Berlin People Call On Kaiser To Abdicate

Rousing Demand For Republic.

In Front of Reichstag Socialist Leader Openly Says Time of People Has Come—London Applauds Wilson's Reply To Maximilian—Allies Not Leaving the Brunt on U. S. President

Paris, Oct. 25.—An enormous crowd assembled before the Reichstag building in Berlin yesterday calling for the abdication of Emperor William and the formation of a republic, according to a special despatch from Zurich to L'Information.

Dr. Karl Liebknecht, Socialist leader, who had just been released from prison, was applauded frantically. He was compelled to enter a carriage filled with flowers from which he made a speech, declaring that the time of the people had arrived.

Reichstag Supports Chancellor. Copenhagen, Oct. 25.—The German Reichstag has given Prince Maximalia, the imperial chancellor, a vote of confidence, the ballot standing 189 to 89, according to Berlin despatches received here. Twenty-three of the members did not vote.

Wilson's Views. London, Oct. 25.—(Canadian Press despatch from Reuter's Limited)—Speaking at Oxford yesterday Sir Edward Carson drew attention to Germany's insistent demands when she thought she was top dog. These included the surrender of Walla, Gibraltar, and the Suez Canal, etc. He heartily concurred in President Wilson's note and said: "Today our armistice terms must be the equivalent of Germany's terms in 1870 when replying to a request for an armistice on the part of France. It was then agreed and provision made that all territory around Paris so that the city should be taken at pleasure. Anything less than similar terms for Germany now would involve disaster."

The London Papers. London, Oct. 25.—Commenting upon President Wilson's note to Germany, the Daily News says: "The imperial chancellor's note left matters in suspense, but the president's takes them where they should be. The sincerity of the German people's demand for peace is today brought to the final test. If the Germans accept the president's terms there is no reason why fighting should not end in less than a week. Mr. Wilson, beyond question, speaks for every allied nation. The grand visier's speech was made on the occasion of the presentation of the new ministry to the chamber. He said the government would grant without delay to all elements not only political rights without distinction as to nationality or religion but the right to participate in the administration of the country."

Dutch Prepare To Resume Sailings To England and States. London, Oct. 25.—Dutch newspapers say that shipping concerns in Holland are taking steps preparatory to resuming regular trips to England and the United States as a consequence of the withdrawal of the U-boat menace, according to an Amsterdam despatch to the Exchange Telegraph Company. It is said that shipping with Denmark was resumed yesterday.

Supposed Clews Lead To Nothing. Richmond, Que., Oct. 25.—Coroner Bechard and jury held an inquest into the death of an unknown man whose mangled body was found alongside the G. T. R. some distance from this place on Wednesday. A verdict of accidental death was returned and blame attached to no one.

Registration Card Bearing Name Albert Audet, Three Rivers, and a bank book of the Hochelaga Bank at Cranby were found on his person.

Frederickton, Oct. 25.—Douglas Neill, son of ex-Warden A. B. Neill, and Helen Gladys, daughter of Mr. and Mrs. H. P. Lint of South Devon, were married last night at the home of the bride by Rev. H. H. Ferguson of the Devon Baptist church. They will reside in South Devon.

A BOGUS NOTE. WILSON: "That signature is worthless—have the lady sign it."

ITALIANS HAVE BEGUN DRIVE ARE SUCCEEDING

London, Oct. 25, 115 p. m.—Italian troops have begun an offensive between the Piave and the Brenta. In the Montebelluna sector on Thursday they advanced across the Piave River and captured Monte Solarolo, part of Monte Prassolungo and Monte Pertica.

TURKS COMING TO IT

Basel, Oct. 25.—(Havas Agency)—Turkey has accepted peace based on the principles of right and justice laid down by President Wilson, which the new Turkish government approves, so the Grand Vizier Tewfik Pasha is quoted in a Constantinople despatch as having stated in parliament.

DUTCH PREPARE TO RESUME SAILINGS TO ENGLAND AND STATES

London, Oct. 25.—Dutch newspapers say that shipping concerns in Holland are taking steps preparatory to resuming regular trips to England and the United States as a consequence of the withdrawal of the U-boat menace, according to an Amsterdam despatch to the Exchange Telegraph Company. It is said that shipping with Denmark was resumed yesterday.

New York, Oct. 25.—Information which made it possible for German submarines to sink the vessel on which Lord Kitchener was lost was furnished the German government by the former Czarina of Russia, according to an assertion made here last night by Henry W. Mapp, Salvation Army commissioner, who has just returned from Russia.

Election Appeal By Wilson For Return of Democrats

Washington, Oct. 25.—President Wilson today issued an appeal to the people to vote in the November elections if they approve of his course in this critical period.

Return of a Republican majority to either house of congress, the president said, would certainly interpret the water as a repudiation of his leadership.

BRITISH GOVERNMENT DOES NOT BLAME ARMENIANS FOR THE LOSS OF BAKU

London, Oct. 25.—(Canadian Press despatch from Reuter's Limited)—In the House of Commons yesterday Lord Robert Cecil, assistant secretary for foreign affairs, said that the government was not blaming the Armenians for the loss of Baku.

CONFIRMS REPORT THAT BRITISH WERE FIRST TO BREAK HINDENBURG LINE

London, Oct. 25.—(Canadian Press despatch from Reuter's Limited)—Replying in the House of Commons to Mr. H. J. L. McPherson confirmed the statement that the proud distinction of being the first to break the Hindenburg line belonged to the British army.

British Gain More Near Valenciennes

Some of the Heaviest Fighting of the War; Maing and Vendegies on the Ecaillon Are Captured; French Victory Near Rethel; Big American Guns and Sailors at It

London, Oct. 25.—The British have captured Maing, southwest of Valenciennes, Field Marshal Haig announces. They have also captured Vendegies-sur-Ecaillon, on the front below Valenciennes. A German counter-attack was repulsed and fighting was resumed early this morning.

On the remainder of the battlefield our advanced troops pushed forward at different points.

With the Allied Armies in France and Belgium, Oct. 25.—(4:30 a.m. by the Associated Press)—Fighting which compares in fierceness to almost any in the war continued through the night on the field of the great battle north and south of Valenciennes. Related reports indicate that the British have entered the German defences, gaining considerable ground and pressing eastward slowly but surely.

FRENCH WIN NEAR RETHEL. Paris, Oct. 25.—On the Aisne front east of Rethel French troops have captured the villages of Ambly and Fleury, taking 100 prisoners.

BIG AMERICAN GUNS AT IT. With the American Army in France, Oct. 24.—(By the Associated Press)—American sixteen-inch guns, manned by American blue-jackets co-operating with the French, began firing upon German railroad centres back of the Serre-Oise front on Wednesday. The Americans directed their shells against railroad supply stations and junctions in the region of Vervins and also in the vicinity of Rosoy, Belgium.

Paris, Oct. 25.—(Havas Agency)—The fighting along the American front on both sides of the Meuse is particularly fierce. The Germans appear to be making a desperate effort to hold their positions in this vital sector. Information received here gives the impression that they cannot rest much longer in their present positions.

In the region of Longchamps, where the French are east of the Sambre Canal, two German attacks were repulsed. On the front of the Serre River and eastward the French this morning resumed their offensive against the enemy.

Paris, Oct. 25, 1 p. m.—French forces, advancing northeastward between the Oise and the Peron, a tributary of the Serre, have penetrated the village of Villers-Le-Sec and surrounded the village of Laferte, northeast of Villers. The French also have made an advance farther east along the Serre and the Soesche.

Vienna via London, Oct. 24.—Heavy bombardments by the Allied artillery on the northern Italian battlefield are reported today.

London, Oct. 24.—A British official despatch, issued tonight, dealing with the Italian front, says: "Troops from Gloucester carried out a raid south of Salago. They took 225 prisoners. It is estimated our casualties did not exceed one man killed and nine wounded."

FEARED TO SIGN DEATH ORDERS

German Commanders Unwilling to Take Responsibility in View of Retribution

With the British Army in Belgium, Oct. 25.—(By the Associated Press)—An inspection of the numerous German posters in Belgium discloses that wherever the death penalty for offences by civilians was exacted, no signature was attached. It is therefore concluded that German commanders were unwilling to take an individual responsibility for such orders, possibly fearing consequences.

This was especially the case in Bruges. In addition to the visible evidence it was testified to by one of the airmen, who attended the execution of Captain Fryatt, master of the British steamer Brabant, as the representative of the city. The airmen said Captain Fryatt bravely looked straight at his firing squad. An hour after his execution an order that he be not shot arrived from Germany. The airmen said that between 15,000 and 20,000 marks monthly were collected from citizens of Bruges as fines.

ORANGES DROP \$3 TO \$4 BOX IN NEW YORK

Slump Follows Announcement of Investigation of Prices by Food Board

New York, Oct. 25.—Immediately following an announcement of an investigation by the federal food board for alleged profiteering in oranges and lemons, the price of the former dropped from \$9 to \$4 a box at public auction here yesterday. Several dealers have been summoned to appear before the board to explain the alleged exorbitant prices they have been asking recently for these fruits.

SEVENTY-THREE MORE DEATHS IN MONTREAL

Montreal, Oct. 25.—The provincial board of health this morning sent telegrams to all bishops in Quebec notifying them that the churches must again be closed on next Sunday on account of the epidemic of influenza.

Between midnight and noon today the board of health received reports of the death of seventy-three people from the influenza, while 555 new cases were reported.

COLLISION

Street car No. 112 collided with an automobile driven by H. N. Stetson, in Prince William street, this afternoon.

Mr. Stetson did not hear the car approaching and was turning his car to cross the track when the street car struck the automobile foot board, badly bending it.

HERE'S TO OURSELVES

Oklahoma men are being bombarded with suffrage arguments, one of which is the following toast, distributed by Mrs. M. Morrison of Tulsa, and written on cards:

"HERE'S TO THE WOMAN WITH MANY CARES"

Who sits all day in an office chair, And aches when her day's work is through, Goes home and finds more work to do; Gets up in the morning and cooks and scrubs, And wrestles around with laundry tubs; Yet the usual hour finds her quilling there, Beside her desk in the office chair.

A SOLEMN DUTY
St. John Must Stand Behind The Soldier

St. John must stand behind the soldier who is fighting the country's battles overseas. It is a solemn duty that is imposed upon the city and one that cannot be escaped from.

There is little ground for hope of an immediate peace, and provision must be made for a continuance of the war until the enemy is thoroughly whipped. It will need vast numbers of men and guns to do this effectively, and both men and guns must be fed.

The man who subscribes to the Victory Loan is not only helping his country in her hour of crisis but he is helping himself. Victory Bonds are exempt from Dominion taxation, and, besides,

they yield a good rate of interest with the best kind of security.

The drive will start in St. John next week with a rush. Before the canvassers arrive every man should know what amount he can afford to lend.

DOLLARS AND LIVES.

Is it either a favor or a sacrifice to purchase a Victory Bond?

Across King square yesterday afternoon passed two citizens, each one whom had lately lost a bright and promising son in the war. Would one feel like boasting in their presence of having bought a bond (at 2 1/2 per cent interest) to help win the war?

One can scarcely walk the streets of this city at any time of day without meeting some who have lost son or husband or brother in the war. Every day the wires bring sorrowful news to additional homes, or another grim message to a home already bereaved.

Every such message is a reminder that the war is not ended, and that the men at the front must be made to feel that their country is true to them, and to the cause for which they offer their lives.

It is absolutely necessary to raise \$600,000,000 in Canada to enable this country to remain true to its sons overseas, and to the cause to which it has pledged if need be the last dollar and the last man.

The people of Canada will be asked next week to subscribe the amount stated. Every man or woman who takes even a fifty dollar bond will have a share in helping to win the war.

In the United States the people were asked to subscribe a fourth Liberty Loan, amounting to six billion dollars. They over-subscribed it to the extent of two hundred millions or more.

We were disposed to be critical of our neighbors before they entered the war. Can we now do as well with our "Victory Loan" as they have done with their fourth Liberty Loan? In the words of the Toronto Globe:

"It's a big job, but it can be done."

THE ONLY SURE CURE.

Germany cannot become a democratic country until her people turn aside from the pagan philosophy in which they have been nurtured for more than a generation. They must be convinced not only of the evil of autocracy, but of the fallacy of the theory that the state is an entity apart from and above the individuals and commanding their unquestioning obedience. This it was that led to Kaiser-worship, and the universal recognition of the Kaiser as the instrument of God in leading Germany to world-domination. "Deutschland Uber Alles" as a national motto must be abandoned, and the rights of other nations fully recognized. To bring about a radical change requires first the utter defeat of Prussian militarism, and then a new education as different from the old as day is from night. The mental attitude of the German people must be changed. It can only be brought about by the most drastic treatment, such as is now being administered by Marshal Foch, driving home a conviction that there has been something radically wrong with German philosophy and kultur. Henry Morgenthau, who was American ambassador to Turkey, says that in Constantinople he had many talks with a typical German ambassador, Baron von Wangenheim. The latter was always discussing the "next war" as though it were something that had already been determined upon.

"We have failed this time," he would say, "but we shall now store up enough copper, cotton and other materials for a five years' war, and next time we shall not fail."

"This," says Mr. Morgenthau, "represents the state of mind of Germany today. The German people have not abandoned their faith in militarism as the finest expression of their national life or in war as their first duty as Germans. Only an overwhelming defeat will ever make them see a new light. I do not believe that any peace should be made until this defeat has been administered to them."

But Mr. Morgenthau would not merely subject Germany to invasion and a home taste of the horrors of war she has served out to others, completely crushing her military machine, demobilizing her armies, taking away their guns and munitions, demolishing their fortresses and munition factories and distributing their loot. All this he would do, but he says further:

"Another thing is necessary if German mentality is to be restored to a condition of health. That is the elimination of the instructors who have perverted the nation's instincts. In the reorganization of Europe there can be no place found for the Hohenzollerns and their kind. These wretches are nothing but the marplots of civilization. Their very existence is a challenge to everything that democracy holds dear. Modern world they are merely the survivors of the worst reaction of the Middle Ages. These imperial families and the Junker aristocracy that supports them are the agencies who have perverted the German mind and tamed the German people to be the instruments of all the devastations that now afflict the world. Do we propose to let these men go without punishment? Let us not be fooled into permitting them to play 'possum' to pretend to be sick, perhaps even dead. Let us take care that this is their actual state. These Hohenzollerns and Hapsburgs and their Junkers started out to destroy democracy. They have failed in this enterprise, at least for

the present. Let us accept their challenge; let us start out to destroy autocracy, and let us not stop halfway. Let us say to these Kaisers that we are ready for the battle which they themselves have proposed, that we are completely stripped for combat, and that we propose to fight until one of us is destroyed."

This kind of doctrine will find much greater acceptance than that of the pacifists, in every country which has suffered at the hands of the Hun.

DEPARTMENT OF HEALTH.

The influenza epidemic has produced one excellent result. It has forced the government at Ottawa to see the necessity of a federal department of public health, just as it has revealed to the people of New Brunswick the value and importance of the provincial Bureau of Health. When there is a federal department, co-operating with provincial departments, matters pertaining to public health will receive due attention all over the country. It is greatly to the honor and credit of New Brunswick that it is the first province to provide for a minister of health. Hon. Dr. Roberts is the pioneer, and the manner in which his new and as yet only partially organized department has dealt with the epidemic now raging has not only popularized the department but conclusively proved its value. It is announced that at the next session of parliament the government will introduce a bill to create a federal department to be administered by the minister of colonization and immigration, and to establish also a national laboratory.

For the second time the Standard has uttered a falsehood about the attitude of The Times concerning the case of Hon. William Currie. This paper believes Mr. Currie should resign and that he will do so. It also believes that if Hon. Messrs. Murray, Smith, Baxter and Jones do not resign it will be the first business of the legislature at its next session to deal with their case in such a manner as to convince them their resignations ought to be submitted forthwith. This paper is not making fish of one and flesh of another. The politics of New Brunswick must be cleaned up. It is not a question of parties, but of the public interest and the good name of the province. There have been too many exposures of graft, favoritism and incompetence, and of playing fast and loose with the revenue of the province. The patriotic potato transaction was one of the worst instances of the disregard of representative men for the interests of the people, and of the sworn duty of representatives to the people, that has yet been revealed. The men responsible cannot brazen it out. They cannot evade their responsibility or the consequences of it by shouting that there are others. The legislature must be pure.

When Austria and Turkey have had time to grasp the significance of President Wilson's note to Germany they will probably realize that the sooner they cut loose from Berlin influence the better for themselves.

Germany announces that she is willing to restore after the war the stolen works of art from French cities. Having been caught, the thief is quite willing to give up the stolen goods.

The German Reichstag, in voting confidence in Prince Maximilian, the imperial chancellor, has put the stamp of its approval on the Kaiser. This should end the talk of an armistice, except such as that accepted by Bulgaria.

Queensland, Australia, is debating a bill to give the franchise to all males and females of eighteen years or over. And why should not a young man or woman of eighteen be able to cast an intelligent vote?

The German soldiers continue to loot and destroy as they retire. It is the nature of Hun. Nothing short of severe punishment will overcome the habit.

We should soon hear what England, France and Italy have to say officially about the suggested armistice. Then watch Austria and Turkey.

Holland is preparing to resume steamship services with England and the United States. The German pledge as to submarines is to be put to the test.

Renewed activity by the Allies on the Italian front may help Austria to make up her mind.

Today's news from the western front tells of further gains of territory by the Allies.

An effort is now being made to get a coalition ministry in Hungary.

Talk about setting back the clocks one hour—why, doggone it, that isn't anything. The watch on the Rhine is due to be set back about a hundred years.—Philadelphia Inquirer.

LIGHTER VEIN

To Encourage the Others.

A good story is told by the dean of Carlisle. It concerns a clergyman who, taking occasional duty for a friend in one of the moorland churches in a remote corner of Cumberland, was one day greatly scandalized on observing the old verges, who had been collecting the offertory, quietly abstract a half-crown before presenting the plate at the altar rails.

After service he called the old man into the vestry and told him, with emotion, that his crime had been discovered. The verges looked puzzled. Then a sudden light dawned on him. "Why, sir, you don't mean that old half-crown of mine? Why, I've led off with he this last fifteen years."

How It Was Better.

Lovemall had been playing for high stakes and had lost. After spending all he had on Miss Brass she had refused him.

"Turned you down, did you say?" asked a friend. "Well, old chap, it's better to have loved and lost than never to have loved at all."

"Yes, better, indeed," replied the rejected one. "Better for the post office authorities, the florist, the messenger boy, the confectioner, a dozen waiters,

Mlle. de Vallette Killed by Grenade

Was Head of American Press Section in Paris—Miss Elizabeth Thornton Wounded.

Paris, Oct. 25.—Mlle. de Vallette, head of the American Section of the Press Department of the Foreign Office, was killed instantly Saturday when a hand grenade which she picked up in re-occupied territory near the front exploded. She had been conducting a party of American women on a visit to the re-occupied territory.

Miss Elizabeth Shirley Thornton of the New Republic of New York was wounded and a French officer with the party was injured seriously, an arm being blown off. Miss Thornton, who was struck in the face and other parts of the body by bits of grenade, was taken to a hospital near the front. The officer had warned the members of the party to touch nothing.

Among the American women was Miss Cecil Dorrain of Newark, N. J., who was not hurt. Mlle. de Vallette had been most kind to American women writers visiting France.

TRAVELS OF THE DEAD.

The exhumation and re-interment of the body of the Casar adds a new chapter to the travels of the dead. Napoleon's remains lay for nearly a score of years in St. Helena before translation to the Invalides. The body of Rameses the Great, who was the Pharaoh of the oppression, lies in Cairo, his heart in Paris. Columbus, dead, has traveled almost as far as the great voyageur traveled when living. Dying at Valladolid, in Spain, he was buried near Seville, then removed to Santa Domingo, Hayti, thence to Havana, and finally, in 1899, back to Seville Cathedral.

HARDY RACES EAT FISH.

EAT MORE FISH!

IT'S GOOD FOR WHAT AILS YOU!

Fish is extremely valuable as a food. Contrary to popular supposition, the hardiest races are not necessarily meat-eating peoples. Take the Scandinavians, the Highland Scotch, the Japanese and Chinese—all great fish eaters and renowned for their stamina and enduring powers.

According to Sir James Creighton-Browne, M. D., D. Sc., of London, England, medical adviser to the late King Edward: "It cannot be too strongly insisted on that, for working people of all classes, fish is an economical source of the energy necessary to enable them to carry on their work; and that for children and young persons it furnishes them the very stuff that is needed to enable them to grow healthy and strong."

What about butter?
We must be economical with it, of course, but there is no reason to any alarm. We have about 25,000,000 pounds of creamery butter in cold storage in the country now. The quantity liable to be taken under the new commandeering order is about 120,000 packages of 50 pounds each.

The Canadian butter allowance could easily be cut by 25 per cent without any-one suffering in consequence. This would release 66,000,000 pounds a year for export. The national consumption of butter in Canada averages 28 pounds a year; in Britain the ration is 1 ounce a week. In France little is obtainable and the price is 90 cents a pound. In Italy butter is rationed locally.

IT'S ALWAYS THAT WAY WITH THE BRITISH.

(New York Commerce & Finance). "Perfidious Albion," someone called Great Britain. What the Germans will call the British after this war, we know not, but they'll call them something awful. And why not? Captain von Manthey, of the German navy, is credited with discovering a new and dreadful crime of which the English have been guilty. They have received the Germans, the trusting Germans. Here is the way it happened, according to the Herr Captain. When the Germans started on their U-boat campaign of frightfulness they made all sorts of estimates as to the sinkings. The results were up to their average of expectations. The sinking of 600,000 tons a month up to August last was enough to "bring England to reason," but it didn't. England should have sued for peace and Germany expected a peace proposal, but "the British deceived us," says the Herr Captain. Darn those British! What a shame it is that they should dupe the German in such a way. If they had any respect for what is right and proper they would have called the war off then and there.

A NERVOUS BREAKDOWN

Miss Kelly Tells How Lydia E. Finkham's Vegetable Compound Restored Her Health. News & N. J. "For about three years I suffered from nervous breakdown. I was unable to do any work and got so weak I could hardly stand and had headaches every day. I tried everything I could think of and was under a physician's care for two years. At last I had used Lydia E. Finkham's Vegetable Compound and now I am well and able to do most any kind of work. I have been recommending the Compound ever since and give you my permission to publish this letter." Miss Kelly, 476 So. 14th St., Newark, N. J. The reason this famous root and herb remedy, Lydia E. Finkham's Vegetable Compound, was so successful in Miss Kelly's case was because it went to the root of her trouble, restored her to a normal healthy condition and as a result her nervousness disappeared.

HOW TO CHANGE THE CLOCKS

To the Editor of The Times,
Sir,—I saw an item in a newspaper
stating that injury is done to a clock
or watch if the hands are put back
thereafter, when changing the time on
Sunday night, put on eleven hours,
which amounts to the same change and
saves the clocks. Yours,
DAYLIGHT-SEVER.

DUKE OF DEVONSHIRE AGES QUICKLY IN SUBSCRIBING

His Excellency the Duke of Devon-
shire wants a share of Canada's second
Victory Loan. The following letter ex-
plains why?
Ottawa, October, 1918.

My Dear Sir Thomas,
I shall be glad if you will again in-
clude my name in the list of sub-
scribers to the Victory Loan of 1918.
This loan I am sure is of the utmost
national importance in connection with
Canada's continued effective production
of the war, and the establishment of
imperial credits for the purchase of food
stuffs, munitions and other supplies ur-
gently required by Great Britain and the
Allies.

I have every confidence that the pa-
triotism of the Canadian people which
has so nobly sustained every duty and
obligation imposed by the war will again
respond to the appeal and that the Vic-
tory Loan of 1918 will be even a more
striking and notable success than that
of last year.
Believe me, my dear Sir Thomas,
Yours very truly,
Hon. Sir Thomas White, K. C. M. G.,
Ottawa.

October 21 NEWEST OF NATIONAL FETE DAYS

Birth of Czechoslovak Govern-
ment and First Victory
For Army

With the French Army in France, Oct.
21 (the Associated Press)—Oct. 21,
the newest of national fete days, will in
years to come be celebrated not only in
Central Europe as the anniversary of the
birth in exile of the Czechoslovak gov-
ernment, but also at Tereon-Sur-Aisne,
France, as the date of the first vic-
tory of the Czechoslovak army.

Units of this latest arrival among the
belligerents in this war, fighting with
General Gouraud in the region of Vou-
viers, received news of the constitution
of the Czechoslovak government at noon
on Oct. 21. Immediately afterward
they went forward to assault and cap-
tured one of the most difficult positions
along the Aisne and took the village of
Tereon at the point of the bayonet.

CROATIAN SOLDIERS REVOLT

Hungarian Premier Plans Coalition Gov-
ernment as Way Out of Troubles

Basel, Oct. 25.—It was announced to
the lower chamber of the Hungarian par-
liament yesterday that the Croatian sol-
diers of the 79th Regiment at Plam-
bad had revolted, seized the city and de-
stroyed the railroad there. Count Ap-
ponyi, Count Andrássy and the oppo-
sition deputies therefore demanded the
resignation of the ministry, according to

CHEAPER POTATOES

(Frederick Gleener)
Montreal and Toronto will not take a
load of potatoes from the east at
present. Hereafter there was a big de-
mand for Green Mountains potatoes in
the other side with potatoes sufficient to
transport and other ships in Atlantic
trade. These ships are now loading on
the other side with potatoes sufficient to
secure potatoes there at one dollar
less on the sack. The lack of this trade,
which has always been a big factor in
keeping up local demand, has had very
much to do with the local situation.

Frederick is, today, the highest mar-
ket in New Brunswick. The farmers
in this vicinity are receiving from 25c
to 50c more on a barrel than is being
paid elsewhere. For his Green Moun-
tains and Cobblers he is receiving from
\$2.25 to \$2.50 a barrel. This is a high
market, all things considered.

From reliable sources The Gleener
learns the situation is sure to be weaker
before it becomes any stronger.

The turnip market is at a dead one.
Only 80c are offered for ship-
ments. The Boston market offers 80c
a bushel.

**FINE TRIBUTE TO
SERGT. A. R. McNEIL**

Sydney Soldier, Cousin of Mrs. J. H. Mann of St. John—Had Won D. C. M.; Now Gives Life

The following article from the Daily Post, Sydney, C. B., refers to a cousin of Mrs. J. H. Mann of Mecklenburg street, formerly of Sydney. The Post says:

Lieut.-Col. I. V. Ralston of the 88th Battalion in a letter to Mrs. Mary McNeil, Sydney, pays high tribute to her husband, Sergt. A. R. McNeil, D. C. M., who was killed in action.

As an original member of the 88th, says Col. Ralston, your husband has left behind him a shining record of service which will ever be cherished by the battalion and of which you may well be proud. With the exception of seven months' evacuation to England consequent to being wounded, he has been with the battalion from the time of its mobilization and has taken part in every action of note in which the unit has been engaged. On June 26, 1918, he was promoted to the rank of corporal, which was followed on May 30, 1917, by the full rank of sergeant. During the operations at Passchendaele on Oct. 20, 1917,

he was wounded, and was therefore evacuated to England for a period of convalescence and rest. He rejoined the battalion on May 30, 1918. For his splendid work during the fighting of the latter part of June last year he received public recognition in the award of the D. C. M., the official recommendation for which reads as follows:

"For conspicuous gallantry during the operations of the latter part of June, 1917. The situation demanding it, this N. C. O. took charge of his platoon and showed great courage and devotion to duty. During the attack on the first objective he handled his men most skilfully and annihilated the garrison on his front. During the second attack he so skilfully handled his men that he incurred no casualties and placed all posts along the line of consolidation with great rapidity. During the night he went out and patrolled all the ground in front of his position and brought in valuable information. Although he had been on duty continuously for thirty-six hours and had been in two attacks, he volunteered and went out with a patrol in daylight, although under heavy machine gun fire.

"This N. C. O. took part in the fighting on April 9 and in that action showed great courage and coolness. He has always been exceedingly conscientious and his work has always been done cheerfully and well."

His company or his platoon commander has no doubt, written you regarding the circumstances surrounding his death. Briefly, they are as follows: At about 11 a. m. on the 2nd inst., while advancing with his company (D Company) through enemy positions, during the recent successful operations of the Canadian corps, he was hit by an enemy machine gun bullet, causing his instant death. The sympathy of all the officers, N. C.

O's and men of the battalion is extended to you in your bereavement which, I trust, is somewhat lightened by the knowledge of his commendable life, his heroic death, and the cause for which the sacrifice was made. He was the first non-commissioned officer in the battalion to receive the D. C. M. and we were very proud of him. He was one of those of whom it may be truly said that he knew no fear—at the same time he was not foolhardy—but when he considered that his duty called him to a certain place he went regardless of condition. I knew him personally and admired him.

War Efficiency and National Prosperity

More than a billion and a half dollars distributed in Canada for exported agricultural produce and the products of labor in the fiscal year ending March 31, 1918, has kept Canada busy and prosperous in spite of the war.

CANADA'S production in such enormous quantities was made possible only by the money received through Canada's War Loans. Canada thus was enabled to assist the Allies in their purchases here by establishing financial credits for their use in this country.

CANADA'S war loans not only have sustained Canada's war effort, but they have kept the wheels of production turning as they never turned before.

This is the flood of cash which poured in to Canada's farms for their exports in the fiscal year 1918, for—

Butter	\$ 2,000,000
Cheese	36,602,000
Eggs	2,271,000
Oats	37,644,000
Wheat	386,341,000
Flour	95,896,000
Meats	76,729,000
Vegetables	19,084,000

Over six hundred and thirty-six million dollars for exported farm products alone!

AND the workers of Canada also shared greatly in Canada's export trade.

For their products there was distributed in Canada, during the year—

Munitions	\$450,000,000
Metals	92,083,000
Vehicles	22,776,000
Wood Pulp and Paper	59,599,000

These huge sums were spent in Canada by the Allies.

Canada's own war expenditure for the fiscal year 1918 was \$342,762,000.

And the bulk of all these expenditures, the foundation of Canada's prosperity and war effectiveness, was made possible only because the subscribers to Canada's war loans furnished the working capital.

CANADA must keep this great work going—must produce as never before; must work, fight, save and lend as she has never yet done to bring victory and a lasting peace to a war ridden world.

But Canada to-day (thanks to her great export trade), is in a better position now than ever, to carry on.

The Victory Loan 1918 will keep Canada busy, will enable her to maintain her great export business; and it will make Canada more efficient than ever, because her prosperity will not be diminished and her determination to work, fight and win will be stronger than it has ever been before.

You have a bad cold!

That listen! Cold attacks the lungs and the breathing passage. To cure you need to get at these organs direct. Ordinary cough mixtures and syrups do not touch the lungs, but go direct to your stomach, which is not ailing. Peps, on the contrary, go direct to the very seat of the trouble.

Peps are tablets containing essential and medicinal ingredients so prepared that when placed upon the tongue they immediately turn into vapor, and are breathed down the inflamed air passages to the lungs, direct.

Peps medicine takes the form of healing vapor, and cures colds, coughs, bronchitis and lung troubles, just as living in Pine woods and breathing Pine-laden air prevents consumption and cures chest weakness. Tightness across the chest, pain between the shoulders, hacking cough, sore throat, asthma and bronchitis are the ailments which, in particular, Peps have been designed to cure. Peps will soon cure your bad cold.

Testimonials for Peps have been given by members of the Canadian Parliament, doctors, lawyers, eminent Canadian musicians; all going to prove that Peps have been found a cure for almost all chest trouble, often when other remedies had entirely failed.

FREE TRIAL—We will send you a free trial package of Peps, 50c box or 3 day trial, 1.25 for 10 days. Peps (four letters only) before return.

Rheumatism A Home Cure Given By One Who Had It

In the spring of 1898 I was attacked by Muscular and Inflammatory Rheumatism. I suffered as only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted with Rheumatism, and it effected a cure in every case.

I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-looked-for means of curing your rheumatism, you may send your price of it, one dollar, but understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today.

Look and Feel Clean, Sweet and Fresh Every Day

Drink a glass of real hot water before breakfast to wash out poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal obnoxious stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gas, waste and acidity and gives one a splendid appetite for breakfast.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism, others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of lime stone phosphate from the drug store, which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.

OVERCOME THE ENEMY ALONG WHOLE FRONT

British Successes From Sambre Canal to the Scheidt

MANY PRISONERS AND GUNS

French Cross Oise Canal And Sweep on Between the Oise and the Serre—Airmen 43 1/2 Miles Behind Enemy Line

London, Oct. 25.—The British troops have overcome the enemy along the whole front between the Sambre Canal and the Scheidt and the advance is being continued. Field Marshal Haig so reported from headquarters last night. Since Thursday morning the British had taken 7,000 prisoners and more than 100 guns. During Friday morning the battle-front was extended northwards as far as the Scheidt at Thiant. There was hard fighting at some points.

On the right the sixth division fought its way to the edge of the Bois Leveque and captured Ors. North of this point, approaching the western outskirts of the Mormal Forest, we have captured Holsart. On the right center of our attack we have continued our advance to the neighborhood of Lequesney. The latter village the enemy was maintaining obstinate resistance.

On the left of our attack also Scottish troops forced crossings of the Esclion, between Verbaing and Thiant and gained the high ground to the east. We have taken the villages of Poix Du Nord and Les Tuilleries and progressed beyond them toward Englefontaine. The stern fighting of Ghisignies was taken after a sharp struggle, the enemy defending with determination the crossings of the Esclion in that vicinity.

Northwest of Ghisignies we have secured the river crossings at Beauriville. The officers for the Reds are: Captain, Charles G. Jordan; Lieutenants, Cranston Millidge, Selwyn Goswami, Gordon Smith, Ronald Pattison, Charles Pidgeon; for the Whites: Captain, Horace Wetmore; Lieutenants, Ronald Kerr, Ronald Shaw and Kenneth Willet. The whole day will be supervised by the staff of the Y. M. C. A., including Captain Stokes, J. H. Maughan, A. M. Gregg and Basil D. Robertson.

IT GROWS NEW SKIN!

When Zam-Buk is applied to a skin disease it soothes pain, ends irritation and draws out the inflammation. At the same time it destroys all germs and thoroughly cleanses the diseased part. Then the hospital extracts act in such a way upon the tissues that they actually grow new skin, which replaces the worn-out tissue and a complete cure is the result.

Mrs. Minnie Carmichael, of 72 5th Ave., Malsonneuve, Montreal, writes: "I had suffered with wet eczema for so long and tried so many treatments that I had begun to think that my case was incurable. I even took treatment in a hospital, but got no benefit from anything until I used Zam-Buk. This wonderful balm ended the discharge, soothed the sores and drew out the inflammation, and in a comparatively short time completely cured the disease, so that there has not been the slightest trace of eczema since."

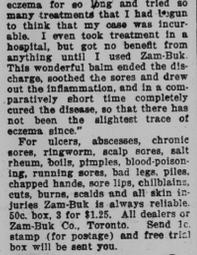

For ulcers, abscesses, chronic sores, ringworm, scalp sores, salt rheum, boils, pimples, blood-poisoning, running sores, bad legs, piles, chapped hands, sore lips, chilblains, cuts, burns, scalds and all skin injuries Zam-Buk is always reliable. 50c box, 3 for \$1.25. All dealers or Zam-Buk Co., Toronto. Send 1c stamp (for postage) and free trial box will be sent you.

FAIRVILLE THEFT CASE

An alleged theft case out of which growing considerable interest was continued yesterday afternoon in Fairville when Harry McLellan, Lancaster, and Harry Durban and Clifford Atkinson, Fairville, all employees of the C. P. R., were arraigned before Magistrate Allingham. The three are charged with stealing goods from the railway cars of the C. P. R. at Fairville.

Evidence was given yesterday by the C. P. R. investigator. He said that he was on his way from dinner to work and had reached the C. P. R. yards in Fairville. His attention was here drawn to the seal on one of the cars which he said was improperly applied. He opened the door of the car and looked about. Returning from the car he climbed over a nearby embankment and here he discovered a case of Wilson's Invalid Port Wine. The case was intact. On coming down again he saw two men near the car in question. He then telephoned for Inspector McVey and the latter, along with several C. P. R. constables were soon on the scene. Just then the two men came out of the car in company with a third man and the detectives gave chase. Witness said he placed Atkinson under arrest while McVey arrested McLellan. Witness then chased Durban over the hill and fired two revolver shots into the air calling on the fleeing man to halt. This, however, proved unavailing and Durban got away. Witness also told a number of cases of invalid port wine being found in a barn in the vicinity of the railway yard by C. P. R. detectives.

He further said that he afterwards learned that McLellan and Atkinson were the two men he saw enter the car. Durban was apprehended in Montreal and brought back to the city on Wednesday.

The case was postponed until this afternoon at 2 o'clock. Fred R. Taylor, K.C., is appearing for the C. P. R., Daniel Mullin, K.C., for McLellan and Atkinson, and William M. Ryan for Durban.

—BUY VICTORY BONDS— THE SILENT ARMY

Isa Adnan.

No bugle is blown, no roll of drums, no sound of an army marching. No banners wave high, no battle-cry Comes from the war-world where they lie, The blue sky over-arching.

The call sounds clearer than bugle call From this silent, dreamless army. "No cowards were we, when we heard the call, For freedom we grudging not to give our all, Is the call from the silent army. Hushed and quiet, and still they lie, This silent, dreamless army, While living comrades spring to their side, And the bugle call and the battle-cry Is heard as dreamer and dreamless lie Under the stars of the arching sky, The men who have heard from the men who have died, The call of the silent army.

How Germany Went Down To Crushing Defeat

Stirring events in the great world war have followed one upon the other with such bewildering swiftness recently that the various changes leading up to the present situation are not clear in the public mind.

The leading article in THE LITERARY DIGEST this week—October 26th—clarifies the war news so as to give the reader a grasp of the entire subject. That "only military reasons" could have compelled the groveling Teuton pliers for peace was clear enough even if a leading German newspaper had not made the confession. "Only military reasons" in the shape of Allied victories from "Dixmude to Damascus" accounted for the reported revival of gaiety in Paris, while neutral observers told how in Berlin "everybody wants to group together just as before great disasters."

This article treats every angle of the war and will be read with enthusiasm by the Canadian public. It is illustrated by a large full-page color map with a complete index.

Other articles of special importance in the October 26th "Digest" are:

"THE DIGEST" NOW SOLD ON A STRICTLY NON-RETURNABLE BASIS

With this number—October 26th—THE LITERARY DIGEST is sold to news-dealers upon a strictly non-returnable basis. This means that news-dealers will buy only enough copies of "The Digest" to furnish regular patrons. Our action is made necessary by the ruling of the War Industries Board calling upon publishers to conserve paper, freight tonnage, labor, power, etc., by limiting publishing to actual demand. Readers of THE LITERARY DIGEST should place an order with their news-dealers if they would be sure of getting it regularly. When you buy this week's number, tell the news-dealer to save next week's number for you, or, better yet, several future numbers. CONCRETE SHIP IN NOVA SCOTIA YARD.

First Craft of Its Kind Constructed in the Province Is to Be Launched at North Sydney.

The first concrete ship to be built in Nova Scotia and east of Montreal is expected to be launched in December. It is being built in North Sydney for W. N. Macdonald of Sydney, by Ivan Bailey, who is in charge of the concrete construction work, and Elias Gillard, master builder of St. John's, who is in charge of the construction forms and designing. Work was commenced about two months ago.

The vessel will be 128 feet long, 27

feet beam, 12 feet depth and capable of carrying between 450 and 500 tons. It will be equipped with oil engines and have a speed of about ten knots. The steel used in reinforcing the concrete is being obtained from the steel company at Sydney, and from Montreal. When completed it will be classed as Lloyd's. It will be the first reinforced concrete ship constructed in Nova Scotia as when completed work will be commenced on a three-masted schooner and possibly a beam trawler.

"Keen interest is now being taken in concrete ships," said Mr. Macdonald, "although they were first built about 100 years ago. The United States government recently set aside ninety mil-

lions for the construction of concrete ships.

In Singapore a ship almost identical with that now being built in North Sydney was constructed. The local ship will be, however, four feet deeper. British shipbuilders are now going in for this work. Recently a three-masted ship was built in an English shipyard and classed and given the highest rating by Lloyd's.

NEW SLOPE OPENED IN SPRINGHILL AREAS.

(Amherst News.)

A new slope opened up at Springhill will mean a more plentiful supply of coal for the province during the winter months—and with a threatened coal shortage, the action of the Dominion Coal & Railway Company may be looked upon as important. In September a fall 1,500 feet in length occurred in the west slope, the only pit in the mining town that was being fully worked. While the men were idle the company

took measures to commence the new slope. A new bank head was built, and the seam, five feet in thickness, was struck at the surface. Two days ago the first shipment of coal was made to the Amherst Foundry Company, and according to all reports, the fuel is an improvement on the coal that has been mined in the other slope, at Springhill. Yesterday afternoon the News man was talking to Mr. Stewart of the Dominion Coal Company and he predicted great things from the new slope. In addition to this, he stated that everything in the vicinity of the mines was progressing

lively, although like other mining centres, the company is hard pressed by the labor shortage. Notwithstanding this fact the output is being well maintained.

"Eddie" Grant Killed.

With the American Army Northwest of Verdun, Oct. 21—(Associated Press)—Captain Grant, former third baseman of the New York National League Club, and attached to the 807th Infantry, was killed by a shell when leading a unit to the aid of the famous "lost battalion." The battalion was surrounded for five days in the Argonne Forest and Captain Grant was killed in one of the attempts to reach it.

"Eddie" Grant first came into athletic prominence when he was at Harvard. He played third base on the "Varsity" baseball team and was one of the best all-around college players of his day. After leaving college he played with an independent baseball team in Lynn, Mass., and in 1905 he signed with the Cleveland American League Club. He stayed in Cleveland only a short time and was sent to the Jersey City Club of the old Eastern League. In 1907 he was purchased by the Philadelphia National League Club and played there under Manager Billy Murray until 1911 when he was traded to the Cincinnati Club.

Grant was purchased by Manager McGraw of the Giants in 1912 and played at third base and shortstop for two years. He was a handy utility player and could fill in any position on the infield. While never a heavy batsman he was a skilful fielder and a smart base runner. Grant retired from baseball in 1915, and until America entered the war, practiced law. He attended the first Plattsburg Camp. He is the first of the major league ball players to give his life for his country. Grant was born in Franklin, Mass., in 1888.

WARRANTS FOR WATER RATES

Property owners who failed to take advantage of the discount on their water rates will have to pay their bills earlier this year than usual if they wish to escape the payment of constant fees in addition to the full amount of the bills. Instructions have been given at city hall that executors will be placed in the hands of the constables immediately after November 1, when the bills will be collectable by process of law. This is two months earlier than usual; evidently the city needs the money.

PLUCKY ACT IN CHILD RESCUE

Reuben Carleton, Convalescent After Illness, Leaps Into Tide and Saves Boy

Reuben Carleton, who is employed with his father, grocer, in West St. John, performed a gallant act yesterday afternoon and saved the four-year-old son of George Peterson from drowning. About four o'clock as the little chap was playing around the slip near the Driscoll lumber property, King street, he fell into the water. A rush call for help brought Mr. Carleton to the scene and he plunged into the chilly water of October to save the boy. The latter was going down for the last time but his brave rescuer reached him in time and brought him to shore. An outstanding feature of the gallant act is that Mr. Carleton has been ill at his home for two weeks and is only now convalescing. He is being heartily commended for his brave action.

WHAT IS LEFT OF THE STEAMER MAY QUEEN

What remains of the former river steamer May Queen, now a charred and rusty mass of wood and iron, is beached on a slip at the Portland-Rolling Mills plant, facing the harbor below the reversing falls, being dismantled. The wreck, which was purchased by Captain Gilchrist, a former master of the steamer, was raised from the bottom of the river outside of Woodman and Miller's mill wharf, Milford, and towed to the Portland-Rolling Mills where her machinery, etc., are being junked. The hull was lying in twenty-two feet of water and W. A. Eagles was employed to raise her. After overcoming many difficulties he was successful and not only lifted her but also had her moved to the present location below the falls. The May Queen was in winter quarters, and on February 4 was noticed to be settling in the water. That night she caught fire and was burned and the hull sank. The hull was later sold by the insurance companies interested, and Captain Gilchrist purchased it. The feat of raising the hull was a difficult one and Mrs. Eagles is being complimented for his good work.

REVERSES JUDGMENT IN SEPARATE SCHOOL CASE

Toronto, Oct. 24.—The first divisional court has upset Mr. Justice Clutche's judgment in the Ottawa separate school case, in which he awarded the Ottawa separate school board certain amounts against banks and the members of the school commission created by the Ontario government and set aside by the privy council, the latter having found that the commission was inoperative, and, therefore, ultra vires of the legislature.

It would allow the appeals of the defendants with costs, reverse the judgment of the trial judge and substitute for it judgment dismissing the actions with costs and directing that judgment be entered for the commissioners on their counter claim with costs, and I would dismiss the appeal of the school board with costs," said Chief Justice Sir William Meredith, and his colleagues concurred.

The commissioners counter-claimed to recover from the school board \$71,891.16, borrowed by the commissioners from the Bank of Ottawa, and used by the commission in carrying on the schools.
