

ITALY'S ENTRY INTO WAR MAY BE ONLY MATTER OF HOURS NOW; AWAIT FINAL REPLY

LUSITANIA CAPTAIN'S EVIDENCE CLEARS UP MANY POINTS CONCERNING SINKING OF BIG CUNARD LINER

Had Warning from Admiralty of Presence of Submarines and "To Best of His Ability" Followed Advice—"Wholesale Murder" Jury's Verdict—Absence of Naval Escort Much Discussed Question in Connection With the Disaster.

"WITH JOYFUL PRIDE" WAR-CRAZED GERMANS HAIL LUSITANIA HORROR

Amsterdam, May 10.—The Cologne Volks Zeitung says: "The sinking of the Lusitania is a success of our submarines which must be placed beside the greatest achievement of this naval war. The sinking of the giant steamer is a success of moral significance, with its pride greater than material success. "With joyful pride we contemplate this latest deed of our navy. It will not be the last. "The English wish to abandon the German people to death by starvation. We are more humane. We simply sank an English ship with passengers who at their own risk and responsibility entered the zone of operations."

London, May 10.—The Cunard Line steamer Lusitania, which was sunk last week off Old Head of Kinsale by a submarine, was struck by one torpedo, according to the testimony of Captain Turner, of the steamer, given today at the coroner's inquest at Kinsale. But this missile found a vital spot, and sent the liner to the bottom in less than twenty minutes, carrying with her over a thousand souls. The evidence of Captain Turner, which cleared up many other points concerning the disaster, and that of other members of the crew of the vessel, with a general knowledge of the situation, led the jury to bring in a verdict of "wholesale murder" against the German emperor and his government and the officers of the submarine directly responsible for the sinking of the ship.

It was also disclosed today by Captain Turner and by Winston Spencer Churchill, First Lord of the Admiralty, in a statement in the House of Commons, that the captain had received wireless advices from the Admiralty in regard to the presence of submarines on the liner's course. Captain Turner, in his statement, said he had followed this advice "to the best of my ability."

The character of the advice tendered by the Admiralty was not divulged, and will not be until Lord Mersey opens his inquiry into the loss of the ship. Meantime the cause for the heavy loss of life, the absence of any naval escort for the threatened vessel and the suddenness with which she sank afford room for speculation. Captain Turner, in declaring that one torpedo did all the damage, said the second explosion which the passengers heard was an internal one, and that the engines having been put out of commission it was impossible to stop the Lusitania and permit of her boats being lowered properly.

The idea of an internal explosion is supported by naval experts, who point out that if the torpedo had exploded on contact with the steamer she would have only been disabled, or had one or two of her compartments flooded. It is evident, however, they say, that if the torpedo penetrated the hull, and the charge of 420 pounds of explosive was detonated, it would have created an effect similar to the explosion of a magazine within a ship. There is little wonder, therefore, they say, that the Lusitania sank so rapidly, and that so many persons were killed by the fumes of the explosion.

Question of Naval Escort.

On the question of why no naval escort accompanied the Lusitania, Mr. Churchill explained in the House of Commons that the policy of the Admiralty is that merchantmen must look after themselves. This policy was due to the fact that the Admiralty had not sufficient destroyers to escort all merchant ships, they being required to guard the continuous stream of transports from England to France, and to protect the English east coast from German raids.

Naval observers are of the opinion that the use of destroyer for the protection of shipping is probably what the Germans are trying to force England to give, but they say that the Admiralty, with its eye first on the naval and military needs of the country, will not divert its ships for other purposes. Some of the members of the House of Commons, however, ex-

TO MAKE AMENDS FOR SINKING OF DUTCH STEAMER

Germany Regrets Torpedoing of the Katwyk and is Willing to Pay Damage.

The Hague, via London, May 10.—It is officially announced that the German government has expressed sincere regret for the sinking of the Dutch steamer Katwyk, which was blown up off North Hinder Lightship on April 14 by a German submarine. Germany explains that the act was in no way intentional, and undertakes to make compensation.

"A communication from Berlin," says the official announcement, "states that the German government, after having compared the report of the Dutch crew of the vessel with that of the commander of one of the German submarines, has arrived at the conclusion that the torpedoing was done by a German submarine. The commander of the submarine was of the opinion that he was dealing with an enemy ship, as the distinguishing marks used by neutrals had not been illuminated on the side, which was struck by the torpedo."

AN OUTRAGE AGAINST RIGHTS OF NEUTRALS

Buenos Ayres, May 10.—La Nacion publishes editorially an energetic protest against the torpedoing of the Lusitania without previous warning. It declares that the act was an outrage against the rights of neutrals, and has aroused the conscience of humanity.

GERMAN WOMEN WHO WENT TO PEACE CONGRESS HAVE BEEN BOYCOTTED

The Hague, via London, May 10.—The German delegates to the recent International Women's Congress received notice on their return home that they had been boycotted by the German national council of women owing to their having participated in peace discussions, it is said. The council had refused to join the congress.

Miss Julia Grace, of Wales, Wisconsin has been appointed secretary of the Women's Embassy, which is proceeding to Scandinavia and Russia to intercede with the rulers of those countries to plead for peace.

"They Have Got Us Now," Vanderbilt Said Before Ship Went to Her Doom

Queenstown, May 10.—Dr. Owen Kenan of Wilmington, North Carolina, who is on the Lusitania's passenger list as coming from New York, was found seriously ill in a hotel late this afternoon.

Dr. Kenan said that as he went down with the ship he saw Alfred Gwynne Vanderbilt leaning against a gateway door, and that Mr. Vanderbilt called out to him: "They have got us now."

GLOUCESTER GRITS "WORK" ON SUNDAY

Sunday Night Political Talk Fest at Petit Rocher by Turgeon and Veniot.

Bathurst, May 10.—While the Liberal newspapers are loudly declaring that during the war there should be no political feelings, but both parties should work in harmony for the interests of Canada and the Empire, the patriots of Gloucester county, Messrs. C. B. Turgeon, M. P., and J. P. Veniot, co-organizer for the Liberal party, with Mr. Man Friday Carter, have not ceased to do their best to stir up partisan strife and rancour. Their latest achievement was a Sunday night political talk in the Grammar School at Petit Rocher, when the usual Sabbath calm of that portion of the county was disturbed by violent outbursts of partisan politics.

The meeting occurred last Sunday evening and that even the Liberals of Gloucester county are heartily ashamed of the action of their leaders is evidenced by the fact that to date the St. John Telegram has not dared to print an account of it. It was organized some two weeks ago and despite the fact that agents of the party had been industriously trying to drum up an attendance for it the Standard learns that only 100 people were present when the spellbinders of the evening ascended the platform.

Messrs. Veniot and Turgeon bitterly assailed the Dominion government for every action since the election of 1911, but utterly failed to take their hearers into their confidence to the extent of disclosing any of the shameful graft which characterized the Liberal regime prior to that date. They did not even touch on the instances of petty raffle and corruption to be found in their own county under former administrations. This is the second meeting held by Mr. Turgeon and Mr. Calmly Fowler Veniot since the memorable occasion at Tracadie when Mr. Turgeon delivered a notable speech which called for explanation from him in the House of Commons at a later date.

Despite the fact that the Liberals of Gloucester are actively campaigning seven days a week, there is a general belief in that county that Mr. Turgeon's career as a public man will be terminated at the next election.

BRITISH STEAMER TORPEDOED BY A GERMAN SUBMARINE

Bulletin—London, May 10.—The British steamer Queen Wilhelmina of Hartlepool, was torpedoed and sunk by a German submarine off Blyth on Saturday. Time was allowed the crew to take to the boats. The men were picked up by a patrol boat and landed at Shields.

The Queen Wilhelmina was engaged in trans-Atlantic trade. She was of 2,307 tons net, and was 363 feet long.

JAPANESE CRUISER RELOADED.

Tokio, May 10.—The Japanese armed cruiser Asama, which ran ashore on the coast of Lower California on February 4, has been reloaded, according to official announcement made here. The Asama will probably be docked and repaired at San Francisco.

ITALY AWAITING FINAL REPLY OF AUSTRIAN GOVERNMENT

Bulletin, Paris, May 10, 9.30 p. m.—"The government of Italy today awaits the final reply of Austria," says a Rome despatch to La Liberte. "In the interim the publication of important decrees which were signed at the last meeting of the cabinet has been withheld. I learn from an excellent source that unless the Austrian answer arrives before midnight tonight, or if the reply is unfavorable, Italy will consider the negotiations terminated."

RUSSIAN RIGHT FLANK FORCED TO FALL BACK THIRTY MILES IN GALICIA

One Division Withdraws from Hungarian Slopes in Carpathians Into Western Galicia as Result of Recent Austro-German Attack

Washington, May 10.—Col. Golejewski, military attaché of the Russian embassy here, issued the following statement tonight: "During the last week of April very considerable Austro-German forces assumed the offensive between the Vistula and the East Beskid range of the Carpathians. "Supported by considerable heavy artillery the Austro-Germans, after a stubborn resistance by our troops on the second, third, fourth, fifth and sixth days of May, succeeded in crossing the river Dunajec and in establishing themselves between the latter and the River Wisloka.

"The main Austro-German attack was developed in the direction of Tuchow-Biecz-Jaslo, which, for a while threatened the flank of some of our detachments to the southwest of Dukla. "These troops, consisted of the 48th division, commanded by General Kermitoff, after desperate bayonet fighting, cut their way through the enemy and rejoined their corps on May 7. "The result of the enemy's advance is: The withdrawal of the right flank of our forces in Galicia for a distance of about 30 miles, and the re-crossing of one of our divisions from Hungarian slopes of the Carpathians into Western Galicia. The rest of our line in the Carpathians, as well as in the trans-Carpathian region, is being maintained without any changes."

Government Control Of the Liquor Trade In Certain Districts

Amended Bill Passes Second Reading in British Commons—Committee Will Inquire Into Charges of Drunkenness Among Workingmen.

London, May 10, 10.30 p. m.—The House of Commons this evening passed the second reading of Chancellor of the Exchequer Lloyd George's bill to amend the Defense of the Realm Act. The bill originally was designed to place a heavy surtax on wines, spirits and beer, but under pressure from the Irish party its provisions were amended to giving the government control of the sale of liquor in areas where munitions of war are being made.

Under the bill a central committee will be set up for Scotland and England. It will act on the recommendations of local committees of employers and workmen in the districts affected.

Mr. Lloyd George has promised to appoint a committee to inquire into the charges of drunkenness among workmen, and all parties, including the Laborites, have expressed their satisfaction with the bill. The government will absolutely control the sale of liquor in selected districts, including that dispensed in clubs and grocery stores. A commission under the chairmanship of Lord Dunsedin will deal with the question of compensation to the liquor dealers for their licenses.

President Gives First Intimation of Course U.S. Likely to Pursue

While States Will Remain at Peace, Will Seek to Convince Germany of Injustice to Mankind of Friday's Tragedy.

Philadelphia, May 10.—President Wilson gave to a gathering of 4,000 naturalized Americans tonight the first intimation of the course which the United States government probably will pursue in the situation resulting from the loss of more than a hundred American lives on the British liner Lusitania. He spoke by implication, but his hearers interpreted his remarks as meaning that, while the United States would remain at peace, it would seek to convince Germany of the injustice to mankind of the tragedy of last Friday.

"America," said the President, "must have the consciousness on all sides it touches elbows, and touches heart, with all the nations of mankind. The example of America must be a special example. It must be an example not merely of peace, because it will not fight, but because peace is a healing and elevating influence of the world, and strife is not. "There is such a thing as a man being too proud to fight. There is such a thing as being so right that it does not need to convince others by force that it is right."

The president made no direct reference to the Lusitania tragedy, but the audience did not hesitate to read the application of his statement. The President pointed out the true goal of right American citizenship to be loyalty, not to the country of one's birth, but to the land of one's adoption. "While you bring," he said, "all countries with you, you come with a purpose of leaving all other countries behind you—bringing what is best of your spirit, but not looking over your shoulder, or seeking to perpetuate what you leave in them. I would not, certainly, be one who would suggest that a man cease to love the place of his origin. It is one thing to love the place where you were born, and

SEARCH FOR LOVED ONES AMONG DEAD

Friends and Relatives Seek Their Dear Ones Among Un-identified Dead at Queens-town.

Queenstown, May 10.—An early morning train today brought nearly a hundred friends or relatives of passengers of the Lusitania to Queenstown from various parts of the British Isles. Among those who arrived was W. L. Griffiths, of the Canadian office in London, who desired to extend aid to the Canadian survivors.

The coffins of the sixty-four unidentified dead were filed past by weeping men, women and children, who sought the last opportunity to see if there were among the dead those for whom they were searching. This delayed the funeral procession, the entire forenoon being devoted to last efforts to make identifications.

The churches in Queenstown, both Protestant and Catholic, all held memorial services this morning. Assisting the bishop at the cathedral was Father Cowley Clark, of London, a survivor of the disaster. Participating in the Protestant service was the Rev. Mr. Swan-Mason, chaplain of the battleship Ocean, which was sunk recently in the Dardanelles.

SUSSEX MAN IS KILLED IN ACTION

Ottawa, May 10.—Casualty lists issued by the Militia Department at nine o'clock and at midnight tonight greatly augment the number of members of the Canadian division killed in action in the recent battles in Flanders. Particularly heavy losses are recorded in the first, second and third battalions of the first infantry brigade, and in the fourth battalion there is a large list of wounded. The fifth and eighth battalions also have lengthy lists of losses.

The lists includes among those killed in action the name of Thomas J. Decourcy, of Sussex, Kings county, N. B.

another thing to dedicate yourself to the place where you go. You cannot be an American if you think of yourself in groups. America does not consist of groups. A man who considers himself as belonging to a national group is not yet an American. "My advice to you is to think first, not only of America, but to think first of humanity, and you do not love humanity if you seek to divide humanity in jealous camps."

There was a tremendous ovation as the President finished his speech. Afterward he returned to the station and entered his private car. He is due to leave for Washington at midnight, and will arrive in Washington early tomorrow.

BETWEEN SEVEN AND EIGHT HUNDRED MEN NOW UNDER CANVAS AT CAMP SUSSEX

Men of 55th arrived in camp yesterday — Advance party had things in good shape and grounds in good condition.

Special to The Standard. Sussex, N. B., May 10.—Special trains brought the men of the 55th Battalion to Sussex today and tonight between seven and eight hundred are comfortably housed under canvas on the military camp grounds. The detachment from Fredericton, Woodstock, St. Stephen and St. John arrived about 2.45 o'clock and were met at the railway depot by the Citizens' Band, who played them to the camp grounds, a large number of citizens were at the depot and on the line of march to greet the boys who have placed their names on the honor roll to aid the Empire and save their country from the clutches of the Hun.

Five Unsuccessful Attacks Were Repulsed

London, May 10.—Field Marshal Sir John French, commander-in-chief of the British forces on the continent, reports no change in the general situation today. "Our line to the east of Ypres, in spite of repeated attacks by the enemy during last week, is substantially the same as that to which we withdrew on the night of May 3-4," he says in his report to the War Office. "During the fighting in this quarter yesterday the enemy made five unsuccessful attacks, and his losses in these failures were very heavy. On the front of the first army the fighting today has been confined to artillery action."

LIBERALS HURT LUSITANIA'S CAPTAIN WARNING OF DANGER AHEAD, SAYS WINSTON CHURCHILL

Poor tactics of Opposition acted as boomerang — An election would be larger majority for Government

Government Knew ABOUT SUBMARINES Despite this one awful case, British sea trade has suffered but very little from enemy's ships.

London, May 10.—The First Lord of the Admiralty, Winston Churchill, stated in the House of Commons this afternoon that Captain Turner, of the Lusitania, had acknowledged receipt of messages from the Admiralty giving him warning and directions for the course he was to take.

OFFICIAL REPORTS RUSSIA

Petrograd, via London, May 10.—The following official statement from the headquarters of the army of the Caucasus was issued today: "In the direction of Olti our troops have dislodged the Turks from their positions and have driven them back to the southwest. In their hurried retreat the Turks abandoned a large quantity of tents and munitions. "In the direction of Tabris the Turks have been driven from the south pass and we occupied the villages there."

FRANCE

Paris, May 10.—The following official communication was issued by the War Office tonight: "To the north of Arras, in spite of several German counter-attacks we have maintained all our gains of yesterday, and we have enlarged it at certain points, notably between Carency and Saucourt. "Our success is developing. The total number of prisoners at three o'clock today exceeded 2,000. Among these were about 40 officers, including a colonel. "We have captured, in the last two days, more than ten cannon and 50 machine guns. "At Berry-au-Bac a German attack has been repulsed, as well as one in the forest of Le Pretre."

GERMANY

Berlin, May 10, via London.—At the German War Office today the following statement was given: "Western theatre of war: "We made progress on the coast in the Dunes, in the direction of Nieuport, taking several of the enemy's trenches and machine guns. A counter-attack by the enemy during last night advanced as far as Embaertzyde, but was completely driven back. "In Flanders we also gained more ground. We took 162 British prisoners at Verleerhoek. Southwest of Lille a great Anglo-French attack, anticipated as a reply to our successes in Galicia, was begun and directed itself against our position situated to the east of Fleurbaix, to the east of Richebourg, to the east of Vermeles, and at Ablain, Cereby, Neuville and St. Laurent, near Arras. The enemy, French, as well as white and colored British, brought at least four new army corps into the fight, besides the force which has been employed in this line for some time past. Nevertheless repeated attacks have been nearly everywhere repulsed, with heavy losses for our opponents. This is especially so in the case of the British attack. About 500 prisoners have been taken. "Only in the region between Carency and Neuville did our opponents succeed in penetrating and establishing themselves in our foremost line trenches. "A counter-attack is now proceeding. "South of Stainbrueck, in the Valley of the Fecht, the enemy, who had settled himself during a thick fog immediately in front of our position, was driven back by a counter-attack and his trenches were destroyed. "One of our airships, bombarded the fortified town of Souhend, to the south of the Thames, this morning with a few bombs. "Eastern theatre of war: "Notwithstanding all attacks of the enemy for the purpose of delaying our pursuit, by means of fresh forces brought up hastily by rail and by foot marches, the Allied troops forming the army under Gen. Von Mackensen yesterday drove back its opponents from position after position, and took more than 12,000 prisoners and much war material. "The number of prisoners captured by this part of our army alone since May 2 is thereby increased to more than 80,000."

AUSTRIA

Press statements of the Austrian army, Western Galicia, May 10, via London.—The first stage of the battle of West Galicia has been virtually concluded. The victorious troops under the leadership of the German Gen. Von Mackensen, after successfully breaking through all three fortified lines of the Russian front, are assembling and re-forming for a new offensive. They are bringing forward supplies left behind in their rapid advance and also are using the interval to gather the captured Russian behind their present front and also the abandoned guns and other spoils of war in the mountain forests. Seventy thousand prisoners already have been brought in. The number of prisoners in this part of the battle in Galicia will be increased, it is estimated here, by thirty thousand. Between sixty and seventy guns have been captured, but as was the case in the battle of the Mazurian Lakes in February, it is believed it is only a small part of the guns left behind in concealed places.

An English naval writer discussing the suggestion that merchant vessels should be armed against submarines, says: "There is this to be said about such a proposal, that since the waters in which submarines are to be met with at present are limited in area, these guns, if placed on board vessels going foreign, would for some time be backed up and used. The number of guns required is also against the feasibility of this plan, and in addition these guns would require trained men to use them. A system of convoy by armed vessels has been put forward as an alternative to arming the ships themselves. But shipowners, not unreasonably, have shown themselves opposed to any system of convoy, and it is by no means certain that a sufficient number of armed vessels could be allotted for the purpose. In the Admiralty statement of losses the number of ships arriving at or leaving the ports of the United Kingdom every week is given as about 1,500. It is not easy to see how any system of convoy could be arranged for this number of ships, without interfering very considerably with the freedom of trade. It may be pointed out, however, that every ship carries a weapon of offence in her stern."

IRISH JURY FINDS VERDICT OF WILFUL MURDER AGAINST THE KAISER AND GERMAN GOVERNMENT

Coroner's Investigation at Kinsale Results in Sweeping Censure of Submarine Pirates

Captain Turner, of Lusitania, admits he received special instructions as to the voyage, but declares he cannot divulge their nature.

Kinsale, Ireland, May 10.—When the inquest over five victims of the Lusitania had been concluded today the coroner's jury returned the following verdict:

"We find that the deceased met death from prolonged immersion and exhaustion in the sea, eight miles south southwest of Old Head of Kinsale, Friday, May 7, 1915, owing to the sinking of the Lusitania by torpedoes fired by a German submarine.

"We find that this appalling crime was committed contrary to international law and the conventions of all civilized nations.

"We also charge the officers of said submarine, and the Emperor and Government of Germany, under whose orders they acted, with the crime of wholesale murder before the tribunal of the civilized world.

"We desire to express sincere condolences and sympathy with the relatives of the deceased, the Cunard Company and the United States, many of whose citizens perished in this murderous attack on an unarmed liner."

Coroner Horton said that the first torpedo fired by the German submarine did serious damage to the Lusitania but that, not satisfied with this, the Germans had discharged another torpedo. The second torpedo, he said, must have been more deadly, because it went right through the ship, hastening the work of destruction.

The characteristic of the Irish and British people was manifested at the time of this terrible disaster, the coroner continued, and there was no panic. He charged that the responsibility lay on the German government and the whole people of Germany who collaborated in the terrible crime.

"I propose to ask the jury," he continued, "to return the only verdict possible for a self-respecting jury, that the men in charge of the German submarine were guilty of wilful murder."

Ship's bugler Livermore testified that the watertight compartments were closed, but that the explosion and the force of the water must have burst them open. He said that all the officers were at their posts, and that earlier arrivals of the rescue craft would not have saved the situation.

Captain Turner testified briefly. The coroner asked him: "You were aware threats had been made that the ship would be torpedoed?"

"We were," the captain replied. "Was she armed?" "No, sir." "What precautions did you take?" "We had all the boats swung when we came within the danger zone, between the passing of Fastnet and the time of the accident."

"I also had all the bulkheads closed," Captain Turner continued. "Between the time of passing Fastnet, at about eleven o'clock, and of the torpedoing, I saw no sign whatever of any submarines. There was some haze along the Irish coast, and when we were near Fastnet, I slowed down to fifteen knots. I was in wireless communication with shore all the way across."

Captain Turner was asked whether he had received any messages in regard to the presence of submarines off the Irish coast. He replied in the affirmative. Questions regarding the nature of the messages, he replied: "I respectfully refer to the Admiralty for an answer."

"I also gave orders to stop the ship," Captain Turner continued, "but we could not stop. We found that the engines were out of commission. It was not safe to lower boats until the speed was off the vessel. As a matter of fact, there was a perceptible head-

way on her up to the time she went down. "When she was struck she listed to starboard. I stood on the bridge when she sank, and the Lusitania went down under me. She floated about eighteen minutes after the torpedo struck her. My watch stopped at 2.38. I was picked up from among the wreckage and afterwards was brought aboard a trawler. "No warship was conveying us. I saw no warship, and none was reported to me as having been seen. At the time I was picked up I noticed bodies floating on the surface, but saw no living persons."

Kinsale, Ireland, May 10, 5.36 p. m.—This coroner's jury which has been investigating the deaths attendant upon the loss of the Lusitania, returned the following verdict today: "The jury find that the appalling crime was contrary to international law and the conventions of all civilized nations, and we, therefore, charge the officers of the submarine, and the German Emperor and the government of Germany, under whose orders they acted, with the crime of wilful and wholesale murder."

FEAR DEATH LIST CANNOT BE REDUCED

Cunard Officials hold little hope of more survivors from the Lusitania.

New York, May 10.—Relatives and friends of passengers missing from the list of Lusitania survivors were on hand at the Cunard Line offices early today hoping for good news. Some were rewarded when the line posted a revised list of survivors containing a number of additional names; the hopes of others were dashed when another list was posted containing the names of identified dead. While hope was not entirely abandoned that more names of survivors might be received, officials of the line feared that the toll of dead would not materially be reduced below present figures.

Steps to raise funds for the benefit of needy survivors were taken here today with the appointment of a relief committee by Acting Mayor McAneny. Cleveland H. Dodge was named chairman and Frank A. Vanderlip, treasurer.

"Were your orders promptly carried out?" "Yes." "Was there any panic on board?" "No, there was no panic at all; it was almost calm."

"How many persons were on board?" "There were one thousand five hundred passengers, and about six hundred crew."

By the foreman of the jury: "In the face of the warnings at New York that the Lusitania would be torpedoed, did you make any application to the Admiralty for an escort?"

"No, I left that to them. It is their business, not mine. I simply had to carry out my orders to go, and I would do it again."

Captain Turner uttered the last words of this reply with great emphasis. By coroner: "I am very glad to hear you say so, captain."

"Did you get a wireless to steer your vessel in a northern direction?" "No," replied Captain Turner. "Was the course of the vessel altered after the torpedoes struck her?"

"I headed straight for land, but it was useless. Previous to this the watertight bulkheads were closed. I suppose the explosion forced them open. I don't know the exact extent to which the Lusitania was damaged."

"There must have been serious damage to the bulkheads?" "There certainly was, without doubt."

"Were the passengers supplied with lifebelts?" "Yes." "Were any special orders given that morning that lifebelts be put on?" "No."

"Was any warning given you before you were torpedoed?" "None whatever, it was suddenly done and finished."

"If there had been a patrol boat, might it have been of assistance?" "It might, but it is one of those things one never knows."

With regard to the threats against his ship Captain Turner said he saw nothing, except that which appeared in the New York papers the day before the Lusitania sailed. He never had heard the passengers talking about the threats, he said. "Was a warning given to the lower decks after the ship had been struck?" Captain Turner was asked. "All the passengers must have heard the explosion," Captain Turner replied.

Captain Turner, in answering another question, said he received no report from the lookout before the torpedo struck the Lusitania. After physicians had testified that the victims had met death through prolonged immersion and exhaustion, the coroner summed up the case and the jury brought in its verdict.

County Court. Judge Forbes gave his judgment in the case of Menzies Co., Ltd., vs. Geo. E. Day yesterday morning, finding in favor of the plaintiffs, a Toronto concern. Several witnesses were called by J. H. A. L. Fairweather, counsel for the plaintiff, to prove the usage of the printing-trade upon which the case hinged, and the contention was established to the satisfaction of the judge. J. A. Sinclair appeared for the defendants.

GERMAN FOREIGN OFFICE ATTEMPTS TO DEFEND THE MURDER OF THE INNOCENTS

Detailed despatch to Ambassador of Washington says Cunard liner carried contraband and was armed with guns—Could not be called ordinary Merchantship.

Berlin, via London, May 10.—The following despatch has been sent by the German Foreign Office to the German embassy at Washington: "Please communicate the following to the State Department:

"The German government desires to express its deepest sympathy at the loss of lives on board the Lusitania. The responsibility rests, however, with the British government, which, through its plan of starving the civilian population of Germany; has forced Germany to resort to retaliatory measures.

"In spite of the German offer to stop the submarine war, in case the starvation plan was given up, British merchant vessels are being generally armed with guns, and have repeatedly tried to ram submarines so that a previous search was impossible.

"They cannot, therefore, be treated as ordinary merchant vessels. A recent declaration made to the British parliament by the parliamentary secretary, in answer to a question by Lord Bessford, said that at the present practically all British merchant vessels were armed and provided with hand grenades.

"Besides, it has been openly admitted by the English press that the Lusitania, on previous voyages, repeatedly carried large quantities of war material. On the present voyage the Lusitania carried 5,400 cases of ammunition, while the rest of her cargo also consisted chiefly of contraband.

"If England, after repeated official and unofficial warnings, considered herself able to declare that the boat ran no risk and thus lightly assumed responsibility for the human life on board, a steamer which, owing to its armament and cargo was liable to destruction, the German government, in spite of its heartfelt sympathy for the loss of American lives, cannot but regret that Americans felt more inclined to trust to English promises rather than to pay attention to the warnings from the German side. (Signed) FOREIGN OFFICE."

QUEENSTOWN PREPARING FOR PUBLIC FUNERAL OF VICTIMS OF LUSITANIA

Seventy-six Bodies Identified and Interred. SIXTEEN SAILORS IN COMMON GRAVE

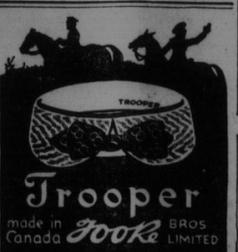

Now known that \$100,000 of Belgian Red Cross Relief Funds went down with ship.

Queenstown, May 10.—Preparations were completed early today for the public funeral of victims of the Cunard liner Lusitania. Of 140 bodies in the morgue 76 have been identified, leaving 64 unidentified. The identified dead were buried this morning, but the unidentified bodies will not be buried until this afternoon.

A train carrying more relatives and friends of victims arrived here early. All shops in Queenstown were closed and had their blinds drawn when at ten o'clock this morning Bishop Brown celebrated a high requiem mass in St. Coleman's Cathedral in the presence of General Hill and Admiral Sir Charles Cook and the members of the respective staffs. The public mourning was general, nothing but the most necessary business being conducted.

As soon as the light permitted today officials of the Cunard Company sent photographers to take photographs of the unidentified dead in the morgue. All the known dead have been embalmed.

Sixteen members of the crew of the Lusitania were buried in a common grave with the unknown dead. Frantic search is still being made among the dead by survivors who are seeking relatives. The body of Mme. Marie De Page, wife of Dr. Antonio De Page, medical

ANTI-GERMAN RIOTS CAUSE MARTIAL LAW IN VICTORIA

Victoria, B. C., May 10.—Victoria is under martial rule, the result of renewed attacks upon German establishments by mobs bent on ravaging the sinking of the Lusitania. After a mob of several thousand men and boys smashed windows yesterday in the Phoenix Brewery, New England Hotel, Kibbagers Jewelry store, Hermann's Cleaning Establishment and Geigers Plumbing shop the mayor read the riot act and 800 soldiers began pollic-

ing the city. A detachment of troops is expected from Vancouver to reinforce the local garrison. Further trouble is feared. The Phoenix Brewery was wrecked, the mob doing its worst before the soldiers reached the scene. A guard was placed around Government House to prevent any disorderly scenes due to the fact that Mrs. Barnard, wife of the Lieutenant-Governor, is a daughter of Mr. Loewen, a German.

WAITING FOR WASHINGTON.

Those who expected that President Wilson, in his address in Philadelphia last evening, might indicate the course the United States Government will pursue in reference to the wanton murder by Germany of scores of American citizens, were disappointed. President Wilson is certainly not a sensationalist and he is taking a sufficiency of time to consider what is one of the most serious situations in which the United States has been placed since the civil war. There will be a preponderance of opinion, outside of the United States, that the only adequate reply to the German crime would be reprisals, if not in kind, at least, so drastic as to show that the American Republic will not permit the murder of its citizens in cold blood.

The President of the United States, however, faces a very grave responsibility and the calm judgment and sober care which has characterized his administration up to the present will undoubtedly be brought to bear on this the greatest crisis he has been called upon to face since his inauguration. The necessary steps have been taken to secure all possible information bearing on the case, and when this is received there is no doubt that Washington will act in a manner that will not only uphold the dignity of the great free American nation but will also adequately represent the sanest, soberest, clearest thought of the American people.

The note of the German Foreign Office despatched to the United States Department of State is hypocritical and, at the same time, impudently arrogant. Stripped of diplomatic verbiage, it says, in effect, "We warned you and you did not heed the warning; now you must abide by the consequence," and it also displays a contemptuous unconcern as to what action the United States may take. We can easily imagine that with another man in the President's chair in Washington the scream of the eagle would have echoed round the world before this, but Mr. Wilson has shown that he is not an ordinary man. His record would lead to the opinion that before acting he will, as dispassionately as possible, weigh all the facts in the case and his decision, when reached, will be unalterable. There is sure to be a storm of angry protest no matter what course he adopts. If he should go to the length of submitting a message to Congress advising a declaration of war, a course which it is now believed he will not adopt, the result might easily be an internal strife which could not be proved of the gravest consequence. Should his decision favor more of the diplomat than the soldier he will be assailed by the jingo element of the American press and the American people. In the complex problem he will have the sympathy of Canada and Canadians, and there will be confidence that whatever his final judgment may be it will be such as to reflect credit on the great nation over whose destinies he presides.

Laurier fails to recant.

The bitterness with which the Grit press and politicians have assailed the prospect of a general election is matched only by the ferocity with which they attacked the Government's proposal to add three mighty ships to the Imperial navy, says the London Free Press.

mad supporters? Well, read the following from the Morning Post, of London, Eng., which on the day after the defeat of the Naval Aid Bill said:

"By rivals and enemies the decision will be eagerly welcomed. By friends it will be regarded as ominous. The impression must be invariably created that the solidarity of the Empire is a myth, and that those powers which like to see the overthrow of British naval supremacy need not be discouraged in their effort by the thought that their challenge would be met by the united resources of the Mother Country and of every one of the daughter states."

On June 5, 1913, the Hamburg Nachrichten, a semi-official German newspaper, made the following comment upon the defeat of the same bill in the Canadian Senate:

"Whatever may be decided upon later, the actual decision of the Canadian Senate means, at any rate, a heavy moral and material loss for the defence of the Empire, for Mr. Borden's promise had been, foolishly enough, counted upon. His offer made an enormous impression on the whole world. Mr. Churchill pointed out this fact especially in the well-known memorandum of the Admiralty. This impression will now not only be destroyed, but people everywhere will obtain the conviction that England cannot depend upon much help from her colonies."

One would have thought that the discovery by Sir Wilfrid Laurier that this "heavy moral and material loss" had been inflicted upon the Empire by reason of his unwise and unpatriotic leadership would have caused him to recant his want of patriotism and foresight and to join hands with the Government in aiding the Motherland, now that the emergency has proved to be all too real.

GLORIFYING MURDER.

"With joyful pride we contemplate this latest deed of our navy. It will not be the last."

While the entire civilized world is mourning the slaughter of innocent persons on the Cunard liner Lusitania, the German newspapers are pointing with "joyful pride" to the success attending the devilish plans of the underwater murderers as a praiseworthy achievement. The words quoted above, taken from an editorial expression of the Volks Zeitung, published in Cologne, illustrate the feeling with which the press of Germany regard the most deplorable event of the war. To such a people, crazed with the blood and the lust of war, the assassin who, under cover of darkness, shoots down helpless old men, violates women and maims children because they owe birth and allegiance to a nation at war with Germany ranks as heroic as the brave soldier who performs prodigies of valor in the face of the enemy and takes his chance with death.

In the light of the "joyful pride" with which Cologne paper views the Lusitania case, it is easy to understand why the raiding German air men who dropped bombs on hospitals were complimented by the Kaiser; why the gunners who shelled historic structures at Rheims and Antwerp and Dinant and Louvain; the rascals who applied the torch to Malines and pillaged Belgian towns and villages as they came to them, were eulogized and decorated for their bravery. Men of British breed, however, will hardly agree with the peculiar conception of bravery and heroism which seems to find expression in Germany. Neither will they find it easy to join in the Cologne paper's estimate of the German navy. They will be more inclined to recall that whenever that navy has encountered British ships on anything like even terms it has met defeat. The mind will go back to the Canal at Kiel, where the pride of Germany keeps his warships well away from harm. A navy which builds its reputation for bravery or quality on the massacre of helpless non-combatants, or the sinking of merchant vessels will hardly appeal to the average Britisher as typical of what he has been led to expect from that branch of the service. Germany should bow her head in shame, instead, she is glorifying murder.

GERMAN ARRESTED FOR DAMAGING THE PROPERTY OF C.P.R.

Joseph Scheibe brought to jail from Fredericton Junction, remanded for three days.

Joseph Scheibe, a German Pole, was brought to the city yesterday by C. P. R. Detective Skidmore and is now locked up in the county jail on the charge of malicious destruction to C. P. R. property. The German has all the appearance of being a tramp, although he is bright and clever. He is acquainted with railway matters thoroughly and has travelled all over the Intercolonial and C. P. R., and when asked about a certain section of the C. P. R., he quickly said: "Give me your time card and I'll show you."

When asked why he damaged the property he became very much excited and claimed that the white people were down on him. About a week ago Scheibe was found hiding in a freight car at the Fairville station and was ejected by the trainmen. Last Sunday evening about seven o'clock he was seen at Inniskillen station by Section Men Arthur and Duplisse. He was seen to kick at the glass of the block system and then pull away the connections, damaging the system which is quite a serious matter. The section men ran towards him but were unsuccessful in making a capture as the German ran into the woods and disappeared.

The matter was reported to the C. P. R. officials and yesterday morning Scheibe was seen hanging about the station at Fredericton Junction. He was placed in custody by Mr. Ryan, a C. P. R. official. Word of the arrest was sent to St. John and Detective Skidmore then brought the prisoner to police headquarters.

He was taken before the police magistrate about 5:30 o'clock yesterday afternoon and remanded to jail for three days.

While Scheibe looks like a tramp it has been learned that he comes from New York, and when he was asked his name he took a piece of paper and with a lead pencil wrote his name, his penmanship resembling that of a man of education.

ANNIVERSARY SERVICES ARE CONTINUED

Large gathering in German St. Baptist church yesterday—Music and refreshments.

The ceremonies in connection with the 105th anniversary of the founding of German street Baptist church were continued yesterday. In the evening there was a conversational social gathering, a large number being present. Reports for the past five years were presented by the church clerk, Stanley E. Fisher, and the secretary of the trustee board, Donaldson Hunt, spoke of the work of the board during the same period. A report was given by the secretary of the Sunday school, T. H. Belyea, which showed great progress in the school work.

BUILD MANHOOD FROM CHILDHOOD

The dark parts of grains are the parts that build muscle, bone, brain, nerves and blood, hence are absolutely essential to childhood diet. Feed boys refined cereals and you rob them of elements essential to mental and physical growth, you lessen their chances of health and success. As well encourage the cigarette habit or drug them.

The time to build manhood is in childhood. The food of childhood largely determines the health of manhood. Dr. Jackson's Roman Meal is specially designed for child building and relief of indigestion and constipation by M. D. of wide experience, for years a teacher of diet in one of the largest medical schools on this continent. Nature's three richest grains, flax, rye, wheat unrefined as nature made them (except that the flax is deodorized) make Roman Meal. It nourishes better, keeps the bowel regulated and the body well.

A bowl of porridge properly made in a double boiler (or boiler set in basin boiling water) without stirring is the most delicious and nourishing breakfast known. At all Grocers 10 and 25 cents.

Liverpool, May 10.—The municipal authorities ordered that all saloons be closed at six o'clock tonight, in consequence of the anti-German riots here yesterday. The ringleaders of those disorders were let off leniently in court today, but were warned that further outbreaks would be punished rigorously.

USE COCOANUT OIL FOR WASHING HAIR

If you want to keep your hair in good condition, the less soap you use the better.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain unrefined coconut oil (which is pure and entirely greaseless), is much better than soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get unrefined coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

Diamonds Never Have Decreased In Value

If you desire to own a Diamond, buy it now. It is unreasonable to think that Diamonds will decrease in value. They never have.

Even when the rich South African mines were discovered, the great demand for Diamonds kept the price up. Now that the output of these mines, which practically produce the world's entire supply of diamonds, and are controlled by one syndicate, is decreasing alarmingly, especially in quality, there is reason to believe you will never be able to buy Diamonds so cheaply as you can now.

Sharpe's are offering particularly fine values in Diamond Rings at \$25 to \$450, and in Combination Rings, containing Diamonds with Emeralds, Pearls, Sapphires and other gems, at \$12 to \$80. Step in and see them. You will not be asked to buy.

ANNUAL MEETING OF ORPHANS' HOME HELD YESTERDAY

T. H. Estabrooks re-elected President — Bequests greater than last year — Forty-two children in home.

The annual meeting of the St. John Protestant Orphans' Home was held yesterday afternoon in the Board of Trade rooms. Joseph A. Likely presided. The receiving of reports and the election of officers was the chief work of the meeting.

J. H. A. L. Fairweather, who has been secretary of the Home for the last thirteen years, resigned his position. He was tendered a vote of thanks for the good work done by him during his term of office. The matter of filling the position will be taken up later.

The election of officers resulted as follows: President, T. H. Estabrooks; vice-president, Joseph A. Likely; treasurer, H. C. Rankine; directors, W. S. Morrison, M. D., James Manohar, J. King Kelley, Hon. Mr. Justice Forbes, W. S. Fisher, C. H. Peters, with the following ladies, Mrs. David McLellan, Mrs. H. A. Austin, Mrs. T. A. Rankine, Mrs. Charles Johnston, Mrs. Palmer, Mrs. F. W. Murray, Mrs. C. A. Macdonald, Mrs. David Hutchinson, Miss Grace Leavitt, Miss Mabel Sidney Smith, Miss Bertha MacLaren, Mrs. Harold Stetson, Mrs. E. J. Harding, and Mrs. Jack MacLaren.

The report of the directors was received. It showed that at present there are forty-two children in the Home; twenty-two girls and twenty boys, sixteen having been admitted during the year and twelve placed out. The health of the children had been particularly good. Dr. Inches gives gratuitous medical service and Dr. A. D. Smith and Dr. Godsoe attend to the dental requirements of the children free of charge.

During the year \$2,176.25 was received as bequests. An act of the legislature gives women the right to be directors of the Home. The financial statement of the treasurer was submitted and approved. The report of the ladies' committee showed that much had been done for the children during the year.

ST. JOHN RELIEF AND AID SOCIETY MEETS

Annual report presented and officers elected — Small balance in hand.

At the annual meeting of the St. John Relief and Aid Society, held yesterday afternoon in the Board of Trade offices, the reports of the directors and secretary-treasurer for the past year were presented and approved. Officers for the ensuing year were appointed. The president's report showed that after expenditures during the year, amounting to \$1,588.24, a balance of \$696.23 was in hand. The treasury reported that the assets of the society now consist of \$622.02 deposited with the Bank of Nova Scotia and \$34.21 in his hand as treasurer.

The directors elected were as follows: President, William Shaw; secretary-treasurer, H. D. Everett; directors, the Mayor, Dr. P. R. Inches, Dr. A. F. McAvenny, D. O'Brien, Thomas Hilyard, John C. Ferguson, William C. Jordan, Alexander McMillan, H. L. Everett, H. B. Schofield, H. R. McLellan, Hon. E. McLeod and H. Adam Glasgow.

On Saturday evening last a public meeting was held at Lorneville under the auspices of St. John County L. O. L. West, County Master W. J. Murray presiding. Past Grand Master David Hipwell gave an interesting address, and a good programme of music and readings was provided as follows:— William Ewart, song; Miss Bessie Galbraith, reading; Miss Gertrude Galbraith, recitation; Mrs. O. Stinson and Miss Margaret Galbraith, dialogue; Miss Margaret Galbraith, reading; Mrs. O. Stinson, reading.

There was a large gathering, many of the members of Baxter L. O. B. A. of Fairville attending. Refreshments were served during the evening and after a few concluding remarks by the chairman the proceedings ended with the National Anthem.

Considerers Them Her Best Friend Mrs. Fraser Tells Why She Recommends Dodd's Kidney Pills.

They Cured Her Sore Back and Earned a Permanent Place in the Family Medicine Chest.

Bois Franc, Que., May 10th—(Special)—"I consider Dodd's Kidney Pills one of my best friends." This is the statement of Mrs. Joseph Fraser, a very estimable lady living here.

"I had a very sore back," Mrs. Fraser continues, "and decided to try what Dodd's Kidney Pills would do for it. I took five boxes in all and I am happy to say I am quite well again. My back is strong as ever it was. I always keep Dodd's Kidney Pills in the house."

Women who are weak and run down and suffering from sore back always find quick relief and permanent cure in Dodd's Kidney Pills. They cure the kidneys, the cured kidneys strain all the impurities, all the poison, out of the blood and the purified blood carries new strength to every part of the body. All over Canada women are telling each other of the new health they found in Dodd's Kidney Pills.

Yesterday afternoon No. 1 Hose was called out by a still alarm to put out a grass fire near the exhibition buildings. A grass fire started in Rockwood Park yesterday afternoon and it was extinguished by Mounted Policemen Moore after some difficulty.

ELECTORS OF SIMONDS NO. 3 IN ENTHUSIASTIC MEETING

Gathering last night completed organization and elected delegates to Nominating Convention of Liberal-Conservative Party—Rousing speeches by Attorney General Baxter, T. B. Carson, M.L.A., and others.

That the partisan conduct of the Liberal opposition in the Dominion House of Commons and the actions of the Liberal majority in the Senate would justify the Borden administration in appealing to the electors at the present time, was the statement of Hon. J. B. M. Baxter, Attorney-General at the meeting of the electors of Simonds, No. 3 at Mayall's last evening.

The Attorney-General in a comprehensive and logical review of the political situation said the circumstances demanded that the electors of the Dominion give expression to their views in order that the Government's patriotic stand in connection with the war measures should be carried into effect without being continually impeded and controlled by the Liberal Senate actuated by the party leaders of the former administration.

The meeting which was called to elect officers and to select delegates to the nominating convention enthusiastically endorsed the Borden Government's administration of affairs. Resolutions expressing the sympathy of the electors with the Hon. J. D. Hazen in his present illness, and stating that an election at the present time was fully justified by the conduct of the Liberal party were also passed.

G. Earle Logan was in the chair at the meeting which was large and representative. Besides Attorney General Baxter, the speakers at the meeting were John A. Barry, Thomas Carson, M. L. A., and George M. McDade.

Following are the resolutions of the meeting: Moved by Wm. J. Johnston, seconded by Councillor G. Fred Stephenson and carried unanimously: "IT IS RESOLVED that in the opinion of this meeting the Federal Government is justified in holding a general election at an early date, because the opposition in the House of Commons and that irresponsible body in the Senate have broken the truce which existed between the two parties, by opposing the Government's war budget."

"AND FURTHER RESOLVED that this meeting strongly condemns the action of the Liberal party both in the Senate and the House in opposing and defeating the Borden Highway Bill, such action depriving the farmers of New Brunswick of assistance in improving the highways."

"AND FURTHER RESOLVED that this meeting endorses the Government led by that great Imperialist, Sir Robert B. Borden."

Moved by Wm. Sands, seconded by Thomas P. Jordan, and carried unanimously: "That this meeting learned with regret of the illness of the Honorable J. D. Hazen, K. C., M. P., Minister of Marine and Fisheries, and the representative from the city and county of Saint John in the House of Commons, but is gratified to hear that the operation performed on him resulted favorably."

"Therefore, resolved, that this meeting extend to the Honorable Mr. Hazen its very best wishes for a speedy recovery."

The election of officers resulted as follows: Chairman, G. Fred Stephenson. Delegates were J. C. M. P., Minister of Marine and Fisheries, Upper Loch Lomond; W. Johnston, R. F. D. No. 4, and Albert Stephenson, Upper Golden Grove. Substitutes, Thomas J. Jordan, J. W. Willis, John A. Arthur.

Mr. Logan in calling the meeting to order briefly spoke of the fact that an election in the near future seemed inevitable owing to the conduct of the Liberal leaders. He was satisfied that when the appeal was made the electors of the Parish of Simonds would do their share to bring victory to the Hon. Mr. Hazen and his colleague, and by so doing would express their approval of the administration so ably carried on under the leadership of the Hon. R. L. Borden.

Mr. Barry in an able address, reviewed the Laurier and Borden naval policies and pointed out of what advantage the present government's policy would have been in the present war. It would have been brought to a successful issue but for the course pursued by the Liberal leaders and their majority in the Senate. Other legislation of the Dominion had also been held up, such as the progressive highway bill. But for the action of the Liberals in refusing to hold that there was an emergency despite full knowledge of the fact that it actually did exist, the splendid contribution of \$35,000,000 would have been sent forward to the British Admiralty. These facts the electors would undoubtedly remember when asked to decide between the two parties at the polls.

Having in mind the necessity of assisting the Empire in the present gigantic struggle, it was the duty of every Canadian to do his share towards restoring the present government with a handsome majority to continue their patriotic war measures.

Attorney-General Baxter. Hon. Mr. Baxter, who was enthusiastically received, in opening expressed his appreciation of the assistance which was at all times forthcoming from his friends of the Liberal-Conservative party in the county. When he was called to the Attorney-Generalship of the province, there was a

were endeavoring to climb into power by the ladder of criticism and the ladder of abuse. The Liberals, he regretted, played politics in trying to get back into power instead of supporting the Empire in the present war.

Canada's Splendid Response.

The Attorney General spoke of the magnificent response of the Canadians to the call to fight the battles of the Empire, and dwelt feelingly on the sacrifices that had already been made by those who had given their lives in the great conflict with the enemy in the service of their country. He referred to the duty of those who remained at home. It was most important that the government should not be hindered in its war measures. Those who would support the Liberal party from conviction would not be disloyal, but he did feel that the leaders of that party were walking in very dangerous paths. If an election did come he trusted that the candidates of the Borden government in this constituency would be returned with substantial majorities to assist the government in prosecuting in a vigorous manner their important legislation.

Mr. Carson, M.L.A., spoke of the advantage of effective organization to the success of the Liberal Conservative standard bearers. He was glad to work for the people of Saint John County, and it would always be a pleasure for him to do his share to advance the interests of the electors. Hon. Mr. Baxter brought great strength to the Provincial Government. The Dominion Government might be forced to bring on an election. The people knew their record; it was indeed a splendid one and no doubt receive hearty endorsement from the electors of the Dominion. The Hon. J. D. Hazen had done much for the advancement of St. John city and county and was ever active in looking after the important department of Marine and Fisheries. Mr. Carson heartily thanked the electors for their support.

Mr. McDade paid a high tribute to Hon. Mr. Baxter's worth, also spoke of Mr. Carson's activities at Fredericton on behalf of his constituents. He dwelt upon the present unsatisfactory situation which prevented the Dominion government from carrying its legislation into effect. While chosen as the responsible representatives of the people of the Dominion, the situation was such that the Liberal majority in Senate had practical control. Hon. Mr. Hazen and every member of the Borden government was anxious to give the Dominion an honest and progressive administration of public affairs. If an appeal was made he predicted the return of the present government with a handsome majority.

An Election Justified. Hon. Mr. Baxter in dealing with the question of a Dominion election said that the Government in their war measures had been criticized and abused by the partisan members of the opposition. The Liberal majority in the Senate greatly hindered important legislation. In the British Parliament the Unionists were loyal in support of the Government's war measures and said that if they had any criticism of the conduct of affairs such criticism would be reserved until the conclusion of the war. The press supporting them were taking a similar stand. But in the case of the Liberal opposition their stand was a vastly different, and it was their conduct that would undoubtedly justify an appeal to the people. He referred to the fact that irregularities were bound to occur in connection with the expenditures in equipping the 30,000 soldiers of the first contingent and no doubt occurred as well in the filling of army contracts in England, France, and also Germany. But the stand of Sir Robert Borden on the matter was befitting that statesman and showed it was his desire that all expenditures should be made in a completely honest and systematic manner. When the very short time within which such a large force was fully equipped was taken into consideration, it was practically impossible that some small irregularities would not develop. It was to be regretted that instead of coming to the active assistance of the Government, Sir Wilfrid Laurier and his supporters

Hum Poy showed himself well posted on medical knowledge — Case adjourned to next week.

The case preferred against Hop Lee, the Mill street Chinese merchant, for having opium in his possession, was resumed in the Police Court yesterday afternoon. Hum Gow, one of the Chinese who has been charged with being an inmate of the resort, was called and testified regarding the raid made by Officer Jeffrey and of the things that happened while the officer was in the place. The witness gave about the same description of the proceedings as previous witnesses for the defence. Hum Gow swore that when Jeffrey entered the room witness was holding a pipe and was smoking Chinese tobacco and that Jeffrey took the pipe away from him. Witness testified that he had been smoking opium or the pills that were produced in court and stated that he never saw opium smoked.

Dr. Hogan was cross-examined by Mr. McInerney and testified that ten pellets each containing a quarter grain of morphine would be a very big dose, and the patient would be liable to go to sleep all day; it would be an overdose for some people. This question had been asked the witness by Mr. McInerney because Hum Poy, a previous witness, stated that the pellets which were found in Hop Lee's place were his property and were medicine which he took for asthma, and that he took ten of the pellets a day.

Continuing Dr. Hogan said that a person taking morphine each day would be liable to acquire the habit. In the case of Hum Poy, witness could not swear that the Chinaman had asthma, and only took it from what Hum had described to him. Witness said that Hum must have been troubled with asthma or else he must have been drilled well on the subject, for a layman who had not the medical knowledge or the experience could hardly describe the symptoms as Hum did.

Dr. McVey was the next witness called by the defence and testified that he had been a druggist and chemist before he became a physician and surgeon, and that he had been toxicologist for the Medical League Society in New York for a number of years. He had analyzed opium and extracted the alkaloids from opium and there were nineteen alkaloids in addition to various gums. The chief alkaloid is morphine which is from eight to fifteen per cent, and meconic acid three to eight per cent. The percentages range according to the condi-

TERRIBLE SWEDE WILL ARRIVE TODAY

Bull Olsen, the Terrible Swede, will arrive in St. John today to prepare for the match with Jim Prokos at the Opera House on Wednesday night of this week. Olsen is about 30 years of age and has been in the wrestling game since he came of age. He has defeated such good men as Leo Pardo and Frank West—also stayed with Frank Gotch for 42 minutes before being thrown. Has lately been touring the West with a big carnival company meeting all comers in every city, with a \$50.00 forfeit if thrown and states he never met a defeat in that time. Has also been under the management of George Tuohy in Boston and is considered to be a good man in the game. He has been training in Worcester for the past three weeks for the match in St. John and expects to throw Prokos in two straight falls. Needless to say that Prokos is sure he will not do it. The match on Wednesday night should be the best event of its kind ever staged in the city. The two preliminaries, Mattison and The Bulgarian and Brooks and O'Toole will also furnish plenty of sport for the fans.

LANCASTER LEAGUE MEETING

There was an enthusiastic meeting of those interested in the Lancaster league held in the Fairville Court House last evening. Councillor John T. O'Brien was re-elected president of the league, and it was decided that there would be four teams in the league this year, viz: two teams from Fairville, one from Beausville and one from the North End. The league will open on the evening of May 20. There will be a brass band present to furnish music, and President O'Brien will toss the first ball over the plate. A committee was appointed to look after the arrangements and get the grounds into good shape for the opening game. A tentative schedule was drawn up, and at the next meeting of the league the names of the players will be posted. The teams will play for the cup presented by J. B. M.

COWARDS DON'T FOLLOW FISTIC OCCUPATIONS

When Jess Willard enters the ring again it will be interesting to note how his new honors affect his fighting style. Willard always has been inclined to wait his opponents out instead of forcing matters. When he was merely one of the white hopes this was held to be a fatal fault, although Johnson, an even less aggressive man, was considered perfect.

It is hardly likely that Willard will change his style to any great extent, but no doubt the point of view regarding his tactics will change. At any rate it has never been the fashion to criticize the champion heavyweight on the principle that the king can do no wrong no doubt.

Willard proved in his battle with Johnson that he has a very useful style for fights over the long distance. In ten rounds to no decision he may not show up any better than he did before, but the memory of his showing at Havana will prevent him from being roasted as he was after most of his early battles.

As a matter of fact most of the flood of adverse criticism that Willard was compelled to suffer was a result of a common mistake. Very few persons are able to appreciate the difficulties that confront the novice boxer. As a rule, when he fails to tear in regard to consequences, ringriders at once suspect his courage. If a better

understanding existed of the game and by actual practice in the ring. The first lesson the novice learns by bitter experience is to conserve his strength. Once he becomes exhausted through overexertion he is lost, no matter how much natural skill he may possess.

That deadly tired feeling is the one thing that all boxers fear. According to observers of the war there are few cowards in the world. Certainly there are few cowards in the ring; for if a man lacked courage he never would elect to follow such a strenuous sport long enough to reach a stage where he began to attract attention. But no matter how courageous he may be, no boxer who once has become thoroughly exhausted ever cares to repeat the experience.

That is why so many hang back when it is apparent to the outsider that a little more exertion would bring victory. He is not afraid of his opponent's blows, but he would be more than foolish to neglect the warning given by overtaxed heart and lungs. The least mistake on the side of overconfidence is likely to lose a bout, and ready practically won.

MURPHY SWIMS AT LOWELL.
Lowell, May 10.—Frank M. Murphy swam from Centralville Bridge, Lowell, yesterday afternoon to Belle Grove, Dracut, on the north bank of the Merrimac River. The distance is about three miles and the time was one hour and twenty minutes. The strong current drove Murphy against rocks and one of his feet was injured.

OFFERED \$30,000 TO BOX.
Denver, May 10.—A flat guarantee of \$30,000 has been offered Jess Willard to box twenty rounds to a decision here with Gunboat Smith on July 4. Johnny Corbett, manager of Young Corbett when the latter won the featherweight title from Terry McGovern, is match maker of the local club. He expects to confer with both Willard and Smith before the end of the week, the vanderbilt schedules bringing both here. Smith outpointed Willard in a similar bout in California a year ago last winter.

WALL STREET FEELING THE EFFECT OF THE SINKING OF THE LUSITANIA

More breaks of from four to fifteen points reported yesterday—Partial recovery during afternoon, but caution prevailed to end.

New York, May 10.—Another re-adjustment of values, growing out of the sinking of the Lusitania occurred in the stock market today. Prices in general fell four to fifteen points, reflecting the greater part of the gains made by the rise of the two preceding months. Liquidation, voluntary on the part of nervous operators, and enforced by others whose margins had suffered increased impairment, contributed to the receding movement, which was materially assisted by an emboldened short interest and heavy selling forced London and the continent.

When it became apparent that these reports were without foundation the heavy selling abated, and prices gradually made to two to five point recovery.

RISE IN THE INDEX NUMBER REPORTED FOR MONTH APRIL

Present total is highest reached since war caused violent uplift in September.

A further considerable rise occurred in the general level of commodity prices last month, Dun's Index Number on May 1 standing at 126,649 against 125,090 on April 1, and only 118,230 on the corresponding date in 1914, at which time quotations of the leading articles of consumption were tending sharply downward. With one exception—namely, in 1912, when 123,956 was shown—the present total is the highest ever reported at the beginning of May, and has not been equalled since the outbreak of the European war caused a violent advance to 126,975 at the opening of last September.

Although three of the seven divisions into which the index number is divided showed more or less decline during April, the recessions in these were much more than offset by the upturn in breadstuffs alone, this class continuing to reflect decided strength and touching 229,807, as compared with 228,867 on April 1, and but 221,544 on May 1, a year ago.

FINANCIAL MAGNATES AS PRIVATES

WHILE to the casual observer the picture reproduced above may seem of but passing moment it is particularly of interest to those who follow closely the financial fortunes of the Dominion. The figure at the right hand side next to the officer who has his back turned to the camera is that of Sir Frederick Williams-Taylor, General Manager of the Bank of Montreal; next to him in the rank is A. E. Holt, General Manager of the Royal Trust Co., while the third figure is that of A. D. McTier, General Manager of Eastern Lines of the Canadian Pacific. The picture was snap-shot during the recent review of the Montreal forces by H. R. H. the Duke of Connaught. The picture distinctly shows the smaller of surprised recognition lighting up the face of His Royal Highness as he recognizes Sir Frederick in the ranks as a simple private of the Home Guards of Montreal.

CLOSING LETTER OF N.Y. MARKET BY E. & C. RANDOLPHE

(Furnished by McDougall & Cowans.) New York, May 10.—A severe break at mid-day hastened the completion of liquidation by forcing out in a flood the sales which might otherwise have continued for some time in a steady stream producing heaviness or a steadily declining tendency. On the completion of the liquidation rallying tendency set in, and there seemed to be good buying of the standard stocks. The rally in some cases was spirited, many issues recovering three or four points from their low figures. U. S. Steel was the leader on the recovery after having broken sharply following the publication of the monthly tonnage statement. The orders on the books of the Steel Corporation on May 1 showed a decrease of 93,505 tons from the total on April 1, but the decrease did not reflect a slackening of demand, being a result of substantially greater activity at the mills and also of heavy shipments lately of finished material. In the last hour stocks were supplied in moderate quantities on the advance, the result being a check to the upward movement, but the tone at the end was firm. Sales 1,283,200. Bonds \$5,607,000. CANADIAN TRADE WITH GR. BRITAIN FOR MONTH MARCH

Decrease in amount of Wheat exported, but increase in the value.

Special to The Standard. Ottawa, May 9—There is again a strong advance in the values of cereals in Great Britain according to the Board of Trade returns. Therefore while in the month of March there was a decrease of 12,641,440 bushels of wheat exported to Great Britain as compared with the corresponding month last year there was an increase in the value of the wheat exported of \$569,535. The decrease in the quantity of wheat meal and flour imported by Great Britain from Canada was 1,782,496 bushels and the increase on value \$375,425. The probability is that the decrease in the quantity exported has been due to the difficulties of transportation. There is an increase in the value of the export of oats of \$66,295, bacon \$1,315,876, cheese \$671,845 and smaller increases in other commodities such as peas, maize, hams, butter, canned lobsters, hides, fax and sawn or split fir.

Who Can Color a Picture

An Interesting Competition for Standard Readers

In Saturday, May 8th, issue of The Standard we published another sketch which we want every boy and girl under 14 years of age to try and color with water colors or chalks.

To the young artist who does it the best we will give a first prize of a dollar.

It's a simple competition, no hard rules, no entrance fees, just cut the picture out, paint or color it the way you think best, save six coupons the same as the one shown on this page each morning from The Standard, fill them up, pin them to the painting and send them all addressed to

THE STANDARD,
ST. JOHN, N. B.
Before Thursday, May 13th, 1915.

Mark your envelopes in the top left hand corner "Art Competition," then watch for your name appearing as the winner of the prize.

You must save the coupons from six consecutive issues of the paper.

"Show me a man of forty," says Will Irwin, "and you show me a victim of careless meals. A man called Oeler won a knighthood by calling the man of forty 'too old.' It should have been 'too dyspeptic.' From drug store he ricochets to doctor, blaming the weather, the money market, the trusts or Teddy for what is really due to little Mary. Your middle-aged man is at his worst when on his travels—his only exercise a sad procession to and from the dining car."

Another William is of the same opinion. Mr. W. A. Cooper, who claims that among other things he provides three million meals a year to travellers on the Canadian Pacific Railway. Mr. Cooper is not a philosopher, but a practical man, and in his own way set out to investigate and solve this problem. He wrote to, or consulted personally, the leading stomach specialists in Europe, the United States and Canada. What he wanted was the happy travellers on his dining cars, who would really enjoy the three million meals on which his chefs spent so much trouble. Was the man of forty hopeless?

The specialists pocketed their fees and gave Mr. Cooper not quite three million, but still a great many opinions to digest. The Wiesbaden man said this, the Paris man said that, the London man said something else, the New York man said another cure, while the Brite Creek man was in a class by himself. Yet when their opinions came to be analysed they all had one common point of view, namely, that the foods consumed in any meal must be properly blended. Everyone who has survived the ordeal knows that it is a mistake to wash down oysters with brandy. Quite a number feel unhappy after a mixture of lemonade and ice cream. Table beer may be good in itself, but not if followed by a cup of cocoa. In a word, the foods must blend if the meal is to serve its purpose, and more particularly so in the case of train travellers who have little opportunity for exercise.

With the aid, therefore, of expert food chemists and professors, Mr. Cooper has prepared arrangements of courses which can be recommended by the faculty as perfect blending of food and liquids. These will be printed as suggested menus on the regular cards and placed as suggestions for breakfast, lunch and supper at the disposal of the travellers on the Canadian Pacific this summer. In some ways the blended meals do not encourage the rich, and sometimes costly entremets which gourmets ask for, but the average man will be contented, and will be left in a better mood to enjoy the beautiful scenery through which the railway passes. In that way he will be a booster for Canada, and, what is better still, will be a more frequent patron of the dining-car than of the hospital for dyspeptics.

PRESENTATION TO SOLDIERS AT ST. STEPHEN

Men of 55th made recipients of gifts prior to departure for Sussex.

Special to The Standard.
St. Stephen, May 10.—The Company of the 55th Battalion that has been in training here and has been selected for early service overseas, entrained this morning for Sussex where it will be in camp for a time with the other men, mostly from the mounted rifles, that will make up the complete company. Yesterday the men attended service in the Congregational and Catholic churches at Milltown, headed by Short's Military Band that was specially organized for service with the soldiers while here.

Over eighty soldiers were in line and with the band also in uniform made a splendid appearance. In the absence of Capt. H. J. Smith, who had gone to Sussex, the command fell upon Lieut. A. Watson Gregory, who accompanies them to England. On their return to barracks, they were waited on by a delegation of ladies from the Woman's Canadian Club and presented with "bundles" containing pipes, tobacco, gum, etc., each man receiving a bundle. The presentation was made by Mrs. George J. Clarke in brief but very fitting words. Before leaving the barracks this morning each man was presented with a box of cigars from Hon. Geo. J. Clarke, and the other local members with filled lunch boxes from the ladies churches, and several cases of soft beer were furnished by the C. M. B. A. With Short's Military Band and the Milltown Band at their head, and preceded by autos carrying the Premier, the Mayors of St. Stephen and Milltown and the St. Stephen town council the soldiers marched through a few streets and proceeded to the station where they were briefly addressed by Premier Clarke, and were given a rousing send-off, fully four thousand people being present and all deeply interested.

TITANIC PAPERS WENT DOWN WITH LUSITANIA

New York, May 10.—The sinking of the Lusitania, echoed back to the loss of the Titanic today, when announcement was made in the federal court that notices sent to British claimants in the still pending Titanic litigation had been lost in the Lusitania's mail. The notices carried information that the limitation of liability brought by the Titanic's owners, would be held on Monday next. It was indicated that the trial would now be postponed.

Baptist Ministers Meet.
The Baptist ministers held their usual fortnightly meeting yesterday in the Leinster Street Baptist Church, St. Stephen, May 10.—The Company of the 55th Battalion that has been in training here and has been selected for early service overseas, entrained this morning for Sussex where it will be in camp for a time with the other men, mostly from the mounted rifles, that will make up the complete company. Yesterday the men attended service in the Congregational and Catholic churches at Milltown, headed by Short's Military Band that was specially organized for service with the soldiers while here.

LYRIC HAS FINE BILL FOR OPENING OF WEEK

Pleasing Vaudeville Act and clever Pictures — War zone filmed in Mutual Weekly.

The week was opened yesterday at the Lyric Theatre with an excellent bill of varied features and appealed to patrons in every respect. The vaudeville act of Cleveland and Downey is a sparkling pot pourri of songs, chatter and banjo playing given with the deftness of the artist and proving very pleasing. Both performers contribute several pleasing individual numbers, while their combined efforts left little to be desired.

"A Case of Poison," a fast playing comedy by the Broncho Co., which is presented in two parts, telling the story of a mix in drugs and its amusing results keeps our good humor continually. The fort of the Broncho players is not comedy, but in this instance they prove their ability to create laughter as well as tears. The Mutual Weekly is a diverting addition to the programme and affords many interesting scenes of the war zone.

CHAPLIN A LAUGH HIT AT UNIQUE LAST NIGHT

Famous Picture Star seen in one of his greatest bills — Other good features.

Once again that far famed comedian, Mr. Chaplin provoked roars of laughter from Unique patrons yesterday by making merry in a special two-part Keystone comedy hit, "The Trysting Places." This wonderful amusing vehicle is undoubtedly a positive scream and one laugh follows another in such rapid succession that for fully thirty minutes the audience has a tendency to hold their sides. Mr. Chaplin introduces a number of original "bits or business" in his every move. The Chaplin Glide is prominent throughout and is used to excellent advantage in the park scene. The famous comedian is assisted greatly by the clever acting of Miss Mabel Normand who is seen in the role of Chaplin's wife. His Trysting Places is claimed by critics to be one of Charlie's greatest and best accomplishments and all lovers of fun should by all means make a special point to see it.

The other numbers on the program consists of a novel comedy drama by the Thanhouser Co., "Jealousy" with a Kay Bee drama featuring "Shanty Hill," "The Bottomless Pit."

Next Monday and Tuesday the Unique will present Chas. Chaplin in the sensational burlesque, "Those Love Pangs."

"WAR AND MISSIONS."

A thoughtful and interesting address on "War and Missions" was given last evening in St. Andrew's Presbyterian church by Rev. E. B. Wylie of St. Stephen. Rev. Mr. Wylie had been invited to speak by the Women's Missionary Society of the church. Judge Forbes presided.

The speaker said that to the influence of Christianity was attributable the uplift of those in heathen countries, who had been taught the worth of such things as sanitation, engineer-

GOOD PRESENTATION OF "YOUNG MRS. WINTHROP" GIVEN BY AMATEURS

Performance last night in Opera House, under auspices of St. Joseph's Y. M. S., pleased large audience.

In the Opera House last night, under the auspices of the Y. M. S. of St. Joseph, "Young Miss Winthrop" was presented to a fairly large audience. The piece calls for but seven important characters. All the roles were portrayed with a greater degree of success than one finds generally in amateur performances. The play was carefully staged, the settings being attractive, the costumes excellent and the performance was carried through with a swing and finish which reflected credit on the director and players.

In selecting "Young Miss Winthrop" the players made an ambitious choice for amateurs. There is practically no action in the piece, the play depending almost entirely on prompt phrasing and interpretation of the lines. For this reason last evening's players deserve particular commendation for the success of the performance. The ladies of the cast gave a good account of themselves. One defect, however, common to most of the performers, and which might be remedied, is the sameness in their manner of delivering their lines. When the play is characterized as a comedy drama, the comedy is subservient to the dramatic, but if the players assumed a less tragic tone in certain parts, the effect would undoubtedly have been much more pleasing. The really dramatic situations are many throughout the piece and call for appropriate shading in delivery of the lines, but there are other moments when the situations are less tense and these could be developed into very pleasing periods in an otherwise delightful production.

In the capable hands of Mrs. F. C. Colborne the title role was given a delightful interpretation. With a charming stage presence and pleasing voice Mrs. Colborne took full advantage of the many opportunities the part offers and her delineation of the character charmed the audience.

As Douglas Winthrop Wm. M. Ryan gave an excellent performance. The role called for careful handling and as played by Mr. Ryan left little room for improvement.

Miss Gertrude A. King gave a good portrayal of the part Mrs. Winthrop senior. As Mrs. Dick Chetwyn the much married young matron, Miss Vera King showed unusual ability for an amateur and gave the role a good rendition.

Miss Jean H. Walsh played the role of Edith, the blind girl. The part is an exacting one and was well interpreted. My Miss Walsh, who has an excellent voice and her interpretation of the lines were especially creditable.

S. C. Hurley, always a favorite with local audiences, was cast for the role of Herbert, the juvenile role of the piece and his handling of the part added materially to the success of the performance.

John R. McCloskey in the character of Buxton Scott, furnished a generous share of the comedy, but in the more serious situations showed himself equally versatile and his work was greatly appreciated. G. Flood and J. Kennedy did well in minor roles.

The piece will be presented again tonight and merits generous patronage.

Ins. irrigation, the true family life and proper national ideals. Christianity, he said, had always been the forerunner of great improvements. The speaker remarked that, from every point of view, it would be deplorable if the demands for funds to forward the ends of this missionary work should suffer unduly because of the war, since Christianity, based on the principles of the gospel, demanded such work as can only be well accomplished by true missionary activities.

HAD INDIGESTION FOR OVER 10 YEARS. ALMOST DESPAIRED OF EVER GETTING WELL

Indigestion is one of the worst forms of stomach trouble. The stomach becomes upset and you have a raw, debilitating feeling in it. After a meal you feel that you must get rid of that nasty, bilious, burning sensation. It is not necessary for you to be troubled with indigestion if you will only try that old and well-known remedy, Burdock Blood Bitters, which is a combination of nature's best known roots, herbs and barks for the cure of all stomach and blood troubles.

Mrs. Mary MacKay, Hunter's Mountain, N.S., writes: "I was troubled with indigestion for more than ten years. I tried several doctors' medicines claiming the power to cure, but all without success. Having heard of the many cures effected by Burdock Blood Bitters, I decided to give it a trial. After taking two bottles I was completely cured. My appetite which was very poor is now good, and I can eat most everything without any disagreeable feelings.

I can strongly recommend B.B.B. to anyone suffering from indigestion."

B.B.B. is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

IMPERIAL OFFERS SPLENDID PROGRAMME FOR WEEK OPENING

Talented young lady violinist and male duo, and good Picture bill charm large audiences.

The large crowds present at the Imperial Theatre yesterday enjoyed one of the best programmes that has been offered in some weeks. The feature picture, The Cypher Key, a three reel Lubin drama, tells a stormy story of business rivalry between two large ship building firms, one of whom is determined to secure a contract by fair means or foul. One of those delightful satires of Geo. Ade's entitled "How The Good Sisters Raised Money for the Church" because of its "true to life" story kept the audience in roars of laughter. The Universal Weekly showed some very interesting scenes with the French army at the front. In the musical programme the Imperial excelled itself. In Ellet Mae Barker the audience discovered a most charming and talented violinist, and they testified their approval by generous applause to which the little lady responded with several encores. The Canadian Duo, Huskins and Cairns were heard to splendid advantage both in solo and duet numbers, and as both are well known here any comment on their singing would be superfluous, needless to say, the audience wanted more and we bespeak for this "team" a brilliant future. Their singing of "The 515 Express" "caught" the audience particularly those who are numbered among the "commuters." The same show will be repeated today and is well worth seeing. Tomorrow Miss Nell with Mary Pickford will be the feature picture.

"NERVILINE" STOPS EARACHE IN 10 SECONDS, FIXES TOOTHACHE IN 2 MINUTES

It Seems to Possess Almost Some Divine Power Over Pain. RUB ON NERVILINE

Toothache is usually due to neuralgia in the gums or to the congestion and swelling of the nerve pulp. As "Nerviline" relieves congestion, you can easily see why it cures toothache.

Nerviline does more—cure any ache or pain—in any part of the body. It matters not where your pain is, it may be in a joint or muscle; it may be neuralgia or lumbago; it may be a surface pain is deeply situated in the back, side or chest. Nerviline will reach it; Nerviline will drive it out.

What is Nerviline, you ask? Just a liniment, but very much stronger in pain subduing power than other liniments—more penetrates more deeply in the tissue than any other liniment. It is a liniment that cures quickly, that gives permanent relief.

You might spend ten or a hundred dollars, but you couldn't buy as much relief as you get from a single bottle of Nerviline.

We guaranteed Nerviline; we refund your money if it does not relieve you.

In many lands it is a household trust a remedy that has justified itself under the experience of those who have used it. Guaranteed for neuralgia, sciatica, lumbago, rheumatism, pleurisy, strains or sprains; the large 50 cent family size bottle is more economical than the 25 cent trial size. Dealers everywhere sell Nerviline, or direct from The Catarthozone Co., Kingston, Canada.

GOLD DUST not only cleans, but sterilizes

Gold Dust does more than wash the surface—it digs deep after germs and hidden particles of dirt and decay. It purifies and makes everything sanitarly safe. Neither dirt nor germs can live where Gold Dust has made its appearance.

Gold Dust needs little help from you; it does most of the work alone. It is a vegetable-oil soap in powdered form, to which are added cleansing and purifying ingredients which get busy the moment they touch the water.

Use Gold Dust for all cleansing purposes. It saves time, saves labor, saves backs, and saves money.

NEURALGIA SETTLED IN HER LUNGS

No Relief From the Pain Until She Took "Fruit-a-tives."

Campbellville, Ont., May 5th, 1913.

"I cannot speak too highly of 'Fruit-a-tives.' For over thirty years I have suffered from chronic Neuralgia and Constipation, experiencing untold agony. The Neuralgia settled in my lungs and I took bottles of medicine without relief. The doctor told me I would not get better but 'Fruit-a-tives' proved that the doctor was wrong by giving me quick relief and finally and completely curing me.

"I would not have my present health if it were not for 'Fruit-a-tives' and I am glad of this opportunity of giving you this letter about such a splendid remedy as 'Fruit-a-tives.'"

WANT THEIR GUNS RETURNED TO THEM

Austrians and Germans in West say they need them for protection against prairie wolves.

Special to The Standard.

Ottawa, May 10.—A number of appeals have been received by the government from German and Austrian settlers in the west who are not naturalized citizens of Canada, asking that their guns be returned to them. Shortly after war broke out it was considered advisable to disarm many of these settlers. They now claim that they require the weapons for defence against prairie wolves and also as a means of providing themselves with meat. They state that they are too poor to buy meat and depend to a large extent upon game for subsistence. The question is being looked into and individual cases the opinion of the mounted police will have some weight but in view of recent developments it is hardly likely that all the requests will be granted. The mounted police force has had to be augmented by five hundred to preserve order in the sections settled by these foreigners.

DANISH PAPER CENSURES HON WAR METHODS

Lusitania torpedoed draws scathing reproach from Copenhagen press.

London, May 10.—The Hovedstaden, of Copenhagen, is quoted by Reuter's correspondent as follows:

"It is clear that Germany now holds herself outside of international law. Here is the embodiment of Germany military neutrality; if the violation of Belgian neutrality; if Louvain, Senlis, Rheims have not yet taught us Danes that neutrality is only a conception of a state, that it has nothing to do with the hearts of the citizens, then the Lusitania will teach us and all the world. Germany will know that the torpedo that hit the Lusitania also hit us, and wounded the human feelings of the whole world."

THREE RIVERS HAS A \$50,000 BLAZE IN BUSINESS SECTION

Three Rivers, Que., May 10.—Fire here yesterday in the hardware store of Cyrille Labelle & Co., Desforzes street, and adjoining buildings did damage estimated at \$50,000.

The fire was so threatening that occupants of a whole block moved out of their places, among which the Hon. Jacques Bureau, ex-Federal Solicitor-General; Hon. J. A. Teaster, Provincial Minister of Roads; the law firms of Bureau, Belue & Lajoie and other business men and bank offices.

THIN, RUN DOWN MEN AND WOMEN GAIN IN WEIGHT FROM TEN TO FORTY POUNDS

Sargol, the Flesh Builder Gives New Life, New Strength, New Vitality and Puts Firm, Healthy Stay There Flesh on People who Are Underweight.

When I started taking Sargol I weighed 120 pounds. Now I weigh 156 says J. G. Wilson. I got new life in every nerve. H. A. McCullars reports he gained 25 pounds and his health was made perfect, sleeps better and feels better than for 30 years. Miss Maud Smith reports a gain of 10 pounds and still gaining. Health greatly improved.

When these and hundreds of others once thin, underweight people write to say that as soon as they begin to take Sargol a part of their meals they began to get fat, don't you think that there must be something in this widely advertised method of flesh building after all?

Don't you think you ought to try it, particularly as leading druggists everywhere sell it with the positive guarantee that unless it makes an increase in your weight you can have your money back?

You may say, "I am naturally thin. Nothing can make me fat," but until you have tried Sargol you do not and cannot know that this is true.

Thin folks stay thin no matter what or how much they eat and they begin to think food has nothing to do with flesh making. But they are wrong.

Thin people stay thin because the fats, oils, starches, sugars and other flesh and fat-making elements in their food are mostly passing out of their bodies as waste. Only enough nourishment is retained to keep the body going. Nothing is saved for flesh making.

Sargol of itself will not make fat. Eat it between meals and you probably will not gain a pound. But eat a single Sargol tablet with every meal and soon you may be gaining a pound of flesh a day. Sargol is the missing link between food-eating and fat-making. It makes the food of your meals put flesh on your body.

If the sugar you put in your coffee does not dissolve it does not sweeten the coffee. It is the dissolving, not the sugar, that makes the coffee sweet. It is the same with your food. Unless it properly dissolves in your stomach, separating the flesh-making nourishment from the waste, and unless the blood absorbs its full portion of the fat-making material you must stay thin.

Here is where Sargol plays its part. It acts on every mouthful you eat. It promptly stops the leakage of fats. It lets only the waste leave the body. It puts your food in a condition that means its perfect assimilation by the blood and tissues. Your body cells which have been starved begin to thrive and you begin to take on weight quickly. It's not a theory—not an experiment, but a proved fact that thousands are trying every day. Sargol succeeds where all other so-called flesh builders fail, because it enables you to get 100 per cent. efficiency from your food.

Your good common sense must prove to you that if the food you eat pays you only 25 per cent. of its 100 per cent. value, that you are cheating yourself just 75 per cent. You can never be the man or woman you should be and can be so long as you continue to live on a 25 per cent. basis.

No matter how thin you are or how long you have been thin Sargol should add pounds of solid, healthy stay-there flesh to your weight and make your figure plump and symmetrical. Get a package of Sargol from your dealer and prove it today. Use it as directed and watch your daily meals put pounds of flesh on your body. Sargol is absolutely harmless and is always sold on a positive guarantee of weight increase or money back by S. H. Hawker; The Ross Drug Co., 100 King street; The Red Cross Pharmacy.

ASQUITH ON THE COURSE OF NEUTRALS

Intimates England will take no further steps to remind them of German methods of warfare.

London, May 10.—"This war has begun with Germany with a flagrant breach of a treaty and it has been carried on with a progressive disregard of convention and of previously accepted rules of warfare," said Premier Asquith today in the House of Commons.

"The facts are universally known and there is no object in approaching neutral governments unless, and until the latter are prepared to take some action in the matter.

"We trust that neutral nations are growingly realizing that the issues involved in this war affect the whole civilized world and the future of humanity."

Premier Asquith's statement was made in response to a question from William Llewellyn Williams, who said that the British government should officially bring to the notice of the nations signatory to The Hague Convention "the gross and repeated breaches of the convention by Germany."

CONSERVATIVE CLUB OF NORTH END HELD ROUSING MEETING

Many present last night to hear Hon. J. E. Wilson, L.P.D. Tilley and W. F. Hatheway, and select delegates.

An enthusiastic meeting of the members of the North End Conservative Club was held in the Orange Hall, St. James street, last evening. Hon. John E. Wilson, L. P. D. Tilley and W. F. Hatheway were present and addressed the members on topics of the day. An interesting programme was carried out and refreshments were served at the close. Dr. C. M. Pratt, president of the club, was in the chair, and about one hundred members were in attendance.

During the evening the following resolution was passed: Resolved that the members of the North End Conservative Club here assembled, have heard with sincere regret of the illness of Hon. J. D. Hazen and extend to him their best regards and hope he may have a speedy recovery.

The chief business of the meeting was the selection of delegates to the nomination convention. The following were selected as delegates, L. P. D. Tilley, M.L.A., George Apt and Bert Hutchinson, and as a substitute A. Garnett.

Hon. Mr. Wilson was given a hearty reception. He spoke of the possibilities of an election being forced on the people of Canada on account of the action of the obstructionists in the Canadian Senate, who were handicapping the government in the passing of the war measures. He thought that if an election were necessary the people of the opposition would find little support from the loyal people of Canada.

Mr. Hatheway referred to his visit to Australia and of the spirit of loyalty to the Mother Land which was manifest there. The people of the Commonwealth had the same ideas that we in this northern country also possessed. He spoke of the fine work for the Empire being done by the people of the colonies. He also referred to the great harbor developing work being carried on in St. John and of the part taken by Hon. J. D. Hazen, Minister of Marine and Fisheries, in improving the accommodation here for steamers.

Mr. Tilley spoke along patriotic lines. He referred to the great European struggle and the part taken by Canadians in this war. He told of incidents connected with the sending of New Brunswick men to the front and the preparation and departure of the men of the first Canadian contingent. All three speakers were heartily applauded.

Other numbers on the programme were: Solos by Robert Carson, Mr. Harney, Fred Ramsey; piano selections by Roscoe Bond and Henry Gaslin contributed several original recitations.

The evening came to a close with the singing of the National Anthem.

GORDON NUTTALL VOTES OF BATTLE OF NEUVE CHAPPELLE

Father of St. John soldier received graphic letter yesterday descriptive of splendid stand made by the men from Canada.

John T. Nuttall the overseer of the Cornwall Cotton Mill, for many years drilled with the 62nd Fusiliers and is happy now over the fact that he has two sons, Jack and Gordon serving against the Germans. Jack Nuttall is well known in this city as a trap drummer, and for a long time was engaged with the orchestra in the Imperial Theatre. Having travelled with minstrel companies for some time he resigned his position at the Imperial and when there was a call for men when the war broke out, enlisted with a regiment in Montreal.

Gordon Nuttall was, at that time, living at home, and obtaining permission from his father was one of the first to enlist in St. John and left here on Sunday morning for the front. He was surprised on reaching Camp Valcartier to find his elder brother there in uniform. When the brothers arrived at Salisbury Plains in England, Jack was promoted from the ranks to a sergeant instructor of bayonet and musketry, while Gordon was drafted into the Divisional Signallers under the command of Major Lister. Some years ago Gordon Nuttall was a speed skater of some note and was so good that he was sent to the International championship races at Montreal where he was successful in capturing the boys' championship race.

That he having his hands full at the present time is shown in a letter dated April 27th and received yesterday from Gordon by his father. The letter is as follows:

"Well, a fierce battle started here on the afternoon of the 22nd, and the Germans broke through the French lines about seven o'clock, causing them to retreat. We could see them coming, then came the word 'hook in'

and we were all ready and harnessed up. An aeroplane was just over us. I heard it drop some kind of a thing, don't know what it was, but it put my pal down, the concussion of it. I looked around and said to myself, 'he's done for.' But he looked at me and smiled, and said 'pretty lucky, lucky Gordon'.

"The next thing I saw was our own Canadian Infantry going up while the French were retreating. I hear now that General French says they saved the British army. They were out numbered by the Germans over and over, and there will sure be some mourning in Canada before this letter reaches you. I know for sure some of the boys got it out on the lines. We were laying another cable line in place of the one which had been blown apart in so many places, it could not be repaired. Horses were falling in front of us; men lying in the ditches wounded, and coming down the road covered with blood. We had to duck our heads many a time, but it makes a fellow duck when he hears the shells coming.

"They say this is the biggest battle yet and believe me I wish it was the last. I think we will be sent back to the base to be reinforced, as I don't think there is a quarter of the First Canadian Contingent left. I don't know whether Jack has been in this or not. If not, he can consider himself lucky. The Germans were using some kind of gas in their shells, and it even made our horses cough. I hear they (the Germans) got all that was coming to them, and last night they were driven back some. It was the first real sleep I had had for a long time; the harness wasn't off my horses for six days."

GOOD NEWS ABOUT LOU LELACHEUR

Parents of Louis Lelacheur received word yesterday that his wounds are but slight.

Mr. and Mrs. John Lelacheur of 101 Lenster street were made happy yesterday when they received word from France that their son Louis who, on Saturday was reported by the Adjutant General as having been wounded while in action in France, was doing well and was well on the road to recovery.

Louis Lelacheur is a signaller under the command of Major Thomas Powers of this city and the word of his wounds not being serious was received by Mrs. Lelacheur yesterday in a post card from her son, another from Chester Daley, a St. John comrade at the front, and in a letter from a young lady who was looking after the wounded soldier in the hospital in France. The card from the wounded man was dated April 22nd and only stated that he was wounded and was being taken to the base hospital. The card received from Chester Daley was dated April 23rd and told Mrs. Lelacheur that Louis had been wounded in the left thigh. The wound was received on the 22nd by a piece of shrapnel shell striking him. The wound was clean and was quickly attended to.

The letter from the young lady stated that she had called on Louis at the No. 11 General Hospital at Bologna and she described the wound as before stated. She said he was getting along excellently and that he would be all right. The young lady said she privately looks after him and informed Mrs. Lelacheur that anything she wished done in addition to the treatment he was receiving to send word and it would be accomplished.

The news that Signaller Lelacheur was not dangerously wounded was received with great joy by his parents and friends.

It was stated yesterday that Mr. Lelacheur had resigned from the Bank of British North America. This is not correct, as he with other clerks from the bank are on leave of absence, their salaries being continued while away and their positions held open for all of them when they return.

Deserter Captured.

Yesterday word was received that a suspicious looking man was seen walking along the track at Sackville and had continued on his way west. It was believed by the military authorities at Amherst that the person in question was none other than William Lapointe, a deserter from the 22nd Battalion, stationed at Amherst, and last evening the local police managed to arrest him when he arrived in the city on a train. The deserter had walked from Amherst to Sackville and came the rest of the way by train. Word of the capture was wired to Amherst and an escort will arrive this morning to take the man back to Amherst where he will be dealt with by the officers of the battalion.

A LETTER FROM "BUD" TIBBETTS

Fairville man with Princess Pats describes fight in which he was wounded

Harry Tippet of Fairville yesterday received a letter from his brother, "Bud," who left St. John with the First Contingent and who in England was drafted with the Princess Pats, and finally was wounded in a recent battle with the Germans. The letter from the wounded soldier was written by him from the military hospital in Cardiff, Wales, and it states that he had been wounded in the leg and arm. He also gives a description of the battle he was in when wounded and while he privately gives the details, the letter shows that "Bud" Tippet is of the sort that all Britishers are made of, a real fighter from the start to finish and every inch a brave man.

He says that he was first wounded in the leg and started for the rear. While he was retiring he saw a British officer shot down. "Bud" stopped and keeping his eye on the German who shot the officer picked up his rifle and taking a bead on the German was about to pull the trigger when he received a bullet in the arm; this shot shattered his arm and left him almost helpless on the field. He managed to crawl into a wheat field where he lay in agony for some hours until picked up eventually by some stretcher bearers and then carried into a cellar of a farm house where they rendered first aid. After the first aid was given him he was taken three miles over the road in an ambulance to the field hospital. While going along the road to the hospital he saw about two hundred wounded men lying along the side of the road awaiting to be cared for, and they had been there for hours. After some time Private Tippet was removed to the base hospital. He was then removed to Boulogne, thence to Calais, then placed on a Red Cross ship and taken to Dover, and finally to Cardiff, Wales, where he is now receiving the best of attention in the Western General Hospital. He says he is getting along nicely and will fully recover.

Was from Montreal.

In the casualty list received on Sunday the name of J. D. Arundal appeared as one of the Canadians killed and he was mentioned in the list as having been a clerk in the Bank of British North America in this city. J. D. Arundal was never in the employ of the Bank of N. A. in this city but was a clerk in the Royal Bank in Montreal from which city he enlisted to go to the front with the first contingent. His brother, L. H. Arundal, however, is a member of the staff in the Bank of British North America here. The Arundal brothers hall from Halifax having come out to this country from England.

Arrested for Damaging Auto.

SCHOOLS GIVEN OVER TO USE AS PLAYGROUNDS

Many applications for positions before School Board last night—Report for the month.

The Board of School Trustees met in regular session last evening in the board rooms, Hazen Avenue. The use of Aberdeen, Alexandra, Centennial and Douglas Avenue schools and grounds for the Playgrounds Association was granted. Several applications for positions on the teaching staff were referred to the teachers' committee. The chairman reported that a committee of the board had waited upon the city commissioners in reference to the cut in the school estimates of \$10,000 and were informed that the matter had been approved by the legislature and nothing further could be done.

Those present at the meeting were R. B. Emerson (chairman), George E. Day, E. R. W. Ingraham, Mrs. Dever, Mrs. Taylor, Dr. Bridges, Trust Officer McMan and the secretary, A. Gordon Leavitt.

The minutes of the last meeting were read and approved.

The chairman announced that there were many applications and he would only read the names of the applicants, and they were referred to the teachers' committee for further consideration. Among those who applied were Miss Mollie Lingley, R. B. Fraser, Miss Mabel C. Baxter, Miss Reta M. Inch, Miss Muriel Seeley and Miss Emma H. Colwell.

Miss Machum, a member of the teaching staff, asked for an extension of her leave of absence which was granted.

Mr. Henry was given an extension of his leave of absence until May 25, under the same conditions as formerly.

Miss Anderson and Miss Fullerton were granted an extension of absence from their duties as teachers. Miss Anderson had been on the teaching staff for twenty-six years.

The committee appointed at the last meeting to draw up a resolution concerning the death of Mr. Manning, formerly secretary of the school board, reported that such a resolution had been drawn up and sent to members of Mr. Manning's family. The resolution was ordered placed on the minutes of the proceedings of this meeting.

A communication was read from the Salvation Army. It offered to do what it could to supply shoes to children who were kept home from school for lack of these articles of apparel. The letter was received and referred to the trustee officer for a report. Mr. Manning said there had been cases where children had been kept home on account of lack of clothing but he had found the charitable organizations so far had looked after these cases and he had been enabled to supply all those who had come under his notice.

On motion of Mr. Day it was decided to grant on the same terms as last year portions of the buildings and grounds at the following schools: Alexandra, Centennial, Douglas Avenue and Aberdeen, for the use of the playgrounds association for their summer's work.

The matter of purchasing copies of "Soldiers of Canada," a patriotic song, for members of the High School classes was introduced but no action taken.

Dr. Bridges had in the board room 180 schools in the city with 7,767 pupils enrolled. The number in average daily attendance during the last month was 6,567 and the percentage of those belonging in daily attendance was 89.45.

Five cases of scarlet fever and two of diphtheria were reported by the Board of Health during the month.

Dr. Bridges had in the board room sample of the work in mechanical drawing done by students in the technical night schools. About forty-five are enrolled in one class and thirty-five in the other. Mr. Vall is the instructor in mechanical drawing and the plates shown last evening were greatly admired. Intricate machine details was shown in several of the plates and the work reflects credit on both the students and the teacher.

Rex Cormier is in charge of the other class in the technical night school and good progress has been made by the pupils.

A SALE OF LADIES' SUITS

Think of it; in the face of rising prices a lady's tailored suit that was made to retail at \$15.00 or \$20.00 can be bought at F. A. Dykeman & Co's store for \$7.50. See their window display which will give you an idea of the wonderful values to be had in this sale of suits. The coats are silk lined and the material in each suit is of a dependable all wool cloth that will give the best of service. They are shown in a large range of sizes and colors.

he was allowed to go on promising to pay for the damage done. The soldier said he was not to blame as a civilian accosted him and invited him to go for a ride in the car, and as they started the civilian caught the steering wheel and was the cause of running the car into the curbstone. Yesterday afternoon Detective Worrell arrested George Haynes as the civilian in question. Haynes was allowed out last evening on leaving a deposit of \$75 for his appearance in court this morning.

Special Showing of Ladies' Summer Dresses

The outstanding feature in dresses at the present time is the very general incorporation of the Eton or bolero in many forms. This means that the dress is made practical for street wear. Other models are made with this end in view and show various coatee effects. We invite inspection of this fine offering of newest dresses for street wear comprising the most inviting of the late styles.

DRESSES IN SILK AND WASH MATERIALS. Voiles, Mullins, Palm Beach Linen, Poplins, Crepes in black and white effects, white grounds with floral designs, plain blues, pink, mauve, etc., also checks, stripes, spots and fancy designs.

Prices from \$3.00 to \$15.00

DRESSES IN POPLINS, CREPE DE CHENES, TAFFETAS, AND JAP SILKS. Eton, bolero and coatee effects with skirts in full flare, pleated, gored and tunic effects. The colors are puty, Copenhagen, sand, navy, Russian green, plum, black, white, etc.

Prices from \$13.00 to \$25.00
