MISS FULLER, BLIND, RETURNS TO STAGE

New York, Jan. 2. — Mollie Fuller came back to the stage last week. The audience in a Brooklyn theatre laughed at the lines she had and listened appreciatively while she sang. Not one knew that Mollie came back to the stage totally blind.

Mollie Fuller first became known as a member of Henry E. Dixey's company in "Adonis." Later, with her husband, as Helen and Fuller, she played vaudeville houses over the country for twenty-five years.

Friends found her last week in a hotel room just off Broadway, penniless, alone and blind. They arranged an act, provided a setting and obtained engagements. The part is ingeniously arranged to conceal her blindness. "I thought I never could get again," Miss Fuller said. "But next week we are going back to Broadway. It seems too good to be true."

MORNING NEWS OVER THE WIRES

The Quebec Government, including the Attorney-General's Department and the detectives, were freed of blame in connection with the murder of Blanche Garsneau in the city of Quebec, July 2, 1920, investigation into which was held yesterday before a royal commission and announcement of their finding being made Sunday evening. All the names of those rumored to have been connected with the crime were found by the commission to be incapable of committing the crime. All the evidence was taken under oath.

The building in which Ingils Phinney of Middleton, N. S., and his family were temporarily residing pending the completion of their new house was destroyed by fire New Year's night. The father was attracted to a room in the house by the crying of one of the children. On entering he found the room ablaze. The building was completely destroyed with no insurance.

Fire broke out in the shop of Ernest J. Palmer, liquor vendor, at Bathurst Saturday morning. The flames spread to the store of J. P. Whelan Co. Ltd., and the store of Comeau & Company. The stores of Hph Kent, hardware, and Meahan's Pharmacy, were also slightly damaged. The combined loss amounts to about \$74,000 with the greater part covered by insurance.

Toronto, by a majority of 5,000 votes, on New Year's Day, rejected the agreement to give a free six-track right of way on the city's water-front for proposed hydro commission radicals by electing a pro-radical Board of Control by a narrow margin. Mayor Maguire, the champion of the agreement, was elected mayor over R. J. Fleming.

The United Mine Workers will present to the United States Coal Commission this month a request that the U. S. Government purchase the entire coal industry of the United States at a cost of \$4,500,000,000, also a cabinet place for a Secretary of Mines.

FINED FIFTY DOLLARS FOR FALSE ADVERTISING

(Toronto Globe.) Judge Denton emphatically expressed disapproval yesterday of the practice of deceiving prospective customers by publishing false statements in advertising circulars. Paul Reuben was fined \$50 and costs for publishing advertisements containing false representations. The advertisement took the form of a handbill relating to a bank-rupt sale of ladies' and girls' coats. They were advertised as being of a certain material when they were not. Judge Denton called it "dishonesty" and would not accept the excuse that "Everybody is doing it."

THE OUTLOOK. The Province of New Brunswick enters upon the new year with good prospects. The revival of the lumber industry not only means more money in circulation among the people, but more revenue than that of last year for the province. Our forests are still our chief source of revenue, and will be for a considerable period, although they will soon be a diminishing source if greater care is not taken to conserve them, both on public and private lands.

A BOYS' PARLIAMENT. An Older Boys' Parliament is an interesting development in boys' work in the province of Ontario. This Parliament is chosen by election from the various boys' organizations in the province. The second annual session was held last week in the Parliament Buildings in Toronto, and more than sixty representatives were in attendance. They have their own Lieutenant Governor, Premier, Cabinet Ministers, Leader of the Opposition, Sergeant-at-Arms, clerks and pages, and business is conducted in parliamentary style.

C. N. R. "TRAGEDIES." "Tragedy is the only word to describe it," said Sir Henry Thornton, President of the Canadian National Railway, in talking about the delay in getting the new Union Station in Toronto made available to the public. "When the new arrival in that city has to find his way about that old station it is a black-eye for Toronto."

USED KEROSENE AND DEATH RESULTS

The climax of a Christmas tragedy came when Mrs. Grace C. Shorey, 13 Cottage avenue, Winthrop, Mass., died at the East Boston relief station of burns she received on the holiday.

The Shoreys had been using soft coal in their furnace, and Mrs. Shorey thought the fire was out when in reality it was still smouldering. She threw kerosene on the coals, which leaped into flame and ignited her clothing. She was badly burned and there was little hope of saving her life from the time she was taken to the hospital.

You can serve it hot!

Eating foods that are lacking in real nutrition means lowered vitality. Try this hot, nourishing dish for breakfast or lunch: Heat two Shredded Wheat Biscuits in the oven to restore their crispness; then pour hot milk over them, adding a little cream and a little salt.

To make a real hot whole wheat porridge put the Shredded Wheat Biscuits in a small saucepan; add salt and enough water to cover the bottom of the pan; stir and boil until it thickens, then serve with milk or cream. Better than ordinary porridges for youngsters or grown-ups.

Rody "Out," But Flappers Rejoice
Three New "Sheiks" In Beauty War!

New York, Jan. 2 — Choose your sheik, girls—the war's on! A bona fide contest beside which all others pale is now going on, and the years of the flappers—or those female creatures who were known as flappers yesterday—are doing a frantic pit-pat from Broadway to Main street. The race was all Rodolph's until his recent unfortunate lawsuit against his employers in which the employers won. A court said Rodolph must act for a film company in question or nobody for two years. Rodolph said

he'd wait the two years. Thereupon the search for rival "sheiks" began. Another handsome heart-smasher of Latin antecedents named Ramon Navarro had already been rushed into the field to split the feminine vote by a rival company. But Rody was the "caveman candidate," and also he had the tactical advantage of having been first in the field. The vote was still 8 to 1 in every precinct. But now the search began in earnest—it extended even into foreign lands—Joseph Schildkraut, "the handsomest man in the world,—we believe him

when he says the designation is not his own—was first to drop a dainty nineteenth century kerchief into the ring. On other boats followed Charles de Rochefort, matinee idol of France, whose descent of the gangplank made the beauty bout a three-cornered affair. The latest importation is England's "Rudolph Valentino," otherwise Ivor Novello, actor and composer of "Keep the Home Fires Burning." Only a feminine referendum will settle the question. Make your choice girls, the battle's on!

Enrollment. Attendance

First	178	61

St. Columba's	87	82
St. David's	382	196
St. Matthew's	183	70
Total	1165	505

The average yearly attendance, the percentage repeating memory passages and the percentage repeating the catechism were as follows:

Avg. At-Memory Catechism	P.C.	P.C.
First	65	24
Knox	63	3
St. Andrew's	49	3
St. Columba's	82	25
St. David's	80.8	1 1/2
St. Matthew's	66.1	1

The presentation of the banner to the school having the largest percentage of enrollment present and the largest number of merit marks was made by Rev. Hugh Miller, of St. David's church. Before the rally closed a unanimous vote was given in favor of continuing the rallies each year. Rev. Dr. Farquhar pronounced the benediction. The Baptist Sunday schools held their rally in the Main street Baptist church and there were more than 900 present, by far the largest attendance since the Baptist rallies were first introduced some years ago. The Victoria street school with 381 of its members present had the honor having the largest percentage of its enrollment in attendance. Hartley S. Wannamaker, president of the Baptist superintendency, was the chairman, and following a rousing song service he welcomed the various schools present. The scripture lesson was read by Rev. W. Alvin Robbins of the Ludlow street church. Rev. Dr. David Hutchison led in prayer and greetings were exchanged with the Methodist and Presbyterian rallies. The greater part of the programme consisted in the spectacular and impressive presentation of a beautiful musical pageant, "The Lamb to Earth, but Not as King." The pageant gave a vivid portrayal of the coming of the Christ Child to Bethlehem. There were shown the followers of Jehovah looking for the coming of a King, expecting his appearance in royal state. Some were shown as disappointed at the appearance of the King as the Baby in the manger. The cantata occupied about forty-five minutes and was taken part in by members of all the Baptist Sunday schools. The costumes and the staging were excellent and those who took part gave splendid portrayals.

LITTLE GLOBULES make strength. There are thousands of easily-absorbable, health-building globules of vitamin-bearing cod-liver oil in every bottle of

Scott's Emulsion Children or grown people, rundown in body or vitality, should find Scott's Emulsion a strength-restoring food- tonic of great value. It is taken easily and assimilated readily.

At the close Rev. G. D. Hudson pronounced the benediction. The committee which had charge of the arrangements for the cantata and to whom much credit was due for its splendid presentation, consisted of the following members: R. H. Person, W. J. McAlary, W. H. MacDonald, R. J. Rupert, and C. B. Black and the hearty thanks of the schools was tendered to the committee. The pageant was under the capable direction of Miss Elizabeth Marchion and the music was directed by E. Clyde Parsons. These two leaders proved themselves greatly skilled in their respective parts. A special offering was taken and a large sum was collected. Those who took part in the pageant were as follows: Nasareth peasants, Mary, Miss Bertie Campbell; Joseph, E. Clyde Parsons; three kings, George A. Vincent, R. J. Rupert and John W. Mott; innkeeper at Bethlehem, Hayward Sparks; Jerusalem girls, Miss Helen Chase, Miss Florence Gallop, Miss Marjorie Christie, Miss Sadie Chapman and Miss Dorothy Price; angels, Miss Gertrude Andrews, Miss Helen Thompson, Miss Ines MacLean, Miss Katherine Proffitt, Miss Lillian Cunningham, Miss Mary Copeland and Miss Hazel Burnett; Bethlehem shepherd boys, Eugene Mott, Edwin B. Rupert, Walter Kierstead, Murray Donald, Urquhart, Donald Urquhart, fisher boys of Galilee, Norvel Melvin, Otis Davidson, Clair Akerley, Percy Mott and Edward Sparks; little Bethlehem girls, the Misses Edna Snodgrass, Hazel Ellsworth, Audrey Grey, Marion Logan, Genevieve Hudson, Eloise Sparks, Olivia Shields and several others; Bethlehem babies, R. J. Rupert and J. W. Mott. Between the acts, the solo, "Ye Came Upon a Midnight Clear," was rendered with fine expression by Walter Kierstead, who is a talented young singer.

After the singing of three appropriate hymns, Mr. Arthur extended greetings to the scholars and friends. Rev. F. T. Bertram offered prayer and Rev. R. G. Fulton led for the responsive reading. The roll call of the schools was then taken and each school made a good showing. The banner in previous years had been awarded on the percentage of enrollment in attendance at the rally. Brookville school, having won the banner for three consecutive years on that basis, became the permanent owner and a new rule was adopted, the banner being awarded on the percentage of enrollment in average attendance during the last three months. Zion school was awarded the banner yesterday. The percentages which had been in average attendance at the schools during the last three months were as follows: Brookville, 75.65; Carleton, 69.45; Carmarthen, 60.88; Centenary, 75.46; Exmouth, 68.41; Fairville, 72.04; Marsh Bridge, 71.83; Portland, 81.1; Queen Square, 59.38; Silver Falls, 72.96; Zion, 95.46. The total enrollment of all the Methodist schools on Oct. 1 had been 2,183. The address was given by Rev. H. E. Thomas, who spoke in an interesting and impressive manner concerning "The Tests of Life" and illustrated his address by means of showing the strength of a red cord alone and a red cord united with a white cord. H. C. L. Sweet read the greetings. Greetings had been sent to the Methodist rallies at Montreal, where a ninety-fourth anniversary was being observed; at Ottawa, Winnipeg, Toronto, Edmonton and Moose Jaw and to the Presbyterian and Baptist rallies in St. John and return greetings were received from each. The formal presentation of the banner was then made to the Zion school by Rev. R. G. Fulton. After the closing hymn, the national anthem and the benediction, the scholars were each given a bar of chocolate as a present and received their gift as they filed out of the church. The enrollment of the various schools on Oct. 1 and the number present at the rally were as follows:—In each case the number present at the rally is given first: Brookville, 46 and 79; Carleton, 110 and 337; Carmarthen, 86 and 196; Centenary, 215 and 298; Exmouth, 185 and 270; Fairville, 123 and 158; Marsh Bridge, 71 and 80; Portland, 245 and 416; Queen Square, 184 and 229; Silver Falls, 19 and 35; Zion, 61 and 66.

Mr. Ganter figured in a rather unusual sleighing incident on Sunday in Paradise Row when the top part of his sleigh parted company from the runners and was deposited neatly in a snow bank while the horse, with the rest of the sleigh, continued merrily on his way until captured in Paddock street by Wallace Johnston and taken to Donahue's Stables where he was later claimed by the owner.

RECENT DEATHS HARVEY A. CRAFT The sudden death of Harvey A. Craft, aged twenty years, in the General Public Hospital on Saturday morning, Dec. 30, 1922, after an illness of less than five days, came as a great shock to his many friends. He was employed in the foreign office of Manchester Robertson Allison, Limited, as customs clerk.

He was a member of the Central Baptist Church, and took a deep interest in its various activities. At the time of his death he was secretary of the Sunday school. He was a young man of cheerful disposition and high principles, and his death is considered a great loss by all those who knew him.

A funeral service was held at the home of his parents, Mr. and Mrs. Albert T. Craft, 88 High street, conducted by Rev. James Dunlop, acting pastor of Central Baptist Church, assisted by the choir of the church. Many floral pieces expressed the sympathy and high esteem of a host of friends. Among those who read a prayer from his fellow employees in the office of M. R. A. Ltd., a wreath from the Sunday school of Central Baptist Church, and also one from the Brotherhood, and the Canada Life Insurance Co.

Besides his parents he leaves to mourn six brothers, two of them, Bath, Rupert and Hatheway of Dipper Harbor, Roy of Mac's Bay and Dewey and Perry at home; also three sisters, Mrs. Eugene Wilcox of Boston, Mrs. Percy Jones of Dipper Harbor, and Miss Blanch at home. The body was taken to Dipper Harbor for interment.

Mrs. Edward J. Delaney. It was with keen regret that a large circle of friends learned of the death of Mrs. Edward J. Delaney, which occurred in Halifax on Sunday afternoon after a brief illness with heart trouble. She was formerly Miss Annie T. Power, of this city, and resided here until her marriage to Mr. Delaney last February when she removed to Halifax. Mrs. Delaney was well known here and her genial disposition made her a general favorite with all who knew her. Besides her husband she is survived by one brother, Frederick J. Power, of St. John, who was with his sister at the time of her death. He left St. John on Saturday evening, accompanied by his brother-in-law, Thomas M. McCuire, but will take place in Halifax on Wednesday morning with requiem high mass.

WOMAN LOSES STEP IN ALIENATION SUIT Justice Tompkins Vacates Attachment for Jewelry Belonging to Mrs. Minerva Hawkins.

White Plains, N. Y., Jan. 2.—Holding that the affidavit in which Mrs. Mac Hackett charges wealthy Mrs. Minerva T. Hawkins, whom she is suing for \$20,000, with alienating the affections of her husband, Robert J. Hackett, a former state trooper, is wholly insufficient, Supreme Court Justice Arthur S. Tompkins vacated the warrant of attachment upon the defendant's property. This order attaching Mrs. Hawkins' property was obtained recently by Mrs. Hackett from Justice Morschauer.

Sheriff Werner under the latest order will return several thousand dollars' worth of jewelry and silverware his deposite removed from the defendant's property at 41 Court street, White Plains.

In the affidavit Mrs. Hackett said some one heard a telephone conversation at Bay Shore, L. I., that the ex-trooper was talking at that end and he told the other party, who was indicated in the affidavit to have been Mrs. Hawkins, to get her \$10,000 and be ready to "jump" to the south with him on Dec. 15.

Since commencement of action Mr. Hackett resigned from the state constabulary.

Unity Plea By The War Veteran's Secretary

MacNeil Tells Ex-service Men That They Now Have an Opportunity of Presenting Their Complaints, Needs and Conditions Before Royal Commission.

(Halifax Chronicle, Thursday.) Declaring that ex-service men were now, through the medium of the Royal Commission, which is inquiring into the complaints, needs and conditions of the veterans throughout Canada, within an arm's length of achieving practical results, M. G. MacNeil, the National

Secretary of the Great War Veterans' Association, addressed a mass meeting of ex-service men in the Army and Veterans' rooms, Barrington last night.

MacNeil is an attractive speaker, young man, with a frank, energetic, sympathetic straightforwardness. He has a well controlled voice which enables him to speak without effort. His gestures are plain, and effective, and he spoke in a well ordered sequence on a subject that was technical and intricate. He went exhaustively into the history of the Royal Commission, how it had been pointed out of the charges of conspiracy with regard to the Pensions Act, and given a scope of inquiry which embraced the most comprehensive analysis of the conditions of ex-service men.

The Royal Commission, under the chairmanship of Col. J. Ralston, will meet in Halifax in January, and continue their inquiry across the continent.

The meeting last night was presided over by James D. Monaghan of the Army and Navy Veterans.

Col. C. E. Bent, president of the Nova Scotia Command of the Great War Veterans' Association, was also present and pleaded for unity among the returned men. He earnestly pleaded that the comradeship which had meant so much during the war would be maintained and used as an influence in unifying Canada. "What a big power it would be for the good of Canada if all ex-service men were banded together," he declared.

Rev. Dr. Clarence Macdonald, dipping back into the old war humor had the "boys" shouting with laughter at his revival of some of the famous jokes. He referred to the fact that the big men in the present inquiry into the conditions of the returned men were both Nova Scotians. Col. Ralston, chosen as chairman of the Royal Commission, and Mr. MacNeil, the National Secretary of the Veterans, who more than any one else had made the inquiry possible. Dr. Macdonald urged that the clearest possible evidence be placed before the Commission, so as to express it, the case of a man who had lost an eye, and yet had no resource to obtain a pension, would represent before the Commission all cases of that nature throughout Canada. And so in every other phrase. "Surely those men who served, and died, through which the wealth of Canada from falling into the hands of the enemy are justified in expecting that the wealth of Canada will provide for them," declared Dr. Macdonald in closing, amid resounding cheers.

Round Table Conference. Representatives of the Great War Veterans, the Army and Navy Veterans and the Tuberculosis Veterans of Kentville met in conference in the afternoon to arrange for the presentation of evidence before the Royal Commission. There was a round table conference in which the chairman was Rev. Dr. Clarence Macdonald; Secretary H. F. Hamilton, of the Provincial Branch of the G. W. V., secretary, and at which was Mr. MacNeil, the national secretary representing the Dominion Veterans' Alliance. From this conference was appointed a committee consisting of Col. Harry Flowers, Dr. S. L. Walker, G. W. V. A.; C. D. Monaghan and Allan Duffus, of the Army and Navy Veterans. There were nine delegates present: R. P. Murray, of the Tuberculosis Veterans of Kentville; Col. Duffus, Mr. Monaghan and Major Gates, of the Army and Navy; Col. Bent, of the Provincial Command of the G. W. V. A.; Mr. Hamilton, the secretary; Messrs. Cameron and Secretary Dickson of the Dartmouth Branch.

This committee received Mr. MacNeil's explanation of the scope of the inquiry, and how to obtain the data and how to have it presented. It was decided that to present the evidence before the Commission six witnesses will be obtained, each one to present a phase of the needs of the ex-service men, such as housing, insurance, the problem of the mentally ill, pensions, etc. Ex-service men throughout the

Province, irrespective whether they belong to any organization or not, will be appealed to, to send in their evidence. Mass meetings of ex-service men will be held everywhere. The indications of appointment of the qualified men to receive and tabulate evidence in every community.

This conference was notable, as it was the first time that veterans of Nova Scotia have been together under the Dominion Veterans' Alliance, which was organized with a view to the bringing together all the service organizations of Canada.

Mr. MacNeil prefaced his address by referring to the fact that it was the first occasion he had addressed the Halifax Veterans, as circumstances had twice intervened and prevented him coming to the city. He was much impressed with the indications of cooperation he had found between the organizations of Halifax, indicating a splendid unity among ex-service men here. This need of unity had led to the Winnipeg Conference of last year which had given birth to the Dominion Veterans' Alliance. It was proving to be a medium through which the amalgamation was going forward, and he believed complete unity was inevitable.

A common legislative programme had been formulated and for the first time a complete unity was shown before parliament and politicians. He represented the opportunity of exploiting ex-service men. They were now within arm's length of getting adjustments of claims and conditions which had long outstanding. It was a feeling that the interests of the ex-service men were being blocked by different departments, and failing to get satisfaction before the parliamentary committee that had led to the appointment of the pensions law and claims figure the needs and conditions of the ex-service men. There had been charges of conspiracy, and the first phase of the Royal Commission was to investigate those charges.

Mr. MacNeil denied that such charges had been withdrawn, and declared that they were exposing wrongs every day that should have been righted long ago. They stressed that there must be a better understanding of the interpretation of the pensions law and claims long outstanding were being plied through with much more activity. Mr. MacNeil paid a tribute to Col. Ralston, Chairman of the Commission and his evident desire to render justice to ex-service men.

Problems Before Commission. The first phase of the inquiry at Ottawa was investigating charges. The second phase opening at Halifax in January, would be a survey of existing conditions and the result of the Commission's work will be a carefully prepared analysis of conditions of ex-service men, and a perspective of what has happened to ex-service men since the demobilization. No restraint will be placed on the evidence to go before the Commission, and in turn the Commission will present its findings to parliament, and parliament will cut the plaster to fit the sore. Mr. MacNeil pleaded that all ex-service men should be represented, and that was why the central committee appointed to collect the evidence had been left open for additional members for all organizations having present its findings to parliament, and that was why the procedure in which application can be made for pensions and serious problems now facing the returned men, was the difficulty of getting consideration for diseases which had been caused by the war, but delayed in developing. There

Among the problems which will be placed before the Commission will be the procedure in which application can be made for pensions and serious problems now facing the returned men, was the difficulty of getting consideration for diseases which had been caused by the war, but delayed in developing. WHAT'S DOING IN THE MONEY AND STOCK MARKETS TODAY

SAYS ALCOHOL MENACES FRANCE

Producing Far More Than She Consumes—Commission Advises it be Used for Fuel.

Paris, Dec. 19.—(A. P. By Mail)—What France should do with her excess alcohol has become one of the burning industrial and national problems in the republic. While France has no prohibition movement under way, she is seriously troubled by the economic aspect of an excess production of wine, and especially alcohol.

A senate commission reported recently on the problem. It commented on prohibition in the United States; pointed out that France's liquor and wine exports had been reduced by such prohibitions, and then made the statement that there could be no question as to the desirability in France of reducing the human consumption of alcohol, that alcohol today was a national danger to the republic.

Seeking ways to meet the economic difficulties presented by the actual situation, the commission insisted that the surplus production of alcohol be used nationally as a fuel by mixing it with benzene, gasoline and other like substances in proportions ranging from ten per cent up.

It is proposed to run automobiles, locomotives and factories with this mixture, and at the same time save part of the money now spent abroad for coal and other oil fuels. Many experiments have been made, and large quantities of alcohol have been used for the best mixture.

The principal factors in the alcohol problem are that there is possibly a smaller consumption of alcohol in drinking because of increased prices and that France produces far more alcohol than she can herself normally consume. It is argued that the human consumption of alcohol may be further reduced if better use were made of the product.

However, it is pointed out that nearly three fourths of France's population gains its livelihood, directly or indirectly, through the wine industry. The people are engaged in agriculture or in commerce.

France, the report shows, is now producing an average of a billion gallons of wine and alcohol yearly, out of which is obtained an annual internal revenue of about a billion francs, through a system of excises of half a billion francs yearly.

The commission reached the conclusion that one way to reduce drinking would be to increase the taxes on wines and liquors. France has been drinking more and more, for a hundred years, because beverages were so cheap. Fifty francs ago the daily capita consumption was a one and one half quart, today it is three quarts.

The final conclusion of the commission was that France's 20,000,000 gallons of alcohol should be distributed in various ways, should be used in present uses, including, to general use.

UPWARD AS FIRST MARKET OF 1923 OPENS

Advances Generally Small in Wall Street, But Spread Well—Buoyant in Montreal.

New York, Jan. 2.—(10.10)—An upward price tendency characterized the opening of today's stock market.

The advances, while generally small in character, were spread over a broad list, the largest demand centering in the oil, steel, copper, equipment and automobile shares. Studebaker was pushed up 2 points; California Petroleum 1 1/2 and Standard Oil of New Jersey, American International Stuart Warner, Reginald Chemical and Maryland Oil, one each.

Gains of 1-2 points each were registered in the first fifteen minutes by Union Pacific, Chicago and Northwest, American Express and Pacific Oil while advances of a point each were scored by Mack Truck, Coco Cola, Champion, Wilson Company and United Retail Stores. Matheson Alkali climbed 3 points. Endicott Johnson dropped a point and slight weakness also was manifested in United States Rubber, Pan-American and Pressed Steel Car.

Foreign exchanges opened firm. Noon Report. New York, Jan. 2.—Trading expanded as the morning progressed and many of the popular favorites extended their early gains despite an opening and renewal rate of 5 1/2 per cent for call money, which was due to the shifting of funds in connection with year end dividend and interest requirements.

Railroad shares lagged behind the rest of the list, although some moderate gains were recorded by Southern and Southwestern carriers. Resumption of peacetime operations was evidenced by the brisk advance in a number of individual shares, several of which broke through last week's high levels.

There were a few conspicuous weak spots, notably Fisher Body, which broke 5/8 point, and North American and Endicott Johnson, each up 2. Nash Motors was pushed up seven points; Associated Oil 5/8 and U. S. Realty four, while gains of two to nearly three points were recorded by Stromberg Carborundum, American Linseed, National Blank and Suit and Public Service of New Jersey.

RECORD MARK IN CUSTOMS RECEIPTS AT FREDERICTON

Fredericton, Jan. 2.—Custom and excise receipts for the port of Fredericton, for 1922 are \$224,788.06, a new high record. The total receipts of this port only a few years ago were not as much as \$200,000.

THE RAILWAY OUTLOOK.

A writer in the Toronto Globe says: "The railways are ending 1922 in a position of triumph. They have had three busy months, and traffic for December, although seasonally lower than for November, is far ahead of the totals for last year. The very opposite was the case at the end of 1921. Business was concerningly bad, and continued to grow worse. There is now a reasonable hope that the railways will feel the impulses of reviving commerce in all its branches, and that the people of Canada are wise who they permit them to regain lost ground before they clamor for lower rates. Decreased tolls will certainly come, and before long, too, but they should not come until improved credit has been recovered, large additions have been made to equipment and strength, and succeeded by very dangerous weakness. That again is merely common sense."

The Direct Action of a Vaporizing Salve is Best.

Treat one cold with Vicks VapoRub and, as in the case reported below, you will adopt this external method for all the cold troubles of the family.

When the little ones come in wet and sniffling, just apply Vicks over throat and chest and cover with a flannel cloth. Repeat at bedtime.

Vicks acts as a liniment or plaster. In addition, its ingredients, vaporized by the body heat, are inhaled all night long. The child is usually better next morning, and the bad after-effects of internal dosing are avoided. Just as good, of course, for adults.

Mrs. W. White, 44 Schenck St., Montreal, Que., writes: "I find Vicks splendid. I used it for headache and sore throat and also used it on baby for bronchitis and when I called the doctor he said it was the best thing I could have done. I have recommended it to others and they have used it. I apply it freely to the affected parts and leave it to do its work."

RECONCILIATION OF THE CLASSES

Student Christian Movement Helps and Also Develops Leadership—The Toronto Conference.

The first national conference of Canadian students, now in session in Toronto, under the auspices of the Student Christian Movement of Canada, has brought together hundreds of students, the Maritime Provinces universities being well represented. The speakers have included Lord Byron, Sir Robert Falconer, Dr. Herbert Gray of Glasgow, Prof. R. M. Maciver, Miss M. Strong, Premier Druy, Senator Belmont, Dr. E. H. Oliver, Dr. J. E. K. Aggrey of Africa, Dr. T. T. Yu and Prof. William Hung of China, Mr. Swambold of India, Hon. N. W. Rowland, Rev. Dr. Roberts of Montreal and Dr. John R. Mott. This is a remarkable opportunity for students to hear great names discussed and to gain a wide outlook on the world.

Before the conference met, Dr. Herbert Gray, a noted Presbyterian minister in Glasgow, addressed Toronto students on the subject of reconciliation of the classes. He pointed out that the Student Christian Movement in Great Britain had failed as well as virtuous. Many groups of students were plous, but not practical. He stressed the need of a common understanding with the wisdom of older men. A great many people in Great Britain had found it worth while to listen while the young talked. The trouble was that, while some young people had wild and idealistic ideas many of them had none at all.

It is felt that the strength of the Student Christian Movement in Great Britain lay in the fact that the students really believed that God was a living Spirit, that He had not merely come down in historic documents. The student mind always perceived it a duty to pursue after truth, and not Student Christian Movement could survive unless in pursuit of truth. The movement had in this kept the confidence of the student mind, but it had not lost its profoundly devotional character. The fellowship characteristic of the movement was really one of the sacramental media through which God gave Himself to His children. Through the movement fellowship was passing into the churches in Great Britain.

RAILWAYS MAKE A GOOD SHOWING (Boston Herald) The railroad reports for November which have come to hand to date have on the whole made a remarkably good exhibition. That gross earnings would show an increase over the same month of last year had been indicated by the heavy figures for car loadings for the month. The gains in net, however, were unexpectedly satisfactory, and indicate that the effects of the shippers' strike have been in a large measure overcome. Maintenance expenditures continue large, but despite this, the first 30 railroads to report for November showed an increase in net over the same month a year ago of 18 per cent, against an increase of 12.9 per cent. in gross. December bids fair to be another good month for the railroads. Car loadings have held up in an exceptional way for this period of the year. In the cases of many lines, it would not be surprising if December gross figures were very close to the record for that month.

VADEVILLE AT OPERA HOUSE

Holiday Crowds Enjoy Five Good Acts from the Keith Circuit.

When five vaudeville acts each in their turn stop a show it must be some show! and the show offered by J. A. Kraker, manager of the Opera House as a holiday attraction is decided the best vaudeville bill seen in these parts in years, and was personally selected with the bill to be played next Monday, Tuesday and Wednesday, while he was in Boston several weeks ago.

The acts are "Harry Bolden" the jazz band, offering piano, song and novelty dancing; "Whitney's Dolls Revue" marionettes; "Donaldson and Van" comedy singing and talking; "Peggy Vincent", and "Hedder and Jimmy".

So delighted were the three capacity audiences at the Opera House yesterday that one right after another brought forth such insistent recalls that the following acts had to begin with the audiences clamoring for repeats.

Harry Bolden claims to be the world's most versatile entertainer and he was every bit of it with songs, patter and dancing scoring a triumph with his jazz novelty bit and then he here about three seconds and then "I'll be gone." Marvellous is quite the term to describe the eccentric dancing which Bolden does with his body, feet and hands—literally he is a wonder.

The so called Whitney's dolls are a surprise act and vaudeville novelty. There are three of them—and whatever the turn each made the theatre rang with continuous merriment and laughter. What a riot Peggy Vincent was with a unique novelty act, the sentimental solos from a carpenter's ordinary hand saw, which had to be repeated, speed and daring characterizing the gymnastic turns of Hedder and Jimmy whose act complete the fascinating and exceptional bill.

In the Name of the Law" is the programme for the last 3 days this week, and the kiddies in "Playland up to date" will be an added attraction at each matinee for the last 3 days.

LITTLE RIVER NOTES.

The Community Club, after giving, with great pleasure to the people and a credit to themselves, a minstrel show, the members of the club gave the people on Wednesday night at the Boys' Industrial Home. These minstrels had some very pleasant experiences some time ago when they were at the Gadsden's Creek Hall, of which they will retain very vivid if not most happy memories.

The annual "Community tree" will be held in the Community church on Friday evening at eight o'clock. Instead of the usual programme, in which almost everybody welcomes a good old "Santa Claus," here will be a magic lantern show, lantern and slides purchased by the community for special entertainment for the young folk of the place. Let it be said with at least a little pride of this community that it does all in its power for the people, especially for the young folk. Last Sunday was a special one in the community Sunday school and church, when in both places special offerings were taken towards the Christmas tree. Mr. Lawson preached on "Wonderful! This Child" from Isaiah 9, 6, and Luke 2, 11. The congregation was large, and a new feature in the service was quintette singing by Messrs. D. Christie, J. Morey, R. Reid, W. F. Godwin and Rev. Mr. Lawson.

Of course Santa was very busy in the Sunday school and all the homes, making both young and old happy. He did not forget a single one. Friends are sorry to learn that the fine little son of Mr. and Mrs. D. Babcock has been ordered to hospital in a few days for an operation on an abscess in the leg. Mr. W. Lawson and Miss Lawson spent Christmas at George Howards.

THE CONTINENTAL PROBLEM

To the Editor of The Boston Herald: Your very good editorial in today's issue of The Herald entitled "Our Future Congress" is worthy of careful consideration by the inhabitants of this whole continent. The critical situation we are facing with regard to our forest resources is emphasized by consideration of the fact that the entire amount of available wood in Alaska, which is so often referred to as a future supply, would only last the United States a matter of about one year, based on the present annual consumption of all kinds of wood.

FIFTEEN MINUTES OF RADIO EACH DAY

THE BELLINI TOSSI RADIO COMPASS.

The loop or coil antenna is well known to the radio amateur and its properties are a subject of discussion in much of the current literature. There is another type of receiver which has well defined directional characteristics, and while in common use abroad has received little notice in this country.

As commonly employed on ship-board, the Bellini-Tossi antenna consists of two triangular loops suspended in a vertical plane at right angles to each other, the points of the triangles being uppermost at the points of support and the receiving set located at the center of the baselines of the triangles where they intersect. The terminals of each triangle are connected through variable condensers to the windings of two square coils mounted at right angles to each other as indicated in the diagram. The square coils are usually arranged so that the plane of each coil lies parallel to the aerial to which it is connected.

Pivoted on a vertical axis in the center of the common field of the two square coils as a third coil which may be rotated at will by the operator. The terminals of this coil, which is shunted by a variable condenser, are connected to the detector and telephone. It is interesting to note that this device is operative on strong signals employing only a crystal detector, although a tube amplifier gives much louder signals.

While each of the loop antennae picks up a certain amount of energy from the transmitting station, the loop which lies nearest to parallel to a line between the stations will absorb the greatest amount of energy through the windings of the fixed coil. This coil will therefore have a greater effect upon the magnetic field in which the movable coil is located. Since the magnetic fields of the two coils add vectorially the resultant field depends upon the relative strength of the two fields.

In order to secure as great a degree of accuracy the two parts of the loop antenna and the fixed coils should be as nearly symmetrical as possible in every respect.

Sunday and New Year's in the Churches

The unveiling and dedication of a brass mural tablet, placed on the north wall of Trinity church to perpetuate the memory of Benjamin Lester Peters, his wife and family, gave an added solemnity to the morning service in the church on Sunday.

The inscription is as follows: "To the glory of God and in loving remembrance of Benjamin Lester Peters, 1790-1852. Born at St. John, New Brunswick; his wife, whose maiden name was Mary Ann Williams, 1790-1850, born at Annapolis, Nova Scotia, and members of their family, five sons and four daughters, who have entered into rest. There shall be one fold and one shepherd." Erected by Elias White Peters, 1922."

A new order of service was introduced at the Waterloo street Baptist church Sunday evening when the pastor, Rev. J. A. Sweetnam, gave a sermon lecture and illustrated his address with a series of forty stereoscopic slides showing Hoffman's famous paintings of the life of the Man of Galilee. Gordon Flewelling operated the lantern and appropriate music accompanied many of the pictures.

In the Ludlow street Baptist church on Sunday night the pageant and cantata, "The Messiah," which had been given the previous Sunday by the members of the Sunday school, was repeated by special request and the church auditorium the presentation was much more finished and effective.

Those taking part were as follows: Jerusalem girls, the Misses Inez Clarke, Edna McLeod, Sadie Carwell, Harriet Mahony, Marion Stinson, Blanche Anderson, Miriel Murray, Margaret Mit-

His Lordship Bishop Richardson, preaching in Trinity church on Sunday night, spoke of the example to be followed in the life of St. John the Baptist and having pointed out how wonderful it was that a man should be able to draw the crowds into the country, and away from the towns, he traced through history the stories of those few men who were able to wield

WHAT MADE ME HAPPY

"I was congratulating myself that I had passed the winter without catching a cold, when I got one at the beginning of last May. It was because I was run down. Being run down I had some trouble in getting rid of this cold. I was a nervous wreck. I would wake up regularly mornings feeling quite some terrible calamity would take place. Although we were comfortably off, I felt sure my husband was going to be mad with myself. The children worried me. If they made the least noise, I would get into a terrible temper. I would scold them so that I am sure they hated me. I would be mad with myself after it was over and make up my mind never to let it happen again. I would go to bed at night and find things which might happen to me and my family. I would lay awake for hours, sometimes until daylight, until I was so weak that I could scarcely raise my head. I was wakened next day just as after it was over and make up my mind never to let it happen again. I would go to bed at night and find things which might happen to me and my family. There were 1,110 arrests made during the year 1922 in the city of St. John according to figures compiled by George A. Henderson, clerk of the local police court. This total number of arrests for the year just ended shows an increase of seventy-nine over the twelve months of 1921. According to the official figures there were 894 arrested during 1922 for drunkenness against 891 for the year 1921, an increase of three and a decrease of 869 from the number of charges for drunkenness in 1920.

The total receipts of the police court and the district court were \$63,184.18. Of this total the receipts from the prohibition act alone were \$39,870, which shows a marked increase in the liquor fines for 1922. The total receipts from the police court business in 1921 were \$7,900.21, a gain of \$1,888.19 in 1922. The city court receipts in 1922 show an increase of \$148.90.

**CARDINAL
O'CONNELL'S
1923 MESSAGE**

Boston, Jan. 1.—Last night the old year died. We sat in the lengthening shadow and before us passed perhaps the face of a dead friend, the loss of which, the year of a deep grief, and we bowed our heads in silence as the waning hours closed about the vanishing year.

We invoked our solemn Te Deum for all the gifts that God had sent us, yes, even for the wounds which had left their indelible mark, for many a scar is but a badge of honor.

And today we face the future with head erect and heart aglow; with an undimmed faith and a hope that is new and high and radiant. The world is struggling still towards order and peace. By our own faith we can help to light the way; by our new courage we can help to lead the way. The past is dead. The future is what we choose to make it.

Let us face the rising sun and march on with fullest faith in God; and 1923 may be the richest, the best, the happiest year of all our lives. God grant it so to all.

William Cardinal O'Connell.

**REV. G. O. GATES IS
DEAD IN WOLFVILLE**

Former Pastor of Germain Street Baptist Church

Twice With That Congregation and Won Esteem of Community—Had Lived in Retirement for Several Years—Mrs. Gates is Sole Survivor.

W. C. Cross of the Germain street Baptist church, received a telegram this morning from Mrs. G. O. Gates telling of the death of her husband, Rev. Dr. G. O. Gates, formerly pastor of Germain street church at their home in Wolfville, N. S., yesterday, following a rather lengthy illness. The funeral would be held on Wednesday. Besides his wife he leaves no family.

Rev. Dr. Gates was born in the Annapolis Valley, N. S., and commenced teaching school at the age of eighteen years. He took a course at Horton Academy, now Acadia Collegiate Academy, and then entered Acadia University, where he took his B. A. degree in 1873, graduating at the head of his class. Some years later he received the degree of M. A. from Acadia. During his college course he did missionary work in Colchester County and for one summer acted as assistant to Dr. Steel in Amherst. He supplied the church at Gasperaux during his senior year. He was called to the pastorate of the Liverpool church in 1873, remaining there until 1880, when he went to the First Baptist church in Moncton for five years. Here in 1886,

In September, 1885, Rev. Mr. Gates was called to the pastorate of Germain street Baptist church and he entered upon his duties here on New Year's Day, 1886. During his stay in St. John the degree Doctor of Divinity was conferred upon him by Acadia University. The church debt was greatly reduced while Dr. Gates was here. In February, 1889, the Murray street Mission was founded by a group of young men of the church. In 1890 the position of secretary of the Board of Missions was offered to Dr. Gates, but, on the earnest solicitation of the congregation, he declined. He left here on March 9, 1898, on six months' leave for a trip to the Holy Land, returning in September of the same year. His sermons on the journey were so highly interesting that crowds were turned away from the church on every occasion of his giving one. In the following year a parcel of land near the church was bought by some members and turned over for the building of a Sunday school.

At the end of the year 1900, Dr. Gates regrettably tendered his resignation, feeling that it was his duty to accept a call from the church in Windsor. Rev. J. D. Freeman filled the pastorate until July, 1902, when he resigned.

Returned in 1902.

On the resignation of Rev. Mr. Freeman a unanimous call was sent by the congregation to Dr. Gates and his acceptance was given in August. He was warmly welcomed on his return to the pulpit in November of that year and was pledged the full support of the congregation. Dr. Gates was deeply instrumental in bringing about the union of the Baptist and Free Baptist churches of New Brunswick and, at the formal uniting service in Main street church in 1905 he read a history of the union movement during twenty years. In this year special evangelistic services were held by Dr. Gates and Rev. Dr. A. C. Dixon of Boston. The Men's League of the church was founded in this year.

On February 11, 1906, Dr. Gates' resignation was read and was regrettably accepted by the congregation. He preached his farewell sermon on April 1 of that year and a farewell address was read by Dr. G. U. Hay, telling of the deep respect and reverence felt for Dr. Gates by all the congregation. This resignation was the result of effects of the climate on his health. A check was presented to Mrs. Gates as symbols of the affection in which they were held by the people of the congregation. Dr. Gates went from here to Westmount, Que., where he remained until his retirement a few years ago. Since retiring from active participation in church work, he had been residing in Wolfville, the seat of his alma mater and the home of many of the retired ministers of the Baptist Church.

The news of the death of Dr. Gates will be learned with deep regret by many people who knew him when he was in St. John. He was respected and loved by members of all denominations, having a winning personality and an insatiable desire to do the greatest good for the most people. His name will be remembered by members of the Baptist Church as that of one of its most prominent workers and by all who knew him as a friend to mankind.
