### CHANCELLOR HARRISON, OF THE U. N. B. TO RESIGN.

Announcement by Attorney  
General Pugsley — Rumor  
of Dr. Bailey's Resignation  
is Not Confirmed as Yet.

In connection with the talk of probable changes in the staff of the University of New Brunswick, Attorney General Pugsley said to the Star today: "You may state that it is understood that Chancellor Harrison will resign. I believe the chancellor is not in the best of health and that he has been contemplating this step for some little time. So far as I know, his resignation has not yet been received, but if it comes in time it will be considered at a meeting of the government which is to be held in Fredericton on Thursday evening of this week."

"Of course no steps have been taken by the government to secure a man to fill the place of Dr. Harrison. That would not be considered until after his resignation is dealt with, and at any rate, it is a matter in which the senate of the University is perhaps the most directly interested. The ordinary course, in such a case as this, is for the resignation as chancellor to be sent to the government and the resignation as professor of the senate of the University."

In case of their retirement, both Chancellor Harrison and Prof. Bailey would become entitled to participate in the Carnegie fund.

Dr. Thomas Harrison is the son of the late Thomas Harrison and was born at Sheffield, N. B., on October 24, 1853, and was educated at Trinity College, Dublin, where he took honors in mathematics, and at the University of Dublin, from which he received the degree of B. A. in 1884; L. L. B., 1884; M. A., 1872, and L. L. D., 1888. Returning to New Brunswick he was appointed in 1870 professor of English language and rhetoric, and of mental and moral philosophy. In August, 1888, he became professor of mathematics and president of the university. This last named position he resigned on his appointment as chancellor of the university in 1892.

Dr. L. W. Bailey has been a member of the University staff since September, 1881, and is now sixty-seven years of age.

Judge McLeod, one of the members of the U. N. B. senate, was seen by the Star this morning in reference to the reported resignation of Dr. Harrison. He said that he was not aware that Dr. Harrison had resigned, but he understood that he did not think it would be presented but on the contrary was inclined to believe that Dr. Bailey would continue his duties as professor for another year at least.

Judge McLeod was not in a position to state who is a likely successor to Dr. Harrison. These matters will probably all come up at the next meeting of the senate which is to be held on Wednesday, September 6th.

FREDERICTON, N. B., Aug. 28.—Your correspondent interviewed those closely connected with the University this morning on the reported resignation of Chancellor Harrison and Dr. Bailey. Though nothing definite could be learned, the report is quite generally credited here. It is stated that both Dr. Harrison and Dr. Bailey come now under the Carnegie superannuation fund and their reported resignations are regarded as no matter of any great surprise and though no official announcement is made it will surprise no one if there is the best of foundation for the report that the resignation will shortly be handed in if they have not already been placed.

### ANOTHER FLAG INCIDENT OCCURS IN TORONTO

Belgian Printers Put the Stars and Stripes  
on the Toronto Armories.

"Billy" MacFarlane, a former St. John man who carries the title of "postal card king," and who is now a resident of Toronto, has been getting his name in the papers. Mr. MacFarlane is a large importer of picture post cards, and a short time ago received an order from a Toronto house for a good many thousand colored cards, representing the Toronto armories. These cards were made in Belgium, and when they were received in Toronto it had placed on each of the flag poles on the four corners of the building representations of the Stars and Stripes. The cards were paid for in advance and could not well be returned. They are being sold in thousands daily to tourists and others, and American visitors to Toronto are having lots of fun over the idea of a Canadian Government building floating the American flag. Some indignation has been expressed in the Toronto papers, but as the importer of the cards remarked, "What are you going to do about it?"

The funeral of John Crowley took place at 2 o'clock this afternoon from his late residence Sewell street. Rev. Mr. Kuhring conducted the burial service and interment was in Fernhill.

A few days ago city workmen laid a section of block pavement in front of the H. and L. Station doors on King street east. The blocks were dry and last night's rain caused them to expand with the result that the asphalt sidewalk had such a pressure against it that it is badly bulged and needs replacing.

The death took place last evening of Catherine, widow of Patrick Moore, at her late residence, 688 Main street. She was 71 years of age, and had been ill for some time. Two sons, James and Andrew, both of this city.

A meeting of the members of the City Laborers' Union will be held this evening at their rooms, Sutherland's Hall, Union street. As matters of importance will be brought before the meeting a full attendance is requested.

The body of the late Mrs. Susan A. Parlee was today taken to Norton for burial.

The Citizens' Band of Moncton, accompanied the Knights of Pythias to this city this morning and they will play at the different parades.

The other visiting Knights are: J. H. Truhey, Parrsboro; B. McLellan, Halifax; W. H. McNeil, Londonderry; L. G. Lynde, Moncton; Wm. Marks, Moncton; Wm. Charlton, Moncton; G. Mathews, Moncton; J. F. McLean, Moncton; J. W. Roberts, Moncton; C. Stewart, Moncton; D. Brown, Moncton; W. Wheaton, Moncton; B. N. Hall, do; H. Armstrong, do; R. Stevens, do; G. LeLacour, do; G. H. Parson, Halifax; F. A. Marr, Halifax; G. E. Ritchie, Halifax; D. G. Wilson, Halifax; H. W. Hall, Halifax; Dr. A. McKnight, Moncton; A. Staples, Fredericton.

The visiting knights, who were not obliged to attend the meeting this morning spent the time in seeing the sights of the city.

A large number took in the reversing falls and Rockwood Park.

This afternoon at two o'clock the Knights assembled on King street and after being inspected by the supreme commander in the presence of many spectators marched to Indian town, where the Victoria was taken for a trip up river. It is certain that the St. John will be enjoyed by the visitors, as the local Knights will spare no pains in making all in their power to make the trip a delightful one. The Victoria will probably return to the city about six o'clock.

### KNIGHTS OF PYTHIAS INVADE ST. JOHN.

Many Delegates Attend the  
Meeting of Grand Lodge.

Inspection on King Street and an Excursion  
This Afternoon—A Banquet  
Tonight.

Today the Grand Lodge of the maritime provinces, Knights of Pythias, held its first meeting. The session began at ten o'clock this morning. The year's reports were read, and several candidates initiated.

Last evening, a number of visiting knights arrived from Nova Scotia on the Prince Rupert, and this morning, the remainder of the delegates reached the city. The streets today are filled with the visitors and they appear to be enjoying themselves to the fullest extent.

The Citizens' Band of Moncton, accompanied the Knights of Pythias to this city this morning and they will play at the different parades.

### GRAND JURY BROUGHT IN SEVERAL TRUE BILLS.

PEOPLE DEMAND  
A DICTATORSHIP.

Campaign of Murder is Beginning in Russia.

Emperor Nicholas Attended the Funeral of  
General Min but Was Closely  
Guarded.

ST. PETERSBURG, Aug. 28.—The court at Peterhof apparently is divided as to how to meet the campaign of the terrorists. Premier Stolypin and his cabinet, however, have taken a stand against repression upon a scale which would drive the whole population into revolt. The premier's views are reflected by the Russia, today, which declares that the government must not be frightened into abandoning the reform programme. It is only necessary the paper asserts, to draw a line between loyal opposition and those who by word and act seek the destruction of the government.

The Novos Vremya, proposes "as an exit from the horrors of the worst kind of civil war," to confer upon the cabinet authority to "prepare a constitution which will realize the hopes of the sane liberals."

The Svet continues to advocate a concert of the powers to suppress anarchy and anarchy. Against these moderate propositions the reactionary party at court is urging a dictatorship and the Straus publishes a report that upon the initiative of the council for national defense an extraordinary conference, somewhat similar to that which created the committee on public security after the assassination of Alexander II, has been called to meet at Peterhof during the latter part of the week.

The funeral of the victims of the bomb explosion on Saturday last at the residence of Premier Stolypin occurred today under military escort.

ST. PETERSBURG, Aug. 28.—In spite of the menace of the active war by the terrorists against those high in authority, an earnest of which was the slaying of Acting Governor General Von Liefland at Warsaw to make the trip a delightful one. ### CRIMINAL CASES Will be Taken Up in County Court To-morrow — Judge Forbes Compliments the Police Force.

The August sitting of the county court opened this morning with Judge Forbes presiding. In addressing the grand jury his honor briefly reviewed the cases which were to come before the court. He dealt with the criminal cases and remarked that St. John for a seaport town was remarkably good morally. He also spoke in glowing terms of the excellent work done by the St. John police in capturing Collins, the suspected murderer. Referring to the case of the King vs. Sally, his honor remarked that there was no doubt that an assault had been committed, and he felt that the law should deal with such cases in a summary manner.

The King vs. Kerrigan was next spoken of by his honor. He said that in this case James Kerrigan was charged with throwing an iron baling pin from his vessel at the Christopher brothers in their fishing boat. His honor remarked that the harbor was at all times beset with dangers without any additional risks being imposed. He then briefly reviewed the case of the King vs. O'Brien, saying that this was a case of assault and robbery.

In the case of the King vs. Hanley the attorney general will consider whether the indictment shall be made on the charge of rape or criminal assault.

The following is the list of grand jurors summoned: James E. Stanton, Geo. F. Barnes, S. J. Hatfield, W. G. Scott, Joshua Ward, James A. Sedgwick, L. L. Sharpe, Charles Robinson, J. C. Doherty, F. A. Dykeman, J. E. Secord, J. H. Noble, J. H. Northrup, S. Purdy, James E. Quinn, Charles H. Ramsey, R. C. Parker, J. W. Russell, G. L. Campbell, S. C. Drury, J. D. Driscoll, David Magee, Charles D. Jones, P. J. Smith.

The following were called as petit jurors: Edward J. Harrison, F. C. Melick, John Rhea, P. E. McManus, L. H. Bull, G. W. Parker, J. W. Morrison, C. A. Clarke, F. L. Tufts, D. R. Coles, C. E. Vall, J. M. Reid, Michael J. Cullinan, Thomas Graham, W. T. Burditt, M. D. Austin, M. J. Nugent, S. J. Withers, O. G. Withers, G. H. Perry, Frank McCaffery.

The grand jury after being out for one hour during their foreman, Chas. D. Jones, returned true bills in the cases of the King vs. Kerrigan and the King vs. Sally, but in the case of the King vs. O'Brien they would consider after hearing more evidence which is to be submitted to them by the attorney general.

The docket for the court was made up as follows:

CRIMINAL.  
The King vs. Leo Sally, indecent assault—Hon. H. A. McKee for the crown.  
The King vs. John Kerrigan and James Kerrigan, aggravated assault.  
The King vs. James O'Brien, theft.  
BASTARDY DOCKET.  
The King vs. Robert Johnston—G. R. Vincent, clerk of the peace, enters this case.

CIVIL DOCKET.  
Jury Cases.  
Appley vs. Appley—J. B. M. Baxter.  
J. W. Vall vs. Rupert Wry—J. B. M. Baxter.  
Non-Jury.  
J. Morrison vs. Green—MacRae and Sinclair.  
Lockhart et al. vs. J. B. Gunter—MacRae and Sinclair.  
J. M. Titus et al. vs. Joseph Beatty—A. A. Wilson.  
Simon Jones Company vs. John A. Humble—H. H. Pickett.  
Shane et al. vs. Errol et al.—MacRae and Sinclair.  
James vs. Carter et al.—W. B. Wallace.

Dr. MacRae applied for naturalization papers for Anastasia Papageorgiou, a Greek. E. R. Chapman also applied for naturalization papers for Aron Lieberman, Wolfe Horowich and Mark Minecky.

The court then adjourned until ten o'clock tomorrow morning when, if the case of the King vs. Kerrigan is not ready to be proceeded with, the court will take up the civil cases.

USOVLA, Province of Saratov, Aug. 28.—Two police sergeants and a rural guard were shot and killed on the streets here today by revolutionists armed with revolvers.

ADD RUSSIA.  
MOSCOW, Aug. 28.—The monarchist party, in an address to the emperor just published, openly appeals for a dictatorship "which will put an end to the demoralization in the army, and also urges the complete suppression of the unlimited autonomy." Should his majesty, however, insist on retaining the parliament the monarchists promise loyal participation in the elections on the condition of a change in the election law providing for the exclusion of the Jews from the suffrage.

The black hundred organizations are conducting an agitation against the intelligentsia and Jews.

ST. PETERSBURG, April 28.—Police and troops today surrounded a lodging house on St. Ilya street, where bombs had been discovered. The revolutionists inside fired with rifles from the windows on the troops and also threw a bomb, whereupon the troops riddled the house with bullets, killing or wounding all the inmates. Two men and a woman were killed. At another place in the suburbs a Lithuanian was killed and several were wounded while resisting arrest.

ST. PETERSBURG, Aug. 28.—The court at Peterhof apparently is divided as to how to meet the campaign of the terrorists. Premier Stolypin and his cabinet, however, have taken a stand against repression upon a scale which would drive the whole population into revolt. The premier's views are reflected by the Russia, today, which declares that the government must not be frightened into abandoning the reform programme. It is only necessary the paper asserts, to draw a line between loyal opposition and those who by word and act seek the destruction of the government.

The Novos Vremya, proposes "as an exit from the horrors of the worst kind of civil war," to confer upon the cabinet authority to "prepare a constitution which will realize the hopes of the sane liberals."

The Svet continues to advocate a concert of the powers to suppress anarchy and anarchy. Against these moderate propositions the reactionary party at court is urging a dictatorship and the Straus publishes a report that upon the initiative of the council for national defense an extraordinary conference, somewhat similar to that which created the committee on public security after the assassination of Alexander II, has been called to meet at Peterhof during the latter part of the week.

The funeral of the victims of the bomb explosion on Saturday last at the residence of Premier Stolypin occurred today under military escort.

ST. PETERSBURG, Aug. 28.—In spite of the menace of the active war by the terrorists against those high in authority, an earnest of which was the slaying of Acting Governor General Von Liefland at Warsaw to make the trip a delightful one. The Victoria will probably return to the city about six o'clock.

#### NEWPORT, R. I., Aug. 27.—Four times within a stroke of defeat Karl H. Behr of New York and Yale pulled his match with Raymond D. Little, also of New York, out of the fire in the fourth set today and then taking the fifth easily, won a place for the first time in his career in the finals of the all-Canada tournament of the national tennis championship.

The scores of the match were 2-6, 6-2, 6-3, 11-9, 6-4.

Behr will meet William Clothier of Philadelphia, a Harvard graduate, in the finals tomorrow. Clothier easily defeated J. D. E. Jones in the other half of the semi-finals, 6-3, 6-2.

The Behr-Little match was by far the most exciting tennis seen on the Casino courts for many a day, and it was a question with the experts whether to applaud Behr's brilliant strokes or condemn his procrastinating play.

In the first set he made apparently no effort to win, yet in the second he played in such a dashing style that it seemed as if another man had come into the court. In the third Behr again hopped back into his lustrous game, although with the set five to two against him he brought it to deuce and even six all before Little won.

It was the fourth set that wrought everyone to the highest pitch of excitement. Behr won the first game, a long one, and then dropped five straight games, chiefly by his errors.

In the seventh game, which placed him within one stroke of the match, Behr made it deuce, then gave Little another chance to win, which the older player could not take advantage of, and Behr finally took the game, making the score still 5 to 4 against him. In the next game Little was once more within two strokes of the match, yet could not win it, and the score was five all. Little won the 11th and last game, 4 to 0, and the match.

Behr managed to win the game on a place and a net. He took the game also, but in the ninth, after Behr had made it thirty love, Little scored three strokes on Behr's error, which placed him within one stroke of the match. Behr made it deuce, then gave Little another chance to win, which the older player could not take advantage of, and Behr finally took the game, making the score still 5 to 4 against him. In the next game Little was once more within two strokes of the match, yet could not win it, and the score was five all. Little won the 11th and last game, 4 to 0, and the match.

Behr managed to win the game on a place and a net. He took the game also, but in the ninth, after Behr had made it thirty love, Little scored three strokes on Behr's error, which placed him within one stroke of the match. Behr made it deuce, then gave Little another chance to win, which the older player could not take advantage of, and Behr finally took the game, making the score still 5 to 4 against him. In the next game Little was once more within two strokes of the match, yet could not win it, and the score was five all. Little won the 11th and last game, 4 to 0, and the match.

## BRITAIN LOSES FIVE MILLION.

Battleship Wrecked on Lundy Island Will Be Sold.

PORTSMOUTH, Aug. 27.—The following statement in regard to the ship, for the loss of which the officers were dismissed from the navy, was issued by the British Admiralty: "As it was found that no attempt was made to save the ship, owing to the delays caused by recent heavy weather, it has been decided that no further steps will be taken to save the hull of that vessel."

The crews are dismantling the Montagu of all salvage gear and the four remaining large guns. Considerable activity is likely to continue for some days. The Montagu will afterwards be sold by auction.

Nearly five million dollars have been lost to the nation by the wreck of the Montagu. The battleship was one of the largest and most modern in the navy, having been launched in 1901 and completed in 1903 at a cost of \$4,875,353. The salvage operations have extended over two months, and the cost must have run into hundreds of thousands of dollars.

## WOMEN STRUGGLE

WITH WASP WAIST

Decried Fashion in London That Makes It Necessary and Then Hasten to Cultivate It.

LONDON, Aug. 27.—The wasp waist is pushing its way into favor again, despite the fact that it is regarded by the majority of women with distrust. Fashion's decrees must be obeyed, however, and many women who are most emphatic in deploring the necessity of the wasp waist suffer much in their efforts to obtain one for themselves.

One well known corsetiere says she always advises her customers to avoid tight lacing, as it ruins the figure and shortens life. She contends it is a mistake to imagine that a man admires a thin waist, as what he admires is a trim and rounded waist, which is easily cultivated "without discomfort or crumpling the body into corsets which resemble mail armor."

On the other hand, a West End corsetier says the wasp waist need not be a source of tight lacing, and guarantees to give her customers a wasp waist without discomfort. Her secret is that she studies her customers. If a woman complains about the size of her waist she does not recommend tight lacing, but designs a gown which emphasizes the shoulders and hips and makes the waist in comparison appear a couple of inches smaller.

One physician, who was consulted on the subject, declared he had issued warnings without end against tight lacing, and that at last he had given it up in despair. He could not give this promise to a girl who was tightly laced: "She will suffer from wrinkles around the eyes, purple cheeks, caused by imperfect circulation; red hands, broken veins in her nose, a worried expression, and, finally, gray hairs from mal-nutrition."

Truly an awful warning!

## HALIFAX TO LOSE

LEAD CORRODING WORKS.

HALIFAX, Aug. 27.—Some weeks ago the city council of Halifax decided to pay a bonus to the Brander-Henderson Lead Corroding Works for ten years on condition that they established a plant in Halifax that would employ at least 75 hands and have a payroll of \$50,000 annually. This was endorsed by the board of trade. But to the surprise of the board, the plant would have been at the next session of the local house.

To ensure the bill passing, Premier Murray was asked to make the bill a government measure. The bill was introduced, but the government is divided on the matter. Hon. Mr. Drysdale opposing the idea. In consequence the premier has now informed the board of trade that the bill cannot be made a government measure. The deal accordingly, is off, and the proposed works will at once be established in Montreal and not in Halifax. Part of the present works of Henderson & Potts, at present here, will also be removed to Montreal.

## HOW IT SPREADS.

The first package of Dr. Leonard's Hem-Roid (the infallible Pile cure) that was put out went to a small town in Nebraska.

It cured a case of Piles that was considered hopeless.

The news spread, and although this was only two years ago, the demand prompted Dr. J. S. Leonard of Lincoln, Neb., the discoverer, to prepare it for general use. Now it is being sent to all parts of the world.

It will cure any case of Piles. There is a month's treatment in each box. Sold for \$1.00, with absolute guarantee.

It is for sale by druggists, or by The Wilson-Pyle Co., Limited, Niagara Falls, Ont.

## M. R. A.

J. E. Edgett, of the wholesale buying syndicate of Manchester, Robertson, Allison, Ltd., left last evening for Boston, where he will take the big liner Ambic for Liverpool.

Mr. Edgett will be on a business trip in the British Isles for two months or over.

Miss Craig, of the ladies' tailoring department of M. R. A. Ltd., is back from an extended trip to New York. Miss Vaughan, head milliner in the retail section of M. R. A. Ltd., has returned home from New York with the newest ideas in up-to-date head-wear for ladies and children.

Advertising is not a business side issue. It is a part of business necessity. —Nahaniel C. Fowler, Jr., Boston.

## LOVE TRUST MEMBER

APPEARS IN COURT.

Rich and Beautiful Widows Seeking Congenial Mates Were the Lure.

NEW YORK, Aug. 27.—The arrest of Mrs. Lilian Browne, on a charge of grand larceny, and her committal for trial, with subsequent release on bail, has given the police of New York their first handle against what they claim is a very pretty conspiracy to swindle a number of people out of money.

The charge lodged is merely nominal one. Mrs. Browne failed to pay two Syrian peddlers their full price for some rugs she purchased a year or so ago, and when they endeavored to collect it she disappeared. They swore out a warrant against her, but it was only yesterday that the police discovered that she was the Mrs. Brown, of the Mrs. Binn Finnegan-Hamilton-Verrault combination.

From time to time advertisements have appeared in the columns of the morning papers, offering to the young widows to secure congenial mates. From time to time the New York police have received complaints from suitors, who, answering them, had met the ladies in beautiful truth and amid luxurious surroundings, but who, after they had lavished their gifts, their money and their affections upon them, had coldly spurned them. They hadn't acted up to the advertisement.

Mrs. Browne was one of the widows. Mrs. Verrault was another, and with them were associated a number of congenial souls, two pretty daughters and a very intelligent staff of servants.

Amongst the latter were numbered several lesser lights of the drama, while their butler was nothing less than a scuptor of considerable renown. The stories of the men they flattered would fill a book. It is stated that Mrs. Verrault, whom the police may succeed in involving, is a Canadian and a native of New Glasgow, N. S.

## CANADA'S DAY

OF THANKSGIVING

Will Take Place on Thursday, October 18th—National Recognition of A Bountiful Harvest.

Canada's thanksgiving for a bountiful harvest will take place on Thursday, 18th October—the third Thursday of the month. The railway companies were making a strong effort to have the day changed to Monday, so that it could be taken advantage of to a greater extent for holiday purposes. But this is not the object of the day and the request was declined.

The order-in-council fixing the date has not yet been passed, but the day will be as above stated.

MORE THIRSTY THAN THE OLD LOT.

(Montreal Star.)

It is interesting to note that while Canada's House of Commons has officially abolished drinking, the "mother of parliaments" is still at it. The present parliament, under the Great Britain appears to have the thirstiest of the country has ever had. It has rudely shocked the public to learn that the House of Commons of the United Kingdom spent \$2,000 on wine and refreshment this year, more than they did last year. They managed last year to get along with \$2,500 worth of molasses, while this year they have spent \$2,000. Of course, this has been an exceptional summer. The drought has been so severe in England just as it has in France. If the legislators had not been able to freely quench their thirst, they would have been unable to sympathize so freely with the Zulus. We will not suggest that the members quoted here have something to do with the idea of setting all disputes with the United States under Canadian matters, but consulting Canada because it is shown that while parliament has been frugal, it has been frugal only 2,400 bottles have been used, whereas the total of molasses water reaches the noble sum of 100,000 bottles. Thus the very drink bill of parliament, when analyzed, is a revelation to temperance. These are days when people are even known to take water with their lunch. The new parliament is evidently a temperate if not a strictly temperance body.

## IRISH LANGUAGE IN CHURCH.

(Edinburgh Review.)

This year, perhaps for the first time since Queen Elizabeth's day, a service was read in Irish at St. Patrick's Cathedral in Dublin. Ten years ago any man who had predicted such a thing would have been counted a lunatic; today many will resent it. Yet none the less it is a sign of a growing feeling that the Church of Ireland, if it is to justify its title, cannot shut itself off from the national life, and the common heritage of a much neglected language and literature has given scope in more ways than this for the meeting of ancient opposites.

FAREWELL MEETING.

A farewell meeting was tendered Col.  
J. D. Sharpe and Mrs. Sharpe  
in the Charlotte street Bar-  
racks last night. Col. Sharpe has  
been for five years in command of this  
district, but has been recently pro-  
moted to the command of a larger dis-  
trict in Ontario. With him will go  
Captain Riley, who was also given a  
farewell last evening. During the even-  
ing an address was read by Major  
Phillips. Col. Sharpe thanked the  
members for the feelings expressed in  
the address. Mrs. Sharpe also briefly  
acknowledged the audience.  
The meeting was brought to a close  
by a violin solo by Adg. Erquart, and  
a duet by Captain Riley and Mrs.  
Sharpe.

**ST. JOHN STAR.**

ST. JOHN, N. B., AUG. 28, 1906.

THE VISITING BRETHREN.

St. John entertains today delegates  
to the annual sessions of two of the  
leading fraternal organizations. The  
presence here of so many members of  
the Masonic order and of the Knights  
of Pythias, together with the publicity  
given their meetings, will undoubtedly  
serve to increase the general interest  
in both of these orders. In the obli-  
gations accepted by Masons and Pythians  
are found the highest principles in life.  
The brotherhood of man is the pre-  
dominating idea, and this includes not  
only fraternity and benevolence to-  
wards fellow men, but in it is empha-  
sized the uncertainty of life and the  
necessity for proper regard for all  
things spiritual. The Masonic order has  
stood the test of time, and holds its  
place in the very front of organiza-  
tions of this nature. The Knights have  
founded their brotherhood on the prin-  
ciples existing in the story of Damon  
and Pythias. The latter, a Pythagor-  
ean, was condemned to death by Diony-  
sius I of Syracuse. He begged a short  
reprieve in order that he might attend  
to private affairs and bid farewell to  
his family. Damon offered himself as  
hostage for the return of his friend.  
At the time appointed for the execu-  
tion, Damon cheerfully gave himself up  
to the law, but before the punish-  
ment could be inflicted Pythias re-  
turned, having been delayed by the  
pleadings of his wife and children.  
Dionysius in admiration of their fidel-  
ity pardoned Pythias, and sought the  
friendship of the two.

The delegates are welcome to St.  
John, and it is to be hoped that they  
will bear away with them the most  
pleasant recollections of their visit.

THE LABOR PARTY'S PROGRAMME

J. Ramsay MacDonald, chief whip of  
the labor party in England, to whom  
reference was made a few days ago and  
who is now in Canada has been giving  
his views to the newspapers. Mr.  
MacDonald whose mission here is to  
foster the growth of labor sentiment is  
somewhat disappointed with Canadian  
conditions. He fails to find that unity  
of purpose which he was led to believe  
existed, but has come to the conclusion  
that in Canada, which is essentially an  
agricultural country, conditions such  
as are found in England must not be  
expected. He will, however, make the  
best of the opportunities offering. Mr.  
MacDonald states that the British labor  
members having succeeded in removing  
certain restrictions on the privileges of  
trade unions, and having secured  
legislation to provide for feeding  
necessitous school children, will at the  
next session bend their energies to the  
introduction of a system of old age  
pensions. The pension age will be fixed  
at sixty-five years, and the bill to be  
introduced will be modelled on the  
New Zealand law. Mr. MacDonald  
goes on to say that "we believe in  
taking hold of society and gradually  
altering its constitution. For instance,  
we want to reformat the incidence of  
taxation in a Socialist direction so that  
the unearned increment of values will  
be owned by the community, and not  
by individuals, but by the  
country. Our point is that wherever  
the Socialist movement becomes pre-  
dominant it has to depend on Marxian  
methods as in the United States and  
Germany, where there is very little  
democracy. We are much freer in En-  
gland than the people of the United  
States are with their plutocracy, politi-  
cal machines, absolute executive, im-  
pune and written constitution, en-  
abling partisan judges to override de-  
cisions of parliament.

In our country, even with the house  
of lords, which we do not defend, the  
absolute authority of the house of com-  
mons and no written constitution,  
makes the will of the people supreme,  
and the country is really democratic to  
the finger tip. There is a law of the  
growth and development of society.  
Men who understand the next stage  
into which it is entering are the real  
progressives of today."

MORE BUNGLING?

A few days ago the Star offered the  
suggestion that differences of opinion  
in charge of the work. There was  
ground for this suggestion in the report  
that although the contracts have been  
completed more work must be done in  
Lake Latimer before the water can be  
brought to the city. The intake was said  
to be, if not in mud, at least in such a  
position that a free flow of water is not  
assured. This report is substantiated  
by statements made yesterday, and  
from all indications it is probable that  
the system will not be in working  
order for some months. Whether the  
responsibility for this error must be  
borne by the surveying engineers or by  
the contractors is still to be deter-  
mined. The only thing now apparent is  
that the construction was too hastily  
undertaken.

SIMPLIFIED ROOSEVELT.

English papers are inclined to deal  
lightly with President Roosevelt's en-  
dorsement of the spelling reform move-  
ment, although some few of the lead-  
ing journals assume a different tone  
and assert that Roosevelt is overrating  
his powers when he imagines that his  
support will guarantee the success of  
the reform. But in all the comment  
there can be detected a half admission  
that the new orthography will become  
generally popular. To a certain extent  
it will do so. In the first list of three  
hundred words sent out by the Carnegie  
board there are few abbreviations to  
which exception can reasonably be  
taken. In the present system of spell-  
ing there are many useless letters, and  
it is with the worst cases that the  
board intends to deal at first. Later  
lists of words may develop stronger  
opposition, especially if the history and  
meaning of the language are to be  
sacrificed for the sake of abbreviation.  
Yet in this age of materialism, senti-  
ment receives little attention and in the  
ordinary course of commercial writing  
the abbreviated spelling will find favor.  
Roosevelt's instructions to the public  
printer only hasten the inevitable. It  
will take many years to bring about a  
general adoption of simplified spelling,  
and it is unfortunate that the reform  
movement is being conducted by an  
irresponsible committee. It would have  
been better had the educational  
authorities of different nations taken  
the first step.

THE LOOM OF THE DOUMA'S  
BOOM'S DOOM.

In Russia looms the douma's doom,  
Which erstwhile had a blooming boom.  
The czar and caesar, filled with boom,  
Sit fuming in a darkened room.  
That doth resemble much a tomb.  
They sit and question as to whom  
They should send hurrying up the  
flume;  
Likewise whom they should praise and  
groom.

A few weeks since the douma's boom  
Filled all the royal house with gloom.  
Filled seemed to bear within her womb  
The child that threatened doom.  
Wonderous proportions and consume  
The czar, whose presence doth illumine  
The empire—how she loom his doom.  
To head off which who dares presume?

But yet some day this douma boom  
But yet some day this douma boom  
Is marked today for certain doom.  
They tell us Nick will soon resume.  
His wonted strength and swift entomb.  
The man who made the douma loom  
And fill his palace with such gloom.  
Who knows if douma faces doom,  
Or if there looms the douma's boom?  
—Strickland W. Gillian in June.

GOOD JUDGE OF A VOICE.

In the course of many anecdotes con-  
cerning the late Premier Seddon of  
New Zealand, the London Daily Chroni-  
cle says: Among Mr. Seddon's other  
records is the loudest shout heard in  
the streets of London in our time. It  
was during the coronation festivities  
when the colonial military contingent  
were marching along the Mall. A  
stand had been erected for the dis-  
tinguished representatives of Greater  
Britain, Sir Wilfrid Laurier, the Prime  
Minister of Canada, was astonished at  
the apathy of the crowd, and said:  
"These people want waking up. I say,  
Seddon, you have a good voice. Raise  
a cheer. The New Zealand Premier  
took off his hat, waved it on high, and  
emitted a yell that echoed from Buck-  
ingham Palace to St. Paul's. And the  
Londoners woke up.

DEFINITION OF A SECRET.

"What is a secret?" asked the dis-  
gusted victim. "A secret is something  
the other fellow tells to his next  
friend, who then tells his two next best  
friends, who tell their four next best  
friends."

JUST TO HIS WIVES.

A traveling man thus describes a  
family graveyard that he came upon  
while journeying through a sparsely  
settled region of West Virginia:  
There were three graves side by side.  
The middle one was marked by a mar-  
ble slab divided into three sections and  
inscribed in the following fashion:  
In the top division was inscribed:  
THEODORE JOHNSON, A JUST  
MAN.  
The second division bore a hand  
pointing to the grave on the left, and  
was inscribed:

FIRST WIFE.  
The third division bore a hand point-  
ing to the right, and was inscribed:

SECOND WIFE.

OBEYING ORDERS.

Doctor preparing to look himself up  
in his study and work—I am not in if  
any one calls, mind.  
A quarter of an hour later he rings  
the bell. No answer. He rings it again.  
Still no answer. He opens the door fur-  
iously and cries to the page boy—  
"Did you hear me ring?"  
"Yes, sir, but you told me you weren't  
in, and I didn't like to take a bell's  
word before yours, sir," was the answer  
of the young man.

**SHERIDAN MAKES  
RECORD THROW**

NEW YORK, Aug. 27.—Martin Sheri-  
dan of the Irish-American A. C.  
clinched his claims to discuss throwing  
distinction at the games of the An-  
cient Order of Hibernians at Celtic  
Park yesterday, with a world's record  
throw of 194 feet 8 inches. The for-  
mer standard figure for the event were  
133 feet 11 inches. Sheridan was never  
in better form. He handled the discus  
perfectly and made good throws in the  
preliminary round.  
The hero of the recent Grecian games  
made a world's record a week ago, but  
failed to receive official credit for the  
effort through a technicality. He car-  
ried his discus away with him before  
the official measurers had time to ex-  
amine it, as provided for under the  
rules of the American Athletic Union.  
He will not fail of record distinction  
through a like error so far as yester-  
day's feat is concerned, for the reason  
that he complied with all the neces-  
sary requirements. In addition to  
scoring record honors Sheridan got  
first prize, in spite of the fact that he  
had thrown the discus 250 feet, a  
throwers as John J. Flanagan and R.  
J. Sheridan.

**PROMINENT SYDNEY MAN  
DIES SUDDENLY**

SYDNEY, Aug. 27.—H. H. McCurdy,  
one of the best known business men  
of this city and head of the firm of H.  
H. McCurdy & Co., dry goods, died at  
his home here this afternoon. He had  
been ailing for a week and died after  
undergoing an operation for appendi-  
citis.

GILBERT D. COLWELL.

A Worcester, Mass., paper says: Gil-  
bert Dykeman Colwell, aged 73 years, 5  
months and 15 days, died at the home  
of his daughter, Mrs. A. McLean, 16  
West street, Sunday, Aug. 19th. For  
many years he was a resident of St.  
John, N. B., but for several years he  
lived in Worcester.

Mr. Colwell was born in New Brun-  
swick, the son of William and Eunice  
A. (Dykeman) Colwell. He was a  
member of the Pleasant Street Baptist  
Church.  
Besides his wife he is survived by  
two daughters, Mrs. A. McLean and  
Mrs. Everett J. Harrington, and three  
sons, M. D. Colwell, representative of  
Dobbin Soap Co., Philadelphia; George  
Colwell, grocer, and Ward Colwell,  
St. John, N. B.

The funeral took place Tuesday, Aug.  
21st, from the home of his daughter at  
2.30 o'clock. Burial was in Hope ceme-  
tery.

THOMAS C. MILLER.

Thomas C. Miller, chief steward of  
the Black Diamond Line steamer Cape  
Breton, while in the act of taking tea  
shortly after five o'clock on Friday af-  
ternoon, died suddenly. Captain Ber-  
ryman was notified of the sad affair  
to revive the man, but to no avail. The  
body was brought here. Deceased was  
55 years old, and belonged to Pictou,  
where his wife resides. He was a long  
time in the employ of the company.  
Four years ago he was afflicted with a  
paralytic stroke, and it is supposed death  
was caused by paralysis. Coroner Ber-  
ryman was notified of the sad affair.  
The steamer was seven miles off Cape  
Sable when Miller died.  
The death occurred Sunday of Nel-  
lie F., daughter of Mr. and Mrs. Nel-  
son Schmidt, aged ten months. Funeral  
today at 2.30 p. m.

PREPARING FOR

IMMENSE CROWDS.  
Special arrangements are being  
completed down on the exhibition  
grounds to accommodate the crowds  
that will attend the Hippodrome, the  
new amusement building in which the  
trained elephants, monkeys, dogs,  
cockatoos, lizards, etc., will perform.  
In fact the Pike and its attendant fea-  
tures, as well as these grand entertain-  
ments, will be such an important part  
of the whole exposition that a great  
deal more careful thought has to be  
given the planning than ordinarily.  
In less than a week the performing  
animals will be enroute to St. John.  
They will be transported via the I. C.  
R., main line and the Courtenay Bay  
branch around to their temporary  
quarters on the Barrack Square.

POLITENESS.

Miss Ida M. Tarbell, the well-known  
writer, was discussing the harsh treat-  
ment that a multi-millionaire had given  
his underpaid hands.  
"Such treatment," said Miss Tarbell,  
"made my blood boil when I heard of  
it. It was mean. It was the height of  
meanness. It reminded me—here she  
smiled—"of the conduct of a certain  
park policeman on a summer after-  
noon."

"This policeman, politely accosting a  
modest gentleman in an alpaca coat,  
said: 'Beg pardon, sir; but could you lend  
me a lead pencil?'"  
"Why, certainly," smiled the gentle-  
man, producing one at once.  
"And now your address, please," the  
policeman went on. "I saw you picking  
flowers a moment ago."

A CHOICE OF EVILS.

"Candid friend—You will have to  
work hard to win the heavees."  
Impeccable One—"I'll have to work  
a jolly sight harder still if I don't."

REPENTANCE.

"A druggist, being in a hurry to get  
off to the ball game, made a mistake in  
compounding a prescription that con-  
tained arsenic, and in consequence of  
his error the patient died."  
"When the druggist heard of the  
man's death he struck his forehead  
with his clenched fist and groaned:  
"Wretch that I am; he was my best  
customer!"

WOULD LEARN THEIR FATE.

Suburb—"Sir, your chickens have  
been coming over into my garden."  
Kommewer—"I was wondering what  
had become of 'em. Do you fry 'em or  
boil 'em?"

LEARNED THE MEANING.

My father caught me when I went  
To swim, said Tom, "and soon  
You bet I knew what Shakespeare  
meant  
By "slipped pantaloon."

**WILL CITY OR CONTRACTORS  
HAVE TO BEAR EXTRA COST?**

**McArthur & McVey Have Fulfilled Letter of Their Contract, But Water  
Extension Work Far From Completion—Intake Pipe Must Be Ex-  
tended Considerable Distance, Involving Large Expenditure—Con-  
tractors Will Not Go Ahead Without Order From Engineer Hunter.**

To complete the water works exten-  
sion to Loch Lomond will probably re-  
quire a further delay of several weeks  
and the expenditure of thousands of  
dollars.

In conversation with Mayor Sears  
yesterday, George McArthur, of Mc-  
Arthur & McVey, said that while their  
part of the contract had been com-  
pleted according to the specifications, it  
was necessary to extend the intake  
pipe further into Lake Latimer to  
make the work really satisfactory.  
Engineer Hunter had promised to  
give him an order for the extra con-  
struction, and he was waiting for this  
before commencing the extension.  
It was announced last week that the  
line to Loch Lomond had been com-  
pleted and that the water could be  
turned on at any time. It now ap-  
pears that although the work has been  
finished according to the engineer's  
plans, there is still an important piece  
of construction to be done that was  
not provided for in the plans.  
According to the specifications the  
intake pipe leading into Lake Latimer  
was to be carried out to a distance of  
four hundred feet from the shore. The  
bank of the lake was shown as sloping  
out gradually for about this distance  
and was then supposed to drop off  
sharply. This was the case, and it was  
the pipe projecting into deep water.

#### TO IMPROVE NAVIGATION OF ST. LAWRENCE.

OTTAWA, Aug. 27—Hon. L. P. Bro-

dur, who returned to the city this

forenoon, says that he has just re-

turned from an inquiry into the aids to

navigation along the St. Lawrence

route. The French admiral told him

that he knew of no route better

lighted than the St. Lawrence River.

However, there were certain im-

provements being made. Some new lights

and foghorns were to be added. An-

drew Allan accompanied the minister.

At present the best of Canadian fish

travels its way to American markets and

is shipped back to Canada, the Cana-

dian purchaser having to pay the duty.

How to remedy this is a matter which

is now engaging the attention of the

minister. He hopes to be able to make

some arrangement whereby Canadians

can have fresh fish sent direct from the

maritime provinces instead of import-

ing.

#### DESERTION OF WIVES INCREASES AT TORONTO.

TORONTO, Aug. 27.—The rush of

immigrants to Toronto has greatly in-

creased complaints of desertion, that

have come before the morality depart-

ment. In some cases wives and chil-

dren are left behind and husbands leave

for the west. Not hearing from them

they think they have been deserted.

This is too true in a number of cases.

Where no charge of desertion is made

relief is applied for till the husband

sends money and this kind of a case

is also greatly on the increase. A great

majority who apply are recently ar-

rived English women.

## HER CROWNING GLORY.

By OSCAR HATCH HANLEY.

"Sorry, Miss Andrews, but I have al-

ready assigned the part."

"And you, promised me a chance at

the first."

"I know," he interrupted, "and

would have kept my word had it been

possible. I couldn't do differently,

however, because Miss Harvey seemed

just fitted to it."

"Miss Harvey! Again?"

Surprise, resentment, indignation

were dominant in the almost explosive

utterance.

"Now, Maude, don't get agitated."

Hoffield used the Christian names of

the members of his company only when

he wanted to be particularly concilia-

tory and affable. "It's no life and death

matter. Besides, you can understand

the part."

"I won't understand it," she flashed

back angrily. "I won't have anything

to do with it unless I can have the title

role."

"But you are going to have some-

thing almost as good."

"There it is again. Almost as good."

"I'm sick and tired of that phrase, and

I should think you would be, too."

"Now, see here, Maude," began Hoff-

field in a masterly way, "if you could

have played this part, I would have

given it to you, and—"

"I can play anything Miss Harvey

ever attempted," she interrupted

haughtily.

"Granted, but you're not always up

to the business."

"Business!" she sneered. "Do you

mean to sit there and tell me that I'm

not equal to any business you can de-

vice or imagine?"

"Ordinarily no, but in this case yes.

You could no more play Lady Drum-

mond than I could. You're not built

for it."

"How dare you say that?" She was

quivering with anger now. "How dare

that in 'Imagined' last winter I had all

the critics—"

"Raving about the new cast from the

point of Venus. Yes, that's so; but

that was not what I meant at all. Haven't

you read the book?"

"Certainly. I'm letter perfect in the

lead."

"And did you take particular notice

of all the business mapped out for the

part?"

"Of course."

"Excepting this, I presume."

Hoffield opened the book which he

held in his hand and pointed to a line

in the instructions.

"But—but—" she stammered, turn-

ing white and losing her self-control

for the moment. "But I could make

up to it, couldn't I?"

"Impossible!" he spoke harshly

for he saw that Miss Andrews had

lost her nerve, and he believed in press-

ing home an advantage. "That's why

I say you can't play it any more

than I could. To do that business

you've got to own the goods."

"The only thing I have left," she

cried, almost in tears. "It is cruel!

Oh, but it is cruel!"

"There, then, that will do for the

present act." Hoffield tried to be

gruffly sympathetic. "Just make the

best of it. You can't play it any more

marked for you—opposite Lady Drum-

mond—it's almost—"

"Don't you say that again!"

She blazed up at his words. "Yes, I'll

take the part, and I'll show you what

it should be too."

"Rehearsal Monday," he called after

her as she turned to leave the office.

No reply.

"And better leave that little temper

of yours on your parlor—"

She did not hear the balance of the

sentence, for the swinging doors, clos-

ing behind her, had shut out the sound

of his voice.

She could almost wish she had never

gone to the theatre that afternoon, for

it was a crushing blow she had received

in not being given the leading role. Yet

she realized now, since her attention

had been turned to that, she was not

quite fitted to the part.

"And because of typhoid," she whined

when she reached her room. "Before

that attack of fever two years ago my

hair was as long and vastly more

beautiful than that of Miss Harvey."

Then, with a sudden passion of in-

dictiveness, she exclaimed: "Oh, how

I hate you, hate you! You've always

interfered with my plans; you've al-

ways been between me and my ambi-

tions! I wish you were dead! I wish

you were out of my sight forever!"

McManus & Co. Complain of Treatment

City Would Not Grant Them the Use of Steam Fire Engine—Found Underground Springs

FREDERICTON, N. B., Aug. 27.—McManus and Co., who have the contract for laying the Fredericton sewerage, appear to have no end of trouble. Besides the several strikes with which they have had to contend, they have struck a misfortune on St. John street which means to the firm a big expense. On Saturday last, while excavating on this street, they struck two underground springs, with the result that their apparatus or any they could obtain was insufficient to meet the difficulty. They applied to the city for the use of the steam fire engine, which is at present located at Morrison's Mills, the contractors believing with the use of this engine for a few hours the water could be pumped out sufficiently to allow the laying of the pipe.

The city, it is understood, would not grant the request with Mr. Morrison's consent, and the latter, it is said, refused on the ground of insurance. McManus and Co. to meet this objection agreed to have four horses attached to the engine during the time it was being used, so if a fire should break out during the period they maintained the engine would be sooner on the ground and having steam up ready prepared than it is at the present time.

The consent was not granted, and since Saturday the firm have been fighting the trouble as best they can. This afternoon masonry work was resorted to in order to keep the water out, and though headway is being made it is very slow.

The extra work on this part alone it is estimated will cost McManus & Co. in the vicinity of \$1,000, while if they had obtained the use of the engine the cost would have been trifling.

The affair has caused much discussion. The contractors feel that they have been discourteously dealt with, while the aldermen's friends claim that it is none of their business and that the city is not bound to supply apparatus for the contractors.

In an interview with a leading member of the council today on the decision of the board, the result would be that sewerage would be dropped as this city would not and could not shoulder the burden of providing other means of disposing of the sewage. The expense was as heavy now as the city could stand and any additional would be out of the question.

### DEAD BODY OF A MALE INFANT FOUND

MONTREAL, Aug. 27.—The dead body of a male infant was found yesterday in a leather satchel which was lying in a deserted quarry at the head of Champlain street. The body was taken to the morgue, but the inquest will be deferred until further investigation is made by the Ville St. Louis police.

In addition to the body, the satchel contained a red shirt, a black and white waist, a corset cover, a baby's white skirt and other child's clothing.

Annual Report of I. C. R. Acting Military Governor of Warsaw Assassinated.

Death of Mrs. Mosella J. Grant—Percy Myers Sent Up for Trial Charged With Assaulting Moncton Man.

MONTREAL, N. B., Aug. 27.—Percy Myers of Sussex was sent up for trial by Magistrate Kay this afternoon on the charge of assaulting W. P. Jones on Saturday night. The case came up this morning and was adjourned until this afternoon. Myers was represented by A. McIntyre of Sussex and J. C. Sherrin of Moncton, while D. L. Welch appeared for Mr. Jones. Several witnesses testified in regard to the assault, and Mr. Jones himself, with his face swathed in bandages and badly discolored, gave evidence on his own behalf.

The death occurred at an early hour on Sunday morning of Mrs. Mosella J. Grant, at the residence of her daughter, Mrs. J. S. Cover, Church street. Mrs. Grant was formerly a Miss Steeves of Hillsboro, A. C., her first husband being also an Albert county man. Mr. Lovett, who for some years kept a hotel at Hillsboro and afterwards for a time managed the Victoria of Saint John. Mrs. Grant was a resident in Moncton for some years previous to residing in Cleveland, and married Mr. Grant of that place. The body was conveyed this morning to Hillsboro for interment.

The seventeenth annual report of the I. C. R. Employees' Relief and Insurance Association is to hand. The total receipts from all sources during the year were \$80,416.33, which added to the credit balance of June 30, 1905, makes a total of \$97,331.21. The total expenditures were \$78,571.43, leaving a credit balance of \$18,759.78, which is less the estimated outstanding liabilities of \$2,750.

Statement number one shows that the deficit in the sick and accident fund was \$1,146.21, to which should be added the estimated outstanding liabilities, making a total deficit of \$4,496.31.

The surplus in the temporary employees' accident fund has been still further increased and now amounts to \$15,849. It will be noted that the amount paid for death indemnity during the year was \$1,260. The amount paid for the year ended June 30, 1905, was \$2,500.

Fifty death claims, amounting to \$22,000, were paid during the year. Of these deaths forty-one were due to natural causes, the remainder, nine, were accidental. There were twenty claims for total disability, aggregating \$33,250. The amount paid for death and total disability claims shows an increase of \$8,250 over the amount paid last year on the same account.

The annual meeting of the members of the association will convene in Moncton on Wednesday, Oct. 10.

### MINE LEASES EXPIRE: SENSATION EXPECTED

HALIFAX, N. S., Aug. 27.—The leases of the Minuside and Strathcona coal mine areas at River Hebert, Cumberland Co., expired this afternoon and they were taken up by J. H. Emmett of this city. It is stated that the present operators of the mine are not aware of the transaction and a separation in mining circles is anticipated.

### WILL LOOK INTO MARSHALL CASE

If Recorder so Advises the Safety Board

D. Mullin K. C., on Behalf of Secord, Protests Against Chief Clerk's Disregard of Magistrate's Decision

The safety board will, if Recorder Secord so advises, recommend to the council that a regular investigation be held into the conduct of Policeman Marshall.

The regular meeting of the safety board was held last night. The following were present: Ald. Vanwart (presiding), Ald. Sproul, Tilley, Pickett, Holder, Lantulum, Lockhart, Mayor Sears, Chief Clerk and Director Wisely.

It was decided to close North and South Market streets on Monday next for 24 hours, as is done every ten or 30 years to denote private ownership of the streets. The streets were last closed in August, 1891.

The land in Fairville known as the Fairville lease, consisting of nine acres of land, came up for discussion. The director advised that the city should take over the land, which it could do at an expense not greater than \$500. The property contains a nice little house.

A committee of Ald. Holder, Ald. Tilley, the chairman and the director, was appointed to consider the matter.

Ald. Pickett moved that this land lying out towards the farm of Mr. Manchester should be divided into building lots to the best advantage. The district now has the water system and the land would be in every way better than Fairville property.

The director said that the street railway has informed him that if the parcel of land was divided into lots and streets laid out, they would extend their Fairville branch in this direction.

It was decided to renew the lease of Patrick Fitzgerald for four years, commencing with 1908.

B. J. Grant asked for the lease of property on Albert street. It was referred to the same sub-committee.

Ald. Holder remarked that the committee might as well make a day of it and stay to dinner with Ald. Rowan.

Two more communications were received, one from Charles Coplin and one from Saml. Clark, asking for a lease of No. 8 engine house, Carleton, Nova Scotia.

The director advised retaining the property, and the committee was asked to consider the matter.

The communication was laid on the table.

The director said that the British street look up needed reconsideration. On motion of Ald. Pickett the matter was left in the hands of the director and Ald. Holder, with power to extend the time.

The director reported that the street railway had now taken over the north end lights. He wished to know what he should do with the plant.

Ald. Lantulum moved it should be advertised and sold by auction.

Ald. Pickett said that he had been told that the whole front of the building would have to be torn down to about the height of the engine house.

The director did not think this would be necessary.

Ald. Pickett suggested that the tools of very little use to anyone else be given to Mr. Melvin, who would like to have them and who has given such faithful service to the city.

Ald. Lantulum opposed this. He thought that they should be sold with the rest of the machinery.

A committee of Ald. Holder, Pickett and Lantulum was appointed to arrange the sale.

William O'Connor asked to be appointed a committee to have had considerable experience.

Chief Clerk said that a line man was necessary. Mr. O'Connor is a good man but he would like to give the appointment to one of his own people.

There were other applicants, he said.

The director stated that provision for a line man which would have cost about \$600 a year is not in the estimates, having been omitted.

The chief therefore asked for an appointment. It was quite necessary, he said.

Ald. Pickett said he would oppose the creation of any new office at the present time. The chief can be authorized to get temporary assistance if necessary.

Ald. Sproul made a motion that a recommendation be made to council that an appointment be made.

An amendment of Ald. Pickett that matter remain as at present was carried.

Mayor Sears suggested Engineer Leonard, who is ill, should get two months leave of absence. This was agreed to.

A communication was received from Daniel Mullin, K. C., as counsel for John Secord, enclosing correspondence with Chief of Police Clark asking for a thorough investigation into the conduct of Policeman Marshall. The chief of Police, however, apparently considers it no part of his duty to take any notice of the magistrate's decision however much it reflected upon one of his officers.

Mayor Sears said that he thought it an occasion when the board should ask the chief to make an investigation or themselves make an investigation.

Ald. Sproul moved that such an investigation should be made.

Ald. Pickett said that he understood that his worship allowed a few words to slip from his lips rather disparaging to the St. John police force, while in Halifax. The efficiency of the local force was shown by the capture of a murderer by Chief Clerk and Detective Killen in a most creditable way. He thought the recorder should be consulted before taking any such action. To make an investigation would cause a lot of trouble and if the board find different from the police court, it would not very much ahead.

### WEST SIDE MATTERS

Strip of Land Will Probably Be Purchased For C. P. R. Track.

This evening the regular meeting of the Board of Works will be held. A matter which is likely to be discussed is the adjustment of the remaining railway track on Union street west, so as to accommodate the railway.

Owing to the destruction of the great part of Union street as a highway the C. P. R. have been unable to use the best way out of the difficulty was to secure a portion of the land at present occupied by Sixth and Quinlan. The lease expires on November 1st. The proposition is now to put the firm's property, it is understood, on an offer for a temporary lease for ten feet will be made tonight.

### ICE CREAM BUSINESS IN TERRIBLE CONDITION

BOSTON, Aug. 27.—The State Board of Health made public tonight its report of an investigation of the ice cream business in the city of Newburyport. The investigation follows the recent illness of nearly fifty people of that city and vicinity, which resulted, it is alleged, from eating impure ice cream.

The state board examined eight ice cream establishments and reports that not one was found in even a reasonably sanitary condition. The personal cleanliness of the dealers was also criticized. The state officials, in addition, charged the Newburyport Board of Health with having issued a certificate of cleanliness on August 1st to one of the worst of the alleged offenders, which dealer subsequently used the certificate for advertising purposes.

### "ALL THINGS COME TO THOSE WHO WAIT"

Even the Drill Hall for St. John, May Be Built Eventually, Says Sir Frederick Borden

Sir Frederick Borden, minister of militia, passed through the city yesterday on his return to Ottawa after a short trip to his home in Canaan, N. S. Sir Frederick intends leaving for the old country by the Virginian, where he has arranged several matters in his department at Ottawa. His trip will comprise both pleasure and work. Sir Frederick does not yet know when he will return.

Regarding the proposed St. John drill hall, Sir Frederick said that it would probably be built, but not for some time. However, said the minister, "everything comes to him who waits, and if the people of St. John possess their souls in patience, they will in all probability be rewarded."

He was not at all sanguine at the prospect of the erection of the building in the course of a couple of years, but when asked for a definite date for the erection of the building, he merely repeated the phrase, "Everything comes to him who waits—that is, if he lives long enough."

### PAST HISTORY OF BAPTISTS

Dr. Saunders Contends That It is a Unique One

Would Have It Carefully Preserved—A Large Contingent of Missionaries—Field Secretary Needed

LIVERPOOL, N. S., Aug. 27.—The first order of business at the United Baptist Convention today was the report of the treasurer of Home Missions in Nova Scotia and P. E. Island. The total receipts for the year were \$3,822.18, and \$3,324.49 was expended, leaving a balance of \$2,487.69.

The report of the Baptist Historical Society was read by Rev. J. W. Brown of Wolfville.

Dr. E. M. Saunders urged upon the convention the need of preserving the past history of the Baptist bodies of the Maritime Provinces. He said the history of the Baptists was a unique one. While the history of Episcopalians, Presbyterians, Methodists is great, that of the Baptists is greater. He regarded the union as a sensible, righteous and rational movement that would be noted by the historians in the future.

The convention instructed the Home Mission Board as soon as possible to take such steps as would make the minimum salary of missionary pastors \$800 and a parsonage. A committee was appointed to attend to the amalgamation of various annuity and ministerial relief funds of the Maritime Provinces.

Dr. J. W. Manning, Secretary-Treasurer, submitted the report of the Foreign Mission Board. He stated that Missionaries Rev. W. S. Tedford, Miss Elizabeth Gaudin, Miss Alberta Patton, Miss Zila Clark, M. D., and Miss Carrie Chambers would go to India this autumn.

Miss Ida Newcombe, Miss Maud Harrison, Miss Archibald and Mr. and Mrs. Harding, who have been home on a furlough, will also return at the same time.

This is the largest contingent ever sent out by the Baptists of the Maritime Provinces. A warm discussion took place when the matter of the appointment of a field agent for foreign missions was brought before the convention. The board itself favored the detention of Dr. Manning as secretary-treasurer and the appointment of a special agent for work among the churches. There was quite strong opposition to this proposition by the convention members. Opinions were freely expressed and the matter was brought to a head by the motion introduced by Rev. G. H. White requesting the board to free the hand of the secretary-treasurer of all duties and specialties that hinder him from spending the greater part of his time on the field among the churches, as the need of the hour is a field secretary rather than secretary-treasurer. After a lengthy discussion the amendment was carried.

The receipts for foreign missions during the year from churches was \$8,737.73, from the W. B. M. Union, \$8,330; from legacies, \$1,843.31; from special donations, \$1,810.89; from 20th century fund, \$1,854.75; from interest legacies, etc., \$1,918.17, making a total of \$23,994.81. There is about \$1,800 on hand.

On the Telegram field there are now nine male and fourteen female missionaries, six of which are wives of missionaries. This number will be enlarged by eight next month, making 31 in all.

A communication from "The Joint Committee of Presbyterians, Congregationalists and Methodists on Union" was read before the convention. It proposed a possible union of these bodies with the Baptists and Anglican bodies, and further advised the convention that the door was open for it to appoint a committee to meet the joint committee in Toronto in December.

School Board Met Last Evening—Miss Campbell Resigns From Centennial—Changes in Teaching Staff

The regular meeting of the School Board took place last evening. A large number of bills for repairs to the different school buildings were ordered paid, one being referred to the building committee, as some of the members of the board thought the charge exorbitant.

An application was received from Miss Eva J. Whyte of Sheffield Academy for an appointment on the permanent staff. This was placed on the application list.

A request from Miss Ada H. Whitaker, at present in Cambridge, England, asking for ten days' extra leave of absence, was granted.

The resignation of Miss Margaret Campbell, a teacher in Centennial school, was accepted. Miss Grace Campbell was transferred from the Newman street school to take Miss Campbell's place in Centennial school.

Miss Nina Gregory was appointed to a position on the reserve staff.

A large number of applications for positions as enumerators to be appointed under the Compulsory School Law, were received, but the board decided not to deal with this question until September 10th.

A report concerning the condition of the boiler in Albert school was read. The boiler was found, upon inspection, to be in good condition.

The question as to the granting of permits to children living in Lancaster and in other places outside of the city, was received. It was decided that permits would be granted to children whose parents or guardians were ratepayers in the city. Those who are now attending from outside districts and whose parents or guardians are not ratepayers will be allowed to continue at school.

Those at the meeting were: A. I. Trueman, chairman; Dr. H. S. Bridges, superintendent; Michael Coll, Ald. Bullock, Robert Maxwell, M.P.E., John Keefe, D. H. Nase, W. C. R. Allan, A. C. Lockhart, Miss Dever and Mrs. Skinner.

The changes in the teaching staffs of the various schools are: In the High School, Miss Lingley takes charge of Grade 8, and Simpson Lord of Grade 9. In Victoria school, Miss Laura Miles takes charge of Grade 3 in place of Miss Howard, resigned. Miss Alberta Roach was appointed as assistant.

In Aberdeen school, Miss Shandis takes the place of Miss Edgcombe, resigned. Miss Veturia Machum of the reserve staff takes the place of Miss Grace Campbell at the Newman street school. Miss Grace Warren succeeds Miss Ruth Everett in the Winter street school.

Ralph Bonnell, manager of the general furnishing department of Oak Hall, was operated on at the General Public Hospital last night for appendicitis. The surgeons were Dr. T. D. Walker and Dr. A. W. Christie. The operation was entirely successful, and Mr. Bonnell's condition was reported at an early hour this morning as being very satisfactory. Bonnell, with a party of friends, returned on Sunday night from a two weeks' yacht cruise on the Arm-o-rel, and was taken ill almost as soon as he reached the city.

The freight checkers of the I. C. R. system are to be granted an interview by the Hon. Mr. Emmerson at Moncton after the minister arrives back from Ottawa. Checkers who are not at present in touch with the committee are requested to notify the secretary, P. C. Sharkey, St. John, who will forward full details of the proposed meeting to them.

### MONTON PASTOR MAY RE-CONSIDER RESIGNATION

MONTON, Aug. 27.—A meeting of the Christian Brotherhood of the First Baptist church, called at short notice, was attended this evening by about two hundred members for the purpose of requesting the pastor of the church, Rev. Geo. E. Whitehouse, who also founded the society, to reconsider his resignation.

At the meeting, at which Rev. Mr. Whitehouse was present, a motion to his effect was enthusiastically carried. Mr. Whitehouse, who was visibly affected, made a reply. He said he would give his final decision on Thursday evening. From utterances at the meeting it would not be surprising if Rev. Mr. Whitehouse should decide to remain with the First Baptist church.

James O'Brien, who was arrested last week for assaulting and robbing James Forsythe, was brought before his honor, Judge Ritchie, yesterday afternoon and committed for trial.

The schooner M. D. S., bound from New York to Hantsport, is reported ashore near Blomidon. The schooner is 190 tons and was built in 1900 at Falmouth. She hails from Windsor and is owned by T. McNulty.

George Swanton, a ship laborer, was severely injured while at work on a steamer loading lumber at Sand Point last night. His legs and side were injured by a lot of deals falling upon him. He was taken to his home on Waterloo street in a coach and was as well as could be expected this morning.

The wholesale millinery openings for fall and winter will take place in this city on the 12 and 13th of September. Nearly all the large houses will have most elaborate showings, as this fall's shapes and materials are exquisite and brilliant. Retail openings will probably take place a week later.

The rain of yesterday had the effect of extinguishing most, if not all, of the forest and brush fires in the vicinity of St. John. Those which have been raging around Westfield are now pretty well drowned out, though in some interior parts where the rain has been so heavy, a smoldering blaze remains.

The most interesting part of M. R. A.'s advertisement today tells of a sale of brand new silks tomorrow. The bargain materials are in best taffeta and lousine, and checked in tiny patterns, striped and in the "shot" or changeable effects. About fifteen hundred yards in the sale-group, purchased at a low-down figure to retail much below the market value.

Mrs. Samuel Souther, of Baywater, wishes through these columns to thank the officers and nurses of the Victoria Public Hospital for the kind and skilful treatment given her since going there. Mrs. Souther entered this institution some time since to be operated on for a more or less serious trouble. Her many friends will be glad to hear that she is rapidly improving, and hopes soon to be home again, perfectly cured.

It is understood that the Royal Kennebecasis Yacht Club will hold its fall cruise on Labor Day in main river waters. It is open to all yachts in the register, and a large number intend taking part. Commodore Thompson will be on hand in his flagship Scionda and a number of power-craft will also be found in the joint. The boys are banking on a regular old-time outing, with sing-songs and more or less racing on the way up stream and back again.

On the 4th of August, Captain Otto J. A. Hottendorf, a corner resident of St. John, N. B., passed away in his home on the Long Dock at Erie Basin, Brooklyn, N. Y. His death followed an attack of la grippe, which had kept him in bed for four weeks. Captain Hottendorf was born in Altenau, Germany, 56 years ago. He went to sea when a boy. Later coming to this country he took command of ships, in the employ of Scammell Bros and Turnbull & Co. His wife accompanied him on all his trips. For eighteen years, since he retired from the sea, he had been employed as storekeeper by R. P. & J. H. Stratts, dock builders.—N. Y. Times.

### A ONE MAN SERVICE.

The street railway line through Fairville is not making money very rapidly, and the company are endeavoring to devise means of reducing expenses. With this end in view it is understood that in the near future the car will be operated by one man instead of two as at present, the conductor being dispensed with. A cash box and slide doors will be put on the car and passengers will pay their fares as they go in or as they go out. Bells will be placed on the car by which passengers desiring to alight may signal the motor-man.

### POSTPONED.

The Rev. James Strothard was to have delivered his lecture on "Ber-muda" in the Methodist church, Westfield, last evening but owing to the unfavorable condition of the weather it was decided to postpone the event to Wednesday evening of this week when it is hoped there will be a large audience present.

### HANLEY SENT UP FOR TRIAL

Wm. Hanley, charged with assaulting Mrs. Baker and her eleven year old daughter, was before the police magistrate this morning. Dr. D. E. Berryman gave evidence regarding his examination of the little girl. Hanley said he was not guilty and was sent up for trial at the present session of the county court.

Grand Master Refers to Those Who Have Died During the Year—Election of Officers Tonight.

The annual session of the Grand Lodge of Free and Accepted Masons of New Brunswick opened in the Masonic Temple this afternoon. Grand Master Edwin J. Everett in the chair, with a large attendance of officers and members.

The Grand Master in welcoming the members of the Grand Lodge to its thirty-ninth annual communication, congratulated them on the continued prosperity of the Grand Lodge and the fraternity throughout the province. He informed them that since their last session the balance of the bonds issued to pay for stock in the Masonic Hall Co. (having several years to run) had been paid off, leaving ample funds in the treasury for all requirements.

The Grand Master spoke feelingly on the death of the five members of Grand Lodge who had died during the year. Brothers Rev. Francis Partridge, D. D., and James D. Fowler, both of Fredericton; Frank W. Humphrey, of Hampton; Robert Morrison, of Sussex, and Thomas Cochran, of Salisbury. He also made a full report of his official acts during the year, including the opening of new lodges and his official visit to the private lodges, all of which he found prospering. The election of officers will take place this evening.

### NEW BRUNSWICK DROPS

### BACK TO FOURTH PLACE

In the Temple of Honor—Delegates Home From the Gloucester Convention.

S. E. Logan, this city, returned last night from Gloucester, Mass., where he attended the annual session of the Temple of Honor. Mr. Logan reports that the convention was a success, every district being represented. The reports of the various jurisdictions were very encouraging with the exception of New Brunswick, this jurisdiction having dropped during the past year from fourth place. It was reported that for the whole district a gain of 600 members was recorded. The election of officers resulted in James Hicks of Gloucester being elected M. W. T. W. C. Whitaker opposed the successful candidate and was only beaten by a very small majority. L. E. Eagles of this city was elected M. U. C. S. E. Logan was re-appointed D. M. W. T. Mr. Hicks in delivering his address made special mention of the good work done by Miss Stella M. Estabrooks, of Carleton. Among those who attended the meeting were Dr. W. F. Roberts, S. E. Logan and W. C. Whitaker.

### HARBOR REGATTA WILL

### TAKE PLACE SEPT. 8th

Single Sculling Contest for the Neptune Cup Should Prove of Interest.

It has been decided by the Neptune Rowing Club to hold the harbor championship regatta, single sculls, on Saturday the 8th of September at 2.30 p. m. Applications must be received by D. D. Robinson, secretary, not later than Wednesday, September 5th.

The Neptune Club are presenting a most interesting event and with a motor boat race will make a short but interesting regatta. It has been suggested that a tug race would be a big attraction if open to all classes including salmon boats. It would mean a large list of starters.

### THIS EVENING.

### ANOTHER POSITION.

John McLeod, of West Side, has been selected by the employment bureau of the Currie Business University, Ltd., to fill a position on the office staff of the Mispac Pulp Mill.

### Warning to Exhibition Visitors.

We are obliged each exhibition year to turn away hundreds who come to St. John for the sole purpose of having their teeth attended to, but who neglect the main object of their visit until a few days before returning home.

We would therefore advise all to call early and avoid the usual rush so that they may not be compelled to return home disappointed at being unable to avail themselves of our SUPERB WORKMANSHIP AND ATTRACTIVE FEES.

Parents should remember that the vacations are drawing rapidly to a close and that as they value the health and welfare of their own children and those of others they should see to it that their children's teeth are in proper condition. We can put their teeth in the condition they should be without affording them any pain and we can do it reasonably. Call at once.
