GERMANS MAKE PLANS TO MEET ITS HUGE DEBT

Minister of Finance and Group of Experts in Conference Agree Upon the Financial Programme Calling for 25 Billion Marks Annually.

EIGHT BILLIONS BY WAR TAXES

The Remainder to be Raised by Tax on Business Turnover, Imperial Income Tax and Tax on Necessaries of Life.

Berlin, July 23.—(By The A. P.)—Germany's financial programme calling for the raising of 25 billion marks annually, agreed upon by Matthias Erzberger, minister of finance, and a group of experts was published today by the North German Gazette. The conference was held in complete agreement on the financial reforms.

Eight billion marks will be obtained by war taxes, according to the Gazette's summary of the proposed plan. The remaining 17 billions must be raised from new sources. The first of these will be a heavy increase in the tax on business turnover. The second new source of income is called the "imperial sacrifice to needs."

The third new scheme of taxes will be on the necessities of life. An important part of the program will be the imperial income tax, which will be a tax on profits from invested capital. These capital profits will be taxed from 25 to 30 per cent, according to a new system evolved that is intended to eliminate inequalities and protect small capitalists from being overburdened.

The new imperial income taxes are expected to be in operation by April 1, 1920. A large army of officials will be formed to handle the taxation system.

"Financial bureau districts" will be created and they will be given courses of instruction by officials. These bureaus, which will be opened on October 1, will be under the ministry of finance. Meanwhile technical schools will concentrate on short courses in financial science. The present operating head of the taxation system will be an imperial property administration which will have headquarters in the old garrison administration offices.

Minister Erzberger told the experts that Germany must pay the Allies 20,000,000 marks in gold by May 1, 1920. He said this could be done, as the amounts already credited Germany by the Allies for various accounts, form an important part of the required total.

An unusually comprehensive set of measures to prevent tax evasions were presented by Herr Erzberger. The provisions to prevent fraud through capital being taken abroad, includes the previously announced plan to require that all stocks, bonds, and coupons must be re-stamped by the government and that all such securities not re-stamped will revert to the empire. The entire bank note circulation system will be controlled, Minister Erzberger, it was said, hopes to bring into circulation huge sums of gold now concealed.

German properties abroad will be brought under control, and some means found to bring under taxation such property not declared by its owners.

Minister Erzberger, it is said, agrees that the measures proposed were nothing less than brutal, but that he was afraid there was no other way to bring forth hidden money and to prevent fraud except by imposing heavy penalties.

NEW YORK SEES SUNSHINE FIRST IN NINE DAYS

Weather Bureau Sends Out Glad Tidings That Flood-Gates Had Evidently Been Closed—Floods Do Damage in New Jersey.

New York, July 23.—After nine days of almost incessant rain, the sun struggled through the cloud banks at noon today, and the weather bureau sent out the glad tidings that the flood gates had evidently been closed. Simultaneously with this prediction came the announcement by the manager of the Rain Coat Makers' Union that its members would walk out tomorrow to enforce its demands for a 44-hour week with \$44 pay.

The umbrella makers quit last week while it was pouring hardest, thereby letting the jump in their brother tradesmen. If the rain has ceased it probably will avert serious floods in the lowlands of New Jersey and Long Island, where considerable damage already had been done.

COBALT MINERS QUIT THEIR WORK WEDNESDAY NOON

Headed by One Hundred Veterans the Miners, 1,000 Strong, Paraded Through Principal Streets of the Town—No Disturbances.

PUBLIC UTILITIES NOT AFFECTED

Municipalities Affected by Strike of Light and Power Company Employees Are Endeavoring to Bring About Settlement.

Cobalt, Ont., July 23.—The first afternoon of the Cobalt miners' strike passed very quietly. Punctually at noon today the employees at the mines left their tasks and, within a few minutes of the blowing of the whistles, men from the properties nearest the centre of the town of Cobalt, and other men employed at the township, came and the town assumed the aspect of a holiday.

Headed by a body of close upon one hundred veterans, the strikers, carrying the British, French and Italian flags, and in numbers well over 1,000 strong, gathered at the union hall and marched in procession through the principal streets of the town. On their return to their headquarters J. P. McGuire, of the Union Executive, addressed the gathering from a convenient rock, and placed the responsibility for the strike on the Cobalt district, thirteen members of the Miners' Association. The strikers, many of whom were still in their "digging clothes," then dispersed.

The representatives of the five municipalities affected by the strike of the Northern Ontario Light and Power Company employees continued their efforts at mediation during today's strike.

Mayor McKinnon, of Cobalt, and Reeve Matheson, of Buckle township, reported no success had been attained in this respect.

The public utilities situation, so far as the power question is concerned, remains as before, with Superintendent Allen of the company maintaining that no difficulty is anticipated in keeping the municipalities supplied. Secretary Gorman, of the Miners' Union, notified Senator Robertson by telegram today that, as he had been informed by their representatives of the municipalities that the managers would not consider a conciliation board, the strike had been called as arranged.

The street cars and the water and electric light systems were in operation as usual this evening. The camp of Silver Center is under the jurisdiction of the local union, so far as the miners are concerned, but the few men employed there are not involved in the strike, according to information available this afternoon. At least two properties in this camp have made provision to keep their workings pumped out, using steam to operate the pumps.

WESTMORLAND COUNTY COUNCIL REFUSES TO PAY

Doesn't Intend to Help Out the Foster Gov't by Contributing to the Fund Called for Alleged Patriotic Purposes.

Special to The Standard. Dorchester, N. B., July 23.—The Westmorland municipal council has once more ignored the claim of the Foster Government for a balance of \$7,395.85 which the Government alleges is still due from this county on account of the Patriotic Assessment of last year. It will be recalled that the Local Government, in 1918, ordered an assessment of \$218,000 on the different municipalities for patriotic purposes. Of this amount \$400,000 was for the Canadian Patriotic Fund at Ottawa, while the balance, \$115,000, was for the use of the Foster Government for alleged patriotic purposes. The Westmorland County Council, like several other municipalities, refused to assess to more than its proportion of the \$400,000, the amount required for the Patriotic Fund at Ottawa. Westmorland's proportion of the \$400,000, exclusive of Moncton, was something like \$25,000, while her proportion of the \$618,000, ordered by the Local Government, would total more than \$23,300. As the Westmorland Council refused to assess for the large amount, the Foster Government claims that this county still owes a balance of \$7,395.85 and has made several demands for it, all of which have, up to date, been ignored. The Council, at the session which closed today, did not even authorize a reply to the message.

THE SCUTTLING OF THE GERMAN FLEET

GERMAN BATTLESHIP SETTLING DOWN AFTER BEING DESERTED BY CREW

COLD STORAGE PLANTS ARE BULGING WITH FOOD STOCKS AND PUBLIC PAY THE PRICE

Despite the High Prices Butter and Eggs Have Been Rushed to the Plants and the Total is in Excess of This Period Last Year—Stocks of Beef on Ice Greater Than Normal at This Time of Year—Poultry in the Plants Over 400 Per Cent. Greater Than Last July.

Ottawa, July 23.—That stocks of food products in cold storage on July 1, compare favorably with last year is shown by the report of the cost of Living Commissioner to the Minister of Labor concerning food in storage and process of cure in Canada on that date. Attention is drawn, however, to the export demand which is likely to be considerable. Attention is drawn, also, to a serious accumulation of fish. The report follows:

Butter and Eggs.
Butter went into storage rapidly during the month of June, notwithstanding the high prices, and on July first we had 10,365,116 pounds of creamery and 1,066,634 pounds of dairy butter.
The oleomargarine in storage is only 412,584 pounds, which is, as usual, less than two weeks' market requirements.
The cheese in storage amounts to 3,312,910 pounds.
Eggs are also coming into storage more freely than last year in spite of the high prices, but, apparently, not so freely as two years ago. The stocks include 12,263,586 dozen in cold storage, 482,791 dozen on hand, other than the cold storage, and 533,737 pounds of frozen eggs.

Meats.
The stocks of pork on hand, in process of cure and in storage, are just about equal to the average for the last two years. The total stock on July first was 39,659,877 pounds. Of this, by far the largest part was in process of cure and not in cold storage at all.
The stocks of beef are 40.31 per cent. less than last month, but greater than normal at this time of year. The largest portion of the beef in storage is frozen, of which we have 15,737,655 pounds.

FIVE CANADIANS FOUND GUILTY

Sentenced to Twelve Months' Imprisonment on Account of Epsom Affair.

London, July 23.—(Reuters.)—At the Surrey assizes, Bugler Robert Todd and Private R. A. McAllen, of the Canadian Forestry Corps, were found not-guilty of manslaughter, in connection with the murder of Police Sergeant Green at Epsom and discharged.
Privates F. H. Wilkie, 102nd Canadian Battalion; J. Connors, 11th Canadian Highlanders; A. McMaster, 3rd Canadian Reserve, and D. Yerex and A. Masse, of the Canadian Forestry Corps, were found guilty and sentenced to twelve months' imprisonment without hard labor.

BRITISH INDUSTRIES FORCED TO CURTAIL ACTIVITIES BECAUSE OF THE STRIKE IN COAL FIELDS

Gen'l Currie Honored by Cambridge

Along With Several Other Generals and Admirals in Late War Had Degree of Doctor of Laws Conferred Upon Him.

CHINAMAN AND WHITE WOMAN HELD FOR DIAMOND THEFT

Taken to Moncton to Answer to the Charge of Lifting \$3,000 Worth of Precious Stones.

Cambridge, England, July 23.—General Sir Arthur Currie, commander of the Canadian forces, today received the honorary degree of Doctor of Laws from Cambridge University.

The ceremony took place in the Senate House, which was crowded, mostly with undergraduates, who were dressed in military and naval uniforms for the occasion.

The Vice-Chancellor of the University, Dr. Arthur E. Shipley of Christ's College, presided. In addition to General Currie there were various recipients of the degree, among them Admirals Sturdee and Wemyss and Generals Rawlinson, Birdwood, Wilson, Horne, Monash, the Earl of Cavan and General Pershing.

All the recipients were greeted with enthusiasm. The procession to the Senate House was formed in the library. It was led by "Esquire Cadets" carrying the maces. Then came the Vice-Chancellor, with the public orator, and then the recipients of the honorary degree, with the university officials bringing up the rear.

The public orator read his address in Latin. Each recipient of the degree was cheered as he rose to receive the honor. Afterwards the party proceeded to the steps, overlooking the court of the Senate House, where the newly honored men were photographed, meantime being cheered and also chanted by the undergraduates.

The Vice-Chancellor then entertained the party at luncheon in College Hall, to which they walked through the rain, the students following and cheering. Gen. Birdwood was carried shoulder high by the students.

Will Attach Revenues Of Parish Priests To Meet Judgment Roman Catholic Clergymen in Kingston Arch Diocese to Have Funds Tied up on Account of Execution Against Bishop.

Kingston, Ont., July 23.—Judge La-vall has issued attaching orders to twelve Roman Catholic clergymen in the Kingston Arch Diocese for the Cathedral. Ten per cent. of the revenue of a parish priest is payable to Archbishop Spratt, from the respective parishes of these men. This step is being taken to realize under the judgment obtained by Sister Mary Basil against Archbishop Spratt and Sister Mary Regis of the House of Providence for the sum of \$23,000.

The orders have been sent to the following clergymen: The Right Rev. John Materson, vice-general of Prescott; the Right Rev. Chas. B. Murray, dean of the Arch Diocese of Brockville; the Rev. C. J. Kellen, Belleville; Rev. J. T. Hogan of Perth; Rev. T. A. Kelley, Smith's Falls; Rev. John Connolly, Trenton; Rev. Alex. Carson, Picton; Rev. J. T. Hartigan, Deseronto; Rev. Thomas McCarthy, Read; Rev. T. P. O'Connor, Nanapanee; Rev. John P. Kehoe, Gananoque, and Rev. M. Mahar.

Settlement of N. Y. Marine Strike Appears Near

The Strike Has Tied up 215 Steamers of U. S. Shipping Board and Half as Many of Private Owners.

New York, July 23.—Settlement of the marine strike, which has tied up the Atlantic coast shipping for more than two weeks, may be effected within the next twelve hours, it was learned here today from authoritative sources. Vice-Chairman Raymond B. Steeves, of the Shipping Board, who was in conference here with representatives of the unions involved in the strike, had returned to Washington. A representative of the United States Shipping Board said after the conference that the differences between the ship owners and the men had reached the point of "technicalities," and that he believed the differences would be settled "so the men can return to work tomorrow."

THE LANCASHIRE MINERS TO RETURN TO WORK FRIDAY

London, July 23.—The Lancashire miners at a mass meeting today protested against the six shillings advance in the price of coal and endorsed the action of their leaders. They adopted a resolution, however, to return to work tonight or tomorrow.

The Fourth Day of the Strike Finds 250,000 Miners Out and No Signs of An Early Settlement Showing up.

SOLDIERS TO BE USED FOR PROTECTION

Triple Alliance of Labor Registers a Protest Against Participation in Russian Campaigns and Conscription.

London, July 23.—(By The A. P.)—The fourth day of the coal miners' strike brought no signs of a settlement. Almost 250,000 men have laid down their tools. Two thousand went out today in Nottingham and Derby, while ten thousand men in Monmouth, and 7,500 Lancashire workers went back to save the mines from destruction, but coupling with their return a strong protest.

Premier Lloyd George and several members of the cabinet, including Andrew Bonar Law, Sir Auckland Geddes and Sir Robert Horne, conferred with the mine owners today. The premier will meet the officers of the Miners' Federation tomorrow.

The triple alliance of labor, which is composed of the railway men, transportation workers and miners, met in London behind closed doors and registered a vote of 217 to 11 against conscription, participation in Russian military force in trade union disputes, and the direction of efforts engaged in pumping. It was not to interfere with the strike. Sir Eric, as manager of large railways, has had experience in dealing with labor trouble, but it remains to be seen whether his presence, in the strike districts will be a beneficial effect.

The most important news of the day is that the soldiers will be used to protect the sailors working at the mines. The use of the military for any purpose in connection with strikes is a policy which the unions oppose bitterly and have made their opposition to it one of the chief planks in their platform.

The disclosure by a labor paper, recently, of a secret circular which the War Office sent to officers, asking what would be the attitude of the soldiers if the owners were called upon for strike breaking has produced a great sensation in labor circles.

In a talk to a newspaper man at Leeds, Sir Eric Geddes used strong words. He said: "The government is determined that all the resources of the state, whether they are resources of citizens or armed forces of the crown, shall be used to prevent ruin to the community. Because, if the mines are flooded it will cause unemployment and for many months will prevent the output of coal which the industries of the country need to keep them from being ruined."

"It is not to take part in the fighting of the strike that we are here, but to save the life of the nation as far as we can. We feel, and the government feels, that those who advocated the policy of stopping pumping at the mines have not realized the length to which it might go."

Sir Eric said that the Minister of Labor had invited the miners' representatives to oversee the pumping with him. He continued:

"The last thing the government wants to do is to fill this great industrial districts with soldiers and sailors. That is outside my mission here. I am simply endeavoring to prevent the pits, and with them the livelihood of the miners and many other workers from being ruined permanently or temporarily. I trust and hope that people know that, although troops are moving about, it is by no means an offensive measure, or interference with the strike. The state must protect the sailors from being injured or molested by hotheads."

At Bradford most of the textile mills will close by the week-end for lack of coal. The Doncaster town council has decided to suspend the tramway service on Saturday for want of coal. Sheffield reports that the numerous steel and iron workers' life has greatly increased as thousands of workers are in the streets and there is little hope that other firms will carry on over the week-end.

FOG HOLDS UP STM. REGINA

Will Dock Some Time This Morning at Halifax and Disembark Troops.

Halifax, July 23.—The steamer Regina, with returning troops, which was expected to dock at seven this evening, will not come to the pier until seven o'clock tomorrow. The steamer got caught in a bank of fog about fifty miles off Campdown and had to back.

Seamers—
Young Man's Style

Young men want them because of their new and vigorous style.
They reflect in their atmosphere that distinctive personality of the wearer, fit perfectly and have an air about them so much demanded by men particular their dress.

You haven't seen our new ones you ought to—both single and double breasted \$25 to \$60.

Amour's, 68 King St.
In Friday Evenings: Closes at 1 Saturday.

THE WEATHER

Time — Moderate westerly; a few scattered showers, but no rain.
On July 23.—The weather has been showery today in the western of the Maritime Provinces and all other parts of the Dominion.

BRANCH BANKS OPENED.

A branch of the Royal Bank of Canada was opened Tuesday at Fredericton. George A. Taylor, manager of the bank at the capital, and Saunders, who recently returned from overseas, where he was one time a prisoner of war, were after the opening. The branch was recently opened at Harvey is in charge of H. W. Ferguson who was accountant in the bank department before he went overseas.

TURES APPROVED BY THE COMMISSION

Resolution Yesterday the By-laws Were Passed Upon Proposed by the Police Union.

A commission operating under the provisions of the Conciliation Act which was set up to settle the dispute between the city and the Police Union's association, completed its report on the by-laws of the Police Union yesterday morning. Mr. R. Thompson was elected president of the association, and a report prepared for presentation to the commission.

In the exception of a minority on working rules of the association the by-laws were passed upon by the union.
The report approved of include a number of amendments to the constitution of the Police Union. The Commissioner of Safety is required to be in sympathy with the movement, but in view of the fact that the by-laws prohibit the Police Union from striking, and so eliminate the possibility which was strongly urged in the recent dispute as to why the association should not be permitted to affiliate with the Police and Labor Congress of Canada. A clause providing for the hearing and settling of disputes between the city and the Police Union by a board of conciliation in case of grievances presented by the union cannot be adjusted, first, by the Commissioner of Safety and secondly, by the Police Council, and finally, by the Police Council.

FUNERALS

Funeral of Mrs. George Sutton (nee Wallace) yesterday afternoon at residence, 150 Charlotte Street. Service was conducted at the residence by the Rev. Canon Armstrong (clock, and at Trinity church. Interment was in Fernhill cemetery.
Funeral of Charles E. Brackett yesterday at 10 o'clock yesterday at his late residence, 183 Street, to Trinity church, where service was conducted by the Rev. Canon Armstrong. Interment in Fernhill cemetery.
Funeral of S. Russell Lemban yesterday at 10 o'clock yesterday at his late residence, 114 Street, to St. John the Baptist church where high mass was said by the Rev. F. J. McMurphy. Relatives acted as pallbearers. Interment was in the new Catholic cemetery.

Have Perfect Skin throughout the Summer

It is the season when she who has a lily-white complexion turn her thoughts to merciful skin care. The summer months are so effectively overcome by the effects of sun, wind, dust and dirt. The wax literally absorbs, discolored, withered or red skin, bringing forth a new skin, clear, soft and beautiful. It also unclings the removing blackheads and improves the skin's breathing capacity. The new skin, clear, soft and beautiful. There is nothing for the removal of tan, freckles, etc.

IMPERIAL AFFAIRS
EXCHANGE AND OTHERWISE

EXTRADITION OF THE EX-KAISER
British Press Association Learns There Will be No Delay in Bringing Him to Trial in London.

On inquiry in high legal quarters the Press Association learns that there will be no delay in bringing the ex-Kaiser to his trial in London before a Court composed of distinguished representatives of the five great Allies. The Lord Chancellor, the Attorney-General, and the Solicitor-General were fully consulted during the preparation of the Peace Treaty, and they are in complete sympathy with the decision of the Allies' Conference as to the form of the proceedings against the ex-Kaiser and the supreme offence with which he is to be charged.

The initiative in securing observance of this part of the Peace Treaty will presumably be taken by the Executive Commission of the Allies in Paris, but appointments of the members of the Court will be made by the governments concerned. As soon as this authorization comes, matters can be and will be put quickly in train, so far as this country is concerned. It is understood that the demand for the extradition of the ex-Kaiser will not be made until the Court has not only been constituted formally, but is actually sitting. The probability is that the Court will in this form call upon the accused to surrender to the British Government in order that he may be tried on the charges preferred against him. In the event of a refusal which would in effect mark the ex-Kaiser as a fugitive from justice, it would be necessary to apply to the Dutch Government, and there is no reason to suppose that they would resist a request backed up by nearly the whole civilized world. Punishment is in the discretion of the Court, but it is fully understood that the death penalty will not be pressed for by the governments concerned.

RELATIONS OF CAPITAL AND LABOR

The National Grocers' Conference opened at the Midland Adelphi Hotel, Liverpool, yesterday morning. Mr. E. R. Thompson was elected president for the ensuing year.
Lord Leverhulme delivered an interesting and important address on "After-War Problems." He remarked: "There never was a period, he remarked, when the British race stood so high in the opinion of the whole world than at the end of the war. They had got to consider what would be the problems now the war was over. What was the greatest problem we would have to face? He mentioned housing and food reforms, or any other reforms, but the question of the relationship between the man who paid the wages and the man who received them. (Hear, hear.) After referring to the development of improved methods of production, he said it was essential for the success of this country and the prosperity of every tradesman in the land that the present time of scarcity should pass away as quickly as possible and that they should return to the time of abundance. In making that return it was possible to do it without any reduction in wages. The United States produced articles by organized methods and notwithstanding the fact that wages were higher than in corresponding industries in the United Kingdom, cheaper than similar articles could be produced here. That was a point they had got to consider. There was only one way in which the present high wages could be maintained or increased, and that was by increased production and reduced cost. As a nation they ought not to waste time in endless inquiries as to nationalization of various industries, but they should turn their attention entirely on the problem of increased output.

MR SMILLIE ATTACKS THE GOVERNMENT

Mr. Robert Smillie, speaking at Morrison, Swansea, yesterday, in support of the Labor candidate in Swansea East by-elections, said there had never been such a combination of profiteers, capitalists, and landlords and their representatives as was in the House of Commons today. Every moment of their lives they were scheming, setting aside their political aspirations and desires to defend their interests against the workers of the country. He and Hodges had been accused of being impertinent. Was it impertinent to ask a Duke how many acres he possessed or his income? Capitalists pointed to their holdings as being the reward of abundance. In fact their savings. Why, men of that class spent at lunch or dinner in one of the London hotels more than the earnings of ordinary workers in the country for a week. Supposing a worker never spent a penny of his wages during 25 or 40 years, he would never have a fortune equal to one year's income that those men got for doing nothing.
Several questions were asked at the finish, and Mr. Smillie, in replying, said they knew the majority of the members of the Coalition Government were pledged to oppose the findings of the Sankey Commission. As regards the proposed change in the mine system, neither Hodges nor himself thought it would add 4s. 6d. to the price of coal nor anything like it. With improved system and methods, output could be increased, and that would reduce the price of coal. So long as mine owners got a profit there was no question, but when the miners sought benefit by that profit then the difference came in.

IN RURAL IRELAND
People Are Prosperous and Not Seemingly Excited by Politics.

Stephen Gwynn, in the London Observer, tells his observations while helping to bring a host by canal to the Shannon and renewed his impression of the actual Ireland—an impression very much unlike that given by the talk or the writing of Sinn Feiners. Sinn Fein springs in the main from the Gaelic League, which was a movement of protest against Anglicization; and protestantism is in its essence not at all, Mr. Gwynn goes on:

I always thought, when I was most closely associated with it, that in the Gaelic League people ignored the fact that tradition has no more in the speech than in the thing spoken; and that it was possible to be very Irish in English speech and very English in Gaelic.
Since I left Dublin in five days I have not heard a word of Gaelic spoken; but I have been in hourly converse with the Ireland of today. In that Ireland the easiest thing in life is to make friends; all you need do is to come asking a favor. Begging for leave to boil a kettle here, asking for a drop of milk there, waiting a casual hand with some job about the boat, we were on Ireland's hospitality the whole way; and never in my life have I known the countryside friendlier or more tranquil. In a score of stray conversations one met no trace of the fever which very genuinely displays itself in the audience at a demonstration or discussion in Dublin. Prosperity was evident; these peasants were all poor people, yet with the exception of one household, none could be called indigent; and the barefoot children in the bogs seemed well nourished and full of life.
Probably England is full of persons who think that to visit Ireland would be a dangerous adventure. Nothing could be more untrue. Barges on the canal may here and there carry Sinn Fein colors; that is the only reminder of unrest that will meet a stray traveler. And, everywhere, at the season, there is the delightful scene of fertility, and of spring. The big canals, or water-meadows, along the Shannon are lush with the richest green, full of breeding plovers and snipe crying over them; a score of times I longed to be in a canoe instead of my heavy seagoing boat, so that one could tie up by the bank and go bird's nesting. King's County, with its variations of wild bog and rich tillage country, is a field naturalists' paradise. In the garden of the very picturesque Shannon Hotel at Banagher, where I write, there is a gold-finch's nest in a yew tree; and, everywhere, what growth—in the place that evil days ago, yet is dense with great currant and gooseberry bushes full of fruit, and red poppies in broad blossom among them.

Under all this tranquillity there is unrest, of course; where is it absent these times but I think that in the countryside it is rather economic than political. One man who knew me talked politics vehemently—a strong Redmond partisan. He said that the farmers who came to his hotel, Sinn Feiners and all, were saying: "Sinn Fein is dead; the Transport Union has killed it." Labor is the urgent question.
Now, it is just as well to be plain. One of the things I noticed in my outing was that Irish soldiers in uniform were sitting on the canal bank with their neighbors fishing for perch or standing at street corners with their neighbors playing pitch and toss. Presumably a much larger number of them out of uniform are back in the ordinary life of Ireland—fused with the mass.

LONDON HOLDS CONFERENCE ON HOUSING SCHEME

The Government, the Press Association states, is forging ahead with its initial scheme for securing the building of 300,000 houses to meet the deficiency in accommodation, which is becoming an urgent problem not only in London but throughout the country.
An important Conference on the question was held at the Ministry of Labor, Whitehall, yesterday, when the Labor Minister (Sir R. Horne) and the Minister of Health (Dr. Addison) were engaged for several hours in discussing various phases of the problem with Trade Union leaders and the Whitley Council which has been established for the building trade.
The need for additional workers in the building trade in preparation for the expansion of housing operations by Local Authorities was among other matters considered, and the importance of co-operation between the Government, municipal authorities, and the Trade Unions concerned was urged to expedite the progress of housing schemes generally.
The Conference, which was private, was of a preliminary character, and further meetings will, it is understood, be held.

COAL COMMISSION
A Comparison With Germany.

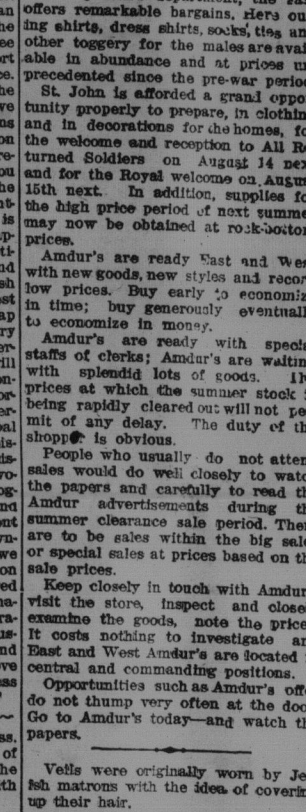

The Business Committee of the British Empire Producers' Organization have forwarded a letter to the Prime Minister with regard to Mr. Justice Sankey's report as Chairman of the Coal Commission. In the course of this letter the Committee express the opinion that the report was founded on insufficient evidence.
"The whole proceedings before the Commission would appear to have been an attempt by two rival sections as to which could voice its opinion in the loudest key. We would respectfully suggest to you that you should consider the findings of the German Commission recently appended for an identical purpose. It is regrettable that this Commission, appointed by our late enemies, investigated the matter from a scientific and patriotic standpoint in order to thresh out the question in the best interest of their country, whereas our own approach the same problem in a very different spirit. By careful consideration of the German report you will find that, after making various constructive criticisms and putting forward suggestions by which the German Government might assist the coal industry in this country, the Commission reported against the nationalization of the coal mines as now advocated in this country. Whilst recognizing the lack of co-ordination and the wastefulness due to the present methods employed by some coal-mining companies, at the same time we would point out that in our opinion the improvement can be achieved only by the co-operation or combination of all the interests concerned rather than by placing a great key industry at the mercy of bureaucratic and political influences which must prove fatal to the development and progress of British trade and manufactures."
Their neighbors playing pitch and toss. Presumably a much larger number of them out of uniform are back in the ordinary life of Ireland—fused with the mass.

AMDUR'S SALE, EAST AND WEST

Opens With Splendid Results People Prepare for the Royal Visit.

AMDUR'S confidence in the shoppers of Greater St. John was amply justified on Wednesday on the occasion of their opening for the clearing out of their summer stocks of ladies' and men's wear. Buying was brisk from the time the doors of the AMDUR centres in East and West St. John were swung back sharply at 3 o'clock and groups of people, inspecting, investigating and purchasing, were forming and departing constantly.
Early indications were that the success of the big sale was assured and before noon, there was reason to assume that the record established at the last AMDUR bargain period would be smashed by a comfortable margin.
The coming royal visit evidently determined the ladies to call for considerable quantities of clothing suitable for the holidays of August 14 and 15, and in this department, AMDUR's are singularly fortunate in having secured splendid offerings from the Canadian Metropolitan centres. Now is the time to purchase fancy for the Prince's reception, as prices are certain to advance just prior to the arrival of the Royal party.
The influence of the preparations for the provincial welcome to returning soldiers was also appreciated at the AMDUR annual clearance sale, in that the younger set were markedly in evidence at the morning and early afternoon period of the initial sale-day.
Recognition of the return of St. John to equities was also noticed at the AMDUR business centres in East and West St. John.
Sweaters, sport shirts and other articles of dress suitable for boys were quickly snapped up by girls and women.
In the men's department, the sale offers remarkable bargains, extra cut shirts, dress shirts, socks, ties and other toggery for the males are available in abundance and at prices unprecedented since the pre-war period.
St. John is afforded a grand opportunity properly to prepare, in clothing and in decorations for the homes, for the welcome and reception to All British Soldiers on August 14 and 15, and for the Royal welcome on August 15th next. In addition, supplies for the highest price period of next summer may now be obtained at rock-bottom prices.
AMDUR's are ready East and West with new goods, new styles and record low prices. Buy early to economize in time; buy generously eventually to economize in money.
AMDUR's are ready East and West with splendid offers of clothing, hats and shoes. AMDUR's are waiting with splendid lots of coats. The prices at which the summer stock is being rapidly cleared out will not permit of any delay. The duty of the shop is obvious.
People who usually do not attend sales would do well to watch the papers and carefully to read the AMDUR advertisements during the summer clearance sale period. There are to be sales within the big sale; or special sales at prices based on the sale prices.
Keep closely in touch with AMDUR's visit the store, inspect and closely examine the goods, note the prices. It costs nothing to investigate and try at the mercy of bureaucratic and political influences which must prove fatal to the development and progress of British trade and manufactures."
Go to AMDUR's today—and watch the papers.

THE POWERFUL KATRINKA DECIDED SHE WOULDN'T HAVE THAT STREET LIGHT SHINING IN HER BEDROOM WINDOW ANY LONGER.

OUR MIGHTIEST LITTLE WORD

NOW

ENROLL UNDER ITS FLAG AND SEE

Your attention is called to one of the most potent words in the English language. It is the little word NOW. The word signifies action, ambition, initiative, energy. It stands for the militant actualities of life as opposed to the sit-back-and-take-it-easy possibilities. The armies of life might be divided into two camps, the NOWS and the TOMORROWS. The army of NOW is the army of Victory. The army of TOMORROW is the army of defeat. Under which flag are you enrolled? Empires have fallen and men missed fame or captured it, according as they enlisted in one army or the other. Do you think if Napoleon had hesitated to turn his cannon on the Parisian mob he would have gone down in history as the great captain he was?

If Caesar had said "TOMORROW" I will cross the Rubicon, he might have been known as the author of the Gallic War instead of one of the world's shining geniuses.

But the possibilities crowded into the little word NOW are just as potent today as they ever were.

You have an opportunity to prove this in a simple but most convincing manner.

Are you a candidate in The Standard's \$10,000.00 Prize Contest?

If not, why not?

There is only one answer; you know what that is. If you are not already a candidate, you are enrolled under the flag of the ARMY OF TOMORROW.

But you still have time to redeem yourself. You have a chance to resign your commission under that flag and join the army of NOW.

You must not delay. The army of NOW is steadily marching on, and you can easily join by marching a little faster to catch up with the rear guard.

If you have ambition; if you have energy; if you prefer action to indifference, then you are a proper recruit for the army of NOW.

There is still time for every eligible person to get into The Standard's Contest. If you are a soldier and in earnest, prove it by sending in the blank below.

Think over your possibilities.

Read about the \$10,000.00 worth of Automobiles, Pianos, Phonographs, and Cash Prizes and remember there are no losers in this contest.

Ask yourself whether you are enrolled under the flag of NOW or the flag of TOMORROW.

Which is worth while? Which is your choice?

One thing more: The word NOW spelled backward reads WON.

TO JOIN THE ARMY OF "NOW" USE BLANK BELOW

ST. JOHN, N. B., THURSDAY, JULY 24, 1919.

THE HARBOR.

If this harbor proposition has to be made the subject of discussion at public meetings or elsewhere, let's get at it and have the thing over. Complaint is made at City Hall that beyond what has appeared in the newspapers nothing has been heard from Ottawa. This is entirely what might have been expected.

that they may be entertained by this city on behalf of the province and given a welcome which will in some measure express the gratitude of our people towards them. Naturally it is not the duty of St. John to spend its own money in an enterprise such as this, which is of a provincial character.

ACTION AND INACTION.

France has taken action to reduce the cost of living by appointing a commissioner to carry out plans decided upon by the Cabinet. Food selling booths in Paris will be doubled in number and other booths of a like character will be established in other centres of population.

London has taken action to reduce the cost of living by appointing a commissioner to carry out plans decided upon by the Cabinet. Food selling booths in Paris will be doubled in number and other booths of a like character will be established in other centres of population.

you put it back there is a new set of combinations. Until the fun blows out of that remarkable island, there promise to be fairly continuous fireworks there. Perhaps when the lion lies down with the lamb the South Irish will lie down with one another and an Ulsterman will lead them, but the millennial combinations still lag.

A Demolished Argument. New York Herald: The fact seems to have escaped those fervid partisans who were hurling epithets at critics of the covenant of the League of Nations, but nevertheless it is a fact that the announcement of resumption of business with Germany completely destroys the partisan contention that in holding up ratification of the peace treaty until they can be sure of what it means senators are reopening war or delaying the arrival of peace.

Facing Both Ways. New York Sun: Was there ever anything like this since international diplomacy learned to talk? To Europe-American demands it; I have her mandate; I dare not abate or compromise; do not disappoint her; do not desert me home to merited scorn. To America: "Europe demands it; do not abate or compromise; dare you break the heart of the world?"

Sharing the Responsibility. New York World: Those who are confident of their financial ability to lay in a stock of drinkables sufficient to last for years, whether they were light wine or not or prohibitionists or not, are in part responsible for the present situation. Even more culpable, however, are the people who thought up to the last moment that some way would be found to defeat a movement which they did not take the trouble to resist.

The Baffled Wets. New York Times: Hope springs eternal in the breast of the wets, but it has mighty little to do with the fact that the galleries of the House could be forbidden to visitors and secret balloting provided for, a majority might be found for moderation and common sense and the repeal or modification of the wartime prohibition act, or at least, for the permitted sale of light wine and beer. But up in the galleries sit the prohibition hoaxes, watching their thralls on the floor. If a member wishes to deviate into toleration, he is forbidden to do so.

A BIT OF VERSE

THE GLORY OF WAR. (A re-constructive piece to the keen sensitiveness of Puseon and many another.) The glory of war! It is the most momentous of all things that the broad human race, its crosses and ribbons as symbols are; And the sham from the real find their place.

As the power behind, Light-air—water, and all, Draws from earth and foul matter The life and wheat; Does not the Eternal Clearly shine in humanity, Thro' character's "third degree" tests— War, adversity, too great prosperity— All that the individual is, or may be, Man or cheat?

But what is the glory of peace? May it not be right for righteousness sake? Let the alive carry on youth's flaming torch, And in mine and hearts try dull care to decrease, As they lead to the light and the dark—ness forsake! —N. MACKENZIE, Toronto, July 14.

A BIT OF FUN

The Doctor Knew. "I don't like your heart action," the doctor said, applying the stethoscope again. "You have had some trouble with angina pectoris." "You're partly right, doctor," said the young man sheepishly, "only that ain't her name."

Author Too Particular. The Star: "The author of this play is a great stickler for realism." The Manager: "I haven't noticed it." The Star: "Why, he objects to my wearing diamond rings in the scene where I pawn my hat to buy food for the children."

The Only Help. When the railroads were tied up with the worst glut in history, one severe winter, one train was fifty-seven hours late, and a passenger became wearied.

Hard for Chaos. The wholesale grocer was carefully explaining matters to the commercial traveller whom he had recently engaged, and the C. T. was making himself as nice as he could.

An American View of Ireland. From Life (New York): No one who does not feel a valid obligation of conscience to know about Ireland should attempt to do so. Looking at political Ireland is like looking into a kaleidoscope. You take your eye off of her to make a remark, and when

land will lose her economic supremacy to America within a generation unless England sobers up and keeps sober. The best thing that England can do is to follow the example of America and drive drink out of the realm.

Now, Mr. Editor, you are a politician, and these declarations may not carry much weight with the editor of a party newspaper. But Lord D'Abernon, chairman of the Central Board of the Liquor Traffic, England, a man of great ability but not a prohibitionist, says: "If instead of having prohibition and control to choose between the choice by between prohibition and a relapse to pre-war conditions, I should not hesitate to support prohibition at any cost, rather than be a party to the nation's disgrace which would be involved in a deliberate and voluntary return to a lower level."

ENGLAND PROTECTS ITS PAPER MILLS

Has Imposed a Prohibition on the Import of Paper—Having Serious Effect on Norwegian Mills—Will Probably Import More Pulp.

England has imposed a prohibition on the import of paper in order to protect the English paper mills, and this is said to be having a serious effect on the Norwegian paper mills. Before the prohibition and since the armistice the price of paper in England has been considerably reduced, principally because of American competition.

With the embargo on paper, England will probably import more pulp than usual, which may be of interest to New Brunswick. The Nashua Pulp and Paper Company have been talking of erecting a new pulp mill at Marysville, and it is understood that they planned on disposing of the pulp product of one of their mills in England. Their mill at St. John is kept pretty busy supplying pulp for their paper factories in Maine.

WANTS BUSINESS RELATIONS. The Weekly Bulletin of the Department of Trade and Commerce reports: A firm of importers in Havana, Cuba, desires to establish business relations with firms trading in potatoes, hay, forage, etc.

Mrs. Warren Says It Was Surprise

Halifax Woman After Her Wonderful Improvement Declares Tanlac to be the Best Medicine in the World

"My wonderful improvement since I commenced taking Tanlac is not only a surprise to me, but to all my friends," said Mrs. Blanche Warren, who lives at 27 Cunard street, Halifax, while talking to a Tanlac representative the other day. "I have been suffering from indigestion and a general run-down condition now for a great many years," continued Mrs. Warren, "and when I commenced taking Tanlac I was hardly able to get about at all. Everything I ate would sour on my stomach and I often had severe cramping spells. Very often this souring of food would cause gas to form so bad that it would almost cut my breath off, and I would be perfectly miserable for hours at a time. I finally got to where I would often have had attacks of acute indigestion which would leave me in such a weak condition that it would take me a long time to get over it. I lost in weight from one hundred and thirty to one hundred and four pounds, and I just felt like every particle of my strength had left me.

"I had read so many good statements about Tanlac that I decided to give it a trial myself, and see if it would do me any good. I have only taken two bottles of Tanlac so far, but the wonderful improvement I have made on these two bottles convinces me that it is the best medicine in the world for building up people who are all run-down like I was. Why, I feel better in every way than I have in years. My food digests so much better than it did, and in fact I can eat just about anything I want without the awful fear of having an attack of acute indigestion afterwards. I am getting back my lost weight, and I can just feel my strength coming back to me. My general health has been greatly improved, and I never have that tired, worn out feeling any more. Tanlac certainly has been a great blessing to me, and proved to be just the medicine I have been needing all the time."

Tanlac is sold in St. John by Ross Drug Co., and F. W. Munro under the personal direction of a special Tanlac representative.—Adv.

SEPTEMBER TENTH LAST DATE TO RECEIVE TAX DISCOUNT

Decided at Common-Council Meeting Yesterday — Hawthorne-Avenue Water and Sewerage Matter Only Discussed—Messrs. McAvity Receive Contract for Gate Valves—Tenders for Excavating and Refilling Trenches Accepted.

The City Council met yesterday, and fixed on the tenth of September as the last date on which taxpayers may receive a discount of five per cent, so long as they pay their taxes for water and sewer work, discussed the alarming plight of residents of Hawthorne avenue, and transacted other business.

Com. Fisher spoke a letter from W. B. Scully, of the St. John Ice Company, saying that the Board of Health had closed the wells on Hawthorne avenue, and that 26 families were now without water.

Com. Jones said it was desirable to supply both water and sewer facilities. Com. Fisher spoke strongly on the matter, saying too many sewers were being run into Newman's Brook, and that the interests of the residents of Hawthorne avenue should be looked after.

After some discussion there appeared to be general agreement of the need of doing something, though there was not much prospect of a meeting ten per cent on the necessary investment. A bond issue being necessary and Com. Bullock being absent, the matter was laid over.

Com. Fisher said it was necessary to carry on the continuation of the retaining wall on Chesley street for 292 feet, at a cost of \$2,225. He proposed to bring in an estimate next meeting for a retaining wall on St. James street, West Side, between Ludlow and Watson, as there was urgent need of the timber being replaced by concrete.

To Com. Thornton, the Commissioner of Works said the contractor who had taken the job of removing the Market Square fountain had been delayed, because a stone mason could not be obtained to prepare the new fountain. If something was not done soon, he would try another contractor.

Com. Thornton—It should be finished before the Prince arrives. The following resolution was adopted: Resolved, that this Council do now fix the tenth day of September next as the day on or before which all taxes for the present year shall be payable.

And Further Resolved, that a deduction of five per centum per annum be allowed on all taxes assessed on the inhabitants of the said city in the present year and paid in at the office of the Receiver of Taxes on or before the tenth day of September, under the provisions of sub-sections (1) and (2) of section 49 of the "Saint John City Assessment Act, 1918."

Com. Fisher said he regretted the city could not fix two dates, so citizens might pay in instalments. The Mayor said this would be all right if they had the tax bills made up early in the year, but under present circumstances it could not well be done.

Com. Fisher intimated that he would probably bring up the matter next year. Com. Jones recommended acceptance of tenders of Messrs. T. McAvity as follows: 12 in. 875; 10 in. 354; 8 in. 432; 6 in. 19.50.

Com. Jones—The McAvity type of fire hydrants, extensively used by the department, is giving general satisfaction, and as the officers of the department favor one type of hydrant I firm recommend that the tender of this firm be accepted. I am advised by the manufacturers that they have in contemplation some alterations which they purpose making in the present type of hydrant which will increase its efficiency in future. Under these circumstances I favor acceptance of their tender.

Com. Fisher—Have the McAvity valves been satisfactory in the past? Com. Jones said he had taken up the matter with the engineers, and they had reported favorably on those six or seven alterations suggested by the engineers had been made in the designs.

Com. Thornton—I was told these tenders were not advertised. Com. Jones—They were advertised in two daily papers, according to custom.

Com. Jones' recommendation was accepted. The following tenders were accepted: Drummond, Mill & Co., Ltd.—25 10 in. Jenkins gate valves at \$145; 522 corp taps at \$102; 522 curb taps at \$202; 522 curb boxes at \$230. Manufactured by the Mueller Mfg. Company, Sarala, Ont.

Phoenix Foundry and Locomotive Works—25 tons special castings at 7c per lb. Com & Arnold—540 tons 18 in. cast iron pipe at \$65.50 per ton; 210 tons 12 in. cast iron pipe at \$66.50 per ton; 15 tons 10 in. cast iron pipe at \$65.50 per ton; 8 in. cast iron pipe at \$65.50 per ton; 13 tons 8 in. cast iron pipe at \$65.50 per ton.

The James Robertson Company, Limited—18,650 ft. 5-8 in. lead pipe at 11 1-4c per lb.; 11,300 lbs. leadite at 15 3-4c per lb. Tenders for excavating and refilling trenches for water and sewer mains were accepted as follows:

Brussels street, water, Moses, Tobias & Farris, rock \$3.50, earth 98c. City Road, water, N. B. Contracting and Building Co., rock 97c, earth 96c. King street, water, Tobias & Farris, rock \$3.50, earth \$1.10. Duke street, water, N. B. Contracting and Building Co., rock \$6, earth 90c.

Douglas avenue, sewer, Louis and Thomas Stevens, rock \$3.75, earth \$2.50. Douglas street, water, N. B. Contracting and Building Co., rock \$7, earth 95c. Com. Jones said there was practically no rock work called for. At his request tenders for the Brussels street sewer were laid over for further consideration.

Tenders for King street curbing were received as follows: Frank Wade, re-dressing and re-setting 85c, renewing and re-setting

Klim is made from the Purest Separated Milk

OUR inspectors regularly inspect the sanitary conditions of the farms which supply milk from which Klim is made. Our milk powder plants in the best dairy districts in Ontario separate this milk to remove the fat, pasteurize it and dry it by the "spray process" removing the ninety per cent of water and leaving the solids in the dry powder form of Klim.

Recently we established at our Head Office, in Toronto, the most up-to-date Milk Laboratory which exists in Canada today for bacteriological and chemical research work on milk, both liquid and powdered.

In this laboratory we analyse the milk from all the farms which deliver milk to all our plants and receiving stations. We are able, in this way, to keep absolute control on the quality of the milk from the receiving room to the milk powder packing department. No milk industry in Canada has such a perfect and completely equipped laboratory and research department. This insures to the user of Klim, whether in the home, the hotel or the lumber camp, the purity, cleanliness and wholesomeness of Klim.

We welcome anyone to our Bacteriological Laboratories at our Head Office, 10-12 St. Patrick St., where we can show our research equipment and methods of control of purity and quality of the milk we receive.

IMPERIALS, 5; ROSES, 2.

In what was termed the fastest game of the East 2nd League series the Imperials nosed out their opponents, the Roses, last night by a score of five to two.

Ferry and Whelpley made the battery for the winning nine, and Stewart and Appleby did the honors for the Roses. The umpires, Currie and McAllister, proved satisfactory to all concerned.

Tonight the Imperials and Imperials will meet in a game which is expected to draw a big attendance, as the Imperials are the leading team, with their opponents a close second.

CARLETON AND FAIRVILLE.

Carleton and Fairville will meet this evening on the Queen Square in a City League fixture.

JUVENILES AT IT.

The Young Port Howe Tigers defeated the Long Wharf Stars yesterday afternoon in a keen and well fought game of ball. The Tigers waltzed home with the score of four to two in their favor. Coughlin and Coyle made the battery for the Tigers, and McNally, Coyle and Herberts served for the Stars.

HAYING SEASON IS NOW IN FULL SWING

Poor Crop Has Been Improved by Rain—Grain Crops Are at Present Promising Well in Carleton County.

The Carleton Observer says: The cutting of hay has become quite general in Carleton County. The crop is generally below the average. The cold dry weather of June, accompanied by several frosts, was responsible for the lack of growth. In the northern counties reports indicate a very poor hay crop. Some reports state that old meadows are hardly worth cutting. In the western section, the crop is later and will be helped some by recent rains. In the southern counties and York, the crop varies from average to poor, according to whether the meadow is new or old. The rain last week has done much to improve the standing crop. Nova Scotia reports a big hay yield, and so does Quebec.

Grain crops generally have a good color and promise well at present. With a few good rains when the crop is heading and filling, there should be a good average crop. Pastures are good, and recent rains will hold them for a time longer.

Cattle are generally in good condition. Potatoes are looking better than ever known at this season, being far advanced and free from disease and bugs.

HOME RUN BAKER

J. FRANKLIN BAKER

What is in a name? In Baker's case everything implied in his well earned sobriquet has been lived up to by the sturdy batting specialist of the New York Yankees.

BASEBALL IN THE BIG LEAGUES

John last week.
Mrs. Arthur Wright and family of Boston, are the guests of Mrs. Jefferson Dykeman.
Mr. and Mrs. Charles Purdy, Miss Geraldine Purdy and Mr. Ray Purdy motored to St. John last week, returning on Tuesday.

PERSONALS

Mrs. Edward Burke and daughter, Mrs. R. J. Forstell of St. John, are spending a few weeks at Burnt Church—Chatham Commercial.

LITTLE BITS OF SPORT CHATTER

That soccer football has returned to popularity in England is shown in the annual financial statement issued by the football league. The total gate receipts for the season amounted to £783,350 against £347,685 the previous year. The biggest gate during April was \$6,550 for the Liverpool-Liverpool match, this being the highest in the Lancashire or Midlands sections. There were two over \$6,000. Gate receipts during April amounted to \$253,000, which compares with only \$20,000 twelve months ago.

Tom Longboat, the Indian runner, made a comeback. Last Friday he defeated Billy Quest in a three mile event in Toronto. The time was 16:00. At one time it was thought that the Indian could never make any kind of a showing on the track.

The unfavorable weather last evening made the baseball games impossible. The Customs House and Times players did not clash. This last named player is still reserved for the fans.

Speaking of the needs of St. John, what about a hockey rink? This city is one of the best sporting centers in the Maritime Provinces. Our boys show up well in all branches of sport, but we are without a hockey rink, or an athletic field. The children have to play roundabouts after they get over the age of 14 or so they are expected to settle down as old men.

Moncton, Fredericton, St. Stephen, Bathurst, Chatham, Woodstock and every other community in the province have athletic fields but St. John with a population of about 60,000 cannot have even a decent baseball diamond.

Alf Shrubbs has recently been in St. John's, Nfld., and ran a race there. He is going over to Paris to take part in a match. Shrubbs has set a good example for all athletes, and has shown that there is practically no age limit for athletes, providing they take proper care of themselves.

Track Meet For Football Stars Wounded Men In Major Leagues

World's Championships for Those Maimed in the War Scheduled for August.

A "telegraphic track meet," with wounded soldiers from nine army hospitals in the United States as the only contestants, is being planned for the great Indian athletes now playing on the outfield positions for the Boston Braves, will probably engage in professional football again in the fall with the Canton (Ohio) team recalls to mind that there are several major league stars who could, if they so desired, devote their time quite profitably to the gridiron game.

PRINCE WILL BE GUEST OF THE AM. GOVERNMENT

London, July 23.—The Prince of Wales will visit the United States next month as a guest of the American government. King George, on behalf of the Prince, has accepted an invitation sent the Prince by President Wilson to visit the President in Washington.

FORMER N. B. MAN LOSES LIFE BY ACCIDENT IN MASS.

Special to The Standard. Fredericton, July 23.—Word has been received here of the death of Harry A. McLean, formerly of Lake George, N. B., who lost his life in an accident at Penobscot, Mass.

JEMSEG

Jemseg, July 19.—The Ray Purdy returned from overseas last week and is visiting his mother, Mrs. Charles Purdy.

PERSONALS

Mrs. Edward Burke and daughter, Mrs. R. J. Forstell of St. John, are spending a few weeks at Burnt Church—Chatham Commercial.

MUST STAND TRIAL FOR MURDER OF SISTER MARY JOHN

Mrs. Lypchinski, Accused of Murdering Nun at Isadore Convent, Sent up for Trial.

Traverse City, Mich., July 23.—Attorneys for Mrs. Stanislaw Lypchinski, who is charged with the murder, 11 years ago, of Sister Mary John, of the Isadore Convent, announced today that their habeas corpus petition would be carried before the State Supreme Court, following the decision last night of Circuit Judge Frederick W. Mayne, at Leland, that the woman must stand trial there July 29.

CANADIANS ALL HOME BY THE END OF AUGUST

Officers, Soldiers and Dependents Now Remaining to be Repatriated Total About 50,000.

Ottawa, Ont., July 23.—Apart from the thirty-eight hundred officers and men being brought to Canada by the Regina and the Winnifredian, the former due at Halifax, there still remain in England, including soldiers' dependents and unattached women, approximately forty-nine thousand Canadian who must be brought home before the task of demobilization is complete. Unmarried soldiers and officers still to be returned number ten thousand, and married eleven thousand. Wives, children and unattached women equal the total to nearly fifty thousand.

MONTREAL MARKETS

Montreal, July 23.—Oats—Extra No. 1 feed, \$1.01 1/2.

Potatoes, per bag, car lots, \$1.25.
Dressed hogs, abattoir killed, \$33.50 to \$34.00.
Lard, pure, wood pallets, 20 lbs. net, 33%.

"SIMPLE LETTERS OF A SIMPLE FELLO" IN THE SATURDAY STANDARD

By the Author of "That's Me All Over, Mable" WILL MAKE YOU LAUGH

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are usually frequently being antagonized. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by the Ross Drug Co. in St. John and most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing.

This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright and pale cheeks glow with the bloom of perfect health.

CAUTION:—Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its remarkable flesh-growing properties, be used by anyone who does not desire to put on flesh.

NEW CORPORATIONS ORGANIZED TO DO BUSINESS IN N. B.

Nashwaak Pulp and Paper Co. Ask Right to Build Dam or Dams in Nashwaak River.

Special to The Standard. Fredericton, July 23.—Letters patent have been issued, under the seal of the Province, incorporating Fred W. Winter, manager; Alex. R. Lorne, manager, and John Winter, farmer, all of the city of Moncton, as the Central Realty, Ltd., with a capital stock of \$300,000, divided into 3,000 shares of \$100 each, and the head office to be at Moncton.

Letters patent have also been issued incorporating Frank Pales, broker; Harry A. Bartlett Pales, clerk; Ralph Holden Pales, clerk, and Annie A. Pales, wife of said Frank Pales, all of the city of St. John, as Frank Pales and Sons, Ltd., with a capital stock of \$20,000 divided into 200 shares of \$100 each, and the head office at St. John.

The Nashwaak Pulp and Paper Company have filed with the Lieut.-Governor-Council plans of a dam to be constructed in the Nashwaak River at or near Maryville, and ask the approval of the Lieut.-Governor-Council for the erection of a dam of dams in accordance with such plans.

This week's Royal Gazette contains notice of the appointment of Cyril Moore, of East St. John, as a provincial constable.

Rev. Patrick Violet, of Pett River, in the County of Gloucester, has been registered to solemnize marriages in this province.

Workmen's Compensation Act, 1918

NOTICE TO EMPLOYERS OF LABOR

WHEREAS on the 17th day of April, A. D. 1918 His Honour the Lieutenant Governor and Council did by Order-in-Council bring within the scope of Part 1 of the "WORKMEN'S COMPENSATION ACT, 1918," from and after August 1, 1919, the following industries, viz:

"Persons employed in the woods in logging, cutting of timber, pulp-wood, firewood, railroad ties or sleepers, river driving, arrowing, "booming or the transportation of logs, timber, pulpwood, firewood, or railroad ties or sleepers."

NOTICE IS HEREBY GIVEN that all persons engaged in any of the above mentioned industries are required to file a statement of their estimated payroll from August 1st, 1919, to December 31st, 1919, inclusive with the said Board, on or before the 1st day of August, 1919.

AND FURTHER NOTICE that any employer neglecting or refusing to furnish such estimate or information is liable to a penalty not exceeding \$20.00 per day for each day of such default, and is further liable for damages, as provided by Part two of the said Act, in respect of any injury to any workman in his employ during the period of such default.

NOTE—Forms for furnishing such information will be supplied on application.

Also please take note of the following regulation passed by the Board, and coming into force on the 1st of August, 1919.

FIRST AID KIT.

In an industry where ten or more persons are employed, it shall be the duty of the employer to provide a suitable FIRST AID KIT APPROVED by the Board and in charge of a suitable person.

Certified passed May 1st, 1919.

WORKMEN'S COMPENSATION BOARD.
JOHN A. SINCLAIR, Chairman.

CHARLOTTE COUNTY SUNDAY SCHOOL WORKERS IN SESSION

One of the Most Successful Conventions in the History of the Association Was Held at Scotch Ridge Last Week.

The annual convention of Charlotte County S. S. workers held in Scotch Ridge on the 17th and 18th inst., was one of the most successful in the history of the association. The president, the Rev. Mr. Gough conducted the programme of the several sessions. A fairly representative number of county officers besides about forty delegates. A splendid spirit of optimism pervaded the convention throughout and there is every reason to believe that the influence of this gathering of earnest S. S. workers will be at least county-wide.

A hearty address of welcome to the delegates was given by the Rev. Mr. Gough, pastor of the church and responded to by the Rev. D. R. Chovan of Oak Hill. During the various sessions gripping addresses were given by the following clergymen: Rev. Mr. W. W. Malcolm of St. Stephen on "Wider Methods of Conducting Our S. S. Session"; Rev. J. E. Gosling on "The Responsibility of the Home in Bible Training and Social and Political Reform"; Rev. George Gough on "Prayer"; and Rev. D. R. Chovan on "Charity." Much time was spent in discussing S. S. methods but perhaps the most far-reaching discussion was that on "S. S. and Reconstruction." It was found to be a difficult problem, but all expressed a heartfelt desire to help our returned men achieve their best.

As a forward measure the following resolutions were adopted by convention:

Resolved, that special effort be made to organize teacher-training classes in all the schools of our county. Also resolved that special emphasis be placed on the giving of systematic missionary instruction at least once in each quarter and further resolved that the Charlotte County S. S. convention now in session hereby inaugurates a county-wide campaign of pledge-signing against the use of tobacco in all its forms and intoxicating drinks. These to be separate pledges and each school is hereby requested to undertake this at the earliest possible date.

The following officers for the coming year were duly elected and installed: President, Rev. Geo. Gough; Sec., Mrs. H. E. Beach; Treas., Mrs. C. E. Beach; Elem., Mrs. Theo. McMoran; Secondary, Mrs. E. Griffin; Adult, Mrs. F. A. Coffey; Education, Mrs. R. T. Marwhinney; Adm'n., Miss Josephine Campbell.

Reports given for the various officers for the past year were very encouraging, particularly that of the treasurer.

Too much cannot be said in praise of the good people of Scotch Ridge for their splendid hospitality. The dinner and supper given in a nearby hall for the further comfort of the visitors will not soon be forgotten.

A hearty welcome, especially from Dr. DeBlois at this church, known as "a church with a welcome."

It is a particularly gratifying fact to the Canadians of Greater Boston that Dr. DeBlois has been chaplain to the Canadian Club of Boston for some years, and taken an active interest in the stirring events of that well-known organization.

(From Our Special Correspondent.) Boston, Mass., July 19.—From earliest time the fame of the preachers of Boston has been nation-wide, and the recollections of such men as Phillips Brooks of Trinity, George C. Lorimer of Tremont Temple and many others are delightful memories for the present generation. It may be truthfully said that the fame of Boston's preachers has shed a lustre to that city, the Athens of America.

The people of the Maritime Provinces are, above all the people of America, a church-going people, and consequently when they visit Boston they naturally inquire where a fine preacher, with excellent music, can be heard. One of the most popular and best known preachers of Boston today is Rev. Austin K. DeBlois, pastor of the Commonwealth Ave. and Clarendon St. Baptist Church (Commonwealth Square) who was born at Wolfville, Nova Scotia, and during his eight years of ministry here has endeared himself to the people, particularly Canadian born, of this city. Consequently, on Sunday mornings one is sure to meet other Canadians at this church when visiting Boston. In fact, the Maritime Provinces has always furnished its quota of ministers for Boston and nearby cities' churches, the most of whom have been graduates of Acadia College.

Dr. DeBlois was born at Wolfville, N. S., the son of Dr. Stephen W. DeBlois for 30 years pastor of the Wolfville Baptist Church. The son graduated from Acadia College in the class of 1886 and then went to Brown University for a post graduate course, taking his Master's degree in 1888, and Ph. D. in 1889, being epikouros of that time as "the youngest Doctor of Philosophy in the World," and later the "youngest College President."

Dr. DeBlois later studied in Berlin and Leipzig, returning to America to take the vice-presidency of the Union Baptist Seminary at St. Martins, N. B. later made principal, and after serving for two years in that office succeeded Dr. P. S. Henshaw, who had succeeded Dr. George C. Lorimer, both far famed pulpit orators.

About eight years ago Dr. DeBlois was called to the First Baptist Church, Boston, where he has since been preaching to large congregations. The First Baptist Church is one of the landmark edifices in Boston, designed by Richardson, the famous architect, and one of the oldest religious organizations on the Western Continent, founded in 1645, and has enjoyed 254 years of continuous life and illustrious history. The friezes on the tower were modeled by the French sculptor Barbediel, and brought from France to adorn the beautiful edifice. Persons visiting Boston will find

VERA LAVELLE REMANDED FOR ANOTHER WEEK

Toronto, July 23.—Vera de Lavelle, who surrendered to the police yesterday, several weeks after breaking jail, where she was confined while awaiting sentence for helping the late Frank McCullough, condemned murderer, to escape, was arraigned this morning on the charge of jail breaking. In explanation why she surrendered, her counsel stated that she wished to "begin life over again." The prisoner was remanded for a week.

Do not suffer another day with itching, bleeding, or protruding piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and is a certain cure for hemorrhoids, piles, or piles. Get it from any dealer, or Edmondson, Hates & Co., Limited, Toronto. Sample free from if you mention this paper and enclose 10c stamp to pay postage.

THE FITZ-RANDOLPH DIVORCE CASE GOES TO JURY TODAY

Defendant on the Stand and Prosecution Was Unable to Shake Her Story—Denies Infidelity or Anything Improper Beyond Drinking.

Special to The Standard. Fredericton, July 23.—Mrs. Charles Fitz-Randolph's cross-examination by M. G. Todd, K. C., was concluded in the Fitz-Randolph divorce case this afternoon about 5 o'clock.

The jury were then dismissed until Thursday morning, when it was planned to have arguments by counsel. The end of the case is thus looked for some time tomorrow.

After the jury had been dismissed this afternoon counsel for the defence presented a number of legal questions was decided that the questions the jury will be given to answer will be whether or not the defendant is guilty of adultery on the five counts charged.

Secondary, Mrs. E. Griffin; Adult, Mrs. F. A. Coffey; Education, Mrs. R. T. Marwhinney; Adm'n., Miss Josephine Campbell.

Reports given for the various officers for the past year were very encouraging, particularly that of the treasurer.

In explanation why she surrendered, her counsel stated that she wished to "begin life over again." The prisoner was remanded for a week.

Do not suffer another day with itching, bleeding, or protruding piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and is a certain cure for hemorrhoids, piles, or piles. Get it from any dealer, or Edmondson, Hates & Co., Limited, Toronto. Sample free from if you mention this paper and enclose 10c stamp to pay postage.

VERA LAVELLE REMANDED FOR ANOTHER WEEK

Toronto, July 23.—Vera de Lavelle, who surrendered to the police yesterday, several weeks after breaking jail, where she was confined while awaiting sentence for helping the late Frank McCullough, condemned murderer, to escape, was arraigned this morning on the charge of jail breaking. In explanation why she surrendered, her counsel stated that she wished to "begin life over again." The prisoner was remanded for a week.

Do not suffer another day with itching, bleeding, or protruding piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and is a certain cure for hemorrhoids, piles, or piles. Get it from any dealer, or Edmondson, Hates & Co., Limited, Toronto. Sample free from if you mention this paper and enclose 10c stamp to pay postage.

HOW TO GET RID OF RHEUMATISM

"Fruit-a-tives" Point the Way to Quick Relief.

Verona, Ont. "I suffered for a number of years with Rheumatism and severe Pain in my Side and Back, caused by strains and heavy lifting. When I had given up hope of ever being well again, a friend recommended 'Fruit-a-tives' to me and after using the first box I felt so much better that I continued to take them; and now I am enjoying the best of health, thanks to your wonderful fruit medicine."

W. M. LAMPSON. "Fruit-a-tives" are sold by all dealers at 50c a box, 6 for \$2.50, trial size 25c.—or sent postpaid by Fruit-a-tives Limited, Ottawa.

LAND SETTLEMENT Ex-Service and Other Small Holders Taking up Claims.

Fifty-two English County Councils report to the Board of Agriculture a total of about 20,000 recent applications for small holdings by ex-service men and others. Between 7,000 and 8,000 of these applicants have been interviewed by the Committees of the Councils, and 79 per cent of them have been approved by suitable persons to have small holdings under the Local Authorities. Inquiries made some time ago among the committees in France suggested that most of the service applicants for small holdings would require only a cottage and an acre or so of land. The actual applications to date do not confirm this earlier impression.

THE ESSEQUIBO DUE AT PORTLAND FRIDAY

Portland, Me., July 23.—The hospital ship Essequibo is reported due here Friday noon with six hundred and fifty-one wounded Canadian soldiers.

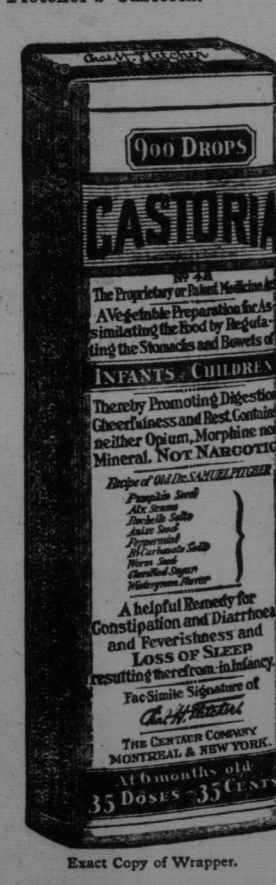

PRESIDENT DENIES MANIPULATING SHANTUNG TREATY

Washington, July 23.—President Wilson today denied published reports that he told senators he was responsible for the Shantung provision in the treaty with Germany.

An official statement issued at the White House, said the President "had exerted all the influence he was at liberty to exercise in the circumstances" to obtain a modification of the Shantung provision.

Care and Responsibility.

THE responsibility attached to the preparing of a remedy for infants and children is undoubtedly greater than that imposed upon the manufacturer of remedies for adults whose system is sufficiently strong to counteract, for a time at least, any injurious drug. It is well to observe that Castoria is prepared today, as it has been for the past 40 years, under the personal supervision of Mr. Chas. H. Fletcher. What have makers of imitations and substitutes at stake? What are their responsibilities? To whom are they answerable? They spring up today, scatter their nefarious wares broadcast, and disappear tomorrow. Could each mother see the painstaking care with which the prescription for Fletcher's Castoria is prepared: could they read the innumerable testimonials from grateful mothers, they would never listen to the subtle pleadings and false arguments of those who would offer an imitation of, or substitute for, the tried and true Fletcher's Castoria.

Children Cry For Fletcher's CASTORIA

A Word About Truth. "Great is Truth, and mighty above all things." So says the Old Testament, yet it is equally true to-day. Truth shows no favors, fears no enemies. From the inception of Fletcher's Castoria, Truth has been the watchword, and to the conscientious adherence to this motto in the preparation of Fletcher's Castoria as well as in its advertising is due the secret of its popular demand. All imitations, all substitutes, all just-as-good preparations lack the element of Truth, lack the righteousness of being, lack all semblance even in the words of those who would deceive. And you! Mothers, mothers with the fate of the World in your hands, can you be deceived? Certainly not. Fletcher's Castoria is prepared for Infants and Children. It is distinctly a remedy for the little-ones. THE BABY'S need for a medicine to take the place of Castor Oil, Paregoric and Soothing Syrups was the sole thought that led to its discovery. Never try to correct BABY'S troubles with a medicine that you would use for yourself. MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA. GENUINE CASTORIA ALWAYS Bears the Signature of Chas. H. Fletcher.

Truly Exceptional Values At This Special Clearance

of Used Pianos, Organs and Gramophones

MARKET REPORTS STOCKS, BONDS AND PRODUCE

MARKET COMES BACK WITH GREAT STRENGTH

New Highs for the Year Recorded in a Number of Cases—Steel Group Strong (McDougall & Cowans.) New York, July 23.—The market continued to develop strength and breadth in the early afternoon, and contrary to expectation of the late traders it did not react in the last hour but went up and made the best prices of the day. In a number of cases there were new highs for the year.

EARLY DECISION ON ATLANTIC SUGAR ARREARS

Various Suggestions Being Offered as to How to Meet Them. OPPOSED TO FUNDING Would Likely Result in Early Conversion of Much of the Preferred Stock into Common Shares. (By Resident Representative.) Montreal, July 18.—One of the most flourishing industries in the whole list at the present time is Atlantic Sugar Refineries. This is a "war industry, in the sense that it was born during the war, and experienced the double lot of war business on the one hand, and restrictions, that on the other hand prevented it from accepting the full measure of orders that came to it as a result of a vigorous advertising policy.

SHORT INTERESTS FORCED TO GET UNDER COVER

Encouraging Reports from Industrial Centres. Greater Stability on the Sterling Exchange Overcame Bearish Aggressions on the Market. New York, July 23.—Developments were helpful to the further substantial advance of quoted values on the Stock Exchange today, the movement as a whole constituting another retreat of the short interest. The optimistic view of industrial executives respecting threatened labor disturbances, news that Mexico will permit oil well boring, greater stability of sterling exchange and continued relaxation of call money were effective in overcoming fresh bearish aggressions.

TORONTO FEED QUOTATIONS

Table of Toronto feed quotations including Manitoba wheat in store Fort William, No. 1 northern, \$2.24 1/2; No. 2, \$2.21 1/2; No. 3, \$2.17 1/2.

Gillette Safety Razor The Shaving Service for Every Man Everywhere. NO STROPPING—NO HONING. The Gillette owner knows no discomfort over certain places generally regarded as "awkward"—the sensitive spot below the lip; along the angle of the jaw; and where the beard is growing cross-grain on the tender skin of the neck. The Gillette Safety Razor shaves the entire beard with complete satisfaction. The Gillette idea is scientific—it is RIGHT! It realizes the fact that minutely adjusted machinery can hone and strop an edge better than any man can do it by hand, and it puts this principle at the service of any man who invests \$5.00 for a lifetime's shaving comfort. Sold at most stores seeking men's trade. MADE IN CANADA. KNOWN THE WORLD OVER. The Gillette Safety Razor Co. of Canada Limited, Montreal.

HURRY UP And Get Your Copy of "Canada At War" Price \$3.00. This book is beautifully bound in durable red buckram. In the ordinary course of book-making it would be impossible to produce "CANADA AT WAR" at less than \$5.00 or \$6.00 a copy. But the publishers recognize the big nation-wide demand awaiting this book. They have planned an enormous edition. For a limited time only, therefore, it is offered to our readers at \$3.00 a copy. \$3.20 by mail. This volume may not be obtained through agents. Its appeal to Canadians is too wide to be entrusted to ordinary trade channels. As a service to our readers we have therefore arranged with the publishers to distribute this volume.

THE STANDARD management is convinced that throughout the length and breadth of Canada every home has been awaiting just such a book. For it records in picture and word the true story of Canadian heroism on the fields of Flanders and of our achievements in war effort at home. Over half a million families in Canada have been affected directly and personally by the war. Now each home can have the record—preserved in convenient book form—fully illustrated—a volume that will be prized by the coming generations. You can read in this great book the full story of how Canada stepped into the world arena—and made history. Premier Borden has written an introduction praising in flattering terms J. Castell Hopkins' work. In addition to this complete narrative there is included a magnificent epic of those last hundred days—from Amiens to Mons—written by Chaplain R. J. Renison (of Hamilton) who marched with the boys and penned from battlefield notes a wonderful HUMAN message. Clip the coupon at once and bring or send to this office. \$3.00 is the price at this office or \$3.20 by mail. TO THE STANDARD, ST. JOHN, N. B. Please Mail to me a copy of "Canada at War." Enclosed is \$3.20 in prepayment. Name Address "CANADA AT WAR"

 150 feet high.

**THE DISTURBANCES
 ABOUT LONDON ARE
 GROWING SERIOUS**

**Gangs of Youths and Dis-
 charged Imperial Soldiers
 Are Looting and Cutting
 up Scandalously.**

London, July 23.—(Canadian Asso-
 ciated Press)—Civil disturbances in
 different parts of the country have
 been as destructive as anything com-
 mitted by the military. At Swindon
 last night gangs of youths and dis-
 charged imperial soldiers looted
 twenty business premises, and burnt
 the dagstaff outside the municipal
 buildings. At Luton, where the town
 hall was burnt, further disturbances
 were quelled by police charges. Two
 men and four women were arrested
 and further arrests are imminent.
 At Coventry many shops were at-
 tacked. Forty persons were injured,
 some dangerously, and police assis-
 tance was sought from Birmingham.
 At Bilston the mob tore down a wall
 and used the bricks as missiles against
 the police. Additional police were
 summoned from neighboring towns.

 Dingley on her Boston trip yesterday
 carried 30 tons of mixed freight, but
 very few passengers.
Will Shift Berth.
 The R. M. S. P. Chignecto will shift
 from the Refinery wharf to the Pet-
 tingill wharf tomorrow, where she will
 load mixed local freight before return-
 ing to the West Indies via Halifax.
Will Sail This Week.
 The Icelandic schooner Emergl has
 finished loading her cargo of dogs
 and is undergoing final preparations
 before making her maiden cargo trip
 to a British channel port.
Starts for Labrador.
 The coastal steamer Granville,
 which plied between St. John and
 Annapolis, sailed with the H. V. Green
 expedition party for Labrador Mon-
 day night from Halifax. She was de-
 layed at the sister city over a matter
 awaiting the arrival of a hydroplane
 to complete the equipment, which con-
 sists of three flying machines.

Sails for St. Pierre.
 Says the Yarmouth Herald—The
 wrecking steamer LaCanadienne, Cap-
 tain Peach, came into port on Tuesday
 afternoon from the wrecked steamer
 Alert, for coal and water. On Mon-
 day she succeeded in raising one of
 the Alert's boilers, which she attempt-
 ed to tow to Yarmouth. She had on
 board a short distance when the
 shacks, which were made fast in a
 man hole, gave way and the boiler
 sank in about thirty-five fathoms of
 water. It was buoyed and markings
 placed and an effort will be made to
 save it. Yesterday Captain Peach re-
 ceived a despatch from his company
 in Halifax instructing him that the
 trawler St. Andrews was ashore on
 Diamond Point Lodge, St. Pierre,
 Miquelon, and for him to proceed at
 once to the wreck.

Maritime Miscellaneous.
 Bermuda, July 19.—It is reported
 that the engineers of ssmrs Quaker
 going from New Orleans July 2 for
 Liverpool and London, from Mobile June
 30 for do, both at this port, refuse to
 proceed unless deckloads are dis-
 charged.
 21st—Schr Lake Verelton, from
 New Orleans, July 3 for Glasgow,
 struck heavily on reef at entrance
 of channel to Murays anchorage; gov-
 ernment pilot on board. The vessel
 was disabled by engine trouble south
 of the channel, and was towed into
 St. John. The vessel was damaged
 by engine trouble south of the channel,
 and was towed into St. John.

Sealed Tenders will be received by
 the Secretary of the Board of Com-
 missioners of the General Public Hos-
 pital in St. John, addressed "Tenders
 for Nurses' Residence," until twelve
 o'clock noon, Monday, July 14, 1919,

AROUND THE CITY CLEARING.

AN OLD TIMER.
Joseph Carr was gathered in by the police last evening and is charged with vagrancy and having no visible means of support.

ARRESTED FOR MILITARY.
Hugh H. Mason, wanted by the military authorities, was arrested by the city police last evening and turned over to a military escort. He will be cleared with a military escort.

CHARGED WITH STEALING.
Allan Mason was placed under arrest last evening by Detective Biddiscombe on suspicion of having stolen a quantity of rope from the tugboat, Clayton.

IS EXPECTED TO WORK.
Hon. Dr. Roberts stated last evening that he did not expect a reply to his proposition looking to the removal of the vaccination quarantine by the United States against New Brunswick till this morning.

A WIFE-BEATER.
Langford Conn was arrested last night on a warrant charging him with assaulting and beating his wife, Augusta Coram. It was only recently that this man was arrested on a similar charge.

ARRESTED IN A BARN.
William Wall was arrested last evening in a barn off Pond street by Liquor Inspectors Merryfield, Linton and McKee, and is charged with having liquor in his possession other than in his dwelling.

DREGDES FOR ENGLAND.
With the recent departure of part of the Beaver dredging plant and the dredges Don Federico and Leconford going to England the local fleet will be pretty well reduced. It is reported that the two last named dredges will be ready to leave for England in about a fortnight.

CARPENTERS AND JOINERS.
The annual meeting of the United Brotherhood of Carpenters and Joiners of America, Local 819, was held last night in Odd Fellows' Hall, Union street, with a large attendance. Officers' members were initiated, but only routine business was discussed. President Joseph Nixon occupied the chair.

WORK HELD UP.
Owing to the fact that the city department of public works has been unable to reach an agreement with the New Brunswick Power Company regarding necessary changes in the grades of the street car rails, the work of repairing Ladlow street, between Jeddoy and Tower, has been held up.

INDIAN TOWN FOUNTAIN.
The slight job handed out by The Standard has had some effect. Four workmen were engaged repairing the Indian town fountain yesterday, but up to latest reports the fountain was as dry as the citizens and animals who have been waiting for weeks for the water to be turned on.

HARDWARE CLERKS ASSOCIATION.
The St. John Hardware Clerks' Association met in quarterly session last evening in the Board of Trade rooms. C. O. Morris, president of the association, was in the chair. Business of a routine nature was transacted. The society has been in existence since April of this year and already has a membership of about one hundred. The next meeting will take place in October.

RETURNING SOLDIERS.
A telegram to Charles Robinson, secretary of the Returned Soldiers' Commission, yesterday advised him that the 8th and 26th regiments are expected at Halifax on the 26th. Among those on board are five officers and seventy-four other ranks for this district. The 8th and 26th regiments will probably arrive at Portland this evening. They have twenty-four hospital cases for this district.

A BOAT THIEF.
A motor boat owned by James Holt and Sons, Ltd., lumber surveyors, 23 Main street, was stolen from its moorings on Saturday night and has not since been seen or located. It was an open boat about twenty-two feet long, painted white and with a large forest engine. The boat was used by the firm in their daily operations and the loss is causing considerable inconvenience.

PUBLIC UTILITIES MEETING.
The Public Utilities Commission met yesterday morning and heard the petition from the Chain Water and Power Company for permission to increase the hydrant rates for the town of Milltown. The petition was presented by Mr. Cunningham and Mr. March, while N. Mark Mills appeared for Milltown. The question was laid over till the August meeting. A meeting was held in the afternoon, at which routine business was dealt with.

FISHING INDUSTRY.
Advices from St. John's, Newfoundland, state that there are only about five ordinary foreign-going vessel catches of old fish in the stores, most of which will be sent to Brazil. Opportunities are overstocked with Newfoundland fish. On the west coast of Newfoundland catches of new fish have been limited for European markets at \$12.50 for No. 1, and \$11.50 for small. It is not expected these prices will hold.

TEMPLE BAND TONIGHT.
The Temple Band will play on the King Square bandstand this evening beginning at eight o'clock. The following will be the programme:
O Canada.
March, De Molay, Hall.
Overture, Valsinet, Rockwell.
Selection, Fantasia, Melodion, air by Hayes.
Waltz, Bonnie Heather, Langley.
March, Second to None, Home.
Operatic selection, Marche, Melow, Waltz, Mineeva, Miller.
The season's favorites, Beautiful Ohio, Earl, I'm Forever Blowing Bubbles.
March—Col. Bogey, Alford.
Song Save the King.
March—McNeill, bandmaster.

Policemen Who Were Overseas

St. John Police Force Has Ten Members Who Saw Active Service, While Others Had Sons at the Front.

The St. John police force has been well represented in Empire activities during the years of the war. Ten of the present members of the force have seen service overseas and one who was over has left the force. Besides the policemen actually on active service others have given the services of their sons in the cause of civilization. Six of the force sent their sons.

Police Constable Thomas, who went overseas himself, had a son killed in action, while serving with the 21st Battalion at Hill 70, August 16, 1917.

Halph P. Dykeman had four brothers on active service as well as himself. All have returned home and are back in civilian life.

The records of the policemen who served overseas are given below:

Walter Coughlan, 11 Hanover street, enlisted August 11, 1914, in 12th Battalion; afterwards he was drafted to 14th Battalion which arrived in France Feb. 5, 1915; discharged Dec. 1, 1919; service 2 years, 4 months; joined St. John police Dec. 1, 1919.

Sergeant William G. Dell, 55 Winter street, enlisted August 13, 1914, 12th Battalion; afterwards drafted to 74th Battalion which arrived in France Feb. 5, 1915; discharged 2nd August, 1916; re-enlisted August 1916, 39th Battalion; discharged Feb. 1917; service 2 years, 4 months; joined St. John police Feb. 1, 1919.

Ralph P. Dykeman, 15 Prospect street, resigned from St. John police Dec. 1914; enlisted Dec. 1914, 2nd Divisional Train; discharged May, 1919; service 4 years, 6 months; re-joined St. John police June, 1919. Four brothers who served their country were: Arnold W. Dykeman, and D. A. C., 1914, discharged Dec. 1918; Gilbert P. Dykeman, 2nd Heavy Battery, 1914; discharged July, 1919; James P. Dykeman, draft 12th Battalion, 1917, discharged Jan. 1919; Frank P. Dykeman, 6th Battery, 1917, discharged May, 1919.

John A. Linton, 174 Bridge street, enlisted Dec. 1914, 6 A. S. Corps; discharged March, 1919; service 4 years, 4 months; joined St. John police March, 1919.

Opi. Cecil McLean, 18 Meadow street, resigned from St. John police March, 1915; enlisted August, 1915, 4th Divisional Train; discharged May, 1919; service 2 years, 10 months; re-joined St. John police July, 1919.

Sergeant Edwin Thomas, Union street, enlisted Sept. 1915, 6th Battalion; went overseas with 140th Battalion; drafted to H. C. H. and 12th C. H. T.; discharged March, 1919; service 3 years, 6 months; joined St. John police April, 1919.

Police Constable Thomas had one son, Lorne Franklin Thomas, killed in action at Hill 70, Aug. 16, 1917; enlisted August, 1914; drafted to 21st Battalion; Gnr. Roy Green, son-in-law, enlisted July, 1917; 6th Battery; discharged July, 1917; 2 years service.

Sergeant James Murray Power, 104 Britain street, enlisted Nov. 1915, 4th Battalion; went to France 4th Pioneer; discharged Jan. 1919; service 3 years, 2 months. James Power previous to enlisting was on St. John police; re-joined St. John police March, 1919.

Sergeant John A. McElhinney, 50 St. David street; enlisted Nov. 1914, 36th Battalion; discharged March, 1919; service 4 years, 4 months; also son-in-law, African veteran, 1st contingent; joined St. John police April, 1919; he had two brothers in 29th Battalion. James H. McElhinney, Nov. 1914, discharged April, 1919; Joseph McElhinney, died of wounds received in action, March, 1916.

Joseph Paul, 96 Rockland road, enlisted August, 1916, 342nd Battalion; drafted to 30th Battalion; discharged Nov. 1918; service 2 years, 3 months; joined St. John police Jan. 1919.

David A. Arbo, 616 Main street, enlisted Oct. 1916, 23rd Battalion, afterwards 6th Can. Railway Troop; discharged Jan. 1919; service 2 years, 4 months; joined St. John police March, 1919; also had two brothers overseas. Ernest O. Arbo, 104th Battalion, Oct. 1916, to Nov. 1917; Judson A. Arbo, drafted to 26th Battalion Sept. 1917, to June, 1917.

Henry H. Price, resigned July 16, 1919, was also overseas.

Police strength, 68, via, one chief, one inspector, one constable, 66 all ranks.

Number of returned men on St. John police, 10.

Members of St. John police with sons overseas: Chief of Police J. J. Smith, Police Constables Frederick W. Leeb, James H. Gosline, Solomon D. Hamm, George Corbett, James Semple.

ARRESTED ON SERIOUS CHARGE

Another arrest was made yesterday afternoon in connection with the assault on Policeman Keitstead at the Union Station yesterday morning, when Tony Mavroukas was placed in custody. He is charged with interfering with the police and inciting resistance.

The story of the assault is given in the police court yesterday, was that about 1.30 o'clock yesterday morning Policeman Keitstead saw several men at the corner of Main and 21st streets. They were said to have been drinking, singing and threatening to fight. The policeman telephoned for help but the men went towards the Union Station. Policeman Keitstead saw them and attempted to arrest William Sharkey. The latter ran but was overtaken in an alley. There was a clash and Sharkey succeeded in getting the policeman's stick and struck him on the head, knocking him to the ground and then kicked him in the groin. Policeman Keitstead was later found in a stained condition and taken to the General Public Hospital.

Sharkey was found in Dorchester street by Acting Sergeant McCleod and Policeman Saunders and arrested. John Collins was also placed under arrest for being concerned in the assault.

The case was before the magistrate yesterday and postponed until Policeman Keitstead is able to attend court.

Five Automobile Thieves Captured

Car Stolen from West End Tuesday Evening Located in St. Stephen and Its Five Passengers Placed Under Arrest.

An automobile belonging to H. J. Shield, of Richmond street, was stolen from in front of the City Hall, West St. John on Tuesday evening. Mr. Shield had business in the hall and left his car at the door, when he returned it was missing. The matter was reported to the police. As a result of his efforts the police the car was located in St. Stephen yesterday and five youths who were in the car were placed under arrest. Officers from the local force will take the morning to bring the prisoners back from the border town.

WAR ROMANCE ENDED HAPPILY

Nursing Sister Alice A. Thompson and Lt. Charles E. de Pencier Who Became Acquainted in Overseas Base Hospital Were Wedded Yesterday.

Since the days of the stone age the war god Mars has played side-partner with the chubby Cupid, god of love, but the wives of the two deities were never better illustrated than in the romance which led up to a pretty afternoon wedding in the Central Baptist church yesterday afternoon.

The principals of the hymeneal were Miss Alice A. Thompson, daughter of James Thompson, Chances Harbor, a young lady who served as nursing sister with the Canadian Red Cross in France from the early days of the war until the close, and Lt. Charles E. de Pencier, prominent jewelry merchant of Winnipeg, who "carried on overseas for four years with the Canadian Field Artillery."

Before the war, and up to a few years ago, neither one knew that the other existed, but Mars arranged that the gallant lieutenant should receive a severe shrapnel wound that would send him to a base hospital, and Cupid arranged that should be Nursing Sister Thompson who was given that particular casualty. "East is East and West is West and never the twain shall meet," being untrue, but when the fighting son of Winnipeg met the ministering angel from Chances Harbor this philosophy went by the board and something was made out of the pain-racked hospital wards a first of beauty in a war-wrecked country.

At the wedding in Central Baptist church yesterday afternoon which was performed by the pastor, the Rev. D. J. Macpherson, only the immediate relatives of the parties concerned were present. After the ceremony a well-attended party was the guest at a well-laid wedding luncheon in the home of Angus Cameron, Broad street. The bride and groom, with the wedding train for St. Andrews, where they will spend some time before proceeding to Winnipeg, their future home.

BULLETINS FROM THE SAFETY LEAGUE

Bulletins from the Canadian Safety League show that the organization believes not only in "Safety First" but "Safety Always"—Be Careful! The warnings cover danger hazards in almost every industry. A few worth mentioning are:

STREET CAR MOTORMEN—If you have to get out of your car for any reason, for safety's sake carry the controller handle. Then no one can play pranks with the car while you are away.

POWER HOUSE—Keep your power house spotless and spotless too.

MAINTENANCE SHOP—You would keep your hands at a safe distance from an alligator—therefore keep your fingers out of the jaws of alligator shears.

ROAD CROSSINGS—Watch your step when crossing a road, a block out of place; a hole in the pavement; a fruit skin or smear of grease may dentify at least once a year.

TREAD PREVENTION is better than "atone teeth." If you keep them brushed at night and morning your teeth will last longer—and be sure to see a dentist at least once a year.

BLOOD POISON—If you cut or scratch your hand, you may have a condition as dangerous as snake-bite. Keep all cuts, both small and large, clean from the danger of infection.

These bulletins, which are being distributed to nearly all Canadian manufacturing concerns, may do considerable good in conserving life and reducing industrial accidents.

RESISTED THE POLICE.

When George Galbraith, being drunk and disorderly in the Brunswick street, about midnight, was requested by the police to come along to the station, he thought he was more than a match for any man on the force, and gave an exhibition of his fighting qualities. His lemon-extract courage, however, proved a lemon so to speak, and the policeman won the battle. George responded in the cells the rest of the night and this morning will answer a charge of violently resisting the police.

Another drunk was also rounded up at an early hour.

NEW YORK VISIT

Betty Wales, the famous dressmaker, Knox, the manufacturer of fine hats for men and women, as well as wife, Fifth Avenue, who imports Parisian coats, all have been recently called upon by Mr. Magee and Miss A. C. Gallagher in the interests of D. Magee's Sons, Ltd., St. John.

Announcements of more than ordinary interest to the buying public will be made soon.

Little Done in The Housing Situation

Summer About Talf Over and No Prospects of Relief—Provincial Gov't Have Not Received Portion of Loan—Views from Moncton and Chatham.

Although the summer is about half over, there is as yet no prospect of anything of importance being done to relieve the housing situation in St. John. Yesterday the city received word from the provincial government that it had not yet obtained any portion of the loan.

The Dominion government for building houses, quite a number of citizens have made applications for loans under the provincial scheme, and the disinterest of the city and provincial authorities is causing some criticism.

Unless the fact is that the problem in the manner British cities are doing housing conditions are not likely to be improved, said a local labor leader yesterday. The loan has a reputation for high rents as compared with the kind of accommodation provided that is not the credit of any city. It is time the city took interest in the people who own the city woke up. In the past while St. John has accumulated a good deal of wealth it has not paid its workers sufficient wages to provide a decent roof over their heads. It makes the workers angry to see the city full of automobiles and some people clamoring for improved roads for the rich to ride on, while housing conditions are so unsatisfactory.

The Chatham Commercial thinks the action of the provincial government in raising stamp duty rates will tend to further arrest building operations. It says: "A few weeks ago announcement was made that the lumber and steam drivers were being brought under the provisions of the Workmen's Compensation Act. This will, of course, necessitate a considerable contribution by the limit holders to cover the risks. Now we have an order of the provincial government increasing the stamp duty from \$2.50 to \$4.00. The lumbermen will naturally "pass the buck" on to the consumer, by increasing the price of their product several dollars per thousand; so that while the lumber interests pose as the injured party, the real sufferers will be the general public, that portion of it which needs to purchase lumber. What is the good of a Housing Act as a means of enabling houses to be built cheaply?"

(Moncton Times.)

At the meeting of the Moncton Housing Commission held on Monday evening last at the building of houses under the provisions of the Housing Act were opened and considered. The time for the receiving of tenders expired Friday, July 18th. In all six tenders were received by the commission and each one over at the regular meeting in detail.

After due consideration four tenders were obtained, on account of their not being up to the requirements specified in the notices. The tenders of two Moncton firms were given favorable consideration, though the matter of their acceptance was laid over until another meeting, their being certain details and terms to further arrange.

It is considered likely, however, that the awards for the immediate construction of about thirty houses will be made very shortly to the two local contracting firms.

GROOMS' BRIDGE.

Automobiles and others make complaint of the condition of Grooms' bridge, near Lakeside. On Saturday the police were sent and twenty or thirty automobiles were held up while temporary repairs were made. The approaches to the bridge and the parking are both said to be in bad condition.

ST. JOHN'S GREATEST MERCANTILE EVENT

Many Unusually Fine Opportunities For the Last Two Days.

The Oak Hall Annual Mid-Summer Sale ends Saturday at noon, but between now and that time many people will take advantage of the numerous money-saving opportunities which are being offered. It is an assured fact that all classes of wearing apparel are advancing considerably in price for Fall. This is due largely to the tremendous demand coming from Europe, but also to a great scarcity of merchandise. Never before has the scarcity been so acute as at the present time, in many instances it is almost impossible to procure merchandise at all.

When a reliable opportunity is offered to procure wearing apparel, not alone at prices below the demand in advance place, but at substantial reductions of these pre-advance prices, it should not require much time to decide that the time to buy for both present and future needs is now, and the place to buy is where these big reductions are being offered on reliable merchandise, namely—the Oak Hall Annual Mid-Summer Sale.

Oak Hall will be open Friday evening until ten o'clock, closing Saturday at one o'clock, when St. John's Greatest Mercantile Event comes to a close.

WOMEN'S DESIRABLE CAPES AND DRESSING GOWNS EXTREMELY LOW FOR CLEARANCE.

Exactly what you require for cool evenings now and in the later summer, for they are quite graceful and pretty over summer frocks, affording sufficient warmth and not crushing the lightness of fabrics. The prices, too, have been checked and offer an appeal for every garment. They have been reduced many dollars because the sale is on, and we wish brisk business. All-wool Serges, Cashmere, Broadcloths, and Velours, in shades of Mustards, Brown, Fawn, Navy and Black. Many different lengths, some fine hats for men and women, as well as stitching finished with buttons in groups to adorn them; others have buttons from shoulder to hem. Still others, partly of the finest quality, have narrow Broad trimmings. Regular values from \$30.00 to \$75.00. July Clearance Sale, \$19.90 to \$57.90. Dyesman's.
