London, May 6.—The British official
communication issued this evening
reports the repulse of German counter-

attacks on the sector east of Bulle-

court. Heavy casualties were inflicted

on the Germans. Attacks south of

the Souchez River and near Acherville

also were put down. The communica-

tion says: "Later reports show that the

hostile attacks delivered against our

troops in the Hindenburg line east of

Bullecourt have been particularly

severe. Considerable forces of the

enemy have been thrown into the

fight in this neighborhood, but after

heroic and close fighting they have on

each occasion been repulsed with

heavy losses. "The enemy delivered two

determined counter-attacks early this

morning in an endeavor to recover the

Canadian Headquarters in France, via London, May 6.—By a surprise

attack early this (Sunday) morning the battalion holding that part of our

front immediately south of the Souchez River captured an important sector

of the enemy front line and support trench some distance to the east.

The whole region southwest of Lens, where the ground was gained, is

dotted over with ruins of mining villages and almost every house has

been transformed into a miniature fortress by the introduction of machine

guns, operated from the shelter of strong emplacements. The gunners

who hold these posts do not surrender—they die at their places beside

their guns, fighting to the end. Germany still has men of that type, and

they sell their lives for the utmost price they can exact.

It was to avoid, as much as possible, the concentration of machine

gun fire on our attacking forces that the enemy's trench was rushed.

The assault was completely successful. Our men went in with bombs

and bayonets and cleared the trenches, after a sharp fight. The occu-

pants, one officer and thirty-three men, were captured. Possession of

this ground was regarded by the enemy as so important that twice during

the night he counter-attacked. Both efforts failed and the German losses

are known to be heavy.

The ground won improves our position.

The systematic burning of everything of value in and around Lens

continues from day to day. The enemy seems likely to stay long enough

to make good his boast that nothing of France's most prosperous mining

the French have not repeated their attack. Only at the Winterburg,

west of Craonne, is there fresh fighting in progress.

"Contrary to the report of today, Chevreux was not taken by the

French, but is still in our hands.

Exclusive Designs in "Romelink" Couch Hammocks for Verandah, Porch or Lawn

As Comfortable as One Could Desire, But Their Chief Charm is in Their Unique Colors and Patterns.

THESE COUCH HAMMOCKS consist of iron stand, couch and adjustable canopy top. The stands are in tubular or angle iron, and finished to match the ground color of couch. The couches have cotton-filled mattress on wire spring mattress, with helical ends, and have magazine pockets in ends.

Some have adjustable head rests, and some have adjustable upholstered backs. Here are a few from the selection, the differences being in their materials, colors and mode of suspension from frames. All prices are for stand, canopy and couch complete:

One in heavy duck, in khaki or awning stripes, in grey and white or brown and white, has adjustable awning, with fringe, adjustable head rest and chain suspension. Complete, \$25.00.

A striking color effect is shown in a couch hammock of green and khaki one-inch stripes. This has canopy top, with scallop border, and couch has chain suspension. Price, \$37.50.

Another in battleship grey shade has upholstered back, as well as upholstered mattress, and canopy has scallop border. Adjustable head rest and magazine pockets. Price, complete, \$41.50.

A battleship grey couch, with green stencil design on couch and canopy, is \$43.50.

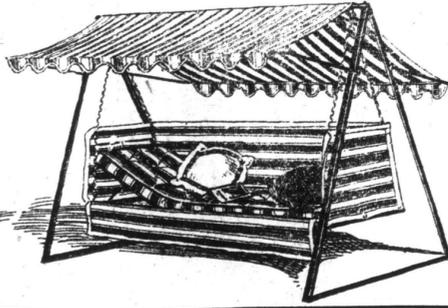

A green stenciled design on khaki is also priced at \$43.50.

A couch in battleship grey has chintz inlay, the pattern being a pretty morning glory design in yellow and green, which is carried out on mattress, and upholstered back and sides. The canopy has green applique braid border. Cord and chain suspension. Price, complete, \$51.00.

Another color effect which is most striking is a canary yellow, the canopy having green braid applique border, and the couch mattress and upholstered back being inlaid with moonlight scene chintz in yellow, green and shadings. Chain and cord suspension. Price, \$52.50.

Couches in white, with border design in applique black braid; a grey with black, and khaki with green are other striking effects. The canopy is treated to match, and there are two cushions in same design with each. Strong coil spring and chain suspension. Price, each, \$51.75.

"Artcrete" Pots, Urns and Boxes for Garden or Conservatory Decoration

ARTCRETE is a crushed marble and Portland cement mixture, which is moulded into artistic and useful pieces for garden or interior decoration. Cherubs, nymphs and architectural designs form the decorations, and are such as one would expect to find on the fountains and colonnades in the enchanted gardens of old Italian villas.

These pieces are white, resembling rough marble, are weather and time proof, and keep their sharp detail, beautiful design and delicate tracery for a lifetime.

A special display of Artcrete will be opened in the basement on Tuesday, and some are offered at prices that cannot be repeated. The few articles shown in the sketch will give an idea of the nature of these Artcrete pieces.

A—Flower Pot in Renaissance design, 16 1/2 inches high, 20 inches wide, the base 12 inches across. Price, per pair, \$16.75.

B—A panel of chubby little cherubs occupies the centre of this splendid box, the dimensions of which are 12 inches high by 12 inches wide by 52 1/2 inches long, with two supports. Price, \$27.50.

C—Urn, 26 1/2 inches high, 23 inches wide at mouth and 14 1/2 inches wide at base. Price, \$21.50.

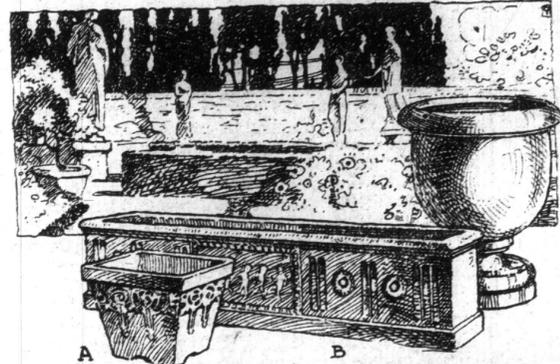

The selection also includes vases, pairs of pots, pedestals, saucers, etc.

For instance, a pair of pots with lion's head and floral wreath decoration are 12 1/2 inches high, 16 inches wide at top and 9 1/2 inches at base. Price, per pair, \$10.25.

A pedestal for fish globes, vase or flower pot, is 36 3/4 inches high, has 10-inch round top and 9 3/4-inch octagon base. Price, each, \$15.00.

These are but representative of the values and selection.

SCIENTISTS WORK FOR THE NATION

Research Committee Solving Many Important National Problems. BUREAU IS ENDORSED Industrial and Commercial Men Approve Efforts of Canadian Institute.

That scientific research in the industrial realm of Canada is making great strides was amply illustrated by Professor J. C. McLennan, the retiring president of the Royal Canadian Institute, at the annual meeting of the institute, held Saturday night in its own quarters on College street.

He referred to the growing importance of research in solving our many industrial problems, and that Canada would be able to do her full share in winning the war. He said that the thought of forming such a scientific organization, as by means of already formed by the Dominion and Imperial Governments, was at first received with apathy, but during the year the feeling has greatly improved in its favor.

Prof. D. R. Keys, librarian, reported that the compiling of such a technical library was of vast importance to Canada, and its exchanges with other scientific societies of the world had not been neglected. Last year the library bound over 1,000 new volumes.

Ex-President F. Arnold moved a vote of thanks to Prof. McLennan, endorsing his high attainments in the field of science and the success he has brought to the institute under his presidency. Others who made tributes to the professor, who will in a few weeks leave for England to set on the imperial inventions board, organized to cope with the submarine war, under Lord Fisher, were J. M. Clark, J. B. Tyrrell, and Dr. Coleman.

STREET RAILWAYMEN ASK FLEMING TO INCREASE PAY

Send Approved Draft Agreement to General Manager of Company. The first step was taken by the street railway employees in the negotiations between company and men on the question of wages when a letter was forwarded Saturday to Manager R. J. Fleming by Secretary A. W. D. Robbins.

"Sir:—Enclosed you will find a draft agreement as approved by a meeting of the employees held in the Labor Temple on Saturday, April 28th, midnight. The committee elected at this meeting to ask the manager up with the management of the company would like to meet you at your earliest convenience to discuss the different items contained herein.

"We would like to have the whole agreement settled, and signed by the 15th of June, so that there may be no delay. Yours very truly, W. D. Robbins, Sec."

REAL WAR SCENES IN FRENCH FILM

"Mothers of France" to Be Presented at Strand This Week. WITH SARAH BERNHARDT Great Tragedienne Plays Leading Role in Awe-Inspiring Picture.

This week should mark an epoch in the history of the motion picture theatre in Toronto, for during the whole of the week there will be presented at the Strand Theatre, in conjunction with The Toronto World, the greatest and most awe-inspiring picture with the great war for its theme, that has ever been produced. "Mothers of France" was produced under the actual direction of the French Government, in order that the world might learn something of what France owes to the devotion and self-sacrifice of the mothers of that brave land.

The old commandment stands. In courage keep your heart. In faith lift up your hands. Never in the world's history has there so old and so austere a commandment been observed with more scrupulous fidelity and with higher honor than it has been by the gallant "Mothers of France" during the last two and a half tragic years. It is their love of country beyond love of self, their love of the true and right beyond all love of mere creature ease, or mere selfish care for their own belongings, which has added fresh lustre to the crown of motherhood—that crown which, though so often but a crown of thorns, is yet the holiest and most august of all diadems that are worn by mortals.

Frenchwoman's Patriotism. Of the depth and the strength of this patriotism of the French women, Madame Marsay, in "Mothers of France" constitutes at once an embodiment and an exemplar. She typifies, in a way that appeals to every deeply human heart, the self-sacrificing spirit which is animating millions of French mothers today, and but for which noble spirit, the hateful Hun would long since have achieved his fatal ends.

As the noble French gentlewoman who loses both husband and son in their country's service, Sarah Bernhardt has a role after her own heart, and one ideally adapted to her tragic genius. When she sees her world around her in ruins, Madame Marsay, as portrayed by the great tragedienne, is in the anguish of her despair. But then she recalls that, though her dear ones be dead, France, at once the home and the mother of heroes, still lives—and, thru the death of them and myriads like them, will live thru the ages!

Nobody should miss seeing "Mothers of France." It is not only that one sees dramatized a love story that is one of the sweetest ever told on the screen. It is not only that the picture is remarkable for the almost inspired quality of its direction and for the beauty and touching character of its many scenes. It is not only that it possesses an historical significance and an educational value such as one finds in no other photodrama of any kind. It is not only because it shows us the world's greatest actress in a part that is worthy of even her genius. It is not only that it has carried realism and idealism to their very utmost limit in the portrayal of its various and varied situations. But it is because it is so good for us to see so magnificent and so vital a document of the war—such a vibrant and vivid and vital page in the history of civilization's travail—that all of us, of every age and of every condition, should make a point, whatever else we may miss, of not missing "Mothers of France." It will make better men and better women of all who see it.

CITY CANNOT COLLECT TAX.

Assessment Commissioner Forman, when asked Saturday about the board of control's motion that he report on what steps he is taking to collect the tax on excess profits from munition plants, said that the city had no authority to collect such a tax, as that was a matter entirely under government control.

NEED MEN TO FILL GAPS IN CANADIAN DIVISION

Major Boehm, Returned Home, Says There Should Be Constant Stream of Reinforcements. Major Boehm, who went overseas last fall with the 169th Battalion, has been returned on duty by the overseas minister of militia on a special mission of the government, and will remain in Toronto a short while before proceeding overseas again.

The four divisions of Canadian troops now at the front, he said, "have been given by the imperial authorities a certain frontage to protect. This is done with the expectation that the Canadian divisions will be kept up to strength, and it will be impossible to keep them at full strength much longer owing to the fact that the casualties are heavy and the necessary reinforcements will not be available, owing to the present conditions of recruiting in Canada. There should be a constant stream of men going from here to England and then sent forward to fill the gaps in the firing line."

Nerves Weak Had Hysterics

Orillia Lady Tells of Her Pitiable Condition When the Nerves Gave Way and She Became Sleepless, Irritable and Excited.

Orillia, Ont., May 6.—There is an abundance of proof found right here in Orillia, that Dr. Chase's Nerve Food is unrivalled as a means of forming new, rich blood and building up the exhausted nervous system. At this season almost everybody feels the need of restorative, tonic treatment to keep up vitality and ward off the tired, languid feelings. This letter will give you some idea of the splendid results to be obtained by using this great food cure:— Mrs. Percy Moulding, 23 West street, Orillia, Ont., writes: "Some years ago my nerves got the better of me. I became so bad that on one occasion, during a thunderstorm, I had a severe attack of hysterics. Then I became anxious about my condition. It was sleeplessness and nervous debility that were my trouble. Some nights it would be 1 o'clock before I could get to sleep. Knowing the good results obtained from the use of Dr. Chase's Nerve Food, I commenced a treatment. I took about seven boxes, and gradually I could sleep more peacefully, and my appetite returning. I could sleep well, and stay alone without any difficulty. Some little time ago I commenced losing weight, and I began using the Nerve Food again as a tonic. I used only two boxes, and recovered the weight I had lost. I cannot speak too highly of Dr. Chase's Nerve Food, and when I see anyone looking ill or nervous I say, 'Get busy and use some Nerve Food.' Dr. Chase's Nerve Food, 50 cents a box; a full treatment of 6 boxes for \$2.50, at all dealers, or Edmondson, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint."

WINWAR IN YEAR IF RUSSIA STACKS

So Predicts Brigadier-General Mason, Returned From Flanders.

"If Russia still remains constant as an ally, in my opinion, the war will be over within twelve months, probably sooner," said Brig.-General Hon. James Mason, in an address before the officers of the Toronto Garrison, at the Military Institute Saturday evening. The General has just returned from an extended visit to the front and the described his experiences in a most interesting manner, accompanied by some remarkable photos taken on the field of battle. He admitted that the submarine menace was very serious, and said the people in England recognized it as being such, but that the feeling was one of confidence in the leaders and everyone felt that the menace would be overcome. As honorary treasurer of the Canadian Red Cross society, he visited many of the hospitals in England and France and he spoke in glowing terms of the men done at these hospitals. From the Canadian Red Cross depot in France, he said, 16,000 parcels worth \$400,000 were sent to French and Belgian hospitals valued at \$20,000 (\$400,000). All the work is in charge of Mr. Hardie and all the parcels taking the supplies are driven by young women. He visited the grand fleet and was the guest of Admiral Nichols on his flagship, Empress of India, and also of Admiral Sir David Beatty on his flagship, The Iron Duke. He said he had every opportunity of studying the conditions and characters of the men who were feeling very much the want of the opportunity to show what they could do, as they wanted very much to get in contact with the enemy's fleet.

Great Suffering. He said while in France he saw great suffering in account of the scarcity of coal. This was in a great measure due to the destruction of the mining district of Lens, on the allies' side of the British front. He said the spirit of the people was marvellous. "Britain has now five armies in the field on a front of 400 miles or more," he said, "and in consequence there is an enormous amount of transports, and for many miles behind our lines the road is swarming with all kinds of vehicles. The spirit of the men at the front was admirable, as they were full of confidence in their ability to win the fight, and relied upon their leaders. He showed some remarkable war maps, one of the Vimy district, and the exact spot where the British are now fighting.

He also presented some photographs taken from the aeroplanes, which, together with a large sheet, nature of every inch of the ground. Some actual photographs of the zepplin that was brought down by Lieut. W. L. Robinson in England were also shown. Another picture that had a touch of pathos about it was that of the Lijlstenhoek cemetery in Belgium, which contains thousands of graves of the brave Canadians who gave their lives in the world struggle, among which is to be seen many Toronto names. While in London he visited the Army and Navy Club, of which he is a member. He said on the walls was a tablet containing the names of 400 members killed in action. He pointed to a name on the English side of the helmet that he wore while at the front, together with a French helmet. While there he visited the Canadian Corps and the 4th division, and also the 4th Infantry Brigade and the 1st Northern Army in France and Belgium. He spoke in high terms of the Flying Squadron, and said it is composed of men who are absolutely fearless.

TYPOGRAPHICAL UNION ASKS RAISE IN WAGES

Will Make Proposition for One-Year Agreement at End of Month.

At the meeting of the International Typographical Union, local No. 91, in the Labor Temple Saturday evening the report of the scale committee for the book and job printers was submitted. Demands are to be made for a rate of 55 cents per hour for a one-year agreement. The present five years' agreement expires at the end of this month and the present rate is about 48 1/2 cents per hour. MONDAY MORNING, MAY 7.

Food is a General Problem.

With the appointment of a food minister or food controller, the government has powers to regulate prices, to stop speculation, to promote production, to prevent hoarding, to take care of wasteful tendencies, and to attend to fair and just distribution of supplies, the country might escape the hardships and probable famine which threaten it.

We have been unaccountably slow and negligent of the vital interests of the country. It is not yet too late to make our disposition to make up for lost time, nor even to begin to do what all other nations consider of prime importance.

The Canadian Government still seems to act on the theory that Canada has no real, direct interest in the war, but that for certain sentimental reasons some of the people wished to assist the entente alliance, and so, and even encouraged and assisted them up to a certain point.

The New York Tribune, in an article entitled, "The Brutal Truth," warns people not to be led into the error of believing that the war is nearly over because the French and British are making advances towards the German lines.

Russia Places Freedom Before Peace.

There have been a series of sensations for nervous people in the news from Petrograd during the past week. Many expected some kind of anarchic counter-revolution, the idea that Russia is a semi-anarchic country, liable at any moment to fly off the handle and do mad things, being widely prevalent.

The German situation is not so bright as it appears. The German people are not so confident, that they still have agents enough, procurers and provocateurs and all the other species of political intriguers, to make trouble in Russia for any government that does not assist German interests.

The Russian are a great and intelligent nation. Their civilization is quite as important as our own, whatever we may think of some of its details.

RUSSIANS QUIT MUSH FOR STRATEGIC REASONS

Germans Fire Explosive Bullets on Western Russian Front.

Petrograd, Saturday, May 5, via London, May 6.—The following official communication was issued today by the war office:

"Western (Russian) front—There have been exchanges of fire and raids by patrols. Our heavy artillery bombarded the station at Fovursk, east of Kovels, causing a series of great explosions, apparently in munition depots. In several sectors of the front the enemy fired exclusively explosive bullets.

Rumanian front—In the direction of Kezd-Vasarhely region, west of Monestar-Kachinai, the enemy took the offensive. The fire of our artillery drove enemy columns back to the trenches. On the rest of the front there has been rifle firing and patrol raids.

Caucasia front—Our troops crossed to the right bank of the Dniep River, near the village of Meidan, surprised the Turks and returned without loss, bringing back 28 prisoners. For strategic reasons, in the regions of Ornot and Mush our troops took up new positions. The latter town was occupied by the Turks. Our attacks on the railway station, Stanyavka, were repulsed. They dropped bombs on the railway station. Enemy airplanes dropped bombs on Stanyavka.

"T-A-K-E CARE!"

Mr. Balfour in the House of Representatives.

When the greatest of the present generation of the Cecils appeared in the house of representatives of the United States, the most significant event in the history of democracy attained a picturesque setting which attracted the gaze of the whole continent.

Mr. Balfour, in his address, rose to the occasion, and, with admirable brevity, touched upon the necessary notes of courtesy and ceremonial, but pierced to the heart of the situation in his reference to Germany.

The benefit, both to Britain and the United States, of a better understanding arising out of the aims of each, and of their essential spirit, will be enormous. Each nation may learn from the other, also, that names and forms mean little as compared with the forces that underlie them.

The Canadian Government still seems to act on the theory that Canada has no real, direct interest in the war, but that for certain sentimental reasons some of the people wished to assist the entente alliance, and so, and even encouraged and assisted them up to a certain point.

"Russia, at least, temporarily out of the war, for a time, at least, of her resources, Italy still incapable of enduring an attack organized by the German high command such as destroyed Rumania and almost captured Verdun; Great Britain struggling with a submarine blockade not yet mastered and becoming more serious."

The Tribune considerably omits any mention of Canada. We are not doing as we should to support our men at the front, and while brave men never fought, and greater deeds have never been done than by the little band that swept over Vimy Ridge and captured Fresnoy, their ranks are being thinned without any effort on the part of the government here to replenish them.

So we must rely on the United States to send the men over that may help to bring home the remnant of our Canadian army. This reflection might sting, one imagines, the people of Canada into some show of feeling which should elicit a response from the authorities.

The unaccountable failure to realize the gravity of the situation continues to paralyze action, however, and nothing appears likely to be done. The Tribune voices the conviction of the United States, which ought to be ours also, that "we are in a war, the issue of which will infallibly be defeat unless we are prepared to fight it as a war for our own survival."

This is what Canada needs to have taught her by leadership of an effective and practical character. Otherwise we may look to Washington to guard us.

CANADA AND U.S. TO ACT AS UNIT

Food Prices to Be Regulated and Agricultural Labor Co-ordinated.

MEN FOR HARVESTING

Sir George Foster Tells of Plans Discussed to Solve Problems.

Ottawa, May 6.—The regulation of food prices, the co-ordination of agricultural labor, the stimulation of food production and the shipping problem as affected by submarine activity were the subjects in which Canada was specially interested at the allied war conference at Washington, and upon which there will be co-operation between Canada and the United States, according to Sir George Foster, acting premier, who returned from the United States capital today.

Sir George stated that as soon as President Wilson secured the necessary powers from congress to regulate food prices there would likely be co-operation between the two countries. They came to the conclusion that Canada and the United States would have to act as a unit in dealing with such a problem.

An interesting plan to meet the demand for agricultural laborers, which will inevitably come this fall when the western crop is ready to be harvested, was discussed by Sir George with the United States agricultural experts.

"Previously," he said, "the west has got its farm help from eastern Canada, but this year none will be available from that source. The Kansas wheat crop is harvested in July, the Minnesota crop in August and the western Canadian crop in September. It is proposed that all necessary farm labor be collected in Kansas in July and gradually moved north and distributed with the co-operation of the two governments. It is believed that this will solve the vexatious problem for these two grain belts."

INDIA ELATED OVER ALLIES' TRIUMPHS

Resolve to Win War Strengthened and Funds Are Freely Subscribed.

ECONOMY IN LIVING

Extravagance Curtailed By All Classes—Women Doing Splendid Work.

London, May 6 (via Reuter's Ottawa agency).—A special despatch from Simla, India, says: "The victory has arrived here after a visit to Lahore, where his praise of the war efforts in the Punjab has been greatly appreciated. The resolve of the people to win the war at all costs is strengthened by the splendid successes in France and Mesopotamia, and much satisfaction prevails at the entry of the United States into the war."

All over the country the defence force act, by which all European males over 15 are called upon to undergo military training, is being actively enforced. Exemptions are only granted in exceptional cases, and General Sir Charles Munro's active administration of military matters is beginning to have a marked effect.

The Indian war loan has reached eleven lakhs of rupees (\$3,740,000) in one month, and war gifts from all quarters continue to pour in steadily. Among all classes there is a growing spirit of economy and thrift. The viceroys and provincial governors and all the high officials are showing excellent examples in curtailing every extravagance, and all over India women are doing splendid work in connection with the Red Cross and St. John ambulance societies.

Throughout the country there prevails the greatest satisfaction at the honors paid the delegates at the Imperial war conference, Sir James Munro, the Maharajah of Bilawal and Sir Satendra Prassano, by the imperial government and dominion delegates.

All Meetings Forbidden in Russia for Two Days

Petrograd, via London, May 5.—All meetings have been forbidden for two days by order of the Council of Workmen and Soldiers' delegates. All armed demonstrations are likewise forbidden. Troops are forbidden to leave their barracks with arms.

Sir George said he found nothing but praise for the part Canada had played. "I found a recognition that Canada had done really big things from the war, the loan to the allies and with nothing to gain but principle."

Commissions Efficient. He said that the British mission, headed by Right Hon. Arthur Balfour, had been most thoroughly organized and contained a large staff of the best experts on naval and military matters, as well as munitions and food supplies. The French mission was smaller and came more for sentimental reasons and to extend the good will of the French republic to her sister republic. They had but a small staff with them, but very efficient. Neither of the missions came to the United States to dictate or suggest what to do, but to give all the information possible to the United States. Their experience of two and a half years of war had been of infinite value to the United States authorities. "The whole conference," said Sir George, "has had the effect of burning away misunderstandings, old prejudices and old dislikes. The delegates contributed wonderfully not only to the work of the war, but the work to be done after the war, in making peace and reconstructing the world to ensure a lasting peace. No one is able to measure the benefit arising from this sort of agreement and feeling, and for Canada it will greatly influence future relations between the two countries."

MINISTRY PREPARES TO RATION BRITAIN

Baron Devonport Will Copy Features of Belgian Relief Commission.

WILL OPEN NEW JOBS

Rationing Officials Will Form Army Fifty Thousand Strong.

London, May 6.—Whether the people of the United Kingdom will respond to appeals for voluntary bread and wheat flour rationing embodied in King George's recent proclamation and in posters and pamphlets issued by the ministry of food remains to be seen, but in the meantime the ministry is working at high pressure to put the finishing touches on the machine which will be established for compulsory rationing unless the country cuts down on consumption sharply of its own volition. The rationing of 45,000,000 or more people presents a tremendous and intricate problem. The ministry, however, believes that it will be largely solved in the scheme evolved and intricate.

Bearing in mind Germany's rationing plan, which is said to be a complete failure, Baron Devonport, food controller, has turned to the well-nigh perfect organization developed by Herbert C. Hoover, chairman of the American commission for relief in Belgium, for guidance. The different conditions prevailing in Belgium and England, of course, make it impossible to employ the Belgian scheme as a whole, but the food controller has gained valuable hints from it for handling the rationing scheme in England should it be necessary.

A vast army of something like 60,000 people, composed principally of existing officials who will assume the rationing work, will be under the direction of Albert Butts, who is well known on both sides of the Atlantic as a theatrical manager. Mr. Butts has been studying the food rationing question for some months, and became chief director under the scheme.

PROMINENT BANKER PASSES AT OSHAWA

Late T. H. McMillan Was Founder of Western Bank of Canada.

Special to The Toronto World. Oshawa, May 6.—Death has removed a prominent figure in the business life of Oshawa and the Province of Ontario in the person of T. H. McMillan, the founder of the Western Bank of Canada, which occurred on Saturday afternoon at his late residence, Adel street, Oshawa. Mr. McMillan had been in failing health for several months, but he retained till the end a vital interest in the many activities with which he had been so long associated. Mr. McMillan removed to Oshawa from Whitby over forty years ago, where he began his business career in the mercantile field. While still young he occupied in the old country town the highest municipal offices and was warden of the county.

Associating himself with the late Hon. T. N. Gibbs and W. F. Cowan, they founded the Ontario Loan and Savings Company, Mr. McMillan being its first and only manager during its long and fruitful career. He will be better remembered, however, in the larger sphere as general manager of the Western Bank of Canada, which successful institution was amalgamated with the Standard Bank of Canada in 1909.

Much of the industrial prosperity of this manufacturing centre can be traced to his foresight in catering to the wants of a large clientele, not only in this community but also through the midland and northern counties, where generous treatment was given to worthy people needing the services of such a monetary institution. After the absorption of the bank by the Standard, Mr. McMillan accepted a seat on the board of directors, which he continued to occupy until his death.

Mr. McMillan was a member of St. George's Church, the Masonic Order, and other societies. He leaves a widow and family.

Italian Batteries Engage Austrians in Lively Actions in Asiago Basins

Rome, May 6.—Via London.—The Italian war office statement yesterday follows: "In the Asiago basin there were lively artillery actions. Our fire caused a big explosion on the slopes of Mount Selugio, while the enemy hit a medical post, notwithstanding that it bore the Geneva Cross visibly displayed."

"On the Carnia front there were artillery duels from the upper Degano to the head of the Chiusa torrent. In the Degano area the hostile artillery fire which lately has been active, was much less aggressive yesterday."

"On the Trentino front a violent preparatory bombardment, enemy detachments attacked our advanced lines on Dosso Fialti, and were repulsed with considerable loss."

"During the night four hostile aeroplanes dropped bombs on Gorizia. There were no casualties and no damage was done."

Italian Batteries Engage Austrians in Lively Actions in Asiago Basins

Rome, May 6.—Via London.—The Italian war office statement yesterday follows: "In the Asiago basin there were lively artillery actions. Our fire caused a big explosion on the slopes of Mount Selugio, while the enemy hit a medical post, notwithstanding that it bore the Geneva Cross visibly displayed."

"On the Carnia front there were artillery duels from the upper Degano to the head of the Chiusa torrent. In the Degano area the hostile artillery fire which lately has been active, was much less aggressive yesterday."

"On the Trentino front a violent preparatory bombardment, enemy detachments attacked our advanced lines on Dosso Fialti, and were repulsed with considerable loss."

"During the night four hostile aeroplanes dropped bombs on Gorizia. There were no casualties and no damage was done."

PLAYS, PICTURES AND MUSIC

TORONTO CANOE CLUB MINISTRELS. This evening the first performance will be given at the Grand Opera House by the minstrel organization of the Toronto Canoe Club, and the members are enthusiastic for they claim to have the best program offered to their friends. The first part comprises a chorus of 80 voices with 16 men and a score of clever dancers. Jack Strathmore has charge of the musical program and has arranged a number of the latest ballads, ragtime melodies and will delight all lovers of music. Will G. Reddy as intercomer has his end men well versed in all the latest jokes, and a smooth and enjoyable entertainment is promised.

"THE WHIP" COMING. One of the delights of "The Whip" is the splendid delineation given to the characters of this, the world's biggest motion picture, the first act of the play, the first act of the play, the first act of the play.

THE ROBINS PLAYERS. Tonight will be benefit night for the 3rd Toronto Battalion, and will be devoted to alleviating the wants of the returned men from this regiment, also sent to those who are interested in their welfare. From present indications a large house will greet the Robins Players when the curtain rises on the first act of the play, the first act of the play, the first act of the play.

LOEWS. Two big vaudeville headliners, of widely different types, will be shown during the coming week at Loew's Yonge street theatre. One will be "A Fire-side Reverie," the other features "Little Blue Boy," Lester Bernard, brother of Barney Bernard, of "Potash and Perlmutter" fame, will be the attraction.

THIS WEEK AT SHEA'S. The musical satire, "1917-1950," with Paul Morton and Naomi Glass, headlines the bill at Shea's this week. Vernon Castle is at present in Toronto, and will be seen in the exciting eighth opera, "Belle Baker is a Disarming Comedienne; Ward and Van in 'The Crucial Test,' a pre-impersonation of street merrymaking; Harris and Manion in 'The Leaping Cannon'; Beaman and Anderson, and the Gerald, versatile artists, complete the bill.

THE HIPPODROME. "A Day at the Circus" featuring the Ellis Nowlan Troupe, will headline the bill at the Hippodrome this week. William Desmond, Triangle star, will be seen in the exciting eighth opera, "Belle Baker is a Disarming Comedienne; Ward and Van in 'The Crucial Test,' a pre-impersonation of street merrymaking; Harris and Manion in 'The Leaping Cannon'; Beaman and Anderson, and the Gerald, versatile artists, complete the bill.

STAR. The big mirth and melody production, "The Crucial Test," starring Kitty Gordon, in "Tilly Wakes Up," and Russell, one of the musical comedians, will take the leading role in a five-part picture of revolutionist life in Russia. The twelfth episode of "The Secret Kingdom" will be shown for the first five days only. As an added attraction Harley Sierris, a well-known baritone, will be heard in solos.

SEEDING GOES FORWARD DESPITE COLD WEATHER. Growth Is Good, But Farmers Say They Are Planting Few Potatoes.

Splendid progress is reported from all parts of the country despite the cold unseasonable weather, and farmers in the city on Saturday said that it was questionable if in years the grass had ever shown a more luxurious growth, especially on the roadsides.

They all reported a good seeding, the early-sown grain already showing thru, indicating that there is rapid growth notwithstanding the cold. None of them complained of any scarcity in help on the land, the difficulty being rather to get some of the scarcity of help, this line being more acute than ever. They all said that they were not going heavily in the planting of potatoes, seed being scarce and the price too high to warrant them taking any chances along this line.

FRENCH MAKE BIG-GAINS

(Continued From Page 1). 4800, which may be added to the 1000 taken yesterday.

"Eastern theatre, May 4.—There was moderate artillery activity along the whole front. Patrol engagements took place in the Italian sector. An enemy depot at Ostovo was bombarded by British airplanes.

"Belgian communication.—The activity of the artillery was relatively feeble today. In the neighborhood of Steenstrate bomb fighting was resumed."

Every gain scored by the French in yesterday's brilliant advance northeast of Soissons was maintained against numerous heavy counter-attacks last night, the war office announced today. Consolidation of this ground has made them masters of the Chemin-des-Dames along a front of more than 18 miles.

The prisoners taken have reached a total of 5800 and seven cannon have been captured. A violent artillery action has been in progress northwest of Rheims. In the Champagne there has likewise been a terrific duel of big guns. In this region a fortified point of support near Mont Haut was captured by the French and held against counter-attacks.

"The text of the statement reads: 'The German offensive was launched during the night numerous counter-attacks with large effectiveness upon positions captured by us yesterday. The fighting was particularly fierce in the regions of Laflaux, north of Friedmont, north of Bray-sur-Seine, and northeast of Compiègne. Everywhere the enemy's efforts were broken down and his forces dispersed, the assault being thrown back by our fire or at the point of the bayonet. We have fully maintained our gains. Our troops have organized the conquered territory, which was held by the Germans, and suffered sanguinary losses during yesterday's fighting, as well as in the counter-attacks during the night.

"In sum, all the operations carried out on May 4 and 5, in co-operation with the British operations, have rendered us masters of the major part of the ridge marked by the Chemin-des-Dames, upon a front of 30 kilometers. The number of prisoners actually counted has reached 5800, of which 180 are officers, among them several battalion commanders. We captured seven cannon of which several are of large calibre.

"Violent artillery actions occurred northwest of Rheims and in the Champagne, west of Mont Carnillet. We captured a fortified point of support and repulsed, after lively fighting, two German attacks upon our trenches in the region of Mont Haut. An enemy surprise attack in the direction of the Chemin-des-Dames was likewise stopped.

"In the remainder of the front there was no important activity. On the night of May 3-4 and the night following, our heavy squadrons dropped 8500 kilograms of bombs on the enemy military establishments, railroad stations, barracks, notably upon factories at the 'Opere' and 'Imper' in Germany. A four enemy machine was brought down by the fire of our anti-aircraft guns."

BRITISH REPEL FOE COUNTER-ATTACKS. (Continued From Page 1). ceeded in breaking up our formations, but our machines continued to support each other and brought down one German aeroplane just inside our lines. Another two were shot down by our anti-aircraft guns. Two of our machines are missing."

The British are successfully maintaining the Hindenburg line near Bullecourt. The Germans delivered a determined attack on this line last night, which was entirely repulsed, and were balked again this morning in a similar effort, the war office announced today. The British fire breaking up the attempt.

"Northwest of St. Quentin the Germans were foiled in an effort to retake the ground lost on Saturday east of Le Verger, while their trenches further north were subjected to a raid on a mile and a half front in which damage was done their defensive positions. The text of the statement is as follows:

"During the night the enemy endeavored to re-establish himself in the coupe east of Le Verger, which he was compelled to abandon yesterday. He was again driven out by our troops after a short fight, with a loss of several dead. The enemy retreated to a successful raid on a front of about 1 1/2 miles north of the village of Gonnelle. Our positions, blew up his defensive works and returned several prisoners.

Attacks Fall Again. "Last night the enemy delivered another determined but entirely unsuccessful attack upon our positions in the Hindenburg line east of Bullecourt. An attempt to renew the attack early this morning was stopped by our artillery.

"The enemy's attack was carried out by us south of the Scheldt River resulting in the capture of 2000 of the enemy's front line trenches, with 24 prisoners."

BRITISH MISSION TO PROLONG STAY

Balfour and Party Will Visit Middle West and Texas. GUESTS OF LANSING

Washington, May 4.—Foreign Secretary Balfour and Sir Eric Drummond, of the British war mission, the British ambassador and Lady Spring-Rice, slipped quietly out of town today to spend Sunday with Secretary Lansing at Gunston Hall, one of the famous manor houses of Virginia.

Mr. Lansing had expressed to Mr. Balfour a quiet confidence in the mission to date and plan for what remains to be done, and it was decided that the old Virginia manor house would provide an ideal spot, as well as giving Mr. Balfour a view of the old Dominion.

It is understood that the statement confined their discussion to the program, rather than to detailed parts of the negotiations.

Balfour is to visit Texas. The financial situation has been pretty well clarified in direct conferences, and has been brought to a point where a general conference may be held.

The Russian and South American problems, and the internal situation in the central empire, are the main topics in mind, but they do not admit of very definite treatment in conference.

The probable length of the stay on the mission is increasing daily, and the original date of departure has been set back to probably May 12.

The mission probably will go in a body to New York for two days' joint reception with the French on the return of the latter from the west, and then come back here for another week. After that Mr. Balfour and his

EVERYTHING IS READY FOR THE WELTER BOUT

Ted (Kid) Lewis, the champion English welterweight, knocked out Jimmy O'Hagan of Albany in New York Friday night in the second round of a ten-round match, the main bout at the Hamilton Sporting Club. After O'Hagan had been knocked down five times in this round, his seconds threw up the sponge to save him from further punishment. Lewis weighed 145 pounds and O'Hagan 154. Massey Hall has been chosen as the place for the ten-round bout between Lewis and Jack Britton of Chicago, date is the night of May 19. This was definitely decided upon at a meeting Friday night of the athletic authorities of the city. The bout will be secured, and the military district No. 2 and the executive committee of the Sportsman's Patriotic Association will be run off on the boxing tournament will be run off on the same night and at least five first-class bouts are promised, in addition to the main contest. The Lewis and Britton have agreed to a date and signed articles were received Friday from the respective managers of the two famous boxers. A necessary permit has been secured, and it now remains for Toronto boxing fans to cheer their share and help along a worthy cause. All the proceeds at the forthcoming tournament will be equally divided between the military athletic authorities and the S.P.A. Indications are that Lewis and Britton will furnish the classic bout ever staged here.

Chicago Clubs Lose Only Games Saturday In Major Leagues

At St. Louis (American).—On Saturday Knob held the White Sox to a scratch hit in a pitchers' duel, the Browns winning 9 to 0. In the sixth Ribberg muffed Austin's fly to short centre, Austin taking second on the error. Slater sent a single down the right field line, putting over the only run of the game.

Chicago Clubs Lose Only Games Saturday In Major Leagues

At Chicago (National).—On Saturday the Reds drizzled Hendrix in the first inning, grabbed a six run lead and won easily over the Cubs, 7 to 4. Heine Schneider tripled to centre, sending two more runs to the quarter. Hendrix was then yanked and Aldridge went in, holding the Reds fairly well for the rest of the combat.

Smith Big Family In Modern Baseball

A sweeping glance over the rosters of the big league clubs this year shows that the Smiths are in a good class with the good old Smith family, which is long representatives of other family trees. They have replaced the Joneses, who used to hog it in baseball. The Smiths have one of the noble families of the game. The Smiths have one of the noble families of the game. Cut Salaries in American Association Also Probably National League

President Hickey of the American Association announces that he will make a tour of the circuit to explain to the players the reasons for the proposed cut in salaries. He hints that the International will do the same. Jim Thorpe, the best athlete the United States ever has produced, may be ready to drop right out of major league baseball. His transfer to Cincinnati may be the reason.

Release of Outfielder Banister to Richmond of the International League is announced by Roger Brunsbach of the Toledo American Association Club.

Bunny Brief of the Salt Lake Club of the Pacific Coast League has been sent to the Pittsburgh Nationals on thirty days' trial and will join the Pirates at Chicago.

White most of the older hurlers in the major leagues have been showing a bit of decline this spring.

The performance of Leon O'Dowd of the Dodgers, who has Boston down so easily Friday is evidence that this young Uncle Robbie has a pitcher worth while. He has given only five bases on balls in 36 innings, pitched one shut-out game, and has had no earned runs scored off his delivery. In the Southern Association, Covington of Little Rock is topping the batters, with 123. He also leads in home runs, with three. Knapp of New Orleans is out in front among the sacrifice hitters, with 12. And with Edmondson also of New Orleans, leads in sacrifice hits, with six each. E. Miller of New Orleans is leading in runs scored, with 22. Chattanooga took the clubs in hitting, with 378. The averages include games of last Tuesday. Fall River Rovers Win American Title

Pawtucket, R.I., May 6.—The Fall River (Mass.) Rovers won the American soccer football championship here Saturday by defeating the crack team of the Bethlehem State Island Football Club, champions for the past two years, by a score of 1 to 0. A large crowd of soccer enthusiasts attended, and a drizzling rain fell. The sloppy grounds and passing allowed accurate kicking and passing all around, which Casey responded to.

Brooklyn Celtics Win State Cup

New York, May 6.—Brooklyn Celtics won the Southern New York State Cup today by defeating the strong New York Club by 2 to 1. The New Yorkers led at half time by 2 to 1, scored by Hayes and Carvide, which Casey responded to. The Celtics, after the interval the Brooklyn boys attacked in great style. Casey's typical play was seen as he swept the Gothamites off their feet. Casey and McKenna putting on further goals with brilliant effort.

Saturday's Soccer

Sunderland Field, May 5.—Despite the adverse weather conditions a good crowd was present at Sunderland games to witness the first game of the Provincial League between Sunderland and Toronto Scottish teams, that resulted in a scoreless draw. The line-up: Sunderland (9)—Egfield, Robinson, Allen, Brown, Wormal, Broome, Hunt, H. Fidler, Griffiths, E. Fidler, Taylor. Toronto Scottish (9)—Galbraith, Campbell, McPherson, Young, Simpson, Anderson, Matthews, Owens, White, Gilmartin, J. Milne. Royal Canadian Dragoons were beaten 2 to 1 at Stanley Barracks in a T. & D. League game Saturday. The teams lined up on a very heavy ground, as follows: R.C.D.—McAlpin, Harding, Curran, Marshall, Brown, Simpson, Starkey, Atwood, Saunders, Wilkerson, J. Milne. Old Country (2)—Coombs, McKay, Richardson, E. Coombe, Feden, Cowper, Simpson, Lowe, Sharpe, Walker, Brown. British Imperial defeated Old Country 3 goals to 2 in a T. & D. League game on Saturday. The game was played in a steady downpour of rain, a field that was in a sodden condition, all of which prevented any good football being shown. Old Country players wore knee bands on their arms in mourning for Donnell and Murray, two former members of the club, who have recently been killed in action. British Imperial (9)—Cole, Mayes, Chadwick, Compton, D. Wardell, Wolk, M. Country (2)—Browne, Winch, Denden, Martin, Taylor, McRoberts, Hamilton, Allan Hunter, Loban, Jackson. Referee—Dobb.

As Charlie Says—

This game was ordered to be played to decide the season's league championship, as prior to this game Sunderland were in the lead by one point and Ulster had to win to get the championship. As the matter has now been a draw and Sunderland had not resigned from the T. & D. it would have necessitated a play-off for the championship. As the matter is now stands Ulster will be declared league champions for 1916 and will be awarded the cup and medals.

WANT STAG AND DENNEY.

OLSON, MAY 6.—According to information from official sources, because known here late tonight that Ottawa lacrosse interests were seeking the services of Fred Stag and Corbett Denney, formerly of Toronto.

Slattery's Four Bingles Helped Montreal Win

Montreal, May 5.—Montreal turned the tables on Providence today and took the game by the score of 12 to 4. The locals had things all their own way from start to finish, getting three runs in the first inning, and never headed. Slattery led in the Royals' attack, getting four hits in as many trips to the plate. Brainerd, for Providence, pitched his hitting streak, and drove out two home runs. He got three out of the four bingles made off Grener, and scored three out of the four runs.

Partick Thistles Beat Third Lanark, and Clyde Won From Queen's Park

By Cable to The Toronto World. Glasgow, Scotland, May 5.—The annual Glasgow Charity Cup ties crowded tremendous enthusiasm, as usual here today. Thirty thousand people crowded into Firhill Park to see one of the ties between Third Lanark and Partick Thistle. Both teams were strongly represented. The score was 1-1 at half-time, and remained the same at the end of the regulation period, but during the extra time Partick put on two more goals, winning 3 to 1. Clyde in the semi-final next Saturday at Cathkin.

Jockey Redford Dying From Auto Accident

New York, May 5.—Arthur Redford, once among the most famous jockeys, is dying in Coney Island Hospital as the result of an accident last night, in which his automobile upset, pinning him under its wheels. Redford, a wife, was slightly injured. Mrs. Redford left their home at Sixty-second street, suddenly loomed in a closed street barrier. Whether Redford saw the barrier or not is too late to stop, is not known. He was struck in the center. The blow sent the car completely over the obstruction and it struck the ground upside down. Mrs. Redford was thrown clear, and escaped with slight bruises and slight cuts. Her husband was caught under the machine. Automobiles came up, rescuing Redford and sent in a hurry call to the hospital. Dr. Frank, who responded, said Redford had a compound fracture of the skull and would, he was told, never recover. Redford was pronounced fifteen years ago "one of the best jockeys the American turf ever knew; the peer of Ted Sloan, Danny Maher and George Odan." Mr. J. Dwyer called him the best. He rode for the late William C. Whitney, the later James R. Keene, and for E. O. Thonias. In 1904, when he was at the zenith of his success, he received \$19,000 for first and second calls for his services. Redford won many races for the Sandford at Saratoga on Mohawk II, and Caughnawaga. He rode Heron when, in a runaway race, the son of Harmon was the 1904 Suburban at Sheepshead Bay. That year Mr. Thomas had first call on his services, and Mr. Keene's second call. At one time he was said to be worth \$250,000. The jockey had his full share of accidents on the track, and after he took on weight he quit the turf. He is an expert on the horse, and a proprietor of a garage. He is thirty-nine years old.

The Newest Tailored Suits

Pleats and pouches are very greatly but very surely being effaced by the old-time tailored suit. Old-time by name, but up-to-date to a degree, and in the most extensive variety of tailored styles. Directoire coats, moderated and shortened, and men's morning, frock and evening coat styles are all represented in our assortment of women's new suits. Serges and gabardines in fine silky surfaces, and lively patterned silk linings, vests and collars, with bindings of silk braid are the rich materials employed by the New York expert tailors of our suits. Prices \$45.00 to \$65.00.

Suits of Silk for Summer

You may have your doubts about it, but when the warm weather really does come a silk suit is about the only cool suit a woman can wear, and nothing looks so dressy for outdoors. Our silk suits are delightful to choose from—there are so many colors, styles and prices—tulle and satin in plain colors and many novelty silks, including those quaint skivvie skirt stripes. Of course, silks are terribly expensive now, but you can get a lovely quality silk suit at \$32.00 and up to \$65.00.

Gowns for Afternoon Functions, \$22.50, \$27.50 and \$32.50

Soft georgette crepe, rich satin, demure tulle and clinging crepe de chine in beautiful pastel and colored shades are used for separate and combined designs, and, as you know, the dresses of today have no style limitations; they can be high waisted, low waisted, normal waisted or waistless, and either one is fashionable. The colorings and embroideries of these dresses are particularly attractive, and there is every new style amongst the selection. Prices \$22.50, \$27.50 and \$32.50.

Tweed Twill Coats at Popular Prices

The twills are gabardines and poplins in navy and those new spring colors which make a right noble afternoon or dressy coat, and we have lovely coats of these materials in the Women's Department at \$17.50 to \$25.00. The tweeds you will find in the Misses' Section. They have just arrived from New York, and are ideal coats for knock-about and general wear. They are as smart as possible and shown in some very good colors. Price \$17.50 to \$25.00.

Shirts of Khaki-kool Taffeta, Jersey Silk, Charmeuse and Washable Satin

A sweater skirt, a middie skirt, or the useful skirt that does for any time at all are all included, because they are made in the simplest and the fussiest ways and also in the happy medium. Pleats here, pleats there, and pleats everywhere, you know the way they have; plain skirts with lovely, queer pockets, shirred skirts with big frilly headings, and gored skirts with wonderfully shaped belts. All these interesting features are not a small fraction of what could be said, but the surprise will be all the more pleasant to you when you see them; \$10.00, \$12.95, \$13.50 and \$15.00.

Shirts of Serge

Maybe it's a serge skirt you are looking for! We have never had a better stock of navy and black ones. Neat, pretty styles, and the prices are from \$3.95 to \$12.50.
