TOWN FATHERS DISCUSS REFORMS

Women's Institute Ask Enforcement Of Curfew Law, Curtailment of Loafing and Spitting.

OUTSIDE TRADERS TAX Unsanitary Premises To Be Visited—Clean-Up Days Fixed For May 15th And 16th—Other Matters.

The town fathers besides disposing of the matters of ordinary and monthly recurring routine also took up a few other questions which while not often tackled are nevertheless of considerable interest in towns generally. As Nature at this season of the year washes her face and puts on the beautiful garments of Spring even so did the town fathers bring up suggestions tending to do away with unsanitary conditions in certain properties as well as discuss what might be done to straighten out some tangles of moral obliquity.

Some discussion took place on this matter as there seems to be some misunderstanding as to the purpose and scope of the enactment passed at last regular meeting when a penalty of \$100 was fixed for infringement of the town laws.

It was not the intention of the Council to have this regulation bear on farmers or fishermen who have occasion to visit town to dispose of their products and catches. The operation is against outside retailers who solicit orders which can just as well and better be filled by dealers here who contribute their full share to the upkeep and running expenses of the town. There are numbers of travelers too who take occasion to do a little retailing as a side line. To that phase a more extended reference will be given later.

Want Curfew Enforced and Expectoration Curbed. The following communication was received from the Women's Institute: To His Worship, the Mayor and Councilors of town of Bridgetown: Gentlemen:—At a regular meeting of the Women's Institute of the Town of Bridgetown, held in the Board of Trade rooms on the afternoon of May 3rd, 1923, we were appointed as a delegation to act on behalf of the Women's Institute and bring before you the following resolution:

Whereas expectorating on the sidewalks of the front streets of Bridgetown is prohibited,

And whereas this vulgar practice does on making it undesirable for babies and a menace to public health,

Be it resolved that we the delegates representing the above institution, and on behalf of the same institution urge the town officials to take immediate steps to have this practice discontinued.

And whereas children under the age of sixteen years are permitted to run the streets after the hour of nine o'clock p.m., and cause disturbance to residents of the town of Bridgetown, and whereas there is a curfew provided for the purpose of reminding children under the age of 16 years that they are not to be on the streets after nine o'clock unless accompanied by parents or by some adult.

Be it further resolved, that in our opinion the ringing of the curfew should be put in force and the children be forced to adhere to the rules.

Margaret E. Magee, Pres. Sadie E. Hicks, Sec'y.

Eldora Lloyd, Treasurer. The subject matter of the petition was favorably commented on by the Council who recognized the fact that there are too many parts of the Main Street which are infested by loafers from morning till night. These congregations are often accompanied by a very considerable amount of expectoration. The matter of having the curfew bell rung was also favorably considered. The various requests of the ladies institute will be enforced and attention called by placards, advertising, and personal work by the proper officer.

Drive to the Right Cards. A number of these have been received by the Town Clerk.

A communication was read from P. L. Winer, K. C., Amherst, re loan which had been effected with the late B. D. Kelly and is due his estate. This matter will be adjusted promptly.

A few small bills were disposed of, then was taken up a larger one of

\$121.50 from Victoria General Hospital on account of the late Clifford Sabean.

The next was the auditors bill for \$75. The ground was taken by the Council that their resolution to fix this service at \$60 stood good and the argument was also adduced that the auditors knew this to be the figure when they undertook the job.

Pay roll for April was passed at \$101.77.

It has been brought to the attention of the Council that there are a few properties and premises in the town whose sanitary condition is disgraceful. It was arranged that the Chief of Police and medical officer, make an inspection of these places and report with an idea of bettering conditions.

The Poor Committee will meet Dr. Blois, of Halifax, next week, with a view of discussing what may seem best to be done in the case of some young children whose home surroundings and lack of proper training and restraint is likely to develop them into abandoned specimens of the human race.

Arrangements have been partially made for the care of the Wilson children who lost their father last week. One is being adopted by a relative in the U. S., another by a lady in town, and arrangements are pending for the comfort and care of the others.

Clean-Up Days. Clean-up days were set for May 15th and 16th and citizens will have their winter's accumulations out in barrels or other receptacles for removal.

J. H. HICKS & SONS SECURE CONTRACTS

Will Rebuild Big Warehouse Of Berwick Fruit Co.—Repairs to Pt. Lorne Baptist Church.

Messrs. J. H. Hicks & Sons have been awarded the contract to erect for the Berwick Fruit Co., a large fruit warehouse 60x252—two stories. This will be the largest apple warehouse under one roof in the Valley. The construction of the walls will be of interlocking tile—and roof of freproof covering. A suite of offices will be finished with freproof walls and the main building will have two elevators. The fact that Messrs. J. H. Hicks & Sons built for this company several years ago and that some large contracting firms were bidding for this job, speaks well for their reputation on this class of building of which they make a specialty.

Messrs. J. H. Hicks & Sons are making extensive interior repairs to the Port Lorne Baptist Church, the interior being remodelled in Douglas Fir and the whole interior re-tinted and varnished. Those who have seen the work express themselves as highly pleased with the effect. Mr. Albert Marshall is the foreman in charge. It is expected the work will be completed in two weeks.

TO U. S. SUBSCRIBERS

On and after May 1st the rates to Monitor subscribers in the United States will be two dollars and fifty cents per year instead of two dollars as at present. This is in keeping with usual practice followed by newspapers. It costs us just fifty-two cents more per year to deliver in the U. S., than in Canada. Newsprint has gone up a substantial amount and is probably due for another boost in July. Cheques sent in for subscriptions must be payable here at par.

BEARS ARE AFTER HONEY AND SHEEP

Hives Riddled And Sheep Killed Close To Owners' Home By A Huge Bear.

Bears have again begun their depredations near town and on Friday one overturned and cleaned out two hives of honey, the property of Mr. Walter Hicketson, and only a few rods from his house. Within less than a hundred rods of the home of Mr. Lewis Piggett two of his sheep were killed. One of these bruin took away with him. Judging by the tracks this bear is an animal of unusual size, and is thought to be the same which killed three sheep last Spring and three others later on. Last Fall John Piggett followed the tracks of this sheep destroyer from between two and three miles. Considerable effort was made in various ways to secure bruin, but he is still going strong. The news of his return caused a slight boom in the sale of traps and no effort is being neglected to capture this pest. Small children are meantime cautioned not to go fishing in the brooks in this neighborhood as the risk to their safety will be considerable.

The funeral, which was conducted by Rev. J. H. Freestone, assisted by Rev. Dr. Jost, was largely attended, and the floral tributes were numerous and handsome, testifying to the esteem in which so worthy a citizen was held in his community and surrounding country.

CLEMENTSPORT

Clementsport, N. S.—Work on the new station is about to begin. Frank Nichols, of Bear River, has the sub-contract, and, with Mrs. Nichols, will reside here while the building goes on. This new station will meet a great need and will form a suitable welcome to the Summer tourists.

Charles Stronach and Harry Lowe are building a bungalow on a knoll behind the residence of Mr. Stronach, which will be occupied by Mr. Chase, of Plantsville, Conn., during the Summer.

W. G. Smith's bungalow on the eminence opposite the old church is completed. It is one of the most pleasantly situated and finest finished bungalows in the Queen of the Basin. It was designed and constructed by Sanford Bros., and the painting and decorating was done by L. V. Shaw, all local men, and shows intending builders what can be done on the spot by Clementsport artisans.

Mrs. (Capt.) Mussels, who has been spending the Winter visiting her children in Westmount and Weymouth, has returned home for the Summer.

S. W. Abbott, our station agent, is now on his holidays, E. L. Giles, relieving agent, taking his place. Mr. Giles received a warm welcome from his friends. He was here as agent some two years ago.

The trout streams in the vicinity have already been visited, and with very good catches.

MAR. ELECTRIC BUY THE LOCAL PLANT

Decided Improvements Including Twenty-four Hour Service To Be Inaugurated.

Arrangements have been finally completed in all details whereby the Bridgetown Electric Light, Heat and Power Company has been purchased and has become a unit in a much larger concern, The Maritime Electric Company, which has plants in Fredericton and St. Stephens, in New Brunswick, Charlottetown, P. E. I., and other places. The local plant, we understand, is the Company's first acquisition in the Province of Nova Scotia.

The Maritime Electric Company, is a Maritime Province concern. Its money is Maritime Province money, and its interests are Maritime Province interests. Its policy is promotion and development, and its aim is sound, steady progress. It plans to give Bridgetown and its vicinity the best electric service in the Annapolis Valley; and it feels that, if Bridgetown will take advantage of the service offered, it will be able to give this town the best electric service in Nova Scotia.

Twenty-four hour service will commence almost immediately, and special rates are offered for motor service and for electric range and heating service.

The transmission and distribution lines already in existence are to be improved and put in first-class condition to supply the services offered. New lines will be extended wherever there is sufficient demand to warrant doing so.

A thoroughly progressive policy has been adopted; and it is only necessary for the people within this district to take advantage of it, to secure the best electric service possible.

REVOLTING DEPRAVITY

UNEARHTED BY POLICE Promiscuous Herding of Sexes In An Ingewood House—Parties.

A case of revolting depravity was unearthed at an early hour on Monday morning by Chief Bishop and Constable A. P. McDonald when they visited the house of Charles Sims, a colored man living at Ingewood, and found Sims, his son, aged fifteen years, and a white man named Bauchman, in bed with three girls, two of whom were colored, the other white. The girls ranged in age from ten to thirteen years. A pot of beer mostly consumed and confiscated. Almost needless to say, the sudden descent of the officers came on the party like a thunder-clap. The persons concerned were up Monday afternoon for examination before Stipendiary F. R. Fay and were remanded till Thursday for further hearing. The males in the affair were conveyed to Annapolis and lodged in jail.

REMAINS LAID TO REST AT DIGBY

Digby.—The funeral of Walter Wm. Payson, who died at his home in Deep Brook, on Sunday, took place in Digby, the Rev. A. W. L. Smith, rector of Clementsport, conducting the service and interment was in the Church of England cemetery here. Mr. Payson was in the eightieth year of his age. The end came very suddenly and unexpectedly. Mr. Payson was the oldest son of William and Phoebe Oakes Payson, of Weymouth. He studied as a young man at Mt. Allison College, in Seckvile, N. B., from which he graduated when he was about twenty-two years of age. In 1870 he married Miss Annie S. Journeay of Weymouth, their golden wedding having been celebrated three years ago. For twenty-five years he held an appointive office in the House of Assembly of this Province, having only lately retired from that position. In that long period of service he had seen many changes in the personnel of the House and had been brought into contact with many of the leaders amongst our Provincial law makers. He leaves his widow, Mrs. Annie S. Payson, of Deep Brook; L. S. Payson and W. W. Payson, of West Roxbury, and Malden, Mass., respectively; Mrs. L. B. Wilson, of Bellow's Falls, Vt.; Mrs. A. S. Payzant, of East Cleveland, O.; R. F. Payson, of Joggin Bridge; F. O. Payson, of Everett, Mass., and E. J. Payson, of Digby.

RELICS OF THE SCOTS PIONEERS

Pictou Celebration Committee Seeking Materials For An Exhibition.

Dear Sir:—During the big Scottish celebration at Pictou in July (15th to 21st) the committee would like, if sufficient material could be obtained, to have an exhibition in Pictou of the articles brought from Scotland by early Scottish immigrants. They feel there must be many such articles still preserved and treasured by the descendants of those who brought them to this country. Already the committee know of a spinning wheel and a snuff mill that came in the "Hector", and the chances were better for the preservation of articles coming in the later ships. Surely all of the martial gear of the many soldiers who settled in eastern Nova Scotia has not been lost. Some of it must be laid away in ancient trunks or stored in old closets. Will any persons who have any articles that were brought from Scotland by the early immigrants be good enough to write me stating what they have, and if they are willing to loan it for exhibition purposes? If sufficient material is available to make a creditable exhibition, I will communicate directly with those who have written me. Needless to say, the expense of transportation of any such things to and from Pictou will be borne by the committee, and the very best of care will be taken of anything that is sent to us, and its safe return guaranteed.

JOHN D. MacDONALD, Secy. Scottish Pioneers' Celebration Pictou, April 24th, 1923.

MARITIME PROVINCES NOT SUFFERING FROM RAILWAY ARRANGEMENTS

Sir Henry Thornton told the delegation from the Maritime Provinces, that interviewed him in Montreal on the 23rd, that he does not think the Maritimes are at any disadvantage under the present C.N.R. arrangements; but anything should arise adversely affecting Maritime interests remedies will be found and the matter adjusted.

It was a straight answer from the C.N.R. President whether the delegation get the reply or not.

The delegation, with two Maritime Premiers at the head was a powerful one from a business standpoint.

The general manager of the Atlantic Region, L. S. Brown, was also present.

The conference was held with comparative secrecy, though the issue was given to the press, and sent over the country.

A MORNING WITH THE BIRDS

(Written for The Monitor, June, 1920)

At five o'clock in the morning of June 12th, we set out for a bird seek on the North Mountain. Although it was rather foggy out, the birds were singing merrily and as we ascended Church Road towards the mountain we heard the Bobolinks, Purple Finches, and Savannah Sparrows from all sides. From a fence post by the roadside we heard a Vesper Sparrow singing at sunrise instead of sundown as his name shows he is supposed to do, and from the alders by a brook a Catbird was making many strange sounds. In a field nearby a number of little Chipping Sparrows were picking for ground insects while numerous Swallows and Swifts were darting hither and thither after those of the air. We kept on towards the mountain only stopping to watch a Leas Flycatcher nearly jerking his head and tail off while trying to tell us his common name "Chebec."

We had now reached the foot of the mountain and as we began to ascend we heard the high pitched whistle of the White Throated Sparrow, and saw numerous Goldfinches and Song Sparrows darting among the low spruce trees and bushes. When we reached the margin of the woods, we stopped to watch a Black-throated Green Warbler singing cheerily, "Spring, Spring, beautiful Spring." His sweet song was soon drowned by the loud cries of a Robin which we had disturbed, so we moved on. From all sides we hear the calls of American Redstarts, our prettiest bird, and soon we see him flying ahead of us looking like a flash of red and black. As the woods thicken we hear the plaintive, "Pee-a-wee," of the Wood Pewee, and saw a little Chickadee hanging up side down on the end of a branch making his breakfast on insects in the wood and bark. As our path was steep we sat down to rest, when from the woods came a call, "Get up; Get up." We at once knew it to be the Oven-Bird who is supposed to say "Teacher, teacher," but always sounds to me as if he were telling me to get up. We did get up, however, and set out to find him. He had stopped singing now but soon started up again, at first very low but increasing in volume at each syllable until the whole wood resounded with his glad song. After we had found him sitting on a low bush we continued our journey until we heard another call, this one said: "Phoebe" very brisk and quick. This was the Ablest Flycatcher, a very shy bird and hard to see but easily identified by his note, it also being about the only means to tell it from the common Least Flycatcher or Chebec as it is commonly called.

We had now reached the lake which supplies the town with water. From the northern shore we heard the beautiful song of the Hermit Thrush, our best singer. Its notes sound like some great reed instrument and I am sure that I have heard it before on such an instrument. Along the shores of the lake we saw numerous Spotted Sandpipers or Sandpeeps, daintily stepping around tetering their tails every few seconds and once and awhile whistling "re whi", almost like someone calling a dog. Flying over the islands and on the shore we saw several rusty black birds. They were wading along the margin of the lake picking for food and often flying up and alighting in some tree top making a strange whistling sound and

NEW FACTORY TO BE OPENED AT DIGBY

Digby.—Digby is to have a new factory in the near future. Messrs. Jack and Cardoza, of Ontario, have leased the old bait freezer from H. T. Warne and are transforming it into an up-to-date factory for the manufacture of jams, jellies, lemon and fruit pie fillers. The capacity of the present plant will be one ton per day with room to add should business development warrant. Messrs. Jack and Cardoza are men of wide experience, Mr. Cardoza having been manager of one of the largest jam and canning factories in Ontario for a number of years. It is expected that operations will commence about May 1st. As soon as they get their products on the market it is their intention to install a canning plant for fruit and vegetables, nitrate meat and catsup. Jack and Cardoza decided to locate in Digby, although they visited a number of towns in Nova Scotia and New Brunswick.

BAHAMAS DID BIG BUSINESS IN BOOZE

London.—Practically the whole of the large increase of imports of wine and spirits into the Bahamas last year was due to prohibition in the United States. Mr. Ormsby-Gore, under-secretary of the Colonial Office, told a questioner in the House of Commons.

The under-secretary stated that imports of wine into the Bahamas in 1922 totalled £27,960 in value, and spirits just over £1,000,000, whereas in 1918 they were £8,575 and £6,370 respectively.

TOURIST PRELIMINARY EXECUTIVE MEETS AT KENTVILLE

On Monday evening there was a meeting of the Preliminary Executive of the Valley to Yarmouth Tourist Association, in the office of Mr. A. E. McMahon, President. The various towns of the Valley had selected their representatives, but on account of some delays in travel or other matters, not many were present from points west of Berwick. A report was given of those who had been selected from different points to attend this and subsequent meetings until the organization was complete.

Prof. Blair was selected to communicate with the government to grant information as to the amount of grant that would be available for the Tourist propaganda.

Mr. J. G. Cogan, General Passenger and Freight Agent of the D. A. R., gave much valuable information as to prospects for tourists, the necessary boat and hotel arrangements to accommodate them. The D. A. R. was ready to place on the route the Blueone or any train necessary for travel, but one train a day was sufficient to handle all who could be accommodated by the present boat service. Mr. Cogan read the report of the Legislative Committee on Tourist matters. Discussions took place in which President Graham of the Wolfville Board of Trade; Mr. Yeaton of Hantsport, G. P. Raymond of Berwick, and Messrs. W. E. Porter, Prof. Blair and H. G. Harris of Kentville, took part.

It was resolved that the representatives chosen in the different towns to attend this meeting be on the executive of the Preliminary Tourist Association until full organization was completed. It was further resolved that Messrs. H. G. Harris, Prof. Blair and Edson Graham be a committee to arrange for by-laws and Mr. Harris to go to Halifax to consult with the Tourist officials recently appointed by the government.

WEST ARLINGTON

Mr. and Mrs. Alfred Marshall, who have been at Paradise since April 10th trying to help find the body of their son, Rupert, who was drowned there, returned home the 25th, the body thus far having not been found.

Rev. A. and Mrs. Whitman, of Port Lorne, spent Tuesday, visiting Mrs. Whitman's mother, Mrs. Alfred Marshall.

About all the sick ones are getting better at time of writing.

Quite a number of the friends of the late Rupert Sandford, formerly of this place, have been out to Paradise helping in the search along the river. Such people deserve great credit in helping those in trouble. Our community was shocked when word came that Rupert Sandford, of Paradise, a highly respected resident of that place, was drowned. Rupe made his home in our village here for some time when a boy, and long enough to be loved and remembered by all far and near, who deeply mourn his death. He always had a smile for every one whom he met and never known to say a word against anyone. He was 27 years old, and leaves one to mourn his loss, a heart-broken widow and mother, Mrs. Alfred Marshall, of this place, two brothers, Trueman, proprietor of the Royal Hotel, Wolfville; Charles, of Blood's Market, Lynn, Mass., also three sisters, Mrs. Clyde Spidle, of Forest Glade; Mrs. Jacob Slocumb, of Mt. Hanley; Mrs. Rev. A. Whitman, of Port Lorne. Besides a large number of relatives and friends who will deeply mourn his going, especially in so sad a way. We extend to all the bereaved ones our very deepest sympathy in their great loss, but we believe our loss to be his great gain.

A precious one from us is gone. A voice we loved is stilled. A place is vacant in our hearts and home that never can be filled.

COCOS ISLAND

Cocos Island, in the Pacific ocean, some hundreds of miles off the west end of the Panama Canal, is a desolate island, about five miles long by two wide. It belongs, nominally, to Costa Rica. It is as depressing a spot as could well be imagined. Even a scheme to make it a settlement for Costa Rican convicts was abandoned after a short time—partly because impoverished South American republics believe in making their male factors pay for their keep and the island is absolutely unproductive. In the early days, when the average pirate was a sort of chivalrous freebooter, the buccaneers, after Caribbean had become too hot for them and they had been forced to migrate to the Pacific. It is said to be the hiding place of two of the richest pirates' treasures of which there is any reliable information, and it was visited for more than a century by expedition after expedition from all parts of the globe, who have searched its vitals for the fortunes that are said to lie there. But all have returned from Cocos empty-handed.

TORTURING SCIATICA

A Nerve Trouble Due to a Watery Condition of the Blood.

Pierce darting pains. Pains like red hot needles being driven through the flesh—in the thigh, perhaps down the leg to the ankle—that's sciatica. None but the victim can realize the torture of this trouble. But the sufferer need not grow discouraged; the trouble is due to the fact the nerves are being starved by poor, watery blood, and when the blood is enriched the pains of sciatica will disappear. As a blood enricher and purifier no other medicine can equal Dr. Williams' Pink Pills. They bring to the blood just the elements necessary to restore it to normal richness and redness. That is why so many sufferers from sciatica and other forms of nerve trouble, have found relief through taking these pills. Mr. D. M. Anderson, Beachburg, Ont., tells what Dr. Williams' Pink Pills have done for him as follows:—"Some years ago I was badly affected with sciatica. I could hardly walk and suffered great pain when I did so. I went to a doctor, but his medicine did not seem to do me any good. A man who was working with me told me he had once been like that and that Dr. Williams' Pink Pills had made him all right. I began to take them, continuing to work, and the trouble disappeared, and I did not lose a day, although sometimes I suffered terribly. Later I had another attack, and again the pills came to my relief. Now I take three boxes of Dr. Williams' Pink Pills every Spring and Fall, and I have had no attack of the trouble since that time."

You can get these pills through any medicine dealer or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

COAL MINING

The colliers are off this year to a better start. The following figures summarized from the Mining Record tells the several stories from which it will be seen that the leading mines have done much better so far than in 1922.

Dominion Coal Co., for the first three months of this year, sold 647,550 tons—an increase of 363,407 tons. Springhill 108,565 tons, an increase of 31,289 tons.

Nova Scotia did not do as well, having shipped 62,952 tons—a decrease of 3,889 tons.

Acadia Coal Company 135,051 tons, an increase of 53,156 tons.

The Intercolonial Coal Company 47,890 tons, an increase of 11,436 tons.

In the aggregate 1,002,983 in 1922 to compare with 546,479 in 1922—nearly twice as much.

1923 will be a good year in coal mining if the red bunch hovering over the men and living on them does not queer the pitch. It seems strange that the Colliers—a sane body of men—permit a useless lot of mischief makers to live off them.

For the first day of May celebration the leaders, McLachlan, Cotton and Livingston, sent to the United States for Howatt, an agitator who has reached nearly the end of his activities in his home state, to come to Glace Bay for the May Day celebration; but the Immigration Commissioners have stopped him at the border on the ground that he is a dangerous alien.—Eastern Chronicle.

A MORNING WITH THE BIRDS

(Continued from Page Two)

sometimes letting out a squeaky note. From a thicket nearby we heard a new song: "What can it be?" we said, in answer came the note, "Come in and see, come in and see." So in we went and there on a low alder we found our first Black Throated Blue Warbler, a rather uncommon bird here.

We now set out for home along the main mountain road. As we were passing some low bushes we stopped to watch a female Yellow Throat darting around, while on the opposite side of the road her mate was jealously watching us. When we had passed on we heard him joyfully singing a good riddance to us. From the woods we heard the beautiful notes and whistles of the Red Eyed Vireo and a little further on a Chestnut Sided Warbler came to a branch quite close to us. On a tree to our right a Junco sat scolding us while another flew along ahead of us showing plainly his white tail feathers. From the distance we heard the call of the Black-Billed Cuckoo; and nearer too, a Woodpecker busily at work tapping a dead tree. We had now reached the bottom of the mountain and only stopped once more to watch a pair of Kingbirds chasing and picking at a crow. We reached home at ten o'clock and as we were going in the door heard the little Yellow Warbler bidding us good bye.

We were well satisfied with our morning's work having seen altogether thirty-six different species of birds and were glad to sit down to our own breakfasts and eat after watching the birds eat theirs all the morning.

SELLING PRICE OF APPLES AT \$27.00 PER BARREL

The special House Committee on Agricultural Conditions extended its investigations last week to parliamentary cafeteria. At the instance of Thomas Sales of Saltcoats, the committee sent for one of the apples retailed in the parliamentary cafeteria at five cents each, weighed it and worked out the selling price on that basis at \$27 per barrel.

A GOOD SUGGESTION

Why wouldn't a Fruit Show limited to the subsidiaries of the United Fruit Companies of N. S., Ltd., be a project worth the launching?

The individual companies know altogether too little about each other. Each naturally feels that it produces better apples, better packed than its sister companies, and each harbors a friendly private opinion (something publicly expressed) that the others are not packing their fruit as well as they should. A fruit show would be a great place to get acquainted, and to make a healthy comparison between the products of the various units.

A show of this kind would bring to light some very practical information. The management of the Central would have an opportunity to see, placed side by side in competition, the qualities and packs of the various companies. There is no doubt but that certain districts in the Valley are particularly adapted to growing certain varieties. It would be of interest, for example, to see along side of each other a barrel of Spys grown in the Windsor section, a barrel from Berwick, and one from Annapolis. How would Cox's Orange grown in different localities stack up against each other? Or Kings? Or Gravensteins?

The comparative packs of the different companies could be studied, ideas exchanged, and a closer mutual understanding be established throughout. And the result could not fail to produce a more uniform and standard pack which is the ideal to be striven for by all using the United Companies' stencil.—Farmers' Guide.

MIDDLETON IS OBSERVING CHILDREN'S WEEK PROGRAM

Middleton, N.S.—In connection with many towns and cities throughout the Dominion, Middleton is observing Children's Week, May 13th to 20th. A joint committee from all the Sunday Schools met and decided to carry out the following program:—

Sunday, May 13th—Mother's Day, will be specially observed in all the Sunday Schools and also by the pastors of the different churches from their pulpits.

In the afternoon of the same day a massed public service will be held in the Baptist Church of special interest to children. This is to be preceded by a parade of all Sunday school attendants.

On Wednesday, May 15th, a district S. S. convention is to be held in the Methodist vestry with afternoon and evening sessions. In the evening the address will be given by Rev. H. S. Strathairn, Secretary of the Methodist Church on "Training of Leadership."

Saturday, a social gathering is to be held at athletic grounds when sports and entertainment will be provided for children of all ages, under group leaders.

During the entire week a thorough canvass is to be made of the town to endeavor to interest more adults in Sunday school work and also to try to get every child attending a Sunday School.

FRED'K NICHOLS TO STAND TRIAL

He is Charged With Shooting At His Wife With Intent to Kill

Annapolis.—Frederick Nichols, of Upper Clements, was before County Stipendiary Magistrate MacKay on the second charge recently laid against him in connection with the shooting affray at his home.

The charge heard this time was shooting at his wife with intent to kill. A similar charge was made by his stepson, Kenneth Thibedeau, and

tried last week. On both charges he has been sent up for trial and will appear at the June session of the Supreme Court here. Since his arrest on April 14th he has been in the local goal. Applications for bail have been made, however, by Nichols' counsel, W. A. Livingstone, who will also conduct the defence in June. F. W. Harris has acted for the prosecution in both preliminary examinations.

Six witnesses were called by the prosecution, and none by the defence. The evidence brought out was about the same as at the first hearing.

A BUSY WEEK AT ST. JAMES' CHURCH

The past week has been a very busy one in St. James' Church circles.

Commencing with Tuesday, the W. A. held their annual meeting at which a most gratifying report was given of the past year's work. The following were then elected to fill the various offices for the ensuing term:—

Hon. Pres., Mrs. Underwood and Mrs. O. T. Daniels.
Pres., Mrs. E. R. Orlando.
1st Vice-Pres., Mrs. Muir.
2nd Vice-Pres., Mrs. B. N. Messing.

Recording Secy., Mrs. S. N. Ware.
Corresponding Secy., Mrs. Harris.
Treasurer, Mrs. F. P. Fitch.
Little Helpers Secy., Mrs. Underwood.

Future plans were discussed and an "afternoon tea" decided on for Thursday, May 10th.

On Wednesday evening the Tuxis Boys were guests at the hospitable home of Mr. and Mrs. A. FitzRandolph, Carlton's Corner.

On Thursday evening the Trail Rangers held their annual banquet in the school room, of which, and the Tuxis Boys party, we give a more extended report in another column.

On Friday the "Upstreamers" went to Round Hill and presented their minstrel entertainment, meeting with a good reception.

On Saturday afternoon the C. G. I. T. groups held a "Pantry Sale" and so attractive were their offerings that they had to report "sold out" quite soon after the doors had been opened.

On Monday the Tuxis Boys were again to the fore, going to Belleisle with their "Soup to Peanuts", and "Hokum Afterpiece", and netting a goodly sum for their piano fund.

Last night the school room was the scene of a combined meeting of the C. G. I. T. groups, thus bringing to a close a busy octave.

But to-morrow (Thursday) will see another delightful function. As noted above, the W. A. will be holding an "Afternoon Tea" in St. James' Sunday School room. The function will run from 4 until 6 p. m. They propose serving a dainty tea at a most moderate price, and hope to see all their friends.

This is the season of the year to prepare the split log drag for use on the highways. In Annapolis and Digby Counties the work is followed throughout the entire Summer and Fall, and that is chiefly responsible for their good roads. Our roads require something more than a Spring tonic.—Hants Journal.

ASST. BIRD OFFICER FOR THE SEASON

Maurice Armstrong Receives Important Federal Appointment To Labrador.

Mr. Maurice Armstrong, son of Dr. and Mrs. M. E. Armstrong, left on Tuesday for Quebec and from there in a few days will go to the Labrador as Assistant Bird Officer for the Summer, sailing first to Esquimaux Point. He has also the appointment as Assistant Game Officer with powers of a police constable in the County of Saguenay by virtue of authority conferred under Migratory Birds Convention Act. He accompanies Mr. Harrison F. Lewis, Chief Federal Migratory Bird Officer of Ontario and Quebec. Special equipment is, of course, required in an expedition of this kind, and a portion is being secured by Mr. Armstrong from Mr. J. L. DeVaney, Annapolis, a permanent officer of the branch. Other equipment is secured at Quebec for the Labrador trip.

The appointments are made by the Department of the Interior, Ottawa, through Commission of National Parks, and the appointment of Mr. Armstrong is a fine tribute to his fondness for and ability in the study of the natural habits of birds. This aptitude was evinced from earliest years and on another page will be found a bright article from a file of THE MONITOR on June, 1920, where he describes in a very interesting manner observations in bird life made in a walk of a few miles back to the North Mountain from Bridgetown.

On Wednesday morning, May 2nd, the relatives in Deep Brook were deeply moved in receiving a wire stating that Miss Jones was critically ill. This message was followed by another in the afternoon announcing the sad news of her death at the Pawtucket Memorial Hospital.

Miss Jones was the eldest daughter of Fred Jones and the late Ida May (Spurr) Jones. She was born in Newton Centre, Mass., Nov. 15th, 1887. She entered the Memorial Hospital training school of Pawtucket, R. I., Sept. 14th, 1915, and was graduated with honors, Sept. 28th, 1918. After graduation she was retained in the hospital staff and served as night supervisor for five years. She was a prominent member of the Nurses Alumni Association, holding the office of Treasurer for several years. The deceased was a member of the Broad Street Baptist Church of Pawtucket, and for many years a leader in the Social Service work of that parish.

A funeral service was held on Wednesday evening, May 2nd, conducted by Rev. G. B. Marsden, of the Broad Street Baptist Church. The remains were accompanied to Deep Brook by her sister, Miss Helen Jones, and Miss Ethel Spurr, of Lynn, Mass. On Friday afternoon an impressive service was held at the Deep Brook Baptist Church, conducted by Rev. I. D. Lytle. The mass of beautiful flowers testified to the deep affection in which Miss Jones was held by her many relatives and friends. She will be greatly missed in Deep Brook, where she spent her Summer vacations, always entering so heartily into the activities of the Baptist Church there. Interment was at Smith's Cove.

She leaves to mourn their loss, a father, Fred Jones, of Dorchester, Mass., and one sister, Miss Helen Jones, of Pawtucket, R. I.

On Wednesday morning, May 2nd, the relatives in Deep Brook were deeply moved in receiving a wire stating that Miss Jones was critically ill. This message was followed by another in the afternoon announcing the sad news of her death at the Pawtucket Memorial Hospital.

Miss Jones was the eldest daughter of Fred Jones and the late Ida May (Spurr) Jones. She was born in Newton Centre, Mass., Nov. 15th, 1887. She entered the Memorial Hospital training school of Pawtucket, R. I., Sept. 14th, 1915, and was graduated with honors, Sept. 28th, 1918. After graduation she was retained in the hospital staff and served as night supervisor for five years. She was a prominent member of the Nurses Alumni Association, holding the office of Treasurer for several years. The deceased was a member of the Broad Street Baptist Church of Pawtucket, and for many years a leader in the Social Service work of that parish.

A funeral service was held on Wednesday evening, May 2nd, conducted by Rev. G. B. Marsden, of the Broad Street Baptist Church. The remains were accompanied to Deep Brook by her sister, Miss Helen Jones, and Miss Ethel Spurr, of Lynn, Mass. On Friday afternoon an impressive service was held at the Deep Brook Baptist Church, conducted by Rev. I. D. Lytle. The mass of beautiful flowers testified to the deep affection in which Miss Jones was held by her many relatives and friends. She will be greatly missed in Deep Brook, where she spent her Summer vacations, always entering so heartily into the activities of the Baptist Church there. Interment was at Smith's Cove.

She leaves to mourn their loss, a father, Fred Jones, of Dorchester, Mass., and one sister, Miss Helen Jones, of Pawtucket, R. I.

John G. Morton

Liverpool, N. S.—By the death of John G. Morton at his residence at Milton on Saturday that town has lost a public-spirited citizen, the Liberal party a faithful member, and Hon. W. S. Fielding a personal friend. He was a son of the late Sylvanus and Ezella (Ford) Morton, born at Milton 56 years ago, and of the members of that family only two sisters, Mrs. L. C. Miles, of Halifax, and Mrs. Clara Kempton, of Milton, remain.

He was one of the oldest of the Masonic brethren in the Province, uniting with that Order 65 years ago in Liverpool, passing into membership with the Prince of Wales Lodge in his town. He was in business here up to 1873, the firm then bearing the name of C. and J. Morton, having a large foreign trade, operating more vessels than probably any other Nova Scotia lumbering industry, and had opened much local trade with Falmouth, LaHave and Lawrencetown.

After 1873 Mr. Morton conducted the trade under his own name at Milton until 1895, when his son, J. Sidney, became a member, the name continuing to this day as J. G. Morton & Son, another son is Fred H. of Worcester, Mass., and two daughters, Mrs. Frank C. Ford, of Akron, Ohio, and Miss Lena A. Morton, of Cleveland, Ohio. He was a member of the Christian Church at Milton, was active in the affairs of his firm almost to the last, when an attack of heart trouble caused his death. A man wonderfully active and vigorous for his years, he last Summer made a trip alone to Cleveland, Ohio, and had planned on visiting there this year also.

Mrs. Karl Freeman and Miss E. Colle, of this town, are nieces of the deceased.

Emily Murray Lake

The death of Emily Murray, eldest daughter of Mr. and Mrs. George M. Lake, occurred at their home on Sunday morning, from pneumonia, following a week's illness. Deceased was seven years and three months of age, and was exceptionally bright and clever, and numerous were the expressions of sorrow and sympathy for the parents, when news of her death was heard. Besides her parents, one sister, Barbara, survives.

The funeral was held Monday afternoon at 3:30 o'clock, services at the home at 3 o'clock, being conducted by Rev. L. H. MacLean. The pall bearers were James Harris, Willis Taylor, Jack Stohart, Reggie Sutherland, George Pell and Wilson Bell. The little school mates of deceased, Grade I, of Harkins Academy, marched in the procession. Interment in St. James' cemetery.—North Shore Leader.

Walter W. Payson.

On Sunday morning, April 26th, the death occurred at his home in Deep Brook of Walter W. Payson, in the eightieth year of his age. The end came very suddenly and unexpectedly.

Mr. Payson was the eldest son of William and Phoebe Oakes Payson, of Weymouth. He was a graduate of Mt. Allison College, Sackville, N. B. In 1870 he married Miss Annie S. Journey, of Weymouth, their golden wedding having been celebrated three years ago. He held an appointment in the Provincial House for twenty-five years. The deceased was well known throughout the Province, especially in Annapolis and Digby Counties.

An impressive funeral service was held at his late home on Wednesday, May 3rd, conducted by Rev. A. L. W. Smith, assisted by a son-in-law, Rev. Arthur Payzant, of East Cleveland, Ohio. Quite remarkable so large a family and all were present at the funeral. Four sons acted as pall bearers. He leaves to mourn, his widow, Mrs. Annie S. Payson, of Deep Brook, L. S. Payson, of West Roxbury; W. W. Payson, of Malden, Mass.; Mrs. L. B. Wilson, of Bellows Falls, Vt.; Mrs. A. S. Payzant, of East Cleveland, Ohio; R. F. Payson, of Joggin Bridge, F. O. Payson, Everett, Mass., and E. J. Payson, of Digby. Interment was in Digby cemetery.

NOTES AND NEWS OF LAWRENCETOWN

(Continued from Page One.)

Joyed a rare treat on Thursday evening, May 3rd, when Rev. Henry G. Mellick, B.D., of Hantsport, delivered a most interesting and instructive lecture at the Gem Theatre, his subject being "Canada from Ocean to Ocean". The views of Canadian scenes from the Atlantic to the Pacific were exceptionally good, the lecturer in his characteristically interesting manner describing clearly these views to his audience and adding witticisms and striking anecdotes from his personal experiences as a traveller through Canada from East to West. The lecture was educative and of special value to young people, giving them a clearer idea of the extent, resources, and natural beauty of their great heritage Canada. If Mr. Mellick should again visit Lawrencetown and repeat his lecture he would be sure of an even larger audience than that which greeted him on Thursday night. The presence of the Lawrencetown band which favored the meeting with several fine musical selections added much to the interest of the meeting, as did also the presence of about thirty school boys and girls who had been previously well trained by their teacher, Mrs. Corkum, and who sang most acceptably several patriotic songs. A hearty vote of thanks, moved by Rev. A. H. Whitman, and seconded by Mr. L. D. Hanley, expressing the deep appreciation of the audience, was extended to Mr. Mellick for his splendid lecture, to the Lawrencetown band and their leaders, Mrs. Corkum and Mrs. B. J. Shaffner, for their inspiring music, to the lantern operator (Mr. Sam. Gesner) for his efficient services, and to Mr. Henry Sanford for the use of his theatre. The meeting was under the auspices of the Men's Brotherhood, Mr. E. C. Shaffner, the President, conducting it with his usual tact and grace. The sum of \$25.00 was realized.

PROTECTION AGAINST PEDLARS

The town guardians were in session Friday night with Mayor Brown presiding.

Robt. Strain was heard before the Board, and in the course of his remarks said he had been requested to speak to the Council regarding the freedom given to pedlars coming to town. He read in the papers some criticism on the matter, "but," said Mr. Strain, "some times we can't take much stock in what the press says." However, every trade in town is affected by these pedlars. They are governed by a town bye-law but there is no law but can be amended. The people don't get value. These people are bound to sell at any price. We are heavy tax payers and should be protected. The license of \$20 a month is too small. A cloth peddler boasts of cleaning up \$100 a week. The Council can at least increase the license. I will not buy from pedlars. Many people have bills and can't pay, but they can dig up \$20 for a peddler. The whole situation is not fair to the town.

J. P. Maloney referred to the value of newspapers in a community. "A town without a newspaper is a dead one," said the speaker. "Our grievance is sending printing out of town. There are four travellers coming here regularly—who are not commercial travellers, as they sell direct to the consumer. They pay no license and it is about time steps were taken by the Chief of Police to at least collect a license from these gentlemen. The town papers refuse contracts from mail order houses for advertising and their efforts are always directed to boosting the town and fair play should be given them."

Mayor Brown—Have an idea that we can amend the bye-law governing this matter.

Councillor Dibblee—Thought if the newspaper men would visit the business men more often they would get more business.

Coun. Gallagher—If people don't know enough to keep clear of cloth pedlars they deserve to be stung. The matter then dropped.—Woodstock N. B. Sentinel.

FUNERAL OF SHERIFF SMITH VERY LARGELY ATTENDED

Digby—One of the largest funerals ever held in Digby took place Wednesday afternoon when all that was mortal of the late Sheriff H. A. Smith, was laid to rest in the Church of England cemetery. Prominent citizens were present from all parts of western Nova Scotia and the spacious Trinity church was almost filled with those gathered to pay their last respects. The municipal council and the town council attended in a body, and hundreds followed the remains. The floral tributes were exceptionally handsome and came from representative citizens and public bodies. The services were conducted by Rev. Wm. Driffield, pastor of the parish.

Henry Albert Patterson Smith was born on April 24th, 1864, and was the son of the late Dr. Peleg Wiswell Smith, and Sarah Eliza Viets, and was a grandson of the late Benjamin Smith. He was appointed Sheriff in 1897 following his father who had the office for many years. His duties as sheriff were performed in his customary, genial, courteous, happy manner endearing him not only to judges and lawyers but to those who came under his charge as well.

It is not only as sheriff that Mr. Smith will be remembered and mourned by all sorts and conditions of men, but as one of the best sportsmen Nova Scotia has ever produced. As a boy his love and knowledge of all that belonged to one with life grew until he became a recognized authority on all such matters. Mr. Smith contributed from time to time many most interesting articles to "Forest and Stream" and other magazines. He was a clean, keen sportsman in the truest sense of the word, a crack shot and keen angler and happy and lucky was the man who could have a trip in the woods with the sheriff.

The appointment to the office of Deputy Inspector under the Migratory Bird Act was one which gave Mr. Smith the opportunity to use for the benefit of the country his great knowledge of our bird life.

Sheriff Smith is survived by his widow, a son Clifford, of Moncton, and a daughter, the wife of Dr. C. F. Churchill, of Yarmouth, and also by one sister, the wife of Commander James Watson, of the British navy.

Some men lose their intellectual powers for want of exerting them, and, having trifled away youth, are reduced to the necessity of trifling away age.

"THE ANGEL OF MONS"

Another Miracle Disposed Of.

Dear Mr. Editor:

During the war I often spoke to British soldiers, who were in the retreat from Mons in 1914, and heard their accounts of the "Angel of Mons" the vision which they saw on that fatal day. They were positive that they saw this "Angel" and it nothing would shake their belief. However, later on I found myself one morning on the outskirts of Mons. The city itself was invisible for the heavy mist, which arises from a large canal, but there in the sky, the sun shone on a beautiful golden angel, but I like the Scotchman, had no doubts, what this really was; it was a golden statue on the spire of a large college; and on arriving there I found the C. M. R.'s already in possession, and I also came across my brother, Albert, who I had not seen for nine months.

Now the difference was here; the British Tommies were retreating and could not investigate, while we were fortunate enough to be advancing and thus solved in my mind the "mystery of the 'Angel of Mons'."

When James Sproule entered his barn early Friday morning one of his work horses was missing. On further search it was found in the bottom of a silo. The Secret of a Beautiful Skin

Cleopatra knew it. That was the secret of her power. Every day her skin was thoroughly cleansed with palm and olive oils. Then as now these oils were famed for their mild, soothing, cleansing qualities.

She too used other cosmetics, but every day these were removed by thorough cleansing. In this way she was able to keep her skin smooth, firm, fresh and youthful.

Today these same oils are scientifically blended in famous Palmolive Soap. They give it mildness, wonderful soothing qualities, profuse creamy and refreshing lather.

Powder and rouge will not harm the skin if you wash daily with a mild soap. A thorough cleansing with Palmolive will tone your skin and help it do its own beautifying. Smoothness and a charmingly natural color will result.

You can buy Palmolive Soap at all first class dealers.

HAPPY END OF WAR ROMANCE

George Dechman, Popular Bridgetown Young Man United in Marriage To Miss Edith Smith.

The happy sequel to a war-time romance came when Miss Edith Smith, Glasgow, Scotland, was married to Geo. H. Dechman, Bridgetown, N. S., at St. Andrew's Church.

The two met in Glasgow while Mr. Dechman was overseas with the 5th C.M.R. battalion. Friendship developed and by the time he returned to Canada in 1918, it had ripened into love. Although they have not seen each other for four years, the engagement held, and Miss Smith came out to this country to meet her fiancé.

She landed from the White Star liner "Pittsburg," Mr. Dechman meeting her at the pier. At seven o'clock a very pretty wedding occurred at St. Andrew's Church, when Rev. Donald MacOdrum united the two in marriage. Following the nuptials, the bridal party had a wedding dinner in St. Julien Room of the Halifax Hotel.

Among the guests were Mr. and Mrs. H. T. MacKenzie, Bridgetown; Mrs. MacMillan, Bridgetown; Mrs. C. P. Clark, Halifax, whom the bride met on the liner en route to Halifax and her husband; and E. E. Amiraunt, Kentville.

The groom is a son of Dr. A. A. Dechman, Bridgetown, and is in the employ of the Dominion Atlantic Railway. The newly wedded couple left for a honeymoon trip to New York. On their return they will reside at Bridgetown.—Halifax Herald.

Chevrolet Challenges Comparison for Economical Transportation

CHEVROLET is the world's lowest priced fully equipped car. It is not necessary to spend a dollar more than the purchase price to make it complete. There are no extras to buy.

Chevrolet economy is still further evidenced after its purchase. It costs least per mile in consumption of gasoline, oil and tires. It also costs least per year for maintenance.

Every Chevrolet model delivers the most economical transportation available in motoring. Yet, in construction and appearance, it is a credit to its builders and a source of continuous gratification to its owners.

Before you buy a car at any price, be sure to investigate and thoroughly examine Chevrolet.
