OTTAWA U. K.'S GRAND FALLS HYDRO

AUTHORITY TO PROCEED WITH WORK GRANTED

Province To File Application With Waterways Commission

SPEEDY HEARING

Commission Will Take Evidence At Van Buren and St. Leonards

OTTAWA, Feb. 21.—The federal government, by order in council, has approved the application of the New Brunswick Hydro Commission and granted authority to proceed with the province's hydro project on the St. John river, including the construction of a dam above Grand Falls.

A request has been received by the commission to expedite this matter owing to the opening of the New Brunswick Legislature shortly and it is expected that at an executive meeting of the commission, which will be held in New York on Monday next to deal with this and other questions, a speedy hearing will be granted.

Arrangements are also being made by the commission for the taking of evidence at Van Buren, Maine, before the end of the month, and a further sitting may also take place at St. Leonards, N. B.

CAPTURE BANDIT AFTER GUN FIGHT

Desperado Runs Amuck in Niagara Falls and Tried to Shoot Up Place.

NIAGARA FALLS, N. Y., Feb. 21.—John Smith was shot and probably fatally wounded early this morning after defying the police for more than three hours and keeping them at bay from a barricaded house.

Smith ran amuck with a revolver about 9 o'clock last night, firing more than a score of shots into two houses, one occupied by relatives, and then took refuge in the home of Stanley Ziemanski.

Smith took a position at a cellar window from which he fired more than one hundred shots at the officers. It became apparent early this morning that his ammunition was running low.

With the house clear, the police opened fire. Smith ran upstairs and climbed out of a rear window upon the roof of a shed. Smith tumbled from the roof with three bullets in his body.

Says Move to Ottawa is Most Important in Maritime History; Suggests Send-Off For Envoys

"This is the most important move in the history of the Maritime Provinces," said George Carvell this morning to a Times-Star reporter, speaking about the monster delegation which next week will proceed to Ottawa to urge upon the Federal Government the restriction of the British preference to goods handled through Canadian ports.

Mr. Carvell, remarking that not everybody can accompany the delegation to Ottawa, suggests that the citizens can strengthen the hands of those who are presenting the case for the home ports by going to the station in large numbers and assuring them of their support by giving them a rousing send-off.

Mr. Carvell, remarking that not everybody can accompany the delegation to Ottawa, suggests that the citizens can strengthen the hands of those who are presenting the case for the home ports by going to the station in large numbers and assuring them of their support by giving them a rousing send-off.

"It was stated recently in the press," declared Mr. Carvell, "that one-half of the population of the Maritime Provinces is in the United States, or in other words that 500,000 of our men and women have been forced to leave their homes and seek their living in another country. What is to become of the rest of us? Our fate will depend largely upon the answers of the delegation now going forward to present our claims at Ottawa."

"This is the most important movement in the history of the Maritime Provinces. We are engaged in a life and death struggle and every citizen should show that he is behind these men who are willing to leave their business and give their time and brains to save us from destruction."

Suggests Big Parade. "We cannot all go to Ottawa, but we can at least accompany our delegates to the station, and this we should do. Let the Mayor order cessation of work for one hour, and let the citizens leave their stores and streets at an assembly, say at King street east, for a monster parade, with banners bearing appropriate devices and bands in attendance."

"If a parade is not practicable, let as many as possible at the station to bid our men God-speed. By giving them a proper send-off we will show that the whole city is behind them, and that we are thoroughly aroused to the gravity of the situation and determined that the United Empire Loyalists shall since Confederation stand and now."

DISCUSSES FREIGHT RATES FROM ST. JOHN

President of U. K. Shipping Chamber, Also Makes Reference to Preston Report.

Canadian Press Despatch. LONDON, Feb. 20.—In his address at the annual dinner here tonight of the Chamber of Shipping of the United Kingdom, John Denholm, new president, referring to the Canadian freight charges, gave an instance of the cost of carrying wheat from Calgary to the English capital and pointed out that mileage from St. John, N. B., to London was the greater part of the total journey, yet the shipping owner received only 14 shillings of the 72 shillings freight.

CATTLE FREIGHT RATES. "The subject of cattle freights is under examination by the imperial shipping committee which was brought into existence at the instance of the Dominions," he said, "and I think it is a pity that W. T. R. Preston's report was published, and still more a pity that political pronouncement was made upon it without awaiting the committee's report."

FATHER ARRESTED ON SON'S COMPLAINT

Allege Joseph Gorman, of McLean Settlement Threatened to Use Axe on Boy.

Special to The Times-Star. FREDERICTON, N. B., Feb. 21.—Joseph Gorman of McLean Settlement, a place about a mile from Burin's Corner, was arrested Friday evening at his home on a charge of assault laid by his son, Byron Gorman, Constable A. F. Yersa brought the accused here and also brought in a witness which the father said was used by the son in a threat against him.

The sole survivor of the fifty odd men working near the cuttings wrecked by the blast was Elmer Davidson. He was coupling cars in the main entry outside the third and fourth entries.

Cobb Lamb, an experienced miner and a member of the rescue team, after an exploration of the workings early today said there was a possibility that some of the bodies never would be recovered.

The seventeenth body was removed from the City Coal Company mine this morning. It was believed to be the body of Harry Anderson, 46, pit boss.

Predicts Rise in Foodstuffs

OTTAWA, Feb. 21.—(Canadian Press)—That it was only a matter of time when the prices of foodstuffs in the United States would go so high, that there would be a clamor from the consumer of that country, for Canadian products, was the hope expressed by Hon. W. R. Motherwell, minister of agriculture, in the House last night.

Bandits Get \$1,200 in Hotel Hold-up

NEW YORK, Feb. 21.—Just on the fringe of Columbus circle, teeming with night life activities, three bandits held up the Circle Hotel at 22 West 60th street, yesterday, and, covering eight persons with their revolvers, escaped with \$1,200 in cash and jewelry, and a woman's screams frightened them off.

LET'S GO!

TWELVE more names of those who will accompany the St. John section of the great delegation to Ottawa next Wednesday were reported by the canvassing squad this morning. This puts us just one short of 150.

And they're after more. We are shooting at the two hundred mark now, and all indications point to a display of good marksmanship.

SAYS BRITAIN IS DEPENDENT UPON SHIPPING

Noted Writer Stirs London With Graphic Address

DESTROY SPIRIT

If Our Will to Work is Too Long Delayed Ruination Will Follow, He Says

LONDON, Feb. 21.—Rudyard Kipling, who was one of the principal guests at the annual banquet of the Chamber of Shipping of the United Kingdom, held in London, last night, deprecated the new world war which he said, was being carried on, with invisible weapons—the warfare of ill-will. He likened this island to a ship which he called "H. M. S. Britain."

"These are facts which underlie the camouflage of our existence on H. M. S. Britain when a nation is lost the underlying cause of the collapse is always that she cannot handle her transport. Everything in life from machinery, manufacturing, turfs on speed, and the cost of which men, things and thoughts, can be shifted from one place to another, if you can tie up a nation's transport, you can take her off her books."

"We have suffered from one scientific attempt to prove this, which very nearly succeeded. For the moment, however, we are in a world war fought with visible weapons. We are deep now in a world war, that aims to destroy the spirit and will of man in his home and at his work."

"The man whose morale can be gassed and gangrened in time of peace till he condones and helps create every form of concession, that will let him sell, and his neighbor, is doing his country infinitely more harm than a thousand casualties on the battlefield. It is cheaper to induce your enemy to cut his own throat for you than to persuade him to do it for you."

"If the will to work be too long delayed, then all that our race has made or stands for, must pass into the hands of whatever nation first recovers that will. Our recovery has been held back, by the propaganda of ill-will, and despair that is meant to wreck all effort at its source. But do you think the engines of H. M. S. Britain can be repaired to burn this kind of fuel? I don't."

DEATHS

MCCORMICK—At his residence, 151 Chesley street, after a short illness, on Feb. 19, Samuel McCormick, leaving his wife, two sons, and one sister to mourn. Funeral will take place Monday morning at 9:30 to St. Peter's church for requiem high mass. Friends invited.

FUNERAL NOTICES

Members of Union Lodge, No. 2, Knights of Pythias, are requested to assemble at Pythian Castle on Sunday afternoon, February 22nd, at 2:30 o'clock, to attend the funeral of our late brother and charter member, W. A. KING.

Pythian Veteran

WILLIAM A. KING.

whose death was announced yesterday, was one of the oldest members of the Knights of Pythias in this city, having been a member of Union Lodge, No. 2, for the completion of 50 years of membership. He was presented a Pythian veteran's jewel. In his earlier days he took a keen and active interest in the affairs of the lodge and while not as active in the last few years, he maintained his interest in the order.

In his younger days he was an active militia man and was connected with the garrison artillery.

The funeral will be a Pythian one and will be held under the direction of Union Lodge. The service will be held at Castle Hall, Union street, at 3:30 tomorrow afternoon and interment will be made in Fernhill.

WAS AT JAMBOREE AT COPENHAGEN

Visiting Boy Scout Tells of Interesting Experience at World Gathering.

Scout Stewart Buncie of 1st Bowden Troop (Earl of Stamford's Own), who arrived from Liverpool this morning on the C. P. S. S. Montclair on his way to Tilbury, Ontario, to reside with his uncle and aunt, was at the International Jamboree held in Copenhagen last September and gave a very interesting account of his experiences there.

He is the proud possessor of a special badge and shoulder knot which is given by Sir Robert Baden Powell at the training camps. Scout Buncie is a First Class Scout and intends to take up scouting here as soon as possible. He quickly made himself acquainted with the Scout here and will naturally want to keep in touch with them by correspondence.

District Secretary L. L. Johnson showed Scout Buncie as much of the city as time would permit, and he had a very interesting talk with the Scout Buncie was introduced by a letter from the Overseas Commissioner, who wrote ahead and informed the St. John Scouters of his coming.

SOLD 1,601 TICKETS

Police Sergeant Dykeman Wins Prize in Connection With Police Sports.

Sergt. Ralph P. Dykeman won the first prize for selling the most tickets in connection with the policemen's sports in the Victoria Rink the other night, it was announced today. Sergt. Dykeman sold 1,601, being 341 tickets ahead of Traffic Policeman McNamee who sold 1,260. Another traffic man, Policeman Young, ranked third. Sergt. Dykeman is attached for duty at the police court throughout the day and consequently much of his time is taken up there. Despite that, he made a great record this year and is receiving the hearty congratulations of members of the force with whom he is justly popular. Traffic Officer McNamee's showing was excellent also.

MANY CHILDREN AT STORY TELLING

Interesting Tales Recounted in Three Places in City Today.

About 115 children listened with attention at the armories this morning when Miss Annie L. Tait told them fairy tales and nature interest stories. A letter was read from His Honor the Lieut. Governor of New Brunswick, W. F. Todd, and Mrs. Todd, who sent a special message to the children, six little children sang the stanzas of "O Canada" and the others joined in the refrain.

At Public Library. Fifty-nine children, nearly all boys, heard Mrs. Silas Alward tell about Hirschogel, the Great Potter, at the Free Public Library this morning. Mrs. Alward used maps in telling her story and made the tale intensely interesting. The children were many of them busy in the children's library afterwards, looking up some of the things they had been told by Mrs. Alward.

At St. Vincent's. Miss Margaret Chandler, continued her serial story about "The Golden City" at the story-telling hour at St. Vincent's gymnasium this morning with a good attendance of children. Miss Mary Campbell, physical instructor, was in charge.

SALE OF FISHERIES. The postponed sale of fishing lots owned by the city will be held on Tuesday morning at 10 o'clock in the court rooms, German street.

TO PLAY IN HALIFAX. Miss Audrey Winter, who played here on two occasions with the Carroll Players has gone to take part in the drama, "The Fool," being presented there soon.

ARE REMANDED. Hazel Bond and James Merritt were arrested this morning by Sergt. Ralph Dykeman on a serious charge. They appeared before Magistrate Henderson in the police court this morning and after hearing evidence His Honor remanded them to jail.

SKATING PARTY. Miss Mary Campbell and Miss Janet Fraser, physical instructors at the St. Vincent's gymnasium, took the young people of the intermediate classes for an outing this afternoon to Lake Umbagog. They will return to the gymnasium at the tea hour, where Mrs. M. J. McGrath, convener of the physical committee of the Catholic Women League, will provide a treat for the party.

13 Mile Tunnel in California Finished

NEW YORK, Feb. 21.—Final blasts in the world's largest tunnel for hydro-electric purposes practically completed yesterday. The tunnel, which will unite the flood waters of Florence Lake and the storage waters of Huntington Lake, in the San Joaquin Valley of California, is thirteen and a half miles long, fifteen feet wide and has cost the Southern California Edison Company \$1,000,000. It is 10,000 feet below the peak of Keeler Mountain, in the Sierras.

SPED BOAT WRECKED.

PALM BEACH, Fla., Feb. 21.—One of Gar Wood's famous speed boats failed to take a turn in the East Coast inland waterways near Boynton, 14 miles south of here yesterday, when the shaft broke, snapped a four-inch tree, and was wrecked in the undergrowth.

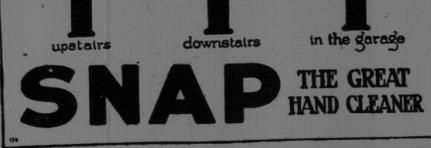

PAPER MILL RESUMES.

MONTREAL, Feb. 21.—International Paper Company has resumed operations at its Wilder, Vt., newsprint mill, which was closed last July. All mills are operating now, except Falls Falls and Woods Falls. The latter is expected to remain closed indefinitely.

FLASHLIGHT ALARM.

WASHINGTON, Feb. 20.—A new type of burglar alarm has been invented, which will set alarm bells ringing whenever any light is flashed in a bank. Tests have proved that a small pocket flashlight flashed in a dark room will cause the alarm to work.

C. N. R. SPECIAL TRAIN TO LEAVE WEDNESDAY WITH OTTAWA ENVOYS

Will Carry Passengers From St. John and Points East, Including Nova Scotia and Prince Edward Island, For One-Way Fare For Round Trip

GEORGE L. WARWICK, chairman of the transportation committee, issued the following statement last night relative to the transportation via the Canadian National Railway of members of the Maritime Provinces delegation that will go to Ottawa on Wednesday, next, where on Thursday they will impress upon Parliament the importance of an all-Canadian transportation policy to promote the prosperity of the whole Dominion:

To the Delegates: St. John City and East of St. John. Arrangements have been made with the Canadian National Railway to handle the New Brunswick delegation from points east of St. John including north of Moncton along with the Nova Scotia and Prince Edward Island delegates. Round trip tickets will be issued at one way fare going Wednesday, Feb. 25, only, with return limit to reach destination not later than March 2.

FULL ARRANGEMENTS ANNOUNCED MONDAY. Fare from points between St. John and Moncton, including Moncton, \$21.30. Proportionately low rates from all other points.

Definite train arrangements will be announced Monday. All applications for sleeping car reservations from stations in New Brunswick should be made to local ticket agent. N. B. Mr. Warwick regretted that it was impossible to make any definite announcement respecting the Canadian National train arrangements for this evening's paper, but said that everything would be arranged to the last detail and would be published in The Times-Star on Monday morning.

HOURS OF SHOWS FOR "PETER PAN"

Big Crowds Expected—Only One Committee—Continuous Ticket Sale.

The Imperial showing of Sir James M. Barrie's fantastic story, "Peter Pan" next week is eliciting so much general public interest—old and young alike—that a clear understanding as to the length of the run, hours of showings, etc. is set forth herewith.

On Monday and Tuesday this ten-reel picture will be shown three times daily. There will be only one matinee commencing at 2:30 and two evening shows beginning at 7:15 and 9 o'clock. There will be no orchestral concerts, as of late, due to the length of this picture. Doors will be open at 1:45 and at 6:30 and tickets may be procured at meal hours for the benefit of business folks who want to avoid the evening rushes.

On Wednesday and Thursday the Universal feature "Turmoil" will be shown beginning at 2 o'clock and at 3:45 (when the schools are out) "Peter Pan" will be shown again for the benefit of schoolchildren. This will make a grand double bill for Wednesday and Thursday afternoons. In the evenings of these days "Turmoil" will have two showings with the usual orchestral concert between. If further showing is necessary notices will be made during the week.

The usual scale of prices—No advance whatever.

NON-SUPPORT CASE.

Frank Fowler pleaded not guilty to a charge of non-support of his wife before Magistrate Henderson in the police court this morning. His wife, Mrs. Katie Fowler, gave evidence. The accused was represented by G. H. V. Belyea. The case was set over until Wednesday at 11 a. m.

In Parliament Today

THE SENATE stands adjourned until March 10. IN THE HOUSE—The day was spent in estimates for the Department of Agriculture for the fiscal year ending March 31, 1926. A vote of \$200,000 for the fruit industry development and vote of \$295,000 for seed, feed and fertilizer control, were passed. The sum of \$15,000 was voted for experiments in diphtheria. The main vote of the evening was of \$1,280,000 for livestock administration.

CHINESE WIDOW AND BABY ARE STRANDED

Brought Here From Montreal, She Finds Difficulty in Getting to Homeland.

What to do with the little Chinese widow, Chin See, and her chubby almond-eyed baby who is a problem that is wringing the hearts of local Orientals.

The demure little woman is a guest of an elderly Chinese resident, neater of the colony, having been brought here from Montreal for shelter when it was discovered she was destitute.

Wants To Go Home. Chin See, a woman of apparent refinement and well educated in her native language, though unable to talk English, is the widow of Harry Finn. He was known in business in different parts of the Maritime Provinces as Harry Finn. She senses her position keenly and sobbingly pleads to be sent back to her mother in the Flower Kingdom.

This is just where the problem begins. Local Chinese, who have interested themselves in her behalf feel they cannot raise the \$300 necessary to send her and her baby safely back to China and have been seeking assistance from the Federal Government through the Controller of Chinese Immigration.

Dr. MacLaren Interested. The Ottawa official, who has been in touch with Dr. Murray MacLaren, M. P., of this city, on the subject feels he cannot exercise any official influence in the case as Canadian laws governing Chinese citizenship deal only with immigration, not emigration. There is no provision in the enactment for repatriating people at Government expense.

Her Baby Colony Pet.

And so little Chin See plines away in the hospitable quarters of the fatherly old Chinese—a relative—and good-hearted fellow countryman pay her incidental bills. The Chinese baby, who toddles about with his "big brothers," He wants for no goody or playing. There is a lot of real humanity shown for the widow and her baby and a few well-known St. John people are assisting the laundrymen in trying to bring about a happy solution of the case.

MUCH INTEREST IN PONY CONTEST HERE

Local Merchants Are Co-operating With Theatre in Novel Project.

Considerable interest and excitement has been aroused by the offer of a local theatre to give away a live pony to the child who can secure the largest number of votes. These votes are secured by the children, parents or friends, from a great number of local stores, who are displaying a distinctive banner. Excitement among the children runs high and many of the older folk are working hard to secure votes.

The pony is the main objective in this contest, but approximately 40 merchants have donated other prizes. A contest along these lines has just been completed at Halifax, and the winner received over 4,800 votes.

C. G. I. T. GROUPS GIVE PAGEANTS IN 2 CHURCHES

St. Andrew's and Main Street Girls Entertain Many Visitors

PROGRAMMES ARE GREATLY ENJOYED

Development of Organization Ideals is Shown in Illustrated Numbers.

The C. G. I. T. groups of the Main street Baptist church and St. Andrew's Presbyterian church gave programmes last night in demonstration of the ideals and activities of C. G. I. T. Large audiences attended and gained a new realization of what C. G. I. T. means to the girls and what it accomplishes for them and for the community.

The entertainment programme given by the St. Andrew's church groups opened with lantern slides illustrating the Canadian Girls in Training programme with the fourfold development of the girls: the "Sunrise" group of intermediates, of which Miss Nan Porteous is leader, presented the pageant, "Such Stuff as Dreams Are Made of." Those taking part were Helen Christie, Isabel McAllister, Dorothy Stackhouse, Phyllis Stackhouse, Forth McGeech, Roberta Porteous and Myra Scoble. The demonstration of the four aspects of the C. G. I. T. programme was in charge of the O. B. Useful group, of which Miss Alice Scoble is leader. For the physical side of the Sunrise group gave some neatly executed physical drills, all of the 18 members taking part.

Devotional Exercise. The devotional side was shown in the presentation of the pageant, "Ruth," which was impressively carried out by the following members of the O. B. Useful group: Florence Christie, Isabel Coutts, Mary Coutts, Audrey Nixon, Zella McKenzie, Amy Gill, Annie Arbor, Beatrice Corbett, Margaret Porteous and Ruth Scoble with Genevieve Chisholm, Oretta Martin and Frances Wittrien of the Sunrise group. During the presentation of the pageant, Miss Frances Murdoch sang. The intellectual side was illustrated by a reading, "The Quest for Jewels," by Miss Emma Colwell. The social aspect was presented in a camp fire scene in which the C. G. I. T. girls took part in a hearty song. "Taps" closed the programme.

The chairman for the evening was William Christie, who presided most efficiently and the tickets were taken by Clara Robinson. Mrs. F. J. Hodgson was the accompanist of the evening.

Deamer, president, was in the chair. Emily Brown gave a reading, and the pageant of "Confederation" was presented. The part of Canada was taken by Miss Katherine Gray. The others in the pageant were Rhea Peters, Pearl Capson, Alice Merrill, Kathleen Crawford, Vivian Foster, Rachael McBay, Helen Thomson, Mabel MacDonald, Florence Burpee, Ruth Watters, Marion MacLean, Helen Dunham and Marion Cowan. Mrs. R. A. Jamieson, former president of the Girls' Work Board, gave an address. Miss Katherine Gray gave a piano solo.

ACADIA CO-EDS WIN

WOLFVILLE, N. S., Feb. 21.—Acadia co-eds defeated Mount Allison ladies in an intercollegiate basketball league game played here last night by a score of 86 to 11. In preliminary game Acadia University defeated Pine Hill, Halifax, 82 to 17.

LUNenburg WINS

LUNenburg, N. S., Feb. 20.—Lunenburg defeated Crescents, of Halifax, 4 to 2 in the first of their games in the semi-finals for the Maritime amateur hockey championships played here tonight.

The first bottle factory in America was established at Glasboro, N. J., more than 150 years ago.

HER NERVES SO BAD SHE COULD NOT SLEEP

Mrs. Grace Kitchen, St. George, Ont., writes:—"After having a severe attack of pneumonia I was left in a weak and run down condition. My nerves were so bad I could not sleep nights, and in the day time I had terrible fainting spells, caused by my heart being weak. Finally I got so bad I had to take to my bed for weeks at a time, but one day I read about

MILBURN'S HEART AND NERVE PILLS

so decided to try them. After taking one box I felt a slight improvement. I have now taken five boxes, and I have gained 85 pounds in weight. I am now more than able to do all my own housework as well as considerable outside work. I cannot recommend Milburn's H. & N. Pills too highly for those suffering as I did."

TO BUILD SUBWAYS

TOKYO, Feb. 20.—The Tokyo Municipal Government applied recently to the Department of Railways in the national government for a permit to construct 49 miles of subways in this city. It is estimated the cost of construction will be approximately \$100,000,000. The plans are to be completed by 1940.

DISEASE ATTACKS BIRDS

BRIDGEPORT, Neb., Feb. 20.—Attacked by some mysterious disease, snowbirds in the North Platte river valley of Nebraska are dying by thousands, farmers report. Large droves were found dead on the snow. Chemists have analyzed some of the birds in attempts to discover the nature of the disease, so far without result.

TREES OF VIENNA

VIENNA, Feb. 20.—In the streets of Vienna there are trees enough to make a small forest if they were placed together on one spot of land. According to the latest figures of the municipal government they number 89,000.

For many years past Vienna has been known as one of the world's most beautiful cities.

ST. JOHN MAN IS PROMOTED AGAIN

S. P. McCavour Becomes Controller of Dominion Currency at Ottawa.

Word was received here last night that Samuel Perry McCavour, who for several months had been assisting in the office of the Comptroller of Dominion Currency in Ottawa, has himself been appointed comptroller. Mr. McCavour, who is a St. John man, began his career with the Finance Department in the Savings Bank here. About two years ago he was transferred to Toronto to act as accountant in the Government office there. He was later placed in charge of the office and subsequently moved to headquarters. Mr. McCavour's appointment was announced yesterday.

His Career. S. P. McCavour began work in connection with the Finance Department of the Dominion in 1907 in the office of the Dominion Government Savings Bank and assistant receiver-general, Princess street, St. John. George Robertson at that time was the assistant receiver-general. Mr. McCavour continued as accountant at St. John under Robert Maxwell, H. M. Wetmore and the present assistant receiver general, John E. Wilson.

Under the old system of Government appointments, promotions were not in order beyond positions. Some time ago Mr. McCavour was taken to Toronto to act as accountant in the Government office there and on the resignation of the chief, was placed in charge, and his appointment confirmed by the Civil Service Commission.

Toronto is the largest office outside of Ottawa dealing with financial affairs of the Dominion. Mr. Hyndman, Comptroller of Currency since the death of J. E. Bourke, another St. John man who also began in the Dominion Government Savings Bank here, has been promoted to the position of assistant deputy minister of finance, and Mr. McCavour for some few months has been assisting at Ottawa in the Comptroller's office.

There is a Difference and Babies Show It

Doctors, nurses and mothers repeatedly observe the rapidity with which babies respond to Eagle Brand feedings.

Any bottle-fed infant will do better on it, though the improvement is more quickly noticeable in the case of babies who have been failing.

If regularly given proper feedings baby begins to grow and develop at once. His weight increases, he sleeps better and is happy and contented.

Do not experiment with foods. If you cannot nurse baby put him on Eagle Brand at once. It has been 58 years on the market and is recognized as the leading infant food.

ST. JOHN, N. B., FEBRUARY 21, 1925

HIGH TIDE

With the St. John delegation increasing every hour and now rising toward the two hundred mark, with similar enthusiasm and activity throughout the Maritimes and daily evidence of intense interest and hearty approbation...

For weeks past, but more and more impressively during the last week or two, the attention and interest of the whole country have been fixed upon the Maritime campaign, in which these provinces by the sea have given all Canada an example of constructive leadership...

In numbers, in enthusiasm, and in sincere desire to bring about, not at some distant day but in the very near future, the adoption of practical measures to build up our own railways and ports and so to give a new measure of prosperity to the whole country...

CONVENTION CITIES

With the opening of its new hotel St. John may confidently expect not only to enlarge its tourist traffic very materially in a general way, but also to be selected as an excellent place in which to hold conventions...

Toronto, where the third annual meetings of that city's Publicity Bureau has just been held, is an example of what can be done in the matter of conventions secured largely through publicity.

These are eloquent figures, and they should stimulate St. John action along the line which Toronto has found so profitable.

ASTONISHING MINORITY RULE

The tail continues to wag the dog in Russia, and it is a very short tail at that. The Communist party is said to number somewhat less than 600,000; but actually there are not more than 400,000 Russian Communists who are active and in good standing...

Russia, after a blood-bath without parallel in the world's history, is controlled by an oligarchy, and the toiling peasants, if obedient prophets are correct, are steadily resisting the oppression from Moscow and will compel the ruling faction to further abandon the application of Bolshevik doctrines...

Odds and Ends Letters to The Editor

"You never know what you'll find among the odds and ends."—From "Notes by a Wayfarer."

Hobby-horse Stuff

The hobby-horse of the President of the United States is already famous. No recent item of news from the White House has provoked so much talk as the fact that Mr. Coolidge takes his strenuous exercise mounted on a mechanical imitation of a horse controlled by electric wires...

There is no free press in Russia, as it is understood in Western Europe and America. What would be regarded in those countries as independent, harmless newspapers simply cannot be published in Russia. The censorship is very severe, even over publications that seem to have a Communist character.

The New Diplomacy

After the exhaustion of a general election our own land has become a country without a history. Nothing happens like a London fog. What really has happened, almost unperceived, during these weeks of silence, has been a comprehensive change in foreign policy.

Less Talk

Parliament should meet earlier—a month earlier than this year—the license to talk should be materially curtailed, and important legislation should be brought down in good time.

Putting It Bluntly

The fact is, to put it bluntly, that there is a fear in England, shared by Conservatives, Liberals and Labor alike—though the Protocol has its supporters in all these parties—that the Protocol is in intention and effect an instrument devised by France and Czechoslovakia to commit Great Britain and the British Dominions to a permanent guarantee of their war-boundaries as fixed by the Treaty of Versailles.

At Last!

The Princess Street Area

To the Editor of The Times-Star: Sir.—The report in The Telegraph-Journal relative to the erection of the proposed garage on Princess Street we believe, a rather one-sided exposition of the question at issue.

Briefly stated, our case is that the rate-payers who signed the much-discussed petition, have done so, firmly believing that the erection of a garage in an already congested district is not conducive to the principles embodied in the word safety.

It is not necessary to consider the "fire-proof" construction of the proposed garage, which it is assumed will be approved by the Building Inspector, the Fire Marshal and others.

All good citizens, we feel sure, appreciate the spirit of philanthropy which prompted Mr. George A. Cameron in his hypothetical case reported in the dailies and which would have the one result: "To assist at this time in giving any relief to the labor situation."

The whole discussion resolves itself into this: If the residential section of the best locations in the city is to be further dangerously menaced by the erection of a garage in its midst—fire-proof or otherwise—then we are of the opinion that the propaganda of fire prevention boards is simply so much twaddle.

Yours very sincerely, JOHN J. WOOD, O. P. OLIVE, J. W. DANIEL, St. John, Feb. 20, 1925.

RUM STOLEN FROM BONDED WAREHOUSE

Fourteen Cases Removed From Halifax Storage Place, Official Says.

HALIFAX, Feb. 20.—Fourteen cases of liquors, valued at \$425, were stolen from bonded warehouse No. 4 on lower Water street, some time between Dec. 20 and Feb. 2, according to a statement made today by William R. Wakeley, chairman of the Board of Vendors' Commission.

There are two locks of different designs on the entrance to the warehouse, one key being held by the Customs and the other by the vendors.

THEY TRIED TO GIVE ELECTRIC RANGES AWAY

Winnipeg Hydro Commission Gives Up Attempt to Supplant Gas, with Electric Cooking.

The story is told in the "Electrical World" under date of February 14, 1925.

As it will be of interest to St. John people, we quote:

"Winnipeg Hydro Commission Halts Its Campaign to Install Electric Ranges"

"The plan for increasing consumption of electric energy, by furnishing ranges without cost, but with a double charge for energy used, which, as told in the Electrical World for October, 1924, as tried by the Hydro Electric System of Winnipeg, Manitoba, has been discontinued, at least temporarily, the City Council having been convinced that it meant an annual loss to the city."

And so Gas Cooking and Water Heating leads the way in Winnipeg.

The Hydro Commission tried to give Electric Ranges away— And then found it couldn't be done. Meanwhile the use of Gas Ranges was increased by 217 per cent. and water heaters by 480 per cent.

Gas The People's Choice

In St. John, today, there are 1,600 Gas Ranges in use. And not more than 30 Electric Ranges.

St. John Housewives overwhelmingly endorse the Gas way. It's the choice of the Thrifty.

We have Gas Ranges to suit every purse, from \$18 up.

FOLEY'S PREPARED FIRECLAY FOR LINING YOUR OWN STOVE

The Health Commissioner of Chicago gives that a rather unfortunate certificate of character by saying that the air there is so filled with smoke, soot, dirt, gases and other pollutants that more of the people die because of the contaminated air than from all other causes.

Little Margaret Davis, who saved six children from death by fire in her North End home last night is the sort of heroine whose courage and self-sacrifice should have admiration. St. John has honored many brave acts in days past, but few of them were marked by greater devotion and gallantry than this little girl displayed under truly appalling circumstances.

Hon. Dr. Pugsley's condition is causing grave anxiety among a circle of friends and admirers all over Canada.

MOTHER INJURED IN FALL DOWN STAIRS

Much Damage Is Done to Three-Story Dwelling in Main Street.

The cool-headed action of a frail-looking 12-year-old girl, Margaret Davis, prevented a tragedy in a fire which broke out early last evening at 163 Main street, when she safely guided six little children through dense smoke down a long flight of stairs onto the street, at the same time carrying an 18-month-old baby with one arm and holding a lighted oil lamp by the other.

Without a moment's hesitation, Margaret calmed the cries of the little ones, picked up the little baby and, carrying the lamp in one hand, commenced the march through the smoke to safety, six of the children following her, and Mrs. Mott's children following their mother.

The fire broke out suddenly about 8:30 in the three store buildings which is the property of J. E. Cowan. The origin of the fire is unknown, the loss is estimated at \$7,000, all covered by insurance.

The building is occupied on the ground floor by the Standard Creamery, conducted by F. M. Logan, with the office and sales room at the front and the pasteurization and store room in the rear.

James Mott and Kenneth Davis are out of the city working. Mrs. Mott was at home looking after four children, while Mrs. Davis does housework outside every day and leaves her six children alone in the house with 12-year-old Margaret in charge.

F. M. Logan, proprietor of the standard Creamery and pasteurization plant, stated last night that his loss was fully covered as he carried \$12,000 insurance. He said that his chief damage was in the front of the building, to the fixtures in his office and sales room, while in the rear, where is situated his pasteurization plant and storeroom, there is very little damage.

The heroic manner in which Margaret Davis conducted herself last night was highly commended by the large number of people who assembled. She is a frail looking little girl, but it was, indeed, through her bravery that some of her little sisters and brothers were saved from death.

FAIRVILLE CHURCH ENDS CELEBRATION

Louise Lewin Mission Band Takes Charge of Interesting Programme.

A very pleasing concert by the Louise Lewin Mission Band of the Fairville Methodist church last night marked the close of the observance of the sixty-seventh anniversary of the church and was attended by a large audience.

The programme opened with the hymn "When He cometh" and prayer was offered by Rev. J. M. Rice. The members of the band repeated that portion of scripture which is known as the missionary "Marching Orders" and then repeated in unison the 23rd Psalm.

Those who took part in the choruses were Muriel Craft, Hazel Craft, Gladys Scott, Hazel McCumber, Reta Seargant, Pansy Bunnell, Evelyn Seargant, Dorothy Rice, Mary Kelly, Shirley Brownell, Audrey Purcell, Pauline Parnell, Marie Lester and Thelma Byers.

Says She Suffered For Seven Years

THEN DODD'S KIDNEY PILLS RELIEVED HER OF HER TROUBLES.

Mrs. Nellie Bagan Found No Relief in Her Hospital Treatment, But Dodd's Kidney Pills Brought Speedy Relief. GILBERT PLAINS, Man., Feb. 20.

"(Special.)—I have been using Dodd's Kidney Pills at different times and must say that they are the best for those who suffer from kidney troubles. I had a lot of trouble for seven years and I was in hospital for quite a while, but it did not do me much good. I feel quite different now since I have been taking Dodd's Kidney Pills. I would advise every man and woman who has a trouble from head to knee to try them." This statement comes from Mrs. N. Bagan, a well-known resident here.

Dodd's Kidney Pills as a tonic and family medicine are without an equal. When you feel tired and run down the chances are ten to one that your kidneys are at fault.

Young robins do not have the traditional red breasts; they are buff spotted not unlike miniature thrushes.

AVIATOR PLANS TO SCALE EVEREST

Alan Cobham Now Considering Trip to Storm Swept 'Roof of World.'

LONDON, Feb. 20.—Will the secret of Everest, which has hitherto eluded man, be solved by an airman? This question is prompted by the news that Alan Cobham, the "taxman of the air," who flew from London to India with Air-Vice-Marshal Sir W. Sefton Brancker, has reached Darjeeling, the Everest base, by aeroplane. His intention is to reconnoitre, by air, the towering snow-capped mountain.

There has been an increasing number of women lately whose hair is falling out, says the ladies' hairdressers. For months the thousands of women have been wearing a hat from the early morning until the evening and are now surprised to see signs of approaching baldness.

The expression "not worth his salt" dates back to the time when salt was used as a medium of exchange or money.

Addresses Teachers

DR. GEORGE T. TRUEMAN, President of Mount Allison University, who spoke before the St. John Teachers' Association last night.

MT. A. PRESIDENT MEETS TEACHERS

Dr. George T. Trueman Speaks of Intelligence Tests for Children.

The St. John Teachers' Association was privileged last night to hear Dr. George T. Trueman, president of Mount Allison University, give the address on "Intelligence Tests," which he had given previously in St. John before the Engineering Institute.

Dr. Trueman spoke of the importance of intelligence tests and the average of marks in the half yearly examination of the freshmen class at Mount Allison last year showing the practical application of the working out of the theories of the psychologists.

He also took occasion to pay a high tribute to the instruction given in the St. John High School, saying that the high standard attained by pupils from the St. John High School at Mount Allison in recent years had been good evidence of the excellent grounding they had received.

Dr. Trueman leaves this morning on the Digby boat for Yarmouth, where he will give an address at the Y. M. C. A. on Sunday afternoon.

WOMEN'S COUNCIL BRIDGE IS SUCCESS

Big Social Event in Pythian Castle Attended by More Than 200.

Lieutenant-Governor and Mrs. Todd, who so kindly lent their patronage to the bridge given under the auspices of the Women's Council, regretted being unable to be present in the Pythian Castle last evening when the bridge took place. It proved to be one of the most enjoyable social events of the week.

The guests, who numbered over two hundred, were received by Mrs. E. Atherton Smith, who wore a beautiful cloth of silver gown over powder blue crepe and a handsome blue Spanish shawl, embroidered with rose, and wore sapphire and diamond jewels.

Prize Winners. The prize winners were as follows: Ladies' first, Miss M. Corkery; second, Mrs. J. L. Towse; consolation, Mrs. H. Dev. Partridge; gentlemen's first, J. L. Towse; second, R. P. Cowan and consolation, H. B. Peck.

Plunkett's Organization Given Sole Right by Authorities to Use Title. Theatres along the route of Capt. Plunkett's Dumbbells Company—a route which begins next week in Vancouver and ends in St. John's, Newfoundland, on June 22—have been addressed by a Toronto legal firm warning them that any bills or advertising used for a rival organization employing the words "Dumbbells" or "formerly the Dumbbells" will be liable for damage.

Both Companies Coming East. This is an interesting sidelight on the business matters of the soldier showmen with whom St. John people are so familiar. The company against whom Capt. Plunkett's organization has taken this action contains some of the former Plunkett party, with a considerable number of newly added members. That company is playing in the far west now and is seeking engagements for an eastern tour in the spring. The Dumbbells will play in St. John early in June. A. J. Bonnell, St. John boy, son of Mrs. A. L. Bonnell of Ketepec, in the C. P. R. suburbs, is contracting manager and advance man for the newly organized company.

Weddings

Fitzgerald-Campbell. FREDERICTON, Feb. 20.—The wedding of Mrs. Zuma Campbell, of Devon, and John Fitzgerald, of St. John, was solemnized Thursday night at St. Anthony's church, Devon. Rev. Fr. Conway performed the ceremony. The bridegroom is a well known commercial man.

Deaths

Jeremiah O'Regan. Jeremiah O'Regan, formerly of St. John, passed away yesterday at St. John's hospital, Mass. He is survived by two nieces, Mrs. W. J. Hogan and Miss Molly Goggan, St. John and three nephews, William and James Goggan and Henry O'Regan of this city. Burial will be made in Charlottetown.

Louis B. Mayer, formerly of St. John isn't going to transact business in New York. If he can help it, says Mayer, he wastes too much time. So Nicholas Schenck and Robert Rubin, O. Metro-Goldwyn. Are coming out to see him. In a week or so.

Manchester Robertson Allison Limited. KINGS STREET, GERMAIN STREET, MARKET SQUARE. Little by little this store's stocks are taking on a spring-like appearance. Own a Hoover This Spring. Housecleaning—that necessary evil, can be easily overcome if the Hoover is part of your Housekeeping equipment. Hundreds of Hoover owners in this city will tell you that they couldn't get along without this wonderfully efficient labor-saving machine now. It keeps the floors immaculate at all times and does away with periodical house-cleaning spells to a very great extent.

The Hoover actually prolongs by years the life of rugs and carpets. It cleans them in a way that imparts to them a longer life of beauty and wear.

We will gladly call and demonstrate the Hoover to you, without obligation on your part. Demonstration will show you just how thoroughly it removes dirt, straightens up nap and freshens color.

Call Main 2400, Electrical Dept., and ask for demonstration.

Fables On Health

CUT OUT THE WORRY.

SOME people may be thin because they are too active. One of Mrs. Mann's neighbors was like that. He worked in an office, and though the position he held was not the most important in the organization, he felt that it was, at least, and worked under too great a tension.

For this kind of people there is no chance of gaining weight through a diet unless they can arrange to rest more or work less, or dispense with the feeling that the weight of the universe rests upon their shoulders.

Nervous indigestion often results in cases like this. Then the stomach cannot digest food, and the more one eats the worse the condition becomes. In such a case it is better to rest frequently and to eat very simple foods, and only as much as can be digested of milk, vegetables, bread, cereals, eggs and fruit.

If milk is the only thing that can be taken without distress, then milk should be the only food, but in such cases a physician should probably be consulted.

A Vest For Milady

WOMEN borrowed the idea of a vest from men, but revised it into a very feminine sort of an article. Here is one that is a cross in white satin bordered with black ribbon. What it really does is to cover the awkward meeting of the blouse and skirt and keep the straight silhouette that is the rage. It is equally appropriate with a white pleated skirt or with the tailored suit.

Adventures of the Twins

By OLIVE ROBERTS BARTON.

THE CHIPMUNKS FIND THEIR MONEY.

Chipmunk and his wife, and Peg Leg, the peddler, and Nancy and Nick, the Twins, all hurried back to the dining room.

Mrs. Chipmunk reached up on the mantel shelf and took down the old tea pot and taking off the lid, held the tea pot under her husband's nose.

"See!" she cried. "The money's gone, and who else could have taken it but you?"

"Honest to goodness, I didn't, Clorinda," said Chirk. "That money was for a rainy day, and although it looked like rain today I never touched it. Some one else took it."

"But you have a lot of money," said Mrs. Chipmunk. "How could you buy me a birthday present if you hadn't?"

"I went out and earned it," said Chirk. "Honest to goodness I did. That's why I didn't do the lunch dishes. When the peddler and the Twins came, I thought, 'Now's my chance to get out and earn a little money without Clorinda knowing it—and surprise her.'"

"Well, I'm sorry I was so hasty," said Mrs. Chipmunk forgivingly. "But I did get such a turn when I found the money gone. I couldn't quite get over it."

"But who took the money?" said Nancy.

"That's it! Who?" repeated Mrs. Chipmunk. "Someone saw Chirk go out and knew I would be busy looking at Mister Peg Leg's bargains, and they've slipped in the back door and out again. Who could it have been?"

It was a great mystery.

"How did you earn your money, Chirk?" asked Mrs. Chipmunk, kindly, for after all the little chipmunk lady was pleased that her husband had remembered her birthday.

"It was this way," said Mister Chipmunk. "Old Daddy Cracknuts lost some of his nuts down a little hole in the tree where he lives. Mrs. Cracknuts and the boys were away and Daddy is too fat to get into places where he used to be able to go, so he asked me to help him get the nuts out. He said he'd give me half a dollar if I'd go. That's where I've been."

HAD BOILS ALL OVER HIM

There is only one way to get rid of boils and that is by going right to the seat of the trouble—the blood—as the bad blood must be made pure before the boils will disappear.

BURDOCK BLOOD BITTERS

cleanses the system and removes all the foul matter from the blood in a way that few medicines will do.

Mrs. Chas. Rankin, Bulyca, Sask., writes—"A few years ago my husband had a terrible time with boils. On one arm he had 16 between his elbow and wrist; five on the back of his neck, and several more on different parts of his body. He tried everything he could think of, but got no relief until he took Burdock Blood Bitters, and to his surprise it completely relieved him, of his boils, in a very short time."

WANTED-INVENTIONS

During the past 14 years we have patented thousands of inventions for clients and placed them before the manufacturers, who are constantly requiring from us as to new inventions of merit. Recently we patented an oil can from which he is receiving several thousands of dollars annual royalty. Another client patented a simple plumbing fixture, returns from which should total \$25,000. Getting the largest financial return from your invention greatly depends on the attorney employed. Besides our many individual clients, we are retained by many of the largest companies, who realize the importance of having competent and reliable attorneys at Ottawa (where the Patent Office is located) as skillful preparation and personal prosecution is most essential in the obtaining of patents that fully protect. Fortunes have been lost by delay and failure to take advantage of patent protection. We will assist you to turn your ideas into a financial return. Our report as to patentability and commercial possibilities sent (without charge) on receipt of sketches and model, with description. Our Patent Protection booklet tells THE SECRET TO SUCCESS. Plain Facts

about STUDEBAKER'S record-breaking new model sales

STUDEBAKER sales in Canada, as in the United States, for the last quarter of 1924 were the greatest in history.

Studebaker's January sales in Canada established a new high mark, eclipsing all previous January records.

Shipments for the first twelve days of February were 193 per cent greater than the same period of 1924.

And orders for March from dealers throughout Canada (mostly covering cars sold for Spring delivery) were 436 per cent greater on February 12th than on the same date last year.

These facts and figures tell their own uncolored story—of how the Canadian public has placed its unqualified approval on the 19 new Studebaker models!

Before you buy, see the new Studebakers; compare them in every way with any other car you may be considering; and in particular, compare the prices:

Western Cities Urge Ottawa To Limit British Preference

CALGARY WILL FOLLOW LEAD OF VANCOUVER

Maritime-Born Campaign Is Being Heartily Endorsed in West

MISSION REVEALS NEED OF UNITY

Alberta Paper Urges End to Export of Canadian Brains.

By A. M. BELDING.

Special Representative of The Telegraph-Journal and Times-Star, now touring Western Canada in the interests of the Maritime Provinces.

CALGARY, Alta., Feb. 20.—The Vancouver Board of Trade Council yesterday unanimously adopted this resolution: "In the opinion of the Council of the Board, the British preference should apply only to goods brought through Canadian ports."

J. B. Thomson, past president of this Board, is being wired to be on hand to join delegation at Ottawa on Feb. 26.

The Calgary Board of Trade Council will discuss the question next Wednesday and will undoubtedly adopt a similar resolution.

More than three hundred members of the Board and of the Maritime Provinces' Association gave me a splendid reception at luncheon today, and after my message had been read, President Fred Osborne declared he had no doubt the council would favorably respond to the appeal of the Maritimes.

All Sympathetic Toward Cause.

Of all who came forward to greet me after the luncheon, every one declared sympathy with our cause. I was introduced by President Osborne and Frank R. Freeze, president of the Maritime Provinces' Association, more than a score of whose members gave me a hearty personal greeting.

The meeting is said to have been one of the largest in point of attendance ever held here, and it was held in a hall which is being used for the purpose of the Maritimes.

The Calgary Herald tomorrow will say: "Canada needs to display in this time of peace the same resourcefulness and courage that she displayed in war. Canada will win prosperously only by fighting for it. Canadian communities will not thrive as long as we send our Canadian raw materials, our Canadian traffic and our well-educated young Canadians to the United States. A national policy that will keep all these in Canada is what is wanted for the upbuilding of this Dominion."

Need of National Unity.

"If the St. John Telegraph-Journal's mission to Western Canada has done nothing else, it has focused Dominion-wide attention upon the need of national unity and concerted national effort in behalf of all sections of this country."

The Maritime Provinces are hemmed in by the sea, by the United States border and by high freight rates to the west. The open ports of St. John and Halifax have had to stand by and see the port of Portland, Me., built up by Canadian traffic hauled by Canadian railroads. The British preference is employed to bring goods to Canada by way of American ports.

Decreasing Influence.

"Dominion immigration authorities have neglected the provinces by the Atlantic in placing new settlers. With decreasing population these provinces have suffered a steadily decreasing representation in the Dominion Parliament. What wonder that their patience is exhausted and that they cry out for national consideration of their situation."

"They do not propose secession. The Maritimes are thoroughly Canadian"

Ford Will Preserve Tools Edison Used for Inventions; Wizard Going to Scrap Them

United Press Despatch.

FORD MYERS, Fla., Feb. 20.—Ford's Museum at Detroit will have a separate room housing the tools and machinery with which Thomas A. Edison perfected many of his inventions.

Henry Ford bought the material from W. F. Ross, a blacksmith in Edison's employ, who purchased them for a song from Edison himself about six years ago, when the electrical wizard was about to throw them into the bay, believing them useless.

The equipment is being crated and shipped to the museum in Detroit, where Ford is collecting relics of pioneer inventions.

Woman Has Right To Set 'Em Up Says Judge

KANSAS CITY, Mo., Feb. 21.—"Cake-eaters" will be glad to learn that the law doesn't prohibit a woman from buying the drinks or ice cream, even though society does consider it a bit of a "faux pas."

An observing policeman arrested Mrs. Virginia Kahn, manicurist in a soft drink parlor where she was buying drinks for six gentlemen friends.

"That's her business," Municipal Judge Kilroy said, rebuking the officer. "A woman has a right to set 'em up if she wants to."

DECLARES CANADA IS ASKED TO LEAD

Oxford Professor Says Dominion Called Upon to Move First on Protocol.

Canadian Press Despatch.

WINNIPEG, Feb. 20.—Speaking before the Canadian Club here today, Prof. Alfred Zimmerman, of Oxford University, said Canada was being called upon by Great Britain to take the lead in the matter of voting of the Geneva protocol of the League of Nations.

In explanation, Prof. Zimmerman said that the opinion in Great Britain was divided owing to reactionary influences which regarded the British Empire as something based upon fear rather than common ideals. He described the protocol as the most far-reaching document ever put forward on the European continent.

Premier Veniot has addressed to each member of the Senate and the House of Commons a personal letter in which he presents the argument in favor of the grant, stressing the fact that the Dominion Government is one of the chief beneficiaries of the network of improved highways made possible by the previous grant in 1919 of \$20,000,000 and designed to be extended should the grant be renewed.

After saying that good roads come under the definition of project undertaken "in the general interest of Canada," and quoting the axiom that those who benefit should pay, Premier Veniot goes on to point out that to date the Dominion has collected as customs and excise duties on automobiles, accessories and parts a total revenue of approximately \$10,000,000.

The part of which is due to improved roads.

Tourist Traffic.

The federal post office department, moreover, makes use of 55 per cent. of the provincial roads for many transportation deliveries or collection, which would be impossible or much more costly were it for highway improvements.

Good roads are one of the strongest inducements for attracting settlers to any district, and are imperative if the policies of colonization and immigration vitally necessary for Canada's welfare are to be carried out.

Highway transportation, while relieving the C. N. R. and other Canadian railroads of unprofitable short hauls, are serving increasingly as feeders of long-haul freight to the railroads.

Mr. Veniot's final argument is the general benefit to Canada from the tourist traffic, which has grown so amazingly in recent years and which brings not only benefits in the expenditure of millions of money within the Dominion but also serves as an invaluable advertising medium for Canada's beauties, its resources and its investment opportunities.

FORD SELLS FORD

Henry Puts Over New One in Despoising of His Railway Bonds.

NEW YORK, Feb. 21.—Henry Ford has uncovered a new trick in railroad financing. For two years railroad executives have watched him try one innovation after another, but they were hardly prepared to hear that Henry Ford, the owner of the Detroit, Toledo and Ironton Railroad, had applied for permission to issue \$1,181,000 of 5 per cent. bonds, which he proposed to sell to Henry Ford, the automobile manufacturer, at par.

Not only will the Detroit, Toledo and Ironton receive a much higher price for the bonds than similar issues of the same railroad are quoted in the open market, but it was pointed out that the surplus funds of the Ford Motor Company can be put to work at 5 per cent. interest, a fair rate in the present money market.

Besides this, Mr. Ford saves the usual commission to the bankers who sell railroad bonds.

Night Caps Return in British Fashion

LONDON, Feb. 21.—Nightcaps, long considered the most antiseptic of fashions, are becoming an indispensable item in the wardrobe of the really smart modern woman.

It is not a glorified edition of the bonnet cap that is now in request. The 1925 nightcap, like that of 1825 and earlier, is doomed during the hours of sleep, and its precise purpose is to keep "down the shivering bile."

SNAIL-SKIN SHOES.

SYDNEY, Australia, Feb. 20.—Snake-skin shoes in all shades and colors are the latest fad here. The custom, however, is quite primitive, as the natives on Cape Barren Island, who preserve in diluted form the blood of now extinct aborigines of Tasmania, often wear footwear made from snake skins.

Hon. P. J. Veniot to Lead in Drive for Renewal of Federal Grant

MONTREAL, Feb. 20.—The Canadian Good Roads Association is marshalling its forces to press its application to the Dominion Government for a renewal of the federal grant of \$20,000,000 to assist the various provincial governments in carrying out their programs of construction of main roads designed to be linked up interprovincially and finally nationally.

The decision to make the application was approved by unanimous resolution of delegates from every province in the Dominion, including several premiers and numerous ministers, deputy ministers and highway executives, at the annual convention of the association, held in June last at St. Andrews-by-the-Sea, N. B., and was reaffirmed at the interprovincial conference of ministers and highway officials held at Toronto in November.

Veniot Heads Delegation.

A strong delegation is being assembled, headed by Hon. P. J. Veniot, premier of New Brunswick and president of the association, and including representatives of each provincial government, to go to Ottawa, at a date during the current session to be fixed by Hon. Mr. Veniot, to urge upon the cabinet the advantages accruing from the proposal and the consideration which should ensure a favorable answer to their appeal.

Premier Veniot has addressed to each member of the Senate and the House of Commons a personal letter in which he presents the argument in favor of the grant, stressing the fact that the Dominion Government is one of the chief beneficiaries of the network of improved highways made possible by the previous grant in 1919 of \$20,000,000 and designed to be extended should the grant be renewed.

REMOVE SAFETY PIN BABY SWALLOWED

Quick Operation Saves Life of Infant Child in Fredericton.

FREDERICTON, Feb. 20.—While sitting upon her mother's knee yesterday afternoon Inez Estey, the 22-month-old daughter of Mr. and Mrs. Charles Estey, 17 Carleton street, picked up a safety pin from her mother's blouse and put it in her mouth, and before the mother could prevent it the child swallowed it.

A physician was at once called and the child was rushed to Victoria Hospital, where an X-ray examination revealed the exact location of the pin. This morning an operation was performed and the pin, which had lodged in the esophagus, removed. The little child stood the operation well and this afternoon was doing as well as could be expected.

The federal post office department, moreover, makes use of 55 per cent. of the provincial roads for many transportation deliveries or collection, which would be impossible or much more costly were it for highway improvements.

Good roads are one of the strongest inducements for attracting settlers to any district, and are imperative if the policies of colonization and immigration vitally necessary for Canada's welfare are to be carried out.

Highway transportation, while relieving the C. N. R. and other Canadian railroads of unprofitable short hauls, are serving increasingly as feeders of long-haul freight to the railroads.

Mr. Veniot's final argument is the general benefit to Canada from the tourist traffic, which has grown so amazingly in recent years and which brings not only benefits in the expenditure of millions of money within the Dominion but also serves as an invaluable advertising medium for Canada's beauties, its resources and its investment opportunities.

The largest dog at a recent London dog show weighed 187 pounds. It was a St. Bernard. The smallest was a papillon that tipped the scales at only two and a half pounds.

REMOVE SAFETY PIN BABY SWALLOWED

Quick Operation Saves Life of Infant Child in Fredericton.

FREDERICTON, Feb. 20.—While sitting upon her mother's knee yesterday afternoon Inez Estey, the 22-month-old daughter of Mr. and Mrs. Charles Estey, 17 Carleton street, picked up a safety pin from her mother's blouse and put it in her mouth, and before the mother could prevent it the child swallowed it.

A physician was at once called and the child was rushed to Victoria Hospital, where an X-ray examination revealed the exact location of the pin. This morning an operation was performed and the pin, which had lodged in the esophagus, removed. The little child stood the operation well and this afternoon was doing as well as could be expected.

More enlistments continue to be recorded in the ranks of the Maritime deputation that will on Wednesday next leave for Ottawa to impress upon the Government the need of routing Canadian trade through Canadian channels in order to promote Canada's prosperity. It is announced that Halifax will be represented by at least 20 delegates and already the number from St. John who intend to go is 197.

Bathurst is the latest New Brunswick town to select its representatives, having yesterday named Mayor Kent, J. H. Dunlop and Angus Moran to complete their delegation. Premier Veniot, who is also a resident of Bathurst, will leave tomorrow and meet the deputation in Ottawa.

Meantime in the west the campaign started in the Maritimes is winning support. The Calgary Board of Trade Council will pass a resolution calling for the restriction of the British preference to imports through Canadian ports and other western trade bodies are likely to follow the example of Calgary and Vancouver.

Encouraging Reports.

At a special meeting of the council of the Board of Trade, members of the City Council and ways and means committee of the Canadian ports delegation yesterday in the Board of Trade rooms, encouraging reports were submitted by the various sub-committees.

George L. Warwick, for the transportation committee, reported that arrangements had been made for a special train from St. John and already it was evident that more than the 125 necessary to get a special would go. He said that the C. P. R

PROHIBITION LAW IS FLOUTED SAYS MAYOR

Comments During Council Meeting Upon Enforcement of Dry Act

NO PART OF FINES TO COME TO CITY

Government Refuses to Grant Petition of Common Council.

Mayor Potts yesterday afternoon placed before the members of the City Council the memorial forwarded to the Provincial Government asking that the Prohibition Act be amended to give the city a part of the fines collected

when the report of the violation was made by a Jobson police officer and the reply of the Government saying that this could not be done at the present time.

Illegal Selling. In the course of his remarks the Mayor said that there never had been any honest effort on the part of the Government to enforce the Prohibition Act and the province of New Brunswick was the most damnable in the Dominion in this respect. The law was openly flouted and in some places open bars were in operation. He guaranteed that if the city were given a share of the fines and the opportunity they would soon stop the present open illegal sale of liquor.

No Use Trying. He said it was no use for the city to try and enforce the law under present conditions and pointed out the experience they had met with when an effort was made to enforce the law against Sunday selling.

Commissioner Bullock said he understood the Government had made some arrangement with the city of Moncton whereby the police were responsible for the carrying out of the law and he felt that St. John should be treated in the same way.

Following will be found the memorial forwarded to the Government: To His Honor the Lieutenant-Governor and the members of the Executive Council of the Province of New Brunswick.

The memorial of the City of Saint John humbly sheweth: That during the past six years the amount of money required to maintain the police force in the City of Saint John has been as follows:

Table with 2 columns: Year, Amount. 1919: \$94,274; 1920: 108,079; 1921: 112,988; 1922: 108,822; 1923: 107,822; 1924: 118,043.

That under the provisions of the New Brunswick prohibition law provision is made for any assistance to the City of Saint John for the expense incurred in carrying out the provisions of that law.

That under the said law prosecutions have to be made by or under the authority of an inspector appointed under the act.

Your petitioner is of opinion that the said law is not at present adequately enforced under the present system and is prepared to undertake through the police force the maintenance of the law provided that such law is so amended as to provide that in cases where fines are collected as a result of information laid as a member of the police force, your city should be entitled to retain one-half of the fines.

In reply to your petition, I beg to state that the Provincial Government is not prepared at the present time to follow the suggestion made in your petition, but we feel that the police force of your city, as well as that of any other city or incorporated town, should co-operate with all other officers in the enforcement of any and of all the laws of the province. I may say that we have had experience of placing the enforcement of the prohibition law in the hands of the police in other sections of this province and such a course did not prove satisfactory or successful. However, as the Government is at present seriously considering the enforcement of the prohibition law in all its phases, the prayer of your petition will receive due consideration when the matter of prohibition will be finally dealt with.

Yours truly, P. J. VENIOT.

Reply From Premier. The reply of the Government was as follows: The Answer.

DENIES REFUSING CANADIAN REPORTS

Gregory Declines Alleged Statement by U. S. Expert

TORONTO, Feb. 20.—W. D. Gregory, K. C., chairman of the commission which investigated the affairs of the Hydro Electric Commission of Ontario, denied emphatically today that any report of the commission relating to hydro affairs had been suppressed.

He declared that, if Samuel S. Weyer, in reporting to the Smithsonian Institution, said or allowed it to be said that such was the case, such statement or inference was absolutely false.

He explained that information regarding the hydro commission he had shown the United States expert a copy of the Gregory Commission report to the Ontario Government. Reports have it that Mr. Weyer, in the introduction of his report, said he was given access to the Gregory Commission's report which had been withheld from the Canadian public.

PRESBYTERY SEEKS PROBE INTO BESCO

Cape Breton Ministers View Industrial Situation With Grave Concern.

SYDNEY, N. S., Feb. 20.—Declaration in favor of the appointment of a commission to investigate British Empire Steel Corporation organization, financial methods and operations, including wage conditions, and the cost of living in this district, is made in a resolution passed by the Presbytery of Sydney.

The resolution as given out by a committee of the Presbytery, sets forth that the Presbytery views with "grave concern," the present conditions in the industrial life in the community, and believes that some immediate action is necessary, "if business and social life is not to disintegrate entirely."

It declares further that many workers are in direst want, and compelled to accept charity in order to subsist, three hundred families in Sydney receiving aid from the relief association.

GENERAL LESSARD IS GUEST OF HONOR

Entertained by Executive of Navy League—To Address Meeting.

Major-General F. L. Lessard, of Toronto, who is to address a public meeting in the Imperial Theatre tomorrow afternoon at 4 o'clock under the auspices of the New Brunswick branch of the Navy League of Canada, arrived in the city yesterday and was the guest of the executive of the Navy League at dinner at the Union Club last night. Other special guests at the dinner were Colonel W. E. Anderson, D.S.O., O.C. of M.D. No. 7, and Lieut. H. Morrison, commander of the St. John Company of the R. C. N. V. R.

General Lessard gave a very interesting talk and spoke more particularly of the cadets, which branch of the Navy League he has made his special hobby. He was very pleased to meet with Colonel Anderson, with whom he had been associated during the South African war.

At the dinner at the Club General Lessard went with Mr. Armstrong to the bridge being held under the auspices of the Women's Council in the Knights of Pythias hall. General Lessard is a recognized authority on military matters, and served with the artillery in the South African and World Wars. He is national chairman of the cadet committee of the Navy League.

"Carnol made us strong and healthy and gave us wonderful appetites," writes Miss Winifred Bartlett

What answer do you get when you ask most people who are ill what their trouble is? Isn't the answer almost invariably, weakness, run down condition, losing weight, dependent, sleeplessness, nervousness, lack of energy, tired, listless, headaches? Carnol has proved, by the thousands of testimonials we have, to be a wonderful remedy for all these conditions. Read what Miss Winifred Bartlett says about Carnol, and what it did for her and her family when they were run down. "One month last winter of us, except father, were laid up with 'flu.' Father was working at a factory and told his chum about our being run down with 'flu.' His chum said that in 1921 his family was laid up with the same thing, so he went to the druggist and the druggist told him to give them Carnol. He said it was good for people who had been ill and were still very weak. This man told my father that it was the very best strengthener and body-builder his family had ever tried in their lives. So dad on his way home went into the drug store and brought five bottles home with him. We all took Carnol until the end of the winter. We found it made us strong and healthy and gave us wonderful appetites. We told our next door neighbour about Carnol for they had a little girl who was very run down and in a weak condition. She just took half a bottle and every one saw a great difference in her even in that short time. I have a little sister who got a very bad cold this winter which left her thin and delicate. Mother went to town tonight to get another bottle to build her up and I know it will do her good. I think everybody should know about this wonderful strengthening medicine. I tell every one I know about it. I have taken lots of it myself and have had great results from it. Carnol is a real body builder and I consider it a wonderful tonic." — Winifred Bartlett, R.R. Montreal Power Advance Features Opening of Montreal Market

NEW YORK, Feb. 21.—Stock prices continued to surge upward at the opening of today's market, with buying of several issues stimulated by favorable developments. Southwestern rail shares responded to reports that a new consolidation was taking shape and pan-American Petroleum issues bounded up as a result of an increase in the dividend. Famous Players jumped 4 1/2 and American Safety Razor two.

Rail Shares Jump

Expanding activity in the rail shares, predicated on expected merger developments, lifted many of the Southern issues to higher ground. Kansas City Southern, Chicago and Alton preferred, St. Louis, Southwestern and Frisco, all of which roads were suggested for inclusion in a new system, were under accumulation and scored substantial gains.

Bullish operations also went forward in various industrials, and specialties, Commercial Solvents "A" mounted 10 points, and Beechnut Packing three, while gains of one to 2 1/2 were recorded by Air Reduction, Pressed Steel Car, American Can, Pan American "B", and American Locomotive. Baldwin's sharp rise yesterday induced profit-taking, and the stock extended 2 3/4 points. Kansas City Southern yielded its gain to two points. Foreign exchanges opened easy.

Montreal Market

MONTREAL, Feb. 21.—Prices were firm during the early trading on the local stock market this morning, the feature being a two-point advance to 178 by Montreal Power, which was easily the most active issue. Next to Power came Winnipeg Railway, up seven-eighths to 42 1/2. The only weak spots were Canada Steamships preferred, which sagged a half to 46 1/2, and Atlantic Sugar preferred, down a quarter to 80 1/2. A few other leaders appearing in small lots only registered fractional advances.

Morning Stock Letter

NEW YORK, Feb. 21.—The market seems definitely to have thrown off all reactionary tendencies for the time being and it looks like higher prices, in the oils and rails mainly. The increase in the Pan American dividend is quite likely to start a new move in the oils. Gen. Elec. Marland, Stetco, Tidewater, Shell Union and the Standards all should sell higher. Rock Island broke through its old high and will go much higher. It is a buy at these prices and on all reactions. Mop. Pfd. Katy Pfd. Pitts and W. Va. and Tex. Pac. all look higher. High grade dividend paying stocks such as N. Y. C. Atchafalaya, So. Ry and Lehigh should also be in demand in the next few weeks. We expect Gen. Leather Pfd and American Hide Pfd to work higher in the next several months. In the rubber group U. S. Rubber and Goodrich are attractive.

THE BUILDING OF THE DOMINION

Battlements of Business-TORONTO

HERE is the focal point, the very heart of the industrial, commercial and financial activities of the wealthy Province of Ontario.

Here, in concrete and steel, is expressed the spirit of progress which typifies this great business centre.

More than half the manufactured products of the Dominion, and 26 per cent of Canada's field crops come from the Province of which Toronto is the political and commercial capital.

The stately Queen City, under the friendly spur of competition from a score of flourishing Ontario cities, affords a fine example of efficiency in manufacturing and trading.

Toronto is a distributing point of more than provincial importance. Her commerce extends to those vast territories, East and West, reached by the Canadian Pacific. The products of her factories go beyond Canada's shores to the markets of the world. So widespread are her activities that Transportation that "spans the world" has become a vital factor in Toronto's future. There is a bond of common interest linking the activities of the Queen City with the greatest of the world's carriers—The Canadian Pacific.

SCANDAL CHARGES IN NATIONAL HOCKEY LEAGUE ARE REPORTED

ACCUSE TIGERS OF LETTING ST. PATS WIN GAME

Hamilton Players When Told of Report Consider It a Joke

A scandal has broken out in professional hockey circles that promises some hot action before the atmosphere is cleared, says Fred Hoy in the Boston Post. All Eastern Canada is steamed up over the charges that the Hamilton Tigers laid down to the St. Pats at Toronto last Saturday night.

First Big Outbreak

Professional hockey, strange as it may appear, has been remarkably free from suspicion, in the zone of its "white" amateur leagues in Canada have been involved in serious charges in past seasons.

Say It Is Sour Grapes

Those close to the pro hockey game assert that it is a case of sour grapes. The fact that the St. Pats are pressing the Canadiens with the possibility of shutting out Montreal from the N. H. L. play-off is given as one reason for the charges.

By RAY HANSEN

AN ARTICLE, which was published in last evening's edition with reference to the Diamond Seal race to be held at Henley, England, early next summer, was undoubtedly read with interest by many rowing enthusiasts.

NOW THAT baseball is coming back to its own and fans are daily reading about players leaving for the training camps in the south the interest of many will be centered on Connie Mack's camp. This is due to his high priced battery, Lefty Borchert and Gordon Cochrane.

WALTER JOHNSON, star pitcher of the Washington Senators and for years peer of major league twirlers, is at Hot Springs, Ark., with other members of the championship club, but as yet has not signed his contract.

A WRITER in the Toronto Daily Star laments the fact that there are so many 1-0 and 2-1 scores in hockey. He contends that the rank and file of fans get a big kick out of every goal scored and that a high scoring see-saw game sends them home in ecstasy.

THE PERFORMANCE of Ed Snodgrass Thursday evening in taking three out of four senior events in the Victoria Rink deserves special mention considering he had just finished a hard campaign on the big circuit and was competing on a circular rink.

SUSSEX WINS IN HOCKEY SERIES WITH BATHURST

Champions Secure Big Margin In Fast and Exciting Game

Sussex captured the first M. A. H. A. sectional play-off game last night in Bathurst when they defeated Bathurst 8 to 2 and incidentally secured a six goal margin on which to work in the second game to be played at Bathurst next week.

Set Terrific Pace

The first period opened with both teams setting a terrific pace. Danny Cripps was the first to break through the defence and only quick work on "Frenchie" LeClair's part saved a score. The champions then got their combination working and as a result J. LeClair broke the ice and a few minutes later Reid notched the second counter for Sussex.

NEXT WEEK'S OFFERINGS AT ST. JOHN THEATRES

JIMMY SWIFT BEGAN THEATRE CAREER AS USHER

Popular Comedian With Carroll Players on Stage Since 18 Years Old

STARTED OUT AS A VAUDEVILLE TROUPER

Was With Theatrical Company on Rhine During Allied Occupation.

A word of five letters beginning with "s" and meaning "speedy"—what's that?—right you are—correct the first time—Swift, with a capital "S". And when it comes to a matter of action, Jimmy Swift is there four ways to the ace, a regular dynamo of energy and as full of merry quips and wise saws as a porcupine is of quills. It is an entertainment in itself to sit and listen to his fund of stories which he can spin off in an never-ending flood.

There is not a more popular member of the F. James Carroll Players than Jimmy, despite the fact that offstage he is very retiring, but his appearance on the boards at the Opera House is almost always the signal for a burst of welcoming applause.

Started As An Usher.

While the theatre has been Mr. Swift's life work since a boy, he started in before the foot-lights, rather than behind them. At the age of 13 or 14 he became an usher in the Grand Opera House in the city of his birth, Chicago, and it was while piloting patrons down the aisles of that place of amusement that Jimmy evolved the "straight" partner to a black-face comedian in vaudeville. For three years he toured the country, gradually absorbing the tricks of the trade, and reaching out for something a little better—and usually getting it.

Breaks Into Stock.

A plunge into rep. show work for a year or so was followed by Jimmy's return to his first love—vaudeville—with a partner in his own act and after two or three years on the circuits in the middle west, he entered stock. In legitimate drama he found the haven of his desires and there he has rested ever since—rested, if such a word includes the display of energy and vim which Mr. Swift puts into parts like, well, say for instance, Charley's Aunt, or maybe Cappy Ricks, or some of those other genteel, quiet little characters.

During the interval between then and now, Jimmy did some good work with road shows. In the forementioned "Charley's Aunt," he toured Ontario and the Middle Canadian West with the Trans-Canada Company, and also for a time was on the road with George M. Cohan's production of "Broadway Jokes," in both of which he played the leading role.

Entertained Soldiers.

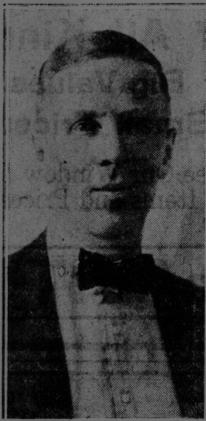

When the United States entered the war, Mr. Swift left the public stage to join up with a company of entertainers employed in touring the concentration camps of the country and playing for the soldiers. And so, when a company was organized to go overseas to provide amusement for the army of occupation on the Rhine, Mr. Swift was included amongst the personnel. This aggregation was of considerable local interest as, amongst the other principal members was Kirk Brown, so well known in stock productions here in former days.

In Coblenz, Andernach and Meyen, the company remained for seven months in 1919 and 1920, and this was one of the most interesting experiences in Mr. Swift's theatrical life—he can recite a myriad of remarkable happenings in his work in the land of the German.

Back To Canada Again.

After his return from Germany, Jimmy re-entered stock, and after a year in Ottawa and another in New

Is Popular Here

JAMES SWIFT. Member of the F. James Carroll Players at the Opera House, who started his theatrical career as an usher.

RECALLS OTHER DAYS.

MEM-O-REA, the hypnotist, who has been holding forth at the Queen Square Theatre this week to wondering crowds, had previously closed a successful tour of Nova Scotia, playing in all the smaller places as well as the larger towns and cities, thus shedding the novelty of his act everywhere.

St. John well recalls the days when hypnotists and mesmeric performers were a voguish form of entertainment here. On one notable engagement, subject was put to sleep in Oak Hall window, King street, where he remained for several days. Pauline the Great practically began his career in the old Berryman's Hall here and shortly afterwards created a great sensation in New York and the big centres, amassing a fortune.

An ordinary pipe can be smoked in 18 minutes, although British pipe smokers who have crammed the bowl of the pipe full of a peculiar grade of tobacco have been known to make it smoke 111 minutes.

York, met with Mr. Carroll last season and—well, there you are. You can get Jimmy to talk about anything but himself. "Never had anything happen to me," he says. But he can tell a story and tell it well. He is a master of all dialects. Even the small differences between the methods of speech in the various sections of the United States and Canada are a subject of study to him and he takes a keen interest in this branch of his work.

Is Popular Here.

Not only with the public, but also with the other members of the company, Jimmy Swift is popular and all have a good word to say for him. Jimmy is not backward in returning the compliment, either. "One of the greatest bunch of people I ever worked with," is the way he puts it, "and, believe me, I worked with a few."

Former St. John Girl Climbing In World of Musical Comedy

Bonny Rossley Booked to Play in Broadway Theatre on Keith Circuit.

Local Girl Succeeds

BONNY ROSSLEY, former St. John girl, who is scoring a success on the stage in the United States.

BONNY Rossley, only daughter of Mr. and Mrs. Jack Rossley of this city, producers of juvenile shows for the Imperial, and old-time performers of note themselves, is still climbing towards the top of the musical comedy ladder. Bonny has recently joined with The Ed Janis Revue, a group composed of five specially selected girls and Mr. Janis himself. This big act has been playing the different houses of the Keith circuit and is now booked for the Palace Theatre on Broadway, mentor and architect of the highest class of vaudeville in America. The Janis Revue is a dancing ensemble purely, employing the fantastic idea of bringing forth the old shoes of all the famous exponents of artistic dancing in stage history. The girls don these "enchanted" shoes and execute the dances for which the original owner was famous. Miss Rossley specializes in soft shoe fast dancing, Scotch and Irish reels. She received her tuition from her father, who was one of Great Britain's best performers in these dances and this first-hand tutoring has become valuable to her in her upward climb right at the heart of things theatrical.

Cleveland Opinion.

The Cleveland Plain Dealer in a recent issue says this of Miss Rossley's group: "The best thing on the Palace bill this week, we think, is the Ed Janis dance act, 'Keep Stepping.' 'Five girls appear with him. All dance expertly, and are easy to look at. The costumes and scenery are bright, and the act proceeds at top speed.'"

Palatial Theatre.

Writing to her mother here, Miss Rossley says that at least one of her ambitions "has been materialized in playing Keth's grand new million dollar theatre in Cleveland. She describes the place as palatial, better than some of the leading hotels. Performers entering the theatre at the stage door, are ushered into a richly-appointed reception office where they register at a desk. They are then shown their dressing rooms, named after the States of the American Union instead of the conventional numbering. These rooms carpeted, richly draped and fitted with period furniture, are en suite with sunken baths, showers, etc. The dressing tables have long, deep mirrors, special drawers are there for make up, paints and powders and there is no muss or confusion whatever. Silk-mat hair work-covers, protect gowns and frocks, etc., and there are porter maids in cap and apron in attendance constantly.

There is a gymnasium in the theatre and an indoor golf course. Everything is just as nice for the actors as for the general public on the other side of the footlight, carrying out the promise of E. F. Albee, head of the Keith interests, that the remainder of his life will be devoted to the improvement of working conditions for his 15,000 performers continuously traveling from the Atlantic to the Pacific.

What "Doubles" See.

In the studios at Hollywood they often have what is known as doubles—who remain in position on the set, under the lights, while the principals are resting, or preparing. Valentino—who looks in splendid condition, and is making Cobra—uses a handsome youth of about his same size, appearance, etc. And Mae Murray uses a dressmaker's figure, on which dresses should be modelled.

GEORGE PRICE IS IN BIG NEW YORK SHOW

St. John Man Engaged For Opening of New Production at Ambassador.

George N. Price, formerly of this city, and who made a name for himself on the stage, before going to the United States, has now entered an engagement with a New York company, opening at the Ambassador Theatre next Monday, Feb. 23. Mr. Price plays one of the important roles in the play, which is "The Virgin of Bethulia," adapted from Henry Bernstein's "Judith." Julia Hoyt is leading lady and McKay Morris, leading man. Mr. Price first made a hit in stock in the humorous play, "Dear," playing a character part. He has steadily won favor with United States audiences and is now taking this well-merited place with a company, directed by Lee Shubert in one of the largest theatres in the United States metropolis. Miss Beatrice Price, a well known organist and musician, residing here is a sister of Mr. Price. His other sister, Miss Margaret Price is visiting friends in California.

Harkins Doing Well In The West Indies

In a letter to A. K. Munde, W. S. Harkins writes from Port Limon, Costa Rica, under date of Jan. 21 of the splendid business the company enjoyed in Port of Spain, Trinidad, and the wonderful "send off" they gave the company. For the first time in his life he says he was compelled to make a speech before the curtain on the closing night and frankly acknowledges that he suffered from a bad attack of "stage fright," but there was no escaping from making the speech. On the closing night in Port of Spain the house was packed from pit to orchestra with the Governor and party and the American Consul and party in their regular seats. Feb. 2, The Kingston, Jamaica, Globe of Jan. 30 contains a large column cut of Mr. Harkins, showing him attired in the usual tropical costume of "white ducks." The picture which is an exceptionally good one, was taken by the Gleener's staff photographer. There is also a large column cut of Miss Violet Dean, the leading lady of the company. In his letter Mr. Harkins asks to be remembered to all of his friends here.

"No more monkey gland pictures for Dallas," so says Ethel Boyce, city censor, who intends to reject all pictures dealing with sex rejuvenation, because she does not consider the subject proper for children, who make up 40 per cent. of Dallas audiences.

TELLEGEN IS FATHER OF 8 MONTHS-OLD BOY

Marriage of "Perfect Lover" of Screen is Surprise to Friends.

LOS ANGELES, Feb. 21—Two days after it was discovered that Lou Tellegen had married Isabel Craven Dilworth a year and a half ago it was learned that they were the parents of an eight-months-old baby boy. When asked how she had kept the knowledge of her marriage and of the baby a secret Mrs. Tellegen said: "He is our baby. He doesn't belong to the public. It is bad enough to have to share a husband with the public, let alone one's child. My husband is the perfect lover. He is more; he is the perfect husband and father. He loves children. Lou knows all about baby's feeding times, teaching stages and other practical and necessary things in a baby's life."

PETER PAN, THE BELOVED BOY WHO WOULDN'T GROW UP, has come to town to make you happy. To take you sailing on a silver cloud to the wonderful Never, Never Land. The land of pirates and painted Redskins, and the glorious adventures of youth. The magic of the screen brings Barrie's famous masterpiece to you a thousand times greater even than the play, which has charmed millions in its twenty-one years of unequalled popularity. Betty Bronson, Barrie's own choice, is the ideal Peter Pan. Ernest Torrence is a marvelous Captain Hook. Wendy, Tinker Bell, and the other delightful characters are faithfully portrayed. "Peter Pan" is distinctly the wonder-picture of the screen. This is a 10-reel feature and will be shown Wed.-Thurs. Matinees Extra at 3.45 JINGLING FAIRYLAND MUSIC!

BROTHER SCOUT IS GREETED ON ARRIVAL HERE

Welcomed to Canada By St. John Boys When Mont-calm Docks

TRAVELER TELLS OF FRENCH BEBUILDING

303 Passengers Are Landed From C. P. Liner at West St. John Today

The Canadian Pacific steamship liner Montcalm arrived in port this morning from Liverpool with 102 cabin and 201 third class passengers and approximately 2,000 tons of general cargo, of which 185 were for local merchants, and 3,126 bags of mail and parcel post. Included in the mail were 81 bags of clothing and 54 packages of parcel post for maritime points. The voyage across the Atlantic was uneventful.

Scout is Greeted.
On the arrival of the steamer L. L. Johnson, district secretary of the Boy Scouts, and several members of St. John's Troop, No. 5, were on hand to welcome Steward Bunce, who is a first class scout attached to Earl Stanford's own troop at Bowring. He is en route to Tilbury, Ont. where he will make his home with his uncle and aunt. He said he had been looking forward with pleasure to his trip to Canada and intends to become attached to the Boy Scouts in Tilbury.

Among the passengers were four members of the Canadian naval cruiser H. M. C. S. Norden. They were Lt. Clavard, V. Jones, A. Chalk and G. Gibbons, all natives of Victoria, B. C., who had been to England taking a special naval course. Prominent among the passengers were Lt.-Col. F. H. Dunham of Toronto, M. Lagrange of Poissy, France; Lt.-Col. L. P. O. Tudor and wife of Regina, R. F. Taylor and E. B. LeMare of St. Helens, Miss M. Purvis of Woodstock, N. B., and Lt. H. H. Tingley, R. C. N., of Wolfville, N. S. Cadet Officer Returns.

Colonel Tudor is returning to Regina after spending two months visiting relatives and friends in England. He is district cadet officer in Regina and was formerly with the 5th Canadian Battalion. He said from all indications conditions in England are picking up and the day should not be far distant when former prosperous times will return. M. Fife-Smith of Vancouver, was another prominent passenger who is returning home after a visit to England and France. He is a large lumber operator on the Pacific Coast and combined business with pleasure during his trip. Speaking of his visit to France, he said the work of reconstruction is being carried on in a highly efficient manner. In Rheims the famous cathedral, which was destroyed before they fell a prey to the shells of the Germans are back in place.

Many Children Aboard.
On the steamer were many children and when the passengers landed they were taken to the nursery where some were tucked away in little beds, while others were treated to milk, cakes, etc. Their mothers were also served with hot drinks and made comfortable during their stay.

The passengers were sent forward to their destinations in two special tarins which left West St. John before noon.

IS PROMOTED IN CUSTOMS SERVICE

F. E. Groves, of East St. John, Appointed Assistant Inspector For This District.

The appointment of F. E. Groves to the new position of assistant inspector of customs and excise for District No. 3A has just been received by John McDonald, Jr., inspector for this district. The appointment is effective from February 1, 1925. This is a promotion for Mr. Groves, who was formerly a customs and excise examiner, although he has been doing the work of assistant inspector for more than a year.

Mr. Groves, who resides in East St. John, will make his headquarters here. He entered the customs service in 1922 after being connected with the Canadian permanent militia since 1912, being attached to the headquarters staff in St. John under Colonel, now Major-General, H. H. McLean, Sr. He is receiving the congratulations of many friends. His territory includes the ports of Campbellton, Bathurst, Chatham, Newcastle, Moncton, Sackville and Fredericton, in addition to all outposts and preventive stations in this section of the province.

SUPPER ENJOYED.
The supper under the auspices of the Women's League in St. David's church last evening was highly successful and a substantial amount realized for the club funds. The affair was under the joint convener-ship of Mrs. Fred White, Mrs. W. J. Bingham, Mrs. Oty Fraser and Mrs. P. Chisholm. There was a large attendance.

ICE STILL SOLID.
Col. O. W. Wetmore, M. L. A., said this morning that the report of a team getting in the ice in the Kennebec was apt to create an impression that traveling on the ice was unsafe but this was hardly the case. The team in question had gone into a pond hole and while there was a number of pond holes in the ice the great body was still safe for teams.

HAD EXCITING TIME ON BIG GAME HUNT

Canadian, an Officer in Indian Army, Arrives Home on Furlough.

Captain D. M. Hamm, of Nanapan, Ont., was a passenger on the Canadian Pacific steamship Montcalm, which arrived here this morning from Liverpool. He is attached to the Indian army, being in command of the second and third Madras Regiments, and is returning to his home on 10 months' leave of absence after four years' service. He was in the Indian army during the big rebellion of the Moplahs, but his units had not been involved in quelling the fanatics. At the present time, he said, conditions in India are quite settled and no uprisings were anticipated.

Big Game Hunt.
Prior to his departure for Canada he learned that a clergyman had been killed while tracking a tiger he had wounded in the jungles. Shortly before leaving India he went on a hunting trip in the jungles and succeeded in killing a panther. He brought the skin, some with him and will give it to relatives as a souvenir. His first shot had only wounded the ferocious animal and he was forced to climb a tree as darkness was descending and he feared the panther would take cover and leap on him before he would have a chance of killing it. He remained in the tree until daybreak and then tracked the animal and found it had been mortally wounded and had died during the night. Captain Hamm left this morning on one of the C. P. R. special trains.

NEW MANAGER OF LOCAL BANK HERE

R. B. Buchanan, Who Succeeds A. K. Harvie at Commence Reaches City Today.

R. B. Buchanan, who is to succeed A. K. Harvie as manager of the local branch of the Canadian Bank of Commerce, arrived in the city today. Mr. Buchanan, who is a native of Montreal, was previously manager of the Edmonton South, Alberta, branch, prior to which he served in many branches of the Canadian Bank of Commerce throughout the Northwest and on the Pacific Coast. Mr. Harvie expects to leave to take over his new duties in Winnipeg, as provincial inspector of Manitoba branches, about the end of next week.

CRADLE ROLL NIGHT

Children and Mothers Are Entertained at Brindley Street Barracks.

A very enjoyable evening was spent by the cradle roll members and their mothers at the Salvation Army, No. 3 Corps barracks, Brindley street, last evening, when supper was arranged by Sister Mrs. Graham, Cradle Roll Sergeant. There was an attendance of 78. Major and Mrs. Burton, Ensign and Mrs. Friend, and the Young Peoples' Society gave a suitable address. The Major presented several cradle roll certificates to the recently enrolled members. Mrs. Graham thanked her helpers and the mothers. The roll call revealed that 58 names were entered, four of whom having reached four years of age are being transferred to the Sunday school register. One mother and her baby, who have been in Fredericton, journeyed to St. John to be present at this function.

ROTARIAN SERVICE

Members of Local Club Will Observe Annual Celebration of Rotary Day.

Monday, February 23, is Rotary Day throughout the world and will be observed by all clubs. The local Rotary Club will attend service in St. Andrew's Presbyterian church Sunday evening when the speaker will be Rotarian Rev. J. S. Bonnell, whose subject will be "God or Mammon." This subject will deal with the aims and ideals of Rotary. A male quartette will sing and there will be a male choir made up largely of Rotarians.

DOGS DESTROYED.

Hiram on Tour

VANCOUVER, Feb. 12.—You might tell Davie Doig for me that he better get out to Fair Vale pooly soon an' git his garden started. They're at it out here. This is a great climate. I had to turn in my rabbit-fur cap—an' if I stay here much longer I'll have to get a cow's breakfast—yes, sir. I went round to call on Archbishop Casey yesterday. They give him a big reception here last night—an' the Church of England bishop he was there an' said a lot o' nice things that I see in the paper this mornin'. As fer as I kin see they don't do much fightin' over out here. They held a big religious service in a Protestant church here yesterday fer some Japanese fellers from a warship that was drowned in the harbor the other night. I s'pose they was pagans—an' it did seem sort o' nice to see the Christians sayin' a word fer 'em. Well, air—here's where you see all sorts. I heard two fellers at supper talkin' about goin' down to 'Frisco an' Honolulu the same as we'd talk about a run up to Ward's Crick—By Hen!
