TWELVE PAGES—TUESDAY MORNING NOVEMBER 19 1907—TWELVE PAGES

27TH YEAR

CARRY THE POWER BYLAW THAT IS THE DUTY WHICH RESTS WITH TORONTO NOW

A WARNING TO ONTARIO

History of the New York Traction Merger Which the Electric Ring Hopes to Emulate Here.

Gibson's Twenty-Five Millions Merger to Be Followed by One Eight Times the Size—Where Robert Jaffray and Rev. J. A. Macdonald Come in.

What is set out in the annexed article has a direct bearing on the game of the electric ring in Ontario. The methods of the traction merger in New York are about to be attempted here.

As a matter of fact, the leading men in the ring are very small holders in the Toronto Electric, the Street Railway, the York Radial, etc.

From The American Review of Reviews for November. Perhaps the most startling illustration of the country has ever had of reckless and gigantic abuse in the forming and merging of corporations has come to light in the investigation of the street railway monopoly existing in New York City.

TOR. ELLEC. OFFERS CONFERENCE NOW

Willing to Discuss the Situation With City in Everybody's Interest.

Commenting upon this his worshipful re-remarked: "There is no question as to whether we should meet them, but whether before or after the vote is taken I have not decided."

So long as the company is in a position to say that the city must accept the terms offered, the city cannot afford to negotiate.

Hon. Adam Beck is expected in the city about noon to-day.

LONDON'S POWER BYLAW GIVEN FIRST READING

Engineer Instructed to Prepare a Statement of Estimated Cost of Distributing Plant.

LONDON, Nov. 18.—(Special.)—The Niagara power bylaw was given its first reading at the city council to-night, and was referred to the special committee of the council, who were given power to instruct the engineer to prepare a statement of the estimated cost of distribution and to prepare plans showing the area proposed to be covered.

COLLIERIES BY ACCLAMATION. BRANDON, Nov. 18.—(Special.)—Hon. G. R. Collivell, provincial secretary, was elected member for Brandon by acclamation to-day.

OR FOXY MR. NICHOLLS' LATEST DODGE.

JAP AND BRITAN CLASH IN EAST

Count Okuma Hints at an Aggressive Policy to "Protect" India.

PEKIN, Nov. 18.—The speech delivered at Kobe by Count Okuma, who was at one time head of the pro-Japanese party in Japan, in which he declared that Japan would sorely disappoint the people of India as well as ignore the opportunities given by the Japanese government to afford protection to the millions of India now being oppressed by Europe, has caused great excitement among the British newspapers published in Northern China.

"They reveal," this paper declares, "the cloven hoof and the attitude of ill-mannerism toward a country, the support of which gave her her present position in the world. We hope that the revelations made by Count Okuma will open the eyes of King Edward and his countrymen as the eyes of Briton were opened long ago."

Arrested After Nine Years

For nearly nine years a warrant has been at police headquarters charging Albert E. Mansfield with theft of \$100 from W. M. Johnson.

BUTTER FROM AUSTRALIA?

If Domestic Product Continues Dear, Article May Be Imported.

The surprising announcement was made yesterday that a Toronto produce firm had engaged a shipment of butter from England for domestic consumption.

"No, I never heard of butter imports before, and it seems an anomaly that Canada has to be an importer of agricultural products," was the concluding remark of this dealer.

BIG BOND ISSUE MEETS APPROVAL

Gold Engagements Have Practically Ceased as a Result—Drew Out Hoarded Money.

NEW YORK, Nov. 18.—Gratification was the prevailing tone in banking circles to-day over the government's plan for relief for the money market by the issue of \$50,000,000 in Panama Canal bonds and \$100,000,000 in one-year treasury certificates.

The amount already taken or engaged approaches \$70,000,000, which is much more than the most sanguine predicted at the beginning of the movement about three weeks ago.

Premier Roblin Here.

Premier Roblin of Manitoba arrived in town last evening from Winnipeg, and registered at the King Edward.

EARLY SHUFFLE IN CABINET'S PREDICTED

Hon. G. P. Graham to Be Postmaster General—Lemieux Minister of Public Works.

OTTAWA, Nov. 18.—(Special.)—When the Hon. Rodolphe Lemieux returns from Japan he will be transferred from the postoffice to that of public works, and there will be a big shuffle of cabinet positions.

Mr. Graham will get the postoffice and labor department. These arrangements have now been made unless something crops up unexpectedly.

CONSTABLE MARSHALL DEAD

Was Stricken With Paralysis While on Beat Last Week.

Police Constable William Johnson Marshall died in the general hospital at 11 o'clock yesterday afternoon as the result of a paralytic stroke while on his beat Wednesday last.

ALL-RED ROUTE.

London Daily Mail Says Steps Have Been Taken.

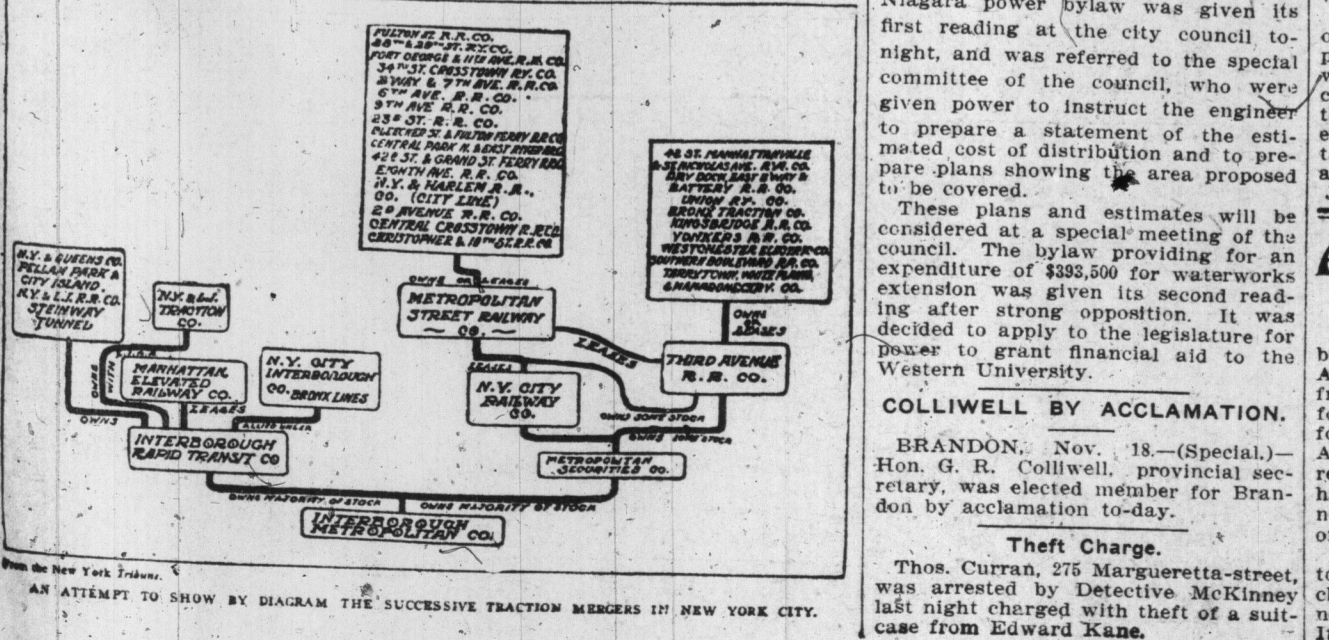

JUDGMENT WAS VARIED.

Copeland-Chatterton Co. Had Points Decided in Their Favor, Too.

The information published in The Sunday World, under the heading "Business Systems, With Appeal in Noted Case," seems to have been quoted too freely in the interests of the defendants in the case.

PEOPLE WE MEET.

By observing many of the business men of the city and prominent representatives of commercial interests who are constantly visiting Toronto you will note that the brown stuff hat is popular and dignified.

One Issue of the Daily and Sunday World Aggregates 79,390

LET ONTARIO BEWARE.

The World publishes in another column to-day the story of the conditions of the public utilities of the City of New York, and especially the traction system of that city from the American Review of Reviews of this month. It is a very illuminating story, and it shows two points: First, the awful state of things in the City of New York, and second, how active the government of New York and the new public utilities commissions of that state are to rectify them.

This story of the traction mergers of New York and the awful over-capitalization is the direct result of misapplication of trust insurance funds, of a system of watering public utilities stock that simply outclasses anything of the kind heretofore, and which in a word is a most bare-faced lying up of the people to a private-owned system of traction, and at the same time a shameful loading up of public investors with hundreds of millions of rotten, worthless watered stock.

The panic that occurred the other day in New York, the money stringency that prevails there to-day, is largely the result of the manipulations of the Ryans, the Belmonts, the Widners, the Thomases, the Elkins and men of that class. It is the most shameful story in American "high finance," and, as we say, outclasses anything that was ever before attempted in the way of stock watering, in public robbery, in demoralization of public opinion.

But we are not publishing this story merely as a story in regard to New York; we are publishing it for the instruction, for the lesson it has for Canadians, for the direct bearing, for the flood of light it is capable of throwing upon the propositions of the Ontario electric ring now seeking to tie up the City of Toronto and the whole Province of Ontario to a power monopoly controlled by that ring, and who at the same time are seeking, and have already managed in a measure to load the investing public of Canada with millions and millions of watered stock in connection with the electric propositions they have floated out, or propose to float out, upon the public.

The time is head off such a merger in Ontario is now, and the only way to do it is for this province to have a public utilities commission like the one in New York, and with the same powers—the one Ontario has being almost worthless—and to start to put in the safeguard of publicity before any more wrong done, rather than probe it after it has been done, as in New York. Let there be an investigation of the methods up to date of our electric ring. To do this, Mr. Whitney must follow the Hughes law and provide for counsel to investigate these things as set out in section 12 of that law. Mr. Whitney will be a match for the men who are bent on defeating public power in Ontario when he has duplicated the Hughes law in the Legislature of Ontario. This man Ivis, in New York, is exposing the traction ring by virtue of the splendid publicity powers of the Hughes law. We have no such law here. We want it badly. And let Robert Jaffray be the first man investigated.

Greater significance than appears on the surface attaches to Mr. A. J. Balfour's last and explicit declaration in favor of tariff reform in the United Kingdom. It is more than a statement

of his own personal belief; it is evidence that he is satisfied the movement appeals to the mass of his party, and has attained proportions which make it a decisive factor in the shaping of the party policy. Mr. Balfour is thus in a situation directly antithetic to that occupied by Sir Henry Campbell-Bannerman. The Conservative leader has been gradually forced by the pressure of his followers into adopting tariff reform as the first plank in his political platform—the Liberal leader was busily engaged up to the moment of his unfortunate ailment in rousing the enthusiasm of his party for his plan of circumscribing the veto power of the house of lords.

Admittedly, the latter issue, which the Liberal government has made paramount, cannot be decided without another general election. According to the present understanding, the government will during next session of parliament reintroduce the bills rejected by the house of lords, or so handled by the peers as to have compelled their withdrawal. These include the Scottish land bill, the Scottish land valuation bill, the English education bill, and, possibly, another and more advanced English government measure. Along with these a drastic license reform bill will be introduced, and last, but not least, a bill embodying the resolutions carried in the house of commons restricting the power of the hereditary chamber. Whatever the peers may do with the other measures, they will certainly not agree to any modification of their constitutional power as hitherto acknowledged. An appeal to the people as supreme arbiters must then be made, and the government can hardly refuse an early submission of the case, and no general election within living memory will involve more important consequences, whatever the verdict at the polls may be.

If the recent English municipal elections are to be accepted as an indication of the present trend of public sentiment, it must be taken as decidedly against the government. Although English cities and towns do not allow national politics to affect the choice of their local councils, many of them maintain their party divisions, and this year the agitation astoundingly worked up against Socialism certainly introduced more than usual of the political element. On the other hand, this particular agitation does not meet with unqualified approval from the clearer headed section of the Conservative party, who recognize that several important features of the Socialist program do not differ materially from proposals advanced by both the regular parties. But, there can be no doubt that the more extreme type of socialist propaganda has evoked a strong feeling of antagonism, and the prejudice thus aroused will be freely appealed to during the electoral campaign. But the general election is far enough distant to render speculation futile meantime. The ultimate line of battle will be conditioned by the events of the next session of parliament, which, on that account, will be awaited with an interest commensurate with their epoch-making quality.

POLITICAL INTELLIGENCE.

The Conservatives in Kingston are to meet in convention in a few days to nominate candidates for the Dominion and provincial houses. Thus far the only name mentioned prominently in connection with the contest for the legislature is that of J. C. Metcalfe, ex-warden of the penitentiary. Ald. W. F. Nickle may be put in nomination for the federal house.

An Ottawa despatch says: Signs of seasonal activity are already in evidence. Among the parliamentarians who have arrived in the city are Hon. George E. Foster and Hon. John Haggart.

THE SMILE WILL BE FOR YOU!

John Wenzel Walked Cheerfully to Electric Chair.

OSHING, N.Y., Nov. 18.—John Wenzel, the murderer of George Spatz, a Brooklyn saloon keeper, went to his death in the electric chair at Sing Sing Prison to-day with a smile just as he has promised his sister he would do.

BELLEVILLE WOMEN VICTORS Baked Their Own Bread and Beat the Bakers.

BELLEVILLE, Nov. 18.—About a week ago the bakers of this city raised their prices from 10 cents to 12 cents for a three-pound loaf. Their customers rebelled and so many started to bake their own bread that to-day the bakers reduced their price to the old figure, 10 cents.

VIOLINS BARRED.

The finance committee of the board of education yesterday refused to date the proposal for violin teaching in the schools.

WIFE GOES TO JAIL.

BROCKVILLE, Nov. 18.—(Special.)—For attempting to take the life of her husband with a butcher knife Mrs. Joseph Male was sentenced to three months in jail.

RIVERDALE B. M. A.

A general meeting of the Riverdale Business Men's Association will be held on Thursday evening at 8 o'clock in the rooms of the Royal Canadian Bicycle Club, 131 Broadview-avenue.

THERE'S A BLACK PLAGUE THAT MUST BE FOUGHT

Prof. McCrimmon's Address to Canadian Club on Social Problems.

Prof. McCrimmon of the chair of political economy in McMaster University was greeted with most enthusiastic applause at the close of his address yesterday at the Canadian Club.

He spoke on two social problems, to a large extent interdependent. The distribution of wealth was often considered the problem of society, but deeper than this was the inequality of intelligence and education. Unless men knew their right relation to their fellow-men, a redistribution of wealth would be useless. Every social problem had its educational setting and every man should himself become a dynamic force for the improvement of his fellows in the country of which he forms a part.

Prof. McCrimmon spoke on the cancer of social disease, which was eating out the physical stability of the race. As they fought the white plague of tuberculosis they needed to fight the black plague of this evil. Light should be thrown on the venomous beast which, under the cover of misdirected policy, was fastening its fangs on the throat of our national development. He gave medical statistics showing that 75 per cent. of the adult population were affected by venereal disease. The series of figures given in detail were staggering to the audience. They called, said the speaker, for intelligent and emphatic utterance. Parents and teachers refrained from tactful and delicate instruction on these matters when boys and girls needed to be fortified against the contamination.

TOOK FIT AND DRANK POISON

Blenheim Township Farmer Victim of Extraordinary Accident.

WOODSTOCK, Ont., Nov. 18.—(Special.)—Frank Hall, a farmer residing in Blenheim Township, wet with an accident one day last week that is probably unprecedented in the annals of the county. Hall bought some Paris green with which to exterminate some squirrels that were doing mischief about his house. He was engaged mixing the poison with water when he was attacked with an epileptic fit. It appears that he is subject to this terrible malady and is in the habit of taking a drink of water when it comes on if water is available. He seized the Paris green mixture, and evidently thinking it to be water, drank it. He was immediately taken with violent pains. A doctor was summoned. A stomach pump was used and after great labor he was brought around.

SUICIDE AT UXBRIDGE.

UXBRIDGE, Nov. 18.—While temporarily insane as a result of worry, John Hunter, a retired butcher, and a resident of this town, cut his throat this morning with a razor. He was 80 years of age.

Windsor's Wealthiest Woman Dies.

WINDSOR, Nov. 18.—After an illness of two weeks, Mrs. Catherine K. Jepp, who claimed to be the wealthiest woman in Windsor, is dead at her home. Mrs. Jepp was the widow of William Jepp, the contractor who built the western section of the old Great Western Railway. Her nearest relatives are a brother in Silverdale, Ont., and a sister in California. She was 79.

AT OSGOODE HALL

Master's Chambers. Cartwright, master, at 11 a.m. Judge's Chambers. The Hon. Chief Justice Meredith at 11 a.m.

Divisional Court. Peremptory list for 11 a.m.: 1. Lamont v. Wenger (to be concluded); 2. Cole v. Canada Fire Insurance Co.; 3. Quin v. Corson.

Court of Appeal. Peremptory list for 11 a.m.: 1. Toronto Cream and Butter Co. v. Metropolitan Metropolitan Company; 2. Fulton v. M.C.R.; 3. Wade v. Elliott; 4. Webb v. Hamilton; 5. Irving v. Grimby Park Co.

Toronto Non-Jury Sittings. Peremptory list for 10.30 a.m.: Aggett v. Schwartz (to be concluded); Toronto v. Hamden; Automobile v. Douglas; Wallace v. Brown; Trout Lake, district of West. Kootenay, B.C., claiming \$9733.33 on an overdue note.

Bank Obtains Judgment. The Sovereign Bank of Canada obtained judgment against the Chantier for \$12,731.94 on a promissory note. No one appeared for Chantier on the application for judgment.

Mining Company Sued. A writ of summons has been issued by the Imperial Bank of Canada against the Ferguson Mines, Limited, of the Island and the sub-territory of the Ferguson Mines, Limited, claiming \$9733.33 on an overdue note.

Chattel Mortgage. The York Manufacturing Co. is asking the court to set aside and declare fraudulent and void a certain chattel mortgage made by the City Laundry Co. to Reinhard Cook of Berlin.

Don't Want to Pay. Robert Simpson, a professor of dancing, threatened to build a system of saw ways, and thus Mr. Ryan and his associates had brought about conditions which they were unable to finally persuade Mr. Belmont and the capitalists associated with him that the consolidation of all traction interests was to be deferred. It turned out to be a bad bargain for the Belmont interest.

Promissory Notes. The Toronto General Trusts Corporation, as executors and trustees of the estate of the Hon. M. C. Cameron, deceased, have begun an action against Philip J. Goderich to recover \$71 on an overdue promissory note.

Wants Payment Declared Illegal. The Trusts and Guarantees Co. is seeking to recover from Hamilton Munro, William Hamilton, and others of the Town of Peterboro, the sum of \$192.11, being the amount of a payment alleged to have been made by the William Hamilton Manufacturing Co. to defendant William Hamilton in trust for his co-defendants and to have the payment declared illegal and void.

Conviction Quashed. The division court has quashed the conviction against Joseph Brisbane of Ennoble for the sale of liquor near a railway construction camp.

His Present Intent. When the new public service commission for New York City, headed by Mr. Wilcox, entered upon its duties, its most important work had to do with the investigation of the street railway companies, and the attempt to improve service and conditions. The enquiries that were started led to a study of the transit monopoly.

Investigation is also going to have an immediate effect upon service. Already orders have been issued in order that funds may be available to meet the demands of the commission. The Metropolitan-Metropolitan Company, which controls all the Manhattan and elevated lines in the Brooklyn company, has been ordered to increase its service on the subway and elevated lines in various departments from five per cent. to 25 per cent. In both instances the companies have announced their intention to comply with the orders. The commission is examining, one after another, every line in Greater New York, and will issue orders for better service as rapidly as it can be obtained. Such examinations of the Madison Avenue and Broadway lines have been completed, and action has been taken equivalent to 25 per cent. improvement over certain portions of these lines. In these cases also, the companies have given assurance that they will comply with the demands. Similar orders on several Brooklyn lines were under advisement last month. The Bridge is one of the most serious problems with which the commission has been faced. The investigation has not yet elapsed for the intention of any far-reaching plan for amelioration. The commission has shown its hand, however, in the adoption of certain minor

EATON'S DAILY STORE NEWS

Stylish Fur Pieces for the Gift Season

The most popular furs for muffs and neck pieces are Mink or Persian Lamb, and the Eaton Fur Salon is now making a magnificent special display of these in the favorite styles for the season.

The life of the fur depends on the quality of the pel. Our Quality may be absolutely relied upon. The Persian Lamb Skins have been purchased by our own experienced buyers at the world's leading fur marts, and after critical examinations he secures skins of the finest quality obtainable, unique in the uniformity of curl, and splendid jet black glossy appearance. Every Mink Pelt that enters the Eaton Fur Factory is purchased in Canada. No mink excels the Canadian for fulness of fur, pliability, soft, dark lustre and richness of appearance.

Our Styles are created by expert designers who have closely watched the latest fur fashions. Our Prices—one of the strongest points of Eaton furs—are the most moderate that large buying and avoiding of middleman's profits can produce. Every Eaton fur garment is made in our own large factory, and there's economy and watchfulness at every step of the manipulation. Eaton Quality, Eaton Styles, Eaton Prices are right, and every purchase carries with it our guarantee of satisfaction or money refunded.

For 32.50 MINK THROW TIE, as illustrated, 72 inches long, two stripes throughout, trimmed with ten tails, lined with best quality satin.

For 52.00 MINK MUFF, to match, new bell shape, with six distinct dark stripes, elderdown bed, light weight, satin lining and wrist cord.

Other Mink Throw Ties and Stoles of same quality and excellence are priced at \$16.25 to \$275.00. And Mink Muffs from \$21.75 to \$100.00. Worth seeing is our 50-inch Throw Tie of Persian Lamb at \$18.50. And the stylish Persian Lamb Muff, Empire shape, at \$18.50.

The fur business, its growth and its thoroughness, is one of the proudest and biggest developments of this great store, and the most careful and economical dressers are learning more and more of its thoroughness and expertness.

FUR SALON, SECOND FLOOR.

THE T. EATON CO. LIMITED

A WARNING TO ONTARIO

Continued From Page 1.

street railway system. The crowning step was in the formation of the Interborough Metropolitan Company early in the year 1906, which, thru the acquisition of a majority of the stock of the Metropolitan Securities Company and of the Interborough Rapid Transit Company, obtained control of the surface lines, elevated lines, and subway lines to plan and operate a unified system of rapid transit for the northward.

A Bad Bargain. The Metropolitan Company had threatened to build a system of saw ways, and thus Mr. Ryan and his associates had brought about conditions which they were unable to finally persuade Mr. Belmont and the capitalists associated with him that the consolidation of all traction interests was to be deferred. It turned out to be a bad bargain for the Belmont interest.

When the new public service commission for New York City, headed by Mr. Wilcox, entered upon its duties, its most important work had to do with the investigation of the street railway companies, and the attempt to improve service and conditions. The enquiries that were started led to a study of the transit monopoly.

Investigation is also going to have an immediate effect upon service. Already orders have been issued in order that funds may be available to meet the demands of the commission. The Metropolitan-Metropolitan Company, which controls all the Manhattan and elevated lines in the Brooklyn company, has been ordered to increase its service on the subway and elevated lines in various departments from five per cent. to 25 per cent. In both instances the companies have announced their intention to comply with the orders. The commission is examining, one after another, every line in Greater New York, and will issue orders for better service as rapidly as it can be obtained. Such examinations of the Madison Avenue and Broadway lines have been completed, and action has been taken equivalent to 25 per cent. improvement over certain portions of these lines. In these cases also, the companies have given assurance that they will comply with the demands. Similar orders on several Brooklyn lines were under advisement last month. The Bridge is one of the most serious problems with which the commission has been faced. The investigation has not yet elapsed for the intention of any far-reaching plan for amelioration. The commission has shown its hand, however, in the adoption of certain minor

regulations regarding vehicular traffic and the construction of the four-avenue subway, to cost about \$25,000,000, which by diverting some traffic from the Brooklyn Bridge portion of the subway in addition to subway and tunnel work already under construction under the direction of the commission, which will cost about \$2,000,000. Night work upon the subway from the Battery to Brooklyn has been ordered, so that this tunneling operation will be completed in the present situation. This subway is in addition to subway and tunnel work already under construction under the direction of the commission, which will cost about \$2,000,000. Night work upon the subway from the Battery to Brooklyn has been ordered, so that this tunneling operation will be completed in the present situation. This subway is in addition to subway and tunnel work already under construction under the direction of the commission, which will cost about \$2,000,000. Buffalo Service.

Grand Trunk trains leave Toronto daily at 8:00 a.m., 12:01 p.m., 4:05 p.m., 8:10 p.m. The 3:00 a.m. and 4:05 p.m. trains carry through coaches and buffet cars, and the 8:10 p.m. train has through coaches and cafe parlor car to Buffalo and through sleeper to New York.

THE WEATHER

METEOROLOGICAL OFFICE, Toronto, Nov. 18.—(P.M.)—A very marked depression has moved into Alberta since last night, and the temperature is falling over the western provinces. The weather continues fine everywhere.

THE BAROMETR.

Table with 3 columns: Time, Bar., Wind. Rows for 4 p.m., 5 p.m., 6 p.m., 7 p.m., 8 p.m., 9 p.m., 10 p.m., 11 p.m., 12 p.m.

TO-DAY IN TORONTO

Nov. 18. Progressive Club, Williams' Cafe, 6.30 p.m. Anglican Y.P.A., St. Phillip's Church, S.S. Women's Missionary Society meeting, Elm-street Methodist Church, 8 a.m. Yorkshire Society, card party, S. O. E. Hall, 8.

STEAMSHIP ARRIVALS

Nov. 18. At: From: Weishan... Liverpool... Lake Erie... Quebec... Montreal... St. Louis... Southampton... New York... Princess Irene... Bremen... Campagna... Naples... Pr. der Grosse... Genoa... Nov. 19. From: Bulgaria... Genoa... New York.

BIRTHS

LAWSON—On Sunday, Nov. 17th, 1907, at St. Andrew's-on-the-Hill, a daughter, Edith, to Mr. and Mrs. Edward E. Lawson, a daughter.

MARRIAGES

GIBERT—MACLAREN—On Oct. 28, 1907, at Jamaica, Long Island, Margaret MacLaren, daughter of Mr. and Mrs. R. R. Jamieson, of Calgary, to Mr. Reginald Gibert of Calgary.

DEATHS

JOHNSTON—On Sunday, Nov. 17th, 1907, at the residence of his daughter (Mrs. John A. Brown), 315 Shaw-street, Robert Johnston, aged 61 years, ex-patrol sergeant Toronto Police Force. Funeral Tuesday at 2.30 p.m., to Mount Pleasant Cemetery.

MORE MONEY FOR REGISTRAR

Annexation of Territory Will Swell Fees of Office. Referring to Premier Whitney's statement that the emoluments of the West Toronto registrar will be reduced automatically to about \$700 in a few months, owing to the special work of transferring records from one office to the other being nearly finished, a gentleman connected with the registry office said yesterday that additional work would be done by the registrar, and the new registrar would in all probability receive the same remuneration as Dr. Beattie Nesbitt, namely, \$2000 a year.

Highwaymen's Victim Dies

MONTREAL, Nov. 18.—Oscar Delorme, the young farmer who was shot by a couple of highwaymen a couple of weeks ago while driving home on the Back River road, has died as a result of his injuries. He was able to leave the hospital a few days ago, but only a piece of the bullet was extracted, and it was believed that he had a fair chance of recovery. The injury proved fatal, however, somewhat unexpectedly. The men who did the shooting have never been apprehended.

"The Cricket on the Hearth"

The reserved plan for the performance to be given by the Dickens Follies and Saturday night was opened yesterday at Goulay, Winter & Leeming, to members of the fellowship club. A beautiful entertainment has been arranged, and the only comparative small number of seats remain for disposal to the public to-day.

The Mendelssohn Choir

Attention is drawn to the announcement of the subscription list for the opening of the Mendelssohn Choir. On and after to-morrow (Monday) subscriptions will be received at Massey Hall, at the music stores or by any member of the committee or chorus. A beautiful entertainment has been arranged, and the only comparative small number of seats remain for disposal to the public to-day.

How Shall We Vote on Power?

Correspondent Sets Up Some of the Sample Arguments of the Opposition and Shows How Easily They Can Be Knocked Over.

Editor World: I see from one or two headlines that have caught my eye in the Toronto papers lately that I shall presently be called upon to vote for or nay on some "power" scheme. Now, as I know little or nothing about municipal affairs, I shall be much obliged to you if you will enlighten me, and will also listen patiently to a few difficulties which lie in the way of my being able to cast even a reasonably intelligent vote.

There are, it seems to me, two and only two ways of regarding this scheme, a scheme by which the city (that is, the citizens) is to expend some two million dollars in procuring "power". I see it is to be a municipal investment? If so, I say at once and frankly that I would rather not entrust my money to a council of men, most of whom are not in my line, and who are not to be trusted with a single penny of my money. I do not think that the investment of money is the proper function of a city council.

If it is not an investment, will every eligible citizen who is taxed for power benefit by it? It is not, I think, a very clear-cut case, and I have said, very simply, for, as I have said, if you cannot prove to me that every single citizen who is taxed will be benefited, I see very grave reasons for voting "no".

The Essence of Taxation.

Is not the essence of taxation the principle that each member of a community should contribute to the health and comfort of that community as a whole? I willingly pay for police, fire, hospitals, jails, asylums and charities, and for the numerous officials and paraphernalia necessary for these things. I willingly pay for parks and clean water, if it can be had at a reasonable price. I do not willingly pay for the I do not complain. These are (1) a very high grade of education, (2) a public library, (3) a half full of fiction. Higher literature surely does not benefit the community as a whole (even if it could be acquired by the individual citizen) and why I should pay for my neighbor's novels I do not see.

Benefits of Power.

But I wonder from the point of view of the citizen, what benefit he gets out of it. Is it necessary of life, like bread or milk or fuel? Does it ameliorate or elevate or cultivate? By "power" I take it is meant machinery, such as chinery, run tram cars, or light electric lamps. I have no machinery; I have no electric lights; I have no tram cars; I have no light electric lamps. I have to buy them from those who make and sell them. Why should I pay for them? I am, my fellow-citizens, if they want power, either so to those who have it or to those who do not. Why should I pay for it? I have no machinery; I have no electric lights; I have no tram cars; I have no light electric lamps. I have to buy them from those who make and sell them. Why should I pay for them?

DEER WITHDRAWN FROM NOT BECOMING EXTINCT

Not Necessary to Restrict Killing, Says Game Superintendent Tinsley. Edwin Tinsley, superintendent of game and fisheries of the province, does not think legislation will be necessary to further restrict the slaughter of deer. The returns are not yet complete, but from fragmentary reports he concludes that deer are becoming extinct.

CITY MUST PAY COST OF PROTECTING CROSSINGS

Judicial Committee of Privy Council Has Dismissed Appeal From the Supreme Court.

LONDON, Nov. 18.—(C.A.P. Cable).—The judicial committee of the privy council has dismissed the appeal of the City of Toronto v. C. P. R., and orders that the appellants pay the costs. The Toronto Telegram, in a special cable from London, publishes the judgment in full. In part it says: "In the present case it seems quite clear to their lordships that, if, to use the language about the crossings, the appellants were clear, the sections impugned do not more than provide reasonable means for safeguarding the public interest in the railway which is committed to the exclusive jurisdiction of the legislature which enacted them, and were, therefore, ultra vires of the appellants' power. If the precautions ordered are reasonably necessary, it is obvious that they must be paid for, and in view of their lordships' findings there is no ground for the sections impugned. The appeal is dismissed with costs."

SURPLUS LABOR RETURNS SHOULD TEACH TRADE TO FIRST OFFENDERS

Many Applications to Bureau of Colonization From Men Out of Work.

Hundreds of new citizens who were attracted to Canada last summer by the promise of plenty of work at high wages are already feeling the pinch of winter, and scores of applications are made daily to the bureau of colonization for transportation back to the old country.

Many of these are being forced to return home on account of physical incapacity, but a large number are being met with the conditions arising out of the cessation of industrial expansion. Thomas Southworth, director of colonization to Canada or Ontario was ordered this year. He believes that if industrial conditions were the same as last winter work could be had in abundance for an army of men and women who are now looking for the opportunity to return to Britain. But the money stringency is compelling manufacturers who have all the orders they can attend to, to reduce their staffs. Heretofore a large number have been attracted to employment in the lumber camps for the winter, but this year, also the price of lumber keeps up, the lumbermen are curtailing their cut, and there are fewer opportunities for the surplus of labor from the cities.

Reports are reaching the department from the steamship companies that an unusually large number of steerage tickets are being sold, and the indications are that there will be a large outflow of laborers during the winter. The majority of them have saved enough of their earnings to return home with their families, but in many cases they require assistance. The Ontario Government is unable to help many of them, except in special cases, where arrangements will be made for cheap transportation.

An Englishman who has a wife and five children applied to Mr. Southworth for help. This man paid his way out, took a position with a coal company as driver, and thru exposure to the weather contracted rheumatism, which has incapacitated him for work.

Three cases came to the notice of the department yesterday, in which the bread-eater was not physically able. In each case the department was not able to send the applicants home.

The return of so large a number of immigrants may ease the situation somewhat. In fact, the steamship companies brought out 22,000 for Ontario points during the past year, and under ordinary circumstances there would be no difficulty in finding employment for these this winter.

In conformity with the arrangement made with the latter department, Ottawa, by which the immigration from the old country will be handled altogether by the department of Ottawa, the Ontario department of agriculture has advised the Grand Trunk Railway that the government office at the Union Station will be vacated on Jan. 1. The distribution of immigrants will be carried on from Ottawa after that date.

The superintendent of immigration at Ottawa, W. D. Scott, has arranged for the deportation of a number of persons on account of mental incapacity. A man will be sent back to Holland, a man with his wife and two children will be returned to England, and another man to England and a woman to Michigan.

Italians from the railway construction camps are leaving the city by scores to spend the winter in Italy. In fact, the exodus is unprecedented, even from United States points, and for the first time orders have been received three weeks in advance to cease booking new passengers. This is for a steamer leaving Dec. 15.

THE PADEREWSKI RUSH.

Sale of Seats for Recital Will Commence This Morning.

Owing to the very exceptional demand for seats for Paderewski, who appears on Wednesday of next week, the box office sale will be opened this morning at the box office in the main hall, entrance being by Shuter-street.

The door will open at 7 o'clock, so that the crowd can be sheltered in the vestibule, and the sale will begin at 9 o'clock sharp.

While there should be ample accommodation for everyone in the main hall, there is no doubt that Paderewski is the most popular artist in the world, and the cheaper seats will be certainly sold very quickly.

DEATHS IN THE CITY.

Deaths registered at the city hall yesterday were: Matilda Edna Somers, 41 years, pulmonary tuberculosis; Christopher Lettew, 65 years, kidney disease; George Gerrie, 60 years, central rhomboid; Florence Hockridge, 1 month, premature birth; Susan Marie Nightingale, 61 years, ileo-colitis; Jack Chapman, 9 months, ileo-colitis; Wm. Moorhead, 65 years, myocarditis; John Dundas, 7 weeks, cholera infantum; Mary Teresa Ferguson, 29 years, embolus; Ann Hill, 79 years, cerebral degeneration; Fred Smith, 4 months, indigestion; Edith Stead, 4 years, nephritis; Mary Kenyon, 27 years, peritonitis.

CROWS NEST MINERS.

LONDON, Nov. 18.—(C.A.P. Cable).—One hundred and fifty Welsh miners, engaged by Agent Leopold, sailed on the Empress of Ireland. The miners go to the Crow's Nest Pass district.

SHOULD TEACH TRADE TO FIRST OFFENDERS

Justice MacMahon Addresses Grand Jury on Merits of the Indeterminate Sentence.

John Boyd, colored, will come up for trial before Justice MacMahon in the criminal assize court at the city hall this morning. True bills were returned against Boyd, charging him with the shooting of Edward Wandle, and against Minnie Turner, for murder yesterday afternoon.

The greater part of Judge MacMahon's charge to the grand jury referred to the indeterminate sentence system of which the judge is a strong advocate. He pointed out that the present system of sentences is purely penal without any proper regard for its reformatory effect. He urged that sentences for first offenders should include, in addition to confinement, compulsory terms at a technical school, where the prisoner should be taught a trade to enable him to provide for himself honestly at the expiration of his term.

Those serving on the grand jury are: Locket G. Amstern, Martin Bogart, East Gwillimbury, Wm. J. Duncan, Toronto Junction; Abraham Hesse, Whitechurch; M. Kitley, East Gwillimbury; Joseph Rogers, King; Henry P. Roberts, Robert Vogal, Robert Wells, William N. West, David H. Wilson, John A. Withrow, William Worthington.

REDUCES AUTOMATICALLY.

Legislation Not Necessary to Regulate Registrar's Fees.

It appears that no legislation will be necessary to reduce the emoluments of the office of registrar to the amount of the fees that were paid to the registrar prior to the amendment of 1903. Premier Whitney said yesterday afternoon.

"It appears that the work done under the statute, for which extra fees were paid, consisted of copying documents registered before the division of the registry office. This work is expected to be finished within the next five or six months, when of course the extra remuneration will cease, and the ordinary provisions of the statute relating to the registrar's remuneration, which last year was something over \$700, will govern. No legislation will be necessary."

THREE KINGS AND FIVE QUEENS

Occasion at Windsor Probably Unique in History.

WINDSOR, Eng., Nov. 18.—Sunday will be long remembered in Windsor as an occasion of an event probably unique in history; at Windsor Castle a church was served in the staid dining room to a party consisting of three kings, five queens, and sixteen princes and princesses.

The royal party were the King and Queen of England, the Emperor and Queen of Germany, the King and Queen of Sicily, the Queen of Portugal and the Queen of Norway.

Several interesting photographs of the group of monarchs and then of the entire party were taken.

HOME REMEDY SAID TO MAKE BLOOD PURE

A Harmless Easily Prepared Mixture Which is Said to Clean the Blood of all Impurities and Waste.

All medical authorities are agreed that the blood is the great source of disease or of health in the human system. If the blood is pure, the individual is healthy; if the blood is impure or diseased, then there is sickness, or decay in the whole system.

Rheumatism is strictly a blood-disease. It is caused by excessive uric acid. Sores, pimples, etc., mean bad blood. Catarrhal affections must be treated through the blood, not permanent results. To get well, to feel strong, healthy and vigorous one must have good, clean blood. Last year was something over \$700, will govern. No legislation will be necessary."

Here is a simple home remedy, and the recipe for making it up is as follows: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take in teaspoonful doses after each meal and again at bedtime. The ingredients are of the highest quality, and the preparation is made at small cost.

Here the readers of this paper have a simple yet powerful and effective remedy for all forms of blood, kidney and bladder diseases which should relieve rheumatism and catarrhal affections, and replace that weak, worn-out, different feeling with strength, vigor and health.

RUSSELL TOWNSHIP RAILWAY.

OTTAWA, Nov. 18.—(Special).—The prospect of building a railway through the southern part of the Township of Russell is taking shape. A large meeting was held at Metcalfe, a few evenings ago, when steps were taken to promote a company to secure a charter.

WILL CONSIDER FREIGHT RATES.

OTTAWA, Nov. 18.—(Special).—The railway commission will shortly issue a series of sittings in the eastern townships, principally to hear complaints in regard to freight rates.

COUGHS

WE'VE CUT THE PRICES.

We have \$35,000 tied up in a recent purchase of fine Winter Overcoats, Suits and Furnishings. We must turn this into cash at once! Prices have been cut clear to the limit. Never before in the history of the city have there been such radical reductions at this time of the year—we mean business—we have cut the price of every garment. Read this again, and think what it means. Come to-day. First come first served. Plenty of salesmen to wait upon you.

OVERCOATS at \$10
In a variety most pleasing in style and satisfying to the most careful dresser: in three-quarter lengths or longer; new straight hanging box cut; or slightly shaped backs; every coat full of style and individuality.

OVERCOATS at \$12
Nothing finer in an overcoat at this price has ever been offered to the public. The man who is accustomed to having his clothes made to order will be interested. Tailors can't make better garments so far as fit, workmanship and material are concerned.

OVERCOATS at \$15
Every garment in this magnificent collection is strictly hand-tailored, of pure wool fabric. The choicest weaves, patterns and colorings of the best foreign mills are represented. You may pay your tailor double our price, but you will not get better workmanship.

MEN'S SUITS at \$12
A beautiful line for the man who wants a suit that is correct in every detail at a moderate cost, all the new browns, new tone greys, mixtures, and other styles. All made to order in the most up-to-date manner.

MEN'S SUITS at \$15
The man who wants the best in dress should see these. All the exclusive weaves are here, from the best foreign and American mills. Every desirable shade to suit all tastes. Extreme and conservative styles.

NOTICE TO CREDITORS.
IN THE MATTER OF THE ESTATE OF Joseph Francis Blahout of the City of Toronto, in the County of York, furrier, deceased.
Notice is hereby given, pursuant to Chap. 126, R.S.O., 1897, that all persons having claims, demands, or debts against the estate of the said Joseph Francis Blahout, who died on or about the eleventh day of September, 1907, are required to send by post, prepaid, or otherwise, to the undersigned, Messrs. The Trusts and Guarantee Company, Limited, of Toronto, Ontario, full particulars of their claims, demands, or debts, and the names and addresses of the persons in writing of their claims, and state the nature and character of the securities (if any) held by them, and take care that after the said day of December, 1907, said day of December, 1907, the said Trusts and Guarantee Company, Limited, will proceed to distribute the assets of the said deceased among the parties entitled thereto, having regard only to the claims of which it shall then have notice, and which shall have been notified to the said Trusts and Guarantee Company, Limited, on or before the said day of December, 1907, and the names and addresses of the persons in writing of their claims, and state the nature and character of the securities (if any) held by them, and take care that after the said day of December, 1907, the said Trusts and Guarantee Company, Limited, will proceed to distribute the assets of the said deceased among the parties entitled thereto, having regard only to the claims of which it shall then have notice, and which shall have been notified to the said Trusts and Guarantee Company, Limited, on or before the said day of December, 1907, and the names and addresses of the persons in writing of their claims, and state the nature and character of the securities (if any) held by them, and take care that after the said day of December, 1907, the said Trusts and Guarantee Company, Limited, will proceed to distribute the assets of the said deceased among the parties entitled thereto, having regard only to the claims of which it shall then have notice, and which shall have been notified to the said Trusts and Guarantee Company, Limited, on or before the said day of December, 1907, and the names and addresses of the persons in writing of their claims, and state the nature and character of the securities (if any) held by them, and take care that after the said day of December, 1907, the said Trusts and Guarantee Company, Limited, will proceed to distribute the assets of the said deceased among the parties entitled thereto, having regard only to the claims of which it shall then have notice, and which shall have been notified to the said Trusts and Guarantee Company, Limited, on or before the said day of December, 1907, and the names and addresses of the persons in writing of their claims, and state the nature and character of the securities (if any) held by them, and take care that after the said day of December, 1907, the said Trusts and Guarantee Company, Limited, will proceed to distribute the assets of the said deceased among the parties entitled thereto, having regard only to the claims of which it shall then have notice, and which shall have been notified to the said Trusts and Guarantee Company, Limited, on or before the said day of December, 1907, and the names and addresses of the persons in writing of their claims, and state the nature and character of the securities (if any) held by them, and take care that after the said day of December, 1907, the said Trusts and Guarantee Company, Limited, will proceed to distribute the assets of the said deceased among the parties entitled thereto, having regard only to the claims of which it shall then have notice, and which shall have been notified to the said Trusts and Guarantee Company, JUDGE WANTS THE BOOKS CONFLICTS WITH LAWYER

But His Honor Says He is Acting as Investigator, Not as Judge.

On entering of an action at Osgoode Hall yesterday afternoon for an order restraining Judge Winchester from examining witnesses or books secretly in connection with the charges against Park Commissioner Chambers was the not wholly unexpected sequel to a heated argument at the resumption of the preliminary proceedings yesterday. Adjournment was made till Friday morning next, at 10 o'clock.

Mr. Chambers was represented by T. C. Robinette, and W. W. Vickers, and the City by Corporation Counsel Fullerton and W. B. Raney. The commissioner was not himself present.

At the opening, Judge Winchester explained that he had not been able to get all the books of the parks department which he desired, as he had no book dating further back than Jan. 1, 1907. Mr. Robinette returned that Mr. Chambers must be represented when witnesses were heard in camera. Mr. Robinette held that his honor had merely power to have persons give evidence before him in the witness-box, but not before.

"The hand that has to write the report should not touch the handle of the muck-rake," was the way he put it. "I am not here as a judge, but as an

investigator," said his honor, who added that it was his duty to hear the statements made, and that these would be made public until supported. He continued, "Sometimes statements are made which reflect on persons without witness and asked them to produce documents, and I will continue to do as I have done in the past. If I am wrong you have your remedy."

KILLED AT NORTH BAY.

Angus Macdonald Struck by a Shunting Engine.

NORTH BAY, Nov. 18.—(Special.)—A young man named Angus Macdonald, from Nova Scotia, aged about 22, employed by Forest City Paving Company on the construction of the T. & N. G. Railway shops at North Bay, was struck by a shunting engine to-day while standing on the track in the city. Mr. Macdonald was instantly killed, his body being cut in two. He leaves a widow and mother in Nova Scotia.

BRITISH CROWN ENRICHED.

NEW YORK, Nov. 18.—Two landed estates in England, a third in Scotland and a sum in the Bank of England, which by the interest of nearly a century has grown to five million, the British crown by the death of Dr. George Sullivan Carter on Saturday in his home in Tarrytown.

C. P. R. Traffic Returns.—Traffic for the week ended Nov. 14, 1907, \$1,581,000; same week last year, \$1,499,000.

York County and Suburbs

JUNCTION COUNCIL MEET BUT LITTLE IS DOING

Citizens Have Long Walk to Meet Cars—General News From All Parts of the County.

TORONTO JUNCTION, Nov. 18.—The town council met tonight, but comparatively little business was transacted on account of an altercation which arose between the councilmen and two ratepayers, named J. W. Laimson and Arthur Lalson, who complained about being over-charged for a sewer which was laid over their property. The ratepayers and town were to bear the expense in equal proportions, and the total price was supposed to amount to \$80. However, when these ratepayers received their bill they found it to be 66—more than the total estimated cost. After considerable discussion the council passed a resolution to accept the Chief Thompson's report on the matter, and that \$25 be returned to each of the ratepayers who were over-charged. Town Solicitor Anderson stated that Manager Fleming of the Toronto Railway Company will not alter the rate to resume their old route to Keele street, and the solicitor states that Mr. Fleming has also refused to give his reason for so doing.

A letter was read from J. Broome, stating that he was willing to accept an amicable settlement of the town for damage done some household goods which had been destroyed by water while in storage. The other contestants, however, were also willing to accept an amicable settlement, but if the town would not agree to this proposal the litigation would be continued. The matter was referred to the solicitor.

The Loomen Bearing Company of Buffalo, who have for some time been occupying the premises at Gasoline Engine Company on Weston-road, want the council to grant them exemption from taxation on their property. The council decided to appoint a committee consisting of Mayor Baird and Town Solicitor Anderson to discuss the matter with the officials of the company. The result of the investigation will be reported at the next meeting of the finance committee.

The collegiate institute board met tonight and appointed G. M. Jones of Port Perry as a teacher of English and history at a salary of \$1300 per year, to succeed Miss A. B. Francis, who recently resigned.

An old man named Joseph Blake, about 75 years of age, was badly hurt at the subway at King street this morning, while he was at work with the street foreman's gang removing the wooden blocks to prepare for the laying of the new pavement. A large wheel which had been placed on a wagon rolled off and struck the old man on the shoulder, knocking him unconscious. He recovered, however, in a few minutes, and was assisted to his home at the corner of Weston-road and St. Clair-avenue.

A pole, named Mike Zwosko, was arrested last night on a charge of disorderly conduct. He was allowed out on bail this morning.

Police Magistrate Ellis returned yesterday from Southern Ontario, where he has been staying for a few days. He reports having had a delightful trip, and is much impressed with the scenery and the people of the great Northwest. "Yes, I'm ready for business," was his reply when asked if he would preside at to-morrow's police court.

Mary Ann Gassion, one of the pioneers of the Junction, died to-day, aged 82 years. She is the widow of Francis Gassion, who died four years ago. He was well-known in Masonic circles, and was chaplain of Stanley Masonic Lodge in the time of his death. The funeral of Mrs. Gassion will take place on Wednesday at 2 p.m. from 5 Palmerston-avenue, Toronto, to Prospect Cemetery.

The estimates on the new fire hall which crosses the proposed site is expected to be ready in a few days. The solicitor stated that he had prepared the petition which would be signed by the mayor and town clerk to-morrow morning, after which it will be sent to the minister of public works at Ottawa for ratification.

Complaints were made about the C.P.R. placing tracks on Ethel-avenue, and which box-cars were parked there. The next thing is that the C.P.R. will claim the streets under the head of squatters' rights," wrote the petitioner. The matter was referred to the property committee.

NORTH TORONTO.

Not Too Late Yet for Antis to Put in a Petition.

NORTH TORONTO, Nov. 18.—It is understood that a petition will be presented to the council on Tuesday evening, asking them to submit a by-law to the electors for the repeal of the local The World questioned on this subject, gave it as their opinion that this petition should have been in the hands of the town clerk not later than Nov. 1. Mr. Haverson, solicitor for the Voters' Association, stated to-day that the clause in the act only refers to a petition asking for local option, and not the repealing of it, and maintains that the council can submit a by-law to the electors for the repeal of the local option by-law at any time.

In the county police court this morning, Chief Collins charged Ernest Durell with a charge of assault upon him while attempting to make an arrest on Saturday night. Both men were allowed out on bail. Durell is \$300 and Boutfield is \$400. The case will be heard on Saturday morning at 11 o'clock.

Rev. Mr. Labrook, curate of Christ Church, is ill with pneumonia.

Mr. Charlesworth wrote the board of works committee to-night re the law-gous condition of the sidewalk on the west side of Yonge-street, near the

QUICK ACTION

Whisky and glycerine, mixed with Virgin Oil of Pine, is said to break up colds in 24 hours and cure any cough that is curable. Get from your druggist a half-ounce vial of Virgin Oil of Pine and two ounces of glycerine. Mix these thoroughly with half a pint of good whisky and take one spoonful every four hours. It has been found that five ounces of tincture of Cinchona compound can be used in place of whisky with the same result. Virgin Oil of Pine is put up only by the Leach Chemical Company, Windsor, Ont., in half-ounce vials, each vial securely sealed in a round wooden case. Be sure to get the genuine.

HOUSES OF CHARITY FULL TO OVERFLOWING

Annual Meeting of the Associated Charities—A Cheque for \$1000.

The annual meeting of the Associated Charities took place yesterday afternoon at the city hall, Rev. Dr. Perry, president, in the chair. Samuel Arnold, the secretary, presented a very encouraging report. The sum of \$238 had been obtained from relatives of applicants for assistance, and 202 applications for aid had been received, 200 of those having been for work alone. The total amount granted for temporary relief in cases of extreme urgency was \$156. Extensive demands upon their funds and consideration were anticipated during the coming winter. Reference was made to many immigrants, who had since their arrival been unable to find employment, having been induced to come to Canada thru the interested misrepresentations of certain so-called emigration agents.

Dr. Parsons stated that all the charitable institutions of the city were full, while there were many more applications for assistance. He strongly approved of the secretary's suggestion that relatives of applicants be looked up.

Canon Welch said they must all realize that from time to time there were coming into Canada some who were either physically or mentally incapacitated, while others were undesirable from the point of view of defective morality. While it was impossible to stop it, he thought they had a positive duty to demand that the Dominion Government should take every imaginable precaution against this particular form of immigration.

Rev. Mr. Dean of the Fred Victor Mission bore testimony to the accuracy of Canon Welch's statements.

The chairman read a letter from their honorary president, Prof. Goldwin Smith, expressing his extreme regret that sickness had prevented his attendance, and enclosed a cheque for \$1000. On motion of Rev. H. H. Fudge, a vote of thanks to Dr. Smith for his sympathy and his tangible expression of it was passed.

Sympathetic addresses highly appreciative of the excellent work done by the association were delivered by Controller Hubbard, Canon Cayley, Dr. Easton, Mr. J. Graham, ex-Controller Lamb, Rev. J. F. Gemm, Mr. H. H. Jones, Frank J. Walsh, Rev. F. Miles, Rev. J. Parsons, Rev. H. H. Jacobs, Rev. Dr. Barclay and Rev. W. Wallace.

The officers were re-elected with a few changes in membership of the executive committee, L. V. McBrady, G. A. McMurphy and J. Alderson being replaced by William Burns, Prof. McGowan and Rev. Robert Moore. The name of Mrs. Torrington was added.

DR. GRAHAM SATISFIED WITH BIG KITE TESTS

Went Up into the Air, But Came Down Again—Will Continue Experiments Next Week.

SYDNEY, N.S., Nov. 18.—The preparatory rehearsal to trying out the huge tetrahedral kite lately constructed by Dr. Alexander Graham Bell at the Bell Brothers Laboratories, Baddeck, was held Friday afternoon. 3 o'clock a model of the new kite comprising two hundred and forty cells was taken on the lake on the "Ugly Duckling," a contrivance specially arranged for giving the kite an upward lift. The steamer Blue Hill hatched on a low line, and in the face of a five-knot breeze the steamer started up the harbor. Dr. Bell had given instructions that the kite was not to be freed until the Blue Hill had reached the outer bay, and was going full steam far into the water. A big sea was running, however, and the "Ugly Duckling" soon began to show signs of distress, disappearing at times almost completely under the water. The men in charge of the kite, fearing their support was going to be bowed under, up-titled the kite, and the machine soared gracefully up into the air. The speed, however, was not great enough and after a short flight it settled slowly on the water.

Dr. Bell was completely satisfied with the test. In the first place the kite has proved that Blue Hill was going at less than half the speed of the steamer, and again the lifting surface was anything but fair in the wind when the kite left its rest. Dr. Bell claims that once the kite gets up in the air at a certain speed she may be manoeuvred about regardless of the direction of the wind.

Is R. A. Baby Interested?

DETROIT, Nov. 18.—Reliable information connects Raymond A. Baby, the retired banker and land owner of Windsor, with the Detroit traction company. The report is given further credence by the fact that Attorney William E. Barble, who has submitted a low fare franchise proposition to the council, is a cousin of the wealthy Windsor man, and it is understood that Baby is one of the principal backers of the project. In this connection it is said on good authority that an effort was made to interest William H. Yawkey, owner of the Detroit baseball team, in the company, but that Yawkey declined to become interested.

Attack on Salvation Army.

CHICAGO, Nov. 18.—Dr. Margasari, in a sermon made a virulent attack on the Salvation Army. He declared it was treason for an American citizen to join the organization. He denigrated the General Booth was building up a "world-wide hierarchy for a Booth dynasty."

Busy People Need Health.

What a rush modern life is—push, drive, nerve, haste, somehow. It's hard on sleep. Your blood gets thin and strength goes down hill. Busy people must maintain health. Buy people Take Ferronize—it sharpens the appetite, forms rich red blood, and develops a nerve and brain. Ferronize is rebuilding going on in the system. Buy Ferronize and energy to see how quickly you'll improve.

WYCHWOOD. Want to Come into the Fold.

WYCHWOOD, Nov. 18.—By an overwhelming majority Wychwood ratepayers on Saturday night at a meeting decided against the principle of annexation. John Edwards was in the chair, and Wm. Edwards, one of the speakers, favored the district the whole matter over for five years.

School Trustee Bromley favored the movement, and declared that Wychwood school rate was 8 mills, while the city was but 5.

J. J. Fleming, who incidentally dropped out, said he was opposed to annexation to the city, and that the street railway company would be turning their tenure of the franchise into the hands into the hands of the city.

It is said that a number of outsiders were present and helped to defeat the annexationists.

PICKERING.

Doric Lodge, A.F. & A.M., elected their officers at their meeting last week. John Goulet is master, following the retirement of Rev. F. C. Harper. The D.D.G.M. for the district paid a visit to the lodge.

Rev. Mr. Mustard preached in the Presbyterian Church here and at Brougham on Sunday.

Mrs. J. S. Montreal is visiting her daughter, Mrs. Dr. Bell, here.

EAST TORONTO.

Local Hunters Had Fair Success in Northland.

EAST TORONTO, Nov. 18.—Ward one fire brigade, in making arrangements for the holding of a concert in the Masonic Temple on Dec. 7, and, like street foreman's gang removing the wooden blocks to prepare for the laying of the new pavement. A large wheel which had been placed on a wagon rolled off and struck the old man on the shoulder, knocking him unconscious. He recovered, however, in a few minutes, and was assisted to his home at the corner of Weston-road and St. Clair-avenue.

A pole, named Mike Zwosko, was arrested last night on a charge of disorderly conduct. He was allowed out on bail this morning.

Police Magistrate Ellis returned yesterday from Southern Ontario, where he has been staying for a few days. He reports having had a delightful trip, and is much impressed with the scenery and the people of the great Northwest. "Yes, I'm ready for business," was his reply when asked if he would preside at to-morrow's police court.

BALMY BEACH.

A grand Christmas concert will be given in the Masonic Hall on the evening of Dec. 14. Some of the best professional talent will be on the program.

YORK TOWNSHIP COUNCIL.

Members Meet in New Offices—Pass Number of Routine Matters.

COUNCIL CHAMBER, Nov. 18.—The township council met to-day for the first time in their new offices on the northwest corner of King and Jait-streets. Everything is comfortable, except the heat, which is not what it is difficult to follow the business of the council.

E. W. D. Barter wrote in regard to the sewer on Grace-terrace in regard to the sewer on Grace-terrace, submitting a report on the sewer. A report from the township engineer as to the capacity and condition of the sewer tanks and outlet, which could be diverted into sewage.

The assessment of such area, excluding the properties which have paid for the construction and maintenance also for a just proportion of the assessment running to the ravine.

The properties in such defined area desiring new drains to pay for the construction of same.

The whole matter was referred to the engineer for a report two weeks hence.

SIMPSON COMPANY, LIMITED
