

FRANCE HELPS HARDING FORM WORLD LEAGUE

Official Circles in Paris Said to Favor Some Big Changes in Original Plans.

FRANCE WILL ACCEPT ARTICLE RESERVATIONS

Nation Concerned Only With Formation of an Agreement That Will Prevent War.

Paris, Nov. 7.—The view was expressed in official circles Saturday that the French Government would be ready to co-operate with the authorities at Washington in formulating something different from the covenant of the League of Nations as drawn at Versailles in order to take the place.

This statement was made in official quarters in referring to the declaration of President-elect Harding, as cabled from Marion to the French press, to the effect that the Versailles covenant was now "deceased." This is interpreted by officials as applying to the covenant as drawn at Versailles and as indicating that something different from the Versailles agreement must take its place. To that end, it was stated by officials the French Government would be ready to give its collaboration.

Article 10 Reservations

It has been the generally accepted view here that the French Government would accept reservations by the United States regarding article 10 and the other provisions of the covenant which have been the subject of controversy in the United States. In this connection, it was pointed out in official circles today that the original French idea of a League of Nations did not contain anything like Article X.

Whether the amended organization would be called a League, or a Society or an Association, is immaterial to France, according to the Government viewpoint. The essential thing it is held, is to arrive as near as possible to the prevention of war.

The French Government considers that it would be regrettable to sacrifice the organization already set up, and that the preferable procedure is to amend the existing league under the name of an Association if that meets the United States view.

DIVORCE COMMISSION TO VISIT THE STATES

Trip is Necessary to Secure Evidence Required in Hearing at Fredericton.

Special to The Standard. Fredericton, Nov. 7.—In the New Brunswick Divorce Court yesterday afternoon the case of Kealy vs. Kealy was adjourned until the January term for further evidence, and in the meantime, Mr. Justice Crockett ordered a commission to issue to take the evidence of the co-respondent in the case who had refused to attend and give evidence, and who is said to be at Wallham, Mass.

The cost of the commission expenses necessitated by the adjournment will be born by the defence. Chas. H. McIntyre, of Boston, will be the commissioner. In the meantime, the case was adjourned until Monday when the Watson case is to be taken up.

MANITOBA MAY HAVE ANOTHER REFERENDUM

Winnipeg, Man., Nov. 7.—Another vote on the prohibition issue can be brought about in determining whether the people of Manitoba want government dispensaries, similar to that of British Columbia established for the sale of liquor or whether the province shall remain bone-dry, Premier Norris stated Saturday. Such a plebiscite would be placed before the people if eight per cent, or 20,000 of the electors, petitioned the government for another vote to obtain the will of the people in regard to prohibition.

FORMER RED CROSS NURSE IS DEAD

Special to The Standard. Fredericton, Nov. 7.—Word was received here today of the death at Boston, Mass., of Miss Lily Payne Sills, formerly of Fredericton. Her family lived here more than twenty years ago and moved to Boston. She went overseas during the war as a Red Cross nurse and her health was undermined, causing her death. The remains will be brought here for burial.

POLES AGAINST ALLIANCE

Warsaw, Nov. 7.—It was semi-officially announced, Saturday, that Poland had decided not to join the "little entente" formed by Czechoslovakia, Serbia and Rumania for their protection against Russia or enemies in the Balkans, for the present. Take Jozefow, minister without portfolio in the Rumanian cabinet, who had come to Warsaw seeking Poland's adherence, said he hoped Poland would join the "little entente" later.

Four Children Burned To Death When Left Alone

Mother Had Narrow Escape in Attempt to Rescue Babes from Flames.

Langdon, N. D., Four small children of Mr. and Mrs. Norman Olson ranging in age from five months to five years, perished in a fire which destroyed their home Friday. The parents and older children were in the field at the time. When attracted by the flames the mother ran to aid her children, but was overcome by smoke and had to be rescued from the burning house.

FIVE POLICEMEN SHOT IN FIGHTS IN LONDONDERRY

Two Are in Dying Condition as a Result of an Attack by Sinn Feiners There.

TWO SHOPS WERE BURNED IN REVENGE

Soldiers Turned Out and Helped Scatter the Hostile Mob That Assembled.

Belfast, Nov. 7.—Wild scenes were witnessed in Londonderry Saturday night as a sequel to a sudden attack on policemen there. Five policemen were shot, two of them so seriously that they are not expected to recover, two shops were burned to the ground and several others were wrecked. All the property belonged to the Sinn Feiners. The attack on the policemen was directed against the officers who were guarding the Customs House and a brisk exchange of shots followed.

The fray occurred at nine o'clock in the evening in a busy neighborhood and so terrified the crowds of shoppers that they fled homeward in a panic. Afterwards the police and military aided a large section of the city, holding up and searching every one they found outdoors and invading and searching numerous houses.

Soldiers Were Out.

Later in the evening a hostile crowd assembled in Waterloo Square, a Sinn Fein thoroughfare and had to be dispersed by the military. Even after the curfew hour there was almost unceasing revolver and rifle fire for two hours or more, with occasional occasional like explosions of bombs. A number of armed men passed along William Street, smashing shop windows, with the butt ends of rifles, destroying the lamps on the electric standards by rifle fire and plunging the whole street into darkness.

Two Buildings Were Burned

Two premises were set on fire, one being a garage which was completely destroyed. A number of domestic animals were burned to death and the motors in the garage reduced to scrap. Many persons left their houses and spent the night in distant parts of the city. Two policemen who had been wounded were found lying in Poyke Street. It is not known how they received the bullet wounds from which they were suffering.

Threaten Reporter

London, Nov. 7.—The correspondent of the Central News at Tralee reports he has received written warning that he will be shot if he transmits any dispatches without first submitting them to the police.

Sir Hamar Greenwood, chief secretary for Ireland, was questioned in the House of Commons last Wednesday regarding a story from a staff correspondent in Ireland of the Daily News to the effect that the correspondent's life was in danger from "black and tans" because he wrote the truth. The government, said Sir Hamar, had not been informed of the threat, but he had instructed the district inspector at Tralee where the threat was alleged to have been made, to give protection to all newspaper correspondents.

Fire On Firemen

A fire brigade called to free in William Street, had a thrilling experience. Before starting the firemen appealed to the military for aid and a number of armed soldiers travelled on the engines. On their way rifle fire was opened up on them from both sides of the road. The soldiers returned the fire and two men were seen to fall. To escape the fusillade the engines took a circuitous route and called at the military barracks to get more soldiers before proceeding.

Two Civilians Shot

Dublin, Nov. 7.—An attack by a mob on two policemen Saturday night culminated in the shooting of two civilians, one of them seriously. The attack caused a great panic, as crowds of people were just leaving the theatres. The policemen who fled from the mob, fired their revolvers at their pursuers. One policeman was captured and thrown in the street but was rescued by other police.

CHURCH READY WITH DEFENCE OF SPRACKLIN

Minister Prohibition Officer Held by Police Because Life is Threatened.

DID VICTIM HAVE REVOLVER WHEN SHOT?

Congregation Subscribes \$10,000 Cash and Bonds Available for \$300,000.

Windsor, Ont., Nov. 7.—Pending a search for a man known as "Ed." Smith into whose arms Beverly Trumble, an inn proprietor, is said to have fallen, after he had been shot by Rev. J. O. L. Spracklin, pastor of the Methodist Episcopal Church at Sandwich, and a prohibition enforcement leader, the inquest into the death of Trumble was adjourned early today until tomorrow night. Smith is said to have seen the shooting, and his testimony is as to whether Trumble was armed is desired.

In a statement to police officers, Spracklin claimed he shot Trumble in self-defense, and his version of the raid on Trumble's place was corroborated by three other officers who were with him.

Cannot Find Gun

Trumble's widow and several friends who were called to testify, however, declared Trumble was unarmed. Local police, who made an investigation, said they had been unable to find the pistol Spracklin claims the dead man had drawn upon him. Feeling ran high throughout the border cities last night as police said they had heard open threats to shoot Spracklin "on sight."

Church to Aid

The minister was spirited out of town tonight for his own safety. Provincial officers took extraordinary precautions to prevent disorders at the inquest, which attracted a large crowd. During the day members of Spracklin's congregation raised \$10,000 for his defense should charges be brought against him, and pledged \$300,000 to his bond. They declared the church was prepared to "go the limit" in having funds and other assistance their pastor might require.

A Spectacular Raid

Spracklin was appointed a special officer following his charges several months ago that regular authorities were making a racket in the county. He had headed many spectacular raids and patrolled the Detroit river in a motor boat. For run runners, with whom he was engaged in several gun fights. He has continued the duties of his pastorate while acting as license inspector.

Minister's Dramatic Story

"Babe" Trumble pressed his gun against the pit of my stomach, 'G—D— you, Spracklin,' he said, 'I'm going to shoot you. I know that it was his life or mine.' This was the testimony simply given by Rev. J. O. L. Spracklin at the inquest.

Trumble's widow gave direct contradictory evidence. My husband had no gun. He had only a cigarette in his hand when he went out to meet Mr. Spracklin," she swore.

Two witnesses, both Spracklin's side corroborated the minister's story. Trumble's testimony was not corroborated. None of those in the hotel bore the shooting was Trumble with a gun. They did not see the shooting.

Searched All Witnesses

Everyone of the crowd, which filled the court room to capacity, was frisked upon entering, for a possible concealed weapon. There was a heavy police guard in the court room and about the building. The crowd made no demonstration, hearing the evidence in absolute silence.

MANY PAY TRIBUTE TO LATE DR. PEARSON

Special to The Standard. Sussex, N. B., Nov. 7.—The funeral of the late Dr. George N. Pearson, which took place this afternoon, was one of the most largely attended of any ever held in Sussex. After a private service at the home the body was taken to Trinity Church, where the Rev. Canon Sheehan officiated at the funeral service. The office was crowded to capacity.

The pall bearers were W. J. Mills, H. H. Reid, J. A. Frosco, M. G. White, A. Forsythe and J. P. Asherton. Many beautiful floral tributes were in evidence. Interment was made in the cemetery of the Church of the Ascension at Apudung.

SUGAR MAKERS CANNOT AGREE ON PRICE RATE

Selling at Montreal Retail from 15 to 18 Cents Per Pound Now.

"BIG FOUR" MAY MAKE NEW COMPACT

Brokers Watched All Afternoon for Sign of Another Drastic Cut.

Montreal, Nov. 7.—Saturday was a day of counting up in the inner circles of the sugar business and no changes such as had marked the previous three eventful days were recorded. It was reported down town around noon that the "big four," the Canada, Atlantic, St. Lawrence and Acadia sugar refiners were holding a meeting and many brokers and dealers stayed after hours at their offices hoping to gain some information.

If the meeting was held it did not do much towards restraining the orgy of individual price-cutting which had been going on and the only fact that could be gleaned was the statement of one of the leading refiners that no meeting had been held between the refiners with any reference to prices.

Figures Are Varied

On Saturday most of the refiners were still publishing the old price list of 15 1/2 cents a pound. The Atlantic listed its sugar at 15 cents and Dominion Sugar Company quoted at 14 cents. Wholesalers reported they were getting all the sugar they wanted at around 13 3/4, 14 to 14 1/2 cents a pound. Retailers were selling at 16, some at 15 and others at all kind of figures from 15 to 18 cents a pound.

De Marol, the French High Commissioner at Sebastopol. General Wrangel according to this report is confident the Bolsheviks will be unable to break through his line of defence at the isthmus and invade the Crimea.

SERBIANS FIRE ON D'ANNUNZIO'S MEN AT ST. MARK'S ROCK

Clash May Endanger All Negotiations Between Italy and the Jugo-Slavs.

Rome, Nov. 7.—Just as the negotiations between Italy and Jugo-Slavia are about to begin, trouble has occurred between the insurgent troops under Gabriele D'Annunzio in command at Fiume, and the Serbs. On Thursday D'Annunzio sent Captain Pietero, his first aide, from Trent with sailors and Alpine troops to occupy St. Mark's Rock, at the entrance of Morlacca strait, to prevent the Serbs from occupying the shore, on which a cart promontory from interfering with navigation.

Fire in Fiume

On Friday the Serbians, realizing that the Fiumians had occupied and were fortifying the place, opened fire on them, according to a despatch to the idea Nazionale, as well as on the insurgent troops which D'Annunzio had put at the disposal of his men.

Captain Pietero sent a few Alpine soldiers across the strait and the Serbs, on the opposite shore, were captured and taken to Fiume, where they declared they had been ordered to fire upon St. Mark's to prevent the work of fortification.

The shooting occurred at the Bailey home and Edgar Bailey died a few days later at a hospital in New London, Conn.

Prayed But Didn't Watch So Thieves Got The Overcoats

Sneak Thief Who Robbed Montreal Church Left Minister His Hat.

Montreal, Nov. 7.—The necessity to watch, as well as pray, was brought out strongly tonight when it was discovered that the vestry of the St. James' Methodist church had been entered and three overcoats and a hat stolen. The minister's hat had been spared presumably because the thieves did not wish to become too conspicuous with clerical headgear.

MURDERED GIRL WHO BROKE HER PROMISE TO WED

Signed Confession Clears Mystery of the Death of Edna Ellis at St. Louis.

PRISONER INTENDED TO COMMIT SUICIDE

Clue to Crime Was Furnished by the Mother of Girl Killed Near Her Home.

St. Louis, Mo., Nov. 7.—Edna Ellis, the eighteen year old typist, whose body was found with the throat slashed, in a vacant lot near her home here, Friday morning, was killed by Albert Ellis, 21 years of age, a rejected suitor, according to a signed confession Ellis made to the police today. According to Ellis' alleged confession he intended to commit suicide, but the blade of the razor he used broke as he slashed the throat of his victim the third time.

Ellis, who is an electrician, only admitted the killing after several hours grilling, according to the police. He was arrested Saturday morning on information furnished by Mrs. Marie Ellis, mother of the slain girl. She said, Ellis, who formerly lived at her home, had threatened her daughter for breaking off their engagement after a quarrel.

Dismissal of Soldier-Labor Candidate in North East-Toronto to be the Issue.

LOCAL BEGINNING BATTLE IS FIGHTER

Railwayman Claims He Was Compelled to Quit Job Because He Became Candidate

Toronto, Nov. 7.—Division No. 4 of the Canadian Railroads, which represents the mechanical trades unions and is regarded as a fighting organization, will take action over the discharge of an employe without investigation by President D. B. Hanna, of the Canadian National Railways, as a violation of the wage agreement between the C. N. R. and division No. 4, according to a communication to a local trade unionist from Charles Dickie, secretary of Division No. 4, with reference to the case of James Higgins, soldier-labor candidate in the North East Toronto by-election which takes place tomorrow.

Candidate Cost Job.

Mr. Higgins was an employe of the C. N. R. and claims that he was compelled to resign his railway position because of his candidature for the legislature.

Secretary Dickie, in his letter, stated that "just as soon as President Hanna attempts to enforce his ruling, then we will take action." The ruling in question was President Hanna's pronouncement that any employe running for political office would be discharged. Secretary Dickie claims that according to the agreement no employe can rightfully be discharged without first being given an investigation.

THINKS RAILROADS WILL GO BACK TO ORIGINAL OWNERS

St. Martin, Chateauguay County, Que., Nov. 7.—Hon. Rodolphe Lemieux, Jas. Robb, the local M. P. and Chief Liberal Whip, and others address a meeting of the electors of this county Saturday afternoon on political issues of the day coupled with appeals to remain faithful to the Liberal party.

Mr. Lemieux spoke on the tariff and the railroad question, stating the conviction that sovereignty over operation of railways could not be a success. As to the latter he said that this policy of government ownership and operation of railways placed Mr. Melchett in the class of Bolsheviks and he predicted that railways acquired now by the government would later be handed back to their original owners.

COMMISSION AT HALIFAX

Halifax, N. S., Nov. 7.—Sir Henry Drayton, chairman of the Tariff Commission, and Hon. Senator Robertson arrived here today for the opening of the hearing on the tariff tomorrow morning. Rothsey

Rothsey, Nov. 6.—Before the beginning of the evening service in St. Paul's church on last Sunday evening a beautiful brass lectern which was made in Montreal, and given to the church by Mr. Frank West and family in memory of Mrs. West was dedicated by Rev. Canon Daniel in the presence of a large congregation. A handsome copy of the Bible was also given. The lectern bore the following inscription: To the glory of God. humbly presented in loving memory of Mary Gordon West. Died May 29th, 1913. by husband and family.

In the name of the corporation of the parish and the congregation of St. Paul's church, Canon Daniel gratefully accepted, and solemnly dedicated the lectern to the service of Almighty God. The prayer of dedication was read and the hymn "Lord Thy Word Abide" was sung. The text chosen for Canon Daniel's sermon was "For now we see through a glass, darkly; but then face to face; now I know in part; but then shall I know even as also I am known." (1 Corinthians 13: 12). The lectern which has been replaced by this new one, has been removed to the church of "St. James the Less," at Renfrew.

BATS POSSESS A SIXTH SENSE

Scientists Believe They Guide Themselves by Sound Waves and Special Sense of Hearing

(Copyright 1920, By London Daily Mail and Cross-Antic.)

London, November 7.—This amazing facility with which bats avoid objects while flying in the dark has been explained in a number of ways. Very soon after an acute sense of touch, especially at the wing tips, or a sense of which we have no knowledge, have all been suggested to account for this peculiarity.

Experiments have been made by Dr. Hamilton Hartridge, of King's College, Cambridge, to prove that neither sight nor touch guides bats in their flight in the dark.

On summer evenings pipistrelle bats 100 to 200 at a time, flew through open windows into rooms communicating by a door. When electric light was turned on they all flew in the same direction, but even when the light was turned off there did not seem to be any collisions.

Threads were placed in their paths and yet, in absolute darkness, the bats neither collided nor touched the threads. In the darkness they could tell whether the door was shut, wide open, or just sufficiently open for them to pass.

The bats are believed to be directed by a special sense of hearing and by sound waves.

CANADA IS POPULAR AS LAND OF PROMISE

The British Overseas Settlement Committee, according to advice from London, has received nearly 20,000 applications from ex-service men and women for emigration to all parts of the Empire. About one-fifth of the applicants are women who intend to take up domestic or land work. Most of the men desire to go on farms. Canada is the favorite dominion. Between 6,000 and 7,000 applicants express a preference for this country, while Australia, New Zealand and South Africa are next in order of popularity. With dependents the total involved is well over 100,000 persons. The lists for ex-service men close December 31 and applications are now pouring in at the rate of 1,000 a week.

A party of American tourists were visiting the ancient landmarks of England. Their guide was, of course, supplying them with more or less valuable historic information.

Fredericton High Won The Tie

Held St. John Team Scoreless Tie in Final Ball Game Saturday

Fredericton, N. B., Nov. 7.—(Associated Press.) The Fredericton High School football team won the tie in the final ball game Saturday afternoon. The team, which had been held scoreless by St. John High in the first game, won the tie by a score of 10-0. The game was a good one and was productive of some plays, although constant runners holding the ball kept the teams from scoring. The first half of the game was a local players to hold back as the grey and maroon won upon them.

The Second Period

In the second period for fifteen minutes the play was a tie. The Fredericton High, and then up set the ball into the High team's territory, where it for the rest of the game. In the last few minutes of ball was carried over by St. John High for what seemed a try, but the touch judge had gone outside the touch he was called back to the ten where a scrum was held. For of the game the ball remained local team's territory and the High School were forced a stubborn defensive game.

Although the local backs opportunity to show their work, both punts, quick foot and good, clean tackling kept John backs, who secured the frequently, well into their territory the first period of the game.

The High School forward showed better in the loose their opponents, their short and clean tackling, saving from defeat several times. Cain tackled well, and H. new quarter, played a splendid game and Fraser started for both, both getting away on runs, but the latter injured in the second period, and prove as effective for the game.

Frederickton High Won The Trophy

Held St. John Team to a Scoreless Tie in Final Football Game Saturday.

Frederickton, N. B., Nov. 7.—The Intercollegiate Football League closed here on Saturday with Frederickton High School winners of the trophy when they held St. John High School to a scoreless tie in the final game of the season played at College Field before a good-sized attendance, including a large number of rooters, who accompanied the St. John team here.

St. John Almost Won

Frederickton High played without the service of Davidson and K. Keen, two of their best men, who were out of business because of an injury, and St. John High taking full advantage of their additional weight all but won out in the closing minutes of the game, only the hard tackling which marked their gallant defense enabling the local players to hold back the tide as the grey and maroon swept down upon them.

The game was a good one to watch and was productive of some excellent plays, although constant fumbles and runners holding the ball too long kept both teams from scoring. The first half of the game was all the Frederickton High School, and to the twenty minutes of play the ball stayed in the St. John High School territory, through the effective work of the local backs in punting and in following up in the first period of play. Flood and Cain started through steady and clean tackling, and Hickson put himself on the map by showing excellent prospects for a coming back.

The Second Period

In the second period for the first fifteen minutes the play was all with Frederickton High, and then a few slip ups let the ball into the High, the local team's territory, where it remained for the rest of the game. Once within the last few minutes of the game the ball was carried over by Fraser of St. John High for what seemed to be a try, but the touch judge ruled he had gone outside the touch line and he was called back to the ten-yard line, where a scrum was held. For the rest of the game the ball remained in the local team's territory and Frederickton High School were forced to play a stubborn defensive game.

Although the local backs had little opportunity to show their combination work, they played a clean, fast and good, clean tackling kept the St. John backs, who secured the ball more frequently, well into their own territory the first period of play.

The High School forwards also showed better in the loose play than their opponents, their short dribbles and clean tackling saving the team from defeat several times. Flood and Cain tackled well, and Hughes, the new quarter, played a splendid game. Chown and Fraser started for the visitors, both getting away on frequent runs, but the latter injured his leg in the second period, and did not prove as effective for the rest of the game.

Penalty kicks were awarded frequently throughout the game by Sergt. Major Jack Asten, who proved a most capable referee. Eight penalty kicks in all were awarded, of which Frederickton got five and St. John three.

Slight Mix-up

One time there were signs of a little excitement and one of the St. John players mixed it. They exchanged blows, but were stopped before doing much damage.

Currie took the kick off for Frederickton High School, Fraser returning the ball to touch for St. John. The first scrum that was held resulted in a free kick being awarded Frederickton for picking the ball out, and Currie kicked to touch on the St. John five-yard line. On the throw in Frederickton forced the ball over St. John's line several times, but each time the scrumman was called on the St. John ten-yard line. On one of these Fraser got the ball on a nice pass and made a brilliant run only to be stopped by Flood, who followed the tightest tackle of the game. Campbell, the St. John full back, kept the danger away from the St. John line by long punts to touch, and on a scrimmage following an unsuccessful attempt at a throw in the Frederickton team were awarded their second free kick.

Battled Hard

On two or three attempts of the St. John halves to get their combination play going, the clean tackles by Flood, Cain and McLeellan kept them from making any ground, and for five minutes more the ball stayed on the St. John side of the half way line. For an offside St. John was awarded their first free kick, Fraser making a strong punt which was missed by Flood, and as Currie picked it up he was tackled on his own twenty-five yard line. This was the first time play was in Frederickton territory, but the St. John backs could get no nearer the home team's line and play was gradually forced back into St. John territory, where it was held when the whistle blew.

Fraser for St. John took the kick off and play rushed to the High School's twenty-five yard line, where, on a last pass to Chown by Fraser, Currie made a gain of thirty-five yards, carrying the ball back into the opposing territory, where he was tackled. For offside play, Frederickton was awarded another kick, which was taken by Currie and returned to Campbell. Cain punted to the visitors' twenty-five yard line, where the ball went to touch. From a mix-up on the throw in Yerxa kicked over the goal line only to have it returned to touch by Campbell on a quick punt.

After a scrum McLeellan carried the ball over the St. John goal line, but

Many Thousands At College Football

More Than 104,000 Persons at Four Games—Harvard-Princeton Tie—Other Games

New York, Nov. 7.—Entrance of the big college football teams of the East into the serious phase of the season's struggle was marked Saturday by attendance of more than 104,000 persons at four games.

Game at Cambridge

At Cambridge, Mass., 44,000 saw Harvard and Princeton battle to a 14-14 tie. At New Haven 30,000 witnessed Yale trounce Brown 14-0. Cornell lost to the fast Dartmouth eleven at the Polo Grounds here, 14 to 6 before 30,000. Columbia lost to Swarthmore 21-7 at Southfield and ten thousand saw the play. While all the big colleges were in action, the hammer went was the meeting of the Crimson and Princeton teams at Cambridge. Harvard converted a lost cause into an even issue when it tied the Tigers at 14 points in the last period of their annual game. A series of forward passes did the trick, MacComber scoring.

Harvard established an early lead when Captain Horwen made a touchdown six minutes after play opened. In the third period Louis, Princeton quarterback, evaded the score after receiving a forward pass and running 33 yards for a touchdown. Early in the fourth the Tigers broke through Harvard's line for another touchdown. Harvard sent in Buell, Pitts and MacComber, three substitutes and those relieved the situation by a series of forward passes and the final touchdown.

The score fairly indicated the play in the rush, forward pass and kick, the eleven were evenly matched. It was the 2nd contest between the two colleges. Of those Princeton has won 12, Harvard 8 and there have been three tied games.

Yale Defeats Brown

In one of the hardest fought battles seen this year at Yale, both the unbeaten Brown eleven went down to defeat before the Yale bulldogs 14 to 10. The teams were so evenly matched that it was until the last quarter that Ted Jones' substitute team was able to keep the ball in the visitors' territory.

The game was marked by the sensational runs of Odco, Brown's star quarterback, who again and again evaded the Yale team for long gains and was prevented from scoring by Murphy's excellent tackling. Yale's two touchdowns were made by Kelly.

Cornell Lost

Dartmouth completely outclassed Cornell when the two eleven met here, never allowing the big red team near the goal line. Dartmouth scored in the first period when Captain Jim Robertson ran 29 yards around left end and on a kick formation for a touchdown. Cornell made her only score in the second quarter when Carry booted a drop kick for a field goal from the 40 yard line. Dartmouth scored her other touchdowns in the third period when Shelburne, the full-back, blocked Cornell's punt and fell on the ball behind the goal line.

The fast and heavy University of Nebraska team lost claim to Eastern football honors when Pennsylvania State defeated the Western team at State College Pennsylvania 2 to 0.

A scrum was called again on the ten yard line. For picking from the scrum, Frederickton High were awarded a free kick, but Currie failed in an attempt at goal.

Touched Her Safely

After a series of scrums on St. John yard line, Currie kicked over the line and Campbell quickly touched for a safety.

Currie took the kick-off from half way and Chown returned the ball to touch. Hickson made some ground gaining yards and kept the ball on the visitors' side of the line. On a throw in Campbell punted to Currie, who made a nice run and passed to McCaffrey, only to have the latter fumble for a knock on, when he had a clean field before him. Yerxa received a kick on his head and was laid out for a short time, play being stopped. When the game resumed on the St. John's thirty-five-yard line, Daggett secured the ball on one of the few successful heels, which Frederickton forwards made and made a pretty run to the visitors' line. He held the ball just long enough to have McCaffrey tackled the minute he received it, and a scrum was called for the St. John five-yard line. Chown took a free kick awarded St. John for off-side and punted to Frederickton's twenty-five-yard line, where it went to touch. Shortly afterward Currie took a free kick for Frederickton, punting to touch and then play centred in the High School's territory, with the Yellow and Black playing a stubborn defensive game. Currie took the ball on a pass from Fraser to Chown and made about forty yards before he was downed, but play was resumed back again into Frederickton's territory. Cain and Hughes, as well as McLeellan and Flood were kept busy downing opponents. Finally the ball was secured by Dalton, passed to Elman and then to Fraser, who went over the lower corner of the line and touched down for a try, only to be declared outside by the touch judge at the fifteen-yard line. For the rest of the game the strength and weight of the St. John team kept the ball in Frederickton territory, and when the period closed the ball was on Frederickton High's twenty-five-yard line.

After the game the visiting team and supporters were entertained at a dance before leaving for home.

Hudson Bay Dog Derby Again Topic

Proposed to Throw Race Open to the World—To be Held in March.

The Pass, Man., Nov. 7.—With the advent of cold weather the Hudson Bay Dog Derby is again a topic for discussion in the north country and many suggestions for the betterment of the 1921 Derby are being brought forward. The race, which will likely be held early in March, will be for a purse of \$2,500 if a suggestion to increase it to this sum is approved at the annual meeting of the members of the Derby to be held shortly. This purse is not considered too high in view of the heavy expense incurred in maintaining and preparing a dog team for racing. The dogs are very expensive, last spring pups selling at \$200 for five, and full grown and trained animals from \$75 to \$100 each.

It is proposed to throw the race open to the world, as has been done in all the Derbys of the past. Some discussion has been held whether it was best to confine the racing to the usual five dogs and toboggan, or permit the use of the Alaska racing harness and sled as used by Gyome last March. Many of the local men are not averse to the use of the Alaska rigging, provided the distance is lengthened out to 200 miles and more. They maintain that at the longer course Northern Manitoba dogs can show their best form. To Fin-Pion and back is a course suggested, a distance of close to, if not over, the 200 mile mark.

An Indian pageant will also, it is believed, be staged in connection with the race.

McGill Now Tie With Varsity—Argos at Toronto Won Championship.

Montreal, Nov. 7.—By defeating Varsity here on Saturday by seven to three McGill tied with it for leadership in the Intercollegiate Rugby Football Union standing. Varsity plays Queen's next Saturday in the last game of the league schedule and is expected to win. A play-off for the championship will probably take place in Ottawa. McGill won on Saturday by the wonderful punting of Flanagan of its back division and its faster wings, who blocked many of the kicks of Taylor, kicking for the visitors. Neither side crossed the other's line.

Dalhousie Team Wins Championship

Defeated King's College at Windsor Saturday by Score of 3 to 0.

Windsor, N. S., Nov. 7.—One of the most interesting and exciting games of football ever played on King's College campus, took place on Saturday afternoon between Dalhousie and King's, the former winning 3 to 0. From beginning to end the game was a still battle, though, free from the least suggestion of dirty play, and the ball was never in either territory for any length of time.

In the first period, despite the strenuous efforts on both sides, no score was made. King's forward line played a wonderfully aggressive game and were only stopped by the superior weight and play of their opponent's half line. Dalhousie had the misfortune to lose one of her halves, Crease, who sustained a fracture of his leg and had to be taken off the field.

Second Period

The second period was in many ways the same as the first. About the middle of the period Jones, the King's full back, stopped a brilliant run by Haslam, one of Dalhousie's halves, making a wonderful flying tackle, thus saving a try. Shortly after this, the ball was kicked over the line from a mix-up on King's twenty-five-yard line. It was thought to be over the dead-line, but on measurement was found to be a try. Dalhousie failed to convert and this proved to be the only score of the game. In the last few minutes of the game, King's made strenuous efforts to even up the score, forcing the half way into Dalhousie's

Newsies' Events Held Saturday

Many Entries and Exciting Finishes in Races Arranged by Mayor Schofield.

boys, arranged by Mayor Schofield, caused much interest on Saturday and the newsies made an excellent showing. The following is a list of events and winners: Nine years and under—Givan Anthony, 1st; Clarence Mowry, 2nd. Nine years to eleven—Albert Maxwell, 1st; Herbert Owen, 2nd. Eleven years to fourteen—Edmund Chandler, 1st; Emory Bass, 2nd. Fourteen years and over—Pres Stubbs, 1st; Arthur Nelson, 2nd. After the races, Mayor Schofield called the boys together in the lobby of the Imperial and presented prizes to the winners. Anthony received a pair of boots, Mowry a pair of mitts, Maxwell a pair of boots, Owen a pair of mitts, Chandler a sweater coat, Bass a muffler, Stubbs a ticket for the Y. M. C. A., and Nelson a cap. A speech was made by Mayor Schofield, who was unable to score, the game ending 3 to 0 in favor of Dalhousie. This victory gives Dalhousie the championship of the Eastern League.

Boston Fishermen After Esperanto

Challenge the Gloucester Schooner for a Race With the Josephine De Costa.

Boston, Nov. 7.—Boston fishermen are not inclined to admit that the victory of the Esperanto over the Nova Scotia schooner, Belawana, established the Gloucester boat as the champion of the North Atlantic fishing fleets. Last night they sent a challenge to the Cape Ann sails to race the Esperanto against the Boston fisherman Josephine De Costa, the challenge is for one race or the best two out of three.

The Challenge

"Believing we have here in Boston a much faster boat, we hereby challenge the Esperanto to a race, or races at once, with the schooner Josephine De Costa over a course and conditions to be arranged, the winner to hold the international sailing championship among the fishing fleets of the American continent."

The committee said it would consider a course from Boston light to Provincetown, one to Provincetown and return or a three legged course in Massachusetts Bay. The challenge was signed by Wm. E. Curran, chairman of the committee, Leo De Costa, managing owner of the Josephine De Costa and Fred Chetwynd, captain of the schooner. Captain Chetwynd said his boat came in twelve hours ahead of the Esperanto in beating back from the banks laden with fish a few years ago.

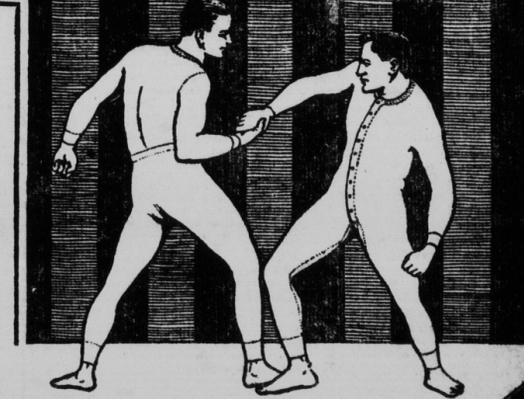

"We bet her in easy time then and we can do it again," he declared.

cial prize, a brush and comb, donated by Allan's Pharmacy, was given to Anthony, the youngest winner. Mayor Schofield addressed the boys and told them how proud he was of them, proud that they belonged to St. John, and pleased to see how well they stood the strain. He advised them to continue training so that they would develop their bodies, reminding them that, although they were still boys, they were to be the men of tomorrow and their training would make them fit to take their place in the world. He said that it would not be long until there were more playgrounds, where they would have opportunity for training. Three cheers were given the mayor at the conclusion of his address, after which the boys cheered those who had assisted in holding the events. They then separated in groups and went to the Y. M. C. A. and Y. M. C. I., where they were served with pie, doughnuts, candy and milk.

RECOUNTS—AND RECOUNTS.

The independent and somewhat hypothetical Globe has been heard from in a mild condemnation of certain matters in connection with the Restigouche recount. The mildness is in marked contrast with its treatment of the St. John county recount. It says there should not have been a recount in Restigouche because there was nothing to show that the result was in any way in doubt. It overlooked entirely the fact that in St. John only one ballot was sworn to have been miscounted, an error which could not sufficiently affect the result in that county. Yet it insistently demanded a recount in St. John and protested against objections of a technical character, as it was pleased to term them, when raised by Mr. Baxter. "Let everyone have a look at the Globe's cry, 'It can do no harm.'" Mr. Baxter was accused of knowing that there were some errors which, when revealed, would deprive him of the seat and of seeking by all the means in his power to hold on to that which was not his by right.

Yet all the time that the Globe was raving about St. John county and wantonly insulting Judge Armstrong for doing what many fair-minded lawyers believe to have been his duty as he saw it, there was another recount asked for in the county of Charlotte for the purpose of correcting a palpable error of an election official. This error, if not set right, would have deprived Mr. Flewelling of a seat which was his by right. The affidavits in support of his application for the recount showed by the statement of the deputy returning officer himself that that official had made a blunder which alone was sufficient to give Mr. Scovill the seat which belonged to Mr. Flewelling. Under these circumstances, according to the Globe's theory of political ethics, it would be wrong in Mr. Scovill to do anything to obstruct the recount whether the application was in proper form or not and whether it was made by a person interested in the election or not. Yet that is what happened. W. P. Jones, K. C., one of the expensive government lawyers, appeared before Judge Curleton to protest against the recount being proceeded with. This is the same Jones who contended before Judge Barry that even an alien, if he made the requisite affidavit, had a full right to a recount though he had not and could not have voted at the election. Judge Barry, as we understand his judgment, acceded to Jones' contention. Yet Jones, having got this judgment in respect of St. John, contended in Charlotte as follows:

1. That the order for recount should show jurisdiction on its face by stating that it was made at a place in the Province of New Brunswick. He contended that Woodstock might be in England, in Ontario or in New Hampshire.

2. That the order could not be made on the affidavits of credible witnesses, but only on the affidavit of a credible witness, and that Mr. Flewelling had four affidavits where he should only have had one.

3. That there was no evidence that the witnesses were credible witnesses.

4. That it did not appear by affidavit that Judge Curleton was Judge of the County Court for the county which constitutes the electoral district of Charlotte.

5. That there was no evidence to warrant the statement in the order authorizing the recount that the deputy returning officer in counting the votes did improperly reject ballots, make an incorrect statement of the number of ballot papers cast and did improperly add up votes. What had happened was that where Mr. Flewelling had got 148 votes the deputy returning officer returned him as having 62 votes.

6. That there was no proper evidence of any irregularity under section 185 of the Act.

7. That the witness should be the applicant and the application should be contained in the affidavit.

The Judge overruled all the objections, and Mr. Flewelling will get his seat. But why did the Globe pass over these absurdly unfair contentions?

It was evident upon the fact of the proceedings that the error was made and that it was great enough to change the result of the election. Why, then, did not the Globe reprint Mr. Scovill, his counsel Jones, and in fact the whole government party, for putting forward such contentions, or for frankly admitting the right of the people had given him. The answer to these questions is that the Globe has become so rabidly partisan that nothing is wrong in its eyes which secures a seat for a Foster candidate, or is right which gives a seat to an opponent of the government. The

bakers had as much voting strength as a community of 60,000 land workers. The result might be that the bakers would be the largest single body in the legislature and with the aid of the plumbers' wing they would form a government, excluding everybody but the bakers and plumbers—with the one exception, of course, that a lawyer—e of whose ancestors, perhaps, was a baker—might be taken in as Attorney-General. You see we can't do without lawyers altogether.

The farmers, in such an unheard-of contingency, might be disposed to complain if the "class" was ruling the country even if the Bakers' Union Committee did not go up to the parliament buildings and hand the Committee of the United Bakers of Ontario Government its instructions on a silver salver.

SIR HENRY DRAYTON

Sir Henry Drayton, Minister of Finance, who is coming to St. John tomorrow with the Tariff Commission, is a statesman who is a realist in politics. He is a man who will often apply theories and policies which, however, efficacious in their time, may be entirely inadequate for the hard realities of today. Sir Henry Drayton is the very best antidote of this type.

His Commons' Style

Watching him in the House of Commons, an observer might be surprised to find that he is not a man of the highest degree of either protection or free trade, as such. On the contrary, his speeches give the impression of a man who regards such things, not as political principles or creeds, but as means to an end, to be adopted or rejected as the hard necessities of the country demand. There are many Conservatives who while not bigoted Protectionists, will yet speak of the duties and the duties of the tariff with respect; and Dr. Michael Clark's voice drops into a whisper of awe when he mentions Richard Cobden. Sir Henry Drayton is not a man of such stuff as such is made of. His speeches may be searched in vain for any of the high-sounding, devotional phrases with which some politicians describe their fiscal creed, while, on the other hand, his budget address of last year, notably that part of it which exposed the folly of placing dead weights against the backs of the people, shows a mind not afraid to break new ground and anxious to deal with realities.

As Finance Minister

As Finance Minister Sir Henry Drayton's career has been a signalized by great success. He entered on his task by floating the greatest loan in the nation's history, and last year he produced a budget which characterized by courage and audacity already gives promise of not only enabling the country to pay all its tremendous bonded charges and its running expenses as well, but, in addition, to contribute a substantial sum toward reducing the public debt. With a boundless faith in the resources and capacity of the Canadian people, he believes that by practicing the hourly virtues of work and thrift, a few years will see the Canadian people upon an economic foundation of unassailable strength; and certainly the success which his financial measures have thus far achieved fortify his predictions and his faith.

His Great Sacrifices

Sir Henry Drayton stands as a striking refutation of the calumny, so often heard in the mouths of the ignorant and the cynical, that most men are in politics "for what they can get out of it." He resigned the chairmanship of the Board of Railway Commissioners, a post bringing high monetary reward, to serve as Minister of Finance, accepting a substantially lower salary, and, in addition, risking the uncertainty that is inseparable from public life. Nor was this action a spasmodic or isolated instance of public service in Sir Henry's career. Only a few years before he had given evidence of his desire to put service before self by returning a cheque which the Government had tendered him in payment of distinguished service rendered in reporting upon the economic condition of Canada and ways. Sir Henry, in truth, stands as an embodiment of the new ideals of public service which has been fastened upon the consciousness of many of our younger public men in recent years. A young man, able, direct, earnest and courageous, with the vision to plan big policies and the ability to execute them, he is one of the salient personalities on the political stage.

WHAT OTHERS SAY

Something of a Contract. (Woodstock Sentinel-Review.) "Is something which we have an old-time Liberal newspaper like the Brantford Expositor coming out with the declaration that 'the Premier at least makes clear where he stands on the tariff issue, and his clear-cut utterances are in pleasurable contrast with the obvious efforts of the Liberal leader to belittle the issue and 'dodge' his party's platform."

Income Tax. (Ottawa Herald.) "Only six thousand farmers in the whole Dominion came forward and paid the income tax last year. Evidently there is a need of an educational campaign in the rural districts to acquaint the farmers with the facts as to the income tax and also help them add up their profits."

A Crack at Mr. King. (Alberta Labor News.) "This 'Mackenzie King' fellow is strong on Farmers and Labor joining hands with their affinity? (The Liberal party) and cleaning house at Ottawa."

Benny's Note Book

I finished my lessons last night and still had a hour to stay up, and pop was smoking and thinking and ma was reading the book page in the paper without any impression, and I started to try different athletic tricks on the floor, putting my leg around my neck and saying, Look, ma, can you do this? Can you do this, pop?

Ma reading, sed ma. Pop not saying anything, and I took my ruler and tried to balance it on the end of my chin, saying, Look pop, look ma, can you do this?

I don't see you doing it, sed pop. Meaning on account of the ruler always falling off just as it was getting balanced.

Ma not saying anything, and I laid on my back with my legs strait up in the air and grabbed a hold of my feet with my hands on account of me having such long arms for such short legs, saying, Hay, ma, look, hay pop, hears something you cant do I bet, look, ma, this is a good one.

I cant see anything very in spring about it, sed ma.

Pop not saying anything, and I got a cushion and stood on my head, saying, Can you do this pop, can you do this, ma?

Neither of them saying anything on account of ma being too busy reading and pop being too busy smoking and thinking, and I sed, Look, everybody, who can do this?

Which just then I let over backwards and my feet hit the little light with the lamp on it a fearsome crack and the lamp jiggled around and almost fell but did not and ma jumped up to catch it in case it did, and pop sed, speaking of doing things, can you walk strait out that door and march yourself rite up to bed before I sic my slipper onto you?

Which I did.

A BIT OF VERSE

THE LAND OF BEGINNING AGAIN

I wish that there were some wonderful place Called the Land of Beginning Again. Where all our mistakes and all our heartaches And all our poor selfish grief Could be dropped like a shabby coat at the door. And never be put on again.

I wish we could come on it all untried Like the hunter who finds a lost trail. And I wish that the one whom our blindness had done us wrong at the gates, like an old friend that waits For the comrade he's gladdest to hail.

We would find all the things we intended to do. But forgot and remembered too late. Little praises unspoken, little promises broken, And all the thousand and one Little duties neglected that might have made the day for less fortunate one.

It wouldn't be possible not to be kind In the land of Beginning Again; And the ones we misjudged and the ones whom we grudged Their moments of victory here Would find in the grasp of our loving hand clasps More than penitent lips could explain.

For what had been hardest we'd know had been best. And what had seemed lost would be gained.

For there isn't a thing that will not take wing When we've faced it and laughed it away; And the time that the laughter is most when we're after. In the land of Beginning Again.

WEDDINGS.

Campobello, Nov. 7.—The event of the week was the marriage on Tuesday evening of Florence Calder, daughter of Mr. and Mrs. Alessandro Calder and Oetus Anthony, son of Mr. and Mrs. Edgar Anthony. Rev. J. D. Curry officiating. The marriage was pronounced at the home of the bride in the pastor small decorations of Autumn leaves and rich, round-wood berries in clusters, in a very large gathering of friends and acquaintances. The bride, who was charming in a dress of white silk crepe de chene, with veil and wreath, pink, was attended by Miss Edith Puhlovie, in pale blue tulle and silk, who carried a bouquet of pink roses and maiden-hair fern.

The groom was supported by Marford Anthony, a brother. Miss Almada Calder presided at the piano. After the ceremony which was impressive, a reception was tendered to the assembly and the following little Misses served refreshments, viz.: Evelyn Lank, Florence Thurber, Nettie Finch, Alice Corey, Helen Calder, Truus Calder and Almada Calder. The young couple are well and favorably known here, and have the best wishes of all in their marriage.

Mr. and Mrs. Anthony will spend the winter months in the States, after which they expect to reside at their new home here.

Charged With An Assault On Police

Wallace and Allan Stephens in Police Court—Other Cases Dealt With Saturday.

A charge of assault was preferred against Wallace Stephens and his brother, Allen, in the police court Saturday morning. Wallace Stephens was charged with assaulting Sgt. O'Neill, Police Constable William Dawson and Albert Naves. He pleaded not guilty to assaulting the police, but admitted striking the two lads. Allen Stephens was charged with assaulting the two policemen and pleaded guilty to assaulting one, but not guilty to assaulting Sgt. O'Neill.

Police Constable Gill said that he encountered Wallace Stephens on Union street, west end, early last Monday morning, and that Stephens kicked him and then ran away, and his brother, Allen, struck the officer in the face. Sgt. O'Neill said he attempted to arrest Allen Stephens on Market Place and that Wallace kicked him in the ribs while Allen made good his escape. The sergeant gave chase and captured Allen, but the brother again attacked the sergeant, who was unable to cope with the two men and was compelled to let them go.

The accused were remanded. E. S. Ritchie is conducting the defense. A case against Marie Thomas and Geo. Donnelly, charged with a statutory offence, was resumed. George Thomas was cross-examined and the case was postponed until Wednesday. L. McC. Ritchie is conducting the prosecution. The accused are out on bail.

Robert Jessop, of North Sydney, N. S., was charged with having liquor in his possession other than in his private dwelling. He pleaded guilty and a fine of \$50 imposed.

One man charged with drunkenness, pleaded guilty and was remanded to jail.

Leamont Stockford was fined \$10 for failing to obey a sign given by the Mill street traffic officer.

SMUTS SAVES ALL SOUTH AFRICA FROM GREAT CIVIL WAR

New Party Has Been Formed by Which All Sections Merge for National Good.

London, Nov. 6.—The Times' leader today says that General Smuts' patriotism and wisdom and that of the Dutch speaking people who call him leader, has saved South Africa from the dark certainty of a civil war. They made attempts at reconciliation with Hertzog and the Nationalists, but always on the stern condition of no compromise with nationalism, which the nationalists would not concede. General Smuts has now turned to appeal to all South Africans, who believe in racial unity, to reject republicanism, which appeal has been enthusiastically endorsed by his own and the South African party and also by Unionists, which represents almost wholly the English speaking South Africans, led by Sir Thomas Smartt.

May End Unionists

The new party to be formed may involve the complete disappearance of the Unionists. Both component parts of the new party make costly sacrifices, namely Smuts and his party, that of a formidable breach with men of their own race, and Smartt and the Unionists that of the identity of their party with all its traditions and proper pride. Both will have the biding consolation of the knowledge that devotion to their country's welfare is worth infinitely more than racial ties or party triumphs.

Judge Armstrong Issues Certificate

Mr. Bentley Opposes Request That Certificate be Withheld to Settle Law Points.

As the result of the request of the St. John County voters Judge J. H. Armstrong issued a certificate of election, Saturday forenoon, announcing the totals to be as published in the Standard of Saturday morning. The authority of the certificate declares Dr. Carson (D) and Dr. Baxter (O) elected.

Mr. Bentley Objects Before giving judgment Judge Armstrong asked the counsel present if they had anything to say. Dr. Bentley said that the certificate be withheld until after next Wednesday until he could take his appeal from the order of Judge Barry that the recount be processed with. Counsel for Mr. Bentley, acting on his request, said there was no reason for holding up proceedings that some point for lawyers might be settled, and as the act says the judge shall issue a certificate "forthwith" Mr. Bentley was insistent it should be followed to the letter.

Technicalities Good Law

Hon. Dr. Baxter said that one of the points he had raised in opposing the recount was a pure technicality, and he had yet to learn that technicalities were not good law. He was firmly convinced that Judge Armstrong was right in refusing to go on with the recount in the face of the objections raised, and he would like to see the point settled whether an objection in minor or any disinterested party could file an affidavit and obtain a recount. He desired an opportunity to present the facts to the Supreme Court and obtain a ruling thereon.

In giving judgment, Judge Armstrong said he regretted the stand taken by Mr. Bentley in refusing to consent to the certificate being withheld, but attached no blame to any of the counsel in the case for influencing Mr. Bentley in the matter. He dealt with attacks that had been made in the press upon Dr. Baxter and himself. He thought much of the comment most unjust. It had been said that he and Dr. Baxter were on very intimate terms and that he was an admirer of Dr. Baxter. This he admitted. With reference to a charge made in the press that this had affected his decision in favor of Dr. Baxter he characterized it as baseless and said it should never have been made. He was a believer in the freedom of the press but he did not favor the publication of such unbridled statements as this. Respect should be paid to those who hold judicial positions, and if these statements were true he would not now be a judge.

PRESENT PURSE OF GOLD TO MINISTER

Child Has Narrow Escape When Clothes Catch Fire and Burn off Body.

Special to The Standard. The Baptist church held a reception in the hall in honor of the Rev. David and Mrs. Price, who are settling in this city. A feature of the evening was when Mr. G. H. King, on behalf of the congregation, presented Mr. Price with a well-filled purse, while Mrs. B. H. Hay tendered Mrs. Price a club-bag and a purse also. The members of the Women's Institute remembered Mrs. Price with a leather-bound book of poems by Canadian authors.

OBITUARY

John McCavour. Friends in the city and elsewhere will regret to hear of the death of John McCavour, which took place Saturday at his home in Lorneville, at the age of seventy years. He was well known throughout the city and was an active member of the church and of the Nationalist party, and prominently associated with the I. O. G. T. lodge. He leaves four sons, William J. S. Perry, Hugh H. Ernest and Douglas B., and four daughters, Mrs. B. Morrow, of Dip-dip, Mrs. Fred McCavour, and Mrs. E. Galloway, of Lorneville, and Mrs. Weston of Fairfield. The funeral will be held this afternoon.

Sydney McCall died Saturday at his home of Bronn's Flat after a lingering illness. He was a son of Mr. and Mrs. W. W. McCall and was in the ninetieth year of his age. Besides his parents he is survived by one sister, Miss E. K. of this city, and four brothers, Harold, Gordon and Ronald, of St. John, and Charles, of home. His funeral will take place this afternoon and interment will be in the Methodist cemetery, Brown's Flat.

The death of Mrs. Catherine Park occurred Friday night at her home, 30 Main street. She was the widow of David Park, and was a well known resident of this city. She is survived by her son, David, and her daughter, Kate, both of this city. The funeral will be held this morning.

Trail Rangers Held First Grand Camp

Entertainment at Y. M. C. A. Saturday Night Largely Attended and Enjoyed.

The Trail Rangers held their first grand camp of the season at the Y. M. C. A. last Saturday night. There were trail rangers present from St. Mary's, St. Bartholomew's, St. David's, Tabernacle and Waterloo churches. The evening's entertainment was under the auspices of the St. John Boys' Work Board, and supper was served by the ladies of St. Mary's, Mrs. Sprouts acting as convener.

During the evening the boys enjoyed a sing song with Bert Troop presiding at the piano. An interesting feature of the evening was a talk by Mr. Fowler on "The Boys of Other Lands."

Following the talk, the boys went down the gym, where they participated in group games. In a challenge basketball match St. Mary's were defeated by St. David's by a score of four to two.

The next grand camp will be held at the "Y" on December 4th, when it is hoped to have eight to ten groups in attendance from St. Mary's and St. David's will again meet in a return match. Over fifty-six boys were in attendance last Saturday night, and it is hoped to make the entertainment a monthly feature at the Y. M. C. A.

Special Musical Service Enjoyed

Large Congregation at Germain St. Baptist Heard Excellent Sermon.

A special musical service, with short sermon by the Pastor Rev. S. S. Poole was held in the Germain Street Baptist Church last evening. The subject for the evening was "The Humility that Uplifts," taken from the text, Ezekiel II ch. 28.—A man's attitude is judged by the way he adopts it, and the first requisite of worship is reverence. Ezekiel exemplifies this when upon seeing the heavens upon he falls on his face before God and the first requisite of worship is reverence. Abjection is demoralizing, but when combined with religion, the result is exaltation. Jesus is here in the world to elevate man, and he that humbles himself will be exalted, but he that exalts himself will be debased.

MRS. H. MCCLUSKEY DIES AFTER OPERATION

Special to The Standard. Mrs. H. McCluskey passed away at an early hour this afternoon after a brief illness. She was 32 years of age and is the daughter of Mr. and Mrs. W. C. Carleton.

Besides her parents she is survived by her husband, Harold McCluskey, traveller for the W. H. Thorne Company, St. John, four brothers, Dallas of Sussex, Oscar, traveller for the S. Hayward Company, St. John, Charles of Moncton and Beverly of St. John. Four sisters Mrs. W. W. Linton, and Mrs. David Galloway of Vancouver, B. C., Mrs. A. E. Nokes, Montreal, Besse, nurse, of Westfield, Mass. The funeral will be held on Wednesday afternoon at which Rev. J. M. Rice will officiate. Interment in Sussex Corner Cemetery.

A double tenement freehold in Summer street, belonging to the estate of Walter Leonard Bradley, was purchased by Fred J. McInerney for \$5,000. This was bid in at first at \$5,340 by another bidder, but as the amount of deposit required was not forthcoming the property was put up again for sale. A lot of land between Charles street and City road with forty foot frontage on both streets and two buildings thereon, belonging to Mrs. Thomason Bradley, was withdrawn at \$5,000. Sale of a property owned by Katherine E. Fitzgerald in Nelson street, West St. John, advertised for Saturday was postponed for two weeks.

MONTREAL MARKET SLIGHTLY STRONGER BUT SUGAR LOWER

Peaman Had a 10-Point Decline to 110—Steels Move to Higher Levels Again.

Montreal, Nov. 7.—The tone of the market on the local stock exchange on Saturday showed a continuation of the better sentiment prevailing at the close of Friday's market. A few issues went to lower levels, but the majority of the issues traded in either held to the advantages gained on Friday or added to them.

Some Weak Stocks

Other prominently weaker stocks were Canada Car preferred down 3 1/2 points at 84, a new low for the year; St. Lawrence Flour, which lost three points at 80, also a new low; and Steel of Canada preferred, which lost two points at 80.

Some Paper Gains

In the papers Spanish issues were lower, the common selling off a point to 92 1/2, and the preferred a large fraction to 97. Riorion gained a point at 194. Abitibi gained a small fraction, as did Brompton and Laurentide. Wayamack lost a large fraction. Among the utilities, Brazilian held steady. Detroit rallied three points; Quebec railway rallied a point; Shaw-Geigan lost a large fraction, and Bell Telephone gained a fraction. Total sales listed 7,750; bonds, 438,000.

FOR WOMEN

AMUSEMENTS

Rev. W. B. Williston At St. Mary's Church

Missionary from West China Begin Series of Services Yesterday.

Rev. W. B. Williston of West China began a series of services at St. Mary's Church yesterday preaching the message of the Kingdom of God. The services were held at 8 o'clock and 10 o'clock and were well attended. Mr. Williston will continue his series of services at St. Mary's Church tomorrow evening at 8 o'clock and on Sunday at 10 o'clock. He will also be speaking at the St. John's Church on Sunday at 10 o'clock.

FEWER SHIPS—MORE TONNAGE

Ottawa, Nov. 7.—A return by the Marine Department shows that the number of steam vessels in the Canadian registry has decreased from 4,467 to 4,436 during the last year, but the gross tonnage has advanced from 330,367 to 1,000,477. Sailing vessels decreased from 4,226 to 3,747, but their tonnage increased from 1,125,882 to 5,123,492.

People are as anxious to agree with a genius as they are to disagree with a crank.

Centenary School Grading Sunday

Interesting Programme Carried Through Yesterday— Diplomas and Bibles Given.

Three departments of Centenary Sunday school held their grading Sunday yesterday and one of the most interesting programmes given in the history of the school was carried out. As well as a large attendance of scholars, parents and interested friends were present, and those in charge were congratulated upon the success of the exercises in which the children took part.

Pupils Graduated.

Twenty pupils graduated from the Junior Department into the Intermediate; nine from the Primary into the Junior; eight from the babies into the Primary. Miss Bessie Holder is superintendent of juniors; Miss Julia Hensinger, of the primary and babies. Diplomas and Bibles were presented to those graduating from the Junior and Primary, and diplomas to the babies.

The principal feature of the programme was an exercise by the juniors which was written by Miss Margaret Evans. This was an explanation in prose and verse of the different groups of the Bible books with appropriate selections. It opened with the singing of "Oh Word of God Incarnate." Then followed a list of books of the Old Testament with explanatory remarks, and the recitation of the commandments. Richard Humphrey and Howard Goss sang as a duet "Holy Bible, Book Divine." A list of the New Testament books with selections were given and the exercises closed with the recital of the Apostles' Creed and the Gloria. Miss Helen Morgan, one of the graduates, presided at the piano. The children spoke clearly and were splendidly trained. The juniors wore blue and white streamers, the colors of that department.

The Primary Department recited the Beatitudes and sang "We are Christ's Little Lambs." The babies sang "Jesus Loves Me." Rev. H. A. Goodwin addressed the pupils, speaking upon the new step they were taking. Miss Holder has as assistants Miss Evans, Miss Jenkins, Miss Laura Baxter, Mrs. H. A. Goodwin, Miss Penick, Miss Nan Powers, Miss Helen Morgan's helpers are Miss Sibel Barnes, Miss Doris Barbour, Miss Goss, Miss Annie Tall, Miss Walter, Mrs. Charlton Berrie, secretary, Miss H. Chisholm.

MARITIME POULTRY AND PET STOCK ASSOCIATION.

The Maritime Poultry Association is anticipating a record exhibit of poultry at the Maritime Winter Fair, Amherst, N. S., December 13th to 18th, 1920. Throughout the Maritime Provinces, breeders are looking forward to this "classical" exhibition with an interest heretofore unequalled. Throughout the past season the Maritime Poultry Association has been continually active in devising plans and improvements for the success of the Exhibition. Chief among these is the preparation of an up-to-date premium list, offering an excellent arrangement of the various classes, and liberal awards. The very best judges available will be secured, a series of educational meetings will be held during the Exhibition, and every available facility is being employed to guarantee safety of exhibits and satisfaction for exhibitors. Interested breeders should communicate with F. L. Fuller, Truro, N. S., Secy. Treas., Maritime Poultry Association.

Montreal, Nov. 7.—According to present schedules the final departure from this port this season in passenger traffic will be the Pretorian of the C. P. R., which should leave here for Glasgow on November 26th.

Toronto, Nov. 7.—H. W. West, a farmer of Pickering township, was fined \$50 and costs here yesterday for selling milk containing two and a quarter gallons of water in an eight gallon can.

TODAY'S TALK Step By Step

By GEORGE MATTHEW ADAMS
(Copyright, 1920, by The Wheeler Syndicate, Inc.)

Everything that you do and think is a product of the simplest beginnings. The profoundest thinker who ever lived, first had to learn his letters. The runner soon tires. He who takes up his journey step by step, however, goes very far—accumulating strength as he gains in distance. Step by step do we learn and grow. This is a very restless age, but the time shows no sign of bankruptcy in great men and women, or in works that spell a better world in which to live. So that more than at any other period in the history of the world, is there a demand for steady, efficient work, accomplished steadily—step by step.

Just remember that Lincoln and Grant, in their small town stoves, must have gotten very discouraged and had thought that the future looked pretty dark. Lincoln has made record of the fact that he knew hardly more when he had arrived at the age of twenty, than is known by the ordinary school boy. But, step by step, these two men found their way to fame and glory, each having become President of the greatest Democracy in the world. If you walk knowingly toward your goal, one step is as ten in the dark.

Some Plays Which Make People Think

"The Right to Strike" and "The Crossing" Have Big Following.

By HUGH DRYDEN
(Staff Correspondent Cross-Atlantic Newspaper Service, Inc.)

London, Nov. 7.—It cannot be argued against the London theatres now, as it was during the war, that they are given up to froth, frivolity, and show. They are beginning to cater for a more substantial class of dramatic fare, and some of the plays now being shown actually make one think. That was just what London didn't want to do while "Fritz" was bombing every clear night, and long, grim casualty lists had a deadly fascination. Every Londoner was then a parallel case with that well-known New York type the "sired business men" thought from a different angle.

But now, without the haunting obsession of war, we want something to break our minds out. "The Right to Strike" at the Gaiety Theatre. Big labor leaders like J. H. Thomas and H. M. Hyndman were among the first-night audience, and a contingent of the rank-and-file of the local railroad about to strike and his home-town isolated. The big local surgeon meets the situation by starting a voluntary strike of his own. The play against which the strikers take reprisals and resulting in the death of the young husband. Then the surgeon calls a strike of doctors, and refuses to attend the wife of a strike-leader. A conference to settle both strikes is a tense scene in the play, but the doctors' strike ends by a humanitarian appeal of the young widow, who persuades the surgeon to save the woman's life. Charles Kenyon, Lauderdale's balm, and the Lion and Marjorie Day are the principal people and all acquit themselves well.

Was Inspected By Thousands

Victorious Schooner Esperanto Arrives at Gloucester—Given Great Reception.

Gloucester, Mass., Nov. 7.—The schooner Esperanto which last week won the international championship of the North Atlantic fishing fleet off Halifax, N. S., was inspected by thousands at her home port here today. The schooner arrived from Halifax early today after a 65 hours' battle against head winds and heavy seas, and too late to be greeted by local committees. The ship was dressed at 8 o'clock this morning and the schooner sailed for the harbor for the benefit of the admirers on shore while screeching whistles saluted her for hours. The home coming of the victorious craft will be formally celebrated tomorrow night at a banquet in the state armory with Governor Coolidge, as the guest of honor. At the time the Dennis Cup awarded the schooner and the one awarded Captain "Mary" E. Welch by a fisheries company will be on exhibition.

VENIZELAS READY TO QUIT.

Athens, Nov. 7.—Premier Venizelos, replying to Demetrios Gounaris, former Premier and Minister of War and leader of the opposition, who returned to Greece recently after three years of exile, today gave the assurance "that if I am defeated in the election, I will retire definitely from the political field."

Clever Acting.

The staging is more effective often than the too abundant words, in which the authors' happy thoughts are suspended rather than crystallized. And the acting is beyond praise. Herbert Marshall was superbly exalted as an idealist, and as the sympathetic daughter, Miss Marjorie Gordon played with a convincing charm. While in the less grateful part of the wife, Miss Irene Rooke cleverly concealed her skill.

With many speak-cranks and quibbled puns in the audience this twentieth century "show-show" made a great hit, and is destined to be a long run.

Mrs. Pankhurst Opposes Sylvia

Daughter's Behaviour Great Worry to Rest of Family Says Mother.

Victoria, B. C., Nov. 7.—Condemnation coupled with the deepest regret at the conduct of a large gymnasium in this town, which will probably cost about \$25,000. It is contemplated that certain hours will be allotted to the members of each sex to enable them to attend physical drill classes regularly, and that one of the best physical instructors will be procured for the purpose of conducting these classes. While no definite information is available, it is considered that in all likelihood the "gym" will be located on or in close proximity to the Fraser property.

Confessing that the subject of her daughter's actions was an extremely painful one, Mrs. Pankhurst deplored the revolutionary attitude taken by Sylvia. "Ever since the beginning of the war her conduct has been a source of deep regret and pain to me and to my daughter Christabel. We have remonstrated with her and pleaded with her, but to no avail. Unfortunately, she is of an age to have her own views and her own individuality, and, as her mother, I feel as any other would at a refractory child who has

Edmundston To Have Gymnasium

Arrangements Practically Completed—Will Probably Cost About \$25,000.

Edmundston, Nov. 7.—Arrangements have been practically completed for the erection of a large gymnasium in this town, which will probably cost about \$25,000. It is contemplated that certain hours will be allotted to the members of each sex to enable them to attend physical drill classes regularly, and that one of the best physical instructors will be procured for the purpose of conducting these classes. While no definite information is available, it is considered that in all likelihood the "gym" will be located on or in close proximity to the Fraser property.

When reminded of her own attitude to the British Government during the suffragette campaign, Mrs. Pankhurst observed that she was fighting to gain for women the right to attain their ends by constitutional methods, the ballot—but that with that right gained, women should stick to constitutional methods to obtain redress or reform.

Will Celebrate Silver Anniversary

Interesting Meetings of Meth- odist Church Women's Mis- sionary Societies Thursday

Interesting meetings will be held in St. John on Thursday when the Women's Missionary Societies of the Methodist church will celebrate their silver anniversary. Music on the programme will include solos by Miss Gough and Mrs. George Lockhart.

Evangelistic Campaign Opened

Rev. G. P. Calder from Prince Edward Island at Central Baptist Yesterday.

The fortnight's Evangelistic Campaign at the Central Baptist church, Leinster street, was opened on Sunday by the Rev. G. P. Calder, a very prominent preacher from Prince Edward Island, who spoke at the morning and evening services before very large and appreciative audiences. The text which the speaker dealt with in the morning was "What a Revival Should Do in a Church," mentioning four essentials in this respect. First, it should strengthen religion in the home; second, it ought to strengthen religion in prayer meeting; third, religion should be strengthened in the church; fourth, it should make the church more evangelistic.

At the evening service, Rev. Mr. Calder in a very forceful and interesting manner spoke on the matter of "Ambassadorship," in which he set out the qualifications of an ambassador of Christ. The speaker stated that an ambassador of Christ stands near the throne and keeps in constant communication with the empire. An ambassador also lives after the manner of the kingdom he represents and has behind him the power of the empire that sends him.

Hair Half Bobbed Now The Fashion

Frenchman Explains Manage With Short Hats Cause Trouble.

London, Nov. 7.—Bobbed hair has been the fashion for some time, but it is now being replaced by the half bob. The Frenchman explains that the half bob is a compromise between the long and the short. It is a style that is easy to manage and does not require a lot of hair. The Frenchman also says that the half bob is a style that is becoming popular in London. INTERESTING FACTS ABOUT JACK

Jack London was born in San Francisco, Jan. 12, 1876. What little schooling he received in Oakland, Cal. At the age of 17 he shipped as an able seaman on the ship "The Thetis" to the Klondike. London's first stories were published in 1900. In 1906 he started on a solo voyage around the world in a ketch, but had to leave it on account of a tropical fever. London was married twice and his wife being Charman who now resides at the Longview Hotel, Sonoma County, Calif. "The Valley of the Moon," "The Call of the Wild," "The Game Warden," "Martin Eden," "The Sea Wolf," and "The Cruise of the Starbuck" are but a few of the many books from the pen of "The Klondiker." London was an indomitable fighter, having produced 55 books. Most of these novels had been written by actually experiencing. Probably he roamed the heights in the Alaskan which were the result of his own Klondike rush. Jack London died in the office an adventurous career had led him to all corners of the globe.

Dunlop Rubber Company Reduces Auto Tire Prices

A good tire is a necessity and in sympathy with the efforts being made in some quarters to lower commodities we have decided to make a substantial reduction in the price of Dunlop Auto Tires. This reduction goes into effect immediately and includes all sizes of automobile tires and tubes. We emphasize that there is no lowering of the quality. What you have heard about Dunlop Tires all through the season of 1920 will be true of 1921—None Better, we doubt if any as good.

Large Congregation At Portland Church. Rev. Harry Clarke Preached Second of Sermons on Literary Subjects.

The second of a series of sermons on literary subjects was preached by Rev. Harry Clarke, at Portland street Methodist church last evening before a large congregation. "Caliban upon Setebos, or is God Capricious?" was the title of the address. The preacher discussed Robert Browning's poem showing that it gave the nuances of the grotesque monster, imagined by Shakespeare upon his idea of the God Setebos. Caliban in the poem speaks in the third person and tells how he judges God by himself. He thinks God is capricious, cruel. "Loving not, hating not, just choosing so," and laughing at the sorrows of humans.

This was not Browning's own religion. He believed supremely in a God of Love. In one of his poems he says: "The loving worm within his clod were diviner than a breathless God Amid His worlds." The preacher pointed out that God is not capricious, but governs, guides and controls the world according to the Spirit of Love.

IN MEMORIAM. In loving memory of Alexander Smith, Assessor, N. B., who was killed in action at the battle of Pecheville, November 7th, 1917. "Come but not forgotten."

Fire Alarm Box Was Defective

Delay Caused in Sending in Alarm—St. Mary's Church Badly Damaged Sunday. A fire of a mysterious origin which broke out in a small store room in the rear of St. Mary's Church, Waterloo street, early Sunday morning caused damage to the extent of \$500 before being brought under control by the fire department. The loss is covered by insurance. The fire was discovered by Mrs. McKim, the pastor's wife, and her father, W. Gilchrist, rang in the alarm from Box 44. The box failed to work and the alarm was telephoned in to Burgin House No. 2 from the General Public Hospital. Andrew Phillips also discovered the blaze at about three o'clock as Mrs. McKim and tried to ring in an alarm from Box 44 but met with better results. As the box failed to function the alarm was rung in from the engine house itself at 12.23. The fire out raged for 40 minutes later. A portion of the wall of the church was badly charred by the fire. An expensive altar cloth kept in the store room was burnt and the chance carpet badly damaged by water. The defective fire alarm is being repaired.

Record of The Steamer St. George

Ship Once on Bay Route and Cruiser During War is Now Training Ship. Once the passenger "flyer" between Digby and St. John, later, at the outbreak of the war, a scout-cruiser in the North Atlantic, off the Canadian and American coast, then a troop transport across the English Channel, and now a coast training ship in the British navy—that is the record of the steamship St. George since the C. P. R. bought the vessel and brought her out from England three years previous to the war and placed her on the Bay of Fundy route; she succeeded on the side whoser France Rupert, another Clyde-built "flyer" in those days, and which was sold to Cuban patriots. The St. George is now on another cruise from Plymouth, Las Palmas being her destination. She has a full complement of cadets from the Nautical College at Pangbourne. Captain Cardiff was master of the St. George when she was on this side of the Atlantic, but now Captain J. Hamilton Blair, D. S. C., is in command of the ship. During the war Captain Cardiff was in command; Captain Barclay was first officer; Gray Leonard, a former West St. John boy was second officer and Colon McKay of the Standard writing staff was third officer.

Cathedral Bazaar Opened On Saturday

Large Crowd Visited Y. M. C. I. — Proceeds Devoted to School Building Fund. The Cathedral Bazaar opened in the Y. M. C. I. last Saturday evening under most auspicious circumstances. A large crowd were in attendance and fully enjoyed the attractions offered by the large number of artistically decorated booths. A splendid programme of music was rendered by the City Cornet Band and added much to the pleasure of those attending the bazaar. The big attraction will be continued throughout the week and the proceeds raised from it will be devoted to the school building fund.

The big attraction will be continued throughout the week and the proceeds raised from it will be devoted to the school building fund. All the different booths are under the supervision of the several women's societies in the Cathedral parish. A particularly attractive section of the bazaar is the ice cream room which is being conducted by the St. Monica's Society. The room is decorated with evergreen boughs, and the tables with brass candlesticks and large red candles. The effect is both striking and pleasing. All the different booths throughout the building have also been treated in an equally tasty manner and have called forth much favorable comment.

A pleasing color scheme has been secured by the use of the Alumnae colors in the candy booth under the supervision of the young ladies of St. Vincent's Alumnae.

The convenors of the different booths are as follows:—ice cream room, St. Monica's Society, convenor, Mrs. R. J. Coffey; treasurer, Mrs. D. C. Deardon; candy booth, St. Vincent's Alumnae, general convenor, Miss Annie Gosnell, president of the Alumnae. Convenors, Saturday, Mrs. Ernest Marley; Monday, Miss Doris McInnes; Tuesday, Mrs. Godwin; Wednesday, Mrs. DeLay; Thursday, Mrs. W. Pougnet; Friday, Miss Viva Waterbury; Saturday, Miss Catherine Higgins. Fancy work booth, Children of Mary Society, Miss Mollie Cronin; soft drinks booth, convenor, Mrs. John Stockford; refreshment booth, St. Vincent de Paul Society, convenor, Mrs. Haney; domestic science, St. Anne's Society.

Bridge Foundations About Completed

Progress Retarded by Lack of Cement—Will Finish Work Middle of December. The Foundation Company, Limited, of Montreal, which has had the contract for laying the foundation for the steel work of the new bridge structure to be thrown over the Severable Falls by the C. P. R., will, within a month, have completed their work. The work, which was started as soon as working conditions were favorable last spring, has moved along most successfully considering the various handicaps under which the company worked, and the whole work will be completed in about two weeks before the time limit specified in the contract's terms. F. G. Rutley was the resident engineer and superintendent for the Foundation Company. Mr. C. P. R. Draper, resident engineer for the C. P. R., looked after the railroad company's interest, while L. C. Jacobs, superintendent of construction in Canada for the Foundation Company, occasionally visited the "job" to note progress being made. Superintendent Rutley was fortunate in securing a competent crew of assistants and faithful helpers, and as a result the whole machinery moved with clock-like precision.

Excavations Made

The company has moved on the contract 11,000 cubic yards of rock, 4,000 cubic yards of earth, and will set 800 cubic yards of granite masonry in the two river piers. The land work has been completed. That means that ten massive piers of concrete masonry are finished, and a quarter of a mile of rock cut for the main line of the C. P. R., as well as a heavy cut on the east end for steel work. Two River Piers. The most difficult part of the whole work has been in connection with the construction of the two river piers. To begin with it was necessary to blast out a portion of the two cliffs, one on each side of the river. Then, again, there was a fifteen-foot tide to contend with and the location a dangerous spot for workmen. Cofferdams had to be built to control the water during the rock excavations and laying of concrete and masonry. The foundations for both of these river piers have been completed and the granite masonry is well under way.

Work Retarded

The work has been greatly retarded because of lack of cement. The impossibility of securing a full and complete supply when needed has been one of the handicaps that prevented an earlier completion of the work. Another factor entering into the work which has retarded progress was the extreme care that had to be exercised in the blasting of rock, and in the digging for land piers. Because of the proximity of houses and on account of the nearness of the old bridge the company was unable to employ as powerful blasts as they otherwise would have, for fear of damage to the houses and a weakening of the old bridge structure. Care was required in digging for the land piers, because of their nearness to the foundations of the old bridge. All these things caused a little slowness in the progress of the work.

Day and Night Shifts

An average of 150 men have been employed on the work. The work is continuous, night and day shifts being on the job. In all a carload of dynamite has been employed in the excavation work, as well as hundreds of tons of cement and gravel for the concrete work. Superintendent Rutley may take commendable pride in the work accomplished under his direction. The massive piers of concrete masonry constitute the best work of the kind ever seen hereabouts and have called forth favorable comments from authorities on structures of this nature. For a work of such magnitude, it has been remarkably free from accidents. One life was lost and a few workmen suffered minor injuries. That more serious happenings to life and limb have not occurred is a tribute to the efficiency of the system employed by Superintendent Rutley. It is not expected to start the steel work on the foundations laid before next spring.

Y.M.C.A. Boys Hiked To Howe's Cave

A bunch of Y. M. C. A. boys numbering twenty-seven in all, hiked out to Howe's Cave Saturday afternoon under the direction of Herb Morton, Boys' Work Secretary. Candies were taken along and the cave was given the once over by candle light. From the cave the boys proceeded to Log's Lake, and they came back through the park to the "Y" where they enjoyed the showers and pool and left for home with appetites a bear might have envied. They vouch for the fact that it takes this crisp November weather to put the proper pep into a good old hike.

Tariff Commission Here Tomorrow

Canadian Manufacturers' Association and Individual Industries Will be Represented. Several briefs will be read before the Tariff Commission which sits here Tuesday. The Canadian Manufacturers' Association will be represented by the Dominion First Vice-President, W. S. Fisher of Emerson, and Fisher of this city. Several individual industries will have special representatives in attendance. T. S. Stums & Co. will be represented by L. W. Stums, and A. D. Gagnon of Gagnon Bros. St. Stephen will represent the local coalitions. The Retail Merchants' Association may possibly have a representative present, but nothing has been definitely decided on the matter as yet. The commission has already been to Charlottetown, Sydney and Halifax. It will leave here for Moncton on Wednesday. The two New Brunswick cities will complete the commission's tour in the Maritime Provinces. The aim of the commission is to ascertain the local view point in regard to the tariff question and how it affects each industry individually. The result of the commission's investigation should prove of great assistance at Ottawa when the revision of the tariff is taken up by the Federal Government.

St. Mary's Band Receive Instruments

Local Musical Organization Went Overseas With 140th Battalion. The St. Mary's Band have purchased a new set of instruments and the perfect insubdu mfwy war o... the first installment having arrived in the city will be placed on exhibition in Macaulay Bros. Ltd., King street window tomorrow. The instruments are said to be the first that has ever reached the maritime provinces and Bandmaster Harold Williams and other members of St. Mary's are greatly pleased with them. Organized in 1903. The band was organized in 1903, and for the seventeen years lapsed has had quite an interesting history. From 1903 to 1915 the band progressed under the leadership of the late Prof. Charles Williams, and his son Charles H. When the war broke out the band numbered 35 pieces, and 27 of the members enlisted for overseas. The bandmaster were given a set of instruments by the Daughters of the Empire, and public subscriptions conducted by the St. John Standard, and for the digging for land piers. Because of the proximity of houses and on account of the nearness of the old bridge the company was unable to employ as powerful blasts as they otherwise would have, for fear of damage to the houses and a weakening of the old bridge structure. Care was required in digging for the land piers, because of their nearness to the foundations of the old bridge. All these things caused a little slowness in the progress of the work.

Rev. A. S. Bishop Preached to Large Congregation in Fairville Baptist Church.

The second of a series of five sermons was delivered last evening at the Fairville Baptist church, by the pastor, Rev. A. S. Bishop, the subject chosen being "How Jesus Would Get Everyone in the Church to Work." taking his text from Matthew, chapter 10.

NOTICE

The pastor began by asking the question, Would Jesus bring this about by a miracle or by using the methods we use today? and answered the question by stating, Jesus would use our methods, which are, first: Education; second, Personal leadership; and third, by appealing to great motives. The music for the evening was of an unusual and high order. At 6:50 p.m. a pipe organ recital was given by Miss McAllister. During the service anthems and a quartette were sung by the members of the choir. IRON CONFERENCE CONTINUES. Montreal, Nov. 7.—The conference between the Dominion Coal Company and the Nova Scotia Steel and Coal Company on the one hand, and the officials of the Nova Scotia miners and of the United Mine Workers of America on the other, looking to the avoidance of a Nova Scotia coal miners' strike, are still proceeding and will be continued tomorrow.
