THE SIXTY-FIFTH ANNUAL REPORT OF THE MONTREAL GENERAL HOSPITAL.

The Sixty-Fifth Annual Meeting of the Corporation of the Montreal General Hospital was held in the Governors Hall of the Institution, on Tuesday, the 17th May, 1887. Mr. ANDREW ROBERTSON, President, in the chair.

The Secretary read the following report, which was adopted, and ordered to be printed for circulation amongst the subscribers:

GENTLEMEN OF THE CORPORATION OF THE MONTREAL GENERAL HOSPITAL:

I have to present a condensed report of the receipts and expenditure of the Hospital, and of the proceedings of the Governors during the year which terminated 30th April, 1887.

The expenditure of the year was.....	\$38,275.20
And the income.....	39,771.12
This shows a balance in favor of income of.....	1,495.92
Comparing the expenditure of 1886-87.....	38,275.20
With that of 1885-86.....	37,940.64

The former exceeds the latter only by..... \$334.56

And this notwithstanding that there were 268 more in-door patients in '87 than in '86.

An analysis of the outlay of the year shows that a reduction has occurred in the following items: provisions, \$435.18; fuel, \$441.58; gas, \$129.46; printing, stationery and advertising, \$8.89; insurance, \$618.84; steward's and men's wages, \$244.69.

The items in which there has been an increased disbursement worth mentioning are: repairs, \$503.47; workmen's wages, \$339.85; nurses' and women's wages, \$271.70; medical officers' salaries, \$200; dry goods, bedding, etc., \$162.92; wines and liquors, \$121.40; instruments and repairs of them, \$96.69; furniture, crockery, etc., \$100.50, other expenditure, \$354.04.

Comparing the income of 1886-87, \$39,771.12, with that of 1885-86, \$38,457.51, there has been an increase in that of the year just ended of \$1,313.61.

There have been but three items of extraordinary expenditure during the year, viz., for a new cistern, \$161.20; heating apparatus, \$229.69, and a tent, \$69.

There have been received from legacies in the past year the following sums:

From the estate of the late W. B. Cumming towards the erection of a convalescent home.....	\$5,000 00
And to the endowment fund.....	5,000 00
From the trustees of the legatees of the late Mr. Andrew Stuart on account of capital and interest..	600 00
From estate of late Henry G. Evans.....	100 00
	\$10,700 00

The total number of in-door patients treated during the year 1886-87 was 2,271—an increase of 268 over the number of 1885-86. Of these 149 remained from last year, and 2,122 were admitted during the year just terminated.

There were discharged:

Cured.....	1,467
Improved.....	398
Unimproved.....	107
There died in the Hospital.....	1,972
	164
Making the total number of in-door patients treated to a conclusion in the year.....	2,136
There remained in the wards on 30th April, 1887.....	135
Total number of in-door patients for the year.....	2,271

Of the above deaths forty-six occurred within three days after admission.

The average daily number of patients in the wards during the year was 144.9; the average time of each patient in the Hospital was 24.3 days, and the aggregate number of days spent in the Hospital by all the patients was 53,110, an increase of 6,196 days over the number of last year.

Of the in-door patients treated to a conclusion there were:

Males.....	1,297	Roman Catholics.....	921
Females.....	839	Protestants.....	1,184
		Other religions.....	31

The percentage of deaths to the whole admissions is 7.67; and, if the 46 cases in which death occurred within three days after having entered the Hospital be omitted, the rate of mortality falls to 5.52 per centum.

There were 15,599 consultations in the general out-door department, and 4,433 new patients. In the eye and ear department there were 1,242 new patients and 5,405 consultations; in the gynæcological department, 240 new patients and 1,071 consultations; and in the laryngological department, 382 new patients and 1,642 consultations. The nationalities of all the patients will be found in the table annexed to this report.

During the year just terminated not less than eight life governors and one elected governor have departed to their long home. Their names are: The Hon. Judge Torrance, William Lunn, James Dakers, Neil J. McGillivray, John G. McLachlan, E. A. Prentice, Samuel Waddell, and Miles Williams, life governors; and R. A. Ramsay, elected governor. Mr. Lunn was one of the founders of the Hospital, for many years a member of its board of management and all his life its friend.

During the same eventful period in the history of this institution it has suffered an irreparable loss by the death of the late Mr. W. B. Cumming, who for over eight and twenty years personally collected from door to door in the West ward, and amongst the citizens, fully one-half of the annual subscriptions to the maintenance of the Hospital. The welfare of the sick poor was to him not only a peremptory duty, but a labor of love, and, although by no means a wealthy man, he perpetuated his memory as a friend of the indigent sick by a legacy of \$10,000 to the charity for which he had actively labored most of his life, one-half of it to be devoted to a building for convalescents and the other to the general endowment fund of the Hospital.

The following names have been placed upon the roll of life governors during the year:—Messrs. J. G. Bellhouse, Robert Benny, Arthur A. Browne, M.D., Jonathan Brown, J. H. Burland, Fred. W. Evans, Andrew S. Ewing, Charles Garth, Wm. S. Gentle, Robert

Hall, Angus W. Hooper, J. B. Learmonth, George W. Lovejoy, M.D. Henry Macartney, George W. Major, M.D., R. G. Reid, W. T. Robertson, A. Laphorn Smith, M.D., John C. Watson.

For several years past, owing to the pressing need of additional accommodation for the steadily increasing number of sick persons requiring treatment, the committee of management have been very desirous of beginning the erection of a new Hospital with the funds which have been contributed for that purpose from time to time, but they have hesitated to begin the work until at least some considerable sum of money could be secured as an endowment fund, by means of which the necessarily increased expenses of the larger institution might be provided for, so that the maintenance might not depend, as at present, so very much upon the annual subscriptions of the citizens and the fees of patients and of Medical students.

Thanks to the munificence of Sir George Stephen and Sir Donald Smith, this source of embarrassment and anxiety is largely removed, as it can hardly be deemed necessary, in view of the proposed early erection of the "Royal Victoria Hospital" by those gentlemen, that this Corporation should at present proceed to build a new Hospital.

The annual subscriptions of the citizens to the Hospital have been collected by the following gentlemen, to whom the thanks of the corporation are justly due: Messrs. Edward B. Greenshields, Alex. Ewan, and George Kemp, West ward; J. G. Burrows and John Beattie, Centre ward; Walter Drake, East ward; Dan. Wilson, Alex. Robertson and Geo. Armstrong, St. Antoine ward; George Wait, J. E. Kirkpatrick and Wm. Masterman, sr., St. Ann's ward; W. R. Salter, St. James ward; Edward Rennick, St. Mary's ward; McDuff Lamb and William Lavers, St. Louis ward; and J. M. Fulton, St. Lawrence ward.

The Bell Telephone Company also deserves the thanks of the governors and committee of management for the continued use of an instrument free of charge.

The board of management have been well satisfied with the administration of their respective departments by the medical superintendent and the lady superintendent. The resident medical officers, Drs. Corsan, Birkett and Kirkpatrick, whose year of office has just terminated, carry with them the best wishes of the committee of management and of the medical board for their success in private practice. The meeting then elected the following governors to serve for two years: Messrs. David Law, Strachan Bethune, Q.C., John McLean, R. S. C. Bagg, jun., W. T. Costigan, C. P. Hebert.
