Montreal Stock Market.

ON GOOD REPORTS OF EARNINGS
DULUTH COM. AND PFD. AD-
VANCED FROM 1 TO 2 POINTS—
SALES FIRM, BUT NOT IN ROUND
QUANTITIES.

Fourteen stocks were on the market today and eight of them sold higher, four at the same level and two at a lower basis. Molson's was as much as 4 points over the previous transaction's price. Duluth Common very much of a stranger on 'Change sold in three parcels as did also Duluth preferred. Prices in all of these sales drew very considerably ahead of any previous price. These advances were due to reports that Duluth is now earning enough to pay its fixed charges, and thus is now no longer indebted to the C. P. R. for this. If these reports are true, and it is hoped they are, holders of pfd. stock will be anticipating dividends ere long, and all stock-holders will, in the enhanced values be looking for a profitable turn. Gas, Rich. & Ont., Republic, Montreal-London, and Dom. Cotton were the other stocks to advance. C.P.R., Bell Telephone, Street Ry., Hochelaga Bank, were those whose prices were the same, while Royal Electric and Bank of Commerce were the two whose prices fell off a little.

Canadian Pacific.—At the same price as yesterday, sold up to 25 shares. 97½ wanted and 97½ offered.

Montreal Gas sold at ½ advance. The closing bid was 202½ and demand 205.

Richelieu & Ontario at ½ higher sold up

to 25 shares. More could have been bought at the same price but 111 wanted.

Royal Electric fell 1 point. Demand 179 offer 176.

Republic rose 1 point, at which advance 2000 shares were sold. 126 was the demand with 122 offered.

Bell Tel.—The 25 shares sold went at the same price as has been for some time. Closing bid was 190, wanted 195.

Montreal-London rose 1 point in a 215 share deal, and 3 in a 500 share one. Final bid was 42 with a de and for 45.

Mont. Street Ry. at practically the same price. 324 wanted and 322½ offered.

Dom. Cotton advanced ¼ point on a 25 share sale. 108 wanted and 107 offered.

Duluth com. sold to day for the first time since June 30th, at advances 1, 1½, 1½ on that day's price. 550 shares were sold to-day, and business concluded with a bid for 5½ met with a demand for 5½.

Duluth pfd. made its first appearance since July 27, when it sold at 11. Advances to-day were therefore, 1½, 2, 2½. At these prices 200 shares changed hands.

Molsons Bank rose 4 points on its price of July 24. At this advanced price, 205, 40 shares were sold. 229 wanted, 206 bid.

Bank of Commerce lost 1½ from yesterday's price. Closing demand 151 1-2, no offer.

Hochelaga Bank at same price as on Aug. 4.

MONTREAL MINING EXCHANGE.

CIVIC HOLIDAY CAUSES SMALL ATTENDANCE ON CHANGE—STOCKS BETTER—CALIFORNIA STRONG—MONTREAL—LONDON BETTER.

Montreal, Aug. 9.

There was a distinctly better feeling this morning. There was no special reason given for it, but a fair number of buying orders were scattered over the Board and to all them sellers' prices were generally given though in some cases both buyers and sellers made concessions. A feature of the business was the large percentage of dealing in the higher classed securities.

Republic, Payne, Knob Hill, Montreal-London sold to the extent of 7000 shares out of a total of 8850. California and Montreal Gold Fields were the other stocks dealt in. Nearly all issues were steady at the close with a good enquiry for the dividend-payers.

NEW YORK EXCHANGE.

AMERICANS IN LONDON $\frac{1}{2}$ TO $\frac{1}{4}$ LOWER THAN IN NEW YORK, OWING TO TIGHT MONEY AND THE TRANSVAAL-MONEY IN N. Y. RUMORED AS EASY.

New York, Aug. 9.

The London market is somewhat disturbed, the outlook in the Transvaal is less peaceful. Money seems to be working tighter and there are fears that the Bank of England will advance its rate to-morrow.

Americans show a decline, as compared with our closing prices, losses ranging from $\frac{1}{2}$ to $\frac{1}{4}$.

The papers here are inclined to take a somewhat sanguine view of the outlook. The Herald publishes despatches from the West, stating that the supply of money in that section is so large that very little currency will be withdrawn from New York for the farmers.

There is a vague rumor in the Street that that some big loans have been paid off, and that Standard's Bank Statement will make an excellent showing. The Government weekly crop report is, on the whole, encouraging. The condition of corn is reported to be excellent, more especially in Iowa, Nebraska, and Kansas.

There are still rumors that the K. G. will be absorbed by the Chicago & Alton, and the details of the plan will be published as soon as control has been acquired from the Dutch holders.

Exchange brokers predict that gold importations will take place in the next 30 days. The number of bills in the market is increasing steadily.

New York, Noon, Aug. 9.

Although London seemed to be in rather a pessimistic frame of mind induced by the uncertainty which accompanied the money outlook in England, our market opened strong with a fair activity of buying by commission houses.

As a rule, prices were somewhat higher than at the close, thus giving an opportunity to foreign houses to do some arbitrating. Their sales were heavier than for some days.

Sugar was the feature at opening, and showed considerable strength on renewed reports of an agreement with the Arbuckles.

American Tobacco was also a strong feature because of an announcement made by the news agencies, to the effect that the Buchanan & Lyall Co. was combining with other outside Tobacco companies, not alone to fight the American Tobacco Co., but rather to compete with the Con. Tobacco Co.

There were again many rumors that the Secretary of the Treasury would make large deposits in the N.Y. banks in spite of the fact that there is no law under which such deposits can be made, and consequently should Mr. Gage make them he would be making himself liable to impeachment.

After the 1st half hour activity diminished materially, although the tone keeps strong and there is very little doing, and next to no outside business.

MINING NEWS.

War Eagle—A wheel of one of the big five-ton trucks on the War Eagle tramway came to grief recently, but a new truck was in place a few days after the accident. The 750-foot point has been resumed. Everything was in readiness to go down rapidly. In the stopes in the 375, 500 and 625-foot levels the ore body has widened out considerably until the general average of the ore body is about 15 feet. If the requisite power is forthcoming to run the big compressor very rapid development work will be accomplished during the latter half of the present year, and consequently the shipments of ore will be considerably increased. It has been stated that upon the completion of the Centre Star plant the two properties could keep up a daily shipment of 600 tons if everything is in proper order to both mines.

Evening Star—Seventy-five tons were shipped from the Evening Star recently, which was the banner shipment for seven days from this mine. The mine will show a profit of several hundred dollars for July. Sinking of the shaft from the lower tunnel continues and there is three feet of shipping ore in its bottom. Ore is being stoped from the upper tunnel and it is all of a good grade and gives good smelter returns. The idea of the management is to ship enough ore to create a fund with which a compressor plant may be purchased. With power the ore could be gotten out cheaper and quicker and the mine be sooner placed on a dividend-paying basis.

Centre Star—The big ore shoot in the main tunnel level of the Centre Star, 300 feet from the west end line of the property, and from which, during Mr. Oliver Durant's management, over 1,000 tons of ore were taken out, has widened to nearly double its old width, and now measures 16 feet across. Mr. Hasting recently stated that the mine never looked better than it does now. Eight hundred and forty tons were shipped to Trail the week ending July 30. The combined output of the Centre Star and the War Eagle is estimated at 2,430 tons.

The B. A. C. Properties—These properties, including the Le Roi, Josie, No. 1, Columbia-Kottensky, Nickel Plate and Great Western, have all been worked steadily, with the exception of Great Western, which was closed for a time pending the installation of new machinery. The Le Roi shipped 57 carloads of ore, 1,324 tons, to the Northport smelter during the week. There

is nothing of special importance to report concerning the properties mentioned.

Iron Mask—Since the 15th of July an average of 45 tons per day has been sent to the smelter. The number of machines at work has been increased to six and work has been started on No. 2 winze. The intention now is to sink from the 350-foot level to the 450-foot level. A set of tanks have been put in. The water will be pumped into those tanks and there it will settle and afterwards be used in the boilers, etc. The force has been increased to 62 men. In fact, the property is looking well all over and never was in better condition nor shipping more ore than at present.

Canadian Gold Fields Syndicate—Cross-cutting north and south has been commenced from the 100-foot level on the new shaft on the Sunset No. 2. A tunnel has been started on the Gold Hunter to cross-out the main ledge there to determine its extent and richness at that depth. Twenty-five men are at work and the condition of the property is generally good.

White Bear—The shaft has now reached a depth of 285 feet. There are no new developments to note.

CHICAGO MARKET.

CHICAGO MARKET—August 8, 1899.

FROM OUR SPECIAL CORRESPONDENT.

BULGE IN EVERYTHING THIS MORNING — GOVERNMENT REPORTS AND SHORT INTERESTS POINT TO REACTION.

Chicago, August 9.

Jan. lard was 2c below yesterday's close. Oct. pork and Oct. lard, and all kinds of Short Ribs were at the same price, as also was Dec. corn and Dec. oats. Everything else was higher. May wheat $\frac{1}{8}$, Sept. $\frac{1}{8}$, Dec. $\frac{1}{8}$; Corn, May $\frac{1}{8}$, Sept. $\frac{1}{8}$; Oats, May $\frac{1}{8}$, Sept. $\frac{1}{8}$, while Jan. pork was 5c higher and Sept. 2, Sept. lard 3. Following upon this auspicious opening were sales in which the movement of values was uniformly upward. Corn was a purchase. Wheat market was due for reaction, the short interest being large, the Government reports to-morrow being about 85 in spring wheat, and North West situation causing a reduction in estimate of crop.

Liverpool cables told of wheat and corn $\frac{1}{8}$ higher with Paris grain unchanged, and of London where wheat was dull, there being no buyers. It was on receipt of news of yesterday's firm closing in American market that Liverpool started off with $\frac{1}{8}$ advance. For corn, shippers are bidding 1c over present prices in Iowa.

Grain received:

Wheat, Car lots 148, shipments 5,510
Corn " 288 " 501,751
Oats " 244 " 42,000

Primary receipts last week 725,030, shipments 233,956.

At Chicago received to-day: Hogs, 25,000; Cattle, 15,000; Sheep, 1,400.

Curb wheat 68 $\frac{1}{2}$ to 68 $\frac{3}{4}$; curb corn 30 $\frac{3}{4}$.

Weather reports:—north and northwest, cloudy; west and southwest, steady; Duluth, rainy; Minn., too much rain for wheat; Britain, good weather
