EAST LAMBERTON NOMINATIONS

Martyn, McEachern and Oke Formally Before the Electors

The official nomination meeting for the East Riding of Lambton was held in the Lyceum, Watford, on Monday, Oct. 13th, from 12 to 2 p. m.

The writ appointing the date and the divisions were read by Mr. W. R. Dawson of Inwood, Returning Officer, Mr. Stephen S. Courtright, of Inwood, election clerk, reading the names of Deputy Returning Officers.

Three candidates were nominated, Dr. J. B. Martyn, Alvinston, conservative; D. I. McEachern, Alvinston, Liberal; and Leslie W. Oke, Brooke, U. F. O.

Dr. Martyn's nomination papers were signed by T. J. Oakes, J. Vance, Mrs. A. C. Brown, T. Allison, Mrs. S. Newell, A. E. Sutton, Adam Armstrong, Mrs. T. B. Taylor, J. McGillicuddy, R. J. King, E. Hume, Sanford Lucas, Paul Kingston, J. C. Maidment, A. Atchison, A. H. Langhead, I. J. Cowan, J. M. Kelly and 92 others. He named as his financial agent Mr. Duncan H. Newcombe, merchant, Alvinston.

Mr. McEachern's nomination papers contained the names of Mary William, Annie Walker, Angus Steward, James Cran, Mack McAlpine, Thos. and Mary Braithwaite, Reuben Beustead, Wm. Munroe, Agnes Smith, Jane Colentine, F. J. Turner, James Coleman, Jos. McAlpine, Louise Park, J. W. Wanless, C. Richard, T. Warren and 87 others. He appointed Robt. R. Clark, farmer, Alvinston, as his financial agent.

Mr. Oke's nomination papers were signed by Donald T. Smith, John Ironsides, James McLean, Jas. Robinson, John E. Evans, C. O'Brien, Burton Wells, J. H. Campbell, F. S. Armitage, A. Wells, W. Dobie, Arthur Vance, Donald L. Fisher, Archie A. Fisher, John McIntyre, Duncan McLachlan, Roy McGregor, Geo. J. Telford and 82 others. He named as his financial agent Mr. Arch. W. Campbell, farmer, Alvinston.

At the expiration of the time devoted to nominations Mr. W. R. Dawson was voted to preside at the after meeting. The candidates decided among themselves the time to be occupied by each and the order of speaking.

Dr. Martyn was the first speaker. He appreciated the honor done him in selecting him as the Conservative candidate. During his term in office he had done his utmost for East Lambton and thought the constituency had received more assistance from the Liberal than any other in Ontario. He would do all he could to support Sir William Hearst and his government if returned. He had obtained annual grants for the corn show, the fruit and vegetable show, and a promise of \$1500 towards the erection of a farmers building in Petrolia; and had succeeded in obtaining black bass fingerlings for the Sydenham river. The constituency had never received a cent during the 30 years previous to his election. The government was doing its best along the lines of agriculture and co-operation in grants for field crops and to agricultural fairs. During the five years he had represented the riding he had attended to his duties to the best of his ability and if re-elected would do his utmost for the welfare of Lambton East. He had supported the Ontario Temperance Act and would do so again. His opponents were among the best friends he ever had and he hoped that friendship would continue whatever the result of the contest. He solicited the support of the electors on his record and the record of the government.

Mr. McEachern said he was in favor of temperance and had always voted for prohibition and would do so now. Said the Liberal party had always been in favor of temperance and had a reputation passed at the recent Liberal convention. He believed in Liberalism and in government for the masses and not the classes. Regarding grants from the government he said that they had been coming to the riding for years and instanced the tile drainage act and other acts that the people owe to the Liberal party. He criticized the policy of the legislature regarding government roads and provincial highways which were of more benefit to the tourist than to the farmer and said it was impossible to get good results from county roads. He advocated the making of roads by a permanent road maker in each municipality. He claimed that Hydro electric was started by the Ross government and advocated a flat rate for the entire province. The present system was not a fair deal to either manufacturer or farmer. He was in favor of public ownership of telephones and gave the Conservatives credit for putting through the Telephone Act. He had been chosen by the Liberal party as a farmer's candidate. He stood for a square deal for the people and justice to all.

Mr. Oke said he had been selected by the U. F. O. as their candidate. The farmers had a right to better representation in the Legislature, at present they had only 10 members out of 110. If elected he hoped to assist in presenting to the government the position of farmers but would be free handed to support any legislation for the benefit of the province. He believed in the welfare of all the community instead of a party. The U. F. O. had been fairly represented in the Legislature. He had resigned from the Conservative party to take up co-operative work and

if elected would endeavor to promote the general welfare of the province as a whole, and see that the business of the province was conducted in a business-like manner. He had nothing but to say of his opponents but wished to show the classes that farmer can run Ontario if need be.

Three other speakers followed, Dr. Pickering of Forest, for Mr. McEachern, Mr. B. Faucher, for Mr. Oke, and Mr. Geo. Graham for Dr. Martyn.

The meeting closed with the national anthem and cheers for the soldiers.

LOCAL HAPPENINGS

THE GUIDE-ADVOCATE welcomes all items of interest for this column. Call Phone 11, send by mail or drop item in GUIDE-ADVOCATE Letter Box.

LADIES and Gents tailoring at Swift's. Did you dine on turkey Thanksgiving Day? Neither did we.

FORD size guaranteed tires at \$17.00 up.—RAY MORNINGSTAR.

BOYS' V-neck sweaters, sizes 24 to 30, this line is a special at \$2.50 each.—SWIFT, SONS & CO.

GEORGE BODALY has purchased from Thomas Prangley the east part of lot 221, McGregor survey, Front street.

THE Women's Institute wish to thank all those who so kindly helped them with the Public School exhibit.—PRESIDENT.

THE Epworth League of the Methodist church will meet at 7.30 sharp Thursday evening instead of Friday evening this week.

"THE GREAT LOVE" matinee Saturday at 2.30, with special orchestra, will be the feature of the evening, with novel musical prologue. Plan at Taylor's drug store.

THE time, as marked by the movements of Old Sol, is recognized as the official time regulating polling hours. The fond hopes of many candidates go down with the setting of the sun.

MANY flattering remarks were made by fair visitors on the attractive appearance of the High School grounds. The profusion of flowers along either side of the main walk has a pleasing effect on the passer-by at this time of the year.

HEAR Hon. H. F. Carson, of Nebraska, director of the Anti-Saloon League of America, in his splendid address at the mass meeting in the Lyceum on Friday evening of this week at 8 p. m., also Mr. A. E. Greenlaw, of Detroit, is expected to sing. Don't fail to come.

BOYS' suits 29 to 34 bloomer pants, \$8.50 to \$10.00, best value in Canada.—SWIFT'S.

THE Deputy Returning Officers for the village for the coming election and referendum are Div. No. 1, J. H. Hume and Capt. Stapleford; for No. 2, J. D. Brown and F. J. Hughes. It is likely that young lady voters will be selected as Poll Clerks.

ACCORDING to government instructions the ballots for the Legislature will be counted first on Monday night and the result declared before the referendum ballots are examined. It may possibly be seven o'clock or later before the result of both votes is known.

"A CANDIDATE FOR HEAVEN" will be the topic of a special election-time message by Rev. T. DeCourcy Rayner in the Cong'l Church, Watford, on Sunday evening. You should hear this. Everybody welcome.

A GREAT many women voters whose names appear on the lists for the first time are under the impression that they are only entitled to vote on the referendum question. They are also entitled to vote at the provincial elections to be held on the same day as the referendum will be taken—next Monday, Oct. 20th.

ANY friends of Tecumseh Chapter, I. O. D. E., who wish to contribute to the Nov. 11th show for the Convalescent Hospital, London, are requested to kindly send their donations not later than Wednesday, Oct. 22nd, to Mrs. W. J. Thompson, Ontario street. Fruit, jam, butter, eggs or anything suitable for invalids acceptable.

To those who may still be confused as to the referendum ballot it is explained that on the ballot there will be a "yes" and a "no" column. Four questions will be put to the voter, to each of which answer must be made by marking a cross in one column or the other. A cross must be placed opposite each of the four questions in one column or the other. Unless this is done the ballot will be spoiled.

Children's Day will be observed in Trinity Church on Sunday next. Service will be held at 2.30 in the afternoon, when addresses will be given and the special form of service used. All parents and friends of the Sunday School are invited to be present. The collection will go to school work. The evening service at 7 o'clock will be in keeping with the day.

MR. T. J. OAKES and family, who have been residents of Inwood for a number of years, have moved to Watford and purchased the village property of Mrs. John Lucas. Previous to his departure from Inwood he was presented with a wicker chair by admiring friends. Miss Bertha Oakes was also presented with a handsome oak rocking chair, and Adrian Oakes with a set of gold cuff links and silk tie. We welcome the family into our midst.

A SPECIAL in Ladies black Coats, sizes 36 to 44, price \$25.00.—SWIFT'S.

SOME real bargains in used Ford and Chevrolet cars.—R. MORNINGSTAR, Watford Garage.

MISS SARAH A. SHIRLEY has sold her house and lot on Rachel street to Mrs. Sidney Harris, of Brooke.

SEE the society women of England in "The Great Love" matinee on evening, Saturday. Plan at Taylor's drug store.

HEAR Hon. H. F. Carson of Nebraska speak and Mr. A. E. Greenlaw of Detroit sing on Friday evening, this week, in the Lyceum.

The May Bell Marks Co. will present the splendid play "A Runaway Wife" in the Lyceum, Watford, on Friday and Saturday next, Oct. 24 and 25. Particulars next week.

AN ELECTION CAMPAIGN, the fall fair and Thanksgiving coming about the same time is a bad combination for a printing office. It is an account of this that the paper is late this week.

MEN'S odd tweed trousers \$3.50 to \$4.50 big range of patterns, best value in Canada.—SWIFT'S.

THERE was not a very large turnout to hear Col. Geo. W. Bain's lecture "If I Could Live Life Over" in the Lyceum on Wednesday evening, but those present were highly edified and speak very highly of the lecture and the mastery with which it was delivered.

AMONG the articles unavoidably crowded out of this issue are a communication on "The Glorious Dead," an article "Does It Pay" on the referendum, the Warwick council minutes, and other interesting items. The report of the Teachers' Institute is also laid over until next week. The fair and the elections coming so near together and the pressure on our advertising columns have made it very difficult to get out the paper at all.

POLL your vote early on Monday next, in the morning if possible. With two ballots to mark less than a minute and a half's time will be at the disposal of the voter for each ballot, provided a full vote is polled and the voters follow each other closely and evenly during the eight hours—480 minutes—that the polls are open. For instance: in polling subdivision No. 1 there are 365 voters and two deputies—182 for each, and if all the voters vote there would be only about 2 1/2 minutes to mark the two ballots, 1 1/2 minutes for each, so one can easily see that it will be wise to vote early and avoid the rush.

Salts' plush coats for Ladies fine finished garment in plain and fancy.—SWIFT'S.

ONE of the provincial high school inspectors has suggested an innovation, which already has been put into practice in some schools in Eastern Ontario. He suggests a uniform dress for the girls—a white middie with blue collar, black cuffs and tie and blue serge skirt. Gymnasium bloomers should be worn on days that calisthenics are held. According to report, the new system has met with the approbation of almost everybody, as it does away with elaborate garbs, which are unconsciously contrasted with the dress of other students. The Watford High School, which is one of the most up-to-date schools in the province, has not as yet considered this innovation, although there is considerable to be said in its favor.

PERSONAL

Mrs. Heppy Conn, Sarnia, visited her old home here last week.

Miss Leona Harper, Sombra, spent Thanksgiving at her home here.

Miss Gladys Shrapnell, Ingersoll, was home for Thanksgiving.

Mrs. Neil McLean, Sarnia, spent the holiday with her sister, Mrs. Bennett.

The Misses Tanner, St. Thomas, spent Thanksgiving at their home here.

Miss Nellie Brock, Stratford, spent Thanksgiving with Watford friends.

Miss Merle Logan, Hamilton, was home for Thanksgiving.

Mr. George Mead, London, was a Thanksgiving visitor at Fitzgerald's.

Miss Vivian McRitchie was in Petrolia for the holiday.

Mrs. Harry Williamson, Sarnia, called on relatives and friends here last week.

Miss Winnifred Swift was home from the University for the week end.

Miss Ethel Knowles, Toronto, spent Thanksgiving with her cousin, Mrs. Peter Garson.

Mr. and Mrs. T. B. Mitchell, Oshawa, are visiting his parents, Mr. and Mrs. A. Mitchell.

Mr. and Mrs. R. C. Cowan, Drumbo, spent Thanksgiving at the home of her parents, Mr. and Mrs. John Lovell.

Dr. Vern L. Newell, Detroit, spent a short time last week with his parents, Dr. and Mrs. Jas. Newell.

Miss Helen Mavity returns to Vancouver, B. C., Mrs. Wanless will accompany her as far as Toronto on Friday.

Dr. T. J. Foster is spending the week end with his sister Mrs. Wm. A. Thompson.

Mr. and Mrs. J. Masterton, Saginaw, Mich., spent this week with the latter's brother, Mr. Thos. McCausland.

W. E. Fitzgerald was in Toronto on Tuesday attending Court at Osgoode Hall.

Mr. and Mrs. J. Cox and daughter, Madeline, London, spent Friday last

Death of R. J. McCormick, Ex-M.P.P.

We regret this week to record the death of Mr. Robert J. McCormick, ex-M. P. P., one of Watford's prominent citizens and a man universally loved and respected. Mr. McCormick was a native of Ireland and was of Scottish extraction. By perseverance and tenacity he raised himself from small beginnings to one of the highest positions in the gift of the people of the county, and during his lifetime occupied many honored and prominent positions. He was a man with many friends—upright, courteous and kind in all his dealings. He possessed a charm of manner and exerted a potent influence upon all who came in contact with him. He was a faithful and prominent member of the Congregational church. A little over a year ago he moved with his family into Watford, not being in very robust health. Since then his health gradually declined, so that his death was not unlooked for. Besides his widow he leaves three daughters, Misses Allie, Pearl and Ruby, also three brothers, Richard and John of Warwick and Joseph of Watford.

Mr. McCormick was born in Bally Hardon, county of Armagh, Ireland, on August 10th, 1848 and came to Canada in 1882, settling in Watford township, where in 1887 he engaged in the brick industry, and in 1877 purchased a brick yard. He served the township as councillor for several years, was deputy-reeve from 1883 to 1886, reeve from 1891 to 1894 and Warden of the county in 1892. In 1894 he contested the riding of East Lambton for the Legislature but was unsuccessful, but succeeded in 1908. He was a member of the E. L. Farmer's Institute and the E. L. Agricultural Society. He was also a member of Havelock Lodge, A. F. & A. M.

The funeral was held on Wednesday afternoon and was very largely attended. Service was held at the home after which the cortege proceeded to Zion Cong'l church, Warwick, where a public service was held. The Rev. T. D. Rayner, pastor of the Cong'l church had charge of the services. He was assisted by Rev. M. Kelly of London, and Rev. Margaret, of Toronto, former spiritual advisers of the deceased, and all the local ministers were present. The remains were interred with Masonic honors in Bethel cemetery with Watford relatives.

Mr. and Mrs. Alex. Kelly, Sarnia, are visiting their daughter, Mrs. J. W. McLaren.

Mrs. A. H. Gillett and children, of London, spent the week end with her mother, Mrs. H. F. Aylesworth.

Miss Leala Johnston, Ingersoll, spent the Thanksgiving holidays at Mr. W. E. Fitzgerald's.

Thos. Dodds returned from overseas this week. He is the last of the town boys to come home and was warmly welcomed by his many friends.

Misses Sadie and Opal McCausland and their friend Miss Mills, of London spent the Thanksgiving holidays at the former's home here.

Dr. and Mrs. Sangster of Sarnia, Miss Janet Moore of California, Miss Helen Mavity, Vancouver B. C., Mrs. A. K. Wanless Ypsilanti, Mich., were guests of Mr. and Mrs. C. A. Class last week.

QUEEN ALEXANDRA FILM

Noble Women of England Shown in "The Great Love"

It is not often that a motion picture producer can call to his aid the services of a Queen and women of the most exclusive nobility of England. But David Wark Griffith, producer of the famous "Birth of a Nation," "Intolerance" and "Hearts of the World," has succeeded in accomplishing this in "The Great Love," his photoplay which will be shown at the Lyceum, Watford, on Saturday, October 18th.

In this photoplay, Queen Alexandra and many titled ladies are seen engaged at their various duties in hospitals and on their estates—some scrubbing, some mopping floors, others engaged in attending convalescent soldiers while others do menial work, but which they do not deem degrading, because it is necessary for them to do their bit in order that the cause of world democracy may triumph.

WARWICK.

Bethel anniversary services and 1st meeting, Nov. 2nd and 3rd. Full particulars later.

Miss Flossie Brown and Miss Jean Smith spent last Thursday and Friday in Petrolia.

Mr. Chelsea Rowe of Toronto University spent Thanksgiving at Harvey Vance's, 4th line.

Mr. and Mrs. R. R. Smith, of London, visited Friday at J. F. Smith's, 15 side-road. Mr. Smith has just returned from a trip to England and France.

Bethel Sunday School have appointed J. F. Smith as a delegate to the Provincial Sunday School Convention held in Toronto, Oct. 21st to 24th.

Mrs. D. D. Campbell of Glencoe has been spending a few days at the home of her brother, James Shields, second line north.

Any of the parties on the Kersey Drain Edwards Drain or the Kilmer Drain, who wish to pay their assessments in cash have the privilege of doing so now as the debentures will be issued in two or three weeks.—N. HERBERT, Clerk.

BROOKE

T. J. Oakes has sold his village property in Inwood to Dr. Tichborne of Sarnia, who is locating in Inwood.

Don't forget the matinee on Saturday at 2.30. D. W. Griffith's photoplay, "The Great Love" with special orchestra. Children's Day service will be held in St. James Church, Brooke, on Sunday morning at 11 o'clock. All children especially welcome.

Mr. John W. Lucas has sold his farm on the Navoo road to Hezekiah Lett. The price is said to be a handsome one. Mr. Lucas will move to Alvinston.

Children's Day will be observed in Christ church, Sutorville, on Sunday afternoon at 3.45. Special form of service for the day will be used. All children especially welcome.

Any of the Brooke boys who did not get a ring on fair day at Alvinston should apply to the Brooke Council. It appears to make no difference whether you have served in the war or not.

I would like to be a soldier
And serve my country true
If you do not believe me
The ring should prove it to you.

Thanksgiving services will be held on the Brooke circuit next Sunday, Oct. 19th, as follows: Bethesda 10:30 a.m., Walnut at 3 p.m. and Salem at 7 in the evening. The choirs are furnishing special singing. All are cordially invited to attend a joy these services. A thankoffering will be taken in aid of the current fund of the church.

Pte. Wm. Bourne, son of Mr. and Mrs. Wm. J. Bourne, Brooke, arrived home last week from overseas. He had served at the front and was wounded after which he was sent to England where he has been ever since. When in England he met and married an English girl, who accompanied him home as his wife. We welcome Billie home, as we do also Mrs. Bourne to the country of her adoption.

CHOP STUFF

BUY W. S. STAMPS.

Strathroy fair board have a surplus of \$500 from the fair.

Essex barbers have raised the price of a shave to 20 cents.

Glencoe carried the hydro by-law without a single adverse vote.

Wm. Stinson, of Mosa raised a potato weighing two pounds and measuring in circumference 1 1/2 by 11 inches.

Henry Lawson, near Wanstead, raised an ear of white Wisconsin No. 7 corn that had 825 kernels thereon.

One gets a good many peaches in this country for sixty cents. In England at present they get one.

The cost of labor on a \$15 pair of ladies' shoes is 93 cents, according to evidence given by A. E. Grainger a buyer for T. Eaton Co. before the Board of Commerce at Toronto.

Alex. Tait, near Wanstead, has some fine samples of sugar beets, one of which weighs 6 1/2 pounds. He has 41 acres under cultivation and it is said refused \$4,000 for the crop in the field.

It will soon be possible to drive an airplane at a speed of 1,000 miles an hour at an altitude of 60,000 feet, Lieut.-Commander Read, who made the first trans-Atlantic flight, predicts. At this speed, Read declares, it will be possible to fly around the earth in a day.

While Harvey McAlpine, Euphemia, was acting as engineer, pro tem, at Mr. Switzer's threshing machine, he was by some means caught by the belt and thrown into the drive wheel. He seized an exhaust pipe, burning his hands severely, thus saving himself from having his body frightfully mutilated. He was all alone when the accident occurred.

"You love my daughter?" said the old man. "Love her!" he exclaimed, passionately. "Why, I would die for her. For one soft glance from those sweet eyes I would hurl myself from yonder cliff and perish—a bruised mass upon the rocks two hundred feet below." The old man shook his head. "I'm somewhat of a liar myself," he said, "and one is enough for a small family like mine."

Everyone Who Bought Canada's Victory Bonds Made Money

EVERY one of the million and a half subscribers to Canada's Victory Bonds knows that he can sell them today for more than he paid for them.

Every one who bought Canada's Victory Bonds has received 5½ per cent. interest per annum—paid twice a year.

Over half a million Canadians who bought Canada's Victory Bonds on the instalment plan saved money that they would not otherwise have saved.

The guarantee back of Canada's Victory Bonds is the same as the guarantee back of a One Dollar or a Two Dollar bill. There is this difference, however, that you get interest on the Victory Bonds and you don't on the One or Two Dollar bill.

Canada's Victory Bonds will always be accepted as security for a loan.

Banks are ready to loan money on Canada's Victory Bonds.

Canada's Victory Bonds may be turned into cash at any time.

There is no other way in which you can invest your money with such absolute security—paying such a good rate of interest.

Canada will soon give her citizens an opportunity to buy Victory Bonds 1919. It will probably be the last chance to buy Canada's Victory Bonds on such favorable terms.

Prepare to buy as many Victory Bonds this time as you now wish you had been able to buy the last time

Victory Loan 1919 "Every Dollar Spent in Canada"

412

Issued by Canada's Victory Loan Committee, in co-operation with the Minister of Finance of the Dominion of Canada.

McClary's Pandora

THE Boiler doesn't crowd the dinner off the Pandora on wash-days. You can set the boiler either way, across or lengthwise of the top.

There is no guess-work baking either. The oven has a glass door which keeps the baking in full view. The thermometer tells whether the oven is hot enough or not. The oven, as you must have heard, is very evenly heated.

This dependable range has easy-working grates; porcelain enameled reservoir, which may be removed for cleaning.

The Pandora is the sort of range you have always wanted. See it.

T. DODDS & SON

TO BLEND COLORS

Trick Is in Knowing What Hues Will Combine.

Some of the Popular and Harmonizing Tints That Are in the Limelight This Season.

The trick is in knowing what colors combine. It is not enough to know that such and such a color carries fashion's immediate favor, but to know just what color that color goes with to conform with the canons of smartness. And really in designing your new frocks, if you have settled the matter of color combination, you have accomplished quite a little. For color combinations that would be impossible one season have, because they are stamped with the approval of some great dressmaker, or through some association of the times, taken first place among combinations that are distinctly possible.

At the present time Paris has stamped with her approval combinations of metallic hue and almost any color on the calendar. Thus many of the smartest new ribbons show silver or gold threads running one way, with the colored threads running the other. These are used extensively in connection with the new evening frocks. Among the interesting ones are gold and brown, gold with a bright blue and silver with emerald green. Such a ribbon would, of course, give the key to the color scheme of the evening frock on which it was used.

Pale blue georgette over yellow is a color combination seen in some of the newest lingerie. The effect is a rather vague green. For the young woman with a complexion fair and clear such a color combination would have great charm in an evening frock.

Henna may be on the wane, but it has attached some interest to itself even in a house gown in which it is combined with mustard yellow. Now, this doesn't sound very pretty, and perhaps it isn't pretty, but interesting it is, and it carries with it a distinct impression of smartness.

Another color combination that isn't pretty, but that has the "right" look to it, is violet and brick. Some shades of brown are used with a vivid red in some of the evening hats in Paris, and, though brown and red would to most persons seem to be a very unlovely combination, this carries the seal of fashion's approval. Cream and cerise are interestingly combined in one of the new foulards, and this might suggest a color scheme for an afternoon frock of considerable distinction.

Particularly pleasing at all times are combinations of two harmonizing shades of the same color. They are never difficult as are some of the more daring contrasting combinations. Paquin used two shades of rose in marquisette recently with extremely effective results, and another French dressmaker used orchid georgette embroidered in rose wool.

BEDROOM LINENS AND SCARFS

Blocked Effect Is Done Either in Colors or White, According to Accompanying Embroidery.

A curious development in table linens and scarfs for the bedroom is the blocked effect done either in colors or white, according to the character of the accompanying embroidery and in various ways. The reason for this is rather obvious. Now that fine linens have become so scarce, the pleasure of looking at a pure, unbroken surface of soft white linen is not, for the housewife of today. Her "linens" will very likely be cottons for some time, and anything which will break the cotton expanse and make the finish less noticeable is welcome.

Hemstitching by machine or hand is one way of making these checkered cloths. Outline or couching is effective, too. The blocks vary according to the size of the piece, but six inches is a good working size for most of them. Small motifs may then appear in the corners or in every other block, or as a border around the edge. There is much chance for novelty here.

dictates of FASHION

The richer the fabric the less it should be trimmed.

Draped collars appear on the spring wrap coats.

Gray astrakhan is much liked on suits instead of other furs. Leopard skin makes a most striking trimming for beige velvet.

Children Cry FOR FLETCHER'S CASTORIA

Professor H. Strauss, M. D., of the Royal Charity Hospital, says, "The cause for an attack of gout, rheumatism, lumbago, is supplied by the increase of uric acid in the blood serum, the result of various causes, the most frequent of which is renal. Before an attack, one suffers sometimes from headache, neuralgia, twinges of pain here and there."

When your kidneys feel like lumps of lead, when the back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; when you suffer with sick headache, or dizzy, nervous spells, acid stomach; or you have rheumatic pains or lumbago, gout, sciatica when the weather is bad, do not neglect the warning, but try simple means. Take six or eight glasses of water during the day, then obtain at your nearest drug store 'An-uric' (anti-uric acid).

This is the discovery of Dr. Pierce of the Invalids' Hotel, Buffalo, N. Y. "An-uric" is an antidote for this uric acid, poisoning and dissolves uric acid in the body much as hot coffee dissolves sugar. "An-uric" will penetrate into the joints and muscles, and dissolve the poisonous accumulations. It will stamp out toxins! Send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package.

Feed CANE MOLA to your Horses, Cows, Sheep and Pigs, and Increase your Profits

Sprinkle Cane Mola over your straw, old hay, corn stover, fodder, ensilage, screenings, etc.

Reduces cost of feeding.

CANE MOLA is 100% Pure Cane Molasses and not a Prepared Stock Feed.

Makes more milk at less cost.

Builds flesh faster.

Keeps stock healthier.

Sold in strong iron-hooped barrels, 600 lbs net each, at a very reasonable price.

WATFORD

Shows This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Medicine.

Hall's Catarrh Medicine has been taken by catarrh sufferers for the past thirty-five years and has become known as the most reliable remedy for Catarrh. Hall's Catarrh Medicine acts through the Blood of the Mucous surfaces, expelling the Poison from the Blood and healing the diseased portions.

After you have taken Hall's Catarrh Medicine for a short time you will see a great improvement in your general health. Start taking Hall's Catarrh Medicine at once and get rid of catarrh.

Send for testimonials, free. F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.

It will be five or six years before the automatic telephone system will be installed," stated F. W. Dewar, manager of the Bell Telephone Co., Windsor. He declares that it would take four years to get the requisite machinery, and at least another year to install, but added that in not more than six years, the automatic system will be in use throughout the entire country. Plans are already under way, however, to install the new system as soon as possible.

POISON LIKE UNTO Vemon of Snakes

Professor H. Straus, M. D., of the Royal Charity Hospital, says, "The cause for an attack of gout, rheumatism, lumbago, is supplied by the increase of uric acid in the blood serum, the result of various causes, the most frequent of which is renal. Before an attack, one suffers sometimes from headache, neuralgia, twinges of pain here and there."
When your kidneys feel like lumps of lead, when the back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night, when you suffer with a headache, or dizzy, nervous spells, indigestion, or you have rheumatism, twinges or lumbago, gout, sciatica, when the weather is bad, do not neglect the warning, but try simple means. Take two or eight glasses of water during the day, then obtain at your nearest drug store "Anuric" (anti-uric acid). This is the discovery of Dr. Pierce of an Invalids' Hotel, Buffalo, N. Y. "Anuric" is an antidote for this uric acid poisoning and dissolves uric acid in the body much as hot coffee dissolves sugar. "Anuric" will penetrate into the joints and muscles, and dissolve the poisonous emulsions. It will stamp out toxins. Send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package.

will be five or six years before the automatic telephone system will be installed," stated F. W. Dewar, manager Bell Telephone Co., Windsor. He says that it would take four years to install the requisite machinery, and at least a year to install, but added that in more than six years, the automatic system will be in use throughout the country. Plans are already under way, however, to install the new system as soon as possible.

Intolerance or Compromise?

A Challenge to Common Sense!

DON'T let anyone tell you that the issue on October 20th is "The Beer or the Boy"—"Is Alcohol a Poison or not"—"Economy or Extravagance"—any such an abstraction.

The plain situation is—three sections of the people of this Province are absolutely dissatisfied with the Ontario Temperance Act and want new legislation that will permit the sale of light beer and wine generally, and the sale of pure, spirituous liquors only through Government agencies.

These three sections of the population are—ninety per cent. of organized labor, by actual vote; a large number of returned soldier organizations, by actual vote; thousands of the rank and file of the electorate who have joined the Citizen's Liberty League.

promise that these men and women want; or, are you going to insist on the retention of the unsatisfactory Ontario Temperance Act—insist on the retention of legislation that is breeding and will continue to breed dissatisfaction and discontent among our workers, returned men and a large section of the citizens generally?

The plain issue then is—Are you going to vote for the safe, sane, fair com-

Which are YOU for—**COMPROMISE** and **HARMONY**, or **INTOLERANCE** and **Widespread Resentment?**

Study the Ballot and analyze the situation conscientiously. This is one of the most vital concerns you have just now—a settlement of Ontario's vexed temperance problem that will be in the best interests of all the people.

Vote "Yes" to all Four Questions

Mark your ballot with an X. Any other marking will spoil it. Remember also—Every voter must vote on every question or his ballot will be spoiled.

Perhaps you have a friend who would appreciate receiving the home news.

A STORY OF INTRIGUE

DR. HERBERT A. BRUCE CAUSES BIG SENSATION.

One of the Most Famous Canadian Doctors Publishes a Book Entitled "Politics and the Canadian Army Medical Corps," in Which He Makes an Attack on the Methods of Sir George Perley and Other Prominent Fellow-Countrymen.

BITTER controversy will undoubtedly rage during the next few months about the book in which Dr. Herbert A. Bruce has published what he describes as "a history of intrigue, containing many facts omitted from the official records, showing how efforts at rehabilitation were baffled." Dr. Bruce's book bears the title "Politics and the Canadian Army Medical Corps," and in it he lays before the public the full statement of his Canadian overseas medical services during the war. He tells of criticisms and recommendations that were made for the purpose of bettering the conditions of Canadian soldiers, and he describes the series of events that led him finally to the conclusion that "the confirmed antagonism of Sir George Perley" made further efforts on behalf of the Canadian sick and wounded on his part futile. The book contains the statement that after Dr. Bruce gave up the post of Inspector-General, and proposed to return to Canada, instructions were issued that if he attempted to leave England, he was to be arrested, and sent back to London. Thus dismissed from office but denied the right to return home, Dr. Bruce volunteered his services to the Imperial authorities. The high regard in which he is held by the British medical profession, is indicated by the fact that he was sent last year, accompanied by Sir James MacKenzie and Sir Arbuthnot Lane, to be the representatives of the British medical profession at the American Medical Congress. The book is all the more interesting because Dr. Bruce has always been a Conservative, and that he launches his attack against another prominent member of his own party.

The "history of intrigue," which forms the body of Dr. Bruce's narrative, contains a long series of documents and letters, which tell an eloquent story even without the comments and explanations which he adds to illuminate the issues and to emphasize his viewpoint. Not the least interesting of the documents is Dr. Bruce's reply to the famous Baplle report. This reply is now made public for the first time, as the Dominion Government has hitherto refused to give it out. Dr. Bruce commences by stating that he has written the book to clear away some of the misconceptions that have been created by the controversy over his original report and by the suppression of subsequent documents. Dr. Bruce was appointed in 1916 to investigate conditions in the overseas medical services. He says: "My colleagues and I entered upon our investigations without prejudice or bias, determined only to prepare an honest and impartial report, based solely upon conditions actually prevailing. I had scarcely commenced my work, however, when pressure was brought to bear upon me by friends of those who might be affected to influence me in the investigation and findings. The treatment meted out to myself and some of the members of the committee which acted with me was certainly not such as to encourage in future an honest expression of opinion from boards of enquiry in any branch of the service."

The exhaustive report of conditions as Dr. Bruce found them was prepared and presented with fourteen recommendations. An acting sub-committee considered and accepted the report, together with the interim reply of Gen. Carlton Jones. The work of reorganization was proceeding when Sir George Perley received his appointment as Overseas Minister. Dr. Bruce goes on to describe the opposition that he encountered from this time forward. On November 2, 1918, he received a telephone message from Sir George Perley ordering the cancellation of all arrangements made in connection with his scheme of reorganization. Shortly after this act the Baplle Commission was created to investigate Dr. Bruce's report. The personnel of the commission caused Dr. Bruce to launch a protest. In his first telegram he said: "I must protest against Potheringham being a member of the board. He has expressed himself openly and bitterly, and placed his attitude definitely on record, and is therefore already prejudiced." It was Dr. J. T. Potheringham to whom Dr. Bruce thus took exception. Sir William Baplle was appointed the president of the commission. The appalling condition of affairs in Mesopotamia was then being investigated by the British authorities, and Sir William Baplle was accused of being largely responsible for them. He was later severely censured in the report dealing with this matter. This was the Englishman selected to pass upon a Canadian whose purpose in going to England was to serve his wounded countrymen. Protests against the Baplle commission brought no results. Dr.

Bruce says that "Sir George Perley took the ground that the public interest would be better served by investigating the investigator than by open steps to better the service, which my report had shown to be so much in need of reform."

Of the Baplle enquiry Dr. Bruce says: "It ultimately took place before a hand-picked board, bore no resemblance to the proceedings of any properly constituted civil or military court. The well-recognized rules of evidence and of practice with regard to the examination of witnesses were habitually disregarded. The principle of British fair play, which prevails in the courts of justice, and which demands the presence of both the complainant and the accused, was absent. This Star Chamber policy of secrecy and injustice was continued even to the length of denying me a copy of the evidence on which my report was condemned."

Then came the Baplle report, and Dr. Bruce charges Sir George Perley with issuing at the same time a statement which was intended to mislead the Canadian public. For example, the statement said that the "Baplle Board disagrees with Dr. Bruce's criticisms and recommendations except in one or two minor instances." Dr. Bruce adds: "The statement was evidently designedly misleading, the board having actually been compelled by the evidence to acquiesce in many of the essential criticisms and recommendations of my report." He points out elsewhere that ten out of fourteen of his recommendations have since been adopted, though in some instances very tardily. A full reply to the Baplle report was prepared by Dr. Bruce, but it is only now given to the public as part of his narrative.

The incidents that followed the series of reports are among the most startling in the book. On December 30th, 1916, Sir George Perley dismissed Dr. Bruce from office, but refused to accept his resignation. On one occasion he asked Dr. Bruce to sign a statement that he did not mean certain things in his report, but the Toronto medical officer refused to do so. Dr. Bruce made up his mind to return to Canada to see what he could accomplish in the interests of the Canadian wounded, but he learned the orders had been issued to intercept him and prevent his sailing. Up to this time, he had hoped to continue his work among Canadians, but realizing that he could do nothing more for his own countrymen he accepted an offer of the Imperial authorities and became consulting surgeon to the British armies in France. So the Canadian army lost the services of this experienced and able surgeon.

Dr. Bruce gives a full account of the unhappy record of Sir William Baplle, chosen to be chairman of Sir George Perley's Board of Enquiry. He tells of his own attempts to have his story placed before the Canadian public so that they might judge between him and his opponents, but he had at last to write the book in order to get a hearing. He also makes the charge that the officers who assisted him in securing the evidence on which his report was based were subjected to persecution. The book contains the allegation that the persecution of Lt.-Col. F. W. E. Wilson was "unparalleled in its vindictiveness."

Clear statements are made in the book regarding several misunderstandings that have existed in Canada concerning Dr. Bruce's report. Insinuations have been made against him because the report was published in Canada before the Prime Minister gave it out. Dr. Bruce says, "this publication was without my knowledge or sanction." A general impression got abroad in Canada that Dr. Bruce said harsh things about the V. A. D.'s. Anyone who reads his report will find that he criticized the V. A. D. hospitals because he believed that they had not been properly utilized. They were called upon to do work that other medical units were better equipped to do. He adds in his book: "I wish to emphasize the fact that in what was said in my report I intended no disparagement whatever of the services of the Voluntary Aid Detachment nurses. On the contrary, I expressed my appreciation of the self-sacrifice and devotion displayed by those nurses, and the splendid services which they had rendered to the sick and wounded."

He was also criticized for recommending the segregation of the Canadian wounded. He did so in the interests of efficiency. He thought it would be better for the men, better for the army, and better for the pension boards after the war. In the book he gives the arguments by which he supported the proposal and they are thoroughly sound. Those who opposed the suggestion held that by mixing the wounded men up among other soldiers who were not Canadians the Imperial spirit was being fostered. To which Dr. Bruce replied in his comments on the Baplle report: "I am personally of the opinion that our soldiers who have left their homes to join the colors, and who are fighting our battles, have surely proven that they are imbued with true Imperial instincts, and that when they return wounded and sick to England, after having shown their willingness to make the supreme sacrifice, they do not need to pass through a kindergarten of Imperialism in the hospitals."

Holloway's Corn Cure takes the corn out by the roots. Try it and prove it.

A GREAT PRODUCTION

David W. Griffith's special picture, "The Great Love", which will be shown at the Lyceum, Watford, Saturday, Oct. 18, is one of the finest ever brought out by that master, proved a revelation to those who are unacquainted with war conditions in England. The chief roles are charmingly portrayed by such screen players as Henry B. Walthall, Robert Harron and Lillian Gish.

When friends drop in entertain them with the music of the

Victrola

There's always fresh interest in "His Master's Voice" Records of the world's masterpieces, sung and played by the world's greatest artists; in the latest popular songs; and the newest dance music.

There are no "embarrassing moments" when you entertain with the Victrola.

The undersigned having purchased the Plumbing and Tinsmithing business of T. Dodds & Son, is prepared to attend to the wants of the public in any branch of his line.

A full line of Plumbing and Heating Goods will be kept on hand at all times.

Agent for the SUNSHINE, RADIUM and HECLA Furnaces. Rave-troughing and repairing of all kinds promptly attended to.

The patronage of the public respectfully solicited.

EDWARD MACKNESS

The Old Stand—T. Dodds & Son's.

BORN

In Warwick, on Saturday, Oct. 4th, to Mr. and Mrs. James Brandon, a daughter.

MARRIED

At the home of the bride's parents, Mr. and Mrs. John Sitter, 4th con., Bosaquet, on Wednesday, Oct. 2nd, by the Rev. C. J. Moorhouse, Miss Louise Sitter to Mr. Stanley Clark, of the 6th con. Bosaquet.

At St. Ann's church, Adelaide, on Monday, Oct. 20, by Rev. Diehl, Bella, eldest daughter of O. C. Holmes, to Mr. Warner Lyons of Whitby.

DIED

In Watford, on Monday, Oct. 13th, 1919, R. J. McCormick in his 72nd year.

In Bosaquet, Lake Road, 10th con., on Oct. 7, Dougald McIntyre, aged 80 yrs.

In Bosaquet, on Friday, Oct. 3rd, Byron McIntyre, aged 31 years.

In Forest, on Thursday, Oct. 2nd, Jane Stephenson, daughter of the late Thos. W. and Isabella Stephenson.

IN MEMORIAM

In loving memory of Pte. John Richard Williamson, who died of wounds, Oct. 11th, 1918.

One year has passed since that sad day God called the one we loved away; Forget him, no, we never will;

As Time rolls on we love him still.

He sleeps beside his comrades, In a hallowed grave unknown.

But his name is written in letters of love On the hearts he left at home.

—FATHER, MOTHER, WIFE, BROTHER AND SISTERS

A golden eagle which measured five feet seven inches from tip to tip was shot by Frank French while it perched on the weather bureau sign at the waterworks in Amherstburg last week.

our Legislatures.

Canada has escaped class representation in its popular Legislatures. A feature of our Parliaments is the preponderance of lawyers. This is not class representation—that is to say, the lawyers are not elected by lawyers, who are a very small proportion of the population, but by men of the classes. An interesting table recently prepared shows the preponderance of business and professional men in our legislative bodies, and the almost total lack of mechanics and laborers. The business and professional men are less than 17 per cent. of the population, but have more than 81 per cent. of the representation. The mechanics and laborers have nearly 27 per cent. of the population, but only half of one per cent. of the representation. Farmers have 46 1/2 per cent. of the population and a little over 18 per cent. of the representation.

A Bulldog.

"Why did you give such a ferocious bulldog as that such a sentimental name as 'Fry'?" "Because when he once attaches himself to a person, he does cling to one so."

It?

"If the temperature of the globe were to rise or to fall a paltry 40 degrees Fahr. there would be an end of civilization, if not of the human race," says Basil Thomson, C.B.

AUCTION SALE OF Farm Stock

F. H. TROWBRIDGE, at Sutorville, Lot S. E. pt. 6, Con. 13, Brooke, FRIDAY, OCT. 24th, 1919. 1 work horse heavy draft, 1 brood sow, 7 shoats, 1 stack hay, 10 cord stove wood, 1 light plow, 1 new buggy, 1 set harrows, 1 lumber wagon, good value, Massey-Harris binder in good shape, 1 cutter, set scales, set double harness, set single harness, 1 lap robe, and some new goods unused.

EAST LAMBTON FAIR

Unfavorable Weather Reduces
the Number of Entries and
the Attendance

The East Lambton Fair was hardly up
to the mark this year through unfavor-
able weather which had been excellent
for several days previous.

Thursday morning opened wet and
prevented many who had obtained entry
tickets from bringing in their goods. On
Friday there was a heavy shower in the
morning, and the entire day cloudy and
threatening, thus preventing many people
from coming in and bringing their second
day entries. The directors cancelled the
Pipers' Band and the young dancers, and
the track was not in shape to allow the
trials of speed.

ENTRIES 1600.
Gate receipts \$649.15.
The prize money will be paid after Nov.
1st.

J. Zavitz took the prize for the largest
family on the grounds.

Hon. President John Farrell presided
over the platform contests.

Lloyd Hall took the special prize for
the best roadster, given by A Brown &
Co.

The Dominion Experimental Farm ex-
hibit in the main building was an inter-
esting attraction.

The Women's Institute had a refresh-
ment booth in the building which was
well patronized.

In the contest for the prettiest baby,
Harold Curtis took first prize, Ivan Wil-
liams second and Jean Johnston third.

The Kewpie men and other fakirs had
a pretty show, and the refreshment
booths did not make profiteer's per cent-
age.

The Society should make a gravel road-
way from the gate to the main building
and move the vegetable building nearer
to the main building.

Talk about it being a poor year for
potatoes. One would not think so when
looking at the numerous entries and
splendid tubers on exhibition.

The only business firm's display was
that of Harper Bros., who had the cele-
brated Mason & Risch pianos and Vic-
trolas in their usual place.

Mr. and Mrs. Andrew Hall of Theod-
ford, captured the prize for the oldest
married couple, given by P. Dodds &
Son. They have been married 41 years.

The School children's display was an
excellent one and brought forth words of
praise from all. The little ones certainly
deserve great credit for such a large and
creditable display.

The vegetable display was one of the
best in years, but the fruit exhibit was
smaller than usual owing to the late date
on which the fair was held and also to
the rain on the first day.

The revision of the list of ladies' work
was the means of eliminating a lot of out-
of-date work. The articles exhibited
were of a very high order and almost
every section of the class filled.

The two concerts and the I. O. D. E.
dance were all well patronized and en-
joyed. The concerts were both excellent
entertainments and well worthy of pa-
tronsage. The Daughters of the Empire
have a substantial credit balance which
will be used for patriotic purposes.

The Patriotic chorus by school children
in costume was a good attraction. It
was contested by the Senior and Junior
classes of the Watford public school. The
result was declared a tie and the prize
money, \$4.00, divided. Miss Sinclair of
Petrolia, and Mrs. W. S. Shugr, of
Brooke, were the judges.

THE PRIZE LIST

HEAVY HORSES
Judge—W. J. Beggs, Linwood.
H. D.—Span—Matthews & Son, Mack
McLaughlin. Mare and colt—A. H. Mc-
Lean. Sucking colt—A. H. McLean.
AGRICULTURAL—Span—L. Matthews,
W. W. Taylor, D. McVicar. Mare and foal—
foal—F. Campbell, A. H. McLean, John
Hall. Sucking colt—F. Campbell, John
Hall. Yearling—Bryce & Son. Best
heavy horse—Matthews & Son.
G. P.—Span—D. McColl, Jas. John-
ston, S. Chambers. Mare and foal—A.
Graham, A. H. McLean. Sucking colt—

THE STERLING BANK
OF CANADA

"Ask Our Manager"

It is every farmer's duty to his country as well as being
profitable to himself to increase his operations and produce
as much as possible.
If this requires financial assistance consult the Sterling Bank
manager.

A Bank Account For Your Wife

More and more, are the wives of today
running their homes on a business basis—
systematically and efficiently.
Many wives have a monthly allowance
for household expenses.
This, they deposit in a Savings Account in
The Merchants Bank—settle bills by cheque
—and thus have an accurate record of
bills paid.
Such a business-like method also gives a
woman the feeling of happy independence
in having a bank account of her own.

of the Village of Alvinston, farmer, to be his election agent under section 203, sub-section 1, of The Election Act of Ontario. All accounts against the said candidate must be forwarded to the said Arch W. Campbell, Alvinston, within 30 days after date of election.

W. R. DAWSON,
Returning Officer for East Lambton.
Dated October 15th, 1919.

TO THE ELECTORS Of The Riding of East Lambton

LADIES AND GENTLEMEN,—

At a recent convention of the Liberal Conservatives of this riding, held at Watford, at which Sir William Hearst was present, I was the unanimous choice as the standard bearer for the Conservative party in the coming provincial election to be held on the 20th instant.

I have had the honor of representing you in the Legislative Assembly since June 1914 and during that time I have endeavored in every way to advance the best interests of Lambton County.

I have always felt that when a member is elected he should forget his politics and in every way work for the interests of his riding, this I have tried to do, and if my work has met with your approval I ask you to give me your support in the coming election.

We have just passed through five years of war and discontent, and during that time there has not been one breath of scandal against the Ontario Government, of which Sir William Hearst is the head. Sir William has done his work nobly and well and with two sons at the front, he has not been without his worries.

I think I can safely say without boasting, that I have accomplished more for Lambton county during the past five years than has ever been done before. I have secured for you an annual grant of \$350.00 for your corn show, and this in itself has advertised Lambton county as it has not been advertised before. As a result of this grant our farmers now have a market for their seed corn as far north as Simcoe county and as far east as Leeds. I have also secured for you an annual grant for a fruit and vegetable show amounting to \$250.00, this I secured four years ago, but owing to the failure of the fruit for the past two years only one show has been held, that in the city of Sarnia, I hope to reorganize this show this year in the northern part of the county. I have also had the Sydenham river stocked with small mouthed black bass fingerlings and expect to have the southern part of the stream stocked with pickeral next year.

I have also arranged with the Department of Agriculture for a grant of \$1500.00 for the erection of a winter fair building at Petrolia for a corn show, poultry show, fruit and vegetable show, and dispersion sale of pure bred live stock, this means a week's fair at the town of Petrolia.

Having accomplished this much for the county, I feel that I have very good reasons for asking for your support in the coming contest.

As to the Ontario Temperance Act. I was one of the first members of the house to support it. I believe it was a wise measure, and if elected, I shall support it again as I have done in the past.

Yours very truly,
J. B. MARTYN.
Alvinston, October 6th, 1919

A WORD TO THE WOMEN.

Two votes will be taken on the 20th of October—one on the temperance referendum and the other to elect members to the Legislature. This is the first election in Ontario when all women may vote. It is important for every woman to remember when voting on election day that she should receive the referendum ballot and the ballot for members to the Legislature. Answer every question on the referendum ballot and mark the legislative ballot for your choice of candidates.

Judge J. Coughlin, Junior Judge of Kent County, has been appointed Senior Judge of Essex county to fill the vacancy caused by the death of Judge John O. Dromgole.

DEALER WATFORD

Annual Baptist Young People's Rally

There was a record breaking attendance and the same kind of a programme as the annual Baptist Young People's Rally of Middlesex and Lambton, held Tuesday evening in the Arkona Baptist church. There were in the neighborhood of 300 delegates present, the singing was hearty, the enthusiasm high and the addresses, able and inspiring.

The song part of the services was conducted by President A. C. Bingham. Vice-president Andrew Barnes, Rev. Jno. Norton and Rev. C. W. King. The Roll Call of Unions, with its interesting reports from each, its bursts of original song, etc., was a happy feature. Pennants were awarded for the largest attendance to the Adelaide, London, the Arkona, and the Egerton St., London, unions. The following addressed the young people: Rev. Mr. T. S. Roy, the new pastor of Talbot St., London, on "The Challenge of the Hour"; Rev. N. S. McKechnie of Wortley Road, London, on "Through the Wilds of Africa"; and Rev. L. S. Haverstock, of Strathroy, on "Christ among Men." This, the afternoon session, closed with a live debate on "Resolved that Social Service is More Important than Evangelism." The question was handled in a vigorous, masterly way by a team from London on the affirmative and another from Petrolia on the negative, the latter winning by a close margin.

Between the afternoon sessions the delegates enjoyed a visit to Rock Glen, a nearby beauty spot, and a supper served by the local union in the basement of the church. The election at the evening resulted in the return by acclamation of the Rev. A. C. Bingham as president and Thomas Mills as vice president both of Egerton St. Union, London, and Miss Louise Strathroy, of Strathroy, as Secretary-treasurer. Rev. A. Hughes, of Hyde Park, Toronto, closed the evening session with an eloquent address on "The Supreme," appealing to the young people for a fully consecrated life to the service of their Lord and Redeemer.

Do not allow worms to sap the vitality of your children. If not attended to, worms may work irreparable harm to the constitution of the infant. The little sufferers cannot voice their ailment, but there are many signs by which mothers are made aware that a dose of Miller's Worm Powder is necessary. These powder acts quickly and will expel worms from the system without any inconvenience to the child.

W. A. Williams

ARKONA PROPRIETOR

ARKONA

Earl King now in Woodstock College, was unfortunate in fracturing his right arm while in the needle bath of the gymnasium. But no classes have been missed as a result of the mishap.

Garnet George, now of London south, was in town last week-end, visiting old friends.

Miss Louie Percy was appointed on the Executive of the Middlesex and Lambton B. Y. P. Union.

Andrew A. Barnes, now of McMaster University, attended Monday's Thanksgiving Rally of the Middlesex and Lambton Association of Young People, here.

Following a series of special topics on the "Greatest Things," Rev. C. W. King will speak at the Sunday 11 a.m. service on "The Greatest Opportunity in the World." Evening 7 p.m., subject, "A Man Held Up."

Let— Ontario's Golden Era Continue

PROGRESS—PERFORMANCE—PROMISE

IF we have given worthy service during the trying time of war, may we not be relied upon to serve the nation faithfully and well in hastening the time of still greater prosperity and happiness? As we have begun, so we will continue; fearless in the discharge of duty and ever alert in the service to the people. Conscious of our shortcomings, and grateful for the opportunities we have had to serve our Province, we submit our record with confidence to the electors for their consideration and approval, and ask from a united people a mandate to carry on the Government of this Province.

WAR WORK Ontario gave in men 232,297; in contributions \$54,532,188; to Victory loans \$540,465,550. Ontario provided 50 per cent of Canada's war effort. The Ontario Government spent in war work over \$10,000,000; maintained in England the most efficient military hospital in Europe; furnished club homes for the soldiers in London and Paris; made gifts of food and guns to the Mother Country; made large grants to the British Red Cross, Belgium, Serbian relief and other worthy patriotic objects. Ontario's war effort has made the name of Ontario resound in every corner of the world.	EDUCATION Ontario's educational system is designed to provide the most efficient training possible for the boys and girls who are to become the future citizens of the state. Under the leadership of the Minister of Education no expenditure has been denied to accomplish this purpose. Generous grants have been made for agricultural, technical and vocational training; returned soldiers are encouraged to enter the teaching profession; teachers' salaries have been raised; a superlative scheme of disbursement of Ontario's war effort has made the name of Ontario resound in every corner of the world.	HYDRO-ELECTRIC Hydro is the 21st-day the most extensive public-ownership enterprise of its kind in the world. Since its inception Hydro-Electric has saved to the consumers of electricity in Ontario over fifty millions of dollars. Hydro displaces annually 5,000,000 tons of coal. Hydro develops and distributes 350,000 horse power to over 230 municipalities, 175,000 domestic consumers and 6,000 customers. For power, The Queenston-Chippewa undertaking will provide an economical development of 400,000 horse power, and the prospective ultimate development in the whole Province is over 1,000,000 horse power.	AGRICULTURE The agricultural industry in Ontario is in a prosperous and thriving condition. Appropriations in 1904 amounted to \$475,000; in 1919, \$1,675,000. Last year the value of the farm products of Ontario was \$550,000,000, and the value of the combined farm assets was one and a half billion dollars. Within the last three years one thousand farm mortgages have been paid off. Encouragement has been extended to every branch of the industry, education has been fostered, and social conditions have been improved. Agriculture has received the "earliest and unremitting attention of the Government."
FINANCE In 1904 the income of Ontario was \$44,640,000; in 1913 it was \$11,188,302; in 1918 it was \$19,270,123. This has been accomplished without resorting to direct taxation—apart from the war tax, which has been repealed. Out of this revenue the Government has returned to the people in larger grants: \$3,507,900 for Education; \$1,676,235 for Agriculture. The public services have been enlarged and ample grants have enabled important public duties to be undertaken.	HIGHWAYS Good roads add wealth and comfort to rural life. The highway improvement programme of the Ontario Government is applied to both urban and rural districts. A complete system of roads, including provincial roads, provincial county roads, county roads and township roads with a mileage of 12,500 miles, has been worked out and will be constructed. The entire motor-vehicle revenue, with a large amount added, will be spent annually on this work.	LABOR Ontario's industrial leadership in Canada has been maintained by broad and effective labor laws. Under the Workmen's Compensation Act \$10,000,000 has been paid out in awards. Special safeguards have been provided for female and child labor. A minimum wage in Ontario is assured, and a direct representative of Labor will sit in the Cabinet. Free employment agencies have been established, and technical education has been encouraged.	HEALTH Ontario's public health service is not excelled on the continent. Public health education, child welfare, sanitary engineering service, and the free distribution of antitoxins and serums have conserved life and prevented epidemics. A scheme of pensions for mothers is to be established. The Provincial Board of Health supplied all the typhoid vaccine used by the Canadian troops in the war. This feature of the work has brought about a saving of over \$100,000 a year to the people of the Province.

As a war measure the Ontario Temperance Act was so passed, suspending for the duration of the war the retail sale of liquor. The promise was given that as soon as the war was over the whole question of the character of the liquor legislation of Ontario would be submitted to the people by Referendum, and the will of the people would prevail. This promise is now being fulfilled.

PROMISE
Greatest possible assistance to Agriculture—Faithful enforcement of the Referendum—Support of Hydro-Electric; cheap light and power for the farmer—Convert railway branch lines into Hydro radials—Good roads in every part of Ontario—State pension fund for mothers—Direct representation of Labor in the Cabinet—A minimum wage—Housing accommodation—Legislation implementing the findings of the National Industrial Conference—Consideration to returned soldiers with Cabinet representation—Educational progress, technical and agricultural instruction—Improved transportation in Northern Ontario—Timber conservation—Encouragement in mining development—Enlargement of Ontario's free public health service.

W. H. HEARST.

HOW TO AVOID BACKACHE AND NERVOUSNESS

Told by Mrs. Lynch From Own Experience.

Providence, R. I.—"I was all run down in health, was nervous, had headaches, my back ached all the time. I was tired and had no ambition for anything. I had taken a number of medicines which did me no good. One day I read about Lydia E. Pinkham's Vegetable Compound and what it had done for women, so I tried it. My nervousness and backache and headaches disappeared. I gained in weight and feel fine, so I can honestly recommend Lydia E. Pinkham's Vegetable Compound to any woman who is suffering as I was."—Mrs. ADELINE B. LYNCH, 100 Plain St., Providence, R. I.

Backache and nervousness are symptoms or nature's warnings, which indicate a functional disturbance or an unhealthy condition which often develops into a more serious ailment.

Women in this condition should not continue to drag along without help, but profit by Mrs. Lynch's experience, and try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound—and for special advice write to Lydia E. Pinkham Med. Co., Lynn, Mass.

To have the children sound and healthy is the first care of a mother. They cannot be healthy if troubled with worms. Use Mother Graves' Worm Exterminator.

STORING FOR WINTER

Valuable Hints on Canning Fruits and Vegetables.

Vegetables to Be Stored for Winter in Cellars Must Be Sound and Handled Without Bruising—Green Peas, Beans and Corn May Be Successfully Preserved by Placing in Cans and Heating Three Times.

(Contributed by Ontario Department of Agriculture, Toronto.)

IN the storing of roots, tubers, cabbage and celery it is a comparatively simple matter if the materials are sound to begin with. Although the decay-producing bacteria, yeasts and molds are always on these they cannot do any injury until the materials are first damaged in some way as by bruising, heating or freezing. After such injury has been done the decay bacteria and molds are able to feed on the damaged tissue and as a result of this action, decay or rot takes place and gradually spreads until all is spoiled.

Therefore, in storing roots, tubers, cabbage or celery, it is necessary—

1st. To have only sound, healthy specimens.

2nd. To handle with care so as not to bruise or otherwise damage the tissues.

3rd. Store in a cool, well-ventilated place where there will be no danger of either overheating or freezing.

Overheating or freezing will usually kill the living tissue of which the roots are composed, after which they will readily decay as a result of the rapid multiplication of bacteria and molds in the dead tissues.

In the preservation of such vegetables as green peas, beans, asparagus and green corn, different measures are necessary. These are green and juicy and if stored in the fresh condition they will either wilt or ferment and rot. This fermentation and rotting is due to the development in the mass of the bacteria which are present on the vegetables. There will be sufficient moisture present in the mass to enable the bacteria to multiply and feed on the material and thus induce the rot.

So in order to preserve such vegetables in the fresh condition the bacteria present have to be all killed and all other bacteria prevented from getting on the material until it is to be used. To get satisfactory results from canning vegetables it is necessary to have—

1st. Good sound, healthy vegetables.

2nd. Good clean sealers with tight-fitting tops and good rubbers.

3rd. Wash the vegetables and fill into the sealers.

4th. Cover with water salted to taste.

5th. Put on the tops and leave slightly loose.

6th. Place sealers in a steamer or boiler half filled with cold water and heat to the boiling point for half an hour.

7th. Remove sealers from boiler or steamer and tighten down the tops.

8th. After 24 hours loosen the tops and return to the boiler or steamer and give another half hour's boiling.

9th. Repeat this process after another 24 hours. Then tighten down the tops and place away.

In the storing of such fruits as apples and pears, which can be stored without canning, we have to prevent the development of molds and yeasts. These are always present on the surface of the fruit. Bacteria do not damage fruits as they do vegetables or meats on account of the sugar and acid nature of the fruits, which is not satisfactory for bacterial development but is just what is needed for molds and yeasts. But even molds and yeasts will not develop on sound apples and pears that are properly stored. If, however, the fruit is damaged in the picking, handling or packing, then the bruised spots enable the mold spores or yeast cells that are on the surface to germinate and grow and multiply, and when once they get a start they will continue to spread even through the sound healthy tissue and from fruit to fruit until the whole pack may be spoiled.

Therefore in the storing of such fruits as apples and pears it is essential:

1st. To have only sound specimens.

2nd. To pack carefully without bruising.

3rd. To store in a cool, well-ventilated place, where they will be neither overheated or frozen.

Such fruits as strawberries, raspberries, plums, peaches, currants, blueberries, etc., which are soft, cannot be kept any length of time without fermenting or moulding unless they are canned.

These fruits may be cooked in a fruit kettle, sugar added to taste, and filled hot direct from the kettle into sterilized sealers removed direct from scalding water. The covers, rings and rubbers should be put on at once direct from scalding water and screwed down tightly.

Another way to preserve such fruits is by the cold neck method. In

this method the fruits are not cooked, before putting into the sealer. Sound fruit not overripe should be used. This is picked over and filled directly into clean sealers. Stone fruit should be pitted.

A syrup of sugar and water sweetened to taste is then filled into sealers so as to completely cover the fruit. The tops, rubbers and rings are put on, but not screwed down tightly. The sealers are then placed in a boiler containing cold water and this is brought to a boil and kept boiling for half an hour. The sealers are then removed and the tops screwed down tightly at once. When cooled, store away.—Prof. D. H. Jones, O. A. College, Guelph.

A MILD PILL FOR DELICATE WOMEN.—The most delicate woman can undergo a course of Parmelee's Vegetable Pills without fear of unpleasant consequences. Their action, while wholly effective, is mild and agreeable. No violent pains or purgings follow their use, as thousands of women who have used them can testify. They are, therefore, strongly recommended to women, who are more prone to disorders of the digestive organs than men.

Good Manners.

The Earl of Chesterfield's last words were characteristic: "Give Daryolles a chair!" Daryolles was a friend who had called to make his customary inquiries about the earl's health and had arrived just before the latter's death.

Heat of the Sun.

Alexander Paromet of the French Academy of Sciences estimates that the temperature of the centre of the sun is 17,000 degrees centigrade, or 30,622 degrees Fahrenheit.

WASTING OUR WEALTH

FACTS ABOUT DISAPPEARANCE
 OF FORESTS.

People of Canada Are Blind to the
 Meaning of the Losses of Timber,
 and an Expert in Forestry Makes
 Some Plain Statements About the
 Situation—Food for Very Serious
 Thought.

A SEVERE indictment of the
 management of our forests,
 and especially of the at-
 tempts to safeguard them
 from fire, was made by Dr. C. D.
 Howe, Faculty of Forestry, Univer-
 sity of Toronto, at the recent annual
 meeting of the Commission of Con-
 servation. He showed that not only
 is the present supply of pine, spruce,
 and balsam diminishing rapidly, but
 that the methods of logging and the
 repeated ravages of fire are killing
 off the young trees. The result will
 be in a few years the end of an in-

dustry which is exceeded only by
 agriculture and manufacturing as a
 producer of wealth to the country.

People are aware in a general way
 of the enormous loss to timber caused
 annually by forest fires, but the
 most destructive effects of these fires
 are not generally recognized or ap-
 preciated even by those who have our
 forests in their keeping. It is the re-
 peated fire which is the most vicious
 agent of destruction, for it kills the
 young trees which are to make the
 future forest, and it also kills the
 mother or seed trees, which might if
 allowed to live replace the young
 that are destroyed. He examined
 80,000 acres of cut-over and burned-
 over pine lands in the central portion
 of old Ontario and found 110 young
 pine trees on the average acre of
 area burned over once; 14 pine trees
 per acre on areas burned over three
 times, and only three pine trees on
 the average acre of areas burned
 over four or more times. It will take
 several hundred years for nature to
 restock these areas with pine.

This is not an exceptional case.
 Repeated forest fires are producing
 similar results on thousands of
 square miles throughout the Dom-
 inion. One-half of our commercial
 timber lands have been burned.
 Even if there never were another
 forest fire, one-half of our future
 supply of timber should come from
 these burned areas. Every fire de-
 creases that possibility by destroying
 the young commercial trees. We have
 not only killed the commercial, re-
 venue-bearing trees on one-half the
 timber-producing area in Canada, but
 our forest policy has been such that
 we have virtually decreed their chil-
 dren shall not live.

The original forest in the St.
 Maurice River Valley was dominated
 by white pine from 3 to 6 feet in
 diameter and from 100 to 150 feet
 high, towering 50 to 75 feet above
 the associated birch, maple, spruce,
 and balsam. Judging from the
 stumps left, the trees ran from five
 to 30 per acre, but to-day there is
 only an odd pine standing on some
 inaccessible bluff. The original
 giants have disappeared from the
 forest, and, worse still, no young
 pines are rising to take their place.
 In order to prosper the pine requires
 plenty of light overhead, but the
 openings made in the forest by the
 removal of the original trees were
 allowed to fill up with hardwoods,
 which overshadowed and stifled the
 young pine shoots.

It was further shown by Dr. Howe
 that both spruce and balsam were
 also in danger of extinction. Taking
 97 acres of severely culled areas from
 which 26 spruce trees per acre had
 been removed, he found that the pre-
 sent number of spruce trees per acre
 was: Seedlings below half-inch,
 422; half-inch to three inches, 25;
 four inches to seven inches, 19, and
 eight inches to eleven inches, 7.
 Although the total came to 477 new
 trees, it will be noted that the mor-
 tality increased very rapidly with
 the growth of these trees. The net
 result is that there will be only 7
 spruce trees to take the place of
 the 26 per acre removed by logging
 operations. Taking the same sever-
 ly-culled areas based on sample plots
 totalling 97 acres from which 32
 balsam trees per acre had been re-
 moved, he found that the present
 number of balsam trees per acre was:
 seedlings below one-half inch, 2,477;
 half-inch to three inches inclusive,
 58; four to seven inches, 27, and
 eight to eleven inches, 12. Appar-
 ently there would be over 2,500 bal-
 sam trees per acre to replace the
 32 removed, but again the rate of
 mortality increases so rapidly with
 the growth of the trees that there
 will really be only 12 trees per acre
 where 32 had been taken away. More-
 over, 7 out of the 12 will be so dis-
 eased as to be unfit for pulpwood,
 so that the net result will be only 5
 pulpwood-bearing balsams where 32
 were originally.

Dr. Howe states that the funda-
 mental problem is how to guard the
 forests properly from fire; that in the
 last decade about \$10,000,000 have
 been spent in protection, and yet that
 the forest has been so unsafe for
 trees through destruction by fire that
 there is apprehension of serious cur-
 tailment, perhaps exhaustion, of our
 timber supply. He declares that
 without adequate fire protection it
 is only a waste of time to discuss
 methods of forest conservation, and
 that when they are made reasonably
 safe from fire other measures are re-
 quired to make them continually
 productive.

Tigers Like Water.

Tigers are extremely fond of bath-
 ing. In a zoo, if a tub be provided,
 they will eagerly make use of its
 facilities for ablution. They are first-
 rate swimmers, and in former days it
 was reckoned at Singapore that they
 "ate a Chinaman a night," swimming
 across from the mainland to get him.

THE MAN WITH ASTHMA, almost longs
 for death to end his suffering. He sees
 ahead only years of endless torment with
 intervals of rest which are themselves
 fraught with never ceasing fear of re-
 newed attacks. Let him turn to Dr. J.
 D. Kellogg's Asthma Remedy and know
 what complete relief it can give. Let him
 but use it faithfully and he will find his
 asthma a thing of the past.

To the Voter

DO YOU KNOW—
 that the beer sold in
 Ontario previous to
 prohibition ranged up to
 over 7% alcoholic content by
 weight measure, whilst the
 "Beer of the Ballot"—the
 beer for which you are
 asked to vote October 20th
 —has a strength of but
 2.51%?

DO YOU KNOW—
 that such well-known beers
 manufactured in the United
 States as Blue Ribbon, Bud-
 weiser and Schiltz—always
 spoken of as—"very light
 non-intoxicating beers"—
 ranged up to 4.19%—sixty
 per cent. stronger than the
 "Beer of the Ballot"—the
 beer for which you are
 asked to vote October 20th?

DO YOU KNOW—
 that in Maine, where pro-
 hibition has been in force
 over sixty years, the courts
 have held that beer of 3%
 alcoholic strength, was non-
 intoxicating—and any beer
 of under 3% strength was
 permitted to be sold as
 freely as ginger ale?

DO YOU KNOW—
 that in Sweden, Norway
 and Denmark—as a result
 of the findings of Govern-
 ment commissions ap-
 pointed to determine what
 was an intoxicating liquor—
 beer of practically the same
 strength as asked for in the
 coming Referendum is re-
 garded as non-intoxicating
 and is sold everywhere, by
 anybody, without license,
 and without paying a
 Government tax?

What COMFORT LYE

Comfort Lye is a very powerful
 cleanser. It is used for cleaning up
 the oldest and hardest dirt, grease, etc.
 Comfort Lye is fine for making sinks,
 drains and closets sweet and clean.
 Comfort Lye kills rats, mice, roaches
 and insect pests.
 Comfort Lye will do the hardest
 spring cleaning you've got.
 Comfort Lye is good for making soap.
 It's powdered, perfumed and 100% pure.

is splendid for —

BUILD IT NOW

**If You Need That House
 BUILD IT NOW**

Your first peace-time work is the
 building of that new house you had to go without
 while the war was on.

Both labor and materials are available
 once more and a great deal of government build-
 ing, state work and factory construction already
 is under way. Measure the amount of satisfac-
 tion and service your new home would bring and
 you'll want to get started at once.

The sensible thing then is to **BUILD
 NOW** and we have all the material to build the
 sensible way—framing, siding, trim, shingles,
 doors and Beaver Board—the manufactured
 lumber, knotless and crackless—for the walls and
 ceilings. Speak to us about it today.

PAINFUL NEURALGIA

Is Caused by Thin Watery Blood and Cured by Enriching the Blood.

Most people think of neuralgia as a pain in the head or in the face, but neuralgia may affect any nerve in the body. Different names are given to it when it affects certain nerves. Thus neuralgia of the sciatic nerve is called sciatica, but the character and the nature of the disease are the same. The cause being the same, the cure to be effective must be the same. The pain in neuralgia is caused by starved nerves. The blood which carries nourishment to the nerves has become thin and impure and no longer does so, and the pain you feel is the cry of the nerves for their natural food. You may ease the pains of neuralgia with hot applications, but you can only cure the trouble by enriching and purifying the blood. For this purpose we know of no medicine that can equal Dr. Williams' Pink Pills. These pills actually make new, rich blood and thus act as the most efficient of nerve tonics. If you are suffering from this most dreaded of troubles, or any form of nerve trouble, give these pills a fair trial, and see how speedily you will be restored to good health.

You can get Dr. Williams' Pink Pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Off 23 acres of tomatoes Jesse White, of Cotnam, has picked 1267 bushels and if the frost holds off another week will have another 50 bushels. At 50 cents a bushel Mr. White will receive over \$650 or about \$260 an acre.

Bryson—Demaray

"Mount Pleasant View Farm," fourth concession, Adelaide Township, the home of Mr. and Mrs. Richard V. Demaray, was the scene of a very pretty wedding on Wednesday, October 8, when their eldest daughter, Winifred Grace, became the bride of Asahel Albert Bryson, youngest son of the late George and Mrs. Bryson, Main Road, Warwick. The ceremony was performed by Rev. W. M. Shore, and Rev. L. W. Reid, of Amherstburg, uncle of the bride, promptly at high noon.

The bride wore a costume of white georgette over silk with satin, rose and bead trimming, and carried a bouquet of white carnations and maiden hair fern. Miss Elva Mathews, of London, cousin of groom, acted as bridesmaid, wearing white silk crepe-de-chene. Mr. Wm. Bryson, brother of groom, acted as best man. She entered the parlor on the arm of her father to the strains of Lohengrin's Wedding March played by the groom's sister, Mrs. Lewis Shepherd. The ceremony took place under an arch of evergreen, Canadian holly and roses. Little Lillian Reid, cousin of the bride, made a pretty little flower girl carrying a basket of white asters concealing the ring and dressed in pale blue silk.

After the ceremony the guests numbering fifty retired to the diningroom which was trimmed with pink and white, where a dainty wedding breakfast was served by cousins of the bride. The groom's gift to the bride was a beautiful necklace set with pearls and topaz, to the bridesmaid a pearl sunburst, to the groomsmen a pair of pearl cuff links, to the flower girl a gold locket set with pearls, to the pianist a gold wrist watch, to the soloist a bar pin set with pearls. The happy couple left on the 3:30 train for Toronto and Niagara Falls, amid showers of good wishes and confetti. Miss Beatrice Foster, cousin of the bride sang "Perfect Day" during the signing of the register. On their return they will reside on the groom's farm, Main Road, Warwick. Mr. and Mrs. Asahel Bryson were the recipients of many costly gifts and substantial cheques. The bride, previous to her marriage, was pleasantly surprised with a miscellaneous shower from her Sunday School, thus showing the great appreciation of her numerous friends.

Mrs. Peter Morris, one of Strathroy's oldest citizens died last week in her 82nd year.

RETURNED SOLDIERS

At the request of Military Headquarters M. D. No. 1, all overseas men are asked to be present at the reception of His Royal Highness, The Prince of Wales, by the City of London on Wednesday and Thursday, Oct. 22-23.

PROSPECTIVE PROGRAMME
Reunion of all members of 70th Batt., Wednesday afternoon, Oct. 22. Further information will be given in daily newspapers.

Public Reception for His Royal Highness, Wednesday evening, Oct. 22nd.
Luncheon for all ranks who have seen overseas service, at 12 o'clock, noon, Thursday, Oct. 23rd, at Carling Heights. A Review and Presentation of Decorations at 2 p.m., Thursday.

Parade from Carling Heights, 4 p.m., Thursday. Veterans to be grouped by counties under Senior Officer present.

Street carnival, Thursday evening, October 23rd.

Accommodation for all attending will be given free of charge at Carling Heights. This includes quarters and rations.

Reduced Railway fare is expected to be arranged by military warrant.

Uniform is authorized to be worn by all ranks.

Meeting of all Veterans of Watford and vicinity will be held in the Armory, Monday evening, Oct. 20, to make final arrangements.

All soldiers turn out.
CAPT. R. H. STAPLEFORD,
Member of Military Reception Committee

WE'LL BE SATISFIED WITH BABY'S OWN TABLETS

Mrs. A. Bernard, La Presentation, Que., writes:—"I have used Baby's Own Tablets for my baby and am well satisfied with them. I have recommended them to several of my friends who have also used them with beneficial results." "The Tablets are a mild but thorough laxative which regulate the stomach and bowels and thus prove of benefit in cases of indigestion, constipation, colic, colds, etc. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Read the Guide-Advocate Want Column on page 4.

Residents in the neighborhood of Wyoming, Watford, Dresden, Alvinston, Inwood, Brigden and many other places come to ROBSON, Petrolia, to be photographed.

Select Your New Fall Hat Now

Our present showing of Fall Millinery is very complete—variety of designs coupled with exceptionally good values are proving attractive features of our display. Black, navy, taupe and nigger brown are the popular shades which are being shown in a profusion of styles.

Feltex is Proving Itself a Popular Floor Covering

Feltex is a product of the Standard Oil Company and comes to us fully guaranteed. We consider it greatly superior to many qualities of linoleum which are on the market today. The patterns are the finest we have ever shown and you will find them particularly well suited for bedroom, dining room, bathroom or kitchen. 2 yard widths only at.....\$1.15 per square yard.

Guaranteed Underwear

Everything about Standfield's and Turnbull's Underwear is just right! Soft, warm, durable and unshrinkable. Then, too, they are made to fit. We have in stock all sizes and weights for men, women and children.

New Fall Gloves

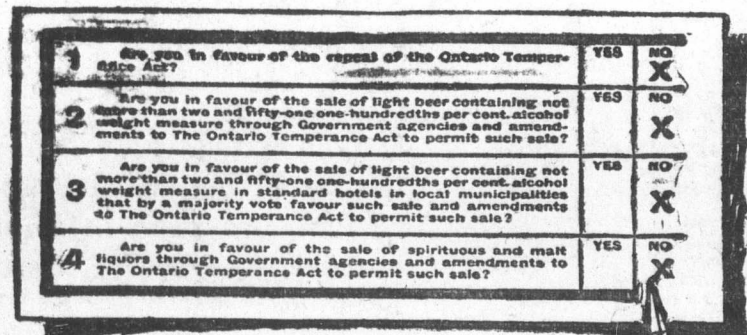

From the leading makers of England and Canada. Ladies will find the new Chamoisette Gloves to give perfect satisfaction and an ideal weight for fall wear. They come in all sizes in shades of grey, brown, castor, black and white at.....\$1.00 and \$1.25 per pair.

"The Store that Satisfies."

How to say "No!"

Mark Your Ballot with an X after Each Question under the word "No"

Above is an exact reproduction of the Referendum ballot, showing the correct way to Vote in order to sustain the Ontario Temperance Act as it stands.

Everybody should study the four questions and realize exactly what they mean. Do not be misled by the insidious demand for "light" beer.

The beer of the ballot is 118% stronger than the Ontario Temperance Act now allows, and over five times as strong as the limit allowed for beer defined as non-intoxicating in Great Britain and the United States.

Answer Each Question

1. Unless you vote on every question your ballot is spoiled.
2. You must mark your answer to each question with an "X" only. Anything else would spoil your ballot.
3. Unless a majority vote "No" on question 1 the bars will be restored and the sale of all kinds of intoxicants permitted.
4. Unless a majority vote "No" on questions 2, 3 and 4 the Ontario Temperance Act will become almost worthless.
5. The only SAFE course is to mark your ballot as shown above.

"No!"—Four Times—"No!"

No repeal; No government beer shops; No beer saloons; No government whiskey shops.—Four X's, each under the word "No."

Ontario Referendum Committee

JOHN MACDONALD, Chairman D. A. DUNLAP, Treasurer ANDREW S. GRANT, Vice-Chairman and Secretary
(1001 Excelsior Life Bldg., Toronto)

Good News!

At last we have received an import shipment of

Limoges China

Along with our favorite 6225 pattern we have received two new patterns—one, a plain White and Gold and the other a Dainty Rose pattern. Both these new patterns will be placed in open stock and can be bought a piece at a time as desired.

See our windows for a display of these two new patterns.
