### AMBUSH AND UNREST CONTINUE IN IRELAND S CASTLE'S REPORT

#### Military, Police and Civilians Suffer Casualties Thru Ambuscades.

#### NO PROSPECT OF PEACE

Dublin, Jan. 19.—Shooting from am-  
bushes and arrests continue in vari-  
ous parts of the country, according to  
official and unofficial advices. Dublin  
Castle reports that auxiliary police at  
Longford were attacked and that more  
men were wounded by a party of men  
Tuesday evening. Nine young men, be-  
lieved to be members of the "Irish re-  
publican army," were arrested at  
Ballyhaunis, County Mayo. A soldier  
was wounded while riding with an  
officer along the Charleville road this  
morning.  
Auxiliaries patrolling Dublin Tuesday  
evening were attacked by civilians, three  
of whom were captured. One  
was wounded. During the ambuscade  
of police at Killoe Tuesday morning  
three members of the attacking party  
were wounded. Thos. Collins who was  
arrested during a subsequent search  
was shot dead while attempting to  
make his escape.  
A military motor lorry ran into an  
ambuscade on the Nenagh road this  
morning. Three soldiers were wound-  
ed. Jos. McGuinness, a Sinn Fein  
member of parliament for South Long-  
ford, was arrested today at Castler-  
eagh, Mayo county.

#### Official U.F.O. Organizations Tell Premier That His Pro- posal to "Broaden Out" Has Their Endorsement—The Executive Has Not Yet Invited Government Leader to Give Explanation of Scheme.

Declaring that he would be pleased  
to embrace the opportunity if it were  
given to him of appearing before the  
U.F.O. executive, now in session,  
Premier Drury told The World yester-  
day that so far he had not received  
an invitation to be present at their  
meeting and explain his proposal for  
a people's party.  
"If I am asked I will gladly attend  
and give an explanation of the move-  
ment and of my position," he said,  
"but so far I have not heard from any  
of the executive members. I do not  
know if they want me to attend."  
It was announced that one of the  
first things the executive would do  
when they met would be to call the  
premier on the carpet for discussing  
his own responsibility in the estab-  
lishment of a people's party. So far  
this has not been done. It is possible,  
however, that the invitation will be  
extended today.  
Endorsed by U.F.O. Clubs.

### DISPUTE SETTLED; O'CALLAGHAN GOES BACK AS A SEAMAN

#### Prompt Surrender of Lord Mayor of Cork Is Ordered.

#### MAY APPEAL TO COURTS

Washington, Jan. 19.—Jurisdiction  
of the state department in cases of  
aliens arriving in the United States  
without a passport is recognized by  
the department of labor in a formal  
statement sent today by Secretary  
Wilson to the chief of the immigra-  
tion bureau.  
It was announced, however, that  
the decision of Secretary Wilson  
that Donal O'Callaghan, lord mayor  
of Cork, should be allowed to proceed  
on a foreign vessel by reason of the  
ruling that he occupied the status of  
"seaman" had not been rescinded.  
The labor secretary's letter to the  
immigration bureau said that the de-  
cision to reship foreign should be "con-  
sidered at the earliest possible mo-  
ment." Earlier in the day it had  
been announced that the labor sec-  
retary had written to O'Callaghan's  
counsel directing that the lord mayor  
be surrendered "promptly" to the im-  
migration inspector at Norfolk.  
O'Callaghan was paroled in the  
custody of his counsel, James Law-  
son of Norfolk, and he is expected to  
arrive in New York, but whether he  
will appear in court has not yet  
been announced.

### DOCTORS URGE OBJECTIONS TO EXISTENCE OF MONOPOLY IN MANUFACTURE OF DRUG

#### Should Let Down the Bars To Guard Public Health

"Canadian industry and enterprise should be protected  
and encouraged, but it is an utterly wrong and vicious pub-  
lic policy that to protect any private enterprise, no matter how  
worthy, the people should be deprived from access to any  
great curative remedy for combating a disease which has  
become a menace to the general health and well-being of the  
country."—A well-known Toronto physician.

### REPORT WAS KEPT DARK DEALING WITH BENGOUGH

#### Inspectors Sent in Statement Against Appointment—Docu- ment Blocked by Prominent Defeated Trustee—Third Attempt of Ex-Inspector to Have His Nominee Appoint- ed to Run Toronto Schools—Rev. Mr. Powell Calls for Investigation.

Another case of the Toronto public  
being kept in the dark by an official  
report belonging to the board of  
education being deliberately sup-  
pressed came to light yesterday. It re-  
lated to the now quasi-moribund ap-  
pointment of a vocational guidance  
officer.  
The ice cold facts of the case are  
that the question of the appointment  
of Thos. W. Bengough as vocational  
counsel guide and opportunity school  
officer was sent by the management  
committee to the board of inspectors  
for a report.  
The inspectors sent an adverse re-  
port, stating reasons against the ap-  
pointment, being made.  
Unusual Procedure.  
The usual procedure was followed  
for presenting the report to the man-  
agement committee, but this was  
blocked by the same prominent and  
now defeated trustee who held up  
his reports on the building program.  
As Rev. F. E. Powell has announced  
his intention of calling for further  
investigation of the semi-appoint-  
ment of Mr. Bengough, the matter of  
the suppressed report is likely to be  
brought before either tonight's board  
meeting or the next meeting of the  
school management committee.  
Friendly to Bengough.  
Everyone speaks in friendly terms  
of Mr. Bengough personally, but it  
is declared that the only way he  
could do in connection with the  
public schools would be to act as an  
adviser to parents respecting a se-  
lection of vocations for their chil-  
dren.  
This is stated on reliable and high  
authority to be the third of a series  
of proposals made by ex-Chief Public  
School Inspector "Dr." J. L. Hughes  
to have an outsider nominated by  
himself appointed to run the Toronto  
schools.  
Dr. Hughes first received the appoint-  
ment of a mixed committee of school  
trustees and outsiders to lead upon  
schools a string of lectures on such  
subjects as:  
(Continued on Page 5, Column 7.)

### Case of Women Who Died From Effects of Injections Administered Brings Up an Important Point in Con- nection With Supplying of Uni- versally Used Remedy.

"It is a terrible thing that to protect  
any enterprise for private gain a whole  
country should be shut out from free  
access to the curative remedies of the  
world of science." These are the words  
of a practicing physician in Toronto in  
discussing the Canadian embargo on  
preparations for the treatment of blood  
diseases. Recently two women died in  
Toronto following treatment with one of  
the preparations so protected by em-  
bargo in this country.

The boards of health of two provin-  
ces have been refused permission,  
the one to import and the other to  
manufacture preparations much used  
in the treatment of a disease which  
is a heavy menace to the public  
health.  
These refusals by the Dominion  
authorities have been in the nature of  
an embargo protecting the commer-  
cial privilege of private enterprise in  
the manufacture and sale of such a  
preparation. In addition to this, the  
well-known British firm whose pro-  
duct was used through the war by the  
great British war hospitals, has been  
denied the right of importation into  
Canada.

The whole matter has become the  
subject of public inquiry by reason  
of the deaths of two Toronto women  
following treatment with one of these  
protected preparations, "mediarsen-  
ol" manufactured by the Synthetic  
Drug Company of this city.  
Many medical men are bitterly op-  
posed to this restriction upon the lib-  
erty of the profession and because  
of method of treatment for blood  
diseases. They base their complaint  
not upon any criticism of the worth of  
the product, but because they believe  
that where the public health is  
concerned, no consideration of the  
protection of a private commercial  
enterprise should be allowed to stand  
in the way of full and free access to any  
and all the remedies produced by the  
world of science and medicine.

### Physicians Dislike Monopoly.

Of great interest to the public be-  
cause of the death of these two women  
following treatment with such a pre-  
paration, is the matter of the admis-  
sion into Canada of the subject of  
these remedies for like diseases.  
A month or more ago, before the  
fact that death sometimes follows the  
administering of some of these reme-  
dies had become public knowledge, a  
reputable medical practitioner of Tor-  
onto made bitter complaint to The  
World because of the embargo which  
allows the practicing physician in  
Canada access to only two of the reme-  
dies for these diseases out of the  
many which are manufactured.  
The Synthetic Drug Co. of Toronto,  
makers of the serum which was ad-  
ministered to the two women whose  
deaths are now the subject of inquiry,  
has with one jury held by Dr. G. W.  
Graham, has with one jury held by  
the Anglo-French Co. of Montreal, the  
exclusive right of manufacture in Can-  
ada.

### Similar Products Barred.

This is so despite the fact that other  
like preparations are being manufac-  
tured in this country, and which  
many Canadian doctors would use in  
preference to any preparation now  
made or allowed to be imported into  
Canada.  
The physician who complained to  
The World voiced his complaint thus:  
Said he:  
"The Burroughs Welcome Company  
of England manufacture a preparation  
which I would gladly use were it  
available. In this I am not alone.  
There are many doctors in Toronto  
and throughout the country who have  
confidence in this English preparation,  
with the naval and military medical off-  
icers know of its worth, for it was used  
in the great base hospitals of the Brit-  
ish army set apart for the treatment  
of these blood diseases.  
"We cannot have access to this reme-  
dy by reason of an embargo placed  
against its importation into Canada in  
favor of this Toronto-made product."  
Not the Only Death.  
Speaking after the publicly-ann-  
ounced deaths of two women follow-  
ing treatment with the Toronto prep-  
aration, this physician waxed even more  
bitter. He declared that, so far as he  
knew, no death had ever followed the  
use of the English preparation, and  
still it was used in favor of a local  
preparation, the use of which had  
led to the deaths of two women. He  
declared that he had never seen and  
believed the best in the history  
only one which has followed similar  
treatment in Toronto alone.

### MAYOR CHURCH NOW MUCH IMPROVED

Mayor Church was out for a short  
walk yesterday for the first time  
since he was taken ill on Jan. 10. He  
is feeling much improved and an-  
nounced yesterday that he would be  
at his office at the city hall for a  
couple of hours today. His worship  
is planning a short holiday and ge-  
nerally to leave the city on Friday  
or Saturday.

### TORONTO HORSES WIN ALL OTTAWA FIRSTS

Ottawa, Jan. 18.—R. Graham and W.  
G. Wilson, of Toronto, judges, stated  
in an interview tonight that the show-  
ing of horses in the Ottawa Winter  
Fair the finest they had ever seen and  
they believed the best in the history  
of Canada. About 3000 people wit-  
nessed the judging tonight, including  
Hon. Manning Doherty, minister of  
agriculture for Ontario, and John  
Kent of the National Exhibition, Tor-  
onto.  
The honors of the evening, also in  
many events very much contested by  
competitors of this city, went to To-  
ronto when out of seven events entered,  
Messrs. Crow and Murray, of Toronto,  
carried off each of the first prizes in  
addition to winning five seconds, one  
third and two fourths.

### "WHO BURNED CORK?" IRISH LABOR PARTY GIVES ITS VERSION

#### In Report Joined in by Trades Union Congress, Crown Forces Are Accused of In- cendiaryism and Looting— Claimed That Hundred De- positions Signed by Re- sponsible Men Have Been Taken.

London, Jan. 19.—"Who burnt Cork  
City? A tale of arson, loot and mur-  
der." This is the title of a report is-  
sued today by the Irish labor party  
and trades union congress, thru the  
British labor party today, in which  
the burning of public buildings and  
shops in Cork, and the ensuing loot-  
ing on the night of Dec. 11, 1920. The  
report is declared to be the result of  
"Dangerous and toilsome investiga-  
tion which has been proceeding since  
one hundred depositions have been  
taken, all of them signed and wit-  
nessed. The report declares, "The  
witnesses are chiefly responsible com-  
petent and responsible men and  
householders, some English, some  
Americans and several former officers  
and soldiers."  
The report goes on to state that the  
deposition was signed and wit-  
nessed and the original filed and de-  
posited in a place of comparative  
safety. The report produced for  
any competent and responsible com-  
mission of inquiry.  
The report comprises seventy pages,  
including two parts which are  
signed by 66 witnesses, all of  
them designated by numbers in  
order, it is stated, to conceal the  
identity of the informants.  
Recalling the refusal of the British  
government to allow any judicial or  
civilian inquiry thus far to publish  
the report, it concludes as follows:

### COPPER MAGNATE FROZEN TO DEATH

#### Left Mining Camp in Alaska With Eskimos and Lost His Way.

Nome, Alaska, Jan. 19.—Thomas  
Ward, president and general manager  
of the Ward Copper Company of New  
York, was found frozen to death a  
few miles from Teller, Alaska, Jan.  
12, according to word reaching Nome  
today.  
According to the report, Ward left  
the company's mining camp in the  
Inner Seward Peninsula with an  
Eskimo man and woman, and two ten-  
team, en route to Teller, a reindeer  
station on Grantly Harbor. After  
reaching the top of the divide above  
Teller, the three became lost in the  
darkness. The Eskimos said they de-  
cided to go back to a cabin they had  
seen, but Ward proceeded alone.  
For the next two days the Eskimos  
saw they were stormbound in the  
cabin, and on the third day battled  
their way into a station, only to learn  
that Ward had not arrived. A search-  
ing party started out the next day  
and found Ward's sled and dog team on  
Dewey Creek. It is thought that Ward  
had spent the night there, but had  
fallen during the night had been 30  
degrees below zero and Ward was  
known to have only a robe to protect  
him from the cold.  
Members of the searching party said  
Ward had evidently left his team on  
the twelfth, and started for Teller.  
He had probably become confused and  
taken a wrong direction. The body  
was found on the Teller side of Grant  
Harbor.

### PUBLISHERS WERE HEAVY LOSERS

#### Carried Out Government Printing Contracts and Now Seek Reimbursement.

The leading publishers of Toronto  
regarding on the government yesterday  
verbal testifies to the heavy losses  
sustained by reason of their carrying out  
contracts entered into during the re-  
gime of Hon. Dr. Cody as minister  
of education. At that time some of  
them expired, but at the govern-  
ment's request the publishers agreed  
to carry on, with the understanding  
that they would be reimbursed for  
any losses they might incur by reason  
of the increased cost of material.  
Later, the publishers now ask that  
this promise be made good.  
They also ask for the cancellation  
of those contracts now in force,  
which have only been carried out at  
a great financial sacrifice, and for  
new contracts which would enable  
them to recoup their losses.  
The publishers' reply was not  
favorable. Cancelling contracts would  
be creating a bad precedent. How-  
ever, it is understood the door is not  
closed, and the matter may  
again be taken up.

### SIR MARTIN HARVEY HAS A HIGH FEVER

#### He Is Likely to Be Away From Stage Several Days.

Sir John Martin Harvey, England's  
distinguished actor-knight, who this  
week has been appearing at the head  
of his company at the Royal Alexan-  
dra Theatre, was suddenly taken ill  
yesterday afternoon just before the  
curtain arose on the matinee per-  
formance of "Garrick." Dr. Robert  
Noble was called and at once ordered  
Sir John's removal to Wellesley  
Hospital. Late last night it was as-  
certained he was resting easily, but  
had a high fever, his temperature  
being 105.  
From present indications it does  
not look as if Sir John will be able  
to appear during the balance of the  
week. His company will, however,  
continue their performances, and to-  
night Arthur Chesney will take the  
leading part in Mastermick's "Burg-  
master of Silesmunde."  
He is being attended by Dr. Robert T.  
Noble.

### TWO outstanding facts in the Toronto Street Railway situation that The World believes will be an- nounced any day are: (1) That the civic transportation commission may get possession of the Toronto Railway's street car fran- chise and its street car assets within two months. (2) That the standard gauge, the same as the steam railways and radial lines, namely, four feet, eight and one-half inches, will be adopted in the construction of radial lines within the city limits and that any tracks put down by the commission will be of standard gauge. The present gauge is wider than the standard. Ours is the only abnormal gauge in America. The World believes that if the commission and the city agree thereto the legislature will give the commis- sion power to buy blocks of real estate and to extend city lines up to or thru these blocks; also power to sub- divide and to sell them at fair prices to citizens who will buy home sites within these blocks and build thereon. There will have to be proper safeguards im- posed in regard to such purchases and track extensions.

After that what?  
That the citizens will await with interest a full dis-  
cussion of the other problems. But on this basis per-  
haps:

(1) That the present fares ought to be continued, if  
possible, so as to make Toronto the most attractive  
centre for business, for industries, for home life. But  
if we can't have the present yellow, blue, white, red  
and school tickets then to not under any consideration  
make the regular fare with transfer more than five  
cents, and the limited work-hour ticket not more than  
four, charged in proportion.  
And that to make up any difference that may be  
necessary to keep low fares, the city assume that part  
of the cost of reconstruction, to be raised by a special  
bond issue or by a special frontage tax of a graded  
nature according to the relation of the property to the  
construction of say of about six miles of subways  
or tubes for the congested traffic. These tubes would  
relieve congestion on the streets and give rapid trans-  
it.

So far the commission is having its engineers and  
observers make a complete study of the situation. In  
the meantime The World proposes to discuss the va-  
rious problems and, as it develops, to invite the views  
of the public as to possible solutions of the greatest  
problem ever before the city. The World believes some  
solution will soon be found and hopes to make sugges-  
tions from day to day.

### HOUSEWIVES WANT EIGHT-HOUR DAY

#### Also Law That Childless Women Work Three Days a Week for Mothers.

Washington, D.C., Jan. 19.—Letters  
under a Brooklyn date, signed "Wives  
and Mothers of Industrial Workers,"  
reached members of congress today  
asking for a law to require childless  
married women under sixty to do  
housework three days a week for  
mothers with children, and also for  
an eight-hour day for housewives.  
"Congress should realize," it said,  
"that legislation should be less and  
less in favor of the workers and more  
and more to alleviate and improve  
paid, dishwashing housewives."  
It added that sixty per cent of the  
members of congress were paid more  
than they were worth.

### W. F. O'CONNOR, K.C., OTTAWA, RETURNING

Ottawa, Jan. 19.—(Can. Press)—  
Hon. W. F. O'Connor, who has spent the  
past few weeks in Bermuda, is ex-  
pected back in Ottawa about the end  
of this month.

### OTAWA, JAN. 19.—CLARENCE JAMIE- SON, chairman of the board of hear- ing of the civil service commission, has furnished to the prime minister a reply to a letter recently published from E. W. Patterson, president of the Associated Federal Employees of Ottawa. The letter was addressed to the prime minister and made a series of charges against the board of hear- ing. The allegations are taken up seriatim in the reply, which was made public tonight. The main point in the charge made by Mr. Patterson was that Chairman Jamieson had said before the board of hearing that Mr. W. F. O'Connor, Premier Meighen and that the pre- mier had said that Mr. O'Connor was classified at a salary range of from \$2000 to \$3500, should receive at least \$5000. The members of the board of hear- ing declare that Mr. Jamieson made no such statement to the board regard- ing Mr. O'Connor.

### MAYOR CHURCH NOW MUCH IMPROVED

Mayor Church was out for a short  
walk yesterday for the first time  
since he was taken ill on Jan. 10. He  
is feeling much improved and an-  
nounced yesterday that he would be  
at his office at the city hall for a  
couple of hours today. His worship  
is planning a short holiday and ge-  
nerally to leave the city on Friday  
or Saturday.

### TORONTO HORSES WIN ALL OTTAWA FIRSTS

Ottawa, Jan. 18.—R. Graham and W.  
G. Wilson, of Toronto, judges, stated  
in an interview tonight that the show-  
ing of horses in the Ottawa Winter  
Fair the finest they had ever seen and  
they believed the best in the history  
of Canada. About 3000 people wit-  
nessed the judging tonight, including  
Hon. Manning Doherty, minister of  
agriculture for Ontario, and John  
Kent of the National Exhibition, Tor-  
onto.  
The honors of the evening, also in  
many events very much contested by  
competitors of this city, went to To-  
ronto when out of seven events entered,  
Messrs. Crow and Murray, of Toronto,  
carried off each of the first prizes in  
addition to winning five seconds, one  
third and two fourths.

This is so despite the fact that other  
like preparations are being manufac-  
tured in this country, and which  
many Canadian doctors would use in  
preference to any preparation now  
made or allowed to be imported into  
Canada.  
The physician who complained to  
The World voiced his complaint thus:  
Said he:  
"The Burroughs Welcome Company  
of England manufacture a preparation  
which I would gladly use were it  
available. In this I am not alone.  
There are many doctors in Toronto  
and throughout the country who have  
confidence in this English preparation,  
with the naval and military medical off-  
icers know of its worth, for it was used  
in the great base hospitals of the Brit-  
ish army set apart for the treatment  
of these blood diseases.  
"We cannot have access to this reme-  
dy by reason of an embargo placed  
against its importation into Canada in  
favor of this Toronto-made product."  
Not the Only Death.  
Speaking after the publicly-ann-  
ounced deaths of two women follow-  
ing treatment with the Toronto prep-  
aration, this physician waxed even more  
bitter. He declared that, so far as he  
knew, no death had ever followed the  
use of the English preparation, and  
still it was used in favor of a local  
preparation, the use of which had  
led to the deaths of two women. He  
declared that he had never seen and  
believed the best in the history  
only one which has followed similar  
treatment in Toronto alone.

### BELIEVES IN NEW FIELDS OF TRADE

H. R. Poussette, Commissioner of Commerce, Points to Asiatic Market.

Ottawa, Jan. 19.—(Special).—Canada's new commissioner of commerce, H. R. Poussette, believed that India, Ceylon, Malaya and the Dutch East Indies furnish an excellent field for the extension of Canadian trade. While the British India possessions offer no preferential treatment to Canadian trade, yet there is a growing feeling in this direction. These countries would, he claims, furnish a ready market for foodstuffs, hardware, motors, paper of all kinds, and woven wire fencing and boots and shoes to a limited degree. Return cargoes of jute, tea and other products could be secured. Formerly German ships carried Indian goods to Canada and the United States, but with the removal of German ships the new Canadian steamship service could capture this trade.

### DISCOVERED BANK WAS INSOLVENT

New York Firm Was About to Take Control of the Institution.

London, Jan. 18.—Discovery of the condition of Farrow's bank, which suspended payment on Dec. 20 last, was due to the New York City firm of Norton, Read and Company, which had entered into an agreement to take control of the bank, according to a statement by the government attorney in opening the prosecution today against Thomas Farrow, founder of the bank, and others on the charge of falsifying the balance sheets of the institution. The attorney stated that Norton, Read and Company had agreed to pay \$500,000 for control of the bank. Of this amount \$100,000 was to go to Farrow and the other directors for the loss of their positions, the attorney added.

Mr. Read, London manager of the Norton firm, was elected managing director of Farrow's Bank and his partner made directors. In auditing the accounts of Farrow's Bank, the government attorney said, Mr. Read discovered the bank was insolvent and thereupon recovered the securities he had deposited as a guarantee of payments of the amount demanded for controlling interest.

### CLAIMS FARRELL NOT RESPONSIBLE

#### Hinton in Evidence Describes the Fist Fight at Mattice.

Rockaway, N. Y., Jan. 19.—Two of the three balloonists who were lost four days in frozen Canadian wilds after their recent flight portrayed their sufferings from cold, hunger and worry today before the naval court of inquiry investigating the trip.

One of them, Lieut. Walter Hinton, pictured the intense sufferings of the eldest of the trio, Lieut. Farrell, saying Farrell sank frequently from exhaustion, fainted, and at one time, after making remarks which Hinton told the court it would be "unfair" to quote, the younger officers conferred on the advisability of taking a knife away from him. Lieut. Hinton did not make clear whether Lieut. Farrell had begged his companions to cut his throat, or to shoot him, or to press on, as the former had stated in a letter to Mrs. Hinton—statements which led to the fist fight between the two men at Mattice. He briefly described this altercation and said he did not consider Farrell responsible for what he did or said, "due to his overwrought nerves and condition."

Lieut. Farrell did not testify, as he was still ill, but the air station medical officer said he probably would be able to appear tomorrow. Hinton told the court of an instance showing the spirit shown by Lieut. Kloor, the 25-year-old balloonist, who commanded the party. On the morning of the second day's tramp they prepared to eat their first carrier pigeon, and it was decided, after broiling the bird, that Hinton and Farrell would divide the breast, leaving the rest to Kloor. The "kid" concluded that he was getting more than his share and gave a wing to each of his companions.

### UNEMPLOYMENT OVER.

Kitchener, Ont., Jan. 19.—(Special).—The run on the city engineer's office here has ceased and from all indications it would seem that Kitchener's unemployed problem is solved. There were no applicants today or yesterday. Some of the local factories are showing signs of increased activity and taking on a few more men.

### "LUMP SUM" POLICY FOR REPARATIONS STAND

London, Jan. 19.—British official circles declare untrue reports from Berlin that the British and French representatives have arrived at a new basis for negotiating the reparations question. It is stated that the allied "lump sum" policy for reparations remains in force, but that a plan for five annual payments is being discussed in order to obtain a partial payment immediately. The allies will reserve the right to present Germany's total indemnity bill at any time and from all indications there is no likelihood of compromise on other sections of the treaty, such as German retention of Upper Silesia, or a reduction in the amount of occupation, even if the annual payment plan is adopted.

### KEPT OUT OF CANADA FOR THEIR INCOME TAX

Detroit, Jan. 19.—Forty-nine Russians were prevented from crossing the border into Canada here today by John A. They will be given opportunity to pay the tax tomorrow and continue their journey.

### IT BUILT HIM UP THREE YEARS AGO

#### Ontario Man Declares He Just Can't Recommend Tanlac Too Highly.

"Tanlac built me up to health and strength about three years ago, and if I ever feel the least bit run down now it only takes a little Tanlac to set me right again," said Herbert King of 260 Talbot street, London, Ont., well-known interior decorator contractor.

"Before I got Tanlac I was in a general run-down condition and simply felt worn out all the time. My liver was badly disordered. I felt very sluggish and had little energy to go ahead with my work. My sleep was restless and broken and I would get up at morning feeling as tired and worn out as when I went to bed. My appetite was so poor I couldn't eat enough to give me proper nourishment, and just needed a good all-round building up."

"I heard something about Tanlac that I decided to see what it would do for me, and it wasn't long until it had me eating good and hearty and sleeping like a baby. My liver quit bothering me, that tired, worn-out feeling entirely disappeared and I fully regained my health and strength. Tanlac keeps me feeling right, and I can't recommend the medicine too highly."

### A BRIEF RESPITE FOR PROFITEERS

#### Viennese Workmen Consent to Postpone the Employment of Force.

Vienna, Jan. 19.—Altho tomorrow is the day set by leaders of the working men for putting into effect a program of force against the profiteers unless the government announced the adoption of means to deal with them itself, there seemed a probability today that the crisis over this question might be averted, for the time at least. The president of the trades union said that he would advise a postponement of direct action at the meetings of the various organizations he would address.

The tendency of the present crisis is to give impetus to the fusion movement, and was evidenced when the students of Vienna, in the celebration of the fiftieth anniversary of the German empire into a fusion demonstration and adopted resolutions which they presented formally to Chancellor Mayr, demanding a plebiscite. In the diet at Innsbruck, the Tyrolean capital also has adopted a similar resolution declaring a national catastrophe was imminent and the peace which guaranteed Austria's independence was at stake.

The Austrian government hold a plebiscite by February 27 on the question of the same effect in different language. Christian Socialists are expected to split on this resolution, while the Social Democrats will present a motion to the same effect. President Werner said that he would advocate a postponement of direct action against the profiteers. President Werner said that while he was willing to advocate a respite, he did not mean to submit to any prolonged delay, but would proceed to protect the interests of the country with all the forces at his disposal.

### Fierce Fight in Upper Silesia By Armed Mob and Zone Police

Ottawa, Jan. 19.—When questioned today regarding the memorandum of the Associated Federal Employees charging secret patronage in the civil service, and specifically stating that, in the case of W. M. Graham, Indian commissioner at Regina, the chairman of the board of hearing "had stated that this gentleman was related in marriage to Mr. Meighen and that the premier had intimated that he should receive \$5,000 a year at least," the prime minister declared he had not read the memorandum and had "nothing to say."

### MAIDEN ELOPES WITH RANCHER

#### Police Aid Invoked When Pair Reach Toronto on Way to West.

It happens sometimes out of fiction—the pretty village maiden losing her heart to the well-to-do rancher and eloping without obtaining her father's consent to the union. Such a case was brought to the attention of the Toronto police yesterday, and thus ended what might have been a pretty romance.

The young wife-to-be, only 15 years of age, whose name is Mabel Howie, of Stayner, Ont., was handed over to the charge of the Salvation Army until such time as one of her parents shall arrive to take her back home. The man responsible for Mabel leaving home, whose name is Charles Devall, aged 32, of Swift Current, Alberta, was not detained by the police and will, it is understood, continue his trip to the west this morning, unaccompanied by his intended life partner.

While visiting friends in Stayner, Ont., it is said Devall made the acquaintance of the girl, and during his stay kept company with her. Yesterday morning however, the happy companionship was to cease as Devall had to leave for his ranch in the west. The time for his departure came and Miss Howie drove Devall to the station to meet his train. When she did not return home her parents, becoming anxious, made inquiries and learned that their daughter had left town on the same train as Devall. The horse and cutter, left at the station, left no doubt in the minds of hurriedly a telegram was despatched to the Toronto police and Detective Sergeant Thomson and Koster met the train from Stayner at the station, intercepting the couple as they alighted.

Taken to detective headquarters at the city hall, where they were questioned, the couple denied that the elopement was premeditated. When the time for the train to arrive drew near Miss Howie suddenly declared that she could not bear to let her betrothed leave her so without clothes or other necessities for such a long trip as was contemplated, she boarded the train. Devall stated that it was his intention to take his "fiance" to a sister's in the city to stay for a night, and in the morning the journey to the west would be continued. They were to be wed when he reached home, he said.

### TRAFFIC MEN HEAR CAPT. J. MILTON STATE

The passenger traffic officers of the Canadian National and Grand Trunk Railways from the various Canadian and United States centres, who are meeting here, were last night addressed by Captain J. Milton State in the assembly hall of St. James Parish House. Captain State has been engaged in delivering a series of lectures on Canada to audiences in the United States under the auspices of the bureau of commercial economics of Washington, D. C. These lectures have been attracting wide-spread attention and it was with the object of giving the representatives of the Canadian railways an opportunity of hearing Captain State that the transportation men here.

Mr. C. T. Bell, passenger traffic manager of the Grand Trunk Railway, in introducing Captain State said that for gas which the lecturer was accomplishing on behalf of the Dominion was evoking favorable comment among those who desired to see the friendly relationship existing between Canada and the United States maintained and developed.

In his lecture to the railway men Captain State touched on the scenic beauties and natural resources of every province in the Dominion and he illustrated his travels with striking motion picture reels and still pictures.

### MEIGHEN SAYS CANADA CAN MEET U. S. BARRIER

Ottawa, Jan. 19.—Speaking at a banquet of the Ottawa Valley Holstein Club here tonight, Premier Arthur Meighen said that Canada was confronted with the prospect of a high industrial barrier on the part of the country to the south of us. If such comes, as it would appear at present, Canada can meet the situation uncomplainingly and not without resources—and not without success. If such comes, it will probably result in a great impetus to the dairy industry of the Dominion of Canada. His words were greeted with hearty cheers.

### LONDON GAS COMPANY WOULD INCREASE RATES

A bill which is expected to provoke a good deal of discussion is to be introduced into the legislature by Chas. McCrea, M.P., for Sudbury, enabling the London Gas Co. to increase its rates from 90c to \$1.40 per thousand feet for gas. The measure also gives permission to the company to increase its capital from \$400,000 to \$1,000,000.

### CROOKS STOLE PLANS OF THE RYRIE HOME

Included among the things seized by the police after the recent arrest of Edward Cooper were the plans of the home of Mrs. Harry Ryrie, St. Andrew's Gardens. It was learned yesterday. The plans were found among a varied collection of stolen articles in one of the trunks. The plans are a complete reproduction of the interior of the Ryrie home sketched in pencil.

USED THEIR HEADS AFTER LONG LAY-OFF

St. Patricks Turn in High-Class Article to Beat the Canadiens.

Playing a vastly-improved game, St. Patricks easily defeated the rejuvenated Canadiens at the arena last night, 2 to 0. It was no fluke, but an honest-to-goodness return to real form by the local team. The Saints, for the first time on home ice this season, played with their heads, and the result was a high-class exhibition of how the game should be played.

The Irish brigade worked their attack in close by carefully nursing the rubber, and then the old stuff of hammer and cross was dropped, and the disc-carrier waited his chance to slip. For once a man in play was carried out all thru the heat, and it was a refreshing change to what local followers have been handling the last few weeks. Only a small crowd turned out, and those who stayed at home missed a treat.

Noble was shifted to centre, with Dye and Denny working on the wings. It was a winning combination. The checking was of the heady order, and Pire and LeBlond were carefully watching at all times. With the smothering tactics adopted, it was not a hard job for the defence to hold up their end. Cameron's partner on the defence, both worked hard, and Cameron was very busy carrying the puck well in, and passing nicely when needed. Cameron scored the Frenchies 4 to 1 in the second and third of these. And the out-players had wiggled thru, and the best brand of goal-tending.

Denny turned in his best game of the year and was a bear at the checking. Smilie showed his true form for the first time, and was very useful, and he engineered most of the plays of the front line. Wilson and Dye also did good.

St. Pats collected the only goal of the first period, but were inside on Vesina's first shot, but the great Canadian goalie stopped shot after shot. Noble got the goal when Cameron passed out behind the net. The Saints out-scored the Frenchies 4 to 1 in the second and third of these. And the out-players had wiggled thru, and the best brand of goal-tending.

BENGALS UNABLE TO HOLD KITCHENER

Parkes and Company Beat the Tigers Right on Their Own Ice.

Hamilton, Jan. 19.—Kitchener drew out a record crowd, which packed the arena here this evening, and went away victorious over the Bengals, 5-0. The score is a good indication of the ability of the whole team, as they did not have a single necessary combination and team-play, and were unable to take advantage of the frequent opportunities they had to make a goal.

Parkes' puck-carrying and the good all-round combination shooting of Kitchener were the main factors which resulted in their victory. Reid, Cooper and Reize attempted to get the puck, but failed. Both goal tenders were kept on the alert and acquitted themselves admirably. Almost sure goals time after time.

Commencing with the bell, the teams set off at a fast clip, Kitchener securing the first tally when Clark beat Reize by a perfect shot, on a pass from Parkes. Kitchener played nice combination for the first half of the period and were worrying Reize frequently.

Grimes, who set a fast pace in this period, had several shots, which were stopped by Reize with difficulty. Reize was penalized for an accidental tripping five minutes after the start, but Tigers succeeded in holding the Dutchman for the first half of the period and were worrying Reize frequently.

Both goalies were kept busy till the end of the period, and both stopped many hard shots. Reize made a particularly fine save of a perfect shot off Hillier's stick. Hillier was penalized for an accidental tripping and Tigers were on the aggressive near the close of the period. Max Reize made a dangerous shot at the start of the second period, securing the first tally for the Bengals. Not first after this Clark got Kitchener's second goal, taking the pass from Parkes as in the first period. Hillier was following up on one of Cooper's shots, the latter continuing to find the net, but failing to count.

The whole Tiger team engaged in a determined attempt to tally, peepering shot after shot at Reize. Hillier was sent off again for tripping. Most of this period, but thru lack of combination and failure to follow up were unable to take advantage of good opportunities to score.

A double victory was seen as Tigers again rushing, and Kitchener content to let Reize keep the Bengals from making a score. Hamilton's attack improved in this period, and the team was following up well.

The green and white took the offensive a few minutes later, and Hillier succeeded in getting right up on the goal before shooting. But Kitchener was strenuous after this, both teams trying hard. The Bengals' attack was following up well.

Tigers—Reize, goal; Smith, Reize, defence; Reid, centre; Max Smith, left wing; Cooper, right wing; Naylor, forward; Anderson, sub.

Kitchener—Parkes, goal; Merrick, Kitchener, Hillier, centre; Clark, left wing; Parkes, right wing; Hillman, Kitchener, forward; Reize, sub.

ONE-GOAL VICTORY FOR ST. MICHAEL'S

St. Michael's College has been rather a disappointment in the prep. college group. They were supposed to walk away with the championship in the pre-season talk, but have had to battle like fiends to get the title. Yesterday they took on Upper Canada and emerged with the big end of a 4 to 3 score.

Without Rhenhardt, their best forward, and six and a half Skelton was injured earlier in the week and Skelton's place was taken by McCarty and Rooney played excellent hockey for the Saints, the former being a very finished puck-carrier. James was not steady in the net, and a more scientific attack by their opponents would have changed the verdict. Falls started in the first one of Miller's minutes after the start one of Miller's shots cut him under the eye. Home finished the game in the 10th of it. The moving of Miller up to centre did not improve the scoring. The Saints' defence, Granger, left defence, Lamport, left wing, Murphy; substitutes, Breen, Caulther, right defence, Leahy.

Retiree, Reg. Noble.
