

M'ANDREW CONTROLLER.

This is the Latest Talk in Municipal Circles.

City Clerk Reports on Re-Division of the City.

Financial Statement of Various Civil Departments.

If all the hot weather election rumors floating around the City Hall these days are true there will be almost as many candidates for the Board of Control as aldermen in the field at the next municipal election.

The Finance Committee this afternoon must make its choice of re-dividing the city into four wards, with three aldermen from each or submitting a by-law to the people in January providing for the reduction of the number of aldermen.

First proposed division: Ward 1—Bounded on the north by Cannon street, on the east and south by the city limits, and on the west by Catharine street; assessment \$7,651,635; population 15,247.

Ward 2—Bounded on the north by King street, on the east by Catharine street, and on the south and west by the city limits; assessment \$11,448,160; population 13,863.

Ward 3—Bounded on the north by Hamilton Bay, on the east by Catharine street, on the south by King street, and on the west by the city limits; assessment \$12,289,255; population 20,796.

Ward 4—Bounded on the north by Hamilton Bay, on the east by the city limits, on the south by Barton street, on the west by Sherman avenue, and by Cannon street, on the east by Catharine street, on the west by the city limits; assessment \$5,750,332; population 14,161.

Second proposed division: Ward 1—Bounded on the north by Cannon street, on the east and south by the city limits, and on the west by Hughson street; assessment \$10,610,833; population 17,910.

Ward 2—Bounded on the north by King street, on the east by Hughson street, on the south and west by the city limits; assessment \$9,659,670; population 12,258.

Ward 3—Bounded on the north by Hamilton Bay, on the east by Hughson street, on the south by King street, and on the west by the city limits. Assessment \$10,294,055; population 16,498.

Ward 4—Bounded on the north by Hamilton Bay, on the east by the city limits, on the south by Barton street, on the west by Sherman avenue and Cannon street, on the east by Hughson street, on the west by the city limits. Assessment \$6,589,852; population 17,401.

The second division is more equal as regard assessment and population than the first at the present time, but having in view the fact that the portion of the city which comprises proposed Ward No. 3, in the first division, is very largely built up, there will be little opportunity for any large increase. The same will apply largely, though not to the same extent, to the proposed Ward No. 2 in the first division. Proposed Wards 1 and 4 contain a large amount of vacant property, and both the assessment and population will in consequence, greatly increase.

It is pointed out that in the division suggested it would not be necessary in the event of the city annexing a slice of Barton Township to make another (Continued on Page 10.)

KING EDWARD

Speaks of Supreme Importance of Technical Instruction.

Opened Imperial College of Science and Technology.

London, July 8.—While laying the foundation stone of the new buildings of the Imperial College of Science and Technology at South Kensington to-day, King Edward gave a helping hand to the campaign in favor of higher scientific education, to the lack of which most public speakers here are in the habit of attributing England's loss of ground in her industrial race with America and Germany.

SAME OLD BALLOON

Nothing Wonderful About One Seen Tuesday Night

Somehow or other the facts will not jibe with the airship theory which some credulous people are trying to make a sensation out of around this part of the country.

On Tuesday evening about 8.30 a square built hot air balloon went up from the city, travelled easterly and southerly and was so close to the mountain at the head of Wentworth street that the people there could see almost every detail of its construction.

But the aerial wonder maker is spreading airship specials abroad again.

DROWNED AT BRANTFORD.

Boy Who Resided Near This City Lost His Life.

Brantford, Ont., July 8.—(Special.)—Jack Miller, a 12-year-old boy, whose parents reside near Hamilton, and who was visiting with his aunt, Mrs. Alex. Green, 7 Balfour street, here, was drowned this morning in the Grand River, at the foot of Eagle avenue.

He went in bathing above the rapids, and, being unable to swim, was carried down several hundred yards into a deep hole, where his body was recovered an hour later by the life-saving crew of the fire department.

Miller's parents live about four miles from this city on the Ancaster road. A telegram was forwarded to them this morning. The body of the deceased will be brought home for burial.

HAPPY UNION.

Marriage of John Wesley Horning and Miss Vedder.

A quiet wedding took place last night when Miss Ida Estelle Vedder was united in the holy bonds of matrimony to John Wesley Horning, at the residence of the bride's parents, 566 James street north. Rev. Hewitt performed the ceremony. Miss C. Burgin was the bridesmaid and Mr. V. Horning acted as best man. Miss Mina Askew was flower girl, and Mrs. Hugh Spence played the wedding march. The groom's gift to the bride was a subunit of pearls, to the bridesmaid a gold ring and to the best man a stick pin.

WAS IT SUICIDE.

Windsor, July 8.—The police found an unidentified woman sitting on the Grand Trunk dock late last night. When she was taken to police headquarters she refused absolutely to talk or to give any information about herself.

INSPECTION TOUR.

Ottawa, July 8.—Mr. F. C. T. O'Hara, Deputy Minister of Trade and Commerce, left to-day for England on an inspection trip of the various Canadian trade offices across the Atlantic.

What Illinois Women Want.

In renewing its activities the Illinois Federation of Women has adopted this platform of things to be accomplished: A concerted fight against billboard advertising.

A movement to establish public comfort stations in the cities of Illinois.

An investigation of the treatment and care of dependent and delinquent girls in the State.

A State campaign for a sane fourth of July.

A movement to secure a woman physician in every public institution where there are women inmates.

A campaign to secure the pine woods of Ogle county as a State forest reserve.

A campaign for the passage of the eastern forest reserve bill, establishing a reserve in the Appalachian and White Mountains.

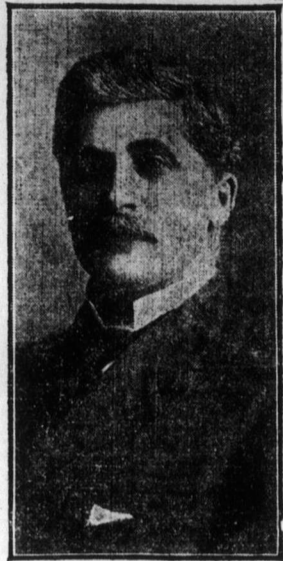

An effort to secure women's dormitories at the University of Illinois.

HERE IN INTEREST OF THE CANADIAN 1912 EXHIBITION.

Mr. Charles F. Roland, secretary of the projected Canadian Exposition and Selkirk Centennial, is in the city to-day, on his way back from Ottawa, where, with a deputation, he waited on Sir Wilfrid Laurier and the Dominion ministers in the interest of the movement. The project has been under discussion for the better part of a year now, and is taking definite shape. The intention of the promoters is to give a great world's exhibition at Winnipeg in 1912, the centennial of the entry of Lord Selkirk and the opening of the Selkirk region for settlement. It is to run about 15 weeks during the summer.

The committee which has the matter in hand has already waited upon the governments of Manitoba, Saskatchewan, Alberta, British Columbia and Ontario, and has the assurance of hearty support. It is estimated

MADE RECORD THIS YEAR.

School Board Has Not Refused Salary Increase This Year.

M. H. O. Still Hopeful About Pure Milk Campaign.

Preparations to Install New Pumps at Beach.

How would you like to be employed by the Board of Education? It has not refused a solitary applicant for a salary increase this year. The other night the Internal Management Committee approved of a number of increases and last night the special Salary Committee made the following recommendations to the Board:

A. Bowman, caretaker Hess street school, from \$625 to \$650.

Henry Voelker, caretaker King Edward, \$525 to \$550.

F. A. Walters, caretaker Ryerson, from \$800 to \$900.

A. Clark, caretaker Wentworth, from \$800 to \$900.

Mrs. McKenzie, caretaker Stinson, from \$525 to \$550.

T. Gossell, caretaker Queen Victoria, from \$600 to \$650.

Miss Bennetto, principal of Pictou street school, from \$900 to \$1,000.

This increase was granted because the size of the school was increased from eight to sixteen rooms, and the practice of the city carrying the drains from the main sewer to the sidewalk and charging the cost to the owner of the property.

It is said that notwithstanding the notices sent out by the Board of Works warning property owners to make sewer connections before the new pavement on Barton street was laid, many failed to do so, and it is only a matter of a very short time before excavations will have to be made in the pavement.

Dr. Roberts quotes the following extracts from the report of the Veterinary Director General and Stock Commissioner, J. G. Rutherford, of Ottawa, in support of the campaign against dogs:

"The second point is that dogs are kept in Canada, as in many other countries, far too many useless mongrels, which are not only a constant and ready means of conveying the infection of rabies, as well as many other diseases both to man and animals, but constitute besides, a standing and a very real menace to one of our most lucrative agricultural industries, namely, the breeding and raising of sheep. There is little to be said against the well bred dog, or even the dog of plebeian origin, provided he is properly broken, handled and kept under control, but the practice of allowing dogs to run at large indiscriminately and unattended, especially at night, cannot be too strongly condemned. Those tender-hearted persons who have so much sympathy for dogs might, with advantage, bestow some consideration on the people and the other animals bitten by dogs rabid or simply vicious, and on the cruelly worried sheep and lambs of the long suffering farmer. The painless destruction by the lethal chamber or by chloroform of

that the exhibition will cost \$5,000,000. The promoters expect to raise half that amount by private subscriptions and guarantees, and the appropriations or other assistance from the various Provincial Parliaments, and is making application to the Dominion Parliament for the other half of the amount required.

DOUBLED THE FINE ON HIM.

Hugh Hayes Said He Gave the Ice Cream Away.

And Magistrate Said He Was Trying to Hoodwink Court.

Goldberg Sent to Jail For Nine-Month Sentence.

Last week Hugh Hayes, proprietor of the Dundurn Park refreshment booth, appeared before Magistrate Jeffs at the Police Court, charged with selling ice cream on the Lord's Day. He pleaded guilty and was fined \$20. In order to meet the demands of Sunday visitors Hayes thought out the idea to sell a lunch and give the ice cream away with it.

Last Sunday several of Hamilton's industrious policemen called at the refreshment booth and were served with lunch in the form of cakes, with ice cream as a premium. As a consequence Hayes was served with a summons yesterday charging him with again breaking the Lord's Day Act. The case was tried this morning, and Hayes pleaded not guilty.

A witness by the name of Fluck was put on the stand, but when Sergeant Finch handed him the Bible to take his oath, he was asked to hold up his hand and swear that way. He said that he was in Dundurn Park on Sunday in company with his son and a friend from the other side, and as they had nothing to eat since the night before, they went into the refreshment booth for breakfast.

"What were you served with?" asked Crown Attorney Washington.

"Cakes and ice cream," replied the witness.

Constables Cameron and Smith had visited the booth on the day in question, and saw people being served with cakes and ice cream.

"Was anything served that one could make a substantial meal off?" asked he Crown.

"We did not see anything being cooked, and the tables were not laid with plates and silverware."

In the stand the defendant said that he did not serve any person with ice cream on Sunday unless they ordered a lunch.

"Well, you are selling the ice cream just the same," queried the Magistrate.

"No, I am giving the ice cream away with the cakes," answered Hayes.

"How do you work that?"

"Well, I simply charge them for the cakes and give them the ice cream for nothing."

"Oh, I see. You are selling the stuff for the same price as you did before, but instead of charging for the ice cream you put the whole tax on the cakes. You are charging more for the cakes now than you did before, aren't you?"

"Yes."

"I am surprised that a man of your intelligence would try to hoodwink this court in that manner."

"I am not trying to hoodwink the court, but I thought a man could give away ice cream if he wanted to."

"Well, you'll wake up and think differently when you leave this court room," prophesied the Magistrate.

A. M. Lewis, counsel for the defence, began an argument as to why his client should not be fined, but the Magistrate told him he was only wasting time.

"I hold," said the Magistrate, "and always will hold, until the High Court (Continued on Page 10.)"

COWAN-FARQUHARSON.

The marriage took place at Fort William, Ont., on Saturday last of Mr. John Cowan, of Toronto, and Miss Jessie Gray Farquharson, daughter of the late Mr. A. G. Farquharson, of this city. The ceremony was performed by Rev. W. H. Rowland, B. A., in St. Andrew's Presbyterian Church.

INJUNCTION.

Argument on the Power Case Going on To-day.

Toronto, July 8.—(Special.)—Argument on the motion made by Geo. S. Kerr, K. C., to continue the injunction restraining the City of Hamilton from entering into a contract with the Hydro-Electric Commission because it already has a contract for power with the Cataract Power Company, and for other reasons, was begun this morning at Osgoode Hall at time of adjournment.

Mr. Kerr explained that the injunction was applied for by R. S. Morris, a stock broker, on two grounds; because it would make two inconsistent contracts, the old contract with the Cataract Power Company and a contract with the commission; and because there was a scrutiny of the ballots cast in the Hydro plebiscite in progress.

The argument lasted all morning, and Judge Tetzlervel reserved decision until this afternoon.

Mr. Kerr's application is to continue the injunction until September.

A RAISING.

Hamilton People at a Successful Event at Haysland.

A successful barn raising took place at the home of Mr. Thomas Nickel, Haysland, a few days ago. About 100 guests assembled, and after the work had been completed a fine programme of games, followed by music and a dance, was enjoyed by all. Supper was served by the ladies. S. Wilson, of this city, and E. Dowling were the winners at quoits. N. Markle, East Flamboro, and H. Reid, Millgrove, provided the music, and L. Nickel had charge of the dance. Among the guests were Mr. and Mrs. S. Wilson and son, Ralph, and Mr. Harold Bradford, of this city.

RESERVED BID NOT REACHED.

Only One Bid For Grimsby Park—Private Sale Ordered.

The auction sale of Grimsby Park property was held by Judge Monck in his chambers yesterday afternoon. The only bid was made Mr. J. W. Vandyke to the amount of \$30,000, but as this was away below the reserved bid, the Local Master directed that the property be sold by private sale.

The valuation of the total assets of the property was \$149,000. In addition to the park there are forty acres of fruit land, all set out with fruit trees and under splendid cultivation, which is valued at \$1,000 an acre. The reserved bid, of course, was considerably less than the valuation. There is a mortgage of \$40,000 on the property and an indebtedness apart from the mortgage amounting to \$6,000.

The total area of the park is a little over 80 acres, there are two hotel with contents, store, restaurant, stables, electric light plant, waterworks system, wharf, boat houses and boats and a number of cottages; also a church and a large tabernacle belonging to the park.

It is the hope of the liquidators to sell the property to some one who will use it as a park. There are still 180 cottage holders who are very much in favor of the property being used as a pleasure resort. The company has no right to interfere with these holders so long as they pay their rent.

This season, however, the company has not opened the hotels and the park is not being run as in previous years.

Immediately after the sale the cottage holders held a meeting with view of trying to raise the necessary funds to re-organize the park entirely.

FELL FROM CAR

Brantford Old Lady Badly Hurt Coming From Picnic.

(Special Despatch to the Times.)

Brantford, Ont., July 8.—Mrs. Mary Lyle, the aged mother of Ald. Thos. Lyle, president of the Inter-City Baseball League, met with a bad accident while returning from Mohawk Park last evening, where she had been attending a church picnic. In alighting from the high side steps of an open car, Mrs. Lyle was jolted by some one in the crowd and fell. She sustained a fractured limb near the ankle, and on account of her 77 years her condition is precarious.

The Misses Taylor of Delaware are visiting in Montreal with their sister, Mrs. J. P. Pratt, en route to Europe, where they will spend the summer.

Mr. and Mrs. Ralph and the Misses Reid have returned to their home in New York after a short visit at the home of Mr. and Mrs. Dowry, 14 Tisdale street.

MOONLIGHT EXCURSION.

The Y. M. C. A. annual moonlight excursion to-morrow night, wants only good weather to make it another great success. The "Old Highlanders" band will furnish a choice programme of music. The steamer Mojeska will be in her best form for this occasion, and a large attendance of nice people will enjoy the outing of the season.

GOES AFTER THE BOARD.

Dr. Roberts Says Hospital People Are "Fourflushing."

Scheme to Make Southam Home Isolation Hospital

And Build Home For Consumptives on New Site.

The letter written by Chairman Billings, of the Hospital Board, to Mayor McLaren the other day calling his worship's attention to the crowded condition of the fever hospital, a condition which he declared had existed for two years, because the Council had not taken action, promises to stir up a merry little tempest at the next meeting of the Board of Health. The health authorities are quite wrathful, and Dr. Roberts, Medical Health Officer, this morning used the term "fourflushing," referring to the action of the hospital people. He promised to hit out straight from the shoulder at the Board of Health meeting on Tuesday night. "I am determined," he said, "that the people shall know once and for all just how things stand, and I will say so on Tuesday night so that there will be no mistake."

The cause of the wrath of the health authorities is this: The letter from the chairman of the Hospital Board refers to the crowded condition of the fever hospital, where he says twenty-two patients are housed, although there is only room for sixteen. The health authorities take this as a reflection upon them. They say they erected a tent on the hospital grounds at an expense of \$75, which will accommodate seven or eight patients. The doctor says the patients are far better there than inside in the hot weather.

The doctor is also incensed over the opposition to removing the fever and diphtheria hospital off the city hospital grounds. He says that Chairman Billings a long time ago wrote a letter to Dr. Bruce Smith, the provincial inspector, asking him to try and have the fever and diphtheria hospitals taken off the grounds.

It looks as if the trouble over the isolation hospital and the Southam home would be aired in the Council again. Some of the aldermen think that the proceedings threatened if the city opens it as a hospital for consumptives, might be turned into an isolation hospital, the city returning \$10,000 to the donor, William Southam, with the suggestion that the home for incurable consumptives be built on a site on the mountain top. They think that Mr. Southam would be agreeable to this, as he was not particularly interested in where the home was located.

SCOW UPSET.

Came In Collision With Standard Oil Barge, No. 6.

(Special Despatch to the Times.)

St. Catharines, Ont., July 8.—A scow laden with stone, bound to Toronto, to be used by Mentry Bros., contractors for crib-work, was overturned in Lake Ontario early yesterday morning in collision with the Standard Oil Barge No. 6, coming to the Welland Canal. No damage was done to the oil barge. The scow was later towed to Toronto by a tug sent out from here in response to a telephone message from Port Dalhousie.

ST. STEPHEN'S.

Successful Garden Party on the Mountain Last Night.

(Special Despatch to the Times.)

A garden party was held at the home of Mrs. Blandy, on the mountain, last night, in aid of St. Stephen's Church. A large number from the city were present and the affair was a success. An interesting programme was rendered. Mayor McLaren delivered a short address; the orchestra contributed many selections, and there were also several piano and vocal solos. Strawberry and light refreshments were served on the grounds and ice cream, candies, bananas, oranges, etc., were sold. The event was a delightfully sociable one and a large sum of money was raised.

R. T. OF T.

Oakville Members Visit District Council Here.

At the monthly meeting of the Hamilton and Wentworth District Council, R. T. of T., in Green's Hall last evening, a fraternal visit was paid by Golden Rule Council, of Oakville. The room was crowded with local members and visitors, who found plenty of opportunity for pleasant social intercourse. Mr. John Weistaker, Oakville, presided. The following was the programme: Piano duet, Mrs. Wright-Orr and Miss Hazel Littlefield; reading, Wm. Hannahl; vocal solo, Miss Julia Kemp; address, H. W. Littlefield; reading, W. St. John; piano duet, Mrs. Wright-Orr and Miss Hazel Littlefield; addresses, Dr. C. V. Emory, Dominion Secretary, W. M. McMillan, Grand Secretary, and T. J. Shanks. Refreshments were served, and the guests were diverted with carpet balls till the hour for their return ear.

A large number of members of Herkimer Baptist Sunday school and friends enjoyed the annual outing to Niagara Falls to-day. About four hundred left on the 9.15 train. A programme of races and other games helped to pass the time away pleasantly.

Synopsis of Canadian Northwest Land Regulations.

ANY person who is the sole head of a family, or any male over 18 years old, may homestead a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader. Duties—Six months residence upon and cultivation of the land in each of three years. A homesteader may live within five miles of his homestead on a farm of at least 30 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister. To certain conditions a homesteader in good standing may pre-empt a quarter-section alongside his homestead, price \$2.00 per acre. Duties—Must reside six months in each of six years from date of homesteaded entry (including the time required to earn homestead patent) and cultivate fifty acres extra. A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price \$2.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$500.00.

WOMAN SHOT: CENTRAL.

Killed by Burglar While Going to Help of Son Who Was Struggling With the Man Who Fired the Shot.

New York, July 8.—Mrs. Sophie Staber, wife of George Staber, an importer, on Diana street, this city, was shot and instantly killed in her home in Flat-bush, L. I., while aiding her son in a struggle with a burglar early to-day. Geo. Staber was awakened before daylight by the entrance of the burglar and fought with the intruder on the stairs. Mrs. Staber rushed to her son's assistance with a cry of warning. As she reached the head of the stairs the burglar called out to her, "Stop or I'll kill you!" Mrs. Staber ignored the warning and the burglar fired the bullet striking her in the breast. She fell to the full bottom of the stairs and expired. The burglar, shaking off the son, dove through a window and escaped. Two hats found in the yard indicated that the murderer had an assistant on guard outside the house.

TROOPS LAND.

Russian Expedition Into Persia Heading For Kasbin. Tribesmen to Effect Junction With Nationalists To-day.

St. Petersburg, July 8.—Further detachments of the Russian expedition from Baku landed at Enzeli, a Persian seaport on the Caspian Sea, last night, and the remainder of the force will land this morning. The troops will leave immediately for Kasbin, a town 90 miles northwest of Teheran. The expedition is commanded by General Dobjov Muss-nitsky, who has a distinguished record as commander of a division in the Russo-Japanese war, in which he was wounded several times while directing operations. General Mussnitsky has strict orders not to intervene in the fighting between the Bakhtiari tribesmen and the Bakhtiari tribesmen. In case of the defeat of Liakhoff's brigade, General Liakhoff and the other Russian officers will be afforded protection on the same terms as other Europeans.

PREMIER OF HUNGARY.

Budapest, July 8.—The official journal to-day published an Imperial decree reappointing Dr. Alex. Wekerle Premier of Hungary. The other members of his cabinet are reappointed to their respective offices.

PUTS BAN ON PIANOS.

Washington Judge Says Music Must Stop at 10 p. m. Washington, July 7.—In the police to-day Judge I. G. Kimball announced that piano playing after 10 o'clock at night was as disorderly as cursing and fighting, and he would fine the occupants of any house brought before him for keeping music going until a late hour.

EDITORIAL NOTES.

Adam Beck takes a lot of apologizing for; keeps his organ, the Herald, busy.

Chewing a chicle! To the block with him! Was there no good black-strap tobacco to be obtained?

Did you see that fleet of aerial Dreadnoughts performing evolutions over the city, or do you indulge in nothing stronger than lemon sour in the warm season?

It is all very well to express horror at the revelations of graft in Montreal municipal life; but how much of that sort of thing pervades municipal affairs in other places? Who can say?

The Detroit Free Press publishes a list of Fourth of July casualties under the heading "Martyrs to Patriotism." Well, perhaps; but cannon crackers and toy pistols are a pretty cheap kind of patriotism.

Those Whitney acts depriving private citizens of the right to take their grievances to the courts and confiscating private property without remuneration should be disallowed immediately. They are a disgrace to Canadian reputation.

Canada figures largely in the Chamberlain centenary celebration. The speeches of President Taft, Ambassador Bryce and Postmaster-General Lemieux were of the happiest kind...

Another of those "unions of municipalities" wants Hamilton Council to send a delegate to its convention. We have too many of those meddling, irresponsible organizations, and Hamilton has wasted too much money on them.

The by-election in the first district of Queen's, P. E. L., resulted in the election of a Liberal, assuring the continuance in power of the Government by a majority of three.

The Toronto World thinks the Railway Commission's action as to express fruit rates is all very well, but what is really required is "an expansion of the parcel post system of the national postoffice."

Words fail me when I try to describe this piece of road. I am like the boy who was stung by the bee, my feelings are too deep for utterance.

With the merits of the row between the miners' unions in Nova Scotia one does not need to be familiar to decide that the duty of the authorities is to put down disorder with a stern hand...

eration of the matter by the Attorney-General's Department and by the Provincial Board of Health will probably be helpful to this city as well as to the other municipalities interested.

The city's application to the Railway and Municipal Board raises a very important question of jurisdiction. The power to deal with such cases and award damages is one which the Board is loath to exercise.

MR. GNAGG'S SUNDAY OUTING.

AS HE SUFFERS HE CELEBRATES HIS FORESIGHT.

Before He Started He Knew About the Heat, the Babies, the Crows —But Why Does Mrs. Gnagg Accuse Him of Planning the Trip, He Demands.

Mr. Gnagg, having insisted upon Mrs. Gnagg accompanying him on one of those Sunday railroad excursions, cultivates the journey for her and mitigates its monotony by the following running comment:

Well, it's going to be one of those sure enough Sunday excursions on the railroad, all right. I can see that. In fact, I could see it before we started. Some of these days, perhaps, you'll be willing to credit me with being a passed assistant seer when it comes to forecasting this kind of trip, and then maybe we won't fall so easily for maniacal expeditions of this particular kind.

Huh! Cattle cars, just as I thought. I had a perfect picture in my mind's eye of these Sunday excursions in cattle cars, with the faded, hot red plush seats, before we started on this fool trip, and if I didn't happen to say anything about it, why, it was merely because I didn't want to see you secrete your countenance and grief and misery and despair and things. I knew very well how you had set your mind upon coming upon this idiotic journey, and so I knew there'd be no use trying to flag you by pointing out what a miserable, dismal time we'd be bound to have of it.

When? It's hotter'n eighteen Mohammedan Tophets in an infernal smelly beef window on a side that could be opened with dynamite.

How's that? You don't feel so very warm? Oh, of course you don't. You wouldn't feel warm to oblige me.

All I've got to do to have you judge in the assertion that you're freezing to death is to venture the humble assertion that it's just a teeny bit warmer.

Anyhow, it isn't to be expected that you'd ever feel like inhaling a breath or two of fresh air, the way you moon around the flat with all of the windows shut tight when I don't happen to be around. If I didn't happen to be a joint occupant of the flat with you it's dollars to doughnuts you'd keep all the windows nailed down the year round.

Look a-here, if you're not warm, as you say, what the dickens are you fanning yourself for with that piece of newspaper? Oh, just to give your hands something to do, eh?

Oh, well, cut it out, won't you? If you wanted to do something with your hands why didn't you bring your crocheting along? You don't have to sit there elevating the temperature of this beef on the hoof car by twenty degrees with those frantic fanning movements of yours, especially when, as you say, you're not fanning to cool yourself but to have something to do.

When? Well, this is a fine bunch of tenementers for a man to find himself bunched up with on a Sunday forenoon, that's all I've got to say! Laugh! They've all got German cologne smeared all over 'emself, and it looks like one of those East Side chowder associations from where they all came.

Grand lot for a man of sense to be herded up with on a peaceful Sabbath morning, permit me to repeat!

What are you grinning about? Positively you look as if you're enjoying it; but then that's not it at all. You're tickled to death as a matter of fact simply because you see that I am in a state of acute discomfort. If there's any one thing on earth that raises you to the eighteenth heaven it's to see me having a rotten time of it.

That's the only way I can view the matter in the light of your chess-casting. Of course, too, there's more than a chance that you find yourself in a congenial atmosphere in this reeking car. I'm not saying whether that is the case or not, but I am bound to view it as quite singular that you're able to squat there in your seat wearing a grin from ear to ear when the condition by which we are surrounded are not appreciably different from those of the Black Hole of Calcutta.

Huh! That's the beginning of the wailing chorus! How many infants in arms are there in this car anyhow? Boat money, I should judge from this hideous chorus of wailing.

Now they're all going it at once! As soon as one shuts up two or three more begin, and—oh, well, I'm in Dutch; that's all there is to it. I s'pose they'll all bawl and yell and shriek all the way there and back.

Did you bring any cotton batting along with you, so I can stuff some of it in my ears, and partially shut out this vile discord? What you didn't bring any cotton batting?

Well, why didn't you? Don't you ever think of little things of that sort when you start on a journey? Or did you expect me to remember to stick some cotton batting in my pocket?

Boy's that! Cotton batting isn't generally considered an indispensable article of travel? Oh, never mind arguing the point, with me. I didn't come on this insane expedition to be argued with. I don't know why I did so, but I do know that it wasn't to have you pick my words to pieces as soon as I get them out of my mouth. I got enough of that from the fat, heaven forbid!

How's that? It's only natural for babies to cry? Oh, that's your point of view, isn't it? You've got your mind made up to pick on me, have you?

Who in blue blazes said that it wasn't natural for babies to bawl? D'ye think I think that they feel bad they ought to stoke themselves to a hypochondriac injection of hashish or something like that? I'm not denying the brats their inalienable right to howl their heads off, if more than I'm denying you the right, seeing that you enjoy it, of sitting there with a vacuous grin on your face.

What I'm trying to find out is what the devil I am doing here in this situation, surrounded by a carload of yawling youngsters. That's the prize puzzle that's engaging my study. I've known all my life that brats howled upon the least provocation or upon no provocation at all, but it's a sort of a new one on me that I'm such a nonconsequential snub as to place myself in a position where I've got to listen to the howling complaint and repinings of about half of the bawlers of the East Side.

Huh! This train must be making all of twelve miles an hour, and at this rate we'll about reach that infernal excursion place along toward sundown, just in time to be welcomed by a few billion mosquitoes chanting their twilight hymn as they search for their glowing lunch.

Look at that, big lummock of a piano mover mooching up and down the aisle, brushing against people. If he swings against me again I'm going to bring him for luck, that's what.

Huh! How's that? Don't make any trouble. I'm not looking for any trouble, but that big lug thinks he's going to swag against me—

Huh! Wouldn't take a chance on starting an argument with such a big man as that? Look a-here, d'ye mean to intimate that I'm afraid to tackle a nut of that kind just because he's big and husky looking? Is that the kind of a crack you're trying to wedge in?

Because if it is, why, well, it's a good thing he's taken his seat, that's all. I'd hand him an uppercut in a holy minute if he tried that brushing against me again.

When? I've heard about equatorial heat, but if this travelling cage hasn't got everything in Uganda or wherever it's backed off to, why, well, it's a good thing he's taken his seat, that's all. I'd hand him an uppercut in a holy minute if he tried that brushing against me again.

TO OWN A Gourlay Piano is to be proud of your piano.

If you are a musician the sympathetic bond between you will be strong indeed, for a Gourlay Piano responds to every mood of the player. If you are not a player, the pleasure in your friends' enthusiasm will more than repay you for the amount of your investment, to say nothing of the extra years of service over an ordinary piano.

Oh, you didn't, hey? Why didn't you? How's that? You don't generally carry extra handkerchiefs for me, do you? Think you might have anticipated that on a lunatic trip of this kind the chances'd be about a million to one that I'd need five or six extra handkerchiefs to keep my face swabbed so's people wouldn't take me for a Kaffir or a Hot tent?

Oh, please, what am I mumbling about? It serves me right—the whole business serves me perfectly right. Here I might be in my nice cool flat smoking a cigar and fumbling through the Sunday papers, with a decent dinner in sight, and all that sort of thing.

It's my own fault, really. A man that doesn't know enough to stay in his home when he's got one doesn't deserve any sympathy when he stacks up against a ghastly, grisly game like this.

I can see right now in my mind's eye the kind of a punkerino dinner we'd get at this place that you've got me headed toward—probably a slab of pinkish veal and little sloppy messes in little size side dishes of sauce and string beans and pickled beets a couple of weeks old and warmed over last week's coffee the color of the Missouri River during a flood, and probably topped off with a messy little dab of bread or cottage pudding filled with things that are supposed to be raisins or currants but that look a whole lot like something else.

I've got the forecasting dope on the kind of feed you're leading me to, and I can't say that it causes me to feel like presenting you with an engrossed resolution of thanks for dragging me—

How's that? You didn't want to come at all and it was I that glanned the whole trip and insisted upon your accompanying me?

Ha, ha! Pardon my levity. It does not proceed. I venture to assure you, from any sense of mindfulness. It is simply an involuntary, irrepresible sort of a ha, ha, not necessarily denoting joy or anything resembling it.

Huh! Oh, you're telling me straight outright truth, are you? And I planned this thing away last week, and when you said that you feared we'd get into a noisy crowd of excursionists I said that I liked crowds of excursionists, and—

Well, well, well! That's the greatest thing I ever heard of! It's wonderful, it's amazing! It's dazzling!

I framed up this trip, eh, and dragged you along? Well, I'll tell you what I'm going to do. I'm going to take you to a specialist in nerve diseases the first thing to-morrow morning.

It's treatment that you need—treatment in some quiet, screened, sheltered, cloistered place. I've perceived that fact for a long time. I've hesitated about mentioning anything about it to you out of motives of delicacy.

Either you are raving, staving crazy or I am, that's all. If I arranged for this personally conducted self-punitive expedition then I did it in my sleep and I need treatment for that, or else I did it while in a subconscious state, and I'll have the subconsciousness extracted or else I'm a pig, a nut, and a candidate for the booby hatch with a batty average of 450.

Oh, well, it was to be expected that you'd switch the thing around after you saw what a fliv and a frost the trip turned out to be so's to make it appear that I was the suggester, organizer and booster for the dismal affair. I'm used to that stuff. It's been about all I've got since the first day we were married. It's a habit.

Look up there! That big ruffian that was walking up and down the aisle is fighting with another man! Here, let's get out of this blamed car! I don't intend to get mixed up with a lot of bullies and plug uglies, because if ever I take a hand in a mix like that I'll be killing about half a dozen of them. Let's go into the car in the rear. Come on.

Well, there are as many squalling babies in this car as there were in the other if not more, but by some chance nobody happens to be fighting in here for the moment. By the way, why were you so reluctant to come back to this car? Was it that you preferred to stay in there and see those big loafers maul each other around the car? What other interest was there?

How's that? You didn't want to leave

HOT WEATHER SHOES

July and August are the months for wearing low cut Oxfords, but if we sell as many of them in July as we did in June we will be more than satisfied. From all parts of the city people come to this store for their shoes, and there must be some good reason for it. The main reason is: We keep the shoes the people want and sell them at a fair profit, mark the price in plain figures and only the marked price asked or accepted.

SOROSIS AND HAGAR—We candidly state from several years' experience that Sorosis and Hagar Shoes are the best value shoes to be had in Hamilton for women. The fit, style and workmanship are exactly as should be, and the hidden parts of the shoe—the parts which you cannot see—are all of the best material and put together with great care by expert workmen.

SOROSIS is the best line of shoes made in the States, and HAGAR is the finest and best line made in Canada, so there you are; take your choice, as we are fortunate in having the selling agency for both of these celebrated lines of shoes.

DRESSY YOUNG MEN buy their shoes in this store because they know that we lead in advance styles in narrow, medium and wide toe shoes. Our Russia tan calf Oxford at \$3.50 has been a seller. They are genuine calfskin—solid all through and Goodyear welt soles; a very natty shoe and only \$3.50.

SMALL THINGS, but you will want them with you on your holidays. Lace, Shoe Polish, Shoe Trees, Rubber Protectors, Arch Supports, Bathing Shoes, Outing Shoes, Rubbers, etc., and they are here ready for you.

BRONZE—We will bronze your old Oxfords or Slippers for 30c.

because you were afraid folks would think that maybe I was afraid to—

What! Look a-here, d'ye mean that? Do you mean to insinuate I—

Well, that's carrying it pretty far. Permit me to warn you fairly and squarely, madam, that that's carrying it a heap further than I'm in any mood to tolerate. It's bad enough to be hauled and yanked around in this way at the behest of a woman who revels in this kind of an atmosphere and environment, but when you begin to deliberately and malevolently impugn my whole—

But everything, the whole business, serves me perfectly right. I deserve it all and more. I'm going out to the smoking car. Try to get yourself into a half-way decent sort of a humor while I'm out there smoking, won't you?

WILL WRITE NO MEMOIRS. Ex-Empress Eugenie Issues a Public Statement.

Paris, July 7.—M. Pietri, ex-Empress Eugenie's chief secretary, has written to the Figaro regarding certain so-called memoirs of Eugenie, saying that she receives innumerable requests for the publication and translation of her memoirs. In order to put an end to all such requests, she wishes it to be known that she never has and never will write

memoirs, and that any publication of this kind must be apocryphal.

ROOSEVELT'S LUCK. Has Himself Killed a Lion, Liones and Four Rhinoceros.

Naivasha, British East Africa, July 7.—The Roosevelt expedition is enjoying good hunting and all the members of the party are well. This information was brought into Naivasha to-day by courier from the Scotch district.

Mr. Roosevelt has killed a splendidly mounted lion, one lioness and four rhinoceroses. He brought down the lion while the beast was in full charge, the bullet penetrating the middle of the chest. Kermit Roosevelt has secured one big bull eland, one lioness and two rhinoceroses. In addition, both hunters have been successful in bringing down a large variety of other game.

AFTER TAFT.

Claims There Was a Plot to Assassinate Him.

Woman Saw Man With a Revolver Standing Near President.

New Haven, Conn., July 7.—That an attempt on the life of President Taft was planned at the Norwich celebration, and that everything was not so quiet as had been reported, is the startling statement of Detective James Ward, New Haven's police representative there.

He said, in describing the incident, which occurred Monday at the time of the big parade:

"I was standing in the crowd near the President, and with me was Detective Wheeler, of the secret service force, when a woman in the crowd shrieked. We thought at that time it was for lack of air, although it was not a warm day.

We drove the crowd back, and as soon as we were near her we heard her gasp. "A pistol there," and seemed to faint. After we had brought her to her senses she told us that a man of medium stature had stood near the President with a revolver under his coat, and that in fright she had pretended to faint in order to attract the attention of some of the officers of the law."

After this the detectives looked through the crowd, but failed to find the person described or any information regarding him, except that he had been seen hurrying away. President Taft was not disturbed.

KILLS HIMSELF. Son of Wilkes-Barre Business Man, a Suicide at Stamford, Ct.

Stamford, Conn., July 7.—Dr. Louis L. Hirsch, whose father is a wealthy business man of Wilkes-Barre, Pa., was found dead in the Stamford Hotel this afternoon, a suicide. He had turned on a gas jet and the coroner said he had been dead fourteen hours.

Dr. Hirsch came here two weeks ago from Springfield, Mass., where he had been practicing medicine. He seemed in good spirits and health, but an unopened letter from his father would indicate that there was some trouble which concerned the young man.

"This all makes me feel bad," the father wrote, "but I don't care much for myself, as many troubles make me feel like going home."

The letter was dated Wilkes-Barre, July 5, and it was signed, "Your loving father."

GROWTH OF C. E. Has Gained 94,200 Members Since the Seattle Convention of 1907.

St. Paul, Minn., July 8.—The United Society of Christian Endeavor has gained 2,355 societies, with a total membership of 94,200, since the last convention at Seattle, two years ago. This was the encouraging report of Secretary William Shaw at the opening here to-day of the society's annual convention.

Practically all the evangelical denominations are represented in the society's net enrollment of 71,493 societies, with a membership of 3,551,100. The Presbyterians still hold first place, with 10,108 societies; the Disciples are next, with 7,148 societies, having taken second place from the Congregationalists, who are now third, with 6,454 societies. The Baptists are fourth, with 3,497.

President Francis E. Clark's address was a hopeful summary of the achievements of the last two years and an optimistic prediction and exhortation for the future. He declared that the goal of the society must be 1,000,000 new members in the coming two years.

FOR MARINERS.

Regulating Speed of Vessels in Toronto Harbor.

Toronto, July 8.—The Harbor Commissioners have approved of the following regulations applying to the speed of all craft, great and small, in Toronto harbor:

"The rate of speed within the harbor of Toronto or its approaches of any craft or vessel having a greater length of water line than fifty feet, shall not at any time exceed the rate of seven miles per hour; and the rate of speed of any craft or vessel having a water line length of fifty feet or under, shall not at any time exceed the rate of ten miles per hour.

"The rate of speed of any craft or vessel shall at all times be reasonable, and such as not to endanger property or human life.

"Any person, or persons, captain, or master, or owner of any craft or vessel offending herein shall be subject to a fine of \$20 for each offence."

CAUGHT AT LAST.

John Piche Run to Earth in Cobalt Yesterday.

Toronto, July 8.—After a chase extending over two years, during which he was hunted by the Northwest Mounted Police from one end of the western provinces to the other, eluding them time after time when they were confident they had him cornered, John Piche, a middle-aged French-Canadian former magistrate in the Sudbury district, and one of the original prospectors of the Temiskaming & Hudson's Bay mine, was run to earth in New Liskeard by Chief of Police Caldwell yesterday afternoon. Piche, for whose arrest a warrant has been in existence since April 12, 1907, is wanted in Toronto on a charge of accepting a bribe.

He was brought down to Cobalt by Chief Caldwell yesterday, and will be held there until the arrival of Detective Mackie, of the Toronto force. The detective left for Cobalt last night, and will bring the prisoner back to-night.

HIS BIRTHDAY.

Many People Assist St. Catharines Man to Celebrate.

(Special Despatch to the Times.) St. Catharines, Ont., July 8.—A large number of friends of Daniel Plumsted gathered at the residence of his son-in-law, Robert Wright, Church street, yesterday to join the venerable gentleman in the celebration of his birthday. Mr. Plumsted but two years ago superintended the building of several mudsows at Owen Sound, and is very active and hale and hearty. He is about the city every day, and takes a great interest in what is going on in the city and country.

Ice Cream Not Food. Brantford, July 7.—L. Laondarian, proprietor of a local ice cream parlor, having conducted business on Sunday for the past three years, under a former decision of the magistrate, was to-day fined \$5 and ordered to close his premises on Sunday.

Ice cream was sold without meals, and the magistrate held that same was not food.

Work has been commenced on the new extensions of the Western Hospital, Toronto.

TWO POISONS.

Wife Fought to Save Him From Committing Suicide.

Despite Her Efforts, Nelson Soggs Carried Out His Purpose.

Niagara Falls, July 7.—Nelson A. Soggs, 31 years old, for several years in the jewelry business here, committed suicide this morning at 9 o'clock at his home, 1023 Ferry avenue, by taking prussic acid and laudanum. His wife vainly struggled to prevent him from carrying out his purpose.

Soggs arose just after 8 o'clock and went down stairs, greeting his wife and Mrs. Mary W. Lloyd, of Springfield, Mass., a cousin of Mrs. Soggs. After chatting for a few minutes he returned to his room. His appearance below stairs, not fully dressed, made his wife suspicious that something was wrong. For ordinarily he was very punctilious in his dress. She followed him shortly afterwards.

She found him in the bath room, a bottle in his hand, another, empty, on the washstand. In the room there were also two knives. She persuaded him to return to his bedroom, where Mrs. Lloyd joined her, and after a struggle the woman succeeded in getting the bottle from him. Then he returned to the bath room, while they ran down stairs and summoned Dr. Walter A. Scott, coroner, who arrived within ten minutes.

The doctor found Soggs lying face down on the floor, quite unconscious, and in spite of the utmost efforts of Dr. Scott, Soggs died within twenty minutes. He had taken the cyanide of potassium, used in his trade, when he was first in the bath room, and had followed that with about an ounce of laudanum.

I would advise Constable Hay to chew hay in future in place of gum.

RIOTING AT THE MINES.

Riot Act Read and Requisition Made on Ottawa For Troops.

Miners, Backed Up by Women, Try to Prevent Men From Working.

Proposal to Swear in Five Hundred Strikers to Keep the Peace.

Halifax, July 7.—Colonel Humphrey, who is commanding the troops here, in the absence of General Drury, received a requisition to-night from Judge Finlayson for troops to proceed to the scene of the strike in Cape Breton. A special train was at once made up, and provisions and tents placed on board. About five hundred men from the Royal Artillery and Royal Canadian Regiment will embark as quickly as they can be got ready, and the train will be on the way to Glace Bay before daylight in the morning. Colonel Wadmore will probably go in command.

Glace Bay, N. S., July 7.—Riotous scenes at the collieries, an assault on General Manager Duggan, the reading of the riot act, several workmen injured, twelve arrests, and the refusal of Mayor Douglas, of Glace Bay, to call out the troops at the request of the company, were the special features that marked the strike of the United Mine Workers in the employ of the Dominion Coal Company to-day. The strike took its first turn this morning at No. 2 and No. 3. Roughness was commenced at No. 2 at 6 o'clock, just as soon as the first man appeared for work. An enormous crowd had assembled at the colliery, composed of strikers, women and children, waiting for the men who were expected to go to work. All were armed with stones, sticks and eggs, and when the first man appeared they bore down on him. A hundred of them and riot broke loose. General Manager Duggan and a squad of police charged the crowd, to open up a way for the workmen to escape. Mr. Duggan was struck and slightly wounded on the side of the head, and several women and children were knocked down and a number injured. After a sharp struggle between the strikers and the police the place was finally cleared, and the rest of the workmen were allowed to go into the mine without further interference. Twelve persons were placed under arrest, charged with a breach of the peace, and were immediately brought to the Police Court, where they were first held, and then arraigned before the Stipendiary Magistrate.

Conditions were even more serious at No. 3, where at the time of writing the strikers are still in charge. There the strikers, assisted by women and children, attacked the men who reported for work, and by the use of sticks, stones and eggs, prevented all but a very few from entering the mine. A number of heads were cracked, and the strikers assumed such a threatening attitude that the police were forced to draw their revolvers to defend themselves. Two thousand strikers surrounded the jail in which the prisoners are confined, and it was thought that an attempt would be made to storm the jail and liberate the men. This, however, did not occur. The police are practically powerless to control the men, many of whom commit depredations and get away without being caught. It was reported early to-day that the strikers had set fire to the fence around No. 2, and that the plant was in danger, but later it was learned there was no foundation for such a story. The men, however, are in an ugly mood, and almost any act of violence could not be unexpected. A coal train from No. 3 was held up on its way from the pit and derailed by the strikers.

SALOONS ALL OPEN.

Yesterday the saloons were closed tight, but today they are wide open and liquor is flowing freely. As a result the passions of the men are inflamed, and they are ready to commit almost any deed of violence. The peaceably inclined hold that the soldiers should be ordered out at once, as nothing but the sight of cold steel and a red coat carrying a gun will be sufficient to check the rising ire of the strikers.

At the Caledonia colliery about 500 strikers gathered early in the morning in front of the main gate, and any man who came through the crowd to go to work was jeered, stoned and chased. Several had to run for the gates under the protection of the special constables. Several men going to work were threatened so much that they turned back. Others, who kept on through the crowd, were taken hold of or chased, and several of them were injured, though not seriously.

Among those arrested was a Mrs. McDonald, who was in the thick of the melee, urging the strikers on.

The following mines are idle to-day: No. 2, No. 3 and the Hub, with No. 6, which is permanently closed. More men turned out to work at No. 2 and 3, but they could not reach the mines for lack of protection.

The strikers are in a very serious and ugly mood. Some of them entered the houses of the P. W. A. men last night, and beat them until they promised that they would not return to work to-day.

General Manager Duggan applied to the Mayor to-day for a requisition for the calling out of the troops, and the Mayor refused. Instead, he accepted the suggestion of the strikers that five hundred men from their own ranks should be sworn in as special constables to maintain the peace.

This request was turned down by Mayor Douglas, who summoned the leaders of the U. M. W. to a conference, the result of which is that they agreed to furnish 500 strikers, to be sworn in as special constables, with a view to the serious disturbances in Caledonia, the strikers stripping some of the P. W. A. men of their clothing, and the riot act was read there too.

WOMAN HURLED BRICK.

The women are taking as great an interest in the fight as the men, and dozens of them are to be seen about the mines moving in and out among the strikers. The only actual deeds of violence so far committed have been by women. As a P. W. A. man was on his way home last night he was stopped by a U. M. W. sympathizer, who, after exhorting him to quit, and finding his eloquence of no avail, hurled the insulting epithet of "scab" at him.

"You let my husband alone," shouted an irate female, and with the word she

WOMAN'S BODY.

Unknown Discovered Near Chatham on Railway Track.

Chatham, Ont., July 7.—Sectionmen at seven this morning found the mangled body of a young woman, apparently about twenty-five, lying at the side of the G. T. R. tracks a short distance this side of Prairie siding. Her head was split open and the face was marred beyond recognition.

She was well dressed, had brown hair and eyes, and was apparently an American. She had a small sum of money. A letter was found in her chateleine bag addressed to Miss Belle Weaver, No. 5 Just-the-Right-Place, Scranton, N. Y. It was signed by Edward Edmunds, of 384 Main street, care of the Boston Lunch, New York. She had also a number of receipts from the United States Express Company, made out to Isabella Jones. It is believed that the victim is Miss Weaver.

GIVES FORTUNE.

Aged Chicago Philanthropist Soon to be Poor.

Chicago, July 7.—Daniel K. Pearsons, the "sage of Hinsdale," already famous for his munificent benefactions to the small colleges of this country, announced that he would devote the remainder of this his ninetieth year to distributing among the various educational and philanthropic institutions of this city his last million dollars.

This will round out the sum that he has always intended Chicago to have, and leave him relatively a poor man when he celebrates his 90th birthday on the 20th of next April. Mr. Pearsons declined last night to indicate what institution will benefit by the remainder of his large fortune.

For virtually a quarter of a century Mr. Pearsons has devoted the major portion of his attention to bestowing money on public institutions which he deemed worthy, and he has already given away considerably over \$4,000,000. His gift to Chicago will mark his retirement from the role of philanthropist, for he will have only enough to insure himself a comfortable old age.

NEW STATION AT GUELPH.

Railway Commissioners Orders Grand Trunk to Improve Accommodation.

Guelph, July 7.—The Dominion Railway Commission has issued an order compelling the Grand Trunk to erect a new passenger station in Guelph before September, 1910. The station will be in Jubilee Park, which property goes from the city to the company at \$5,000. The company is also compelled to put in a subway at Gordon street and a foot subway at Huskisson street. There will also be a subway at Neeve street, the cost of which may be borne by the city or the company, whichever can prove the right of first survey over the property.

TOOK SIX—GOT WELL.

Mrs. R. C. Small, of Ottawa, certainly ought to know a lot about Rheumatism. Goodness knows, she suffered long enough. For years, she was almost a cripple, and at times the pain was so severe that she was compelled to lie helpless in bed.

"About a year ago," writes Mrs. Small, "I saw Fruit-a-tives advertised and decided to try them for my Rheumatism. After I had taken two boxes, I was much better. I took six boxes in all—have had no pain for over six months—and feel that I am completely cured. I have gained over ten pounds in weight and am strong and well."

And yet there are some people suffering with Rheumatism, who are not given "Fruit-a-tives" a fair trial. Perhaps they don't want to get well.

"Fruit-a-tives" are a positive cure for Rheumatism, Sciatica, Lumbago, Neuralgia and all troubles arising from impure blood.

50c a box, 6 for \$2.50, or trial box 25c. At all dealers or from Fruit-a-tives, Limited, Ottawa.

FRUIT RATE.

COMMISSION AIDS QUEENSTON AND NIAGARA GROWERS.

Chairman's Severe Comment—Another Case of Express Companies Trying to Evade Their Undertakings, He Says.

Ottawa, July 7.—"This is a repetition of what we have seen before on the part of these companies; they are trying to get away from their undertakings," said Chief Commissioner Mabey, of the Railway Commission, in commenting to-day upon the complaint of the Niagara and Queenston fruit growers against the Canadian and Dominion Express Companies.

The whole matter of express rates is being considered by the commission, and it was understood that while this matter was sub judice the existing rates would be maintained. The companies raised the rates in some instances some months ago, and their recent action re charges on fruit expressed from Queenston to Toronto was characterized by Judge Mabey as a second breach of the agreement.

The case of the fruit growers was presented by Mr. W. H. Bunting. He said that the express companies had closed their offices at Queenston, and claimed that they were thus penalizing the fruit growers for having complained to the Railway Commission. He said that the Canadian Express Company had refused to accept any shipments from Queenston unless the fruit growers guaranteed to ship only by rail. The company had also canceled its old rate of 20 cents per hundred pounds for fruit and vegetables, and made a new rate of 40 cents. Even at this advanced rate no shipments would be accepted except upon the understanding that they should receive all the business.

"We have no power," said Judge Mabey, "to compel these companies to accept freight, but an order will be issued disallowing the attempted cancellation of the 30-cent rate. The fruit growers can then tender their shipment to these common carriers, and sue for damage in the courts if they do not get the service they are entitled to."

"I hope your Lordship has no suspicion any joint understanding between the companies to regard to closing their offices at Queenston," said Mr. F. H. Chrysler, who appeared for the Dominion Express Company.

"It is not a suspicion," retorted Judge Mabey, "it is a flat-footed opinion."

The Dominion Express Company explained that heretofore it had carried the fruit offered at Niagara and Queenston by boat, and that this season the Niagara Navigation Company was dealing with the fruit growers direct. The Canadian Express Company explained that all the express business from Niagara and Queenston belonged to the American Express Company. The Canadian Company had never handled anything except fruit. After paying the Michigan Central 10 cents for hauling the freight to Niagara Falls, they only received 20 cents per hundred pounds for carrying it from Niagara Falls to Toronto, although they received 40 cents for all shipments from St. Catharines and other points between Hamilton and Niagara Falls.

FAKE ACCIDENTS.

Three Men Arrested on Charge of Conspiracy.

Montreal, July 7.—Three men named Nathan Aloff, Max Catofo and Appi Shyrosky were arrested to-day on a charge of conspiracy to defraud. The detectives, who have worked to the end for months, declare they have rounded up the cleverest trio of "fake accident claim" workers who ever figured in Montreal's criminal annals.

No less than a score of accident claims have been put through by the men, and in every case the amount of damages was large. According to the detectives the men have taken turns in the role of "injured through negligence," and the other two acted as witnesses. The complainants in this case are the C. P. R., the Montreal Street Railway, and the Grand Trunk Railway. The men denied their guilt, but were remanded.

WIFE WINS.

Awarded Heavy Damages Against Michigan Saloonkeeper.

Detroit, July 7.—A decision far-reaching in its importance, and one which will be of interest to the cause of temperance everywhere, was handed down by the Michigan Supreme Court to-day. Mrs. Nettie Marriman, of Grass Lake, brought suit against Frederick, a saloonkeeper in the same town, claiming \$10,000 damages from him for having sold liquor to her husband, thereby rendering him a drunkard, as well as causing the plaintiff to lose her home, her money and the companionship of her husband.

It was shown to the satisfaction of the court that until Marriman took to drink he was a prosperous railroad telegrapher, and stood high with his employers. The drink habit caused him to lose everything, and finally his wife was obliged to leave him. The case first went before a jury, which gave Mrs. Marriman a small verdict, but she appealed to the Supreme Court and the decision to-day resulted in a verdict against the saloonkeeper for \$5,225.

Mr. J. Bruce Walker, Commissioner of Immigration, is already impressed with the need of men to handle the western harvest. He says applications are pouring in and cannot be filled. He thinks twenty thousand men will be required.

TROOPS OF TWO NATIONS.

Canada Shares Largely in Champlain Tercentenary.

Mr. Taft, Mr. Bryce and Hon. R. Lemieux Speak.

Many Americans See Scotch Highlanders For First Time.

Plattsburg, N. Y., July 7.—New York State's share in the tercentenary celebration of the discovery of Lake Champlain reached its climax to-day. Tomorrow the scenes of pageantry, the parades, the speechmaking, the interchange of compliments among the three nations of France, Great Britain and the United States, who shared in the history-making of the Champlain country, will all be transferred across the lake to Vermont, and Burlington will have its fling.

CANADA'S LARGE SHARE.

Canada had a large share in to-day's celebration, and on the American military reservation at Plattsburg barracks this afternoon the President and the other guests witnessed a parade of American and Canadian troops, which was spectacular to a degree seldom attained in this country. A regiment of Highlanders in scarlet coats, furry heads and plaid kilts, and another regiment of the Governor-General's Foot Guards in uniform of almost equal brilliancy, all fully armed and with bands playing British and Scotch marches and melodies, piped in the military display. Two regiments and a squadron of cavalry from the United States forces and a regiment of the New York State National Guard—all in the modest blue of the American army—formed the contrast for the vivid lines of color which the foreigners presented.

Governor Hughes, of New York, and Governor Proctor, of Vermont, in their speech-making tours to-day indulged in a good deal of pleasantries as to the rivalry between the two States whose boundaries skirt the lake. Whereupon Ambassador Jusserand, speaking in splendid English, was led to declare, amid an outburst of laughter:

"Gentlemen, Champlain discovered both sides of the lake at the same time. He looked on one side and then the other. He saw New York and he saw Vermont, and he liked them both."

LEMIEUX SPEAKS.

Mr. Lemieux and Ambassador Jusserand each took President Taft for a subject, and in their remarks gave him equal prominence with Champlain. Mr. Jusserand declared that both Champlain and the President knew what it was to plant a flag in a faraway land.

"The spirit and all that was best in Champlain," declared Mr. Jusserand, "lives again in President Taft. But there is a people in a distant archipelago who feel it and who for centuries will bless his name."

Postmaster-General Lemieux made many happy references to the President. He declared he felt very much at home, for he recognized in Mr. Taft a neighbor from Murray Bay, in the Province of Quebec. Amid great applause he declared that if after eight or possibly twelve years in the White House the President should have been worn thin and frail, all that was necessary was to send him back to Murray Bay, and he would be returned after a few months "as stout, as hearty, and as hardy a specimen of humanity as he appeared before us to-day."

NOT JEALOUS OF CANADA.

President Taft said in part: "I am delighted to say that for sixteen years I have spent most of my summers in Canada, and I have learned that north of us is a great and rising people, a people bound to be prosperous, bound to be great, and whose prosperity and greatness I know that Americans are great enough not to be jealous of, but to welcome."

In the banquet to-night President Taft expressed the thanks of the American people to Canada for having sent her troops to take part in the Champlain celebration, and pointed out the spirit of amity which made possible the spectacle to-day of the troops of two great nations marching in parade under one commander—Colonel Calvin Cowles, of the Fifth Infantry.

MONSTER WHALE.

Steamer's Passengers Witness Capture of Leviathan 100 Feet Long.

New York, July 7.—The biggest whale ever seen on the Atlantic coast, if reports of its length are correct, was harpooned on Tuesday 100 miles southeast of Cape Henry and brought alongside one of the smallest, two-masted whaling schooners, the Margaret, hailing from Salem, Mass. The whale, measured conservatively by Capt. Leslie, of the steamship Curituba, which arrived to-day from Cuba, was not less than 100 feet. The capture of the whale was witnessed by the Curituba's passengers, including the Hamburg-American liner Sarnia, Capt. Messenger, in to-day from the West Indies, passed when within two days of Sandy Hook the halves of a big whale floating near each other. Capt. Messenger thinks he cut the whale in two himself when he hoisted it.

The French Government has decided that it is at present unable, on account of the budget situation and conditions, to accept the proposal made by the United States to enter upon negotiations with the view of establishing a two-cent rate on letters between the two countries.

WATER FOR MOUNTAIN.

Council to Deal With the Matter Next Monday.

Township People Cannot Get City Water, However.

Although Houses Were Built on Belief That They Could.

In an effort to give the east end mountain top residents a water supply during the summer the Fire and Water Committee agreed last night to make some recommendation if possible to the Council on Monday night so that temporary power can be installed at once and the pumps operated. With this in view a special committee, consisting of Chairman Clark, Ald. Hopkins and Ald. Morris, was appointed to confer with the city engineer and solicitor. A report will be made to the committee before the Council meeting on Monday.

W. E. Blandford headed a big deputation of mountain property owners who appeared before the committee last night and urged that some action should be taken at once as the people were beginning to feel the hardship of being without a water supply in the sweltering hot summer months. They asked that some temporary arrangement be made about the power and that a small 25 horse power motor gas engine be installed. It was stated that a gas engine of this size could be installed for \$850, and would effect a saving of \$430 a year on the motor.

City Solicitor Waddell pointed out that the scheme was something new in pumping water that distance, and he cautioned the aldermen to be careful, as any varying of the contract with John Montgomery, the engineer, who has the contract for installing the plant, might cause trouble.

Ald. Milne wanted to make a five-year contract with the Cataract to supply power, but no one seconded his motion.

The old question of water supply for the township people was up again. D. Kelly, a contractor, who has built some homes on Sherman avenue, said he could sell them providing he could get a water supply. He would not have built on the property had he expected there was going to be any trouble getting connections with the city mains. Mr. Kelly said he was a heavy taxpayer in the city and he asked that he be fairly dealt with.

Other township residents were present and urged that they be given enough water for drinking purposes.

The committee decided last year to make a hard and fast rule that no more water was to be supplied the township people until the new pumps were installed. City Solicitor Waddell advised them to stand by that decision, as it would be greatly prejudicial to the city if it began granting permission for connections after winning its case against Barton township, on the ground that it had not the water to spare.

Ald. Morris was the only member of the committee willing to do opposite to what the solicitor advised. He declared the city had the water to spare, and he spitz what the solicitor said about the city's position being prejudicial. He would be willing to take a chance.

The other members of the committee decided it was hardly worth while to pay for legal advice if they did not heed it, and they refused to take any action. On the City Engineer's recommendation, water mains will be laid for the Cumberland Land Company on the following streets as soon as the streets are graded and taken over by the city and building operations under way: Cumberland avenue, estimated cost \$745; Rutherford avenue, estimated cost \$680; Williams street, between Glenfern and Aberdeen, estimated cost \$800; Frank McCoomb was given the contract for laying cement sidewalks at the Sanford avenue fire station. His tender was 12 cents a square foot.

A LIBERAL VICTORY.

Prince Edward Island Government Now Feels Better.

Charlottetown, P. E. I., July 7.—The Liberals to-night are jubilant over the result of the local by-election in the first district of Queen's, where Cyrus Crosby defeated John Myers, Conservative, by 69. The seat was vacated by the death of Hon. Matthew Smith, Speaker, whose majority at the general election of 1908 was 81. The Conservatives made a determined effort to capture the constituency. Had they succeeded the standing of the parties would have been 16 to 14, and as another by-election has to be held in the fourth district of Prince, where Hon. Joseph Reid was returned at the general election by the casting vote of the sheriff and resigned to run the election over again, the Conservatives hoped to win that also and make the parties 13 to 13. The total vote to-day was heavier than in the general election, every man being got out, and both parties putting up a tremendous fight in this crucial contest, which was virtually a general election in one district.

The ablest speakers on both sides stumped the district, and seldom in the island's history has such interest been taken in any by-election. The parties are now 16 to 13, not counting Reid. To-day's election practically keeps the Government in office until at least the end of their four-year term.

TO SUE THE POPE.

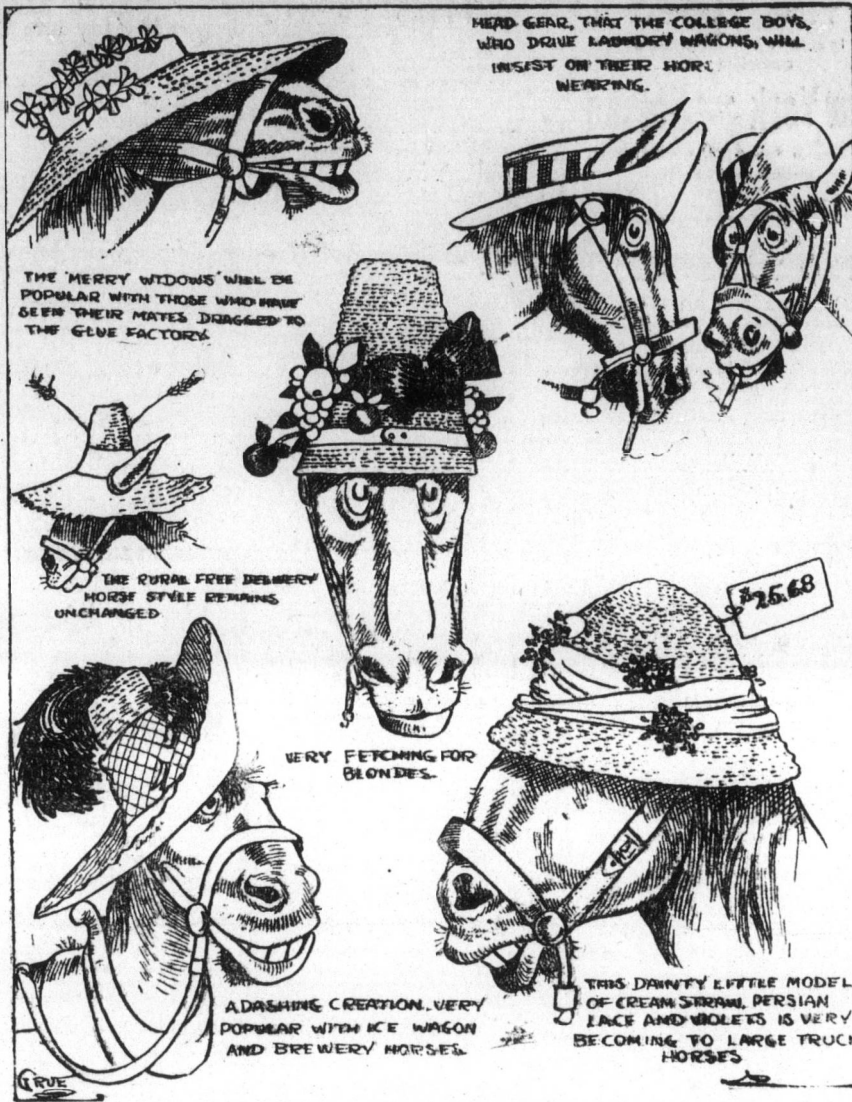

Holy See Took Possession of the Late Bishop Adam's Estate.

Rome, July 7.—Three nieces of the late Bishop Adams have taken preliminary steps toward a suit against the Pope and the Holy See for the restitution of the estate of their uncle, of which the Holy See took possession after his death. The Vatican officers declare that Bishop Adams bequeathed everything he possessed to the Pope. The action is likely to be sensational. The sum involved is large.

Lightning Killed One.

Calgary, July 7.—Paul Mueller was killed by lightning in a dining room at the home of a farmer named Chamberlain at Bonnybrook yesterday. Every other member of the household, all of whom were sitting there, escaped.

COLOMBIA IN REVOLT

Government is Overthrown With the Utmost Ease.

Colon, July 7.—A revolution has broken out in the Republic of Colombia, apparently against the Government of Rafael Reyes, the President of the republic, who is now in London. This news was brought into Colon by the British steamer Mediana, which has just arrived from Savannah, Barranquilla, and its sea port Savannah, thirteen miles away, are in the hands of the revolutionists. Private letters received here from Colombia report that the town of Santa Marta also has fallen to the rebels, but the Mediana brings no confirmation of this intelligence.

The trouble began Sunday morning at Barranquilla, and ended in the speedy overthrow of the Governmental authorities at that point. There was little resistance, and the rebels were entirely successful. Two hundred men armed with rifles then marched down to Savannah and took that port without firing a single shot. Only one prisoner was taken, the captain of the port, and he was sent back to Barranquilla.

MONTREAL GROCER ROBBED.

Two Men Work the Sanitary-Inspector Trick on Mr. Collins.

Montreal, July 7.—Two men successfully worked the fake sanitary inspector trick here on a grocer named Pierre Collins. One called at the store and requested to see the yard and garbage receptacles, saying he was an inspector. The proprietor was alone, and accompanied the visitor to the yard, where some time was spent in examining the conditions. Later in the day Mr. Collins found that \$500 had been taken from the safe during his absence in the yard.

Turned Mother in Street.

Toronto, July 8.—William Melagan, 22 Millicent street, was arrested last evening at the request of his mother and sister. Melagan is a laborer, but has not been working for some time.

Gossip and Comment

Far be it from Mr. Papke to slam the referee or question his decision. All he wishes to get before the jury is that he was jobbed, nicked, and horn-swagged.

The deduction from expert opinion is that Ketchel would have put Papke away in comfortable sleep in the earlier stages of their twenty round set-to had not Ketchel unfortunately blinked a fit in serving a poke to the scoundrel.

Charles Francis Barker, 51, for many years the world's checker champion, died in Boston this week.

Ed. Archibald and Cal. Bricker will battle for the points championship at Winnipeg.

Bert Stronach, of Ottawa, former 120 hurdle champion of Great Britain, fell while training for this event at Ottawa yesterday and will be unable to go to Winnipeg.

Had Maskette's previous performances been like Moquette's, she would have started in the Mermaid Stakes at Sheepshead Bay yesterday longer than 1 to 8.

It was J. R. Keene's Disguise-Bitumco, 3-year-old's third start of the year and her third victory, the former races being the Gazelle Stakes at 1.1-1.6 miles and the Ladies' Stakes at a mile.

Now as to Moquette, which is a four-year-old bay colt, by Ben Holiday—Ruction, that beat Centre Shot at Fort Erie yesterday with as good as 5 to 1 against his chances.

At Latonia, in June, Moquette ran also 1.1-1.6 miles in 1.44 1/5, equaling the American record. He started in the mud at Hamilton and was beaten by J. E. McMinn.

Charles R. Ellison has disposed of his equine belongings and intends to take it soft for a year or two in Germany, whither he will take the coin that speaks German as well as it does English.

Papke boosted and Ketchel knockers are sending dozens of letters all over the country with things to say, says Hotspur McBride, of the Buffalo Enquirer.

The referee, was handed something to pat the Michigan fan on the back. Another fellow declares that Roche had to give it to Ketchel, as the latter is matched with Johnson, and if he did not win that Coffroth would lose the best card of the year.

Ketchel was a disappointment but he can still go some in the middleweight class. As a matter of fact he never was a match for Johnson. He's too small. He would take a world of punishment without whimpering but facing a man three times as clever, fifty pounds heavier, six inches taller and almost half again as strong is too much of a handicap.

Pinto the horse that won the Canadian Derby at Fort Erie, is called Pinto. He was named Pinto, but the Jockey Club mistaking the "n" for a "u" registered him Pinto, and so it stands.

TRAVIS WON AT BUFFALO YESTERDAY.

Buffalo, July 8.—Playing perfect golf, Walter J. Travis yesterday won the western New York championship at the Buffalo Country Club by defeating Wm. M. Reekie, Toronto Golf Club, 7 up and 5 to play in the final rounds of three days' play.

In the finals of the second sixteen for the president's cup Walter Will, of the Rochester Country Club, beat Dr. Dwyer, Park Club, 8 up and 6 to go. John D. Armstrong, Park Club, beat W. M. Boocock, Country Club, 9 up and 8 to play in the finals for the third sixteen trophy, and George B. Johannet, Park Club, beat George G. Hinkley, Park Club, one up in the fourth sixteen.

LADY BAXTER THIRD.

Miss Swift Was Distanced at London.

Reid on Four Winners at Erie Yesterday.

Moquette Won Feature Race at Good Price.

London, Ont., July 8.—Continued fine weather, a large crowd and a fast track, assisted in making the second day of the London Trotting and Pacing Association meeting of four days one of the most successful in years.

The card consisted of four races, two for the harness horses and two for the runners. All four events were keenly contested, particularly the 2:17 pace, in which the favorite, Stonewall, was beaten.

In the 2:14 pace Ian Bars, the favorite, easily held his field for three straight heats. In the 7:8 mile run Generous Moor, who was sold recently by the Hon. Adam Beck, broke down, as did also Uncle Ned.

The first heat of the 2:14 pace found Ian Bars at the post before the first turn was made. Rombohang followed with Anna V. Brimo. Crummer raced Lady Baxter along nicely for the first quarter, and easily passed Brimo. Stonewall led in the second quarter, but Lady Baxter moved up again in this heat, but could not overtake Brimo, who was a good second.

Again, in the third, Ian Bars led for the entire trip, with Brimo second. Third position was keenly contested between Lady Baxter and Raymond L., the latter securing it by a nose.

The 2:17 pace was the warmest race of the day. In the first heat Miss Swift set a fast pace for the first half, McEwen trailing her with Elk Girl, pulling out at the three-quarter pole and making a desperate effort for supremacy the full length of the stretch. Stonewall always in a good position, closed in between the leaders a sixteenth from the wire, until the proverbial blanket would cover all three at the finish, Elk Girl winning by a nose from Miss Swift, who was a nose in front of Stonewall.

In the second heat Wind Hunter came strong, under the whip, down the stretch, and forced Stonewall off his feet ten yards from the wire. Robert Bars was an easy third.

The third and fourth heats also went to Wind Hunter, who easily held Stonewall in the lead.

2:14 pace, purse \$300.—Ian Bars, by Monbars, J. W. Plangie, Strathroy (Steele) 1 1 1 Anna V. Brimo, by Wild Brimo, J. Gentler, Kincaid (Rombohang) 7 2 2 Lady Baxter, by Arbutuskan, A. THIRD RACE. 3/8 mile run, purse \$150.—Uncle Ned, chs., by Springfield, R. Erskin, London 6 b.d. Time 1:02, 1:04.

FOURTH RACE. 7/8 mile run, \$150.—Marmorean 1, Teetha H. 2, Red Top 3, Zealand 4, Aqua Tint 5, Time 1:30.

REID RODE FOUR WINNERS. Buffalo, July 8.—Jockey Reid continued his success yesterday and rode four winners—Stromeland, Personal, Arrow Swift and Creel—the last two owned by P. M. Civiil, who holds Reid's contract. McIntyre, who rode Mazuma in the last race, complained that Reid had interfered with him, and when the complaint was dismissed he struck Reid in the jockey's room. For this he was suspended for the meeting and will not be admitted to the grounds while the suspension continues.

Stromeland won the opening race for John Dymc, running six furlongs in 1:12 4/5. Uncle Toby from the same stable was third in the next race. The Texas colt Sociable won the two-year-old event, the first race Fred Wood had won on this circuit. Mesmerizer showed his usual speed but ran out.

Centre Shot, the favorite in the mile and a sixteenth handicap, set a fast pace and led into the stretch, where Moquette wore her down and won by daylight. Green Seal was a distance third and Tourenee, running a sulky race, was beaten off.

P. M. Civiil furnished two of the winners in Arrow Swift and Creel, and after each horse won a large crowd gathered around the judges' stand, evidently with the expectation of witnessing a run-up. The boosters were not in evidence to-day, however, and none of the winners was bothered.

Dispute, the three-year-old that C. E. Mahone claimed of W. P. Reid yesterday, was returned to the latter this morning.

A nasty looking accident occurred just after the start in the sixth race. Directly the barrier was sprung, a dog dashed across the track in front of the field, and Campaigner appeared to stumble over him. In the next ten yards the outside hearing over against those in next the rail. There was a lot of jostling, and in the mix-up Campaigner fell, and Jack Baker, who was in behind him, tumbled over the prostrate horse and rider. Everything was hidden in the cloud of dust that arose, and for a time it was thought that both boys were hurt. Fortunately the riders escaped with no further damage than a shaking up.

Just when the excitement subsided another accident occurred, this time in the paddock, and with more serious results. While walking around, ex-Jockey Willie Martin was kicked on the side by Cheportue, and the blow of the horse's hoofs rendered him unconscious. It was some minutes before he came to, and it could not be learned just how serious his injuries were. Yesterday's summary:

First race, 3-year-olds and up, 6 furlongs—Stromeland, 103 (Reid), 7 to 2, 6 to 1, 2 to 1, even; 2; Sir Edward, 114 (McGregor), 14 to 5, even; 1 to 2, 3. Time, 1:12 4/5. The Earl, Scholfield, Montclair, Paul Rainart, Alta Midflow, abt., Protagonist, De Burgo, Roseboro also ran.

STANTON RETIRES FROM GRIDIRON.

Ottawa, July 8.—The Ottawa University Review, issued this week, announces the retirement of Rev. Father Stanton, coach of the university football team. Father Stanton's resignation has been accepted. He finds that he has not the time to devote to sport.

Father Stanton was responsible for the good showing of the Ottawa students in the Inter-Collegiate Union during the past two seasons, and his loss will be a hard blow to the University Athletic Association. Father Stanton practically managed the C. A. A. U. spring championships, which were held here on Victoria Day.

"BUGS" RAYMOND AND "MUGGSY" M'GRAW.

Is John J. "Muggey" McGraw losing his grip? The repeated stories that this will be his last season as manager of the Giants, his inability to control "Bugs" Raymond, and the fact that the New York team has been dissipating, is believed by many close followers of the game to indicate the scrappy leader is to quit the game.

Twice has McGraw found it necessary to thrash Raymond. The first fight occurred in a sleeping car and the second in a Pittsburgh hotel, where Raymond jumped his boss while the latter was snoozing, only to receive a beautiful thumping.

McGraw's career in baseball has been stormy. He broke into the game at Bay City, Mich., from which place he was snatched in 1892 by Manager Bill Barnie for Baltimore, to act as an ornament on the Orioles' bench.

In 1893 Ned Hamilton became manager of Baltimore, and soon discovered that McGraw knew more about the game than most men. Hamilton developed the "Big Four"—McGraw, Jennings, Kelley and Keeler.

In 1895 McGraw was made manager of the "Leftovers" of the Orioles, who were derisively called, but they finished in fourth place. His joining the American league when the National became an eight-club organization, his scraps with Ban Johnson, and his appointment as manager of the New York National league club are matters of recent history.

Two Hamilton Men to Officiate at St. Catharines Rowing Regatta.

Toronto, July 8.—The Regatta Committee of the Canadian Association of Amateur Oarsmen met yesterday and appointed officials for the annual Canadian Henley, which will be held on the regatta course at Port Dalhousie on July 30 and 31.

An additional police boat will be placed on the course this year, and non-officials and press craft will be allowed there.

The officials appointed are: Referee, P. J. Mulkeen; starter, James Pearson; judge, Captain John Wilson; associate judges, D. Walker, of Philadelphia, Pa., and J. W. McAllister, of Hamilton; timers, S. P. Grant, of Toronto; Don Cameron, of Hamilton, and J. D. Bailey, of Toronto; clerk of the course, Wilfred Murphy, St. Catharines; Major Heron, of Toronto, will, as usual, be in charge of the press boat.

Crews for the Canadian Henley from the local rowing clubs are being picked. The Argos and Toronto to date have decided upon the number they will enter.

The Argos are sending two junior eights, one junior four, one senior four, and a 140-pound four. A senior eight will also be sent. The scullers who are going will be: Junior singles, Cosgrave, Butler and Jackes; the junior double, Butler and Jackes, providing they win in the junior, will be the club's representatives.

The Toronto's entry for St. Catharines will be a junior single, junior double, and a lightweight four. The junior four which was nosed out by the Argos on Dominion Day will also be sent.

The club's officers are trying to get Lou Scholes to sit in the waist of the boat, taking Hugh Brown's place, he rowing in the junior double.

If Scholes consents to row the crew would be: P. Hill, starter; Scholes, 2; Coulson 2; Reg Porter bow. This looks like a pretty fair collection for a junior four.

Crews for the Canadian Henley from the local rowing clubs are being picked. The Argos and Toronto to date have decided upon the number they will enter.

The Argos are sending two junior eights, one junior four, one senior four, and a 140-pound four. A senior eight will also be sent. The scullers who are going will be: Junior singles, Cosgrave, Butler and Jackes; the junior double, Butler and Jackes, providing they win in the junior, will be the club's representatives.

The Toronto's entry for St. Catharines will be a junior single, junior double, and a lightweight four. The junior four which was nosed out by the Argos on Dominion Day will also be sent.

The club's officers are trying to get Lou Scholes to sit in the waist of the boat, taking Hugh Brown's place, he rowing in the junior double.

If Scholes consents to row the crew would be: P. Hill, starter; Scholes, 2; Coulson 2; Reg Porter bow. This looks like a pretty fair collection for a junior four.

STANTON RETIRES FROM GRIDIRON.

Ottawa, July 8.—The Ottawa University Review, issued this week, announces the retirement of Rev. Father Stanton, coach of the university football team. Father Stanton's resignation has been accepted. He finds that he has not the time to devote to sport.

Father Stanton was responsible for the good showing of the Ottawa students in the Inter-Collegiate Union during the past two seasons, and his loss will be a hard blow to the University Athletic Association. Father Stanton practically managed the C. A. A. U. spring championships, which were held here on Victoria Day.

CHAMPLAIN CELEBRATION.

The Scene Has Shifted Over to Burlington, Vermont.

President Taft, Ambassador Bryce and Mr. Lemieux.

Parade and Indian Pageant-Poer by Bliss Carman.

Burlington, Vt., July 8.—The scene of Lake Champlain tercentenary celebrations shifted to-day from the shores of New York, where it has been in progress at Crown Point, Fort Ticonderoga and Plattsburg, to Vermont, with Burlington as the stage for the day's ceremonies. Vermont has been celebrating along with New York throughout the week, but to-day's visit of President Taft, the French and English Ambassadors, Governor Hughes, of New York, and the New York commission, and the members of the Legislature had long been eagerly anticipated as the crowning event, and the city was gay with decorations for the occasion.

When the steamer bearing the President and party from Bluff Point arrived at the King street wharf early in the day it was met by the Vermont division of the National Guard, Col. J. Gray Estey commanding, and the visitors were escorted to City Hall Park, where literary exercises were held, over which Governor Prouty, chairman of the Vermont Champlain commission, presided. The programme included a prayer by the Right Rev. Arthur C. A. Hall, Protestant Episcopal Bishop of the diocese of Vermont; welcoming addresses by Governor Prouty and Mayor James E. Burke, of Burlington; original poem by Bliss Carman, and addresses by President Taft, Ambassadors Bryce and J. S. J. Gray, Governor Hughes and Postmaster-General Lemieux of Canada.

A parade at noon had been arranged for, a review followed by a luncheon given by Governor Prouty to the political party and ambassadorial and official guests at the Ethel Allen Club, and a luncheon to the New York State Legislature to the gymnasium building of the University of Vermont. The Indian pageants, which the President expected to witness, were a feature of the afternoon programme, following which the New York executive guests were scheduled to leave at 4 p. m. on the steamer for Hotel Champlain at Bluff Point.

A BIG ONE.

Harvester Company's Picnic at Maple Leaf To-night.

The employees of the International Harvester Company will hold a big outing at Maple Leaf Park to-night, and the committee in charge of the affair has arranged a programme of sports that will run off in front of the grand stand. It will include races at a mile, as well as at shorter distances, and will be open only to the employees of the big concern. Four thousand tickets have been issued, and it looks like a big night at the popular amusement resort. Another large crowd saw Adgie and her lions perform last night, and her entertainment is certainly interesting.

Next week's attraction will be the famous English swimmer, Enoch, who performs in a big glass tank, and does several difficult feats in and under water. He has been making a hit at the Hippodrome in Cleveland this week, and his is one of the highest priced summer acts travelling.

An added attraction to-morrow night will be a finish wrestling match between Laing and Berlinghoff for the championship of the city. The pair met in the last city championship bouts, and after a hard struggle Berlinghoff was awarded the decision. Laing thinks he can win in a finish bout, and as the park management puts up a prize, they decided to settle matters in front of the stand at the park.

MR. CHAMBERLAIN.

Congratulations on His Birthday From Canadian Manufacturers.

(Special Despatch to the Times.) Toronto, Ont., July 8.—To-day Joseph Chamberlain is 73 years old, and his admirers in England have planned gigantic celebrations for him. The following is a copy of a message of congratulation sent him by the Canadian Manufacturers' Associations: Joseph Chamberlain, Albert Hall, London, Eng.:

The Canadian Manufacturers' Association extends to Mr. Joseph Chamberlain, on the 73rd anniversary of his birthday, their warmest good wishes, and trust that restored health will soon enable him to play an active part in imperial affairs.—R. Robson, President.

BAND AT WOODLANDS.

The Thirteenth Band will play the following programme at Woodlands Park to-night: March—Four Aces; Rose Debutante—Bourman Girl; Belle Waltz—Cassio Tante Bros.; Grand Selection—A Life on the Ocean Wave; A Dervish Chorus in the Sudan; Sommer Humoresque—Coming Through the Rye (Belstedt); Selection from The Mikado—Sullivan; March—Laurentian—Laurentidean.

Friday Bargains.

Friday Bargain Day at Finch Bros. is now being looked forward to from week to week by the economical buying public, but during the July sale they will be going on with more than ordinary interest. Read Finch Bros' advertisement and you will know what this fully means. But remember we close at 5 p. m., except Saturday, during July and August.

Fralick & Co's. July Clothing.

Sale starts Wednesday. It will pay you to get next to the clothes situation; look around, then come here. There isn't a suit sold in Hamilton for \$20 any better than our \$15 suits. Another line at \$9.98 equal to most \$15 suits. 13 and 15 James street north.

TEA TABLE GOSSIP.

—Miss Edna Begin, pupil of Miss Jean Cunas, has passed her examination in junior piano.

—Miss Ethel Tallman, of this city, has passed her intermediate theory examinations at the Toronto Conservatory of Music.

—Dr. T. W. Peart, a Burlington young man, has received an appointment on the staff of the Hospital here, and has begun his duties.

—The next meeting of the Civic Improvement Committee will be held on Monday, July 26, at 5 o'clock, in the Board of Trade rooms.

—Rev. James Bracken, of this city, will preach in the Baptist Church at Burlington next Sunday, and Rev. A. Carr will preach for Mr. Bracken here.

—The Girls' Auxiliary of St. John's Church will hold a garden party to-night at Highfield school grounds, head of Bay street. See advertisement.

—John Norton, who had the top of his thumb taken off at the Norton works, says he did not touch the treadle with his foot, but was standing on the floor, at the time.

—The Stanley Mills Company had another "Seeing Hamilton at a Glance" excursion yesterday, and about 400 members of the Claremont Baptist Sunday school enjoyed the trip.

—In the music examinations at the Toronto University, Miss Grace McLaughlin, a pupil of Miss Jessie Colville, A. T. C. M., passed her examination in theory with first class honors.

—St. Thomas Sunday School picnic will be held at Oaklands Park to-morrow, Friday, July 9th. The John R. will leave her wharf, foot of John street, at 2 p. m., and the Ivan R. will convey another party at 5.30 p. m.

—M. J. G. Appleton returned from Port Rowan this morning, bringing along about 70 bass, the result of two days' fishing. He left Messrs. R. B. Gardner, W. H. Seymour and other members of the party "still" fishing.

—Students of the word of God who have read articles by Mr. J. Hixon Irving will no doubt be pleased to hear that he is in the city, and will speak to-night and to-morrow night in the Gospel Hall, 140 MacNab street north.

—Miss Bessie Peables, in her examinations at the Macdonald Institute, took a very high standing, receiving as high as 95 per cent. in some subjects, and getting an average of 82.9. She is a daughter of Mr. C. H. Peables, of the Ninth Division Court.

—Samuel and Albert Daburt and another boy were before Magistrate Jeffs at the Juvenile Court this morning, charged with attempting to set fire to an ice house at the corner of Railway and Mulberry streets, the property of the Spring Brewery Company. The case was adjourned until to-morrow.

—Miss Elsa Hackbuech, who obtained first class honors in her primary piano examinations, University of Toronto, is the little daughter of Mr. and Mrs. August Hackbuech, 168 Young street, this city, and is only eleven years of age. She is a pupil of Miss O. Balfour, Hamilton Conservatory of Music.

—Shortly after 6 o'clock this morning the fire department was called to the premises of the Force Food Company on York street, where the fake roaster, becoming overheated, had ignited the shingles on the roof. The fire was extinguished with a chemical, and the damage was comparatively nil.

—The Summers Stock Company is pleasing large audiences this week at Mountain Theatre, head of the East End decline, with the comedy drama, "Woman Against Woman." This play is receiving an excellent production by this ever-popular company, and is well worth seeing. For next week "Niobe," a comedy in four acts, with Miss Belle Stevenson as Niobe, will be the offering. As this company is well adapted to comedy, an excellent performance will surely be given.

TROOPS FOR MINES.

Over 500 Men Going to Scene of Miners' Strike.

Halifax, July 8.—510 men and 24 officers from the Royal Artillery and Royal Canadian Regiment left here at 3.45 this morning for the scene of the Miners' strike in Cape Breton. The force, which is under the command of Col. Wadmore, R. C. R., with Major McDonnell as staff officer, take with it two machine guns and a complete equipment. It will not reach Sydney until 5 o'clock this evening. All is quiet at the mines to-day, according to the latest reports.

TERRIBLE NIGHT

Thousands of People Hemmed in by Floods in Missouri.

Eight Feet of Water in One Street—Much Damage Done.

Kansas City, Mo., July 8.—Dawnbreak to-day revealed much distress throughout the flood-stricken districts of Missouri and Kansas. Thousands of people along the Missouri River, the Grand River in Missouri and the Marais River in Kansas, who had been forced to take refuge in upper storeys from the rising waters, awoke after a night filled with terror lest the flood would wash away the foundations of their homes. Besides great damage to unsprung crops and the washing away of property, the flood is causing much suffering to many farm people, who are marooned in remote and inaccessible spots. Several relief trains sent out from Kansas City and other points were unable to reach their destination and boats loaded with food and other supplies, which had put out to go to the rescue, were forced back by the swinding current. A call for relief sent out from Patonsburg says conditions there are hourly growing worse. Main street is eight feet deep in rushing water. Three-fourths of the people there have lost everything they owned.

RELIEF FOR SUFFERERS.

Kansas City, Mo., July 8.—Food conditions in Missouri and Kansas are somewhat abating and all the streams in this part of the southwest continue to flow. In Northwestern Missouri, in the vicinity of Patonsburg, where several thousand people were driven from their homes, it is believed all have now been placed upon safe grounds. Many are without homes, however, and suffering great discomforts, but relief in the way of food and clothing rushing in from surrounding points is being distributed systematically.

CRUEL MURDER.

Bride of Four Months Killed by Her Husband at the Falls.

Man Then Suicided—Discovered by Cries of Child.

Niagara Falls, N. Y., July 8.—The piteous crying of a deserted infant greeting the ears of Charles Small, a milkman, brought about the discovery to-day of a murder and suicide at No. 248 Whirlpool street, Geo. England, aged 30, during the night had sent a bullet through the heart of his four-months' bride and turning the weapon upon himself shot a bullet through his head. Neither could have lived long after being wounded.

England, a New York Central brakeman, was incensed when he returned home last evening to find his wife away and dinner not ready. Neighbors heard the couple quarrelling late at night, but heard no shots.

The infant had belonged to Mrs. England's sister, who died recently in Detroit.

new ward. Ward 1 would be extended to take in all blocks Cannon street, and ward 4 would include all north of Cannon street. As the assessment and population in both these wards is lower than the other wards, extending them would simply bring them up to the standard of the other wards.

The proposition to cut the size of the council down to twelve aldermen will likely be vigorously opposed in the council. Some of the aldermen have already expressed themselves against it.

The hotel interest may also protest strongly against the proposed division, which it is said will make things very favorable for the temperance people carrying wards 1, 2 and 3.

City Treasurer Leckie's statement of the expenditure of different civic departments from the first of the year to date is as follows: Appropria. Expended.

Burns' Favorite Word

A contributor has had the curiosity to look up Mr. J. B. Reid's "Burns' Concordance" and measure the amount of space devoted to certain words. In the result he found that Burns used the word "heart" more than any other, the quotations under this word filling no fewer than six of the closely printed columns. "Lass," "friend" and "heaven" come next, each having about two columns.—From the Glasgow News.

Notices of Births, Marriages and Deaths which are inserted in the Daily Times also appear in the Semi-Weekly Times. 50c first insertion; 25c for each subsequent insertion.

MARRIAGES. COWAN-FARQUHARSON.—At St. Andrew's Presbyterian Church, Park William, Ont. on July 2nd, 1909, by the Rev. W. L. H. Rowan, B.A., Jessie Gray, daughter of the late G. Farquharson, of Hamilton, Ont., to John Cowan, of Toronto.

DOUBLED THE FINE ON HIM.

(Continued from Page 1.)

sets aside, that it is only legal to sell ice cream in this smaller place, it is not actually necessary and is strictly against the law." The Magistrate added that this was not altogether his view, or that he approved of it, but it was his interpretation of the law, and he meant to see that it was carried out. The defendant was found guilty.

"I hope your Worship will not entertain any feeling against this man for trying to evade the law in this case," said counsel for the defence.

"Well, I hope that no vindictiveness will be used in fining him." The Magistrate did not like this remark and Mr. Lewis apologized.

The fine was fixed at \$40, which is double that of the previous offence. Joseph Goldberg, who was found guilty yesterday of obtaining a quantity of scrap steel from the Canadian Drawn Steel Company under false pretences, was this morning sentenced to nine months in jail. George C. Thomson appeared for the prisoner, and asked the Magistrate to be lenient. "For his mother's sake," he said, "I hope your Honor will give him the chance to start afresh. No one has suffered from this transgression, that is, in a pecuniary sense, as the money has been paid for the scrap."

"This is not this man's first offence," replied the magistrate. "And I do not feel that I would be justified in allowing him to escape this time without punishment."

Mr. Thomson said that arrangements had been made to send him to the other side, and that would be done immediately if the magistrate would sign the order to release him. Mr. Jeffs, however, was firm in his opinion that the prisoner should be put in the penitentiary for the term of nine months.

Yesterday afternoon a hurry-up call was sent for the patrol from the Bank of Hamilton building, where a quarrel between two young men had developed into a regular battle. When the police arrived, however, all was quietness, and no arrests were made. The trouble arose between Thomas Sealey and Thomas Sealey, and at the police court this morning Sealey was charged with assaulting Kitchen. The complainant did not show up, and the magistrate dismissed the case.

Alfred Whitman charged G. Thompson, manager of the Hamilton Bus Company, with not paying him \$6.75 wages. The complainant said that one day last week he drove a party from the Royal Hotel to a private residence on Victoria avenue, and because he did not collect quite enough money from his fare the defendant shoved him into a rig and told him to show him the place on Victoria avenue where he had called. On the way, said the complainant, Thompson knocked him out of the rig, and then he was discharged without notice, and was not given his wages.

The story told by Mr. Thompson threw an entirely different light on the affair. He said the complainant had been discharged by him on a previous occasion for drunkenness, and on the day spoken of the young man was so drunk that he

did not know at what house on Victoria avenue he had driven a man that day, and went to the stables without any fare. The fare amounted to \$1.20, and as he owed the complainant only \$1.25 for a day's work, Whitman still owed him 25 cents. The case was dismissed.

In the case of George Hunter, 27 Canada street, who was charged with breach of the health by law, the magistrate allowed the case to stand until to-morrow, until he conferred with the Board of Health.

T. A. Burke, 17 Murray street, was acquitted on a charge of selling ice cream on Sunday. The goods were sold on Saturday, but delivered on Sunday morning, and as Burke promised not to let it occur again he was allowed to go.

WHAT'S UP?

The Japanese Strengthening the Garrison at Mukden.

St. Petersburg, July 8.—A despatch to the Reich to-day from Harbin reports that the Japanese are strongly reinforcing the garrison at Mukden, which now consists of 22,000 troops, including 15 squadrons of cavalry. Trains of ammunition and provisions are constantly arriving and the Japanese are actively repairing and extending the fortifications.

TIGER ATTACKS SURVEYORS. Came Into Their Camp, Wounded Several and Badly Frightened All.

An interesting report is given by an officer in charge of a survey party in the Lushai Hills, adjoining the Cachar district of Assam, dealing with a series of ferocious attacks by a tiger on two of its surveyors.

The tiger made his first appearance on February 18 at the camp of Surveyor Gopal Singh, when it is said to have sprung upon the surveyor and one of his khalasis, who were seated alongside of each other while the evening meal was being cooked. For some reason not known the tiger did not touch either of the men and disappeared as suddenly as it had come, but the men were so alarmed that after spending a sleepless night they moved their camp to that of Surveyor Amar Singh, about four miles off. On February 21, however, the same tiger, presumably, attacked the camp again, seizing a ghalsai who was washing his cooking pots in a stream not twenty yards from the camp.

One of the tinders, by name Nandu, armed with only a stick, very pluckily rushed at the tiger and tried to beat it off the unfortunate khalasi, but it was not until the rest of the two squads came up that the tiger dropped his prey and disappeared, only to return a few minutes later and in spite of the frantic shouting of the men seized Nandu by the arm. It was again driven off, but again returned, and seized a third khalasi. Its third attempt to provide itself with a meal was frustrated in the same way as the others had been, and, fortunately, it only succeeded in inflicting slight injuries. The whole party then spent the rest of the night surrounded by fire, and keeping up a continuous hubbub.

At daybreak they moved off to a Lushai village carrying two of the wounded men and their maps, but leaving their tents and everything else behind them. On their way there were met by the camp officer, L. Williams, who had somehow received news of the desperate straits the men were in and had hurried off to their assistance. He did what he could for the injured men, but one of them was in such a woeful condition that he died almost immediately. They were all sent into Silchar, however, and a band of armed Lushai was despatched to bring away all the kit that had been left there. They found the tents, bedding and blankets and bags of rice torn and dragged about and a sight rarely and rarely to be seen. The marks of fangs, probably they had been utilized in beating it off.

When Mr. Williams met the party all the men were so profoundly affected that not one of them could speak above a whisper and begged not to be sent back to the same locality, but to be allowed to work for the rest of the field season in open cultivated country, which has here been permitted to do.—From the Survey of India Notes.
