SAY BRITISH COURSE IS NOT YET DECIDED

Denial of Story of Formal Demand of Canal Arbitration

STATEMENT MADE

Lines of Action Are Now Being Considered—Possible That Government Will Await Result of Elections in States

(Canadian Press)

London, Sept. 3.—A complete denial of the story that the British government will demand arbitration on the Panama Canal question.

"The lines of action which we have before us are now being considered, and any announcement of the kind is premature." This is the full text of the formal statement given out by the foreign office this morning, in reply to requests for details as to the report in the demand for arbitration.

In explanation of the publication of the report, the officials of the foreign office said, in the first place it was wholly incorrect, for no announcement of any sort had been made nor even decided on by the British government. The statement purporting to be an official announcement of the Panama Canal question, and the Central News, two of the principal news agencies, it appeared as an item when it was too late to obtain independent confirmation or denial, and all the London newspapers printed it this morning as a fact.

Instead of this being the case, however, the Panama Canal question remains in exactly the same position as it has occupied for some time. The government will, in all probability, propose its reference to the court of arbitration at the Hague, but the method of submitting it to that tribunal has not been decided.

The foreign office has been throughout engaged in its conversations with representatives of the Panama Canal Commission. Arbitration is the only possible course.

Sir Edwin Grey, the secretary of state for foreign affairs, has been asked by the British cabinet, have been asserted all over the United Kingdom and the continent ever since the Panama Canal bill became law, and in consequence there has not been any opportunity for government to frame its programme.

It is possible the government will await the result of the elections in the United States, in the hope that the United States government may find a way forward of meeting British wishes.

The basis of the evening's announcement was an informal private declaration made by an official of the foreign office to the reporters of the "Daily News." The reporters thought it was intended to be an official announcement for publication, but the denial issued by the foreign office this morning showed that there was no such intention, and that the official had no authority to make such statement.

VERMONT ELECTIONS TODAY

Marked Interest Just Now Because of The Larger Contest

Montpelier, Vermont, Sept. 3.—One of the most interesting political campaigns that Vermont has experienced in years closed last night, and today it is expected that between 6,000 and 70,000 voters will decide among five candidates for governor.

Vermont is considered a staunch republican state, but a successful candidate for governor must receive a majority of the vote in the election of 1912. The vote of the election of 1908 was carried by the progressive party, led by former President Roosevelt, and the opposing force of the democratic prohibition and socialist leaders will be sufficient to overthrow the normal republican vote and carry the gubernatorial fight to the legislature. It is a matter of keen interest. As Vermont is the first state election since the national conventions, the decision is looked upon as having some bearing upon the presidential contest.

NO TRACE OF GIRL

A young woman, whose name is said to have been damaged, and who disappeared early last evening from Newmarket Street bridge, had not been found up till noon today, although the police and several of the residents of the locality have searched diligently all the afternoon.

She had been near the bridge all afternoon, and seemed to be troubled. She was seeking assistance from a man and when one offered her aid she fled into a bushes.

THE BALL PLAYERS

Marathons and the Hamilton Reds play a game on the Marathon grounds this afternoon beginning at three o'clock. It will probably do the pitching for Sticks and it is likely that Tompkins will be sent back against the home team.

THE WEATHER

Moderate east to south winds, some local showers and on Wednesday.

FLOOD WCTMS NOW THIRTY-SIX

Damage to Property Will Be Less Than Two Million Dollars—Families go to Death in Raging Waters

(Canadian Press)

Pittsburgh, Sept. 3.—There are thirty-six dead as the result of floods in western Pennsylvania, West Virginia and Eastern Ohio, on Sunday night, and yesterday. The damage to property will be less than two million dollars. Number of families are homeless. Railroad traffic is everywhere impeded, and many cities spent Monday night in total darkness, both electric and gas plants being flooded.

Among the larger towns which suffered from the rise of the water were Washington, Beaver, Burgettstown, Canonsburg and several smaller places in the Chartiers, Cherry and Beaver valleys of western Pennsylvania, while in West Virginia, Collieries and the surrounding territory suffered a great loss.

In the various healthiest attempts are being made to care for the homeless and to repair in part, the damage caused by the floods. Crews of railroads arrived Monday night at the different places, where work was done, and are hard at work today putting tracks in shape to restore traffic which has practically been at a standstill for the past 48 hours.

Pittsburgh, Sept. 3.—At Colliery, W. Va., yesterday, a cloudburst devastated the valley's Creek overflowing its banks. The entire valley was deluged by the water, houses swept from foundations, railroad tracks torn up for long stretches, and roads crisscrossed by landslides.

Colliery workers suffered the brunt of the storm in West Virginia. Debris flooded down the creek piling high at Holliday, where the water was so high that it was necessary to erect a dam to prevent the water from overflowing its banks. The water swept from foundations, railroad tracks torn up for long stretches, and roads crisscrossed by landslides.

The tracks of the Pan-Handle railroad for fourteen miles between Burgettstown and New Cumberland Junction were carried away. The railroad crosses the creek here five times and all the bridges were wrecked, while the tracks were carried away. In many places in that territory railroad tracks were so badly crisscrossed that operations may be delayed for a week.

Children Drowned in Beds At Washington, Pa., the storm was especially a resident of Monaca was drowned at Cherry Valley and one at Burgettstown at that vicinity. All through that part of the state, manufacturing plants were put out of commission and many homes were wrecked. At Cherry Valley the flood waters caught the family of George Gillespie while asleep. Gillespie, his wife and four children were victims of the raging water. Mother and father were found dead and the bodies of the children were recovered, drowned in their beds.

Flood conditions at Cherry Valley were serious last night. Forces of men were working to clear up the wreckage and others were on the way to the scene from surrounding towns. It is believed that others lost their lives at Cherry Valley but this remains to be verified. Telephone wires are down and only a meagre telephone service is to be had. It is known that streets are crisscrossed and progress into and out of the town is impossible. Twelve miles at various places are completely washed over. Railroad service is down and it was necessary to remove the stricken territory is slow. In this vicinity alone the damage is estimated at \$300,000.

Canonsburg is under three feet of water and three persons are dead. Business houses are flooded and streets washed away. Many homes undermined by water collapsed. A spectacular feature was the wrecking of a large stone bridge which was washed away. The water swept to push the foundations together like a pack of cards. At East Canonsburg the water washed away the bridge and the building dropped with a crash. At East Canonsburg the flood water caught families suddenly and it was necessary to remove them to safety by the aid of small boats.

Prompt action on the part of the Pittsburgh & Buffalo Coal Company brought lives of 400 miners out of the path of the flood. When the water was seen to be gaining headway whistles were blown, calling the miners to safety. The office quickly notified the men beneath the earth. Men on horseback rode down a narrow valley and warned the families of the earth. Last night all seemed to be accounted for but there was some doubt. At Aetna, Pa., the water was so high that the house of Henry Crowe was swept away. Crowe succeeded in saving his wife and children, but the house was swept away.

A freight train on the Washakie Railroad was swept into Crow Creek near Burgettstown, W. Va. It is said the engineer escaped, but the train was wrecked and the man and brakeman are reported missing.

SIR GEORGE ASKWITH NOW IN MONTREAL ON LABOR MATTER

Industrial Agreements and How Best to Enforce Them Subject of Inquiry

Montreal, Sept. 3.—Labor disturbances and the possibility of adopting legislation on the subject of breaches of industrial agreements and how such agreements can be enforced, form the subject of a government inquiry in England. The committee appointed to make that inquiry, is the industrial council, the chairman of which, Sir George Askwith, is at present in Montreal.

The charge against Colpitts is that he voted in two places in the recent provincial election. It is contended that, while he is a resident of Montreal he also voted in Covertville. Judge Landry in addressing the jury spoke plainly of the full attendance of the jury in the recent provincial election. The grand jury was composed of J. L. Betts, foreman; H. Grey, W. E. Stiles, O. B. Barbour, J. C. Prescott, G. W. Jones, G. W. Barbour, J. P. Lunn, W. S. Jones, R. W. C. W. Parker, H. Stevens, E. Woodworth, J. P. Stevens, S. E. West, E. Hanley, C. S. Duffy, C. Fowles, J. H. H. O. P. Byrnes, F. H. Walsh, A. Hood, C. F. Price, and J. Wood.

In the enquiry, the picked men of other countries, careful consideration was given to the subject of breaches of industrial agreements and how such agreements can be enforced. The committee appointed last October to inquire into the subject of breaches of industrial agreements and how such agreements can be enforced. The committee appointed last October to inquire into the subject of breaches of industrial agreements and how such agreements can be enforced.

Sir George, who is accompanied by Lady Askwith, will make a short stay here, and then return to Canada. He has looked over the situation in Quebec and after he has completed the investigation of all that makes up the labor question in the dominion, he will visit Washington and other centres in the United States before returning to present his report to the British government.

THE CANAL TOLLS AND THE PEACE CENTENARY

London, Sept. 3.—The Daily News, in an editorial this morning, argues that the British demand for arbitration concerning the Panama Canal tolls was made in the spirit of cordiality which has existed between the United States and Great Britain for many years and which, last year, brought about an attempt to establish permanent machinery for arbitration, which it is likely that Tompkins will be sent back against the home team.

Indian Wins C. America as At. Man

SETS A NEW RECORD

Wins Seven Out of Ten Events and Beats Martin Sheiden's Mark by 91 Points—Bary and Durman Matched for Sculling Race

(Canadian Press)

New York, Sept. 3.—Against adverse weather conditions, on a wet track and field, "Tim" Thorpe, a Canadian Indian, who holds the Olympic decathlon and pentathlon records, won the all-around amateur athletic championship of America at Cullin Park yesterday. He was first in seven of the ten events which make up the trying contest and finished second to John Rudeman of Princeton in the other three, the pole vault, one half mile walk and 10-pound hammer throw.

His total, 7,492 points, is a new record for this competition, beating the previous record of Martin Sheiden, made three years ago by nineteen points. Sheiden was second with 6,333 and B. Broad, Irish A. C. the only other contestant, scored 3,988 points. In the running high jump, Thorpe cleared six feet 1.8 inches, a new mark in the all-around class. His other winning marks were as follows: 100-Yards dash, 16.55 seconds; putting, 120 feet 10 inches; 44 feet 3.12 inches; 120-Yards high hurdles, 16.24 seconds; throwing 56-pound weight 28 feet 3 inches; running broad jump 23 feet 3 inches; one mile run, 5 minutes 29 seconds.

London, Sept. 3.—Ernest Barry of England, the world's champion sculler and Edward Hanlan Durman of Toronto have arranged a match for the championship of the world, to take place on the Thames in October.

Policeman Whitney and night officer Hogan were out on the boundary line about two o'clock Saturday morning on account of a fire which had been set in a barn by two men who had been asleep in the barn, which was owned by Dick Briggs of Houlton. The structure was completely destroyed.

The men were arrested and locked up in the Houlton lock-up, where they are awaiting their trial. They gave their names as John Richmond and Harry Dunham, of St. John, N. B.

The barn, which was destroyed, contained four tons of hay and the building was partially insured.

OUTLOOK IN ENGLAND SERIOUS AFTER THE GREAT RAIN STORMS

New York, Sept. 3.—A cable to the Tribune from London says: "Reports from all over the country show that even in the now unlikely event of an unusually fine September, none of the damage done to the crops by the inclement weather of the last two months, can be made good. The loss to the farmers is far greater than most people imagine. It can be estimated in millions of pounds sterling and is upon men who, in the majority of cases, are unable to bear it."

"Thousands of British farmers stand face to face today with hopeless ruin unless help comes from some quarter outside their control. Tens of thousands of laborers are suffering now and will suffer still more during the coming winter from the curtailment of employment and all signs point to the fact that the prosperity of the British agricultural community has suffered a blow from which it will take years to recover."

GOUP BACK TO NEW YORK TO TESTIFY IN THE POLICE CASE

Liverpool, Sept. 3.—Thomas Coup, forty-eight years of age, an eye witness to the murder of Herman Rosenthal, was met by detectives when the steamship Lusitania docked here today. He was not placed under arrest, but was accompanied to a hotel where he refused to make any statement until he had consulted with friends.

Two local detectives met Coup as he left the steamer, and informed him that he is wanted in New York to testify as a witness for the trial of Police Lieutenant Becker. He willingly accompanied them to a police station where a consultation was held and he then went to a hotel.

DIES AT TWENTY-SIX; HAD WASTED FORTUNE

Childs Was One of the Most Spectacular Spenders Broadway Has Seen

New York, Sept. 3-Irving W. Childs, one of the most spectacular spenders along the "Great White Way" is dead of old age at the age of twenty-six. Within a few years Childs squandered \$800,000 on extravagant and thoughtless women who frequent the luxurious resorts.

Until he became ill several months ago Childs lived at the Hotel Rector. The youthful spendthrift was a son of the late William H. H. Childs, who left a big fortune. Young Childs soon ran through the legacy which fell to him and within five years, this time \$200,000, came to him. It took less than two years for this amount to go. He was married, but divorced from his wife.

WATERBURY'S

GIRLS TO BE MESSENGERS

Pittsburgh, Pa., Sept. 23.—The Western Union Telegraph Company soon will put girls in as messengers in their Pittsburgh offices. The company is using girls as messengers in Connelville, Greensburg and some of the smaller cities. In Pittsburgh the girls will be put first in the branch offices. Superintendent Diehl says that girls are more conscientious and less liable to interruption on delivery trips. "What is the difference between firmness and obstinacy?" asked a young lady of her fiance. "Firmness" was his gallant reply, "is a noble characteristic of women; obstinacy is a lamentable defect in men."

BUT ONE HOPE NOW FOR SPENCER'S LIFE

Supreme Court Judge Refuses Plea For Writ of Error in Murder Case
Boston, Sept. 3.—The last hope of Brenton G. Spencer, sentenced to die for the murder of Martha Blackstone in Springfield, rests with Governor Foss and his council. Justice Oliver Wendell Holmes of the United States Supreme Court, has informally considered, and has refused, the plea of R. P. Stapleton, Spencer's attorney, for a writ of error on constitutional grounds. It would still be possible to appeal to the Supreme Court, but it is not likely that it will be granted.

OVER NIGHT IS MUCH ENJOYED

A Fine Comedy in Good Hands at Opera House for Exhibition Week

"Over Night," a bright breezy three-act comedy, was presented to two fairly large audiences at the Opera House yesterday afternoon and last evening. The play is an exceedingly funny one, and the many complicated situations are productive of much merriment. The plot of the play is woven around the escapades of two young married couples. Georgina Kettle, a demure little miss, and Percy Darling, a strong, able-bodied chap. All four meet just before embarking on the Albany Day Line S. S. "Hendrick Hudson."

Mr. Kettle goes ashore to look after a telegram. Just as they leave the boat, the whistles blow and away goes the steamer. This leaves Miss Darling and Mr. Kettle on board. They meet some friends who later follow them to the Rip Van Winkle Hotel, near Houghbosque. The many situations that arise during the time the "newly weds" are together are exceedingly funny, and the audience much in a constant state of uproar all during the performance. In the last act matters are straightened out with the assistance of Professor Diggs, a hypnotist.

For Forest Young, as Richard Kettle, and Kathryn Bryan, as Elsie Darling, entrusted the chief characters. Mr. Young made a very funny Mr. Kettle, and with his pronounced lip, funny actions and a mirable way of smoothing things over, made a great hit with the audience. He is straightened out with the assistance of Professor Diggs, a hypnotist.

Anna Bert, as Caroline Powers, and Malcolm, as the young bell clerk, were excellent. Special mention must also be made of the work of Robins Bingham, as the "Old Mad Man," who entertained the audience with his funny antics.

The stage settings are quite elaborate, the hotel scene in the second and third acts being very pretty. The first act shows the young couple in the dining room, and also portion of the dining saloon. The smaller details are attended to.

The play was presented under the management of William A. Brady, and it may be said that "Over Night" compares very favorably with the other big productions that Mr. Brady has sent to St. John. It will be presented for the balance of the week and should draw crowded houses.

FUNERAL YESTERDAY

The funeral of Mrs. Sarah Duffy took place yesterday morning at 8 o'clock from her late residence, St. David street, to the Cathedral of the Immaculate Conception, where high mass of requiem was celebrated by Rev. D. S. O'Keefe, with Rev. A. J. O'Neil as deacon, Rev. E. J. Conway, sub-deacon, and Rev. J. W. Holland, master of ceremonies. Relatives were pall-bearers. Interment was in the new Catholic cemetery.

LABOR DAY IN HAMPTON

Labor Day was celebrated in Hampton yesterday by a picnic under the auspices of the Hampton Curling Club at their rink grounds. There was an extensive program of sports after which supper was served in the rink by the Ladies Curling Club. After supper a bonfire was lighted on the hill and the prizes awarded to the winners. Late dancing was enjoyed.

Great Britain requires about \$12,000,000 worth of leather every year for boots and shoes for its people.

ATTRACTIONS IN THE MOVING PICTURE THEATRES THIS WEEK

THE NICKEL

Crowded houses greeted each performance of the holiday bill at the Nickel Theatre yesterday afternoon and evening when a programme of exceptional interest was shown. Paré's latest weekly film deals with the struggles of a cub reporter on a large news paper in California. Another picture that attracted much favorable comment was The Sketch with the Thumb Print. This film deals with the story of a childless couple who first thought it a great joke when their neighbors made such a fuss over their baby's first tooth. Later, however, they recognized a task and the manner in which he wins a wife goes to make one of the cleverest picture dramas shown here for some time.

RIP VAN WINKLE AT UNIQUE

The special holiday programme at the Unique Theatre yesterday which will be shown today has as its feature an excellent production of Washington Irving's famous story of the Catskill Mountains, "Rip Van Winkle." Young and old are acquainted with this fascinating tale of the lovable old man, who was unfortunately turned to be turned from his own home, his wife and children, in the mountains. His wife awakens, his return to his former place of living, where none knew him, and how he was able to convince his own daughter that she belonged to him, and then his happy return to the bosom of his family.

ROTTEN BRIDGE AND BAD ROADS

(Chatham World) Complaints are coming in daily of rotten bridges and neglected roads. A big hole caused by a spring is reported near Napan bridge, and automobiles have got stalled in it. The commissioner says he has no money left, and nothing can be done to make this important highway passable this year unless the government makes a special grant for it.

Black River people complain that the road on the south side of Napan river is almost as bad as that piece of the Richibucto road where the automobile got stalled in the mud. They say it is dangerous because of holes, and that the drains are closed, so that surface water lies on the road instead of running off.

Young Mr. Flynn of St. Margarets, was leaning against the railing of a highway bridge near that place a few days ago, when the railing fell and carried the young man with it. He was, says our informant, all broken up. Both arms and collar bone were broken, and had bruises sustained. The fall was fifteen or twenty feet.

A CAMPING PARTY

Mrs. R. T. Hayes chaperoned a merry party of girls during the last week of summer camp at Kilerale. The party at the "Old Mad Man's," as the camp was named, included the Misses Elsie Estabrooks, Helen Wakeford, of Charlottetown, May Hayes, Marion Flagler, Carolyn Stockton, May Goodwin, Mildred Barnes and Elizabeth Holder. On Wednesday last the "Old Mad Man" entertained the Messrs. Alton Marshall, William Clark, Louis Ritchie, Percy Steel, Joe Gray, Professor Steel, of Charlottetown, Fred Foley, Frank Donnelly and Harold Evans. The campers returned to the city on Saturday after having spent a most enjoyable week.

MONUMENT TO DOCTOR WHO NEVER ASKED HELP

Wauconda, Ill., Sept. 3.—A granite shaft erected by persons whom he had at one time befriended will soon stand in the cemetery at Wauconda, Ill., a belated tribute to the memory of "a doctor who never asked a fee."

Dr. Joseph Dawson, who, it was frequently said, "had more friends than any man in Lake County," died two years ago, practically penniless, and it was thought without kin. No one came to claim the body, and the physician who, for more than a dozen years, had ministered to sick of Wauconda and neighboring villages was buried by "friends" in the little country graveyard.

Who Dr. Dawson was or where he came from no one in Wauconda knew. When he came to the village about twelve years ago and engaged a room at the little hotel more curiosity was expressed, but to all hints and questions he vouchsafed no satisfactory reply.

"I had a wife and child there," he said. "I have a wife and child there, but I like it here and want to remain."

Those who wished to pay were allowed to do so, but never did it, it is said, for a dollar on account.

BRILLIANT SERVICE OF MAJOR-GENERAL OTTER IN MILITIA. Has Seen Half Century Under the Flag—Soon to Retire as Inspector-General

meet the enemy in the field. A little affair at Sunnyside, where they made the first important capture of the war, showed the mettle they were made of, and was perhaps, responsible for their being included in Smith-Dorrien's fighting nineteenth brigade, which was formed at Maple Leaf camp eight days before the first shot was fired at Paardeberg.

Confidence vindicated. Smith-Dorrien, then a brigadier-general, now an officer who bids fair to be the executive head of the British army, was not long in command of his brigade before he tested the soldierly qualities of the Canadians in Col. Otter. He recognized a born leader of men, and after the nine days of trench work around Cronje's laager, following the battle on Sunday, Feb. 18th, when death by disease, wounds and exposure had been busy amongst the harassed troops, he selected the Canadian officers who had stood the night on the position. To a soldier this was the highest tribute which could be paid to the capabilities of the army.

Arnold Bennett has had a good loaf after his American travels. He has been in the States for some time, and has written a book about it. The book is called 'The American Notebooks'.

LITTLE FABLES OF THE RISING YOUNG MAN

There were once two rising young men interested in getting along in the world. Both were well aware that there is no aeroplane line running from the valley up to the heights of success, and that the only way to mount is to climb step by step up the long, dusty road. They were both content to climb and to bear the hardships of the journey.

THEY GUESS WRONG MAN

The speculations in England as to the authorship of that remarkable little brochure 'The Great Analysis' are amusing in the few in the know. The general opinion seems to be that H. G. Wells wrote it.

Speculation as to Author of The Great Analysis Has Been Rife in London—Late Professor Koch Worshipped as a God in Japan. (Times' Special Correspondence) London, Aug. 20.—It looks as if Arnold Bennett's admission might have waited quite a while for the last volume of the trilogy that began with 'Clayhanger' and 'Hilda Lessways'.

WOULD PAY \$50,000 FOR JOHNSON

James R. McAleer, president of the Red Sox, has offered \$50,000 cash for Walter Johnson, the Senators' wonderful pitcher.

McAleer, with Dan Johnson and Clark Griffith and other friends was dining at a club in Washington. The talk was baseball, and McAleer finally looked at Griffith and said:

"I'll give you \$50,000 for Johnson, and you turn him over tomorrow. Here is a thousand dollars right here to bind the agreement."

"Are you kidding me?" was the reply of the Senators' manager.

"No, I'm not kidding," replied McAleer. "Here's the thousand on the table."

ALMOST BLIND, GIRL'S SIGHT IS RESTORED AT SHRINE OF STE. ANNE

Loretta McMahon Regains Vision While Kneeling in Prayer Before Picture of Saint

Montreal, Sept. 3.—After sixteen years of almost total blindness, Miss Loretta McMahon of Thorold, Ont., was completely and permanently cured, while on a pilgrimage to the sacred shrine of Ste. Anne de Beaupre. She has been unable to recognize friends and relatives without the aid of exceedingly strong glasses, and could read newspapers with only the greatest difficulty.

On Thursday morning, she was kneeling before a blessed picture of Ste. Anne and fervently praying, when suddenly her vision cleared and she could distinguish not only the picture in its entirety, but the faces of those about her. Repeating, she rose to her feet, and found that she could see as well as anyone in the church, where, before, even with her glasses, it was impossible for her to read a prayer book, she could read the smallest print, while on her return to Montreal she read, for the first time in sixteen years, without glasses, her first written letter. She can now read any kind of print without the aid of glasses.

BASEBALL CASE OF INTEREST GETS INTO POLICE COURT

Marathon's Manager Takes Action Against Steve White — Ball-players on Stand

A case that attracted considerable attention, both among the ball players now in the city and others, came up for hearing in the police court this morning when Steve White, a former Princeton University pitcher, who has been pitching this season for the Marathons, was called upon to answer to the charge of assaulting manager David B. Donald, of the Marathon club. The assault was alleged to have taken place during the progress of the game here on Saturday between the Marathons and the Fredonian nine. White started in to pitch for the home team but was taken out of the box in the first inning and was replaced by Jordan.

Manager Donald says that soon after White came in to the players' bench he was asked to run for George Winter but refused, saying that he had a sore leg, and that Donald then informed him that a pitcher with a sore arm and a sore leg was no good to the Marathons. He then says that White made a remark to him for which he fined him \$20. White, he says then made a rush at him and struck him twice on the head. He did not say anything more about the matter then, but reported White to the police for assault.

Nearly all of the Fredonian ball players as well as members of the Marathon club were in court to hear the testimony this morning. D. B. Donald and Charles T. Nevins gave evidence for the prosecution. R. M. Rive appeared for Mr. Donald.

Donald's evidence was stated, and was corroborated by Mr. Nevins.

For the defence White denied having struck him. He admitted pushing at him, but says he did not strike him. He said that the manager had made him angry, and had been continually nagging at him, saying that he was stalling. According to his contract he was not liable to any fine. He admitted catching Jordan by the chin and saying, "if you keep that money out of my eye I will make you regret it." The defence produced a letter in court signed by Inches & Hazen offering to settle the case for \$150. The letter stated that by his actions at the Marathon management would not be liable for his salary, which amounted to \$115. O'Brien, the third baseman, gave evidence, and also said that White did not strike Donald. He said he saw White at the manager, but was positive that there were no blows struck. He knew that White had a sore leg, he having injured it while playing in Houston. He had heard the conversation between White and Donald.

Doc. White, the next witness, did not see the beginning of the incident, but told the jury that he took hold of Donald by the chin and telling him that he would not stand for the \$20 fine.

White pleaded guilty of a technical assault, but denied striking Donald. His Honor therefore fined him \$20 for the assault, and allowed him to go on the payment of \$10.

C. P. R. ORDERS MORE CARS

To Spend \$1,200,000 in Hamilton for Freight Work

(Canadian Press)

Montreal, Sept. 3.—It is announced that the Canadian Pacific Railway has placed another order for 1,500 new box cars with the National Steel Car Company of Hamilton, the cars to be ready for delivery in the early part of the year. This order represents an outlay of well over a million dollars and is for new rolling stock in addition to the output of the Angus shops.

The C. P. R. is in fact, increasing its freight carrying capacity so as to be in a position to meet the constantly growing demands for moving the western grain crop. These 1,500 cars will be rushed to completion as they are badly needed. Approximately the cost of a box car is \$800 and the expenditure will be about \$1,200,000.

The National Steel Car Company is enlarging its works. Foundations are in place, and twenty-eight car loads of steel are waiting to be erected.

THE POLICE COURT

Seven prisoners were gathered in by the police since Saturday, and they were all arraigned in the police court this morning. Isaac Anderson, a seaman, charged with assaulting Frederick Walton, mate on the schooner, was remanded. The captain of the schooner, which is lying at Long Wharf, was in court and told His Honor that the prisoner was a very troublesome member of his crew.

Charles London, charged with lying and lurking on James E. Quinn's premises on the Westmorland Road, was also remanded. Mr. Quinn told of seeing London and two other men sitting in his field on Sunday afternoon drinking, and of later finding London and a woman in his garden. He ordered them out but they did not go. He then summoned County Policeman Armstrong and had London arrested.

George Hanley, charged with assaulting William Connell in Lombard street, in view of the police, pleaded guilty and was fined \$20 or two months in jail. He said that he did not mean to assault Connell, but Detective Kilien told of seeing Hanley strike Connell twice, knocking him out for a time.

Two prisoners charged with drunkenness were fined \$8 or two months in jail and one \$8 or thirty days in jail. One other prisoner cleared with drunkenness was remanded.

Michael Doherty, an old man, reported by J. C. R. Policeman Scott Smith for trespassing on the I. C. R. property at the foot of Dorchester street and picking up coal there, pleaded guilty but said that he did not think there was any harm in doing what he did. He was fined \$20, but the fine was allowed to stand on condition that he would not repeat the offence.
