LIKELY DESERT MEIGHEN SHIP

Ballentyne Declared Out for London Position.

Foster, Calder and Reid Mentioned for Senatorships—Premier Has Delicate Decision to Make About Representative at Geneva.

(Special to The Times.)
Ottawa, Aug. 6.—Premier Meighen on his return will face a very perplexing situation in trying to decide whether Sir George Foster or Hon. C. J. Doherty shall go to Geneva this fall to attend the Assembly of the League of Nations. The claims for Sir George are based on his eloquence and long parliamentary experience, and for Hon. Mr. Doherty on a knowledge of law, regarded as indispensable in Canada's representative.

Both men were at the last meeting, with Hon. N. W. Rowell, and made a very creditable stand on Canada's behalf. This year it was intended to send one minister, as it was felt that in a time when national economy is so necessary it would not look well to send more than one. The path of least resistance will probably be to send both. If not, old members of the party say, "Look out for squalls." It is not impossible that the decision will be to send neither.

Sir George Foster has also competition for the high commissionership in London from Hon. C. J. Ballentyne. Sir George does not seem much concerned these days over the London appointment, and the minister of marine is said to be absolutely determined to have the London position. Sir George Foster, Hon. J. A. Calder and Hon. J. D. Reid may all have to pare their ambitions down to a senatorship. When the general election comes, Premier Meighen must find himself deserted by some of his most prominent present supporters. Their party may fall to pieces, but they will be placed. It is a case of descending the sinking ship.

WAS PICTURESQUE BOXING IN THE OLDEN TIMES

Carpentier Not First Frenchman to Lose to a Champion—A Rough and Tumble Affair.

Paris, July 24.—Carpentier was not the first Frenchman to lose the honor of competing and of being defeated in a world's boxing championship match. French statisticians have discovered since the knockout administered to Georges by Dempsey.

On July 28, 1711, a Frenchman named Petit, weighing 260 pounds and standing six feet four inches tall, was the undisputed champion of the world. The purse was \$500.

Petit, a combination of strength and power, jumped in the centre of the ring as soon as the word "go" was given and seized Slack by the throat with his left hand, began placing his right with great force upon various parts of Slack's anatomy. History does not record why the mighty Bertie of the time did not immediately disqualify the Frenchman, but goes on to relate that "Slack swung the mighty right into Petit," much below the belt and that the Frenchman went down writhing in pain.

When he could summon enough strength to regain his feet, he immediately used one of them to send a well-directed kick into Slack's shin. The Briton then swung right and left to the chin and the Frenchman was out cold. "They were giants in those days and did not use eight-ounce gloves," concludes the historian.

WANT FLAVELLE TO FINISH WORK

Consolidation of the Grand Trunk and Other Lines—Ottawa Almost Sure to be Headquarters.

(Special to The Times.)
Ottawa, Ont., Aug. 6.—Until Premier Meighen returns, further progress in consolidating the Grand Trunk Railway, the Canadian Railway and other government railways is not expected. The announcement of the Grand Trunk court arbitration finding will be in September. After that consolidation will proceed more rapidly. Much of the same situation is already being done under Sir Joseph Flavelle's chairmanship, and an effort is being made to induce him to stay with the job until the work of consolidation is finally accomplished. It is almost certain that Ottawa will be the headquarters of the consolidated system. That will leave Toronto, Montreal and Winnipeg in much the same situation they are. Ottawa will be the headquarters for the executive staff and the auditors.

BAN PLACED ON JOHNSON BOUT

Cannot Take Place in Philadelphia, is Order.

Features in Yesterday's Big League Games—Bantam Weights Matched—Late Sport News.

Philadelphia, Aug. 6.—The proposed bout between Jack Johnson and Heilmann has been barred here. Director of Public Safety Cortella last night declared Johnson cannot box in Philadelphia as long as he holds office.

Schenectady, N. Y., Aug. 6.—George Duncan and Mitchell, British professionals, were beaten in a 38 hole exhibition golf match at the Mohawk Club yesterday by William M. Patten, Mohawk and Jerome D. Travers, Upper Montclair, four times amateur champions, by a score of 5 up and 4 to play.

Yesterday's Baseball.
New York, Aug. 6.—Washington's eleventh straight victory yesterday was won by the batting of two players, Judge and Rice, who made all five of the Senators' hits against Cleveland. Judge made two singles and scored three runs while Rice made two doubles and a single.

Three home runs in the fourth made the Philadelphia Athletics a technical knockout over the Boston Red Sox. The homers, by J. Walker, Mitchell and Lyons, accounted for the four runs and their victory.

Five major league pitchers limited their opposition to one each. They were McQuillan of the Boston Americans, each of whom allowed six hits; Mitchell of Brooklyn, who yielded seven hits; Toney of the New York Yankees, who allowed eight, and Bush of the Boston Americans, who was touched for nine hits.

Knockout Scored.
Duluth, Minn., Aug. 6.—Pinky Mitchell, Milwaukee, gained a technical knockout over Neal Allison, Duluth, in the ninth round of a scheduled ten round fight here last night. They are welterweights.

Allison was badly beaten up when the referee stopped the fight. He is recovering. Mitchell defeated Jack Stroud, Winnipeg, in ten rounds.

Herman Matched.
New Orleans, Aug. 6.—Pete Herman, bantamweight champion of the world, has been matched with Young Montreal of Providence for a ten-round no-decision bout here Labor day, it was announced here today.

British Bowlers.
Toronto, Aug. 6.—The touring British bowlers arrived in Toronto this morning and were given a royal British welcome at the North Toronto station. Mayor Church and members of the city council met the visitors. The freedom of the city was conferred on the visiting party.

DAMAGE IN WEST
Moose Jaw, Sask., Aug. 6.—The southwest portion of the province was visited by a hail storm Thursday afternoon and during the night. The losses reported vary from slight to total. The loss is reported to be very heavy at Ponteix, Goodwater and Crane Valley.

LOCAL BASEBALL.
The Fairville Nationals claim the Junior championship of the city, and are willing to defend the title by playing the West End Braves on Nashwaak Park this afternoon. Further arrangements can be made by calling M. 8681-21. They are willing to play the East End Beavers Wednesday night on Rockwood Park, and, on Thursday night, the Curlews on Nashwaak Park.

POST OFFICE CHANGES.
The Griffithsen efficiency experts are expected at the local post office next week to make changes incidental to the amalgamation of the post office inspector's department and the superintendent's department.

A UNIQUE SPECIMEN.
William Anghoff, of the customs staff, is the possessor of a botanical curiosity in the form of a geranium which bears a white and a pink blossom on stems coming from the same root.

As Hiram Sees It

"Hiram," said the Times reporter, "a friend of mine who believes a little wine is good for the stomach, is also making an observation yesterday. We were discussing the weather, and he said that the people had voted the country dry and he hoped they would get it good and plenty."
"I'm afraid the frog'll ferret how to swim an' start growin' wings."
"On the theory of adaptation to environment," quipped the reporter.
"You better ask Dr. Matthew about that," said Hiram. "I ain't been steady, 'specially much lately, but I'm glad I ain't a frog—By Hen!"

SPAIN LOSES MUCH TERRITORY

Serious Results of Trouble in Morocco.

From 1,500 to 2,000 Square Miles Captured by Moors—Report of Shooting After Surrender of Garrison.

London, Aug. 6.—Fewer than 200 survivors of the garrison at Nador, which surrendered to the Moors, have arrived at Melilla, the Spanish stronghold in the Moroccan desert. Among them are some women and children and many sick and wounded.

A few survivors from Keilan also are reported to have reached Melilla. They said that many of the garrison were shot after their surrender.

News from the column of General Navarro still is lacking. It is said that the tribesmen who took Mount Arruit used Spanish artillery from Spanish forts which they had captured.

Every day, the despatch continues, demonstrates more clearly how appalling the catastrophe has been and how great a task lies before the Spaniards. Airmea returning from flights says the Spanish streets with transport wagons and autos and hundreds of corpses. Many hundreds of captured mules and other transport animals are visible in the camps of the tribesmen. It is said that half the animals are unable to take the field.

MUSICIANS IN NEW YORK ARE ORDERED OUT

Strike Said to be in Anticipation of an Expected Lock-out.

New York, Aug. 6.—One thousand musicians, employed in vaudeville and motion picture houses are ordered to strike at the close of tonight's performance. The order was issued by the executive of the Musical Mutual Protective Union. The musicians declared the strike was in anticipation of a "lock-out" slated for next Tuesday night, when managers had announced they would terminate existing wage agreements.

SOME OF THE NEW CENSUS FIGURES

SAY THAT NURSE ADMITS KILLING

Six Shots Fired Into Body of Cincinnati Attorney—Woman Charges Desecration.

New York, Aug. 6.—Miss Olivia M. Stone, a graduate nurse, formerly of Cincinnati, was told that she killed Ellis Guy Kincaid, attorney and former corporation counsel of Cincinnati, when she fired six shots into his body near his home in Brooklyn yesterday. The young woman was too hysterical to make a statement. Mr. Kincaid was dead, and the police told her the bullets she fired had taken effect in his chest.

Miss Stone, according to the police, admitted the shooting and declared Kincaid was her common law husband and that he had deserted her to marry another woman. Mr. Kincaid has lived here since 1919 with the former Miss Marie Louise Gormley of Covington, Ky., whom he married in Cincinnati.

GOVERNMENT TO ENCOURAGE AIR DEVELOPMENTS

Rules Established to Regulate Civilian Flying—The Work of the Canadian Air Board.

Ottawa, Aug. 6.—(By Canadian Press) Steps proposed by the government of Canada for encouragement of the development of aviation in the dominion, are outlined in a report on development issued by the secretary of the air board, the body which has control of aircraft flying in all parts of the dominion.

"The view of the Canadian government," says the report, "has been that best encouraged and developed by planning, assistance and the provision of ground equipment, not however including terminal airbases serving urban centres. There is a probability that as time goes on, so many of these may be required that the government will undertake the provision of some of them, would have the effect of stifling local effort and thus hinder rather than aid general development."

The policy of the government, through the air board, for the development of civil flying, is set forth as follows: 1.—The regulation of civil flying, the inspection and registration of machines, certification of personnel, and the inspection and licensing of air-harbour, on the principle laid down by the convention for International Air Navigation.

2.—The establishment of a technical branch under the air board, the services of which are freely placed at the disposal of promoters of air undertakings.

3.—The survey of air routes and the provision on recognized air routes of emergency landing grounds, where necessary, between urban centres along any route.

4.—The establishment of an operations branch which confines itself to the carrying out of such flying operations with heavier-than-air machines as are required for the various departments of the government in relation to forests, fisheries, surveys, customs, etc., and scientific experimental work.

5.—The loan of airships and lighter-than-air equipment to commercial companies.

The Canadian government, the statement points out, has not undertaken to subsidize directly any commercial air service. The view taken has been that such services were not at present likely to be profitable in Canada if operated independently of the existing railway and steamboat companies. The railway and steamboat companies have, on the other hand, not shown any desire to establish their own air services. There is, moreover, an independent field for air operations in the sparsely settled and undeveloped portions of Canada in which at present communications are inadequate. Exploration and communication services by aircraft in these areas depend chiefly upon their timber, mining or like enterprises, which, if adequately financed, can, with the assistance of the technical and operations branches of the air board operate advantageously and profitably. Such individual interests do not, however, justify direct assistance on public grounds.

BELL COMPANY SEEKS INCREASE IN 'PHONE RATES

Toronto, Aug. 6.—The Bell Telephone Company has applied informally to the dominion railway board for an increase in rates. No further action will be taken till the board sets a date for the hearing.

ANTIGUA NOW GIVES US A PREFERENCE

Ottawa, Aug. 6.—(By Canadian Press) It is announced by the Department of Trade and Commerce that the new preferential tariff, as provided for in the Canada-West Indies trade agreement of 1920, has gone into effect in Antigua.

The preference in Antigua on goods imported from Canada, as compared with imports from foreign countries is 33 1/2 per cent on nearly all commodities.

POOL RESOURCES TO FIGHT WAGE CUT

Four Big Railway Brotherhoods Unite.

The Conductors, Telegraphers, Engineers and Firemen and Trainmen—Unprecedented Decision Means Fight to Finish.

Toronto, Aug. 6.—Four big railway brotherhoods in Canada have united and pooled their resources to resist the wage cut which has gone into effect on the Canadian lines.

The brotherhoods are: The Order of Railway Conductors, The Order of Railway Telegraphers, The Brotherhood of Engineers and Firemen, Brotherhood of Railway Trainmen. A board of conciliation has been applied for at Ottawa and the railway men have named David Campbell, solicitor of Calgary, formerly president of the Order of Railway Telegraphers, as their representative.

The decision to take joint action is unprecedented and reveals a determination to press the fight against the wage cut. The decision to apply for the board of conciliation was reached after a ten day conference at Montreal between the brotherhood chairman and the international president. The situation created by the decision of the companies to enforce the wage cut was fully considered, and two lines of action discussed, to apply for a board of conciliation or take a strike vote.

The decision to ask for the board of conciliation was reached only at an early hour yesterday morning. Several telegrams reached the city last night, but declined to discuss what had transpired in Montreal.

ENDORSE PLAN FOR VETERANS' AMALGAMATION

Toronto Meeting Also Takes Up Matter of Unemployment and Soldiers' Urgent Needs.

Toronto, Aug. 6.—The scheme to amalgamate all the soldiers' organizations into one body, to be known as the Canadian Legion of Veterans, was endorsed at a joint meeting of representatives of each of the local organizations last night. The meeting was not entirely devoid of friction, the method of bringing about amalgamation proving to be the bone of contention.

It was also decided by the meeting that each of the accredited representatives sitting on the supreme council on amalgamation form a deputation, and bring up upon the city and upon the provincial governments the great need of taking some immediate action to relieve the suffering caused to returned men and their families through unemployment.

WOMEN TO VOTE AS WELL AS MEN

Feature of Contest in the York Municipal Elections.

(Special to The Times.)
Frederickton, N. B., Aug. 6.—York county will have its biennial municipal elections in September on a basis different from any other county of New Brunswick. The difference will be that the franchise will be held by women as well as men. By resolution of the county council some time ago it was decided that all women eligible to vote at the general provincial election would be eligible to vote at the municipal election. So far as known, no other municipal council in the province extended the franchise to that extent.

Heretofore widows and spinners of age and owning property in the county have been eligible to vote, but no other woman has cast the ballot. The extension of the franchise will greatly enlarge the electorate.

Present indications point to few parishes returning their councillors without opposition. In some parishes public meetings for the purpose of nominating have been held already. The majority of the members of the last council will again offer for re-election.

BEER CASE ON THE BORDER

Test Case Over Shipment of Nine Per Cent to U. S.

Windsor, Ont., Aug. 6.—A test case to determine whether nine per cent beer can legally be exported from Canada to the United States, is to be made by Windsor license inspectors, following seizure, last night in Sandwich, of 100 cartons of beer, consigned by the British American Brewing Company of Windsor, to five residents of Wyandotte, Mich.

Sandwich police who discovered a brewery employe helping to load the beer into a large motor boat, found that clearance papers had been obtained from the Canadian customs.

The local authorities will refer the case to the attorney-general's department for settlement. Meanwhile the beer, east and those in charge of it are not detained.

Why President Harding Takes The Helm

"No more pitiable spectacle of complete legislative subserviency, of legislative trucking, of legislative crawling upon the belly at the feet of a master and licking the boots of authority" has ever been seen by Senator Reed, of Missouri, so he says, than is presented by the Republican Senate majority. However much the people may approve President Harding's decision to assume more and more of active leadership, the Democrats in Congress, reports one of the newspaper correspondents, have made up their mind that he is not to be allowed "to get away with it," at least until they have shown up Republican inconsistency. Both Senators and Congressmen have denounced recent attempts at what they call "personal rule."

President Harding's career as leader of his party really began with his address to the Senate which prevented the passage of the bonus bill, notes the Boston Transcript (Rep.). In thus assuming active direction of the most important business before Congress, we read in the Brooklyn Eagle (Dem.), "He was but following Theodore Roosevelt and Woodrow Wilson, who long ago discovered that the conception of the Presidency until recently held by Mr. Wilson on March 4th, writes the Washington correspondent of the Seattle Times (Ind.), "there were people who believed he was a political jellyfish." But, we read, "he has done to insure a world conference on disarmament, and, secondly, in single-handedly tackling the bonus hornet's nest." "Let him take the helm!" cries the Boston Herald, one of the many Republican papers delighted to see the President taking the lead in the work of legislation.

The leading article in THE LITERARY DIGEST this week, August 6th, describes with a word of detail the President's action in assuming the leadership of his party, presenting as it does, public opinion from all sections of the country as represented by editorials in leading newspapers.

HILTON BELYLEA.

St. John's welcome to Hilton Belyea will be just a little warmer because of sympathy for a man who made so wonderful a fight and failed by so small a margin to win the scullion championship.

THE GOVERNMENT AND ST. JOHN.

Those who would nurse the belief that St. John must become an abandoned port because the harbor commission act was not accepted should read a recent publication on New Brunswick issued by the department of the interior at Ottawa.

The Times commends this survey of St. John and its future to those passengers who fear that the defeat of the harbor commission act means ruin for this port.

ON THE WRONG SCENT.

"St. John has voted against accepting the parliamentary offer to place the harbor in commission. The coterie that inspired and financed the opposition would oppose the acceptance by the city of gold dollars at ninety cents apiece from the present government.

LIGHTER VEIN.

Monty—"Will you tell me if I give up all my bad habits?" Zella—"But how could you expect me to love a perfect stranger?"

QUEEN SQUARE.

While it is true that in few cities does one find in the very heart of the city so pretty and restful a place as King Square, there is one which if as well cared for would present far greater attractions.

BRUCE ON RUSSIA.

Lord Bryce, in a recent address on the future of Russia, asked whence and when her deliverer would appear, and said:

It may be hoped, despite this gloomy outlook, that before Russia has so settled her internal affairs as to be able to indulge in dreams of conquest, the rest of the world will have so composed its differences as to be able to discourage any effort by any nation to change national boundaries in Europe.

THE NATIONAL BURDEN.

The Citizens' Research Institute of Canada estimates that Canada in the year ending March 31, 1920, spent \$28.19 per head of population on the ordinary services of the country, apart from provincial subsidies, and that this compares with \$16.40 per capita in 1917.

But if government extravagance alone did not create these conditions they are a sufficient reason for strict economy at the present and for the future.

THEIR NAME LIVETH FOR EVERMORE.

This little sanctuary at Forcville is just one of 2,000 British cemeteries maintained in France and Flanders. It represents the finished achievement of the imperial commission into whose keeping the Empire entrusted the graves of sons who fell in France and Flanders fields.

"HELL FIRE PARSON" HELD FOR ASSAULT

He and Stepson are Charged With Attacking Man With a Baseball Bat.

(New York Times)
The Rev. James A. Deolay, who is known in Banksville, Conn., and Mariner's Harbor, S. I., as the "Hell Fire Parson," was held in \$1,000 bail for the grand jury in the New Brighton police court yesterday on a charge of felonious assault. His stepson, Leon Barnes, who lives with him at 240 Union avenue, Mariner's Harbor, was held in similar bail for the same offense. Neither could furnish bail, but they were released in custody of their counsel until today.
The complaint against them was James Staniani, who testified that the minister, whose congregation numbers twelve and whose church is the parlor of his home, struck him with a baseball bat over the head and back last Wednesday night. Since the death of his wife his six-year-old daughter, Rose, has been boarding in the minister's home.
A telephone message brought Staniani to the Deolay house at 10.30 Wednesday evening. The minister told him, he told the court, that he would have to remove his daughter because the family was going away. Staniani became indignant, because the child's board was paid until Aug. 1. The minister then struck him with the bat, and when he was down on the floor Barnes, he testified, struck him with a club. Both admitted their guilt, but said they struck in self-defense.

Here and There in The Store

Much prominence is given to soft Canton crepe as a dress material for early autumn. New models developed in this material are now ready for you to see in our costume dept. New neck and sleeve lines will compel your interest.

First Autumn Sport Hats include Duvelyn Tams plain or embroidered; also numerous smart felt shapes in bright colors. These are close fitting or broad brimmed and in many cases have rows of stitching or picoting.

Royal Corona Ware is among the late arrivals to our art room. You may find it in Old English bird patterns and rosetta designs; such pieces as fruit bowls, compotes, jugs, vases and salad dishes. See our new Parment Lamp Shades.

New Gingham Frocks and Cute Rompers have lately been added to our children's stocks. Frocks are in particularly smart colors and styles; some of them have bloomers to match. Rompers are equally charming and are great for tots to play in.

Fine Hand Made Voile Blouses are among the favored novelties. These are beautifully hemstitched and are particularly dainty. Probably you have been wanting one for some time.

Behold this one of pumpkin and white mercerized gingham! The collar, cuffs and wide band on the overskirt of pumpkin organdie and please note the vee black tie. Wouldn't some brunettes look charming in this dress? Then take a look at this suspender dress of dark blue and white checked gingham, the overskirt made diagonally. The blouse is made of the sheerest French organdie, with collar and cuffs edged with "v" lace ruffles. The suspenders of the gingham are fastened by small pearl buckles. Small pockets of organdie are also "v" lace trimmed. Isn't it just the dress for "a blue eyed beauty?"

WANTED TO ARM VATICAN GUARD

Colonel Ripond Failed in Effort to Place it on "War Footing"—Resigns and is Succeeded by Col. Hirschbuhl.

(Associated Press, by Mail.)
Rome, July 26.—Colonel Ripond, who was called to be commander of the Swiss Guards at the Vatican during the pontificate of Pius X, and who gained considerable distinction because of his efforts to place the seventy soldiers who compose the guard on a "war footing," resigned. Pope Benedict has appointed Colonel Hirschbuhl, the next officer of the corps, to succeed Ripond.

Colonel Ripond was an officer of the Swiss regular army and came to the Vatican under the impression that he would give the Pope's bodyguard a more martial spirit. They were put on strict military discipline, aroused at 4:30 o'clock in the morning and put through drills in the most rigid fashion. The events were taken out on the Belvedere court inside the Vatican gardens and given manoeuvres.

One day, Colonel Ripond had an audience with His Holiness Pius X, and before him plans for the forty-five platoons of the guard. These included the placing of cannon on the roof of St. Peter's. The Holy Father looked upon the colonel, smiling one of his benign smiles, and said:

"Cannon? What for? Not to shoot?"
"No, your Holiness," replied the colonel.
"Well, then?" interrogated the venerable Pontiff.
The colonel did not answer and he was excused.

Colonel Ripond had also issued to the Swiss Guards a certain amount of ammunition. One day a guard began shooting near the barracks. The report stirred the whole Vatican. The issue of cartridges was ordered prohibited and the guards deprived of those they had.

This was the last attempt of the colonel to institute war tactics. The guards continue to use the 19th century halberd when on duty.

CUBANS SEEK LOWER RENTS

Appeal to the President Met With Promise to Investigate—Profiteering Charged.

Havana, Cuba, July 26.—(Associated Press by Mail.)—Lower rents through government action were sought in Havana recently presented to President Alfredo Zayas by leaders of an orderly crowd which the President addressed from a balcony of the National Palace. He promised the demonstrators that he would give their claims careful consideration but that they should not forget that landlords had rights which could not be legally ignored. If the municipalities did not act promptly in their behalf, the chief executive added, he promised remedial measures through presidential decree.

Among the charges made were that a powerful combination of agents had secured long leases to thousands of residences in Havana and that they are demanding rents for sub-lets far above the prices they are paying the landlords. One of the many measures introduced in Congress aimed at reducing the cost of living provides for construction of houses in the suburbs which would be sold to the working classes on the partial payment plan.

CIVIC WELCOME TO CHIEF RABBI IN HALIFAX

(Halifax Chronicle.)
Dr. Joseph H. Hertz, chief rabbi of the British empire, is expected to arrive in Halifax on Monday morning on the homeward part of a world tour, which he has already covered in New Zealand, Australia and South Africa. He will be met by a representative committee of the city hall, where there will be a civic welcome by the mayor and aldermen. An extensive programme has been arranged by a reception committee on Monday. At 8:30 p. m. he will address the children, and in the evening there will be a special service and address at 7:30 o'clock, after which the chief rabbi will leave for St. John. He is being accompanied by Albert M. Woolf, O. B. E., and A. H. Valentine, well-known figures in Anglo-Jewish circles for their war work. Mr. Woolf has been created an Officer of the British empire for his valuable services.

MOTOR MADNESS

Brookville Recorder and Times—Paved streets in the cities and towns and better highways in the country have resulted in vastly improved traffic conditions for pleasure and business motorists, but they have also produced a species of motor madness which is taking a heavy toll of lives, causing injury and destroying valuable property. The lure of good roads produces in the minds of some motorists a reckless desire speed their cars to the limit. While only a small proportion of motorists may be a small proportion of the total, they yield to motor madness, the proportion is large enough to cause endless sorrow and suffering for pedestrians and fortunate enough to be moved down by the juggernauts, as well as careful motorists who fall to get out of the way in time. The remedy seems to have been solved in Massachusetts, where no one can drive a car without license, and where reckless driving results in cancellation of the license to drive a motor car.

Miss Alice Landry, who was formerly associated with the Women's Institute in Fredericton, has accepted the position of matron at the Dorchester pensionary, which position called for a graduate nurse. Miss Landry is a graduate from the Victoria Hospital, Fredericton.

RATE WARS IN CUBA EXPECTED

Introduction of Alcohol for Taxi Engines Brings Word of Competition in Prices.

Havana, Cuba, July 25.—(Associated Press by Mail.)—Two "rate wars" at least are expected as a result of federal and municipal action in favor of the use of alcohol in internal combustion engines. Dealers in imported gasoline are said to be waiting instructions to cut their prices to meet the lower scale established by alcohol venders while the owners of large fleets of popular-priced taxicabs are planning to meet the lower rates fixed by owners of cars using alcohol.

By presidential decree denatured alcohol produced in Cuba from sugar mill byproducts is freed from federal taxation for a year and can be used without restriction by automobile owners as "motor spirits" while the city authorities have authorized jitney drivers using "motor spirits" to advertise the products on their windshields and charge pre-war rates, which are 38-1-3 per cent. less than the present scale.

They were accompanied by Miss Muriel McLeod, who also returned to her home in Cape Breton after visiting her sisters, Misses Anna and Minnie, of St. Stephen.

SEVERE DAMAGE BY STORM IN KING'S COUNTY

(Sussex Record.)

The big electric storm of last week did much damage in the parish of Hammond. It was one of the worst storms in the memory of the oldest inhabitant. The clouds were very low, and every bolt seemed to find its target. The man, Earle Oats of Hillside was seriously injured. His brother, Alex. Oats, lost his barn with its entire contents. A big hay crop and all his farming utensils went up in smoke. He had fire insurance, so far as can be learned. Another big loss was suffered by Cecil Mallory, who lives on the old Sherwood place. Mr. Mallory spent a lot of money on the property a year ago and completely remodelled his barn. It was a modern-day structure, and it now is in ashes. The lightning struck the hay in the barn and it was twisted into a recognizable mass. The barn was filled with hay, the last load of the crop having been hauled in that day. The implements were also destroyed. Mr. Mallory managed to get his team out. His loss will be a heavy one.

While no other buildings were struck, trees were knocked over in many directions, and the residents of the district were terrified. Those who met with the losses have the sympathy of their neighbors.

CONVENTION OF THE ACADIANS

The Acadians of all parts of Canada and of the United States will meet at Church Point, N. S., on Aug. 17 and 19 next, to observe their national holiday, which falls on Aug. 15, the Feast of the Assumption of the Blessed Virgin Mary. It was the first intention to hold this meeting at Grand Pre, N. E., where the plot of land on which stood the old Cathedral chapel; but because of the difficulty there would be to accommodate at that point a large number of persons such as would undoubtedly be present, it was decided that the congress should take place at Church Point, where there is a spacious church, the large and well equipped buildings of St. Ann's College so ably conducted by the English nuns, and many other facilities almost indispensable for an event such as the coming one; and that the convention would be followed by a grand pilgrimage of Grand Pre where a special programme will be carried out. This unique pilgrimage will be held in the afternoon of Thursday, Aug. 18, and the Acadians will take advantage of their presence.

Pre in such large numbers to formally take possession of the seceded plot of land which they have only recently acquired. A special train will take care of the pilgrims and will leave Campbellton Tuesday morning at 8 o'clock on Aug. 16, reaching Moncton at 1:30 p. m. It will leave Moncton at 3 p. m., proceeding via Truro, thence on the D. A. R. to Church Point, arriving there at 2 o'clock a. m., Wednesday, Aug. 17.

The congress will open with a pontifical high mass, the celebrant being the Right Rev. E. LeBlanc, Bishop of St. John, the first Acadian bishop in maritime provinces; the sermon will be delivered by the Right Rev. Patrice A. Chaisson, the newly appointed bishop of Chatham, and there will be also present at this imposing religious ceremony the three distinguished Acadian demagogues, namely, Mgr. Ph. Belliveau, of Grand Digne, (N. B.) Mgr. Stanislas Doucet, of Grand Anse, Gloucester Co., and Mgr. Jean Hebert, of Buctouche.

MORNING NEWS OVER THE WIRES

At the request of Pope Benedict XV, the Knights of Columbus have decided to raise \$1,000,000 to inaugurate American welfare in Italy. It was announced at the convention. The fund will be raised by popular subscription among the members.

Seven persons are dead at Stuartburn, near Dominion, Man., as a result of eating mushrooms. The dead are Fred Sault, his wife and five children, the only survivor of the family being a six-months old baby. According to the story of the father, who was the last to die, the children gathered the poisonous mushrooms and they were cooked and eaten the same day.

SHIP CANADIAN MEAT VIA PANAMA CANAL

A line of steamships connecting Vancouver with Europe has made provision for a refrigerated service for the carriage of chilled meats to European ports via the Panama Canal. The first ship on which this service was provided carried 4,000 carcasses of mutton, and it is expected much of Alberta's surplus beef will ultimately reach the British market via this new route.

MEANS TO SWING THIS BUSINESS TO U. S. ROADS

Washington, Aug. 6.—Secretary Davis plans to discontinue the practice of allowing Chinese, who are admitted under provisions of the Exclusion Act to enter the United States at Boston after crossing the continent on Canadian railroads. The Labor Secretary intends, he said, to throw the business to roads in this country by having them enter through Seattle and other Pacific coast cities in the United States.

RURAL MAIL CARRIERS WANT BETTER PAY.

Toronto, Aug. 6.—Feeling that the conditions under which they are delivering rural mail for the government are unfair, many of their number, the Canadian Rural Mail Contractors and post office carriers, have petitioned the federal authorities for better remuneration.

TRAINING FOR NAVY.
(Halifax Echo.)
There have been numerous applications from boys wishing to take the naval training course which is to be conducted at H. M. C. Dockyard, Halifax, but all applications must be forwarded to headquarters at Ottawa. The exact date of the opening of the course is not yet announced, but as the accommodations for the boys are to be ready by Sept. 1st it is likely the course will start about that time. It is expected the class of boys total about sixty-two. While the course will be mainly a land one, the boys will be given short trips to sea for real nautical experience. The establishment will be in charge of a commander and there will be two lieutenants, two warrant officers and instructors. The first period of the course will be a year. The boys at eighteen years of age will be rated as ordinary seamen and after that promotion will depend on good work and capacity.

AWARDED BRONZE LABELS

THE WOMEN OF WISCONSIN HAVE MOST FREEDOM

In Matters of Property, Jury Duty, Marriage and Divorce, That State Leads—Men Less Favored Than Their Wives.

(Paul Lewinson in The New York Evening Post.)
The capstone was placed on the structure of feminine political liberties in the

Albert Soap Limited, Mpls., Montreal

State of Wisconsin last month with the creation of a new section of the statutes "to remove discriminations against women and to give them equal rights before the law." Except by way of summary, however, the recent enactment adds but little to the freedom of the Wisconsin woman, for she was already emancipated and well protected before.

The new legislation reads in part as follows:—
"Section 1—A new section is added to the statutes to read: Women shall have the same rights and privileges under the law as men in the exercise of suffrage, freedom of contract, choice of residence, holding office, holding and conveying property, care and custody of children, and in all other respects. The various courts and executive and administrative officers shall construe the statutes where the masculine gender is used to include the feminine, unless such construction will deny to females the spe-

cial protection and privileges which they now enjoy for the general welfare.
"Section 2—Any woman drawn to serve as a juror upon her request to the presiding judge or magistrate, before the commencement of the trial or hearing, shall be excused from the panel or venire."

Emancipated Since 1850.

The only innovations herein set forth are the provisions regarding choice of voting residence, eligibility to all offices, and optional jury service. As to property rights, Wisconsin is in the forefront of liberalism. Single women have, as practically everywhere in this country, been under no disabilities. Married women, too, since as early as 1850, has been progressing toward complete independence.
In the last (1917) consolidated code, one chapter is devoted to the subject. A section provides that the wife's real estate is her own sole and separate property. The next paragraph extends this provision to real and personal property, which furthermore, cannot be jeopardized by an action to recover for the debts of her husband. In this respect, it may be added, the wife is at an advantage over her husband, who, under the common law, is liable for his wife's debts.

They Own Their Own Names.

A married woman may engage in business in her own name; her individual earnings, save as an employee of her husband, are her own. She may also sue and be sued in all respects as though unmarried.
The only express protection granted to the husband against the older common-law doctrines is in the paragraph which exempts him from responsibility for his wife's ante-nuptial debts. The divorce regulations are not only liberal, but eminently fair to both parties. Absolute divorce is granted to either party for the usual statutory reasons, and, in addition, because of three years' imprisonment, one year's desertion, cruel and unusual treatment, or drunkenness on the part of the other. Voluntary separation for five years may also end in absolute divorce.
The court may allow a divorced woman the right to use her maiden name. She has a right to support during the pendency of a divorce action. The custody of the children may be awarded to either of the divorced parents, a provision which is fortified in the new law.

A woman divorced for her fault is not entitled to alimony, just as in this state, but the court may always divide between the divorced persons the husband's estate and the wife's estate derived from the husband with due regard to the legal and equitable rights of both parties, the ability of the husband, the special estate of the wife, the character and situation of the parties, and all the circumstances of the case." Here again the woman is at some advantage, since there is no question of the husband's right to any share in her estate.
But an eminently just provision is the one under which a delinquent divorced

wife may be compelled to make an allowance to her husband for the maintenance of their children adjudged to him. This is a most unusual recognition of the mother's continuing responsibility for her children.
Women in industry are protected by the State Industrial Commission created in 1911. Their employment is forbid-

den in occupations listed by the commission as dangerous. The commission's requirements supplement statutory regulations keeping them out of mines at all ages and out of many other commonly accepted "dangerous occupations" as minors.
Employers are obliged to provide seats for their female workers. In addition, since 1917, they have been forbidden to employ women for more than ten hours a day, or fifty-five hours a week, in the day time, or for more than eight hours a day, or forty-eight hours a week, at night. Night work in factories, laundries, or on street railways is altogether prohibited.
Taken as a whole, this body of law and regulation is in many respects one of the most advanced in the United States.

Harvest Excursions via "Canadian National"

30,000 Urgently Needed To Gather In The Bumper Wheat Crop of Canada.
To garner in Canada's bumper crop of golden grain, 30,000 harvesters are needed from Eastern Canada.
From all parts of New Brunswick there will be special fares by special trains on August 4th and August 10th via Canadian National Railways. The fare from St. John to Winnipeg by these trains will be \$20.00.
There will be proportionately low fares from Winnipeg for those returning. The fare to points beyond Winnipeg is one half cent per mile.
Special accommodation will be furnished on these excursion trains. Lunch Counter Cars will be carried, serving meals, and the best type of Convertible (berth) coach cars will form the equipment.
There is a fine opportunity for those who wish to visit the west and participate in the harvesting. The rates are extremely moderate, and the accommodation most comfortable.
Particulars regarding these excursions can be secured from the City Ticket Agents of the Canadian National Railways, 49 King Street or by writing P. W. Robertson, General Passenger Agent, Moncton, N. B.

A Wonderful Record

On August 11, 1919, the Modern Business College was established in St. John with an enrollment of 41 students. During our first year 281 young people joined our classes.

Many said the second year would be less on account of the loss of the soldier business. But our second year's enrollment is 335—an increase of 54 or nearly 20 per cent. We believe we now have the largest annual enrollment of any Commercial school in New Brunswick. This growth has taken place in the face of the fact that other institutions show a marked decreased attendance.

Does it not increase your preference for Purty Ice Cream when you read about the infinite pains taken to attain the highest standard of Purty known to the ice cream industry? The remarkable increase in our business indicates that thousands of people have stopped eating the old style "air" frozen ice cream. There are so many Purty agencies in New Brunswick that any one who desires can get this purty ice cream.

will meet the St. Peter's, who are the runners-up in this league at the East End grounds on Monday evening.

Blue Ribbons Win Game.
The Blue Ribbons defeated the Shamrocks by a score of 2 to 1 on the Elm street diamond last evening. The batteries were: Smith, Gormley and McEachern for the winners; Connolly and Richards for the losers.

Allison Defeats Carleton.
A good nine-inning game was played yesterday afternoon on the South End diamond when youths from the Allison playground defeated a team from the Carleton playground by a score of 3 to 4. Good plays were made by the youngsters, who are only from ten to twelve years of age. Batteries were: for the winners, McCarty and Caplan; for the losers, Leonard and Goldie.

Races at Moosepath.
Two classes were run off at Moosepath Park yesterday, the 230 class trot and pace and the 218 class trot and pace. The former was won by The Finisher in straight heats, best time 2:29.1-4. Fillmore Dillon won the latter taking the last three heats out of five, best time 2:19.1-4 made by Border Prince, who took second money. The winner's best time was 2:20. Summary:

During the intermissions Little Kathie, who entertained the crowd with vocal selections, which were well received.

The races will be continued today when the free-for-all, 214 class and named race will be staged.

Grand Circuit Meet.
Four classes were run off at the grand circuit meet at Toledo yesterday. The 208 class pace was won by Maybelle Direct, two out of three heats, best time 2:01.4. The 205 trot was captured by E. Colorado, two out of three heats, best time 2:04.1-2. Silkkato won the Tolong Times stake, valued at \$2,000, in straight heats, best time 2:09.1-4. The Toledo Blaise stake, valued at \$3,000, in three heats, best time 2:04.1-2.

Horses Released.
Buffalo, Aug. 6.—Nine race horses, owned by R. A. Smith, which were seized by customs inspectors on Thursday after the alleged finding of liquor in the car in which they were being sent from Windsor to Saratoga have been released. Their owner gave a bond of \$10,000 to redeliver to the government if the courts so decreed.

Plans for Coming Season.
A meeting of the G. W. V. A. bowling team was held last evening in the G. W. V. A. hall, with O. J. Lawson, chairman of the sporting committee, presiding. General business was transacted for the coming season and the direction of officers took place. They were selected as follows—Captain, H. Canon; vice-president, H. Roberts. A strong team has been organized and it is expected to make a good showing in the Wellington league this coming winter. Joseph Dryden has spent a considerable amount of money on the alleys, which will be a credit to the league.

Gibbons Wins From Platts.
Boston, Aug. 5.—Mike Gibbons, St. John's middleweight, won an easy victory over Gus Platts, former middleweight champion of England, in ten rounds here tonight. Gibbons, who got the decision after Platts failed to win a round, scored practically at will. He crested the bout with four left jabs to the head, with three to the right, and from then on the Englishman was an easy mark.

St. John Oarsmen Going.
Frederick Mall: Information has been received by R. Sarker to the effect that the four St. John oarsmen with whom he has been in communication are obtainable for an exhibition race at the water sports on August 11.

Finishes Two Feet Behind
Hoover in Qualifying
Race.

Stirring Finish Adds Hosts of Admirers to West Side Sculler's Following—Yesterday's Events at Buffalo.

Walter Hoover of Duluth, who the final of the Association singles at Buffalo last evening and eliminated Hilton Belyea of this city from the championship ship race, which will be held this afternoon at 5:30. It was officially announced that Belyea lost out by a scant two feet in one of the most sensational and gruelling finishes in the history of the event. His great fight drew thousands in attendance and he was loudly cheered as he wended his way to the showers.

The breeze which had roughened the waters in the morning as the first heat of the association singles was raced, died with the closing of the day, and the setting sun shed its rays on comparatively smooth water, when shortly after six o'clock Hoover, Belyea, Logan and Heller, first and second respectively in the preliminaries, paddled down to the starting boat. Belyea had enjoyed a sleep after the previous race and he was before leaving the landing stage that he would give his best effort to the contest.

Hoover was inshore, Belyea next and Logan and Heller lined out in the order named. As the starting gun was away like a flash and shot across Belyea's bow into Belyea's water, which was very choppy, Hoover's boat, which will make important aquatic tradition.

Hoover, only 22, trained to the minute, powerful and a skilled oarsman, with his blood charged with the joy of a previous victory, he pulled towards the finish as he had never sculled before. He knew his opponent, Belyea, by reputation and he was confident that nothing but continued supreme effort could win.

The mile was reeled off with Belyea's boat inches in the rear. At the mile and one-eighth, Belyea drew up to Hoover's boat, which was about on even terms with the western champion. He appeared to be going into the lead as his boat curved and he called upon his last reserves of energy or on his wonderful spirit of endeavor and he pulled the additional impetus to put his shell to the fore. He fairly radiated a suggestion of sacrifice as his body lowered and lunged to the tremendous demand. Then, should water and cell-grass compelled a slight diversion. Further creases were necessary to make up the lost time, and the finish line was only a few lengths away.

The greatest struggle, however, was over the line, a winner by a fraction of a length. The time was 7:40. Hoover, who had been cheering Hoover, but a wealth of acclaim went up for Belyea from the moment he crossed the line. His name is spoken with appreciative comment where men meet who recognize courage and unconquerable spirit.

The loss of the association singles eliminated Belyea from the championship preliminaries in the senior singles championship, which is exclusively reserved for those who have been known to win in the association match. Hoover, by his victory over Belyea, will race tomorrow at 8:30 against Romeo Conroy and Zohn, winners in previous years.

Hoover also won the quarter mile dash, the senior championship, of Toronto, by two feet.

Jack Kelly, world's champion sculler, started after the association singles that Belyea was a wonderful finisher.

The Belyea will leave Sunday afternoon for Toronto by steamer and will proceed thence to Montreal by steamer and will travel from Montreal to St. John by rail.

Hoover May Come Here.
Hilton has invited Hoover to go to St. John and take part in the Renforth regatta and the western champion replied that he would take the matter up with his club.

The followers of rowing are convinced that with a proper rest, Belyea can trim Hoover.

John Chesley, Louis Ready, John McLaughlin and Steve Howe were among the easterners who saw the races today. Senior international four-oared shells—Duluth B. C., Duluth (Minn.); second, Norton B. C., Worcester (Mass.); third, Toronto, Time, 6:25.2-5.

Power, of Halifax, won his heat in the intermediate race.

Intermediate singles, sculls, finals won by Edward McGuire, Mutual E. C. Buffalo; second, A. D. Slaney, Brockville; third, John Power, St. John; fourth, L. C. Vanickie, Detroit B. C., Toronto, Time, 7:29 2-5.

Intermediate eight-oared shells—Duluth B. C., New York City, second; Duluth B. C., Duluth (Minn.); third, Detroit B. C., Detroit (Mich.); fourth, Toronto, Time, 6:34 2-5.

Intermediate four-oared shells, won by Argonauts Rowing Club, Toronto; second, Norton Boat Club, Worcester (Mass.); Time, 7:07.

GEORGETTE COHAN HAS ROLE
She is Planning to Appear in Belasco's Production of "The Grand Duke."
Georgette Cohan, daughter of George M. Cohan and Ethel Weber, probably will play her first role on the New York stage during the coming season under the direction of David Belasco. When Miss Cohan was married to J. William Southern in February she declared that she would never act, but it was learned that Miss Cohan is planning to appear in the leading role of Sacha Guitly's play, "The Grand Duke," which Mr. Belasco will produce at the Lyceum Theatre later in the season with Lionel Atwill as its star.

IN PALMY DAYS OF PARIS CREW

St. John Paper of 1866 Tells of Victory at Springfield Regatta.

Another of 1867 Tells of Presentation to Sheriff Harding After the Great Victory in Paris.

Robert A. Johnston has shown the Times a copy of the St. John Morning Journal of Sept. 24, 1866, with the following story of a great boat race between the St. John crew and the Paris crew, who were victorious.

Victory of the James A. Harding at 10,000 PERSONS PRESENT!
The First Prize of \$150 Easily Won.
Distance 3 Miles—Time of the Winner 21 Minutes 5 1/2 Seconds.

The Boston papers of Friday contain a notice of the regatta, which was witnessed by 10,000 persons. There was a six oared race, won by the "J. W. Dickson," Springfield, in 20 minutes and 59 seconds. The "Harding" did not enter for this race, being four oared and not adapted to it. The second was a scull race, in which Ward of Newburg beat Brown, lately victorious in Portland, winning the race in 15 minutes and 30 seconds. The "single wherry race" was a close race. Brown, the victor at Portland, his time being 22 minutes 52 seconds. The "single wherry race" was a close race. Brown, the victor at Portland, his time being 22 minutes 52 seconds.

When the water was given, Brown shot away like an arrow, his bow curving like a bow as he dashed through the water. The eyes of the multitude were all centered on him until the men were lost sight of in the distance. But on the back started a new phase in the programme presented itself.—As the boats approached with quick and steady strokes. In a few moments the four boats returned, and Ward, amidst the shouts of the people on shore, passed the judge's stand in 15 min. 58 sec., closely followed by McKell, whose time was 16 minutes and a half second—a close race. Brown, the victor at Portland, was far behind, as was also Doyle. Brown, in explanation to his friends of the poor time he had made, said that his boat was too light for him.

The race in which we were most interested was the third between the four oared boats, for which the "James A. Harding" entered. The scene along the river was all life and bustle. "It bank, for a long distance, was skirted with the immense throng who had come to witness the aquatic sport, and the varied colored apparel of the fair sex, which was freely mingled in the crowd, contrasting strongly with the sable drab of the loaves of creation, while with frail boats, moving hither and thither presented a picture worthy of the photographer."

We could have wished that the "Thefts" as well as the "Harding" were on the river. We quote:
THE THIRD RACE.
It was between four-oared boats—the Union, of Worcester, rowed by J. Ward, coxswain; J. J. McKell, G. Woodcock, T. R. Green, bow; "James A. Harding," St. John, N. B.—crew, DuPont, Robert Fulton, Frank Queen, New York; crew, Dennis Leary, stoker; and Blue Robert Ellis, H. Burden, bow. Vol. 1887.

IMPERIAL SELZNICK FEATURE "PLEASURE SEEKERS"

John Lynch's Heart-Searching Sermonette
Featuring the Pretty Star ELAINE HAMMERSTEIN
Supported by Webster Campbell and Frank Currier.

In "Pleasure Seekers" Miss Hammerstein is seen as Mary Murdoch, the grand-daughter of a country minister. Mary has married a young man who has been pretty wild and it appears that he has given up his former ways. But circumstances throw him into contact with some of his old companions, among whom is an old flame of his, a divorcee of questionable reputation. Miss Hammerstein as the young wife is informed of the fact. Does she immediately vow vengeance or become hysterical over the matter? Most emphatically she does not. She very calmly but firmly seeks out her former husband and in a decided manner informs him of what she is going to do and also what he is going to do. The scene is not theatrical, it is human—but we won't spoil the climax for you.

Miss America Wins
On Board Sub-chaser No. 419, Aug. 5, Miss America, owned by Gerwood, of Detroit, to-day won the second heat of the Sincinac Trophy race for the championship of the Great Lakes, covering the fifteen mile course in 16 minutes 59 3/4 seconds. Miss Chicago was second in 17 minutes 48 seconds.

The Detroit boat's victory was not clinched, however, until Arab IV, owned by R. H. Sidway, of Buffalo, sank in the last lap, after being distanced by the two leaders.
Two accidents marked the day's racing. Peggy, owned by Fred W. Schramm, of Milwaukee (Wis.), sinking in the second race. Divers and wrecking cranes are attempting to raise Peggy and Arab IV.

PAID A. F. OF L. ORGANIZERS.
Washington, D. C., Aug. 6.—The enemies of the American Federation of Labor in Canada are frequently heard to say that the A. F. of L. never do anything for the unions in Canada, but are satisfied to take what they can get from them and in return give nothing. According to the official records printed in the report of Secretary Frank Morrison, they paid out to organizers in Canada, North Shore man, and in this connection it is rather surprising that the name of our old friend, Commodore Stewart, journalist and statesman of Chatham, does not appear in the list of possibilities. The commodore would fill the bill all right and we hope that he will pull off the dark horse stunt.

LOCAL NEWS

GIRLS IN LEAD.
For the week ending today there were twenty-one marriages and thirty-five births, twelve boys and twenty-three girls.

ST. MARTIN'S ROAD.
The provincial government has started work again on a portion of the St. Martin's road near Hibernia which was not completed last year.

TO WED.
Mr. and Mrs. H. B. Peck announce the engagement of their daughter, Colin Isabel, only daughter of the late Charles Allison Peck, K. C., and Mrs. Peck of Hopewell Hill, N. B., to John Taylor Lewis, M. D., Hillsborough. The marriage will take place at an early date.

DELIGHTFULLY ENTERTAINED.
Mrs. M. Bonnell delightfully entertained the members of the W.M.S. of Exmouth Street Church at her summer home, Pandemic, on Tuesday afternoon and evening. A meeting was held on the veranda after which luncheon was served and a very pleasant evening spent.

FINED FOR SPEEDING.
For exceeding the speed limit in the Rothery road yesterday E. E. Parkman of Sydney was before Magistrate Anderson at Kentville last evening and fined \$12. The constable said that the car, which contained Parkman and two others was traveling at a dangerous rate of speed.

FOURTEEN DEATHS.
Fourteen deaths were reported to the board of health during the week, as follows:—Pulmonary tuberculosis, two; senility, mania, idiote, peritonitis, appendicitis, general debility, morphine poisoning, valvular disease of heart, mitral decompression, cerebral hemorrhage, laryngitis stridulosa, and carcinoma of oesophagus each one.

COMMERCIALS AND FREDERICTON.
Fredericton Mail—Manager George Wandless of the Imperial Baseball Club has received word from the St. John Commercial that they will play here on Thursday next. The visitors will face a Fredericton team if the two clubs close definitely. The Imperials will be strengthened by Kierstead, Davis and Chip Seely of the Y. M. C. A. and possibly Donovan.

FROM FATHER MEAHAN.
His Lordship Bishop LeBlanc received a letter from Dr. A. W. Meahan, who was operated on in Boston on Monday, saying that he was doing very well. Rev. A. S. MacDougall, who is in charge of St. John the Baptist church during the absence of Father Meahan, also received a letter. The fact that Father Meahan is able to write encourages his many friends to hope for early news of still further progress.

A. M. E. CONFERENCE.
The meetings of the A. M. E. conference in St. John are being characterized by a spirit of hearty co-operation on the part of the people. The attendance at the services has been good, and much interest is being manifested in the affairs of the conference. The attendance at the \$1,000 in St. John met with a measure of success and the conference thanks the friends who so nobly assisted by tagging and being tagged. The amount of \$812.86 was raised.

TO PLAY IN MONCTON.
St. Peter's baseball team left this morning for Moncton where they will play this afternoon evening with an all-star team. The majority of the players left on the early morning train, while the remainder left before noon by automobile. Owing to the fact that the all-star team of Moncton defeated the last Auburn team of Cambridge, Mass., last Monday afternoon local fans are awaiting with interest the result of the St. Peter's invasion.

ALL ARE PROUD OF HIM.
Fredericton Mail—Hilton Belyea, the St. John oxman, is certainly doing his bit this year to keep New Brunswick in the limelight. He went to Boston a few weeks ago and put it all over the crick skulkers of the New England States and last week in the Canadian Henley at St. Catharines he won the Canadian championship. As a sculler Belyea is a wonder and people of the maritime provinces should be proud of him. St. John once produced the best oxman and the best skaters in the arctic and it looks as if she still has the goods.

LONG-FERENTY.
The marriage of Margaret Marshall Ferenty, daughter of Mr. and Mrs. Robert Ferenty, of Halifax, to Percy Hamilton Long, of Montreal, formerly of St. John Times composing room staff, took place on last Monday afternoon in the First Baptist church, Montreal. Rev. Miles McCutcheon, a former St. John minister, performed the ceremony. Mr. and Mrs. Long left after the wedding for the Y. M. C. A. camp at Lake Simcoe, Ontario, and afterwards they will visit St. John. Miss Ferenty was employed as a bookkeeper in Montreal, and Mr. Long is engaged in Y. M. C. A. work in the same city.

IN THE MARKET.
There was a fairly large supply of commodities on sale in the market this morning. Raspberries were offered at 25c and 30c, a box, blueberries at 25c and 30c, a box, eggs at 50c and 55c, a dozen, butter from 45c to 50c, a pound, chickens at 60c, a pound, lamb at 20c, and 25c, a pound by the quarter, veal from 10c to 12c, a pound, corn at 40c, a dozen; carrots, 10c, a bunch; beets, 10c, a bunch; cabbage, 10c, a head; cucumbers, 10c, each; tomatoes, two pounds for 25c; celery, 10c, a head; potatoes at 60c, a peck; squash at 10c, a pound; beans, 50c, a peck; peas, 70c, a peck.

PREDICT PICNIC WILL BE BIGGEST YET.
Large and efficient committee have completed arrangements for the great annual outing at Torriburn. The Cathedral Sunday school picnic, which will be held on next Tuesday. With the return of peace conditions a full train service has been secured this year and trains will leave the city at 10, 12:30 and 2:30 o'clock and will return at 5, 7 and 8 o'clock. As always a big feature of this picnic will be the parade of the children, boys and girls, from St. Malachi's and St. Joseph's to the train, headed by the City Cornet Band. They will leave for the picnic grounds on the 10 o'clock train. Those who have been working on the various committees predict that this year's outing will be one of the biggest ever held, big and all as others have been.

ST. JOHN MAN ONE OF OFFICERS

Annual Meeting of Maritime Chemists' Association Held in Truro.

(Special to The Times.)
Truro, N. S., Aug. 6.—The annual meeting of the Maritime Chemists' Association was held here yesterday. The president, Dr. H. E. Bigelow of Mount Allison University, presided at the morning session. New officers were elected as follows: President, Prof. L. C. Harlow of the College of Agriculture, first vice-president, C. E. Wallis, Sydney, superintendent of the coke ovens of the Dominion Iron and Steel Company; second vice-president, A. F. Blake, assistant superintendent of the Atlantic Sugar Refinery, St. John; secretary, Dr. J. M. Creighton of Dalhousie College, Halifax, on electrolytic Waterproofing of Textile Fabrics; A. Kelsall of the Dominion Entomological Laboratory, Annapolis Royal, read a paper on "Common Insecticides and Fungicides in Use in the Maritime Provinces." In the absence of H. J. Vebery, who is at Yale, a paper by him was read by Prof. Bigelow.

It was decided to invite the teachers of chemistry in the schools and colleges of the maritime provinces to join the association at the next annual meeting, when the matter of teaching chemistry will receive extended attention.

In the afternoon there were addresses by the new president and Dr. Melville Cumming, secretary for agriculture. The latter then showed the members over a part of the college farm, after which they visited the milk condensing plant of the Borden Company, Limited. A paper was read by Prof. Dr. J. M. Creighton of Swarthmore, Penn., formerly of Dalhousie College, Halifax, on "Electrolytic Waterproofing of Textile Fabrics." A Kelsall of the Dominion Entomological Laboratory, Annapolis Royal, read a paper on "Common Insecticides and Fungicides in Use in the Maritime Provinces." In the absence of H. J. Vebery, who is at Yale, a paper by him was read by Prof. Bigelow.

In the evening there was an illustrated public lecture on "The Wonders of a Lump of Coal," given at the normal college by Kenneth L. Dawson, assistant superintendent of the gas department of the Nova Scotia Tramways and Power Company, Halifax.

In the afternoon the ladies were given a motor drive to points of interest. H. I. Knowles of St. John was at the meetings.

FIRST ANNUAL MEETING HERE

N. B. Optometrical Society in Session — Programme for Convention.

The first annual convention of the New Brunswick Optometrical Society opened this morning in the Board of Trade rooms with a meeting of the optometry council, which is composed of J. A. Sharpe, E. L. ST. PETER'S TO HAVE A FINE NEW SCHOOL

The plans for the new school for the boys of St. Peter's parish have been completed by the architect, F. Neil Bredie, and tenders are now being received for its construction. The new school will take the place of the old wooden one at the corner of Military and Elm streets and will be built on the same plot of land. Preparations for tearing down the old one are under way. The new building, which is to be of brick with stone trimmings, will consist of two stories and basement and will have a frontage of 165 feet.

Twelve large class rooms, two smaller and an auditorium, will take up the greater part of the building. In the basement will be the boys' play-room, the chemistry laboratory, the janitor's quarters and the furnace room. All the stairs are of steel with slate treads and the corridors are fire-proof, thus doing away with outside fire-escapes.

The auditorium will have a large stage, a pit capable of seating eight hundred people and a large balcony.

FAMINE AMONG INDIANS

Mounted Police Sent to Investigate Reports of Starvation.

Winnipeg, Aug. 6.—Famine is ravaging Indian tribes in the Far North, according to reports received by the head office of the Hudson's Bay Co. here. Stories sent in by trappers and prospectors state that in the tribes worst affected cannibalism has been practiced. The Caribou Indians of the Northwest Territories are declared to be in the worst condition, and the R. C. M. P. has sent a detachment of men from Fort Smith to investigate. Reckless slaughter of caribou and other animal food supplies on which the tribes are dependent is said to be responsible for the famine.

Odd Bed Room Furniture Low Priced

Going over our stock of bedroom furniture the other day we noticed a number of odd pieces. Beds, for instance, without bureau, etc., to match, and in order to quickly move these odd pieces we have decided to reduce the prices on each piece so low that the odd pieces will automatically go out. In many cases the cuts are more than half price.

This will afford a splendid opportunity for anyone to procure dependable bedroom furniture at practically their own price.

Woods are mahogany, walnut, natural gum, etc.; and the pieces affected are beds (wooden), chiffoniers, chiffettes, dressing tables, vanity dressers, dressing table benches, chairs, rockers, etc. Here's a chance to furnish that spare bedroom tastefully and at very little cost.

See windows.
