sometime during the night. Mr. Allen at once notified Dr. Shankel, May or Murray and Ney Woodworth, son of the deceased, of Kentville, who arrived in a short time.

Mr. Woodworth had been in failing health for some time, although up to the night of his death, had been able to walk to the Post Office and stores. It had been his intention to go to Kentville to spend Thanksgiving, his son having made arrangements to motor down for him. The deceased had been a respected citizen of the town for over twenty-two years, where he edited "The Advance" for a number of years. He was twice married his first wife being a Mrs. Campbell, daughter of the late Ezra Churchill, shipbuilder of Hantsport. He is survived by a widow, formerly Sarah Allen, of Grand Pre, also three children, two sons, Ney of Kentville, Stafford of Montreal, and Ghies, Mrs. (Dr.) Chipman, Matron of the Bridgewater Hospital; one daughter Prue, (Mrs. Wallace

George) having predeceased him a number of years. The late "Dug" Woodworth, M. P. for Kings, was a brother. The remains were conveyed to Kentville on Monday, where they were interred in the family lot at "The Oaks".

Mahomet Could Have Sold Your Merchandise

You know the old story of Mahomet and the mountain--when the mountain wouldn't come to him he, like a sensible man, grabbed his Panama off the hall rack and went to the mountain--he wanted it badly enough to go after it.

That is precisely the situation today--the mountain--BUSINESS--will not come to you--you will have to go after it and go after it hard. YOU have one great advantage over the prophet--he had to take the going as he found it--you can pave the way with advertising.
